

INQUIRY INTO HINDENBURG DISASTER UNDERWAY

London In Festive Mood For Coronation

LONDON, May 8 (AP)—London, splendid with the blue, the red, the white and the silver of bunting and flags and bluing with the regal and commoner visitors of an expectant world, plunged tonight into breathless celebration for the coronation of a king.

Tomorrow comes "little coronation day"—and with it a spectacle, even to the immense crowds and a preview of the coronation procession, that will rival in its way the fanfare of next Wednesday—the real coronation day of George VI and his Scottish queen, Elizabeth.

London, sparkling with gaily tonight, will glow in splendor tomorrow night. The first real test of the floodlighting of public buildings will illuminate such landmarks as Buckingham Palace, Westminster Abbey and the Tower of London, silhouetting the city's clustered roof-tops as a backdrop for a blaze of blue-white light.

Holiday crowds jammed restaurants and theaters tonight. Top-hatted men escorted women in silver fox evening gowns in the west end while humbler throngs, many of them visitors from the provinces and abroad, came out to share vicariously in a celebration they could not afford.

The king and queen left town for a quiet week-end at the Royal Windsor Lodge, intending to rest for the strenuous week ahead of them. They will attend church services tomorrow, but have made no other engagements.

The final rehearsal of the coronation procession will be held in the early hours and hundreds of thousands of spectators are anticipated. The government grandstands—far beyond the reach of John Bull's poorer relations next Wednesday—will be thrown open for "thruppence" (six cents) a seat.

Coronation officials aware of the dress rehearsal's significance to many of its witnesses, have paid special attention to the mounted units in order to make it a good show.

Millions of other Londoners who cannot hope to see the real coronation procession Wednesday are ready to put on a parade of their own tomorrow through streets garlanded and decorated at the cost of tens of thousands of dollars.

Even in the somber workers' district in the east end, now gayly decorated, there are now and will be tomorrow spirited celebrations by pageant-loving thousands.

A hundred thousand tons of shipping berthed at Southampton today, all laden with coronation visitors. Cross-channel boats started ferry service on special schedules. Transport planes from the continent waited long enough only to discharge their passengers, refuel and soar off again.

Final details of plans for the coronation itself, inside the Abbey church, disclosed that the king and queen will not go hungry after being crowned.

A half-hour luncheon interval was arranged and preparations were made for royal servants to attend their majesties just before they start the drive back to the palace through the streets.

They will not leave the Abbey until just before 2 p. m. (7 a. m. C.S.T.) although the first part of the return procession, which takes 40 minutes to pass, will form about a half hour earlier.

The processions to the Abbey—three of them—begin at Buckingham at 9:30 a. m. (2:30 a. m. C.S.T.).

Dead Number 35 And Others In Hospitals

NAVAL CHIEFS SEEK TO LEARN THE CAUSE OF EXPLOSION

PUBLIC HEARINGS ON CRASH SET MONDAY

Other Investigations To Be Held; German Authorities Aid

LAKEHURST, N. J., May 8 (AP)—Members of a naval board of inquiry prowled today through the junk heap that was once the mighty dirigible Hindenburg.

They sought an answer to the baffling question of why the German zeppelin burst into flames and crashed 1,000 feet from the end of its trans-Atlantic voyage, bringing death to 34 of those aboard and one member of the ground crew preparing to land it at the U. S. navy air station here.

JOURNEY'S END FOR ZEP

Actors' Part In Strike Is Now Watched

Likelihood Seen That All Guild Members May Join Walkout

HOLLYWOOD, Calif., May 8 (AP)—The likelihood that the Screen Actors' Guild will walk out next week overshadowed all developments on the movie studio strike front today.

Only 25 or 30 more affirmative votes are needed to complete the three-fourths majority guild vote necessary to authorize a strike, Business Manager Aubrey Blair told today.

Guild leaders would be empowered to call the strike unless a satisfactory agreement is reached with film producers on guild demands for a preferential shop and benefits for minor players.

Negotiations were virtually at a standstill today.

B'WOOD EXPECTING LARGE CROWD FOR WTCC SESSION

Entries In Various Contests Break All Records

BROWNWOOD, May 8 (AP)—A delegation of preparation Brownwood is ready to welcome thousands of visitors at the 19th annual West Texas chamber of commerce convention beginning Monday and continuing through Wednesday.

Entries in contests and various special annual events of the convention have broken all records of recent years and advance registrations are pouring in by the hundreds, according to J. E. Rix, convention manager.

SPEAKER

Aubrey Little (above) will be Big Spring's entry in the "My Home Town" speaking contest, an event sponsored annually by the West Texas chamber of commerce, at the WTCC's convention opening Monday in Brownwood. Miss Little, a junior in high school and a first-year speech student, was the winner in an elimination contest here the first of the week. She is the daughter of Mr. and Mrs. C. L. Little.

Big Spring Will Be Well Represented At Meet

Big Spring will have a sizeable delegation at the annual convention of the West Texas chamber of commerce, opening Monday at Brownwood; and the city will be represented in various WTCC activities.

Leaving by automobile for Brownwood today will be Mr. and Mrs. Grover Dunham, Marie Dunham and Aubrey Little. Miss Dunham will be "Miss Big Spring" at the convention and, bearing that title will appear in the "Follies" program at Brownwood in which "Miss West Texas of 1937" will be named. Miss Little will be the city's representative in the "My Home Town" speaking contest, an honor she won in an elimination event here early in the week.

Also going by car today will be J. H. Greene, manager of the Big Spring chamber of commerce, and Lester Fisher; and Mrs. Alice Phillips of the chamber of commerce office.

Mr. and Mrs. E. Reagan will go to Brownwood Monday, as will Mr. and Mrs. Hoyt Williams and Sonny Boy Williams. Reagan, a veteran in WTCC affairs, is the city's representative on the regional chamber's board of directors and also district director. He will attend all board meetings at the convention. Sonny Boy, a popular young song-and-dance entertainer here, will appear on the convention program.

FD Will Call Parleys On Return Home

Talks With Newsmen On Various Topics, After Landing Big Tarpon

PORT ARANSAS, May 8 (AP)—President Roosevelt told a press conference on board the U. S. S. Potomac in the bay here late today he would confer with congressional leaders on the general legislative situation when he returns to Washington May 14.

Sitting in the stern of the 160-foot gray yacht in his fishing clothes after he had just landed a 77-pound tarpon, his second in ten days of angling in Gulf waters, the deeply tanned president said the whole field of lighter-than-air craft was still worth studying despite the Hindenburg disaster.

Silent About Court

He refused to comment on Washington reports that he planned to give his supreme court bill new impetus when he returns to the national capital.

In response to further questions, he said it had not been settled yet whether he would send a message to congress soon on a unified national power development program.

Washington correspondents and Texas newspapermen drove 231 miles from Galveston to Port Aransas for the first presidential press conference since April 27 and the first on board ship since December while the president was returning from South America. The newspapermen were taken to the Potomac in small motor boats.

The interview, scheduled for 2 p. m. Central Standard Time, got under way two hours late as the reporters arrived while the president was in the midst of landing his five-foot, two-inch tarpon.

Pictures of His Fish

Using light tackle, he got the strike off the south jetty. He

Woman Dies At Lubbock In 6-Story Fall

Mrs. E. D. Barnes Victim In Plunge From Office Bldg.

LUBBOCK, May 8 (AP)—A woman identified as Mrs. E. D. Barnes, 48, of Lubbock, plunged to her death late today from the sixth story level of the Myrick office building fire escape.

She fell through a maze of electric wiring and cables approximately 60 feet to brick paving in an alley.

Her death was instant, spectators agreed.

George Roach, grain buyer, heard her body slump down on the fifth story fire escape level.

"You'd better get back in the building; you might fall," he said. Roach said the woman did not answer, but evidently climbed higher up the fire escape. He heard her body strike the pavement below a moment later.

Sidon Harris, office manager of Western Geophysical Corporation, saw the body plummet, head downward, past the fourth story window.

Farmer Assn. Is Completed

To Be Affiliated With State Group; Midway Man President

Farm producers of Howard county Saturday consummated the organization of a county agricultural association, to be affiliated with the Texas Agricultural association, named Walter Robinson, Midway, president, and announced 77 paid memberships had been obtained.

Other officers named were L. H. Thomas, Highway, vice-president, and Glenn Castrell, Center Point, secretary-treasurer.

Reviewing The BIG SPRING WEEK

by Joe Pickle

Perhaps the Howard County Marketing association "has something there" in its weekly ring sale which last Monday attracted a large crowd and a \$2,000 volume in its first running. Immediately, heads of the association announced the sale would be repeated on a weekly basis and given more advertisement in the hope of attracting more buyers and sellers. For one thing, it may eventually serve as a sort of local market. If it does, both producer and processor will profit, for there is little sense in Big Spring people buying Kansas City beef. As it now stands, producers suffer under the delusion that locals should pay a premium for stuff which averages at average price on market centers, and locals are deprived of good home raised meat, paying more for what they get because of freight to and from.

Dr. Bradford Knapp delivered a "meaty" address at the Lions convention here last week when he decried traffic slaughter. On the basis of his statistics, Howard county is due five deaths during the year from traffic accidents. His suggestions that governors be placed in heads of drivers rather than in car engines is well taken, but his suggestions for education in safe driving seem a little more practical. Youngsters are taught that explosives are blessings when properly employed. They might be instructed similarly in speed.

But Big Spring is interested more in another sort of traffic problem—overtime parking. Religiously marking cars morning and afternoon during the past two weeks, police have had an average of 20 complaints a day on traffic law violations.

Special Judge Will Sit Here

Cases Of Hiram Knox Are Among Those Slated For This Week

Seventieth district court swings into its fourth week of the current term Monday minus a judge. Judge Charles Klapproth, judge presiding, will be sitting on the bench of the 160th district court in Lamesa during the week, having received a commission from Governor James V. Allred to relieve Judge Louis B. Reed, who is gravely ill.

THREE IN FAMILY ARE ASPHYXIATED

MILWAUKEE, May 8 (AP)—Asphyxiated in their tightly-closed cottage, three elderly persons, two brothers and their sister, were found dead today after neighbors became alarmed.

The dead are Emily L. Klett, 68; Charles C. Klett, 71; and Edward Klett, 65. Police believed death was due to exhaustion of oxygen in the air by a gas heater in the basement.

Fugitive Pair Re-Captured

New Charges Are Filed Against Two Who Escaped Jail

CROCKETT, May 8 (AP)—Charges of assault with intent to murder and automobile theft were filed here today against Bee Rains and Thelmer (Red) Banks, who wound an officer in a jail break here Thursday and were captured in a Fort Worth hotel early today.

Charges of accomplice in assault with intent to murder and aiding and abetting escape of prisoners were filed against Mrs. Martha Rains, wife of Bee Rains.

Will The Duke Be Hen-Pecked?

Edward's Already Cutting Down On His Drinking And Smoking—For Wally

MONTS, France, May 8 (AP)—Wallis Simpson cut down today on the Duke of Windsor's tobacco, beauty sleep and "hard" liquor.

Apparently her royal lover liked it. It also was obvious he did not miss the perfumed "maah maah" that has followed him around in his self-exile since he abdicated as King Edward VIII last December. The notes from "lady admirers" have fallen off to nothing.

Weather

WEST TEXAS—Generally fair Sunday and Monday.

EAST TEXAS—Partly cloudy Sunday and Monday.

Italy Puts A Ban On British Newspapers

Fascist Correspondents Recalled From London As Press Relations Broken

ROME, May 8 (AP)—Fascist Italy, angered by printed jeers at the prowess of Italian fighters in Spain, virtually broke off press relations with Great Britain today.

An official order banned from the new fascist empire, now just one year old, all but three British newspapers and recalled all Italian correspondents from London.

Edwards' Already Cutting Down On His Drinking And Smoking—For Wally

Local civil authorities were puzzled, however, as to whether their services would be needed for the wedding ceremony.

Some quarters expressed belief the marriage would take place at a British consulate, sometime after next Wednesday's London coronation.

Robert Taylor, Jean Harlow Teamed In Comedy Romance Opening Today At Ritz

"Personal Property" New Version Of Popular Play

Metro-Goldwyn-Mayer, making the most out of young Robert Taylor's wave of popularity, has cast that personable young man with another of the top feminine stars—this time Jean Harlow—for a new romantic comedy production. The opus, called "Personal Property," tops the Sunday-Monday program at the Ritz theatre.

Thus "Personal Property" may be published as the picture which presents these two together for the first time. The attractive players have the support of a cast which includes Reginald Owen, as good a character actor as there is in Hollywood; Una O'Connor, Henrietta Croftman, E. H. Clive, Corn Witherspoon, Marla Shelton and Forrester Harvey.

The film is based on the stage success called "The Man In Possession," a production which many moviegoers will recall as a picture made some years ago, with Robert Montgomery in the starring role.

Guards A Widow

Taylor plays the part (that taken earlier by Montgomery) of a young black sheep who, on being cast out from his self-righteous British family, secures a job as a sheriff's deputy. There he is detailed to stand guard in the homes of people whose debts have gotten beyond them. He must see to it that nothing is removed.

The twist of the plot lies in the fact that his first assignment is in the home of an American widow, played by Miss Harlow. His older brother (Owen), under the impression that the attractive young woman is wealthy, is seeking her hand in marriage. At a social function, Taylor appears as her butler and creates a sensation. Only the brother is aware of his identity, and his consternation.

NEW ROMANTIC COMBINATION

Jean Harlow is the latest of the feminine stars to have Robert Taylor, Hollywood's current sensation No. 1 as leading man. The two, playing together for the first time, appear at the Ritz Sunday and Monday in a romantic comedy called "Personal Property."

O'Brien And Bogart Share Film Honors

"The Great O'Malley" Is Featured Attraction At The Queen

Bogie man Humphrey Bogart, as mean a villain as has been seen on the Hollywood horizon for some time, shares top billing with Pat O'Brien in the Sunday and Monday attraction at the Queen theatre, "The Great O'Malley."

In the story, Bogart has not always been mean. In fact it is O'Malley who drives him to the bad. O'Malley is, of course, the flatfoot cop who insists on following the book of rules and he hands a fellow by the name of Phillips (Bogart) a ticket for speeding. Phillips had a good reason for hurrying (he is racing to get a job) but O'Malley won't listen and Phillips broke out entirely.

He's broke and needs the money but he goes back home to his wife and kid. He can't stand to see them in want and in desperation tries to pawn his war medals. He squabbles with the pawn shop attendant and in confusion knocks him out and flees with all the available cash in sight.

O'Malley finally hunts Phillips down and sends him to prison. He lives to regret it when he comes into contact with Phillips' little girl (Sybil Jason) and her school teacher (Ann Sheridan).

The girl is a cripple and O'Malley, who really has a heart of gold, goes to a specialist and in time has the youngster's health restored. In addition he gains a release for the prisoner and gets him a job.

Phillips knows nothing of this and fears the policeman. They meet in time and Phillips half crawls with fear, shoots O'Malley. The policeman is a changed man, however, and holds Phillips blameless.

In time he recovers and he, the Phillips family and the school teacher become fast friends. In fact the affair between O'Malley and the school teacher develops into something stronger than friendship.

Missionary Speaker To Appear Here

Dr. Dye, Outstanding Lecturer, At Christian Church Monday

Dr. Royal J. Dye, outstanding speaker on missionary topics of the missionary program of the Christian church, will be guest speaker at the "All Church Night" dinner and program to be given at the First Christian church here Monday evening, beginning at 6:30.

Dr. Dye was for many years a medical missionary in the Belgian Congo. He was retired because of an attack of sleeping sickness, but refused to give up all his work and has since traveled in every state of the Union and in every province of Canada, telling the story of Christian missions.

Dr. Dye was on the program for three addresses at the recent state church convention at Waco, and will make the Big Spring stop en route to the state convention in New Mexico. Rev. G. C. Schurman, pastor of the local church, has announced the Monday program must begin promptly at 6:30 as Dr. Dye will have to catch the 9 o'clock train that evening to resume his journey westward.

Rev. Schurman is urging every member of the church to attend the program, bringing supper for themselves and for their guests. "Dr. Dye's address here provides the opportunity of a life time for our community," the local pastor said, "and we are urging all who can possibly do so to hear him."

Benny And His Songsters In Lyric Picture

"Transatlantic Merry-Go-Round" Here For Return Showing

That popular radio comedian, Jack Benny, who has earned quite a reputation on the stage and screen as well, headlines the cast of "Transatlantic Merry-Go-Round," the United Artists production making a return showing at the Lyric theatre Sunday and Monday.

The story revolving around Benny and the remainder of the players is one of music and the company has certainly recruited the players capable of handling any type of music and entertainment necessary for the musical scores and comedy situations which arise during the run of the film.

Benny alone, is versatile enough to be a drawing card but for fun making he has in support Sydney Howard, who, if not a byword in the household of America, is known throughout England and the European continent; Sid Silvers, Sam Hardy, William Boyd, Patsey Kelly and Ralph Morgan.

For the musical numbers, the Boswell Sisters, Milti Green and Frank Parker have been delegated to give vocal displays of their talented wares.

Musical Numbers

The Boswell Sisters contribute "Rock and Roll" while Frank Parker harmonizes on "If I Had a Million Dollars" and "It Was Sweet of You."

Nancy Carroll and Gene Raymond supply the romance of the picture and Sydney Blackmer contributes as the "heavy."

Raymond comes into the story as a jewel thief aboard the S. S. Progress at sea. His accomplice is Syd Silvers.

Raymond meets Miss Carroll with the aid of Benny and Gene decides to reform but there's a nasty murder and all that has to be cleared up before the romance can continue. It's all done to the tune of some delightful numbers and pleasant cracks by Benny and other members of the cast.

From the pens of Sidney Clare and Richard Whiting came three of the numbers heard during the picture while the team of Mercer and Malmick combined to write "If I Had a Million Dollars."

SCHOOL TESTS TO BE COMPLETED IN COUNTY THIS WEEK

County Superintendent Anne Martin is scheduled to complete the administration of standardized achievement tests to rural schools by Thursday, thus setting the stage for the annual seventh grade graduation exercises and rural school rally day here May 21.

The tests are being administered to students of grades from the first to and including the seventh. The rally day will feature the graduation exercises, a picnic, and a school program.

POLICEMAN MEETS GIRL

Pat O'Brien as a cheery cop, loses a part of his egotism when he meets Ann Sheridan, the Texas girl who plays opposite him in "The Great O'Malley," offered Sunday and Monday at the Queen. Humphrey Bogart also has a featured role in the film.

New Work Is Required Of Atty. General

Recent Legislation Has Resulted In Flood Of Added Activity

AUSTIN, May 8.—Collection of \$3,108,930.78 in the past 33 months as an incident of the department's main business of law enforcement was reported to members of the legislature this week by Attorney General William McCraw.

The brief summary of departmental activities was prepared primarily to advise legislators of the startling increase in departmental duties in recent years due to enactment of new laws, by the congress and by the Texas legislature.

For the two years period ended last August 31, McCraw said, the attorney general's department collected \$2,588,983.70 and expended for the same period \$318,011.07. Thus the amount collected exceeded the state appropriation by \$2,270,972.63.

Detailed summary of cases which have resulted from new laws, McCraw said, that from one law alone—the federal motor carrier act of 1935—a total of 1,800 cases have arisen, to be handled by assistants before the railroad commission and the interstate commerce commission, and possibly, in the courts.

State laws which required added duties on the part of the attorney general's staff, include the social security enactments, and more particularly the unemployment compensation commission, which requires the services of an assistant.

The liquor control act, which has been in operation a relatively short time, is represented on dockets of the attorney general's office by 172 cases. Renewed activity in enforcement of the gas utilities law and the motor transportation law has given the attorney general more than 125 current cases to handle.

Broadening of the scope of the oil conservation laws, and attempts to enforce the anti-waste laws as to gas, are reflected on court dockets by 871 cases to which the attorney general is a party.

Legislative enactment tightening up the cigarette tax law, the beer tax law and the gasoline tax law have furnished material for 107 cases now being prepared for trial or in process of trial. There are 61 insurance cases docketed (some resulting from recent legislation); 53 land cases in which the state seeks to recover or defend title for the school fund; and 253 other cases on a variety of subjects as wide as the scope of state government.

Cream held on the farm under average conditions for a period of one week loses many of its desirable butter-making qualities.

Ken Allen's Orchestra, Cowboy Slim Among New Entertainers Heard On KBST Daily; Special Programs Today

Ken Allen's orchestra, now engaged at one of Big Spring's disc clubs, broadcasts over KBST each evening at 6:30. The band features three saxophones, piano guitar and drums.

Cowboy Slim, formerly of KERA and other stations, is currently presenting a program over KBST each weekday morning at 10:30. Cowboy Slim has made several personal appearances over the South and is well known to listeners as an artist over the Southern Texas territory.

Rev. Homer Sheets of the Assembly of God church, announces a special Mother's Day program over KBST this afternoon at 2:30. The thirty-minute program will take the place of the regular 12:45 quarter hour heard in the past. However, next Sunday, May 10, the program will be heard at the regular period starting at 12:45.

Two special programs are announced by KBST for today. The first program, that of the Conway school in Mitchell county, will be on the regular Sunday "Know Your School" period, 1 till 1:30. The second thirty-minute program will be on the air at 6:50, and will bring to the KBST mike the accordion choir from Lamesa.

Bill Basham, one of Big Spring's younger artists, has been named to take the place of Johnny Vastine on the variety program presented each Monday and Friday evening at 7. Johnny has moved away from Big Spring, and will be missed by the KBST audience. His deep baritone voice was very familiar in the Big Spring area, he having been heard on the air since the opening of KBST in December.

Frances Stammer, heard on the Moods in Blue program each Saturday at 5, has left Big Spring and is vacationing in Wichita.

4TH ST. WIDENING WILL GO FORWARD

City of Big Spring will enter the last lap of widening W. 4th street between Seary and Gregg streets this week.

The half block section adjacent to the First Methodist church was opened to traffic Friday evening, giving a 50 foot street at that point. The city will install steps along the remaining half block while it widens, it was said.

On the new paving program, W. 6th from Main to Gregg appears to be the "hot spot" at the present time. However, several property owners along other streets are signing for the paving.

\$30,000 BLAZE AT ARLINGTON DOWNS

FORT WORTH, May 8 (AP)—Fire early today destroyed a \$30,000 barn at Arlington Downs, but 21 to 22 horses inside when it started escaped injury. A yearling was killed on a side road when it ran wildly into an auto.

Phalass, a three-year-old; Sonny Chance, Mad Terry, Turf String, and three other three-year-olds, as well as 14 yearlings, were saved.

AMERICANS DRAW TERMS IN FRANCE

BORDEAUX, France, May 8 (AP)—Twenty-nine Americans arrested on suspicion of attempting to enter Spain to join the Spanish government army were sentenced to 40 days imprisonment each today.

Some of the men already have served 10 days of the sentence while arranging for bail after the arrest at Toulouse on April 15.

Families Who Quit Dust Bowl For Texas Valley Take A New Lease On Life As Their Debts Are Adjusted

EAGLE PASS, May 8 (AP)—A happy group of 431 farmers, blown out of hard hit dust bowl areas in Texas and Oklahoma two years ago and subsequently devastated by flood and tornado, were cheered today when the resettlement administration announced adjustment of their debts.

Quemado, which is Spanish for "burned up," is a little valley encircled by low hills which looks across the Rio Grande into Old Mexico. But the valley is no longer a desert. It is watered by what the inhabitants assert is the largest irrigation project of its kind in the world, operated entirely by gravity. The former dust bowlers have spent the last two years not only learning how to use water, but mainly how to leave it alone.

Sometimes they have had much more water than they desired, as after the 15-inch rain which fell in eleven hours, when they say they speared fish with their pitchforks in the fields.

These new settlers brought with them the knowledge of how to grow grain sorghums, which, grown on irrigated land, are making the Quemado valley a "feed bin" for West Texas. Last year cattle were shipped into Quemado from as far distant as Sanderson and San Angelo.

Loans, Grants

The resettlement administration opened an office in Quemado at the end of the dust bowlers' first year there, when a tornado and flood had brought a desperate financial situation. Within a day and a half

after opening its office in Quemado, resettlement made direct grants averaging \$35 each to 74 families. At the beginning of 1936, loans averaging around \$300 each were made to 208 families.

In addition to the individual loans, resettlement made cooperative loans of \$1,500 each to eight groups of farmers with which to buy tractors and equipment.

However, the former "dust bowlers" were able to make very little payment on the land. The debt adjustment section of the resettlement administration, after several months of conference between former owners of the land, engineered an agreement by which the homesteaders received a flat reduction in land debt and in water rent, affecting all of the 431 families in the valley, totaling \$288,000, or an average of \$660 per family, the resettlement administration announced. In addition to that, crop prospects in the Quemado valley now are very bright.

CITY TO MAKE BIDS FOR CONVENTIONS

Convention committee of the chamber of commerce has authorized a campaign to secure the state meeting of the district and county clerks and also to seek the state session for tax collectors and assessors. Plans are also afoot to secure the West Texas County Judges and Commissioners association meeting here again in 1938. It met here in the autumn of 1936.

Mr. and Mrs. O. R. Bollinger have returned from a trip to the west coast which took them on a 7,000-mile jaunt through the area.

Hundreds Die In Rebellion

American Ambulance Unit Members Witness Battle In Barcelona

VALENCIA, Spain, May 8 (AP)—An American ambulance unit reaching here tonight from Barcelona estimated 500 persons were killed and 1,500 wounded in the anarchist rebellion in the Catalan capital.

Order had been generally restored when they left the city yesterday, members of the unit said. They were detained there five days by the uprising.

The Americans said they arrived at Barcelona May 2 and put up at the Oriental hotel, and when fighting broke out the next day found themselves in the center of the district occupied by the anarchists. They remained in the hotel most of the time until the government gained control of the situation.

None of the group, headed by Dr. Barnham Etteson of Chicago, was injured. This group is the fourth detachment of the American ambulance unit serving in Spain.

Shortly after reaching here the detachment left for Albacete; they will go from there to the unit's hospital near Tarancone. The group included four doctors, five nurses, two ambulance drivers, and one technician. They brought a large shipment of medical supplies.

About 75 per cent of Iowa's 12,279 public schools are the one-room type.

The Markets

STOCKS ARE LOWER ON DULL TRADING

NEW YORK, May 8 (AP)—In the slowest session in about a year, stock market leaders today edged downward fractions to a point or more.

News, on the whole, was to the liking of speculative forces but there was little of a particularly stimulating nature and the sidelines appeared to be more attractive than ever.

Transfers totaled 285,390 shares compared with 551,450 last Saturday. The aggregate was the smallest for any day since June 6, last year. The Associated Press average of 60 stocks was off 2 of a point at 68.9.

Only 557 issues changed hands. Of these 281 declined, 113 advanced and 163 were unchanged.

Most losers closed above their lows and a handful of specialties managed to emerge with substantial gains, a few at new highs for the year.

COTTON

NEW YORK, May 8 (AP)—Cotton moved over a narrow range today in dull trading. July reacted to 13.04, but rallied to 13.10 and closed at 13.08 with final prices 2 points net lower to 4 higher.

The market opened unchanged to 2 points higher influenced by moderate trade and foreign buying in an otherwise featureless market. Offerings were limited at the start and with the appearance of trade price-fixing toward the close, positions from July forward rallied 3 to 6 points to the best levels for the day.

The Commodity Credit Corporation reported requests for release of 1,300,139 bales of loan cotton through May 6, indicating requests for release of 33,628 bales during the week.

NEW ORLEANS

NEW ORLEANS, May 8 (AP)—Extreme dullness characterized cotton trading today, week-end evening making up the bulk of business. The market closed steady at net advances of 2 to 4 points.

Foreign markets were about as due and in the absence of any in-

centives opening prices were unchanged compared with the previous close.

July closed at 18 cents even, October at 12.84, Dec. at 12.94, Jan. at 12.99 and March at 12.99.

The weather over the belt was considered favorable for farm activities.

CHICAGO GRAIN

CHICAGO, May 8 (AP)—Wheat price declines associated with rainfall in the southwest where grain is growing gave way today to partial rallies reflecting assertions that moisture the last few days has been "trifling" and that much more is needed.

Wheat closed unchanged to 1-1/2 cents lower, May 1.25 7-8 to 28 1-8, July 1.17-17 1-8, September 1.15 1-8 to 3-4, corn was unchanged to 5-8 off, May 1.33 1-8 to 1-4, July 1.19 3-8 to 3-4, September 1.08 1-2, and oats were 1-8 higher to 3-8 lower, May 47 1-4 to 3-8, Rye gained 1-2 to 1-3-8, May 1.14 1-8, and provisions lost 5 to 15 cents.

LIVESTOCK

FORT WORTH, May 8 (AP)—(USDA)—Hogs 300; truck hogs steady with Friday's average; top 9.90; 180-320 lb. 9.70-9.90; sows steady, 8.75 and 9.00.

Cattle 400; calves 100; nominal. Compared close last week: Beef steers lost part of early advance to close strong to 25c higher; good yearlings firm, others 25-50c lower; top fed steers 10.25, most medium short feds 8.25-9.50; top yearlings 11.00; heifers 10.00; short fed yearlings 8.25-9.50; calves 8.50; stock steer calves 8.25.

Sheep 1,300; nominal compared with week ago; Spring lambs 50c lower, shorn lambs 25-40c lower, aged wethers and ewes 1.00-1.50 lower, feeder lambs weak to 50c lower; closing bulk medium to good spring lambs 8.75-10.00; medium to good shorn lambs 7.50-8.50; spring lambs 8.75-10.00; medium to good shorn lambs 7.50-8.50; aged wethers 2.50-4.00; fat ewes closing 3.00 down and shorn feeder lambs 5.00 down.

Pasture burning destroys humus which is an important factor in drought control.

CONTRACTORS NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 10.875 miles of Gr. Dr. Strs. Caliche Base Course & Double Asphalt Surf. Treat. from near the Martin County line to near the East city limits of Big Spring on Highway No. 1, covered by Federal Aid Project No. 235-A Reop. U-11 in Howard County, will be received at the State Highway Department, Austin, Texas, until 9 A. M., May 14, 1937, and then publicly opened and read.

The attention of the bidder is directed to the required special provisions covering subcontracting or assigning the contract, the selection of labor, and hours and conditions of employment.

Except as otherwise specified, the minimum wages paid to all laborers, workmen or mechanics employed on this contract shall be Seventy-Five (75c) Cents per hour for "Skilled Labor", Forty-Five (45c) Cents per hour for "Intermediate Grade Labor", and Thirty-Five (35c) Cents per hour for "Unskilled Labor".

Attention is directed to the special provisions, included in the proposal to insure compliance with the requirement of House Bill No. 54 of the Forty-Third Legislature of the State of Texas.

Type of Laborer	Prevailing Minimum Per Diem Wage (Based on an Eight (8) Hour Working Day)	Prevailing Minimum Hourly Wage Rate
Skilled Labor	\$6.00	\$.75
Intermediate Grade Labor	3.60	.45
Unskilled Labor	2.80	.35

For the classification of particular positions under the above types of Laborers, Workmen, or Mechanics, see the Required Special Provisions.

The above prevailing minimum wage rates shall govern on this contract. Overtime and legal holiday work shall be paid for at the regular governing rates.

A local employment agency from which the Contractor shall obtain employment list will be designated prior to the award of contract. Plans and specifications available at the office of W. A. French, Division Engineer, Abilene, Texas, and State Highway Department, Austin. Usual rights reserved. 9-35-1115-R2

For the classification of particular positions under the above types of Laborers, Workmen, or Mechanics, see the Required Special Provisions.

War Admiral's
Record Good
But Not Best

BY TOM MEASLEY

SAMUEL D. RIDDLE'S War Admiral, a son of Man O' War, kicked up dust for a fast field at Churchill Downs Saturday afternoon in winning the Kentucky Derby. The victory kept the "boys" who pick 'em in good standing with folks in general, because War Admiral went to the post branded as the favorite. But for that matter, favorites can come through true to form right on down the line—at least for second and third.

War Admiral had an impressive record, to be sure, but Pompoon, Reaping Reward, Maedic, Case Ace, Privileged and Airframe all boasted better records.

Here's the 1936 record of the first three, in order of finish:—

War Admiral—Started 6 times, won 3, second 2, third 1; won \$14,800; won Eastern Shore Handicap at Havre de Grace, second, Richmond Johnson Handicap at Laurel, Great American Stakes at Aqueduct.

Pompoon—Started 8 times, won 6, second 2, won \$32,600; won Futurity Stakes at Belmont Park, National Stakes at Belmont Park, Junior Championship Stakes at Aqueduct; second, New England Futurity at Narragansett.

Reaping Reward—Started 15 times, won 5, second 2, won \$36,923; won New England Futurity at Narragansett, Kentucky Jockey Club Stakes at Churchill Downs, United States Hotel Stakes at Saratoga.

A man from Amarillo stopped in to tell about having picked War Admiral, Pompoon and Reaping Reward, but did not place a bet.

THE MUTUEL machines at Churchill Downs Saturday handled more betting money than any other day since 1930. The Associated Press reported.

The eight race program drew \$1,575,000 in wagers. The last time this was topped in 1930, a total of \$1,641,949 was bet. The record total of \$2,098,701 was registered in 1926.

On the derby alone the aggregate amount wagered was placed at \$38,606. This was the biggest on the main event, since \$676,106 went through the machines for the 1929 derby and was only about \$100,000 short of the derby record.

LAST WEEK was a fairly good week at the Munn swimming pool. Manager Harold Akey reported Saturday that 369 swim tickets were checked in for the week—317 kid duets and 52 adults.

FOUR SCHOOLS
SHARE STATE
TENNIS HONORS

AUSTIN, May 8 (AP)—Four schools shared the championship of the University of Texas interscholastic league when hard-fought competition ended today.

Bobby Curtis, John Reagan's (Houston) speedy netter, downed Mack Lamm of Pearsall, 6-0, 3-1, 6-0, to capture the boys' singles.

Evelyn Schreiner of Seguin won the girls' singles by a victory over Percy Lou Coughlan, Richard Spring's representative who battled gamely through first round and semi-finals play. Miss Schreiner won, 6-3, 6-3.

In the doubles division, Waco's combination of Edward "Moe" Brown and Edward "Lefty" Brown encountered stiff opposition from Bruce Kellam and Ralph Eds of Robstown but won, 6-1, 6-2, 6-2.

Itchy Wilke and Ima Dell Galvan of Masonic Home (Fort Worth) found the going rough against Jamie Ruth Deckard and Aleta Franklin of Meadow but reaped out an 8-6, 7-5 victory to win the crown.

OLDEN REPEATS IN "B" MEET

DENTON, May 8 (AP)—Olden, champion last year, repeated in the Texas Interscholastic league Class B track and field meet here today with a total score of 21 points.

Campbell was second with 20 1/2 points and third with 20. About 350 boys participated. Anderson of Olden was high point man with 18.

WAR ADMIRAL
LEADS FROM START TO
FINISH; POMPOON IS
TWO LENGTHS BEHINDSecond Fastest Triumph In 63 Year History
Of America's Most Colorful Horse
Racing Spectacle

By ALAN GOULD

CHURCHILL DOWNS, LOUISVILLE, Ky., May 8 (AP)—War Admiral, a chip off the old thoroughbred block, ran one of the biggest of all Kentucky Derby fields dizzy under the sun this afternoon with the second fastest triumph in the sixty-three year history of America's most colorful horse racing spectacle.

The little brown son of Man O' War came home in front a galloping, just the way his daddy used to do after leading from the start to the finish.

There never was much, if any, doubt about the outcome as War Admiral beat Pompoon by two lengths and Reaping Reward by ten lengths before a near record crowd of 63,000 spectators who acclaimed a new three year old equine king with an ear splitting ovation.

Favorite At 5 to 3
War Admiral, the favorite at approximately 5 to 2, stepped the mile and a quarter under the guidance of Louisville's own Charley Kurtsinger in the remarkably fast time of 2:03 1/5. Only Twenty Grand's record smashing 2:01 4/5 made in 1931, surpasses War Admiral's performance in all derby history, dating back to 1875. Kurtsinger also rode Twenty Grand so that the "Flying Dutchman" of the turf carried off a full share of the plaudits as he achieved his second derby victory.

Not far from the Blue Grass farm where his famous sire, now twenty years of age, is spending his "old age," War Admiral wrote a brilliant new chapter to the Man O' War tradition. He was second of the famous line to capture the rich derby, thereby duplicating Clyde Van Dusen's feat in the thunderstorm of 1929.

Bad Behavior
Despite such bad behavior at the post that he was largely responsible for a delay of more than eight minutes in the getaway, War Admiral broke on top, soon took command, and made every post a winning one. The colt showed his flying heels to the sprinters, Fairy Hill and Heedful and had plenty of finishing power to stand off the surprising stretch challenge of Pompoon and the ace of Mrs. Ethel V. Mars' stable, Reaping Reward, and the "ugly duckling" of the big field of 20 starters, Melodist.

Illness, which confined him to his Philadelphia home deprived owner Samuel D. Riddle of the satisfaction of seeing his first derby entry race so brilliantly to victory. Heavily backed all day by a crowd that overflowed the historic downs, War Admiral, in the favorite's ticket, paid off for each \$2 mutual ticket on the basis of \$5.20 to win, \$4.20 to place and \$3.40 to show.

Pompoon 3rd Choice
Pompoon, third choice in the betting behind the Mars' entry of Reaping Reward and Military, paid \$3.40 to place and \$5 to show. Reaping Reward's show place was \$3.80.

The victory's net money value to owner Riddle was \$52,050. This was the biggest "cut" in four years as the gross value of the race amounted to \$32,572. Pompoon's good showing was worth \$6,000 to Jerome H. Louchheim, Philadelphia contractor, as Quaker City color-bearers ran one-two for the first time in derby history. Mrs. Mars had only the consolation of \$3,000 for third money while \$1,000 went to the Wheatley Stable as Melodist, one of the outsiders, ran fourth.

The best derby weather in more than a decade, with a hot sun beaming down upon America's foremost horse racing carnival, contributed to a gala occasion. Vice President John N. Garner, Postmaster James A. Farley and Alf M. Landon, defeated republican presidential candidate of 1936, headed a host of notables who mingled with celebrities of the Hollywood scene.

Stars of the Broadway stage, old warriors of the sports arena such as Gene Tunney and Jack Dempsey, the aristocracy of turfdom and the hardboiled of "old Kentucky," 65,000 Spectators

Estimates placed the aggregate attendance slightly below last year's record outpouring of 65,000 spectators.

In sharp contrast to the rodeo getaway last year that married the derby, today's race was free from anything more serious than the fractious behavior of War Admiral and several other colts at the post. Heavily carrying the colors of the noted Waggoner brothers of Texas, finished sixth, two lengths behind Sceneshifter, after showing plenty of early foot but weakening under the fast pace in the stretch.

Here's the complete order of finish, with indicated margins separating the derby field first, War Admiral, two lengths; second, Pompoon, eight lengths; third, Reaping Reward, three lengths; fourth, Melodist, one length; fifth, Sceneshifter, two lengths; sixth, Heedful, by head; seventh, Deller, half length; eighth, Burning Star, by head; ninth, Court Scandal, length; tenth, Clodion, length; eleventh, Fairy Hill, one length; half; twelfth, Merry-maker, half length; thirteenth, No Sir, by head; fourteenth, Grey God, length; fifteenth, Military, half length; sixteenth, Sunset Trail II, two lengths; seventeenth, Fencing, five lengths; eighteenth, Benard F., length; nineteenth, Sir Damien, one length and a half; and Billionaire.

Coahoma Gets Hurler From Pine Bluff

COAHOMA, May 8 (Sp)—Wallace Fuglar, manager of the Coahoma Bulldogs baseball team, today announced the acquisition of a new hurler from Pine Bluff, Ark. Max Beard, a 6 ft. 2 in. south-paw, is expected to be a valuable asset to the Coahoma team. The Bulldogs clash with Loraine Sunday afternoon in the Coahoma park. It will be the first game of the season between the two teams. Coahoma plays Cosden next week.

Dodgers Make It 2 In Row Over Chicago

BROOKLYN, May 8 (UP)—The Dodgers made it two in a row over the Chicago Cubs today by belting Roy Parmelee and Charley Root for all their runs in the first four innings for a 6 to 5 victory. Gahan hit a homer for the Cubs.

WOODROW WILSON COPS TRACK, FIELD MEET

HILL IS FIRST IN TWO EVENTS

By BAY NEUMANN
AUSTIN, May 8 (UP)—The brilliant sprinting of Lonnie Hill today won the 27th renewal of the state interscholastic track and field meet for Woodrow Wilson high school of Dallas.

Hill raced to victory in the 100 and 220-yard dashes, the only man to score two first places in the meet, for highpoint honors. The 10 point plus two by Robert Fowler, who annexed third place in the 220-yard low hurdles, proved the Dallas school's margin of victory.

Tied for second honors and pressing close were Brownwood and Marl with 11 points each. The stellar performance of Joe Blagg, who ran second in Hill in the sprints, and James Thomsen with third places in the shotput and discus heaves, were responsible for Brownwood's high ranking.

Mart, with Billy Gilliam winning the shotput at 52 feet, 2 inches, and snaring fourth place in the discus, and Curtis Sandig hurling the sticks to victory in the 220-yard low hurdles, thrilled a crowd of 3,600 to divide runner-up laurels.

San Angelo ranked third with six. A number scored five each. Figuring in San Angelo's excellent showing was the work of Harry Hays who was first over the finish line in the 440-yard dash and anchor man on the victorious mile-relay quartet. The relay group included Bobby Mansfield, Billy Holliday and Billy Johnston.

No records were broken in the regular events but Grady Tyler, high point man won the rural pentathlon for Mount Pleasant with 17 1/2 points, bettered two existing marks in that contest.

The black-headed all-around athlete shaved 1-10 off the existing mark of 104 set by Dusek of Lo-wake last year in the century and broad jumped 21 feet, 2 inches as compared with the old record of 20 feet 11 1/2 inches by Schranck of Aleman, also set last year.

Inken of Waltham, Fayette county, and Waits of Carlsbad, Tom Green county, finished second and third, respectively, in the pentathlon. Second to Hill in the regular meet high point honors was Harry Hays of San Angelo, while Joe Blagg of Brownwood and Billy Gilliam of Marl trailed closely.

Fred Harris, who won the discus with a heave of 128 feet, 8 inches and placed fourth in the shot put, annexed fourth place meet honors for Garland.

The gruelling 880 yard run was one of the most spectacular of the day. The crowd cheered William Huddleston of Abilene, who staggered first across the finish line. He had spent much of his strength by sprinting far out in front at the start but the field was closing in fast at the finish. He barely nosed out Bryan of Stripling in Fort Worth.

The 120 yard high hurdles honors went to Lamar Hunt of Kenedy who topped the timers in 15.2 while Ted Haese of Laveria high jumped 6 feet, 2 1/2 inches, three-fourths of an inch below the record.

BAYLOR OUTLASTS TCU
WACO, May 8 (UP)—Baylor outlasted Texas Christian in a thirteen-inning baseball marathon here today to win 12 to 11. Doc Horslee of the Bears scored the winning run on a single by Dick Weekley, giving Baylor a clean sweep of a 2-game series. Yesterday the Bears scored an easy win over the Frogs 11 to 2.

Fine clouded a home run for Baylor in the fourth. T. C. U. 004 070 000 000 0-11 9 1 Baylor 000 126 110 000 -12 11 2 Walls, Tankersley, Roach, Meyer and Aldrich; Fine, Ducey and Henales.

ROUGH BOYS GET FIRST CALL

Gorilla Pogi, the rough and ready mat star from South America who went to a thirty-minute draw last week in the semi-final match of Promoter Herman Pugh's "razzle" show, will meet willing Jerry Markus in this week's two-hour time limit main event.

Markus, although not rated with Vio Webber and the Masked Marvel, who drew large crowds last year, nevertheless has a large stock of bombending tricks. His deadly pump handle hold, one of the most painful holds in wrestling, beat George Bennett last week.

Pogi depends a great deal on straight rough stuff, and seldom tries to hide his dirty work. Keeping his promise of bringing a newcomer each week during the early season, Pugi will have Jack Terry on the semi-final with Joe Kopecky, an old-timer who has been wrestling so many years he can't remember just when he started. Terry is said to be a fairly clean grappler.

Heading to the urging of Dutch Mantell, Herman placed Ace Freeman against Vic Webber in the special event. Webber defeated Freeman in last Tuesday's main attraction. His experience got the best of the ambitious Freeman, one of the youngsters of the circuit.

PAWTUCKET, R. I., May 8 (UP)—The Arabo entry of New Deal and Mucho Gusto, heavily favored in the betting, ran one, two today in the \$5,000 add King Philip Handicap at Narragansett Park.

Only a neck separated the two stablemates at the end of the mile and one-sixteenth with New Deal clocked in 1:44. The track record is 1:43 2-5.

Cosden Oilers Start Daily Drills Monday

Locals Play First Home Game May 16 With Coahoma Bulldogs

Beginning Monday afternoon, Manager Pepper Martin will call his Cosden baseball crew to practice every afternoon in preparation for their game May 16 with Coahoma.

It will be the first home game of the season and Martin intends to have his players in shape to win the opener.

May 23 the locals entertain the Amerasia Oilers of Hobbs, N. M., and the following week the Cosdens are scheduled to repay the visit with a game in Hobbs.

June 4 will find the Oilers in Lubbock where they will meet the Westerners in the Lubbock park. Brownfield's baseball manager has written Martin for a game and that North Texas team will probably be played June 13.

Martin has added two recruits to his lineup and will break them in next week.

Agas From Behind To Wallop Rice COLLEGE STATION, May 8 (UP)—The Texas Aggies came from behind to tap Pitcher Mike Seale and defeat Rice baseballers 17 to 7 here today before spectator-jammed stands, and thereby go a half game in the lead in the Southwest conference race.

By winning a third straight from the Owls, the Aggies forced ahead of the University of Texas.

Jease Landrum, Aggie third sacker, hit two homers, one with two on. Pete Dowling of the Aggies and Lee Tynes of Rice also hit homers. Tynes with one on base.

Rice 310 021 000—7 11 7
Aggies 006 304 220—17 16 1
Seale and Morgan, Woods; Pittner, Knowles and Dowling, Fy-talin.

Arizona Runs Away With Border Conference Meet

ALBUQUERQUE, N. M., May 8 (UP)—In a meet which saw three records broken and another tied, Arizona again ran away with the Border conference track and field championship today, scoring 71 points.

The University of Mexico finished second with 44 1-3 points and Arizona State of Tempe third with 17 1-2. Other scores: Texas Tech 15, Arizona State of Flagstaff 7, New Mexico State 6, and Texas Mines 4.

Bob Lister, Lebo sprinter, set the record breaking pace when he leaped 24 feet, 1 1/4 inches to smash by more than a foot the old mark in the broad jump after running the hundred in 9.8 seconds in time trials this morning to clip one-tenth of a second from the record that had stood for five years.

Lister, however, ran his race in the qualifying event this morning and was forced to take second to Milo Mileusnich of Arizona, who won the century in 10-flat this afternoon.

Mileusnich contributed the third record in the 220 while Lister was at the broad jumping pit. His time was 21.4 seconds, one-tenth of a second better than that of Wiley, Arizona, who ran the furlong in 1933.

High point honors for the day were shared by Mileusnich and Sid Danenhauer, Arizona hurdler, who won both the high and low barrier events.

Arizona walked off with nine of the 15 first places. New Mexico took four, Flagstaff and Texas two each.

AMATEURS PLAY TODAY

HOUSTON, May 8 (UP)—Texas' ace shotmakers will start their annual battle for the state amateur golf championship over the par 35-36-71 River Oaks layout here Wednesday.

Tournament officials said about 100 entries were expected to compete for the title Don Schumacher of Dallas won last year at San Antonio.

A star who gained international fame with a different sort of shot making indicated he would try for the title. He was Winner Allison of Austin, veteran Davis Cup and international tournament tennis player.

Play for the state title would be Allison's first tournament competition in his newly adopted sport. The 18-hole qualifying round will be played Wednesday and the 36-hole finals Saturday.

PROBABLE FITCHES
NEW YORK, May 8 (UP)—Probable pitchers in the major leagues tomorrow:
AMERICAN
Boston at Cleveland—Walberg vs. Harder.
Philadelphia at Detroit—Wil-liams vs. Auker.
Washington at St. Louis—De-shong vs. Hogsett.
New York at Chicago—Pearson vs. Lee.

NATIONAL
Pittsburgh at Boston—Brandt vs. Lush.
St. Louis at Brooklyn—J. Dean vs. Butler.
Chicago at New York—Lee vs. Hubbell.
Cincinnati at Philadelphia—Moore vs. Mulcahy.

We Have Confidence

—in the future of sound business enterprise.

IN this Community there are many business men and concerns in whose plans and methods we are showing our faith by extension of credit.

In recent advertisements we have pointed out how we safeguard deposits confided to our keeping and place them at the disposal of business activity through sound loans and investments. We have placed emphasis on our sense of public responsibility in rendering helpful, intelligent banking services to our neighbors. We know our neighbors, have confidence in their aims and find our success in their success.

Neighborly banking that has a sympathetic understanding of the needs of its local community is one of the foundation stones of the American banking structure.

First National Bank IN BIG SPRING

Here's the DRUM-MAJOR of the motor car parade

If you know a leader when you meet one, you'll see the moment you try this sparkling Buick why it's called the out-in-front car of the year.

You'll go for the way it goes for you—serene, steady, gallant as the figurehead on a buoyant ship—you're in for a thrill every time you put it into action.

You handle a wheel that turns as easy as the pages of a book. You press the treadle—and sink inches deep back in the soft cushions with the swoop of its take-off.

You click off miles by the score, the hundred—and no matter how far you range or what gait you travel, you can't get a whine out of that softly whispering engine!

The answer is you've got a car that was born to go places the way you want to go—smoother, safer, steadier than any car you've known.

Power in this flashing Buick is the power of eight straight valve-in-head cylinders. Its

gait is the level gait of a car built close to earth with enough bulk to hold it there.

Its maneuverability is the quick mobility of a charger.

Yet the crowning touch of its creators was none of these but the figures they succeeded in writing on its price tag. The hard-to-realize fact is that this great straight eight can be bought for less than some of today's sixes!

There's just one way to get the true picture of Buick's standout value, and that's to drive it yourself. See us soon and get your order in, and you'll enjoy a summer like you've dreamed of!

"It's Buick again!"

NEWS NOTES FROM THE OIL FIELD COMMUNITIES

Mr. and Mrs. Carl Roush announce the birth of a boy, born May 4. The child has been named Ronlee Earl. Mrs. Roush will be remembered here as Miss Anita McDonald.

Mrs. E. J. Grant returned here Wednesday after a visit with relatives in Paris. Miss Cora Kuehn, Mrs. Grant's niece, returned with Mrs. Grant and will enter the state sanatorium at Carlsbad for nurse training.

Mr. and Mrs. Otis Griffith are visiting Mrs. Griffith's parents in Deadwood for Mother's Day.

Mr. and Mrs. C. L. Alston and daughter, Alda, motored to Meadville Thursday where they visited Rev. Walter Deaver and family.

Luke Crutches of the Shell Oil company is vacationing in Sardinia, Ill.

Ray Drake, son of Mr. and Mrs. U. L. Drake of the Continental Camp, left for Dallas Friday for medical treatment.

Tommy Humphrey, C. Peterson of Holsington, Kas., who have been painting Continental Oil company derricks, have been transferred to Hobbs, N. M.

Mrs. C. H. McKelvey and Mrs. E. T. Sewell returned from Sherman Friday. Mrs. E. L. Hartwig, Mrs. Sewell's aunt, who has been visiting Mrs. Sewell, remained in Sherman.

Naming Mrs. C. Roberts of Big Spring and Mrs. Orbert Fletcher as guests, Mrs. Bob Qualls was hostess to the Buzz and Hum sewing club Thursday afternoon in her home on the Couden camp. Mrs. Fletcher accepted an invitation to become a member of the club. Each member has a secret name. One member of the club called "Forget-Me-Not" and once a month each member presents her Forget-me-not with a gift. These gifts were presented at Thursday's meeting and recipes were exchanged among the members. Refreshments of chicken salad, lobster cake with whipped cream and tea were served by the hostess to Mrs. Leslie Roberts, Mrs. C. L. Alston, Mrs. O. S. Butler, Mrs. C. J. Reed and Miss Alda Alston.

Five guests were complimented at bridge Thursday in the home of Mrs. A. E. Livingston in the Shell camp. The guests included Mrs. Kydie Scuddy, Mrs. M. M. Hines, Mrs. C. M. Ramsey, Mrs. D. A. Heatherington and Mrs. C. E. Chaffin, with Mrs. Hines scoring high for the guests. Mrs. W. A. Majors won high for club and Mrs. C. M. McKelvey won floating prize. An ice course was served to the guests and Mrs. H. H. Hillyard, Mrs. W. A. Majors and Mrs. C. McKelvey were care members of the Easy Aces club. Mrs. McKelvey will be the next hostess.

At the So and Sew Sewing club

Thursday afternoon Mrs. Odie Morris, sister of Mrs. Jewel White and Mrs. J. D. Phillips was complimented by a shower. In the home of Mrs. T. C. Rankin. Other guests included Mrs. T. A. Rankin, Mrs. J. J. Phillips, Sr., Mrs. J. J. Phillips, Jr., of Garden City; Mrs. Kydie Scuddy, Mrs. Lawson, Mrs. Jimmy McNeil, Mrs. Victor Phillips and Mrs. P. A. Pittman of Big Spring. Members present were: Mrs. J. D. Phillips, Mrs. Jewel White and Mrs. Jesse Overton. Those sending gifts were Mrs. G. W. Overton and Mrs. H. W. Bartlett. Mrs. Jewel White will be the hostess at the next meeting.

Supt. L. L. Martin has announced that the Foran high school will conclude the 1936-37 year of school May 25. Graduation exercises will be in the high school auditorium. On May 23 Rev. A. Short of Abilene will conduct the baccalaureate services. Senior commencement sermon will be May 26 with the announcement of the speaker to be made later. The seventh grade graduation exercises will be May 26, a speaker to be announced later also. The annual senior play given by the class of '37 will be May 14, titled, "The Gay Seniors." Other plays by the grade school will be announced later.

Mrs. B. R. Loper was hostess to her sewing club, the Sew and Chat club, Thursday afternoon, when eight members of the club met to work on their hand sewing. The hostess served ice cream sodas and cake for refreshments to the following guests: Mrs. C. M. Jones, Mrs. John Kubecka, Mrs. Sam Rust, Mrs. Bob Thomson, Mrs. R. M. Brown, Mrs. Pat Shedy and Mrs. Gladys Payne.

FINED \$25
Abijando Quintana, Mexican, entered a plea of guilty to a charge of aggravated assault Saturday in county court and was fined \$25 and costs by County Judge Charles Sullivan. The court gave Quintana credit for six days spent in jail.

May Be Honeymoon Home of Wally and Her Duke

Dispatches from Monts. France, said that Wallis Warfield Simpson, after some argument, has agreed with her Duke of Windsor—who was king of England, that they will spend their honeymoon in the lonely ancient Wasserleburg Castle, shown above.

ROSCOE SCOUTS REPEAT AS CHAMPS OF ROUND-UP HERE; RECORD CROWD AT EVENTS

The irrepressible scouts of troop No. 37 of Roscoe Saturday repeated as champions of the annual Round Up of the Buffalo Trail council for the fifth consecutive time and won permanent possession of the plaque offered by the Big Spring chamber of commerce for three consecutive victories.

In again taking charge of the annual spring scoutcraft competition, the scouts of George Parks, Roscoe scoutmaster, piled up 205 points and captured 8 of 13 first places, and finished second in three other events.

The margin of victory was reduced by a slightly better grade of competition, particularly from the west end of the council. Wink came second with 90 points, Rotan third with 55 points, Hermleigh next with 40, Kermit followed with 35, McCauley trailed with 25, Big Spring (5), Big Spring (1), and Midland (54) tied with 20 points, Midland (52), Ira, Coahoma and Odessa (58) piled up 15 points each, and Westbrook, Grand Falls, Sweetwater (48), and Pecos (68) were the only others to score. Counting 16 points each.

Area Field Executive Darold Wilson Saturday estimated that 830 scouts and scouters took part in the Round Up. It was the largest number on record with 23 troops represented from 22 towns as compared to 32 troops from 19 towns last year.

At noon the crowd was treated to a barbecue luncheon made possible by Big Spring and Coahoma merchants and people. Boyish appetites made short work of 750 pounds of beef, two big pots of beans, a pot of "gentleman from Odessa," a large quantity of pickles, onions and bread, 200 gallons of lemonade, and 1,200 ice cream cups.

Nat Shick, in charge of serving, said a new time record was established in serving approximately 300 people in nine minutes, half the time required for serving about 700 last year.

Clear skies and soaring temperatures boosted concessions sales, and a record business was reported with several score cases of soft drinks and candies moving.

Campfire Program
The meet was officially opened Friday evening with a campfire program featuring the lighting of the council fires by flint and steel and friction, songs and stunts. Charles Paxton, Sweetwater, president of the council, was introduced by Al Biles, area executive, and spoke briefly.

Up early, the courts were ready to start their contests at 7:30 a. m. Saturday and 13 contests involving something like 2,500 entries had been completed by 2:45 p. m. Among the more interesting events was the boiling of water, the fire started with flint and steel, in four minutes and the burning of two string strands in five minutes with fire started by friction.

Results
Results of the contests follow:
Antelope (under 110 pounds)—Roscoe, Midland (52), Midland (58).
Antelope (over 110 pounds)—Wink, Rotan and Coahoma tied.

Mae Queried, Keeps Silent

Man Who Claims He's The Star's Husband Gets No New Info

LOS ANGELES, May 8 (AP)—The film's "come-up-and-see-me" girl, Mae West, strolled casually today into the office of an attorney who desired to her if she is the wife of Frank Wallace.

The attorney, A. M. Blount, representing Wallace, did not learn anything he had not already known.

On advice of her counsel Loyd Wright, the buxom screen siren refused to answer all questions, except one.

"What is your name?" Blount asked.
"Mae West," was the reply.

The proceedings, a deposition hearing preliminary to the trial of Wallace's suit to establish his claim that he is Miss West's husband, lasted only about five minutes.

Wright would not permit his client to reply to the queries on the ground that Wallace's suit, filed recently in superior court, did not give a cause for action, that the court has no jurisdiction, and further because, he said, he had received information that Wallace once swore he had never married Miss West.

Miss West illustrated what the Hollywood women wears to anything from a tea-party to a deposition hearing—blue lounging pajamas, blue sandals, white hat.

Blount showed what he said was a photostatic copy of a marriage application issued April 11, 1911 to Wallace and Miss West.

Three ways of planting cotton are generally practiced in Oklahoma: level, ridge and lister planting.

Eighty-four per cent of the hog slaughter in Denmark is in co-operative packing plants.

Name Winners In Contests For Students

Music Events May Be Included By League Next Year

AUSTIN, May 8 (AP)—Delegates to the University of Texas inter-scholastic league meet, concluded here today, moved to include music competition in the already wide scope of events.

They decided to name a committee to study feasibility of band and instrumental events for next year's meet.

Addressing the delegates, Dr. E. K. Fretwell of Columbia University urged fuller student participation in school government and activities.

The following winners were announced in today's final events:

Boys' debate—Frank Houghton and Aaron Witz of Denison.

Girls' debate—Anne Clymer and Helen McDaniel of Denison.

Editorial writing—Myrtle Wolf-sol of McAllen, first; Bernice Hall of Austin, second; Marian Smith of Marfa, third.

Copyreading—Bernice Hall of Austin, first; Frankie Mae Poff of Abilene, second; Carol Rogers of Navasota, third.

Feature story writing—Alvin Bean of Crosby, first; Nancy Nell Cox of Abilene, second; Frankie Mae Poff of Abilene, third.

Typewriting—Wallace Currie of South San Antonio, first; Donalita Grantham of Mineral Wells, second; Walter Victor of Abilene, third.

Art (color)—Nancy West of Austin, first; Grace E. Comper of Abilene, second; Patricia Barrett of San Jacinto (Houston), third.

Art (charcoal)—Margaret Crabtree of Austin (El Paso), first; Kitty Earnest of Polytechnic (Fort Worth), second; Fred Taylor, Austin, third.

Art (modelling)—Barney Vaughn of Technical (Dallas), first; Lester Conaway of Jefferson (San Antonio), second; Carl Sutton of Amarillo, third.

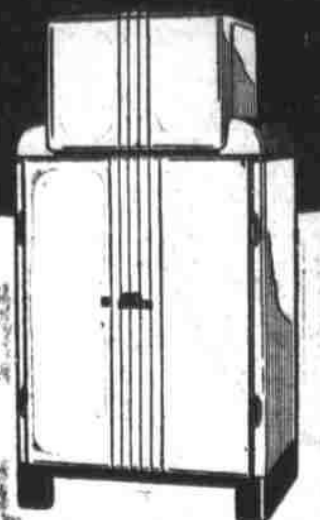

PYTHIAN GROUPS TO ATTEND CONCLAVE

Delegates from both the Knights of Pythias and its auxiliary are expected to attend the state convocation Monday and Tuesday in San Angelo from here. O. R. Bollinger will serve as official delegate of the local order and others likely will attend. Mrs. A. M. Ripps is among those attending from the auxiliary.

Kansas soils have lost about 1,000 pounds of organic matter an acre each year since they were broken from sod.

10 GOOD REASONS

for choosing a
SUPERFEX
Oil Burning Refrigerator

1. SUPERFEX operates on kerosene. You can move it and use it anywhere.
2. It is engineered to meet the exacting demands of rural homes. Scientifically designed and styled for permanent satisfaction.
3. The refrigerating unit is both air and water-cooled. The specially designed burners do their day's work in two hours and go out automatically. There is no constant flame. This feature and the exclusive Super-Condenser top make SUPERFEX the most economical refrigerator to run.
4. SUPERFEX has beautiful modern lines and cream-white finish. The food space is roomy, porcelain-enamel lined, equipped with adjustable shelves and handy door racks.
5. Saves miles of steps in meal preparation. Keeps foods fresh and cold—right in the kitchen!
6. Saves waste, keeps left-overs, also foods ready for marketing. You can "cook ahead" for crew meals or other busy days.
7. No more limp salads or "runny" butter. You always have ice—without trips to town.
8. Your family can enjoy frozen desserts, crisp salads and ice-chilled drinks all through the hot weather.
9. With SUPERFEX it's easy to prepare ice-cold field lunches.
10. SUPERFEX is made by Perfection Stove Company, proved by nine years of satisfactory service in thousands of country homes. Sold on easy terms, if desired.

OIL RISE IN MOORE TEST INDICATES PRODUCTION

Wildcat Between East Howard And Chalk Field Encounters Pay Horizon At 2743-63; Will Drill Deeper

Oil rising 1,800 feet in the hole in six hours Saturday practically assured the Moore Bros. No. 1 T&P, 330 feet from the north and east line of section 33-36-1a, T&P, as a commercial producer.

The wildcat test, about midway on a trend between the East Howard and Chalk pools, drilled into the pay horizon from 2743-63 feet and late Saturday was drilling ahead, trying for another stratum near the 2,800 foot level.

Earlier in the week the test had acidized with 1,000 gallons from 2,700-25 feet and had an increase in oil and gas, pumping 30 barrels on a 24-hour test. When the first pay was encountered, oil rose 300 feet in the hole. The test is located in the center of three wildcat tests, all of which had shows.

One completion and three locations were standouts in oil development here for the past week.

Only completion was the Merriek and Bristow No. 4 Hooks, section 14-29, W&NW, which showed 75 barrels on a potential test. They were encountered from 3,130-3,250 feet.

Merriek and Lamb No. 15 Clay section 14-29, W&NW, pumped 60 barrels in 14 hours after plugging back from 3,404 to 2,535 feet. Another interesting Moore Bros. wildcat, its No. 1 J. B. Herding, 2,330 feet from the north and 330 feet from the west line of section 33-36-1a, T&P, was drilling at 330 feet in red beds after setting surface 15 1/2-inch casing at 200 feet. Moore Bros. No. 1 I. B. Caudle, 330 feet out of the northeast corner of section 31-33-1a, T&P, and Moore Bros. No. 1 Mabel Quinn, 600 feet out of the northwest corner of 33-34-1a, T&P, both wildcats testing the Harding area southwest of Big Spring.

Spring, have spudded. Cecil B. Rains No. 1 Otis Chalk, section 14-29, was pumping Friday after cleaning out and acidizing. Trouble which has slowed testing for more than a month. No results were reported, pending completion of the test.

Continental No. 3-A Bason, section 7-32-2a, T&P, looked like another producer with 500 feet of oil standing in the hole as operators drilled to 2,442 feet in lime. Seven-inch string was run to 2,539 feet.

Shallow Tests Two shallow sand tests, Continental No. 30-3 Settles, section 15-29, W&NW, drilling cement plugs from 5 1/2-inch casing at 1-175 feet in anhydrite, and Continental No. 31-8 Settles, section 15-29, W&NW, waiting on cement at 1,210 feet where the 5 1/2 inch string was run, were nearing completion.

Shell No. 3-A Roberts, section 3-23-2a, T&P, drilled plugs after cementing with 30 sacks at 2,393 feet and had 1,000 feet of oil in the hole. The Ward Oil No. 26 Roberts, section 15-29, W&NW, was waiting on cement after setting 8 1/2-inch casing at 1,285 feet. Continental No. 3-A Bell Overton, section 8-33-2a, T&P, was drilling ahead at 1,900 feet in lime after running 8 1/2-inch string to 1,152 feet, and its No. 13 Clay, a deepening test, drilled to 3,022 feet, in lime, having run the 7-inch string to 1,794 feet. Continental No. 7 Kioh, section 5-33-2a, T&P, spudded last week, made 57 feet of hole.

Superior No. 35-B Roberts, 1,220 feet from the north and 1,065 feet from the west line of section 15-29, W&NW, was building derrick, preparing for a 3,000-foot test. Lee Petroleum No. 4 Kioh, section 6-32-2a, T&P, was drilling past 2,400 feet.

Grisham and Hunter of Abilene are reported planning a wildcat test near the Howard-Mitchell county line, about a mile west of the Gib Sawette test, which had a good show a year and a half ago. Another test is rumored for the area a mile and a half southwest of the Westbrook well.

Howard county locations for the week included Continental No. 7 T&P, 330 feet from the north and 650 feet from the east line of section 33-36-1a, T&P, was drilling past 2,400 feet.

WOULD LIKE TO RETURN BUCKET AND GAS SYPHON

T. E. Clark has a gasoline bucket and siphon he would be glad to return to some unknown callers at his residence, 2301 Runkles street. They left the articles there, he reported, when he accepted them while they were borrowing gasoline from one of his gravel trucks while the machine was parked in front of his residence.

The callers succeeded in getting some 12 gallons of gas from one of the trucks a few nights ago. The next night Clark watched to see if the visitors would return, desiring, no doubt, to have a little chat with them. They did come back, but were not disposed to linger when Clark approached. They even left the bucket and siphon. Clark told The Herald he would like to return the equipment to the rightful owners, if they'll only let him know who they are.

Loving Well Running High, Makes Flow

Larger Initial Yield From Delaware Pool; Crane Tests Gets Water

SAN ANGELO, May 8 (AP) — A larger initial flow by Mason Oil company's No. 3 Minnie Kyle, second well in Loving county (also West Texas) second Delaware pool, than in the first and showing of sulphur water in Sinclair-Prairie No. 1-24 University, recent opener of a new producing spot in northern Crane county 2 1/2 miles northwest of the Waddell field, were among principal West Texas developments this week.

Grisham-Hunter's No. 1 Montgomery, Reeves county wildcat northeast of Toyah, attracted attention by encountering slight oil showings and several puffs of gas at intervals between 2,336 and 3,371 feet, where an increase in gas blew tools up the hole and lodged them in a casing shoe. The test is in the northwest quarter of section 1 W. B. King survey.

Viewed as the immediate result of its apparent opening of West Texas' second major Ordovician field by Gulf No. 4 Waddell in the western Crane county, Tex-Mex Petroleum corporation turned to Magnolia part of its 11,000-acre block in northern Pecos county for the deepening of its No. 1 McKee from 2,720 feet, and Read & Duffy worked on a deal to deepen their No. 1 Sealy in southeastern Winkler county from 4,529 feet. Testing of the Ordovician will be the objective of each.

To Deepen To 6,000 The assignment to Magnolia provides deepening No. 1 McKee to 6,000 feet unless granite is encountered, or water is struck in the Ellenburger or production of 250 barrels of oil daily is developed at a lesser depth. Magnolia will move in a heavy duty rotary to replace cable tools when Tex-Mex conditions the hole. Fishing was underway, tools having been lost last fall after sulphur water was struck from 2,515-18 feet. No. 1 McKee is in the south quarter of section 24-8-H&N, near Imperial and nine miles northeast of the Pecos Valley pool.

Two major companies were reported to have purchased leases on 16 sections in the vicinity of Read & Duffy's No. 1 Sealy, Winkler wildcat, which shut down early in January 29 feet past its contract depth of 4,500 feet. It is in the northwest quarter of section 8-A-G&M&H&A.

Credited with running about five feet higher than the discovery, Mason No. 2 Kyle, to which it is a vast offset, Mason No. 3 Kyle in northern Loving county topped Delaware sand pay at 3,900 feet, drilled in two feet and filled 2,000 feet with oil in 14 hours. It was shot Monday evening with 215

ARRAIGNED ON NOTE FRAUD CHARGE

William F. Walpole, St. Joseph, Mo., drugstore and household appliance company operator is shown (center), conferring with his attorneys after his arraignment on charges brought by a grand jury that he forged notes given the Morris plan company of St. Joseph.

quarts from 3,851 to 3,902 feet and on its first 24-hour gauge flowed 450 barrels of oil while cleaning out. The well is 2,310 feet from the north and west lines of section 20-55-1-T&P, Mason No. 2 Kyle, bottomed at 3,906 feet, flowed 350 barrels of oil in 24 hours after being shot January 17 on a prorated gauge February 25 flowed 299.5 barrels in 24 hours through casing. The oil is sweet and of high gravity.

Pipeline Connection Mason recently laid a 4-inch line from the field to a junction with the Pasotex pipe line 10 miles to the southwest. The Pasotex carrier leads from the Hendryck field in Winkler county to the Pasotex refinery in El Paso. Both are subsidiaries of the Standard Oil Co. of Texas.

Sinclair-Prairie No. 1-24 University in northern Crane county bailed 40 barrels of sulphur water in 24 hours without deepening from 3,615 feet, where the well before it flowed 280 barrels of oil through 2-inch tubing in 24 hours following treatment with 5,000 gallons of acid. Plugging back was underway. The well is 2,310 feet from the southeast west lines of section 13-35-U, 1 1/2 miles east of Clark, Cooper & Smith No. 1 Jordan, which was completed early in April at a plugged back depth of 3,583 feet for 90 barrels daily, pumping after shooting, then acidizing. No. 1 Jordan is 3 1/2 miles south of the Penn pool in Ector county. It has been offset on the east by Sinclair No. 1-24 U.

An official test, Magnolia No. 9 Edwards tested its flow of the preceding week by gauging 1,273 3-1 barrels of oil in two hours to derive a daily potential of 281.57 barrels, bottomed at 3,550 feet. It is the largest producer in Waddell pool and 900 feet out of

the southwest corner of section 2 H&N-pd. Gulf No. 17 Waddell, 1,320 feet from the north line and 419 feet from the west line of section 11 H&N-pd, this week became the second largest well in the area by flowing 2,202 barrels during the last half of a six-hour gauge at 3,517 feet to rate 17,616 barrels daily. Both wells were acidized.

Inquiry Group To Report Monday On State Institutions

By RAYMOND BROOKS Herald Austin Correspondent AUSTIN, May 8—Rep. Leland Johnson, chairman, has announced a special house investigating committee held an inquiry at the state school for feeble minded children in Austin, and will file a report with the legislature next Monday. The inquiry was ordered on reports made to individuals in the legislature charging cruel treatment of children in "certain state institutions." These included the assertion that an attendant had broken the leg of a feeble minded ward with a stick of stove wood.

Representative Johnson did not disclose results of the inquiry, further than to say it had taken but a brief time, and that the committee "will have some facts to report to the legislature Monday." The report may deal with some of the problems of the state school, in that many feeble minded persons, received by it as children, are left there to grow up, and necessarily remain in the school in early adulthood, because the state has no other place to send them. The school now has a waiting list approximately as big as its enrollment; and charges by another legis-

Oldham Land Is Leased For Exploration

Texas Co. Acquires Lease For A Test In Yoakum County

SAN ANGELO, May 8—Ingle-right & Fogelson of Fort Worth this week leased labor 14, league 55, Oldham county school land, adjoining on the west labor 13 in which Cochran county's discovery well is located, and assumed an obligation to start a test by July 1. In the event this test develops production, a second must be started within 60 days. The lease was obtained through R. F. Duggan of Dallas from C. L. Tarver and H. L. Edwards of Dallas and the J. C. Duke estate. The consideration was unannounced but reported to be \$75,000, part cash and part oil.

Cochran county's lone producer, Honohin, Cascade and Devonian No. 7, R. Duggan, was drilled in late last year to become the farthest north well in the West Texas Permian Basin. It struck the first oil at 5,028 feet, drilled to water, plugged back, was shot, acidized twice and completed for a flow of 300.9 barrels of oil in 24 hours. Bond & Harrison No. 1 Wm. Cameron & Co., Inc., eastern Cochran county wildcat, in the northeast corner of labor 1, league 55, Greer county school land, drilled plugs from 7-inch casing at 4,509 feet and shut down at 4,516 feet in lime to clear titles.

Yoakum Lease The Texas Co. acquired leases on 600 acres of the McCinty land in Yoakum county, baling all section 794-D-John H. Gibson except the southwest of the southwest which the company already owned. The consideration was understood to be \$25 an acre cash and \$25 an acre out of oil and a drilling obligation. The test will be near the junction

of four sections, in the northwest corner of section 33a, the southeast corner of section 33b, the southeast corner of 794 or the southwest corner of Moore Bros. No. 1 George Cleveland, stakes last week 330 feet out of the northeast corner of section 796-John H. Gibson. Magnolia No. 1 Taylor, northeastern Yoakum county wildcat, in the northeast corner of section 796-John H. Gibson, commenced 9 5/8 inch casing at 4,024 feet in anhydrite and began rigging up standard tools. Corrigan No. 1 Lewright, southeastern Terry county wildcat, in the northeast corner of section 1-C&T-pd, deepening from 4,973 feet and carrying sulphur water struck at 4,928 feet and lower levels, had drilled to 5,112 feet in lime, unchanged.

Continental began building road to a location for No. 1 Dr. E. H. Jones, wildcat in the northwest corner of Gaines county, in the center of the southeast of the northeast of section 22-A7-pd. Shell No. 1 Amerada-Humble, three miles northwest of Seminole, had not succeeded in killing heavy gas at 4,901 feet. It is 600 feet out of the northwest corner of section 22-G-WTRR, east offset to Amerada No. 1-A Averitt, Gaines' second oil producer.

Completed producers and dry holes in West Texas gained this week while locations declined. There were 53 completions in 11 counties compared with 48 in nine counties the week before, and 42 locations in 10 counties compared with 46 in 13 counties during the preceding week. Ector and Winkler tied in completions with 13 each and Winkler-led in locations with 10.

EXTENSION SERVICE OFFICIAL WILL VISIT

M. K. Thornton, extension service leather specialist, is due to arrive here Wednesday for a routine visit in the county agent's office. Thornton is responsible for the interest stirred up here recently in sour dock as a possible source of tannic acid which might be used as a supplement in the chrom tan process.

Soil types vary significantly in their content of phosphorus, nitrogen and carbon.

In Iowa, from 1925 to 1934, flax gave higher acre returns than wheat, barley or oats.

Fee owner is A. G. Blackwell, oil man active in the Ranger area during the boom. Laurel Dunn and Eugene T. Adair of Abilene moved rig from location of the No. 1 Bowles to a diagonal southeast offset, and will spud their No. 1 Mrs. A. L. Pittman probably the first of the week.

It is on the Taylor-Callahan county line and is 165 feet from the west and 160 feet from the north lines of the northeast quarter of section 29, EL survey.

Sale of a new west extension to the Guitlar pool, and 13 acres on which it is located, by Guitlar Trust Estate to R. B. Farris of Dallas for a reported consideration of \$23,000 also provided a highlight for the week.

The well, drilled as the Guitlar No. 1 fee, loomed as another large producer; this weekend after cement plugs were drilled and sand topped at 1,972 feet.

It will be treated with acid this weekend and gauge taken by the first of the week. Location is 196 feet from the east and 220 feet from the north lines of the northwest quarter of section 44-15-T&P survey. Farris plans two other tests on the 13-acre tract.

Reported price for the deal was \$6,000 cash, \$10,000 in oil and \$7,000 in drilling contract for the well. S. B. Roberts company of Abilene drilled it.

Four Drilling The test is a west offset to the Danciger Oil & Refineries No. 3 Guitlar, largest well in the pool. Four other tests are now drilling in the pool; verdict on them will be reached probably by the middle of the week.

Two tests in the northern area of the Hawley field were cemented this week atop the Lower Hope sand. The Ungren & Frazier No. 5-D Dorsey, northernmost outpost to the field in section 8, Buena survey No. 197, had set six-inch string to 2,215 feet; the owners' No. 9 Dorsey, in section 6, cemented at 2,208 feet.

Ungren & Frazier were also moving in materials for a quarter-mile western outpost to the field, their No. 1-G Dorsey, offsetting Sinclair-Prairie holdings to the west.

The test has been given a special permit, being located 196 feet from the north and south lines and 200 feet from the east lines of the north 10 acres of the east half of subdivision 3, James Bartlett survey.

It is less than 1,000 feet northeast of an abandoned dry hole drilled in 1929 by Manhattan.

Location for another Jones county wildcat was staked this week south of the town of Avoca by M. R. Mead, which is to be drilled with rotary equipment of Gist & Graddy, East Texas operators.

Review Is Slated On Thursday

Dallas Reviewer To Make Fourth Appearance Here Under Club Auspices

A sensational success among the recent wave of so-called "success" books is that entitled "How to Win Friends and Influence People" by Dale Carnegie. It has reached a sales volume far beyond that of the average non-fiction work, and ranks in distribution with many popular novels.

The work has been chosen by Evelyn Oppenheimer of Dallas as the book to be reviewed at her appearance in Big Spring Thursday night of this week. Miss Oppenheimer will speak in the ballroom of the Settles hotel, beginning at 8 o'clock, under sponsorship of the 1936 Hyperion club.

The engagement will be the Dallas woman's fourth here this season. Her popularity here has been evidenced by increased crowds at each of her reviews. Previously she has discussed "St. Joan of Arc," "Honorable Estate" and "Gone With the Wind."

The Carnegie writing has been one of her most popular recently. She has reviewed "How to Win Friends and Influence People" numerous times, in Dallas and other Texas cities.

Proceeds from the review are used by the Hyperion club for its children's book fund. The public is invited to attend.

Szeto High Scorers Entertain For Lows At Jim Tom House

STANTON, May 8 (Sp)—High-scoring members of the Szeto bridge club in its recent ladder tournament were hostesses to those at the bottom of the ladder with four tables of bridge at the home of Mrs. Jim Tom Thursday.

A contest to identify favorite expressions of the club players gave a mirth-provoking twist to the afternoon. Prize in this contest went to Mrs. Floyd Smith.

High score in bridge went to Mrs. Jim Zimmerman and second high to Mrs. J. P. Boyd.

First punch was served throughout the afternoon and a party plate at tea time.

Among those present were Mrs. Boyd, Mrs. Jim Zimmerman, Mrs. Alfred Tom, Mrs. Joe Ellis, Mrs. Todd Houston, Mrs. Chuck Houston, Miss Maude Alexander, Mrs. C. A. Bond, Mrs. Smith, Mrs. P. Woodard, Miss Mary Price, Mrs. Ronald Tom, Mrs. Sam Wilkinson, Mrs. Cullen Wilson and the hostess.

Visitors Week Plans Outlined By Sub Debs

Invitations will be issued to sub debs in 12 Texas cities by the local sub Debs for the visitors' week that begins on May 14, according to plans made Saturday when the club met in the home of Miss Mary Louise Wood.

Young women in San Angelo, Lubbock, Georgetown, Vernon, Eastland, El Paso, Waco, Idalou, Cisco, Oklaunion, Plainview and San Antonio will receive bids to join the social events here during that week.

Tentative arrangements have been made for holding open house at the home of the club president, Miss Nancy Phillips, and also for breakfasts, luncheons, barbecues, hayrides, picnics, swimming parties, hikes, scavenger hunts, a dawn dance, and also a grand finale affair.

Miss Wood used a theme of pink and white in the afternoon's appointments which were further carried out in the refreshment plate.

Suggestions were made as to performance of another play, the proceeds from which would go to the club treasury to sponsor a summer vacation trip for the members.

Sub Debs are Misses Phillips, Wood, Marguerite Reed, Bobby Taylor, Emily Stalup, Mary Nell Edwards, Evelyn Clements, Dorothy Ray Wilkinson, Don Hutto, Lave Lee Hannah, Gladys Mary Sanders, Camille Koberg and Inez Knaus.

Jimmy Shipman Scores Highest At Merry Night Club Party

Jimmy Shipman was highest scorer Friday evening when Mrs. Shollie Barnes entertained at her home for members of the Merry Night club for bridge. Mrs. Jimmie Tucker was the only guest.

Other prizes were awarded to Mrs. L. J. Terry who took the foster and the hostess who won at bingo.

After the games Watson Hammond was presented with a number of gifts in honor of his birthday anniversary.

Others present were Mrs. Hammond, Mrs. B. P. Franklin and L. R. Terry.

MRS. THOMAS NEEL AND PATRICIA NAN

Gay, Informal Affairs To Hold Social Spotlight During Week

Suppers, Banquets, Book Review And Play Are To Be Featured Attractions; Seniors To Take Part In Farewell Affairs

During May of each year social activities are centered around the high school graduating class and this year proves no exception but this week will disclose many other interesting events than those planned for graduation candidates what with the country club supper and the book review of Dale Carnegie's latest literary offering.

Beginning at 5:30 o'clock this afternoon, the Women's Golf association will sponsor another of the gay informal supper affairs which last month attracted more than 100 people. These gatherings are planned not only to raise funds for the June golf tournament but to get a greater number of people together, whether they be members of the club or not.

There will be a number of food articles for sale but one may purchase an appetizing plate for 35c. A hot-dog vendor will again peddle his wares following the brilliant success he enjoyed at the April social. Mrs. Travis Reed and her co-chairman, Mrs. David Watts and Mrs. Shirley Robbins, are planning some tasty dishes for the dinner.

Senior Play Monday is more or less church day and meetings of this nature will fill most of the afternoon. On Tuesday evening at 8 o'clock the senior class will present the annual play which will serve as a means for buying the diplomas for the graduates. Miss Camille Koberg, whose dramatic talents have shown unusual promise in amateur work, has been selected to play the leading feminine role and her opposite will be Homer Adams. Others who are to appear are Miss Eddy Ray, Miss Helen Rogers, Miss Janice Jacobs, Miss Nancy Phillips, Bobby McEwen, Harry Blomfield, and Billy Danner. Miss Dorothy Jordan has directed the students in the comedy farce.

Miss Pearl Butler, senior sponsor, has arranged for a glittering group of specialties for between acts that include many songs and dances.

All the many questions one asks himself about how to make friends and to win influence will be answered on Thursday evening 8 o'clock when Miss Evelyn Oppenheimer of Dallas reviews Dale Carnegie's "How to Win Friends and Influence."

Miss Oppenheimer, who has given several literary criticisms here during the year under the sponsorship of the 1936 Hyperion club will again appear under the auspices of that club. The review will be given in the Settles hotel ballroom.

Hoping to top all previous entertainments for the seniors, the Juniors and their sponsors are planning one of the most attractive affairs for the big event on Friday evening. It is the Junior-Senior banquet that will be followed by the poem. The theme is to be kept a secret until the doors are opened on the big night.

Places will be laid for more than 250 students and teachers. After the banquet the young people will gather at the school building where they will be honored with a dance in the gymnasium that is to be brilliantly decorated by the Parent-Teacher association who is sponsoring the affair.

At present arrangements have not been made for the prom but a popular band will be selected during the forepart of the week.

This event will be the conclusion of the week's activities and nothing more is scheduled for the group until May 21 when the Seniors will hold Senior Day.

Plans for an all-day program and clothing contests were made by the Howard County Home Demonstration council at the meeting Saturday in the county court room.

A basket lunch will be served at the city park at noon and in the afternoon the dress parade will be held in town at a place to be selected soon. Material prizes will be offered for ranking dresses in each class, instead of ribbons that have previously been offered.

Mrs. Ernest Hull and Mrs. Duke Lipscomb will select a picnic spot and Mrs. O. N. Green and Mrs. Alvin Lay will serve on the committee to arrange for the prizes.

An announcement was made that the June 12 meeting will be held on June 5. Club women were urged to attend the meeting Monday in Midland at which Miss Doose Hale, specialist in parent education and child development, will preside. The meeting is to begin at 2 o'clock and will be held in the county court house.

According to club reports more than 250 women attended club meetings last month.

Attending the council session were Mrs. Ernest Hull, and Mrs. W. O. Leonard, Center Point; Mrs. Bert Massingill and Mrs. W. A. Jackson, Vernalton; Mrs. Myrtle Spruill, Luther; Mrs. J. M. Wilson, Mrs. G. W. Graham, Mrs. C. A. Coffman, and Mrs. Alvin Lay and Mrs. M. L. Williams, Coahoma; Mrs. Shirley Fryar, Hixson; Mrs. H. C. Reid, R-Bar; Mrs. Duke Lipscomb and Mrs. Bob Asbury, Elbow; Mrs. Willard Smith, Fairview; Mrs. Ed Carpenter and Mrs. Pearl Hodnett, Vincent; Mrs. J. P. Shave and Mrs. O. N. Green, Chalk.

Plans for an all-day program and clothing contests were made by the Howard County Home Demonstration council at the meeting Saturday in the county court room.

The club is composed of "high school students and is headed by Walter McAllen who has arranged for the meal. Miss Mary Freeman will serve as toastmaster and also has assisted Miss Kathleen Williams and Frank Deason in preparing a program for entertainment. Miss Polly Tucker has selected flowers for the affair.

Mrs. Glenn Golden and Mrs. A. S. McMahon, club sponsors, are assisting the club.

Miss Jane Lee Hannah will sing "Mother," and with Miss Kathleen Williams will join in singing a duet arrangement of "The Rosary" and Miss Helen Duley will play a medley of mother songs on the piano.

PARMLEYS TO LUBBOCK

Mr. and Mrs. J. W. Parmley are to leave in the morning for Lubbock where Parmley will be employed in the Lubbock hotel drug store. He has recently been employed with Biles and Long pharmacy here.

Mother's Day Is Theme Of Class Party

Mother's day furnished the theme of the party of the Home-makers class of the First Baptist church Friday afternoon when the members met at the home of Mrs. E. C. Aramann.

The program included a medley of piano numbers by Mrs. Ira M. Powell, who with Mrs. Roy Lay sang "Mother Knows" as a duet, and a vocal number, "Wonderful Mother of Mine," by Mrs. Aramann. Miss Dorothy Lay read "My Mother" and afterwards Mrs. Aramann and Mrs. Ed Berger played a piano duet.

During the business session Mrs. M. C. Stulting gave the class report and Mrs. R. Milson reported as treasurer.

At the refreshment hour the hostess served an ice course to Mrs. Stulting, Mrs. Lay, Mrs. Bill Alexander, Mrs. Frank Evans, Mrs. Sears of Fort Worth, Mrs. Berger, a guest, Mrs. C. C. Ryan, Mrs. Stewart, Mrs. C. H. Boroff, Mrs. W. M. Fries, Mrs. Gentry, Mrs. Powell, Mrs. Roy Green, Mrs. L. C. Taylor and Mrs. H. C. Jenkins.

Mmes. Inkman, Cushing Are Informal Club High Scorers

Mrs. W. W. Inkman and Mrs. W. F. Cushing were highest scorers at the Informal Bridge club party Friday afternoon when Mrs. C. W. Cunningham was hostess at her home.

Mrs. Cushing was a guest player along with Mrs. Albert M. Fisher and Mrs. Joyce Fisher.

Others playing were Mrs. Shies Phillips, Mrs. J. D. Biles, Mrs. Homer McNew and Mrs. J. B. Young.

Mrs. Inkman will be the next hostess.

MRS. W. L. HANSHAW AND MICHAEL LOWNDES

Tributes To Local Mothers To Be Offered In Churches Today

Elaborate Programs Arranged To Commemorate The Day; Many Churches To Hold Sections To Accommodate Honored Guests

As a tribute to mothers of this city, churches today will devote sermons and musical services to the occasion and many houses are reserving sections for the honored guests at the meeting. To do honor to the mothers, the public is invited to join in the special offerings.

An elaborate program for the day has been arranged by the First Baptist church and will begin at the services this morning when members of the Young People's department are official greeters to present attending mothers with flowers. This church has reserved a mother's section.

"Faith of the Mothers" is the program topic and after the prayer, W. L. Grant is slated to sing "That Wonderful Mother of Mine," to be followed by the Bible story of "The Great Bible Mother." As a vocal duet Miss Emmogene Lay and Mrs. Grady Aeff will sing "Mother Knows" and Mrs. Ruth Hunter will read the Origin of Mothers Day. Miss Dorothy Lay will give an appropriate reading.

Feature of the morning will be the number, "If I Could Only Hear My Mother Pray Again," to be given by the duet quartet that is composed of Mrs. W. C. Blankenship, Mrs. Frank B. Boyle, Missa Lorene Anderson and Emmogene Lay, and Messrs. Alton Underwood, Orville Bryant, Tilton Bryant and Wayne Mathews.

At 6:30 o'clock the departments of the Baptist Training union will enact a pageant, "My Mother." A cast of sixteen and a chorus will present scenes from home life which will be illustrated by tableau, setting forth the influence of Christian parents and importance of correct home training.

Beginning at 10 o'clock high mass will be held at the St. Thomas Catholic church and will be featured with the singing of Leosch's Mass in C. Soloists will be Misses Jane Lee Hannah, Kathleen Williams, Mrs. Anna MacLanberg and Glenn Golden. Miss Helen Duley is the accompanist. Following mass members of the Pelican club will honor their mothers, an account of which will be found elsewhere in the society section.

At the First Christian church an anthem, "My Mother's Song," will be dedicated to the day.

George Crosthwaite will sing "Mother of Mine" and Messrs. Mildred Jones and Caroline Smith will offer a duet.

At 6:30 o'clock the First Methodist Young People's department will be hosts for an informal tea and program commemorating the day. The affair will be held in the church parlors and all members are urged to be present along with their mothers.

Readings will be given by Gene Anderson, Charles Billy Leatherwood and Wanda Louise Ford while Corneila Frazier will offer piano selections and Sam Darby will play accordion solos.

Mrs. Langley Named Fairview Delegate To Short Course

Members of the Fairview Home Demonstration club elected Mrs. Cletis Langley to serve as delegate to the A. and M. short course at a meeting held recently at the home of Mrs. M. L. Rowland.

Mrs. J. G. Hammack presided at the business and afterwards Mrs. W. H. Ward gave a short talk on the life of Governor James V. Alfred, stressing his early home life and schooling.

The hostess served refreshments to Mrs. D. C. Stroop of Royalty, and Mrs. E. M. Newton, guests, Mrs. Ray Smith, Mrs. Langley, Mrs. D. L. Knightstep, Mrs. Hammack, Mrs. J. W. Wooten, Mrs. Willard Smith, Mrs. Bill Barber, Mrs. Ed Johnson, Mrs. Lloyd Turner and Mrs. L. J. Davidson.

The next meeting will be held on May 20 at the home of Mrs. Ray Smith.

Class Has Party For Mothers

Susannah Wesley Class Also Honors Friends At ME Church

Honoring their mothers and friends, members of the Susannah Wesley class of the First Methodist church held a delightful party in the church parlors Friday afternoon when Mrs. S. P. Jones, Mrs. D. C. Sadler, Mrs. D. W. Rankin, Sr., Mrs. D. F. Bigony and Mrs. R. F. Vickers were co-hostesses for the affair.

The parlor was decorated with a profusion of spring flowers.

The program was opened with a prayer by Mrs. C. E. Thomas and afterwards members introduced their guests and presented them with a gift. Later Mrs. V. H. Flewellen led the group in singing with Mrs. Charles Morris as pianist.

Mrs. Fred Arrington gave a story on the Origin of Mother's Day that was followed by a song sung by Miss Mildred Jones. Bobo Hardy and Louise McClenny gave a reading appropriate to the occasion. Rita Thomas offered a violin solo and Mrs. Bernard Lamun rendered a vocal number.

Guests of the afternoon were Mrs. O. P. Griffin, Mrs. Joe E. Noel, Mrs. D. W. Lovelace, Mrs. Sam Eason, Mrs. D. H. Clingan, Mrs. Sarah Deats, Mrs. B. H. Settles, Mrs. J. B. Pickle, Mrs. E. G. Towler, Mrs. C. E. Johnson, Mrs. M. L. Musgrove, Mrs. L. M. Horn, Mrs. C. E. Talbot, Mrs. Ida Rowland, Mrs. John Nall, Mrs. A. C. Buss, Mrs. Sarah Taylor, Mrs. Pete Johnson, and Mrs. W. B. Hardy.

Members present were Mrs. A. C. Pruitt, Mrs. Emma S. Davis, Mrs. Ben Lovelace, Mrs. W. A. Miller, Mrs. G. E. Fleeman, Mrs. Arthur Pickle, Mrs. C. A. Bickley, Mrs. Thomas, Mrs. Jones, Mrs. Morris, Mrs. C. E. Shive, Mrs. Gould Wins, Mrs. F. D. Wilson, Mrs. Rankin, Mrs. R. L. Warren, Mrs. A. D. Franklin, Mrs. M. W. McCleskey, Mrs. Jerome Lusk, Mrs. F. V. Gates, Mrs. Sam J. Atkins, Mrs. Logan Baker, Mrs. Lowell Baird, Mrs. Lamun, Mrs. Flewellen, Mrs. Arrington, Mrs. J. C. Waits, Sr., and Mrs. Clem Ratliff.

Floyd Nolen, Miss Ila Ruth Boyd Married In Methodist Parsonage

Miss Ila Grace Boyd of Sherman became the bride of Floyd Nolen in a ceremony read by the Rev. C. A. Bickley Saturday afternoon in the First Methodist church parsonage.

The couple will make their home in the city where Nolen is associated with the Post Office cafe.

Chester Matheny left late Saturday for Waco where he will visit with his father who is ill. He was accompanied as far as Cisco by Mrs. Alfred Evans and children who will go from there to Brownwood to spend today with Mrs. Evans' mother.

Doc McQuinn is ill at his home, 111 Lexington.

TODAY'S ANNIVERSARY—Mother's Day.

A FULL REPORT NEEDED

"Investigation" of accidents and disasters, be it a probe of an airliner crash or a school explosion, often are considered routine and even futile affairs. But in many cases they have resulted in valuable findings that may lead to a repetition of life-taking events.

If ever a time was at hand for a thorough inquiry, it is now, into the explosion and subsequent crash of the German dirigible Hindenburg. For two principal reasons:

First, lighter-than-air navigation across the oceans had come to be accepted as a success; Germany had demonstrated that with trip after trip with both the Hindenburg and the Graf. If, after all those uneventful voyages, something radically wrong with dirigible construction and operation has transpired, that fault should be found if it is humanly possible. The German operations had gone too far to permit a cessation with the Lakehurst tragedy.

Second, friendly relations between the United States and the German governments require a definite finding on whether or not the Hindenburg was a victim of sabotage. This ugly charge has reared its head too often in the past two days to go ignored.

It is difficult, of course, to give that charge serious consideration. We Anglo-Saxons living in the strictly American atmosphere of the Southwest, where "isms" and their fanatic followers have made little or no impression, particularly are prone to dismiss lightly any mention of 'sabotage.' We are unfamiliar with it.

Such is not the case in multi-raced Europe, where fascism and communism are issues of great moment; where war preparations are seen first-hand; where the feeling between Jewry and Hitlerism is intense; where peoples of other backgrounds and other teachings follow zealously their various causes.

The European mind can accept this mention of "sabotage," can wonder if such practice has come about. Even the melting pot of the eastern United States can stir such wonder.

The suspicion could conceivably always rest in Germany that the great aircraft was a victim of American sabotage, unless evidence absolutely to the contrary is made clear. The United States will in this case want to be like an accused innocent man, anxious that the charge be proved false and this name cleared. Otherwise, the Hindenburg disaster could be magnified into an "incident" that would never make goodwill between the U.S. and the Reich.

International friendliness, as well as the advancement of aviation, requires a full report on what caused the Hindenburg crash.

+ Man About Manhattan +

By GEORGE TUCKER

NEW YORK—Joe Cook relays the hilarious anecdote about the Manhattan doctor who was so busy that even patients had difficulty gaining an audience.

One day a fellow arrived and asked for an interview. "You'll have to take off your clothes," the nurse informed him. "The doctor is so busy he hasn't time to wait for you to undress." So the man took off his clothes, and after a wait the doctor rushed in.

"What seems to be the trouble with you?" he inquired, motioning him to a pair of office scales.

"Nothing," said the fellow. "I'm just the collector from the gas company—you're overdue on payments."

Which recalls the one about the judge who visited his dentist for an extraction. Just as the gas was putting him under the dentist was startled to hear him boom: "Do you swear to pull the tooth, the whole tooth, and nothing but the tooth?"

Red-haired Constance Cummings, who graduated to stardom from the musical comedy halls of New York, is the star of a new hit. And before that she was the big moment in the eminently successful "Accent on Youth," which opened Xmas night two seasons ago. This is the girl who went west to Hollywood to begin her career and was advised to try something else—because she couldn't act.

It is practically impossible to get an audience with Ed Wynn, unannounced. Even his telephone calls come in code—and the code is changed every week or two. Augustus Dale had a simple but effective method of keeping pests at bay... his door is guarded by a villainous looking (but harmless) bulldog. Visitors who are the least apprehensive take one look at him and hurry away.

It costs you a quarter to talk to Joe Cook—who has a master attached to his door phone... If you are a friend, the coin is returned... the idea is just to avoid people who want to sell something or who like to take up other people's time.

Roosevelt held disliked by average congressman.
Little new deal patronage given representatives.
Best jobs awarded to powerful committee heads.
Wallace's "social democracy" arouses interest.

Congressional Emotion

WASHINGTON, May 8.—In connection with this new self-assertiveness within congress, it is an overlooked fact that the president and congressmen have never got along very well together personally. Frankly, the average congressman does not like President Roosevelt. He has never had much cause to.

Two emotions dominate congressional thought. One is fear, the other gratitude. The congressmen have had cause to fear the president politically, but they have not had much cause for personal gratitude.

Contrary to the popular opinion, not much patronage has been doled out to the average member of the house. They get a few postmasterships now and then, but this really causes them more trouble back home than any other part of their business. The best jobs have been going to the few powerful chairmen of the big congressional committees.

On top of this, several congressmen have come back from their districts, after making speeches for the president's court program, complaining that there was a noticeable lack of popular interest in the plan. One congressman, making a speech in a large southern city, drew an audience of only 150 people. Also their mail indicates there is far more popular concern over the approaching nuptials of the Duke and Mrs. Simpson.

Of such practical things are revolts made.

Prophet

The strange preachings of Agriculture Secretary Wallace lately have stirred considerable commotion among the thinkers of the new order.

They are all thumbing through copies of his speeches which are supposed to be prophetic of the coming "social democracy" (Wallace's phrase), but apparently he means something like a socialized democracy.

There is not much new in the Wallace philosophy. He merely says frankly what some of the less courageous new orderers have been hinting at. He says straight-forwardly, for instance, he wants permanent confiscatory taxes upon everyone who is making money so the government can continue to give to those who have little money, and thus operate a super-governmental spending machine to "balance the economic order."

One point which is new is that he wants to crush out all corporate power and have the government supervise corporations in some kind of cooperative arrangement for the control of production, prices and labor. He does not know how it can be done, but is trying to promote thinking along these lines, in hopes that the solution will develop.

When this is done, he says the government will then be able to control capital, labor and agriculture in a near-perfect state.

Utopia

It sounds slightly fascist in some particular, such as the control of group influences, but would preserve the democratic elective processes. What many of his hearers are wondering is how long democratic processes would last with the government in control of everything. It might work as long as wages and prices are being fixed ever higher and higher by the government, but by and by the government would happen to the democratic processes the first time this perfect democratic state decreed a wage cut for the national economic well-being.

What Wallace will have to do first is to make everyone as pure and unselfish as he is, and this may require a constitutional amendment repealing the law of human nature.

Tricked

Quite an inside scramble has developed over the high hats to be worn by that world's fair commission which will strut officially for the government in New York in 1939.

When the bill passed the house, the foreign affairs committee fixed it up to give two of its own members, Fish and Bloom, places on the commission. The bill provided for a commission composed of the secretaries of state, agriculture, commerce, labor and chairmen and ranking members of the foreign affairs committee of the house and senate.

But the senate did not propose to let that go. The senate eliminated the secretary of state and added the chairmen and ranking majority and minority members of its own senate committee on commerce, instead of foreign relations. But this left Senator Wagner of New York out, so the bill was again changed to add the two New York senators, Wagner and Copeland. The effect was to name Copeland twice, as he is also chairman of the commerce committee.

The commission serves without

The Thrill That Comes Once In A Lifetime

pay, but not without honors.

Check Up

Congressman Louis Ludlow's new book says that, among the 77 major laws passed during the new deal, 59 were written down by the executive branch of the government. That is the legislative branch really wrote only 18 of the new deal laws.

Hollywood

Sights and Sounds
By Robin Coons

HOLLYWOOD—John Trent, 29 and six feet tall, would have you believe that he isn't getting as many fan letters as his studio would have you believe he is. That's John Trent's modesty speaking, with a grin.

"Well, I guess a few of 'em do

ACTOR-AVIATOR
John Trent assembling one of Reginald Denny's model planes between film scenes.

trickle in," he says. "About just enough to keep me going." The truth, as usual, lies somewhere between Trent's modesty and the studio's enthusiasm.

Changes Name
LaVerne Brown was a TWA pilot when a scout for B. P. Schulberg noted his uniformed six feet, his handsome face, and the admiration of women passengers. He tried to get Brown to Hollywood right away, but the pilot was stand-offish.

"I didn't want to rush into anything," John Trent says. "I was making \$750 a month as a pilot, and I didn't know anything about pictures. I didn't want to jeopardize my standing by resigning."

When the airline agreed to make him a reserve pilot at \$1 a month, he changed his mind and came out. An Orange, Calif., boy, Trent early decided to become a pilot. He went into training for the purpose, here and in Virginia, and became a crackjack.

"I don't know anything about acting, but from what I've seen it's not so different from flying," he says. "When you're in a transport you've got to concentrate on a lot of things at once, you've got to handle all kinds of situations and keep a cool, level head. In pictures you've got to do the same things." (That's true, of course—unless you figure that in pictures you can do a re-take.)

Eager To Learn
Trent is going about his picture career as he did about aviation. He wants to know what makes things tick.

"I don't know how all this will turn out," he says, "but if I'm a flop here I can go back to piloting. Meanwhile, it's interesting and maybe I'll make a go of it."

It looks, too, as if he will. Mrs. D. H. Thornton, who has been visiting with her mother, Mrs. W. K. Lewis, on the ranch near Meridian, Miss.

RICHARDS AND WIFE TO PERFORM DURING BIG SPRING RODEO

T. J. Richards and wife, trick riders from Midland, have been engaged as special performers at Big Spring's Fourth Annual Cowboy Reunion and Rodeo July 4, 5 and 6. T. J. Richards, president of the rodeo association, said Saturday morning.

Richards is a familiar figure to West Texas rodeo fans. He was one of the troupe of cowboys who toured Europe under the direction of "Tex" Austin several years ago, and he has won trick-riding awards at Fort Worth, Cheyenne and Pendleton. Mrs. Richards is said to be as capable as her husband.

The Richards act will replace Mr. and Mrs. Johnny Farthing of Ardmore, Okla., on the rodeo program. The Farthings are now with Ringling Bros. circus.

Repairs to the stadium in Washington Division, an increase in publicity and advertising, mailing of prize lists to well-known performers are other activities of the rodeo officials.

GREENE IS SPEAKER FOR BUSINESS CLUB

Jimmy Greene, manager of the chamber of commerce, listed several outstanding benefits derived from the functioning of civic clubs in any community in a talk before the American Business club Friday.

Members were entertained by Miss Jacqueline Faw at the piano. J. F. Laney and Riggs P. Willis were introduced as new members of the club, and Julius Glickman was a guest. Chester Cluck was announced as new scoutmaster of the club-sponsored Boy Scout troop No. 6, west side unit.

LOSES STOCK FEEDING ON GREEN SHINNERY

W. P. Edwards said Friday that he had lost 20 head of three-year-old steers, feeding on green shinnery, and that 15 additional head were affected from the same cause on his Ector county ranch. He completed shipment of 400 head of yearlings to Teahoma, Okla. The lot looked eight cents and averaged 462 pounds.

EVE'S ORCHARD

By MARGARET WIDDEMER

Chapter 35
EVE BAKES AND SINGS
July and August; and still the routine of the baking, the routine of the old house, and being kind to the old man and little boy, and making—strangely—new friends. Finding herself pulled back into the village's rhythm because she was Aunt Lana's niece and the Grange, the book club, all the civic activities which had owed so much to her aunt's niece would do what her aunt's niece would do. She did it; it was something to do. "I couldn't have done differently," she told herself, working alone through the sunny mornings at her kitchen window. She did not mind thinking about things, now. At first it had hurt to think. Now it was things smoother, clearer. "I couldn't have set Judge adrift in th e condition he was in," couldn't even go off and quit on Uncle Henry now, bless his heart. She had saved a child, to grow up and be sound and right-minded and intelligent in a world that needed such children badly. She had kept a proud, decent old man from unhappiness and dependence. At least her unhappiness had not been in vain. It did not make her happy to feel this. But it made her feel safe. It made her feel right with herself. She had done what the old house made her do, the old house whose people had always stood for right first, for decency first. Whether or not she was ever happy again, she knew clearly that in the end she could be content. "If this had happened to me," she thought, "in the city, I couldn't have borne it. Out here I can." For the house was behind her. The house forgave her and took her back after her years of forgetting it. She was young and strong and normal. After a while she could forget some of the time, and laugh naturally, and be gay sometimes without pretending. Ellen came and went. Usually she brought some young actor with her. Hardly the same one twice. They would make a foursome with George, weekends, driving about the country, swimming, playing tennis. George's place was more and more a rendezvous for the young people around the country-side with its swimming pool, tennis courts, and a host whose house-keeper loved nothing better than to keep a company. There were quiet and companionship for Eve, as well as work. To her surprise the longing for Denny quieted little by little. She hoped they would not meet for a long time. And at last the summer was over; there was warm beautiful Connecticut September weather. "Welcome, Eve Keelars." Working in the old kitchen that September morning, young and light and strong, Eve realized that she was content. She liked to cook and be praised for it and make money by it. She liked to move about her own house and orchard if Denny, she supposed, it would bring the pain back. But she did not have to see Denny. Uncle Henry passed under the window in his straw hat, calling up a cheery word to her. Judge's clattering feet followed him: "Hey, wait for me!" he called shrilly. She could see the orchard slope, where the apples were ripening now in the hot morning sunning across the greenward. As she stood by her table, singing and beating eggs in the fresh wind, George came past too. He stopped by what had come to be his usual leaning-place, the outside sill. He said, smiling at her, yet with an odd intensity: "You look as if you liked to do that. Do you?" He was hatless and blue-shirted. He folded his bare sunburned arms on the sill as if he were in no hurry, and waited for her answer. She was delicious, her curls tied tight in an old copper-colored silk kerchief, her tall slimness wrapped in her long yellow apron, her face flushed with fresh as she scooped the sticky white dough out of the mixing machine. She laughed and nodded. "Yes, I do. Quicker, isn't it, after doing office work so long in New York?" But I suppose a string of actresses who lived out here and did this without a mixing machine are responsible. This is going to be eight handsome loaves of bread for the Methodist church supper. Then I scald it and make three handsome layer cakes for the same. I dug up all my aunt's sarabernalia, by great good luck it didn't go with the premises or it would be a ruin. "Did this cakes come out in layers?" "Idiot, of course not! But this thing does the beating for me, in a bigger quantity. If you'd only turned up a little later you could have baked the spoon." "I might go away and come back," George suggested, grinning. "Always wanted to lick the spoon, but the cook never let me. I say, isn't it all odd? Do you remember the night Milt brought me to your place first, our talking about kitchens, and both of us thinking the other was a proud city person who had never seen one? And here we are being homesick over, and I sticking my head inside, fresh from—" "Fresh from what, out with it!" She looked at him more curiously. "George, you angel, you've been up to some work of mercy, don't deny it." "Well, I didn't mean to boast—spraying your orchard. I couldn't do less considering I stole suckers last spring." She dashed to the oven before she spoke, and dragged a pan of rolls out triumphantly. "Just right. I hadn't forgotten. It's good, making things. Don't you love to make? I suppose everybody does." "Yes, I do, but lots don't. Remember, when you were little,

AT THE CHURCHES

CHRISTIAN SCIENCE SERVICE
 Room 1, Settles Hotel
 "Adam and Falla Man" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist on Sunday, May 9. The Golden Text is: "As we have borne the image of the earth, we shall also bear the image of the heavenly" (1 Corinthians 15:49).
 Among the citations which comprise the lesson-sermon is the following from the Bible: "And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul. Cursed ye from man, whose breath is in his nostrils: for wherein is he to be accounted of?" (Genesis 2:7; Isaiah 2:22).
 The lesson-sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man reflects God; mankind represents the Adamic race, and is a human, not a divine, creation" (page 525).

Filet Centerpiece

604

By PEGGY ROBERTS
Pattern No. 604

A filet centerpiece as attractive as this is something everyone will want and anyone can make. For filet work is just about the easiest kind of crochet, and such lovely pieces as this can be made of it. Using No. 20 cotton, it measures about 25 inches in diameter, making it suitable for a centerpiece in the dining room, or a cover on a smaller table.

The pattern envelope contains complete, easy-to-understand illustrated directions, with block and spoke diagrams; also what crochet hook and what material and how much you will need.
 To obtain this pattern, send for No. 604 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address: Big Spring Herald, Needlework Department, 72 Fifth Ave., New York, N. Y.
 (Copyright 1937, by Needlework Feature Service.)

HOUSTON LEADER IN BUILDING FIGURES

DALLAS, May 8 (AP)—Houston led the state in building permits issued during the week, with a total of \$1,176,785, bringing Houston's permits for the year to \$8,469,320. Other cities reported as follows:

	For Week	For Year
Dallas	\$1,176,785	\$3,031,276
Corpus Christi	78,690	1,184,482
Austin	82,689	1,485,169
Galveston	15,115	557,851
San Antonio	56,639	1,628,022
Lubbock	45,970	393,789
Fort Worth	37,509	3,399,473
Wichita Falls	11,350	154,749

The number of horses and mules on the farms of the United States continued to decline during 1936.

11 a. m. at St. Mary's Episcopal church. The rector will conduct the service and will deliver the sermon.
 Church School will meet at 9:45 a. m. with Mr. and Mrs. J. B. Hodges, Jr. in charge. The Adult Bible Class will meet at 10 a. m.
 Everyone is cordially invited to worship at St. Mary's.

BURKE OF NEBRASKA TO SPEAK IN DALLAS AGAINST COURT PLAN

Announcement that Sen. Edward R. Burke of Nebraska, a leader in the opposition to President Roosevelt's court reorganization proposal will speak in Dallas next Saturday night has been received by The Herald.

Word of the engagement came from L. L. James, state chairman of the Supreme Court Defense Association of Texas. Senator Burke's talk, scheduled from 8:30 to 9:30 p. m., will be broadcast over the Texas Quality Network, including stations WFAA, WEAP, WOAI and KPRC.

He will speak under auspices of the association and will present arguments against the president's plan to increase the court membership.

National Congress Of Parents, Teachers Urges Co-operation In Summer Round-Up

The National Congress of Parents and Teachers recognizes the importance of sending children to the entering grades of school in good physical and mental condition. The Summer Round-Up of the children is the major health project of the National Congress, and it includes examination in the spring of all children who will enter school for the first time in the fall; correction of all remediable defects during the summer; and a check-up in the fall to determine the condition of the children. As a result of this project, more children are entering school every year as free as possible from defects and protected against disease.

The National Congress of Parents and Teachers, therefore, advises parents wherever possible to take their children to their family physician and dentist for examination and treatment. Where this is not possible, group examinations arranged by local units are advised.

Local units of which Mrs. W. J. McAdams is general chairman are outlining the programs which they will follow during the summer months. South Ward last week began the work in their jurisdiction and other participating schools will have arranged schedules before the end of the month.

Chairmen of the various units are Mrs. L. A. Mayfield, South Ward; Mrs. R. D. McMillan, North Ward; Mrs. R. C. Williams, North Ward; and Mrs. H. E. Howie, West Ward. These women and their committeewomen are urging that parents co-operate in the movement.

Arlo Forrests Hosts To Bridge Club In Home At Stanton

STANTON, May 8—Honeyuckle, phlox and wild flowers lent a spring time air to the evening party with which Mr. and Mrs. Arlo Forrest entertained the Thursday Evening bridge club and guests at their home here Thursday.

Bridge furnished recreation for the group, and at the close of the games, the hosts served a delectable course.

Present were Mr. and Mrs. Phil Berry, Mr. and Mrs. O. B. Bryan, Mr. and Mrs. Bryan Henderson, Mr. and Mrs. Morgan Hall, Mr. and Mrs. Calvin Jones, Mr. and Mrs. James Jones, Mr. and Mrs. Ray Simpson, Mr. and Mrs. Phillip Scott, Mrs. Scott's mother, Mrs. Coughlin of Houston, Mr. and Mrs. Ronald Tom, Mr. and Mrs. Harold Haley, Mr. and Mrs. Gilbert Graves, Mr. and Mrs. Poe Woodard.

Mr. and Mrs. J. L. Terry and daughters are in Bangs to spend the day with Mrs. Terry's mother. They will attend the chamber of commerce convention in Brownwood on Monday and Tuesday.

Personally Speaking

Mrs. J. T. Allan is visiting her sister in Tyler where she will remain until the first of the month in interest of her health.

Mrs. J. P. Dodge is spending Mother's Day with her mother, Mrs. J. W. Grisham, in Venus.

Miss Jenette Dodge is spending the week-end with her sister, Mary Elizabeth and Zolli Mae, who are students in C.I.A. at Denton.

Mrs. J. Gordon Bristow has returned from a lengthy visit in Fort Worth.

Mrs. F. F. Gary has returned from San Antonio where she has been the guest of her daughter, Mrs. Belle Etheridge.

Eugene Thomas is in Shilo where he will attend the funeral service today for his grandmother, Mrs. J. H. Thomas.

Mrs. Lucille Cagle, Miss Sue Thomas and Mrs. Grace Lee Greenwood and children were guests of relatives in Snyder Friday.

Auxiliary Members Hold Social Hour At Home Of Mrs. Roy Reeder

Mrs. Roy Reeder was hostess for a social hour at her home Friday afternoon for members of the auxiliary to the American Business club.

The group spent the hour in conversation and later refreshments were served.

Attending were Mrs. C. A. Amis, Mrs. H. H. Kennedy, Mrs. J. W. Joiner, Mrs. W. D. Carnett and Mrs. Helen Duly.

The business session will be held at 7:30 Friday evening at the home of Mrs. J. W. Joiner.

PHOTOGRAPHER

Walter Oughton (above) has joined the Thurman Studio here to superintend the local firm's operation. He comes to Big Spring from the Chuck Studio at Abilene (an establishment recently purchased by Mel Thurman of this city), and previously had been engaged in photographic work in Belvidere, Ill., Belton and Denton. English-born, Oughton served in the Canadian forces in the World war and received his training as a photographer in Canada. As soon as the school term at Abilene closes, Oughton will be joined here by his wife and three children.

Martin Co. Farmers Plan Association

STANTON, May 8—Organization of a Texas Agricultural association unit in Martin county was begun with naming of temporary officers at a meeting at Tarzan Thursday night, according to County Agent G. A. Bond.

V. R. Sadler was named temporary chairman and Bonnie Walter temporary secretary and treasurer. Tentative arrangements have been made for a meeting at Courtney. Ten members were enrolled at the Tarzan gathering.

C. H. Day, prominent farm leader now on a speaking tour of the state, discussed the functions of the Texas Agricultural association of which he is an executive committee member. He stressed the fact that the association is first, an educational organization; second, that it is for improvement of the school roads, and so forth; and third, that it is a legislative organization, sponsoring laws for the betterment of the farmer.

Day, who was introduced by County Agent Bond, also told of meetings he had attended and of how the South differs in viewpoints. Texas, he explained, has had difficulty in making itself heard because it has not been organized.

CURTIS BISHOP SELLS SERIAL TO MAGAZINE

Curtis Bishop, former Herald sports writer and present publicity manager of the Big Spring Cowboy Reunion and Rodeo, has sold a 50,000-word serial to All-American Sports, a New York periodical. The football story, "Rumble-Dazzer," will appear in four issues of the magazine, beginning in the October number.

Small Speculators Warned
 ST. LOUIS (UP)—No. 1 troublemaker in the stock exchange is the little fellow who wants to plunge when he can't afford it. Or, as Thaddeus R. Benson, president of the Chicago stock exchange politely put it while in St. Louis: "Customers who want to speculate regardless of whether they can afford to do so, and who use little intelligent judgment."
