The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume 38

Tahoka, Lynn County, Texas, Friday, July 10, 1942.

Number 48.

Crop Prospects Bright Following Rains Last Week

Rains Thursday night and Friday of last week, which gave most of Lynn county a good soaking, were of great benefit to crops. Much of the county was needing rain.

Crops are looking very fine over most of the county. Cotton that was halting out and replanted is growing rapidly, The News is informed. Some other half damaged crops which were not replanted have "come out" remarkably, it is said.

County Agent Don Turner states there is now an infestation of flea hoppers, but the grasshopper menace has passed, for the time being at least.

The rain last week came just at the right time for most farmers. In the north half of the county, where moisture was needed worst, last week's rain was a soaker. J. R. Strain reported the New Home gauge registered 2.72 inches. Lynn West reported "about three inches," and much of the territory on east to the Garza county line is reported to have received from 1 1/2 to 3 inches. Tahoka received an inch and one-third.

The south half of Lynn county received much lighter rainfall, however most of this section had received earlier rains that the north half did not get.

The rain south of Tahoka ranged down to as little as a quarter inch. Draw reported a half to three-quarters of an inch.

Fishermen Get 9-Pound Bass

Coach Leo Jackson and Earl Adams were displaying the enormous head of a bass, said to have weighed 9 pounds, which their fishing party caught on a trip to Brownwood Lake last week end.

The fish was caught on a trot-line. Having seen much larger cat fish, however, the boys did not realize that they had a prize-winner in nearly any fishing contest, as it is very rare that a 9-pound bass is ever entered.

The party included Mr. and Mrs. Jackson and daughter, Earl Adams, and Miss Dorothy Virginia Fulkerson. W. H. Jr., Tommy, and Charles Fulkerson, who had been visiting in Fort Worth, joined them at the lake.

Corp. Roy Hicks Is Moving to Oregon

Corp. Roy Hicks, who is a partner in Piegly-Wiggly here, and wife are here visiting relatives and friends prior to moving from El Paso to Camp White, Oregon, a new Army camp.

Corp. Hicks has been stationed at Fort Bliss, and his wife has been employed as a bookkeeper in the El Paso National Bank. She is the daughter of Mr. and Mrs. Leroy Stephens, who live south of town.

They expected to leave today for Oregon.

Mr. and Mrs. C. N. Woods of Tahoka and Mrs. Myrtle Holland of Lubbock were among those spending the July 4th holidays in the mountains at Ruidoso, New Mexico.

Thompson Coming

Col. Ernest O. Thompson, Amarillo, member of the Texas Railroad Commission, will be in Tahoka this morning, Friday, to meet the voters in his campaign for re-election to that office. The News is informed.

New Methodist Pastor Arrives

Rev. H. A. Nichols, new pastor of the Methodist Church, filled the pulpit here last Sunday for the first time. He and his wife moved here last week from Chillicothe, Rev. Geo. E. Turrentine going from Tahoka to Mulahoe.

Rev. Nichols has been at Chillicothe seven years. Prior to that he was pastor at Spearman six years, and also has served as pastor of the Buchanan Street Church in Amarillo and as chaplain of the Abilene State Hospital.

He was reared near Brownwood and was surprised to find a number of old Brown County friends here. The Chillicothe Valley News says of the Nichols:

"Rev. Nichols came to Chillicothe in 1935 from Spearman, Texas, and has served the Methodist Church here since that time, enjoying a development in both membership and attendance. The church has had an able leader since Mr. Nichols took over the duties of the church, and members, as well as other citizens of Chillicothe, deeply regret the Nichols leaving. Mrs. Nichols has been active in several capacities during the time she has been in Chillicothe, being at one time Iris president of Garden Clubs."

New Books Are At County Library

Twenty-seven new books have been added to the shelves of the Lynn County Library, according to Mrs. G. M. Stewart, chairman of the library board.

Among these are such books as "Victory Through Air Power" by Major Seversky; "We Commandos" by Elliot Arnold; and "Piep Piper" by Nevill Shute.

Thirty good books and 250 magazines for use in the Army camps were taken to Lubbock Tuesday, Mrs. Stewart said.

Lieut. J. C. Womack Visits In Tahoka

Lieut. J. C. Womack visited Mr. and Mrs. Garland Pennington and daughter last week en route to St. Louis, Mo., where he was to report to an Army company for establishment of a glider school. He was recently commissioned at the Officers Training School, Miami Beach, Fla.

While here, Lieut. Womack, Mrs. Pennington and daughter attended the Lubbock Air Base graduation exercises, a number of the graduates being buddies of J. C.'s in other air schools.

J. C. grew up in Tahoka, and for several years he lived in the Pennington home.

F. M. McBeth Family

MOVES TO CALIFORNIA

Mr. and Mrs. F. M. McBeth and children left Saturday, July 4, for Oakland, California, where they expect to make their home for the duration of the war.

Mr. McBeth expected to secure employment in a shipyard as a pipefitter. He has been operating a hatchery and butane gas business here the past three years.

Committees For Rotary Named

Truett Smith, new president of the Tahoka Rotary Club, announced his committees for the current club year at Thursday's luncheon, and pledged himself to an active year of work in the organization.

W. T. Hanes, vice president, and chairman of the program committee outlined plans for varied programs emphasizing fellowship, fun, informational and educational topics, and said his committee hoped to make the meetings the most interesting yet.

R. P. Weathers was in charge of Thursday's program and presented a Mr. Peters of Midland, who showed a one-reel motion picture of life in the Army and the work of the USO that was educational and enjoyable.

New officers were inducted by the Tahoka Rotary Club Thursday of last week. Truett Smith succeeding Frank P. Hill as club president, W. T. Hanes becoming vice-president, and Frank George, W. O. Thomas, and J. L. Heare, the new directors. Houston Spikes succeeds himself as secretary.

Most of the program was given over to Truett Smith, who told of (Continued on Back Page)

Corp. Miley Dove, Lost In Java Fight, Has Wife, Two-Month-Old Son Here

Corp. Miley and Corp. Riley Dove, twins, Btry. D, 131st Field Artillery, U. S. Army, formerly of Plainview, have been captured by the Japanese in Java, Miley's wife, Mrs. Laura Moore Dove of Tahoka, has been notified by the War Department.

Mrs. Dove and her two month old son, Jerry Day, who was born in Tahoka May 2, 1942, and who has never seen his father, live in the southwest part of town. Mrs. Dove was reared here.

The twin boys were reared at Plainview, the sons of Mr. and Mrs. Nath Dove. About six years ago, the two young men joined the National Guard, Mrs. Miley Dove told the News, and were at Brownwood for several months after the Guard was mustered into the Army.

She and Miss Nell Anglin of Plainview were married to Miley and Riley, respectively, January 8, 1941, in a double wedding at Tulsa. Mrs. Riley Dove lives at Plainview.

Last Dec. 7, the twins were transferred with their company to San Diego, Calif., and were sent to Java shortly. They participated in the defense of Java, along with many other South Plains men, and now she is informed that they are Japanese prisoners.

The boys were 23 years of age on February 23.

The last letter Mrs. Dove had from Miley, he "hoped the baby would be a boy."

TWO NEGROES GIVEN JAIL SENTENCES FOR O'DONNELL TIRE THEFT

Two negroes are laying out a 90-day sentence in the Lynn county jail in connection with the theft of tires from Levi Noble of the O'Donnell Motor Co. recently.

One was convicted in county court of theft and the other of receiving stolen property. Judge Chester Connolly assessed a 90-day term against each.

CAMPAIGNING FOR SMITH

T. W. Montgomery, former Wilson teacher and one-time candidate for the legislature, has been in Tahoka this week campaigning for John Lee Smith of Throckmorton, a candidate for Lieutenant Governor.

Montgomery is a long-time friend of Smith.

C. B. Earley, who lives southeast of town, reports that his brother-in-law, Delton Hale, apprentice seaman, at the Great Lakes Naval Training Station, expects to be transferred soon. He will possibly go to sea.

Mrs. B. A. Sheffield and son, Mickey, of Houston, visited in the home of Mrs. Owen Fields here. Mrs. Sheffield and Mrs. Fields were college room-mates several years ago.

Sen. W. Lee O'Daniel And Hal Collins Bring Campaign Show To Tahoka

Senator W. Lee O'Daniel and Hal Collins brought their double-barreled campaign for United States Senator and Governor of Texas, respectively, to Tahoka, in a big way last Thursday afternoon on the Lynn County court house lawn. A large crowd of voters were on hand but showed much less enthusiasm than at past similar rallies.

The entourage rolled into town shortly before 4 o'clock in five automobiles and trucks, and included two orchestras, comedians, soloists, publicists, and, of course, O'Daniel and Collins.

Hal Collins' Crazy Water orchestra led off with the entertainment, which included popular tunes a solo by an accomplished young lady, and some comedy by Sugar Cane and February.

Then, the Mineral Wells hotel man and mineral water salesman came to the platform, presented his candidacy, and sold lithographed copies of the "Bill of Rights."

Collins, calling himself the candidate of the "unbridled voters of Texas" and the "common people's candidate," bitterly denounced Gov. Coke Stevenson directly and by implication. (Continued on Back Page)

SENATOR W. LEE O'DANIEL

HAL H. COLLINS

Absentee Ballots May Be Voted

Absentee ballots for the July 25 Democratic primary election are being mailed out this week by County Clerk Walter M. Mathis.

Anyone wishing to vote an absentee ballot may call at the clerk's office anytime before July 21 and vote. Written requests must be made before ballots can be mailed to voters who are out of the county.

Only four absentee ballots had been mailed Tuesday.

USDA War Board To Meet July 11

The U. S. D. A. War Board meets in the West Point community Tuesday night, July 14, at the roadside park about 2 1/2 miles west of the West Point school house.

The whole community is urged to attend these meetings.

There will be a chicken fry as a social entertainment, then the regular war program.

Come, bring your chickens, frying pans, lard, fuel, and anything to have a good time and get better acquainted and better prepared to do our best for our country.

—Mrs. C. T. Tankersley, reporter.

MOVED TO MIDLAND

Elwayne Nevill, who has been in training a Randolph Field, San Antonio, has been transferred to the Bombardier School at Midland, according to his father, J. L. Nevill. After twelve weeks' training there he hopes to receive a second lieutenant's commission as a bombardier.

SINGING AT GRASSLAND SCHEDULED SUNDAY

M. C. Ritchie announces there will be singing at the Nazarene Church at Grassland next Sunday afternoon at 2 o'clock.

Everyone is invited.

Little Wally Denman of El Paso is here visiting his grandparents, Mr. and Mrs. C. T. Tankersley. He is the son of Mr. and Mrs. Wallace Denman. Mrs. Denman will be remembered here as Miss Nola B. Tankersley.

Robert Maddox, who has been home on a 90-day furlough from the Army awaiting call for training in the Army Air Service, returned to Camp Blanding, Fla., Tuesday for assignment. He is the son of Mr. and Mrs. B. P. Maddox.

Many Selectees Leave For Army, Others To Go Soon

The News cannot give the exact number, but two chartered buses were required to transfer Lynn county selectees Tuesday morning to Lubbock for checking and thence to Army camps for induction into the Armed Forces. This was by far the largest number Lynn county has yet furnished on any one call from Selective Service officials.

Even at that, however, Lynn county's quota was not filled, due to the decision not to take married men.

Three more calls have been made for Lynn county men for the near future, however the number will be light, comparatively, in each call.

These calls are on July 27 and on August 21 for white registrants and a calls has been made for colored registrants on July 28.

It is not likely that married men will be taken on either of these calls, The News is informed.

Clerks in the Lynn county selective service office are busy preparing occupational questionnaires for mailing this week end to April registrants, the 45-65 age group. There are 1011 in this group.

Red Cross Drive Is Postponed

The month of March, 1943, has been officially designated—with the approval of President Roosevelt—as the period for the next membership and fund-raising appeal of the American Red Cross, Tom Garrard, the chairman of the Lynn County Chapter announced today upon advice from Norman H. Davis, national chairman.

"I have been advised by Mr. Davis," Chairman Garrard states, "that the decision means the American Red Cross will not conduct a membership Roll Call this November and instead will hold a combined appeal for memberships and funds for wartime needs next March."

U. S. O. Drive For County Extended

The USO (United Service Organizations) drive for funds with which to furnish wholesome recreational facilities in the training camps for facilities for men in the training camps, has been extended through July. R. P. Weathers, county chairman, reports.

Lynn county is falling down on the raising of its quota, he says, less than half of the \$2,300 quota having been subscribed to date.

He requests that committees over the county canvass their communities for donations to this worthy cause.

Diphtheria "Shots" Due Wednesday

The second in the series of diphtheria immunizations will be given next Wednesday by local physicians, Dr. J. W. Sinclair reports.

No notice has been received, he said, as to when any other 'shots', if any, will be given.

The immunization program is free to all citizens through the co-operation of the Government and physicians.

JACK LISTON LEAVING FOR FOREIGN SERVICE

Jack Liston, who enlisted in the Army in January, 1941, phoned his sister, Mrs. Marvin Walker of the South Ward community, Monday, from Fort Clark, Brackettsville, that he was leaving some time in the near future for possible foreign service.

His new address will be: Pfc. Jack Liston, 38060538, Special Weapons Troop, 112th Cavalry, APO 1182, in care of Postmaster, San Francisco, California.

Mrs. Harve Smith underwent a major operation in a Lubbock sanitarium Monday. She is now getting along "fairly well," her husband reports.

Feed In Silos Is Worth More

COLLEGE STATION, July 9.—Almost any feed crop is worth twice as much an acre when made into silage as it is in the barn or stack, according to E. R. Eudaly, dairyman of the A. and M. College Extension Service. This is especially true of corn and grain sorghum crops which will not make much grain. It applies equally to sweet sorghums, Johnson grass and sudan.

If corn and grain sorghums can be left standing until the grain is hard, they will make better silage, provided the majority of the leaves still are green. Nevertheless, these feeds should be made into silage even though the leaves are burned or dried up. But all vitamin A would be lost in the latter case. Vitamin A is very essential, especially if silage is its only source, and the main origin of vitamin A for livestock is green feed.

It is even more necessary to have the sweet sorghums, such as redtop cane and seeded ribbon cane, ripe for making silage. Johnson and sudan grasses should be headed out and the seed in the dough stage. Any of the grasses and legumes should be dried until their water content is reduced to 35 or 40 per cent before being put into silo. This means about half dry enough to bale for hay.

When a majority of the leaves on corn, grain and sweet sorghums, and Johnson and sudan grasses are green it is not necessary to add water if the feed is chopped in one quarter

Moore Wonders About Old Events

Ben Moore, O'Donnell, writes: "I wonder whatever became of the woman who roped a young bear out near Bronco in 1910. Also, I wonder if the 'nester' out four or five miles southwest of Bronco, who walked up within a few feet of a fine looking mountain lion in his corn patch, has gotten over his dash toward his shack."

"These things come to mind as we get to wondering just how wild animals commuted back and forth from Palo Duro to the Rockies. At that time Palo Duro sheltered a good many deer and a few bears."

We don't know, Ben, but maybe some of the old-timers can solve these puzzles. If not, we'll call on our old friend W. J. Hale, editor of the Yoakum County Review.

Pvt. Y. T. Nolen of Fort Ord, Calif., is here at the bedside of his mother, Mrs. Kate Nolen, who is critically ill. His brother at Oakland, Mancil Nolen, who is working in the ship yards, was unable to come home.

inch lengths or less with an ensilage cutter when put in the trench. If the majority of the leaves are dry, it will be necessary to add enough water to wet the feed like a heavy dew. Dampen bundle feed even though the majority of the leaves are green.

The silage should be well packed and the trench filled high enough so that it will not settle below the level of the ground. The trench should have good drainage.

DAN MOODY

UNDEFEATED — Dan Moody has set his sights on winning the U. S. Senate seat and his supporters point out that the red-headed, hard-campaigning attorney has yet to lose a race.

As governor, Moody gave outstanding aid to the State's public schools. The textbook law was amended and the expense of free textbooks was materially reduced. Rural schools qualifying for rural aid were for the first time given full six-month terms, and money was appropriated for vocational training of under-privileged children.

In 1935 at the personal request of President Roosevelt, Moody went to New Orleans and successfully prosecuted a member of the Louisiana political ring for income tax evasion.

Born in Taylor, Moody was educated in the public schools of that county and the University of Texas. He enlisted in the Army during the first World War and was commissioned a second lieutenant of infantry.

"If elected to the U. S. Senate," Moody declares, "I will support all measures which will contribute to our winning the war. I will oppose any influence which will imperil our chances of winning the war or delay victory."

New Class Enters Army Air School

LUBBOCK, July 8.—Before a record crowd numbering visitors from 23 states, the 42-F class of the Lubbock Army Flying School at Lubbock, was graduated in impressive ceremonies held in one of the large hangars at the field.

Mrs. Clint Breedlove, whose quick thinking saved perhaps many lives on the night of a recent electrical storm, was the guest of honor and was introduced by Colonel Thomas L. Gilbert, Commanding Officer.

Following the administration of the oath of office to the newly commissioned lieutenants, the Rev. H. I. Robinson, minister of the First Methodist Church of Lubbock, addressed the graduates and guests.

Choosing as his topic "the advantage of altitude," Dr. Robinson pointed out that the great men of America's past, like Washington and Lincoln, have been able to see life from a far-viewing height. The men, he said, who today fly high for their country are the ones who will be the natural leaders now and in the peace which will inevitably follow the war. "The worst times require the best men," he said, "and the graduating lieutenants can so easily be those men."

Second Lieutenant Britton A. Storey of Fountain, Colorado, was awarded his wings by Colonel Gilbert in recognition of his being the highest ranking academic member of the group.

After the services formation flying took place for the visitors.

Roy Askew reports that he had a letter from his friend, Gale Clem, who is in the Army at San Luis Obispo, Calif., in which Clem reports that Army life is pretty rough but that he likes it fine. He has been in the service since before Christmas. Gale is the son of Mr. and Mrs. C. A. Clem of New Home. Roy was inducted this week himself.

Mr. and Mrs. F. A. Robnett of Robstown were here this week visiting relatives and old friends. F. A. is still connected with the Southwestern Associated Telephone Co.

When a Child Needs a Laxative

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lax intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its elder brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

Explanation Given On Officer Training

Lt. Col. Joseph R. Peller, Recruiting and Induction Officer at Lubbock, states that the War Department program for permitting men now classed 3A by Selective Service, to enter the Army as Volunteer Officer Candidates has been misunderstood in many cases. All of these candidates are required before acceptance as such to report to a designated Army reception center for mental and physical examinations. These examinations are intended to weed out all who are doubtful of officer caliber. This is a protection for the Army as well as the individual concerned.

A great many more applications have been received than can be accepted except after a delay of several months. Successful applicants are called to service in order of their date of qualification.

After an applicant is accepted and inducted into the Army as a Volunteer Officer Candidate, he is still not certain of acceptance for an Officer Candidate School. In selecting candidates for this school, all men in the service are considered and the Volunteer Officer Candidate must take his chance with the others. The fact that he has already passed a qualifying examination indicates that his chances for selection are better than men who have not taken such examination, but no promises can be given that he will be selected.

W. L. Fleming of O'Donnell returned Friday from Scott & White Hospital, Temple, where he underwent examination. He had a blood transfusion at the Tahoka Clinic early this week.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.

W. V. McELROY, W. M.
H. L. RODDY, Secretary.

WAR AND RETAIL CREDIT

OUR "ALL-OUT" WAR EFFORT WILL CAUSE—

- (1) A progressive Scarcity of consumer merchandise.
- (2) Gradually rising prices in many lines, even with a price ceiling fixed by the government.

HOW WILL THIS AFFECT RETAIL CREDIT?

- (1) If merchants can get merchandise only in limited quantities their volume of sales will be reduced.
- (2) As they replace merchandise much of it will cost them more than that sold.

CONSEQUENTLY...

Their margin of income over expense (expense which will include their share of war taxes) will be reduced, and they in turn will be forced to select their credit risks more carefully.

How Will This Affect Those Who Buy On Account?

- (1) Those with a good-paying record and sufficient income will still be able to buy.
- (2) Those who DO NOT PAY PROMPTLY will find it harder and harder to buy either on open account or installments.

And the Above Does Not Take Into Consideration The Growing Government Restrictions and Regulation of Retail Credit.

GUARD YOUR CREDIT AS A SACRED TRUST

Today — Tomorrow — Forever!

CUE TO BARBECUE

Max O. Cullen, nationally famous barbecue expert, shows Muriel Barr, young M-G-M. starlet, how simple it is to barbecue meat. Pete Smith, producer of short subjects bearing his name, looks on as Cullen illustrates the correct method for turning a steak during the filming of "Barbecue Cues."

Backyard Barbecue Solves War's Entertainment Problem

With the entire nation seeking simpler means of entertainment because of war time requirements, the old-fashioned barbecue is rapidly growing in popularity. Backyard barbecues are becoming quite the style from California to Maine.

Old timers at this business of barbecuing have developed it into a fine culinary art, and in this connection Max O. Cullen, nationally known barbecue and carving expert, has brought out some new wrinkles for the handling of those old stand-bys, hamburgers and frankfurters.

Why does a frankfurter curl? Well, that's a problem that has bothered many a host, but if you're having a barbecue party and you want your franks to lie slim and straight as they nicely brown, try Cullen's little trick, as taken from the M-G-M. Pete Smith specialty, "Barbecue Cues."

First, slice the frank lengthwise

down one side without cutting entirely through the casing, turn it over and slice parallel to the first slice. Then it opens up like an accordion and will not curl and fall through your grill.

Anybody can barbecue meat, Cullen points out, if they will only remember these pointers: Live coals, not a flame, should be used as a source of heat—charcoal briquettes are good. Steaks and chops should run an inch or more in thickness, and need be turned only once in cooking. Surplus fat should be trimmed away so it will not drip into the coals and flame up.

If you'd like a hamburger barbecue, take another hint from Cullen's repertoire and satisfy everybody's taste. Make your hamburger into a ball and barbecue it slowly until the outside is well-done. Then, slice it into three parts and you have two well-done pieces for those who like it that way, and one rare piece—the center—for those who like their meat rare. Cullen personally guarantees that barbecue fans will go for hamburgers prepared this way.

MR. AND MRS. FLOYD LIGHTNER ENTERTAIN

On Sunday, July 5, Mr. and Mrs. Floyd Lightner of Slaton entertained in their hospitable home to a group of relatives and friends.

When the noon hour came, a long table, fairly groaning with good things to eat, was placed under beautiful shade trees. The carpet of green grass made a picture long to be remembered by those present.

The guest of honor, Mr. J. B. Hale of Tahoka, affectionately known as "Grandpa" occupied a chair at the head of the table. Several group pictures were made. Then the feast, served picnic fashion, began. And, oh! what a feast!

When the time came to leave, everyone proclaimed the reunion to have been one of the most pleasurable events of the season.

To be exact, there were thirty-two guests, as follows: Mr. J. B. Hale of Tahoka, Mary Alice Lightner of Lubbock, Ina Dee Crawford of Draw, Trenton Earley of Redwine, Mrs. E. P. Hale, Geneva and Austin, of Levelland, Stella Hale and children of Levelland, Mrs. Lonnie Craddock of Hollis, Okla., and Messrs. and Mmes. Floyd Lightner of Slaton, L. S. Lightner, Oma Lee and Billie Ruth of Draw, O. E. Lightner and family of Draw, Agee Jones and family of Draw, C. B. Earley and family of Redwine, and G. K. Smith and Belle of Redwine—Contributed.

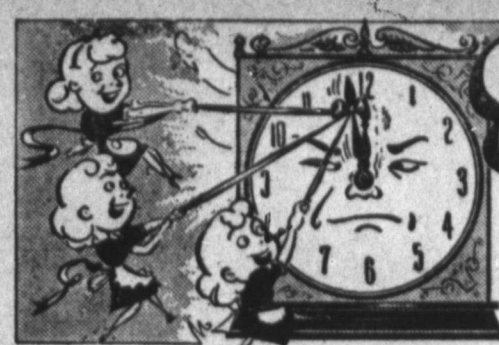

CARD OF THANKS

Words cannot express our heartfelt thanks and gratitude to our friends and neighbors for their kindness, comforting words and beautiful floral offerings. Also for the bountiful lunch that was served in the death of our husband and father, Oscar Hyder. May God's richest blessings abide with you all, is our prayer. — Mrs. Oscar Hyder and children.

CARD OF THANKS

I can never thank our many friends enough for the generous kindness in many ways, and words of encouragement during the illness of my husband. — Mrs. Heasht and family.

Pvt. Bennie Voight, son of Mr. and Mrs. G. Voight, was here last week on a 10-day furlough visiting his parents Mr. and Mrs. G. Voight. Bennie is in the Army Air Corps, and is stationed at Selfridge Field, Michigan, near Detroit. He has been in the service 19 months.

No. 2 can sour, pitted 1 cup sugar
cherries 3 tablespoons lemon juice

Chill milk until icy cold. Drain cherries and save juice. There should be 1/2 cup juice. If not, add water. Meanwhile, soften gelatin in 1/2 cup cherry juice. Mix together remaining 1/2 cup cherry juice, the sugar and lemon juice. Add softened gelatin and stir until dissolved. Chill until mixture begins to thicken. Whip chilled milk with rotary egg beater, or electric beater at high speed, until stiff. Fold into cherry mixture. Pour into 6 individual oiled molds, or one mold holding about 6 cups. Chill until firm. Unmold. Serve at once. Serves 6.
*2 cups freshly cooked cherries may also be used.

Get The Most From Vegetables

Vegetables are classed among the protective foods because of the minerals and vitamins they contain. Scientists say that vitamin C is the most easily destroyed nutrient, so if we are successful in retaining vitamin C we have done a good job of saving our vitamins and minerals.

Do you prepare vegetables in such a way that they retain their nutritive value? You do if you follow these rules:

1. Begin with a product of good quality. Usually, younger leaves, seeds, and fruits are richer in vitamin C than older, more mature ones.
2. Keep vegetables fresh. They are best if used soon after they are gathered. Keep them cool, too. Corn has been found to lose as much as 40 per cent of its sugar content when stored 24 hours at 86 degrees F. Sugar in garden peas changes to starch during prolonged storage and asparagus develops "woodiness."
3. Cook vegetables soon after preparing them. When held in water, pared or scraped potatoes, carrots, or other vegetables lose water-soluble vitamins and minerals.
4. Use all edible parts. The outer

Rev. H. A. Nichols, new pastor of the Tahoka Methodist Church.

H. D. CLUB MEETS

Personality should be considered in selecting color in clothing. If your coloring is strong and your personality forceful you can wear vivid colors in large quantities. But if you are quiet and your coloring delicate you will be wise to avoid the brilliant colors except in small quantities, because they may over-power you. On the other hand you will want to avoid producing an effect that is so colorless that it is dull and uninteresting. Miss Maurine McNatt told the Women's H. D. club at Mrs. J. M. Noble's, Wednesday, July 1.

The club voted to have only one meeting instead of two for the duration. The time of next meeting will be the first Wednesday in August, at Mrs. J. L. Brown's, at 3 p. m.

—Mrs. C. T. Tankersley, reporter.

New Defense Tools—Pressure Cookers

Whether women realize it or not, their pressure cookers are important tools for national defense.

Lynn County women this summer can put their pressure cookers to work in an "all-out" drive for better health.

Families with large food budgets need steadily producing gardens and efficient canning equipment.

One should never begin a canning season without definitely knowing that the gauge on the cooker registers accurately. A gauge is very delicate and in being handled can easily get out of order; therefore, for absolute safety, it should be tested each year. No gauge is safe for use if it is more than two pounds off.

A maximum testing thermometer is needed to test a gauge. There are two thermometers in the home demonstration agent's office which may be used to do this work.

CHARLES ARDEN SANDERS, WEDS ANTON GIRL

Charles Arden Sanders, who was reared at Tahoka, was married on Thursday, July 2, to Miss Matilene Nelson of Anton, at Vernon.

Arden is the son of Mr. and Mrs. Oscar L. Sanders. He has been in the Army about four years, and is now an officer at Fort Sill, Okla.

Mrs. Sanders was reared at An-

ton. She will remain at Vernon for the present.

SOME ONIONS!

Mrs. J. R. Mathis, who lives four and one-half miles southeast of Tahoka, brought in to The News Friday four White Bermuda onions weighing nearly a pound each just to show that onions are a success here. She has four rows of these onions in her garden.

Pfc. Tommie Glenn Is In Australia

Mr. and Mrs. G. W. Glenn, Route 2, received a letter this week from their son, Pfc. Tommie Glenn, who is in Australia, the first word they had had from him in five months.

Tommie is in the Coast Artillery, Anti-Aircraft, and had been in the service two years last Thursday. He has been in Australia since shortly after the start of the war.

His letter follows:

Dearest Mother and Dad:
Will write you a few lines this afternoon, to let you know I'm well. How is everything at home? How are children? Sure would like to see you all. How is everybody? Tell them all "hello" for me.

HARRY N. GRAVES

Of Williamson County
For Re-Election
Second Term
JUDGE OF THE
COURT OF CRIMINAL APPEALS

Judge Harry N. Graves was elected four years ago to fill the unexpired term of the late Judge O. S. Lattimore as a member of the Court of Criminal Appeals of Texas. He has actively participated in the work of the Court since that time, and has written his share of their opinions.

This Court has disposed of the cases submitted to it, and is up with its docket, and he requests a second term at the hands of the voters.

Would it be wise to change the personnel of this Court at the present time?

This is really a beautiful country over here.

I can't tell you anything about the country or the trip over. The only thing I can tell you is that I'm 'somewhere in Australia,' and am well.

I've only received one letter from you since I've been here, and it was dated Feb. 25th. Its winter over here now. But you couldn't really call it winter at all. It's really hot weather in the day time but the nights are plenty cool.

Have you planted cotton yet? Well, Sunday is Mothers Day. You see I don't forget you at all.

Well, I must close.
All my love,
Tommie.

Moody Issues O'Daniel Challenge

AUSTIN, July 9.—Former Governor Dan Moody, candidate for the U. S. Senate, today challenged his opponent, Sen. W. Lee O'Daniel to fill out a new "questionnaire."

"You can call this an 'occupational' questionnaire," Moody said, "because if the junior senator fails to answer these questions on his official record his occupation will be changed from a U. S. Senator back to a flour salesman."

Moody, a veteran prosecuting attorney who is an old hand at digging up potent questions, asked:

"Why did O'Daniel vote to disband our trained army just four months before Pearl Harbor? Is he an isolationist like the Wheelers and Nyes? Is he a would-be obstructionist to President Roosevelt's war program?"

"Why did he claim he alone averted strikes in defense industries with his threats against labor when the Congressional Record reveals that he failed to get more than four votes on any proposal?"

"Why did he vote against the waiving of special gasoline rationing privileges for Senators? Does he think congressmen are better people than anyone else? Does he think elected officials are a privileged class in this country?"

"Why was he absent from his post of duty when the 'pensions for congressmen' bill was voted upon? Did he favor pensions for himself and other congressmen but lack the courage to cast his vote?"

"What is his attitude on the war? What are his plans to help win the war and restore world peace?"

"Does he think that our national attitude should become one of isolationism after the war is won? What part does he think this nation should take in making certain that our little children — yours and mine — will not have to fight another war 25 years from now or forever?"

"A few months ago he said there would not be any war. Now he says he is sure it is almost ended. Is this another cunning effort on his part to avoid a fact-finding discussion of his official record as an obstructionist of our war effort?"

"Does he think a man should hold one office and run for another? He once said it should be a felony for an office holder to seek another elective

ARE YOU
putting Ten Per Cent of
your Income into U.S.
War Bonds & Stamps?

job without resigning, yet he declined to resign as governor when he first ran for the senate.

"O'Daniel says he authored the anti-violence law in Texas, yet the Texas Senate Journal and other records show that his bill was rejected as unconstitutional and that Sen. John Lee Smith's bill was adopted.

Why does O'Daniel claim credit for the measure really written and sponsored by Sen. Smith? Is this a dishonest attempt to deceive the people and gain credit for another man's achievement?"

"Does Sen. O'Daniel contend that the only reason Texas labor is co-operating in the war effort is because it is forced to do so by his anti-violence bill?"

"Does he deny the patriotism of Texas laboring men?"

"He says he is opposed to strikes and tells you the State of Mississippi has adopted an anti-strike law. Is Senator O'Daniel representing that state, Texas, Kansas, Louisiana, or just W. Lee O'Daniel?"

Mrs. Lee Fay Gray is visiting her children, Jack Cox, Lloyd Cox, and Mrs. J. G. Williams, at Chula Vista, California.

Texas has one of the busiest tide-water fronts in the world.

TAHOKA MOTOR CO.W. L. BURLISON
PHONE 49**OFFICIAL U. S. TREASURY WAR BOND QUOTAS FOR JULY**

The above map of Texas shows the War Bond quotas, by counties, for the month of July, 1942. Total War Bond quota for the state is \$33,677,000. With the National quota total placed at a billion dollars, the nation goes into high gear in its support of the War financing and to give our fighting forces adequate implements of war which will bring ultimate Victory.

GOVERNOR STEVENSON HOPES FOR NEW FREEDOM

AUSTIN, July 9.—To the list of freedoms for which this nation is fighting a cruel war, Coke Stevenson, candidate for the Democratic nomination for governor, expressed the hope that another freedom would be added—that of the right of public officials and candidates for public office to be free from personal

abuse, vilification and slander during political campaigns.

"The Atlantic Charter of President Roosevelt and Prime Minister Churchill gave new emphasis to the desire in the hearts of men everywhere for spiritual, intellectual, political and economic freedom," Governor Stevenson commented. "We are now engaged in a grueling contest to where for spiritual, intellectual, political and economic freedom."

"Some day in the enlightenment of human conscience another objective will be added to freedom's list, the right of public officials and candidates to be free from personal abuse, vilification and slander."

Asserting that the character of a determine whether these objectives man is his most precious asset, Governor Stevenson stated that "slander is the foulest whelp of sin. The man in whom this spirit enters is undone."

"It is apparent that the weapon of slander has been used by men who had no merit of their own in an attempt to destroy those who do have character and ability," Stevenson stated. "The tongue of slander has frequently been a convenient implement with which to spread the cancerous slime of falsehood and stain the reputation of an honest man. It is unfortunate that such sentiments exist in the human breast."

In one of his few political addresses of the current campaign, Stevenson pointed out that George Washington was slanderously assailed by ambitious persons who wanted to displace him as commander-in-chief. They succeeded and placed Gates in command and forced Washington to take orders from him. However, when Gates took the field he was overwhelmingly defeated in battle and history records he was found 80 miles away and still retreating.

"During this time, scurrilous publications were circulated against Washington," Stevenson said. "He was accused of being a liquor hound and of gambling and of being a Tory at heart. If there had been oil in the country at that time, they would have charged him with being owned and controlled by the oil companies since he was a large landowner and oil might have been found under his land."

"His traducers and slanderers have been forgotten, while the name of Washington grows in purity, affection and esteem. He went right on with his job of winning the Revolutionary War. If a great man like Washington could not escape abuse and slander, then Coke Stevenson can hardly expect to. I believe, however, Texas people bitterly resent any man trying to win an office by such tactics."

"None of us now can measure up to the stature of Washington, and I make no pretense of being in his class. I can emulate his example, however, and ignore any of my political enemies who are circulating false and unfounded charges against me. I can further emulate his example by continuing to devote my time and efforts to the most important job before us, and that is the winning of the war in which we are now engaged."

Charlie Marion Mason, son of Mrs. Ed Mason, is now an airplane mechanic in the Army Air Corps and is stationed at Camp Douglas, Wisconsin. He was at Sheppard Field for several weeks.

WYNNE COLLIER**WOMEN!****Modern facts****61 years of use****+****speaking for****CARDUI****W. E. TREDWAY OF O'DONNELL BURNED**

O'DONNELL, July 9 (Special).—Suffering a severe burn on his right wrist, and minor burns about his legs, W. E. Tredway narrowly escaped more serious injuries last Friday in an accident at Perryton. He has returned here to recuperate.

Tredway, who was helping with the wheat harvest, started to "refill" the gas tank on a tractor, the engine of which had just been killed. Some of the gas spilled on the hot engine and ignited. Tredway's gloves and clothing caught fire, and he started to run, but quickly stopped and started to beat out the flames. Other workers rushed to help him, while still others went to work to put out the fire on the tractor and combine.

Some of the wheat caught fire, but Tredway put that fire out after having divested himself of most of his clothing. Medical attention was secured in town, and Tredway went back to work Saturday, Monday and Tuesday, but the pain became more intense and he found sleep in strange surroundings impossible, hence his return here for further medical attention and proper care.

LEGION DIVISIONAL MEETING AT ABILENE

The Fifth Division meeting of the American Legion and Auxiliary will be held in Abilene Sunday.

Mrs. R. L. Richardson, Tahoka, president of the 19th District Auxiliary will attend, and possibly others from Tahoka will also go.

A. C. LAMBERT JOINS IN V-8 NAVAL RESERVE

(O'Donnell Press)

A. C. Lambert Jr., who finished at Tech this past term, was accepted for the V-8 Naval Reserve last week, and is awaiting orders.

The population of Texas increased 94.5 per cent between 1870 and 1880.

Texas' greatest distance from east to west is 773 miles.

H. D. Convention At College Station

COLLEGE STATION, July 9—Un- like many organizations which are cancelling conventions for the duration, the Texas Home Demonstration Association will hold its annual state-wide meeting in August to forward the war work of farm and ranch women. The convention is to be held in Fort Worth, August 18-20.

Despite transportation difficulties, leaders expect home demonstration clubs in 192 counties to be represented at the meeting.

Only out-of-state guest invited to appear on the program is Mrs. Claude R. Wickard of Washington, D. C., wife of the Secretary of Agriculture. In addition to numbers of rural women who will participate, other speakers include Dr. Robert Sutherland of Austin, director of the Hogg Foundation, University of Texas, and Miss Mildred Horton of College Station, vice director and state home demonstration agent of the A. and M. College Extension Service.

In announcing plans for the meeting Mrs. W. G. Kennedy, Muleshoe, president, explained that the 40,000 members of the Texas Home Demonstration Association will plan to reach and serve all of the 418,000 farm and ranch homes in Texas.

One unusual feature of the program will be dramatization of the Association's work during the past year. Among the activities to be portrayed in a colorful pageant are increased use of whole grain cereals, promotion of the community school program, first aid instruction, and the Food for Freedom movement, and support of the Victory Demonstration of the A. and M. College Extension Service.

CARD OF THANKS

We wish to thank the kind people of Draw and Grassland communities for the gifts of money and house-furnishings presented us following the destruction by fire of our home near Draw a few weeks ago. Your assistance was deeply appreciated and we don't know how we'll ever be able to show how much we actually appreciate this kindness. This however, makes us realize that we live among the best people in the world.—Mr. and Mrs. J. M. Patterson and family.

Mr. and Mrs. Joe McLaurin and family of O'Donnell and Mr. and Mrs. Fred McGinty and children spent last week end out in the mountains at Ruidoso, New Mexico. They also visited White Sands National Monument.

Mrs. Dona Moore left Tuesday for Grant Pass, Oregon, where she will join Mr. Moore, who is a carpenter there.

JESSE JAMES

RECENTLY APPOINTED
State Treasurer
CANDIDATE FOR
FIRST ELECTIVE TERM

Subject to Action of Democratic
Primary, July 25, 1942.

QUALIFIED BY EXPERIENCE
Served More Than 4 Years As
Assistant Treasurer

Jesse James became interested in finances when his father, a farmer, died and left him the eldest of 10 children, to bear the main burden of supporting the family. Worked his way through high school and college. A merchant and farmer from Miami County, he served in signed to become Assistant State Treasurer three terms. Re- Treasurer. Held this position four years, gaining valuable experience that amply qualifies him to be in a to the people of Texas, and protect position to render efficient service the financial affairs of the State. Was recently appointed State Treasurer by Gov. Coke Stevenson, following the resignation of Hon. Charley Lockhart. The 37-year-old State Treasurer is now seeking his first elective term.

Navy Mothers Will Organize

A meeting, at which it is hoped a Lubbock branch of the Navy Mothers Club can be organized, has been called for next Sunday afternoon at 2:30 o'clock, in the American Legion Hall, adjacent to the city hall. J. E. Calloway, chief quartermaster and recruiting officer, announced today.

"The Navy Mothers Club is a national organization for the purpose of bringing mothers of Navy men in closer relations with their sons, who are serving in the fighting forces of our Navy, far away from home," Calloway said. "It offers an excellent opportunity for all mothers to get a better idea of how their sons live and the type of work they are doing for their country."

A member of the Dallas branch has been asked to come to Lubbock Sunday to assist in the organizing of the branch here. She is expected to bring with her a copy of by-laws of that branch, and other rules, regulations and suggestions pertaining to the organization and its functioning. As soon as the Lubbock club is established, there will be similar clubs established in the surrounding town. All ladies interested in the Navy Mothers Club are urged to be present on Sunday.

Dr. K. R. Durham has gone to Arkansas and Louisiana to visit relatives and to bring back Mrs. Durham and the children. Dr. Carl Prohl, brother of Dr. Emil Prohl, is attending Dr. Durham's patients in his absence.

Miss Billy Lane from Vernon, Texas, is visiting her aunt, Mrs. W. C. Jones, here.

TAHOCA COUPLE ARE MARRIED IN SAN DIEGO

Miss Grace Ellis and Maurice Huffaker, both of Tahoka, were married Sunday, July 5, at 9 a. m. in the home of the groom's sister, Mrs. Peyton Reese, on Point Loma, San Diego, Calif., by Ed. Lee Green. The double ring ceremony was used.

The house throughout was decorated with cut flowers, and the couple stood under an arch of sweet peas, carnations, baby breath, and fern. The bride wore a soldier blue tailordess suit with white accessories, and wore a single white orchid. For something old and borrowed, she wore a rhinestone pen belonging to Mrs. Jim Dye of Tahoka. She was attended by Mrs. Peyton Reese, the groom's sister, dressed in a darker blue tailored suit and white accessories, wearing a corsage of white gardenias.

The groom's best man was Howard Overby of Stamford, Texas. Mrs. Kelley Vardeman of Richland Springs, Texas, the groom's aunt, acted as hostess. She wore a navy blue sheer with a red carnation corsage.

The three-tier wedding cake was

cut by the bride and was served with coffee to the following guests: Mr. and Mrs. Nevel Shofner, Mr. and Mrs. Okeberb Shofner, Mr. and Mrs. Leon Reeke, Mr. and Mrs. J. C. Love and children, Dickie, Joan and Jerry, Mrs. Kelley Vardeman of Richland Springs, Texas, Mr. Derwood Liren-good, Mr. Howard Overly, Mr. and Mrs. Peyton Reese.

The newly-wedded couple left on a short wedding trip through the Bear Mountains, after which they will be at home at 3045 Mauraley Street, San Diego, Calif.

Maurice Huffaker is a graduate of Wilson High School, a Junior in Texas Tech. He is now employed in Consolidated Aircraft.

Mrs. Huffaker is a graduate of Christoval High School and Draughon's Business College. Both were reared in Lynn County.

Mrs. Charlie Latham had as her guests the first of the week the following: Mr. and Mrs. A. W. Underwood and family of Abilene, Louis Latham of Peacock, J. M. Ayers and family and Adella Latham of Lubbock.

AT OFFICERS SCHOOL

Corbin Douthit, former teacher at Draw-Redwine, is now attending an Officers Training School at Fort Benning, Georgia, from which he expects to graduate August 23 with a second lieutenant's commission. He entered the service January 29 at Fort Sill, and was stationed at Camp Wolters until a few weeks ago. He is the son of Mr. and Mrs. Henry Douthit.

Mr. and Mrs. Ben Moore Sr., Mrs. Ben Moore Jr. and son, Jimmie Ray, were here Wednesday en route home from Lubbock, where they visited Mr. Moore's cousin, Mrs. Sally Morgan, who now owns a drug store on South H. Mr. Moore and Mrs. Morgan had not seen each other in 53 years, he said.

Mr. and Mrs. D. C. Davis, Mrs. E. S. Davis, Mrs. Owen Fields and Eva Jane visited in Knox City Sunday at a surprise birthday dinner given in honor of Mrs. M. A. Horton, a sister of Mrs. D. C. Davis. Twenty-five relatives and old friends attended the dinner.

Lieut. Jake L. Curry of the Army Air Service, visited his parents near Wilson last week.

Soil Fertility Important Now

Maintaining soil fertility while producing food and feed a record speed is a wartime duty of every Lynn County farmer. R. R. Adams, chairman, County AAA Committee, said today.

With special emphasis placed upon conservation, this year's AAA aims at approximately three times more conservation work than in any other conservation, this year's AAA program aims at approximately 3 times more \$64,046 to invest in soils compared to \$177,400 in 1942.

"This year our nation's farmers will produce enough meat to pave 7 four-lane superhighways from New York to San Francisco... one inch thick, and if we expect to exceed those figures and other goals for 1943 we must invest all the time and money we possibly can in our soils this year," the chairman said.

Under 10 years of the AAA program, Lynn County farmers have increased yields and restored soil fertility through conservation practices and the entire allowance for the county is expected to be earned this year. Stored up soil fertility also will pay off in food and feed in this year's war program.

"Conservation work carried out for the past 10 years, is just like so many war bonds bought before Pearl Harbor," the chairman said. He explained that the amount of money involved was a secondary issue since the practices the allowance would buy would be the deciding factor in

Turrentine Writes Of His New Home

Rev. Geo. E. Turrentine, who last week was transferred from pastorate of the Tahoka Methodist Church to the Muleshoe Church, writes The News editors an interesting letter, a part of which we take liberty to quote, as follows:

"We landed here right side up and handled with care, and our reception was cordial despite the fact that we were a long time getting here. I am in my large and comfortable study, which is the best equipped with bookcases I have ever had. Everything is lovely.

This does not keep us from letting our memories run back to good old Tahoka and the happy days we spent there. It is hard to believe that we have closed that chapter of our lives.

"I preached to the Baptists as well as to the Methodists today and am likely to have a stumber of the Baptists in the congregation, as they do not have a pastor.

"I hope you can keep the Community Chest working, for the calls upon the same have been higher in recent months than before, and the war playing havoc with small businesses may make it even more needed."

"Keep the home fires banked and the refrigerator going. If any inquire of us, give them our best regards."

MARKETING QUOTA

PENALTY SET ON COTTON

COLLEGE STATION, July 9 — Cotton marketing quota penalty rate is 8 cents per pound for the 1942-43 marketing year.

Under terms of amendments to the AAA Act, loans will be made by the Commodity Credit Corporation at 85 per cent of parity price on August 1, the beginning of the marketing year, and will be approximately 16 cents per pound.

While the cotton loan rate will not be set until August 1, early harvest in some sections of the state necessitates immediate announcement of penalty rate for cotton marketed in excess of the farm marketing quota. Fred Rennels, assistant administrative officer of AAA in Texas, said.

producing food and feed for years to come.

The AAA official said that we'll win the war militarily, but we will have partly lost it if our production effort leaves the soil exhausted.

Lt. Joe McAllister Flies Fast P-38

Lt. Joe E. McAllister of the Army Air Force, who is receiving training as a pilot for the P-38, fastest aircraft in the world, has been here the past week visiting his parents, Mr. and Mrs. G. B. McAllister, who live three miles west of Petty.

Lt. McAllister was an interesting visitor at The News office Tuesday and told us many facts about life in the Army Air Service and its equipment. The P-38 is said to travel at the greatest speed of anything that ever carried a human being. At level flying, McAllister says the ship he is assigned to will make 400 miles per hour. At such a rate of speed, one could fly from Tahoka to Lubbock in less than five minutes. In a dive, the plane reaches the almost unbelievable speed of 700 miles per hour.

Needless to say, McAllister is very proud of the Army Air Service in particular, and the whole United States fighting forces in general. He said he would be tickled to death to be able to make this headline possible in The Lynn County News: "Tahoka Bombs Tokyo." He's impatient for the chance.

Joe was raised in Dawson County, graduated from Lamesa High School in 1935, and attended Texas Tech two years. He enlisted in the Army about three years and four months ago, and has been in almost every branch of the Army during that per-

iod. He has been in the Air Service nine months.

Leaving here Thursday, McAllister will report to the new Army Air Base at Colorado Springs, Colo., where he will be a member of the 14th Photo Reconnaissance Squad, which uses the P-38 pursuit plane. He has been at Mather Field, Calif., near San Francisco, the past few months.

The Lower Rio Grande Valley of Texas, known also as the Magic

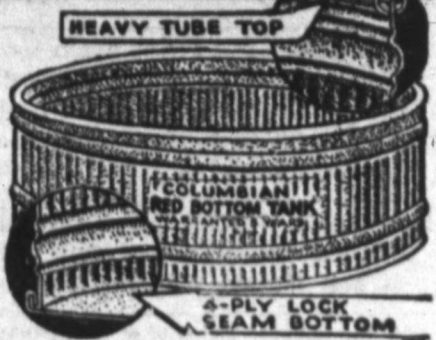

Valley and the Rio Grande Delta, has 300,000 acres devoted to the production of citrus fruits and winter vegetables.

FRIENDS OF

JUDGE LOUIS B. REED

are advocating his re-election as

DISTRICT JUDGE

106th Judicial District

Because:

1. He has proved himself a capable judge as evidenced by affirmed decisions in Courts of Appeals. Years of study in the University of Texas Law School and extensive private practice have qualified him.

2. He has conducted Court business promptly, efficiently and economically, saving time for witnesses, jurors, officers, litigants and attorneys, saving money for the State by making new trials unnecessary, saving counties expenses in caring for and feeding prisoners awaiting trial, and clearing the dockets that legal matters can and do receive prompt attention.

3. Government agencies and private employers, generally, expect returning soldiers to re-enter civilian life in former positions. It is desired that upon his return that he become District Judge.

4. His qualities of citizenship as indicated by his daily living, his high standing in the legal profession, his devotion to Church, Nation and State are deserving because of their high rating.

5. His friends know and appreciate the fact that for nearly TWENTY-FIVE years his spare time and vacation periods have been spent in military studies and practice and church work. They appreciate the fact that he is prepared to serve the Armed Forces efficiently as ranking Lieutenant Colonel, and that he accepted the Post Chaplain's call to teach the Military Post's Sunday School Class for all servicemen.

6. He is at his post of duty with the United States Army and cannot make his own campaign. We do that for him.

7. The law provides for conduct of the Court during his absence and the business of the court goes right along at no additional cost for Judge Reed receives only his Army pay.

8. He is entitled to the Democratically accepted Second Term by the qualities of services rendered during his incumbency.

Fly Is Worst Disease Spreader

AUSTIN, July 9 — Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

"The control of the fly comes at the top of the list of necessary public health measures which should be applied by every city and community in the state," urged Doctor Geo. W. Cox, State Health Officer.

"The most effective measure for control is to prevent breeding," Dr. Cox said. "Flies breed in filth, and about eight days are required to complete a life cycle. During her life time of several months, one house fly lays from 600 to 1000 eggs. Thus it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless thousands.

"To eliminate flies, the breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. See that your grocer keeps meat, vegetables and fruit screened from flies.

"Organize health measures to destroy the breeding places, control the flies' access to your home and food, and establish standards of cleanliness in your community that will eliminate the fly."

YOUNG MARRIED COUPLE HONORED AT SHOWER

Mr. and Mrs. Jim Bob Curry were honored with a miscellaneous shower at the West Point school on Friday night, June 26.

A short program was given, carrying out the farm motif. Joene Bragg gave a reading "The Experience of a Farm Wife." Mary Ann Tankersley and Garner Barham, dressed as a farm girl and boy, sang a duet, "The Farmer on the Plains" after which they presented the gifts in a little red farm wagon.

Mrs. Britt Kemp rendered several piano selections.

The bride and groom received many nice and useful gifts.

Nearly one-fourth of Texas' population lives in four counties—Harris, Dallas, Bexar, and Tarrant.

BLACK-DRAUGHT

It's a top-seller
all over the South!

TOM: Gosh, Ann, I'm glad I could get back in time for our wedding anniversary. Being on the road as much as I am, it seems like I'm never home. Here's something for you.

ANN: You darling! Flowers!

TOM: It could have been a new hat if that blamed car of mine hadn't had to have a new set of piston rings.

ANN: I know wives shouldn't interfere in their husband's business, Tom, but Mrs. Reardon was telling me how much money Jack saved on the maintenance of his car. He drives even more than you do.

TOM: What all did she tell you, Ann?

ANN: Well, Jack Reardon uses Conoco Nth motor oil. That's the oil that oil-plates the engine and saves a lot of wear and tear. And it contains a new synthetic that helps keep the oil from fouling up, too. Mrs. Reardon says Jack has to make his car last two or three years longer now and Conoco Nth motor oil will help him do it!

TOM: That settles it, Ann! I'm going to change right now to Conoco Nth!

ANN: Good boy! And maybe I can still get that new hat?

You'll agree that it's orchids to Conoco Nth motor oil, once you prove to yourself how it is so economical, clean-running and wear-saving. See Your Conoco Mileage Merchant today! Continental Oil Company

O'Daniel...

pitation as an exponent of race-horse gambling, a "ribbon cutter" and a "manipulator" of state government. He also took a crack at liquor peddlers around army camps and "honky tonks." He referred frequently to his connections with Senator O'Daniel.

Following Collins' talk, O'Daniel's Hillbilly Band took the platform and entertained for several minutes with cowboy songs. There were songs by Texas Rose and Mike O'Daniel, the Senator's son.

As the orchestra swung into "God Bless America," Senator O'Daniel came to the platform bowing, waving, smiling, and holding up his fingers in the V-for-Victory sign.

O'Daniel praised the people of Lynn County, dished out a little humor, such as: "At first I was afraid I wasn't going to have any opposition, and I was pacing the floor like an expectant father awaiting the blessed event at the maternity hospital, and, lo! and behold! here comes the news — it's twins (Allred and Moody). The Gold-Dust twins."

The speaker said that it was usually his custom to bring the people good news, and he was glad to be able to bring to Tahoka three pieces of good news: "There ain't gonna be no gasoline rationing. We ain't gonna lose the war. There ain't gonna be no run-off."

He launched a denunciation of Allred and Moody, charging them of being tools of special interests, on which the labor racketeers and others might spend "upwards of \$500,000 to elect." He charged that "thugs, thieves, and even murderers" had been hired to get "that ba-a-d man" out of office.

He charged that some Washington officials wanted to ration everything, even the air we breathe, if they could, and declared that there was only one man, Mr. Roosevelt, who could bring about gasoline rationing. The speaker strongly opposed both gasoline and sugar rationing.

O'Daniel reiterated his statement, made in other speeches in this campaign, that the war was no issue in the Texas senatorial campaign, but that communism should be the real issue. He charged "a desperate attempt" is being made by communistic labor leaders, professional politicians and corporation controlled newspapers to smear mud over your common citizen senator.

Communism is already encroaching into the American form of government, he declared, and has already taken away the democratic right to work through labor unions. He claimed he had supported President Roosevelt and the president's war effort program at every opportunity. His opponents were "acting in a disgraceful manner even to bring the war into the campaign." He made no reference to charges made by his opponents that he had lined up with the isolationists on some questions coming before Congress, or to the charge that he had opposed in Congress the extension of the draft law before the Pearl Harbor attack.

O'Daniel also cited to the crowd his anti-strike bill, his friendship for the old folks, and his opposition of vice.

Before closing his talk, Senator O'Daniel offered for sale "The W.

his visit, accompanied by his wife, to the meeting of Rotary International held in Toronto, Canada.

However, before the gavel was turned over to the new president, Ray Weathers, in comic attire, "brought the house down" with a take-off of Truett's talk. He was introduced as Truett Smith and proceeded to tell the club what he intended to do during the coming year and of his actions at Toronto. Dr. K. R. Durham had charge of the program.

Smith also represented the Post, Brownfield, and O'Donnell clubs at Rotary International, and will make reports to these organizations also.

Dr. J. W. Sinclair, on behalf of the club, presented the out-going president a lawn chair in appreciation for his year's work as head of the club. Officers and committees of the club follow:

Officers: Truett Smith, president; Travis Hanes, vice-president; Houston Spikes, secretary; Conway Clingan, sergeant-at-arms.

Directors: Houston Spikes, Travis Hanes, Frank Hill, W. O. Thomas, Joe Heare, Frank George, Truett Smith.

Program: Travis Hanes, Prentice Walker, Calloway Huffaker.

Attendance: Prentice Walker, Ray Weathers, Winston Wharton.

Classification and Membership: Wynne Collier, Frank Hill, Kenneth Durham.

Rural-Urban: Fred McGinty, Don Turner, Jack Welch, A. P. Edwards, W. T. Bovell.

Student Loan Fund: Harley Henderson, Joe Heare, W. O. Thomas.

Public Information: E. I. Hill, C. A. Thomas, W. E. Suddarth.

Fellowship: Conway Clingan, Fred McGinty, Frank George, Ray Weathers.

Rotary Information and Publication: Frank Hill, W. E. Suddarth, Jack Welch.

Aims and Objects: Truett Smith, chairman; Jim Sinclair, Community

Lee O'Daniel News" at \$1.00 for the duration of the campaign, and there were a few takers.

"Well, anyway, it was a political rally such as is never seen anywhere else in the world but Texas," one citizen remarked as the show pulled out for the next stop, Lubbock.

Mr. and Mrs. W. D. McMillan and sons, Bernice and Denzil, of Floydada, were visiting Mr. and Mrs. H. L. McMillan and family Sunday. The H. L. McMillan's son, Carl Henry, went back with them to visit several days.
