

Constitutional amendment election Tuesday

Board of Education, Parimutuel wagering referendums stir interest

Mitchell County voters are called to the polls next Tuesday, November 3, to vote on a record-number 25 proposed amendments to the State Constitution and two referendums.

When the deadline passed Friday, only 68 absentee ballots had been cast, indicating a probable low turnout. Local officials

anticipate somewhere between 1,000 and 1,300 of the 4,470 registered voters will cast ballots. But on the state level, only 15% turnout is expected. This would amount to only 670 local voters.

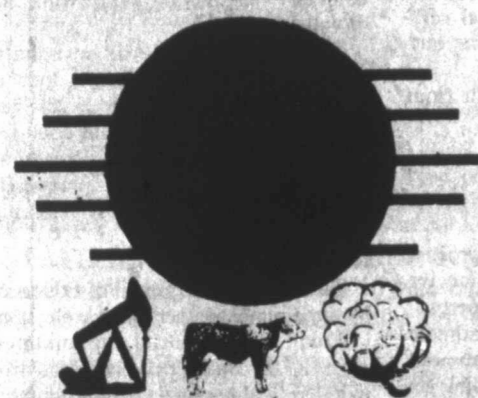

Typically, constitutional amendment elections have drawn an average of only 12% of the voters. But some added interest

WHERE TO VOTE
The five voting polls in Mitchell County will be open from 7 a.m. to 7 p.m. at the following places, shown in parenthesis are the number of eligible voters in each precinct:
Prec. #1 (1,583)—County Courthouse lobby.
Prec. #2 (509)—School Tax Office, Westbrook.
Prec. #3 (1,368)—Housing Authority Bldg., 939 Oak Street.
Prec. #4 (767)—Ag Building, Main Street, Loraine.
Prec. #7 (243)—Oak Street Baptist Church Annex.

has been generated by the two referendums: (1) to have the State Board of Education appointed by the Governor; and (2) the legalization of parimutuel betting on horse and dog races, on a county-by-county basis. The result of the referendums will not change the laws, but will provide the legislature an insight on the

desires of the citizens of the state on the questions.
A sample ballot appears in this issue of *The Record*.

Brief explanations and "for" and "against" comments of the amendments are as follows:
Amendment #1 (HJR 104)
To establish a grain warehouse self-

Q. Last year around the opening of deer season, the Chamber was giving some thought to having a dinner for the hunters coming here. Is the Chamber going to do this?

A. Executive Director David Janca said there are no plans by the Chamber to have a dinner for hunters.

'No pass, no play' marks improved

The effects of the controversial no pass-no play rule implemented by House Bill 72 is still being felt at Colorado High School, Principal Jerry Reynolds said.

The rule prohibits students from participating in extra-curricular activities for six weeks if they receive a failing grade on their report card.

Reynolds said at the end of the first six weeks, 10 students were barred from band activities and one varsity football player, three junior varsity players and two ninth grade players were

sidelined because of failing grades.

Reynolds noted that the purpose of the rule is to encourage students to want to pass and that there "is some gradual improvement" in the number of students posting failing grades.

For instance, he said that this

Christmas parade and Chili Day scheduled Dec. 5

The annual Christmas Parade, sponsored by the Colorado City Area Chamber of Commerce, has been scheduled for Saturday, December 5.

Theme of this year's parade will be "Christmas through the eyes of a child." It will begin at 5:30 p.m. starting at the Court House, down Oak Street, West 2nd and Chestnut and end at the Baptist Church. Santa will be at the gazebo following the parade.

Commercial prizes will be first, second and third place trophies. Organizational prizes will be \$175, \$100 and \$50 for the first three places; and individual prizes will be \$20, \$10 and \$5.

Joe Freeman is chairman of the planning committee which also includes Tandy Curlee, Dave Janca, Jim Hinn, Teri Janca, James Martin, Rhonda Morris, and Raymond Webb.

The Colorado City Lions Club annual Chili Day has also been scheduled for the same day.

LORAIN ROYALTY—Terry Munoz was crowned 1987 Homecoming Queen Friday night in Loraine. Munoz was escorted by her father, Manuel Munoz, Sr. (left) and 1987 Homecoming King, David Sanchez (75).

As of September 30, deposits in Mitchell County financial institutions were up \$15,508,000 over last year, totaling \$183,440,000.

At the banks, statement of condition reports showed City National Bank's deposits at \$56,124,000, up from \$52,785,000 last year; First National Bank deposits are \$10,683,000 as compared to \$9,864,000 last year; and First State Bank of Loraine had \$9,892,000, down from \$10,306,000.

At the thrift institutions, First Western Savings & Loan had deposits of \$91,102,000, more than \$9.5 million over last year's \$81,530,000; and City Savings & Loan's deposits were \$15,639,000, up from \$13,447,000 reported at the same period in 1986.

In the loan departments First National had loans of \$7,260,000, down from \$7,800,000 last year; City National had \$16,200,000 in loans, down from \$18,179,000 last year; and First State Bank's loans were up to \$3,717,000 as compared to \$3,602,000 a year ago.

First Western Savings' current loans totaled \$77,621,000, up from \$69,405,000 on September 30, 1986. Loan figures are not available for the Colorado City branch only of City Savings and Loan.

See DEPOSITS, Page 2

Rotary Club organizing here

The Big Spring Rotary Club is helping organize a chapter of the international organization in Colorado City, Charles Beil of Big Spring, past district governor of Rotary, said.

Beil said that membership into the organization is by invitation

and that 20 members are required before a charter can be granted. Beil said that he and other members of the Big Spring chapter have been meeting for several weeks with local residents who have expressed an interest in the organization.

Rotary was formed in Chicago in 1905 and was designed for businessmen and professional men as a service organization. Currently, the organization has one million members in 23,600 chapters in 161 countries.

"This is truly an international organization of great importance," said Beil.

The Sweetwater chapter was organized in the mid 1920s and extended charters to Big Spring and Midland in 1928.

The district in which Colorado City is included covers an area 400 by 200 miles. The district has 54 chapters with a membership of 2,800. There are two chapters in Big Spring.

"Colorado City is the largest community in the district that does not have Rotary," said Beil. "We've decided we're 60 years late in Colorado City and it's time we did something about it."

He said the local chapter will charter with 20 members

For The Record...

by M. Gene Dow, GM

FROM THE SCRIPTURES—"Better have wisdom behind you than money; wisdom profits men by giving life to those who know her." Ecclesiastes 7:12

The argument over the need for a one dollar coin in the U.S. continues, Congressman Martin Frost has observed. Ever since the introduction of the Susan B. Anthony dollar coin in 1979, which was a dismal flop, the interest in such a coin remains.

The continuing interest in a dollar coin centers around pure economics—it costs almost 14 times as much to print paper dollars compared with dollar coins.

Paper dollars wear out in approximately 18 months; the dollar coin is generally good for twenty years. This fact alone could save the American treasury \$50 million each year, Frost said. But now, we know who really want the dollar coins don't we?—the coin machine vendors, the video games, the auto car washes, public transportation, telephones, etc. that would make it easier for them to up the prices. The four-bit coin is too large, as is the old Eisenhower Dollar, and the Anthony coin was too similar in design to the highly used quarter. Thus, 500 million Anthony dollar coins are currently stacked in federal vaults, and a shrinking number of halves and Eisenhower dollars are in circulation.

What's being talked about now is a coin the size of the Anthony dollar, but colored gold and not having "reeding" around the edge, like the quarter has. We usually have little trouble distinguishing between the dime and the penny, or the penny and the nickel, primarily because they are different size and color.

Gene Dow

THE LONE WOLF SAYS, No matter what business you're in, if you try to see how much you can give for a dollar, instead of how little, you're bound to succeed.

When I was in the service, stationed overseas in Austria, as many of you will remember, we used military script—paper money for all coins—as well as the foreign money denominations. It didn't take long to get used to. When returning home, after exchanging the script for "green backs", we had a stop over in Bermuda. I had lunch in a "real American" cafeteria. When my change came rolling out of one of those coin change dispensers—quarter, dime, nickel and penny coins, I had no idea, for a moment, how much change I had gotten back.

DID YOU KNOW? The current dollar bill, first issued in 1963, will be replaced by a new note next year. The \$100 bill is the highest denomination of U.S. currency issued since 1969.

NO PASS

From Page 1
year's sophomore class, numbering 107, had a passing rate of 72.90 percent. As a freshman class last year, the students posted a passing rate of 72.18 percent.

The passing rate for the other classes this year include freshmen, 77.88 percent of the 104 class members; juniors; 86.52 percent of the 89 class members; and seniors, 84.76 percent of the 105 class members.

Reynolds said that at the end of the first six weeks last year, there were 120 failing grades posted compared to 107 this year.

"We had less failing grades this year and more students," he said, adding that "our goal is to see that everybody passes."

Reynolds said that tutoring is offered at 7:45 a.m. Monday through Thursday in English, math, science and social studies for students who want to improve their grades.

ELECTION

From Page 1

insurance fund to guarantee payment, with public money, in case of defaults.

For: Public money is needed for protection of warehouse users; may never be used.

Against: This sets a bad precedent to use state credit to bail out an industry. House Bill 1721 has addressed the problem.

Amendment #2 (HJR 60)
To raise property taxes in certain unincorporated, rural, fire districts; if local voters approve.

For: Present taxation is inadequate for needed fire protection and local voter approval will still be necessary.

Against: Tax rate increases will affect only the unincorporated areas in the six most populated counties and not most rural areas. Duplicates other legislation.

Amendment #3 (HJR 48)
To limit school tax increases on the homestead of surviving elderly spouses.

For: Prevents continued upward spiral of taxation on the elderly.

Against: Does not take into account remarriages or financial independence.

Amendment #4 (HJR 5)
To provide public monies to private companies, encouraging development.

For: Recent downturns and lost revenue necessitate incentives to the private sector.

Against: Public funds for private profits is inherently problematic and carries considerable risk.

Amendment #5 (HJR 65)
Allows the State Highway Department and the Texas Turnpike Authority to cooperate in road and bridge building using public monies to guarantee bond issue.

For: Bond ratings may improve; may relieve some city-highway congestion.

Against: With taxpayers guaranteeing bonds, less scrutiny is given the probability of repayment with toll revenues. Open ended public debt could escalate.

Amendment #6 (HJR 4)
Authorizes the legislature to finance Texas products and businesses.

For: To rebuild Texas: loans, grants and subsidies are needed.

Against: State-sponsored dependency seldom motivates individual initiatives (\$125 million expected expenditures.)

Amendment #7 (HJR 55)
To issue bonds to pay for local public facilities.

For: Provides public jobs and keeps local government from having to "pay-as-you-go." Against: A first step toward deficit spending and could force all state taxpayers to pay for poorly conceived local projects. (Up to \$400 million in general revenue bonds.)

Amendment #8 (HJR 9)
To issue bonds to pay for correctional, mental health and mental retardation facilities.

For: Provides the only funds available for badly needed new prisons to comply with Federal Court rulings and reduce present overcrowding.

Against: Relies on future income and adds to Texas indebtedness. (\$500 million expected expenditures.)

Amendment #9 (HJR 9)
To allow legislators to seek different state offices while restricting pay increases for the new office they may have previously voted to approve.

For: No one should be restricted from seeking higher office as long as

they do not benefit financially from a vote cast while in another office.

Against: It is bad public policy to amend the Constitution to protect the eligibility of such a few.

Amendment #10 (HJR 12)
To exempt from taxes, if local voters approve, certain personal property not used to produce income (i.e. boats, campers, aircraft).

For: The cost to collect personal property taxes often outweighs the revenues. Local voters would have the authority to reverse any decisions.

Against: Exemption from property taxation shifts tax burden to other taxpayers.

Amendment #11 (HJR 12)
Exempts from taxation, property held within the state temporarily for manufacturing and processing.

For: Encourages economic output by limiting taxation and restores competitiveness with other states. Local officials can overrule SJR 12 if costs outweigh benefits.

Against: Inequities may result from one jurisdiction to the next.

Amendment #12 (HJR 35)
To allow surviving spouses to hold community property with the right of survivorship.

For: Ends the two-step legal process and allows surviving spouses to receive all or designated community property.

Against: The proposed Amendment will result in the further deterioration of the community property system in Texas.

Amendment #13 (HJR 27)
Allows for creation of districts to provide emergency medical and fire services (including taxation).

For: Needed services call for increased taxing abilities.

Against: Provision for new districts adds another layer of governmental bureaucracy and increases local taxes.

Amendment #14 (HJR 34)
To give the state a limited right to appear in criminal cases.

For: Allows for appeals in case of errors; prevents unfair rulings and balances the law with the facts.

Against: Appeals might pose economic hardships while defendants await rulings.

Amendment #15 (HJR 35)
To do away with the office of County Treasurer in Gregg, Fayette, and Nueces Counties.

For: Removes another layer of the bureaucracy and consolidates county business thereby saving tax dollars.

Against: County by county approach, if desired, is too slow and should be accomplished by a single Constitutional Amendment.

Amendment #16 (HJR 6)
To allow for more than one Justice of the Peace in larger counties.

For: Local elected officials will be allowed to add Justices of the Peace Courts based on need.

Against: This amendment is too confining and the state legislature can decide what is best for cities and counties.

Amendment #17 (HJR 26)
To give the Legislature the authority to restrict the areas of unlimited liability for municipalities.

For: This will help keep taxes lower by placing limits on certain local liability claims.

Against: Defendants feel the courts deciding liability on a case-by-case basis is better.

Amendment #18 (HJR 18)
To create jail districts that would construct and operate county jails.

For: Paying for and building jails would take some pressure off the state.

Against: This would allow an unlimited increase in local property taxes. It is doubtful that it would reduce overcrowding of felony prisoners held by the Texas Department of Correction.

Amendment #19 (HJR 88)
To issue bonds and make grants related to locating a superconducting super collider in Texas.

For: If the super collider comes to Texas, jobs and technology would accompany it.

Against: State government is in too much financial difficulty to insure more indebtedness; besides which the technology may be obsolete by final completion date. (Up to \$500 million in bonds.)

Amendment #20 (HJR 96)
To provide tax relief for storage of unused offshore oil equipment.

For: Provides needed tax relief to the oil industry, and allows the legislature to control the application of the tax exemptions.

Against: No other industrial property is exempted from taxation while it is unused and the financial relief is negligible to the oil industry.

Amendment #21 (HJR 17)
To include the Speakers of the House as a member of Executive Agencies or Committees.

For: Allows the legislature to better coordinate with the executive branch.

Against: This violates the separation of powers: a constitutional safeguard, best kept in place.

Amendment #22 (HJR 53)
To limit the governor in filling office vacancies during the end of his term if not re-elected.

For: This Amendment is needed to clarify the validity of the existing statute limiting the appointments by a "lame-duck" Governor.

going water needs is vital to progress.

Against: Counties should pay for work performed or prove inability to pay. Approximately \$800 million in bonds are still available from previous provisions.

Amendment #24 (HJR 83)
To permit one county to perform work, without compensation, for another.

For: Men and equipment can be employed continuously thereby saving tax dollars and manpower. All decisions are made in open meetings to allow public scrutiny.

Against: Each county should pay for work performed individually or prove inability to pay.

Amendment #25 (HJR 5)
To permit Amarillo Hospital District to serve Randall County residents; to allow hospital districts to change boundary jurisdiction with voter approval.

For: No constitutional amendment will be needed in the future, thus an easier meeting of local needs and providing a savings to various counties.

Against: Counties may already be able to accomplish the desired ends; and there are no guarantees residents' needs will be met.

Referendum #1
To staff the State Board of Education by appointment rather than by election.

For: gubernatorial appointment prevents the Board from being controlled by self-serving special interest groups. Voters are better able to gauge the educational philosophy of a candidate for Governor than the philosophy of an unknown State Board candidate.

Against: 1984 Educational Reforms promised an elected State Board of Education. Elected board members are responsible to the voters they represent.

Referendum #2
To legalize parimutuel betting on horse and dog races.

For: May create new industries, aid tourism and increase state revenues.

Against: The cost of increased crime and social problems will offset the expected increased revenues. The state should not sanction activities that may cause more harm than benefit to its citizens.

(Summaries compiled by Free Market Foundation, a non-partisan research foundation.)

Grand Jury named for October term of District Court

The new Grand Jury for the October Term of 32nd District Court was selected last week.

Selected to serve through February, 1988 were Neysa Beights, foreman, Loraine; Robert Alford, Rose Ball, Fay Forhand, David Ginkinger, Westbrook; Raymond Hollis, Westbrook; Vince Ariaz, Vickie Atkins, Loraine; Christene Hall, Loraine; Catarina Martinez, Loraine; Elaine Kelly, Nina Meadows, Loraine.

Minor wreck investigated

Only one minor traffic accident was investigated by City Police the past week.

Last Tuesday, Oct. 27, about 11:20 a.m., a 1974 Ford Torino, driven by Sherri Lynn Ruth, 21, collided with a 1986 Plymouth Turismo driven by Stephen A. Smith, Jr., 17, on Lone Wolf Blvd at the south entrance of the school parking lot.

DEPOSITS

From Page 1

An increase in deposits is normally a good indication of improved business conditions, and \$15.5 million is a sizeable increase for the combined financial institutions in Mitchell County.

STATE BOUND - Colorado High School Wolf Band twirlers Amy Chitsey, left, and Sunnye Biggs received first division ratings in solo competition at the district University Interscholastic League contest last week which makes them eligible for state competition in June. Both are sophomores.

HALLOWEEN PLAY - Second grade students of Mrs. Del Ferguson at Kelley Elementary School presented a Halloween play, "The Enchanted Pumpkin Patch", to their families and fellow students Thursday. Members of the play included Dorian Montgomery as the witch, Wilbert Shoals as Billy and Michael Ball, Brian Martinez, Louise Silva, Raymond Molina, Erron Emerson and Kandi Hearin as the pumpkins.

Program still has openings

The Colorado City Schools is still accepting children in the After-School Program at Kelley Elementary. Students remain at Kelley Elementary and are bused from Hutchinson Elementary to Kelley daily. The supervised informal program includes a snack, recreation and enrichment activities for grades kindergarten through five. The instructor is Jessie Nelson.

The fee is \$12 per child per week. For families with more than one child, the fee is \$12 for the first child and \$8 for each additional participant and must be paid for one week in advance.

The fee for Hutchinson students is \$8 per week.

"Drop-in" students are accepted with a 24-hour notice for a fee of \$2.50 per day per child. Program will be from 2:30-5 p.m.

The program is limited to 20 children. The project will follow the school calendar and will provide all-day care at Wallace Center on teacher in-service days.

COME IN WITH BROWN EYES AND WALK OUT WITH BLUE.

Phillip Eye Clinic now has DuraSoft® Colors, the first contact lenses that can change even the darkest eyes to stunning light colors.

Go from brown to baby blue. Hazel to emerald green. Grey to a stunning aqua.

Best of all, they're so comfortable you probably won't know you're wearing them.

And DuraSoft Colors may be worn daily, or overnight, depending on the results of your exam.

So come in and try on a pair. For vision correction or just for fun.

CALL TODAY 728-2604

When you purchase the DuraSoft Colored lenses, be sure to take advantage of the "Spare Pair Program" which allows you to get a second pair of Clear Daily Wear or Extended Wear lenses for only \$20.00.

Lordy, Lordy, Look Who's 40!

At 40, It's Nothing but Downhill

You Mean You're Only 40?

As you might have guessed by now, I will become the target of some age-old jokes about age when I celebrate my 40th birthday later this week.

While one of Webster's definitions of age simply is to become old, I prefer to think of age as a sign of maturity. After all, by the time you reach 40, surely you've matured in some areas. (Of course, my wife is still looking for signs of maturity in me.)

While growing older has never been of much concern to me, turning 40 seems to be a stressful time, if not a mid-life crisis, for some.

True, I am finding there are some side effects to becoming 40. For instance:

- I can no longer call myself premature gray (although my hair has been gray longer than any other color).

- I can no longer refer to people age 40 and over as older people (it doesn't seem that 40 is "old" any more).

- I have to realize that I'm middle-aged now.

The thought of becoming middle-aged probably has more of an impact on me than anything else. At one time, I thought of my parents and my aunts and uncles as middle-aged. Surely, I'm not as old now as they were then. Never mind, I know the answer to that one.

Middle-age makes me think of the line in the movie "On Golden Pond" when Katharine Hepburn refers to herself and Henry Fonda as middle-aged.

"Ethel, I'm almost 80 and you're on the downhill side of 60. That's not middle age, Ethel, - that's OLD," he tells her indignantly.

Although I'm at least not old, I'm a great believer in old adages. My wife and I refer to old adages often as we try out our parenting skills on our 11-year-old at home. It seems our mothers used the same sayings on us as we were growing up - you know, things like "When you lay down with dogs, you get up with fleas" and "Never put off until tomorrow what you can do today" and "I'm not telling you what to do, BUT..." and then get ready for another mini-lecture.

I like the adage "You're only as old as you feel". I certainly don't feel like I'm 40 years old and I don't see myself as 40. But, when I compare my reflection in the mirror to the picture you see today on my column, I feel a minimum of 40. The reason I put one of my elementary school pictures on my column this week is to save anyone else the pleasure of running an old picture of me in the newspaper on my birthday since that seems to be the popular thing to do when one reaches 40.

Also, when one reaches 40, one can start thinking about retirement. If I can only remember where I put that book on how to retire in Mexico on \$400 a month, I wonder if forgetfulness is a sign of middle age or old age?

Ray Mayo is editor of the RECORD

Community Calendar

This Week

MONDAY

Nominations due for ASC County Committee: 9:00 a.m.—Called meeting Mitchell County Commissioners' Court.

7:00 p.m.—Tumbleweed Lioness Club meeting, City Savings Restaurant.

7:00 p.m.—Duplicate Bridge Club, Bridge Center, 260 Walnut.

TUESDAY

7 a.m.-7 p.m.—State Constitutional Amendment election.

12 Noon—Kiwanis Club Meeting, Civic Center

(Please submit your event schedule for this Calendar by noon each Friday.)

Art Lawler

While Jessica McClure sat in a hole, something interesting took place in the rest of the world.

It only lasted about 56 hours, but it was one of those rare times when a sense of unity could be felt on the planet. Where gifted ministers and politicians had failed to communicate, an 18-month-old child in Midland, Texas was sending a message, and it was hitting a part of the human condition that usually remains buried under layers of pride, chauvinism and fear.

But maybe we should take this from the start.

Man meets woman and a relationship develops. In time, a tiny reproduction of the same man and woman occurs. The reproduction is housed, fed, and trained until it reaches maturity. Then, with the help of a partner, that reproduction reproduces itself, thereby, insuring the future of the human race. Up to a point, anyway.

Every single race and every single culture practices the tradition in precisely the same manner with precisely the same result.

Some grow up on one side of an ocean, others on the other side. That probably has something to do with the fact man was born with legs, a mind and a curiosity that sends him searching for the unknown.

At any rate, first thing you knew, these reproductions were scattered in every corner of the world.

All used the same vocal chords and gradually noise turned into language. Since the seas kept the world neighborhood from socializing on a regular basis, though, a universal language failed to develop.

Bones and eyes took on characteristics common to the regions where they were cloned, and this has been a major problem. Eventually curiosity took man into the ocean and across it where he should have re-discovered himself.

As it turned out, he didn't even recognize himself.

All of these people are fairly certain of one thing, though - that their own particular regional species was put on earth to rule the lesser species, the one that has been given the peculiar looks and language.

That such thinking leads to skirmishes, can't be too surprising.

Several centuries have passed, numerous battles have been fought, and enough blood has been shed to encourage a solution, yet the issues of dominance and submission are still being debated in the same fruitless manner. Ruling classes have developed all right, but the issues are no closer to being resolved than they were thousands of years ago.

At first the tribes who threw the straightest spears, ruled. Then came gunpowder. Whoever possessed it, seemed to gain God's favor, a theory often expressed, and a point repeatedly proven on the battlefield.

First thing you knew, though, everybody had gunpowder, and God was accused of switching sides on an almost daily basis.

Since the advent of the nuclear weapons, though, and the distressing sneak previews in Japan, we've reached a frustrating global stalemate. Not even God seems to want to take sides now.

None of this is very comforting, of course, what with people from all sections of the earth predicting one last apocalyptic spectacular.

Worse, once it happens, there's a good chance we still won't have solved the great mystery over who was meant to rule and who was meant to serve. But at least it'll be a moot point by then.

When we look at Russians we see evil communists. When they look at Americans, they see greedy capitalists. It's like the dog that looks in a mirror and starts barking, never quite realizing it's himself he is threatening with extinction.

When the world looked at the tiny, vulnerable figure emerging triumphantly from a hole in Midland, Texas, though, what it really saw was a mirror of itself - the global human being in its most beautiful and undisguised form. Everyone applauded in his own way, expressed himself in his own language. The message was always the same, though. Everybody wanted to protect Jessica.

Now, if we could just figure out why we have the compulsion to attack these same figures upon maturity, maybe we could preserve the cloning process a few thousand more years.

Remember when...

ONE YEAR AGO

October 30, 1985
The first-ever Mitchell County belt buckle limited edition of 250 buckles are now on sale at Colorado City Area Chamber of Commerce, Manager Penny Solomon has announced.

Colorado City's newest physician Dr. Dee Roach, M.D., has been named chief of staff of Mitchell County Hospital replacing Dr. Thomas Aguilon. Other doctors on the staff are Dr. Rod Caldwell, Dr. Joe Terry and dentists Dr. Billy B. Bridgford and Dr. H. J. Steakley.

J. R. Troha, formerly of Odesa, has been named manager of the local C. R. Anthony store.

FIVE YEARS AGO

Oct. 28, 1982
The new First National Bank of Colorado City has opened temporary facilities for business at 2225 Hickory while the new bank building is being built.

Hortencia Delorea was crowned Homecoming Queen at Loraine. Adam Merket was named Homecoming King.

Randy Bucy defeated Don Jones to win the men's singles championship in the Mitchell County Tennis Tournament. Kenneth Mathis and Carolyn Cline won the mixed doubles.

TEN YEARS AGO

October 27, 1977
Mamie May of Landau's has been named the friendliest sales person for the month of October by Colorado City's Mystery Shopper.

After delaying almost 120 days, the City Council granted an 8.33% rate increase to Texas Electric Service Company. Manager B. B. Hardee had requested a 25% increase for the company.

Almost \$2 million in improvement are underway at Lake Colorado City State Park, including housing for the superintendent, new rest room facilities and numerous picnic shelters and camp ground.

Brad Fincher and Dawn Lemons received the Gold Star Awards at the Mitchell County 4-H Achievement banquet.

TWENTY YEARS AGO

October 29, 1967
A pair of old handcuffs had to be cut off second grader Dennis Yeager's ankle after no keys could be found.

Martha Kinard of First Presbyterian Church; Sam Major of First Christian Church; Cindy Birdwell, All Saints Episcopal Church; and Jerry Lyn Hertenberger, First Methodist Church will be leading the local CORP drive to raise funds for world-wide starvation.

Mrs. Wayne Griffin, Mrs. Charles Walker and Mrs. Wallace Price have been initiated into Delta Kappa Gamma, honorary society for women teachers.

THIRTY YEARS AGO

October 27, 1957
The Rev. C. E. Cogswell of Colorado City, a retired Christian Church minister, has been presented with a special service award and gift.

Meet your new neighbors ...

New residents of Colorado City, according to new water connection applications at City Hall the past week include:

Julie Adams, 788 East 6th.
Wallace Babcock, Andrea Gardens #11.
Sherri Ruth, 928 Waco #6.
Margarie Sepeda, 120 Sherman

Heading the Colorado City High School student council are Jim Richardson, president; Jerry Treadwell, vice-president and Rhett Biggs, secretary-treasurer.

FORTY YEARS AGO

October 31, 1947
Jimmy Hammond of Colorado City has received the American Farmer degree, the highest honor that a Future Farmer can receive,

at the national convention in Kansas City.

Ted Roensch, Mitchell County Farm Agent for the past three years has resigned to become manager of King Hereford Farms in Siloam Springs, Ark.

John Thomas Runnels, made his first solo flight, Oct. 27, flight instructor O. D. Kelmon has reported.

Letters to the editor

Set example

TO THE EDITOR: On the 16th of October my daughter's 1978 graduating class met for its 10-year reunion.

She received an invitation with the scheduled plan of activities for the weekend of Homecoming. I'm sure a lot of time and work was spent by those on the planning committee. However, I was very disappointed to find these letters on the bottom of the invitation, "B.Y.O.B." (bring your own bottle) since one of those helping plan the Homecoming activities is very active in PTO (Parent, Teachers, Students Organization).

I believe that one of the functions of this organization is to help educate our young people to the dangers of using alcohol and drugs. Am I to understand that after graduation it is acceptable to drink alcoholic beverages? I feel as adults we can help our young people the most by setting good examples.

Corene Thomas

Resolution

TO THE EDITOR: Whereas, our democracy was founded by our forefathers on the time-honored precept of government by elected representatives, and

Whereas, in 1984, the Texas Legislature passed House Bill 72, which dissolved the 27-member elected State Board of Education and created a 15-member appointed State Board of Education, and

Whereas, the newly created State Board of Education was appointed as a "transition" board to implement the education reforms included in House Bill 72, and

Whereas, this significant legislation also provided for the return to an elected 15-member State Board of Education on January 1, 1987, and

Whereas, in September 1987, Texas public schools entered their third school year following enactment of the House Bill 72 reform legislation and rules and regulations responsive to all phases of this historic legislation have now been adopted by the "transition" board, and

Whereas, in July 1987, the Texas Legislature enacted legislation that placed the following referendum proposition on the November 3 election ballot:

"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation from throughout the State of Texas," and

Whereas, elected officials are directly accountable to the

citizens who elect them to the office they hold, and

Whereas, appointed State Board of Education members could be held accountable only by those responsible for their appointment, thus leading to greater centralized control of public education,

Now, Therefore be it resolved, that the Board of Trustees of the Colorado Independent School District supports the return to an elected State Board of Education and encourage voters in the Colorado Independent School District to vote against Referendum Proposition No. 1, relating to the State Board of Education, on the November 3 ballot.

Dated this 12 day of October, 1987.

Dr. Billy B. Bridgford
President, Board of Trustees
Kathy Bassham
Secretary, Board of Trustees

Amendment

TO THE EDITOR:
As mayors of Colorado City and Loraine, we would like to support Amendment Number 17 on the November 3 general election ballot. Amendment 17 must pass if Texas cities are to successfully face the liability insurance crisis which has plagued

municipal government for several years.

Amendment 17 would empower the state legislature, and not the courts, to determine how much liability a city has for each of its activities. Some municipal activities, known as "governmental" activities, are subject to limits of liability. For other activities, known as "proprietary" activities, the city faces unlimited liability.

This amendment will finally bring some predictability to the municipal insurance marketplace because it will allow the legislature to specifically determine which activities are governmental and which are proprietary. We believe that with predictability will come stabilized insurance costs.

Historically in Texas, the courts have decided whether a municipal function was governmental or proprietary. Each court decision changed the playing field, and insurance premiums continued to climb, if coverage was available at all.

Premiums for municipal liability insurance have skyrocketed in recent years, and pointed out that taxpayers suffer when municipal insurance rates increase, because taxpayers ultimately pay the premiums. We believe that over the long term,

Amendment 17 will help hold costs down.

Amendment 17 will not allow any city to avoid liability lawsuits, but it will allow us to plan better for them and to better predict our losses.

The Texas Municipal League, of which Colorado City and Loraine are members, resoundingly endorsed passage of Amendment 17 at the League's Annual Conference in Fort Worth on October 10.

Jim Baum, Mayor
City of Colorado City
Catarino Martinez, Mayor
City of Loraine

Vote no

TO THE EDITOR: As November 3rd rapidly approaches, the media is filled with advertising concerning the legalized gamb-

ling issue; however, as a teacher, I feel that there is an even more pressing issue that will be on this very lengthy ballot.

Through HB 72, Governor White, along with H. Ross Perot, pursued and attained an appointed, rather than elected, State Board of Education. Little known to most Texans, the SBOE wields an inordinate amount of power; its job is to interpret and set guidelines from both the State Legislature and the Texas Education Agency, which govern what we do in the classroom. While teachers realize that someone must interpret new rulings, the policy in question was the "appointed" status. However, according to HB 72, the appointed board would revert back to an elected board in January of 1988, a fact that appealed most teachers.

In the special session this summer, however, strong lobbies from H. Ross Perot hit the legisla-

ture again; this time one of their main concerns was the passage of a bill to keep the SBOE a governor-appointed body. Instead of killing the action in committee, our legislature voted to send the action to the general public, thus washing their hands of the controversy.

An appointed board of any kind is not accountable to the voters of Texas; they can interpret rulings however they please without the worry of public pressure or the threat of being voted out of office (even the Governor who appoints the members could not remove them from the committee). In a democratic society, the officials elected by the masses should set policies, especially when those policies will directly affect our school children. To allow appointed officials who may have no background in education to interpret rulings which directly affect the schoolchildren of Texas is the real gambling issue on the November 3rd ballot.

Please vote on November 3rd. But most especially, vote NO on Proposition #1.

Sincerely,
Kathlyn Arthur

GRASS FIRE BATTLED - Members of the Colorado City Volunteer Fire Department rushed to extinguish a grass near the intersection of 17th Street and Rogers Road Wednesday. No major damage was reported although several nearby houses were threatened.

Alzheimer's support group organized

November 1987, has been proclaimed as National Alzheimer's Disease Awareness Month by President Ronald Reagan.

According to the Alzheimer's Disease and Related Disorders Association, Inc., "Alzheimer's disease is a progressive disorder of the brain affecting memory, thought and language. Changes occur in nerve cells in the outer layer of the brain producing almost imperceptible systems at first. As the disease progresses, simple forgetfulness increases to more noticeable memory loss and other changes occur in thought, personality and behavior, which can render the victim incapable of taking care of himself and communicating his needs to others ... this disorder is now recognized as the most common cause of severe intellectual impairment in older adults, replacing the popular theory that hardening of the arteries is the major cause of dementia in persons over 65 ... it brings great anguish and deep frustration to those afflicted and to their family and friends."

A support group for families and friends of victims of Alzheimer's Disease, or related diseases, will have its first monthly meeting at 3 p.m., Tuesday, Nov. 3, in Fellowship Hall of the First Christian Church, Fourth and Elm Streets, Colorado City. This support group, sponsored by the Christian Women's Fellowship, is being organized to help family members find ways of

dealing with their grief and the stress of caring for a loved one with the disease and to provide them with educational information. The group is open to anyone who is providing care to a person with Alzheimer's Disease, or a similar illness, and to their families and friends. Plans are also being made to hold educational meetings for the general public in the future.

Leaders of the group will be Mrs. Rebecca Ward and Mrs. Marjorie Kolman. Mrs. Ward is co-minister of First Christian Church, and has done volunteer work for many years in areas of social service assistance. She has attended numerous seminars and clinics relating to counseling the aged and serious illness, worked with Girl Scout and Boy Scout Councils to educate and imple-

ment action with understanding programs.

Mrs. Kolman has a masters degree in social work from Tulane University. She has had many years experience in working with families of patients with Alzheimer's Disease, including seven years experience in caring for her husband, who died from the disease.

POUND PUPPY - "Gizmo", a two-year-old sheperd-Malamute cross is available for adoption from the city pound located at Mitchell County Veterinary Hospital, Highway 208 South. "Gizmo" is a friendly dog who should make someone a good pet. Thanks is extended to Richard Hawkins, Bonnie Smith, Karen Sparks, Judy Baker, Charla Cain and Bill Duckworth for adopting homeless animals from the animal shelter. For more information about pets available for adoption, call 728-8055.

Radiologic technologists honored

Take a deep breath. Hold it! Don't breathe or move! BEEEEEP Breathe!

Nov. 2-8 is National Radiologic Technology Week. A radiologic technologist is that person who asks you to hold still and hold your breath while they make an X-ray exposure. Radiologic technologists are found in clinics and hospitals where medical diagnostic imaging equipment is used. This includes diagnostic X-rays, fluoroscopy, radiation therapy, nuclear medicine, CT (computerized tomography), MRI (magnetic resonance imaging) and sonography (diagnostic ultrasound).

The radiologic technologist is a professional - an integral part of the health care team. Mitchell County Hospital employs three radiologic technologists. They are Mary Paul Proctor, Betty Frizzell and Debby Wall. National Radiologic Technology Week is a time to focus on the progress made by a group of professionals striving to improve the quality of patient care.

The technologist generates permanent images for the physician to view. These images help the physician arrive at a diagnosis for his patient.

Great strides have been made in recent years to decrease the amount of radiation to the individual. The technician chooses technical factors that will insure low radiation exposure and good quality images.

Medical science has improved its capabilities to "see" inside the human body without the pain and discomfort of some surgical procedures. Because of the advances in technology, exploratory surgeries are now less common than 10 years ago.

The usual course of study for a radiologic technologist is a 24-month, college-based program which includes radiation physics, exposure factors, human anatomy and physiology, medical ethics and basic patient care.

There are two registering bodies in this profession. They are the American Registry of Radiologic Technologists and the American Registry of Clinical Radiography Technologists.

These registries set standards for performance of duties. Any technician associated with either of these registries has the competence and expertise to make images using safe radiation practices.

Soup, salad tasting spree set

Tickets are now on sale for the Third Annual Soup and Salad Tasting Spree sponsored by the Wallace Center Senior Citizens.

The event will be held Tuesday, Nov. 3, from 5-7 p.m. at the C.C. Thompson Room of City

National Bank. All dishes served will be made from recipes in a cookbook published by the senior citizens.

The general public is invited. Tickets are \$4 with proceeds going to the nutrition program. A limited number will be available at the door.

Tickets can be purchased by the First National Bank, City National Bank, First Western Savings and Loan, Colorado City RECORD, Chamber of Commerce, City Savings and Loan and the Wallace Center.

For more information, call 728-2392.

Obituary

Miles

Edward S. Miles, 87, died Tuesday morning in Valley Fair Lodge.

Funeral services were Thursday at 10 a.m. in the First Baptist Church with Rev. Glenn Roenfeldt officiating. Burial was in Colorado City Cemetery directed by Kiker-Seale Funeral Home.

He was born in Nacogdoches Sept. 28, 1900. He was married to Miss Karen Shelton Aug. 21, 1926 in Dallas. She preceeded him in death May 16, 1987. He was a retired farmer and a member of the First Baptist Church.

Survivors include two sons, Allan Miles of Colorado City and Shelton Miles of Houston; two sisters, Robbie Sickles of Colorado City and Clara Brookshire of Bowie; a brother, Haskell Miles of Colorado City; five grandchildren and four great-grandchildren.

Pallbearers were Kay McCauley, Arlene Morris, Wayne Shawn, Wright Hock, Dennis Walding and Elbert Spann.

OOOPS

What the dog and horse gambling industry forgot to tell you.

Across the country, highly-paid lobbyists are begging state legislatures to slash the state's portion of the gambling take. Why? Because racing is a dying industry. 60% of horse breeders lose money. 90% of owners lose money; racetrack attendance is declining steadily.

Last year the racetrack lobbyists convinced our legislature that racing was a good business deal for Texas. But if we vote in pari-mutuel gambling, they'll be back in Austin next year telling a much different, sadder story.

Texas doesn't need another sick industry crying to the state for help. Gambling is a bad bet for Texas.

DON'T BET ON IT.
Vote NO to dog and horse gambling on November 3rd
Vote NO to Referendum 2... it is near the end of the ballot.

Wylie knocks Wolves out of district race, 27-7

ABILENE—Neither team managed a whole lot of offense here Friday night, but the Wylie Bulldogs made the least mistakes in a strong wind for a 27-7 District 5-3A football win over the Colorado City Wolves.

The win clinched a playoff spot for the Bulldogs, 6-3, and 5-1 in district play. Wylie went into the game tied with Colorado City and Ballinger for the District lead.

Colorado City, 6-3 and 4-2, ends the district race in Sonora Friday.

The Wolves suffered five fumbles and three interceptions against Wylie, who lost only one fumble and had no interceptions.

Colorado City fumbled the ball the first time they got a hand on it, but Wylie didn't score after the fumbled punt. The Wolves lost 13 yards on their first drive and

failed to cross mid-field during the first quarter with the wind behind them.

Wylie had better fortunes with the wind. The Bulldogs began the second quarter with a punt that put Colorado City at its own 20.

A 19-yard punt by Beau Rees into the wind, gave Wylie possession at Colorado City's 45. A fifteen yard personal foul against the Wolves made it first and ten at

the 22. Wylie quarterback Bo Sanford ran 11 yards for a first and goal at the seven. Tailback Mike Chapman scored three plays later on a one-yard run with 3:31 left in the half. Chapman kicked the point after.

Three plays later, Wylie's John Atkins intercepted Colorado City quarterback Ismael Silva for possession at the Colorado City 24.

Two Chapman runs made it first and 10 at the 13. After a 7-yard pass from Sanford to Chapman and a three-yard run by Atkins, the Bulldogs went up 14-0 on a three-yard run by Chapman. Chapman kicked the point after with :36 left in the half.

Wylie outgained Colorado City 99 to 13 in the first half.

A high punt snap on Colorado City's first possession of the second half gave Wylie the ball at the Wolves' 11. Sanford threw a

quick pass to tight end Jay Jones two plays later for a 10-yard score with 9:30 left in the third quarter. The Wolves blocked the PAT.

The Wolves punted on their ensuing possession but Wylie fumbled and Pat Ridge recovered for Colorado City at the Wylie 35.

Facing third and 14 at the 39, Silva threw to flanker Mark Russell at the right sideline. Russell caught the ball at the 15, side-stepped three Wylie defenders and ran in for a score with 7:09 left in the third quarter. Ricky Arispe kicked the PAT.

Sanford intercepted Silva to end Colorado City's next possession, but the Bulldogs settled for a 41-yard field goal attempt by Chapman that sailed wide right.

Jones intercepted Silva the next time Colorado City had the ball—ending Colorado City's last threat at the Wylie 28 with 6:30 left in the game.

With 2:07 left in the game, Rees bobbled a punt snap and was tackled at his own 9-yard line. Atkins scored two plays later from 4 yards out for Wylie's final score with 1:38 left. Chapman kicked the PAT.

Colorado City had 10 first downs, 11 yards rushing, 5 punts for an average of 25.0, lost 1 of 5 fumbles, was penalized 4 times for 29 yards and completed 6 of 17 passes for 82 yards and three interceptions.

Wylie made 14 first downs, 122 rushing yards, punted 6 times for an average of 28 yards, lost 1 of 1 fumble, was penalized 4 times for 30 yards and completed 6 of 14 passes for 43 yards.

Thank You So Much!

I would like to express my sincere thanks to everyone who contributed their time, money and efforts to The Perry Mitchell Benefit Dance. A special thanks to:

- * Ann McGuire, who's help was invaluable and the State who put up with she and I this week.
- * Our band, headed by Tony Adams, who got together and produced us some great dance music on such short notice.
- * My friend and auctioneer, Mr. Grady Morris, who let us do it my way for once.
- * Our police chief, Bobby Sparks and Lt. Pat Taylor, for their services and whom I apologize to for having left them out of my speech Thursday night.
- * Our donators for the auction: Gas 'n' Grub, Plagens Printing and Office Supply, Col-Tex Station, Corky's True Value, Costin Implement, Joe Weaver Chevrolet, Thomas Bros., Wood's Boots, B & B Liquor, Cee Jay's, Do Drop - In, Matlock's, Judy's Beauty Shop, Ice House, Fuller's, E Z Way, Cox Quality Meats, Myers Auto Parts, Hull's IGA, Tom's Peanuts, Double "D" Distributors, Sweetwater, Coca Cola, Sweetwater.
- * The people who purchased our auction items.
- * The First National Bank, Colorado City Record, and KVMC for advertising.
- * The City of Colorado City.
- * Our put up and clean up crew who worked above and beyond the call of duty.
- * Everyone who came to the dance and all those who couldn't make it but gave donations.
- * Also, anyone whom I might have left out. I know the Mitchell Family will be immensely grateful.

Thanks so much for showing your concern.

Rogene Spruell

Lazbuddie spoils Loraine homecoming, 55-8

The powerful Lazbuddie Longhorns spoiled the Loraine Bulldogs' homecoming, 55-8, Friday night before a huge crowd at Bulldog Stadium in Loraine.

The mighty Longhorns finished their season with a perfect 10-0 mark but cannot advance to the playoffs because this is their first year in 6-man football.

The Loraine Bulldogs' record stands at a very respectful 4-5 with the last game of the season next Friday night in Loraine

against Midland Baptist. Kickoff for that game will be at 7:30 p.m.

Friday's game was all Lazbuddie as the Longhorns eased to a 55-8 victory over the young Bulldogs.

Lazbuddie scored twice in the first quarter to take a 12-0 lead. Another touchdown in the second quarter made it 19-0 with 9:08 left in the second quarter.

Loraine's only touchdown came in the second quarter when Joe Alvarez pitched to Rudy

Sanchez for a 65-yard touchdown kick-off return. Shawn Finley kicked the point after and Loraine trailed only by 19-8 margin.

But that was about all the Bulldogs could muster as Lazbuddie went on for a 55-8 victory. The Longhorns' last touchdown came with 9:05 left in the third quarter.

Seniors Charles Alvarez, David Sanchez and Quentin Merket play their last game as a Bulldog next Friday.

JV downs Wylie 12-6

Scott Pesnell scored on runs of 19 and 74 yards and Colorado City's defense held Wylie to 60 yards rushing and 60 yards passing as the Wolves defeated the Bulldogs 12-6 in a junior varsity football game at Wolf Stadium Thursday.

The win gave the Wolves a final 6-3 record. The freshmen Wolves lost 20-0 for an 0-7 final mark.

The JV reached the Wylie 6 yard line on its first possession but a bobble ball stalled the drive. Sammy Contreras sacked the Wylie quarterback at the Bulldogs' 1 yard line three plays later and an 18 yard punt gave Colorado City possession at the Bulldogs' 19.

On third and 10 at the 19 Pesnell ran right, hit a crowd at the 15, cut left and headed to the left corner of the endzone for a 19 yard score with 2:40 left in the opening period. Dane Hoover's kick sailed wide left.

The Wolves fumbled at their 46 on their next possession and Wylie took 12 plays to tie the score at 6-6. The score came on a third and 12 play at the Wolves 13. A Bulldogs receiver won a struggle for the ball and stepped into the endzone with 4:46 left in the half. A pass for the extra points fell incomplete.

Neither team managed a first down in third period play. The Wolves first drive of the fourth quarter again ended on a fumble but Wolves defense continued to hold-forcing Wylie to punt to the Wolves 26.

On first and 10 at the 26 quarterback Ken Land handed off to Pesnell who had big running room to the 42. Pesnell hit a pack of defenders at the 42 but bounced off to the right and outraced the defenders for a 74 yard score with 4:47 left in the game.

Pesnell finished with 115 yards on 8 carries. Manuel Martinez gained 60 yards on 9 carries and Gabriel Gaona added 36 on 7 carries.

Pesnell, Gabriel Ornelas, Danny Luera, Land and Jessie Franco were among the leading tacklers.

The Wolves made 9 first downs, 190 yards rushing on 27 carries, punted 3 times for a 20 yard average, lost 2 of 4 fumbles, were penalized 6 times for 35 yards and completed 1 of 12 passes for 7 yards and 1 interception.

Wylie made 9 first downs, 60 yards rushing on 24 carries, punted 5 times for an average of 26 yards, lost none of 3 fumbles, was penalized 6 times for 45 yards and completed 12 of 21

passes with no interceptions for 60 yards.

Wylie took its first possession of the freshmen game to the Wolves 10 where James Cook recovered a fumble for Colorado City. The Bulldogs regained possession at the Wolves 46 and broke loose for a 41 yard gain. Johnny Pineda made a touchdown saving tackle at the Wolves 5 but Wylie scored on the next play with 4:05 left in the game. Felipe Heredia made a stop on Wylie's extra points run.

Pineda made another touchdown saving tackle in the second period and three plays later Rene Rivera intercepted a Wylie pass initially tipped by Bobby Silva.

Wylie made it 12-0 with an 8 play, 86 yard drive in the third quarter. The score came on a 16 yard run to the left corner of the endzone with 4:05 left in the period. Jesse Aguilar broke up the extra points pass.

A fumble by the Wolves led to Wylie's last score—a 46 yard pass

deep down the middle of Colorado City coverage with 9:51

left in the game. The Bulldogs ran for the extra points. Wendell Iglehart recovered a fumble for the Wolves in the fourth period.

The Wolves crossed midfield only three times—once following a Heredia fumble recovery on a second quarter Colorado City punt.

Heredia gained 54 yards rushing on 14 carries. Heredia also made crushing tackles to lead the defense.

The Wolves made 6 first downs, 81 yards rushing on 40 carries, punted 7 times for a 34 yard average, lost 1 of 5 fumbles, were penalized 3 times for 15 yards and completed none of three passes.

Wylie made 12 first downs, 250 rushing yards on 29 carries, lost 2 of 6 fumbles, punted twice for a 37 yard average, was penalized 2 times for 10 yards and completed 2 of 7 yards with 1 interception for 70 yards.

BAIT

What do you know about greyhound racing?

Did you know that according to greyhound industry statistics, 90% of greyhound trainers use live bait—usually rabbits, sometimes even kittens—allowing the hungry dogs to rip the small, terrified creatures to pieces? That's 100,000 traumatic animal deaths each year.

Did you know that 30,000 of the dogs themselves are killed every year because they don't make enough money to suit their owners?

Remember, you can't vote for horse racing without voting in dog racing, too—a "sport" with a horrifying record of animal abuse. Let's not let them bring it to Texas.

DON'T BET ON IT.

Vote NO to parimutuel dog and horse racing on November 3rd.

Vote NO to Referendum 2... it is near the end of the ballot.

EIGHTH GRADE football players are, bottom row, left to right, Shayne Anderson, Jeff Potter, Greg Parker, Joe Beltran, Bobby Taylor, Juan Beltran, Kevin Green, Shawn Rees, Alex Ridge, Cade Proctor, Chris Sanchez and Chris Lynch. Middle row, left to right, are Justin Sullivan, Cade Camp, Monty Cox, Cody Ridge, Brad White, Jason Stone, Rudy Melendez, Jesse Gonzalez, Robert Sadler, Scott Shepard, Jody Clark and Olivar Sosa. Top row, left to right, are Sammy Luera, Gabriel Ornelas, Daniel Oyler, Michael Diaz, Mario Ledesma, Jubal Stephens, Jerry Lemons, Justin Smith, Mark Monroe and managers Justin Harris and Jacob Mikov.

Middle School team unbeaten

Colorado City's eighth grade football team completed an undefeated Colorado Middle School career by beating the Wylie Bulldogs 14-8 at Abilene Thursday.

CMS's seventh grade team lost 6-0 for their first loss of the year and a final 4-1-2 record.

The win by the eighth graders gave them a 7-0 record for 1987. The Wolves were 12-0-3 for their two years at CMS.

The Wolves took an 8-0 lead at Wylie Thursday on the last play of the first half. Quarterback Shayne Anderson threw a short pass to Greg Parker and Parker pitched the ball to running back Kevin Green as he was being tackled.

Green ran 43 yards with the ball to complete a 48 yard score. Green also ran for the extra points.

Wylie tied the game with 3

minutes to go in the third period.

The Wolves began their winning drive with 4 minutes left in the ballgame. Quarterback Shayne Anderson snuck over from 1 yard out with 2:02 left in the game.

Anderson also had a 60 yard run. The Wolves completed 3 of 5 passes for 73 yards. Parker caught 2 passes for 20 yards and Anderson ran for 10 yards on another pass play.

Running backs Kevin Green and Jason Stone combined for 268 yards rushing. Green gained 145 yards on 24 carries and Stone ran for 123 yards on 22 carries.

A 73 yard Wylie score made the difference in the seventh grade contest. The score was a third quarter quarterback keeper.

The Wolves came up empty in four trips inside the Wylie 20 yard line. Jaime Rivera gained 73

yards for the Wolves on 11 carries.

Tracy Lentz added 66 yards on 14 carries. The Wolves completed 2 of 8 passes. Michael Humphrey caught both for 23 yards.

"These young men hung together and accomplished a tremendous goal," said coach Chuck Claxton. "If they stick together hopefully down the road many more victories will come their way."

EIGHTH GRADE volleyballers for Colorado Middle School are, front row, left to right, Rachel Coronado, Brenda Ezpinoza, Melissa Martinez, Julie McElvaney, Laramie Cathey, Genny Forehand and Laquanda Johnson. Middle row, left to right, are Lisa Martinez, Tracy Hoover, Jennifer Munoz, Nikke Edwards, Jessamyn Holstine and Jodie Ellis. Back row, left to right, are Linda Hudson, Angela Biggers, Rosemary Rosas, Demetrius Boger, Angie Piccola, Wendy Bradbury and Krista Moore. Not pictured is Sylvia Melendez.

Spikers lose title to Clyde

Jill Howle blocked Colorado City spikes to end both games of a 15-9, 15-13 volleyball match that gave the Clyde Bulldogs the district 5AAA title at Clyde Tuesday.

The win not only gave the Lady Bulldogs the district title but it also gave Clyde a bi-district bye and an automatic berth in the area round. The Lady Wolves, 8-11 and 0-2 in district play, will take on Breckenridge in bi-district play.

Breckenridge, a team that has beaten Colorado City in bi-district play four years in a row, and Colorado City will play their bi-district match at Clyde High School Thursday at 7 PM.

Clyde, 11-8, trailed late in both games against the Lady Wolves. "Clyde's improved," said Lady Wolves coach Felicia Sanders, "but as far as skills we beat them. They had only eight total hits in the two games and only two were kills. We ended up with 17 hits but had only 4 kills. We could've put more away but we weren't looking for the holes. We had key people that did not pull through. Our sets were the worst I've seen all year. I think the pressure got to them, pressure they put on themselves."

The Lady Wolves held leads late in both games. Amber Stephens and Denise Lowrance served for 3 and 2 points, respectively to lead Colorado City scoring in the first game.

Debbie Gardner's save preceded a Stephens set for a 2-1 Wolves lead. Dinks by Amy Chitsey and Laura Alvarez and a serve by Stephens gave the Wolves their biggest lead of the first game at 6-3.

A dink by Monica Hamilton with Chitsey serving gave the Wolves their last lead of the first game at 9-8 but Clyde scored the next 7 points to take the game including Howle's game clinching block. Unforced errors scored 15 of the 23 first-game points.

Clyde stuck to it's free ball play in the second game. The Bulldogs earned only 3 points in the second game but got 11 unforced errors from Colorado City.

The Bulldogs took a 4-1 lead in the second game but L. Alvarez

came in for three straight serves to tie it at 4-4. Clyde retook the lead but four serves by Stephens gave Colorado City a 10-9 lead. Chitsey spiked a Hamilton set for one of the points.

Two serves by Chitsey gave the Lady Wolves their last lead of the second game at 12-11. A spike by Lowrance of a Stephens set with L. Alvarez serving tied the game at 13-13 but Howle got her second block to win the match.

Leading servers for Colorado City were Stephens 7, L. Alvarez and Lowrance and Chitsey 4.

Clyde won the junior varsity contest 4-15, 15-6, 15-12 and the freshmen match 16-14, 16-14.

Middle School volleyballers end season

Colorado Middle School volleyball teams ended the 1987 season at Big Spring Monday by winning one of four matches.

The eighth grade B team defeated Big Spring 15-2, 15-7 for the Wolves lone win. Big Spring won the 8th grade A contest 7-15, 15-11, 15-8.

In seventh grade contests Big Spring took a 15-5, 15-11 win in the A match and won 6-15, 15-8, 15-9 in the B contest.

Mr. Tom Landry
 Head Coach Dallas Cowboys
 In The Cellar
 NFC Eastern Division

Dear Coach Landry,

Dear Coach Landry,

We are writing this letter because, frankly, we are very concerned about you. Now while there may be a great many reasons for us to be concerned about your future in football, we are concerned about your continued opposition to legalized pari-mutuel betting in Texas.

Tom, we have just read where you are a part of a group called 'Texans Who Care,' which is opposed to legalizing betting in Texas. Recently your group sponsored a talk by some guy named Zig Ziglar who told his audience all sorts of horror stories about bringing betting to Texas.

First of all Tom, we don't think you should be associating with anybody named 'Zig' in the first place. Secondly, this guy doesn't have a clue about what he's talking about. He is more confused than your offense.

This guy Zig talks about how racing will abuse animals, invite organized crime, loan sharking, drug abuse and wife abuse. Where does this guy get this stuff?

Now Tom, it is our guess that you have spent as much time around race tracks and racing people as we have around in your locker room. Just where do you get off taking a stand against something you know absolutely nothing about? That would be like us telling you what plays to run. (By the way you should go long more often).

You say that gambling is immoral. Geez Tom, how much money do you think is bet on football games every Sunday. If they do get pari-mutuel betting in Texas, any track would be happy to do a fraction of what is bet on the Cowboys every week.

And this stuff about abusing animals. Hey Tom, how many human knees have you watched being injected with cortisone in your life? And this junk about horse racing leading to immorality. We hate to bring this up Tom, but who's kicking field goals for you this year?

If you want to find immorality Tom, just take a walk through your locker room. You've got your old field kicker out because of child abuse, you've got your old linebacker Hollywood Henderson writing books about his drug abusing days and your old lineman, who stole \$64,000 from his mother! Now racing people may have their faults, but we don't steal from our mothers.

And as far as racing leading to wife abuse. How many wives do you think have had a Coors can bounced off their head because they walked in front of the set during a big Sunday game?

Tom, horse racing is a great game, believe us. Just ask your boss Tex Schramm. He owns a quarter horse.

We're worried about you Tom. As we write this you are 0-1 after blowing a game to the St. Louis Cardinals. I mean Tom come on, the St. Louis Cardinals?

Tom, take it from us, go back to coaching and let people who know what they're talking about decide the pari-mutuel issue in Texas. From the looks of your team, you've got a full time job right there in Dallas.

Your friends,
 The QuarterWeek Staff

CHECK PRESENTED - Chistine Cooley, second from left, presents a \$500 check from the Business and Professional Womens club to the Mitchell County Day Care Center. Accepting on behalf of the center is Ann Gregory, second from right, executive director. At right is Ida Salazar, program director of the center, and at left is B&PW member Nelda Garrett. Included in the \$500 check was part of the proceeds from the Bake-off sponsored by the B&PW during the recent county fair.

'Christmas in November' set

The Wallace Center Senior Citizens are sponsoring a "Christmas in November" bake sale and bazaar on Saturday, Nov. 14, from 8:30 a.m.-4 p.m. Door prizes will be given throughout the day.

Individuals or groups may rent tables and sell crafts, homemade items, food, other Christmas items, etc. Anything goes!

Local merchants are also invited to display Christmas merchandise during the day.

Tables are available for \$10 each for a 9X9 space. If more space is needed, items can be sold outside on the grounds. Only a limited number of tables are available. Notify Wallace as soon as possible. Deadline is noon, Nov. 13.

Articles to be donated for Wallace Center will be accepted Monday through Friday from 8 a.m.-4 p.m. Profits from the sale will benefit the Senior Citizens Nutrition Program and other activities at Wallace Center.

For more information, call the Community Education Office at 728-2392.

Births

Dwayne and Cheryl Smith of Colorado City announce the birth of a son, Nathan Eugene, born Tuesday, Oct. 27, at noon at Rolling Plains Hospital in Sweetwater.

The new arrival weighed 7 pounds, 3 1/2 ounces and was 20 inches long.

Maternal grandparents are Mr. and Mrs. James Bradbury of Colorado City. Paternal grandparents are Mr. and Mrs. Eugene Smith of Loraine. Paternal great-grandparents are Mr. and Mrs. Tom Smith of Stanton.

Members share poems

The Self Culture Club met Friday, Oct. 16, at 3 p.m. with Eddie Barclay as hostess.

The meeting was called to order by Elizabeth Elliott, first vice president. Lil Brown gave the prayer and led the pledge to the U.S. flag.

Minutes were read and approved and the treasurer's report given.

Members Dona Reed and

Elizabeth Elliott presented original poems. Mrs. Elliott read several poems from her collection, some of which were written 40 years ago. She also read an original poem of the late Mrs. C.P. Gary, a life-long member.

All members presented their favorite poem and roll call was answered with their favorite poet.

Mrs. Reed presented the federation report. Members were reminded to bring gifts to the next club meeting for the Big Spring State Hospital.

Those present were Dona Reed, Jewel Tiller, Lil Brown, Fannie Beeman, Elizabeth Elliott, Linnie Williams and hostess Eddie Barclay.

Gymnastics class to start

A new class in gymnastics will start on Saturday, Nov. 7, in the Hutchinson Elementary School physical education building with Kay Porter as certified instructor.

Classes will be held on Saturday mornings for children age three and over. Ages 3-5 will meet from 9:30-10:30 a.m.; ages 6-8 from 10:30-11:30 a.m.; and ages 8 and over from 11:30 a.m.-12:30 p.m.

The fee will be \$25 (\$10 for each additional child) for four weeks. Students must register at the Wallace Center. Basic instruction in tumbling and floor exercises will be offered. Classes will advance to other instruction later in the year. This is an excellent class for cheerleaders and future cheerleaders.

For more information, call the Community Education office at 728-2392.

Hearing Tests Set For Senior Citizens

Colorado City-Electronic hearing tests will be given at the Wallace Center on Monday, November 2 from 10 a.m. to 12 noon.

J. Wampler, certified Hearing Aid Audiologist will be available to perform the tests.

Everyone should have a hearing test at least once a year-even people now wearing a hearing aid or those who have been told nothing could be done for them. Only a hearing test can determine if you are one of the many a hearing aid can help.

The free hearing tests will be given Monday, November 2 from 10am to 12 noon at the Wallace Center. To avoid waiting, call for an appointment. Or, if you can't come in, call 728-2392 for in-home service.

MARCHERS OF THE WEEK - Ken Woods, left, and Stacie Miles were named top marching bandmen of the week by their fellow Wolf Band members at CHS. Woods, a senior, is the son of Mr. and Mrs. David Woods and plays drums. Miles, a junior, is the daughter of Mr. and Mrs. David Miles Jr. and plays the clarinet.

HELPING OUT - First grade students of Mrs. Janet Mayo at Kelley Elementary School were busy this week making table decorations for the Third Annual Soup and Salad Tasting Spree sponsored by the Wallace Center Senior Citizens. The event will be held Tuesday, Nov. 3, from 5-7 p.m. at the C.C. Thompson Room.

The constitutional amendment providing that certain justice precincts may contain more than one judge of the peace court. (La enmienda a la constitucion dispone que que ciertos precintos de justicia en un condado pueden tener mas de un juez de paz.)

The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality. (La enmienda a la constitucion autoriza a la legislatura para definir en todos sentidos las funciones gubernativas y propietarias de un municipio.)

The constitutional amendment relating to the creation, operation, and financing of jail districts. (La enmienda a la constitucion pertenciente al establecimiento, el manejo y a la administracion de rentas para los distritos de carcel.)

The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a performing arts center, college research facility, sports arena, and other public facilities. (La enmienda a la constitucion autoriza la emision de bonos de obligacion general para proporcionar fondos para proyectos relacionados a una facultad para hacer investigaciones sobre un supercentro de artes, supervenir un teatro que estara apoyado y autorizado por el gobierno de los Estados Unidos, y para hacer otras cosas que estaran apropiadas para tales proyectos.)

The constitutional amendment to provide ad valorem tax relief for certain offshore drilling equipment that is not in use. (La enmienda a la constitucion autoriza a la legislatura para disponer un abajamiento de impuestos ad valorem para cierto equipo de perforacion marina que actualmente no se esta usando.)

The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive advisory committee. (La enmienda a la constitucion permitiendo que la legislatura incluya al presidente de la camara de representantes o alguna persona nombrada por el presidente de la camara de representantes en el numero de miembros de una agencia o comite ejecutivo.)

The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected. (La enmienda a la constitucion para permitir que la legislatura limite la autoridad de un gobernador para llenar vacancias en los puestos oficiales del estado y del distrito durante el fin del plazo de oficio del gobernador si no fue elegido a otro plazo.)

The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes. (La enmienda a la constitucion para autorizar la emision de unos otros 400 millones de dolares en Bonos del Desarrollo de Agua en Texas para el abastecimiento de agua, la calidad de agua, y para proyectos perteneciendo al control de inundaciones.)

The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity. (La enmienda a la constitucion para permitir que un condado haga trabajo, sin compensacion, para alguna otra entidad gubernativa.)

The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval. (La enmienda a la constitucion autoriza a la legislatura para permitir que el Distrito de Hospital de Amarillo este al servicio de ciertos residentes del Condado de Randall, para autorizar que el Condado de Randall le ofrezca ayuda financiera al distrito, y para autorizar que ciertos distritos de hospital cambien sus limites o su jurisdiccion con la conformidad de los votantes.)

Home Economics FOCUS

by LIBBI GARNETT
County Extension Agent

This is the first of a series of weekly articles that address home economics issues. Home Economics involves family sciences such as health, nutrition, food preparation and preservation, changes in family life, child development, consumer sciences and an entire myriad of related topics. If you have questions or comments or need further information, please contact the Extension office at 728-3111.

ADULT BEHAVIOR BEGINS IN CHILDHOOD
Behavior isn't exactly like blue eyes or curly hair, but it can be passed down from generation to generation. The behaviors that your parents stressed probably became important guides in your life.
Parents should keep this in mind as their children grow. Responsibility, self-confidence, honesty and many other characteristics that you want your children to have as adults must be constantly taught, reinforced and corrected. Shaping behavior is an ongoing process.
Both mother and father should agree on the desired behaviors so that children receive a consistent message about their actions. This will eliminate some confusion and help attain the desired results.
The most difficult part about teaching children to grow into desired behaviors, is letting them do things for themselves and experience the consequences--good or bad. For example, it may be easier to help children finish the paper route or do the class project, but won't help them in the long run. See beyond children's short term problems may be difficult, but it can also be the most important time for parents to think in terms of long range behavioral goals.
Parents can help youngsters develop many valuable characteristics by teaching and reinforcing positive behaviors throughout their children's lives.
DON'T JUST TALK, COMMUNICATE
Talking is a good step toward improving family communication, but don't stop there. Talking is just one of the many ways to communicate and draw your family closer together.
Good listeners can help communicate by trying to understand the meaning behind what's being said, and provide feedback to help the speaker get in touch with what he or she is trying to convey.
Being empathetic also facilitates communication. Try imagining what someone else feels like, and it may help you better understand their situation.
Placing blame and making accusations tends to close communication lines. Explaining your own feelings instead of blaming can improve family communication. Try describing how an event or problem affected you, and help others understand what you feel and why.
Avoid easy answers and meaningless questions. You can communicate more effectively if you take the time, and say what's really on your mind. Hiding feelings behind quick answers and indirect questions can lead to misunderstanding and disagreements.
Also be aware of nonverbal communication. Watch for gestures and facial expressions which can convey a variety of emotions and subtle messages.
Effective communication take practice, and requires skills beyond simply talking. Communication can help make family relationships stronger, and help members get to know each other better. Visit your County Extension agent to find helpful brochures on communication.
