Survivors Flee Skopje

SKOPJE, Yugoslavia (AP) — Survivors by the thousands fled quake-shattered Skopje and the threat of a typhus epidemic today.

As authorities announced the search for more survivors would end after today, the government reported a Yugoslav girl was pulled out of the rubble, still alive 80 hours after she was entombed in Friday's killer earthquake.

Premier Alexander Grlickov of the Macedonian Republic said the number of bodies recovered headed toward the 900 mark and an estimated 700 dead were still buried under rubble.

But Grlickov said it would be assumed that no one else now could be found alive and the government would go ahead on that conviction to raze all the buildings in this ancient Macedonian capital.

Possible epidemics and renewed earthquakes posed a constant problem, he said. There were a few new tremors Sunday but they were slight.

On the fourth day after the cataclysmic quake demolished the city, the stench of cracked sewers, human waste and refuse mingling with the smell of decomposing bodies lay like a stifling blanket over the sun-scorched area. Temperatures were in the 90s.

Each passing hour brought the danger of possible typhus outbreak even closer.

Now, Grlickov said, the main concern was finishing the evacuation of all people not engaged in clearing work or other essential jobs and putting heavy demolition crews to work razing the city.

A new city for the 270,000 population will be built from the ground up on a safer site to be determined after seismological studies are completed, Grlickov said.

More than 70,000 women, children and old people had cleared out of the city by early morning and still they poured out, on foot and in cars, trains and planes.

Plane Spots Bodies In Arabian Sea

BOMBAY, India (AP)—An Indian air force plane sighted five bodies today floating in the Arabian Sea area where a United Arab Airlines jet disappeared Sunday with 62 persons aboard.

Hope was virtually abandoned for any survivors among the crew of 8 and the 54 passengers, including 23 Filipino Boy Scouts. There were no Americans aboard.

The plane crashed nine miles off the Indian coast as it was approaching Bombay through monsoon rains. President Gamal Abdel Nasser's personal pilot was at the controls.

Fishermen said they heard the noise of plane engines and what sounded like an explosion.

It was feared the passengers were belted into their seats in preparation for landing when the plane hit the water.

Navy vessels resumed their search in torrential rains today for the main wreckage of the Comet airliner.

Airline officials said the tail section and a number of instruments were among debris picked up by Indian minesweepers six miles off Madh Island near Bombay.

The five bodies were sighted off Madh.

American Soldiers Killed In Ambush

SEOUL (AP) — North Korean troops killed two American soldiers and wounded another today in a dawn ambush just south of the demilitarized zone about 20 miles from Seoul, the U.N. command announced.

Col George Creel, U.N. command spokesman, said the Reds launched "a vicious and unprovoked attack" on three members of the U.S. 1st Cavalry Division as they rode in a jeep to a guard post near Chungyang-Dong.

Creel said the American soldiers were hit by machine-gun fire and grenades which apparently came from seven ambush positions just inside the demilitarized zone.

"We can assume there were seven North Korean soldiers in the raiding party," he said.

There was no immediate comment from the Pentagon on the incident, which occurred two months after a helicopter carrying two American captains was fired on and forced down in Red territory.

The North Koreans have refused to release the captains despite U.S. demands in the mixed armistice commission.

Creel said the ambush attack was made about 5:30 a.m.

The wounded soldier was hit in the chest, arms and legs.

Names of the Americans were withheld until their next of kin were notified.

The ambushers could easily conceal themselves. That part of the demilitarized zone has grown into a virtual jungle since the armistice ending the Korean War was signed 10 years ago.

Senate Hears Report On Nuclear Test Ban

WASHINGTON (AP) — Undersecretary of State W. Averell Harriman led off the drive for ratification of the nuclear test ban treaty today as a witness before the Senate Foreign Relations and Armed Services Committees and the Senate-House Atomic Energy Committee.

The chairman of all three groups were on hand along with most of the members as they went into closed session to hear from the chief U.S. negotiator of the Moscow agreement with Britain and the Soviet Union to ban all but underground tests.

While Harriman and State Department associates carried the burden of policy arguments in the historic study of the pros and cons of the pact, the views of the Joint Chiefs of Staff were expected to bear heavily on the outcome.

Harriman and Secretary of State Dean Rusk face intensive questioning on the agreement and whether there may be in the offing any collateral pacts with the Soviet Union, such as a nonaggression declaration proposed by Soviet Premier Khrushchev.

However, the administration's strong support for the treaty—led by President Kennedy's declaration that it is "an important first step" toward peace—seemed likely to need a bolstering endorsement from the Joint Chiefs of Staff.

Sen. Harrison Williams, D-N.J., an "administration supporter, brought up the issue in a weekend statement. He said he was concerned over "the apparent single-mindedness of the military mind for assuming that the nation's security can only be protected through a continuation of nuclear testing and the arms race in general."

Williams said "much may depend on the attitude of the military and the Joint Chiefs of Staff" so far as Senate action is concerned.

To become effective, the treaty must be ratified by a two-thirds vote in the Senate.

A year ago, a majority of the joint chiefs was reported opposed to the proposal then for a ban on all tests, including those under ground.

But reports from the Pentagon indicate that the chiefs might withhold objections to the agreement even if they lack enthusiasm for it.

Sunday, however, Gen. Earle G. Wheeler, Army chief of staff, indicated he may have reservations.

Interviewed on ABC-TV's "Issues and Answers", Wheeler said the treaty presents "an area of very difficult decision" and that he will have to give honest answers when he testifies about the agreement's military implications.

Terms Pact As Needless

By HARVEY HUDSON

PARIS (AP) — President Charles de Gaulle said today France will not sign the Moscow agreement to halt nuclear testing above ground, in space or under water.

De Gaulle said that since France would never strike the first blow, such a nonaggression pact would be needless.

The president was referring to proposals advanced by the Russians in their recent talks with the United States and Britain that the limited nuclear test ban treaty by the three powers be tied into a European nonaggression pact. Premier Khrushchev has publicly asked for it, and the United States and Britain agreed to take up this subject with their allies.

De Gaulle commented: "Today, France solemnly declared through the voice of the president of the Republic that there will never be any aggression by France. Our participation in a pact of nonaggression is hence without purpose."

He also rejected any European nonaggression pact as proposed by the Soviet Union at the test ban talks with the United States and Britain. The test ban pact was initialed last week.

Addressing a crowded news conference, De Gaulle said France will call for a general conference on disarmament before the end of this year.

He declared that France will halt its own nuclear program only if the United States and the Soviet Union agree to destroy their nuclear stockpiles.

He said the disarmament conference should consider the destruction of stockpiles and the destruction of vehicles — such as missiles and rockets—for delivering nuclear bombs.

This is in line with long-established French policy—that France would resign from the nuclear club only if the club itself is disbanded.

De Gaulle said that while the Moscow agreement might be considered a good thing as a starting point, it still left the world in danger.

"It has not lifted the atomic menace which weights on the world," he said. "None of the signers has renounced the use of atomic weapons and hence the position of the world has not been changed in any way."

De Gaulle said France, which is just on the verge of having its own complete nuclear arsenal, cannot halt its efforts now.

De Gaulle noted that the Moscow agreement does not prevent the three major nuclear powers from continuing the manufacture of these weapons.

He said: "The agreement can be denounced in three months. It changes nothing in the terrible menace which the nuclear weapons of the two great powers hold over the world."

De Gaulle acknowledged that differences exist between Paris and Washington.

But he told a news conference: "Despite the differences which exist, to think that the United States wishes to do wrong to France, or that France wishes harm to the United States, would be a ridiculous absurdity."

That was his reply to a question on the state of French-U.S. relations.

De Gaulle declared that "there's no use talking about scratches as incurable 'wounds' in appraising the state of French-American relations."

Airport Use Discussed

The Scurry County commissioners court this morning discussed the request of Webb Air Force Base to use Winston Field as a practice area.

A recent communication from officials there said "this command has urgent need for interim use of County Airport, Snyder, Tex. to meet emergency operational requirements of Webb AFB.

Facilities to be used for touch and go landings plus storage facilities for crash equipment."

The field if permission is granted, would not be used before September. It was believed that representatives of Webb would meet with the court today, but shortly before noon no Air Force personnel had arrived.

The court also discussed repair or replacement of the air conditioning unit at the Health Unit. The unit is not operating at this time.

Racial Problem Goes To Housing Situation

EDITORS NOTE—Is it true that, adjust to new circumstances." Sometimes educational prayer-

Americans want better homes for Negroes—but not next door? The President's attempt to solve this knottiest of racial problems by White House order has been attacked. It hasn't worked, doesn't go far enough; it goes to far, it will hurt homebuilding. Some say it will even spawn a political "white man's party." One man also gives his views in this exclusive interview.

By STERLIN F. GREEN and W. B. RAGSDALE JR.

WASHINGTON (AP)—President Kennedy's housing chief said today he believes the presidential ban on racial bias in federally aided housing inevitably will be extended to other housing.

Dr. Robert C. Weaver made the prediction in an interview, even though he conceded that "you cannot change attitudes by law" or executive orders.

He also agreed that many Negroes will continue to prefer living in Negro neighborhoods in "voluntary segregation" even if racial barriers are dismantled in white neighborhoods and suburbs.

But Weaver held that the hostility of white householders to Negro neighbors has been exaggerated, that behavior can be changed by law even if attitudes can't be, and that "the American people do

As administrator of the Housing and Home Finance Agency—the highest executive post ever held by a Negro—Weaver rejected caustic frequent criticisms of the order, including charges that it will depress homebuilding and hasn't noticeably helped Negroes, yet is speeding the flight of whites to the suburbs.

The question-and-answer text, titled "But not next door" pictures an attitude expressed in the quotation, "We don't want to deny Negroes the right to decent homes, just as good as ours—but not next door." Is this a common attitude?

A: I think it is fairly common. I think it is over-exaggerated. Like most attitudes, it is not always directly connected with behavior.

Q: Since such an attitude does exist, do you believe that any law or executive order can bring about open occupancy?

A: I certainly think that a law and an executive order can accelerate the accomplishment of an open occupancy situation. We have had the same story all along, such as when we passed laws for equal employment opportunity. You can't change attitudes by law, but we are talking about behavior patterns, and laws can effect changes in behavior. Laws

Q: Are any significant changes visible since President Kennedy's executive order prohibiting bias in government-aided housing? The order, issued last November, forbids racial discrimination in public housing and dwellings financed with Federal Housing Administration mortgage insurance or Veterans Administration loans or guarantees.

A: Yes and No. As far as definitive results are concerned, it is too early to make conclusions. As far as the prophecies of woe and disaster are concerned—to the effect that this would dry up the building industry and as one spokesman for the building industry said, cut down housing starts by 34 per cent—actually we had in May the highest volume since 1959.

Q: Hasn't there been a slowing of FHA and VA housing starts, the ones affected by the order?

A: The number of FHA and VA starts has increased, though the proportion of these to total starts has been going down. They have been declining proportionately for some time because of the plentiful supply of mortgage money, so that people can get conventional mortgages at comparable rates. (A conventional mortgage is a home loan not insured by FHA or guaranteed by VA.)

MINOR INJURIES were suffered by Janice Amos, 16, daughter of Mr. and Mrs. Ace Amos, 2309 Forty-second, at 5:09 p.m. Sunday when she lost control of her 1958 Ford and struck a parked pickup in the 3700 block of Austin Street. Taken to Cogdell Hospital by Bolger Ambulance Service, Miss Amos was treated for a cut lip and released.

Convict Killed In Stabbing At Huntsville

HUNTSVILLE (AP)—A Negro convict serving 300 years for burglary from Harris County, was stabbed fatally Sunday in the chapel of the Wynne unit of the Texas prison system.

Freddie Morris, 39, died within 20 minutes in the emergency operating room of the prison hospital at Huntsville.

The Rev. C. B. Cloyd, retired minister from San Marcos, finished his sermon and 130 inmates sang the last stanza of "I'm Coming to the Cross" just before the fight in the chapel started.

Jack Heard, assistant director of the prison system, said Morris was stabbed by Willie Howard, 53, a Negro serving a life term for murder from Brazoria County.

Heard said Morris was stabbed in the chest, side and back with a 10-inch knife, fashioned of strap metal removed from a window.

Officials believed the stabbing stemmed from an old feud.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Just before school was out my Dad asked my Mom for a divorce. Mom didn't want one, but they got divorced anyway. Now my brother gets to live with my Dad and I have to live with Mom. All my friends got to choose which parent they wanted to live with when their parents broke up, but nobody even asked me. I think a 13-year-old girl should should know what is best for her, but Mom says she knows better what is best for me. How can I get to live with my Dad? My mother is always yelling at me for something and we don't get along. Don't you think it should be MY choice?

STUCK WITH MOM

DEAR STUCK: When some adults don't know what is best for themselves, how are children expected to know? Young ladies are usually better off living with their mothers. Take my work for it, honey, and don't complicate your mother's life by complaining. She has enough on her mind right now.

* * *

DEAR ABBY: If you don't answer this right away I am going to have a nervous breakdown. I have been married for nine years and have three children. Out of the clear blue sky my sister, who is four years older than I am said to me "I wish you'd tell 'Baldy' (that's what she calls my husband) to keep his eyes off me." I told her she must be imagining things. When I mentioned this to my husband he said to forget it — that she was a trouble maker. My sister has never been married and claims she hates men. I can't get this out of my mind. How can I be sure?

NERVOUS

DEAR NERVOUS: Believe your husband. And tell your sister the next time she catches your husband ogling her to direct her complaints to "Baldy" himself.

* * *

DEAR ABBY: What do you think of a guy who tells you that he loves you, and in the next breath he says he doesn't care if you go out with other guys?

THE GIRL

DEAR GIRL: I think he is angling for the same privilege. (Other GIRLS — not "GUYS.")

* * *

DEAR ABBY: Arthur's idiot (who broke out in uncontrollable laughter every time he kissed her) brought back memories of myself. My husband and I eloped many years ago. We were young and didn't have much money. In fact, I had to dig into my purse to help pay for the blood tests. When the Justice of the Peace asked my husband if he would "shower all his worldly goods on me", I broke up in laughter and became so hysterical they had to hold me up.

Some lights had been taken from the school pickup, and apparently the thief had cut himself in making the theft as blood was found on the pickup.

One of the juveniles in the Roe pickup had a cut hand.

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 16 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars ($350,000,000.00); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advise and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars ($350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"Where a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Sleepy Town In India Will Become Major Military Base

By ALAN M. KENNEDY

LEH, India (AP)—Here in one of the ancient fastnesses of Central Asia, remote as Tibet, dusty trucks come with war supplies from the Indian flatland.

Four-engine transport planes bank steeply around a hilltop monastery to land on a steel airstrip 11,500 feet high in the Western Himalayas. The planes disgorge tractors, cement and road rollers to build a permanent landing strip that is to be ready by October.

Other machines, including rotary snowplows, are on the way to India from the United States to keep open, through most of the winter, the 500-mile truck route to the Kashmir valley and the railhead at Pathankot in the Punjab.

Airdropping of foodstuffs for the Indian army goes on north and east of Leh.

In headquarters at Leh, staff officers pore over reports from patrols on the 15,000- to 19,000-foot ridges and try to guess what the Chinese Communists are doing on their side of the cease-fire line.

Thus, seven months after Peking's claims on eastern Ladakh were enforced by the Chinese Red Army, the Indian army and air force, with U.S. help, are transforming sleep Leh Valley into a major military base.

The buildup is designed to forestall another Chinese Communist advance into Indian territory. Indian commanders also would like eventually to try to get some of the captured territory back.

The town of Leh, population 3,000, still wears the outward look it had for centuries as a trading post on the trans-Himalayan caravan route. The trade has been halted by Chinese-Indian hostilities.

Separated from India by the snow-capped Zaskar range of the Himalayas, Leh used to be a middle-point on the camel trail to Tibet and Sinkiang. A sign put up by the Indian army points out that it is 748 miles by road to Delhi, 600 to the Soviet Union and 100 to Tibet. Tibet is closer also in altitude, climate, people and religion.

Leh gets less than four inches of precipitation a year. The valley is four feet deep in fine powdered loess—soil lifted off lands elsewhere in Asia and blown here by winds through the centuries.

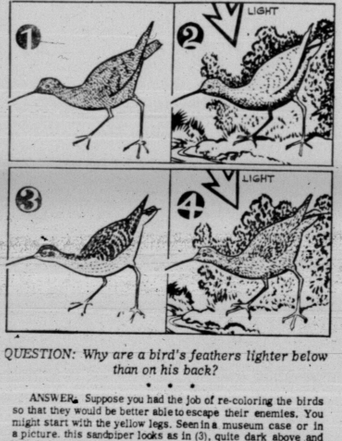

Where the water of the young Indus river can be coaxed into irrigation ditches, the valley bursts into green wheat and barley fields in summertime. These end half a mile from the river bank.

The Mongol-eyed people, often fair under a layer of sunburn and dirt, practice polyandry and send younger sons into monasteries to reduce the pressure of population.

Like their distant cousins the Tibetans, they are cheerful people and devout Buddhists. They owe spiritual allegiance to the Dalai Lama, who lives in the Punjab.

The pressure of troops nearby does not seem to have changed the town. Soldiers get little or no leave. Crews flying from New Delhi seldom leave the airstrip.

Junior Editors Quiz on BIRDS

QUESTION: Why are a bird's feathers lighter below than on his back?

• • •

ANSWER: Suppose you had the job of re-coloring the birds so that they would be better able to escape their enemies. You might start with the yellow legs. Seen in a museum case or in a picture, this sandpiper looks as in (3), quite dark above and light below. "That won't do," you might think, "his enemies could easily see him with those contrasting colors." So you paint him an even grey all over (1). Then you set him out by the side of a stream (2). To your surprise, the grey doesn't make him vanish; he seems to stand out. The reason is that the light is pouring down from above. This makes his back look very light. It also makes a shadow on his underparts, and since you painted these grey, the shadow looks very dark. The contrast of light back and dark underparts makes him easy to see.

You may decide nature knew best and you will be right. For if you take the bird as he is (3) and put him beside the stream (4) he will be difficult to see. The light from above will have lightened his back, and since his underparts are white, the shadow on them is light. The result is something like the even tone you wanted to put on him in the beginning.

• • •

FOR YOU TO DO: Take a dull-colored object like a cardboard tube and look at it in an indoor light; it won't show much contrast. But take it into the brilliant outdoors and you'll see how light above and dark below it looks. It will help you understand why a bird has reverse coloration to overcome the effect of light and shadow.

Dogs Bite Very Hard

By HAL BOYLE

NEW YORK (AP)— Things a columnist might never know if he didn't open his mail:

When a dog bites you, he also takes a nip out of your pocketbook. America's 600,000 dog-bite cases a year cost about $5 million in medical expenses.

Incidentally, 76 per cent of the victims are under the age of 20. One study showed nearly two thirds admitted the dog's attack was not entirely unprovoked.

Hot weather hint: If your air-conditioner or electric fan breaks down, a quick way to cool off is to soak your feet in a pan full of water and ice cubes. Science has also found you'll feel better in the long run if you pour a pitcher of martinis over your head than if you drink them.

Prosperity note: There are more $20 bills in circulation today than there were $10 bills two decades ago.

Do you gamble? If you don't, you're in a minority. It is estimated that up to 120 million Americans indulge with a fair degree of regularity in some form of betting — on everything from baseball to bingo.

Depressing news for male motorists: America now has more than 33 million women drivers.

Rail Lines Dynamited

MILAN, Italy (AP)—Saboteurs interrupted rail service on two main lines between Milan and Switzerland Sunday by dynamiting pylons that support lines for Italy's electrified railway system.

The first explosion, near Camergata, delayed traffic for three hours.

The second blast, near Varzo, blocked traffic for nearly four hours.

Police declined to speculate on the authors of the sabotage.

Smallpox Cases Number 40 In Poland

WARSAW, Poland (AP)—Smallpox continued to spread in Poland this weekend. The Health Ministry reported 40 cases, four of them fatal.

The ministry said more than 360,000 persons have been vaccinated since the first case of smallpox appeared two weeks ago in the Breslau region.

U. S. Bound Boy Winds Up In Italy

LA SPEZIA, Italy (AP)—A Cuban student who stowed away on a sugar boat in Havana and wound up in Italy instead of the United States has asked for political asylum in Italy.

Authorities said Jorge Ramon Burgaleta, 20, arrived July 20 on the Greek vessel Efcharis, which he had thought was sailing for the United States. He said his parents had fled there from Cuba. Police declined to give their address.

Boy Hurt In Mock Battle

WEST POINT, Ohio (AP)—Richard J. Lacher Jr. 16, lost his left hand and suffered severe powder burns while firing a cannon Sunday during a mock Civil War battle. His condition was reported as serious.

The accident occured as Lacher shoved a ramrod down the barrel of a 16-pound brass cannon.

More than 10,000 persons viewed the mock battle commemorating the 100th anniversary of the capture of Confederate Gen. John Hunt Morgan.

Candlestick Park A Giant Haven

— By JIM HACKLEMAN
Associated Press Sports Writer

Windy, foggy and chilly it may be, but Candlestick Park remains a happy haven for the San Francisco Giants.

Battered on a recent trip, losing nine of 13 and falling to fifth place in the National League, 10 games off the pace, the Giants have zoomed back into the pennant scramble since returning to Candlestick. The streak has boosted them into a tie for second with St. Louis, 4½ games back of the faltering Los Angeles Dodgers.

The Giants made it six in a row at home and seven straight overall Sunday, riding a two-run homer by Willie Mays to a 3-1 victory over Pittsburgh.

The Dodgers found things less friendly at their palatial diggings at Chavez Ravine. They were done in again by Philadelphia, 7-4, with homers by Clay Dalrymple and Johnny Callison the damaging blows.

The Dodgers have lost four straight on their current home stand, which opened promisingly with a pair of victories.

The Chicago Cubs cooled off St. Louis 5-1 and 16-11 and inched into fourth ahead of the Cincinnati Reds, which split with Milwaukee. The Reds won the opener 4-3; the Braves posted a 5-2 decision in the second game.

In a night game at Houston, rookie John Bateman's slugging paced the Colts to an 8-2 romp over the New York Mets — who have matched the all-time major league mark of 22 straight losses on the road, set by Pittsburgh in 1890.

New York Yankees edged Minnesota 3-2 after being trimmed 5-1 by the Twins; the Los Angeles Angels swept Boston 5-0 and 5-4; Detroit took Washington 3-2 and 7-4; Kansas City blanked Cleveland 3-0 before being bombed 12-7 by the Indians, and the Chicago White Sox whipped Baltimore 4-1.

Mays, who had hit into one of three double plays executed by the Pirates, got the brushback pitch from Don Schwall twice in the sixth inning before his 23rd homer gave the Giants a 3-1 lead.

Jack Sanford, who had lost his last six since a winning decision on June 18, worked his way out of several jams and finished with an eight-hitter. The 21-game winner of last year now is 10-11.

The Phils blasted ahead of the Dodgers in the sixth on Dalrymple's three-run homr off Don Drysdale, then clinched it with three in the seventh. Tony Taylor, who collected eight hits in the three straight victories at Los Angeles, singled across what proved to be the decisive run and kayoed Drysdale. Callison greeted Ron Perranoski with a two-run homer, becoming the first left-hander to homer against the southpaw reliever in his three big league seasons.

Performing before their largest home crowd in 11 years, 40,222, the Cubs came out of a week-long slump with 30 hits in the sweep over the Cards. In the second game, St. Louis rapped five homers and twice held sizable leads, but the Cubs poured across 10 ru ; in their last three at bats. Eleven pitchers were used, with Lindy McDaniel the winner and Ed Bauta the loser.

Lou Brock homered twice, tripled and had a sacrifice fly, knocking in five Cub runs. Jim Schaffer hit two homers in the doubleheader, also driving in five runs for the winners.

In the opener, lefty Dick Ellsworth boosted his record to 15-7 with a seven-hitter, striking out 10. Prior to the doubleheader, the Cubs had lost three straight and five of six, while the Cards had won three in a row and seven of eight.

At Milwaukee, Gene Freese batted in three first-game runs with a homer and a double and Maloney won his 16th against three losses, with relief help from Al Worthington and Dom Zann. Hank Aaron belted his 29th homer in getting three of Milwaukee's five hits.

Denny Lemaster outdueled Bob Purkey in the second game, turning in a six-hitter, and Joe Torre a pair of singles.

Playoff Causes Varying Emotions

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP)—Arnold Palmer, Jack Nicklaus and Julius Boros, meeting in a 18-hole playoff today for the Western Open golf championships, faced the prospect with varying emotions.

Palmer was a little fidgety because of his putting.

Nicklaus, the cool All-American boy, beamed with confidence after great victories in the Masters and PGA.

National Open winner Boros, the seasoned veteran, seemed past the stage of being bothered by anything while enjoying one of his greatest golfing years at the age of 43.

The playoff winner gets $11,000. Second place is $5,500 and third $3,400.

Par at the Beverly Country Club is 36-35—71 and only eight players broke it for the 72-hole distance.

Boros, sharing fifth place with three others after 54 holes, came out of the pack with a closing 34-33—67 Sunday for 280, four under regulation.

Nicklaus, tied for fifth with two players, pulled up to 280 with a 33-33—66, lowest round of the tournament.

Palmer, who shared the third round lead with Sam Snead, stumbled in with a 37-32—73 after using 35 putts.

The 51-year-old Snead sagged to 40-35—75. He tied Charlie Sifford, the Negro pro who finished with a 69, for fourth place with 282. Tommy Jacobs with 68, Harold Kneece with 70, and erstwhile leader, Fred Hawkins with 72, were at 283.

The playoff bunches the season's first three money winners. Palmer is tops with $85,955 with five tournament victories. Nicklaus has bagged $75,140 and Boros $65,546.

Palmer has been involved in 15 playoffs in his career, winning 10. In his last five tournaments, including the Western Open, he has been carried into four extra beats. He won the Thunderbird in sudden death with Paul Harney; captured the Cleveland Open by defeating Tommy Aaron in 18 holes, and lost to Boros in the National Oper.

Boros has been in four playoffs and was beaten but once. Nicklaus has been in three, winning twice, including a victory over Palmer in the 1962 National Open.

Nicklaus moved into Sunday's deadlock by birdying two of the last three holes on putts of four and eight feet.

Boros could have wrapped it up on the last green but misjudged his 60-yard wedge approach. He left himself a 25-foot birdie putt which he missed.

Palmer never could get going after three-putting the first green for a bogey. His chances of an outright triumph vanished with bogeys on the 69th and 70th holes and he left himself a 20-foot putt on the 72nd that he could not sink for a winning birdie.

AMERICAN LEAGUE ROUNDUP

Piersall Wastes No Time In Getting Into Trouble

By JOE REICHLER
Associated Press Sports Writer

Don't let the halo over Jimmy Piersall's head fool you. He's still the most tempestuous and argumentative player in baseball.

The newest Angel — he joined Los Angeles last Saturday—was back in an American League uniform for only a few hours when he became involved in another of his famous skirmishes with umpires.

This one had a little extra flair: An umpire wound up on the seat of his pants—with Piersall's cap with the halo on top in the dirt beside him. The game ended with Piersall on the outside looking in, a position in which the fiery outfielder may find himself if the league president, Joe Cronin decides umpire John Stevens didn't fall but was pushed.

Piersall celebrated his return to the American League on Saturday by cracking two hits as the Angels downed the Boston Red Sox 5-2. Jimmy wasn't in the starting line-up as the Angels beat his old team 5-0 in the first game Sunday.

In the second game, which Los Angeles won 5-4, Jimmy was highly instrumental in the victory. He singled in the third inning, stole second and eventually scored. He singled again in the eighth and scored what proved to be the winning run when Billy Moran's double play grounder went through shortstop Eddie Bressoud's legs.

Detroit beat Washington 3-2 and 6-4; Chicago's White Sox clipped Baltimore 4-1; the New York Yankees split a doubleheader with Minnesota, winning the second game 3-2 after the Twins won the opener 5-1, and Kansas City and Cleveland divided a twin bill, the Athletics winning the first 3-0 with the Indians taking the second 12-7.

In the national League, San Francisco moved into a second place tie with St. Louis by defeating Pittsburgh 3-1 as the Chicago Cubs flattened the Cards 5-1 and 16-11. The Giants and Cards are 4½ games behind the Los Angeles Dodgers, who were beaten again by Philadelphia, 7-4. Milwaukee defeated Cincinnati 5-2 after the Reds won the opening game 3-2. Houston beat New York's Mets 8-2.

In the ninth inning of the second game, Piersall didn't like a called strike by plate umpire Bill Kinnamon and protested vehemently. Kinnamon ordered him off the field. That only infuriated Piersall all the more.

Stevens charged in from second base in an effort to calm the raging Piersall but wound up in the dirt near home plate.

Piersall Suspended

BOSTON (AP) — American League President Joe Cronin today fined Los Angeles' Jim Piersall $250 and suspended him until Aug. 2 for a brush with umpires at Sunday's doubleheader in Boston.

The league announced Cronin notified manager Bill Rigney that Piersall was suspended "until the scheduled game of Aug. 2."

Piersall's trouble—as a result of which veteran umpire John Stevens landed on the seat of his pants — came during the second game of the doubleheader with the Red Sox at Fenway Park.

The Angels are in Cleveland today.

"Piersall still had his bat in his hand," Stevens explained. "I grabbed the bat in an effort to calm him. I told him to take it easy if he didn't want to get suspended.

"He let go of the bat and I had nothing to hold on to. As he swung away from me to talk to Kinnamon again, I fell down.

"But I don't blame Piersall for that. He was just mad and I was trying to calm him down."

Piersall said he was angry because Kinnamon accused him of swearing.

"I wasn't swearing," he said. "I haven't sworn at an umpire all season. I was just complaining about the call."

Second baseman Nellie Fox rapped his 2,500th hit and rookie southpaw Gary Peters (10-5) hurled his fourth straight complete game as the second place White Sox narrowed the Yankees' lead to eight games.

Outfielder Dave Nicholson, who drove in five runs during the White Sox' doubleheader sweep Saturday hit his 16th homer in the first inning.

John Goryl's base - clearing triple and Don Mincher's ninth home run helped Camilo Pascual earn his 11th victory for the Twins.

The Yankees won the nightcap in the ninth on Hector Lopez' two-run single.

Orando Pena pitched a two-hitter and Norm Siebern drove in two runs in the Athletics' first game shutout triumph. Cleveland came roaring back with 14 hits in the nightcap, scoring seven rus in the sixth inning, the last four on catcher John Romano's grand slam.

Al Kaline of the Tigers cracked a game winning homer in the opener and started the winning rally with a single in the nightcap.

San Antonio Takes Texas League Lead

By The Associated Press

San Antonio's Bullets won eight straight and 12 of their last 16 games to pull into the Texas League lead Sunday.

Austin had a similar record except in reverse—the Senators lost 12 of their last 15.

The decisive blow came as Austin dropped a 13-inning thriller to Albuquerque 6-5 while San Antonio was edging Amarillo 4-3.

Austin just doesn't seem able to win an extra-inning test. The Senators played three in three weeks and dropped all. Two were to rejuvenated Albuquerque.

Brack Bailey's single in the 13th inning brought Albuquerque its triumph, the seventh over Austin in the last eight games between the two clubs.

McKinley Happy After Winning

HAVERFORD, Pa. (AP) — "I was happy with my game. Everything seemed to be humming."

Wimbledon champion Chuck McKinley, of San Antonio, Tex., was talking. He had just defeated Ronnie Barnes, the Pan-American Games champion from Brazil, 6-2, 6-2, 6-2 to win the Pennsylvania Lawn Tennis championship Sunday at the Merion Cricket Club.

"But I've been playing tournament tennis since the middle of May and so I'm going to rest up a week," he continued. "Then I'll go out to Los Angeles to meet the Davis Cup team and get ready for Mexico."

Bo's Debut With Hawaii A Bleak One

By The Associated Press

Bo Belinsky made his much-heralded appearance with the Hawaii Islanders of the Pacific Coast League Sunday. He came in in the seventh inning of the first game of a doubleheader with Tacoma and was tagged for five earned runs. The contest was won by Tacoma 16-6. In the nightcap Tacoma edged the Islanders 4-3.

Belinsky—who gained a colorful reputation with the Los Angeles Angels—retired the side in order in the eighth.

In other PCL action Sunday Spokane's Northern Division leading Indians edged Portland 3-2, Salt Lake City whipped Denver 18-5 in the opener of a doubleheader only to undergo a 14-8 trouncing in the second game, San Diego split with Dallas-Fort Worth, San Diego taking the opener 5-2 and the Rangers the nightcap 1-0. Oklahoma City and Seattle split, the 89ers winning the opener 2-0 and Seattle taking the second 3-1.

In the first game — played at Dallas—Bobby Klaus hit a three-run homer in the seventh to lead San Diego to victory. In the nightcap at Fort Worth Jim Rantz came in in the ninth inning to salvage the victory for Joe Bonikowski.

Clancy Osborne, linebacker for the Minnesota Vikings, collects coins as a hobby.

MUST WIN TWO

Pony Stars Play Abilene Tonight

The Snyder Pony League all-stars, with their backs to the wall, journey to Abilene tonight, needing to win two in order to stay in the playoffs. Game-time is set for 7:30. If Snyder should win, there will be a second contest immediately following the first. Winner of the series will advance to the state playoffs at Ft. Worth.

Snyder was nosed out 4-2 n the opener of the series in Towle Park Saturday night. Abilene's Oakley gave up only one hit, a single by Lloyd Potts.

The game started out like it might be a high scoring affair. Abilene scored two runs the top of the first, and Snyder came back in the bottom with one run. However, Abilene's 2-1 lead held up until the final inning.

The visitors managed to get two more tallies in their half of the seventh leading 4-1 as Snyder came to bat the last time. It looked like the local stars might get something going and they did manage to get one score. Potts walked, stole second, and when the throw to second went to center field, he went on to third. Potts scored as McCall was out on a grounder.

Bobby Hall then hit what was apparently a double, but it was ruled that he failed to touch first, and he was thrown out to end the game.

What's Wrong With U. S. Girls' Team

By GENE KRAMER

WARSAW, Poland (AP) — What's wrong with American women's track and field? Why can't the U.S. girls' team win meets?

The question is asked repeatedly by European sportswriters about the winless U.S. girls now touring Europe with the undefeated men.

Dan Ferris, secretary-treasurer of the U.S. Amateur Athletic Union, replies that a big problem is lack of tradition in U.S. women's track and field, something that is being overcome.

"Some old-fashioned people," he said, "consider it both unfeminine and indecent for girls to compete in track suits but such ideas are changing. They should have seen the Russians in hardly anything but bikinis. And the Polish girls, as attractive and feminine as you please."

Animal strength rather than athletic skill is still too often the yardstick in U.S. women's track and field, said the American men's coach, Payton Jordan of Stanford University. "There are too few girls to pick from," Jordan added. "The solution is more and earlier training of more girls, by age groups, as in women's swimming."

AAU president Louis J. Fisher said parents must be interested and convinced that women's track and field is beneficial rather than harmful. "When you get the parents interested, women's track and field could flourish like little league baseball does," he said.

The American women's coach, Margaret Ellison of Abilene, Tex., acknowledges that in America there is an unfavorable stereotype of girl track and field athletes as tom-boys with bobbed-hair and mannish looks.

Snyder Polo Team Loses To Spur 14-11

The Snyder' Polo Team lost a close match to world champion Spur 14-11 in the Snyder VFW Park Saturday night. This was the closest that the Snyder team has come to beating Spur.

Snyder actually outscored the champions in the second and fourth chukkers by scores of 2-1 and 5-4. Spur outpointed the Snyder team in the first and third chukkers, 5-2 and 4-2.

Snyder has received an invitation to the World Champion Playoffs, to be held in Lubbock August 31-September 2.

Houston Oilers Have Intra-Squad Game

COLORADO SPRINGS (AP) — While the Houston Oilers took Sunday off to lick their wounds from a close intra-squad game, coaches graded the films and prepared to announce four or five player cuts.

Injuries from the Blues' 7-6 victory Saturday night over the Whites mostly were sprains and bruises.

Linebacker Tom Goode turned up with what may be a serious ankle injury.

"With the Colorado weather turning cool the last few days," Coach Frank Ivy said, "The squad is much farther along than it was at this time a year ago."

BUSINESS and INDUSTRIAL NEWS

Culligan Service Makes Living More Pleasant, Easier

JUST ONE of the many advantages of soft water in the home is in dishwashing because soft water suds wash dishes faster, easier, and soap goes twice as far. Shaving, bathing, shampooing, and laundry all become more pleasant when they're done with fresh, filtered soft water. With soft water, no scale forms in heaters and pipes. In fact, soft water is better than hard water for everything except putting out fires.

You or your neighbor, in buying a product or in ordering a service, look for dependability and value in the brand name of your selection.

Culligan, Inc., with home office, factory and laboratory in Northbrook, Ill. is the basic manufacturer in the water conditioning field. Here is the firm which has produced more home type water softeners than any other company. Three out of every four soft water service families in the U. S. and Canada have soft water The Culligan Way! Thus, in water conditioning, the first name millions of people think of is Culligan.

Here in Snyder, the Culligan dealership is locally owned by J. C. Schwartz. Water conditioning is his full-time, exclusive business. He is a water conditioning expert, with the added advantage of being able to call upon the scientists and experts at the Culligan laboratory for assistance with any particularly difficult problem.

Those with water problems have found that they can place their confidence in Culligan Soft Water Service, as do more than three million people in thousands of communities everywhere.

Most popular of course, is the service where the softener itself is owned by the local dealer. The compact Culligan Service type water softener, only 44 inches high and requiring less than a square foot of space, is attached to the water supply at any convenient location.

The initial service connection is quick, simple, and low - cost. You buy no softener, do no maintenance work. The local dealer owns the unit, absorbs the cost of wear and tear and depreciation, and takes care of it.

At regular scheduled intervals the unit is exchanged for a fresh one which has been "sealed" at the plant. The exchange takes only a few seconds, and there is no muss or fuss. There's a small monthly bill, and that's all there is to it.

A free water analysis is available and anyone with a water problem is invited to call HI 3-4332. Chances are there is a Culligan product which can solve that problem quickly, easily, and economically.

Modern Homeowners Plan Is Offered By State Farm Ins.

No one uses kerosene anymore when he can get electric lights. Electricity is the modern way to light a home.

But when it comes to home insurance, some folks still have insurance that is just as old fashioned as a kerosene lantern.

Insurance which covers only fire loss and a few of the extended coverages such as falling aircraft, cannot compare to the truly modern insurance that is available to home owners or tenants through State Farm Insurance.

State Farm Homeowners Insurance, sold in Snyder by Roy J. McCloskey, has recently been revised to make it even more modern than ever before. And the best part is that by slightly raising the deductable amount on each claim, they are able to offer the protection at virtually the same cost as old fashioned insurance.

The State Farm policy protects against everything that the old policies did, but in addition, gives the policy holder protection against such additional perils as theft, liability, "all risk" on the building, "all risk" on personal property, and added fire coverage on damage.

The coverage is generous too. For example, the theft coverage is good for theft losses off the premises as well as on. Also under that coverage, losses from holdups or vandalism are covered.

The liability provision covers bodily injury lawsuits, costs of suit whether liable or not, medical expenses from accidents to others, and damage to property of others.

The Homeowners Plan by State Farm covers damage caused by rupture of heating systems, water damage from heating and plumbing systems, freezing of plumbing or heating systems, or collapse from the weight of ice or snow or falling objects.

Truly the Homeowners Plan is a modern insurance coverage. Not only does it pay for the homeowner's loss, but if the home is uninhabitable because of damage from an insured peril the policy will pay for necessary extra expenses such as hotel and restaurant until the house can be lived in again.

The Homeowners Plan is just one of the many forms of insurance offered by State Farm. Automobile insurance, life insurance, and new car financing are all services offered by Roy J. McCloskey Insurance at 4006 Avenue S.

McCloskey's State Farm office is also an unofficial Navy office for Snyder. McCloskey is a veteran of several years service with the U. S. Navy, and is presently active in the Reserve program. Those interested in Navy careers are always welcome to discuss their questions with McCloskey. He is able to furnish information on such things as college scholarships and other helpful information to those who are about to start their military service.

INSURANCE HEADQUARTERS—State Farm Insurance agent Roy J. McCloskey is shown in front of the State Farm offices at 4006 Ave. S. State Farm offers auto, fire, life and the popular homeowners policy which covers the insured against a number of perils.
