Kim's Korner

KITTY SHOWS CLAWS: Kitty Dukakis, wife of Democratic presidential hopeful Michael Dukakis, found the friendly skies less than appealing recently on a trip back to Boston. According to John McCaslin in the Washington Times, Kitty was on a flight that was delayed two hours out of Pellston, Michigan. She vented her anger on the pilot, stewardesses and nearby passengers. After insisting that the pilot radio ahead to ensure her connecting flight to Detroit would not be delayed, the wife of the Massachusetts governor seemed placated. Until she landed. With less than 10 minutes to reach her flight, Mrs. Dukakis took a final swipe at the apologetic pilot. "I am so furious with this airline right now," an agitated Mrs. Dukakis said. "My husband is running for the presidency and you better believe someone will hear about this".

The pilot again apologized and encouraged Mrs. Dukakis to deplane quickly because a stretch limo was waiting her arrival just steps from the rear of the plane. The car, courtesy of the airport, whisked Mrs. Dukakis away to her connecting flight, leaving behind the other bleary-eyed passengers who had a long walk to the connecting flights most had already missed. When your husband seeks the highest office in the land - you are subjecting yourself to "the fish bowl". Had Miss Kitty reacted normally, accepted the delay with grace and not thrown her little fit, no one in Fisher County, Texas would have ever read about it.

EVER WONDER WHY: Every kid (almost without exception) makes the 'A' honor roll or the 'A' - 'B' Honor Roll in the lower grades but somewhere between grade 3 and the Junior year in high school - they get extremely average. Look at the number of high school students making the honor roll versus the number making honors in the lower grades. Wonder why?.

THAT'S A FACT: "It is not by a man's purse, but by his character, that he is rich or poor". - R.L. Stevenson.

PUFFING UP HIGH: Cigarette smokers, beware: If you light up on most airline flights beginning in the Spring of 1988 it could cost you $1,000.

Airline smoking restrictions, enacted into law and scheduled to take effect in late April or early May make it a misdemeanor to puff a cigarette on domestic flights lasting less than two hours.

In anticipation that the cigarette smoker is going to dash to the lavatory for a quick smoke, the Federal Aviation Agency has even more power at its disposal. If you are caught attempting to disable a smoke detector in an airliner's lavatory in order to sneak a cigarette you can be hauled to court by the FAA and fined up to $2,000.

If the founding fathers of this great land had only known - they could have protected the rights of the cigarette smokers - just like they shield pornography peddlers under the first amendment. Congress will make no law,

-KK-

EVER WONDER: Why preachers get so upset at the congregation - act as if not a single person out there is a professed practicing Christian. They preach, get irritated because they don't save souls, when the very people they are speaking to are 99.9 percent practicing Christians. Well, according to Thomas J. Brannon, Director of Public Relations for the Baptist General Convention of Texas, there is hope for Christians. According to Brannon, "a total of 8 million people in Texas are not members of any church."

FINALLY: Ol' Whistle Britches out at Rough Creek at the Shinnery has this information for us.

Communists-A Communist in the United States is a person who says everything is perfect in Russia but stays in this country because he likes to rough it.

Rotan School Hires Architect, Plan New Central Library To Solve Space Problems

Members of the Rotan School Board have been wrestling with the problem of overcrowding in the elementary building since the start of school. Rotan has been in violation of a state mandated pupil/teacher ratio of 22-1 since September with one elementary class that currently has 26 students. They recently received a waiver on the class size by informing the Texas Education Agency that permanent steps would be taken to solve the space problem by September of 1988.

Last Monday night the members of the Rotan School Board took the first step in solving the space problems by hiring the architectural firm of Trevor Ford and Associates of Lubbock to begin designing a central library for Rotan Schools.

The library, designed to serve the elementary, junior high and high schools, is to be located directly east of the cafeteria between the elementary building and high school auditorium. The construction of the new central library will free up the elementary library which will be remodeled to house Chapter One, Special Education, Speech Therapy and others and will ultimately free up two regular classrooms in the elementary building.

In Junior High the library will be converted to two additional classrooms and in high school the present library will be remodeled to serve students in new ways.

The School Board generally agreed last Monday night to think of constructing a library building of approximately 4,000 square feet, of tilt-wall construction costing in the area of $175,000. The Rotan School has the money to pay for the new building from their capital improvement fund of approximately $1,100,000.00.

The vote last Monday night to hire Trevor Ford and Associates was 7-0 with all board members present and approving motion.

The board will meet with a representative of Trevor Ford and Associates on Friday night, March 18 at 7:00 p.m. to discuss construction and costs.

Jerry Moffett Resigns Post As Deputy, Counts Hires Gene Pack

Fisher County Sheriff Mickey Counts reported Monday several changes being made in the staff of the Fisher County Sheriff's department. Deputy Sheriff Jerry Moffett has officially resigned his post and Gene Pack has been hired in his place.

Moffett turned in his resignation Wednesday morning, March 9 immediately following the sheriff's election of which he was a candidate. "I felt like it was expected of me after I lost the election," Moffett said in a telephone conversation Monday morning.

Moffett had been employed by the Fisher County Sheriff's department for three years. At the time of this publication he had not made plans for his future employment.

Gene Pack who will replace Jerry Moffett as Deputy Sheriff of Fisher County is not new to law enforcement. Pack has been involved in law enforcement in this county off and on for the ten years he has been a resident here.

Pack has served as the Rotan Chief of Police and as deputy for Sheriff Counts in previous years. He is currently employed by the Rotan Post Office and is expected to turn in his resignation there within the week.

Pack has worked for the Fisher County Sheriff's department part time during critical periods of law enforcement with his most recent work being in December, 1987 and January, 1988.

Pack also served for 22 years in federal law enforcement with the Unted States Air Force.

State Rep. Charles Finnell To Make Run For Farabee's Seat

State Rep. Charles Finnell, D-Holliday, announced today for State Senate, 30th District, in light of Sen. Ray Farabee's resignation last week.

"The opportunity for meaningful public service is greater today than ever before, especially in light of the current state of our Texas economy," said Rep. Finnell in stating his intention to seek the office of the 29 county district, which includes Fisher County.

Rep. Finnell, an Archer County businessman and veteran member of the Texas House of Representatives, stressed his legislative experience and his strong stand in support of local school district funding and essential services for older Texans.

"It is vital that we provide adequate funding for our 114 independent school districts so that local programs of excellence will be maintained. And we must continue to oppose judicial attempts to overturn our present method of funding public education in Texas," said Rep. Finnell, fourth in seniority of the Texas House.

"Other leading issues concern the economic revitalization of our State through the new Texas Department of Commerce, as well as the needs of the elderly and their families. But it is important that a conservative approach be taken to contain the cost of state government, given the difficult economic times affecting the hard-working people of our region," added Rep. Finnell, chairman of the House General Investigating Committee and founding chairman of the Committee on Retirement and Aging.

In addition to his longtime support for senior citizen centers and independent school districts, Finnell is the recognized leader in the field of rail-crossing safety and has championed the 4-H programs of the Texas A & M Agricultural Extension Service.

"Kay and I are a team and look forward to visiting with the people of the 30th District in the coming weeks," he said. His wife, Kay, was recently elected President of the 97-member Legislative Ladies' Club.

Helen Farabee Files Intention To Seek Office Of 30th Dist. Senator

Helen Farabee, a Democrat from Wichita Falls, has formally announced her candidacy for the State Senate. Farabee brings years of experience working with the legislature and a long list of awards and achievements to the race.

Voted "Texan of the Year" by Texas Business Magazine in 1985, Farabee was also runner-up for "Outstanding Texan" in 1985 in Texas Weekly Magazine. She was named to the "Texas Women's Hall of Fame" in 1985. Farabee has also been honored by other statewide groups including the Texas Employment Commission, the Texas Mental Health Association and the Texas Hospital Association.

Citing the economy as our state's biggest challenge, Farabee is eager to put the clamp on overspending.

"All of us know we have to tighten our belts when funds are low," Farabee said. "I've had a great deal of experience in setting priorities and I'll do that with the state budget in Austin."

Helen Farabee

more effectively. "We don't need to spend more money; we need to be smarter about the money we spend.

"Providing health care for those who cannot afford it is essential. As chairman of a Legislative Task Force, I led the fight to put together a more cost effective health care program for our state.

"Another priority is vocational education," Farabee continued. "Trained workers get jobs, and this boosts local economies and saves tax dollars."

Helen Farabee has served and continues to serve on a variety of state and national boards including the Maternal and Child Health Advisory Committee, the State Coordinating Council on Long Term Care for the Elderly, Select Committee on Medicaid, Child Abuse Prevention Foundation, United Way of Texas, Long Range Planning Group for Texans with Disabilities, and several mental health committees.

Farabee is running to fill the vacant 30th District Senate seat. Governor Bill Clements is expected to call this special election for Saturday, May 7.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN–Texas Secretary of State Jack Rains was both right and wrong about the election, but no more in error than just about anyone else in the state who tried to predict the Super Tuesday primary.

Rains, a Republican, predicted a massive GOP turnout which would match the Democrats for the first time in Texas history.

The Republicans set a record all right, but the diverse Democratic ticket also hiked their numbers beyond what Rains had foreseen, to an almost three-to-one match.

Some Republicans are saying many of their ilk crossed over to the other primary to vote for local friends, and pulled the lever for liberal Rev. Jesse Jackson while in the enemy booth.

Jackson For Real

The Republican cross-over element has always enraged liberal Democrats, and it occurred this election, particularly in Deep South states with weaker GOP organizations.

How well did Jackson do in Texas? He only finished first in just a few minor cities – like Houston, Dallas, Fort Worth, Beaumont, Odessa and Midland.

Mainstream Swimmers

Texas Blacks worked their way into this new leverage via their determination to swim deeper into mainstream waters. Months ago, sophisticated Houston operative Allan Parker said in quiet discussion, "Don't tell me Jesse can't win. He can."

Before the election was over, Parker was dubbed "The General" by friend and foe alike. The voters proved him correct.

Die-hards can smirk that Jackson is a liability in what is still a prejudiced region. But the fact is many white Texans feel comfortable voting for Jackson, and they'll feel comfortable dealing with Parker and other top Blacks at the Democrats' national convention.

History was made last week. The old political ways are dead. Politicians who don't believe that will dry on the vine.

Perhaps the crossovers would have better reason to smirk if they had as many Blacks on their side of the battlefield as the Democrats. In 1990, maybe it will be "recruit, not smirk."

Election Highlights

•Hispanic Texans flocked to the candidacy of Mike Dukakis, who carried the state overall. Their bloc is well-positioned.

•The upset-of-the-season was the defeat of veteran state Sen. Grant Jones by his former House deskmate, Temple Dickson. The defeat did not bide well with Lt. Gov. Bill Hobby, Jones' longtime friend, and now Republicans are trying to resurrect a candidate against Dickson, even a write-in.

•The fallout from the Texas Supreme Court scandals almost took one casualty, incumbent Ted Z. Robertson, who eked out a win over John E. Humphries. Justice William Kilgarlin also survived.

•The amendments to keep the judicial election system and to make English the official state language won in a tidal wave.

Other Highlights

• State Rep. Randall Riley has hired powerful politician operative Kent Olson of Williamson County, known for producing large voter turnout in the Central Texas area. Riley, in line for a committee chairmanship, seeks his third term.

• A former state chairman for Texas Mexican-American Democrats, Juan Maldonado, has forced a runoff election with the incumbent, Renata Cuellar, in a South Texas House district race. Cuellar leads, and Maldonado has savvy Valley operative Mike Lopez on his team.

•The chairman of the Texas Department of Human Services said care for the mentally retarded would be better with fewer, more highly populated state schools.

He opposes a scheduled 20 percent hike in Medicaid funds as a waste of taxpayers' money and has told the governor so.

•The Human Services Board delayed its plan to file liens against the estates of dead Medicaid recipients to recover funds. The legality of the new law will first be tested in an attorney general's opinion.

This controversial issue, by the way, is regarded as one factor in the defeat of Sen. Jones, whose vote for the new law was targeted by unfavorable campaign advertising.

•Harris County Democrats are upset with their new party chairman, an unknown who slipped past the field to victory. They say he is a disciple of right-winger Lyndon LaRouche, and legal action is being considered by party regulars wanting him out.

Pastor's Column

By Rev. Jim Hawthorne, Pastor First United Methodist Church, Roby

"Create in me a clean heart, O God, and put a new and right spirit within me."—Psalm 51:10

There are times, O God, when "clean" and "new" are some of the most welcome words I know, like when I'm feeling hot and sweaty, grimed and grubby, tired and aching-there are times when a show er or a bath and a change of clothing can make me feel like a whole new person. "Clean" and "new" are truly welcome then. If that is true of my external body, Lord, how true I find it also for my heart. For there are tmes when "hot and sweaty, grimed and grubby, tired and aching" apply not only to my body, but also to my attitude. My heart needs cleansing and renewing too. God, You are not only my Redeemer, come to cleanse me of my sin by my fervent faith in you; but You are my Creator and Renewer too, able to refresh and re-create my heart anew. Then I'll really feel like a whole new person!

"Come To Clavary", Easter Contata, Will Be Presented At Rotan UM Church

"Come To Calvary", an Easter Contata, will be presented this Sunday, March 20 at 4:00 p.m. in the sanctuary of Rotan's First United Methodist Church, 209 N. McKinley. It will be performed by the combined choirs of the First United Methodist Churches of Roby and Rotan.

The choir of nearly thirty voices is directed by Betty Strayhorn. Soloists are Marshall and Elizabeth Billingsly., Bunny Coventry, and Janie Fields. The pianist is Patti Park, with Terry Lowe at the organ. Jim Hawthorne is the narrator.

The cantata was composed by Rodger Strader and arranged by Bob Krogstad. It depicts the story of Jesus Christ—his life, teachings, suffering, death, resurrection and his eternal lordship—all narrated from the perspective of the apostle John. The entire presentation serves as an invitation to receive eternal salvation through Jesus Christ.

Everyone is invited to this special presentation. A nursery will be provided.

Rotan School Board Rehires Teachers, Retains Architect At Regular Meeting

The Rotan School Board members re-hired all teachers last Monday night for the 1988-89 year, according to Superintendent Alton Fields.

In other action the board voted to hire the firm of Trevor Ford and Associates to act as architects in the construction of a central library approximately 4,000 square feet at an estimated cost of $175,000.00.

Board members voted to accept the Rotan Insurance Agency bid of $12,570.00 for an insurance package over a bid of $11,368.00 submitted by Texas School Services Foundation.

Superintendent Alton Fields, in his report to the board, indicated that Head Track Coach Ted Posey had rejected a request to surface the Rotan track with material like the jogging track. Posey indicated that he feared shin splints in runners and a lack of maintenance time on the part of the school staff to maintain the track surface.

Fields informed the board of a Big Country Administrators meeting in Stamford on April 12th with Bill Kirby of the Texas Education Agency and ordered the election of school board members for May 7th.

Rotan Superintendent Can't Win For Losing

Rotan School Superintendent Alton Fields can't seem to win for losing with respect to making a recommendation on school insurance coverage that the Rotan board agrees with.

In November he recommended that the board stay with Rotan Insurance Agency over Texas School Services Foundation on liability insurance coverage. Rotan Insurance Agency bid $2,965.00 TSSF bid $1,872.00. The board went against his recommendation and awarded the bid to TSSF.

Last Monday night, Superintendent Fields, as directed by the board, made a recommendation to go with Texas School Services Foundation over Rotan Insurance Agency on school insurance. TSSF bid $11,368.00 while Rotan Insurance Agency bid $12,570.00. Fields recommended the board take the low bid of TSSF- but the board decided to take the higher Rotan Insurance Bid, by an estimated 17%, and again ignore Fields recommendation.

The board members seem to have softened their attitude on keeping purchases locally if at all possible. They are not as ready to award bids for like products and services to out of town businesses even if the cost is a little higher.

Knight's Meat Locker Is Now Joe's Meat And Locker, New Owners Are Joe And Imarie Meador

Joe and Imarie Meador are the new owners of Joe's Meat and Locker, the former Knights Meat Locker. They currently reside in Aspermont where they have been involved in farming and ranching.

Monday, March 14 was the first day for the Meadors to open for business.

Future plans for Joe's Meat and Locker include a minor facelift and expansion into the west building for a Meat Market. The Meat Market will feature special cuts of meats and meat cut to the specification of the customer.

TAX PLANNING

Written By
Richard E. Rodgers, CPA

REVENUE ACT OF 1987

On December22, 1987, President Reagan signed our newest tax bill into law. There are four new items which may have a direct effect on your individual income tax return.

*** Mortgage and home-equity interest. * Mutual funds. * Dependent care expenses. * Estimated tax.**

The law gives us two new terms in reference to home interest deductions. The first is "acquisition indebtedness"; the interest deduction on acquisition indebtedness is limited to $1,000,000 of debt. The second term is "home-equity indebtedness"; the interest deduction on home-equity indebtedness is limited to $100,000 of debt, regardless of the use to which the money is put. There are some exceptions to these interest limitations that can create traps for the unwary.

The law provides temporary relief for shareholders of certain mutual funds who are taxed on "phantom income." The 2% floor on the miscellaneous itemized deductions of individuals will not apply to the expenses allocated to mutual fund shareholders until tax years beginning in 1988.

Effective for 1988 and later years, you will not be permitted a dependent care credit for sending children or other dependents to overnight camps.

The increase from 80% to 90% of the current year's tax liability that must be paid by individuals in order to avoid penalty will take effect for tax years starting after 1987. The Tax Reform Act of 1986 was to have made this effective for 1987 tax returns.

By far the most significant item in this new tax law has to do with your new home interest deduction. Seek professional assistance before financing or refinancing any residential property.

Hustling Around Hobbs

By Joy Walker

I guess we got the freeze that everyone was expecting that would kill all the fruit trees. It was 19 degrees Monday morning in Snyder, and it was really cold all day Sunday and that night I am sure it froze long enough that all the fruit was killed. Wish we could get a good rain instead of all this cold weather we have been having, and then get some nice warm weather. The grass fires that have been raging in Shackelford and Callahan and the surrounding counties have really been terrible, and they say the loss of range land and cattle cannot be determined yet.

Buck (M.L.) Cave from Newcastle visited on Friday, Saturday and Sunday with Mrs. Vida Boyer. He is Vida's brother, and she really enjoyed his visit. Buck and Vida visited with the J.C. Caves Saturday morning.

Mrs. Opal Phillips, Mrs. Louise Lemons and Mrs. Bea Hardin all went to Snyder on Tuesday. They ate lunch there and spent the day. Mr. and Mrs. Marcus Medrano visited with Bea Thursday night. Morris Hardin and Mr. and Mrs. Warren (Vicky) Hunker all from Lubbock spent Sunday with Bea. Vicky and Warren went to the Rattlesnake Round-up that evening.

Jim Ratliff and Trese from Abilene spent Saturday night with the James Ratliffs. Teressa and John Swofford from Lubbock spent Friday night, and Saturday and that night; they all had the nicest visit; Teressa hadn't been home since Christmas.

Alma Williams in Carlsbad, New Mexico, called Mrs. Opal Phillips on Sunday, just to see how she was feeling and Opal got another call from Mrs. Oleta Stewart in Whitney; she is Opal's sister-in-law.

Our community was saddened by the death of Nash Miers who passed away Saturday morning. He was buried at McCaulley on Sunday. Our heartfelt sympathy goes out to his son, Walter Nash Miers of Moran and his daughter, Betty Blanche Mauldin of Roby and the remainder of the family. Nash lived in this community for many, many years before he got sick and both he and his wife, Bessie Louise, who passed away last year, will be missed by all.

We were sorry to learn of the death of Manuel Martinez who lived in Austin. He was the brother of Rudolph Martinez. The Rudolph Martinezs left for Austin early Monday morning and attended the funeral. Our sincere sympathy goes out to the Rudolph Martinez family and all the other relatives.

Dustin Etheredge, son of Mr. and Mrs. David Etheredge of Levelland has been here visiting with his grand-parents, Jackie Wayne and LaNelle Etheredge. Mr. and Mrs. Todd Etheredge and family are also here visiting for a few days.

Mark and Melody came to our house late Friday night, and Saturday morning we visited with Carol and Wilber Gruben, Gregg and Evette who are home on their Spring break from Tarleton. Becky Baer from Dumas was also there visiting. That afternoon Jim and I and Mark and Melody loaded up and went to Abilene to the Taylor County Expo Center covered arena for the West Texas Barrel racing futurity and Open Barrel race that night. Melody entered in the Open Barrel race, and we saw some of the best barrel racers in the world, from a number of states as well as some of the best in Texas.

There were 119 girls and ladies in it and Melody had a real good run, tieing for 8th, 9th and 10th place so was sure pleased about that. They paid 10 monies, with that many in it and that much money involved so she was really proud of the way Dandy ran. We saw lots of old friends and met some new ones, friends of Melodys from Austin and South Texas, and we really enjoyed the night.

It was 2 AM when we finally got back here. Sunday we went to Big Spring and visited with Mark's sister and husband, Dr. and Mrs. Pete Fincher and Garrett who was celebrating his first birthday that day. We ate lunch there and got to visit with Mark's other sister and husband, Mr. and Mrs. Art Hammonds and Kalee from Fort Worth, Mark's parents Mr. and Mrs. Lynn Parrish from Lytton, also Mrs. Maryanne Fincher from Colorado City and several other friends. Sure enjoyed the day, and Mark and Melody left from there to return home.

Frank and Mary Boydstun went to Peacock on Monday and spent the day visiting with Mr. and Mrs. Pat House. She is Frank's sister.

Well this is all for this time. See you next week.

UIL WINNERS: Rachel Petty, John Everett, Kathy Hunt, Jill Branson, Melanie Ray and Lorena Cave were participants in the Sweetwater Practice Meet last week.

Roby, Rotan VFD's Fight Shackleford Fire, Prove Rival Towns Can Work Together

The Roby and Rotan Volunteer Fire Departments were called to help with the large range fire in Shackleford County that consumed over 250,000 acres of range land last week. Ten Fisher County men from the two fire departments were involved in helping to fight this fire while the rest of the department stayed to fight fires closer to home.

Jerry Dycus, Dwayne Lee, Mike Hull, Red Bennett, and Charles Cleveland from the Rotan VFD worked from 10:00 p.m. Thursday evening until 8:00 a.m. on Friday morning.

Ruben Rodriquez, Kevin Rivers, Don Pullig, Tommie Jack Stuart, and James Terry all from the Roby VFD were also present to fight the blaze.

The two towns joined forces to fight alongside each other to save the countryside from total destruction. The Roby and Rotan VFD's were about fifty yards apart the whole evening.

The comment was made that it was hard to believe that Roby and Rotan could work so well together. Thursday evening's tragedy and the weekend of weary fire-fighting was proof that the two towns can work together for the good of the people around them and their country. It is not only in adversity but also in good times that the twain should meet and work well together. It only takes a positive attitude and a belief that the two towns are not in competition, they are partners in the whole chimere of life.

Firefighting in Fisher County has proven to be especially more prevalent than usual as the Roby VFD who usually averages 40 calls a year has already answered 33 calls in the first three months of 1988. Again, the pleas go out to be extra careful with trash fires and "controlled burns" and with cigarettes and anything else associated with the starting of fires.

Will The Real Birthday Boy Please Stand Up

Late Monday night the phone rang at the Kiefer Cauble residence north of Roby. It was the Sheriff's office calling to tell Mr. Cauble that three boys had been caught stealing ice from the machine at City Gro.& Deli.

Cauble agreed to go down to the store to decide whether or not to file a complaint.

Meanwhile, back at the store, employees were scurrying for cover. Sheriff Mickey Counts, Roger Moreno and Rachel Petty waited anxiously for Cauble's arrival.

Everything was ready, the balloons were hung along with the fake bullet holes in the door, when Richard Spencer walked through the door in search of dog food.

The employees jumped from their hiding places with shouts of "Surprise!" and "Happy Birthday!", only to discover they had the wrong person.

But all was not lost. Mr. Spencer looked surprised and asked,"How did you know it was my birthday?"

So, Richard joined the fun and settled down to wait for Kiefer who soon arrived.

After Kiefer recovered from the initial shock and subsequent heart failure that occured when he walked through the door, the cake was brought out.

Kiefer and Richard were given knives and instructed to cut the cake. After sawing on it for several minutes, Kiefer announced, "Hey! This isn't a real cake!"

The cake was really a piece of styrofoam that Jan Duvall had frosted. The real cake was brought out along with many gifts ranging from keychains and buttons to swamp root tonic.

Others attending the "Robbery" were Aubrey Nell Cauble, Sandra Dennis, Jonathan Petty, Stephen Hennington, and Marcia Gonzalez.

News From South Fisher County

by Bertha Warren

I will try to remember never to complain about the hot weather again. Ed and Ollie Ogden's nephew Glen and Janet Wilson of Marble Falls visited them Sunday. They had been to the Snake Roundup at Sweetwater. Bro. Dutch Parks came by for a visit with them Monday.

Erna Lee Jones' visitors were Truit and Mary Lou Eaton and two of their friends from Ft. Stockton. Maggy Wiley and her grandson Scott Allred of Lubbock and her daughter Fay Nell and Ron Humphrey of Cypress Springs visited Ben and Edna Benson also their granddaughter Gene Benson and three friends of Plano.

Bobby and Peggy Hall and their son Rusty and Yvonne Hall and children of Azel, Jimmy and Verl Bennett, their son Terry and family along with Sherry and her family all spent the weekend with Alma Blythe. Bobby and Peggy had a booth at the roundup. Monday was mom's (Jewell Ratliff) birthday and Viola Brazee, Sue Dulin and I along with Dorothy Martin took her out for lunch. She was 82. Happy Birthday Mom.

The Sandhill Rattlesnake Club camped out at our place from Friday till Sunday afternoon. They caught some pretty big snakes around this area. The guys got a little cool after night fall so we had sleeping bags wall to wall in the den and living room. Gill Warren represented the club in the snake eating contest. Jeff Stine of KXOX won first place.

Bobby and Frances Morgan have been in London England for two weeks. They did a lot of sight seeing with Aleth and Tommy Mayers and girls Jennifer and Niki.

They visited a museum in London and the Roman Bath at Bath England and an old rock mine the government took over during WWII and stored ammunition. They went to see the play "Me and My Gal" then Jennifer's girl scout leaders took the girl scouts to see a high school play and invited Niki and Frances to go along. They really enjoyed themselves and are looking forward to going back as the Mayers have three more years over there.

Lowell and Helen Thornburg's friend Alva Morris from Hatchita N.M. spent a few days with them two weeks ago. They always enjoy having him. This weekend the Thornburgs' guests were Gail and Marion Carter and children Linda and James Allen from Hereford and Barbara Scrivner and daughter Gwen and Eddie Thompson and grandson Tyler of Snyder. Also Helen's mother Sally Hobbs of Roscoe.

Sunday the family helped Linda celebrate her 11th birthday. Happy birthday Linda. Mary Etta O'Donald and Carrie McCain went to Don's Saturday and met Ronnie and Vicky O'Donald and children there and grandchildren Matt and Kristy came home with them.

Rachel Warren left here going back to Roswell N.M. after attending the services for Leeman Warren and stopped in Plains to visit a niece and rest, found no one at home and had a bad returning to her car. She turned her right ankle and broke her left wrist. There was no doctor in Plains so she drove 102 miles home.

The neighbors took her to the hospital where they x-rayed and sent her back home to keep ice bags on the arm and ankle. It was a week before the swelling went down enough to have a cast put on. She had the cast removed last week. That was quite an ordeal to go through alone and so far away from home in that condition.

Max Ratliff of Rising Star and a couple of friends from Cimarron N.M. visited mom and took in the snake hunt. Melba didn't come as her Martha Lellian Smith was in the hospital. I believe she got to come home Saturday.

Call and let us know what's going on in your world.

Shamrock, Texas Gears Up For Annual St. Pat's Celebration

By Kip Pease

"Fifty Years and Still Going Strong" is the fitting theme selected by the Irish Micks and Lassies to celebrate the fiftieth anniversary of the St. Patrick's Day Celebration in Shamrock, Texas.

With most of the donegals beginning to take shape and the ever present lovely colleens, the stage has been set for the best Irish Celebration yet.

A special feeling of pride and community closeness has pervaded this small Eastern Panhandle Town as the people make final preparations for a festival that will draw thousands of people from throughout the country on March 18-20.

Shamrock was named by early-day postmaster George Nickel who was homesick for his native Ireland.

The Celebration began when the late Glen Truax, a Shamrock High School bandmaster, made the suggestion that a town with such a fine Irish name should capitalize on it with an annual St. Patrick's Day Celebration. Truax wanted the celebration to be so grand that it would draw thousands of people back each year, and so it has.

Forty-one celebrations have been held in Shamrock since the beginning with interruptions for World War II and the Korean Conflict and each festival providing more fun than the last.

This year will be no exception! In preparation for the big celebration the Irish are rolling out the green carpet as the whole town turns green. City officials have donned their green underwear, *The Shamrock Texan* will print its annual green edition, even the editor of *The Texan* has started taking his pills that turn his beard green for the weekend.

The top Irishman for the 1988 Celebration is Andy Seward who will be aided by Assistant General Chairman Ken Schaffer.

TODD JEFFREY

Todd Jeffrey To Compete On "You Can Be A Star" Program, Fan Club Organized

Dreams can come true and to prove that age old adage still holds true today, so the Todd Jeffrey story begins.

As a youngster, Jeffrey dreamed of becoming a Country and Western star. Between ages of 5 & 6, solos had already become common place at local churches and performing seemed natural. All through his early school years, he performed at every function within the area, gaining valuable experience and confidence.

In 1978, however, hardships and tragedy plagued the teenager. His mother, also one of his shining inspirations, was diagnosed with cancer and the same year he was critically injured in the McCaulley school bus wreck which claimed 5 lives including one of Jeffrey's cousins. But despite all adversities, he fought his way back, and once again began the quest for his dream.

In 1981, at the age of 16, he was the lead singer in the 4-H Share-the fun group that won 2nd place and was chosen the "Top Vocal Group" in state competition. The group, in the 1982 competition, won 1st place and was again awarded the "Top Vocal Group" honors. He continued his music by being chosen as a member of the Western Texas College Choir, in Snyder, Texas. While attending college, at the urgings of family and friends, he took his first big step towards his dream.

A demo. tape, consisting of 4 songs was recorded in 1984, which created a lot of interest. A 10 song album was then recorded with a single released. Using only local promotion, the single was distributed to radio stations from Monohans to the Ft. Worth-Dallas area. Todd received a "really good response" getting air play on over 50 radio stations in only one day.

Very encouraged, Todd then traveled in 1985 for the first time to Nashville, Tennessee. During this first trip, "Home Place Studios" of Nashville, invested in a religious demo session through which, Todd was given wide spread exposure to all major Nashville recording executives.

In 1986 and 1987, Todd made three more trips where he met with several top name stars and record labels.

This past January, Jeffrey was given an invitation to compete on TNN's (The Nashville Network) "You Can Be A Star" where the overall winner of the 13 week competition will win a major recording contract and $50,000.00 in cash and prizes. Jeffrey seems to be making great strides in his career with every door opening and so far none slamming. Most recently another supporting boost came through the founding of his very own fan club.

The Todd Jeffrey Fan Club is based in Stamford, Texas with branches in several other cities. The membership kit will include an autographed 8x10 black and white glossy photo, an official membership card, personal profile, a letter from Jeffrey and will receive a newsletter bi-annually. Regular dues are $5.00 and will be used for supplies and promotion of Todd's career. For more information on Fan Club membership, contact: Sue Link, President, Rt. 2 Box 123, Stamford, Texas 79553 (915) 773-5196, Susan Griffith, Box 99, Roby, Texas 79543 (915) 776-2403, Tammye Halliburton, 3501 Curry Lane, Apt. 311, Abilene, Texas 79606 (915) 695-7814, Joyce Howard, 105 Shadow Lane, Euless, Texas 76039 (817) 283-2809.

Jeffrey, now 24, has come a long way from the small country church altar to the stage of a televised program with millions of viewers. Asked to try and sum up his feelings, of all that has taken place, Jeffrey had this to say, "I believe with all my heart that God has left me here for a reason, and that it's to touch peoples lives with song. I have the will and determination to do just that and I'll never give up until I succeed."

Thank You

I would like to take this opportunity to thank the people in Precinct #1 who supported me in the Super Tuesday (March 8th) Democratic Primary Election. I deeply appreciate your vote and support. I would also like to thank others who have helped in this campaign.

As you are aware, there is to be a run-off election, April 12th. I am asking for your continued support. I will also be seeking the support of those who are uncommitted.

CALF SCRAMBLE WINNER: Joey Teague with his father Joe Teague as he was presented with a winner's certificate.

HOUSTON CALF SCRAMBLER: David Shipp with his father Gene Shipp was also presented with a winner's certificate.

Joey Teague And David Shipp Win At Houston Calf Scramble

Among the arms and legs of 28 energetic contestants and 14 unruly, exuberant calves, Joey Teague and David Shipp, 4-H members from Fisher County 4-H Club, managed to scramble into the winner's circle with their calves in tow during the Saturday night, Feb. 27 performance of the 1988 Houston Livestock Show and Rodeo.

The object of the calf scramble is to catch, haltar and maneuver an uncooperative calf across the finish line in the Astrodome's 2.75-acre arena to win a $600 calf purchase certificate.

Joey Teague will use the certificate, sponsored by Discount Hubcaps of Houston to purchase a registered beef or dairy heifer.

David Shipp will use the certificate, sponsored by Justin Boot Co. to purchase a registered beef or dairy heifer.

The winner is required to raise the animal and maintain monetary records, progress reports and a scrapbook detailing the project. In addition, the youth returns to Houston the following year to compete against other scramble winners in a special showring competition. A vocational agriculture teacher or county extension agent works with the winner to make sure all requirements are met.

The calf scramble contest awards 264 certificates each year. Some 10,796 calves, valued at more than $2 million, have been donated to young Texans since 1942 through the help of generous sponsors. The real value of the program is not measured in dollars, but is based on the emotional impact felt by the youngsters as they struggle to catch and subsequently raise the calves.

The southwest's largest civic event, the Houston Livestock Show and Rodeo packs a wealth of opportunities into one reasonably priced ticket including the world's largest livestock show, a horse show and much more family entertainment.

The Show, which runs now through March 6, reaches far past the Houston community through its 57 Go Texan counties and 6,000 volunteers. Net proceeds from the event funds scholarships for more than 1,000 students attending Texas colleges and universities. The Houston Show also provides money for agricultural research projects at 11 different Texas colleges and universities each year.

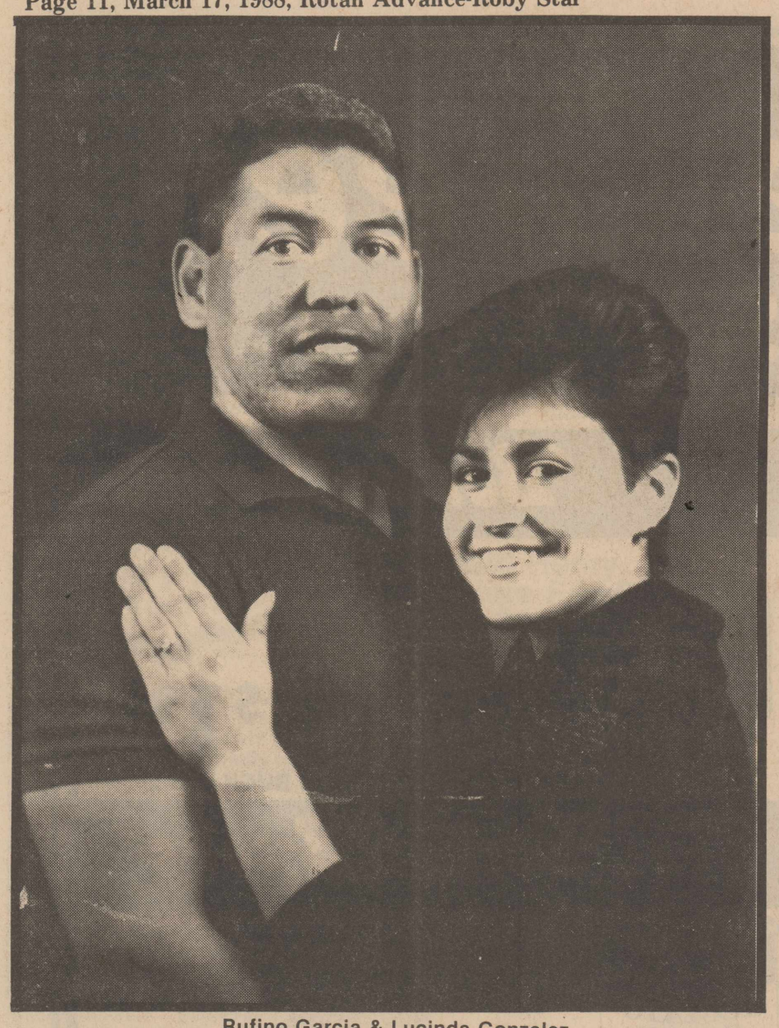

Tickets for the Show range from $4 to $10 and are available at all Ticketron and Rainbow Ticketmaster locations or at the Astrodome box office.

Thank You

I would like to take this opportunity to say a special thank you to the people of Fisher County for supporting me and re-electing me as your Sheriff. I ask for your continued support and I will make every effort to continue giving service the people of Fisher County deserve.

Lucinda Gonzalez To Wed Rufino Garcia on April 9th

Mr. and Mrs. Alfredo and Marcie Gonzalez of Roby announce the engagement and upcoming marriage of their daughter, Lucinda, to Mr. Rufino Garcia Jr. of San Angelo. Rufino is the son of Mr. and Mrs. Rufino Garcia also of San Angelo.

The couple plans to be wed on April 9 at the St. Joseph Catholic Church in Rotan.

A 1983 graduate of Roby High School, Miss Gonzalez was graduated in 1984 from Western Texas College as a licensed cosmetologist.

Her fiance was graduated from San Angelo Lake View High School in 1976 and attended Angelo State University and Imbry Riddle in the Marine Corps.

Commissioners Agree To Aid In Fisher County Clean-Up

Fisher County Commissioners agreed last Monday to assist the Fisher County Economic Development Commission in a project to "clean-up Fisher County", after hearing a presentation from Don Dawes, Rotan Minister and chairman of the County Relations Committee for the EDC.

Don Dawes secured the help of the four Fisher County Commissioners in a county wide clean-up drive scheduled to begin in mid April. The commissioners will be assisting in removing trees, filling up old abandoned wells and cisterns, removing debris, junk and old cars, etc. "We want to establish an atmosphere, one that says we care about the condition and appearance of Fisher County" said Dawes.

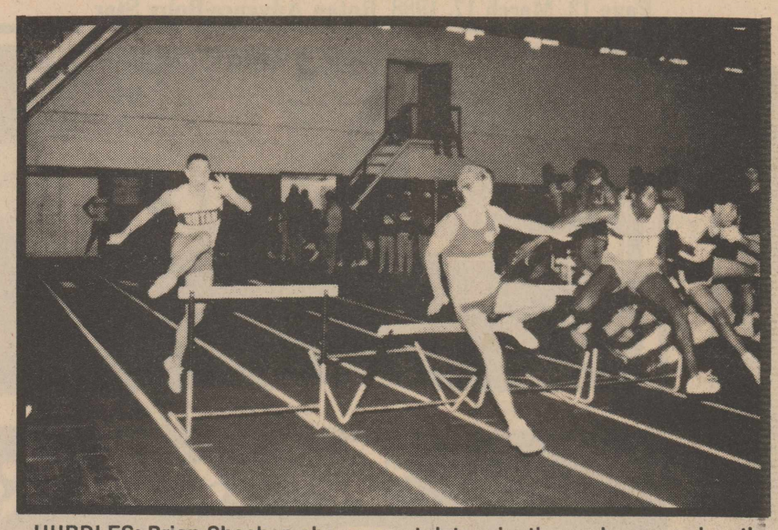

In other action Annie Weems appeared before the Fisher County Commissioners and informed then that as coordination of the Fisher County Senior Citizen's program, she was notified that the Fisher County Senior Citizen's program would be receiving 3,000 pounds of ground meat from the United States Government in the next few weeks. This amount is supposedly sufficient to last for a period of one year in menu projections.

In addition Weems informed the court that she had been approved to receive food (canned goods) from the Lubbock food bank at a savings of approximately 80% retail cost. She inquired about storage for the food and indicated that the center personnel had already started raising funds to construct a storage facility near the present senior citizen facility.

Ronnie Clawson was the highest bidder at $660.00 for the one year contract to mow grass and bale hay at the Fisher County Airport.

Pansy Hale was high bidder on two typewriters being sold by the Fisher County Commissioners. Her bid was $51.00 for both machines.

Commissioners discussed removing individuals from the voter's list with Voter Registrar Teddy Kral before adjourning.

HURDLES: Brian Sheehan shows great determination as he approches the hurdles in a recent track meet held in Lubbock. The Rotan Track team and Roby track team were both present to participate in the indoor meet.

Conservation Plans Need To Be Started In Order To Fulfill Farm Bill

Farmers with highly erodible cropland have less than two years to begin meeting the conservation requirements of the 1985 Farm Bill to remain eligible for USDA benefits.

Charles Black, district conservationist for the USDA Soil Conservation Service at Rotan, said these provisions require farmers who have highly erodible cropland to have a conversion plan approved by their local soil and conservation district by 1990.

"The plan must be prepared by January 1, 1990, if they want to remain eligible for farm program benefits, loans, or guarantees on all their land," Black said.

"We estimate that about 450 new conservation plans need to be prepared for local farmers by our staff by 1990. Our goal is to get at least 225 written by the end of this year.

"Then we will try to schedule the remaining plans during 1989." Black said the planning workload will be difficult for the local SCS staff, especially if farmers wait until the end of 1989 to begin developing plans.

The sooner farmers ask SCS to help them develop a conservation plan, the greater the chance we will have to get to everyone by the deadline, Black stressed.

Black said that since highly erodible land is not always obvious, farmers should check with their local SCS office to see if they have land that meets the criteria if such a determination has not already been made.

Another option is to enroll highly erodible land into the Conservation Reserve Program. Under CRP, farmers receive annual rental payments for putting such cropland in grass or trees.

"If people who grow commodity crops on highly erodible cropland do not want a conservation plan and want to give up USDA benefits, that's their business," Black said. "But we intend to do our best to help farmers who want to keep those benefits."

Potential IGR benefits from stopping horn flies

These are for an average horn-fly season and population in the U.S., with a MoorMan IGR mineral product fed continuously for 150 days starting before horn flies appear:

Cows and calves: $7 to $10 of IGR can save as much as 40 to 50 lbs weaning weight per calf.

Stocker cattle: $4 to $6 of IGR can save up to 75 lbs weight gain per head.

Dairy cows: $8 to $10 of IGR can save as much as 750 lbs milk per cow.

An amazing insect growth regulator, available exclusively in MoorMan IGR products, stops horn-fly development in the harmless pupal stage. They never mature into adult flies that pester your grazing cattle, suck their blood, cause them to waste energy or grazing time.

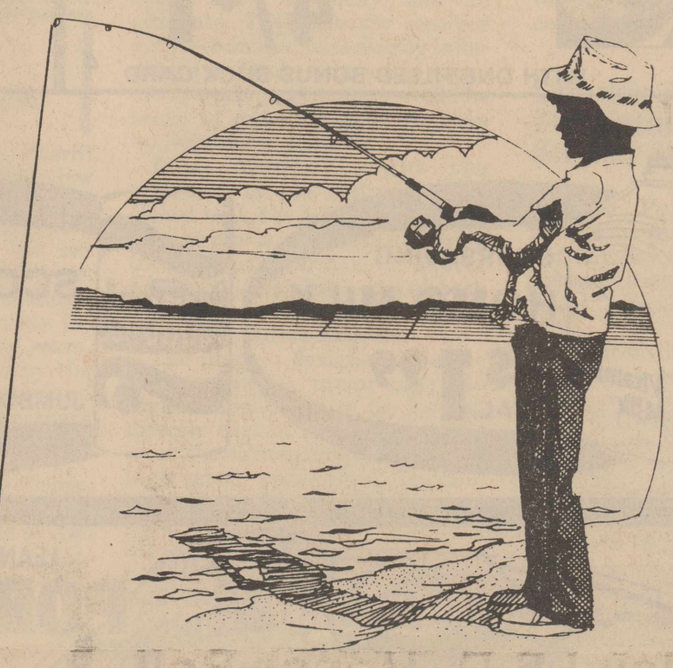

IGR's full-time action keeps horn-fly numbers from ever building up. No resistance reported in customers' 10-season IGR use from coast to coast and border to border.

Your cattle get benefits of an IGR product's combination of minerals, vitamins A and D. MoorMan's Special Phos IGR Minerals® supplies high-level phosphorus, Hi-Mag® IGR high magnesium.
