VOL. 17, NO. 1 SNYDER, TEXAS (79549) SUNDAY, MAY 1, 1966 3 SECTIONS, 24 PAGES—PRICE 15c

AND THE RAINS CAME — Ordinarily this area near the entrance to Towle Memorial Park is not a lake, but heavy showers Friday produced this nautical scene as the month of April prepared to depart on a wet note.

Giant Thunderstorms Batter At Stricken Area

Seven More Lives Lost

By The Associated Press

Waves of giant thunderstorms, towering up to 55,000 feet, smashed across North Texas again Friday, taking seven more lives and adding to the million of dollars in property damage.

The rains tapered off during the night but a fast-moving Canadian cold front began triggering a new round of thundershowers on the South Plains today and more heavy rains were predicted for the northern portion of Texas later in the day.

Severe weather warnings for Stephens, Eastland, Erath, Palo Pinto, Parker and northern Hood counties were issued shortly before noon as the new storms developed. Antelope reported 2 inches of rain in 90 minutes.

As Texans looked skyward today for some sign of relief but saw only dark gray clouds, one Dallas suburban official whose city has been especially hard hit summed up the despair of most: "This water has no place to go."

A tornado dipped onto the campus of a small college northeast of Fort Worth; a boy drowned in a submerged car while his mother pleaded, "Please, somebody get him out!" a pilot perished when his plane clipped a guy wire of a cloud obscured television tower; and five persons were killed on rain-swept highways.

Twelve persons died in the Dallas-Fort Worth area during the two days of violent storms. Eight of the victims were by drowning. Two others died out in the state.

In Washington, the Small Business Administration declared Dallas County and adjacent counties a disaster area, permitting persons whose property was damaged to apply for three per cent repair loans.

Fort Worth Mayor Willard Barr declined an offer for federal assistance made by Sen. John Tower, R-Tex. "We don't need it," Barr said.

The tornado hit Fort Worth Christian College, operated by the Church of Christ and with an enrollment of about 1,500. It has no connection with the larger Texas Christian University in Fort Worth.

President Curtis Ramey, who was in the administration building when the wind ripped the roof from over his head, said at least three buildings were damaged. He estimated damage at $750,000, although another college official, Wade Banowsky, chairman of the board, reduced the amount to one-third of that.

A college maintenance man, Jack Roseberry, 28, was injured. He was in good condition. None of the students was in class.

The storm lashed downtown Dallas just as thousands of persons were leaving offices and stores for the day. Rain and hail poured down so fast and the wind was so strong that even traffic policemen left busy intersections and took cover.

Rainfall in Dallas totaled 2.59 inches Friday, the Weather Bureau said.

The low, swirling clouds sometimes hid the tops of the 40-and 50-story downtown skyscrapers.

The eerie greenish cast to the clouds brought back memories of the deadly 1957 tornadoes that struck Dallas.

Michael Deuly, 6, was riding in a car with his mother, Mrs. Claudia Burkes, and his two sisters, Kathie Deuly, 8, and Terry Jean Burkes, 2, when the auto suddenly plunged into Turtle Creek on the north edge of downtown Dallas.

FLASH FLOOD PILES UP CARS — A flash flood caused by a heavy rain in Dallas, Texas, piles up cars at this service station. More than three inches of rain fell in less than an hour, causing the flood. (AP Wirephoto)

April Makes Soggy Exit; Lake Rises

The month of April made a soggy exit Saturday.

It left farms and ranches soaked, stock tanks well filled and creeks flowing.

The last eight days of April produced copious rainfall reports throughout the Snyder area. For the period beginning April 22 and ending at 7 a.m. Saturday, the official rain gauge in Snyder had logged 4.51 inches of water. Some areas of Scurry County received heavier rains.

A particularly bright spot was Lake J. B. Thomas, the huge Colorado River Municipal Water District reservoir which had dwindled to less than half of its capacity.

By mid-morning Saturday, Lake Thomas' elevation had increased by 4.58 feet and the Colorado River was still flowing a modest stream into the lake. Moreover, there were hopes that more showers might fall on the lake's watershed over the weekend. Virtually all rainfall in the watershed would flow into the lake now that ranges have been soaked and tanks have been filled.

The lake's catch of the past week was the biggest in many months and almost as much as the entire catch for the year 1965. The lake's elevation had dropped to 2238.64 before the rainy spell, or nearly 20 feet, below spillway level. The volume had dropped to about 93,000 acre feet, compared to a capacity of 204,000. The new catch represented billions of gallons.

Friday rains accounted for over 1½ feet of the new catch as heavy showers fell at the lake itself and others fell on the watershed in Borden County. For a time late Friday the Colorado River was out of its banks at the bridge just west of the lake. Bull Creek also was flowing a substanital stream into the lake.

Snyder's rainfall during the period from 7 a.m. Friday to 7 a.m. Saturday amounted to 1.16 inches.

HEADED FOR LAKE THOMAS — Recent rains sent water flowing down the Bull Creek channel into Lake J. B. Thomas as the Colorado River Municipal Water District reservoir made its best catch of water in many months.

WEATHER

SNYDER TEMPERATURES: High Friday, 65 degrees; low, 53 degrees; reading at 7 a.m. Saturday, 62 degrees; precipitation, 1.16 inches.

North Central Texas: Mostly cloudy and cooler tonight and Sunday. Scattered showers and thunderstorms today and tonight and in south Sunday. Thunderstorms locally severe and locally heavy rain in north today and tonight. Low tonight 45 to 65. High Sunday 60 to 75.

Northwest Texas: Mostly cloudy and cooler tonight. Cloudy to partly cloudy and cool Sunday. Scattered showers and thunderstorms in central and south parts today, and in southeast tonight. A few thunderstorms, locally severe in south today and tonight. Low tonight 35 to 45. High Sunday 55 to 65.

South Central Texas: Cloudy tonight, partly cloudy Sunday. Scattered showers today and tonight and over east and south Sunday. Cooler in north Sunday. Low tonight 65 to 75. High Sunday 75 to 90.

Southeast Texas: Cloudy today and Sunday with scattered showers and thundershowers. Cooler in northwest Sunday. Low tonight 68 to 75. High Sunday 75 to 85.

Southwest Texas: Cloudy, with showers and thunderstorms today and tonight; partly cloudy Sunday. Cooler in north tonight and in most sections Sunday. Low tonight 45 to 65 in north, 65 to 75 in south. High Sunday 65 to 75 in north, 75 to 90 in south.

SNYDER AREA OIL

Locations for four wildcats have been spotted in the Snyder area, with three being in Stonewall County and the fourth in Fisher.

Roark & Hooker of Abilene plan No. 1 L. A. Sherrod as a 6,300-foot explorer, 11 miles north of Aspermont in Stonewall.

Located 1,980 feet from north and 2,065 feet from west lines of section 142, block D, H&TC survey, it is 3¾ miles southwest of the Bissett (conglomerate) pool.

Tom B. Medders of Wichita Falls and Coastal States Gas Producing Co. plan No. 1-E Boyd as a 4,900-foot Pennsylvanian explorer, seven miles northeast of Aspermont in Stonewall.

Location is 2,251 feet from west and 660 feet from south lines of section 45, block D, H&TC survey, ⅝ mile northeast of 4,750-foot Canyon reef lime production in the Boyd multipay area, ¾ mile southwest of Medders' lone producer in the Boyd (4,700-foot Palo Pinto) pool.

Megargel Drilling Co. of Megargel has slated No. 1-115 Swenson as a 2,600-foot operation to try for production in the Tannehill sand, seven miles northeast of Hamlin in Southeast Stonewall.

Spotted 2,310 feet from north and 1,650 feet from west lines of section 115, BBB&S survey, the test is a northeast stepout to the two-well upper Tannehill reservoir in the multipay SLC (Tannehill) field.

* * *

Jack F. Grimm of Abilene No. 1 S. K. Moore is to be a 5,600-foot Strawn venture, four miles northwest of Roby in Fisher. It is 1,650 feet from north and 523 feet from east lines of section 27, block 2, H&TC survey.

Robert A. Dean of Midland has recompleted No. 1 Warshaw, a former Canyon sand oil well, ½ mile east of the Claytonville (5,200-foot) reservoir of Fisher County as a dry gas discovery from the same horizon which originally yielded crude oil.

It is 660 feet from north and 1,980 feet from east lines of section 191, block 3, H&TC survey, nine miles southwest of Roby.

From perforations at 4,989-95 and 5,028-35 feet it potentialed for a calculated, absolute open flow of 9 million cubic feet of gas daily.

The operation initially was the same perforations, for a daily production of 121 barrels of 40-gravity oil plus 30 per cent water flowing through a 16-65-inch choke with gas-oil ratio of 1,847-1, after a 53,000-gallon fracture.

* * *

Roark & Hooker of Abilene encountered shows of possible discovery production in No. 1 Sproul Nolan County wildcat four miles south of Sweetwater in an unidentified section, possibly Caddo.

The horizon at 6,446-55 feet was drillstem tested 1 hour and 35 minutes. Gas surfaced in 1 hour and 5 minutes with no

See AREA OIL, Page 2

1966 FAIR DATES SET

Dates for the 1966 Scurry County Fair have been set.

The second annual fair is scheduled for Oct. 6-7-8, and it will be held again in Towle Memorial Park, using facilities of the exhibit barn, National Guard Armory and adjacent grounds for exhibits.

L. M. Dawson, who heads the Scurry County Fair Association, said a carnival has been under contract for some time to operate on the fair grounds during the exposition.

The catalog for the 1966 fair is now being prepared and it should be ready for distribution sometime in May, Dawson said.

Water Plans Move Ahead

FLUVANNA—A list of potential patrons of a proposed water supply system for the Fluvanna - Union area has been turned over to engineers.

The steering committee which has been studying the possibility of installing the water system turned over a list of some 94 to representatives of Yeats and Decker of Abilene, engineers. They are due to report back to the committee soon after mapping a tentative route for water lines. It was reported at the end of the week that probably 120 would sign for the project. Only those who have put up deposits have been included in the totals so far.

Board Action Bitterly Criticized

AUSTIN (AP)—The State College Coordinating Board eliminated today the law school at Texas Southern University and the doctoral program at East Texas State University, then heard their decision bitterly criticized by the president of East Texas.

The doctoral program is to be terminated four months from today, but allowing doctoral candidates now enrolled until Aug. 31, 1971, to complete their degrees.

NORTH VIET NAM

Sidewinder Downs Third Soviet MIG

By ROBERT B. TUCKMAN

SAIGON, South Viet Nam (AP) — A U.S. Air Force jet shot down a Communist MIG17 over North Viet Nam today, bringing to three the number of enemy jets downed in the past two days.

A U.S. spokesman said an F4C Phantom shot the MIG out of the sky with an air-to-air Sidewinder missile when four of the Red jets attacked a flight of Phantoms with cannon fire 100 miles northwest on Hanoi.

The plane's crew consisted of Capt. Lawrence H. Goldberg, 33, of Duluth, Minn., and 1st Lt. Gerald D. Hardgrave, 28, of Jackson, Tenn., the spokesman said.

Another F4C Phantom shot down a MIG with a missile Friday and a second MIG crashed while trying to escape during the same encounter.

The Air Force said the flier who fired the missile was Capt. William D. Dowell, 34, of Tampa, Fla. The other crew member in his plane was 1st Lt. Halbert E. Rossard, 25, of Oklahoma City, Okla.

The Phantom which forced the other MIG to crash was piloted by Capt. Larry R. Keith, 30, of Peoria, Ill. Flying with him was 1st Lt. Robert A. Bleakley, 26, of Cedar Rapids, Iowa.

U.S. officials said the dogfight took place in 'MIG Alley," 55 miles northwest of Hanoi.

They did not give the number of planes involved but said the Phantoms were flying cover for Air Force F105 Thunderchiefs when they were challenged by the Communist planes. The F105s attacked ground targets in the area.

The Soviet news agency Tass, in a dispatch from Hanoi, said seven American planes were brought down in the fighting Friday. The U.S. spokesman made no mention of U.S. losses.

The kills Friday were the 9th and 10th of the Vietnamese war for U.S. pilots. Five MIGs have been shot down in the past week. One was a late-model MIG21, the others were MIG17s.

U.S. Defense Department officials have identified the planes as North Vietnamese flown by North Vietnamese pilots.

The renewed air activity came as U.S. Ambassador Henry Cabot Lodge left for Rome on the first leg of a trip to Washington to renew Viet Nam's problems with President Johnson.

"I am leaving today for the United States for consultations with the government and also to see my family," Lodge said in a brief airport statement. "I haven't been back for eight months."

Lamar Choir Top-Rated

ABILENE — The Snyder Lamar Junior High Girls Choir won a sweepstakes award Friday at University Interscholastic League Regional Choral contests held at Madison Junior High here.

Rating Division I in both concert singing and sightreading, the girls choir enabled Lamar to become one of four schools in the 30-school contest to take a sweepstakes award. The Lamar Mixed Choir received Division II ratings in both concert singing and sightreading.

The Travis Junior High Mixed Choir received a Division II rating in concert singing and Division III in sightreading. The Travis Girls Choir rated Division I in concert singing and Division II in sightreading.

J. D. Smith is choral director at Lamar and Gwyn Williams is the Travis choral director.

Anti-Sukarno Riots Seen

JAKARTA, Indonesia (AP) — More than 2,000 students demonstrated in the streets today against President Sukarno and demanded that the congress fulfill its constitutional role as the nation's highest authority.

The students chanted their opposition to Sukarno being president for life and proclaimed support for the military strongman, Lt. Gen. Suharto.

Although Sukarno boasts he is still president for life, a title he conferred upon himself, Suharto is regarded as the most powerful man in the country.

The students, representing the powerful University Action Front, massed at the University of Indonesia and then marched.

SCHOOLS SHUT DOWN

Mexico Seeking Strike Solution

By JACK RUTLEDGE

MEXICO CITY (AP) — Moves were underway today to settle the student strike at National University which has shut down the huge institution and 16 private schools in Mexico City.

Some sources said that both the private schools and the university—largest in Latin America with 82,000 students—might resume classes Monday.

The university's 14-member governing board scheduled a meeting in the rectory, one of 12 buildings siezed by striking law students last Tuesday in a battle with campus guards. Students returned the rectory to officials Friday.

The governing board, whose officials are named for life, must name a new rector to replace Ignacio Chavez. Students forced him to resign Tuesday after smashing their way into his office. The board must also work out new study regulations.

The 46-day strike by about 7,000 students began in the law school when Dean Cesar Sepulveda dropped the popular practice of allowing suspended students to regain entrance by taking examinations. Sepulveda was also criticized for being too strict, inflexible and aloof.

After the strike began Sepulveda expelled two students for reportedly distributing Communist literature. Strike leaders deny that their movement is Communist-inspired.

Rector Chavez came under fire when he backed Sepulveda. Students demanded his resignation so new school rules could be worked out.

Telephoned threats on violence, presumably from the striking university students, also forced most of the city's private schools to shut down. Among them was the American School. About 40 per cent of its 2,000 grade and high school pupils are Americans.

The University of the Americas was threatened, too, but President D. Ray Lindley, former head of Texas Christian University, refused to shut it down. He called for help and riot police rushed to protect the university's 1,000 students.

Police and army troops have encircled the autonomous National University, scene of the strike, but they are prevented by law from entering the sprawling campus. No further violence was expected but the situation remained tense.

The Mexican attorney general's office has charged that three Argentines and five Mexicans, arrested after the first wave of student violence Monday, were part of a plot to exploit the strike, disrupt national life and ultimately overthrow the government.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I recently attended a wedding at a small country church. At the beginning of the ceremony an usher came down the aisle with a mink stole over his arm, and with a grand gesture draped it over the pew where the bride's mother was to sit, after which he escorted the bride's mother to that pew. It looked to me like she wanted to be sure everybody knew she had a new mink stole. The family is not that well off, and can hardly afford a mink. What is your opinion of this whole vulgar performance?

WAS THERE

DEAR WAS: **Perhaps in an effort to be less conspicuous, the bride's mother sent her mink stole down the aisle with the usher rather than wear it herself. Alas, poor woman, she couldn't win. It seems her stole stole the show anyway.**

• • •

DEAR ABBY: My doctor told me some months ago that I should have a little surgery. It's nothing serious and need not be done immediately, but he advised me not to put it off too long. I find myself postponing it for the silliest reason. Please don't laugh at me when I tell you why. I am afraid of what I might say while I'm under the anesthetic. The doctor belongs to our club and we have many mutual friends, and it could get very embarrassing if I talked too much. Can you help me?

AFRAID OF THE TRUTH

DEAR AFRAID: **Go ahead and have the surgery and don't worry. Most doctors listen attentively to their patients' babbling during their conscious moments, but will happily tune them out when they're under. Besides, the chances are he'll be much too occupied at the time to recall what he hears.**

• • •

DEAR ABBY: Two years ago we had a new heating system installed. The two men who did the work swore during the whole job. They even criticized my house. One of them asked, "Who designed this place?" I proudly told him my husband and I did. Then he said, "I knew it had to be something like that. I never saw such a monstrosity." The other one aked me how much it cost to build and when I told him he said, "You were robbed." Abby, we like our home and we are satisfied, so what's it their business? We need more work this year (air conditioning) and my husband wants these two ill-mannered thugs back to do it. I don't want them in my house. What do you think?

INSULTED

DEAR INSULTED: **I say, let your husband handle that department. The men may be ill-mannered, but they're probably competent, honest, and they know where all the pipes are buried.**

• • •

DEAR ABBY: I would like to invite a boy who is in the navy to our senior ball, but he may not be in town to go to it. If he's not in town for the ball, I don't want to be left sitting without a date. But if he IS in town, he's the one I want to go with. IS there any way to work this?

SAILOR'S GIRL

DEAR SIRL: **If you are really his "girl," you shouldn't be so determined to go to the ball, knowing your sailor won't be having one. But if he's just another boy friend, and you know a boy who'd come to your rescue at the last minute, should the sailor shove off, ask him.**

HOSPITAL NOTES

Chaplain: Dr. John English

ADMISSIONS: Carroll Calvert, Hermleigh; Connie O'Neal, 805 Twenty-fourth; Mary Loyola, 418 Twenty-fourth. Mrs. Moises Rodriquez, 1910 Twenty-second; Janice Pinkerton, 3717 Rose Cr.; Katy Phipps, Ave. O & Dorsey.

DISMISSALS: Estell Atkinson, A. C. Alexander, Lena Eckert, Gail Pettitt, Ann Nobels, Erie Ward, Luther Eatmon.

GMC Calls In Oldsmobile Toronados

DETROIT (AP)—General Motors Corp. said today it called in 2,600 Oldsmobile Toronados because some wheel nuts were tightened to the point where the wheel lugs could snap off.

The firm also confirmed it called in about 23,000 1964 Cadillacs two years ago because of a defective hood latch that could cause the hood to fly open.

The nation's four major automobile manufacturers are putting finishing touches on lists of defects since 1960 for Sen. Abraham Ribicoff, D-Conn., whose Senate subcommittee is probing the auto industry's safety practices.

Tax Picture Still Up In The Air

WASHINGTON (AP)—Trying to outguess official Washington on the possibility of an anti-inflationary tax increase is a tricky business.

Although the administration appears one day to be leaning toward a tax increase and the next day to be leaning the other way, its basic position has not changed.

That position, in a nutshell, is that no tax increase is needed at this point as a hedge against inflation. But if one is needed later, Congress will be asked to impose it. The question is still very much up in the air.

AREA OIL

Continued From Page One

gauge or estimate on the volume being reported.

Recovery was 120 feet of oil-cut drilling mud and 320 feet of 45-gravity formation crude. Flowing pressure was from 29 to 264 pounds. Final shutin bottomhole pressure in 20 minutes was 2,252 pounds. Initial shutin pressure was not available.

No. 1 Sproul is 467 feet from south and west lines of section 74, block 22, T&P survey. It is ¾ mile south of the two-well JMR (Strawn reef) pool.

Originally started under a permit to drill to 4,300 feet to explore the Cisco, the operation later changed its goal to 6,700 feet, which is calculated to take it into the Ellenburger. It is making more hole.

R. H. Jordan of Blackwell No. 3 Sweet is planned as a ½-mile south outpost to his No. 1 Sweet, opener and lone producer in the Sweet (4,035-foot Cisco) pool, five miles northwest of Blackwell in Nolan.

Contracted to 4,200 feet, it is 660 feet from south and 1,650 feet from west lines of section 208, block 1-A, H&TC survey, a location southwest of his No. 2 Sweet indicated second well for the reservoir.

That project has developed some crude, but an acid treatment caused some channels back of the pipe to go into water below the total depth.

It is understood that this trouble now has been remedied and a pump will be installed for completion. On a drillstem test No. 2 Sweet flowed crude at the hourly rate of 15 barrels and recovered 1,025 feet of oil, 50 feet oil- and gas-cut mud, 35 feet of filtrate water from a drillstem test at 3,998-4,015 feet. That zone also flowed gas at the rate of 210,000 cubic feet daily.

The completion test is being undertaken on perforation at 4,005-15 feet.

• • •

Brown Brothers and others, operators, have completed No. 3-G Robinson and others as a east stepout to the Glorieta Z-5 zone in the multipay Garza, South (Glorieta) multipay area of Garza County, ½ mile north of Post.

From perforations at 3,703-08 feet it flowed 99 barrels of 36-gravity oil plus 5 per cent water per day through a 16-64-inch choke with gas-oil ratio of 250-1 and surface pressure of 100 pounds. The pay had been acidized with 500 gallons of acid.

Operator may attempt dual completion in the Glorieta Z-1 section at a later date. The project is 581 feet from south and 1,630 feet from west lines of section 1225, EL&RR survey.

Cities Service Oil Co. No. 1-D Wallace, eight miles northeast of Clairemont, has been potentialed as a northeast stepout to the Clairemont, East (Strawn) pool in Kent County.

It pumped 160 barrels of 38.8-gravity oil plus 15 per cent water per day from perforations at 6,534-54 feet, with gas-oil ratio 542-1. The pay had been treated with 9,500 gallons of acid.

Location is 660 feet from north and 467 feet from east lines of section 56, block 98, H&TC survey.

• • •

E. G. Rice and others, completed No. 5 D. G. McPhaul, Sharon Ridge project 15 miles northwest of Colorado City in Mitchell County.

The well potentialed to pump 21.05 barrels of 28.5-gravity oil plus 20 per cent water in 24 hours. Gas-oil ratio was 190-1. The section was fractured with 35,000 gallons of water and 50,000 pounds of sand. It set 4½-inch casing at total depth 1,747 feet.

Location is 330 feet from south and west lines of section 82, block 97, H&TC survey.

G. & S. Oil Co. completed No. 3 W. L. Hamilton in the Sharon Ridge field, seven miles northwest of Colorado City in Mitchell.

Perforations from 1,550-96 feet pumped 42.87 barrels of 28-gravity oil plus 56 per cent water in 24 hours. The section was stimulated with 250 gallons of acid. Gas-oil ratio was too small to measure. It drilled to 1,617 feet total depth and set 5½-inch casing at 1,615 feet for the completion.

Location is 330 feet from north and east lines of section 9, block 27, T&P survey.

In Kent County Perkins-Protho Co. No. 1 Bilby Wallace, a wildcat venture re-entry, plugged and abandoned at total depth 7,310 feet, 660 feet from south and west lines of section 36, block L, H&TC survey, abstract 1376, five miles south of Girard.

G. W. Breur Inc. and J. D. Standefer III No. 1 J. B. Pumphrey, Stonewall County wildcat, plugged and abandoned at total depth 6,070 feet. Location is 1,139 feet from north and 660 feet from east lines of H. B. Dance survey, abstract 68, two miles northwest of Old Glory.

James Williamson At Arizona Base

Army Sp. 4 James W. Williamson, 22, son of Mr. and Mrs. Mark Williamson, 1511 Avenue S, has been assigned to Company D at the U. S. Army Electronic Proving Ground, Fort Huachuca, Ariz.

Williamson, a communications specialist, entered the Army in April 1963 and was last assigned in Korea.

Man Treated For Gunshot

Carroll Calvert, 24-year-old former resident of Hobbs, N.M. was taken to Cogdell Memorial Hospital by Bell-Seale Funeral Home ambulance about 10:15 p.m. Friday for treatment of a gunshot wound.

Police said the man, who recently moved to Snyder from Hobbs, apparently shot himself with a .22 calliber rifle. The slug entered the right side of the lower abdomen and passed through the body. It lodged in the wall. The incident occurred at 213 Thirty-fourth Street in the home of his mother-in-law.

Hospital authorities Saturday described Calvert's condition as being good.

When officers arrived, they discovered Calvert slumped over on his hands and knees in front of the house.

Racer's Death Blamed On Crash Injuries

ST. PETERSBURG, Fla. (AP) — An autopsy indicated crash injuries probably killed Bill Stead, former world champion hydroplane racer whose midget airplane plunged into Tampa Bay.

Dr. Robert Brewer, Pinellas County medical examiner, said Friday that internal injuries and fractures, especially in the chest area, apparently were responsible.

It was thought at first that the 42-year-old Stead might have suffered a heart attack when his plane pulled out of a race practice formation and glided into the water.

Cotton was first brought to Europe by Alexander the Great about 330 B. C.

POLICE TRAINING — It takes continual study to keep abreast of changes in the law and to keep informed on latest developments in law enforcement. Police journals are valuable sources of information. Training at schools is another. The Snyder Police department uses both methods. Pictured here, from left to right, are Chief Chester Simons, Charleene Gilliam, new police dispatcher, H. E. Woolsey, Margaret Wood, and Ben McNulty. Woolsey and McNulty recently completed a four-week training course at the Southwest Academy for Police Officers at Big Spring.

Oil Industry Opens Drive To Boost Highway Travel

By MAX B. SKELTON

HOUSTON (AP)—The petroleum industry is placing renewed emphasis on encouraging American motorists to travel more and to make certain their vehicles are in safe repair.

The American Petroleum Institute's fourth annual advertising campaign aimed at boosting highway travel—and gasoline sales — begins Tuesday. The objective: More families making planned one day and week-end trips.

Demand for gasoline has exceeded forecasts every year since the institute began the campaign with a modest pilot program in 1962.

During this four-year span a number of individual oil companies have placed much greater emphasis on improved facilities designed to place safer automobiles on the highways.

"Diagnostic centers," "Motorlabs," and "car care centers" are being used to encourage motorists to check the safety and mechanical problems of their vehicles.

One prominent petroleum marketer said recently the industry must make its customers' cars safer to operate.

"Here we are seeing pressure from the government to do something about a problem on which private interests should be in the lead," said S. E. Charlton, marketing vice president for the Humble Oil & Refining Co.

"I'm not pointing the finger at Detroit and leaving us out. The motorist is going to demand and we must give him reliable care for his car."

Charlton said automotive companies can service only 15 to 25 per cent of the needs of cars they are selling.

"Motorists' needs have grown much faster than the ability to service them," he said. "Less than one-third of the motorists needing repairs for their car are having them done."

Humble is experimenting with a "car care center" concept Charlton said will take care about 80 per cent of a customers's needs, including all repairs except major overhauls, rebuilds and body work.

A recent Shell Oil Co. "motorlab" survey of 1,100 automobiles indicated three out of four vehicles on the road have at least one mechanical deficiency that increases driving hazards.

Shell reported that 76 per cent of the cars had improper headlight aim and that this and other safety items accounted for 43 per cent of the total number of deficiencies detected.

Other leading deficiencies in the safety category: wheel alignment 58 per cent, wheel vibration 46 per cent, shock absorbers 41 per cent, license plate lights 26 per cent, windshield wipers 25 per cent, brake lining 17 per cent, and parking brake 17 per cent.

The institute's travel campaign that begins Tuesday will include advertisements in 168 cities and will suggest a total of 300 separate tours in every state except Alaska and Hawaii.

The campaign has a new name this year, "discover America Best by Car," linking it with President Johnson's "Discover America" program." The theme of previous campaigns was "See America Best by Car."

Dach advertisement this year will suggest two tours instead of only one as in the past.

Dodd Due Ample Time To Prepare

By JOHN CHADWICK

WASHINGTON (AP) — Sen. Thomas J. Dodd, D-Conn., will be given plenty of time to prepare for public hearings on his relations with Chicago public relations man Julius Klein, members of the Senate Ethics Committee indicated today.

It was understood that no specific deadlines have been set for the start of the hearings. But one committee member scoffed at a suggstion that hearings might open in a month or two.

The six-member ethics committee announced Friday it would conduct the hearings to bring out the facts about the alleged relationship between Dodd and Klein.

Before the public hearings, however, committee members said they would hold closed sessions to determine what activities in the relationship between the two come within its jurisdiction.

"The committee desires to allow Sen. Dodd sufficient time to prepare his defense," the committee said. "He had been informed of the substance of the complaint he will face as to the Klein matters."

The 64-year-old Klein, a retired National Guard major general who is widely known among members of Congress, is a registered agent for West German interests.

Dodd said in a statement that he welcomes the committee hearings, but no word was available from him or his aides on when he would be ready.

"These hearings will demonstrate to my own constituents and to the American public not only the malicious untruth of the charges made against me," Dodd said, "but also the systematic theft of documents from my office and the motivations of those who conspired in that theft."

Thefts, Vandalism Probed By Police

Thieves took 42 junk batteries and nine exchange batteries from the south side of the Phillips 66 warehouse in the 2400 block of Avenue Q sometime Friday night.

The loss was estimated at $219.

Police also investigated an act of vandalism Friday night. Someone threw a rock through the front windshield of a new car at Pat Buick - Pontiac and GMC Co. on the East Highway.

Firemen Called Out

Snyder Firemen answered a call about 9 oclock Saturday morning to the Leroy Key residence about 20 miles southwest of town near Lake J. B. Thomas.

The fire, caused by a short in a washing machine, was out on arrival. A cord was burned, but the machine appeared to be undamaged. Firemen checked the attic before they returned to the station.

BIRTHS

Seaman Wilson Is In Basic Training

Seaman Recruit Donald R. Wilson, USN, son of Mr. and Mrs. Harold D. Wilson of 3614 Hill, is undergoing seven weeks of basic training at the Naval Training Center.

Under the supervision of veteran Navy petty officers, he is receiving instructions in naval history and organization, customs and courtesies, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

Military drills and emphasized during recruit training, and with various inspections and a planned physical fitness program, keep the recruits mentally and physically alert.

Upon completion of recruit training, he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires and the needs of the Navy.

Larry D. Ball Is Promoted By Marines

Marine Cpl. Larry D. Ball, son of Mr. and Mrs. E. L. Ball, Route 3, Snyder, was promoted to his present rank at Marine Barracks in Kodiak, Alaska.

His promotion was based on time in service and rank, military appearance and his knowledge of selected military subjects. The Marine Barracks provides security for the base, parades, civic functions and guards for visiting dignitaries.

The term "spot" cotton originally meant cotton actually on the spot at any market.

To Citizens of Snyder and Scurry County a thought on Freedom: Where does it begin and end?

We read much in our papers about freedom. But whence does it come? Not from liquors. Liquor enslaves. We read about those that have and are fighting in our armed forces. I certainly am in sympathy with our men, I served five years in the Army. My oldest son; my brothers and cousins served also. None of them that I am aware of ever won any medals but some did find a grave in Italy and the South Pacific, and have memorials standing in the Snyder Cemetery. Hundreds of others gave their all. They were not fighting for liquors—but for freedom of body, soul and mind.

Our freedom ceases where other peoples freedom begins. Personal liberty ends where public safety begins.

The ravages of drink are greater than those of War, Pestilence and Famine combined.

Three out of ten that use alcoholic liquors become addicts to it, and most of the other 7 suffer the rest of their lives. I just read where we have nine million alcoholics in the U.S.A. and gaining by two hundred thousand a year.

Noah sent out a dove and it found a dry spot, but we fear the bird would have a harder time now in our Country.

Why should we help by voting and giving our signature to help it along? "Wine is a mocker, strong drink is raging: and whosoever is deceived thereby is not wise."

There is only one way to regulate a rattlesnake—and the liquor traffic—destroy it, by your vote and voice and total abstinence.

Liquor kills everything that lives! and preserves everything that is dead!

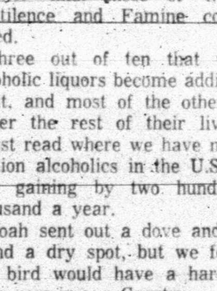

"Five gallons of gas and a pint of gin,—and all they found was a mess of tin"

My liberty ends when it begins to involve the possibility of ruin to my neighbors.

We that are opposed to liquors are Citizens of our fair land also.

Sincerely,
Cone J. Merritt

OUR VIEW

There's No Reason To Relax Efforts For Junior College

Our junior college survey committee has shown sheer tenacity during the past nine years, and there is no reason to believe that efforts are going to be relaxed now, despite the fact that hopes for a one-county junior college district have been virtually erased.

The question now is, "What is the best merger or annexation available?" The committee already has set out to attack this problem. A Nolan County committee is faced with the same question and the conference between some leaders of the two counties last Wednesday likely represented the first step toward a new course.

At this stage, neither county can say whether its best course is in alignment with the other. In fact, there is a feeling that Scurry County's best opportunity for junior college service is with Howard County Junior College.

Nevertheless, the committee must study all possibilities and then come up with some recommendations. Then, if this community really wants a junior college, a unified effort must be made to adopt the best proposal. The local committee has indicated that it probably will reorganize, which means that anyone interested will have a chance to work.

There is no cause for frantic action, but neither is undue delay desirable. Deliberate speed appears to be the correct term. We are not over-anxious, but nine years is a long time.

★ ★ ★ ★ ★ ★

Free Voters To Get First Chance At Polls Saturday

Next Saturday's primary election should reveal whether free registration of voters served the intended purpose.

Were there hundreds of thousands of Texans interested in political issues but who could not afford the $1.75 poll tax? Or, did hundreds of thousands merely "register" because it was free and because special attention was called to the free registration period, with no particular desire to actually go to the polls.

Scurry County had over 800 to register during the extra period. So, the turnout at the polls Saturday should be substantially higher than normal if those who registered late are really interested in casting ballots.

As for the poll tax, our only regret about its passing is that it came too late for most of us to get a free vote this year.

Letters To The Editor

To The Daily News:

I take pen in hand, and in my humble way, write this letter to you concerning our 'wet'-"dry" forces in this city and county.

My concern is not so much the issue of the city or county going wet or staying dry. My concern is the people, friends, neighbors and relatives, who have come to the point of harsh words and bad feelings. This is something that should not be. We should stand together as a nation, state, county and city.

Our forefathers gave us certain rights, and through the years men have bled and died for these rights. If you wish to use the terms "wet" and "dry" you may apply them to these brave men because they were of both kinds, and they stood shoulder to shoulder, and died side by side, each one recognizing the other's "rights" as free men.

There is truth in the words, I may not agree with what you say or do, under the law, but I will defend your right to do so, under the law. The law of the majority of the people is the law of the land, but the minority must be protected also. These rights to speak out, under the law, should be respected and people should not be coerced or maligned for they may be your friends, neighbors or relatives.

We can thank the good Lord that we live in a wonderful country such as ours, but it can only stand as long as the people — Republicans, Democrats, Independents, white, black, brown or red—wet or dry—north and south, east and west, stand together and respect the rights of others. We should work together and try to improve and increase the growth of our city, although there is disagreement among us we should never let ill feelings overcome us.

A historical figure once said when asked about the condition of the nation, "oak bottomed and copper sheathed." The Nation was strong.

I ask you my friends "How stands Snyder, Texas?" Each man must see it his own way and strive for a growing city for his children.

I have never written a letter to a newspaper before, and some people may agree with what I say in part or in whole. Some may say "who is this man to write a letter to the Editor?" I do not agree with him.

I write because I am not passing through this town. I was born and reared here, went to war from here, came back here, married here, rearing my family here, work here, and when I pass on, my cemetery lot is paid for, but most of all because I am a citizen of a great and free Nation.

Petula Clark Surprises The Oldsters

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Petite Petula Clark has exploded her singing talent on the Hollywood scene, startling those who thought of her as a rock 'n' roll singer.

The fresh-faced, snub-nosed British singer sold a stellar audience at the Cocoanut Grove on her varied repertoire of something old and much that is new. Her performance was a revelation to those who came expecting a teen-type rocker.

The reason for that reputation was her first American record, "Downtown," which was such a favorite with the youthful crowd that her talent as a song-belter was virtually obscured.

"But 'Downtown' is not a rock 'n' roll song; it is really a very beautiful piece of music," she opined in her Ambassador Hotel suite as one of her two young daughters crawled over her. "I have certainly never considered myself a rock 'n' roll singer.

"Last year at the Grammy Awards, I accepted my statuette for 'Downtown,' then I noticed the inscription. I commented, 'I didn't know I was a rock 'n' roll singer.' The emcee hemmed and hawed over that.

"I was glad to see that when I won this year for 'I Know a Place,' the category had been changed."

"Downtown" brought many changes to her life.

"Actually, this was the time when I expected to be slowing down my career," she remarked, adding with no false modesty: "I had enjoyed a career as the most successful female performer in England and on the Continent. Having had the best of it, I thought I would be settling down to the house we are building in Switzerland — we also have places in Paris and on the Cote d'Azur — as my daughters would soon be starting school.

"And then 'Downtown' was released in this country. Now we have doubled our travel time, and who knows when it will end?"

Petula, who is married to and managed by Frenchman Claud Wolff, is a veteran of British show business despite her gamin appearance. She began by performing before soldiers in the war, along with another noted star.

Police Miss Nude Show

MILWAUKEE (AP) — Two nudes in two tubs might be abstract art to some persons but when it's "happening" Milwaukee police say they want to know about it.

"How come we weren't notified?" a poice captain asked Friday after a "happening" at Milwaukee's Memorial Center.

Tracy Atkinson, Milwaukee Art Center director, said "a happening is a kind of abstract art in which the artist is a performer with his canvas."

This "happening," for which about 250 persons paid $1 to see, featured two nudes, a man and a woman, who bathed in two beer coolers.

"Let's see a picture," said police Capt. Robert Ziernik, head of the vice squad. "I certainly would present it to the district attorney."

The "happening" also featured motorcyclists, dancers, actors, a grave digger and a firefighter.

Warmth of a cotton fabric depends on the weave, not the weight.

Big Change In State Moisture

COLLEGE STATION (AP)—Texas weather went from extremely dry to extremely wet in only one week in many areas, laving farm work at a near standstill. The only regions getting light rains were the Winter Garden of South Texas and the Trans-Pecos.

John Hutchison, director of the Texas Agricultural Extension Service, said the Panhandle suffered some freeze damage on crops. An estimated 15,000 acres of cotton and grain were hail battered in the Corpus Christi area Monday.

Hail damaged crops in Live Oak, McMullen and Atascosa counties. A tornado hit Karnes County.

Overall, rains will improve crop conditions and provide excellent pastures for livestock that are in good to excellent shape in South Texas. Vegetable harvesting is in full swing.

In the Panhandle, light rains enhanced the moisture situation, but there is some freeze damage to wheat and potatoes. Some fruit was killed. Grain sorghum land preparation continues. Ranges are still below normal.

Rains of 1.50 to 3.00 inches should add new spring bloom to such crops as dryland wheat and pastures in the South Plains. Most farm activity is mired in mud. Some early grain sorghum has been planted. Irrigated wheat, potatoes and onions are growing well.

Around Vernon, rains varied from 1 to 4 inches, although a few small areas could stand more. Large acreages of grains are being grazed, but grain prospects are poor. Some grain is heading.

General rains stopped field work in the Dallas and Fort Worth areas. Wheat and oats are in good shape and heading out. Grain sorghum stands appear generally poor, but corn and livestock are looking good. Pastures are expected to make quick recovery.

In Northeast Texas, rains of 5 to 21 inches have improved conditions. Crop damage ranged from slight to extensive, the latter applying mostly to uncovered tomatoes. Some farm tanks were lost by dam breakage. Water knocked down lowland fences. Field work is nil.

In far West Texas, light to heavy rains improved moisture and ranges, and dryland crops are coming along nicely. Livestock conditions are better, sheep shearing is under way and alfalfa, onions, lettuce and cantaloupes are making good growth. Labor is short.

Rains also have put new life into crops and pastures in Central West Texas. Grain is heading and peaches and pecans look promising. Ranges are about average in most areas, and livestock are in fair to good condition. Sheep shearing is under way.

Central Texas rains improved grain prospects, replenished water supplies and boosted the grazing outlook. Cotton is up to a good stand. Sorghum planting is almost complete.

Around Nacogdoches moisture is near surplus. Oats, corn and coastal bermuda hay are showing good growth. Livestock are making progress on average pastures. Marketing is normal.

Along the upper Gulf Coast, rains were adequate to surplus. Corn and sorghums are making good growth. Cotton is hampered by wet weather. Jackson and Wharton counties report some hail damage. Livestock are in good shape. Pastures need sunshine.

Moisture ranges from surplus in Lower Rio Grande Valley to short in the Winter Garden. Rains were received throughout the far South Texas District with as much as 5 inches in Willacy County. There was some hail damage in Willacy and San Patricio counties. Cotton, corn and sorghum are growing fast, while rains have halted vegetable harvesting in the Valley. The Winter Garden is harving some onions, potatoes and cabbage. Melons are growing well and fruiting. Ranges and livestock are in good shape.

Draft Call Comes For Utah Girl

SALT LAKE CITY, Utah (AP) — Sydney Allen opened the mail and was told to report for the draft and take a physical examination the next morning.

Sydney is a girl.

"I get all kinds of male things in the mail — advertisements for men's underwear, a course in auto mechanics" said Sydney, a University of Utah student.

Staff Chiefs Would Up Viet Raids

BILOXI, Miss. (AP) — Sen. John C. Stennis said it is an "open secret" today that the Joint Chiefs of Staff favor intensifying U.S. air strikes against North Viet Nam.

In a speech prepared for the Mississippi Broadcasters Association, the Mississippi Democrat — who heads the Senate Armed Services Preparedness subcommittee, called anew for an all-out assault on oil, power and arms plants in the Hanoi-Haiphong industrial areas of North Viet Nam.

Stennis said the air war "has not achieved and, under current and restrictive ground rules, will not achieve its objective of substantially halting or curtailing the flow of men, materials and supplies from North to South Viet Nam.

"We should close the ports of North Viet Nam by whatever method our military leaders deem to be appropriate," he said. "We should destroy the petroleum facilities in the Hanoi-Haiphong complex. We should also attack power producing facilities and plants producing military equipment and supplies and other tools of war.

"These things are necessary to protect our fighting men, to shorten the war, and to minimize the loss of valuable American lives. The majority of the high ranking military leaders with whom I have talked agree with me on this," he said.

"It is an open secret that the Joint Chiefs of Staff have long recommended a stepped up and intensified air war against North Viet Nam."

Stennis also expressed hope there will be no "privileged sanctuary" if Chinese planes attack American fliers. (The State Department has said that "hot pursuit" of such attacing planes into China would be in order, but only President Johnson could decide if Chinese airfields were to be bombed.)

T. L. Nipp Jr. In Goodwill Celebration

Army Sp. 5 Thomas L. Nipp Jr., a trombone player with the 296th Army Band, participated in a goodwill weekend celebration April 16 in Niigata City, Japan.

The band played concerts and marched in parades honoring the 'sister - city" relationship between Niigata City and Galveston. Mayors of both cities and other guests were present.

Nipp, whose father lives at 417 Thirty-second Street, Snyder, is regularly stationed at Camp Zama. A graduate of Brownfield High School, he entered the Army in 1959 and arrived overseas in September of 1964. His wife, Margaret, is with him in Japan.

PRESENT PLAY — These fifth grade pupils of Stanfield Elementary School presented a play, "The Aloha State," for the entire school recently. Mrs. Virginia Whitson directed the play.

Peyton Place To Shorten, Add Color

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Whither Peyton Place? Next season will find it younger, more colorful and reduced in quantity by one-third.

This is the report from one of the youthful members of the king-size cast of the unending ABC detergent opera. His name is Chris Connelly, and he plays Norman Harrington:

"The accent seems to be on youth for the coming season," he remarked. "They tell us that 35 to 40 per cent of our audience is composed of teen-agers, so I guess that the teen-age hand rules the television set.

"The new members that are being added to the cast — Susan Oliver, Lana Wood, Gary Haines and Stephen Oliver — are all young, and the older actors who have left the cast aren't being replaced.

"The young viewers seem to be interested in the problems of people their own age. Of course, they're still interested in the stars who have been in 'Peyton Place' from the beginning — as mother and father images."

Connelly, seventh child of a Wichita, Kan., oil man, arrived for his diet lunch with Patricia Morrow, who plays his wife on the series. They are inseparable off the screen as well. Marriage for them in real life? "We don't talk about that," Connelly asserted.

What other directions will "Peyton Place" take?

"We'll be on in color, starting in September," he reported, "and that should help us. There is a real advantage to being able to show outdoor scenery in color; that was one of the things that sold 'Bonanza' at the beginning. I'm hoping we'll be able to get out of the studio and shoot some backgrounds in New England, or at least in some small town.

"Next season we go back to the twice-a-week schedule, and that should help us, too. I think it was a mistake to go on a third night, especially on Friday, when people have dates, football games and all kinds of things to do."

If the children run out of things to do on rainy days, arrange a painting session. Give them food coloring and cotton-tipped swabs, and let them color newspaper pictures or decorate brown paper bags.

Pope Paul's Absence Will Put Damper On Celebration

By GENE KRAMER

CESTOCHOWA, Poland (AP) — More than one million Roman Catholics are expected to throng here for next week's celebration of 1,000 years of Polish Christianity. But the absence of Pope Paul VI has put a damper on preparations.

The pontiff had been invited and the Vatican disclosed last weekend that he had wanted to come. But party chief Wladyslaw Gomulka and other leaders of the Polish Communist regime barred the Pope and other foreign church dignitaries on the grounds that the celebration had not been cleared with the government.

In the Pope's absence, the papal legate will be Poland's Roman Catholic primate, Stefan Cardinal Wyszynski, newsmen were told by a spokesman at the fortress-like monastery of Jasna Gora.

Cardinal Wyszynski will live in the same apartment he has used at this holiest Polish shrine for 12 years. The three-room suite has been remodeled in simple but luxurious style. Monks of the Pauline order refer to it as the papal suite.

The outpouring of devotion from Polish Catholics will be held against a backdrop of secular festivities. Government and Communist party banners for the May 1st labor holiday and the 750th anniversary of Czestochowa probably will still be up on Tuesday.

While church officials expect no major confrontation with the government, they have reported some minor harassment. A monastery official apologized that the program was typewritten and added with a smile, "Don't ask me why it was not printed," This was taken to mean it could not be cleared by the government censor.

Main event of the religious celebration will be the carrying of the black Madonna image around the ramparts of the monastery by bishops, clergy and representatives of the predominantly Catholic Polish population.

The Madonna, a 600-year-old dark-shaded painting by an unknown Italian artist, was declared in 1651 to be the queen of Poland.

During the procession, Polish archbishops will carry it from the first to the second station of the cross. In what could be interpreted by the government as a political gesture, bishops from the lands transferred from Germany at the end of World War II will bear the Madonna from the second to the third stations of the cross.

Snyder Student Is Degree Candidate

Charles Deward Easterwood of Snyder is one of nearly 200 seniors listed as tentative candidates for degrees at the University of Texas College of Engineering. The degrees will be conferred at commencement on June 4.

Easterwood is a candidate for the bachelor of science degree in aerospace engineering.

New piece goods prints available in cotton terry cloth include paisleys and checks.

OUTSTANDING INDIVIDUAL — Lake View's Rocky Woods is one of the outstanding individual track stars in the state. Here, he begins a 6-5 leap that brought him a blue ribbon at the District 3-AAA track meet. He scored more points than any other athlete at the district and regional meets. (Staff Photo).

Tigers Win Jal Meet

JAL, N.M.—The Snyder High School track and field team ended its regular season here Friday night by winning the Jal Invitational Meet. The Tigers accumulated 99 points to 86 for runnerup Lovington.

The Tiger tracksters won 6 events, placed second in 6 more, and won a host of other places in building up their total.

The meet was a warmup for the state meet this next weekend for the Snyder mile relay and for Leon Riggins in the low hurdles. For the remainder of the boys the season is now over.

It was a highly successful season for the SHS track team, coached by Jim (Dutch) Stehley and V. V. Shearburn. Last year's team, which won third in the state, was almost wiped out by graduation, and not a great deal was expected this year. However, the team has now won five meets and has come in second in two more. Snyder won the Canyon Reef, Levelland, Plainview, District at Sweetwater, and the Jal meets. Second places were taken at Seminole and regional in Odessa.

In Friday's meet the Tigers won first place in the mile relay, and placed second in the 440 relay and 880 relay. Running on the winning mile relay were Kent Noble, M. C. Powell, Teddy Brown and Curtis Clay. The 440 relay consisted of Ronnie Hardwick, Jackie Rice, Powell and Clay. The 880 relay was made up of Leon Riggins, Hardwick, Powell and Clay.

Five Tigers were winners in individual events. Brown won the 440 yard dash in a time of 51.3 seconds; Riggins won the low hurdles in 19.8; Rice took the pole vault with a leap of 11 feet 9 inches (although he vaulted 12-6 unofficially) and Steve McMahan won the high jump at 5-10. Rudy Benitez, running in the two-mile event forthe first time, won handily for the other first place.

Individuals who placed second include Hardwick in the 100. Riggins in the high hurdles and 220 yard dash, and McMahan in the broad jump. Riggins ran a sizzling 14.6 in the high hurdles and a 22.6 in the 220. Hardwick ran the 100 in 9.9 seconds in what was almost a photo-finish between him and Wise of Lovington, who was awarded first place.

Other places gained by the Tigers: 100 yard dash-Rice, 5th; 220 yard dash-Hardwick, 3rd and Rice, 5th; 440 yard dash-Noble, 5th; 880 yard run-Tom Page, 3rd; Mile run-Weldon Riley, 5th; high hurdles-McMahan, 3rd; low hurdles-McMahan, 5th; shot put-Simons, 3rd; discus-Roy Taylor, 3rd; broad jump-Powell, 3rd, John McKinney (sophomore team), 4th, and Vernon Clay, 5th.

The sophomore 440 yard relay placed 4th with a fine time of 45.5 seconds. Running on that relay were Donnie Thompson, Jerry Hardwick, John Schiebel and McKinney.

Track Stars To Compete At Corpus

CORPUS CHRISTI, Tex. (AP)—Most of the state's top tracksters will be here tonight for the Little State Meet's fifth annual showing and the accent will be on the mile where Robert Gonzalez of Falfurrias may dip below 4:10.0—the first time for a Texas Schoolboy.

Gonzalez holds the mile record of 4:17.1 here, has done 4:10.3 and should better it with ease.

This is one of four records expected to be cracked.

Clarence Johnson of San Antonio St. Peter Claver has high jumped 6-9 compared to the record of 6-7; John Carey of Houston Sam Houston has done the 880 in 1:54.3 compared to the record of 1:54.7, and Dicky Phillips of Galena Park North Shore will be after the pole vault record of 14 feet 6½ inches. Phillips has made 15 feet ½ inch.

Three of the state's top 10 performers in all events but the broad jump will compete in the meet. But two boys have withdrawn—John Robertson of Dallas Sunset, who had the third best 880-yard time of 1:54.2, and Jimmy White of South Houston, who had the best 440-yard time of 47.7.

SPORTS

SWC Meet May Be Close Race

AUSTIN, Tex. (AP)—Possibly five records in the varsity division and a wholesale lot in the freshman class loom for the Southwest Conference Track and Field Meet here Friday and Saturday.

Rice and Texas are expected to wage a close fight for the varsity championship. Texas seems most likely to win the freshman title.

Richard Romo of Texas should crack the mile record of 4:10.5, Preston Davis of Texas the three-mile record of 14:49.1, Mark King of Texas the pole vault standard of 16 feet and Rice should shatter the mile relay record of 3:10.7.

Romo has done 4:06.2, Davis has run the three-mile in 14:33.1, King has vaulted 16 feet ½ inch and Rice has whipped out a 3:07.4 mile relay.

If Davis runs it, he might also set a record in the half-mile. He has done 1:50.2 and the record is 1:49.9.

Texas A&M because of Randy Matson, who should win the shot and discus easily, appears likely to take the most first places, with five. Texas and Southern Methodist are due to win four each, Rice two and Baylor one.

Texas boasts less first place power than Rice in the freshman class but is deeper and should get more points from second on down. The Little Longhorns seem likely to beat out Rice by 15 points for the freshman championship.

Records in at least six events appear likely in the freshman division.

David Matina and Rudy Alaniz of Texas and Tommy Maupin of Rice have run the 880 in 1:52.5, which is three-tenths of a second under the record.

Eddie Belzung and Dal Bernauer of Rice have skipped the 220 in 21.6, which ties the freshman record.

Richard Ball of A&M has run the 440-yard hurdles in 54.1, which is .6 under the record.

Stan Curry of Baylor and Barry Noble of Texas have bettered 6-8 in the high jump against a record of 6-9¼.

Rice has done the mile relay in 3:11.0, which is 4.5 under the record.

Conley Brown of Rice has run the 440 in 47.1 and the record is 46.8.

Leo Loses, But Can Still Laugh

By JOE MOOSHIL
Associated Press Sports Writer

CHICAGO (AP) — Leo Durocher can still laugh and that's quite a trick for the Chicago Cub manager whose team is mired in the National League cellar with a 3-11 record.

The only reason Leo can laugh is Adolfo Phillips, a 22-year-old Panamanian who turned in another sparkling performance Friday despite the Cubs' 5-1 loss to Jim Bunning and the Philadelphia Phillies.

Phillips, the major acquisition in last week's five-man deal with Philadelphia in which the Cubs sent pitchers Larry Jackson and Bob Buhl to the Phillies, is threatening to become the first top-notch center fielder the Cubs have had in two decades.

Phillips got three hits, including a double and a homer off the masterful Bunning. More important was the fact his homer came in the seventh after he had been hit by a Bunning pitch in the fifth.

"He just might be the fastest man in baseball" boasted Durocher. "I wouldn't bet against him in a race against anyone, and I mean anyone in the league. He hit that ground ball to short in the third and when Dick Groat came up to make the throw Phillips was standing on first base laughing at him."

Phillips has had nine hits in 21 times at bat for a .429 average since joining the Cubs. Five hits have been doubles and two home runs. His two singles have been infield hits.

"Anytime ball go through infield I try go to second," said Phillips. "I know I run good. Can get to second easy. Sure outfielders soon know I go to second on hit but maybe that make them make mistake. I run to first in 3.4. Don't know how fast from home to second but maybe fast enough."

Going from home to first in 3.4 is virtually phenomenal for a right-handed batter.

His homer Thursday was an inside the park shot, a difficult maneuver in the compact confines of Wrigley Field.

Sadecki Finds Old Form, Stifles Mays

By MIKE RATHET
Associated Press Sports Writer

Ray Sadecki has always been a slow starter. The only trouble last year was his slow start didn't end until the season did.

But the 25-year-old St. Louis left-hander has junked his April jinx and some of the memories of last season's year-long ineffectiveness by putting together two strong performances, the latest a five-hit, 5-1 victory over San Francisco Friday night.

A 20-game winner when the Cardinals won the National League pennant two years ago, Sadecki made one of the biggest nosedives in baseball history in 1965 when he was able to post only six victories while losing 15 games.

But it's been different this season. After being brought along slowly in two brief relief appearances, Sadecki allowed only one earned run against Pittsburgh in his first start, then came back and matched that against the Giants while recording his first complete game.

He also throttled Willie Mays, who has been looking for a record-breaking 512th homer since Sunday. Mays returned to the Giants line-up after sitting out one game with the flu but went hitless in three trips.

Mays also lost his NL homer lead to Hank Aaron, whose seventh homer gave Atlanta a 4-3 victory over Houston. In other games, the Los Angeles Dodgers edged Cincinnati 3-2, the New York Mets downed Pittsburgh 5-2 in 11 innings and Philadelphia whipped the Chicago Cubs 5-1. Only two games were played in the American League, Baltimore belting Detroit 8-1 and the Chicago White Sox defeating Cleveland 4-1.

The Cardinals gave Sadecki more than enough working room by jolting Bob Shaw and Ron Herbel for six consecutive singles and four runs in the third inning. The damage was done by Lou Brock, Alex Johnson, Curt Flood, Tim McCarver, Charley Smith and George Kernek. Johnson also hit a ninth inning homer.

The Astros pulled into a tie with the Braves in the ninth inning when pinch hitter Ron Brand singled following walks to John Bateman and Joe Morgan. Aaron turned it around again with one swing in the bottom of the ninth, hitting a two-out shot over the left field fence.

Dodger starter Claude Osteen had the Reds shut out on two hits and led 2-0 on Lou Johnson's homer when Cincinnati scored twice in the ninth on a walk and singles by Vada Pinson and Tony Perez. The Dodgers then won it in their half on a double by Nate Oliver, walks to Jim Gilliam and Wes Parker and Ron Fairly's two-out single.

The Mets broke a 1-1 tie with four runs in the 11th as Chuck Hiller and Roy McMillan each collected key singles. Hiller's broke a 1-1 tie and McMillan's drove in two runs. The other run crossed on a wild pitch by Al McBean. The Pirates, shut out for six innings by Rob Gardner, had tied the score on a single by Jim Pagliaroni and Bob Bailey's double.

Jim Bunning allowed nine hits but went the distance for the Phillies, running his scoreless inning streak to 20 before Adolfo Phillips supplied the Cubs' run with a homer in the seventh.

Water . . . Water Everywhere In Sight

For the third day in a row, the Snyder High School Tigers saw one of their regularly scheduled baseball games cancelled because of rain. Saturday's tilt with Levelland was the latest match cancelled.

A contest here with Lamesa the previous Thursday and a clash at Brownfield the next day were rained out.

Coach Speedy Moffett said that the next tilt will be at 4 p.m. Tuesday in Lobo Park at Lamesa unless a "make-up" game can be arranged for Monday.

American LL Try-Outs Set

The American Little League will try again to hold try-outs next week.

Plans are, if the weather permits, to hold try-outs for 11 and 12-year olds Monday, for 10 year olds Wednesday and for 9 year olds Thursday.

The try-out site for American Little Leaguers will be the old rodeo grounds at Avenue M and Seventeenth Street, and the time each day will be 4:30 p.m.

Aggie Golfer To Protest Decision

AUSTIN, Tex. (AP)—Mason Adkins of Texas held the Southwest Conference golf championship today but it was clouded by threat of a protest from Lee McDowell of Texas A&M, who had finished second.

Adkins had 295 for 72 holes to win by one stroke over McDowell, who wound up with 296.

McDowell said he would protest in writing to the Southwest Conference with the claim that Adkins was given a free drop out of casual water on hole 17 and the spot of the drop gave him an advantage he was not entitled to. McDowell contended the drop should be in line with the cup and not in line of flight.

Tournament director George Hannon said that in the opinion of the committee, the decision stands. "The referee's decision is final," he said.

Adkins became the third Texas golfer to win the title in a row. Pat Thompson and Randy Glenzman, immediately preceded him.

THEY HAD EACH OTHER

Fate Favorable To Auerbach, Russell

BOSTON (AP) — Bill Russell bade his teammates a tearful farewell as captain of the Boston Celtics and talked of building a team to defend the National Basketball Association championship.

Russell also welcomed the break from the gruelling competition to give his personal injuries a chance to mend.

It was revealed before the start of Friday night's breakup dinner that the 6-foot-10 defensive star had been playing since February with a broken bone in his right foot and a chipped left elbow.

The 32-year-old Russell, key to Boston's winning its ninth NBA crown in 10 seasons, didn't let outgoing Coach Red Auerbach publicize his injuries for fear he would become the target of over eager opponents, causing more damage.

Russell regaled the dinner crowd as he teased his teammates and "our ex-coach" at the gathering the Celtics have made an annual championship celebration.

He broke down as he talked of his affection for the players he said "may not have been the best" he played with.

He told Auerbach, "You've contributed as much to basketball as a game than any man alive."

Then he cracked, "During the past 10 years we've both been pretty lucky. I've had you and you've had me."

He mentioned various former players in the audience who "went out a winner" and said one reason the Celtics tried so hard to win the crown this season was, "It would have been a crying shame if the man who brought them all together didn't go out a winner."

The next chore for Coach Russell will be the annual player draft meeting in New York May 11. Russell and Auerbach will get together several times before the meeting to discuss draft possibilities.

Observers predicted that the four Boston players who will be made available in the special draft to stock the new Chicago franchise are Willie Naulls, K.C. Jones, John Thompson and Ron Bonham.

Auerbach received a parting salute from the NBA front office yesterday. Commissioner Walter Kennedy announced that Auerbach, winner of 1,037 games as a coach, and Los Angeles Coach Fred Schaus were fined $150 each for public criticism of league officials during the playoffs.

It seemed like a typical finish for the 48-year-old Auerbach, who built a reputation for baiting officials during his long tenure.

Derby Field Is Big, Fast

By ORLO ROBERTSON
Associated Press Sports Writer

LOUISVILLE, Ky. (AP) — The Kentucky Derby, America's most colorful horse race, will be run for the 92nd time at Churchill Downs Saturday with Graustark the favorite to win in a field that may number as many as 17 3-year-olds.

Until three days ago, the long striding son of unbeaten Italian stallion, Ribot, figured to be the shortest priced favorite since Citation won the 1¼-mile Run for the Roses in 1948 and returned a mere $2.80 for $2.

But the previously unbeaten chestnut colt from John Galbreath's Darby Dan Farm, an easy winner of his three starts last year and four this season, lost by a nose to stretch running Abes Hope in the Blue Grass Stakes at Keeneland.

The oddsmakers quickly readjusted their figures, while owners and trainers took another look at their eligibles and calculated that anything can happen when the field breaks from the barrier at 5:45 p.m., EDT before the usual packed house, annually estimated by Downs' officials as in excess of 100,000. The race will be televised in color by CBS from 5-6 p.m. EDT.

Abe's Hope, who preceded his Blue Grass triumph with eye-opening showings in the Flamingo at Hialeah Park and the Florida Derby at Gulfstream Park, figures to be the strong second choice. He had the Flamingo won only to bow in the final stride to the now sidelined Buckpasser, the 1965 2-year-old champion. He finished first in the Florida Derby but was set back to fourth for interference.

Kauai King, Michael Ford's Nebraska-owned son of the great Native Dancer, and Amberoid, a come-from-behind stylist representing Reginald Webster, should battle for third place on the odds board with the King Ranch's Buffle also coming in for some support.

Kauai King, who as a 2-year-old was handled by Loyd Gentry, now trainer of Graustark, won the Governor's Gold Cup at Bowie. Amberoid, a son of Count Amber, was a surprise winner of the Wood Memorial at Aqueduct in which Buffle closed fast in the stretch to finish third, beaten only two lengths in a race of 1 miles.

Graustark, who had been sidelined last year with sore shins and again early this year by an ankle injury, threw a scare into his handlers last Wednesday. He tok a few unusual steps after a workout. But an examination showed no more than a slight infection in his left fore foot caused by an improperly placed nail in his shoe.

But he showed no signs of distress in the Blue Grass and as late as Friday Gentry declared everything was fine with his finely-tuned charge.

With 17 starters, the Derby will be the second richest in the history of the classic, which began in 1875 with Aristides earning a mere $2,850. It'll be worth $165,000 with $125,000 going to the winner. Needles won $123,450 in 1956. Second place will pay $25,000, third $12,500 and fourth $5,000.

Owners of three of the 17 have made successful bids for Derby victories in the past. Robert Kleburg, who races under the name of the King Ranch and will be represented by Buffle, has won the Big One twice — in 1946 with the club-footed Assault and in 1950 with Middleground.

Galbreath, who also owns the Pittsburgh Pirates baseball team, saw his colors in the winner's circle in 1963 when Chateaugay came from off the pace for victory. Mrs. Ada L. Rice, with her hopes resting on Advocator, runner-up in the Wood, won last year with Lucky Debonair.

Max Hirsch, 85-year-old dean of American trainers, is the only trainer with a horse entered this year who has tightened the saddle girth on a Derby winner. He did it three times — twice with the two King Ranch winners and in 1938 with Bold Venture. He saddled his first Derby starter in 1915 — the year Regret, the only filly to win the race, posted a front-running triumph.

To four of the jockeys, riding a Derby winner will be nothing new. Bill Shoemaker, rated by many as the country's premier reinsman, has triumphed three times — with Lucky Debonair last year, with Tomy Lee in 1959 and with Swaps in 1955.

Braulio Baeza, who rides Graustark, scored with Chateaugay.

MEMORIES OF BABE RUTH — Mrs. Babe Ruth and her grandson, Tom Maloon, 13, of Conway, N. H., pose in front of display of pictures of baseball's greatest slugger in her New York City apartment. Mrs. Ruth still manages to see about two-thirds of New York Yankees home games. (AP Wirephoto)

SPORTS

Robinson, White Sox End Cleveland Skein

By MURRAY CHASS
Associated Press Sports Writer

Frank Robinson has replaced George Strickland as the No. 1 driver in the American League.

Strickland drove Manager Birdie Tebbetts to and from the ballpark during Cleveland's 10-game unbeaten streak, but the Chicago White Sox ended the streak by defeating the Indians 4-1 Friday night.

Robinson, meanwhile, steered Baltimore to its eighth straight victory, driving in the runs with a triple and a home run in the Orioles' 8-1 victory over Detroit.

Using Strickland, an Indian coach, as a chauffeur was part of the routine Tebbetts refused to change as long as the Indians were winning. He also passed up barber shops and ate breakfast at the same table in the same hotel with the same waitress serving him.

Strickland earned the transportation job after driving Tebbetts back to his hotel following the Indians' opening-game victory. And every time they drove to the hotel they made an illegal turn.

There's nothing illegal about Robinson, even though the other AL teams would like to think so.

His two hits against the Tigers raised his average to .474, and he maintained his streak of having scored in every game by increasing that total to 16. He also has five homers and 10 runs batted in.

With the help of Robinson's bat, the Orioles pulled even with the Indians at 10 victories in 11 games, the best records in the majors.

The only other scheduled AL game—Minnesota at Washington—was rained out.

In the National League New York defeated Pittsburgh 5-2 in 11 innings, Atlanta edged Houston 4-3, Los Angeles nipped Cincinnati 3-2, St. Louis stopped San Francisco 5-1 and Philadelphia defeated Chicago 5-1.

Gary Peters and Bob Locker scattered eight hits in Chicago's victory over Cleveland. Peters hit a home run before leaving for a pinch hitter in the seventh inning. The pinch hitter, Danny Cater, drove in a run with a sacrifice fly.

Robinson's two-run triple drove Detroit starter Bill Monbouquette from the mound and brought Terry Fox on. Boog Powell then climaxed the seven-run outburst with a two-run homer. Wally Bunker gave up 10 hits, but the Tigers scored only on Don Wert's homer in the fifth.

Texas League In Deadlock

By The Associated Press

Albuquerque won the first game of a head-to-head battle of Texas League leaders Friday night and now there's a tie at the top between Albuquerque and Arkansas.

Albuquerque scored three runs in the eighth to knock over the Travelers 7-6.

Mike Stubbins drove in the winning run with a single and Juan Gomez, the fourth of five Dodger pitchers, picked up the victory by pitching an inning of hitless, runless ball.

Amarillo fell out of a tie for second place by taking an 8-1 licking from El Paso. The Sun Kings blasted four home runs, Don Wilkinson's becoming the biggest as it brought in three runs.

Chris Maneff pitched a steady seven-hitter.

Bob Daniel worked a five-hitter and George Kopacz hit a three-run homer as Austin shut out Dallas-Fort Worth 4-0.

The Braves pounded a dozen hits in pulling even with Dallas-Fort Worth in the standings. They are tied for the cellar.

Dallas-Fort Worth again is at Austin, Little Rock at Albuquerque and Amarillo at El Paso tonight.

Kansas' state song, "Home On The Range," speaks of deer and antelope, yet the state is importing antelope and only this year had enough deer to permit hunting.

Ed (Whitey) Prokop, former right winger with Cleveland, Providence and New Haven hockey teams, resides in Cleveland and works with the Muny Hockey League there in his spare time.

'Old And Young' Lead Texas Open

By PAUL RECER
Associated Press Sports Writer

SAN ANTONIO (AP)—A field trimmed to 71 tees off today in the third round of the Texas Open—with an elder statesman of the tour and a current hot player in the lead with seven-under-par two-round totals of 133.

Jim Ferrier, one of the oldest players on the tour at 50, and 28-year-old Phil Rodgers moved into a tie for the lead Friday after the previous leaders, Gene Littler and Larry Mowry, faded.

Ferrier shot a six-under-par 64, conquering the 6,715-yard Oak Hills Country Club course with deadly chip shots and fantastic putting.

Rodgers came in with a 65, what he jokingly called a "typical round." The La Jolla, Calif., pro made seven birdies to continue his torrid tour pace.

The original field of 144 was cut to the low 70 scores and ties. The cut came at a two-round total of 143.

Ferrier collected an eagle and five birdies on his round and faltered only once all day — on four-wood second shot that hit a trap and led to his lone bogey.

The eagle came when the Australian native played a four-wood over the trees and onto the front edge of the tenth hole. He sank the 80-foot putt, while "just trying to get close," he said.

Rodgers was in and out of trouble all day, hitting trees and traps. He blasted out of one trap to within three feet for one birdie and came back after hitting trees on the first hole to make a birdie with a 30-foot putt. He also sank putts of 20 and 25 feet.

Littler double bogied one hole, got another bogie and could collect only three birdies.

Mowry said his putter deserted him, but he played between tee and green as well Friday as he did in the first round.

Derby Favorite Is Injured Again

LOUISVILLE, Ky. (AP)—Graustark, the Kentucky Derby favorite, has another injury and his doubtful status further changes the outlook for next Saturday's Run for the Roses.

The infection in Graustark's left front hoof could be cured in a couple of days, Trainer Lloyd Gentry said Friday night, but, "If it takes more than a couple of days we may lose too much training time."

He declined to comment specifically on whether his colt will start in the Derby. "I don't know what doubtful starter means," he said.

Early this week, conversation in racing circles had practically conceded the Derby to the Darby Dan Farm colt, winner of seven straight.

Then Graustark came up with a blood blister Wednesday and lost, by a nose to Abe's ghope Thursday in the 1⅛ miles Blue Grass Stakes at Keeneland.

Graustark was to ship from Lexington to Churchill Downs today. Abe's Hope was vanned Friday.

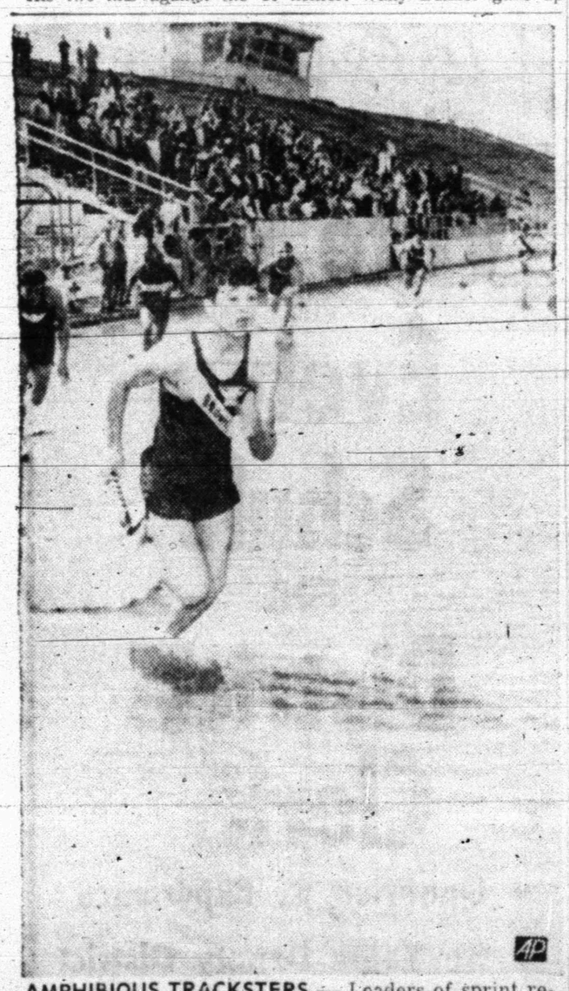

Activity around the Downs has picked up since Wednesday.

The track was notified Friday that Wheatley Stable's Stupendous will fly to Louisville Sunday with plans to enter the Derby. Stupendous was second in the governor's Gold Cup at Bowie last Saturday to Kauai King, already at the Downs.

Robert Lehman's Rehabilitate also arrived Friday and was expected to enter the Derby. The colt was third in the Blue Grass, beaten 3½ lengths.

"It looks like one of the biggest starting fields in history," said a Churchill Down spokesman. "A realistic figure would be 17 or 18."

If 17 start, it would be the largest Derby field since that number started in 1959.

AMPHIBIOUS TRACKSTERS — Leaders of sprint relay teams and a high school regional track meet at Big Spring, Tex., with Bronte in the foreground, head for deep water. Heavy rains in the area left parts of the oval inundated. The events were held despite soggy conditions in order for the athletes to qualify for the state high school meet in Austin. (AP Wirephoto)

Spanish Class Students Due On School TV Program

First and second year Spanish students and their instructors will bring Monday's "Know Your Schools" TV program feature. High School students will demonstrate their ability to use this school - taught language. Some present day teaching techniques will be illustrated for viewers.

This all-schools closed-circuit TV program is presented weekly. Interested citizens may view it each Monday by tuning their TV sets to Channel 2, SCAT, from 6:30 p.m. to 7 p.m.

To demonstrate local high school students' ability to use the language, second year Spanish students will present a skit featuring Jerry Jones and Sharrylon Ator; a short dialog between Fern Buchanan and Camille Curry; Vicky Dean will recite a poem in this romantic language and Karen Meador and Barbara Favor will demonstrate something of the science dealing with the structure of the language. Mrs. Susanna Hill is instructor of the second year Spanish classes.

First year Spanish class members will demonstrate their ability to converse in their newly adopted language. Along with their instructor, Mrs. Mary Jo York, these students will show their ability to translate from Spanish into English the meaning of words and their knowledge of numbers by the use of flash cards. First year students to appear will include Royce Starnes, Karan Sadler, Glenna England, Chapman Mott, Cheril Stevenson and Martine Strubbe.

Spanish is offered as a three-year couse in the local schools. First year Spanish is offered at the Lamar Junior High school as well as in high school. Approximately 110 senior high school students attend classes daily. Twenty-two students are taking Spanish at Lamar.

In the senior high school, a language laboratory consisting of 24 individual booths is used for oral recitation and practice. The student hears and imitates a native Spanish-speaking voice through the use of a tape recorder and ear phones. A microphone enables the teachers to check the accuracy of the imitations. Other audio-visual means are employed in classroom instruction such as phonograph records, slides and educational films. Educational films for high school classroom instruction are ordered on a rental basis, allowing teachers a wide range of choice in their use.

Everything in Spanish instruction is taught orally at first and the students are given the opportunity to use the vocabulary and grammar constructions in practice sessions, making the learning far easier and more natural. They learn much as a child learns to speak his native tongue, by repetition and association. Speaking and understanding of oral Spanish is stressed primarily in the first year course.

Second year students are exposed to writing and reading the language as well as speaking it. Many students are able, after two or three years of study, to use the language fluently enough to carry on conversations in a satisfactory degree with Spanish-speaking people, the local school instructors point out. They are able to comprehend when spoken to, and are able to make themselves understood by those using Spanish as their native language.

In present day instruction, the audio-lingual method is used in class presentation of languages rather than the older method of memorizing vocabulary words and conjugating verbs. The older method of teaching also employed reading selections silently rather than the present day method of gaining correct pronunciation and inflection through listening to sounds produced by the voice of someone thoroughly familiar with the language.

If high school students wish to pursue the study of Spanish beyond courses offered in the local school there are many avenues of employment open to them. For those with the idea of entering the U. S. diplomatic service or the employ of many big companies with foreign business interests, knowing the language is a great asset. To any girl or boy wishing to go into secretarial work with an assignment to an embassy in South America and many other places on the face of the globe, knowing how to speak and write Spanish well can prove valuable. Other avenues of good employment also open to students knowing the Spanish language are the teaching profession; working on special assignments at the United Nations, and it can be of great advantage to those wishing to enter various fields of U.S. and state governmental employment.

The Spanish club in the local high school is comprised of students enrolled in present and prior Spanish classes. This club is a member of the Pan-American Student Forum of Texas, a branch of the Texas Partners of the Alliance for Progress. This alliance of American nations is a privately-supported, non-profit agency for international development.

Spanish department activities create an interest in and an understanding of people of other nations, especially the peoples of Mexico, and Central and South America, local school Spanish instructors emphasize. In addition to learning the language, the students learn of the habits, customs and beliefs of their Spanish-speaking neighbors, thus grasping a better understanding of the way of life "South of the border," as Texans are apt to phrase it, and of Latin American countries.

Studying Spanish increases students' interest in national affairs, especially since March of 1961, when the late President John F. Kennedy called on the people of the Americas to join forces in "a vast cooperative effort, unparalled in magnitude and nobility of purpose, to satisfy the basic needs of the American people for homes, work and land, health and schools." This idea of the late president is the embryo from which has developed the Alliance for Progress with 20 American countries pledged to attain better economic and social life for all the peoples of Latin America, within the framework of personal dignity and political liberty.

President Lyndon Johnson has pledged anew the United States' support of the Charter of Punta del Este. This charter embraces a peaceful, democratic social revolution across the hemisphere, and furthers the causes undertaken by the people of both American continents in the Alliance for Progress.

The Americas, North and South, have taken the first steps on the long march toward the "new community of American nations" of which President Kennedy dreamed. The Alliance for Progress is pursuing a grass roots approach. This is not an adoption of other American countries by people of the United States, nor is it charity. The program is planned to help people help themselves. It is the working together of all countries of this hemisphere to promote social and economic development in the less privileged countries through private initiative.

Spanish is the foreign language most often taught in public schools in Texas and the three other states whose southernmost boundaries join Mexico. All four states, Texas, New Mexico, Arizona, and California have many citizens who have spoken this mysteriously charming language since early childhood.

Peoples of the two American continents are not so apt to be bi-lingual as are peoples of Europe, where countries are small in comparison and the people of each country speak a different language or variations of the same language. In South America only the people of Brazil do not use Spanish, but speak Portuguese.

Spanish is spoken in many parts of the world other than Spain and Latin America. Spanish is the language of the peoples of the Canary Islands; in the Tangier zone and adjoining sections of Morocco; along stretches of Equatorial Africa's Atlantic coast, and on a decreasing scale, in the Philippine Islands. The influx of Cubans in the early part of this century, and later of Puerto Ricans, has made Spanish the second - ranking language in the New York Metropolitan area.

Spanish became the official language of all Spain in the late 15th century, spreading to the New World with the colonization of South America. Spanish is also known under the name of Castilian. Historically, Castilian was a variety of folk speech in northern Spain. After 800 A.D. it emerged in Old Castile (around Burgos) and in the centuries that followed spread throughout the peninsula southward to New Castile (Toledo, Madrid) in the wake of the Christian "reconquest".

Lloyd Potts will serve as master of ceremonies for the entire school TV program. Nan Martin will be newscaster bringing items of interest from the entire school system. Both are students of Gerald Gafford's speech classes.

The drama department of Lamar Junior High school will present a one-act play on the next "Know Your Schools" TV program, Monday, May 9. This group of performers are under the direction of Charles Anderson, speech teacher at Lamar.

'Inner Space' Is A Thrilling Show

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — A thrilling, pioneering adventure story in "inner space" — the ocean floor — was told with vivid photography Thursday night by CBS' "The World of Jacques-Yves Cousteau."

It was the last — and by far the most effective — of the network's series of special programs produced by the National Geographic Society.

Material used in the earlier shows was obviously taken for the record or to be used in connection with lectures. This one was shot last September and October by skilled and sensitive cameramen who had television's special needs in mind.

Cousteau, the French underwater explorer, headed the project to build a "steel planet," a globe 20 feet in diameter, containing cramped living quarters and supplies for six young divers who lived and worked almost 400 feet below the Mediterranean for almost a month without surfacing.

In many ways, the stay was reminiscent of space exploits. The men existed in a completely artificial environment and spent most of their time, inside and outside, performing experiments. One involved repair of an oil rig, designed to see whether hard, physical work could be tackled so deep by men with aqualungs.

The commentary, partly by Cousteau and generally by Orson Welles, was precise, informative and almost poetic. Much of the program's startling beauty was in the color and shadings of light and dark.

CBS will drop reruns of "The Trials of O'Brien" in mid-June for some shows about comedy stars and starring the team of Wayne and Schuster. The shows were originally made for Canadian broadcast.

The "O'Brien" show, widely heralded as a quality winner, if a ratings loser, did not rate even one nomination among 226 in the "Emmy" Awards lists.

Recommended weekend viewing:

Sunday — "Mississippi: A Self Portrait," NBC, 6:30-7:30 p.m. EDT, a study of the social and political revolution in the state; "The Magic of Broadcasting," CBS, 10-11, a memoir of radio and early television, with Arthur Godfrey and Lucille Ball.

RITZ - STARTING FRIDAY

How do you own a stack of Savings Bonds when you're older?

Start young.

Start small, if you want to, but start steady. The important thing is to have a regular program of setting *something* aside every payday.

What's most important: it's never too early to begin.

You say that takes more will power than you can muster up on a regular basis? Then use the easy, automatic way: join the Payroll Savings Plan where you work.

This way your employer saves your money *for* you—puts it toward the purchase of a U. S. Savings Bond.

Pretty soon you won't even miss the money. In fact, you'll probably forget how fast your savings are growing.

Here's a for-instance: just $4.33 a week adds up to the $18.75 you need to buy a $25 Bond every month. That's $300, maturity value, a year. Not bad for a former spendthrift! What's more, those few dollars you're tucking away to grow will be working all the time to help keep our country strong and free.

So start now, start young, building up the savings that count so much later on. Join the Payroll Savings Plan before next payday.

For your information: *Series E Bonds pay back $4 for every $3 at maturity, are protected against loss, provide tax advantages, can be purchased where you work or bank. For current income on your investment, ask about Series H Bonds.*

Buy U.S. Savings Bonds

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

JAYCEE-ETTE OFFICERS — These officers of the Jaycee-ettes were installed Friday night by John Jarrell, president of the Snyder Jaycees. Twenty-six persons attended the installation banquet at the Snyder Country Club. Music students of Gwyn Williams were featured on the program. From left are Mrs. Dean Floyd, president; Mrs. Don Etter, secretary; Mrs. Bill Dryden, out-going president and state director; Mrs. Ken Aldridge, director; Mrs. John Jarrell, director; Mrs. Ray Weber, director; Mrs. Jerry McWilliams, treasurer; Mrs. Joe Bailey, historian-reporter; Mrs. Wendell Rehm, vice president.

OUTSTANDING MEMBER — Mrs. Dean Floyd, left, newly elected president, receives a plaque from Mrs. Bill Dryden, out-going president, for "Outstanding Jaycee-ette of the Year." Presentation was made at the annual installation banquet Friday night.

Pike Calls For Unity

WICHITA FALLS, Tex. (AP) —A call for unity of various religious faiths was issued here Friday by the Rt. Rev. James A. Pike, bishop of the Episcopal Diocese of California.

Speaking at an ecumenical assembly of the Texas Association of Christian Churches, he said, "God is alive."

He said it was his conclusion that beliefs in the Trinity, virgin birth and incarnation "might be obsolete."

These beliefs, he said, try to "re-cast the identity of Christ."

His speech was titled "New Directions in Theology and Ethics."

"For years, usury was a sin," Bishop Pike told the convention.

"Now financiers and bankers serve on practically every vestry," he continued. "Now we try to get them to tithe and get a 10 per cent return on the sin."

East German Guards Gun Down Woman

BERLIN (AP)—East German border guards apparently gunned down a woman refugee today as she tried to flee to West Berlin, police reported.

It was the second reported shooting by the East Germans along the border with West Berlin in two days.

MRS. RICHARD STOKER, turns the pages for daughter Revin, 11, as she practices special music to be presented in Thursday night's program.

MAYOR M. L. BROMAN has proclaimed May 1-8 as National Music Week for the city of Snyder. Mrs. Bob O'Day (local music week chairman) looks on.

THE SNYDER DAILY NEWS

VOL. 17, NO. 1 SNYDER, TEXAS (79549) SUNDAY, MAY 1, 1966 SECTION B

"LET'S MAKE MUSIC A LIVING FORCE"

National Music Week

MAY 1-8

National Music Week, which always begins on the first Sunday in May and continues through Mother's Day, will be celebrated for the 3rd year on May 1-8, 1966, under the sponsorship of the National Federation of Music Clubs, a non-profit organization dedicated to music. The 1966 theme is "Let's Make Music a Living Force."

The objectives of the 1966 National Music Week are:

1. To emphasize that music is a vital part of life and important to meaningful living.
2. To advance the art of music as a cultural contribution to the individual and the community.
3. To encourage more participation in music.
4. To share the enjoyment of music more widely with the general public.

To promote these objectives, the Musical Coterie of Snyder will present a "Family Music Night" program on Thursday, May 5, at 7:30 p.m. at the Martha Ann Woman's Club. Members and their families will perform, and the public is cordially invited to attend.

MRS. BOB WOMACK, a noted pianist and organist, plays the ukelele for daughters, Mary Margaret, 5, on left, Martha 3, and Jane Ann 8.

MR. AND MRS. JACK PATCHELL and children, Jacque 12, at the piano, Stan, 10, and Mark 8, holds the uke.

MR. AND MRS. WAYNE TYRONE and children Taressa 6, and David 12.

"BOSS OF THE YEAR" honors went to Mr. Gene Thompson Thursday evening at the fifth annual American Business Women's banquet. Crowning the "King" is Mrs. Inez Teaff, his employe and ABWA member. At right is Mrs. Mary Ellen Meador who served as toastmistress for the evening.

Texas Federation Of Women's Clubs Convention Set For Lubbock

The 69th Annual Convention of Texas Federation of Women's Clubs will be held in Lubbock on May 10-12, it has been announced by Mrs. J. L. Ginnings, Pilot Point, president. The 75th Anniversary of General Federation will be the keynote for the entire convention, the theme being "Texas Clebrating GFWC Diamond Jubilee." Headquarters will be at Ko Ko Inn. Mrs. W. R. Elliott of Waxahachie, is Program Chairman for the meeting.

Pre-convention meetings will begin on Tuesday, May 10 at 2:00 p.m. when the Board of Trustees will meet with the State President in her suite at the Headquarters Inn and Motel. The entire afternoon will be taken up with meetings of District Presidents, Executive Committee, Nominating Committee and the First, Second and Third Vice Presidents of State and District. The official Call has been mailed and pre-registration at the Headquarters in Austin will continue until May 4th. The theme will be carried out in all phases of the meeting.

Election of officers for the 1966-68 administration will take place on Thursday, May 12th, followed by Installation and Reception for the newly elected officers and other honorees in the evening. Voting delegates will have to register before 5:00 p.m. on Wednesday, May 11th, the day preceding the election, in order to be eligible to vote.

A full program is planned from the Formal Opening on Wednesday, May 11, at 9:00 a.m. until the Thursday evening Reception at 9:00 o'clock. A special showing on Wednesday evening at the Arnett-Benson Theatre in Lubbock of the technicolor film "And Now Miguel," produced by Robert B. Radnitz will be through the courtesy of the Motion Picture Association of America, Inc., and will precede the World Premiere which will be in Albuquerque, New Mexico, June 6. Mr. Radnitz of Hollywood, California, will be the guest speaker at the Wednesday evening dinner, the topic of his talk being "Imitation Vs. Reality".

The State Board of Directors will meet at 6:45 on Tuesday followed by the Magic Glow of Humor Dinner when Mrs. Roy Bass of Lubbock will be guest speaker. To carry out the Diamond Jubilee theme, the topic of Mrs. Bass's talk will be "Diamonds May Be a Girl's Best Friend but They Won't Dry Her Tears."

A highlight of the Wednesday afternoon session will be the Publicity Craftsmanship Workshop when a panel of outstanding newspaper women from over the state will brief the clubwomen on the most effective way to get publicity for their clubs. Moderator will be Ruby Clayton McKee of the Dallas Morning News, who has been attending Texas Federation meetings for thirty-six years, and members of the panel will be Mrs. May Del Flagg of the Houston Post, who has also attended Texas Federation and for many years, having been on the Post staff since 1938. Miss Mildred Young, reporter for the Dallas Times Herald, Mrs. Freda McVay of Lubbock with the Lubbock Avalanche-Journal and Miss Sandra Newton, formerly a reporter of club activities with the Denton Record Chronicle and now with Station WFAA, Dallas will complete the group.

Mr. Delbert Downing, lecturer and writer of Midland, whose topic will be "Our American Legacy" will be guest speaker for the Wednesday Luncheon and Mr. Wick Fowler of Austin, a well known correspondent, who has recently returned from Viet Nam, will give a first-hand report on the Viet Nam situation. Mr. Fowler, during World War II covered the European and Pacific Theatres. During World War II, in Italy, Fowler was one of four correspondents injured, and upon his return received the Purple Heart decoration. Mr. Fowler will speak at the luncheon on Thursday.

Arriving on Thursday will be Mrs. E. D. Pearce of Miami, Florida, First Vice President of General Federation of Women's Clubs, who will speak at 11:00 a.m. and in the evening will install the 1966-68 officers of Texas Federation of Women's Clubs. Within a month Mrs. Pearce will become the president of GFWC.

Miss Marian Ross of New York, Associate Community Relations Director of the Motion Picture Association of America will discuss the "Movies and You" program which was adopted by GFWC this year at the Wednesday afternoon session.

Exciting sessions will be the awards presentations when the winners in the Shell Oil Company Scholarship Project, the Hallmark Scholarship, the Outstanding Clubwoman of the Year, the Mother of the Year and the Teacher of the Year will be announced. The name of the Poet Laureate of TFWC for 1965-66 will be revealed and the Outdoor Advertising Art Award will be given. The clubs that received the 1965-66 Community Improvement Program Awards will receive checks from Mr. Hubert Burnham, Dallas, Southwest Area Vice President of Sears Roebuck Foundation at the Wednesday Dinner. Mrs. Kelly McAdams, Austin, who with her committee, successfully led Texas to the 100 per cent participation in this contest, will introduce Mr. Burnham and Mr. J. P. Plain, The Regional Director of the Foundation.

Mrs. T. B. Poindexter of Wortham, State Crafts Chairman, will commentate the Fashions for Fun Style Show on Thursday and the winners in the sewing contest will be announced at that time. Mrs. Jean Smith, Publicity Director of the Ralls-Tex Mills, will be in charge of the "Cotton Splendor for Action Days" show. This is through courtesy of Wee-Pat Industries.

Departmental Reports and reports of standing committee chairmen will intersperse the business sessions, and the District Presidents will give reports at the Thursday evening dinner. Reports of the Executive Committee and introduction of GFWC Board members will be on Wednesday.

To climax the three day meeting, a "Romance of Jewels" Reception honoring the General Federation officer, the Incoming and Outgoing State Officers, the District Jewels selected at the District Convention as outstanding members will be held at Ko Ko Inn.

Library Notes

There may have been a time when books were somewhat of a luxury. But in this fast-moving, fast-changing world books have become a necessity.

Some new books in the library are: George Borgstrom's "Hungry Planet" which is a chilling report on man's failure to live up to the simplest obligation of human survival: making sure of the next meal. This is a frightening book, for it makes clear that only with an immediate and massive effort to bring into balance his rate of growth with his capacity to feed can man hope for a future on this earth.

"Upper Hand" by Elaine Kendall. Although women have been analyzed, explained, defined and scrutinized in literature ever since men learned to chisel symbols on stone tablets, there have been pathetically few attempts by women to even the score. In this book, the author borrows the time tested methods of the women-watchers and applies them to men, with consistently surprising and often disturbing results.

"Community Health" by John D. Porterfield. In this illuminating, expert guide to public health as practiced in the United States, twenty medical and public-health authorities draw on their years of experience and intimate knowledge of their chosen fields to explore the control of communicable disease, maternal and child health, tuberculosis, venereal disease, illness, safety and accident prevention, mental retardation, disaster preparedness, nutrition, and health, the operation of the hospital, general health education, and other aspects of today's public-health system.

Perry Bradford's "Born With The Blues" is a story about the early days of Blues and Jazz that has never been told before. This is no second-hand account by a self - appointed jazz "expert." This is the real story of what happened back in the years from 1910-1930 when jazz music was being made by Mamie Smith, W. C. Handy, Jelly Roll Morton, and all the others. The author has set down his own history and the history of his time in a book that will make the jazz historians sit up and take notice—and that will make every reader roar with delight at the story he tells and the way he tells it.

Norman Luboff's "Songs Of Man;" the international book of folk songs.

Others are "Encyclopedia Of Popular Music" by Irwin Stambler; "Whay, Mother, Way?"; "Thunder Of Bare Feet" by J. Wallace Hamilton; "Avocado pit grower's indoor how - to book" by Hazel Perper; "Mistress Of Herself" by Diana Whitehill Laing and "Compact History Of The Indian Wars" by John Tebbel.

The Scurry County Library would like to express thanks to the Travis Junior High School P. T. A. for presenting the 1965-66 "Blue Devil" annual and would welcome and appreciate memory books from other schools.

If you have not paid a visit to your Scurry County Library won't you do so soon? Your library needs you!

Today there are thousands of different sizes, styles, and colors in cotton sheets.

Cotton canvas is number one fabric for camping tents.

MRS. JOE DALBERT WHITAKER

Wheeler, Whitaker Marriage Vows Read In Houston

April 23 was the date of the wedding of Miss Colby Ellen Wheeler and 2nd Lieutenant Joe Dalbert Whitaker, who were married in the Sun Valley Methodist Church in Houston, Texas.

The bride will graduate from North Texas State University in May with a Bachelor of Music degree. Her sorority is Chi Omega. She is the daughter of Mr. and Mrs. W. C. Wheeler, Jr. of Houston, Texas.

The bride selected a wedding gown of peau de soie fashioned with a sculptured bodice which was embellished with appliques of re-embroidered lace and pearls. The train swept to chapel length, and her veil of illusion and lace floated from a tiara of seed pearls and crystals.

The honor attendants for the bride and groom were Miss Billie Jo Wheeler, sister of the bride, and William Wayne Whitaker, brother of the groom. Other attendants were Miss Linda Isaacs of Houston, who served as bridesmaid, and Robert D. Whitaker of Marrero, Louisiana, who served as groomsman. Members of the house party were Miss Roberta Moore of Irving, Miss Joe Moyer of Weslaco, Miss Gail Justiss of Mount Pleasant, Bert Barron of Borger, Dick Hartman of Snyder, and Jim Perkins of Fort Bliss.

Mr. and Mrs. David Whitaker, 2206 Forty-third Street, Snyder, are parents of the groom. The groom was graduated from Texas Tech with an Engineering degree. He is now a Lieutenant in the United States Army stationed at Fort Bliss in El Paso, Texas.

The couple will make their home in El Paso after a wedding trip to New Orleans, La.

Travis Memory Books

Wednesday morning at the Travis Junior High assembly the 1965-66 Memory Books, which are sponsored by the Travis P-TA were introduced to the student body by the P-TA President, Mrs. Frances McCormack.

This year Memory Books were jointly dedicated to worthy men. These men are no longer with the school system, but will long be remembered for their deeds.

Books were presented in dedication to Byrom Aylor who resides in Abilene, and Mr. Jack Wright who has retired from the school system.

Raymon Rios was awarded a Book for his contribution to the cover of the Memory Book.

UNION NEWS

By MRS. J. B. ADAMS

Miss Martine Strubbe, exchange student of Snyder High School was guest of honor at the Methodist Church family night supper Wednesday night. After the meal Miss Strubbe spoke and showed pictures of her native Belgium. Other guests were her American mother, Mrs. D. V. Merritt, Misses Virginia Groves, Maydell Burns and Melinda Merritt.

Visitors Thursday with Mr. and Mrs. J. M. Wilcox were Mr. and Mrs. Wilcox and Mr. and Mrs. Monty Simpson of Brownfield, and Mr. and Mrs. Edwin Simpson of Big Spring.

Mrs. Billy Prince and Mrs. Howard Hogue attended a meeting of the Big Spring District Womans Society of Christain Service at First Methodist Church, Lamesa, Thursday.

Mr. and Mrs. Jimmy Walker and Melody of Hobbs, Texas were Sunday visitors with Mr. and Mrs. Dee Myers.

Mr. and Mrs. O. L. Henderson visited her sister and family, Mr. and Mrs. A. J. Ard in Frankel City Friday and Saturday.

Rev. Marvin Roark, Thayne Mebane, Herman Stokes and Howard Hogue went to Dunn Monday night to a meeting of the Canyon Reef Area Methodist men.

Those attending Brotherhood meeting Monday night at Avenue D Baptist Church were Bro. Guy White, Tug Rollins, Julius Roemisch and Bro. Marvin Rogers.

Cotton has a special affinity for vat dyes, the most colorfast dyes produced.

JUNE WEDDING PLANS — Mr. and Mrs. J. W. Pickering of Route 1, Snyder, announce the engagement of their daughter, Susan Kay, to Dudley Blake Roberts, son of Mr. and Mrs. J. W. Roberts, 3408 Avenue V. The bride-elect and her fiance are graduates of Snyder High School and currently are attending Angelo State College in San Angelo. A June 4th, wedding is planned.

Pianists To Audition Here In May

Annual non-competitive piano auditions sponsored by the National Guild of Piano Teachers will begin May 16th at 9 o'clock at the First Baptist Church with Mr. Myrl Wood as adjudicator.

The private auditions will continue through May 20th from 9 to 5 daily. About 100 local candidates will participate for honors in the Tournament.

Conducted in more than 750 centers from coast to coast, including Hawaii, Alaska and Australia, the event is designed to stimulate interest in fine piano playing among pupils of all types and ages.

Awards include certificates, diplomas, pins, medals and $100 scholarships. The Snyder teachers emphasize that National Guild goals are attainable through measurement of individual merit, not by competitive elimination. Colleges and schools of music work with the Guild in maintaining high standards. Guild Preparatory for Collegiate Certificates are accepted in New York, Hawaii and other states as credit toward high school graduation. Candidates may achieve advanced college standing. Artists may also win diplomas and medals.

Further information may be obtained by calling Mrs. Helen Rodgers at HI 3-5865.

Solidly Sided

Over 300,000 new and remodeled homes a year are being sided with aluminum, according to a survey. The survey respondents indicated that long paint life of aluminum siding—15 or more years under average conditions—significantly reduces home maintenance.

Cotton cushioning now comes in a new moldable form.

Jewel Pin Ceremony Held By Sorority

The Iota Psi Chapter of ESA held a tea for the Jewel Pin ceremony at West Texas State Bank community room with Sue Mahood as hostess.

The chapter was honored with a guest, Linda Bartlett, President of District Eight. Linda performed the ceremony and presented Johnnie Harber with her Jewel Pin.

Attending were Margaret Wood, Beverly Ainsworth, Etta Wilson, Helen Breeden, Johnnie Harber, Anita Payne, Faydean Hart, Virginia Johnston, Virginia McMillan and Mrs. Mahood.

A LARGE CROWD of ABWA members and their "Bosses" assembled for the annual banquet at the Snyder Country Club Thursday evening. The ballroom of the club was beautifully decorated in red and white and carried out a "Royalty" theme. Mrs. Betty Patchell rendered dinner music and accompanied Mrs. Gwen McLaughlin who gave vocal selections appropriate for the occasion. Mr. R. L. McMillon, noted speaker from Abilene gave an educational and amusing address. Pictured above from left, Mrs. Vondell King, who introduced the guest speaker, Mr. R. L. McMillon, Mrs. Maxie McNew, club president, and Mr. H. F. Clark, outgoing "Boss of the year". Mr. L. W. Sullivan gave the invocation, and Mr. H. W. Cargile the benediction.

PTA Installation Held In Joint Ceremonies

Mrs. Marvin Dozier was the installing officer for the city wide PTA installation service held Friday at Central Elementary School at 6:30 p.m.

Welcome was given by Mrs. Bob Mahood, City Council President after which Mr. John Duke, pastor of the Northside Baptist Church gave the invocation.

The them for the evening was "Music". Each incoming officer was called to the stage and handed music notes by Mrs. Lois Davis. The Presidents of the Snyder local units and City Council were charged with being leaders of their own separate bands. The Hand that holds the baton and in their case, the gavel, is the one to bring all the other members together in perfect harmony. Mrs. Dozier ask each President to look over their band for sour notes, they may happen because you, the leader, have not handed them all their necessary information so that they do not know their duties of office. How can a band be the best if they are without their music sheets? Remember if you try to do all the work solo, the whole unit will become a monotone with your one whole note. Keep your notes in harmony and with a song in your heart and a prayer on your lips make this the very best year in the history of the Parent-Teacher Association.

To the Vice President, Mrs. Dozier gave the orchid quarter note. The richness and fullness of their PTA song will depend on your loyal support of your presidents royal purple whole note. Study your manual and the Roberts Rules and keep yourself in perfect tune at all times to assist and aid your president. Many times your president will need a confident to discuss the unit's affairs. Be there, with a ready and willing ear and a friendly note of suggestion — but never, never sing the "blues".

To the Secretaries she gave the pure white half note. Your records must be kept as pure as a Hymn and half as long. Never scribble your notes and give them a twist, but keep them right on the line and read them loud and clear. Let your typewriter sing along and keep your pencil sharpened for yours is a most important note in the harmony of the PTA song.

To the Treasurers she gave the golden eighth note. There are expenses incurred in every band and the PTA band cannot exploit their talents in just any money-making plan. So you, as keepers of the gold, must always sing a song of thrift instead of singing too late "We Ain't Got a Barrel of Monday". Keep your check stubs intact for sometimes even the bank statement does not coincide. Read your local units budget and keep things humming along.

Newly installed officers were: Mrs. Bob Mahood, President, Mrs. Marvin Dozier vice president, Mrs. Billy Campbell, secretary and Mrs. Bob Morgan, treasurer of City Council. From East Elementary, Mr. David Parkhill, president, Mrs. J. C. Massingill, vice president, Mrs. James Lowe, secretary, Mrs. James Bickel, treasurer. From North Elementary, Mrs. S. L. Morris, president, Mrs. G. P. Williams, vice president, Mrs. W. G. Myers, secretary, and Mrs. Ruth Powell, treasurer. From Central Elementary, Mrs. N. L. Whitenberg, president; Mrs. Jean McCormach, vice president, Mrs. Kenneth Smith, secretary; and Mrs. C. L. Winters, treasurer. From Stanfield Elementary, Mrs. Robert B. Pierce, president; Mrs. Dixie Crosby, vice president, Mrs. Lou Neves, treasurer, Miss Faye Cook, secretary; West Elementary, Mrs. B. J. Middleton, president; Mrs. R. L. Scarbrough, secretary, and Mrs. Libbey Brinner, treasurer. Northeast Elementary, Mrs. E. C. Nobles, president; Mrs. Ray Weber, vice president, Mrs. E. H. Grant, secretary; and Mrs. Raymond Keller, treasurer. Lamar Junior High School, Mrs. R. H. Stewart, president, Miss Virginia Odom, vice president; Mrs. D. W. McCommas, secretary; and Miss Judy Hoffman, treasurer. Travis Junior High School, Mrs. Elmo Crowder, president, Mrs. Carl Voss, vice president, Mrs. Kenneth Smith, secretary, Mrs. J. T. Beckham, secretary.

After the installation Mrs. Bob Mahood presented perfect attendance awards to Mrs. Bob Morgan, Mrs. Elmo Crowder and Mr. Frank Miller, City Council officers. Special recognition awards were made to Dr. Robert Clinton and Mr. Pat Falls for their participation and interest in Parent - Teacher work.

The highlight of the evening was the presentation of Life Membership Awards. Mrs. J. Bellamey presented awards to the following: Mrs. Wacil McNair, Stanfield Elementary, Mrs. Marvin Dozier, West Elementary, Mrs. Jean McCormack, Central Elementary, and Mrs. Bob Mahood, City Council.

Central Elementary then entertained with a social hour following the installation.

Hermleigh News

By MRS. O. W. RICHBURG

Neighborhood meeting for District III, West Texas Girl Scout Council, was held in Snyder on Monday, April 25th, at the home of Mrs. Marvin Dozier, District III Chairman.

Mrs. John Chinn from Colorado City, Mrs. Charles McCaleb from Snyder, and Mrs. Gloria Zerega from Abilene were present, and Mrs. Dozer.

• • •

Mrs. Harold Lacik attended a meeting of the Executive Board of West Texas Girl Scout Council on Monday, April 25th, in Abilene.

• • •

Snyder Neighborhood leaders and assistant leaders will meet next Tuesday, May 3, at 10 a.m. in the community room of the Snyder Savings & Loan Assn.

Our international guests from Ecuador will be at this meeting. Please be sure to attend and meet Senorita Zoila Guzman and Senorita Cecilia Maldonado!

Mrs. Gloria Zerega from Abilene office will also be here.

Our Neighborhood Chairman, Mrs. Chas. McCaleb, urges all leaders and assistants to come to this very important meeting.

• • •

Tiger Patrol of Junior Troop 327 is planning a World Games Event Saturday afternoon. They will meet with a Junior Troop in Big Spring.

• • •

Brownie Troop 261 (Jean Campbell and Jeanette Rylander) made small flower pot favors for the patients at the Snyder Nursing Home for Easter.

• • •

Cadette Troop 266 (Mrs. Coy Rhodes and Mrs. B. F. Head) held their Father - Daughter banquet on Saturday night, April 23, in the Fellowship Hall of the First Christian Church.

The menu consisted of fried chicken, creamed potatoes, salad, coffee, and home - made peach ice cream.

A special thank-you to mothers for their help with this project!

• • •

Junior Troop 168 (Mrs. Jack Chastain and Mrs. Bill Baldwin) held a Court of Awards Tuesday in their regular meeting place. The program consisted of a flag ceremony and a poem on friendship. Mrs. Chastain presented the girls with the badges they have earned this past year.

Mothers were guests at this meeting and the girls served refreshments they had made themselves.

This troop has fourteen members.

• • •

Cadette Troops 54 (Mrs. B. J. Bartels), 266 (Mrs. Coy Rhodes, Mrs. B. F. Head) and 325 (Mrs. H. P. Redwine), met together on Wednesday, April 27, at Mrs. Rhodes' home. Thirty girls and their leaders were present.

Our American Field Service exchange student from Belgium, Miss Martine Strubbe, showed slides of her city, Brugge. She told about the beautiful and very old buildings, the canals, churches, bridges, and some of its history. We also were able to meet Martine's family by way of slides! After her talk Martine answered many questions about schools, dating, and amusements in Belgium.

Patty Smyth, president of Troop 325, presented Martine with a gift from the three troops.

Many thanks to Martine for a very interesting program!

Mr. and Mrs. Travis Morgan, Wayne, Lesley and Wesley of Dallas visited recently with her parents, Mr. and Mrs. Travis Burleson and Carroldon.

The Area Methodist Men met at Dunn community center last Monday night. After supper the Snyder exchange student from Belgium gave a very entlightening talk. She also showed colored slides. Those from Hermleigh attending were Mr. Peyton Anderson, Hollis Ward, Dale Hess, Herman and O. W. Richburg.

Janet Holderidge was absent from school Tuesday due to a sore throat.

For the month of May only, family night will be observed on a Friday night May 27th at the community center. Mrs. Grover Wall, Mrs. Gaither Mayo and Mrs. Neal Farr plan to be hostesses.

Mr. and Mrs. O. W. Richburg and Scott, made a trip to Wichita Falls Sunday to spend the day with their daughter, Mr. and Mrs. Charles Bridges.

Mr. and Mrs. A. M. Melton and family made a trip to Cisco Sunday to visit his grandfather, Mr. Arthur Larkin who is very ill at the Cisco Hospital.

Mr. and Mrs. Orville Paty and family of Roscoe visited recently with Mr. and Mrs. Ted Averitt and family.

The Inadale 4-H Club members who were winners in team demonstrations recently in Lubbock were Ralph Stirl and Bruce Hess, winning first place in co-operative demonstrations, Jimmy and Jerry Wimken first in electrical demonstration. Mike Coonrod and Leon Ward in soil conservation and Jimmy Hess third place in tractor driving. Others attending the meeting were Sharon Pieper, Shirley Stirl, Wilma Stirl, Judy Bollinger, Robert Pieper, Burton Sandifur, Mr. and Mrs. Bud Coonrod, Mr. and Mrs. Walter Stirl, Mr. and Mrs. Doyle Wemkin, Mr. and Mrs. A. L. Pieper and Mr. Pat Sandifur.

Mrs. Kennith Dacus visited Mrs. Travis Burleson Wednesday.

Mr. and Mrs. T. W. Thomas and Mrs. Woods plans to go to Snyder to see the TV celebreties this week.

Mrs. Quest Withers, Mrs. and Mrs. Thomas were shopping in Snyder Tuesday.

Mr. and Mrs. Fred Campbell and family went to Littlefield recently to visit his grandmother who is past 90 years old.

Kelly and Brad Brannon are out of school with the flu this week.

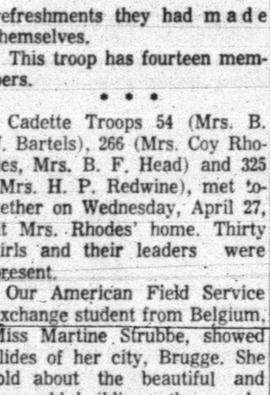

Guests of Mr. and Mrs. Jim Brannon and children Sunday, who came for a birthday dinner for Mrs. C. C. Brannon were, Mr. and Mrs. Aubrey Brannon, Lori and Terry of Burleson, Mrs. Janice Coats and children and two friends of Grand Prairie, Mrs. Springer of Fort Worth, Mr. and Mrs. C. C. Brannon of Inadale, Mr. and Mrs. Hirim Roper, Mrs. Willie Spurlock, Mr. and Mrs. James West and family, Mr. and Mrs. Richard West and family, Mr. and Mrs. W. T. Davidson, and Rhonda, Sharon and Wilma West, all of Snyder, Mr. and Mrs. Charles Brannon and Mrs. Rob Swinford of Portales, New Mexico and Mr. and Mrs. Don Hamilton and children of Midland.

Mr. and Mrs. A. M. Melton and family visited Monday afternoon in Hamlin with his brother, Mr. and Mrs. Van Melton and family.

Mr. and Mrs. Claud Chatman of Loraine visited Mr. and Mrs. E. L. Chitsey Tuesday night.

Despite the bad weather a fair crowd and an enjoyable time was reported on family night last Satuday at the community center.

Mr. and Mrs. D. P. Ammons Jr. and baby Angelia of Abilene and Mrs. Reasonover of Ralls visited Mr. and Mrs. Dave Ammons and Mattie Mae during the weekend.

TO THE

VOTERS

OF

Scurry County

It has been brought to my attention by some of my friends about a rumor that I will leave the school with a large retirement.

I wish this was true, but it is not. My retirement, if taken by month, would be pretty small, so the best thing I can do is draw back what has been deducted from my salary since I have been participating in it. However, I think the Teachers Retirement Plan is a wonderful thing for the younger personnel.

I hadn't thought about this being an issue in this race, but since some people have made one of it, I hope they will be kind enough to look into the financial status of other candidates.

I know with my experience with the records of this office and the competent help I will have, if you elect me as your next County Clerk, I can assure you that you will continue to receive efficient and courteous service and I will appreciate it very much.

Red Chinese Are Subjects Of Complete Dictatorship

EDITOR'S. NOTE — Frank Tuohy is a 41-year-old British writer who has lived in Poland and Brazil and is now a professor of English at Waseda University in Japan. Recently he has been in Communist China. He brought out this uncensored report on life there.

By FRANK TUOHY

PEKING (AP) — This is my first visit to China, and I am surprised to see so many happy-looking people. Yet the Chinese are subjects of one of the most complete dictatorships the world has ever known. This is Orwell's 1984, all right, but 1984 with smiles.

Take a Sunday afternoon on Tien An Men Square, Peking. Overhead in the spring sky, kites are floating. One is a goldfish, one a pair of skimming swallows, one a hovering falcon, and two are flying dragons.

There are people everywhere: families with children in flowery quilted capes, wrinkled old men in fur hats and sheepskin coats who seem to be visiting the capital from somewhere far beyond the Great Wall, and boy and girl soldiers who jump down from trucks and join the throng.

For the most part it would be impossible, even for a Chinese, to tell how prosperous or how poor they are, or where they come from. This is because their outer clothing — in winter and spring, usually a padded jacket — is made of the regulation blue denim. Every Chinese citizen gets an adequate ration of this each year.

For the girls there can be no competition about hairdos, makeup or clothes. I even saw, in a girls' dormitory on a university campus, a quotation from Chairman Mao Tze-tung which one of the roommates translated as: "Girls must work hard and not decorate themselves."

"Is it true?" I asked. I got no reply.

Beside the Forbidden City a gate leads into Chungshan Park. There under old cypress trees people sit on benches or around tables at a teahouse. Some play cards or Chinese checkers. Occasionally a mother pushes a curious bamboo pram laden with children.

"What fine-looking children that woman has," I said.

"They are not hers," the guide said authoritatively. "She could not have so many." I was reminded of a chalked blackboard in front of a commune headquarters I had seen in Canton.

"It is about family control — I mean, birth planning," the woman guide explained.

Rarely do you see two lovers wandering hand in hand into a world where Chairman Mao may not enter.

A recent play, "Women Fliers," produced by the cultural troupe of the Political Department, Chinese air force, tells of a girl cadet whose boy friend tries to make her quit school after one of her comrades suffers a fatal accident. Her mind is in a turmoil.

She begins to have difficulties in landing her plane evenly. The political commissar says: "We must give her a lesson in class consciousness. It is obvious that her boy friend is trying to influence her with bourgeois individualistic ideas and drag her over to his side. We must counter this."

In the end she gives up her boy friend, and lands her plane evenly. All the other girls applaud happily. She has re-entered the world of Chairman Mao.

No kissing takes place in the four films I have seen in China. In one of them it is true, a woman-soldier produced a baby, apparently by spontaneous combustion but the film was made in 1960. All the other heroines were sexless, breastless and sterile; their energies were fixed on the brigade, and their love on Chairman Mao.

China's principal birth control technique is to discourage marriage before the age of 25. In university classrooms boys and girls sit in separate rows. The chairman wants his children to be grateful. They cannot thank him for the joys of love and therefore it is crossed off the list of recommended activities.

Present-day China is belittling physical love and despising the works of the creative imagination. Private feelings are canalized off into public displays of aggression. The party's attitude to love and art is turning China into a desert place, even though her communes flourish and the greatest part of her population is better off than it has ever been.

The vast majority of people seem to be getting the life they want, and they are told of no other.

Everything is different once you enter China. In the slack season on the communes, peasants are organized into building teams. There is no lack of willing hands. Instead of the modern building methods, the Chinese employ their traditional talents for organization.

Without the machinery of the modern world, people themselves move faster: children tidying up the streets, students planting trees, teams of women transplating rice in the paddy fields, militia on the march. Everyone knows that not a minute can be wasted.

Out in the country, a production team comes striding past: young girls in blue shirts and pants carrying mattocks and shovels. They have not seen me, they are not posing for photographs; but they are laughing and singing.

In the past three years some of the age-old food problems have been, at least temporarily, resolved. Only rice is rationed and this is called a means of aiding distribution.

In recent years side-productions on the communes have filled the markets and cooperative shops with pork, poultry and eggs. In Shanghai, admittedly a prosperous city, I visited a food market in the very early morning. Without refrigerators, women must do their shopping every morning. Most were buying vegetables, fish, and usually a piece of pork.

Though China's living standards are far behind those of the West, few people today look hungry. Though clothes are uniform and often patched, you see few people in rags.

When I asked a high-ranking party official in Shanghai what had happened to China, she said: "You know, I think we, the Chinese people, have stood up." These words, like so many I heard in China, were put into her mouth by Chairman Mao. They are from his inaugural speech in 1949.

A two-row mechanical cotton picker will harvest nearly a bale and a half an hour.

Junior Editors Quiz on MUSIC

QUESTION: What were the ancestors of our musical instruments?

• • •

ANSWER: The music-making impulse is very old, for we find traces of primitive instruments in the stone age. In our picture we show four ancient types, suggesting some of the modern instruments derived from them.

Any hollow log served as a primitive drum; a bit of hide streched across the top provided a strong sound. From such ancestors descended our modern snare and bass drums, and the tympani, whose note can be changed by adjusting the handles.

By cutting the end off a conch shell and compressing the lips, primitive man could blow a powerful blast. Hollow horns were used in the same way. The horn principle led to our modern bugle, trumpet, trombone, tuba and others.

Recently, an ancient flute, found in Peru, was estimated at 9000 years old — possibly the oldest musical instrument in the world. Made of bone or reed, these were the ancestors of the woodwind and organ families.

Tapping a bowstring gave the primitive hunter a slight sound. Putting one end of the bow in his mouth made it stronger. Then came the idea of attaching the string to a hollow gourd or box — and so came the very large and important family of stringed instruments.

• • •

FOR YOU TO DO: Have you a bow or do you know someone who has? Try tapping it with a stick and then with one end in your mouth — you will hear the difference in the sound, and realize your mouth is acting like the body of a guitar.. 4-30

(Dale Sain of Vale, N. C., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

RECEIVES HONOR — Miss Martine Strubbe of Belgium was voted an International Honorary Membership to B&PW by members of the local club Tuesday evening. Pictured above from left, Mrs. Frances Brown, program chairman, Miss Strubbe, Mrs. Jewel Summers and Mrs. Nellie Smith.

Miss Strubbe Voted As B&PW Honorary Member

The Snyder Business and Professional Women's Club met Tuesday evening at Martha Ann Woman's Club for a combined dinner and business meeting. Jewel Summers, Nellie Smith and Frances Brown were hostesses for the affairs. Florence Leftwich gave the invocation.

The dinner area was beautifully decorated with Iris and spring roses, which reflected the essence of spring and created a perfect atmosphere for the food, fun and fellowship hour.

Mrs. Frances Brown, program director, presented Miss Martine Strubbe, foreign exchange student from Bruge, Belgium, who presented an interesting and informative program about her country. She showed colored slides with comments. Each slide became more beautiful as the program progressed. She held the audience not only spellbound by her narration, but captivated them with her charm.

Miss Strubbe said in part: "Belgium is one of the smallest countries in Europe, yet one of the most densely populated. It contains three major geographic regions, Flanders, in the north, the coastal region, and the Ardennes. Since her home was in Flanders the overview covered that area. Flanders is a great manufacturing and trading center. Cloth weaving is its chief industry. The people also pride themselves in making fine lace. Trade fairs are held intermittently throughout the year and attracts merchants from all over the world.

"Agriculture is also an important industry. Rivers and canals run across the flat country furnishing the inhabitants with means for producing food, both for comsumption and for trade.

"Because of the sectional and race differences Belgium has two offical languages. The people in the north speak Flemish and the language is much like the Dutch. In the south French is spoken, but many many people, both young and old, speak English which help to entertain tourists, a trade that is becoming tremendous throughout all Europe".

Mrs. Travis Rhoades, president, presided for a short business session. The forth coming State Convention to be held June 2-4 at the Granada Hotel in San Antonio came in for quite a discussion. Delegates will be elected at the May meeting.

Officers for the ensuing year were elected. They are: Mrs. Travis Rhoades, president; Mrs. Ray Summers, vice president; Mrs. Glen Halloday, second vice president; Miss Vera Perlman, third vice president; Miss Ethel Mae Sturdivant, corresponding secretary; Mrs. Jay Massingill, recording secretary; and Mrs. Mel Andress, treasurer.

As a token of appreciation the hostesses presented Miss Strubbe a small Texas charm containing two rhinestones with the inscription "The Eyes of Texas Are Upon You". The club also voted Miss Strubbe an International Honorary Member. Credentials will be sent immediately to headquarters of Business and Professional Women's Club Inc., Brussels, Belgium.

Two new members, Mrs. Thelma Nunley and Mrs. Edna McCollum were introduced, as were guests Mrs. J. W. W. Patterson and Mrs. Jack Contella.

"Chenille", a tufted cotton, comes from the French word for caterpillar.

The cotton plant yields 175 pounds of seed with each 100 pounds of fiber.

The ancients called cotton fabrics "webs o' woven wind."

Cotton growing and weaving were established in Europe early in the 8th Century.

Homemade Mayonnaise

1 egg yolk
½ to 1 teaspoon salt
1 teaspoon dry mustard
¼ teaspoon each sugar and paprika
Pinch of cayenne pepper
2 tablespoons cider vinegar
1 cup salad oil

In a small deep bowl, with a rotary beater (hand or electric), beat the egg yolk until thickened and lemon colored. Add the salt, mustard, sugar, paprika, cayenne and 1 tablespoon of the vinegar; beat to blend. Beat in ¼ cup of the salad oil, ½ teaspoon at a time; beat in remaining ¾ cup salad oil ½ teaspoon at a time. Beat in remaining 1 tablespoon vinegar. Mayonnaise should be very thick. Refrigerate for 6 hours or overnight before using to allow flavors to blend.

Ham Salad

1 cup diced cooked ham
1 cup diced celery
1 can (8½ ounces) very small young peas, drained
¼ cup (about) well seasoned mayonnaise
⅛ teaspoon pepper
1 small scallion (green onion), minced

Lightly mix together all the ingredients being careful not to mash peas. Serve on salad greens; nice garnished with sliced tomato. Makes 4 servings.

Happy Broiled Chicken

1 broiler - fryer chicken, about 2½ pounds (cut in 10 pieces)
¾ teaspoon salt
¼ teaspoon each ginger, cardamom, chili powder, turmeric and onion powder
1 clove garlic, crushed
3 tablespoons butter, soft

Wash chicken in cold water; clean and dry on paper towels. Blend together the remaining ingredients. Spread under side of chicken pieces with half of butter mixture. Broil,seasoned side up, until brown; turn and spread with remaining butter mixture; continue broiling until brown aand cooked through. Baste a few times with drippings. Adjust heat or pan according to broiling directions for your range; to have chicken cooked through it will probably need to broil for about 35 to 40 minutes. Makes 4 servings.

DUNN NEWS

By MRS. JAMES STEWART

Mrs. Frank Wilson is a patient in Root Memorial ospital in Colorado City.

Mr. and Mrs. Arvin Townsend have returned home. They visited Mr. and Mrs. O. F. Bonham in Snyder, Okla., Mr. and Mrs. Clifford Hawkins in Ardmore, Okla., Mr. and Mrs. O. T. Smith, Mr. and Mrs. Bill Dever and Mr. and Mrs. Bill Castleberry in Tishimingo, Okla., Mr. and Mrs. Maynard Gray, Martha, Rebecca and Bradford in Sims, Ark., Mr. and Mrs. Howard May and children in Hobbs, N.M., and Mr. and Mrs. Jerry Townsend and children in Lovington, N.M. Denise Townsend and Mike May came home with their grandparents for a weeks visit. Denise is also visiting her maternal grandparents, Mr. and Mrs. Horace Aylor in Snyder.

Mrs. Jim Motley has returned home after spending a week visiting Mr. and Mrs. S. F. Bonner in Dumas. Mrs. Motley and all her daughters spent Sunday in Knott. They were Mrs. C. E. Laster of Dunn, Mrs. Paul Wright of Colorado City and Mrs. S. F. Bonner of Dumas. They visited another daughter, Mrs. T. J. Castle and family in Knott.

Cemetery Work

Mr. Hanson has announced that there will be a cemetery working at the Dunn Cemetery Monday morning, May 2. Everyone is urged to come and bring tools to work with.

A horse is a poor thing to ride to church in. Bible Book Store, 1403 Lubbock Highway.
