UN Troops Probe Chinese Lines For New Build-Ups

Beat This Drive, Try For Peace

WASHINGTON, May 22. (AP) — Gen. Omar Bradley said today that United States military high command hopes a Korean peace can be negotiated if United Nations troops "bump off" the present Communist offensive.

Testifying at Senate hearings, Bradley said that military men had hoped in March that some peace move could be made. He added:

"We still hope that we will be in a position to again propose something through the United Nations would would end up in negotiations and cessation of hostilities."

Bradley said that the March truce effort had to be abandoned when Gen. Douglas MacArthur served what Secretary of Defense Marshall described as an "ultimatum" on the Chinese commander in the field.

STRATEGY WEEKS OLD

President Truman has said he made up his mind to dismiss MacArthur from the Far East commands because of this move.

Bradley made it plain that Korean strategy has been keyed for weeks now to the hope peace negotiations might follow if the Communists' spring offensive was met and broken.

Bradley told senators that as early as February this possibility was discussed by the military Joint Chiefs of Staff.

He related:

"At that time we were reasonably sure a new attack would come sometime in the spring, and if you can bump that off, as it were, you are in a much better position to negotiate than you would be if you couldn't contain it."

WANTED GUIDANCE

Bradley, chairman of the Joint Chiefs of Staff, was testifying at hearings by the Senate Armed Services and Foreign Relations Committees on the dismissal of Gen. Douglas MacArthur as Far Eastern commander.

The expected spring offensive has been launched by the Communists and U.N. troops thus far have succeeded in preventing any major breakthrough, while punishing the attackers severely.

Bradley said that in February the military leaders wanted some "political guidance" but understood that "until the situation is a little better known as to whether or not we can contain it, that the Unied Nations would have some trouble formulating policy."

LUCKIER THAN COMRADES

This Chinese prisoner was wounded, but he was more fortunate than hundreds of his slain comrades. The captives were taken to a collection point south of Chunchon on the central Korean front. Estimates placed Communist casualties at 35,000 in the five-day enemy drive on the east central area.

Rationing Of Meat Seen - Grange Head

By OVID A. MARTIN

WASHINGTON, May 22. (AP) — Herschel D. Newsome, master of the National Grange, predicted today that the government's present program of price controls will force rationing of meat before long.

He said a recent rollback in cattle and meat prices will increase consumer buying power to the extent that there will not be enough meat to go around.

Price Director Michael V. DiSalle has contended there is no evidence which would indicate any early need for rationing of meat.

Newsom made his forecast in connection with a luncheon sponsored by five major farm organizations for newsmen. All five issued statements expressnig opposition to various phases of the government's stabilization program as it affects agriculture.

Representatives of the Grange were due, too, to testify before the House Banking Committee, along with cattle industry spokesmen, on extension of the Defense Production Act, due to expire June 30.

The Senate Banking Committee, occupied with the same subject, turned today to the problems of holding down rents and making it tougher to buy a home.

It took up an administration request for extension and tightening the rent control law and another for authority to extend credit curbs, now applicable only on new home purchases, to resale of older buildings.

Working against time, the committee divided forces. Part of its membership sat as a full committee to take testimony on the defense production act, and part sat —also with full committee status —to hear testimony whether to reform the Reconstruction Finance Corporation.

To Link Atom Control With Arms Control

UNITED NATIONS, N. Y., May 22. (AP)—The United States is seeking to combine United Nations talks on atomic control with those under way on regulation and reduction of conventional type armaments.

This represents a reversal of which in 1946 and 1947 strongly opposed such a Russian-advocated linking of atomic and arms talks. The United States view prevailed at that time and the UN created two separate agencies — the Atomic Energy Commission and the Commission for Conventional Armaments.

The first hint of a United States change came last October, when President Truman told the General Assembly he favored a review of the problem to see whether the atomic and arms discussions should be combined.

The UN disclosed Monday night that this committee would meet Friday to receive an American plan for merging the commissions under the title "Commission for the Control of Armaments and Armed Forces."

Senator Wiley Denies Reports

WASHINGTON, May 22. (AP) — Senator Wiley (R-Wis) denounced as a "damned lie" today reports that he and other Republicans are out to "get" Secretary of State Acheson in the MacArthur inquiry.

Wiley's outburst came when the Senate Armed Services and Foreign Relations Committees met to continue hearings on the ouster of Gen. MacArthur.

Wiley told his colleagues there had been "inspired newspaper reports" that he and other Republicans were cooniving on "a strategy of getting some administration witness."

"I say that is a damned lie," he declared.

Small Fire in Cafe

A minor electrical fire at the Sportsman Drive - In cafe, 1910 Avenue S, was out when fire equipment arrived last night.

Firemen said that the fire was caused by electrical wiring on a neon sign.

House Fire Kills Man

CLEBURNE, May 22. (AP) —Alfred Lee Fagan, 35, operator of a Cleburne drive-in cafe, was burned to death early today in a fire at his home.

No Shows Of Oil in Test Of Long Well

Shell Oil Co. No. 1 W. L. Long, North - Central Borden County wildcat, is at total depth of 8,905 feet in an unidentified dolomite formation. Operator is now conditioning mud to drill deeper following a drillstem test at 8,843-8,905 feet.

With tool open 30 minutes on the test, a strong blow of air surfaced in 22 minutes and then died. Operator was using a five-eighth-inch bottomhole choke with a one-inch top choke.

After the blow of air died, the tool was shut in. When it was reopened, a weak blow of air surfaced for eighth minutes and died.

Recovery was 4,320 feet of drilling mud and 1,710 feet of mud cut salty sulphur water with no shows of oil or gas.

No. 1 Long is located one and one-half miles northwest of Gail in section 29, block 30, T-5-N, T&P survey. It was originally slated to drill to 9,000 feet to test the Elelnburger.

FINDS REEF

Kewanee Oil & Gas Co. No. 2 Oliver, offset to production from the Pennsylvanian reef in the No. 1 Oliver, has topped the reef at 6,538 feet and is now drillstem testing at 6,555-6,595 feet. This is the first offset to the No. 1 Oliver to find the reef.

The No. 1 Oliver topped the reef at 6,380 feet, 90 feet high on that marker to the nearest producer in the Salt Creek field. No. 1 Oliver is en and one- half miles northfo the Salt Creek field. No. 1 Oliver is one and one-half miles north of the nearest oil well in the Salt Creek field. No. 2 Oliver is a one-location north offset to the No. 1

Spanish Labor Protests Costs

MADRID, Spain, May 22. (AP) — Madrid's workers struck today — but only indirectly — against the high cost of living.

Braving an overwhelming display of government force and harsh official threats that those late to work or absent would be fired, an estimated 95 per cent of the normal bus, streetcar and subway riders boycotted the public transport system.

As far as could be learned this morning, the call for a general strike in Spain's capital had not been heeded, but the workers obeyed appeals in pamphlets issued here for the past two weeks and walked to their jobs.

No disorders were reported today. Reinforced army and police units patrolled at the ready to break any signs of a strike.

Grain for India Seems Sure, But Trade Conditions in Doubt

WASHINGTON, May 22. (AP) — After weeks of indecision the House was down to debate today on the hotly-disputed issue of whether to send American grain to combat famine in India.

In advance of what promises to be several days of debate, House leaders expected the final vote would make 2 million tons of grain available to India, as the administration has urged.

But on what terms, they weren't prepared to predict.

As passed by the Senate last Wednesday, the bill puts Indian relief on a straight loan basis, with a provision for possible part repayment in critical defense materials.

The Senate bill requires that "substantial quantities" of monzanite sands and manganese be considered in any repayment negotiations. Monzanite could be used in production of material for atomic energy. Manganese is a hardening element in steel.

A determined effort was certain to be made in the House to write tougher conditions into the loan. Some House members want to make repayment in critical materials mandatory and a basic condition for the loan.

Leading the fight to spell out tougher terms was a Republican-Southern Democrat coalition under the leadership of Rep. Cox (D-Ga).

Cox charges India is playing Russia against the United States to "blackmail" Congress into giving her grain. He was prepared to force an early vote in an effort to kill the bill outright.

That failing, the Cox group was ready to battle for the Senate bill with beefed-up repayment conditions.

House Waiting For Senate On Tidelands Bill

By TEX EASLEY

WASHINGON, May 22. (AP) — House sponsors of legislation to give states the title to the lands beneath the marginal seas were reported today to be waiting for further Senate action before making their next move.

The House Judiciary Subcommittee handling the tidelands bill is expected to meet next Thursday, but so far it has not scheduled that subject for consideration then.

The Senate Interior Committee recently voted "to endorse in principle" a proposal to give the states tentative control of the oil-rich offshore lands pending final settlement of the states versus federal government controversy.

Rep. Ed Gossett (D-Tex), a leader in the House fight for state control, said it was the inclination of the House Judiciary Subcommittee to hold off any hearings until they see the exact wording of whatever bill the Senate Interior Committe may report.

An aide of the Senate committee said it likely would be at least a week before a bill would be reported since today's meeting of the committee was canceled.

A member of the House subcommittee, Gossett said:

"When we do hold a hearing, we expect to hear only Attorney General Howard McGrath and Interior Secretary Oscar Chapman.

"That is just out of courtesy to the chairman of our full committee (Rep. Celler, D-NY). Every man has gone through these tidelands hearings twice."

The Texan said he expected the seven-member subcommittee to vote overwhelmingly for a Senate control bill after the hearing adjourned. Celler is a leader of congressmen favoring federal ownership of the submerged lands, but he does not serve on the subcommittee.

City Operates At A Deficit, Must Borrow

The city last night entered a period of operating on borrowed money which may not be ended until this year's taxes begin coming into the city treasury in October.

The city council unanimously passed a resolution to borrow $6,200 to cover existing deficits.

It is anticipated that deficits will develop in the general fund each month, although it is not known how large they will be. Warrants will be issued to borrow money once a month if needed.

RECEIPTS SHORT

Last week city tax receipts stood $80,472. Taxes for this year are due until next October.

"The city council made a big mistake, and I was a party to it, when it lowered the city tax rate to $1, from the old rate of $1.50," Mayor Forest G. Sears said last night. "Considerable pressure was put on the council to lower the rate, in view of reductions made in school district and county tax rates.

"The council should not have lowered the rate, and I do not see how we can stay with the $1 rate in the future."

Valuations in the county grew from $8 million to $49 million in one year, and now are past $100 million. In the school districts of the county, valuations rose from $10 million to $30 million in the first year of the boom.

No corresponding increase in city valuations has taken place.

WINSTON FIELD

The council also asked W. W. Park, city attorney, to study a proposed ordinance governing height of buildings in the vicinity of Winston Field. The government requires such an ordinance, Sears said, before it can approve the airport.

A petition was received from property owners in the 400 block of Thirty - first Street, between Avenues D and E, who asked that their block be considered for the paving program. Paving will extend down Avenue E to Thirty-first Street to tie into the proposed paving unit.

The council placed the petition in a file of such requests, to be acted upon in the order they are received if paving bond money holds out.

Clara Jones Withdraws Resignation From City

Mrs. Clara Jones, city secretary for the last year, recently withdrew her resignation, tendered early this month. The resignation was to be effective June 1.

The council accepted her withdrawal of the resignation.

Home Rule Charter Election Assured, Date Not Yet Picked

The city council last night accepted the petition of about 250 qualified voters for an election on whether Snyder should have a home rule charter. Councilmen unanimously voted that such an election be called.

The actual date of the election will be set when W. W. Park, city attorney, has drawn up an ordinance ordering the election.

TWO QUESTIONS

The ballot will have two parts. The first will be the question, "Shall a commission be chosen to frame a new charter for Snyder?" to which voters can check either yes or no.

The second part will be the submission to the voters of 15 names of nominees to the charter commission. If a voter wishes to scratch one of those names, a blank is provided for him to write in his own choice.

The manner in which the nominees to the 15-man charter commission shall be chosen was discussed at length by the council members and James Rosser, president of the Chamber of Commerce.

The plan, put forward early in the session by Mayor Forest G. Sears that every service club and veterans organization name one commission nominee and each councilman name one was modified later to assure that the council had the final voice in naming the commission candidates that will go on the ballot.

Rosser objected to asking service clubs to name a member, pointing out that a man, to serve well, must have a clear conception of the problems of city government. "The most popular man in one of our luncheon clubs will not necessarily be the best qualified for this job, which will be two to ten months of hard work," he added.

Mayor Sears explained that "My way of naming the members would tend to create more interest in city government. It's high time the people of Snyder took an interest in the affairs of the city. Futhermore, I want men on that commission who will stand on the street corner and tell the citizens who complains about the charter, 'I helped write the charter'."

VARIETY NEEDED

Rosser pointed out that the charter will affect every person's life in Snyder, and that the widest possible representation should be one of the aims of the council in naming the commission.

"The charter will affect business's license fees, regulations of building, sanitation rules for restaurants, and in hundreds of other ways touch every business in the city. A variety of businessmen should be included on the commission."

R. B. Sears, councilman, suggested that the service club presidents be asked to suggest names, but that the council pick commission members.

"The council shouldn t lose final control of selecting the board to draft the charter," Rosser stated. "The law puts that final responsibility on the council."

At the end of the discussion Mayor Sears outlined a plan whereby he will confer with presidents of service clubs for suggestions to present to the council, and each councilman still will select one member to the charter board.

Clubs Select Directors For Youth Center

Additional progress toward setting up the new board of directors for the Youth Center was reported today by the Rev. Clifford Taylor, chairman of the present board.

Formation of a new, active board was one of two conditions set by the out-of-county businessman who has offered to provide the $12,000 needed to pay off the Youth Center debt.

Jayceettes, at their Monday night meeting at the Ranch House, elected Mrs. Bernard Holley their delegate to the new board and Mrs. Dick Roberts, alternate.

Mrs. Nolen von Roeder was returned to the board by the Art Guild in their meeting of last week, and Mrs. Bill Teaff is to serve as her alternate.

The Altrurian Daughters met with Mrs. John Broaddus last Wednesday and after hearing the report from the Youth Center board, voted to continue support of the project. Mrs. P. W. Cloud was elected to succeed Mrs. Phelia Blackard as a director. Mrs. Blackard was named alternate.

Other members of the new board already named include Mrs. John Lynch, Jr., Cosmorama Club; Dr. Robt. F. Wasson, Junior Chamber of Commerce; George Killam, Lions Club; George Frazier, Kiwanis Club; Hilton Lambert, American Legion; and J. C. Williamson, Veterans of Foreign Wars.

Mr. Taylor also stated that a meeting of the new board of directors will be called for May 31, if the date is acceptable. At that meeting, a complete new set of officers will be elected by the board.

Demonstrations Against West Staged In Iran

By ROBERT B. HEWETT

TEHRAN, Iran, May 22. (AP) — Iran's Moslem religious leaders and her Communist undergrounds both sworn to drive foreign oil interests out of their land — called mass rallies today to fan growing resentment against Britain and the United States.

The Moslems, who threateed holy war if the British resist nationalization of their giant Anglo-Iranian Oil Company, called a demonstration to "express hatred against interference which violate our independence." The rally also is aimed against America taking any hand.

The underground Tudeh (Communist) party, which opposes Premier Mohammed Mossadegh's electoral reforms and accuses him of dallying in oil nationalization, has summoned a meeting of trade unionists. This also is expected to develop ito a blast against Britain and the United States.

Anti-British and anti-American sentiment grew in both press and parliament following Monday night's diplomatic protest in which Iran s nationalistic government accused the United States of interference in its internal affairs by siding with the British in the critical oil dspute.

Iran's foreign minister Bagher Kazemi handed to U. S. Ambassador Henry F. Grady a formal protest against the State Department's declaration of last Friday, which the Iranians view as a support of the British.

The America statement had said the United States would "strongly oppose" arbitrary Iranian action to cancel the Anglo-Iranian concession by nationalizing Iran's oil resources.

Mombasa Natives Panic

MOMBASA, Kenya Colony, May 22. (AP) — Many of Mombassa's 80,000 native population are in panic.

The reason for the panic is a rumor — British authorities are at a loss to know how it started.

The rumor: Heavy rains of this month will overturn the island on which the town stands, and everybody will be drowned.

Dallas Merchant Dies

DALLAS, May 22. (AP)—Eli Sanger, 73, whose merchant family played such a great part in bringing large-scale merchandising to the Southwest, died Monday.

Funeral services will be held Wednesday morning.

Light Rainfall Here; Heavier To Southeast

Rain and wind storms highlighted the West Texas weather picture again yesterday, although rain fell spareingly in the Snyder area.

Snyder got .04 of an inch in showers yesterday afternoon. Dunn reported only a trace of rain about 7 o'clock last night, while Hermleigh had no moisture. Even within Snyder, the amount of moisture which fell varied, with heavier showers in the north part of town and very light showers in the southwest part of town.

Rain was heavier toward the east and southeast. Abilene, where winds ranged up to 60 miles an hour, recorded 1.03 inches of rain. Brownwood received the most rain 2.5 inches.

Roby and Rotan both reported more than an inch of rain, while Roscoe had 1.5 inches. Other towns which reported over an inch included Sweetwater with 1.86 inches, Ballinger with 1.5 inches, Winters with 1.5 inches, and Coleman with 1.8 inches. Rain was still falling early last night at many of these points.

Range lands in the rain strip were expected to benefit materially from the moisture, and cotton farmers were making plans to plant as soon as field dried out.

Snyder's total rainfall for the month now stands at 1.04 inches, with a total precipitation of 3.17 inches for the year. This figure includes moisture from snow.

Consultation Before Action

LONDON, May 22. (AP)—An informed source said today Britain has told Washington she will not use force under any circumstances in the Anglo-Iranian Oil Company dispute with Iran, unless there has been consultation first with the United Setats.

Another qualified source said Britain would not use force in any case except as a last resort, and then only if British subjects and British property in Iran were attacked. Controlling interest in the Anglo-Iranian Oil Company, which Iran is nationalizing is owned by the British government.

A week ago Britain alerted her trouble-shooting 16th Parachute Brigade group at Aldershot, but gave no reason.

The United States asked both Iran and Britain to show moderation and seek a settlement of the dispute over the oilfields, whose nationalization the British claim is illegal.

Firemen Asked to Meet

Volunteer and regular firemen have been asked to meet tonight with a committee of three city councilmen at 7:30 o'clock in the fire station. The councilmen who will discuss fire department problems with the members of the department are Ivan Gatlin, Jack Contella, and Claud Lloyd.

PRISON HOSTAGES RELEASED

Utah State prison guards walk to safety after officials and rioting inmates agreed on terms to settle a four and one-half-hour riot in the prison at Point-Of-The-Mountain, Utah. Being released from a prison-held section of the new penitentiary are, left to right; LeRoy Cox, Leonard K. Jewkes and Keith Hamel (in doorway). Eight guards were held hostage by some 200 prisoners. Two guards escaped and the other six finally were released, unharmed.

Reds Try To Expand Hole In One Area

By OLEN CLEMENTS

TOKYO, May 22. (AP) — Allied troops advanced in western Korea today, probed an ominous Chinese buildup on the East-Central front, and fought to stem a Red sweep in the East.

Infantry troops waged see-saw battles in the eastern mountains 25 miles south of Parallel 38, Communist troops were trying to expand a wedge driven in South Korean lines near Soksa.

Front line reports said South Koreans were forced to adjust their lines for 25 miles eastward to the Sea of Japan.

This fighting was on the eastern flank of the heroic U. S. Second Division which hacked four Chinese corps to pieces in a Red offensive started last Wednesday.

PATROLS ACTIVE

Second Division patrols probed northward Tuesday into a new army of 130,000 Chinese reported massing north of their lines for a new strike.

AP Correspondent William C. Barnard said the new Allied aggressiveness and the enemy buildup indicated a showdown battle.

While Reds streamed toward the East Central front, they withdrew for the second successive day along the West-Central and West fronts.

The Communists put up only light resistance to the United Nations advance, AP Correspondent Nate Polowetzky reported from U. S. Eighth Army headquarters. Allied troops pushed ahead two miles and more Tuesday morning.

An Eighth Army officer said the withdrawals were being made by small Communist contingents.

REDS WITHDRAWING

Reds were reported withdrawing across the Imjin River northwest of Seoul. Pursing South Koreans marched through Munsan for the second straight day. Some units reached as far as 25 miles northwest of Seoul.

British, American and Korean forces pushed up to the Hongchon and Pukan Rivers southeast of Changgong, 25 miles northeast of Seoul.

American units crossed the Hongchon southeast of Kapyong. Red artillery center 32 miles northeast of Seoul. The Red bridgehead across the rivers virtually had disappeared.

An Eighth Army officer said the Reds were withdrawing to escape American artillery fire, a major factor in the destruction of an estimated 60,000 of their comrades in five days on the central front.

SOUTH KOREANS ADVANCE

U. S. Second Division troops fought sharp skirmishes as they stabbed out from Hangye on the east-central front to test the strength of new Chinese masses gathering in front of them.

One Chinese probing assault was smashed before it began. The onrushing Chinese tripped Allied flares. The entire area blazed into light, exposing two Chinese battalions.

Ohio Students In Near-Riot

COLUMBUS, O., May 22. (AP) — A friendly water fight among sorority sisters dressed in swim suits mushroomed into a near riot of 5,000! 7 Ohio State University students Monday night.

Before the melee ended in High Street — one of the busiest in Columbus — police quelled the students with tear gas and carted off nine of them on disorderly conduct charges.

University officials put out a roaring bonfire the students started in High Street.

Things were quiet enough when about 100 members of Pi Beta Phi and Kappa Alpha Theta Sororities started quirting water at each other. Then Football Halfback Walt Klevay appeared on the scene.

Some of the girls started after Walt, one report said. That was the signal for his fraternity, Kappa Sigma, to enter the battle.

When the party got rougher someone called the cops. They came in 10 cruisers. A coed poured a bucket of water in the first. She was the first to be arrested. Minutes later students greeted police in other cruisers with well-aged eggs and over-ripe tomatos. They also let the air out of tires of three cruisers.

WEATHER

WEST TEXAS: Partly cloudy tonight and Wednesday. Scattered thundershowers the Panhandle, South Plains and from the Pecos Valley eastward. No important temperature change.

EAST TEXAS: Considerable cloudiness, scattered thundershowers tonight and Wednesday. Not so warm in extreme northeastern portion Wednesday.

Love And Affection For Dad To Be Pushed Next Few Weeks

By SAM DAWSON

NEW YORK, May 22. (AP) — Love and affections and concern for dad seems likely to hit record highs in the next few weeks.

There's nothing like a let-down in sales in the men's wear departments to bring out a wave of interest in the gentleman. And merchants who were disappointed that father didn't spruce up for Easter the way they had hoped are ready to make a big thing of reminding Mother and the children that June 17 is Father's Day.

And how better to show your interest in the family provider than trying to improve his appearance? The way the merchants see it, that will be good for the national economy, too.

FATHER OF THE YEAR

Father's Day, however, has its serious, non-commercial side. To that end, the National Father's Day Council is choosing a Father of the Year and urging that June 17 be dedicated to the proposition: "A Good Home Means Good Citizenship." It says Father plays quite a role in that. Most of us are forunate enough to have fathers who proved the council's point.

Father's Day promotions have increased men's furnishing sales six-fold since the idea got started in 1938.

RECORD SALES NOTED

Men's wear sales set all time highs for June in 1948 and again in 1950, Federal Reserve Board figures show. And interest in making father look better gets most of the credit. June is now the second month in the trade, topped only by December.

Many retailers are counting on Father's Day promotions to help retail sales roll.

Some 19 million new ties should confront the nation s fathers on that day, in the optimistic opinnion of the men's tie foundation, inc.

That organization also predicts that 15 per cent of the ties will be bow ties.

SPORTS SHIRTS HIGH

One association breaks down June sales in 1949 to report that one fourth of the business was in sports shirts, a sixth in dress shirts, a tenth in ties, and the rest about evenly divided between underwear, socks, sport jackets and slacks.

Accessory dealers are planning a big play for trade, too. They can plug that children shopping for a gift for father often don't know the size of his apparel, and can feel safer buying tie pins, cuff links, suspenders, handkerchiefs, and neckties.

There are more fathers to buy for this year. That's because the marriage rate and the baby crop has been booming. And if you have oabies, you must have fathers. With more families and children you have more potential Father's Day gift buyers.

Yoders Buy Interest In Ballinger Firm

Two brothers, both natives of Snyder, will move to Ballinger June 1 to become associated with a farm machinery firm there.

Lyman J. Yoder of Snyder and Hal D. Yoder of Roswell, N.M., have bought an interest in the Goetz Farm Machinery Co. in Ballinger, dealer for Allis - Chalmers and various home appliance lines

Lyman Yoder has been manager of the D. P. Yoder estate here for the last two years. His brother has been associated with the Smith Farm Machinery Co. of Roswell, largest Allis - Chalmers agency in that state for many years.

D. J. Goetz, Sr., owner of the Ballinger firm, will remain active in the management.

The Yoder brothers are sons of the late D. P. Yoder, early day Snyder businessman who was a partner in the power plant here which was sold to Texas Electric Service Co. and later had the Chevrolet agency.

Kansas Flood Fatal to Three

HAYS, Kas., May 22 (AP) —The worst flood since 1907 swept into Hays today and three persons are known to have drowned. Several others were reported missing.

Drowned were Dr. C. F. Wiest, about 73, retired professor of philosophy at Fort Hays State College; Robert Rippeteau, 14, step-son of Dr. L. D. Wooster, president emeritus of the college and Mrs. June Bissing Herrman, about 20.

A gas explosion and 7,000 gallons of floatinng gasoline added to the danger.

Waters from a cloudburst between here and nearby Ellis, plus the overflow from Big Creek, poured into the south end of this northwestern Kansas town of 8,000 population. The water was 15 to 20 feet deep in the southeast and southwest sections and about 3,000 to 4,000 persons were flooded out of their homes.

Many were still trapped on the roof and second floor of their homes and firemen, the National Guard and Red Cross were battling the water in boats to evacuate the stranded families.

The water was still rising and had moved into the southern part of the business district.

The Red Cross had emergency stations set up and evacuees were being taken to churches and schools located on higher ground.

Calls for help were sent to nearby towns. Police Captain Roy Hester and four firemen from Great Bend, Kas., took a boat to the stricken city and twenty members of the Russell, Kas. Junior Chamber of Commerce rushed to the scene. They had been at Great Bend to assist in fighting a flood threat there.

Prisoners Sentenced Here Taken to Prison

Three prisoners who recently entered pleas of guilty in 132nd district court were taken to the state penitentiary at Huntsville last night

They included Horace Edward Lyday, 21, who received five years on charges of robbery by assault; Virgil C. Muse, 29, felony theft, who got two years, and H. L. Vanandt, 30, two years on a check swindling charge.

THESE ATTACKERS FAILED

American soldiers search the bodies of Chinese killed in an attack which failed at the start of the Chinese Communist offensive on the Central front in Korea. The Chinese bodies lie at a collection point on a hillside south of Chunchon before burial.

Report Illegal Sleeping Pill Sale to Youths

SWEETWATER, May 22. — One of Sweetwater's large drug stores is reported to be under investigation for the illegal sale of sleeping pills to minors following release of a report made last week by the federal food and drug administration in Denver.

Sweetwater, Lubbock and Amarillo were mentioned as being centers for the sale of sleeping tablets to minors. The youthful buyers mix the pills with alcohol to produce a "jag" similiar to the effect of other stronger drugs.

The pills are circulated among school children by peddlers, Wendell Vincent, regional chief of the food and drug administration, said. He added that the youths "don't know they are playing with dynamite and inviting dope addiction that may ruin their lives.

"We have definite evidence against a Sweetwater druggist," Vincent said, "and we are going to prosecute him. The case will be filed very soon...."

The sleeping pill addiction appears to be part of a nation-wide fad of teen agers. Police have also reported that a mixture of wine and gasoline has been used to produce the jag, although physicians warn the mixture can eat out a stomach lining.

Chester Barrington, chief of police here, said today that the police department has investigated the possibility that sleeping tablets might be circulating among Snyder youths, but had found no evidence that any situation like that in Sweetwater exists in Snyder.

Conference On Anti-Trust Act Covering Labor

By BO BYERS

AUSTIN, May 22 (AP) — The House agreed to the Senate's request today for a conference committee to work out differences on a bill putting labor under civil anti-trust laws.

Whether the House would reach decision on acceptance or rejection of a compromise tax bill remained uncertain. Rep. Jim Lindsey of Texarkana said he did not know when he would ask the House to reach a showdown on this potentially most important vote of the session.

NEARLY DOUBLES TAX

The proposed compromise would nearly double the production tax on natural gas. It leaves the rural road building program untouched and knocks out a suggested pipeline tax on natural gas.

Senate disagreement on the labor control bill centered on a House amendment exempting migratory labor agreements from the effe of the bill. The bill is designed t make labor as well as employer subject to heavy fines if the enter agreements in violation o the right-to-work or anti-closed shop act.

Rep. Horace Houston of Dallas said Senate sponsors feared the migratory labor exemption was so worded as to make the entire measure unconstitutional. He said a revised amendment offered by Rep. Harold Lafond of Plainview was acceptable.

VOTE UNCERTAIN

Outcome of the approaching vote on the tax compromise was so uncertain that neither side predicted victory very strongly.

Lindsey was buttonholing members as fast as he could, trying to line them up on his side.

New Hearings Set For RFC

WASHINGTON, May 22 (AP)—The Senate Banking Committee called new hearings today on the fate of the Reconstruction Finance Corporation (RFC).

RFC's new boss, meanwhile, was giving the huge lending organization new broom treatment.

The RFC has for months been under fire in Congress on charges that, before a recent reorgaization, RFC loan policy was swayed by an "influence ring" with White House connections.

It now faces a determined drive to put it out of business on grounds it has outlived its usefulness and lost its good name.

The committee allotted today and tomorrow to hear groups seeking to keep the agency alive under restricted lending powers and with safeguards against possible political influence in its affairs.

It already has been subjected to one major shakeup which abolished its five-man board of directors and placed W. Stuart Symington in charge as a one-man boss.

Symington Monday announced that he has fired E. M. Rowlands, head of the RFC branch office in Minneapolis, for turning a $36,000 profit on what Symington termed an improper deal.

Symington told a news conference staff investigators learned that Rowlands made the profit by renting warehouse space from the Army and then leasing it to another government outfit — the Commodity Credit Corp. of the Department of Agriculture.

Another Death Results For Train-Car Wreck

SAN ANTONIO, May 22. (AP) — The death toll resulting from a train-auto grade crossing crash near Natalia Monday rose to three last night.

Harvey D. Underwood, 38, of Natalia died from injuries sustained when the car he was driving and a Missouri Pacific freight train collided.

Rubert Elgin Ferguson, 51, of Natalia and George E. Pentecost, 58, of Devine were killed in the crash.

Mrs. Elizabeth Ballard, 49, of Natalia is suffering from injuries received in the accident.

total depth of 5,535 feet.

MITCHELL COUNTY

Stanolind Oil & Gas Co. No. 1 F. A. Langley, wildcat in Central-West Mitchell County, is drilling below 4,852 feet in lime and shale. The No. 1 Langley indicated as a possible Clear Fork discovery on a test of the zone at 4,397-4,451 feet. It is located in section 25, block 29, T-1-N, T&P survey.

SCURRY VENTURE

R. Olson Drilling Co No. 1 J. W. Templeton, Scurry County wildcat, is drilling in lime blow 7,285 feet.

Oliver and is located in section 11, block 42, H&GN survey.

Kewanee No. 1-A Bill Wyatt, wildcat two and one-half miles northwest of the No. 1 Oliver, is drilling below 5,140 feet in shale.

BILBY WALLACE

Sun Oil Co. No. 1-C Bilby Wallace, indicated three - quarter mile southeast extension to the Clairemont - Lower Pennsylvanian field, has displaced mud with water and is swabbing to test in the Pennsylvanian lime. It topped the reef at 6,722 feet and the pay zone at 6,738 feet.

A. C. CAIRNS

Gulf Oil Corp. No. 2 A. C. Cairns, Central Kent County wildcat five miles southwest of Clairemont, is drilling below 1,819 feet in lime.

FISHER WILDCAT

Sinclair Oil & Gas Co. No. 1 Belle Hunsaker, Fisher County wildcat five miles east of Rotan, is waiting for cement to cure before perforating casing to test. It is at plugged-back total depth of 5,780 feet in Strawn, which was topped at 5,712 feet. That is also the top of the pay. Casing has already been perforated from 5,724-5,726 feet.

NO. 1 MILLER

Stanolind Oil & Gas Co. No. 1 Miller, five miles north and slightly east of Gail, swabbed 78 barrels of oil and six barrels of water on a 24-hour test. Of the total recovery, 31 barrels was new oil. All indicated production has been from pay zones above the plugged-back

Jose Ferrer Tells Probers He Was Victim

WASHINGTON, May 22. (AP) — Academy Award Winner Jose Ferrer told the House Un-American Activities Committee today he was no Communist and no sympathizer with Communist causes.

Any part he took in Communist front activity, he said, was in the role of an innocent victim of Communist big name hunters.

Ferrer's testimony to the committee made the same points he had volunteered in a statement before his appearance.

The Puerto Rican-born actor, whose starring role in "Cyrano de Bergerac" won him this year's movie Oscar for the best male performance, was an agreeable witness in the committee's investigation of Communist infiltration of Hollywood.

Among these causes, Ferrer testified, were the Committee for the Protection of the Foreign Born in 1943, and the Artists Front to Win the War in 1942.

He said he thought his name had been used legitimately also as a sponsor for a dinner for the Committee for Protection of the Foreign Born — a group subsequently cited by the attorney general as subversive.

"I would probably be predisposed to help the foreign born in any legitimate cause, because I was born in Puerto Rico, although as an American citizen," he said, "it probably would have a rather immediate appeal to my emotions."

Cattle Market Steady Under New Rollback

CHICAGO, May 22 (AP)—Live cattle prices still showed little tendency to drop today in the second market session under the new government rollback of livestock prices.

Receipts at the nation's stockyards were about average, however, compared with a downturn in receipts Monday.

At Chicago, the general cattle market was active and steady to strong. A few prime steers brought $39 to $39.75 per hundred pounds. Most steers sold at $33 to $38.75. These price ranges were about the same as Monday's.

Receipts today, however, were 38,700 at 12 principal markets. This compared with 30,600 a week ago today and 38,300 a year ago today. Yesterday's receipts at the same markets were 41,100, far below the preceding Monday — but Monday usually is a much heavier day for receipts than Tuesday.

Some observers said, however, that it was too early to judge the effect of the cattle ceiling order which is part of the government's campaign to cut meat prices.

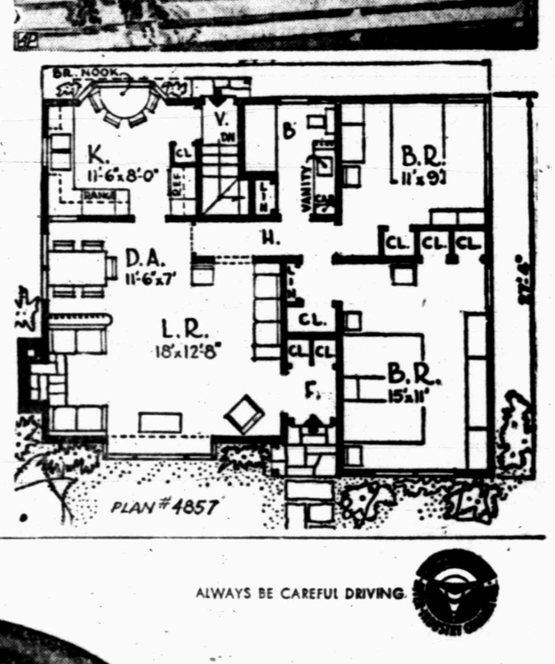

The full effect of the order by the Office of Price Stabilization, one OPS official said, cannot be gauged until next week.

Game Official Resigns

AUSTIN, May 22 (AP) — H. E. Faubion, assistant executive secretary of the Game, Fish and Oyster Commission, is resigning effective Aug. 31, Executive Secretary Howard Dogen announced today.

HOMES FOR AMERICANS

Sample to Fireball E.

ALWAYS BE CAREFUL DRIVING

Here's something Special in Spaciousness

A LOT of folks like the two-door idea, because they feel that tiny tots are safer in the back seat.

But that's no reason why back-seat headroom should be dimensioned for midgets only.

So Buick engineers have done something about it, in the Buick SPECIAL 2-door Sedan pictured here.

They've kept the compactness of overall length that's important in modern garages.

But they've arched that sturdy steel top to give you he-man headroom — headroom in back as well as headroom in front — that makes a six-footer feel at home.

And they've designed a trunk that has "room for tourists."

Don't ask us how they did it. Come see for yourself.

Slip into those spacious seats—and while you're there, find out why this compact honey is one of the hottest numbers we've seen in years.

Find out how that F-263 valve-in-head Fireball Engine pours out the power and stretches the miles per gallon.

Find out how Buick's exclusive combination of torque-tube drive and coil springs on all four wheels puts big-car steadiness and stability into this nimble performer.

Find out how Dynaflow Drive* takes the strain out of traffic driving—and brings you relaxed to the end of a long day's cross-country driving.

And above all—find out the prices—and how much they'll buy in comfort and convenience. The sooner you see your Buick dealer, the better off you'll be.

NO OTHER CAR PROVIDES ALL THIS:
DYNAFLOW DRIVE*
FIREBALL POWER
PUSH-BAR FOREFRONT
WHITE-GLOW INSTRUMENTS
TORQUE-TUBE DRIVE
4-WHEEL COIL SPRINGING
DUAL VENTILATION
DREAMLINE STYLING
BODY BY FISHER
When better automobiles are built BUICK will build them

*Standard on ROADMASTER, optional at extra cost on other Series.
Equipment, accessories, trim and models are subject to change without notice.

FIRST JET ACE'S FAMILY

James Jabara, 2, (left) says his father, Capt. James Jabara of Wichita, Kansas ,is "a jet fighter and fighting in Korea". Capt. Jabara shot down his fifth and sixth enemy jet planes to become the first jet ace in U. S. history. Mrs. Jabara said, "I'm sure James will be proud of his father when he gets a little older and can realize what an ace means." The little girl is Carol Anne, 7 months. Mrs. Jabara and the children live in McKinney, Tex., with her mother, Mrs. C. W. Stiles.

TALK OF THE TOWN

BY FRANCES BROOKS

Ilka Chase has done it again. The just-a-little-bit mad authoress, whose writings can shock you and tickle you and make you read more, has a readable book in her latest novel, "New York 22". It's rather sophisticated, as Ilka's books are, but it glitters with her incisive comments on marriage, manners, and morals.

The title is the postoffice zone number of that plush area, bordered east and west by the East River and Fifth Avenue and north and south by Fiftieth and Sixtieth Streets.

Offered in the new lending library at Times Printing Co., it's a book that will keep you from your dusting and other chores enough so that you won't run up much of a rental fee on it.

Particularly, it is the story of Georgiana Goodyear, a sophisticated woman, whose urgent drives cause her to live far beyond her means with her publisher husband; to become emotionally involved with an exceptional young novelist 14 years her junior; to sack her lucrative job and head for Paris where a writer, his real love unavailable, leans upon her in a strange affair; and then, her entire house of cards toppling to veer back to New York where her husband, Allen, has fallen deeply in love with a young girl.

She never recaptures the two loves of her mature life, but her spirit remains undaunted throughout the quick - moving pages of the drama.

Born into and always a part of upper - class New York life, Ilka Chase can breathe life into her characters and background. Guaranteed good reading, "New York 22".

• • •

Much ink has been spilled on the horror of the Olney tornado there are some Snyder residents who returned from a visit to the city the night of the destructive blow who have more big stories to tell: Mr. and Mrs. OSCAR YOUNGBLOOD, 1007 Thirty - third Street, drove down, accompanied by MRS. JACK ADKINS, cashier at the Ranch House restaurant. Everyone in the party was fearful for their families living in Olney.

Highlights of the visit, after they all discovered their relatives were safe, were: They were promptly stopped by police inquiring their business; near martial law existed, as property damage was heavy and homes lay open for vandalism. Mrs. Youngblood's father, Henry Morris, asleep when the tornado struck, wakened to find his house untouched though houses within half a block were demolished. In the yard lay a four-foot long board ripped from some piece of furniture or varnished woodwork from no one knew how far away.

Early Saturday morning following the wind, city cars with loudspeakers drove up and down the streets cautioning people to turn off their gas jets as the city was restoring gas service. Neighbors were befriending those left homeless ...one couple had nothing left but their car.

• • •

The Spears residence at 2212 Thirtieth Street sags under gold plate and china and diamond cufflinks and silverware equal to a Queen's ransom.

Sunday's golden wedding anniversary celebration was one of the most elaborate parties Snyder has ever seen.

Mantles, tables, mirrors were strung with yards of gold baby chrysanthemums at which the florists had labored until 2 the morning before.

"Setting presents off my bed and stepping gingerly around gold ice buckets and goblets and china plates, etc., was some feat when I went to bed Satuday night", confided FAYNELLE, the daughter who lives at home. In the impressive display of gifts was a small gold bell, brought by MRS. W. P. KING from one of the early California missions ...Perfect burgundy-colored roses grown by MRS. J. B. TURNER were only one of a hundred bouquets ...MRS. ED DEAKINS drove in from Floydada with her daughter-in-law, MRS. JACK DEAKINS. Only partly recuperated from her serious car accident, she was unable to bring her husband, who was ill...MRS. E. P. KETNER's clever touch of a handpainted china plate with a demure bride of 1901 standing by the brushed-up bridegroom with the names Mamie and John caused most comment....C. R. COCKRELL wired in a dozen yellow roses from Van Horn ...DR and MRS. ODELL RYAN from Perryton brought along small Oma Dell, who played with Millijon the Spears' granddaughter. After 250 dollers had arrived and milled with the well-wishers, all that was left was the panoroma of presents, the sweet odor of wilting roses, and mouse-sized piece of the three tiered blue and gold cake....oh, yes, and the glad hearts of the John Spears after 50 years of successful homemaking.

ASK MILDRED

(Please address your questions to Ask Mildred, Snyder Daily News, Snyder, Tex.)

Another breakfast recipe comes from a reader, Mrs. L. F.

NEST EGGS

An iron or heavy granite muffin pan would be ideal for this egg dish for breakfast. Line every muffin ring with slices of good breakfast bacon. Let slices overlap each other, as bacon has a way of shrivelling up. Drop an egg in each bacon nest, place the muffin pan in a hot oven, and leave it until the bacon is crisp and the egg just like it had been poached. Lift out gently with a spatula and a fork and serve on a platter garnished with parsley. If you want the bacon extra crisp and the eggs not too well done, cook the bacon some before you drop in the eggs to give it a slight head start.

• • •

My family once got something called "strawberry omelette" served on a dining car of a train in Georgia and we still hear raves about it. Is there any way of finding this recipe? Mrs. I. P.

Your family might well brag on an old southern recipe, one of the most famous in certain southern cities.

Strawberry omelette: Cap the strawberries, sugar them well, and put them in a warm spot in the oven, maybe, with a few flecks of butter while you concoct the omelette part. Beat the eggs, not separated, as for any type of omelette, adding a tablespoon of cream for every two eggs and a dash of salt and pepper.

Into a hot skillet put a sizeable hunk of butter and dump in eggs, beaten until foamy, turning down your flame very low. With a spatula ease the mixture a little, letting the runny part get to the hot skillet. When the omelette has risen nicely, spread the strawberries over one half and fold the other half over. Then sprinkle sugar over it all, and if you follow the southern platation method, take a hot poker and burn little crisscross ridges all across the top!

I have steel - gray hair, fair skin. Please suggest the right shade of lipstick for me. Mrs. E. L., Post, Tex.

One of the new violet - reds will be most becoming, and if you use a touch of rouge be sure that it is exactly the same shade as your lipstick.

THE STARS

By BOB THOMAS

HOLLYWOOD, May 22. (AP) — "Film Bigwigs Asked to Take Cut Up to 50 Per Cent"

"Deal to Sell Warner Bros. Holdings Folds"

"134 Southern Calif. Theatres Now Dark"

Headlines such as these have brought confusion to people. For an analysis of the movie business ills I went to Jerry Wald. With coproducer Norman Krasna, he just signed a deal with RKO Boss Howard Hughes to make $50 million worth of pictures in the next five years.

Wald has an opinion on everything, and he quickly reacted to my query. He even coined a new word for Hollywood's troubles.

"I call it "hollycide," " he declared. "By that I mean we are scaring ourselves to death by every new symptom of industry unrest. This is no time for despair. We've got to return to the things that made this business great — imagination, showmanship, energy-excitement."

About the Warners wanting to sell out "Maybe they were just tired and didn't care anymore."

About theatre closings "The reason is Hollywood's fault. We haven't supplied a consistently entertaining program of films.

Wald drew a parallel to baseball attendance, which has dropped sharply in major as well as minor leagues.

Wald mentioned another comparison "If somebody makes a bad bike model, you don't blame the whole bicycle industry. You try to make a better bike.

"So that's what the movie industry should do: Try improving the product rather than damning the whole business because of some bad products."

About television "The only way we can compete with television is to give the people things they can't get on their home screens."

Mrs. Sam Joyce Heads P.-T.A. at Central

Mrs. Sam Joyce was installed as president at the last meeting of the year of the central elementary school P.-T.A.

Other officers installed for next year's work were Mrs. Waldo Montgomery, vice - president; Mrs. W. P. Dabbs, secretary; and Mrs. Travis Rhodes, treasurer. Mrs. Harry Ward acted as installing officer.

At a business meeting presided over by Mrs. Harold Brown ,the group voted to give M. E. Stanfield a life membership in P.-T.A. and awarded a life membership to Mrs. Nolan von Roeder.

The program consisted of a devotional by Mrs. W. W. Adcock; a talk on the year's progress by Mrs. Sam Wood, and an "inventory questionnaires" conducted by Mrs. Myron Roe.

The group will reconvene in September with the beginning of school.

Shower Is Given For Mrs. Mack Graham

Mrs. Mack Graham was honoree at an anticipation shower given Saturday in the home of Mrs. Harley Bynum, 1909 Fifteenth Street. Co-hostesses were Mrs. Brady Bynum, and Mrs. A. A. Behringer.

The hostesses decorated the service table with a lace cloth, small pink and blue diapers being used for place cards. A small wagon, trimmed in pink and blue crepe paper, was drawn into the room with the gifts.

Punch and cake were served.

On the guest list were Mrs. Gene Graham, Mrs. Claude Graham, Mrs. Sam Craig, Mrs. Jesse Vaughan, Mrs. C. A. Hodges, Mrs. Ted Wilkinson, Mrs. Willard James, and Mrs Zay Hudman.

Jayceettes See Film At Dinner Meeting

The Jayceetes, Snyder's newest women's civic club saw a colorful motion picture last night at their dinner meeting at the Ranch House.

Nolan von Roeder, who was a guest with Mrs. von Roeder, showed the group shorts taken on various trips and hunting expeditions. The Rev. Clifford Taylor talked on Youth Center activities to the club.

Mrs. Robert Hargrove, Jr., 132 Milburn, will entertain the group at their business meeting June 4.

The kitchen has been labeled the most dangerous room in the house.

An electronic fuel gauge for the U.S. Air Force measures gasoline in pounds rather than in gallons.

Although 43 U. S. states limit the hours of employment for women to protect their health, statistics show that women, on the average, outlive men by several years.

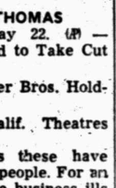

CLIPPER'S CLIP

TOKYO, May 22. (AP) — The Korean war is sometimes confusing. Especially after reports came out of the censor's scissors. Here's the way one dispatch read today:

"One report said (deleted by censor) Chinese has penetrated (censored) south-southeast of Soksa.

"An Eighth Army spokesman said, however, that the report 'should not be taken too seriously.' "

TEXAS BRANDS

BY JOH... ...ENDRIX

The Bar S registered in Tom County in 1878 is probably one of the best-known brands in the San Angelo country today. Sawyer Cattle Company became owners of the brand about 1884, purchasing it from Sherwood and Sterrett in Irion and Regan Counties. Since that time they have run an average of 9,000 cattle on 173,000 acres of land. In 1936 there were approximately 8,300 fine Hereford cattle wearing the brand. During the years from 1878 to the present, there have been several minor changes in the brand but it is known throughout the cattle country as the Bar S.

The Bar S has offices in San Angelo; both office and ranch management are under Louis L. Farr, Jr., from San Angelo, Texas.

Stock Market Steady Today

By RADER WINGET

NEW YORK, May 22. (AP)—After a hesitant start, the stock market moved ahead today.

Gains were restricted to around a dollar among leaders. Some declines ran more than a dollar. The downside of the market mostly was measured in cents.

Railroads held to a slight upside edge.

In other major divisions of the markets, steels were mixed, motors unchanged to higher, oils mostly higher, chemicals unchanged to higher, and aircrafts and air lines narrowly mixed.

Higher today were Santa Fe, New York Central, Southern Pacific, Sinclair Oil, Kennecott Copper, American Cyanamid, DuPont, U. S. Steel, Chrysler, and Goodyear.

Northwest Crockett Venture Is Failure

C. L. Norsworthy, Jr. of Dallas No. 1 Mrs. Elizabeth Mitcham, wildcat in Northeast Crockett County, has been plugged and abandoned on total depth of 7,770 feet in the Pennsylvanian.

The last drillstem test in the project was from 7,701 to 7,770 feet.

Tool was open 90 minutes. Recovery was 75 feet of drilling mud with no shows of oil, gas or water.

Location of the failure is 660 feet from south and west lines of section 8, block AB, GC&SF survey and eight miles east and slightly north of the Midway Lane field.

Germans Seek Closer Tie-up Among Schools

MIAMI BEACH, Fla., May 22. (AP) — Five observers from the western zone of Germany, here to attend the National Convention of the Congress of Parents and Teachers, said today they were enthusiastic about the American school system.

"It would be wonderful if we could introduce your methods into our schools," said Dr. Richard Ensslen of Weisbaden, who is attached to the West Germany ministry of economics. "But we are too handicapped by the lack of money, teachers and school buildings."

The Germans, who have been visiting schools along the East Coast under the sponsorship of the State Department, pleaded for closer contact between the children of American occupation forces and the German youngsters.

"Schools in some parts of the occupied zone have been taken over for use by children of American forces," Dr. Ensslen said. "We do not see why American and German children could not use the same buildings.

"Perhaps language difficulty would make it impossible for the children to study in the same classrooms, but surely they could use the playgrounds and other equipment together.

"This would improve the relations between the American and German children and their families."

The PTA convention, attended by more than 2,000 of the group's 6.5 million members, split up today into sectional meetings.

Well on East Side Of Terry Field Flows 2,030 for Potential

Magnolia Petroleum Co. No. 4 Scales, project in the east side of the Wellman - Wolfcamp field of Southwest Terry County, has been completed for a 24-hour potential of 2,030 barrels of oil.

This was based on an actual six-hour flow of 507 barrels of oil through a 32-64th-inch choke. Gravity of the petroleum was 43.4 degrees. Gas-oil ratio was 437-1.

Production is natural from open hole between 9,380 feet, where the liner is set, and total depth of 9,410 feet.

Location for No. 4 Scales is 660 feet from north and 1,986.5 feet from west lines of section 12, block C-36, psl survey and 10 miles southwest of Brownfield.

It is 188 feet higher on top of the reef than the highest producer in the field. Top of the reef is at 9,148 feet. Elevation is 3,283 feet.

Plans have been made for an electronic system which will keep ice off TV sending antenna while programs are on the air.

New methods of canning strained fruits and vegetables are expected to retain all the original flavors and nutrition.

Location Staked For King County Wildcat

American Liberty Oil Co. of Dallas is to start operations immediately at a 5,000-foot wildcat in the extreme southeast corner of King County.

Located 11 miles due south of the Ross Ranch - Strawn field, the new project will be drilled as the company's No. 1 E. V. Hardwick 330 feet from southwest and 880 feet from southeast lines of section 89, block 13, H&TC survey.

That puts it nearly on the north line of Stonewall County, and 15 miles west of Knox City.

THE ADVENTURES OF PATSY

DOUBLE PLAY ON RED SUPPLIES

While loaded enemy freight cars burn following direct rocket hit, a naplam bomb turns loading platform and stockpiled Red supplies into a fiery inferno. The aerial double play came during Allied light bomber attack on Communist marshalling yard at Masan, North Korea.

Hermleigh And Sunray Win Monday Games

Hermleigh won 28-17 over Sun Oil, and Sunray took Parker Drilling Co. 15-4 last night.

Hitting was almost as wild as scoring in the first game. Statistics showed Hermleigh to have 28 runs, 14 hits, four errors, and two men left on base; and Sun Oil had 17 runs, 15 hits, 20 errors, and five men left on base.

In the second game pitching was tighter, and hits were held down. Zelmer Glover, pitching for Sunray, gave up only five hits. Sunray had had 15 runs, 10 hits, 1 error, and six men left on base.

Parker Drilling Co. had four runs, five hits, six errors, and eight men left on base.

Even though Joe Reynolds, pitching for Parker Drilling Co., lost the game, he played good ball and bolstered his own game by hitting the only home run in the second contest—and incidentally, the first home run this season hit off Flover.

Jimmy Boattenhammer was the winning pitcher for Hermleigh, and Ross Carroll was Sun Oil's losing pitcher.

Home runs in the first game were hit by Voss, who hit two for Hermleigh, and Rasberry and Beike who hit one each for Sun Oil.

Two good games are scheduled for tonight. Texas Electric plays West Texas State Bank at 730, and the V.F.W. plays Pan American at 9 o'clock.

CHILD TRAPPED BY TIDE

Sally Reese, 7, walks between rescuers after she was hoisted up a 50-foot ocean cliff at San Diego, Calif. The child was trapped by incoming tide as she played along the foot of the cliffs. Lifeguards lowered one man in a bosuns chair, and he brought Sally up on his lap. Unidentified men in the picture helped hoist the chair.

New Navy Boss Due For British Next December

LONDON, May 22. (AP)—Britain's navy gets a new boss in December.

The Admiralty announced that Adm. Sir Roderick R. McGrigor would take over then as Fihst Sea Lord and Chief of the Naval Staff. He will succeed Admiral of the Fleet Lord Fraser, who will have held the post the customary three years.

The Romans heated their homes by sending heat through the walls. Today's "radiant panels" in the walls of homes have controls so refined that heating for the home is changed when the weather outside changes before any change is noted in room temperatures.

Return Of Nippy Jones Has Helped Cards To Look Alive

By RALPH RODEN
Associated Press Staff

The comeback of Vernal (Nippy) Jones has injected new life into the St. Louis Cardinals.

The rise in the fortunes of the Cards dates from Jones' return to the varsity on May 15.

Jones, whose career appeared ended two years ago when he was floored with a spinal injury, looked great in the spring but big Steve Bilko was awarded the first base job. Jones was shunted to the Cards' Rochester farm in the International League.

He banged the ball hard and often for the Wings, and was called back to the flu-ridden Cards who had lost seven out of eight starts.

BLAZING BAT, TOO

The Nipper brought his blazing bat with him and since his return the Cards have won five out of seven starts.

Jones has hit safely in seven straight games. He is flailing away at a .407 clip with 11 hits in 27 swings.

He drove in three runs Monday to lead the Red Birds to a 5-2 victory over the New York Giants in the National League's only scheduled game. The victory moved the third-place Cards to within a game and a half of the pace-setting Brooklyn.

YANKS HOLD LEAD

The New York Yankees protected their two game edge over the Chicago White Sox in the American League race. The Yanks defeated the St. Louis Browns, 2-0 while the White Sox downed the Washington Senators, 5-3. The Boston Red Sox outlasted the Detroit Tigers, 9-7, in the only other game.

Jones' clutch hitting broke up a pitcher's duel between Gerry Staley and the Giants' Larry Jansen. Jones doubled with two out and the bases loaded in the fifth inning to drive in three runs and break a 2-2 tie.

Big Vic Raschi turned in his seventh victory against one loss in blanking the Browns under the lights at Yankee Stadium.

OVERMIRE SHINES

Little Stubby Overmire who pitched for the Browns deserved a better fate. The Yanks broke a scoreless tie with two out in the sixth on a scratch hit by Hank Bauer and singles by Joe DiMaggio and Yogi Berra.

Joe Dobson, Billy Pierce and Harry Dorish held the Senators to four hits as the White Sox extended their winning streak to five games in a night game at Washington.

Dobson allowed only one hit in five innings but weakened in the sixth when he walked two and served a home run ball to Gil Coan.

WILLIAMS SNAPS SLUMP

The Sox, with the aid of shoddy fielding, nicked Julio Moreno for four runs in the first three innings. Ed Robinson drove in two runs with a fly ball and triple.

Ted Williams snapped out of a batting slump pounding out a single, double and homer to help the Red Sox edge the Tigers. The Sox scored seven runs in the third inning but Williams' two-run homer in the seventh proved to be the deciding factor.

Dallas Moving Closer To Top

By The Associated Press

Dallas had moved to within a game and a half of the leading San Antonio Missions today as Texas League teams changed opponents.

Two home runs in the ninth inning let Shreveport's Sports knock off the Missions 6-5 Monday night at Shreveport. Dallas wound up a 12-game home stand by trouncing Tulsa 13-4.

Beaumont's Roughnecks smacked 13 hits in their home park to whip Houston's Buffs 14-3. Fort Worth downed the Oklahoma City Indians at Oklahoma City 6-2, with Bill McCahan winning his fifth between Indians' Manager Tommy Tatum and McCahan. They squared off near the Fort Worth dugout in the second inning.

Players separated them before they landed damaging blows.

Beaumont climbed above Houston into undisputed possession of fourth place, behind Oklahoma City.

A two-run home run by Ted Bosiach started the ninth inning rally for Shreveport. It ended when Ned Wilson hit a homer which brought in three. Austin Knickerbocker of the Missions hit his 11th homer of the year. Bill Demars of the Missions also got one.

Dallas ended a home stand with ten won and two lost. Pitcher Ray Narleski won his fifth game of the season without a loss as Dallas poled out 12 hits.

Beaumont's hits included two homers by Jack Maupin and roundtrippers by Chuck Wotowicz and Frank Mancuso. Les Fusselman hit a homer for Houston in the eighth. Maupin made five runs in five trips to the plate.

PICTURE PROOF

BRANTFORD, Ont., May 22. (AP) — George Gammack gulped and looked again — it was an airplane waiting for gas outside his station on busy No. 2 Highway.

Dazed, Gammack went out. "Fill 'er up," said the pilot, "I haven't got enough to get home."

Gammack filled the tank and and the pilot, apparently "from the United States," took off down the highway. Gammack didn't get his name, but he has a picture of the small plane at the pumps to prove his story.

Waco Victory In Big State

By The Associated Press

Gainesville, top team in the Big State League race, bowed Monday night to Waco's third place Pirates 6-4.

The Pirates put together two walks and singles by Second Baseman Jim Rice and Leftfielder Danny Kravitz to push over the winning two runs in the seventh-inning rally.

In other games Texarkana beat Temple 12-6; Wichita Falls whitewashed Tyler 2-0, as George Simmons hurled a three-hitter, and Sherman-Denison moved into fourth place 5-4 over the Austin Pioneers.

Waco got off to an early lead with four runs in the second inning.

But Gainesville tied it up in the third. Wilcey Moore tripled, and Roy Sanner, Jodie Beeler, Manager Hal Van Pelt, and Mike Dooley singled for the league leaders. Sanner made it his 22nd consecutive game in which he hit safely.

Jim Matthews led Texarkana's attack with three hits in three official trips to the plate, and scored four of the Texarkana runs. Moe Santamauro homered in the fifth for the Bears. Ralph Kennedy hit a homer for Temple with one man on in the fourth.

Simons' shutout of Tyler was the first posted by a Wichita Falls hurler this season. He bested Joe Pate in a hard fought pitchers duel. Simons fanned seven and Pate three. Simons was in trouble only in the fourth when Mel Neuendorf doubled but couldn't move up.

Sherman-Denison's victory came in the 10th inning when speedy Shortstop Bob Montelongo doubled to score teammate Ken Dickens. Austin had tied it up 4-4 in the eighth.

Big Spring In Pair Of Wins

By The Associated Press

Paul Sanchez turned in an ironman stunt in the Longhorn League Monday night pitching the Big Spring Broncs to a pair of wins over the Roswell Rockets.

The twin victory moved Big Spring into a third place tie in the pennant race and gave Sanchez his fifth and sixth victories of the 1951 season.

The big fire-baller gave up two hits to the Rockets to beat them, 2-1 in the first game. He gave up six hits in the second but a big fifth inning, when his mates scored five hits, gave him a comfortable lead. Big Spring won 8-2.

Midland nipped Vernon with a strong finish, winning, 8-7, and Odessa beat Sweetwater 10-8. Artesia at San Angelo was rained out.

Midland scored two runs in the seventh, three in the eighth and the winning run in the ninth to beat Vernon.

It was the second night in a row for Midland to win in the last of the ninth.

Ray Miller, young right-hander, started for Odessa and was credited with his first win of the season although he had to call for help.

Manager Pepper Martin homered in the third with a mate aboad for the big blow of the game.

Intelligence Officer For M'Arthur Retires

TOKYO, May 22. (AP) — Maj. Gen. Charles A. Willoughby, General MacArthur's intelligence officer for almost 10 years, today sailed for the United States and retirement.

Willoughby asked to be retired shortly after MacArthur was ousted as Far East commander. He said he wanted to help MacArthur.

At San Francisco Willoughby will enter Letterman Army Hospital for a physical checkup, a routine required of retiring officers.

Members of the Snyder National Guard who went to Midland for a week end communications school were John Lynch, Jr., Lewis Bird, and John Pitner.

Russians Do It Again

LONDON, May 22. (AP)—The Soviet Union announced today it has perfected "improved types of electronic machines for artificial rain."

But the Russian rain maker also has a fair weather use, the Soviet news agency Tass said in a dispatch from Moscow.

The machines, Tass said, "also mechanize the application of fertilizers and chemical substances for fighting weeds and vermin."

The announcement did not elaborate.

Gulf Coast Is Bunched Close Top Of League

By The Associated Press

How tight can a pennant race get?

Two clubs are tied for the lead and the seventh place team is only four games off the pace in the Gulf Coast League.

The race tightened up more Monday night.

Port Arthur beat the Corpus Christi Aces, 7-6, while Harlingen was taming Laredo, 4-3 to leave the Aces only four percentage points out in front.

Texas City beat Brownsville 8-6 to keep the Charros from making it a three-way tie. Lake Charles and Galveston, tied for fifth and sixth, split a double-header. Lake Charles won the first one 9-3 but lost the second, 4-5.

Bill Dozier threw a six-hitter at Corpus Christi and had the Aces eating out of his hand after the first inning. Quintin Altizer was raked for 13 hits by the victors.

Hal Jackson pitched and batted Harlingen to its win over Laredo. He stopped the Apaches with six hits and drove in three runs with two hits.

Texas City jumped on four Brownsville pitchers to beat the Charros. The Texans used 12 hits, five walks and four errors to build up their total.

Lake Charles got 13 hits for nine runs in the opening game of the double header but saw 12 hits produce only four runs in the second.

Galveston was outhit in the second game but made their blows count.

PERSONALS

Mr. and Mrs. C. L. Banks, 1001 Twenty - sixth Street, and Mrs. J. M. Lewis and children, Brenda Kay and Laddie Frank, were in Midland Saturday, where they visited a niece, Mrs. Olan Friday.

Mr. and Mrs. R. P. Mageors, 1505 Avenue S, expect to spend Mr. Mageor's vacation from the Patterson - Ballagh Tool Co. in Possum Kingdom fishing. Leaving over the week end, the family will be joined by relatives at the resort.

Dwain Dobbs, the son of Mr. and Mrs. C. E. Dobbs, 1501 Avenue R, is ill at home with the mumps. Dwain is absent from his first grade classes.

Snyder residents who attended funeral services of Mrs. Flossie Whitaker in San Angelo last week, were Mrs. Roscoe Grantham, Mrs. J. P. Nelson, Miss Neoma Strayhorn, Mrs. Lucile Dougherty, and Mr. and Mrs. Horace Eiland.

Mr. and Mrs. Earl Fish and her daughter, Mrs. John Lynch, Jr., and children spent Sunday in Lubbock visiting Creston Fish.

LEGAL NOTICE

NOTICE OF ELECTION
THE STATE OF TEXAS:
COUNTY OF BORDEN:

TO THE LEGALLY QUALIFIED RESIDENT ELECTORS OF GAIL COMMON SCHOOL DISTRICT NO. 1, GLENN CREEK COMMON SCHOOL DISTRICT No. 4, MESQUITE COMMON SCHOOL DISTRICT No. 6, BERRY FLAT COMMON SCHOOL DISTRICT No. 10 AND UNUION COMMON SCHOOL DISTRICT No. 13:

TAKE NOTICE that an election will be held within the area of said districts on the 5th day of June, 1951, at the places and on the proposition more fully set orth in the order adopted by the County Board of Trustees calling said election, substantially as follows, to-wit:

"AN ORDER
CALLING AN ELECTION TO AUTHORIZE THE GROUPING OF GAIL COMMON SCHOOL DISTRICT NO. 1, GLENN CREEK COMMON SCHOOL DISTRICT NO. 4, MESQUITE COMMON SCHOOL DISTRIT NO. 6, BERRY FLAT COMMON SCHOOL DISTRICT NO. 10 AND UNION COMMON SCHOOL DISTRICT NO. 13, TO FORM A RURAL HIGH SHOOL DISTRICT.

WHEREAS, grouping of Gail Common School District No. 1, Glenn Creek Common School District No. 4, Mesquite Common School District No. 6, Berry Flat Common School District No. 10 and Union Common School District No. 13 to form a rural high school district would be beneficial to the students of said schools; and

WHEREAS, each of said Common School Districts has less than four hundred (400) scholastic population; and

WHEREAS, each of said common school districts is situated entirely within Borden County, Texas; and

WHEREAS, no districts have ever been annexed to any of said common school districts under the general laws relating to rural high school districts; and

WHEREAS, the area of the rural high school district thus to be formed will be in excess of one hundred (100) square miles; and

WHEREAS, an election should be called for the purpose of determining whether such rural high school district shall be formed; IT IS THEREFORE ORDERED BY THE COUNTY BOARD OF SCHOOL TRUSTEES OF BORDEN COUNTY, TEXAS:

1. That an election shall be held on the 5th day of June, 1951, at which election there shall be submitted to the voters of said districts the following proposition:

"Shall the County Board of School Trustees of Borden County, Texas, be authorized to form a rural high school district by grouping Gail Common School District No. 1, Glenn Creek Common School District No. 4, Mesquite Common School District No. 6, Berry Flat Common School District No. 10 and Union Common School District No. 13, for the purpose of establishing and operating rural high schools?"

2. That said election shall be held at the following places:

In Gail Common School District No. 1 at the courthouse in the city of Gail and the following named persons are hereby apointed officers of said election:
Mrs. A. Robers, Presiding Judge,
Mrs. Pat Cathey, Judge,
Mrs. N. P. Winphaw, Clerk.

In Glenn Creek Common School District No. 4 at the Schoolhouse, within said District, and the following named persons are appointed officers of said election:
W. L. Miller, Presiding Judge,
Mrs. L. C. Bradford, Judge,
Mr. L. C. Bradford, Clerk.

In Mesquite Common School District No. 6, at the Schoolhouse, within said District, and the following named persons are appointed officers of said election:
C. C. Nunnally, Presiding Judge,
C. L. Smith, Judge,
H. B. Davis, Clerk.

In Berry Flat Common School District No. 10 at the schoolhouse within said District, and the following named persons are appointed officers of said election:
W. W. Staggs, Presiding Judge,
Matt Farmer, Judge,
Roy Burdett, Clerk.

In Union Common School District No. 13 at the Schoolhouse, within said District, and the following named persons are appointed officers of said election:
Ruth Weathers, Presiding Judge,
Bernhard Bartels, Judge,
Loyd Murphy, Clerk.

In Gail Common School District No. 1 at the Fairview School House, in the Gail School District, and the following named persons are appointed officers of said election:
W. L. Wilson, Presiding Judge,
Mrs. Floyd Buchanan, Judge,
T. A. Bade, Clerk.

3. The ballots for said election shall be in substantially the following form:
"OFFICIAL BALLOT"
"For Forming Rural High School District"
"Against Forming Rural High School District"

4. All persons who are legally qualified voters of the State and of Borden County and who are residents, qualified voters of said school districts shall be entitled to vote at said election, and each vote shall vote in the district and voting precinct in which he resides.

5. Notice of said election shall be given by posting a copy of this order in each of the several school distrjcts at least twenty one (21) full days prior to the date herin set for the holding of said election, and by publication of said notice in a newspaper of general circulation within the County on the same day of each of three consecutive weeks, the date of the first publication being at least twenty-one (21) full days prior to the date herein set for the holding of the said election.

PASSED AND APPROVED this the 14th day of May, 1951.

Ruling On Fair Trades Act To Help Consumer In Many States

By JAMES MARLOW

WASHINGTON, May 22. (AP) — Your pocketbook — the price you pay for things you buy — may benefit from a Supreme Court decision yesterday.

It means a lot of shopkeepers can now charge you less than they've been charging. They'll be free to cut prices.

This court decision involves the Fair Trade laws of the 45 states which have them. Three states — Vermont, Missouri, Texas — and the District of Columbia don't have them.

This is what those Fair Trade laws meant, among other things:

1. The manufacturer of a brand-name product could go into a state and make an agreement with one or more retailers, handling his product, not to sell it below a certain minimum price. This was price fixing.

2. Once a manufacturer made such an agreement — if only with one retailer in that state — no other retailer there could sell below the price agreed upon by the manufacturer and that one dealer.

This meant that any dealer —or many dealers—who not only didn't sign the agreement but didn't want it at all, couldn't cut the price of that product.

That was the way it was until yesterday, as the state laws were interpreted. But the Supreme Court changed that in part and in this way:

The court said that in states which have fair trade laws a manufacturer and retailers can still make agreements not to sell below certain price.

But, the court said, this applies in the future only to those making any retailer not a party to the the agreement and, in the future, agreement can cut the price as much as he wishes.

This decision resulted from a case in Louisiana.

Two distillery corporations, Schenley and Calvert, wanted a certain New Orleans liquor store —Schwegmann Brothers — not to sell below a certain price. The store insisted on selling at a lower price.

The distillery firm took the liquor store to court to make the owners abide by the state's fair trade law. The Schwegmann firm fought this all the way up to the Supreme Court.

And yesterday the court cut a big hole in the fair trade laws of all the states by ruling in Scwhegmann's favor.

TryingToKeep Girls' College From Collapse

BELTON, May 22. (AP) — Trustees of Mary Hardin-Baylor College are considering proposals to merge the school with the University of Corpus Christi or move it to Houston.

A committee is to investigate all possibilities. The date it is to report hasn't been announced. Some trustees of the Belton area say they believe a way can be found to keep the 100-year-old Baptist school here.

Mary Hardin - Baylor was one known as the largest women's college west of the Mississippi. Its resident enrollment was from 1,600 to 2,000.

Enrollment this term is about 200.

As trustees met Monday with a group from the University of Corpus Christi to discuss the possibility of moving Mary Hardin-Baylor to Corpus Christi they received a telephone recommendation that the college be moved to Houston.

They did not disclose the name of the person making that suggestion.

The University of Corpus Christi also is a Baptist school, founded five years ago.

Under the suggestion for a merger men would be admitted to the school. The trustees did not reveal details of the Houston proposal, but said it would not involve merging with another college.

Mary Hardin-Baylor has an endowment of about $1.5 million and isn't in major financial difficulties.

Kryhoski And Fain Lead In American's Batting

CHICAGO, May 22. (AP) — A pair of first basemen, Dick Kryhoski of Detroit and veteran Farris Fain of Philadelphia, are battling for the American League batting lead.

The 26-year-old Kryhoski, was going at a .403 clip through Sunday's games with 25 hits in 62 trips. He collected four hits in 10 trips during the week to slip a point from his .404 a week ago.

Fain, 29-year-old Athletics reliable who carved .282 last season, slammed 11 hits in 25 tries to climb 14 points to .393 and second place.

Last week's leader, Gil Coan of Washington, skidded 52 points from .412 to a third-place .360. Rookie Jim Busby of Chicago was fourth with .359.

English Millinery Spree

LONDON, May 22. (AP) — Britain went on a millinery spree today in a morale boosting program for members of its Women's Royal Air Force. It gave all 10,900 of the girls new hats.

FLORIDA KEEPS 'TOMS' ON BOOKS

TALLAHASSEE, Fla., May 22. (AP) — A state representative by the name of Tom did his best last night to get the Florida leislature to scuttle the time-honored term of "Peeping Tom."

Rep Tom Johnson, Jr., of Hillsborough County. (Tampa) suggested amending a bill providing a fine or imprisonment for Peeping Toms to change the expression to "Peeping Joe."

The bill was introduced by Rep. Joe Jacobs of Suwannee County.

Amid laughter, Rep. Beasley of Walton County — whose first name also is Tom — ruled the amendment out of order. The unamended bill passed unanimously.

"Peeping Tom" is the popular term for men who peep in windows and commit similar invasion of privacy.

Taxi Takes Long Drop

QUEBEC, May 22. (AP)—A taxicab plunged 300 feet from the heights of the Plains of Abraham to a street below yesterday but its only occupant, driver Andre Delisle, escaped with superficial head injuries.

Top Players At Colonial Open

FORT WORTH, May 22. (AP)—The field was gathering fast today for Fort Worth's $15,000 Colonial Open. More practice rounds were on tap.

There was a chance three of the event's top-rated players Sam Snead, Ben Hogan, and Lloyd Mangrum, would tour the 7,035-yard Colonial Club layout.

They weren't on hand Monday when Vardon Trophy Leader Jim Ferrier "just practiced" a bit and three of the several native Texans who will play posted fine practice scores.

There'll be no more practice after tomorrow. The first round of the 72-hole event will be played Thursday. First money is $3,000. There are 42 entries.

Jackie Burke, Jr., of Houston, had a two-under par 68 in practice yesterday. Henry Ransom, of St. Andrews, Ill., had a 69. Chuck Klein, of San Antonio, also had a 69.

Americans Lead Golf Tournament In Wales

PORTHCAWL, Wales, May 22. (AP) — Bill Campbell of Huntington, W. Va., led the American contingent through the second round of the British Amateur Golf Championship today. Campbell beat Henry Howell, one of Wales' biggest golfing idols, 5 and 3.

Bo Wininger of Pleasantville, N. J., followed Campbell into the third round with a 4 and 3 decision over C. D. Lawrie, a former Scottish champion.

Brooklyn's Abrams Is Batting High In League

NEW YORK, May 22. (AP) —Remember when Cal Abrams was low man in a four-way wrestle for Brooklyn's leftfield job? Well, now he's leading the National League in hitting with a .431 average.

It all happened suddenly with Abrams' six-hit surge in Sunday's doubleheader at Cincinnati sending him in front of teammate Jack Robinson.

But Robinson didn't slump. But he's 27 points back of Abrams with .404.

The league-leading Brooks monopolize the big hitting marks with Captain Pee Wee Reese third at .374.

Then comes Bob Elliott, Boston's slugging third baseman, at .367.

Lubbock Works On Win Streak

By The Associated Press

The beleagued West Texas-New Mexico League took another drubbing from the weatherman Monday night. Two of the four games were rained out.

The Lubbock Hubbers won their sixth victory in a row and moved within two games of the league-leading Albuquerque Dukes.

Lubbock beat Borger, 8-1 while Lamesa was edging Amarillo, 5-3. Albuquerque at Abilene and Clovis at Pampa were rained out.

Chris Haskins pitched and Al Kubski batted Lubbock to its win. Kubski had a two-run homer and a single that drove in another tally.

Lamesa's Lobos handed Amarillo its 20th loss of the season although outhit by the losers. Amarillo got 12 hits off Jim Reynolds while Lamesa was getting only seven — but they couldn't get to Reynolds with men on base.

Four Killed In Car Wreck Near Tahoka

TAHOKA, May 22. (AP) — Four persons were killed in an auto collision between Tahoka and Brownfield last night. Four were injured.

Sheriff Roland Clem of Tahoka identified the dead as Mrs. Calvin Edwards, 32, of Tahoka; her mother, Mrs. O. T. Rogers, about 70, and Mr. and Mrs. Samuel E. Riley of Route 3, Lamesa. Riley was 50, his wife 45.

The accident scene was about 15 miles from Tahoka and the same distance from Brownfield.

Senate Confirmation

AUSTIN, May 22. (AP) — Senate confirmation of the following has been requested by Gov. Allan Shivers:

Lonnie F. Fuller of Denison, reappointed and L. A. Nordan of San Antonio, appointed on the state parks board.

A SOLDIER'S GREETING

Capt. W. M. Sullivan of Riverside, Illinois, greets his wife, Doris, in San Francisco after the transport Gen. R. L. Howze docked with military personnel on rotation leave from Korea. Sullivan is a veteran of the 24th division. Others shout with excitement as they see their loved ones filing from the ship.

Jury Is Instructed to Acquit TwoMenCharged withBurglary

Elmer C. Higgins, 46, was acquitted on a burglary charge in 132nd district court yesterday afternoon when Judge Ben F. Thorpe instructed the jury to return a verdict of innocent after the state failed to produce evidence sufficient to warrant a conviction.

L. DeWitt Hale, Corpus Christi attorney who represented Higgins, first asked for a severance trails between his client and John J. Barrett, 22, charged with the same offense. The request was granted by the court.

DISMISS CHARGE

After the acquittal of Higgins, Bob Davie, district attorney, asked the court to dismiss the Barrett case, which Judge Thorpe did.

The first witness called by the state was J. T. Trice of Camp Springs, who testified that two shotguns and one.22 calibre rifle was stolen from his home March 31. Trice told the jury that he attended a funeral that day, returned home about 4:30 o'clock in the afternoon, and left again not to return until about 10:30 o'clock that night.

"When I reurned home, I found some clothing piled up on the floor and asked my wife about it and she did not know who did it," Trice said.

Trice later discovered that a .410 gauge shotgun, a .12 gauge shotgun and a .22 rifle were missing, and reported the theft to the sheriff's department. He told the jury that his house was unlocked at the time of the burglary.

Defense Attorney Hale questioned Trice, who said he did not know who stole the guns or at what time of day or night they were taken. It was pointed out by the defense attorney that the indictment against Higgins said it occurred in the daytime.

The guns were not permitted to be introduced into the evidence as exhibits.

DETECTIVE

Another witness for the state was John Dunwoody, city detective from Fort Worth, who apprehended Higgins and Barrett in a Fort Worth tourist court following a shooting April 2. When Dunwoody was asked by the defense attorney if he had obtained a search warrant to enter the cabin of Higgins, he replied in the negative; that permission was given by the landlady of the tourist court. Dunwoody told the jury that he found the three guns in the possession of Higgins.

When the state rested its case, the defense told the court that it would have no witnesses.

Hale then offered a motion for a directed acquittal upon the grounds that the state had failed to prove its case, and asked Judge Thorpe to instruct the jury to return a verdict of not guilty, which was done.

But neither Higgins or Barrett was released from custody although freed on the burglary charge, for the pair is wanted at Wichita Falls on a car theft charge, and at Walters, Okla., on a charge of assault to murder and jailbreaking. Wichita Falls will be given priority, Lloyd Merritt, sheriff, said.

Barrett is also wanted by authorities at Sheppard Air Force Base on an A.W.O.L. charge, Merritt said.

More Showers Forecast For West Texas

By The Associated Press

Hard thundershowers with stiff winds moved from West Texas to hit Dallas and Fort Worth early today.

At the same time Childress, in the Panhandle, and Waco, in Central Texas, had rain.

Continued scattered thundershowers were forecast. Residents of Brownwood, viewing property damage from Monday night's slashing windstorm there, counted themselves lucky no one was injured.

Flood waters from the Red River chased a number of residents from their homes in northern Cooke County. Some livestock loss was reported. The river left its banks Sunday.

The storm at Brownwood was followed by six inches of rain, heaviest fall there since 1945. Heavy rains also fell in sections of West Texas Monday night.

Rains were more or less general within a 100-mile area of Abilene.

Winds up to 65 miles an hour caused some damage at Abilene Monday. A garage at the state hospital southeast of Abilene was blown down and four cars were damaged. Abilene had 1.30 inches of rain.

Gusty winds accompanied a thundershower at Amarillo.

At the U. S. Highway 77 bridge seven miles north of Gainesville waters rose from a little over 22 feet Sunday to more than 27 feet last night.

Presidio had the state's highest temperature Monday, 100 degrees. Dalhart was low with 77.

Oliver Willis, Former Deputy, Dies at Home

Funeral services will be held at 4 o'clock tomorrow afternoon for Oliver S. Wills, 75, who died early this morning at his home in Fluvanna. Mr. Wills, a resident of Fluvanna for 35 years, was a former Scurry County deputy sheriff.

Funeral services are to be held at the Fluvanna Church of Christ. Roy Phemister, minister of the church, is to officiate at the rites. Burial will be in the Fluvanna cemetery.

Mr. Wills had been in ill health for the past few months. He was a thirty - second degree Mason, and a member of the Church of Christ.

Survivors in addition to the widow, Mrs. Rose Wills, include three daughters, Mrs. C. T. Hunnicutt of Fluvanna, Mrs. C. V. Arnett of Big Spring, and Mrs. Earl Berry of Ozona; four sons, Weldon Wills and V. A. Wills of Fluvanna, Hood Wills of Perryton and Sam Miller of Ozona, and a brother, John C. Wills of Killeen, Tex. Ten grandchildren and two great-grandchildren also survive.

Pallbearers will be Emmett Borden, Raymond Daugherty, Horace Carmichael, Buford Browning Houston Lemons and Pat Jones.

Funeral arrangements are under the direction of Bolger - Barnes Funeral Home.

Man Faces Charge Of Theft of Check Writer

A charge of burglary was filed against T. L. Webb, 35, in the court of W. C. Davidson, justice of the peace, yesterday afternoon.

The complaint was signed by H. M. Barnett, city patrolman, charging Webb with forcing an entry May 15 in a house, the property of Gordon Goss, and taking personal property, including a check writing machine valued at $125 and some checks.

Mrs. J. K. Mitchell Home from Hospital

Mrs. J. K. Mitchell, 3010 Avenue W, was taken home from a Lamesa hospital by a Bolger - Barnes ambulance yesterday. She had been there for treatment for a short time. Mrs. Mitchell is the mother of Miss Oleta Mitchell and Mrs. Sterling Williams.

Garza County Wildcat Develops Sulphur In Test of Ellenburger

Stanolind Oil & Gas Co. No. 1-A D. C. Hill, wildcat in East-Central Garza County, is at total depth of 7,995 feet in the Ellenburger circulating for orders after developing sulphur water on a drillstem test in that formation.

The test was made in the interval from 7,951 to 7,995 feet. Tool was open two hours. Recovery was 3,400 feet of sulphur water. The top 180 feet was slightly mud cut.

Ellenburger top was corrected from 8,965 to 8,970 feet. Elevation at the drillsite is 2,307 feet.

Location is 660 feet from east and 330 feet from south lines of section 58, block 2, T&NO survey. That puts it 16 miles east of Post and seven and one-quarter miles southeast of the Garza field.

Man Injured at Work

Jimmy Richey, 1503 Avenue R, was taken to Snyder Hospital about 1:30 this morning to receive treatment for a serious hand injury sustained while at work. His condition is said to be satisfactory.

ENCOURAGES CARE

HARROGATE, Eng., May 22. (AP) — The National Union of Bank Employees complained yesterday that one of its members had been forced to make good half of $1,400 stolen while he was on duty as cashier.

The bank is in Scotland.
