After my socks and hose columns I've been told I need to do one with a little more of a masculine slant. Apparently some guys just don't spend much time pondering about whether their socks are matched up or not! Imagine that!

But a helpful fellow pointed out to me that there are things guys are pretty attached to.

One of those things, he says, is a man's pocketknife.

Upon pondering this I realize that this is true.

Very few men go around without their pocketknife.

These pocketknives may be huge, burly things, with horn handles and about forty million blades, or they may be simple, basic knives, or even a slim, elegant "executive" knife with a single blade and small scissor.

Anyone who has ever watched the television show "McGyver" is familiar with the mountain moving, escape creating, weapon defusing capabilities of a Swiss Army Knife. If the ancient Egyptians had possessed a Swiss Army Knife and McGyver they could have built the pyramids in a few weeks!

Men tend to take very good care of their pocketknives.

They lovingly sharpen the blades to razor edges, only to dull them down prying up paint can lids and trimming articles out of newspapers.

Pocketknives are used trimming off stray threads of clothing, whacking off a limb that is in the way of the lawn mower, or scraping mud from boots.

They trim off errant hair strands, get used as screw drivers, bottle openers, and cooking utensils.

Most guys feel rather undressed without the weight of that knife in their pocket.

And heaven help the poor soul who borrows it and fails to return it or loses it!

Nothing is calculated to put a man into a foul humor more than losing that knife.

I suppose the pocketknife came into being when they were so useful for working around harness and horse tack, farm work and such.

Now, however, they are seldom used for that.

Still, they are an indispensable part of a man's pocket collection...along with his billfold, keys and assorted junk.

Letter To The Editor

Dear Editor:

On April 13, several students and parents met with the school board to request a change in policy concerning the prom and other related activities.

We want to thank the board for making a decision in favor of this change. It was late in the year for such a request and I apologize for this.

Thank you for working through the problem and allowing our students to invite guests. I'm sure they won't let you down.

Three Candidates File For Talco-Bogata CISD Trustee Positions

Three candidates have filed for the two positions up for election in the upcoming Talco-Bogata CISD Board of Trustee election to be held Saturday, May 2.

Kip Stansell will run unopposed for Position #2, a position he now holds. This position is for a three year term.

Rue Anna Bell, who is filling Position #5's unexpired term of Tommie Corbell, has filed her candidacy for election to that position, as well as Frank Stubblefield.

Bell filed her candidacy with the following statement. "I was appointed to the Board when Tommie Corbell resigned his position. They felt I would be a good member because I had the incentive to run in the 1991 election, had children in school, have always taken an active part in my children's education and believe that I can help teachers give the children the education they deserve."

My husband, Regan, and I moved back to Bogata 14 years ago. Regan was from Rosalie and wanted his children to go to school in Bogata where he attended grade school. We now live in Fulbright and have three children, LaTonya, a junior; Crystal, eighth grader; and Brandon, fourth grader.

I am active in community services, PTO and Acteens and am a

leader at FBC in Bogata."

Frank Stubblefield, a lifelong resident of Bogata, announced his candidacy with the following statement:

I am a graduate of Bogata High School, attended Paris Junior College and received a BS degree in mathematics and physical education from East Texas State University. I hold a masters degree in education as well as administrative certificates from ETSU. In addition, I have participated in a wide range of workshops and conferences concerning education and have served on a Texas Education Agency accreditation team.

I am a United States Air Force combat veteran, serving as a gunner on a B-29 bomber during the Korean War.

I have 29 years of experience in education, having taught mathematics and physical education at both junior high and high school levels. I coached the 1980 state championship Rebelette basketball team and served 15 years as principal of Bogata Elementary-Junior High School, from 1962-74 and again from 1985-88 when I retired.

I was postmaster in Bogata from 1957-61. I am a member of the First United Methodist Church in Bogata and chairman of the Bogata City Park Board. My wife, Anita, taught home

economics at Talco High School, Bogata High School and Rivercrest High School. She retired in 1986. We have three daughters who are graduates of Rivercrest High School.

I feel that Talco-Bogata CISD is a good school system. I have always been very proud of the schools and would like to be of service in any way possible."

Kip Stansell, Talco, will run unopposed for Position #2. He is the owner-operator along with his father, Jerry Stansell of Buck's Welding and Machine Shop in Talco. He and his wife, Kelly, have two children, Kyle, a third grader and Kendall, a second grader at Talco. He has served the past three years on the Board and has been instrumental in many of the program changes and improvements. Concluding his statement of candidacy, Stansell stated "Your support will be appreciated."

Polling places for the election are Talco Elementary School and the Bogata Cafeteria. The polls will be open from 7 a.m. to 7 p.m. on that day. Absentee voting will be conducted each weekday at Rivercrest High School between 8 a.m. and 4 p.m. beginning April 13 and ending April 28, with the exceptions of April 17 and April 20. Deadline for ballot by mail is April 24.

Dude Lassiter has received word that Mrs. Judd Lee is having knee replacements done. She had the right one done and is about to have the second knee done. Her daughter reports that she is now in North Texas Rehabilitation Hospital 3200 Matlock Road, Room 209B Arlington, Tx 76015

She would love to hear from Bogata people and regrets not being able to have come to homecoming.

Westlake Park on Gross Road in Mesquite is the site for the Kilmer wedding, which will take place May 2 at 2 p.m.

Lions Club Needs Donations for Community Garage Sale

The Bogata Lions Club is planning a community wide garage sale for the 9th of May, with proceeds to go into the park fund. Anyone having something they would like to donate is urged to contact Jack Crane at the Bogata Post Office 632-4121. Several articles have already been given. We request articles worth at least \$15.00 so as not to have a junk sale.

So look in your garage, behind the door and in the storage closet for something that someone else might enjoy and contribute it to your Lions Club. Bobby Simmons with Auction Unlimited will conduct the auction. The sale will be at the old post office building across from the Movie Shoppe. Watch your paper next week for a listing of articles already given.

Letter To The Editor

Dear Editor,

We wish to take a moment to let the people involved in the planning of the homecoming this year and every year, how much we appreciate all the effort it takes to make the Bogata Homecoming the great success that it is each year. If we were to express any hint of disappointment it would be the fact that some of our exes who live in nearby towns fail to make the effort to come. We miss visiting with them.

To those who plan and chase addresses for the various class reunions, keep up the good work. We know from past experience just how much effort this takes.

The food and programs are always very good. This year was no exception.

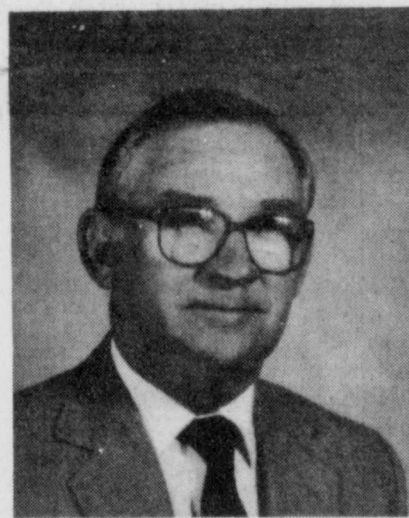

As for James Wood and his jokes, they remind me of a joke that I heard. A man went to prison. The first night, after they were locked in their cells and lights turned out, from way down the cellblock a guy called 18. Everyone laughed and clapped. This was repeated by several guys calling different numbers. Finally the new guy asked

his cellmate what was going on. His cellmate answered, "We only have one joke book in the library and each joke is numbered. Everyone has read it so many times that they have memorized all the jokes. To save time, we just call out the number. Everyone recalls the joke and we get a big laugh." The new guy could hardly wait his turn to get the book. Finally he got it. That night the numbers were being called and the inmates got their laughs. The new inmate finally called "26. No one laughed. He asked his cellmate "Why?". The cellmate answered, "Some people just can't tell a joke."

Bogata Homecoming! We love it. Jean and Charles Wilkinson

Letter to the Editor: April 26-May 1 has been declared Volunteer Appreciation Week. We here at Red River Haven Nursing Home would like to take this opportunity to say thank you to our community and to the volunteers who help us. We are certainly glad that we have the love and support for our residents that you have given.

Without you, it would be difficult for us to be as active as we are. Sincerely, Sandra Mauldin Recreation Director

Country Cooking

By Gerrie Bankhead

The Country Cooking Column is coming to you this week from the kitchen of Dan and Mary Katherine Cotten. Being married for 45 years, they attend the Bogata Methodist Church and have lived in Jolntown for the past four years. Dan and Mary Katherine have three children: Larry and wife Jerri, and their children Ryan, Amanda, Rex, Michael and Kristina of Frisco; a son Danny and his wife Carla and children Dana, James, Corey and Mandi of Salt Lake City, Utah; and a daughter, Lisa and her husband Rick Graham and children Jay and Eric of Midland.

Mary Katherine's hobbies include sewing, crafts, reading, playing bridge, cooking, collecting recipes, community work and needlework. Once a week she quilts and makes Barbie clothes, preparing for the upcoming Methodist bazaar. She helps with the scheduling of the annual community mammography screening, which is sponsored by the Bogata Book Club, of which she is a member. This event takes place on May 18 at the Jolntown Baptist Church.

This is Mary Katherine's second and last year as president of Talco Ex-Students. She also does the scheduling for the "55 Alive" program which is a refresher course for drivers over 50 years of age, to increase their awareness of the affects of ag-

ing and driving. She has twenty years of service with the Internal Revenue Service and Dan is retired from Mobil Oil.

Cooking casseroles and salads are her favorite foods to prepare. She also enjoys clipping out articles and recipes and sharing them with friends and family. Dan and Mary Katherine spent many years and hours planning their dream house and standing beside a specially built spice rack is just one of the many un-ordinary creations that make this house unique.

Mary Katherine's recipe for Grandma's Casserole came from "Family Weekly" about 20 years ago. The Barbeque Brisket recipe came from "Mr. Food" on Channel 7 about two years ago. The Girl Scout Tacos are from a newspaper in Midland from about 20 years ago. The Cool Whip Frozen Salad recipe has been used for about 20 years also. The Spanish Delight recipe came from a friend, Melba Reed, in Talco, and she has used it since 1950. The Cheese Cake recipe came from a friend in Pampa, Madge Zuerker, about 30 years ago.

If you have enjoyed the article, want to make a request, or a suggestion, call 652-6032 or write to Rt. 1, Box 56C, Deport.

I have received a request for an old fashioned Syrup Pie recipe. Please share with us.

Grandma's Casserole

Mary Katherine Cotten

In Dutch oven, saute 1 cup chopped onion and 1 green pepper, cut in strips in 2 TBS. oleo for 3 minutes. Add 1 1/2 lb. lean ground meat and brown meat, breaking up with spoon as it cooks. Add 1 tsp. seasoned salt, 1/2 tsp. monosodium glutamate (optional), 1/2 tsp. pepper and 1 TBS sugar. Stir in 1 qt. or 1 can (1 lb. 12 oz.) of whole tomatoes (cut up), 1-15 oz. can tomato sauce and 2 cups water. Heat to boiling, reduce heat and simmer 15 minutes.

Into a 13x9x2" pan, layer tomato meat mixture and 1 pkg. (8 oz.) uncooked wide noodles. Top with 1 pkg. (8 oz.) mozzarella, sliced. Make sure noodles are well covered by sauce. Cover pan with aluminum foil and bake in preheated 350 oven for 45 minutes to 1 hour. Cut and serve as you would lasagna. Serves 8-10.

Cheese Cake

Empty large can of canned milk into bowl and chill in freezer until icy. Also, have cream cheese at room temperature.

Reserve few crumbs for topping: 1/2 lb. graham cracker crumbs 1 stick oleo, melted 1 T. powdered sugar

Combine and cover bottom of covered cake pan. Tupperware 9x13 is good. 8 oz. cream cheese, softened 1 c. sugar 1 t. vanilla

Whip up fluffy. 6 oz. lemon jello dissolved in 6 oz. hot water and 6 oz. cold water. Add to cheese mixture. Beat icy milk until peaks. Fold into cheese-jello mixture and pour into crumb crust. Chill 12-24 hours. It gets better after several days. Serves 18-20.

Barbeque Brisket

1 bottle barbeque sauce 1 can cola 1 pkg. onion soup mix Mix above three ingredients together. Place brisket fat side up in pan and cover with mixture. Cover tightly and bake in 325 oven 3-5 hours (at least 30 min. per lb.). Let cool slightly. Cut against grain and cover with sauce and heat about 30

minutes.

Girl Scout Tacos

3 pkg. taco seasoning mix 1 large onion, chopped 1 head lettuce, chopped 1 lb. cheese, grated 5 lb. hamburger meat 1-52 oz. can Ranch style beans 4 tomatoes, chopped 3 large bags corn chips

Sprinkle salt in bottom of Dutch oven. Follow directions on seasoning package. Add beans. Serve mixture on corn chips. Sprinkle lettuce, tomatoes, cheese and onion on top. Other items that are good on topping: ripe olives, avocado, sour cream, hot sauce and rice.

Cool Whip Frozen Salad

Will fill 2 oblong cake pans and keeps a long time.

2 large tubs cool whip 1 cup commercial sour cream 5 mashed bananas 1 1/2 cups sugar 1 1/2 cups chopped pecans 1/2 cup maraschino cherries 4 T. lemon juice

One #303 can crushed pineapple (do not drain). Pour the sugar over pineapple, mix and let set while mixing other ingredients to dissolve sugar. Mix all but cool whip together well. Fold in cool whip last. Freeze and keep frozen.

Spanish Delight

2 medium onions, chopped 2 T. grease 1 can tomato soup 1 can corn 1 pkg. shell macaroni, 8-10 oz. 1 bell pepper, chopped 1 lb. hamburger meat 1/2 lb. cheese chili powder

Fry onions and bell peppers in grease until tender. Add hamburger and chili powder. When done, meat will separate. Add tomato soup and corn. Cook macaroni separately and mix into meat mixture. Let simmer 2-3 minutes. When done, add cubes of cheese and mix. Turn fire off before adding cheese that has been cubed, and stir. Use large skillet or roaster.

Lost Friend Found

By Charles Wilkinson

During the years of 1942 and 1943 I flew with a crew on a B-24D. After we returned to the U.S. we each went our separate ways. Finally I began to wonder what had happened to the other eight men of my crew. I located four of them with no great difficulty. The other four seemed to have

dropped out of sight. Finally I heard of Summit Search of Banks, Oregon. For a fee they will help in your search for a person. With their help I have since located and talked to my pilot, Edward G. Feeley. The address is Summit Search: Rt. 1, Box 197-5, Banks, Oregon, 97106.

Letter To The Editor

Dear Editor:

April 22 is Girl Scout Leader's Day.

In these troubled times, when our children are faced with pressures and problems, a caring adult can make all the difference in the world. Leaders in Girl Scouting are our girls' biggest helping hand. These women not only volunteer their time, but give more of themselves with dedication and love to their troop.

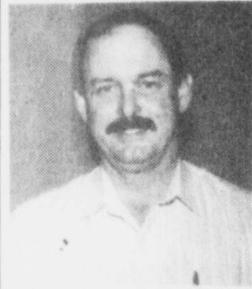

Leaders are one more source of information where girls can come with their questions and tribulations. By organizing meetings, outings and many other activities, leaders provide girls with many fun and educational experiences. Most of all, leaders provide guidance and an example of leadership to all of the girls involved in Girl Scouting.

The Red River Valley Girl Scout Council recognizes the need to prepare youth for the challenges ahead and the active role our leaders play in making this possible. Leaders are remarkable women who juggle full business, social, academic and family lives and still find time to form partnerships with girls.

The staff, board members and girls of the Red River Valley Girl Scout Council would like to thank the following leaders for helping girls become responsible citizens and effective leaders: Linda Miles, Donna Stewart and Lee Williams. Sincerely, Alex Garcia, Public Relations Director, Red River Valley Girl Scout Council.

TO THE VOTERS OF RED RIVER COUNTY:

I would like to take this opportunity to thank all the Voters of Red River County that supported me in my campaign for Sheriff. I will work hard to carry out the duties of Sheriff and justify your support. I look forward to serving you.

Agricultural Briefs

By Paul D. Payne
CEA-AG, Lamar County

Based on the latest information, area wheat fields could be in line for a severe leaf rust problem. There is a very heavy leaf rust infestation in areas west of here and the likelihood of it spreading this direction is great.

The decision to apply a fungicide or not to apply is an individual one. All of the conditions are right for an outbreak, but there are many variables that should be considered. There is not much time to ponder the situation as once the head is out there are very few options. Most area wheat will be booted in the next few days if it has not already booted.

There are other fungicides that can be used on wheat and in particular after the plants have reached the boot stage. Bayleton is the other systemic fungicide and it has a pretty good effective record. Some wheat producers are applying a mixture of Bayleton and either Dithane or Manzate. The other two are contact fungicides.

Lamar County Pecan Field Day will be Saturday morning at Logee's Jubal Pecan Orchard. A full morning of demonstration will be conducted by members of the County Fruit and Nut Committee beginning at 9 a.m. Everyone interested in pecan management is invited to participate.

All politics is applesauce.

Texas Cities Receive \$100 Million In Rebates

State Comptroller John Sharp sent sales tax payments totaling \$89.4 million to 974 Texas cities, an 8.8% increase over the \$82.1 million received by cities last April. Checks to 106 Texas counties totaled another \$9.9 million, up 8.1% over last April's rebate of \$9.2 million.

"Overall payments to Texas cities and counties have increased each month this year, indicating slow economic improvement and a gradual increase in consumer confidence," Sharp said.

"Over the past year, Houston and the surrounding area have lead growth in the state," Sharp said. "A gain of 4,300 jobs in the trade sector over the past year has helped boost increased retail sales that have hiked Houston's tax allocations by more than three percent. While growth is slower than in recent months, Houston's economy remains positive."

Ft. Worth, where the economy has been devastated by defense-related manufacturing cutbacks and the national recession, received \$2.6 million, a 2.4% decline over the \$2.7 million rebate in 1991.

"Still, the rate of decline is slower than in past months. The drop in construction activity appears to be bottoming out, with employment dropping by only 100 jobs since March," Sharp said. "On the up side, Ft. Worth's transportation industry continues to benefit from airport expansion, and strong growth has also been experienced in government and service employment."

Bogata received \$1,715.26 for a 2.04% decrease while Clarksville received \$14,969.84 for a 5.60% increase.

Blossom received \$1,450.50 for a .82% decrease and Deport received \$672.48 for a 6.54% increase over 1991. Paris received \$169,387.875 for a 6.54% decrease.

Talco received \$1,111.57 for a 1.37% increase and Mt. Pleasant received \$100,156.38 for an 11.16% decrease.

This month's sales tax payments include taxes collected on February sales and reported to the Comptroller's office in March by businesses filing monthly tax returns.

The Foot Specialist

by Dr. James J. Naples

VERY REAL 'PHANTOM PAIN'

Can you feel pain in a foot or toe that has been amputated? Ask anyone who has lost an appendage due to accident or surgery and the answer will likely be an anguished "Absolutely!" Although phantom pain is still something of a mystery, we know that remaining nerves continue to process pain messages in ways that register in the brain identically to the way they did when the messages were sent by the once-present tissue. In years past, there wasn't much that could be done for the excruciating sensations of pain that resulted. Today, several techniques are effective. Whirlpool baths and motion exercises are surprisingly successful. Injection of local anesthetic into the area of the amputation can also help.

P.S. If other methods fail, surgical removal of scar tissue or the regional nerve supply may be in order to stop "phantom pain."

Your podiatrist urges everyone to have a periodic foot checkup. The health of your feet as well as your lifestyle will be enhanced. For the athletically inclined this is especially important so as to insure optimum function and comfort. Make a visit to a part of your overall health routine so that you may better enjoy life every "step of the way". We are located at 1114 North Jefferson, Mt. Pleasant, Texas or you may reach us at 572-8736

Keeping Healthy

Polyunsaturated Fat in Fish Helps Lower High Blood Pressure

The role of polyunsaturated fat in lowering elevated blood pressure is currently the subject of much medical research. A new study in the British Medical Journal found polyunsaturated fat in fish oil may help reduce high blood pressure. Average blood pressure was lowered by six percent when hypertensive patients were given a fish oil capsule daily for six weeks. The researchers concluded that the active element in polyunsaturated fish oil, known as EPA, may prove to be a safe and natural treatment for mild hypertension. Corn oil and other polyunsaturated vegetable oils also have been shown to help reduce high blood pressure levels.

"PRIDE" group gets set for "Springfest '92"

PRIDE is showing in Clarksville and Red River County as the local civic organization, PRIDE, and the Clarksville/Red River County Chamber of Commerce sponsor "Springfest, 1992" on Saturday, April 25th from 9 a.m. until 5 p.m. on Clarksville's historic city square.

In the tradition of the famed Red River County Historical Society Fall Bazaar, "Springfest" will be a day of family fun and entertainment in Clarksville where numerous food and craft booths will line the downtown square and daylong entertainment will provide crowds with "something for everyone".

A Spaghetti Luncheon will be served at "Miss Belle's House", a historic home built in the 1830's, and through hours of hard work, now restored to its former splendor.

Sponsored by the Historical Society Food Committee, the luncheon will be highlighted by a style show with models from the Clarksville High School DECA organization during the 11:00 a.m. and 12:30 p.m. seatings.

Musical entertainment will be provided by local as well as out of town talent and the Clarksville High School T-Steppers and CHS marching band will also perform.

A Children's Corner is scheduled with face painting and other children's activities, and sports enthusiasts can try their luck in the "Putting Contest" or the "Basketball Contest".

Booth spaces are still available and interested persons should call 903-427-3044 for more information.

WELL, ELECTION DAY IS COMING SOON. I WONDER WHO WILL GET TO SPEND 4 YEARS OF WEEKENDING AT CAMP DAVID?

A Tip From Mom

By Mrs. Robert Crain
Pollen especially ragweed is becoming terrible this time of year. If you have seasonal allergic rhinitis as doctors call hay fever. Here are a few tips that might help.
Don't hang your clothes or linens outside to dry.
Have someone that doesn't have allergies to mow your lawn.
Keep the windows in your car and home closed and use an air conditioner with the vents shut.
Try to stay in between 5 a.m. and 10 a.m. that is when the pollen count is at its highest.
Stay inside when the poll is reported to be at its worst.
When you come in from outside, change your clothing. Don't lie down on your bed until you do.
If your pet goes outdoors don't let him in your bedroom.
Take antihistamines or the medications recommended by your doctor.
For more information about allergies, call the American Academy of Allergy and Immunology at 1-800-822-2762.

Public Notice
THE STATE OF TEXAS
CITY OF TALCO
COUNTY OF TITUS
ORDINANCE NO. 1-911-92
Ordinance/Rules Establishing Property Addressing Standards to include naming streets, numbering property notification, and enforcement.
Section 1: There is hereby established the following addressing standards for numbering property and naming public streets/roads within the incorporated areas of the City of Talco (and any other areas by joint agreement of municipalities). Structures within this area are subject to addressing in accordance with this order.
Section 2: Street naming and property numbering procedures shall be established in conjunction with the platting and subdivision requirements of the City of Talco.
a. A survey and inventory of all public street names within the City boundaries shall be prepared by the City within three (3) months for use with addressing procedures. Property needing street naming or number assignment on public roads will be identified. Duplicate names or similar-sounding names will be repealed and renamed on the recommendation of staff and the approval by the commissioner's court.
b. Street Name Criteria: Non-duplicate of existing names, limited to thirty (30) characters, no similar-sounding names. Directionals are spelled out (North). Dead-ending roads may not be designated streets but cul-de-sacs, cove or court. Other road types may be classified (boulevard must include median or be a minimum of 150 feet in width) as appropriate by the City.
Name changes are considered for historical or clarification purposes and are limited to reconsideration three (3) years hence. Name changes must meet same criteria established for new street names. Petition for change must be presented with signatures from 3/4 of property owners and traffic volume may be considered as additional criteria.
c. Property Numbering Criteria: Number assignment is based upon a grid system: center point within the community, with axis forming base line, north-south line being 6th, and east-west line being Broad. Block assignments will be consist of 300 feet per block where possible. Number assignment progresses from the center point outward each direction, with the interval distance of 50 feet allowed for each number. Traveling from the center point, odd numbers assigned to the left and even numbers to the right street side.
d. Final approval of new street names and name change requests resides with City of Talco (examples-
Commissioner's Court, county engineer, review committee, emergency services personnel, or other). Street name adoption or changes must comply with criteria established under these standards.
Section 3: Addressing standards shall include requirements of property owners and inhabitants to post assigned property owners and inhabitants to post assigned property number as structure. Number must be visible from the street and not be obscured. Residential posting may be no less than 3" high; business structure posting may be no less than 6" and, when located adjacent to roads with speed limits above 45 m.p.h., no less than 24". Grace periods for incorporating this requirement are within 3 months of new address notification.
Section 4: Street naming and property numbering procedures are standards as authorized in the County Road and Bridge Act (Art. 6702-1, Texas Civil Statutes). These procedures will include:
a. A plat book containing public roads with proper numbering assigned shall be kept on file for public use. Property undergoing subdivision, developing, or building permits issued in areas without street addresses must comply with the addressing procedures.
b. Notification in written form must be presented to the property owner and/or tenant when final assignment of addresses occurs. Notification also should be made to the U.S. Postal Service. Once notified, the address becomes effective within thirty (30) days.
c. Within 60 days of notification, proper address number signage should be posted. After 90 days, if no number sign is posted, the enforcement shall consist of the proper authority posting such number and to apply applicable charges to the resident or property owner.
d. Maintenance of the City's addressing procedure will reside in the City Hall.
Section 5: Street signs should be erected at all intersections of public roads regardless of current route markings from state, federal or local designation. For new property development, the signage will be required at the expense of the developer. Signs must conform to guidelines established by the City public works office.
PASSED, APPROVED AND ADOPTED THIS 23rd DAY OF MARCH, 1992, BY THE CITY COUNCIL OF THE CITY OF TALCO, TEXAS.
K.M. Sloan, Mayor
Attest:
Jone Clemmons, City Secretary

General Meeting Held By UMW

The United Methodist Women of Bogata met Wednesday, April 15 for a general meeting at the church. Judy Marshall, president, led the opening prayer and conducted a business meeting. Fourteen members were present. Betty Puckett reported on projects sponsored and organizations sup-

ported by the UMW. Members made their pledges. Mildred Eudy presented a Linten program, "Touchstones of Faith". These touchstones represented the Christian faith. Members shared their touchstones with each other. The next meeting will be in May.
