Homecoming Royalty - At left, Hanna Fortune was named the CPHS Homecoming Queen at the Homecoming Football Game on Saturday night. She was escorted by her brother, Gage Fortune. At right, the Coming Home Queen and King selected by the Cross Plains High School Ex-Students Assn, Jean Bonner McWilliams and Alvin Hutchins, both represented the decade of the 1960s. More Homecoming photos throughout the newspaper.

Hundreds of CPHS Exes Came Home for Homecoming

The rain didn't dampen the Buffalo Spirit for this past weekend's Homecoming Festivities.

The rain did relocate the Pep Rally to the gym, but the fireworks, tailgate party and dances continued on at Treadway Park.

Ex - Students gathered at the First Baptist Church on Saturday morning for Coffee and Registration. Former classmates visited with each other before the business meeting.

Coming Home King and Queen Nominees were introduced at the business meeting. They were:

From the Classes of the 1940s: Paul Freeman and Billie Jean Barr Guilbeau.

From the Classes of the 1950s: David Jennings and Bonita Horton.

From the Classes of the

1960s: Alvin Hutchins and Jean Bonner McWilliams. From the Classes of the 1970s: Greg Turner and Dannes Dickson Turner.

The nominees rode in the parade on Saturday afternoon and then the Alvin Hutchins and Jean Bonner McWilliams were crowned Coming Home King and Queen before the game on Saturday evening.

CPHS Senior Hanna Fortune was crowned Homecoming Queen during the halftime performance at the football game.

The Buffaloes triumphed over the Ranger Bulldogs 59-6, rounding out the Homecoming Weekend.

Exes enjoyed the After Game Coffee at the Library and the After Game Dance under the new pavilion at Treadway Park.

All in all, it was a great Homecoming Weekend with nice rain showers.

The Cross Plains Ex-Student's Association is ready to do it all again in the Fall of 2021.

Turkey Creek Rodeo Club Memorial Ranch Rodeo Set for September 15th

On September 15, the Turkey Creek Rodeo Club will be holding their 9th Annual Memorial Ranch Rodeo. Will Cook Canyon Ranch be able to defend their title as the best overall team or will the runners up from last year, Hitching Post and King Cutting Horses, knock them out of the saddle?

Twelve teams will be competing against each other for Best Overall Team, and the fastest team in each event. Each team will consist of 5 riders, one rider must be a female family member or youth family member (14 years of age or younger).

Ladies, we certainly aren't saying only one per team, let's see a lady's ranch team. Twelve teams mean that 60 riders will compete against

each other for the individual titles of Best Hand and Best Horse.

Rodeo is more than just adults; tomorrow's rodeo riders are today's Mutton Busters and Shetland Bronc riders.

Mutton Busting is for riders under 7 years of age and weighing less than 60 pounds. The first 20 paid entries (\$20 entry fee) will be accepted and will ride before the Grand Entry.

Shetland Bronc riding is split into two divisions. Jr. Shetland Broncs are for those riders under 9 years of age, Sr. Shetland Broncs are for riders between the ages of 10 and 13. The first 10 paid entries in each division will be accepted, \$60 entry fee.

The Ranch Rodeo will be held at the Turkey Creek Rodeo

Club arena, Hwy 36, Cross Plains, Texas.

The Grand Entry will begin at 5:30. Mutton Busters, please be checked in by 3:30, your event will be starting at 4 (before the grand entry).

General admission will be \$5 for Adults, \$3 for Students K-12, and free for those tykes not yet old enough for Kindergarten.

For entry forms and/or more information, please contact Ginger at 817-694-7991 or Josh at 325-669-4509.

Becky and Gil Tabor

BECKY TABOR'S MEDICAL FUND

A Fund has been set up for Becky and Gil Tabor at First Bank Texas and at First Financial Bank and at Texas Heritage Bank in Cross Plains. While vacationing in South Padre, Becky was in a tragic accident where a vehicle struck her. She was life flighted to University hospital in San Antonio where she has spent the last 6 days in ICU and was on a ventilator for 3 days. She has had surgery to repair a major fracture in her pelvis and still has 10 other fractures in her pelvis and 5 fractures in her lumbar. Becky also had a brain bleed that is resolving on its own but she will have a very long road to recovery.

Family asks for any donations to help ease the burden of medical bills and the Tabor's daily bills will be coming in. Becky will need at least 3 months of intensive Physical Therapy.

If you wish to help the Tabor Family by depositing into the account for her Medical Fund you may do so at Texas Heritage Bank in Cross Plains or at any of the First Bank Texas locations at Baird, Clyde or Abilene. The account name is "Becky Tabors Medical Fund" or "Becky Tabors Benefit Account"

We are eternally grateful for all the prayers and all that our community has done for our family!

Buffaloes Race Past Ranger 59-6 in Homecoming Battle on Saturday Night

By Al Pickett
Special Writer

The Cross Plains High School football team rolled up 570 yards total offense to pound Ranger 59-6 in a non-district game Saturday at Cross Plains. The Buffaloes finished the game with 386 yards rushing and 184 yards through the air. Ranger struck first, scoring on a 90-yard touchdown pass on its first offensive play of the game, but it was all Cross Plains after that.

Quarterback Caleb Hernandez led the way for the Buffaloes. He carried the ball 22 times for 185 yards and a pair of touchdowns and completed 11 of 20 passes for 171 yards and two more scores.

Cross Plains answered the early Ranger score when Hernandez hit Ty Tipton for a 15-yard touchdown pass. Trent Potter booted the extra point that gave the Buffaloes a 7-6 advantage, a lead they would never relinquish. Tipton scored on a 4-yard

reception from Hernandez and Sterling Switzer on a 1-yard plunge as Cross Plains stretched its lead to 20-6 at halftime.

The Buffaloes then blew the game open in the second half. Hernandez scored on runs of 13 and 28 yards in the third quarter. In the fourth period, Cedar Jones added a pair of 15-yard touchdown runs.

Jones finished with 68 and Sterling Switzer 65 yards rushing. Theron Allen was the Buffs' leading receiver with four catches for 47 yards.

Cross Plains, which is now 2-0, will go on the road Friday for the first time this season when it travels to San Angelo to face Texas Leadership Charter Academy.

Although Ranger, now 0-2, had 171 yards passing, the Buffaloes' defense held Ranger to a minus-35 yards on the ground and only two first downs.

Texas Tuition Promise Fund Opened for Enrollment September 1st

(AUSTIN) — The Texas Tuition Promise Fund®, the state's prepaid college tuition program, turns 10 years old this month. Texas Comptroller Glenn Hegar today reminds families that open enrollment for the program began Sept. 1 and runs through Feb. 28, 2019.

The Texas Tuition Promise Fund offers parents and loved ones the chance to prepay a child's future higher education at Texas public colleges and universities at today's prices. Since the program began in September 2008, more than 41,800 individuals have opened Texas Tuition Promise Fund accounts.

"Congratulations to the Texas Tuition Promise Fund for 10 years of helping families save for college," Hegar said. "Those who have put a loved one or themselves through college understand it's one of the most

expensive investments they'll ever make. This program gives families an additional tool to help plan for their children's future education."

Participants in the plan purchase prepaid "tuition units" that can be used later toward undergraduate resident tuition and schoolwide required fees at Texas public colleges and universities. Prices are based on 2018-19 academic year costs for the state's public colleges and universities.

Type I units, priced for undergraduate resident tuition and schoolwide required fees at the most expensive Texas public four-year university or college, cost \$142.74 per unit.

Type II units, based on the weighted average cost of undergraduate resident tuition and schoolwide required fees across all Texas public four-year universities and colleges, cost

\$101.95 per unit.

Type III units, priced at the weighted average cost of undergraduate resident tuition and schoolwide required fees across all Texas public two-year community colleges, cost \$25.64 per unit.

Under the plan, 100 units equal roughly one academic year consisting of 30 semester hours of undergraduate resident tuition and schoolwide required fees at the Texas public school that most closely matches the unit's pricing base. Participants can purchase up to 600 Type I units — approximately six academic years — or the dollar equivalent of Type II or III units.

The plan's flexible payment options include lump-sum payments, installment payments that include 8 percent interest or a pay-as-you-go option that allows participants to gradually add more units

as the family budget allows. Enrollment requires payment of a one-time application fee of \$25 and the purchase of at least one tuition unit of any type. Texas residency requirements apply. Future payments can be as low as \$15 if a pay-as-you-go account is established.

For more information about this prepaid college tuition program, including how the plan can be used for Texas private colleges and universities, out-of-state colleges and universities, and career schools, go to TuitionPromise.org or call 800-445-GRAD (4723), Option 5. A calculator is available on the website that provides estimates on the type and number of units currently needed for any Texas public college or university.

Purchasers should carefully consider the risks, administrative fees, service and other charges and expenses associated with

the contracts, including plan termination and decreased transfer or refund value. The Plan Description and Master Agreement contains this and other information about the plan and may be obtained by visiting the website or calling 800-445-GRAD (4723), Option 5. Purchasers should read these documents carefully before purchasing a contract. Participation in the plan does not guarantee admission to or graduation from any college or university.

Comments or complaints may be forwarded to the Prepaid Higher Education Tuition Program, Office of the Comptroller of Public Accounts at P.O. Box 13407, Austin, Texas 78711-3407, or by calling 512-936-2064.

Texas Secretary Reminds Texans to Register to Vote by October 9th

AUSTIN, TX – Texas Secretary of State Rolando Pablos today reminded all eligible Texans to register to vote by October 9th and to make all necessary preparations to be able to cast a ballot in the upcoming November 6 General Election.

Secretary Pablos encouraged all eligible Texas voters to ensure that they:

- (1) are registered to vote in their county of residence
- (2) are aware of what they need to bring to the polls in order to cast a ballot.

Additionally, Secretary Pablos urged voters to contact their respective county elections offices to become familiar with their ballot, locate their appropriate polling location, and plan their trip to the polls.

With the October 9th voter registration deadline just over a month away, Secretary Pablos issued one last call-to-action by urging Texans to register and take the necessary steps to be prepared to vote.

"Don't wait until the last minute, make sure you are registered well in advance of the October 9th voter registration deadline so that you cast a ballot in the November General Election," Secretary Pablos said. "The Texas Secretary of State's office wants to ensure that all eligible Texans can cast their ballots with confidence this November, and the first step in doing so is to make sure you are registered and ready to make

your trip to the polls."

Eligible Texans who are not already registered to vote may complete and print a voter registration application here, or request an application from their county elections administrator. Once completed, eligible Texas voters may submit the application to the county voter registrar in their county of residence. Completed voter registration applications must be postmarked by October 9th, 2018 in order to be accepted. Texans may check to see if they are already registered to vote through the Texas Secretary of State's web site or by visiting www.votetexas.gov.

"Prepare yourself, inform yourself, and empower yourself," Secretary Pablos said. "As a Texas voter, you can set an example for your fellow Texans by showing your commitment to civic engagement. We will continue working with election officials across the Lone Star State to make sure all eligible Texans have the information and resources they need to register to vote and make their voices heard."

To avoid longer waiting times on Election Day, the Texas Secretary of State encourages eligible registered voters to vote during the early voting period from Monday, October 22nd to Friday, November 2nd, 2018. During the early voting period, Texas voters can cast a ballot at any location in their county of registration.

Additionally, Secretary Pablos has proclaimed the first Friday of the early voting period (October 26th) to be Student Voting Day in the State of Texas, when all eligible Texas students are encouraged to cast their ballot in their county's nearest polling location during times that do not conflict with their scholastic obligations.

Secretary Pablos also reminds Texas voters who possess one of the seven approved forms of photo ID that they must present that ID at the polls. Voters who do not possess and cannot reasonably obtain one of the seven forms of approved photo ID may execute a Reasonable

Impediment Declaration form, available to them at each polling location, and provide a supporting form of identification. Additionally, certain voters may qualify for certain exemptions to presenting an acceptable form of photo identification or following the Reasonable Impediment Declaration procedure.

The seven forms of approved photo ID are:

- Texas Driver License issued by the Texas Department of Public Safety (DPS);
- Texas Election Identification Certificate issued by DPS;
- Texas Personal Identification Card issued by DPS;
- Texas Handgun License issued by DPS;
- United States Military Identification Card containing the person's photograph;
- United States Citizenship Certificate containing the person's photograph; and
- United States Passport (book or card)

With the exception of the U.S. Citizenship Certificate, which does not expire, the acceptable photo ID must be current or, for voters aged 18-69, have expired no more than four years before being presented for voter qualification at the polling place. A voter 70 years of age or older may use a form of acceptable photo ID listed above that has expired for any length of time if the identification is otherwise valid.

If a voter does not possess one of the forms of acceptable photo identification listed above, and the voter cannot reasonably obtain such identification, the voter may fill out a Reasonable Impediment Declaration form, which will be available at each polling location, and present a copy or original of one of the following supporting forms of identification:

- a government document that shows the voter's name and an address, including the voter's voter registration certificate;
- a current utility bill;
- a bank statement;
- a government check;
- a paycheck;
- a certified domestic (from a U.S. state or territory) birth

certificate; or

- a document confirming birth admissible in a court of law which establishes the voter's identity (which may include a foreign birth document)

The address on an acceptable form of photo identification or a supporting form of identification, if applicable, does not have to match the voter's address on the list of registered voters.

If a voter meets these requirements and is otherwise eligible to vote, the voter will be able to cast a regular ballot in the election.

Voters with a disability may apply with the county voter registrar for a permanent exemption to presenting an acceptable form of photo identification or following the Reasonable Impediment Declaration procedure at the polls. Voters with a religious objection to being photographed or voters who do not present an acceptable form of photo identification or follow the Reasonable Impediment Declaration procedure at the polls because of certain natural disasters may apply for a temporary exemption to presenting an acceptable form of photo identification or following the Reasonable Impediment Declaration procedure. For more details, voters may contact their county voter registrar.

Voters with questions about how to cast a ballot in upcoming elections can call 1-800-252-VOTE

DO UNTO OTHERS ...

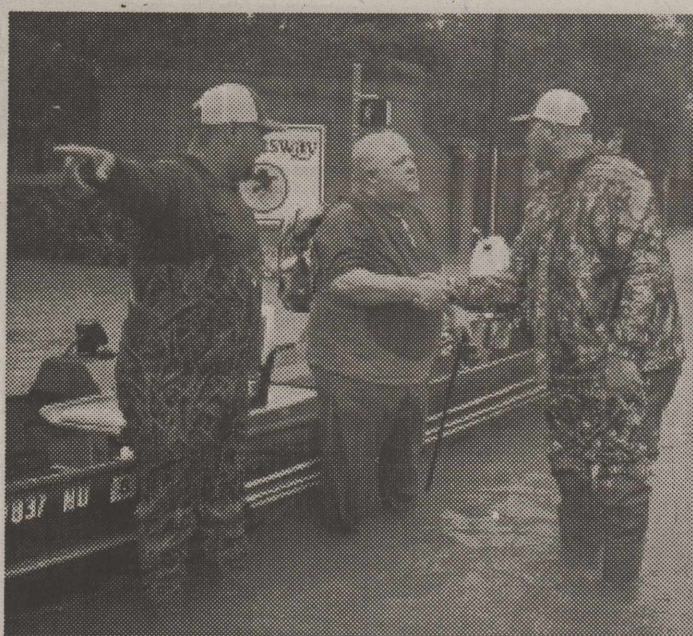

The Golden Rule says it plainly: "Do unto others as you would have them do unto you."

I'm not going to get all preachy on ya, but I am going to commend some actions by hunters and fishermen that show a side of them that is common to many, but unseen and certainly under-reported by the anti or the media, other than by some outdoor writers.

There are countless stories of sportsmen pulling people out of ditches and snow drifts (even ME once, near Cloudercroft). Or giving rides or assistance to stranded motorists. Jerry Cooke, former manager of the Black Gap Wildlife Management Area in the Big Bend, passed an old Winnebago with a flat tire once on the side of a sparsely-travelled West Texas road. Two elderly people stood by their rig. He turned around, went back, and changed the tire for them. As Cooke stood up, the elderly man proffered a hundred-dollar bill. Cooke politely declined it, wished them well, and drove away.

I was told of a fisherman with a new boat he was just learning to back. He jack-knifed it into the boat ramp railing and became stuck. Another fisherman pulled up and spent 30-45 minutes helping him un-stick his folly and get it launched. The novice boat-backer thanked him and introduced himself. The other fisherman was Rick Clunn, champion tournament fisherman, there to pre-fish the lake prior to a big tournament. He took valuable practice time to help.

Sometimes, kindness involves wildlife. Jim Darnell is a minister who was fishing one day when he saw coyotes chase a young doe into the lake. The doe swam out far enough to evade the pack but was beginning to tire from the chase and the swim. Darnell pulled alongside the doe as it was about to go under, grabbed it by the scruff of her neck, and

A grateful Houstonian thanks sportsmen who towed their boat to the Bayou City to help evacuate stranded residents when Hurricane Harvey inundated the area with torrential rains and left hundreds of residents stranded a year ago last week. Jay Janner photo courtesy the Austin American Statesman.

towed it toward shore until its feet touched bottom. The doe stumbled out of the lake toward brush, but stopped at the edge, turned and looked at Darnell for almost a minute, before disappearing into the thicket. Jim took that as its silent way of saying thanks.

Accounts of game wardens helping people are numerous. One cold night, I had truck trouble inside a 3,000-acre deer lease. The transmission wouldn't engage. I contacted a warden, who directed a wrecker to an adjoining ranch about a mile away that was as close as he could get to us. We hoofed

it to that ranch, climbed a fence, met the wrecker, and got home about midnight.

But, as it's just past the anniversary of Hurricane Harvey, one of the most selfless incidents of sportsmen helping those in need was the armada of fishing boats and duck hunting crafts that hitched up in Louisiana and all over Texas and towed their boats to help ferry helpless people in a Dunkirk-like rescue in Houston and other towns hard hit by Harvey.

If an opportunity occurs, maybe you can help someone this season, too.

Celebrate our Constitution with Patriotic Pride

Constitution Day is our national observance on September 17th commemorating that day in 1787 when America's original founding document was signed by 39 Founders at the Constitutional Convention in Philadelphia.

Constitution knowledge is lamentably lacking. It is learned from our historic founding documents (1776 Declaration of Independence, 1782 National Mottos, 1787 Preamble & Constitution, 1791 Bill of Rights & 1797 Treaty of Tripoli) and their recorded history.

The Declaration of Independence is not law, used universal terms inclusive of all religious and non-

religious beliefs, and declared government derives its just powers from "the Consent of the Governed". Only 17% of colonists belonged to religious congregations in 1776.

The 3 original National Mottos created by our Founders are secular - "E Pluribus Unum (One From Many), "Novos Ardo Seclorum" (New Order of the Ages) and "Annuit Coeptis" (Undertakings Favored).

The Constitution Preamble states 6 secular reasons our nation was created for "We the People". The Constitution is the original document lawfully creating our secular government. The Bill of Rights (first 10 Amendments) provides individual liberties for Americans.

The Constitution creates three separate and independent government branches for an equal balance of power. The legislative branch enacts law (Article I), executive branch

executes law (Article II), and judicial branch interprets law with authority to decide all Constitution cases (Article III). Article V provides only two ways to amend the

Constitution: (1) constitutional convention requiring 2/3s of state legislatures to convene and enact amendment, then ratification by 3/4s of states (no amendments); or (2)

amendment enactment by 2/3s of US Senate and House of Representatives, then ratification by 3/4s of states (all 27 amendments). It cannot be amended by citizen petition.

The secular Constitution contains no religious deity reference and commands "no religious test" shall ever be required as a qualification to any public office (Article VI). History documents there were no public prayers during the 116 day Constitutional Convention. James Madison reminded delegates of its secular purpose - "This is derived from the superior power of the people."

The First Amendment provides, respectively, our historic trinity of religious freedoms - (1) freedom from public religion, (2) freedom of private religion (or no religion), and (3) freedom for speech about religion. These freedoms cannot be used to violate the freedom of others.

It is fact, history and law our Constitution created a secular republic - not one based on religion. This was publicly and permanently proclaimed by our Founders in the Treaty of Tripoli, an international legal document written during 1st President George Washington's administration, unanimously ratified by the US Senate and signed by 2nd President John Adams, notifying the world "... The United States of America is not in any sense founded on the Christian religion".

World history records the horrible human harm caused for centuries throughout Europe when governments and religion combined. Separation of church

and state is a fundamental liberty of free people keeping public government out of private religion and private religion out of public government. It was clearly intended by our Founders as provided by their founding documents, indisputably documented by countless historic records, publicly acknowledged by every President except the current clueless contrarian, and continuously confirmed as the law of our land by the judiciary.

We became the first nation in history to constitutionally provide individual belief freedom and also a genesis for the historic Uniform Declaration of Human Rights adopted by the United Nations in 1948 declaring "... everyone shall have the right to freedom of thought, conscience and religion." We can truly celebrate with patriotic pride our American Constitution.

Our original founding documents, unlike foreign religious scripture, were written in English in America by Americans for Americans and exist for accurate interpretation. They cannot be selectively spun like non-original copies of questionably translated foreign religious scripture from antiquity.

History deniers and revisionists with self-serving sectarian agendas deliberately disregard our secular founding. Their unqualified and ill-conceived viewpoints are based on their religious ideology and not on facts, history, law or our founding documents.

We are one nation under our Constitution lawfully and one nation under Canada geographically, but not one nation under any religion historically.

The very definition of a republic is "...a nation of laws and not of man." - 2nd President JOHN ADAMS

"The Constitution is a guide which I will never abandon." - 1st President GEORGE WASHINGTON

"Don't interfere with anything in the Constitution. That must be maintained for it is the only safeguard of our liberties." - 16th President ABRAHAM LINCOLN

LAST CHANCE TO SAVE ON TEXAS' HISTORIC PRESERVATION CONFERENCE

Be an early bird and sign up by September 14 for Real Places 2019, bringing together a vast network of individuals and organizations dedicated to preserving, revitalizing, and experiencing Texas' historic places. The conference is January 16-18 in Austin.

Gene Kranz, leader of the "Tiger Team" of flight directors who brought the Apollo 13 spaceship safely back to Earth on April 17, 1970, will be the keynote speaker at our THC Preservation Awards Banquet on the evening of Thursday, January 17. Preceding Kranz's keynote, the final breakout session on Thursday will be about the complicated restoration of the Apollo Mission Control Center, the threatened National Historic Landmark in Houston where Kranz and his colleagues directed the Apollo missions.

Other featured speakers include bestselling author and museum expert Nina Simon, architect and urban planner Curtis Davis, and author, craftsman, and TV personality Brent Hull. Visit thcfriends.org/real-places-2019-schedule for a complete list of topics and speakers.

Conference attendees will learn best practices and strategies to promote and increase visitation to their community's historic places and to protect and preserve the rich heritage of the Lone Star State.

The registration fee will increase on September 15 and walk-ins will be welcome but now is the time to save your spot at a discounted rate. For more information, including a schedule, registration, and speaker bios, visit realplaces.us. For questions about registration, contact 512-258-7474 or info@realplaces.us. ENTER #TEXASWWI PHOTO CONTEST

FOR A CHANCE TO BE FEATURED ON THC'S SOCIAL MEDIA

The Texas Historical Commission (THC) is seeking photos and stories of people, places, and events that took place during World War I. Nearly 200,000 Texans served in World War I, and the THC will commemorate their service by sharing photos and stories of these homeland heroes leading up to the 100th anniversary of the armistice. Simply tag your posts or photos or leave a comment on social media with #TexasWWI for a chance to be featured on our social media channels.

The 100th anniversary of Armistice Day—November 11, 2018—provides an opportunity to remember Texans who went beyond the call of duty, and to commemorate their valor and sacrifice. The holiday was first known as Armistice Day in recognition of the Great War ceasefire—achieved by the signing of an armistice at the 11th hour of the 11th day of the 11th month in 1918.

To learn more about upcoming Veterans Day events and to get involved with the Texas World War I Centennial, visit texasworldwar1centennial.org.

Explore World War I history by visiting TexasTimeTravel.com, where users can discover World War I sites across the Lone Star State, download the THC's newest free travel guide Texas and the Great War, and experience the Great War through the THC's interactive mobile app tour.

SUBMIT EVENTS FOR TEXAS HISTORICAL COMMISSION'S ARCHAEOLOGY MONTH CALENDAR

Every October, Texas Archeology Month (TAM) celebrates the spirit of discovery and promotes awareness of archeological programs throughout the state. The Texas Historical Commission (THC) is accepting event submissions

from the public for the annual TAM Calendar of Events. The THC invites anyone hosting an archeology or history-related event in conjunction with TAM to submit information online at thc.texas.gov/tam. The deadline for submissions is September 15.

TAM aims to help Texans understand the importance of the state's archeological resources; the depth and richness of our heritage, from former dwelling sites of prehistoric hunters and gatherers to shipwrecks and military sites; and the contributions made by professionals and avocational archeologists to our understanding of Texas' ancient and recent past.

Submitted information will be added to the TAM Calendar of Events on the THC website. The calendar will be updated biweekly through late September. To ensure an event is included, THC staff urges contributors to use the electronic form on the TAM page in lieu of mail or email. TAM is a collaboration between the THC, the Texas Archeological Society, the Council of Texas Archeologists, and statewide County Historical Commissions. For more information, contact the TAM coordinator Casey Hanson at 512-463-5915.

APPLICATIONS FOR 2019 OFFICIAL TEXAS HISTORICAL MARKERS NOW BEING ACCEPTED

The Texas Historical Commission (THC) is currently accepting historical marker applications for subject markers, designated Historic Texas Cemeteries (HTC), and Recorded Texas Historic Landmarks (RTHLs).

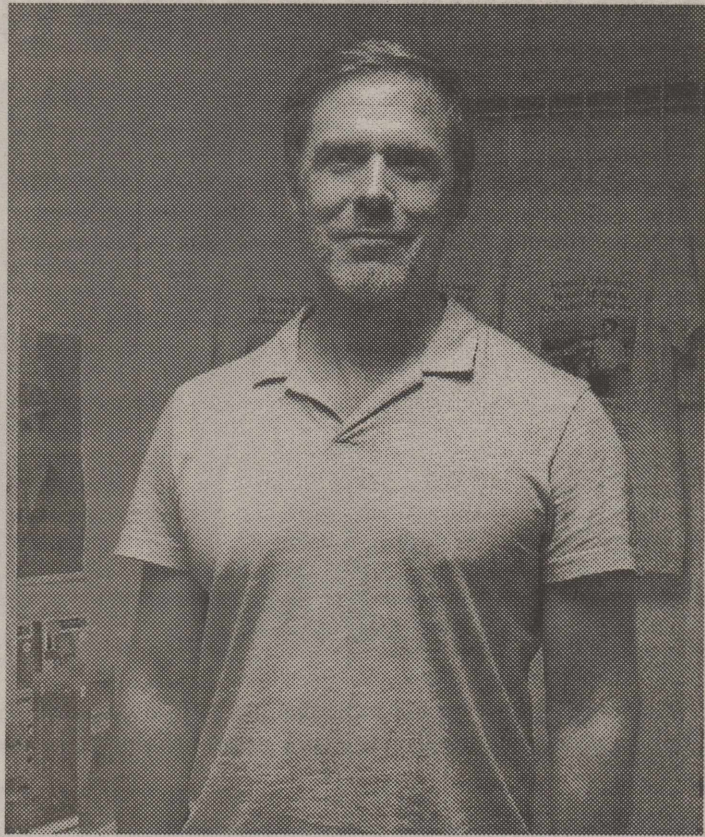

Applications must be submitted to the appropriate County Historical Commission (CHC), and the deadline for CHCs to forward applications to the THC is November 15, via email, to markerapplication@thc.texas.gov. The THC will

approve inscriptions for up to 185 new applications; up to 15 additional marker inscriptions will be approved through the Undertold Stories marker program next summer.

One of the most visible programs of the THC, historical markers commemorate diverse topics from the history and architecture of houses and commercial buildings to religious congregations and individuals that have made lasting contributions to state and local history. With nearly 17,000 to date, historical markers can be found in all 254 Texas counties.

Applications for historical markers are available, along with a marker toolkit—a one-stop-shop providing the basic steps of applying for a marker—on the THC website at thc.texas.gov/MarkerToolkit.

To learn more about the Official Texas Historical Marker Program, visit thc.texas.gov/markers or contact the THC's History Programs Division at 512-463-5853.

The Texas History Minute Sponsored by: HANNER CHEVROLET

Texas Native General Walton Walker

"All my life I have been a soldier and nothing else," was the modest claim from one of America's most determined generals. A decorated veteran of three wars, Texas native Walton Walker was respected by his superiors and by the men under his command. Though he was only 5 feet 5 inches tall, Walker was a stout figure known for his bravery. He would serve 38 years in the army, fighting in some of the nation's most difficult wars before he gave ultimately gave his own life for his country.

Walton Harris Walker was born in December 1889 in Belton, a small community south of Waco. The future general had an older brother who died in infancy. He could trace his ancestry to veterans of both the American Revolution and the Civil War. His father, Sam Walker, was a civic-minded store owner who co-founded the public library in Belton. He was close to his father as a youngster; and his father told him heroic tales of Texas History. And his father made sure he had the best education possible, sending him to private schools as a youth and to the Virginia Military Institute after his 1907 high school graduation.

From his youth, he had dreams of being a soldier. In 1908, he earned an appointment to the United States Military Academy and quickly transferred over from VMI. He was a popular cadet, picking up the nickname "Johnnie Walker." He graduated from West Point in 1912.

As a new lieutenant, Walker was assigned to the 19th Infantry, based in Illinois. With the Mexican Revolution spiraling out of control, Walker was often part of army efforts to contain the chaos. In 1914, he was sent to Veracruz to help protect American business interests in the area. In 1916, in response to Pancho Villa's raid on the border town of Columbus, New Mexico, Walker was made part of Gen. John J. Pershing's expedition to capture Villa. During this expedition, he served with young officers George S. Patton and Dwight D. Eisenhower, both to become life-long friends. After the expedition's inconclusive end, Walker was stationed in Texas until the United States entered World War I.

In 1917, now a captain, he was assigned to the 13th Machine Gun Battalion and sent to France. He saw action in many intense battles and was cited for his bravery under fire. He served with the Allied occupation of Germany before returning to the United States.

During the interwar years, Walker served in a variety of posts. He married in 1924, and the couple's son, Sam Sims Walker, named for Walker's father and deceased brother, eventually became an army general himself. Walker served as an instructor at Ft. Benning, Georgia, for a time and also underwent further tactical training by the army. From 1930 to 1933, he also commanded an

army force in China. In 1936, now a lieutenant colonel, Walker commanded the 5th Infantry Brigade under Gen. George Marshall, who would serve a pivotal role in World War II as Army Chief of Staff.

When the nation entered World War II after the attack on Pearl Harbor in 1941, Walker asked Marshall to serve under Gen. Patton as he organized America's tank forces. Walker was promoted to general and commander of the 3rd Armored Battalion where he worked with Patton to perfect fighting techniques with tanks.

Patton had established the Desert Training Center, which stretched across portions of California and Arizona, to simulate conditions American troops would face in North Africa. After Patton's transfer to North Africa in 1942, Walker took command of the center and modified it to include infantry and artillery in addition to tanks. Ultimately, the Desert Training Center would train more than one million troops during World War II.

By 1944, he and the XX Corps were assigned to England in preparation for the Allied invasion of France. Ultimately serving under Patton's Third Army, Walker would help deliver the crippling blow to the Nazis that would lead the Allies to victory.
