May Cause Extension Of City Limits . . .

Water Fees Outside City May Be Doubled

CITY commissioners Thursday afternoon took steps which may result in extension of the city limits into several outlying districts of Lubbock.

The move was the passage of a resolution calling for an ordinance regulating service of city water to customers residing outside the corporate limits. Under the tentative proposal studied Thursday, all water customers living outside the city limits would be required to pay double the water rate charged within the city limits.

City officials pointed out that a major portion of the revenue—for operation of the City of Lubbock are derived from profits of the water department and city tax revenues, both revenues being about equal. Therefore, it is equitable, they said, that water customers who do not pay city taxes, living outside the limits and benefitting therefrom pay their prorata share as customers living within the city limits.

At the same time the city moved to extend water lines to consumers without the city limits, on the basis of 150 lineal feet per customer served including the premises to be served. Any customer desiring water service on extensions of more than 150 lineal feet can obtain the extension by paying, in advance, all estimated costs of the necessary extension above the 150 feet, in addition to the regular tapping fee.

No water lines will be laid out or extended except in dedicated streets or alleys and only to serve property which has been properly platted, approved, and laid out into lots and blocks and the approved plat on file in the deed records of Lubbock county. All rules and regulations now in force within the city governing the distribution of water to the individual consumer will be applied alike to consumers without the city limits.

Extension of sanitary sewer lines will not be made to premises outside the city limits unless the property owner is a user of city water and then the sewer extension will be at the cost of the property owner.

Repeated Requests Made

Commissioners pointed out in the meeting that as soon as the areas served by city water outside the limits came into the city, the rate would automatically drop to the normal charge and city taxes on the property would offset the additional charge.

Action on the extra water charge came after it was revealed (Turn to Page 15, Column 8, Please)

British To Destroy Five-Year Old Bomb Buried In London

LONDON, Dec. 13 (AP)—Army engineers failed today to remove the fuse from an unexploded bomb that buried itself 40 feet deep in a south Croydon lumber yard nearly five years ago, and said its 3,000 pounds of TNT would have to be drained off.

Capt. G. F. Horsfall of Halifax, Royal Engineers bomb disposal expert, and Lt. A. Frake went down a shaft, dug in 196 days of cautions excavation, to attempt to defuse the last known unexploded enemy bomb in England.

Farm Order For Japs Assailed

TOKYO, Friday, Dec. 14 (AP)—Seven members of the House of Representatives today criticized General MacArthur's farm reform directive as based upon outdated conditions.

The seven told a small group of American correspondents that MacArthur's directive applied to rural Japan of "10 years ago and conditions no longer true today."

Farmers profited heavily during the war, said Rep. Mamoru Nagano of Hiroshima prefecture, and accumulated bank accounts averaging 5,000 yen ($333.) Nagano, an industrial manager, asserted that government figures of a 1,000 yen average debt for tenant farmers were misleading.

"Debts usually were carried on the books despite the farmers ability to liquidate them because the government farm credit organization wants to remain in business," Nagano stated.

Diet Extends Session

The legislators said they all are members of the Progresive party and indicated their opinion on the farm measure generally was shared in the House of Representatives.

The MacArthur-ordered farm bill — expropriating extensive lands and providing for its acquisition by tenents on easy, long-term payments—is in committee.

The Diet, unproductive of any major legislation in this session, is preparing for an extension of at least five days. It was to have adjourned today. The cabinet was to decide the length of the extension.

Yesterday, the House sharply assailed its own government for failure to provide for war sufferers, as instructed by General MacArthur in a directive placing responsibility for their welfare directly upon the Japanese. Representatives declared that many homeless persons were "still aimlessly wandering on the scorched earth."

SOVIET REPEATS STAND

NEW YORK, Dec. 13—The Moscow radio, on the eve of the foreign ministers conference in Russia, tonight restated the Soviet view that the occupation of Japan should be a joint Allied affair, BBC reported.

"White Christmas" Is Forecast For North

(By The Associated Press)

An east-bound snow storm with a moderate cold wave following in its wake boosted prospects last night for a "White Christmas" for a large section of the nation.

A snow blanket ranging up to four inches covered states in the upper Mississippi valley east to the Appalachians and a moderate fall was in prospect for the upper Atlantic states today.

Weathermen said a forecast of colder temperatures for the region increased prospects that the snow would remain through Christmas in states of the upper Mississippi valley and Great Lakes areas.

SNOW FALLS IN CITY

Snow, which started falling in Lubbock about 12:30 this morning, had laid a fine blanket over the city by 1:15 and was becoming heavier by the minute. Steadily dropping temperatures, which hit a high of 42 at 3 p. m., were standing at 29 degrees at midnight.

Japs Warned Germans War "Imminent"

(By The Associated Press)

WASHINGTON, Dec. 13.—Pearl Harbor investigators learned today that Tokyo sent word to Hitler Nov. 30, 1941, that "there is extreme danger that war may suddenly break out between the Anglo-Saxon nations and Japan."

The same message, which a Navy report said the Army decoded Dec. 1, also told the Japanese ambassador in Berlin to advise the German Fuehrer that "the time of the breaking out of this war may come quicker than anyone dreams."

Ready To Fight Soviet

Hitler was to be informed, too, that "if Russia joins hands tighter with England and the United States and resists us with hostilities we are ready to turn upon her with all our might."

The message was contained in a two-volume Navy statement, given the joint Congressional committee, of the evidence gathered by the Navy in its Pearl Harbor investigations.

It was introduced after Gen. George C. Marshall concluded seven days of testimony by agreeing that he could have telephoned some form of warning to Hawaii Dec. 7, 1941, without endangering code-cracking secrets.

Soldier's Letter Introduced

Rep. Gearhart (R-Calif) told the committee that he had a letter from a soldier who went through the Pearl Harbor attack saying that Hickman Air field in Hawaii was under a "full out air aleft" from Dec. 1 to Dec. 6, 1941. Gearhart asked that committee counsel try to determine whether it was true that a week's alert was called off just the day before the Japanese attack.

Later Gearhart told reporters the soldier who wrote the letter was Stephen L. Carmalt of Bellevue, Pittsburg, Pa.

Senator Ferguson (R-Mich) read into the record an Associated Press dispatch from Honolulu (Turn to Page 15, Column 7, Please)

France, Britain Agree On Policy

LONDON, Dec. 13 (AP)—France and Britain agreed today to withdraw their troops from troubled Syria and Lebanon, and to align closely their future policy in the Middle East.

Syrian forces, demanding complete independence from France, fought bloody clashes with the French seven months ago, and British troops intervened to restore order, leading to friction between the French and British governments.

Meeting Is Set

Foreign Secretary Ernest Bevin, announcing the agreement in Commons, said French and British military experts would meet at Beyrouth Dec. 21 "to fix very early the first measures of evacuation."

In Paris, a foreign office spokesman said the accord eliminated "the last vestiges" of the French mandate over Syria and Lebanon, adding that France had considered her mandate ended when the two Levant countries were admitted to the United Nations."

Terms Not Announced

While the full terms of the accord were not disclosed either in London or Paris, the French spokesman said that the political portion embraced an agreement by France not to take any decision in the Middle East prejudicial to Britain, and vice versa.

Bevin told Commons that Britain and France were "equally desirous of assuring to Syria and Lebanon the full exercise of the independence proclaimed by France in 1942."

Copies of the agreement were given to both the U. S. and Russian ambassadors in Paris.

RED LIGHTS OUT

PARIS, Dec. 13 (AP)—The Paris municipal council today unanimously passed an ordinance closing all houses of prostitution. The ordinance declared the houses collaborated with the Germans during the Nazi occupation. Persons close to the council said this marked the first time in French history such a law had been passed.

Texas Among States Showing Sharp Boost

Flu Cases Increase

WASHINGTON, Dec. 13.—The sharpest weekly rise in influenza cases since the epidemic of 1943 was reported today by United States Public Health service officials, but they said 94 percent of the cases were reported from 11 states.

They also said that reports so far indicate the 'flu is a "mild" type.

A total of 49,694 new cases was reported for the week ended Dec. 8, compared with 13,220 for the preceding week. In a single week during the 1943-1944 epidemic, totals rose from 23,746 to 82,951.

No Nationwide Epidemic

Officials said the figures for the week ended Dec. 8 were the highest for that period since 1929 when the health service began keeping records but that this fact was not as significant as week-to-week comparisons.

They declared the current outbreak could not be termed a nationwide epidemic, and that only in Kentucky. Where the number of cases rose from 14 to 15,358 in a single week, could the outbreak be classified as "definitely epidemic." They added that even in that state, doctors might now be reporting as influenza ailments which they previously had classified as "heavy colds."

Figures Are Given

Total number of cases reported for the nation so far this year is 160,734, compared with 358,761 for a comparable period in 1944.

But officials pointed out that many of the 1944 cases were "carry-overs" for 1943 and that (Turn to Page 15, Column 5, Please)

Outlook Darkens For Labor Peace As New Strike Voted

Jap Testifies In Cruiser Captain's Trial

Jap Sub Chief Tells Of Sinking Warship

By POPE HALEY
Associated Press Staff Writer

WASHINGTON, Dec. 13—Over defense protests, a former Japanese submarine commander was admitted as a prosecution witness before a Navy court martial today to tell how he sank a large warship which he said was making no radical change of its course.

Iko Hashimoto, short, squat and bullet-headed, told the court trying Capt. Charles B. McVay, 3rd, that he fired six torpedoes and scored three certain hits on a large warship between Guam and Leyte after trailing her for 27 minutes the night of July 29-30.

Protest Is Lodged

McVay, skipper of the U. S. cruiser Indianapolis, is being tried on charges of negligence and inefficiency in connection with the loss of the ship in that area that night. The negligence charge is based on the allegation that he failed to maintain a zig-zag course.

"I wish to make formal objection," Capt. John P. Cady, chief defense counsel, told the court, "to the idea of calling one of the officers of a defeated enemy who as a nation has been proven guilty of every despicable treachery, of the most infamous cruelties, and barbarous practices in violating of all laws of civilized warfare, to testify against one of our own commanding officers on a matter affecting his professional judgment.

"I am sure I express the feeling of every American citizen, especially those who so recently fought against the Japanese, in (Turn to Page 15, Column 6, Please)

Administration Turning To Restored, Tightened Curbs

By STERLING F. GREEN
Associated Press Staff Writer

WASHINGTON, Dec. 13—Putting the brakes to its post-victory policy of quick "decontrol," the administration has swung toward restored or tightened curbs on business and labor.

Reconversion, four months old tomorrow, is viewed in the government as a lusty problem child now in danger of bursting its inflationary buttons.

Coupled with this fear is the conviction, announced by President Truman, that industrial strife could smash the rapid return to peacetime production if it is not checked. He has asked Congress to check it.

Industry Ready To Run

Physically, civilian industry is set up and ready to run, with war's debris largely cleared away and assembly lines mounted. Employment is far above expectations and buying is heavy.

But, officials now expect to see only 200,000 new automobiles made this year instead of the hoped-for 500,000. The dominant unit in that key industry, General Motors, is bogged in a strike that may engulf the other big motor makers.

Steel Walkout Is Threat

The CIO steel strike set for Jan. 14 is an even greater menace to reconversion, since steel is the basic material of manufacturing.

The Steelworkers' dispute also best illustrates the government's quandary: Labor demands higher wage rates, U. S. Steel says it can give they only if its prices are raised, OPA says higher price mean inflation—a three-way deadlock.

Meanwhile the slowness of new appliances and clothing to reach the market gives production officials the jitters, the heavy consumer demands for goods gives OPA a case of inflation nerves, the housing shortage irritates everybody.

More Controls Planned

So the fourth month of peace brought at least four movements—in the direction of tighter controls—to offset the contending pressures.

All the moves represent a divergence from President Truman's basic reconversion idea, that the government's best method of restoring a normal national life is to drop controls as soon as possible. The moves:

1. White House crackdown on labor-industry strife; Mr. Truman requested that Congress pro- (Turn to Page 15, Column 6, Please)

Goal Of $1,500 Is Topped By $160.08

PACED by a $151.33 donation, via the hat-passing route by members of the Kiwanis club at the conclusion of their regular weekly luncheon session, generous Lubbock Thursday afternoon "kicked the ceiling plumb off" and the Eleventh Annual Goodfellows Christmas fund now stands at $1,660.08—topping the $1,500 goal by $160.08.

Thus for the eleventh consecutive year—and in less than a week's time — Lubbock has poured in more Goodfellow money than asked for, and once again the less fortunate of the city's youngsters are assured a Merry Christmas.

"We ain't mad at nobody," chortled Chief Goodfellow, anonymous leader of the campaign, last night. "We'll be glad to have more donations—in fact we seek them. Because the more we get the more we'll spend and the better will be the gifts we'll pass out on Christmas day to every needy Lubbock boy and girl of 14 years of age, or younger, residing within the corporate limits of Lubbock."

Thus those who still wish to contribute (and each year there are many who for one reason or another make late gifts) may bring or mail their cash—anything from 25 cents upward—to Chief Goodfellow, c/o The Avalanche-Journal, 1211-13 Texas avenue.

Bad Weather Delays Byrnes' Moscow Trip

MOSCOW, Dec. 13. (AP) — Bad weather delayed Secretary of State Byrnes, expected here today, and he may not reach this snowbound capital for the Big Three foreign secretaries' conference until the week-end, a U. S. embassy spokesman said today.

(Byrnes' plane made a two hour stop-over at Orly airfield in Paris today to re-fuel.

(In London it was announced that Foreign Secretary Ernest Bevin expects to leave by air tomorrow for Moscow, and en route may stop in Berlin to consult with members of the Allied control council.)

CIO Electric Walkout Set

(By The Associated Press)

NEW YORK, Dec. 13—A National Labor Relations board tabulation tonight showed the CIO United Electrical, Radio and Machine workers had voted about five-to-one to strike after Jan. 1 in plants of General Electric, Westinghouse and General Motors.

The NLRB report said 68,694 workers in 56 cities voted to leave their jobs in an effort to gain a $2-a-day boost; 14,730 balloted against.

Vote Is Given

Union officials agreed with the NLRB ratio and said the union count showed 86,229 votes for a strike and 17,225 against. A union spokesman estimated the vote as being 66 per cent of the total cast. Earlier, the union predicted a 200,000 vote.

A breakdown of the NLRB results showed 42,687 General Electric workers in 29 cities favored a strike with 7,355 against; 25,220 employes in Westinghouse factories in 25 cities for, and 7,343 against, and in two General Motors plants, 787 for and 32 against.

Third Plant Affected

The union reported that a third General Motors plant at Dayton, Ohio, had voted 4,417 to 354 for a strike. NLRB figures were not available.

There were 128,121 eligible voters in its count, the NLRB said. All did not vote.

The vote which was not expected to be completed until late tonight, will determine whether the GE, third largest CIO union, would join two other major CIO affiliates—the United Steelworkers and the United Automobile Workers—in taking strike action.

House Split Over Jobless Program

WASHINGTON, Dec. 13. (AP)—The House split into three major factions today over what role the government should take in maintaining employment in the nation.

Party lines broke as members debated sharply a measure laying down a federal policy for avoiding a scarcity of jobs. A vote is not expected until late Friday.

Plans Set Forth

The groups were:

1. Members supporting the pending bill offered by the Expenditures committee. It would commit the government to maintain "a high level of employment, production and purchasing power."

2. Those urging adoption of a substitute calling for a federal action to help assume "full employment."

3. Those opposing both versions. Some of these are against any such legislation. Others expressed fear that any measure approved by the House would be rewritten later by Senate-House conferees to meet administration desires.

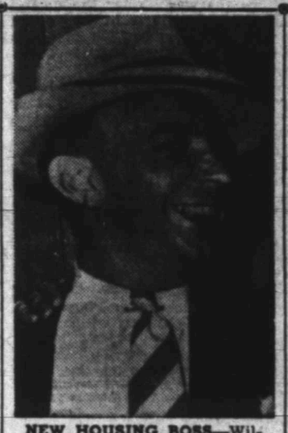

Compromise Is Indicated

Even some legislators who are frequent administration backers split over the legislation.

Chairman Sabath (D-Ill) of the Rules committee declared he wanted a "full employment" bill, but added "we can't have our way at all times, so we must yield to this compromise." He referred to the pending "high employment" bill.

Rep. Outland (D-Calif) asserted, however, that "those of us sponsoring the original full employment bill are going to continue to fight for it so we can give President Truman what he wants."

Mr. Truman has asked repeatedly for "full employment" legis- (Turn to Page 11, Column 8, Please)

NEW HOUSING BOSS—Wilson Wyatt, former mayor of Louisville, Ky., who was appointed Housing Expediter by President Truman is shown above. Announcement of the overall government housing boss was made at the same time the President announced that the government would place price ceilings on old and new dwellings and would reinstate priorities on building materials. Nazi Horrors Are Revealed

By WES GALLAGHER
Associated Press Staff Writer

NUERNBERG, Dec. 13—A shrunken human head and lamp shades made of human skin were submitted as evidence at the war crimes trial today. Sickened Nazi leaders slumped sullenly in the dock as the American prosecution unfolded the grim tale of concentration camp horrors.

Jew-baiter Julius Streicher, singled out by the prosecution for the first time today, was the only one of the 21 top Nazis able to view the exhibits for any length of time. He leaned forward and inspected them with considerable interest.

Women Shown Boston

In addition to the shrunken head and lamp shades, the latter made at the Buchenwald camp to satisfy the whim of the wife of one of the guards, the court was shown a captured roll of German movie film taken in a ghetto somewhere in Europe.

The film showed women being stripped naked and chased through the streets while S. S. (Elite Guard) troops and German soldiers stood by enjoying the scene. The film recorded floggings and in one instance showed a civilian dragging a woman by her hair.

Was Head Of Pole

The preserved head, reduced to the size of a baseball, was that of a Pole who had been caught fraternizing with a German girl. The lamp shades were made from skin of prisoners at Buchenwald who were selected because they had the best tattoo work on them, then killed by injections, affidavits by former inmates at the Buchenwald camp said.

The prosecution also introduced statements of the defendants showing their intention of doing away with the Jews of Europe.

Wanted To Kill Jews

Dr. Alfred Rosenberg, chief exponent of Nazi race ideology, was quoted as urging Hitler in 1941: "Instead of executing a hundred Frenchmen, let us execute a hundred Jewish bankers."

Hermann Goering was quoted exclaiming after the slaying of Ernst Vom Rath, a German embassy staff member, in Paris in 1938: "These pigs will not commit another murder—I would not like (Turn to Page 11, Column 6, Please)

GM Head Asks Court Action

(By The Associated Press)

DETROIT, Dec. 13—A prediction that the General Motors corporation strike may last "at least six weeks longer" was made today by Harry W. Anderson, GM vice president, as the company sought two court injunctions to halt "illegal picketing" of GM plants.

The suits, filed in Cleveland and Chicago, drew an immediate reply from Walter Reuther, vice president of the United Auto Workers (CIO), who declared, "they can issue all the injunctions in the world, but the judge isn't going in and make autos."

Won't Change Offer

Anderson also disclosed that the company does not contemplate any increase in the 13½ cent an hour wage increase which it recently offered its 175,000 workers who struck for a general 30 per cent wage rate increase.

The court actions heightened the dispute between GM and the UAW on the question of picket at GM plants in more than 70 cities throughout the nation.

The company, in a statement issued here announcing the filing of the suits, charged union pickets had "caused bodily harm" to nonstriking employes trying to enter the electro-motive plants at La Grange, Ill. on Wednesday.

It charged the strikers "engaged in mas picketing, placed obstructions across plant entrances, inflicted bodily harm on employes, carried and brandished bats, spiked clubs and similar weapons and hurled rocks at employes."

Anderson, at the conclusion of another negotiating session between GM and the UAW today, told newsmen that the company "has further injunction suits pending now," but declined to elaborate on the statement.

Hopes To Attend Session

The GM official, reporting on the negotiating session, said "Reuther blamed the corporation for terminating the union contract" which was due to run until April, 1946. The company took this step Monday.

Anderson announced he "hopes to be present" in Washington Dec. 19 when the President's newly-appointed fact-finding committee begins its study of the entire GM strike situation.

He declared GM would give the board "any data that is pertinent," but parried reporters queries as to whether GM would open its books to the presidential board.

Reuther, at a press conference (Turn to Page 11, Column 7, Please)

Several Injuries In Train Crash

GALLUP, N. M., Dec. 13 (AP) — Four persons were seriously injured and a number of others suffered lesser hurts early today when the Santa Fe's Grand Canyon limited ploughed into the rear of a troop train near Cheto, Ariz., 45 miles west of Gallup.

Chilled after nine hours' exposure in four-below-zero weather, the injured were brought here this afternoon along with 810 military personnel off the troop train.

Collide In Dense Fog

Passengers aboard the eastbound limited were brought to Gallup and then continued eastward via Clovis and Amarillo, Tex., the troop train was routed east via Albuquerque and La Junta, Colo.

Railway officials said the limited, feeling its way slowly through dense fog, smashed into the rear coach of the troop train at 2:15 a. m. (MST). Both trains had been routed over track normally carrying westbound track, they said, to by pass a freight train derailed by a broken journal the previous afternoon.

Among those hospitalized were Amn 2/C Leslie M. Stewart, 21, Snyder, Tex.; Seaman 1/C James E. Day, 36, of Abilene, Tex.

RETIRING MANAGER PRESENTED WATCH—Marlin R. Smith, above left, retiring city manager of Lubbock, was surprised by fellow city employes in a City commission meeting Thursday afternoon and presented a fine wrist watch as their expression of his more than 20 years' service for the City of Lubbock. Hubert Crawford, making the presentation, right, is the oldest city employe from standpoint of continuous service. Chief engineer at the municipal light plant, he has been a city employe 26 years. More than 100 city employes, several of whom are in the background, interrupted the commission meeting to make the presentation. Smith will be succeeded by Homer A. Hunter, present assistant City Manager at Dallas, on Jan. 1. (Staff Photo).

World Awaits Moscow Meeting With Hopes For New Agreements

By LOUIS F. KEEMLE
United Press Staff Writer

As Secretary of State James F. Byrnes wings his way to Moscow, the world is wondering what results will come of the meeting of the Big Three foreign ministers which he proposed.

Pessimists look for another deadlock, like the one which stymied the meeting of the Big Five ministers in London last September. Informed opinion in London and Washington, however, tends to the belief that this time the log jam will be broken. The theory is that no progress can be made toward an international organization until the United States, Russia and Great Britain have ironed out several important differences.

Must Solve Problems

It is felt that another meeting of the Big Five, to include France and China, would be a waste of time unless the other three agree first on at least general procedure governing the writing of the peace. Finally, it has been pointed out, the United Nations organization would be unable to go ahead on any sound basis at its projected first meeting in January if the leading members of the security council are at loggerheads.

The major questions to be threshed out at Moscow obviously are agreement on how to frame the peace treaties and how to take the first step toward international control of atomic energy. No final decision can be expected on either, especially regarding the atomic bomb.

Progress can be made, however. Foreign Secretary Ernest Bevin told Parliament last night that the Moscow talks are to be "exploratory." If the three nations can assure the world after the meeting that they are in broad agreement just on questions of procedure, the atmosphere will be easier.

That is the most expected by any realistic diplomats in the world capitals. France, for instance, professes to believe that no secret agreements will be reached in Moscow which will jeopardize her interests. Foreign Minister Georges Bidault told members of the constituent assembly that France had received assurances that no decisions would be made affecting France. Bevin said essentially the same thing in the House of Commons.

May Talk Peace Plans

The main obstacle which may be cleared up in Moscow is the opposing viewpoints on writing the European peace treaties. Secretary Byrnes apparently wants a general conference attended by all nations which played a substantial military part in the war against the Axis.

Russia insisted at the London conference that only the nations which actually won the war—specifically, the Big Three—should dictate the peace. Presumably Byrnes has new arguments to present, since he scarcely can be going to Moscow with the expectation of coming away empty-handed.

Aside from the two chief topics of the atom and the peace treaties, there are many other subjects which might be touched on at the Moscow conference.

They include a central government for Germany (which is a touchy point with France); recognition by the western Allies of the new Bulgarian and Romanian governments, favored by Russia but not by Britain and the United States; the re-settlement of Jews and displaced persons in Europe, including the Palestine issue; the Allied attitude toward revolt-torn Iran; policy in the Far East and possible joint control of occupied Japan, and trusteeship over former enemy mandates of possessions.

WAITING—Plagued by telephone calls demanding ransom money, Mrs. James Carlan is pictured in her Chelsea, Mass., home awaiting word of her baby son, Ronald, missing since Nov. 28 and believed kidnaped.

New Mexico Prison Laws To Be Probed

SANTA FE, N. M., Dec. 13. (U.P.) Chairman John F. Simms of the New Mexico state prison board said today the board will recommend to the legislature that laws tentiary code is based on laws of 1885, "and we feel that the code should be modernized and brought together."

Simms said that Warden Howell Gage had erred in permitting a convict from Luna county to be paroled in Santa Fe county, and have paroled a prisoner to a penitentiary employee to work on the warden's ranch.

Simms added that the board will correct abuse of the state parole system which allows a convict to be paroled to a prison employee, but that such practices are not in violation of laws now existing.

News Briefs

Chaplain E. A. Burgess, of the U. S. Army West Texas district recruiting headquarters here, will speak at the First Nazarene church, Fourteenth and Avenue Q, at 7:30 o'clock Sunday night, it has been announced.

Daulphis L. Watson of Maple and Oscar Lee Johnson of route 1, Slaton, volunteered for service in the regular Army at the local recruiting station, second floor of the postoffice building. Both chose the Army Air Forces for their service. Johnson will study mechanics and Watson will go to the Caribbean theater for training.

If you've volunteered time outside your home, carry necessary equipment in a trim bag with a long adjustable strap. You'll look neat and feminine and have hands free.

RADAR FOR CIVILIANS

WASHINGTON, Dec. 13 (AP) — The Federal communications commission today issued its first permit for civilian use of radar. Special temporary authority was granted to the Raytheon Manufacturing Co. for a mobile experimental glass tube radio station to be operated aboard the S. S. Kalakala off Pudget Sound, Wash.

Chiang Kai-Shek In Momentous Conferences In City Of Peiping

By SPENCER MOOSA
Associated Press Staff Writer

CHUNGKING, Dec. 13—Generalissimo Chiang Kai-Shek, who made a surprise flying visit to Peiping, was believed engaged today in momentous conferences dealing with the imminent return of Manchuria and its wealth of resources to China.

Chiang slipped quietly out of Chungking Tuesday for his first visit to Peiping in 10 years—a decade in which he rallied his sadly-outgunned countrymen to resist the march of Japanese armies.

To Talk Over Plans

Chinese reports said the generalissimo's elder son, Chiang Chungkuo, special commissioner for foreign affairs in Manchuria, would fly in from the Manchurian capital of Changchun to give him a first-hand account of conditions in the territory.

Associated Press Correspondent Olen Clements reported observers in Tientsin also were optimistic that Chiang's visit might mean bloody civil strife could be averted.

Chinese Troops Landed

While the Generalissimo conferred with his advisors in the ancient city, Peiping's air fields thundered with the traffic of planes flying his Fifth Airborne division to Changchun.

Other Central government troops were in Mukden, largest city in Manchuria and its most industrialized, and were last reported to have pushed 40 miles to the north unchallenged by rival Chinese Communists.

Observers in Tientsin declared all eastern Manchuria would be in the hands of Central government forces within a few weeks and that they would reach Harbin, northern railway city, by Christmas.

PAULEY BACK IN U. S.

BURBANK, Calif., Dec. 13 (AP)—Edwin Pauley, personal representative of President Truman on the Allied reparations commission, landed here today on a flight from Honolulu to Washington. He is returning from visits to the Orient in connection with his official duties.

Education Meeting Is Set In Austin

AUSTIN, Dec. 13. (U.P.) — Delegates from five states are attending a three-day regional conference on education of Spanish-speaking people opening today at the University of Texas.

Dr. George I. Sanchez, university professor of Latin-American education and in charge of the conference, today said delegates were attending from Texas, California, Arizona, Colorado and New Mexico. It is the first meeting of this sort in the Southwest.

Carey McWilliams, Los Angeles, Calif., lawyer, author and sociologist, will address a banquet of delegates Saturday.

Texas delegates will include: Rev. John L. Birch, San Antonio; Robert C. Eckhardt, office of inter - American affairs, Austin; Pres. J. G. Flowers of Southwest Texas State Teachers college, San Marcos; Pres E. N. Jones of Texas A. & I. college, Kingsville; Pres. J. O. Loftin of San Antonio Junior college, and Pres. John L. McMahon of Our Lady of the Lake College, San Antonio.

New Mexico delegates include: Dr. A. L. Campa, University of New Mexico, Albuquerque; Pres. Edward Eyring of New Mexico Highland university, Las Vegas; Miss Carmen Espinosa, State Department of Education, Santa Fe; Dr. Joaquin Ortega, University of New Mexico, and Mrs. Mary Watson of the State Education department.

Food Problem Said Grave For Germany

NEW YORK, Dec. 13 (AP)—Bishop G. Bromley Oxnam, head of a three-man church delegation just returned from Germany, said today the country's food problem was great, but that he did not believe there would be any mass starvation in the American and British zones of occupation.

"That does not mean that life is going to be soft," he told a news conference. "It's going to be terribly hard."

Bishop Oxnam did not comment on general conditions in the Russian zone, but did say those in the French zone were not as good as in the British and American areas.

Next to food, the greatest need in the American zone is clothing, the Bishop said.

INCREASED FOOD RATIONS APPROVED FOR BERLIN

BERLIN, Dec. 12 (AP)—One-third of Berlin's civilian population will receive increased food rations this winter because of the fuel shortage.

The Allied control authority's coordinating committee today authorized an increase in the rations of the city's lowest civilian category from 1,248 to 1,500 calories daily.

The category includes 1,000,000 persons, mostly housewives and other adults not employed in outside work.

"Buy A Victory Bond TODAY."

Hurley Says Protest Helped Clarify U. S. Policy Over China

WASHINGTON, Dec. 13. (U.P.)—Maj. Gen. Patrick J. Hurley, former U. S. ambasador to China, said today that the controversy over his charges against some ready had shown "beneficial results" in China.

He added, however, that the State department had refused to reward certain State documents regarding China and make them public. This, he said, would have enabled the people "to formulate intelligent opinions concerning our foreign policy."

Hurley charged that some state department career men had sabotaged his efforts in China. The charges were dismissed, in effect, when the Senate Foreign Relations committee decided not to investigate further after several days of hectic and sometimes angry hearings.

The former ambassador said, however, that his charges had resulted in a statement of U. S. policy in China.

Hurley apparently referred to a statement by Secretary of State James F. Byrnes that this country's policy toward China remained unchanged.

PROTECT YOURSELF
against that "dragged out" tired feeling this winter!

Working indoors most of the time? Then, you're more subject to simple anemia—to colds—to that worn-out, exhausted feeling which may be a warning of something more serious.

The best way is to insure against loss of health . . like you insure against loss of precious jewels, your home, or any other thing of value.

To insure against loss of your precious strength and energy, consider Vitawine. Taken as directed it will supply your body with 6 times the minimum adult daily requirement of Vitamin B1 (frequently called the "energy" vitamin) and 11 times the requirement of iron (the most important red-blood building mineral).

Yes . . palatable, liquid Vitawine can aid nature in rebuilding and maintaining your pep, strength and energy, provided you have no organic complication or focal infection. Just ask your doctor or druggist. Then try Vitawine for 10 days.

TO END LECTURES

CHARLES A. WELLS will conclude a series of illustrated lectures tonight at 7:30 o'clock at First Baptist church. His subject will be "Christ or World War III?"

When Mr. Wells was here four years ago for a lecture series given under auspices of the Lubbock Ministerial association, the church was packed each night. That has not been the case this year, due to the epidemic of flu that has swept the city, the extreme cold weather, the approach of Christmas and other factors. However, the slender, dynamic newsman and cartoonist is not particularly dismayed that the church not been crowded. Perhaps he recalls that the greatest teacher of them all spent much of His time in talking with twelve men who spread His gospel. You don't always do your best work in addressing crowds.

Though skillful drawing and interesting information, Mr. Wells has brought a modern presentation of the need of Christ's teachings in today' world. Simply and earnestly, he has set out, with many experiences drawn from his own life as a globe-trotter, that the new world, free from persecutions, pride, fear and hate is possible if we begin by fighting persecutions, pride, fear and hate in our own hearts.

NURSES MEMORIAL

HEROIC groups of World War II nurses and medical women will be honored by special plaques in the proposed Nurses National Memorial to be erected in Washington.

The "Angels of Bataan" who stared at death unflinchingly on Corregidor, and the nurses who braved suffering and privation in Italy, China, France, Germany, India and other war sectors will not be forgotten when the much needed social center and rest home is built.

Of those American girls who fought on Bataan and later on Corregidor, General Jonathan M. Wainwright said, "Their names must always be hallowed when we speak of American heroes."

It's gratifying to learn that these women who served so well and who are continuing to nurse our sick and wounded men should be rewarded by a center where they can rest and recuperate.

"PEACE ON EARTH"—A soldier in Alsace last year wrote his wife: "By the time you get this letter Christma may seem dated, but to me it is still fresh and memorable as one of the most exciting Christmases of my life. Your letter came that day and it was prophetic as any Wise Man —"I hope you heard voices, wonderful voices. That is my Christmas wish for you." And I did hear wonderful voices.

"The moon was a little better than half, the earth was cold, the snow resilient. The church reached high above the crumbling homes of the village, and the moon made the steeple wounds stand out impresively. My boots clumped a little and my helmet felt awkward under by left arm when I walked into that cold church. It's roof was nearly gone, three sides remained. But there they were, little French kids who in better years might have worn starched ponchos, now wrapped in any, perhaps every, covering available.

"I knew I was not part of their Latin chant, and the old prayers were not my faith. But when the kids sang the carols and Fideles rang out so clearly, I did not ask for whom the bell tolled. I chanted my own Fideles."

• • •

NEW CALENDAR

YOU'LL be hearing a lot of talk about throwing away the old calendar from now on, but don't dismiss it as the routine discarding of the 1945 one. It likely will be a discussion of the new World Calendar over the Gregorian, now in use.

The World Calendar association has in mind a streamlined year, divided into quarters, so that the first month of each quarter has 31 days, followed by months of 30 days each. One feature is the proposed "world holiday" to come yearly between the last day of December and the first of January.

G. C. Victory Family At Home In Lubbock

Mr. and Mrs. G. C. Victory and children, Whitney and Sara, who moved here from Amarillo recently are at home at 3023 Twenty-second. They attended the Court of Honor in Amarillo Thursday night at which Whitney, of Troop 12, was made an Eagle Scout.

TO ARRIVE TODAY

Mr. and Mrs. A. J. Malouf of 2319 Thirteenth are expecting their daughter, Miss LaRue Malouf, to arrive here today. She is flynig from Columbia, Mo., where she attends Stephens college. Miss Malouf is studying music at the Columbia conservatory in New York also.

Treat the Kids to the Best DINNER at the Hilton HOTEL

B&PW Club, Guests Present At Dinner

Lubbock Business and Professional Women's club members and guests were present at a Christmas dinner given at Hilton hotel Wednesday night, Mrs. Mabel Chapman and members of the membership committee were in charge.

On program were Mrs. Allie M. Dyer who asked the invocation; Mrs. Lillian Johnson, Christmas reading; Mrs. George Alford, Christmas solo; and a quartet composed of Mrs. George Sessums, Mrs. Elois Elliott, Sam Leifeste and Truman Hutson, accompanied by Miss Nell Verna LeMond.

Guests were Misses Margaret Huff, Beulah Fay McClure, Catherine Sparks, and Mesdames Clay Thompson, Catherine Skeen, Sue Valiant, W. P. Garvin and L. W. George. Approximately 40 members were present. Gifts were exchanged.

Sorority To Be Instituted Here

Sunday afternoon, Nu Phi Mu sorority, a junior affiliate of Beta Sigma Phi, international nonacademic social and cultural sorority, will be instituted and officers will be installed at a meeting at Hotel Lubbock. Alpha Delta and Zeta Delta are active local chapters of the sorority.

Miss Marjorie Blatnik, international representative for the new group, is in Lubbock to complete organization details.

Beta Sigma Phi is one of the largest organizations of its kind in the world, with a membership of 50,000 and with chapters in 48 states, Washington, D. C., in Canadian provinces, Alaska, Hawaii and Mexico. Nu Phi Mu, the junior group, has an international membership of 7500. The programs include hobbies, social activities, service work, cultural development and development of charm and poise.

Program Presented For McWhorter PTA

McWhorter school chorus, directed by Miss Imogene Webster, offered the Nativity of Christ in song for the school Parent-Teacher association Thursday afternoon. The same program will be given Dec. 18 at 1:45 p. m. over KFYO. Mrs. C. H. Burton was in charge of the meeting.

Delegates to the state P.-T. A. convention in San Antonio gave a skit on the return trip from the convention which included highlights of the meeting.

Rev. R. A. Partlow discussed the question, "What Will We Substitute for War?"

Forty-eight were present.

The McWhorter faculty attended a dinner Wednesday night at the Chricken House and Mrs. Reuby Rhodes, principal, presented each guest a corsage of holly.

Gifts served as place cards. Those attending were Misses Imogene Webster, Nellie Wingren, Louise LeMond, Mary Jane Turentine, Noma Eakin, Ruth Cox, and Mesdames Roy Veatch, A. E. Quest, jr., Lennon Hill, Gene Russell and Berlin Vance.

Marionette Show Presented For PTA

A marionette show telling the Story of the Christ Child was presented for Junior High Parent-Teacher association Thursday afternoon by members of the school's Bible class which is taught by Miss Virginia McLean. Laura Jean Barrier was reader for the presentation.

Scenes for the story were made by the Junior High art department.

The school's glee club, directed by Mrs. Elois Elliott, sang Christmas carols and a skit on the State P.-T. A. convention held in San Antonio in November was given by the following delegates:

Mesdames Charles Files, M. C. Butler, Watson Wilson, Acie Cope, C. Alvin White, Ralph Bedford, Russell Hardin and Roy Hall.

Sixty-five were present.

Traditional Christmas Party For Ko Sharis

Pledges, members and sponsors, Mrs. W. C. Holden and Miss Dorothy Rylander, of Ko Shari social club were guests at a traditional Christmas party given by the club patronesses Wednesday night at Seaman hall.

The club will attend a Christmas party Sunday night at Mrs. Holden's home. Toys will be brought for donations to the Goodfellows.

"Buy A Victory Bond TODAY."

Week's Activities Center Around Church Christmas Parties For Young People

Christmas activities for church groups are underway and will continue for several days.

Tonight at 7 o'clock Tuxis class members of First Presbyterian church will entertain their families at Fellowship hall. Christmas carols will be sung.

Honoring returned service men who are affiliated with the First Presbyterian church, Men-of-the-Church gave a chicken spaghetti supper at Fellowship hall Wednesday night with 75 present, including 30 ex-servicemen.

Rev. H. G. Gantz, pastor of the First Christian church, spoke on "The Church And Its Place In the Present Crisis," in which he gave the relation of the veteran to the church.

In the absence of the host pastor, Dr. Jack M. Lewis, who was ill, Rev. R. A. Partlow, associate pastor, introduced the guests and their hosts.

Larry Dorsett played piano selections.

Invocation was asked by Chaplain Charles Patton and Dr. C. J. Wagner gave the benediction.

For College Youth

College young people of Broadway Church of Christ, sponsored by Dr. J. B. McCorkle, will be honored tonight at 7:30 o'clock at a Christmas dinner and program held in the annex. H. A. Mahle, jr., acted as master of ceremonies Sixty-five are expected to attend.

When the Junior High group of the Church of Christ had a party in the home of Mr. and Mrs. Cecil Huff, 2020-A Fifteenth, Thursday night, gifts were exchanged and seasonal games were played.

Raymond C. Kelcy, pastor of the Pioneer Park Church of Christ spoke on "Redeeming the Time" at the annual Christmas dinner of the Business and Professional Girl's class of Broadway Church of Christ Thursday night in the Navajo room of Hilton Hotel. Miss Peggy Bobo gave a Christmas reading and piano numbers were offered by Mrs. James Vickers.

Primary department of the First Methodist church will meet in the Primary assembly room tonight at 7:30 o'clock for a showing of Bible scenes and singing of carols. Children will kneel at a white altar and leave offerings for the Methodist orphanage in Waco.

First Methodist Junior department will meet at 7 o'clock today in Fellowship hall for a banquet at which parents will be guests. Beginner department will have a party at 7 o'clock tonight at the church.

Rev. Winslow Is Speaker For Club

Mesdames Rudolph Peel and Wayne Martin were co-hostesses at a Christmas party for Progressive Child's Study club Thursday afternoon in the Peel home at 1810 Twenty-fifth. Rev. John A. Winslow, rector of St. Paul's Episcopal church, read a story of Christmas Time by Daphne DeMaurier.

Gifts were exchanged and refreshments were served to the following: Mesdames Carr Austin, Herman Bruckner, M. F. Cowan, Arch Harper, Pete Bynum, Melvin Havis, Floyd Honey, Ewald Lamprecht, Jack Markham, Paul Marshall, Hall McCrummen, Raymond Painter, June Roberts, Don Robertson, Gordon Sanders, Cloyes Tune, Richard Walter, John Portwood and Ralph Robinson.

In Massachusetts in 1675 one man in every 16 of military age was killed in King Philip's War.

Reorganization Power Is Given President

WASHINGTON, Dec. 13 (AP)—President Truman got power to reorganize government agencies today nearly seven months after he wrote Congress the authority was needed "without delay."

The Senate voted down, 49 to 23, emphatic demands by Senators Vandenberg (R-Mich) and La Follette (Prog-Wis) that the compromise legislation be sent back to the House. Then it sent the measure to the White House.

Home-Mixed Cough Syrup Gives Quick Relief

Saves You Big Dollars. And It's So Easy! No Cooking.

Here's an old home mixture your parents probably used. But, once tried, you'll always use it, because it gives such quick, pleasing relief for coughs due to colds.

And it's so easily mixed. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed. Or you can use corn syrup or liquid honey, if desired.

Now put 2½ ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This makes a full pint of truly splendid cough medicine, and gives you about four times as much for your money. It keeps perfectly, tastes fine, and lasts a long time.

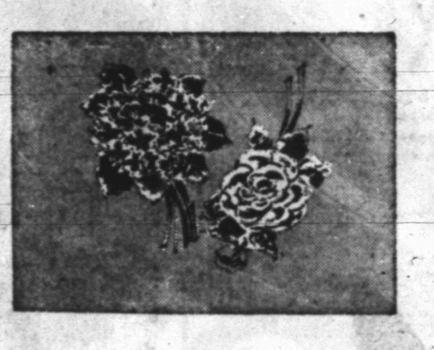

You can feel this simple home mixture take right hold of a cough. It loosens the phlegm, soothes irritation, and helps clear the air passages. Eases the soreness, makes breathing easier, and lets you get restful sleep.

Pinex is a special compound of proven ingredients, in concentrated form, well known for its quick action on throat and bronchial irritations. Money refunded if it doesn't please you in every way.

Election Reforms, Broad Relief Program Ordered For Japanese

By RUSSELL BRINES
Associated Press Staff Writer

TOKYO, Dec. 13—Election reform legislation revolutionary in Japanese history is expected to be passed by the House of Peers—probably tomorrow—as a first step toward proportionate representation.

While the Diet wrestled with political reform, General MacArthur attacked on the economic front, directing the Japanese government to inaugurate a broad relief program to provide food, clothing, housing, medical care, financial aid and welfare services for unemployed this winter.

The Japanese government was told bluntly by the House of Representatives today to get busy and do something to alleviate suffering of the war stripped people.

The House, in a resolution sponsored jointly by all political parties and approved without a dissenting vote, warned that many victims of American bombings "are still aimlessly wandering on the scorched earth," and blamed "bureaucratic red tape" for failure of reconstruction plans.

Would Double Electorate

The election reform bill would double the electorate, to about 45,000,000 voters, by granting women suffrage and reducing the balloting age to 20 years.

Shunichi Suzuki, election expert of the home ministry, explained that the government measure provides also for drastic re-districting and a wider choice of candidates for the House of Representatives.

MacArthur Says Jap Cyclotrons Destroyed On Orders From U. S.

TOKYO, Dec. 13. (AP)—General MacArthur's headquarters said today he had ordered Japan's five cyclotrons destroyed upon "specific instructions" from the Office of Secretary of War Patterson.

Nevertheless, the headquarters spokesman added, four days after that directive had been received and after the destruction of the atomic research equipment was practically completed, "an inquiry was received from the chief of staff's office in Washington as to the feasibility of shipping intact a cyclotron from Japan for re-erection in the United States."

Critics in America have compared the destruction with Nazi book-burning.

House Of Commons Gives Nod To Plans For Accepting U. S. Loan

LONDON, Dec. 13 (AP) — The House of Commons voted tonight 345 to 98 in favor of accepting conditions of a $4,400,000,000 loan from the United States, which Foreign Minister Ernest Bevin asserted left many Britons with the "discomfort" of just coming from a money lender's office.

Scarcely a half hour after voting for the loan, which must win approval in the United States Congress before it is granted, Commons voted 314 to 50 for the Bretton Woods monetary stabilization agreement on its second reading. Three readings are necessary for final passage.

Churchill, Bevin Clash

The voting, after two days of heated debate in which labor government leaders argued that Britain must either accept the loan or go hungry, was climaxed by a last minute personal clash between Bevin and opposition leader Winston Churchill.

Many Conservative members heeded Churchill's plea to abstain from voting, on the grounds that a heavy vote in opposition by the Conservatives would be especially injurious to British interests in America.

Halsey To Talk To Negro C-C

Members of the Negro Chamber of Commerce of Lubbock and special guests, more than 150 persons in all, will gather tonight in the organization's first annual banquet and program, Rev. J. E. Blackmore, pastor of Messiah Presbyterian church in Carver Heights and secretary of the chamber, announced last night.

Hop Halsey, former member of the state legislature from this district, prominent among Lubbock's younger civic workers and recently returned to civilian life from overseas service, will make the address of the evening. He will discuss civic improvements of Lubbock as a whole, with special emphasis on plans of the negro community for better living.

William Hamilton, president of the Negro Chamber, will preside and George Woods will introduce Mr. Halsey. Blackmore will be toastmaster.

During the first two courses of a turkey dinner, music will be furnished. Mrs V. L. Haynes and Mrs. Clara Shields, sopranos, and Albert Smith, tenor, will sing, accompanied by Mrs. Betty Wilson, pianist.

The banquet-program will be held at the Wagon Wheel Inn, on the paved cut-off linking Carver Heights with the Slaton highway.

Special invitations have been issued to members of the City commission and their wives, as well as to several prominent citizens, Blackmore said.

Defendants Favored In Suit Over Dog

After three hours of deliberation, a county court jury Thursday morning answered seven special issues in a damages case growing out of the death Oct. 15 of a dog.

The action, asking judgment for $526, was filed by Ralph J. Williamson against N. A. and Valton V. Cox, doing business as Animal hospital.

Williamson sought to prove that the brothers Cox, when under agreement to board and care for two of his dogs from Sept. 16 to Sept. 29, allowed the animals to become infected with typhus germs as a result of ticks he said got on the dogs when in the hospital, and that they failed to treat them when informed of the animal's condition. Further, he pleaded that those factors caused the white dog's death.

The jury, setting the dog's value at $126, found in answering the special issues that those factors were not the proximate cause of the death.

As a result, no recovery can be made by Williamson, contrary to a headline oversight in Thursday afternoon's Journal, which said the plaintiff, rather than the defendants, was favored in the suit.

Violence Marks Rail Turmoil In Mexico

MEXICO CITY, Dec. 13. (AP)—Undersecretary of Labor Manuel Palacios conferred today with sentatives in an effort to end railroad turmoil brought about by a jurisdictional union dispute.

Reports of violence continued to mount. The National Railways reported two train conductors belonging to the Rail Workers Syndicate, the union upheld by President Avila Camacho as the sole bargaining agent, were slain yesterday.

One of them, Pablo Hernandez, was shot as he was entering the railroad restaurant in Aguascalientes. An engineer was arrested.

Viciente Hernandez Arroyo was fatally stabbed in Quanajuato, and another trainman was arrested.

The president ordered an investigation of all recent accidents to determine whether they had been caused by sabotage.

Never use soda, lye, ammonia or any washing compound containing a strong alkali when washing aluminum as these tend to discolor.

Sec. Anderson Will Speak In Roswell

ROSWELL, N. M., Dec. 13. (U.P.) —Secretary of Agriculture Clinton P. Anderson will be the principal speaker at the annual banquet Jan. 14 of the Roswell Chamber of Commerce.

Some 425 chamber members and their wives—largest number in the history of the organization — are expected to attend the banquet, which will be held in the officers' club at the Army Air base here.

News Briefs

Fire reported at 5:08 p. m. Thursday caused considerable damage to living and dining room furniture at the M. L. Wilkison residence, 1303 Arnett, firemen said.

A "burnt-out" electric motor in the heating system which sent fumes and smoke through the residence of Mrs. Louise Farmer, 3323 Twentieth resulted in a call to firemen at 8:47 p. m. Thursday.

John Steele of route 3 notified the sheriff's department Thursday that a hog, weighing 225 pounds, smallest of two in the pen, had been killed and dragged away.

JAPS SENT HOME

WASHINGTON, Dec. 13 (AP) — A total of 693,380 of Japanese nationals have been repatriated to the home islands in compliance with the surrender agreement, the State department announced today.

Marine Fliers Forced Down In North China Is Posing Problem

By JAMES D. WHITE
Associated Press Staff Writer

SAN FRANCISCO, Dec. 13—Six U. S. Marine fliers have been cooling their heels in a remote North China village since their plane was forced down Nov. 10.

The official Marine version is that the plane was on a routine flight from Tientsin to Peiping, got lost, ran out of gas, and came down about 80 miles west of Tientsin.

WHITE

Names have not been announced nor has the village been specified, but 80 miles west of Tientsin would put them in the mountains west of Kaopeitien station on the Peiping-Hankow railway, possibly in the valley that leads up to the Hsi-Ling, or the western tombs of the Manchus.

The mountains roundabout are high and rugged, and in the past have raised crops of young Chinese who left the crowded, bare land to live as bandits.

Food Is Dropped

Other Marine fliers have found the plane, half covered with brush, and seen its tracks where it landed and which have since been ploughed over.

Today a Marine transport plane flew over and dropped food and winter clothing to the six stranded men, because it is getting very cold in those parts and there isn't much to eat. Negotiations for their release, both local and through Chungking, thus far have failed to free them.

Because this area is within the territory nominally controlled by the Chinese Communists, the question was put up to Communist representatives in Chungking, who announced on Dec. 8 that the fliers were being released.

Said Local Situation

During the war against Japan the Communists rescued many American fliers from behind Japanese lines, and they would have little reason now to hold these six as a matter of sensible policy.

Getting the local commander, who may or may not be a Communist, to release them is another matter under present circumstances.

As mentioned, this is bandit country, and the Marines well could be held by bandits who happen to claim right now that they are Communists.

May Ask Ransom

There has been no mention of a ransom, but reports thus far have been meager and the possibility cannot be counted out.

Chinese bandits can be brutal, and childlike.

There was the elderly American missionary who was shot in cold blood by nervous bandits who held him up in his summer home.

On the other hand there was the case of four picnicking Germans from Peiping whom bandits nabbed in the hills in 1941. The bandits claimed to be "Communists," but deft questioning by one of the Germans, who was China-born and a fluent talker, developed the fact that the bandits didn't know what Communism was and had no connection with the Red army.

Fleet prison, which housed the religious martyrs of the reigns of Mary and Elizabeth, and which was demolished in the middle of the 19th century, gained its name from the Fleet rivulet which flowed into the Thames. The keeper of the prison was called the Warden of the Fleet.

Civilian Supplies Of Meat To Be Lower

WASHINGTON, Dec. 13. (AP)—The Agriculture department said today civilian supplies of meats will decline about nine per cent from present levels of consumption during the first quarter of 1946.

These supplies will be sufficient to allow per capita consumption at an average annual rate of 150 pounds. The department said civilians have been consuming meat in recent weeks at a rate of 165 pounds.

Officials said that civilians have been getting more than their allocated supply because the government has not enforced rigid diversion of supplies to military and foreign claimants.

Arrangements have been made, they added, to hold the civilian supplies in next quarter to the amount allocated.

It is expected that civilians will get more pork than during the present quarter, about the same amount of lamb and mutton, but less beef and veal. Hogs are beginning to move to market in peak volume for the season, while sales of beef cattle are declining.

It will be lawful to train dogs in Michigan between sunset and sunrise during the period Sept. 1 to Oct. 5.

New Mexico's Farm Families Sound Plea For Aid In Winter

ALBUQUERQUE, N. M., Dec. 13. (U.P.)—Declaring they are nearly destitute because of a drought in the Barton - Yrisarri - Miera mountain districts east of Albuquerque, 100 farm families have appealed to Gov. John J. Dempsey for work this winter to keep themselves and their livestock from starving.

A committee of eight persons, representing the 600 residents of the area, came to Albuquerque to discuss their plight with county and federal agencies. They told officials that half their livestock has already died from starvation.

In their appeal, the committeemen urged that work get underway immediately on completion of State Highway 15 in order that the farmers might have jobs, and they also asked that a cooperative wood yard be established near miera to provide more work for stricken residents of that community.

Planting Experiment Planned At College

Another experiment soon will be begun by Texas Tech's department of Animal Husbandry when they plant 10 pounds of buffalo alfalfa, new variety developed in Kansas by the Bureau of Plant Industry of the U. S. Department of Agriculture, according to Dr. A. W. Young, head of the department.

Buffalo alfalfa is especially resistant to alfalfa wilt, and even though this is not a problem in Texas, Dr. Young said, Buffalo alfalfa may have some other qualities which will give better yield than southwestern common, the variety now grown in Texas.

The German Rocket Society is the world's oldest astronautical organization.

Negro Is Appointed To Army Academy

LOS ANGELES, Dec. 13. (AP)—Rep. Helen Gahagan Douglas (D-Calif), announced last night she had appointed an 18-year-old negro, David K. Carlisle, to the United States Military academy at West Point.

"I have selected him because he had the highest grade in the country in the West Point entrance examinations," said Mrs. Douglas. "I believe in equality for everyone. He was an honor student in his high school here in Los Angeles, studied for two years at California Institute of Technology and has been taking a special course in English literature."

Four Hurt As Church Building Collapses

MEXICO CITY, Dec. 13. (AP)—Three children and one adult are in a hospital with serious injuries received when a suburban church collapsed last night.

The wooden structure, where residents gathered to celebrate "Guadalupe Day" crumbled when the overflow crowd began climbing on the rafters and roof.

To All Who Suffer Gas Pains-Distress After A Good Meal!

Try Hot Water And A Little Neutracid

If you or any relative or friend suffer the symptoms of acid indigestion, gastritis, heartburn, sourness, gas or other stomach distress due to gastric hyperacidity, then by all means get a box of Neutracid — put a teaspoonful in half a glass of hot water and drink slowly after meals.

Plan To Place Ceiling On Price Of Houses Meeting Opposition

By MARVIN L. ARROWSMITH
Associated Press Staff Writer

WASHINGTON, Dec. 13—Administration-endorsed legislation to fix price ceilings on new and existing houses ran into stiff opposition today.

The most outspoken criticism of the proposed control program approved by President Truman came from real estate circles.

On Capitol Hill, a spot check of the House Banking committee considering the price-fixing legislation disclosed that a number of members believe Mr. Truman already has sufficient authority to deal with the housing problem.

This sentiment was echoed by the National Association of Home Builders, which said the imminent restoration of building materials to a priorities system made price ceilings unnecessary.

Frank W. Cortwright, executive vice president of the association, said his organization would continue to oppose ceilings "as unrealistic and unworkable, and as a stumbling block to solving the housing problem."

Will Mean More Homes

The National Housing agency, on the other hand, said in a statement:

"When people want shelter, they want it bad. Within limits, many people will pay any price for a place to live."

Cortwright said home builders have been getting only about 30 per cent of available construction supplies, and that with this increased to 50 per cent under the new program there is good chance that a goal of 500,000 new homes in 1946 can be realized.

$37,000 Record Price Paid For Prize Bull

CHICAGO, Dec. 13. (AP) — A record price of $37,000 was paid for a Guernsey bull, the sellers of the animal have disclosed.

Otto Schnering, president of the Curtiss Candy company, and Charles B. Bolton, owner of the Franchester farms, Cleveland, said the two-year-old bull, "Curtiss Franchester Levity Ace," was bought by Charles G. Lang of Glen Arm, Md.

The nonpoisonous indigo snake kills and eats the deadly rattler.

General May Return Home

HEIDELBERG, Dec. 13 (U.P.) — Gen. George S. Patton has fought off all complications in his battle to overcome partial paralysis and a broken neck, and was in a satisfactory condition today, an Army bulletin reported

Doctors said Patton might be flown to the United States for treatment if he continues to improve.

The morning bulletin said:

"As of 9 a. m. (2 a. m. CST) the neurological condition remains about the same. Patton spent a good night and is alert and cheerful. There are no complications. The condition remains satisfactory. Temperature 100. Pulse 62. Respiration 20."

Late Report Optimistic

The latest report was considerably more optimistic in tone than the one 24 hours earlier which called his condition "grave" and that of 36 hours ago which termed it "critical."

Medical authorities pointed out that the General's temperature remained steady, while both his pulse and respiration were satisfactory.

Doctors were hopeful that Patton had won his battle to survive the effects of an automobile collision near Mannheim four days ago. They said every possible medical aid was being given Patton by the international team of celebrated doctors in attendance, and that the rest depended upon his constitution and will to live.

May Be Flown To U. S.

Patton may be flown to the United States with a plaster cast on his neck and back if he progresses satisfactorily, doctors said.

The general's room on the first floor of the 130th general hospital was still heavily guarded to keep away everyone except the medical staff and a handful of special visitors. Mrs. Patton was the only regular visitor.

Encouraging messages from President Truman and Gen. of the Army Dwight Eisenhower were among those received.

Hospital nurses said they regard the General as a "perfect patient" who has expressed a desire not to be bothersome.

Annual Band Clinic Opens In City Today

Third annual band clinic, sponsored jointly by Texas Tech and Lubbock High school bands, will open today with more than 50 band directors expected from West Texas and Eastern New Mexico, D. O. Wiley, Tech band director, has announced.

The clinic will open at 10 a. m. today with a two-hour rehearsal by the high school band, directed by Louis L. Stoelzing, band director, in the Lubbock High school auditorium. Tech band will present a concert at 1 p. m. Friday in the stock judging pavilion.

Plans for spring concerts will be discussed in a business meeting at 3 p. m. in the college band room, Prof. Wiley said.

B. E. Adair of the Adair Music Co. will be host for a band directors smoker, scheduled at 8 p. m. tonight. It will be held in the Chimayo room, Hilton hotel.

Lubbock High school band will play for a concert at 10 a. m. Saturday in the school auditorium. Tech's band will play for guests from 1 to 3 p. m. Saturday in the stock judging pavilion.

Regions 1, 2 and 8 will be represented by high school band directors. The clinic is being held to present special selections, arranged by Tech and Lubbock High school bands, to directors who will observe the procedure and study of larger bands.

The public is invited to attend both morning and afternoon concerts, Prof. Wiley said.

"Quintuplets" Turn Out To Be Five Pigs

SHREVEPORT, La., Dec. 13 (U.P.) —W. K. Norton received this telegram at his office:

"Have quintuplets. Mother doing fine."

An excited telegraph operator telephoned him: "Mr. Norton, how are the quintuplets related to you? Can we tell people about them or call the newspapers?"

Norton smiled. He told the caller the quintuplets were his, but they were pigs. The wire was from Mercedes, Tex., in the Rio Grande valley, and was sent by the overseer of Norton's small farm. Norton had been there recently and had asked that he be notified of his increase in livestock.

Arkansas is a word of Indian derivation: was once another name for the Quapaws, a tribe of the Siouxan family of North American Indians.

Veterans Pour Into Employment Offices In Texas Seeking Jobs

AUSTIN, Dec. 13. (AP) — Discharged World War II veterans in heavily increasing masses are invading the United States Employment Service in Texas in search of jobs, C. E. Belk, state USES, director disclosed today with figures indicating 74.4 per cent increase in veteran traffic during the last month.

Although there is a sizeable anticipated statewide demand for workers, Belk said, the number of jobs in sight will not keep pace with the more rapid increase in labor supply as final lay-offs of workers occur, seasonal farm workers return from the harvest, and an expected discharge of some 110,000 servicemen in December add to the labor market.

Surplus Is Seen

Statistics compiled from 29 cities in Texas indicated a labor demand in the next two months for 41,405 workers. 80.3 per cent of which must be male, he said.

USES expects a supply of 128,860 workers, 76.3 per cent males, during the two-month period, or three workers to every one job opening.

Belk estimated state unemployment at 90,000 and expects 100,000 unemployed by the first of the year.

Today's USES job openings total 23,787 nearly 50 per cent of which are in unskilled occupations. The remaining jobs are evenly distributed in services, skilled, clerical, sales and semi-skilled occupations, USES records show. There were 40,000 jobs open last month.

Largest number of current job openings are in Fort Worth, Houston, San Antonio, Dallas, Galveston and Corpus Christi, in order named. Cities with the greatest supply of job seekers are Dallas, Texarkana, Fort Worth, San Antonio and Houston.

SINUS, CATARRH SUFFERERS FIND CURB

FOR MISERY DUE TO NASAL CONGESTION

Woman Is Killed In New Mexico Crash

DALHART, Dec. 13. (U.P.)—The body of Mrs. Aleta Jane Ross, 26-year-old wife of a Marine lieutenant and a victim of a New Mexico traffic accident yesterday, will be sent to Kansas City tonight for burial services.

Mrs. Ross was injured fatally when the car driven by her husband, Lt. Thomas L. Ross, jr., of Lt. Ross and an 18-month-old son were not injured.

Burial will be in Cheyenne, Wyo., home of the victim's parents.

Appointments Made By Government Are Released To Moore

AUSTIN, Dec. 13. (U.P.)—A full list of appointments made by Gov. Coke R. Stevenson since the last session of the Texas legislature had been furnished today to Sen. Weaver Moore, Houston, by Secretary of State Claude Isbell.

Moore is the senator who sponsored the unprecedented special meeting of the Senate for next Jan. 8 to pass upon appointments that are subject to Senate confirmation.

Whether furnishing the list to Moore will constitute legal submission to the senators as a body, Isbell did not profess to know. He said the list is open to any persons as a public record.

Included were the governor's two most recent designations—Hall Logan of College Station to become member of the state board of control on Jan. 1 and re-appointment of George W. Prendergast, Marshall, on the public safety commission.

Brief Bits Of Local News

Robert Nash, student at Denver university in Denver, Colo., has arrived in Lubbock to spend the Christmas holidays with his parents, Mr. and Mrs. Kirby Nash of 2003 Ninth.

Enthusiasm for the pending Continental Airlines route through Lubbock is widely expressed at its terminal points, Tulsa and El Paso, Donald A. Duff, executive assistant, traffic and sales, said here Thursday, after survey visits to these cities with other Continental officials. He said that oil interests in Tulsa were especially pleased over the prospect of speedy transportation to Lubbock and Midland, focal points for the great Permian oil basin. In regard to El Paso, W. E. Amlong, executive assistant to the president of the air line, who with Robert F. McKee and Jay M. Jackson, other Continental officials, accompanied Duff to Lubbock, commented: "Everybody in El Paso seems to want to go to Lubbock." Continental will inaugurate on Feb. 15 daily morning and afternoon flights out of Lubbock to both Tulsa and El Paso, using 21-passenger DC-3's. The Continental party explained at noon yesterday for Wichita Falls, with plans to return to Denver from there.

Henry C. Elder, who was graduated from Texas Tech in 1936 with a BS degree in animal husbandry and who received his MS degree at Tech in 1945, is secretary-manager of the Texas Hereford association. Tech's animal husbandry department recently received a cipy of 1945-46 Animal Husbandry directory, published by the association.

Two faculty members of Texas Tech's physics department, Dr. R. L. Dolecek and Dr. Jules De Launay, are co-authors of an article, "Entopic Mapping of the Purkinje Blue Arcs," which appeared in the October issue of the Journal of the Optical Society of America.

Fourth edition of the Texas Tech Alumni News is off the press carrying details of plans for construction of a new $300,000 stadium, three dormitories for the college, Tech's request for the use of Pantex Plant at Amarillo, and news of former students. Any ex-student who desires their name added to the mailing list write Miss Ruth Craig, c-o the division of agriculture, Texas Tech.

A new film, "Religion in the Family," which emphasizes if peace is lasting the family and religion must have the place they deserve, has been added to Texas Tech's department of visual instruction, according to Janet M. McDonald, film librarian. The picture stresses the importance of a healthy body, dependence on others and love of creative work as some of the fundamental principles children receive in the home which encourage spiritual growth. The 15-minute film, produced by the Square Deal Picture corporation, is available to clubs, organizations and schools.

New Deal Noses Westerners In Tourney Feature, 16-14

After leading for three quarters of the ball game, the Lubbock Westerners wilted in the fourth period before a surging comeback of the New Deal cagers and the host team won the feature game of the annual New Deal High school invitation tourney openers, 16 to 14.

Other winners for the opening night were the Lorenzo boys, and girls teams from Abernathy and New Deal.

Lorenzo had little trouble in disposing of the Petersburg five in the tourney opener, winning 30 to 16 to advance into the second round.

Abernathy Noses Petersburg

The New Deal girls had little trouble in winning from Lorenzo by a 27-to-7 decision, but Abernathy had plenty of trouble in beating back a fine Petersburg girls team before ekeing out a 22-to-21 win.

In the opening game, Moore and Kemp set a fast pace for the Lorenzo five, Moore pouring 14 points through the hoop, and Kemp adding eight more. Fowler paced the Petersburg five with four points.

There was never more than three points difference in the score between the Abernathy and Petersburg girls as the two teams battled down to the final whistle. Ledford of Abernathy copped scoring honors, getting half her team's total with 11 points, but was closely pressed by Williams of Petersburg, who dropped in ten points.

In the other girls game, Exum dropped in ten points and Fortenberry added nine more to pace the New Deal girls to the victory. No player on the Lorenzo club could top two points.

Game Was Fast

The feature game of the night was a fast battle all the way, with L. H. Hall of New Deal copping the scoring honors by getting ten of the New Deal points. Verdell Turner of Lubbock trailed him with eight points.

Defensive stars of the game were Utley of New Deal and Turner of Lubbock, the pair having a lot to do with the low scoring of their opponents.

Lubbock held New Deal scoreless in the first quarter, and led 3-0 at the end of the period. The Westerners increased the lead to 8-4 at the halftime intermission, and still led 12 to 10 as the teams turned into the home stretch.

The Snyder boys basketball team sent in word Thursday they would be unable to attend the tournament, because of the number of players ill with the flu. Their place will be taken by the New Deal B team.

Schedule For Today

Play will be resumed this morning at 11 o'clock with three boys games and two girls games to close out the first round of play. Play starts with the Abernathy and Tahoka boys playing the opener. The Tahoka and Cotton Center girls will follow at 12 o'clock. At 1 o'clock the New Deal boys B team plays Cotton Center. At 2 o'clock, the Post and Whiteface girls play. The round will be completed at 3 o'clock with Whiteface and Hobbs boys playing.

The Lubbock boys will return at 7 o'clock tonight to play in the consolation round, playing the loser of the New Deal B-Cotton Center game. The winner last night, New Deal, will play the winner of the Whiteface and Hobbs game at 9 o'clock.

Parham Cops Feature Battle At Boys Club

With two stars setting a fast pace, the Parham cage five took the features senior league game at the Lubbock Boys club basketball program Thursday night, beating the Clark five 46 to 14.

Cheatam poured in 18 points for the winners, and Smith followed him closely with 14 points. Mack Feris paced the losers with six points.

The Duane Scott five nosed out the Dudley Stanley club in the junior league game, 19 to 14, with the race close for scoring honors. Bantz paced the winners with five points, while Cook and Peters tied for the losers with four each.

In the opening game, Tommy Elliott's midget league club won an 18-to-8 decision over Jimmy Crawford's five. Jimmy Sexton paced the winners, and matched the losers' score, with eight points. Crawford led his own team with five points.

Lions Bowlers Keep Big Civic Loop Lead

In spite of losing two out of three games to the American Legion club in the Civic Bowling League at the Lubbock Bowling alleys, the Lions remained five games in the lead as the play reaches the season's halfway mark.

The only clean sweep of the night was registered by the Optimists club, with Kiwanis club the victims, as Marchant copped the scoring honors in pacing the winners with a 538 series and a 220 high single game.

The runnerup Jaycees took two from Veterans of Foreign Wars, and the Rotary club won two Levines in the remaining games.

Ponies Cop Cage Finale Off Tech

DALLAS, Dec. 13 (Special) — Texas Tech's Red Raiders went into high gear tonight to play the best game they have produced this season, but came out on the short end of a 57-43 score with the Southern Methodist Mustangs on the victor's floor.

The Raiders opened with a rush, and were ahead from time to time, until midway in the first half. But the more polished and older Mustangs took the lead then, and were never headed off.

Sneed Starts Scoring

Big Tilley Sneed dropped in the first counter to give the Raiders their opening lead, but Bert Rollings of SMU tied it a minute later. Gene Hardey and Bill Kelley added free throw to give Tech another two point lead, then Wayne Penn of SMU tied it with a long shot.

Kelley drove through for a rub-in, and once more the Raiders were in front. Hardey added another short one, and the Raiders led 8-4.

Ponies Pull Away

Bryan Lloyd, husky Mustang center and high scorer, dropped through the first of his seven baskets, and Hanks Rolland tied it up. A moment later Rollings netted a long counter, and the Mustangs were out in front to stay.

The score at the half was 26 to 17.

Both teams added baskets quickly to open the last stanza. It was nip and tuck throughout the last half, with the honors about even as first one team, then the other, would show a spurt, but the Raiders were never able to overtake the home boys.

The Red Raiders move to Fort [illegible]rth Friday for a two-game series with the lengthy Horned Frogs of TCU, said to be the smoothest ball handling team in the Southwest.

Pairings Named For Fight Show Finals

Eleven fights, ten of them pairing winners of previous matches, will be on the season's final of the fight night shows at the Lubbock Boys club tonight at 7:30 o'clock.

Buddy Edge, scrappy 130 pounder who lost by a technical knockout to Norman "Kayo" Lindsey last week, has asked for another crack at the Boys club terror, and booked for the feature attraction of the show.

This card, sponsored by the Kiwanis club, will be the last fight show at the club until after basketball season.

Don Carter, who won his last match by a knockout, is back on the semi-final of the card, paired with Oscar Greenhaw. All other winners were hard pressed to win decisions, and promise some good battles for tonight.

Other bouts on the card will pair James Owens and Dennis Jeter; Pat Warren and Gerald Loyd; Carl Ince and Johnny Boyd; Blair Hankins and Wilburn Roach; Pat Wallace and Deany McGuire; Keith Newman and Stanley Black; Mikey Brady and James Boyd; James Holloway and Frank Brown, and R. J. Matheny and Godfrey Brook.

The third set of bleachers is being moved inside the gym to take care of the crowd, so fans can be reasonably assured of seats for tonight's fight card.

Marshall Eleven Is Star Studded

(By The Associated Press)

A single defeat mars the record of Marshall's Mavericks who meet Waco's Tigers Saturday in the state schoolboy football quarterfinals.

It was a lusty licking the Mav's took—a 26-0 walloping by Highland Park of Dallas. But that defeat made Marshall into a football team.

Been Clicking Since

Since then the Mavericks have won five games in which they scored 128 points while allowing the opposition just 21. Despite injuries and illness that handicapped them each week they swept along unhurried and last week sprang one of the top surprises of the year—a 13-8 victory over mighty Lufkin.

"You've got to learn what blocking and tackling really means," said Coach Odus Mitchell and Line Coach Buck Mundy after the defeat at Dallas. And the boys in maroon and white took their lesson to heart. Vicious tackling and jolting blocks have featured their work in the dash into the state play-off.

Right Tackle Ernest Prince, considered the Mav's outstanding lineman, went out of action for the rest of the season when he broke his right arm the week before the crucial Longview game that decided the district title.

Marshall's hopes sank a Jimmy Whitehead, a lad with little experience, was chosen to plug the hole created by Prince's injury. But Whitehead came through with flying colors to secure the acclaim of the team, the coaches and the Maverick fans as one of the outstanding men in the forward wall.

All-State End?

At the same time, Left End Morris Jones began to hammer out a strong claim for all-state honor. This five-foot, 11-inch, 160-pounder became a terrific defensive player and was sensational as a blocker and pass-receiver in the Longview, Tyler and Lufkin games.

Fullback Billy Dinkle, closely guarded on running plays, surprised Lufkin by dropping back and tossing two touchdown passes, both to Jone. Dinkle has scored 86 points this season and has accounted for three touchdowns on passes in his last two games. He had not done any of the team's passing until Marshall played Tyler in the final district game.

In five district games—he missed the Longview contest because of flu—he carried the ball 68 times for 526 yards, an average of better than seven and a half yards per try.

The Mavericks may be without the services of Left Halfback Shields Mitchell Saturday. He suffered a severe shoulder injury in the Marshall-Lufkin game and has not been able to suit out for practice thus far this week.

Levelland Cage Meet Starts Play Tonight

LEVELLAND, Dec. 13 (Special)—Pairings have been announced for Levelland's annual invitation basketball tournament that will get underway Friday afternoon and continue through finals Saturday night.

In the upper bracket, Brownfield will meet Anderws at 2 o'clock Friday afternoon and Springlake will square off with Sudan at three.

Plainview's Bulldogs will meet O'Donnell at seven o'clock Friday night in the lower bracked and Levelland's Lobos will meet the Olton Mustangs in the second game at eight.

Upper bracket winners will meet at 2:30 p. m. Saturday afternoon and lower bracket winners scheduled at 3:30, with the battle for third place set for seven o'clock Saturday night and the finals at eight.

East Texas Accepts Playoff Challenge

HENDERSON, Tex., Dec. 13. (AP)—Tyler was admitted as the sixth member of the East Texas League officials and representatives

The organization adopted the Shaughnessy playoff system. The season will open April 23 and close Sept. 10. Doubleheaders were scheduled for July 4, and Labor Day.

The league accepted the challenge of the West Texas-New Mexico League for a playoff for the Class C championship of the Southwest.

The East Texas League now includes Henderson, Jacksonville, Sherman, Lufkin, Texarkana and Tyler.

Schlinkman On AP's Little All-America

NEW YORK, Dec. 13 (AP)—Miami (Fla.) university, which waded through an ambitious schedule the past season and wound up with an engagement to meet Holy Cross in the Orange Bowl New Year's day, was the only team to place two men on the Associated Press' Little All-America eleven announced today.

They were Center William Levitt and Guard Ed Cameron, whose great line play was a major factor in Miami's record of eight victories, one defeat and a tie. In addition, three other members of the team, Tackle William Frantz, Guard Mario DiMarco and fullback Harry Ghaul all won honorable mention on the first "little" team selected in three years, since the war caused many smaller schools to interrupt the sport.

Besides Levitt and Cameron, others picked on the Little All-America line were: Ends, Theodore Molitor of St. Thomas (Minn.) and Robert Eyer of Lock Haven (Pa.) Teachers; Tackles, Thomas (Bo) Stewart of Chattanooga and Robert Kirkman of Dakota Wesleyan; Guard, Andy Kavounis of Presbyterian.

In the backfield were Carroll Bowen, Catawba, quarterback; Walter Trojanowski, Connecticut, and Jones Bowsell, Oberlin, halfbacks, and Walter Schlinkman, Texas Tech, fullback.

Trojanowski was the nation's leading scorer with 22 touchdowns and 132 points. Boswell, star of Oberlin's unbeaten team, scored 11 touchdowns and passed to teammates for 11 more. Bowen starred consistently in every department as Catawba drove through a tough 11-game schedule with only one loss, to William & Mary.

Schlinkman, who returned to tear opposing lines apart for Texas Tech after 19 month in the Navy, intends to play pro ball next season. He was first choice of the Green Bay Packers in the National League draft last spring, but decided to return to school for another year.

The "little" team averages 21 5/11 years of age, a fraction under six feet in height and 192 pounds in weight to the man.

Texas has a state flower—the bluebonnet—and an official state flower song — "Bluebonnets" — adopted by the legislature in 1933.

Class A Finals Scheduled Today

LITTLEFIELD, Dec. 13 (Special)—The Littlefield Wildcats left here today for Monahans, and the site for the championship football game for the Region Two title Friday afternoon, with prospects bright for the game to draw a crowd of 5,000 fans.

Coach J. S. Fikes said before he left that his team was "set" for the big battle, and the second try in as many years in the regional final game. The Wildcats were beaten last year by Billy Wayne Frazier and the Merkel Badgers.

Team In Top Shape

The Wildcats left here with the team in top shape, every man ready to go. The team is in the best shape it has been in since before the Ballinger game.

The Wildcats plan to work out in Odessa, and spend the night there, and move into Monahans Friday morning.

A chartered bus, and a huge delegation of fans, band and pep squad will leave Littlefield Friday morning. More than 300 reserve tickets have been sold here, and were still selling briskly tonight.

Tickets in Monahans were sold out earlier in the week, and host officials said that temporary bleachers are being brought in from nearby Army base to take care of a crowd of 5,000.

The Wildcats boast of one of the highest scoring machines in West Texas, totaling 461 points this season, and will be a slight favorite in the final game.

Another regional final game that holds interest for West Texans will be unreeled at Phillips, where the finalists of a year ago clash again for the top Class A schoolboy honors, the Phillips Blackhawks and the Wellington Skyrockets.

Phillips is the defending champion, and holds one victory over the Skyrockets this season, a 20-7 non-conference win.

WILSON WRANGLERS — Roscoe Wilson school's Wranglers lost one game, tied once and won five contests in the Lubbock school touch football league the past season. Miss Irene Malone was teacher in charge of the athletic program and the team was assisted by Frank Ford, patron of the school. Boys in the picture are, back row, left to right: sitting, Billie Kilpatrick, Truman Jones, Pierce Bruckner, Thomas Lee Cadenhead, Larry Byrd and Donnie Presley; standing, Cecil Ray Austin, Carlos Holton and Ge Loam Byrd; front row, sitting: Wallace Wilson, Bruce McCarty, Billie Presley, George Guy, Joe Don Boyd, Roy Furr, Jerry Fred Owens, Billie George Taylor and Ronnie McMillian. Joe Don Boyd and Billie Presley were co-captains of the team. The team was supported by an enthusiastic pep squad of about 35 girls with Clawilla Hamrick and Patsy Bogart as pep leaders.

ROOM LEADERS — The picture above shows Citizenship club members of the fourth grade room taught by Miss Gertrude Herm. They're seated in the library corner of the room. Left to right, they are: Fred West, health captain; Carolyn Normand, treasurer; Anne Files, secretary; Clyde Tatum, vice president; Walter Schuyler, president; and Joe Wicker Gray, fire captain.

WILSON SCHOOL EXHIBIT—The picture above shows the book week project of Roscoe Wilson school, prepared by room 105. Dolls in the project were prepared by Kay Watson, Lynn Rodgers, Virginia Suitt, Annita Powers, Betty Witt, Nancy Holmes, Ann Hawkins and Sharlene Wall. Posters were made by Jimmit Powers, Bruce McCarty and Linda Yancy. Book reports were by Lynn Rodgers, Jimmie Powers, Betty Witt, Don Mills, Sharlene Wall and Sam Camp.

Roscoe Wilson School Library Outstanding Project; P.-T.A. Membership City's Largest

By C. W. RATLIFF
Avalanche Staff Writer

ROSCOE Wilson school, located in the 2800-block between Twenty-fifth and Twenty-sixth, is another example of Lubbock's rapidly-expanding elementary school system.

Opening in January, 1940 with enrollment of 272 pupils, the school was too small for its enrollment even during the first year but it was not until 1942 that additions were made, six new classrooms and two cafeteria rooms being added. At present all rooms, including the work room and cafeteria rooms, are used for classrooms. The school now has an enrollment of 599 with 17 regular teachers in addition to a music and Spanish teacher.

Mrs. Ivy Savage, principal, is the only remaining member of the original faculty of eight at the school, the remainder having been transferred to other schools, quit teaching or moved elsewhere when their husbands went into service.

LOU ANN

The school was named after the late Roscoe Wilson, prominent Lubbock attorney and civic leader. An oil portrait of Mr. Wilson, painted by Robert Ivan Lockard of Texas Technological college, hangs in the reception room of the school. A niece of Mrs. Wilson, Lou Ann Christmann, 6, daughter of Mr. and Mrs. John J. Christmann, 2811 Twenty-second, is now a student in the school.

Wilson school's faculty is just like one big happy family, the teachers holding picnics, dinners, covered dish luncheons and various parties. They show their professional spirit in membership in local, state and national organizations being 100 per cent members of American Childhood Education, Lubbock Classroom Teachers, Texas State Teachers association, National Education association and Parent-Teacher association.

Members of the faculty are: **Mrs. Nina Thompson, Mrs. E. F. Pilley, and Miss Eddythe Walker,** first grade; **Miss Goldie Potts, Miss Thelma Jones** and **Mrs. Betty Jo Hubks,** second; **Miss Polly Silman, Miss Murl Ratliff** and **Miss Trula Maud Jetton,** third; **Miss Gertrude Herm, Mrs. H. J. McCabe** and **Mrs. O. P. Thomas,** fourth; **Miss Irene Malone** and **Mrs. Katherine Stewart,** fifth; **Miss Amy Gladys Wilhelm,** fifth and sixth; **Mrs. James Holcomb,** and **Mrs. Lela Mitchell,** sixth; **Miss Dimple Watson,** music; and **Mrs. Dan Howell,** Spanish.

One of the outstanding projects at Wilson school is the library which now has a total of 3,653 volumes, the central library having 1,430 volumes and room libraries 2,223. Two generous gifts from Mrs. Roscoe Wilson have helped greatly in building up the central library. Proceeds from the annual carnival and from sale of school supplies together with the annual allotment of 15 cents per pupil allowed by the school board for library books have increased room libraries. Librarians are four girls with **Miss Amy Gladys Wilhelm** as sponsor. The girls are: **Shirley Smith,** daughter of **Mr.** and **Mrs. Marlin R. Smith,** 2508 Twenty-fourth; **Kay Lynn Watson,** daughter of **Mr.** and **Mrs. H. A. Watson,** 3003 Nineteenth; **Gene Stephenson,** daughter of **Mr.** and **Mrs. E. H. Stephenson,** 2702 Twenty-second; and **Betty Witt,** daughter of **Mr.** and **Mrs. Bates Witt,** 3306 College.

SHIRLEY KAY LYNN

An interesting project is conducted by the unit in English in **Miss Irene Malone's** fifth grade room, the outgrowth of a letter from Lakeville school, Great Neck, Long Island, N. Y. The two groups are exchanging correspondence describing their cities, college, sports, commercial pursuits of the two regions. Samples of products and pictures are also being sent with the letters, which not only help create friendly relations with other areas but encourages correct letter form and spelling.

CAROL JEAN

Little **Carol Jean Delaney,** daughter of **Mr.** and **Mrs. Harry Delaney,** 2708 Twenty-fourth, had a poem published in the current issue of "Children's Activities. She is a pupil in Miss Maud Jetton's third grade room.

Another project which caused considerable comment recently in the school was one third grade room's social study group's study of a story of the development of Lubbock from pioneer days until the present time, at the end of which the group wrote a playlet and presented it for their parents during American Education week.

The annual Sunday Christmas program given under sponsorship of the Parent-Teacher association had, to be cancelled this year because of the large number of children being absent due to the flu. Open house will

GENE BETTY

be held on next Sunday afternoon, however, and parents are invited to drop by their child's room to see the Christmas decorations furnished by room mothers. Each room is planning a Christmas tree and program in their own rooms on Wednesday Dec. 19, just before they are dismissed for the holidays. The traditional custom of singing carols in the corridors while bringing gifts for the needy will also be observed on that day.

Fire drills are scheduled regularly in the building which can be emptied in an unobstructed drill in 45 seconds. In the poster contest held recently during fire prevention week, **Lloyd Hatchett** and **Ronnie McMillan** received honorable mention for their posters.

Safety patrols are given credit for the record of there not having been a serious accident on the grounds or around the school in its five-year history. Patrols for this year are: **Annie Schnell, Bruce McCarty, Cawlilla Hamrick, Roy Middleton, Roy Rhodes, Shirley Smith, Lynn Rodgers, George Berry, Patsy Bogart, Carolyn McCorkle, Robert Peckham, Carol Miller, Joel Houston, Kay Campbell, Otice Watson, Dub James, Jack Lawson, J. W. Fowler, John Hubbard,** and **Wendell Hearne. Shirley Smith** is captain of the patrols and **Kay Campbell** and **John Hubbard** are lieutenants.

The Girl Scouts and Brownies and Cub Scouts play an important part in the school. There are eight troops of Girl Scouts and Brownies with a membership of 150. Mothers sponsoring the troops are: **Mesdames Arthur Yaggy, Glenn Keyton, H. T. Wiley, Glen Hudgens, Jimmy Wilson, V. L. Bridges, W. C. Mitchell, C. I. Wall, J. K. Knight, R. L. Foster, W. J. McQueary, H. J. Matejowsky, Lewis Price, H. L. Cain** and **Lester Jones.**

Pack One of the Cub Scouts has eleven dens, the largest pack in town. **Dr. F. G. Harbaugh** is Cub master and **S. C. McCarty,** chairman of the pack committee.

The Roscoe Wilson Parent-Teacher association has the largest membership in the city with 462 members, 133 of whom are men. **Mrs. Charles Files** is president; **Mrs. Byrnes Temple,** secretary and **Mrs. Paul Yancy,** treasurer. Some of the projects of the association are: sponsoring the annual Hallowe'en carnival and Christmas program, sale of milk to children who bring lunch; study courses in better parenthood and parliamentary law; beautification of flower beds; purchase of delineascope and dark shades for visual purposes and purchase of $500 in War bonds to help in equipping the cafeteria.

Citizenship club leaders are: Sixth grade **Shirley Smith,** president; **Mary Ann McGee,** vice president; **Linda Lancy,** secretary, **Nancy McClendon,** treasurer; **Roy Middleton,** program chairman; Busy Beaver Citizenship club—**David Smith,** president; **Cecil Ray Austin,** vice president; **Joel Houston,** secretary; **J. W. Fowler,** treasurer and **Gene Strickland,** program chairman.

News Briefs

Fire gutted interior of the residence occupied by Shorty Lester, 1402 Ave. C, last night about 10 o'clock, firemen reported. Cause of the fire was undetermined.

L. R. Tucker of Anton notified police last night that a ladies purse containing a tan billfold with $10 cash, and two government checks for $50 each, payable to Gertrude Loraine Tucker, was taken from his car at a dine and dance place on the Plainview highway.

Lonnie Langston, Lubbock insurance man recently discharged from the Navy, has returned to his position as representative of the Southwestern Life Insurance company here. Langston served nearly three years in the Navy as an instructor at Hollywood, Fla., the Miami Naval Air Station and at the Naval Pre-Flight school at Chapel Hill, N. C. He and his family are residing at 1902 Twenty-eighth.

Leo Krupnick, Tulsa evangelist, is preaching in revival services at the First Assembly of God church, 2103 Ave. O. Services are being conducted at 7:30 o'clock every night except Saturday. Good crowds are attending, Rev. Mont M. Walker, pastor, reports.

"Buy A Victory Bond TODAY."

Maple C. Of C. Formed To Push Development For Bailey Community

MAPLE, Dec. 13—The newly created Maple Chamber of Commerce is planning for paving of Maple's streets, extension of REA lines for the whole Three-Way school district and telephones for all homes in the area.

The organization was formed for the sole purpose of securing these and other improvements in "this forgotten corner of Bailey county."

At a meeting held Dec. 10, the group decided to announce the following business opportunities to be open now at the town of Maple: a butane-propane wholesale business, barber shop, beauty parlor, helpy-selfy laundry, tailor shop, telephone exchange, drug store, and several others. A resident physician is also wanted for the community.

"The little town has a future," Vernon H. Baker said. "It is surrounded by a group of wide awake farmers, all of whom are determined to do something progressive that will develop the area."

Jack F. Billingsley Hurt In Car Crash

Jack Fred Billingsley, 25, of 1108 Ninth, suffered lacerations above the right ear when the car he was in crashed into the wall of the north underpass about 11 o'clock last night.

Billingsley, who said he was alone, was taken to Lubbock Memorial hospital in a Rix ambulance and was released after treatment. Front of the coupe was demolished.

Senate Approves Big Sum For Vet Housing

WASHINGTON, Dec. 13. (AP)—The Senate appropriations committee tonight added $400,000,000 for UNRRA and $171,127,000 for veterans housing to the $1,500,000,000 deficiency bill recently passed by the House.

The UNRRA fund would be an initial instalment on the $1,350,000,000 which the U. S. is slated to contribute for the organization's next fiscal year. The House has passed a bill authorizing the contribution and the Senate Foreign relations committee today approved it.

Funds for veterans housing were increased from the $24,500,00 approved by the house to $195,627,000.

Scheduled Arrivals Of Overseas Troops

At New York on the Reverdy Johnson due Dec. 12 was Pfc. William D. Clark of Snyder.

Nazis' Horrors

(Continued From Page One)

to be a Jew in Germany."

Hans Frank, former governor-general of Poland, was disclosed to have told his subordinates in a speech to "liquidate the Jews yourselves, and don't bother the higher ups." He said there were 3,500,000 Jews in Poland, "too many to shoot or poison, but we'll get rid of them somewhere."

The names of Baldur Von Schirach, Hitler's youth leader, former Foreign Minister Konstanin Von Neurath, Interior Minister Wilhelm Frick, and Rudolf Hess were among others mentioned for their part in the campaign to exterminate Jews.

The grisly exhibits and cold recitation of murder had a tendency to eliminate the little gabfests which customarily take place among the defendants.

Goering sat as if dazed. The usually jaunty Rosenberg, his elbows on his knees and his fists clenched, stared at the floor. Frank held his face in his hands.

FBI Agents To Speak At Officers' Meet

Bank robbery and bank burglary will be main topics discussed at the semi-annual meeting sponsored by the Federal Bureau of Investigation for law enforcement officers of this area to be held at 2:30 p. m. today on the mezzanine floor of the Hilton hotel with Lubbock officers as hosts, Police Chief Don Reeder has announced.

Percy Wyly II, agent in charge of the Dallas FBI field office, will be principal speaker. Bank robbery and burglary will be discussed from all angles, from prevention to establishing road blocks, from investigation through trials.

The Lubbock FBI district covers 19 counties in a rough square from Bailey to Motley and from Gaines to Scurry counties. Officers outside the district also are invited, Reeder said.

GM Court Action

(Continued From Page One)

after today's session broke up, did not comment on Anderson's version of the exchange.

Reuther warned that since "the company made no additional offers, the union will tighten up, keep the strike effective and hold the line."

The injunction petitions were the highlight of the day's activities as the parties sought an end to the 23-day old strike.

Union Members Hit

The Chicago action named Local 719, UAW, and 37 of its officers and members, as defendants. GM asserted that 1,500 employes were kept out of the La Grange plant which normally employee 7,500 hourly and 2,000 salaried workers.

The plant produces engines for Diesel locomotives. The Celeveland suit applied to a Fisher Body factory.

General Motors charged UAW-CIO Local 45 in Cleveland with using "threats and personal abuse" to deter non-striking office workers and supervisory personnel from entering the plant.

Police Are Blamed

In a petition filed in common pleas court, the corporation said the police "did not serve in any substantial degree' to prevent the pickets from "such unlawful conduct." Thirty officers and members of Local 45 were named defendants as well as the local itself.

The petition cited an alleged specified instance of Tuesday. At that time the police department said it had sent its entire mounted division of 50 men to the scene. Officers said at lease 250 pickets turned back office and clerical workers without disorder.

Said "Local Issue"

The court scheduled a hearing for tomorrow on a temporary injunction.

Vice president Walter P. Reuther commented here that it was a "local matter" and would have to be handled "locally" insofar as the International union was concerned.

Elsewhere on the automotive labor front, there were no developments, with the Ford-CIO-UAW negotiations in recess, but in Washington labor department efforts to settle a 48 day strike of 4,000 Greyhound bus employes in 18 states collapsed. Federal conciliators said the company had turned down a government pro-

Congratulations To:

Mr. and Mrs. C. F. Womack of route 2, Lubbock, on the birth of a daughter weighing 7 pounds 14 ounces at 2:50 p. m. Thursday in West Texas hospital. The father is a fire fighter at South Plains Army Air field.

House Split

(Continued From Page One)

lation and has criticized the Expenditures group for delay in handling the measure. The Senate passed a modified version early in October.

Speaking for the committee, Chairman Manasco (D-Ala) asserted the pending measure "is a sensible, workable bill to try and keep up high levels of employment without bankrupting our government." He added that "we can't guarantee jobs for all as the original bill did."

"Buy A Victory Bond TODAY."

posal to set up a fact-finding committee.

In Chicago, spokesmen for some 130 class one railroad and 20 railroad unions asked the National Railway Mediation board to intervene in a contract dispute involving about 1,000,000 operators and non-operating workers. Involved in the dispute are the questions of wages and working rules for the operating brotherhoods.

The railroads declared three weeks of conferences were "stalled on the issue of rules changes." They said wage demands would boost operating costs $2,000,000 annually and that rules changes demanded by two of the 20 unions involved would involve an additional $785,000,000 a year.

The railway labor act provides for mediation and fact-finding procedures when negotiations bog down.

What Helps Agriculture Helps All of Us

Buy Victory Bonds

WHAT is it that helps agriculture? We know that to grow good crops it takes good seed, fertile soil, a favorable climate, and the skill and experience of the individual. Likewise in the production of livestock you need well-bred animals, proper care and feeding, plus intelligent management.

Through better seeds and new types of plants like hybrid corn, through soil conservation methods, better land management, and improved machinery, through more effective control of pests and parasites, America has reached a level of food production never before achieved by any nation in history. Therein lies much of America's strength for the future.

By many a tragic example, history teaches us that when food supplies fail, nations fall. We of America must see to it that our agriculture becomes always a stronger, surer base for the economy of our nation. This is a task not only for you as producers but also for us who, by providing nationwide facilities and services, bridge the gap which separates farmers and ranchers from the distant consumers who must have their products.

And because our business is so closely linked with the land, we at Swift & Company are vitally interested in all developments that help agriculture. And so in these Swift pages we publish helpful information, knowing that a prosperous agriculture is essential to the livestock and meat industry—and to the prosperity of the nation as a whole.

John Holmes
President, Swift & Company

Soda Bill Sez:

. . . generally we should learn two things from life—what to do and what not to do.

. . . if work is a pleasure, a man sure can have a lot of fun farming.

OUR LIVESTOCK JUDGING METHODS

By R. G. JOHNSON
Head, Department of Animal Husbandry, Oregon State College

Domestic animals are machines for converting plant material into meat, fibers, and other human needs. Competition forces the modern farmer to evaluate efficiency in terms of tons or bushels per acre; dairy production in pounds of butterfat per cow per year, and poultry results in number of eggs per year. Thus, since the basic resource is feed and not animals, shouldn't livestock producers evaluate breeding stock on the basis of meat or of wool their offspring produces per 100 pounds of feed consumed?

The show ring standards for judging animals by external appearance have given us advancement up to a certain point, but breeding for the show ring does not always lead to efficient feed utilization.

A step in the right direction is the increasing use of proved sires. Today, through use of artificial insemination, the purebred breeder is greatly assisted in the establishment and increase of efficient blood lines.

Tomorrow's "yardstick" will not only be bigger yields per acre but also more pounds of meat and fiber per ton of feed.

WHAT DO YOU KNOW? How many of the amino acids essential to health are found in meat?

What governs the price of livestock?

In what dessert is meat an important ingredient?

Answers to these questions may be found in the various articles which are printed elsewhere on this page.

THE EDITOR'S COLUMN

A smart steer on range goes to where the forage is best. A smart livestock producer sells where the market is best. There are many sources of information to help him decide where that best market may be. Radio networks and nearby stations report daily on receipts and prices at central and local markets. Commission houses and their field men are ready to give personal advice on the best time and place to sell. Newspapers publish detailed descriptions of market conditions. Various timely reports are available from the U. S. D. A. and other impartial sources on trends and developments in the livestock-and-meat industry.

In making their bids, livestock buyers also use current market information. *Acceptance of any price offered is entirely up to the producer or his sales agent.* Meat packing plants and their buyers are located at so many widespread points that if a producer is not satisfied with prices offered by any one buyer, he has a choice of several others to which he may sell his animals.

Moreover, with 3,500 meat packing plants and 26,000 other concerns and individuals who slaughter livestock commercially, there is bound to be keen competitive bidding for your livestock. Barring meat rationing and price ceilings, livestock prices are governed by what the packer can get for the meat and by-products.

Swift & Company wishes all the readers of this page
A MERRY CHRISTMAS
and A HAPPY NEW YEAR

"AMINOS" ARE IMPORTANT TO YOU! From the nutrition research laboratories comes the story of *amino acids,* mysterious substances found in the proteins we eat. Aminos are used by our bodies to build and rebuild our tissues, organs, and blood. They also help fight off infections.

Of the 23 known aminos, ten are absolutely essential to health and even to life itself. *Meat is rich in all ten of them.* That's why doctors, working to rebuild the shattered bodies of wounded servicemen, order diets with large amounts of meat. That is also why everybody should eat meat for health as well as for its fine flavor and its "stick-to-the-ribs" food value.

Swift and other meat packers, through The American Meat Institute, are telling this vital story of meat and its health-building aminos in many millions of advertising messages. As people read this story, there will be wider markets for meat—and the livestock you produce.

Martha Logan Recipe for
MINCEMEAT
Yield: 4 quarts

1 pound cooked beef shank, chuck, or neck meat	1½ pounds brown sugar
1 cup meat stock	1 quart cider
½ pound suet	2 teaspoons salt
4 pounds apples	2 teaspoons nutmeg
½ pound currants	2 teaspoons cloves
1 pound seeded raisins	3 teaspoons cinnamon
	3 tablespoons lemon juice

Pare, core, and chop apples. Chop together currants and raisins. Add apples, sugar, cider, and meat stock. Cook about 5 minutes. Grind meat and suet. Add with seasonings to apple mixture. Simmer 1 hour, stirring frequently to prevent burning. Add lemon juice.

This mincemeat may be made ahead of time and canned for use throughout the holiday season.

FREE COLORING BOOK!

Boys and girls, here's a swell coloring book for you. It's filled with funny farm animals—Cissy Calf, Biddy Hen, Junior Chick, and many others. And there are rhymes, too. If you'd like to have it, just write to Department 128, Swift & Company, Chicago 9, Ill.

SORGHUMS ON INCREASE AS CATTLE FEED

By A. D. WEBER
Head, Department of Animal Husbandry
Kansas State College

Proof that the new combine-type grain sorghums, Midland milo and Westland milo are the equal of corn as cattle feed, which was demonstrated recently at the Fort Hays Branch of the Kansas Agricultural Experiment Station, will interest feeders who fatten cattle in the Southwest.

Yearling steers fed these two new grains for 150 days gained 2¼ pounds per head daily. *This was equal to results gained by feeding yearling steers No. 2 corn over a like period.* The steers in each lot graded the same (choice), and sold at the same price ($17.00 per cwt.). All grains were fed at the rate of 13 pounds per head daily. Each ration included sweet sorghum silage, 37 pounds; cottonseed meal, 1½ pounds, and finely ground limestone, 1-10 pound.

Three similar feeding trials also proved conclusively that the new combine-type grain sorghums compare favorably with corn as cattle fattening feed—Wheatland milo, Colby milo and Westland milo being tested in these trials.

Increasing use of native feed grains, such as these new type grain sorghums, will greatly benefit the stability and prosperity of this agricultural region.

Education For Negroes

Oklahoma Governor Has An Idea

THE recommendation of Gov. Robert S. Kerr of Oklahoma for a negro university to be established jointly by the Southern state has genuine merit.

While Texas, because of a constitutional provision, could not, anytime soon, appropriate money for an institution to be located outside of the state, it has been suggested that out state could furnish the tuition of Texas negroes at the univerity. Situation of the institution in this state would be too much to expect, since Texas is the westernmost of the states commonly regarded as in the South. Meantime, Texas is putting into effect its program of raising Prairie View Normal school to the university class and offering courses there which are available to white students at other state institutions.

The South has long been negligent in providing higher educational facilities for its negroes, as well as for elementary and high school education. However, in recent years, the South has made notable progress in the latter phase, and it is nothing but logical and fair that arrangements be made for expansion of facilitie for advanced negro education. True, there are colored institutions scattered throughout the South which operate under the labels of colleges or universities, but nowhere south of the Mason-Dixon line is there an educational center which offers training remotely resembling that available to white student in the same region.

Southern states cannot, in all fairness and justice, continue to give the negro educational "left-overs." Because Governor Kerr's proposal is one of the few important suggestions made to remedy the situation, it should receive wide and serious consideration.

Our Postwar Agriculture

AGRICULTURE came out of the war in far better shape than it went in, according to Secretary of Agriculture Clinton P. Anderson. It is, he says, in sharp contrast with the agriculture of post-World war I and is in position to become a major contributor to our future economy.

Anderson says the farmer faces the new era informed as to economic forces, knowing the meaning of being out of balance with industry. He declares the farm mortgage debt is at a record low, that farmers have $11,500,000,000 in the bank and nearly $4,000,000,000 in U. S. bonds.

"Agriculture's possibilities for the future are magnificent," he states, "but can be realized only if industry, labor, agriculture and government all plan and carry out a unified, balanced expansion of production. Agriculture's alternative is a retreat behind economic barricades to throttle down output."

Unlike his predecessor, Anderson expresses himself strongly in favor of a policy of abundance and says that the Department of Agriculture is planning on abundant production. "If scarcity should occur," he says, "it will start in the form of reduced employment, reduced industrial production—not in agriculture."

The secretary's words are refreshing, sharply divergent as they are to the "plow-under pigs" preachments that have been coming from Washington for the last decade or more. Since we have in this country fully half or more of the productive potential of the earth, it seems reasonable to believe that the progress and peace of the world will be stimulated mightily if we demonstrate that an economy of abundance is not idealistic dreaming, but a practicable, workable, common-sense way of doing things.

A Peg For Optimism

PERHAPS it can be safely said that early success of the United Nations organization depends greatly on the outcome of the foreign ministers conference which getting under way in Moscow.

Doubtless the surprise Moscow meeting was scheduled for the prime purpose of "clearing the air" and putting the brakes on drifting tri-power relations, which were broken up a few weeks ago at the ill-fated London conference.

It is imperative that the big nations go into the first United Nations sessions next month in an atmosphere of good will and understanding, else the organization will turn out to be little more than a sounding board for their disagreements.

Russia is generally considered to have been the stumbling block at the London conference. Now, as the host nation, she may be careful to see that the meeting is a success. This hope, vague though it may be, unfortunately seems to be the only peg on which optimism can be hung.

A California medico says that freezing a person will kill all disease germs he may be harboring. No doubt. It is also understood that decapitation will permanently cure dandruff.

One-Minute Sermon

O Lord my God, in Thee do I put my trust: save me from all them that persecute me, and deliver me; Lest he tear my soul like a lion, rending it in pieces, while there is none to deliver. Psalm 7: 1, 2.

Marshall's Report On The War

By Gen. George C. Marshall
Wartime Chief Of Staff

(This is the 24th of 42 installments of material selected from General Marshall's report on the winning of World War II.

THE ROAD TO CHINA

OF all the battle front of the global war, the situation in East Asia two years ago was the bleakest for the United Nations. In seeking to capitalize on the preoccupation of the Western Powers in Europe and the sneak attack on the American fleet at Pearl Harbor, the Japanese had established an immense perimeter of conquest in the Far East. By July 1942 it extended more than half-way across the Pacific, southward almost to Australia, and westward to the mountain barriers of the India-Burma front. The advance eastward of the Japanese had been halted in the critical battles of Midway and the Coral Sea. But Japan still held tremendous areas replete with the natural resources essential to the conduct of modern warfare.

MARSHALL

So far, our advance back over these areas taken by the Japanese in their initial stride had been slow and painful. It seemed to many Americans that if we had to repeat again and against the bloody struggles of Guadalcanal and the Papuan Coast of New Guinea by what was popularly termed "island hopping," the decision in the war with Japan was distant many years. Army and Navy commanders were well aware of the difficulties and paucity of means. Nevertheless, we had undertaken offensive operations in the Pacific and Far East with only the small forces then available because it was imperative that the Japanese be halted and placed on the defensive.

Japan's rush into Burma had isolated China except for the thin line of air supply over the 500 miles of the Himalayan Hump between Assam, India, and the Yunnan plateau. The Japanese had attacked China at the most propitious time for carrying out their dreams of conquest of Asia and Oceania. In the fact of almost a complete lack of war materiel, China had refused to submit. But her condition by the early summer of 1943 had grown truly desperate.

Danger of a Defeated China

China's most critical needs were in trucks and rolling stock, artillery, tanks, and other heavy eqiupment. It was impossible to fly this materiel over the Himalayas in the essential quantities. In fact, except as it supplied the American Fourteenth Air Force command of General Chennault with gasoline, bombs, and ammunition, the Hump air route at that time gave China little material assistance. If the armies nd government of the Generlissimo Chiang Kai-shek had been finally defeated, Japan would have been left free to exploit the tremendous resources of China without harassment. It might have made it possible when the United States and Britain had finished the job in Europe, and assaulted the Japanese home islands, for the government to flee to China, and continue the war on a great and rich land mass

The Combined Chief of Staff recognized that Germany had to be defeated first and that the quicket approach to Japan was across the Pacific, spearheaded by our Navy. Nevertheless, they believed that China must be given sufficient support to keep her in the war.

Accordingly, when this critical phase of the global war was discussed at Casablanca in January 1943, the Combined Chiefs directed that preparations be made to reestablish surface communications to China and to step up the flow of supply over the Hump even though at that time Allied resources were being heavily taxed to bring the North African campaign to a successful conclusion and to extend control over the Mediterranean. We knew they would be much more heavily taxed as we gathered our strngth for th invasion of Franc.

At th TRIDENT Conference in Washington four months later the position of the Allies in Asia was reconsidered, and it was agreed that top priority must be given the Air Transport Command to increase the capacity of the aerial route over the Hump to 10,000 tons a month. It was als oresolved that vigorous action must be taken to begin a Burma campaign in the fall at the end of the 1943 monsoon.

Difficulties of Campaign

Three months later in the QUADRANT Conferene plans were laid in greater detail to realize the maximum effect that could be obtained in Asia with the resources then available. The penetration into Burma from India was a task of unusual difficulty. Communications between the Port of Calcutta and Assam were limited to one railroad which changes from broad to meter gauge and which must cross the sweeping Brahmaputra river in ferries because the monsoon floods make bridging impossible. Nowhere along the India-Burma frontier is there an easy west-to-east passage. The jungles that cover the barrier of the Himalayan foothills are malaria-ridden, infested with acute dysenteries and endemic typhus.

The United States and Great Britain had insufficient landing vessels even to give assurance of the success to the operations planned for the Mediterranean and Western Europe. It was impossible at that time to mount an amphibious attack on Burma from the south.

At the QUADRANT Conference the Southeast Asia Command was created under Admiral, the Lord Louis Mountbatten. Lt. Gen. Stilwell, who commanded the China-Burma-India U. S. Theater, was made his deputy. All the resources the United States could make available to him were allocated for the task of reestablishing land communications to China. It was urgently desired to furnish greater Allied resources in the East than were allottted. They simply were not available.

In the new command structure the Combined Chiefs of Staff continued to exercise general jurisdiction over operations in Southeast Asia and over the allocation of American and British resources. Operations in the Chinese theater of war were under the command of the Generalissimo, with Stilwell as his Chief of Staff. All Royal Air Forces and Army Air Forces combat strength on the Burma front, including the U. S. Tenth Air Force, was formed into the Eastern Air Command under Maj. Gen. George E. Stratemeyer.

(NEXT: Offensive in Burma)

Honest, Courageous Leadership Is Said Needed In Nation

KANSAS CITY, Mo., Dec. 13 (U.P.)—Mrs. W. Glenn Suthers, Chicago, president of the National Federation of Women's Republican clubs, told the opening session of a regional conference today that "a crying need of the times is for honest, courageous leadership."

"The party in power has not produced it," Mrs. Suthers said. "The future under its poor and vacillating direction is far ffom bright.

"The Republican party has its great opportunity to produce the leadership that will meet the needs of the times. If women are ever to assume their full and rightful share of leadership in our party, they must produce it now."

The present administration of the National Federation has repeatedly urged a three-point program, Mrs. Suthers said. It involved extension of organization, financial stability and effective program planning.

Looking At Life ------ By Erich Brandeis

IN London a charge against Sir Oswald Mosley, former British Fascist leader, accusing him of causing unnecessary suffering to some pigs by failing to provide adequate feeding and suitable accommodation, was dismissed by His Majesty's Magistrates, but the Chairman of the Bench expressed the view that Sir Oswald should have been aware of the state of the pigs and should see to it that in future they are better fed and better housed.

BRANDEIS

I fully agree with the honorable Chairman of the Bench, and I furthermore suggest that the loving concern expressed in behalf of Sir Oswald's pigs, might also, in small measure, be applied to human beings.

Any one of you who lives in any big city or good-sized town, or who has visited one of those communities, will agree with me that there are many slum districts all over the land that look no better than Sir Oswald's pig sties and in which the inhabitants are no better housed or fed than his pigs.

• • •

Why is it that we worry so much about pigs and cats and dogs and so little about our own kind?

Why do we cry over and collect funds for the heathens of Timbuctoo and the underclothed Zulus and permit conditions in our own country that would make a self-respecting Zulu sneer at us in contempt?

I have been in New York now for several weeks, away from my lovely little village of Brookfield, and I have done a lot of strolling and meandering and looking.

And many of the things I have seen actually nauseate me. Dirt and filth and poverty right in the midst of wealth and plenty. Hovels, unspeakably ugly and rundown, within a block of a swanky apartment house with dorman and fawning flunkeys.

• • •

THE other evening I watched a Street Cleaning department truck from my hotel window.

Slam bang, went the garbage can into the truck—orange peels, potato skins, wastepaper and filthy rags came spewing out and the wind blew them in all directions.

Did the street cleaners make any attempt to gather up the mess? They certainly didn't. With a final slam and a final bank they hurled the garbage can back to the front of the building and, gaily singing "O sole mio," they rolled on, with gears screeching, to their next destination.

And pretty soon I saw a little boy, not more than five years old, slink out of a side street, pick up one of the orange halves and quietly sucking it, go back where he had come from.

Yes, indeed, I am frightfully sorry for Sir Oswald's pigs, don't you know, and I am frightfully sorry for the birds and the bees and the nannygoats of West Africa and Zambesi about which so many of us are so much concerned.

But I am thoroughly ashamed of the slums and the poor of this rich country of ours in which the cruel capitalists won't even pay their poor workers enough to have two automobiles in every garage.

Our Foreign Relations

HST, Byrnes Need More Contact

WASHINGTON
By Ray Tucker

SEVERAL serious misunderstandings which temporarily marred the conduct of delicate international relations emphasize the grave need for closer and more constant contact between the White House and the State department. Despite their personal intimacy and the proximity of the buildings housing the President and our foreign minister, they seem to operate at times in entirely different areas.

TUCKER

Mr. Truman upset diplomatic row when he recently told a press conference that he did not anticipate any more meetings of the "Big Three," adding that future problems would be handled by the United Nations Organization. Several foreign representatives whose countries are not members of the UNO Security council, which is dominated by the United States, Britain, Russia, China and France, phoned Mr. Byrnes to ask if the Chief Executive had been quoted correctly.

The Secretary of State, after consulting the White House, had to translate and interpret the Presidential remark. He did a rather skillful job, but he has not entirely eradicated the little nations' fear that they may become the victims of power politics.

• • •

EXPLAINED: "The President," explained Mr. Byrnes, "used the term 'Big Three' as it is applied to Premier Stalin, Prime Minister Attlee and himself. At Potsdam we always called them the 'Big Three,' while the foreign ministers, who met in the morning, referred to ourselves as the 'Little Three' —Molotov, Bevin and Byrnes.

"Mr. Truman did not mean that the three countries — Britain, Russia and the U. S. — and perhaps others, would not consult again. And he did not mean that the United Nations organization would make the peace treaties. That is a peace-keeping, not a peace-making body."

The Secretary of State expressed the hope that a final and comprehensive peace conference like that of Versailles would be held after the Council of Foreign Ministers had completed the spade work.

He did not add that when h advanced this idea at the London meeting of the Foreign Ministers, it was bitterly opposed by Russia, and that Moscow still blocks even the blueprinting of an assembly of all the nations to fix boundaries, negotiate trade and economic arrangements and trusteeships etc.

What the 40-odd other members of the United Nations organization fear, as their spokesmen at Washington admit, is that they may find themselves plowed under like Henry Wallace's corn and pigs when the preliminary spade work mentioned by Mr. Byrnes is finished.

• • •

SECONDARY: The gradual unfolding of the major powers' postwar designs convinces the lesser diplomats at Washington that their countries will play only a secondary role when and if any final peace conference is staged at Versailles or elsewhere.

In view of present-day horse-trading involving Washington, London, Paris and Moscow, they figure that they will merely be asked — or ordered — to sign agreements already written and underwritten by the principal Allies.

France, for instance, seeks to make an immediate bargain for territory. She will agree to centralization of control of currency, transportation and communications in her portion of occupied Germany if the Big Three will give her the Saar, the Ruhr and the Rhineland. Mr. Byrnes is willing to discuss the bargain, but Stalin will not listen to it.

• • •

IF—: Moscow will agree to refrain from interference in Britain's sphere Middle East and the Mediterranean — if she is allowed full sway in eastern Germany, Poland and the Balkans. England is suspicious of this deal. France opposes, unless she is compensated by a grant of the industrial sections of western Germany.

Britain will give us defense bases in the Atlantic and Pacific — and certain economic concessions if the U. S. will support her demand for continued control of key areas in the Orient, particularly Hong Kong and Singapore.

London also wants our aid in returning the Dutch East Indies to Holland for fear of the repercussions which a successful Javanese revolt would have on the 400,000,000 restless people of India.

Chiang-Kai-Shek demands Allied assistance, chiefly American, in maintaining his supremacy by helping to repel and disarm the Communists in the northern section. Gen. George C. Marshall's report will influence President Truman's final decision on this.

• • •

TEXAS
By Gordon Shearer

AUSTIN. — The use of the word, "Free," in connection with the Texas public schools is, in one respect, an irony.

For while the public schools are free to students, they cost mamas and papas and other taxpayers nearly $100,000,000 a year. This does not include money for state-owned universities and colleges.

A compilation just completed in the State Department of Education shows that total outlay for public schools in Texas during the 1943-44 school year was $95,243,513. For the following year the amount will move nearer $100,000,000, though final figures on it have not been assembled.

These amounts represent contributions from all sources. To maintain Texas' public schools there are five sources of funds. Federal aid amounts to approximately $2,000,000 a year, says Miss Myrtle Tanner of the Education department's statistical division.

• • •

FUNDS: The state's money for schools is drawn from the available school fund, the rural aid fund and state money to match federal funds for vocational training.

Then there are amounts distributed by local districts, by counties and what is known as "philanthropic" grants or gifts to schools from private individuals or concerns.

It is estimated that the state puts up more than 49 per cent of the money which goes to operate and maintain public schools.

• • •

DIVISION: Based on the tital outlay, there are two figures which may be used in determining how much per student is spent in public education.

During the 1943-44 school year, enrollment in schools totaled 1,242,985 students. However, the average daily attendance was but 1,005,994 students.

Using the enrollment figure, the cost per student was $76.62, while based on average daily attendance the cost was $94.67.

Most money is spent for instructional service. In schools' budgets this includes teaching salaries, tuition for students sent to other districts, supplies for special courses, usual teaching materials and supplies.

In the independent school districts and in rural aid schools, instructional service in 1943-44 totaled $59,717,738. Of this the independent districts spent $46,167,621.

• • •

FROTH: Next greatest expense, though far below instructional costs, under the budgetary heading of "Auxiliary Agencies and Coordinating Activities." This takes in transportation costs, athletic and cafeteria expenses and other costs such as band instruments and uniforms. These amounted to $6,797,985.

They are followed by budget classifications of General control or Administrative costs, $5,345,196, Operation of the School plant, $6,026,920; Maintenance of the School plant, $2,801,531, and Fixed charges, such as rent and insurance, $1,229,528.

"I am feeling low and think some hearty laughs would restore my equilibrium,' said Satin to his Head Imp. "Take care of things while I make the rounds of a few cemeteries and read the inscriptions on the tombstones."

"The average person who marries doesn't know the A B C of matrimony," asserts a sociologist. And no one ever learns the X of it.

Side Glances --- By Galbraith

"I know it's late, but Dad will be awful lonesome in Japan, so I thought I'd send him old Spot for Christmas—he'll send him right back after the holidays!"

Bricker And Stassen Now Hold Spotlight

GOP Candidates Are Shaping Up

By THOMAS L. STOKES
Special Correspondent

WASHINGTON — The outlines for the battle over the 1948 Republican presidential nomination are becoming clear.

For example, talk among party leaders at the Republican National committee meeting in Chicago last week-end was principally about two names for the nomination — former Gov. John W. Bricker of Ohio, 1944 vice presidential candidate, and Harold Stassen, former Minnesota governor and Naval officer during the war.

STOKES

While it is yet too early to be pinning up candidates, the significance of the talk about these two men is that it foreshadows the old fight between the G.O.P. conservative wing of the party and the more progressive wing. The two symbols of this conflict and are, at this early stage, convenient figures about which the contending forces can rally, though one or the other might ultimately win the nomination.

This is a choosing up of sides.

• • •

Bricker In Lead

Governor Bricker is the champion, for the moment, of the old guard, though later on it might turn out to be Senator Robert A. Taft, of Ohio, runner-up for the 1940 nomination, who is reported still to have ambitions.

Governor Stassen is the concentration point, for the time being at least, of the progressive forces. He is the natural heir of the Wendell L. Willkie following in the party. He was floor manager for the Willkie forces at the 1940 convention, though he affronted the late leader and his lieutenants when he became a candidate against Mr. Willkie in the Wisconsin primary in the spring of 1944. It was Mr. Willkie's defeat in that primary test, which was won by Governor Dewey of New York, that led to his withdrawal at last year's convention.

• • •

BRICKER and Stassen scouts were busy about the National committee meeting in Chicago.

Mr. Bricker has the largest following in the committee, which is predominately old guard in makeup, though Mr. Stassen also has some friends, largely among the one-time Willkie element on the committee.

Senator Taft cannot be overlooked in any contemplation of the 1948 picture because of his personal power and influence with the old guard leadership. The Taft-Bricker combination has worked in an interesting way for several years. The senator was given the run in 1940, with the backing of the Ohio delegation. Last year he stepped aside for Governor Bricker, who won second place on the ticket as runningmate with Governor Dewey.

If this Alphonse-Gaston arrangement continues, it would be Senator Taft's turn in 1948.

Taft Has Influence

The senator was not at the Chicago meeting, but his influence was perceptible. Taft men dominated the resolutions committee appointed by National Chairman Herbert Brownell to work out a compromise to pacify dissenters, both from right and left, who were not satisfied with the "platform" drafted by Republican congressional leaders, including Senator Taft.

This compromise, which consisted of another committee —to be designated later by Mr. Brownell—to broaden the "platform" in consultation with party leaders generally, was a typical appeasement gesture. It did not fool anybody. The old guard in the committee is still firmly in the saddle.

• • •

THE progressive minority knows that it must carry on its battle outside, and this already has started.

Mr. Stassen has raised the banner as champion of those who would liberalize the party and its program. He has begun a speaking campaign that will take him before all sorts of groups in the next two years.

This battle may be extremely important for the future of the Republican party.

Scout Finance Drive Hits $6,940 Total

Collections Thursday brought total in the annual Boy Scout finance drive to $6,940 with reports by the big gifts committee and the general solicitations group still incomplete, G. W. Unger, South Plains Scout executive, reported.

The big gifts committee has solicited $3,460 and the general solicitations group has reported $3,480. Both groups are working toward a goal of $4,000 each, Unger said.

Approximately one-half of the expected amount to be solicited by the employes group, headed by the American Business club with Roy Krebbs as chairman, has been collected. It is expected that $400 will be added to the unreported amount, Unger said. This fund will be contributions from employes of Lubbock business firms and the Texas Tech group.

Three teams, who hold approximately 35 cards for prospective contributors of generous amounts, have not reported on the big gifts committee.

"The drive looks very successful and all indications point toward topping our two goals," Unger stated.

"Total of $6,940 raised so far does not include $2,700 pledged yearly by sustaining members," Earl B. Collins, general chairman of the annual drive, said.

Germans are reported to have been constructing the Jaeger P-13 jet-propelled plane on V-E Day that would fly up to 1500 mph.

$35,000 Is Awarded W. H. Baucum In Suit

After two hours of deliberating a U. S. district court jury returned a verdict Thursday afternoon awarding Weaver H. Baucum, formerly a farmer at Seagraves, $35,000 in his suit against the Southwestern Public Service company.

Baucum, who appeared in court on an ambulance litter, claimed that injuries sustained from near electrocution at the utility company's Seagraves plant last January 2 had caused paralysis of his body below the waist.

The plaintiff had gone on the roof of the electric plant in Seagraves in an attempted rescue of George Eubank, Lubbock resident, after the latter had also sustained serious injury from the 23,000-volt current, charges said. The current allegedly arced through the body of Baucum, eventually causing paralysis.

The case was begun Monday morning in court here with Judge T. Whitfield Davidson presiding.

Court was adjourned at 3 o'clock Thursday afternoon until Monday, Feb. 25, by Judge Davidson.

On the docket for the February term of court will be civil cases. There are Mrs. Betty Gertrude Handy, et al, vs American Employers Insurance company; Hubbard Lee Moore against Continental Casualty company; A. M. Wynn against Employers Liability Assurance corporation; T. O. Hunt against Southwestern Public Service company; and I. G. Appleton against the Columbian Carbon company. The first four will be jury trials.

MORE WEST PLAYERS

SAN FRANCISCO, Dec. 13. (AP)—Coach Orin S. "Babe" Hollingbery of the Western team announced today more acceptances had been received from players for the East-West football charity game, here New Year's day. They were from Centers Bill McGovern, Washington and Earl Wheeler, Arkansas; Guard Alf Hemstad, Washington, and End Eugene Wilson, Southern Methodist.

STOCKS STILL SLOW

NEW YORK, Dec. 13 (AP)—Selected rails and industrials enjoyed half-hearted recoveries in today's stock market while steels, motors and many other pivotals slipped to further losing territory in one of the slowest sessions of the past two months.

A little bidding was based on revived hopes for the carriers following N. Y. Central's big order for new passenger cars. Earnings, dividend prospects and the urge to employ idle funds persisted as individual props. Transfers of 1,220,000 shares compared with 1,680,000 Wednesday and were the smallest for a full stretch since Oct. 30.

The Associated Press 60-stock composite was off .1 of a point at 75.9. Of 985 issues appearing, 518 fell, 279 rose and 158 were unchanged.

Among the best performers were St. Paul Railway common (when issued) which touched a peak at 33, up 1⅜. Prominent gainers were Dow Chemical, up 4½ on a few sales; Eastern Air Lines, up 4 and Allied Chemical, up 2⅞.

Ahead were Santa Fe, N. Y. Central, Southern Pacific, American Telephone, Boeing, Union Carbide, Shamrock Oil, Pullman, Budd Mfg. and Oliver Corp. Casualties included U. S. Steel, Bethlehem, Chrysler, General Motors, Packard, Radio Corp., Standard Oil (NJ), Douglas Aircraft, Sperry, Eastman odak, Anaconda, General Electric, J. C. Penney, International Harvester and Du Pont.

Railway bonds stiffened.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 13 (AP)—Long realizing and increased hedge selling caused declines in cotton futures here today. Closing prices were steady 30 to 50 cents a bale lower.

	Open	Close

Oct.	23.35	23.27-28

B—Bid.

NEW YORK REPORT

NEW YORK, Dec. 13 (AP)—Cotton futures market drifted lower today, under pressure of light hedge selling and liquidation. Selling of December 1945 position, which expires tomorrow at noon, met an absence of support and the delivery sold off as much as 80 cents a bale.

Futures closed 45 to 70 cents a bale lower.

	Open	High	Low	Last

AVERAGE PRICE

NEW ORLEANS, Dec. 13 (AP)—The average price of middling 15-16ths-inch cotton today at ten designated southern spot markets was 45 cents a bale lower at 24.53 cents a pound; average for the past 30 market days 24.11; middling ⅞ths-inch average 22.98.

Flu Cases Rise

(Continued From Page One)

more significant comparisons might be made from figures dating from July 1.

From that date this year up to the present, 94,260 cases have been reported, compared with 23,238 for the same period in 1944 and 49,062 in 1943.

Texas' Total High

The officials said 'flu was "above normal incidence" in the following states:

Texas, where cases rose to 7,332 from 4,436 in a single week; Kansas, 6,848 from 782; Utah, 4,241 from 383; Virginia, 3,933 from 1,438; West Virginia, 3,395 from 1,276; South Carolina, 2,459 from 1,117; Indiana, 1,317 from 1,253; Arkansas, 785 from 61; Colorado, 607 from 447; and Nebraska, 577 from 112.

Laboratory studies and local characteristics of the disease indicate that the virus causing the present outbreak is the "B" type of virus—the kind that usually causes localized outbreaks, as compared with the "A" type which has been recognized in nationwide outbreaks.

Full Eclipse Of Moon Is Scheduled Dec. 18

AUSTIN, Dec. 13 (AP)—It will be a dark night Tuesday, Dr. E. J. Prouse, University of Texas professor of applied mathematics and astronomy, assured Texans today.

A full eclipse of the moon Dec. 18 will be visible over more than half the earth and leave that half in almost total darkness for one hour and 19 minutes, he said.

A golden glow will be cast over the moon as it moves into the earth's shadow at 6:38 p. m. Total eclipse will last from 7:41 p. m., to 9 p. m. The moon will clear the earth's shadow by 10:30 p. m., he said.

The only light visible during the total eclipse will be cast from the earth's fringe. Total blackout would be impossible unless heavy clouds surround the earth when the moon enters the eclipse, he said.

The eclipse will be visible throughout the United States.

At A Glance

NEW YORK, Dec. 13 (AP)—

STOCKS — Irregular; rails up, steels and motors slip.

BONDS—Steady; rails improve.

Jap Sub Chief

(Continued From Page One)

protesting at this spectacle," Capt. Cady added.

Capt. Thomas J. Ryan, Jr., the court's judge advocate, expressed regret at the introduction of "emotional aspects."

He said he would "resent as much as anybody" any questioning of the Japanese as to the honor or integrity of the accused officer, but that he intended to ask only for "facts in the knowledge" of the witness.

Takes Two Oaths

He said he would ask only "where he was on specific occasions, what he saw, what he did and how he did it."

The defense also challenged Hashimoto's credibility and competence on the ground that he would not appreciate the nature of an oath.

The court, headed by Rear Admiral Wilder D. Baker, accepted Hashimoto as a witness after ruling it "proper" that he take two oaths, one the standard form given non-believers, and the other the oath administered in Japanese courts martial.

Hashimoto said through interpreters that he was a Shintoist, was fully aware of the difference between truth and falsehood, and his religion taught belief in sure punishment for falsehood.

Anti-Inflation Curbs

(Continued From Page One)

vide fact-finding on disputes and a compulsory 30-day cooling-off period. It cost him CIO's political friendship.

Priorities Are Restored

2. Announcement that priorities will be restored—only two months after they were scrapped—to provide building materials for needed low-priced dwellings; also, a request for price controls over new and old homes, after an earlier decision not to seek them.

3. A slow-down in OPA's program of lifting individual price ceilings; in the case of citrus fruits, an OPA request for restoration of a ceiling already lifted, because orange and grapefruit prices soared. Cocoanut prices have quadrupled since control ended, some fur coats have doubled.

4. A bare-knuckle battle by OPA Administrator Chester Bowles and others for an immediate extension of the price control act beyond June 30, on grounds that mere knowledge of its approaching end encourages inflationary psychology and may postpone the movement of goods to market at present prices.

A pair of bluejays has been known to rout a cat by a series of attacks in which one bird noisily attracts its attention while the next dives in silently to deliver a sharp peck.

Thirty-Six Dachau Guards To Be Hanged

DACHAU, Germany, Dec. 13 (AP)—Death by hanging was decreed today for 36 men of the notorious Dachau concentration camp staff, including Commandant Martin Weiss and Dr. Karl Schilling, for atrocities against inmates during their horror regime.

Of the other four defendants, one was sentenced by the U. S. military court to life imprisonment, and three were sentenced to 10 years each.

The accused took their sentences stoically although several bowed their heads when the verdict was read. Schilling later broke down and cried. In the audience of 400 German civilians, a few friends and relatives of the prisoners wept.

The Dachau sentences were stiffer than those imposed by a British court at the Belsen concentration camp trial of 44 men and women.

Japs Warned Nazis

(Continued From Page One)

Lloyd's had discontinued sale of war risk and bombardment insurance in Hawaii.

Phrasing his comments as questions to Maj. Gen. Sherman Mills, then in the witness chair, Ferguson wanted to know:

If Lloyds was not close to the British government.

If Aug 25, 1941, was not about the time that Prime Minister Churchill returned from the Atlantic Charter conference where President Roosevelt agreed to give Japan a warning against further aggression.

Jap Fleet Said Poised

Miles expressed the opinion that Lloyds was not close enough to the British government to get reports on the conversations of Mr. Roosevelt.

The Navy statement also disclosed that as early as Feb. 8, 1941, the U. S. Naval orserver at Singapore passed along British information that the Japanese had a string of ships all across the Pacific radioing word daily to Tokyo.

Knew Of Jap Activity

Other items included:

A June 4, 1941, appeal from Admiral Harold R. Stark to Pacific Naval commanders to keep him "continually informed" on what the chief of Naval operations indicated was intense Japanese activity in the Marshall and Caroline islands.

On the other hand was a message from Admiral Thomas C. Hart of the Asiatic fleet to Stark saying that it appeared that other Pacific commanders "often have information of range (Japanese) activities which should promptly be passed to me but which has not been done in the past."

Had Dope On Japs

Back on July, 29, 1941 was a monograph by the Office of Naval intelligence with 20 copies to be provided for Admiral Kimmel at Pearl Harbor. This showed the "organization of the Japanese fleet" and concluded:

"It is evident that Japan has marshalled its full Naval strength and is on a full wartime footing."

The Navy report also said:

"It appears from the records of the several investigations by the Navy that there was sent or otherwise available to Admiral Kimmel much intelligence information concerning the Japanese fleet organization and ship dispositions."

Feared Capitol's Lethargy

Kimmel, in a letter to Stark September 12, 1941 expressed concern that there might be "some in Washington who might be inclined to overlook" the needs in the Pacific.

"Until we can keep a force here strong enough to meet the Japanese fleet we are not secure in the Pacific," he wrote.

Stark replied that "at the present time the President has issued shooting orders only for the Atlantic and Southeast Pacific subarea." He also replied to another question by Kimmel by saying:

"If conclusive, and I repeat conclusive, evidence is obtained that Japanese submarines are actually in or near the United States territory, then a strong warning and a threat of hostile action against such submarines would appear to be our next step."

Could Have Phoned

The question about telephoning to Hawaii was put to Marshall indirectly by Lt. Gen. Walter C. Short, 1941 Hawaiian commander. Short did not receive a telegraphed warning from Marshall until seven hours after the Japanese attack.

Short, a daily attendant at the hearings of the Senate-House investigating committee, gave William D. Mitchell, committee counsel, a series of written questions he wanted asked.

One was whether a message simply to be on a complete alert could not have been telephoned when Marshall learned on the morning of Dec. 7 that the Japanese apparently were going to make a military move of some nature at 1 p. m., Eastern Standard time (dawn Hawaii).

Marshall said it probably could have.

Kept Plane Waiting

The former chief of staff had testified earlier that he did not telephone because the Japanese might listen in, learn the United States knew of the one o'clock deadline for presentation of an ultimatum to this country, and hence that their coded messages were being read.

Marshall was dismissed as a witness at 12:45 p. m., after more than 26 hours of testimony, and hurried from the room as spectators applauded. In his seven days with the committee the general had kept a plane waiting to take him to China as a special Presidential envoy.

City Water Fees

(Continued From Page One)

that repeated requests for water service without the city limits were being made in areas which ordinarily should be within the city limits. The commission voted to extend the city limits in two different areas after petitions had been presented. They were the Lone Star addition, now known as Tech Terrace, in southwest Lubbock near Wagner park and a part of blocks 65, 66, 67, 68 and 69, Wheelock second addition, in southeast Lubbock.

Election Return Convassed

Commissioners officially canvassed last Tuesday's election, finding that all 14 propositions of the $5,894,000 bond issue had carried by one-side margins as previously reported unofficially, all propositions getting more than 1,100 votes and more than 1,200 in some instances while opposition votes ranged from 25 to 86 votes.

Elmer East and C. R. Woolsey, representing bonding companies, advised commissioners regarding various details of marketing the bonds, which is expected to be within the next 60 to 90 days.

Other action of the commission included:

Passage at second reading of ordinances No. 734 and 735, closing a portion of Ave. J, south of Nineteenth and a portion of the alley between lots 1 and 36, block two, Dupre addition, to compensate the street closing;

Acceding to the request of Rev. C. J. McCarty, pastor of the Calvary Baptist church, for a railroad crossing at Ave. L and First, and granting a request for temporary foundation for a temporary addition to the Calvary church, Eighteenth and Ave. T.

Approval of a contract for two new city water wells to L. A. Peeples for $2,270;

Purchase of a car of cylinder lubricating oil from Cities Service Oil company at 23.5 cents for gallon;

Close Alley for New Church

Passage of an ordinance closing an alley between Broadway and Main and opening of an alley north and south in the 1900-block for the new Broadway Church of Christ building after Paul Sherrod and Claude Tatum had presented petitions approving the closing signed by all property owners and their wives in the block;

Approval of general contractor bonds for J. Ray Givens, T. A. Brown and John C. Harris and an insurance policy for the Yellow Cab company;

Rejection of a request by L. W. Woods for permit to stencil house numbers on curbs in residential areas; and

Claim Is Rejected

Rejection of the claim of W. T. Dickson for $35 damages to his car suffered in a collision caused by water from the city cooling tower blowing on the street and forming ice.

The commissioners heard Jack Randal, local attorney representing the Santa Fe railroad company, present a request that railroad property running south of Fourth street from Ave. O to College be changed to an "L" zone. The request had previously been rejected by the City Planning commission. Ray Forbes, division freight and passenger agent; H. C. Vincent, traffic manager; R. H. Deideker, freight agent; W. H. Jones, division superintendent and J. O. West, engineer, Santa Fe officials, also were present. Action was deferred.

Smith Presented Watch

The commission meeting was interrupted shortly after 5 o'clock when more than 100 city employes filed into the room to witness the presentation of a fine watch to retiring City Manager Marlin R. Smith. Vaughn Wilson, city attorney, spoke briefly and Hubert Crawford, chief engineer of the light plant, oldest city employe in service, presented the watch to Smith.

Mayor O. W. Ribble presided and attending were Commissioners Hub Jones, W. B. Price, J. Ray Dickey and Fred H. Childress, Wilson, Smith and City Secretary Lavenia Williams.

Jap Officers To Hang For Slaying Airmen

KWAJALEIN, Dec. 13. (AP) — Three Japanese officers were sentenced to the gallows today for the slaying of three American airmen on Jaluit atoll in March, 1944.

The military commission which yesterday adjudged them guilty let off a fourth defendant with a 10-year sentence.

On Tuesday six other Japanese were sentenced to hang for beheading five Americans whose bombers crashed on Mili atoll.

Truman Expected To Recommend Merger Of Armed Forces Soon

By MERRIMAN SMITH
United Press Staff Writer

WASHINGTON, Dec. 13. — President Truman is about to step squarely into the battle over unification of the armed services. According to present plans, he will send a pro-unification message to Congress sometime next week.

The public will then learn exactly what the President meant when he said recently that Army and Navy leaders would find themselves in the same boat by the time his message was delivered.

Forrestal Fights Plan

Meanwhile, Secretary of Navy James V. Forrestal made his second appearance before the Senate Military Affairs committee to fight Army-backed proposals for merger of the Army and Navy.

Armed with elaborate brochures and charts, the secretary insisted that the Navy program for a national security council and a national security resources board was the best method of marshalling America's political, military and economic might.

Plan Is Given

Navy leadership has consistently and vociferously opposed unification. The Army has been equally vocal in favor of it.

White House strategy seemed to be this:

Once the President comes out for unification, it will not be proper or advisable for any member of the armed forces to oppose publicly the recommendations of the commander-in-chief.

Mr. Truman conferred this week with Gen. Dwight D. Eisenhower, the new Army chief of staff and an advocate of unification. Eisenhower would not say what he and the President discussed. But he did say he had assured the President that the Army was "his" and ready to do his bidding as commander-in-chief.

Sources close to the President suggested that the Navy would come around to the same position and not oppose unification once the President has formally endorsed it.

Motorists Warned On Slippery Highways

SANTA FE, N. M., Dec. 13. (U.P.) —New Mexico state police today warned motorists driving on northern mountain roads in the state to observe extreme caution on the slippery highways.

Motorists traveling over Glarieta Pass and Raton Pass in particular were being urged to use chains.

In spite of the slippery highways, no serious accidents have been reported since a 24-hour snowfall blanketed the northern part of the state, police said.

Moscow Meeting To Be Given News Play

MOSCOW, Dec. 13. (AP) — The British and American embassies in Moscow are planning to hold regular press conferences for spot news and background guidance during the foreign monister's conference, scheduled to open here Saturday.

Any official statement on news policy at the conference, however, awaits the arrival of U. S. Secretary of State James F. Byrnes and British Foreign Secretary Ernest Bevin.

First Navy aircraft to have tricycle landing gear is the Douglas BTD-1 Destroyer, a dive bomber.

Peron Says Russia Real Winner Of War, Cites Soviets' Gains

By RAFAEL ODORICA
Associated Press Staff Writer

BUENOS AIRES, Dec. 13 — Juan Peron, now as avowed candidate for the Argentine presidency, said today that Russia was the real victor of World War II.

"The Russian revolution has just written its great epic on the battlefield," the former vice-president told 3,000 delegates of what he called "our new party." "The Allied powers may have contributed to victory, but the outstanding fact of the times is that Russia today occupies all Europe and part of Asia."

Argentina Said Touched

Peron cautioned the delegates: "Let us not make the mistake of believing that the great forces the war has loosed upon the world will leave Argentina unruffled."

Peron, campaigning for the election next Feb. 24, outlined what he said would be the platform for the "New Party," including further development of a "five year plan" he said he originated at the urging of President Edelmiro Farrell.

He pledged reforms through newly created government agencies—the agrarian council to restore land to those who work it even if it means taking it from those who regard themselves as the owners; and the postwar council, which is reorganizing Argentine industries.

Austin Negro Faces Charge In Stabbing

AUSTIN, Dec. 13. (AP)—Woodrow Grady, 18-year-old negro, was charged in Justice Mace Thurman's court yesterday with assault with intent to murder.

The negro youth surrendered to Sheriff Rip Collins in connection with the stabbing of E. R. Petri, Austin Transit company bus driver.. Petri was reported to have been stabbed four times Tuesday when he went to the aid of another driver who was in argument with a negro concerning fare.

Lewis E. Nance Gets Aid In Tech Program

First person to benefit by Texas Tech's department of animal husbandry plan to assist former students restock their ranch after serving in the armed forces was Lewis E. Nance, animal husbandry graduate of 1941.

A pure-bred herd of Hereford cattle was sold Nance who recently was discharged from the Army after three years service. The herd and nine feed mills were added to Nance's commercial cattle holdings on his ranch in Scurry county.

Other former students have purchased cattle from the department of animal husbandry at different times, Dean W. L. Stangel said. Although the number of cattle is limited, the department hopes to serve as many veterans as possible in the future.

Primitives caught fish in weirs of stones or wood.

City Directories For '45 Are Distributed

The 1945 city directories, delayed several months because of labor and materials difficulties, are being distributed this week.

There is slight difference in the major arrangement of the book, which is 38 pages larger than that for 1944, but there is a different type face used and a given surname may be listed only one time, with others of the same name belisted by initials only in an indented tabulation following.

Owen W. Aaron, a mechanic of Lubbock Auto company who was listed as living at Jones cottage on route 6 is the first individual named in the directory, and A. C. and Lillie Zurke, USA, listed as living at 2424 Fifteenth, the last na...

Food, Nutrition And Rationing News . . .

Toasted Or Spiced Nuts Are Delicious

Nuts are plentiful. Toast and salt them at home for extra economy and fine flavor. They belong in the holiday hospitality picture.

Toasted Salted Nuts

One pound shelled peanuts, pecans, and almonds; 4 tablespoons butter or fortified margarine, salt.

Slip skins from peanuts. Pecans need no attention after shelling, but almonds must be blanched before the enveloping brown skin can be removed. To blanch: pour boiling water over almonds. Let stand 5 minutes and drain. Remove skin. Melt butter or margarine in heavy frying pan, add nuts sufficient to spread out in bottom of a pan. Stir over low heat until toasty brown, taking care not to burn. Sprinkle gereously with salt.

Spiced Pecans

One pound halved pecans, 1 egg white, 1 tablespoon water, ½ cup sugar, dash nutmeg, dash ginger, dash allspice.

Break egg white on large platter; add water and mix. Add pecans and mix well with egg white. Mix sugar, nutmeg, ginger and a dash of allspice. Put this spice dsugar in a bag. Begin to add the pecan meats(well spread with egg white) about 1-4 cup at a time, tossing them in prepared sugar until well coate. Remove to greased paper sheet, spreading out well. Toast in slow oven (250 degrees F.) until delicately brown (10 to 15 minutes).

Almonds Glace

One cup light corn syrup, ½ cup sugar, dash powdered anise, 1-4 cup butter or fortified margarine.

Measure syrup into large heavy saucepan. Add sugar mixed with the anise. Add butter or fortified margarine. Cook to "hard crack" stage, stirring no more than necessary to prevent burning. Remove from heat. Dip the nuts into hot syrup and remove to greased platter (one by one) to cool. If syrup begins to harden before all nuts are dipped, gently reheat to a liquid over low heat.

Sugar Substitutes Suggested For Candy

Unrationed chocolate will be the mainstay of many a candy recipe this season. Nuts, raisins and other dried fruits which are plentiful will all compete for honors, too. Neither of the following recipes uses any sugar:

NUT BARS
(Makes 24 Bars)

½ pound sweet chocolate
2-3 cup seeded raisins
2-3 cup chopped peanuts
½ tsp. salt

Melt chocolate in the top part of a porcelain enameled double boiler. Stir until smooth, and when nearly cool, add salt, raisins and peanuts. Mix well and spread the batter, inch thick, into a porcelain enameled shallow pan. When cool, cut into 24 strips.

HOCOLATE BALLS
(Makes 20-25 Candies)

½ pound sweet chocolate
1 egg, unbeaten
2 tbsp. butter
Chopped roasted almonds

Break chocolate into pieces and let melt in the top part of a porcelain enameled double boiler. Add egg and mix until smooth. Stir in butter. When cool, form into small balls and roll quickly in the chopped roasted almonds.

Three German POW Escape Hatch Camp

HATCH, N. M., Dec. 13. (U.P.) — FBI officials have warned all law enforcement agencies to keep a sharp lookout for three German prisoners of war who escaped yesterday from the Hatch, N. M., POW camp while on a work detail.

Special FBI agent R. C. Suran at El Paso identified the trio as Mathias Burg, 28, who speaks English; Henrich Burwith, 22, and Alfred Ottemworth, also 22 years of age.

Floral motif in damask tablecloth is duplicated in Christmas table decoration—a centerpiece of cardboard tree, candles, fruit and roses.

Decorated Table At Christmas Will Whet Family's Appetite

By GAYNOR MADDOX
NEA Staff Writer

CHRISTMAS decorations are a joyous part of the season. Let's carry them to the family dinner table and make the Yule feast colorful and beautiful. Here are some suggestions:

A centerpiece made of finely crushed ice, evergreens and red flowers such as poinsettias, carnations, roses, cyclamen, and popcorn. Invert a glass in a large mixing bowl. Pack bowl with crushed ice and place in refrigerator for three hours. Turn out on a shallow bowl or a large plate. Remove glass and fill the glass cavity with red flowers. Bank edges of your home-made snowball with fir, and complete concealment of the plate or bowl with popcorn snowdrifts. Encircle with red Christmas candles in low holders concealed in the evergreens.

Bricks Add Color

Here's a modern centerpiece. Buy four glass bricks, six by six inches. Arrange bricks with sides of three of them touching, like boxcars, down the center of the table. Place the fourth brick atop the center of the trio. Set low red candles in the center of each of the three units, stabilizing them with florist's putty or some of Junior's modeling clay. Wreath base of candles and bricks with holly, and fill in with pine or fir.

Use your Irish damask cloth with a floral pattern. Repeat the floral motif in your centerpiece. Make a silver cardboard Christmas tree for center. Bank up a little way with colorful fruits—apples, oranges, grapes and bananas. Above the fruit, mass roses or lilies, according to design in the damask cloth. In candelsticks hidden in flowers, place long thin candles. The effect is beautiful and new.

POPCORN BALLS

2-3 cup corn syrup
1 1-4 cups Brer Rabbit Molasses
1 tablespoon butter or margarine
1-8 teaspoon soda
4 or 5 quarts popped corn

Cook together corn syrup, molasses and butter (or margarine) until, when a little is dropped in cold water, it becomes brittle. Stir in soda and pour over popped corn stirring corn continuously. Form into balls. Makes about 14 balls.

Variations: ½ cup chopped marschino cherries, nuts or chocolate bits may be added to he balls for variation. If so, add them before pouring on the syrup.

One out of every 14 farm accidents in West Virginia is fatal, according to the West Virginia University extension farm labor office.

Better Breakfasts Mean Better Grades

Better breakfasts will mean better grades and better health is the campaign slogan of Ava Nell Cheek, senior foods and nutrition major at Texas Technological college.

Students who received mid-semester reports of failing grades may trace the cause of low marks to the fact that their fuel reserves were used up because they omitted breakfast. They become irritable and fatigued without a substantial breakfast and cannot study intelligently.

Most college students get up too late for breakfast and attend their morning classes without eating. The college bookstore is crowded with students before noon eating candy bars because they skipped breakfast. Miss Cheek urges students to omit excessive fats and sweets between meals and eat breakfast.

Better breakfasts not only mean better grades and better health but also rosier dispositions, concludes Miss Cheek.

A firkin is an old ale and beer measure containing nine gallons.

PEANUT BRITTLE

1 cup sugar
½ cup light corn syrup
½ cup water
2 tablespoons butter or fortified margarine
1 teaspoon vanilla
1 cup coarsely chopped peanuts

Combine sugar, syrup and water and cook over low heat, stirring only until sugar dissolves. Then cook quickly, without stirring, to 265 degrees F., or until syrup forms a hard ball in cold water. Add butter or margarine and cook until syrup forms brittle threads when dropped into cold water. Remove from heat, add nuts and vanilla and pour onto a greased baking sheet, spreading thinly. Cool, and then break into bite-size pieces.

Before Act 26 in the reign of George II, there was no necessity in England for any religious ceremonial in the performance of a marriage, which might be contracted by mere verbal consent.

HST Scores With People Again With Civil Service Pay Boost

By GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J.—If the majority of voters had their way civil service workers in the Federal government would get a raise in pay.

GALLUP

President Truman recently proposed a 20 per cent increase for them, and the idea has won substantial public approval. The main resons for the approval are a general feeling on the part of the public that men and women under civil service have long been underpaid, and that the rise in living costs makes action necessary now.

The Truman pay proposal was put to voters in a nation-wide survey as follows:

"President Truman thinks the wages and salaries of civil service workers in the Federal government should be raised 20 per cent. Do you favor or oppose such a raise?"

The vote:

Favor	53%
Oppose	33
No opinion	14

Greatest opposition to pay raises for Federal workers is found among farmers. Sentiment among all other occupation groups is being well summed up in the comment of one voter who said, referring to civil service workers: "There's one bunch that hasn't made money out of the war."

	Favor	Op-pose	No op.
White collar	58%	31%	11%
Manual workers	57	26	17
Bus. and Prof.	56	33	11
Farmers	32	53	15
Union members only	65	22	13

A substantial proportion of people on civil service lists are white collar workers, although the total includes many manual workers.

The general public has felt all during the war that white collar workers as a group benefitted less from the wartime economic boom than any other major group, as the following poll revealed last June.

"What class or group of people in this country has done best financially during the war compared to what they made before the war?"

Labor, war workers other workers	60%
Bus. execs., upper class people	15
Farmers	5
White collar workers	2
Misc. or no partic. group	17
	62%

"Do you think any class or group of pepole in this country is not making as much money as it should?"

A total of 59 per cent replied in the affirmative, and these people were asked what group they had in mind.

The vote follows:

White collar workers	25%
Skilled and manual labor	15
Farmers	10
Bus. and Prof.	9
Misc.	5
	62%

Wave Of Violence Is Reported In Poland

WARSAW, Dec. 13 (AP) — Vice Premier Stanislaw Mikolajczyk said today in an interview that a wave of political murders in Poland were being committed by enemies of the nation who are seeking to provoke intervention by American and British armed forces.

The ministry of public security said "scores" of persons had been killed "in the last three weeks."

The vice premier's own right-hand man, Boleslaw Scibiorek, secretary of the general Polish peasant party, was the most recent victim. He was shot by unidentified men who entered his apartment in Lodz last week.

Mikolajczyk denied, however, as "absolutely untrue," reports that three separate attempts had been made upon his own life.

Mikolajczyk said among the major problems ahead in the new year was the stabilization of the government through elections, organization and distribution of food supplies, communications and transportation.

The eye of the chameleon is shaped like a funnel with a tiny pupil at the small end.

Higgins Plays Santa, Gives Entire Plant To Three Empoyees

NEW ORLEANS, Dec. 13 (AP) — Andrew Jackson Higgins, sr., played Santa Claus without a beard today, presenting a $100,000 electric appliance business to three employes.

One of the trio, J. O. Crary, said they were "completely overwhelmed."

Higgins, whose boat building properties here are in liquidation after labor difficulties, said he had turned over the electric appliances division of his Higgins Industries, Inc., to the division's three present operating heads "to show that management appreciates loyalty and efficiency."

The new owners are Crary, former division manager and president of the new company, L. V. Busenlener and W. H. Bramblett.

Christmas Candy...

Even though sugar is scarce, Christmas candy is a must during the holiday season. Make yours with Imperial Pure Cane Sugar. The quick-dissolving, pure cane crystals of Imperial provide the maximum sweetening power and help to stretch your limited sugar supplies. Use Texas' own Imperial Pure Cane Sugar.

Mayor LaGuardia Says British Holding Up Promises To Italy

NEW YORK, Dec. 13. (AP) — Mayor F. H. LaGuardia said today "other governments — and specifically Great Britain" — were preventing the redemption of promises made to Italy in the name of the United States.

"We must be frank about it," the Mayor declared in an interview. "The treatment given Italy so far is not in keeping with our traditions and the promises we made to Italy.

"The promises I made, the hopes I held out to Italy, in the broadcasts I made were not personal promises. Everyone of them had the approval of the American government."

The Mayor had broadcast to Italy during the period before that country's capitulation.

"There is no use fooling ourselves," the Mayor said. "There is a conflict in policy between the United States and Great Britain over Italy. I only hope that Italy can stand it while Great Britain has the upper hand."

BRITISH SOURCES EXPRESS FURPRISE OVER CHANGES

LONDON, Dec. 12. (AP) — Government sources declined tonight to comment on a charge by Mayor Fiorello LaGuardia of New York that the British are obstructing the fulfillment of promises given to Italy during the war.

The unofficial reaction appeared to be one of surprise. A person who has been in a position to observe Anglo-American procedure said, "I honestly don't know what LaGuardia could be talking about."

Another unofficial in mant expressed doubt whether there were any major differences between the United States and Britain over Italy.

Coast-To-Coast Trips In Four Hours Seen By Pilot Of B-29

NEW YORK, Dec. 13. (AP)—Col. Clarence S. Irvine, pilot of the B-29, "Dreamboat," that set a Burbank-New York record of less than five and a half hours, said today coast-to-coast flights in four hours at 35,000 feet were possible without much change in present aircraft.

Described himself as "just a glorified chauffeur," Irvine said at a news conference that the Dreamboat's 2-464-mile record hop yesterday was made with a standard combat ship having regulation equipment.

"We have no desire to kid ourselves with souped-up equipment," he said. "This run was a pretty rough test of our equipment. We ran the engines at full power all the way."

The B-29's equipment worked perfectly, Irvine said, and strong tailwinds helped the plane to average 450 miles an hour, and bring a high of 551 miles an hour.

Big Oklahoma Ranch Bought By Texans

BOISE CITY, Okla., Dec. 13 (AP) —Sale by R. C. Thatcher of his 39,800 acre ranch in southwestern Cimarron County, Okla., to Ton Nance and G. E. Hall of Midland, Texas was announced today.

Thatcher, a Pueblo, Colo., banker, operated the ranch for 25 years. Sale price was reported over $450,000. In addition to the land, 15,000 head of Herefords and other livestock went to the Texas purchasers.

Building Permits In City Showing Boom

Application for permits to build business buildings have increased sharply in the last two days, according to City hall records.

One of the largest permits to be issued here since pre-war days was issued Wednesday to Robert E. Maxey, local contractor, for the construction of a $110,000 reinforced concrete business building at 2701-14 Twenty-sixth in the Green Acres addition.

A move toward closing a gap in the downtown Broadway lineup of business buildings was taken when George S. Berry, Lubbock attorney, applied for permission to build a $36,000 structure at 1302-04 Broadway.

Homer Maxey, lumberman, joined with his brother, Robert, in applying for a permit to build another business structure, costing $30,000, in Green Acres, at 2801 Twenty-sixth. The building will be of reinforced concrete.

The buildings contemplated by the Maxeys take up all the Green Acres business building zone, officials said.

Both Maxeys are former service men.

OPA Refuses Request On New Sugar Stamp

WASHINGTON, Dec. 13. (U.P.)— The OPA has turned down a request of a grocer in Houston, Tex., that sugar stamp No. 39 be validated Dec. 17 instead of Jan. 1.

Joe Weingarten, president of the Super Market Institute of America, said there is a shortage of sugar stamps and an abundance of sugar in the Houston area. A survey he made of 25 other Super Market operators from Los Angeles to New York revealed that 23 others also noticed more sugar available than stamps to buy it with.

Weingarten pointed out that advancing the valid date of stamp No. 39 would give housewives extra sugar for Christmas candy and other sweets, yet would not require increased allotments next quarter.

The sugar rationing branch of OPA said it recognized that in many areas, including some of the southern parts of the country, there are fewer stamps outstanding than has been the case for the last year.

However, it said, this does not mean that if a stamp were validated immediately any appreciable number of consumers would cash it. Supplies are very nearly in balance in this area, the demand created by this new stamp would result in a very tight situation."

Legless Marine To Play Santa Claus

DALLAS, Dec. 13 (U.P.)— legless Marine is coming home to play Santa Claus.

Mrs. Cecil Edd Downey said today she was expecting momentarily her husband, due in by plane from the West Coast.

Married 18 months ago, Mrs Downey said this would be her first Christmas with her husband, who lost both legs on Iwo Jima.

Downey, a private first class, will carve a turkey from a wheel chair and will play Santa for his five-months-old son, Eddie Bob.

In addition, Mrs. Downey said her husband's 11 brothers and sisters had been invited to the combined Christmas and homecoming festivities.

NAM'S PREXY — Robert W. Wason, above, is the new president of the National Association of Manufacturers, succeeding Ira Mosher. Starting as a grocery boy in his home town of Ashtabula, Ohio, Wason is now president of Manning, Maxwell and Moore, Inc., of New York.

Mexico Seeking Place As Maritime Power

MEXICO CITY, Dec. 13 (AP)— Mexico will become an important nation in Maritime service, Secretary of Navy Gen. Heriberto Jara said today, if President Avila Camacho approves his plan for a 50,000,000 peso ($10,000,000) Maritime bank.

Jara said he would submit his plan to the president this week. Half of the money would be supplied by the federal government, 20,000,000 pesos by banking houses and 5,000,000 by shipping interests.

The bank's first move, he said, would be purchase of six ships from either the United States or Canada to be used in Gulf and Pacific trade. Later, he said, the bank would expand its activities to the development of submarginal land by supplying lime and other soil nutrients.

"Buy A Victory Bond TODAY."

Tydings Says Atomic Probe Is "Too Big"

WASHINGTON, Dec. 13 (AP) — Senator Tydings (D-Md) said today he wonders whether the Senate atomic energy committee isn't holding hearings on the wrong thing.

Ostensibly, he said, the hearings are on domestic control of the newly discovered force; actually, the witnesses are insisting on putting an absolute end to war.

"We started out after a titmouse and we've found us a bear," Tydings told reporters.

Dr. Alvin Weinberg, chief of the theoretical physics section at the Clinton laboratories, Oak Ridge, Tenn., told Tydings that the atomic bomb is not just another weapon. He said it is the only one which has the quality of "saturation." He said he meant by that that it wouldn't do the United States any good to have 50,000 atomic bombs against an enemy's 10,000 — the 10,000 would be enough to wipe out all our cities and deal us a crushing blow if the enemy got the advantage of a surprise attack."

"Buy A Victory Bond TODAY."

Handicapped Children To Be Aided By Funds For Special Schools

AUSTIN, Dec. 13. (AP)—Funds to finance special schools, for approved for distribution to 24 approvedfor distribution to 24 school districts, the State Department of Education announced.

Among districts for which aid were approved were: Dallas, Houston, Fort Worth, El Paso Port Arthur, Amarillo, Beaumont, Borger, Burney, Cisco, Commerce, Corpus Christi, Cunningham, Gallatin, Gonzales, Lubbock, Midway, Millsal, Richland Springs, San Antonio, Waco, Wylie.

Schools which have applied for aid but which are not operating this type of work immediately are Brownsville, Harlingen, Pampa, Stephenville, Texarkana.

Texas Cotton Crop Of 1,820,000 Bales Lowest In Past 56 Years

AUSTIN, Dec. 13. (AP) — The Texas cotton crop slumped to a 56-year low this year with 6,237,000 cotton acres yielding only 1,820,000 bales of 500 pounds gross weight, the United States Department of Agriculture announced.

The lint yield of 146 pounds per acre is 31 pounds per acre less than last year.

Figures Are Compared

The year's total yield is 826,000 bales less than 1944 and 1,292,000 bales less than the annual average for the 10-year period 1934-43.

All figures are based on estimates by the crop reporting board.

The smallest Texas crop since 1889 was caused in part by droughty conditions, October freezes, and late planting in northwestern areas; insect damage in northern and eastern areas: and acreage reduction in all areas excepting southern and irrigated western districts.

Cotton acreage in cultivation this year is 15 per cent less than in 1944, 36 per cent below the 10-year average and only about one-third of the record of 18,443,000 acres grown in 1925.

Conditions during November were favorable for harvesting operations and ginnings were well advanced on Dec. 1, after lagging during earlier periods, USDA reported. Harvesting was nearing completion in all districts except the northern area and less than one-fifth of the short crop remained to be ginned after Dec. 1.

Clergyman In Plea To World To Help Relieve Germans

BERLIN, Dec. 13. (U.P.)—A noted German clergyman today begged the world's Christians to relieve the sufferings of cold and hunger which Berlin officials predicted would cost the lives of 1,000,000 German refugees on the roads this winter.

"I am afraid of the judgement that will be passed on Christianity if it does not hear this cry of suffering," said Dr. Ernst Grueber, former concentration camp inmate who directs the charity organizations of all Berlin churches.

He spoke after Secretary of States Byrnes in Washington announced that the United States would enforce a hard peace in Germany this winter and stated that the Germans themselves were primarily responsible for their present sufferings.

Nocona Man "Breaks Rules" To Give Two Boys New Football

NACONA, Dec. 11. (U.P.)—R. E. Storey, president of the Nocona Leather Goods company, broke all the rules to help two little boys in Dallas get back their football—and keep believing in Santa Claus.

The youngsters, James and Bobb McVey, Dallas, were subjects of a Dallas Morning News story which told of two older boys' taking a brand new football from the little McVey boys, then running off with it in their cars.

Storey, who makes footballs on government contract only, wired James and Bobby that he was sending them a new Matty Bell official football, special delivery. His wire said he was breaking all rules to do it.

And that wasn't all. As president of the Nacona school board, he included two tickets to the Grand Prairie - Nocona regional championship game to be played here Friday.

Government Offering Entire Town For Sale

PORTLAND, Ore., Dec. 13. (AP)—The government is offering a town for sale.

The Reconstruction Finance Corp., office here announced the town — complete with churches, stores, factory and houses for 1,000 people—has been declared surplus.

The town, between Las Vegas and Boulder Dam, Nev., was used to produce magnesium during the war.

"Buy A Victory Bond TODAY."

Check On Rising AAF Accidents Planned

WASHINGTON, Dec. 13 (AP)—Experienced flight test crews have been ordered to inspect approximately 20,500 Army planes in the U. S. to check a rising accident rate, the Army Air Forces announced today.

The accident rate in the U. S. rose from 39 per 100,000 flying hours in the last quarter of 1944 to 47 per 10,000 hours in August, September and October of this year.

An official spokesman at the same time disclosed details of the Army Air Forces' idea for a permanent strength of 8,200 planes and 400,000 men, with a supplemental National Guard Air Force of about 6,000 planes.

The spokesman, who would not permit his name to be used, emphasized to a news conference that the pattern is only a planning measure and must be coordinated with overall plans of the War department and chiefs of staff before action can be sought.

As outlined by the spokesman, the Air Force would take over all functions of land-based aviation, apparently leaving the Navy and Marine corps with only carrier-based activities.

The name Massachusetts was derived from that of an Indian tribe.

Eisenhower Orders Reduction In Size Of U. S. Occupation Forces

WASHINGTON, Dec. 13. (AP) —Gen. Dwight D. Eisenhower has directed Pacific and European theater commanders to reduce their occupation forces "to the bone," it has been disclosed.

Maj. Gen. W. S. Paul, assistant chief of staff for personnel, told the Senate War Investigating committee that the new Army chief of staff has "written a very strict letter to reduce their requirements."

The disclosure cameduringtestimony on Army and Navy shipping plans. Witnesses said that a total of 1,063,500 men will be returned home from the European and Pacific theaters this month. They said 1,042,918 were returned during November.

At the same time Rear Admiral W. M. Callaghan, chief of the Naval transportation service, disclosed that with the beginning of the new year the Navy is retiring battleships, cruisers and aircraft carriers from emergency troop transport assignments.

Callaghan explained that sufficient merchant type vessels are in sight now to move all troops scheduled to come home.

General Paul said that as of the first of the year, the Army's total occupation force in Europe will be 635,000 and in the Pacific 1,000,000.

Wainwright Receives New Mexico Degree

LAS CRUCES, N. M., Dec. 13. (U.P.)—Accepting an honorary doctor of laws degree from New Mexico A & M college, Gen Jonathan Wainwright declared he felt the honor was "not so much for me personally, but an honor for the brave men and women it was my privilege to lead in a forlorn hope."

Dean J. W. Branson, acting college president, presented Wainwright with the degree which, he said, was awarded in recognition of the General's achievements in the Philippines.

In his brief speech of acceptance, Gen. Wainwright praised New Mexico's 200th and 515th coast artillery regiments which were under his command. He emphasized that the "fruits of victory" must be preserved, and said, "we must keep our Army strong."

Immediately after the ceremony, the general and other veterans of Bataan and Corregidor were entertained at a reception given by college students. Following the reception, Gen. Wainwright left for El Paso, Tex., where a celebration is being held in his honor today and tomorrow.

THE 1946 MERCURY

First 1946 Mercury Will Be Shown In City Today In Bennett Motor Firm's New Home

The 1946 Mercury automobile will be displayed here today and Saturday by the Bennett Motor company in its new home at 1701 Texas Ave.

The building proper has just been completed recently and work is still being done adding the finishing touches to the structure erected at a total cost, including grounds, of $43,000.

The new Mercury will be on the floor of a 35 by 90-foot showroom in the 90 by 125-foot building. The showroom on the west and north sides consists mostly of large plate glass windows giving a clear vision through to the offices.

Car Is Described

Offices that have been cut out of the showroom take up about 10 feet in depth and are approximately 12 feet wide. There are three of these plus a 20 by 20-foot parts department, the latter partly cut from the display room and partly from the 90 by 90-foot repair department.

But Friday's drawing card will not be the new building but will be concentrated on the new Mercury that is heavier, lower and wider in appearance than previous models. This results from a wider hood and a re-designed front grill, the latter consisting of die-cast, vertical louvres extending across the front.

The lines of the hood ornament also have been changed to connote fleetness and beauty. Separate "Mercury" and "Eight" nameplates have been added and mouldings have been widened all around the car to accentuate the length and low center of gravity.

Available In Eight Colors

The new Mercury is available in eight exterior colors, with harmonizing instrument panels, upholstery and trim.

Two distinctive interior treatments are used—one featuring gray-green broadcloth upholstery and a modernistic gray-green lacquered instrument panel with contrasting plastic trim. Doors are paneled with gray-green art leather.

The other interior features rust brown cord upholstery with golden brown lacquered instrument panel and brown art leather paneling on the doors.

Mechanical changes incorporated in the 1946 Mercury engine stem from engineering knowledge gained during research and production of wartime goods and include such outstanding features as tri-alloy bearings, crankcase ventilation, improved oil pump, four-ring aluminum pistons and interchangeable cylinder heads.

Redesigning of springs—with leaves thinner and their number increased—has improved riding comfort in the new automobiles. A track bar has been added in the rear, preventing "wander" on the road in high winds, and a floating-shoe brake has been developed—softening brake pedal pressure and increasing driving comfort. Wheelbase is 118 inches.

Former Tech Student Is Claimed By Death

A former Tech student, Mrs. Forrest White, daughter of W. J. Duncan of 2608 Twenty-third, died suddenly at her home in Austin Wednesday night, relatives here have been informed.

Her father, a sister and brother-in-law, Mr. and Mrs. Clifton Haynie, and a brother and sister-in-law, Mr. and Mrs. Jack Duncan, all of Lubbock, left for Austin early Thursday morning.

Mrs. White and her husband, Dr. Forrest White, are both former Texas Tech students.

Other survivors are another brother, Lt. Frank Duncan, who is on his way home from a tour of duty overseas.

Definite funeral arrangements have not been made.

Truman To Go Home For Yule Holiday

WASHINGTON, Dec. 13. (U.P.)—President Truman will go home to Missouri for Christmas.

Mrs. Truman and daughter Margaret will leave here about Dec. 18 for their home at Independence, Mo.

The President told his news conference today he would fly to Independence for Christmas dinner, taking off from Washington Christmas morning.

Mr. Truman will be here Christmas eve for the traditional Christmas tree-lighting ceremony and will broadcast a Christmas message to the nation.

The Atlantic swallower heads the list of fish remarkable for their eating. It has such an expansive stomach, compared with its size, that it can swallow fish larger than itself, and the stomach stretches until it is so thin that it becomes transparent.

Get Acquainted with NATURALLY SWEETER GRAPEFRUIT

You Get All This in The Kind Stamped Texsun

On this earth there is no grapefruit perfection like the kind that grows deep in the south of Texas. Here in the unique soil of the Rio Grande Valley under the tropical Texas sun, grapefruit grows *naturally sweeter*. That wonderfully refreshing flavor. And the tender luscious segments spoon out easily. Only remember it isn't Texsun unless you see the stamp Texsun.

GRAPEFRUIT JUICE *labeled Texsun is naturally sweeter, too. No sugar needed!*

PIMPLES
Disappeared Overnight

Blackheads, Too, Went Fast

Yes, it is true, there is a safe, harmless, medicated liquid called KLEEREX that dries up pimples overnight as it acts to loosen and remove ugly blackheads. Those who followed simple directions and applied Kleerex upon retiring were amazingly surprised when they found their pimples and blackheads had disappeared. These users enthusiastically praise Kleerex and claim they are no longer embarrassed and are now happy with their clear complexions. Use Kleerex. If one application does not satisfy, you get double your money back. Ask for Kleerex today, sure

Southern Ireland Facing Winter With Plenty Food, Little Coal

By DEWITT MACKENZIE
Associated Press World Traveler

DUBLIN, Dec. 13. — This is a tough article to control because my whole impulse is to start right out with the glorification of two beef steaks which your columnist team has just eaten at our first meal in the capital of Eire.

They were steaks such as we've dreamed of but haven't even seen up to now since Uncle Sam really hit stride in food rationing.

The reason in this instance for the rather whimsical approach is that these beef steaks are symbolic of a great change for the better which Southern Ireland has undergone in recent years.

Nation Is Changed

The Eire which I have known for a generation has been transformed from a land in which there was much poverty and distress to one in which, so I am informed in official quarters, there is no real destitution.

To get the full significance of that you must have seen—as I have in years past—poverty so harsh in some country districts that many families rarely knew anything better than potatoes and salt for food, and were grateful for even these small blessings.

Good Liquor Plentiful

Now, I don't want to give the impression that Southern Ireland has suddenly become a land flowing wit hmilk and honey, for it still has a long way to go to reach that state. However, its position has improved so much during the past dozen years, and especially since the beginning of the war, that Dublin today is the mecca of a host of tourists from Britain, including many Americans living in England who are in search of relief from drab and really meagre rations.

Not a few are drawn by the fact that there's plenty of good liquor to be had here, whereas spirits of any sort are almost as rare in London as molten gold and worth about as much as that precious metal.

Coal Shortage

About the greatest vital shortage is coal—and that 's mighty bad. Ireland is dependent on imported coal, most of which has come from England, but Britain herself is short now and the continent is impoverished. The result is that Ireland has fallen back in a big way on the traditional fuel of Ireland — the sweet smelling peat which is cut from the huge bogs.

This change in Eire's economic position really had its genesis back in the early thirties when Eamon De Valera as head of the government began his agricultural reforms.

Canada has made arrangements to reimburse the U. S. for all expense incurred in construction of permanent air base facilities in that country. These repayments amount to nearly $77,000,000.

Redeployment Of Homebound Men

PARIS, Dec. 13 (U.P.) — Today's redeployment timetable of U. S. Army divisions:

79th infantry; major portion at home.

26th, 36th, 89th infantry, 16th corps; on high seas.

90th infantry; major portion on high seas.

82nd airborne; Shuttling to United Kingdom from Le Havre for shipment home.

100th infantry; advance party arriving in Le Havre today.

29th, 84th, 94th infantry, 2nd armored, 22nd corps headquarters; alerted for movement.

TB Bangle Sale Set For Schools In City

Annual bangle sale will be conducted in schools today by the Lubbock County Tuberculosis association.

The booth and street bangle sale will be today and Saturday. This year the association will also have 600 corsages as a means of raising supplementary funds. The corsages are made of Christmas seals which are very attractively arranged into corsages.

Miss Mayme Alexander is chairman of the bangle day in the city schools; Roy Boyd, chairman for rural schools; Mrs. T. C. Ingram, chairman booths; and Mrs. Bennie Sanford, chairman of street bangle sale.

Marvin Jones Visits Brother In Lubbock

Judge Marvin Jones, of the U. S. Court of Claims in Washington, is visiting his brother, City Commissioner Hub Jones, and the latter's family today at their residence, 2114 Thirteenth. He arrived Thursday.

Former representative of this area in the national House of Representatives when the 18th Texas district encompassed the South Plains, Judge Jones has had a long and outstanding career in federal service. During part of the war years, as one of the nation's best posted men in agriculture, Judge Jones took leave of his bench and, at the request of the late President Roosevelt, administered to national food problems.

Praise For Truman

Long active in the national Democratic party, Judge Jones here this morning paid tribute to President Truman and the latter's service in the White House thus far. A personal, as well as a political, friend of the President, Judge Jones summarized the Truman administration to date with the statement:

"Mr. Truman took office at a time when the Presidency was fraught with responsibilities even greater than those who usually attach themselves to that office. He works hard; can't be stampeded; has a sincere desire to serve the nation. Certainly, he has made no major mistake since entering the Presidency and I can't imagine how anyone, could have done a better job to date."

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

YOUR CUSTOMBILT PIPE

is entirely hand-made. Its bowl has been carved from the finest Algerian bruyere, carefully aged and seasoned. There is no other pipe quite like it. Regard it as your friend, treat it with care, and it will serve you with many hours of mellow smoking pleasure.
