Japan Lashed By Typhoon; Return Of Troops Speeded

HAPPY WAR BRIDES ARRIVE FROM FRANCE—Smiling joyously at ship's rail on arrival at Philadelphia Oct. 9 are, left to right, Mrs. Yvonne Imboden, on her way to Morris City, Ill.; Mrs. Simone Silver, Los Angeles; Mrs. Joanne England, Springdale, Ark.; Mrs. Malvin Rhodes, Miami, Okla.; Mrs. Lawrence Kirby, Baltimore; Mrs. Ralph W. Kirk, Panhandle, Tex.; and Mrs. Lucienne George, Greenview, Calif.

New Order Is Set For Japs

(By The Associated Press)

TOKYO, Oct. 11—General MacArthur gave high-point American troops in the Pacific the good news today that 1,250,000 of them would be sent home within six months and on the occupation front demanded a new social order for Japan, including women's suffrage.

The social changes ordered were so sweeping in character that revision of Japan's constitution appeared inevitable. This heightened interest in a Domei report that Dr. Soichi Sasaki, a leading authority on the constitution, has been chosen to assist in advising the emperor on prospective changes.

Headquarters' plans to send troops home would leave only 400,000 troops in Japan, Korea and other Pacific stations by the end of March, further reducing his estimates of the number of soldiers needed to patrol the beaten empire.

Sweeping Changes Ordered

Five sweeping changes in Japan's social and political setup were outlined in MacArthur's new directive, which was discussed with the new Japanese premier, Baron Kijuro Shidehara.

The reforms called for enfranchisement of women, encouragement of labor unionization, advance in liberal education so that "the government becomes the servant rather than the master of the people, abolition of "secret inquisition" systems, and the revision of monopolistic industrial control.

To Correct Social Order

Aimed at correcting the "traditional social order of Japan," the reforms will require "liberalization of the constitution of Japan," Allied headquarters said. Shidehara was told to institute the changes "as rapidly as they can be assimilated."

In previous directives to the imperial government, MacArthur had called for freedom of political and religious expression, removal of Japanese censorship of press and radio and release of political prisoners.

Domei said the Japanese cabinet was considering issuing a new imperial ordnance which would permit it to make reforms legally without proddings from MacArthur's directives.

Domei also reported the cabinet had decided to call an extraordi-

CIO Extends Wage Campaigns To Aircraft And Airline Industries

(By The Associated Press)

THE CIO United Automobile Workers, now negotiating for a 30 per cent wage rate increase in the motor industry, broadened their aim yesterday to include the aircraft and air line fields.

Extension of the wage campaign was mapped after President R. J. Thomas of the big automotive union described a wage increase granted by Wright Aeronautical company as "the first compliance by a major corporation with the union's wage program."

Other High Spots

Other high spots in the labor picture:

1. About 452,000 persons were on the production sidelines over the nation.

2. The soft coal strike negotiations in Washington remained deadlocked and more than 195,000 miners were out in six states and new pits shut down.

3. Motion picture industry strikers in Hollywood carrier their mass picketing to Universal studios as well as Warner Brothers.

4. AFL bus employes voted to strike tomorrow (Saturday) for higher pay from a line serving nearly 1,000,000 daily passengers in 71 Massachusetts communities.

Wright Grants Hike

UAW officials described the wage increase obtained from Wright Aeronautical at its Patterson, N. J., plants as approximately 30 per cent. Wright granted a 22 cents an hour raise on all basic rates for hourly paid employes. About 6,000 workers are affected immediately and probably more will be after reconversion to peacetime operations. Previous basic rates ranged from 81 cents to $1.41 an hour.

Demands for a 30 per cent wage increase for 6,000 workers in seven Bendix Aviation corporation plants have been presented to the War Labor board by George F. Addes, UAW secretary-treasurer, who declared the union would ask for a strike vote if the board refused to accept jurisdiction.

Secretary of Labor Schwellenbach reported to President Truman on the growing soft coal dispute but said the President sent no 'message to United Mine Workers' or soft coal operators' conferees who are seeking a settlement.

President Concerned

The president "is very anxious that they get together," the secretary said. The conferees have been talking for five days on proposals to halt mine walkouts that have affected about half of the nation's bituminous miners and coal production.

At issue is the demand of John L. Lewis' United Mine Workers' foremen's branch for recognition as a collective bargaining agent for supervisory employes.

The Jones & Laughlin Steel corporation, where the strike started last month, reported pickets were barring pumpers from the mines.

"If the mines are flooded, it will take two or three months to get them back to operation," a company spokesman said.

John McAlphine, president of the Supervisory Employes union, immediately notified union locals not to interfere with water pumps.

Steel Production Cut

Steel production has been cut in the Pittsburgh and other eastern centers and Carnegie-Illinois Steel corporation said the coal strike had reduced pig iron production in the Gary-Chicago mills by about 15,000 tons. A loss of 30,000 tons next week was forecast.

Hollywood movie strikers extended their mass picketing to a second studio, Universal, but prediction by strike leaders that 20,000 Lockheed Aircraft AFL members might participate failed to materialize.

Dating to March, the motion picture strike is the oldest dispute still in progress. It centers on a controversy between two AFL unions over which should have collective bargaining representation of 77 set decorators.

AFL employes of the Eastern Massachusetts Street Railway system, serving nearly 1,000,000 daily bus riders in 71 communities, voted 2 to 1 to strike Saturday for higher pay.

Some 2,000 employes partici-

Many Troops To Be Moved

By JOHN GROVER
Associated Press Staff Writer

MANILA, Friday, Oct. 11—A typhoon, with winds up to 132 miles an hour, injured 100 of nearly 100,000 American service personnel on Okinawa Tuesday and so thoroughly levelled installations that immediate evacuation of some forces is urgent, the Army reported today.

The typhoon later hit central and southern Honshu, the main island of Japan, killing 69 persons and leaving thousands homeless.

THREE NAVY MEN DIE

PEARL HARBOR, Oct. 11 (AP)—Three Navy men were killed and 10 are missing in the Okinawa typhoon, first incomplete reports to fleet headquarters here stated today.

Fifty-two ships and 70 additional miscellaneous craft were beached and two tugs, a patrol yacht, a gasoline barge and a minesweeper were sunk in Buckner bay. Naval installations were damaged extensively.

The Navy's reports are meager because they came from the east coast of Okinawa, which had no communications with the western side of the 10-mile wide island.

Today's first official Army report on the typhoon—it did not cover the yet to be reported naval personnel—suggesting that Okinawa is to be a permanent postwar base.

Brig. Gen. Lawrence Lawson, base commander, recommended removal of all troops not needed for the "permanent garrison."

Amplifying the report, Associated Press correspondent Richard Bergholz in a delayed dispatch said four Japanese prisoners of war were killed by a building's collapse.

Lawson said the island was left in much the same position as when the Americans completed its occupation—when artillery fire had levelled virtually every building.

Many Without Quarters

Many troops were left without quarters by the destruction of tent and quonsett hut areas. Lawson said that transfer of all units not needed for the permanent occupation to Manila or Guam is imperative.

Shore installations largely were erased. A shortage of rations was a critical aftermath.

The Army and Navy are cooperating in a rehabilitation program. Navy hospital ships, off the island when the storm hit, are being used together with Army transport to evacuate approximately 1,250 hospital cases who were in island hospitals. The hospitals were damaged.

Unloading of ships will be dif-

PERON QUITS, FARRELL STAYS—Col. Juan Domingo Peron, right resigned Oct. 9 as vice president of Argentina under Army pressure and Gen. Edelmiro Farrell, left, though still president, is dominated by Gen. Eduardo Avalos, commander of Campo de Mayo garrison near Buenos Aires.

Argentines Demand Cabinet Overhaul, Arrest Of Peron

BUENOS AIRES, Oct. 11 (AP) — One hundred and twenty Army and Navy officers voted tonight to demand that President Edelmiro Farrell overhaul his cabinet completely and arrest Col. Juan Peron, who resigned as vice president under fire from brother officers.

Some of those who attended the meeting at the Army club said the group voted "by acclamation" to send a delegation to the President and the new war minister, Gen. Eduardo Avalos, to demand the cabinet changes.

Earlier the Army had called for the resignation of Interior Minister Hortensio Quijano, who served as the envoy to force Peron's resignation.

At a late press conference, Treasury Minister Armando G. Antille said some cabinet ministers already had resigned but did not give their names. Other sources reported they were Quijano and Navy Minister Admiral Alberto Tessaire, both of whom were considered Peron men.

Meanwhile, Quijano announced that all newspapers closed by police would be permitted to publish again and that all striking university students recently arrested would be released except those facing criminal charges.

Before the meeting of Army and Navy officers a report emanated from the government house that President Farrell was seriously considering transferring power to the supreme court.

High Officers Present

Among such high officers noticed at the meeting were Gen. Orlando Peluffo, a former foreign minister under Farrell; Gen. Abraham Quiroga, commander of an artillery regiment at Compo De Mayo; Gen. Alberto Gugliemone an early foe of Peron; Rear Admiral Gonzalo Bustamante and Capt. Leonardo MacLean, chief of Rio Santiago naval base.

A visitor to Campo De Mayo said Farrell had the resignations of all of his ministers except Avalos and Commodore Edmundo Sustaita, who was appointed minister of aeronautics yesterday.

Confer With Rawson

Avalos, whose backing of 10,000 well-armed troops persuaded Peron to resign all his government jobs, conferred today with Gen. Arturo Rawson, who himself led the Campo De Mayo garrison on the capital in June 1943, overthrew the Castillo government, made the Army the nation's master and put himself, for two days, in the presidency.

A nominal prisoner at Campo De Mayo since he attempted an armed uprising at Cordoba last month, Rawson was declared a free man yesterday. However, he continued residing at a cottage on the post, and Avalos called there to "pay his respects."

House Approves Cut In Taxes And Demands Slash In U. S. Spending

By FRANCIS M. LE MAY
Associated Press Staff Writer

WASHINGTON, Oct. 11—Amid shouted demands for slashes in federal spending, the House passed today the first tax-cutting bill to enter Congress in 16 years—easing individual and business burdens by $5,350,000,000 in 1946. The vote was 343 for, 10 against.

For 1947 the legislation provides a $7,252,000,000 reduction below present levies.

Now tossed to the Senate, the Bill takes 12,000,000 low income persons off the income tax rolls completely and gives at least a 10 per cent reduction to all other persons subject to this levy.

Doughton Asks Cut

Chairman Doughton (D-NC) of the House Ways and Means committee and the House Republican leader, Martin of Massachusetts, joined during the debate in demanding curtailment of government spending, as the only means to assure further lightening of the tax load.

Doughton said the budget must be balanced and payments made on the national debt.

The House measure, which may be revised in the Senate, provides this relief for taxpayers in 1946:

Saving To Individuals

1. Lifts off income taxes from 12,000,000 persons and gives other individuals (there were 50,000,000 taxpayers when the war ended) cuts ranging from 10 per cent to more than 40 per cent. No person would get less than a 10 per cent reduction. Income tax savings to individuals would amount to $2,527,000,000. Pay-as-you-go withholdings from wages and salaries would be reduced January 1.

2. Eases corporation burdens by $1,888,000,000, including partial repeal of the war time excess profits levy and lowering of the business surtax rate.

Cuts Taxes On Luxuries

3. Reduces sharply, next July 1, the record wartime excises on so-called luxuries, including liquor, luggage, furs, jewelry and cosmetics. This would save consumers $535,000,000 in the last six months of 1946. The liquor tax would be cut from $9 to $6 a gallon. About $160,000,000 in floor stocks taxes would be refunded.

4. Abolishes the $5 automobile use tax next July 1.

5. Freezes the Social Security tax in 1946 at one per cent each on employe's pay and employer's payrolls. Without the freeze the tax would jump to 2.5 per cent against each on January 1.

The House rushed the bill with only four hours debate under a procedure that some members de-

Government To Resume Meat 'Take' For Shipment Abroad

WASHINGTON, Oct. 11 (AP) — The government announced today it will resume meat requisitioning Sunday to obtain supplies allocated to foreign countries, principally Great Britain, France, Holland, and Belgium.

Under an order issued by the Agriculture department, federally inspected slaughterers will be required to set aside for the government the following quantities of meat:

Big Cuts Asked

Thirty per cent of their output of beef from commercial grade steers, heifers and sows producing Army style beef; 40 per cent of beef from steers, heifers, cows, stags and bulls of utility grade; and 50 per cent of cutter and canner grades of beef.

They also will be required to set aside 40 per cent of utility grade veal and 20 per cent of good, choice, commercial and utility grades of mutton.

The amount sought by the government for foreign buyers is between 500,000,000 and 600,000,000 pounds by the end of this year.

Adequate For Civilians

Re-establishment of the set-aside—suspended shortly after V-J day, indicated that market supplies of these grades of meat are insufficient to meet both civilian demands and non-civilian requirements except by use of requisitioning.

Except for the commercial grade of beef, the meats affected by the new set-asides are ration-free. The lower grades of beef, veal and lamb were reduced to zero point values at the beginning of the October ration period. Mutton previously had been taken off rationing.

Little Less At Home

The net effect is expected to be a little less meat for the average domestic consumer than he has been buying since Oct. 1, but officials say he still should get the amount they figured for him in the first place—a consumption rate of 148 pounds per year for the last quarter of 1945.

What the government wants is 500,000,000 to 600,000,000 pounds for foreign consumption, which comes out to a little over a pound per month per American.

Today's action appears to indicate that early termination of all meat rationing is not likely. The medium and higher grades of beef and veal, and all pork, continue under rationing.

Plan Might Put MacArthur Out

By MURLIN SPENCER
Associated Press Staff Writer

TOKYO, Oct. 11—The Russian plan for a central control council to rule Japan would cause General MacArthur to lose face among the Japanese and impair his usefulness, sources close to the Supreme Allied commander declared today.

"Unquestionably it would cause confusion," one informant said. Whether MacArthur would resign under such circumstances was not known, since he has never discussed the matter with anyone.

Japs Know MacArthur Boss

These sources put the problem this way: MacArthur as the supreme commander has been issuing orders to the emperor, and the Japanese who must carry out his orders realize he is boss.

But should a council take over—or even if it only was on equal terms with the general—MacArthur would to the Oriental mind lose face. Much of the work already done would be undone.

On the other hand, the creation of the Far Eastern Advisory commission as announced yesterday by Secretary of State Byrnes was interpreted as having no effect on MacArthur's status as supreme commander. Byrnes indicated he was not in favor of the Russian plan.

U. S. Plan Being Enforced

Headquarters sources insisted the enforcement of the Potsdam declaration was proceeding as fast as possible; that MacArthur did not want to issue orders faster than the Japanese can assimulate them.

Much of the work calls for men with a high degree of technical skill in dealing with economic, agricultural, shipping and monetary questions.

Another Paper Drive Set Here

Lubbock will have another and final paper drive, chamber of commerce officials announced Thursday.

With cooperation of military authorities, the drive will get under way at 8:30 o'clock next Wednesday morning. Army trucks will pick up waste paper over the city.

"This can be properly called a 'victory' paper campaign," an official said. "Yet despite our victory there still exists an urgent need for old paper."

Capt. James F. Grey, salvage officer at Lubbock Army Air field, will be in charge of the pick-up phase. Other matters pertaining to the drive will be handled by the salvage committee of the chamber of commerce.

Separate, Tie Securely

It was advised that newspapers and magazines be arranged in separate stacks of approximately 20 to 25 pounds each, and tied securely. Tying facilitates handling. No loose stacks are wanted.

Cardboard will be acceptable if it is mashed flat and separated from newspapers or magazines.

Trucks will make pick-ups only on east and west routes. Persons living on streets are asked to place their bundles out in front of their homes; those on avenues are requested to take their bundles to the nearest corner.

McKeough Is Given Approval By Senate

WASHINGTON, Oct. 11. (AP) — By an eight-vote margin, the Senate today upheld President Truman's appointment of Raymond S. McKeough for a six year term on the U. S. Maritime commission.

The vote of confirmation was 42 to 34.

It came after a sharp debate revolving about McKeough's connections with the CIO-PAC. No opponents questioned his ability or character.

A former Democratic member of the House from Chicago, McKeough directed the CIO-PAC's campaign in Illinois, Wisconsin and Indiana last year for a fourth term for President Roosevelt.

Many Troops To Be Moved

By JOHN GROVER

Charges Against Nazis Detailed

BERLIN, Oct. 11 (AP)—A massive indictment against the fallen Nazi hierarchy listing their crimes against all humanity and against the German people has been drawn in detail and will be handed to the international four-power court in Berlin, probably next Monday.

It will form the basis of the trial against 24 leading Nazis at Nuernberg this winter—Nazi rulers, diplomats and militarists such as Goering, Hess, Bormann, Von Papen, Ribbentrop, Keitel and Jodl.

Tons Of Evidence

The document was put together from tons of evidence by the U. S. prosecutor, Justice Robert H. Jackson, and his Russian, British and French opposites.

The indictment is compressed into some 20,000 words and it traces Nazism from its birth to its collapse.

In collectively accusing the Nazi regime of conspiracy against humanity, the indictment charges Hitlerism with imposing its will upon the German nation as the first item toward embarking upon rapine and the slaughter of other nations.

Individuals Also Charged

Crime after crime is listed in detail, from gas chamber extermination of millions to the wanton murder of 150 surrendered and disarmed American troops in a potato patch at Five Points in Belgium during the winter battle of the Ardennes.

Piracy on the high seas in which neutral ships were sunk and neutral lives were lost is among the counts.

They are indicted individually as well as collectively.

Goering, whose bombers first were loosed against Polish cities, then Rotterdam and London, is charged with these offenses and with helping father the Gestapo, the secret German police.

Three Indicted In Robbery Case

BROWNFIELD, Oct. 11 (Special) A 106th district court grand jury Thursday indicted Hillman, 25, and Harold Bridges, both of Hobbs, N. M., and Gilmer Barry, 24, De Leon, Tex., on charge of robbery by firearms in which $1650 was taken from R. W. and Mrs. Foster at their home here Oct. 4. District Attorney Calloway Huffaker reported.

A special venire will be called for the trial to be held Oct. 18, Huffaker added. Judge Louis B. Reid will preside.

Arrested At Hobbs

The three men were arrested in Hobbs by Texas Highway Patrolman Finis Carter and Deputy Mon Telford. Hillman Bridges and Barry were held in county jail at Lubbock a short while, and Bridges made a statement giving details of the robbery. Practically all of the money, reportedly belonging to a soldier son of the Foster's, has been recovered. Judge Reid was to have appointed counsel for the men.

Claudine Holder, charged with swindling by worthless check, entered a plea of guilty and was given a five year sentence, suspended, Thursday.

ARMY OFFICERS ARRIVE

NEW YORK, Oct. 11. (AP)—The troopship Thomas Bickett arrived today with what was believed to be the largest individual complement of Army officers to arrive in New York harbor since the end of the war. Among the 743 officers and men on the Bickett were 14 colonels, 15 lieutenant colonels, 28 major and 33 captains.

Carriers Refitted To Bring Troops Home

PEARL HARBOR, Oct. 11 (AP)—Six 27,000-ton Essex class aircraft carriers will be fitted with extra bunk facilities and assigned to transporting Pacific troops to the United States for demobilization, the Navy announced today.

The carriers Hornet, Bunker Hill, Ticonderoga, Yorktown, Bon Homme Richard and Hancock, with a total passenger capacity of more than 24,000 men, will join the Navy's "magic carpet" troop shuttle service the first week in November.

More than 3,600 veterans will be aboard the Hornet, Bunker Hill and Ticonderoga when they leave Pearl Harbor Oct. 17 for the United States west coast.

The Yorktown, Bon Homme Richard and Hancock now are en route from forward Pacific areas to the mainland west coast with a capacity load of men for discharge.

Meanwhile Army authorities announced that 41,000 troops in the Middle Pacific command will be taken to the United States during October and that all men with 85 points or more are already being sent to personnel centers in preparation for a journey home.

The movement of 85-point men through personnel stations is expected to be completed by Oct. 15. Men with 70 points will be sent to personnel centers by Oct. 31, and men with 60 points will become eligible for return to the United States after Nov. 1.

Hunters After Deer, Shoot Each Other

GUNNISON, Colo., Oct. 11. (AP)—Two hunters shot and critically wounded each other today while aiming at the same deer, bringing the toll of hunting accidents in Colorado to three dead and nine wounded in the six days since the deer season opened.

SENATE NAMES AIDE

WASHINGTON, Oct. 11. (AP) — Democratic senators today named Felton M. Johnson, now a State department liaison man, as secretary to the Senate majority.

U. S. Reveals Secret Weapon To Counter Buzz-Bombs

'Death Bomber' Turned On Nazis

(EDITOR'S NOTE: The Army Air forces today permitted disclosure of one of America's great secrets of the war—the "death bomber." The following exclusive description of its development was written by Franklin Banker, former Associated Press war correspondent, who observed it at close range in England. Sworn to secrecy, he was not permitted to write his story for more than a year. Banker now is a member of the AP Pittsburgh staff).

By FRANKLIN BANKER
Associated Press Staff Writer

PITTSBURGH, Oct. 11.—Disclosure of one of the most dramatic chapters of World war II—how dozens of daring American airmen flirting constantly with death worked in the greatest secrecy to develop a "death bomber" as an answer to the Germans' rockets and buzz-bombs—was authorized by the Army Air forces today.

The "death bomber," forerunner of the atomic bomb in that it was designed to destroy all enemy personnel and war installations over a wide area at a single blow, was born at a U. S. bomber base in England.

Principally it comprised a worn-out Flying Fortress jammed to capacity with tons of explosive many times more powerful than TNT.

Good for no other purpose because the heavy duty of its tour of bombing missions made it unsafe for further formation flying, this pilotless B-17—once $250,000 worth of airplane — would be sent crashing down on its target by means of radio apparatus in a small control plane flying nearby.

Because of the great hazard involved, only volunteers and veteran fliers were assigned to develop the "death bomber" which "died" as it killed.

A crash on take-off might have killed everyone at the base. Once safely in the air, the two-man crew of a pilot and co-pilot bailed out and the bomber was guided over the English Channel by radio control.

Because the air force was loath to use any weapon unless its aiming accuracy was ensured, the "death bombers" were never employed in any great number. A few were dropped on the giant concrete buzz-bomb launching runways the Germans built along the Pas De Calais coast of France. After that the war rolled so swiftly on to Germany that standard-type bombing filled the bill.

The project was a brainchild of Lt. Gen. Jimmy Doolittle's Eighth Air force. Its development occurred in the Eighth's Third Bomber division, commanded then by Maj. Gen. Earle E. Partridge and formerly by Maj. Gen. Curtis E. LeMay, the B-29 bomber of Japan.

Laval's Attorneys To Seek New Trial

PARIS, Oct. 11. (AP)—Attorneys for Pierre Laval acted formally today to obtain a new trial for the condemned former Vichy premier, but Prosecutor Andre Mornet said he was confident the conviction would stand.

Mornet admitted there were "regrettable incidents" at the trial. No decision has been made as to when Laval will be executed, he added.

Defense lawyers filed a formal application to see General de Gaulle about a new trial for Laval, who now sits in Fresnes prison in burlap convict garb with one leg chained to the wall.

Frank McCarthy Quits Post In Washington

WASHINGTON, Oct. 11. (AP)—President Truman today accepted the resignation of Frank McCarty of Richmond, Va., as assistant secretary of state for administration.

McCarty said he was quitting on advice of his physician who had advised a rest of two or three months, perhaps longer, to recover from "accumulated fatigue."

MATHES CONFIRMED

WASHINGTON, Oct. 11. (AP) — William C. Mathes was confirmed by the Senate today as United States district judge for rthe southern district of California. He succeeds Ralph E. Jenney, deceased.

Opening Of Vast New Oil Supply Route To Europe Said Approved

SAN FRANCISCO, Oct. 11. (AP)—H. D. Collier, president of Standard Oil of California, reported today that agreements had been approved which would establish Haifa, Palestine, as the Mediterranean exit of a 1,000-mile, 26-inch pipeline from Saudi Arabia and open a vast new oil supply to Europe and points west.

British authorities in Whitehall have given the project clearance, Collier said, and the actual agreements will be signed shortly with local officials in Palestine and Transjordan, across which the pipe will run.

To Control Output

Standard Oil of California and the Texas company have leases on more than 200,000 square miles of Saudi Arabia, covering one of the richest oil reserves in the world. Collier said the subsidiary Arabian-American Oil company planned to bring out only about 200,000 barrels a day.

"We have no intention of flooding the world with oil," he said, "and we figure 200,000 barrels a day at a royalty of 21 cents a barrel will give King Ibn Saud enough money to fill our part of the agreement.

Army May Use Reserve

"Our best estimate is that oil reserves in the United States are now at such a point that within five years this country will have to import 1,000,000 barrels a day. But we are not figuring on much Saudi Arabian oil coming to this country for some time. We believe Europe could absorb about 100,000 barrels a day and we may operate our pipeline at that capacity, although it could operate more economically at 300,000 a day."

There were indications that the United States government might ask that part of the huge Arabian reserve be set aside for possible Army and Navy use, and Collier said any such request would be granted.

Collier announced simultaneously that Standard of California had just taken over the major part of the big government-owned 100-octane motor fuel there.

A. L. Copeland Hurt In Amherst Collision

AMHERST, Oct. 11. (Special)—A. L. Copeland, 64, of Amherst, who suffered injuries in the collision of two automobiles Wednesday afternoon near the railroad station here, is under observation at the Amherst hospital. It is believed he suffered possible broken ribs and perhaps other injuries.

The heavy automobile of Ann Haskell Jones 45, of Abilene turned over after it had collided with one driven by T. I. Batson, 49, of Amherst.

Copeland was riding with Batson.

None of the others suffered injuries sufficient for hospitalization.

The state highway patrol investigated.

Solons To Talk Over Labor Disputes With GIs In Pacific Area

WASHINGTON, Oct. 11 (U.P.) — G. I.'s in the Pacific are going to get a close-up of the labor disputes they're hearing about back home.

The War department anncunced that a group of seven representatives of labor, management and government will leave today for the Pacific to conduct discussions at Army posts on current labor-management problems and postwar job opportunities.

Going along to preside over the discussions will be an enlisted soldier, S/Sgt. Les Persells of Atlanta, Ga.

The group will spend 30 days visiting Hawaii, the Marshalls, Marianas, and Philippine islands.

Members of the group will include Theodore Marks, Kansas City, Veterans Employment representative of the U. S. Employment Service.

Cpl. Joe Baldridge Hurt In Gas Blast

Lubbock chapter of the Red Cross was informed Thursday that Cpl. Joe E. Baldridge, jr., son of Mrs. Joe Baldridge of 2105 Seventeenth, was seriously burned in an explosion Wednesday at his home in Salt Lake City.

Cpl. Baldridge and another soldier were injured as they looked for a leak in a gas line. Both were reported in Salt Lake City General hospital.

The Baldridge side duplex residence was said almost demolished by the explosion.

The Lubbock soldier's wife, the former Miss Margaret Wallace, daughter of Mr. and Mrs. Bert Wallace of Jayton, was reported unhurt. She was in the adjacent apartment when the blast occurred. The other soldier's wife however, was in the Baldridge apartment and was rendered unconscious by the blast.

Cpl. Baldridge's mother, who owns the Baldridge bakery here, and Wallace were attempting this morning to arrange transportation by plane to Salt Lake City.

The Lubbock man, who was a student at Abilene Christian college before he entered the service, was stationed at Kearns field, near Salt Lake City.

William Shakespeare had four sisters and three brothers, it is believed.

COLLABORATIONISTS SHOT

PARIS, Oct. 11 (AP)—Red-headed Jean Herold Paquis, one-time boy wonder of French journalism who served the Nazis as a radio propagandist, was executed by a firing squad at Fort de Chatillon today. Three collaborationists who served as Gestapo agents were shot with him.

News Briefs

John C. Oldham, chief recruiter at the U. S. Navy sub-station in the Postoffice building, has suggested to parents or relatives of men in service that the quickest way to see their returning serviceman is to remain at home. Oldham said the Navy demobilization plan calls for returning men to be shipped to separation centers in their own Naval districts. Men will move from coastal ports direct to these centers, and will not be allowed to visit their relatives in debarkation ports. Oldham also reminded, as another barrier to the "welcome home" trip, that travel facilities are already over-crowded as are hotels in coastal ports.

Approximately 183,000,000 acres of privately owned land in the U. S. are being protected in systematic production of forest crops, according to a recent nation-wide survey.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Soviets Placing Top Priority On Scientific Study, Wallace Says

By DEAN W. DITTMER
United Press Staff Writer

WASHINGTON, Oct. 11—Secretary of Commerce Henry A. Wallace told a Senate committee today that Russia is placing "extraordinary emphasis" on scientific research which is "bound to produce extraordinary results in time."

Wallace endorsed a proposed bill to set up in this country a National Science Research Foundation supported by the government. At the same time, he urged removal of any "cloak of secrecy" which would prevent "free and reciprocal exchange" among nations of scientific information.

Plan Under Study

However, in an apparent reference to atomic bomb production, he said he did not include "industrial know-how of military value" in his endorsement of international exchange of scientific data.

President Truman said this week that such industrial information about atom bomb production would be shared by those who presently possess it—the United States, Great Britain, and Canada.

The House Military affairs committee is now completing action on legislation proposed by Mr. Truman for domestic control of atomic energy.

Soviet Plan Explained

Wallace appeared before a joint Senate Military Affairs and Commerce subcommittee holding hearings on science foundation bills introduced by Sens. Harley M. Kilgore, D., W. Va., and Warren G. Magnuson, D., Wash.

Sen. J. William Fulbright, D., Ark., author of a third bill for government support of scientific reesarch, asked Wallace to explain feeling in this country that federal financial interest would stifle scientific development. The opposite appears to be true in Russia, he added.

Wallace replied that, according to the impression he got during a visit to the USSR, government control of science in Russia "is not so rigid as people here think."

Urges Broad Program

Wallace urged inclusion in the proposed legislation of provisions to promote social sciences as well as physical sciences.

"The ignorance of the science of humanity," Wallace said, "will lead us inevitably to destruction."

Wallace advocated one-man administration of the proposed scientific foundation rather than direction by a board. He said government officials as well as scientists should comprise an advisory committee.

Organ Dedication To Feature Homecoming

RALLS, Oct. 11 (Special)—Highlight of homecoming day for friends and former members of the Methodist church Sunday, Oct. 14, will be dedication of a recently installed pipe organ, gift of Mr. and Mrs. Will Marr and Mr. and Mrs. Walker Watkins.

At the morning service charter members of the church will be honored and former members present will receive recognition. Special music is being arranged by the choir under direction of W. L. Schoolcraft and Mrs. Earl Tinnen, with Mrs. Raymond Ralls as organist. A high point of the service will be the dedicatory ritual as the organ formally is presented to the church.

The evening program will begin at 6:30 with "Organ Vespers," played by Mrs. J. H. McClain, prior to the regular evening worship service which will include special music and a message by the pastor, Rev. Hubert Bratcher.

WARSAW, Oct. 11 (AP)—This ruined capital of Poland offers plenty of hard work but little opportunity for fun to the 36 American soldiers and 11 American girls on duty at the U. S. Embassy. The soldiers include: Pfc. Jesus O. Ochoa, Rocan, Tex.

School Bus Institute Is Planned Saturday

A school bus institute to be attended by the 36 drivers of Lubbock county school buses will be conducted Saturday in the district court room at the court house, Roy Boyd, county superintendent, announced Thursday.

Purpose of the institute is to remind bus drivers of the importance of safe driving and to acquaint them with the laws relating to the operation of school buses.

The institute will open at 9:30 a. m. with Boyd explaining the purpose of the meeting. At 9:45 a. m. B. H. Boulter, deputy state superintendent, will discuss the bus driver's responsibility and laws relating to the operation of school buses.

L. W. Wilhite of the Lubbock Highway patrol will discuss the safe and economical operation of vehicles and will stress bus laws. His talk will be made at 10 a. m. Mose Hood will give a first aid demonstration at 10:30 a. m.

Joe Reese and E. C. Pool, mechanics, will talk jointly on the care and service of school buses at 1:30 p. m. A general discussion on safety and economical operation of buses will be held at 2:15 p. m. followed by a question and answer session at 2:30 p. m.

Boyd and Highway Patrolman J. R. Whitmire will inspect school buses at the respective schools Tuesday and Wednesday.

DAMYANKEE SURRENDERS

DOWN in Nashville, Tenn., Gov. Jim McCord is granting honorary citizenship to a "Damyankee" who lived for two years with a Tennessee army outfit and learned to like it. He wrote the state executive that he had served since 1943 with the outfit, and until recently was "the only damn Yankee" in the company.

Cook was a native of Ohio and you can imagine his embarrassment in not being able or privileged to join in on the main topic of conversation—Tennessee, the "best goldern state in the union." He lived, worked and soldiered with men of Tennessee and said he learned to like "mountain music, turnip greens, corn bread and buttermilk and even managed to develop a genuine Tennessee accent."

With his citizenship application, was attached a testimonial that "he is now capable of conducting himself in a manner suitable to a citizen."

• • •

The incident reminded us of something that took place in a Sunday school class in a city down state. A genteel little old woman is teacher of the group composed of young married coupies. One Sunday a young woman was bitterly criticizing another woman in telling of an experience she had had the previous day at the grocery store. It seems it concerned a grab all for the last can of tuna or pears or the like; anyway the experience was closed with the question "Oh well, what else could you expect from a Damyankee?"

"Now, now," said the little old lady, "we aren't going to have the word 'Yankee' spoken in this class."

VETERANS' JOBS

MANY great, beautiful, eloquent and stirring words have been written about America and Americans during the war years, but none of them will mean much to veterans who are returning from winning a war and who are unable to find employment. Of course it's true that some of the men don't know what they want to do yet, but they have given it a great deal of thought and many of them have some new tricks they want to employ, once they get established.

One young man said recently, when we were discussing this subject, "The way I see it you can make money doing anything if you just figure out what the people need and get out and give it to 'em."

• • •

From there we went on to talking about freedom of enterprise. We are not an economist in any sense but we think that expression certainly has been kicked around a lot. We understand what it meant by freedom all right. It denotes not merely privilege but also responsibility. Being free is being exempt from undue control, being independent of an abritrary external power. The "individual," a single human body with a human intellect and soul, is the moving and guiding force in civilization. "Enterprise" means literally a venture, attempt, undertaking; but the word also implies an effort of a daring nature, a step involving courage, energy, ambition, ingenuity, activity and faith.

• • •

The American system of free enterprise is a proven faith—through which our nation has developed economically, commercially, politically and spiritually to a greater degree than any other country in history—and at a faster pace. The system of free enterprise is embodied in the Constitution of the United States and in the Declaration of Independence, but it also goes a good deal further than that. You'll find it in the New Testament in the parables of the talents.

• • •

PAPER COLLECTION

A VICTORY paper drive, climaxing the paper salvage here, will be held next Wednesday beginning at 8 a. m., according to announcement from the Lubbock Chamber of Commerce office and drivers of Army trucks, under direction of Capt. James F. Grey of Lubbock Army Air field, will make collections.

Those whose residences are on east-west streets may place their paper bundles in front of their homes and those living on north-south avenues are asked to deposit them at the nearest corner.

The salvage committee is anxious to make this drive record-breaking and if the many women who called the desk asking information about the next drive have not burned their papers we think that it may be just that.

Don't forget the date. Next Wednesday.

Recent Bride Given Surprise Shower

Mrs. Roger V. Battistoni, former Viola Day was honored with a surprise shower at Acuff Wednesday. Various colors of dahlias were decorations, and punch and yellow cakes with "Roger and Viola" in blue icing were served.

Guests include the honoree's mother, Mrs. Cacy Day, Mesdames W. H. Millican, J. L. McCallister, Edgar Russ, Walter Haralson, Ina Hunt, T. U. Hunt, Waldon Boyd, Stovall, Earl Davis, Paul Rogers, Alton McCallister, Ed Reynolds, Walter Morgan, G. M. Winniford, J. A. Samples, G. C. Davis, Burl Railsback, Bert Armstrong, M. W. Cormer, Misses Sue Vee Davis and Mildred Railsback.

Gifts were sent by Mesdames Jake Darby, Pauline Parchman, Dee Linn, Wesley Davis, Katie Pace, R. O. Moore, Oleta Boyd, Milton Eubank, J. B. Anderson and Blankenship.

Dinner Is Held By Business Women

Lubbock Business and Professional Women highlighted National Business Women's week with a public relations dinner held Wednesday night in the Hilton hotel. The series of lectures to the local civic clubs will continue with Mrs. Marie Alford representing the Women's club.

Stressing that we are world citizens instead of community citizens, George W. Dupree, guest speaker, discussed the conditions which women meet in business. "We are forty hours by air from any business in the world, and business is the same for women as it is for men," he said. Mr. Dupree also stressed that rules in business have changed since Dec. 7, 1941 resulting in uncertain conditions.

Among the seventy-five guests attending the dinner were Messrs. and Mesdames O. W. Ribble, A. B. Davis, Preston Smith, W. W. Rix, R. C. Harvey, Jimmie Wilson and Messers. G. W. Woody and Chester Elliott. These represent presidents of civic clubs.

Musical selections were given by Mrs. Lottie Hilton, and the welcome by Mrs. Lea G. Cummingham was answered by Mayor Ribble. Mrs. George Marie Alford gave the club collect.

Mrs. Vera Chapman, chairman of the dinner was assisted by Mrs. Alford, Miss Georgia Clifton and Mesdames Mabel Chapman and Allie Dyer.

Halloween Party Is To Entertain Needlers

Officers were installed and a Halloween party planned by the Colonial Needle club which met Thursday afternoon with Mrs. J. O. Burnam, 2319 Seventh. The party is to be Oct. 26 in the home of Mrs. Earl Mangum 1916 Twenty-sixth.

Those present include Mesdames C. D. Puckett, Jeff Graham, Earl Mangum, M. H. Hutto, W. V. Lewis, and Burnam. Taking office were Mrs. Graham, president; Mrs. R. D. Harris, vice president; Mrs. G. S. Treat, secretary; Mrs. Lewis, corresponding secretary, Mrs. Burnham, reporter and Mrs. C. D. Puckett, devotional leader.

Esther Morris, who was known as the "Mother of Woman Suffrage," promoted the "Female Suffrage" bill which was passed by Wyoming territorial lawmakers in 1869.

Officers To Attend State P-TA Meet

Junior High school Parent-Teacher association voted in Thursday's meeting to send Mrs. Roy Hall, president and Mrs. Russell Hardin, vice president to the Texas Congress of parents and teachers which will be held in San Antonio Nov. 14, 15.

A symposium on "Home and School, Inc.," the program topic, was discussed by parents, teachers and children. Milton West and Evelyn Sue Burks described ideal teachers and parents. Viewpoint of the teachers was expressed by Carl Bailey who spoke on cooperation between the home and school. Mesdames T. Bruce Craig and A. W. Young told what they expected of teachers.

A violin trio composed of Kara Sam Dunn, Carol Sandlin and Dorothy Dale Kennedy played for the group and were accompanied by Ernestine Gammill at the piano.

There were one hundred in attendance.

"Buy A War Bond TODAY"

Study Club Is Given Two Discussions

Mesdames June Roberts and Donald Robertson discussed "Are Children People?" by Emily Post in a meeting of the Progressive Child Study club Thursday afternoon. Mrs. Hall McCrummen, 2407 Twenty-eighth was hostess, and Mrs. Roy Heath was a new member.

Others attending were Mesdames Pete Bynum, Herman Bruckner, Ollie Bruton, Jack Campbell, Arch Harper, Melvin Havis, Floyd Honey, Carl Kight, Ewald Lamprcht, Jack Markham, Gordon Sanders, Kenneth Stanley, Cloyes Tune, John Portwood and Vernon McCollough.

AUTUMN IS THEME

Mrs. W. M. Blake, 2109 Eighteenth was hostess Thursday morning to the Pen Woman's club which heard poems on Autumn. Mrs. Jasper Rose Nickel presented "Soul of Poetry" for the group.

Euzelian Class Holds Weekly Luncheon

First Baptist Euzelians held their weekly luncheon Thursday at the activity center of the church, after which Mrs. Henry Fisher presided at a business meeting of the group.

The devotional, 'Giving Our Best to Our Lord" was given by Mrs. Carol Holtzclaw, and a reading "Be Strong" was by Mrs. B. T. Rucker. A sing song was led by Mrs. C. Fred Litton.

Others attending were Mesdames K. E. Sherman, George Berly, Joe Jackson, L. T. Stone, C. R. McNeil, Ross Kirk, Edith Gregg, Lester Harrison, O. C. Todd, J. Kell Wiley, L. E. Mobley, Lewis Lee, M. K. Adkisson, A. E. Dietering and W. A. Pettey.

Children who were present include Richard and Anita McNeil, Tommy Ross Kirk, Carol Harrison, Don Rucker and David Adkisson. The group will meet next Monday for a luncheon at the church at 1 p. m.

Mr. and Mrs. Lee Duggan have returned to Houston after a visit here.

"Buy A War Bond TODAY"

Mrs. Kennedy Is Hostess At Social

Mrs. I. F. Kennedy, who is moving to Ruidosa, was hostess to the First Methodist Fidelis class Thursday for an all day meeting. Following the luncheon, a business meeting was held. Mrs. E. W. Lamprecht was named a new member, and Mrs. J. R. Hartsfield was a guest.

Attending were Mesdames H. B. Matthews, J. L. Badley, C. C. Coffee, A. V. Nesmith, B. W. Scarbrough, Curtis Boyd, John Harbanger, Cecil Paschall, Jack Ray, T. C. Delaney and Sam Polk.

Chinese Leaders Agree On Major Theme But Big Problems Unsolved

By JAMES D. WHITE
Associated Press Staff Writer

SAN FRANCISCO, Oct. 11 (AP)—China's two most powerful leaders have met and talked for five weeks, and parted with a statement which says in effect:

"We simply must get along together."

WHITE

The unknown quantity of the personal contact and confidence established between Generalissimo Chiang Kai-Shek and Communist leader Mao Tze-Tung will play an important part in how well they work together in the future.

The two men have agreed on a few of the problems which have to be ironed out in order to unite Communist and Kuomintang China. That agreement was necessary if China was to avoid civil war and hold up her end of the Big Five framework for peace in the world.

Key Questions Unsolved

After shaking hands the two have parted, with expressions of optimism it is true, but with key questions left unsolved until later.

Mao Tze-Tung now has flown back to the Red capital at Yenan where he will have to convince his supporters (among them are extremists) that what the Reds have built in 18 years of political and physical exile will not be lost in the settlement which he thinks he can wangle with Chungking.

Chiang Kai-Shek, meanwhile, must also convince extremists in his own camp that Kuomintang China, by liberalizing its own regime, will not be drowned in a flood of spreading Communism.

Text Not Received

The text of their joint communique had not arrived in this country late today, but early dispatches from Associated Press correspondent Clyde Farnsworth in Chungking indicated both sides had made important concessions.

The Kuomintang seems willing to postpone the constitutional assembly scheduled for November, which is what the Reds wanted because delegates were chosen largely by the Kuomintang.

But the Kuomintang government meanwhile insists upon working on a basis of the present provisional constitution drafted in 1936, and the issue of whether a new set of delegates to the assembly shall be chosen first had been left unsettled. Such political problems are being referred to a consultative council which is to be set up and which will contain Kuomintang, Communist and other members.

Military Problems

Military problems are being referred to a subcommittee composed of one Communist and two Kuomintang generals.

The stage is thus set for a long session of dickering which is likely to go on for a long time before such central issues are settled as to what happens to the Red Army when it is made part of the national armies, how self-governing the present Red areas in China are to be, and how much voice non-Kuomintang elements in China are to have in China's central government.

Political Magazine In State Hits O'Daniel

AUSTIN, Oct. 11 (AP)—First issue of "The Texas Spectator" appeared today, living up to all that was expected of its whimsical editors.

First issue was worth the 15 cents whether you can read or not. There was a large front page cartoon printed sideways with the explanation it was put in that way because of the lopsided condition of Texas politics.

Entitled "Under The Seventh Flag," it pictured Pappy O'Daniel holding a flour sack on a flagstaff and patting a kneeling old man on the head.

Coke Stevenson sits at a chuckwagon cooling a cup of steaming coffee. Lt. Gov. John Lee Smith is shown trying to brand labor, while University of Texas Regent Orville Bullington is depicted in boots with a pitchfork placing books on a campfire. Six flags of Texas are in the background.

Publishers of the weekly are C. Badger Reed, Austin, and H. Me-Whinney and Harold Young, recently of Houston.

Dallas Planning Huge Welcome Today For Nimitz' Homecoming

DALLAS, Oct. 11 (AP)—Dallas was set today to welcome back Adm. Chester W. Nimitz to his home state.

The Pacific fleet commander is due here at 11 a. m. tomorrow and plans called for the biggest victory celebration in Dallas since the 1918 Armistice.

Hotel walls here were bulging, and rooms in private homes were at a premium.

High Ranking Officials

Among high-ranking naval officers scheduled to arrive with Admiral Nimitz are:

Rear Adm. Charles A. Pownall, chief of Naval Air training, Pensacola, Fla.; Rear Admb. J. J. (Jocko) Clark, commander of the Naval Air Training base, Corpus Christi; Rear Adm. A. C. Bennett, commandant, eighth naval district, New Orleans and Rear Adm. H. B. Miller, director of Navy Public Information, Washington.

A parade will be held starting at 2:30 p. m. tomorrow, following an official welcome at the Hall of State in Fair park by Gov. Coke Stevenson, and a luncheon honoring Admiral and Mrs. Nimitz by the Chamber of Commerce at a local hotel.

The Admiral and party will leave Dallas at 4 p. m. tomorrow for Austin. Saturday he will journey to Fredericksburg and Kerrville.

He will leave Austin Saturday night by plane for San Francisco.

NIMITZ PLANS BUSY WEEK-END IN TEXAS

WASHINGTON, Oct. 11 (AP)—Fleet Admiral Chester W. Nimitz visited the capitol today for a few words with congressmen before taking off for a visit to his native Texas.

He is to leave by plane about 4 a. m., tomorrow and arrive in Dallas shortly before noon for a great celebration in his honor, later in the day he will fly to Austin to receive tributes and speak at a gathering of Naval reserve officer students.

Saturday the chief of the naval forces in the Pacific will make a motor trip to his native town of Fredericksburg and to Kerrville, where he lived when appointed to the Annapolis Naval academy.

"I haven't been back in that area since 1939," he commented with a smile as he left the capitol. "I'm looking forward to it.'

Landis Is Named Head Of Kiwanis

Kiwanis members at Thursday's luncheon in the Lubbock hotel named DeWitt Landis, KFYO manager, as president for the coming year.

Other 1946 officers elected were Jason O. Gordon, first vice president; John C. Reynolds, second vice president. Directors elected were Ben. F. Brewer, Milton C. Butler and John Halsey, all holdovers, and Clinton Lackey, Tom Pendergraft, Leo C. Riethmayer, Preston E. Smith, Clay E. Thompson and Thomas B. Zellner. William C. Wood, as retiring president, automatically became ex-officio director.

The Full Ballot

The ballot from which club members made their selections:

For president, Landis, Robert J. Allen and Robert W. Wright; for first vice president, W. Roy Faubion and Gordon; for second vice president, James O. Cade and Reynolds; for directors, Stephen Allgood, Artie N. Baldwin, Brewer, Butler, Ralph D. Garnett, Halsey, Lackey, Pendergraft, Riethmayer, Smith, Thompson, Claude A. White and Zellner.

Invocation was said by Rev. John A. Winslow, rector of St. Paul's-on-the-Plains Episcopal church. Fire Chief W. E. Twitty reminded the club that Fire Prevention week is in progress; that more fires and greater fire losses have resulted to date this year than for all of last year, and that members are invited to see fire prevention exhibits at the fire station at Tenth and Ave. J.

Assistance Is Asked

Mrs. Joe Alford and Miss Georgia Clifton, members of the Lubbock Business and Professional Women's clubs appeared, Mrs. Alford as spokesman, and asked Kiwanians to assist in observing civic objectives of that club.

Mrs. Nancy Green, policewoman and assistant city-county juvenile officer, outlined juvenile delinquency totals and made recommendations for repair of factors causing it.

Henry D. Buell reminded Kiwanians of methods they can employ to assist returning servicemen who are physically impaired in getting jobs that will support them and their families.

Visitors included K. D. Deng of China and a serviceman, Julian Zellner.

Australia's native forests consist primarily of hardwood trees.

MAN GIVEN SENTENCE

LOS ANGELES, Oct. 11 (AP)—A Merchant Marine lieutenant, John J. Lynd, who admitted he fatally beat the man he suspected of making love to his wife while he was at sea, has been fined $1,000 and placed on seven years' probation.

Kaiser Seeks Part In West's Steel Plants

OAKLAND, Calif., Oct. 11 (AP)—Henry Kaiser, a headline figure among the nation's industrialists, said today he was definitely interesting in taking over a heavy proportion of the steel production on the West Coast and running it as an integrated industry.

This would involve purchase of the government owned Geneva plant at Provo, Utah, and the Colorado Coal, Fuel and Iron Corp. installations, in addition to the Fontana, Calif., plant he now owns and operates under an RFC mortgage.

He told an Associated Press reporter in an interview that his plans depended on a number of "ifs," chief among them was how far the government would go in absorbing the war costs involved in the emergency erection of the Fontana and Geneva plants.

Kaiser predicted a heavy business boom for the West; instead of business frontiers being closed, as some people say, the frontiers have just begun to appear.

TO CONTINUE NAVY TRAINING

GEORGETOWN, Oct. 11 (AP) — Navy V-12, including V-5 Preflight trainees, will continue training at Southwestern university until July, 1946, Dr. J. N. R. Score, president of the college announced today.

TO RETURN TO OFFICE

AUSTIN, Oct. 11 (AP) — State Comptroller George H. Sheppard was expected to return to his office in a few days following several weeks illness. Sheppard has been suffering from a throat infection.

DUKE GOES TO PARIS

LONDON, Oct 11. (AP)—The Duke of Windsor left for Paris today. During his six-day visit with the royal family, he talked with Prime Minister Attlee, Foreign Secretary Ernest Bevin and Winston Churchill

SHORT of SOAP?

Housewives Who Use Kleen-Ezy Never Worry About Soap Shortage

ALL STORES HAVE KLEEN-EZY

Kleen-Ezy is just as good for washing clothes, washing dishes and other cleansing jobs where you usually would use soap or soap powder, as it is for removing grease and grime from painted surfaces, linoleum, sinks, stoves, bathtubs, etc.

For washing dishes, add one tablespoon of Kleen-Ezy to pan of water. For washing clothes add one cup of Kleen-Ezy to tub of water.

Kleen-Ezy is gentle to the hands. 35c and 60c jars.

KLEEN-EZY no rubbing! no scrubbing!

SICKISH STOMACH?

"Pepto-Bismol is good for that."

Stomach queasy, uneasy and upset? Quiet and calm it with soothing PEPTO-BISMOL. Helps bring prompt relief to sour, sickish, upset stomach—acts to retard *gas formation* and simple diarrhea. Pleasant-tasting. Non-laxative. *Ask your druggist for PEPTO-BISMOL when your stomach is upset.*

City Sets Certain Building Lines In Traffic Dispersal Plan Here

City commissioners Thursday afternoon viewed right-of-way maps for Lubbock's traffic dispersal highway plan and approved establishing or building lines on Avenues A and north Avenue Q and Fourth street, hereby taking another step toward early development of the program in the city.

Approval of the building lines highlighted an otherwise routine meeting.

Mayor O. W. Ribble, who returned early this week from Washington, reported promise of Office of Price Administration officials for prompt consideration of a brief of Lubbock milk shed grade A producers for an increase in the price of milk for Lubbock. Mayor Ribble, who went to Washington on other business, presented the milk producers' case before OPA officials.

Airport Lease Approved

The commission approved a lease between the City Airport board and J. D. Jenkins for lease of a portion of the hangar at Municipal airport for use as an airplane sales distributorship. The lease calls for payment of $35 a month until government release of the airport is secured and then the payments will be increased to $90 a month for a period of two years from the dating of the lease.

Durwood H. Bradley, former city attorney, represetned Jenkins in the commission meeting.

Other action by the commission included:

Approval of changing of the zone for lots 12 and 13, Carver subdivision, block 8, Roberts & McWhorter addition from a 'C' zone to an 'H' district;

Passage at second reading of ordinance No. 725, closing that portion of Ave. F between blocks 1 and 2, Morning side addition;

Lines On 19th Street

Passage at second reading of ordinance No. 726, establishing the building lines on Nineteenth from 200 feet west of College avenue east to the eastern portion of the city limits;

Approval of general contractors' bonds for Robert E. Maxey and Bufford Construction company and a sign board bond for A. & H. Equipment company;

Approval of a contract with the Santa Fe railroad for industry track serving the new city power plant in northeast Lubbock;

Approval of an insurance policy of Ed C. Abbott and the Yellow Cab & Baggage company;

Authorizing Paul Williams, city electrical inspector, to attend a meeting of the Texas chapter of the International Association of Electrical Inspectors, at Dallas, Oct. 29-31 for the purpose of studying the new code;

Zone Change Approved

Passage at first reading of ordinance No. 727, changing blocks 8, 9, 24, 25, 38, 39, 47, 48 and 52 from an 'L' zone in southeast Lubbock, placing blocks 8, 9, 24, 39, 47 and 48 in a 'E' district and blocks 25 and 38 in an 'F' district;

And approval of a block extension of the city bus line in the Green Acres addition.

Mayor Ribble presided and attending were: Commissioners W. B. Price, Hub Jones and Fred H. Childress, City Attorney Vaughn Wilson and City Secretary Lavenia Williams.

News Briefs

T/Sgt. Marlin J. Smith, son of Mrs. Maud Smith, 2118 Broadway, has been discharged from the Army Air forces at Patterson Field, Ohio. He was last assigned to the 4143rd AAF Base unit, Wilmington, Ohio, with the post engineers. Before going into service in January, 1943, he was employed as a carpenter foreman by the California Shipbuilding corporation, Wilmington, Calif.

After 17 months' overseas service with the Army Air forces, Sgt. William W. Beverly of route 4, has been honorably discharged from the Army at San Antonio. He served as a radio mechanic with the Eighth Air force in England while overseas. Sgt. Beverly, son of Bob Beverly of Lovington, N. M., was a farmer before going into the Army.

M/Sgt. Herbert R. Homesley, whose wife and two daughters live at 1503 Twenty-fourth, has been honorably discharged from the Army Air forces after more than five years of military service. He was graduated from Abernathy High school in 1938 and later enlisted in the Army Air corps here. He was stationed at Perrin Field, Texas, as a link trainer instructor from the time of the field's activation in 1941. Son of Mr. and Mrs. H. M. Homesley, he will be employed by the Homesley Electric shop, owned by his father.

Col. Polking Believed To Be Out Of Danger

Lt. Col. Warren A. Polking, administrative officer of Lubbock Army Air field, who was injured in an automobile accident Sunday night near Marion, Kans., which took the life of his wife, is believed out of danger by Lt. Col. Paul V. Colvin, post sergeant at LAAF.

Lt. Colvin returned late Wednesday from Salinas, Kans., where the injured officer is under treatment in an Army Air forces hospital. Col. Colvin and Col. Howell M. Estes, commanding officer of LAAF, and Col. Harold N. Holt, deputy commander, had flown to the bedside of Col. Polking.

Col. Colvin said the LAAF officer had suffered two breaks in his jaw and considerable bruises over his body.

Funeral services for Mrs. Polking, who died Monday night in a Salinas civilian hospital, will be held at 2 o'clock today in San Antonio, her former home.

Make a pocket in the corner of the tablecloth you use for picnics. Then place a small stone in the pocket when necessary to act as a weight and prevent the cloth from blowing away.

Businessmen, Farmers Oppose Demands
U. S. Public Not Sold On Plan To Give Unions Wartime Pay

By GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J. October 11th.—Labor's demands for as much weekly pay for 40 hours of work in peacetime as for 48 hours or with overtime the equivalent of 52 hours of straight time, do not evoke a particularly sympathetic response from the general public.

Strikers in various cities have been parading with placards "52 FOR 40 OR FIGHT", but this concept of the same pay for less work is difficult to "sell" to the rest of the population, since people not employed in war plants have long felt that war workers fared better financially than other groups during the war and hence do not merit special consideration now.

Public sentiment on the 40-hour pay issue, which is the core of the controversy between General Motors and the United Automobile Workers Union and the oil strike, was sounded by the Institute as follows:

"Should workers in a plant who work 40 hours a week be willing to take less pay than they did for a 48-hour week during wartime?"

The vote:

Yes	**56%**
No	**37**
No Opinion	**7**

Unions are asking for the same pay for less work in order to offset loss of overtime and keep the total weekly take home pay of their members substantially equivalent to what it was in wartime.

The move has backing among the rank and file of labor union members, the majority of those polled in the survey being opposed to the idea of less pay for 40 hours than for 48 in wartime.

• • •

NATIONAL OPINION was also sounded on the specific case of the automobile workers. That issue was put to a cross-section containing different individuals from those in the above poll, but exactly comparable types, with the following results:

"Do you think that automobile workers should get as much pay for 40 hours in peacetime as they got for 48 hours during the war?

The vote:

Should get as much pay	**33%**
Should not	**54**
No Opinion	**13**

Manual workers and labor union members view the issue quite differently from the rest of the population. The differences in opinion by groups in the survey are shown below:

	Should Get As Much Pay	Should Not	No Op.
Bus. and Prof.	22%	71%	7%
Farmers	21	68	11
White Collar	29	58	13
All Manual Workers	44	40	16
Union Members Only	55	32	13

County's War Chest Drive To Be Resumed

The War Chest drive for Lubbock county came to a floundering halt Thursday.

Solicitation machinery will be re-geared and the drive will be resumed later this month, campaign officials said.

With approximately 90 per cent or the city's "prospects" worked, officials said they had one alternative if the county is to approach even its quota of $50,000—re-solicitation of contributors who have drastically cut their contributions below amounts for which they were asked.

This will be done with the majors and captains of the general sales army actively participating, whereas before they served only in supervisory capacities. Arnold Purtell is generalissimo of the general sales group.

Contributions from the entire county totaled $18,700 this morning.

The clean-up drive may start around Oct. 20, it was unofficially indicated.

Majors of the campaign are Bob Fuller, Lawrence Green, Ray Farmer, Glenn Woody and E. K. Hufstedler, jr.

It was urged that unsolicited persons, in the meantime, mail their checks to the War Chest fund in care of the Lubbock Chamber of Commerce.

Hubert L. Allen is general chairman.

A prehistoric animal having four horns, and resembling a cross between a deer and a hog, has been given the name Syndoceras Cooki.

Death Penalty Asked For German General

ROME, Oct. 11 (U.P.)—The prosecution demanded the death penalty today for German Gen. Anton Dostler, charged with ordering the execution of 15 American members of the Office of Strategic services.

Dostler's case was submitted to a fiveman American Military commission at 4 p. m. and a decision will be handed down at 9 a. m. tomorrow (2 a. m. CST.)

Chief Prosecutor Maj. Frederick Roche of Boston said in closing arguments that Dostler was directly responsible for the murders by issuing the original execution order.

He said testimony showed that the Americans captured while on a mission to blow up a bridge at La Specia, were members of the United States Army and were entitled to treatment as prisoners of war.

DALLAS WOMAN KILLED

DALLAS, Oct. 11 (AP)—Mrs. Bella A. Lubben, 77, died at her home here today. She had been a resident of Dallas the past 22 years, and was the widow of the late John F. Lubben, long-time secretary-treasurer of the Dallas Morning News. A native of New Orleans, Mrs. Lubben was reared in Galveston, where she attended school.

It was not known until the 19th ceintury that mosquitos are malaria agents.

Judge Wonders If He Has A Bench Or Not

HOUSTON, Oct. 11 (U.P.)—Judge Langston King wondered today if the thing he has been sitting on since 1927 is a bench.

It seemed Attorney W. W. Holland charged that the judge's court doesn't exist because "the legislature which created it failed to take an oath promising to support the constitution of the United States, thus invalidating the legislature's action."

Said the judge: "I hope they don't make me repay my salary in case they decide I was sitting on a bench that wasn't there."

ILLINOIS MAN HEADS FFA

KANSAS CITY, Oct. 11 (AP)—A 20-year-old Dixon, Ill., farmer and stockman, J. Glyndon Stuff, was elected president of the Future Farmers of America at the closing session of the 18th annual convention yesterday.

PRISONERS MAKE DONATION

FORT WORTH, Oct. 11 (AP)—A donation of $1,480.75 was made today by the 427 German prisoners of war working at the Fort Worth Quartermaster depot to the War Prisoners aid fund of the YMCA, New York City. The prisoners receive 80 cents a day in canteen coupons for the work they perform at the depot.

Use Our Lay-Away Plan

FRANKLIN'S
1017 BROADWAY

Up from the Meadows
Rich with Corn

ONCE again the folks who feed the nation are harvesting one of the great crops of our history, and the record-breaking harvest of these war years has been produced by fewer people maintaining top production on more and more acres.

The progress that has been made in agriculture in recent years is almost unbelievable—corn yields of well over 100 bushels an acre, a rarity a few years ago, are now common; the production of ton-litters of hogs in less than 6 months after farrowing is no great problem now; hens that lay more than 200 eggs a year are not hard to find; and there are dairy cows with records of well over 30,000 pounds of milk and 1,000 pounds of butterfat annually.

All of these advances in the production of food have played an important part in the building of America to its present greatness and to victory in the war.

Back in the days of George Washington, one farm family was able to produce enough food for itself and one other family. Today each farm family in America can produce its own food and enough for 19 other families. This tells the story of the American harvest. And it is a story unique in world history.

We at Swift & Company salute our farmer and rancher friends for their great achievements and we are proud to have had a part in the preparation and distribution of the fruits of the harvest to Americans everywhere.

THE EDITOR'S COLUMN

When the war began, Swift & Company adopted the following wartime policy:

"We will co-operate to the fullest extent with the U. S. Government to help win the war. We will do everything possible to safeguard the high quality of our products. Despite wartime difficulties, we will make every effort to distribute available civilian supplies to insure a fair share for all customers everywhere."

Under the present conditions, meat packers know that there is no profit advantage in shipping meat long distances as compared with selling it nearby. OPA regulations set prices, by zones and areas, that meat packers may charge for beef, lamb, veal and pork. The United States is divided into ten zones for beef, lamb and veal and five for pork. Each has its own base price for each kind of meat. Additions to the base price are allowed for transportation and local delivery. These allowances are the very minimum and in many instances do not cover the actual cost of transportation, icing, and shrinkage.

Consequently, meat packers are better off when they sell close to their producing plants. In general, the net money they receive is greater the closer to the plant the sale is made. But despite this, Swift & Company has voluntarily adhered to its wartime policy of fair distribution. Starting in July 1945, all meat packers were required by OPA regulations to distribute their meats to the same areas they did the first three months of 1944.

DO STEER CALVES GAIN FASTER?

Do male domestic animals grow faster and reach a greater weaning weight than females? This question is the basis of an interesting experiment conducted with beef cattle by Marvin Koger and J. H. Knox, New Mexico, A. & M.

They kept records of weaning weights of Hereford calves from the Experiment Station range herd from 1936 through 1943. Most of the calves were dropped in April of each year and all lots were weaned at approximately the same time each year, in October and November, depending on the feed supply and other factors. The sexes were not separated until weaning time and the bull calves were castrated about June 1.

The records reveal that of 419 steer and 444 heifer calves the steers averaged 443 pounds and the heifers 411 pounds at weaning age. The calves of 12 sires were kept track of and in all cases the steers averaged heavier than the heifers.

It was also determined that, except for the first two years when the number of calves was small, the bull calves were dropped an average of five days later than the heifers.

SOFT CORN INTO HARD CASH

Corn that gets "cooked" by frost before it matures is still valuable feed, especially for cattle. Here are several ways to turn soft corn into hard cash, listed in the order of their value to the feeder: (a) Make ear-corn silage. (b) Feed ears with stalks, chopped or shredded. (c) Turn cattle and hogs into standing corn. (d) Leave in field and pick ears as needed rather than risk spoilage in storage.

Three main precautions in feeding soft corn are: (a) Change to soft corn ration gradually. (b) Feed a protein supplement. (c) Feed before freezing weather, if possible.

We'll be glad to tell you where to get detailed information on soft corn feeding. Write Swift & Company, Department 128, Chicago 9, Illinois.

EGGS IN HASH NEST

By Martha Logan

Combine 6 cups ground cooked beef or lamb, 3 cups mashed potatoes, 4 tablespoons minced onion, 1½ cups top milk. Melt 8 tablespoons fat in skillet and cook hash until heated through. Season to taste. Shape hash in patties and place on greased shallow baking pan. Make a hollow in the center of each patty. Slip an egg into the hollow and season with salt and pepper. Bake in a moderately slow oven (325° F.) for 20 minutes.

Westerners Head To Borger, Sandie-Cub Tilt Featured

District 1-AA will start playing for keeps tonight on two fronts, with the Lubbock Westerners going to Borger for the opener with the Bulldogs, while the feature battle will be played at Brownfield, where unbeaten Brownfield is host to unbeaten Amarillo.

The other two members of the district family will play Oklahoma foes tonight, with unbeaten Pampa going to Norman, while likewise unbeaten Plainview stays at home to play unbeaten Hollis.

Trim Unbeaten List

The unbeaten class will be trimmed to at least three tonight, with the Brownfield-Amarillo duel sure to drop one from the list. Four of the six teams enter the fifth week of the season with unblemished records.

The Westerners head for Borger with the team having only one day of real work during the week to prepare for the battle. Weather kept the Westerners confined to close quarters most of the week.

John Lanham, regular fullback, will be the only Westerner out of the fray tonight for sure, however, Arthur Rampy is still on the list of doubtful players.

Others Ready To Go

The other members of the "linament brigade" of the past week are all in top shape, and ready to go. These include two regulars in Wayne Cobb at tackle and Stoney Wall at guard. Noel "Twinkle Toes" Sikes, who is about the next thing to a regular, turned an ankle Wednesday, but is okay again, and ready to go.

Charles Presley, captain and letterman center, will move back into the backfield tonight at Borger, to replace Lanham, and add power to the Westerner backfield. Bill Carter will take over at center.

Probable Starters

This will shape up the Westerner lineup as Robert Collier and Gerald Davis at ends, Wayne Cobb and O. C. Foster at tackles, Stoney Wall and Ike Modawell at guards, Carter at center, John Paul Jones, George Brewer, Don "Speck" Austin and Presley in the backfield.

Borger does not boast of a very impressive record for the year, but are reported to have a fast improving, powerful ball club, and the prospects are bright for the Westerners to have a stormy visit to the Panhandle country.

In the feature battle at Brownfield tonight, the powerful Sandies will rule as favorites over the dark horse Cubs, but those who have watched the Brownfield Cubs in action are of the opinion that the lads from the Panhandle are in for a tough battle.

Many predict a free scoring battle for this duel, and perhaps one of the greatest crowds ever to attend a game at Brownfield is expected tonight.

SERVICEMEN RETURN

SAN FRANCISCO, Oct. 11 (AP)—More than 2800 servicemen and civilians, including 103 Americans and 90 Canadians who had been Japanese prisoners, arrived here today aboard Army and Navy transports.

"Buy A War Bond TODAY"

Three Games Top Schoolboy Slate

(By The Associated Press)

Heavy, heavy hangs over the heads of Texas schoolboy football's unbeaten, untied teams as another busy round this week-end bids fair to cut the list to an even dozen.

Except for a couple with open dates—North Side (Fort Worth) and Brownwood—few of the 19 now boasting perfect records are safe. In fact, at least three of them will fall Friday night because that many games matching undefeated, untied outfits are on the schedule.

Lufkin's Panthers, ranked with the top half-dozen of the state, meet Goose Creek's Ganders in the headline game of the week. Goose Creek, a veteran eleven that hasn't had to show its strength as yet, offers a serious obstacle for Lufkin.

In other games in which unbeaten, untied teams clash Amarillo plays Brownfield in one of the conference openers of District 1, and Kingsville goes to Brownsville in the tilt likely to determine the District 16 championship.

Five games Thursday night started a week-end of 51 battles with El Paso entertaining Carlsbad, N. M.; Quanah playing at Paschal (Fort Worth), Crozier Tech (Dallas) engaging Adamson (Dallas), Reagan (Houston) playing Austin (Houston) and Jeff Davis (Houston) meeting Brackenridge at San Antonio.

Friday night's schedule:

Amarillo at Brownfield, Pampa at Norman, Okla., Hollis, Okla., at Plainview, Lubbock at Borger, Childress at Electra, Breckenridge at Vernon, Wichita Falls at Graham, Odessa at Abilene, Lamesa at Big Spring, Sweetwater at Midland, Austin (El Paso) vs Bowie (El Paso), Ysleta at Roswell, N. M., Bonham at Denison, Paris at Gainesville, Sherman at Highland Park (Dallas), Greenville at Sulphur Springs, Amon Carter-Riverside (Fort Worth) vs Arlington Heights (Fort Worth), Forest (Dallas) vs North Dallas, Cisco at Mineral Wells, Stephenville at Weatherford, Cleburne at Waxahachie, Bryan at Ennis, Hillsboro at Waco, Arlington at Corsicana, Gladewater at Tyler, Longview at Texarkana, Kilgore at Marshall, Goose Creek at Lufkin, Palestine at Nacogdoches, Jacksonville at Athens, Livingston at Port Arthur, South Park (Beaumont) vs St. Anthony's (Beaumont), Beaumont vs French (Beaumont), St. Thomas (Houston) at Orange, Poly (Fort Worth) at Galveston, Temple at Lamar (Houston), San Jacinto (Houston) at Conroe, Austin at Laredo, Corpus Christi at San Antonio Tech, Uvalde at Kerrville, Kingsville at Brownsville, San Benito at Robstown, Edinburg at Donna.

Saturday—Masonic Home (Fort Worth) vs Fort Worth Tech, Woodrow Wilson (Dallas) vs Sunset (Dallas), Milby (Houston) vs Sam Houston (Houston).

Cowboys Best Tahoka, Lose To Brownfield

Junior High Cowboy grid teams broke even in a pair of grid battles with out of town teams Thursday afternoon. Bob Parker's Reds went to Brownfield, and limped home with a 24 to 0 defeat plastered on them by the junior Cubs.

Russell Wimberley's Whites evened up the count at the Junior High field here, winning a 14-0 verdict over Tahoka Juniors.

Littlefield Set For Lobo Battle

The Class A spotlight of West Texas will be centered on Seely stadium in Littlefield tonight, where the high geared Littlefield Wildcats face their greatest test of the grid season to date—the Levelland Lobos—tonight at 7:30 o'clock.

Football is in the air in that little South Plains city as Wildcat fans speculate on the chances of the wildcats to stop the Lobos as the pack comes snarling into town.

Lobos Are Heavy

But fans in Littlefield point out that, for the first time this year, the Wildcats will be facing a team that will outweigh them. Headed by 240 pound D. Brown, the Lobos will bring a heavy, powerful and fast grid machine here for the big duel.

Officials are getting ready to take care of the largest crowd of the season at Littlefield.

Levelland, playing a tough schedule which included two Class AA schools and the powerful Denver City Mustangs have won one, lost one and tied two. Littlefield has romped over four foes of doubtful strength, rolling up 252 points in the four games.

Other Area Games

Elsewhere in the district, there is only one conference game on the books. Muleshoe goes to Olton tonight for a league contest. Morton is at home to play the Class B powerhouse, Meadow, while Sudan goes to Dimmitt.

District 6-A offers an all-district card this week, with the two leaders, Denver City Mustangs and Andrews expected to have little trouble in staying out in front of the pack.

Tahoka goes into Denver City, with Andrews playing at Seminole. The Tahoka club has been showing improvement, while Seminole is packed with veterans, but has never been able to get started.

Post sends its Antelopes to O'Donnell in a battle that offers two teams that should be well matched, but neither being counted too strongly in the fight for title honors. Sundown goes to Seagraves for a battle that will find Sundown fighting to stay in the race for top honors. The Sundown lads have a one and one record, losing only to the powerhouse Andrews club.

There are two conference games in District 4-A, with Crosbyton going to Lockney and Matador playing at Spur. The only other game will find Floydada playing at home in a non-conference tilt with Memphis.

Hunt Pioneers Romp Over Coyotes, 19-0

The Hunt Pioneers romped over the K. Carter Coyotes Thursday afternoon at Dupre field to win a grade school touch football game 19 to 0.

J. R. Bradford fired a 15 yard pass to Bo Sexton for the first touchdown, Tommy Elliott blocked a kick back of the goal line for the second touchdown, and Bradford took to the air again for the third, throwing to Jack Hawkins this time for 25 yards. The extra point was added on the final touchdown with a running play.

Tulsa Due In Today For Red Raider Tilt

Coach Henry Frnka, and his Golden Hurricane, will blow into Lubbock this afternoon, and limber up after the long bus ride from Tulsa with a brief workout at Tech stadium sometime this afternoon.

The Hurricanes took one final workout at Tulsa yesterday, and left for Oklahoma City, where they stayed last night.

At this end of the line, Coach Dell Morgan continued to brew bitter tea for his old college pal of Austin College days, and put his Texas Tech Red Raiders through the final workout session of the week, polishing his attack for the Saturday night game.

Morgan continued to show his concern over the pass defense, against the aerial attack that Frnka has hinted was not there, but Morgan keeps on refusing to believe.

Morgan put in a lot of time Thursday with offensive plans, putting the stress on the aerial game that has not been any too potent thus far this year. But the Red Raiders show promise of developing a much better overhead attack.

J. E. Branton, star wingman from Leland, Miss., is still counted out of the game for this week, suffering from injuries received in the Texas game last week. Otherwise, the Red Raiders indicate they will be in good shape for Saturday night, and ready to give the favored Tulsans a real scrap.

Into Branton's place, the most promising candidate for the right end job is Bernie Winkler, who took over at fullback for Walt Schlinkman two years ago, then served a hitch in the Navy. He returned recently to the Red Raiders, and has been looking very impressive to date.

Morgan has not named his likely starters for Saturday night, but there is likely to be very little change in the starters from last week.

Jaycee Keglers Out Front In Civic Loop

With Carter setting the blistering pace, the Jaycees stayed in front of the pack Thursday night at the Lubbock Bowling club's Civic league race by winning two from the Rotary. Carter toppled 233 pins for the high single game, and 608 for the best series to lead the Jaycee attack.

The American Legion moved into a second place tie with the Lions, two games behind the leader, by winning three in a row over the Optimist, while the Lions were winning two from the Kiwanis. The Veterans of Foreign Wars picked up three from the ABC by a forfeit.

Wranglers Nose Out Silver Spurs, 7 To 0

The Wilson Wranglers nosed out the Central Ward Silver Spurs in a touch football league game Thursday afternoon at Dupre field, striking one time through the air for a 7-0 win.

Carlos Holton flipped a 20 yard touchdown pass to Billy Presley for the lone touchdown, and Ronnie McMillan ran the ball over for the extra point.

There were no ground pepper imports in 1944.

Series Records Fall Fast In Big Series

NEW YORK, Oct. 11 (AP) — The World Series between Detroit and Chicago that ended yesterday set 21 new records and tied 18.

A total of 333,457 persons paid their way into the seven games compared to previous attendance high of 328,051 who watched the New York Yankee-St. Louis Cardinals series in 1926.

Total gate receipts, including $100,000 for broadcasting rights, reached $1,592,454, wiping out the previous high of $1,322,328 set in the 1940 series between Detroit and Cincinnati.

Probably the greatest achievement was turned in by pitcher Claude Passeau of the Cubs who blanked the Tigers with one hit on Oct. 5, facing only 28 men.

The following are new playing records based on a seven-game series:

Most putouts, third baseman, one series—12, Stan Hack, Chicago.

Most chances accepted, outfielder, one series—26, Andy Pafko, Chicago.

Fewest batters facing pitcher, one game—28, Passeau, Chicago. (Oct. 5).

Most strikeouts by pitcher, one series—22, Hal Newhouser, Detroit.

Highest batting pct. of losing club, one series—.263, Chicago.

Most runs, losing club, one series—29, Chicago.

Most bases on balls, one club, one series—33, Detroit.

Most strikeouts, one club, one series—48, Chicago.

Fewest left on base, one club, one game, 1, Detroit. (Oct. 5).

Most runs batted in, both clubs, one series—59, (Detroit 32, Chicago 27).

Most players used, one series, one club—26, Detroit.

Most players used, one series, both clubs—51 (Detroit 26, Chicago 25).

Most players used, one game, one club—19, Detroit and Chicago.

Most at bats, both clubs, one series—94 (Detroit 48, Chicago 46).

Most pinch hitters used, one club, one series—14, Chicago.

Most pinch hitters used, both clubs, one series—25 (Chicago 14, Detroit 11).

Longest game by time—3:28 (Chicago and Detroit 12 innings, Oct. 8).

Texas-Oklahoma Tops SW Slate

(By The Associated Press)

A new attendance record for the Texas-Oklahoma game, thirty-ninth in a storied football series, is considered likely at Dallas Saturday with 30,000 tickets already sold.

The Southwest Conference, well above last year at the turnstiles, is due to get a major boost from this battle with officials forecasting a minimum of 40,000 with a possibility that it will go much higher.

The largest crowd ever to see Texas and Oklahoma play was 44,069 in 1941.

The Longhorn-Sooner clash headlines a schedule of five contests in which the conference will be seeking intersectional conquests in four of them.

Southern Methodist university opens the week-end of play when the Mustangs tackle Oklahoma A. and M. at Oklahoma City Friday night.

Saturday afternoon Rice meets Tulane at Houston and Arkansas battles Baylor at Waco in a conference game. Saturday night, Texas A. and M. plays Louisiana State at Baton Rouge.

Texas will be favored to beat Oklahoma but Southern Methodist, Rice and Texas A. and M. will be underdogs in their intersectional tilts.

Arkansas is the people's choice to beat Baylor and, while enhancing their leadership in the title race, kick the Bears definitely out of the running. Baylor already has lost one game—a 7-6 affair with Texas Christian.

U. S. Casualties Show Drop Of 371 In Week

WASHINGTON, Oct. 11 (U.P.)—U. S. military casualties stood at 1,070,153 today, a postwar bookkeeping reduction of 371 from a week ago.

The total included 263,203 dead. It was made up of 922,583 Army and 147,570 Navy, Marine Corps, and Coast Guard losses.

In addition, there have been 5,880 Merchant Marine casualties including 802 dead, 4,830 missing, and 248 prisoners.

The slight reduction in overall armed forces casualties was brought about chiefly by a decrease of 478 in the Navy's figures. The Army total this week was 107 greater than last week's.

Of Army wounded 363,322 returned to duty. Of Army prisoners 99,523 have been liberated.

Cowhands Black Roll Over Brownfield B

Coach Curtis Barrett's Cowhand Blacks showed some beautiful downfield blocking Thursday afternoon at Chapman field, and rolled to a 45 to 0 victory over the Brownfield B team.

The Cowhands didn't do so well against a stubborn, scrapping Brownfield defense in the first half, but broke loose in the last period for some beautiful runs.

Three boys shared the scoring honors of the game, Jackie Davis romping to pay dirt three times, while Earl Hutcherson and Gene Ussery romped over twice each for touchdowns.

Davis scored in the first quarter, going 11 yards around right end from his tailback spot for the first score. Ussery plunged over for the extra point. In the second period, Hutcherson broke over tackle, and roamed 38 yards for the second tally. The halftime score was 13-0.

Davis turned in the longest run of the game on the kickoff to start the second half, going 75 yards for a touchdown, then ran over for the extra point to boost the score to 20-0.

A few minutes later, Hutcherson got away again, going off tackle for a 24 yard jaunt to boost the score to 26-0. Ussery then went 14 yards on a spinner to make the score, then plunged for the extra point to make it 33-0. Ussery scored his second touchdown on a 30 yard jaunt off a spinner, and Davis closed the scoring with an 8 yard stab off tackle for the final touchdown.

The Cowhands Gold will move into Chapman field this afternoon at 4 o'clock to tangle with the Ropesville eleven, a team that held the Blacks to a 0-7 score earlier in the year.

Poland Executes 400 Nazi War Criminals

LONDON, Oct. 11 (U.P.)—Dr. George Sawicki, attorney general of Poland, said today that about 400 war criminals have been executed in Poland and prosecutors are preparing cases against 8,000 more.

Sawicki held a press conference in London, where he is cooperating with the United Nations War Crimes commission.

Sawicki said some 1,000 persons accused of war crimes have been tried by special courts. About 20 per cent were acquitted and the remainder given sentences ranging from 10 years to death.

The defendants in the 9,000 cases roughly were half German and half collaborationist, Sawicki said.

He spent six years in German concentration camps, including the Maidanek camp where 500,000 Polish and Jewish children were executed in gas chambers.

"The German people as a whole are guilty of war crimes," Sawicki said. "Among the Germans who lived in Poland we found no pity. We have masses of photographs showing Germans—especially women—laughing at Jews and Poles being driven to their death."

38,645 JAPS REPATRIATED

TOKYO, Oct. 11. (AP)—Domei agency reported today that a total of 38,645 Japanese troops had been repatriated from abroad up to Oct. 7. An additional 700 Army and Naval personnel is expected Oct. 13 from Wake island.

39—Legal Notice

THE STATE OF TEXAS

To F. E. Eller, and the heirs, assigns, and legal representatives of F. E. Eller, if he be dead, Defendants, Greeting:

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock a. m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 26th day of November, A. D., 1945, then and there to answer Plaintiff's First Amended Original Petition filed in said Court, on the 10th day of October, A. D., 1945, in this cause, numbered 12796 on the docket of said court and styled Ethel Jean Land, joined by her husband, C. LeRoy Land, Plaintiffs, vs. F. E. Eller and the heirs, assigns and legal representatives of F. E. Eller, if he be dead, Defendants.

A brief statement of the nature of this suit is as follows, to wit:

That this is a suit in trespass to try title for title and possession of Lots Nos. 17, 18, 19 and 20, and the North 3 feet of Lot No. 16, Block No. 68, of the Original Town of Lubbock, Lubbock County, Texas. Plaintiffs claim said property under the Ten and Twenty-five Year Statutes of Limitation having been in adverse possession thereof, using, cultivating and enjoying the same for more than ten and twenty-five years; and that under the Twenty-five Year Statute of Limitation plaintiffs have also been in possession of said property under deeds and instruments of record in Lubbock County, Texas, where the land is situated, and that by reason of such facts the plaintiffs are entitled to recover title to said lots from defendants; wherefore, plaintiffs pray for citation as required by law; for judgment for title and possession of said property; for costs of suit; and such other relief as they may be entitled to; as is more fully shown by Plaintiff's First Amended Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this the 11th day of October, A. D., 1945.

Attest:
ALVENE FURGESON, Clerk,
99th District Court,
Lubbock County, Texas.
(Seal) By STELLA ROBBINS, Deputy.

House Passes Tax Cut Bill

(Continued From Page One)

scribed as a "gag" rule. The rule did not permit consideration of amendments unless previously approved by the Ways and Means committee.

Thirteen legislators signed a statement saying:

"We protest this rule. It is the more deplorable in that the House Ways and Means committee which sought it has so far kept the House from voting on the 'must' unemployment compensation measure asked for by President Truman and essential to millions who are becoming unemployed.

Appeal To Public

"Yet this same committee now rushes to the floor with a tax relief bill which, though helpful to many in the low income brackets, gives the lion's share of tax forgiveness to those who don't need it.

"We appeal to the public and to the United States Senate for full and ungagged discussion, so that we may establish a sound pattern of postwar taxation.

Here's how the reduction would be made:

Individuals:

The House declined to repeal the 3 per cent "normal" tax outright, as recommended by the administration. Instead it applied the surtax exemption ($500 for the taxpayer and $500 to reach of his dependents) to the normal tax (now collected on net income above $500 regardless of the number of dependents). It then reduced the graduated surtaxes by four percentage points in each bracket.

Savings Are Cited

This system is equivalent to repeal of the normal tax plus a one percentage point reduction in each surtax bracket.

A married man with two children would pay no tax until his net income (before personal exemptions) passes $2,000, whereas now the $2,000-man pays $45. If he makes $2,500 a year, his 1946 tax would be $95 instead of $160 under present law; if $3,000—$190 tax instead of $275; $4,000—$380 instead of $505; $5,000—$590 instead of $755; $6,000—$800 instead of 1,005; $10,000—$1,880 instead of $2,245; $20,000—$6,020 instead of $6,785; $100,000—$61,660 instead of $68,565; $1,000,000—$810,000 instead of $900,000.

Also Aids Business

Corporations:

The tax relief for business would involve cutting the excess profits tax next year from an effective rate of 85.5 per cent to 60 per cent; repealing this tax January 1, 1947; reducing the 1946; corporation combined normal and surtax from 40 per cent to 36 (the cut being in the surtaxes); repealing next July 1 the capital stock and declared value excess profits taxes.

Excises—

The following reductions would be made next July 1:

Liquor—From $9 to $6 a gallon; beer—from $8 to $7 a barrel; wines, sharp cuts varying with alcoholic content.

Furs—20 per cent retail back to 10 per cent;

Jewelry—20 per cent to 10;

Toilet preparations—20 per cent to 10.

Luggage—20 per cent to 10.

Admissions—1 cent for each 5 cents, back to 1 cent for each 10; cabarets — 20 per cent to 5 per cent; dues or membership fees—20 per cent to 11.

Billard and pool tables, and bowling alleys—$20 a year per table or alley, back to $10 per year.

Electric light bulbs and tubes—20 per cent to 5.

Telephone, long distance—25 per cent to 20; domestic telegraph—25 per cent to 15; local telephone service—15 per cent to 10.

Transportation of persons — 15 per cent to 10.

Typhoon In Japan

(Continued From Page One)

ficult for many months because of the destruction of installations.

Although Navy damage remains to be announced, it is known that some small craft were driven ashore. The Navy usually sends larger ships out to the open sea on receipt of storm warnings. The typhoon had been observed since the third of October so presumably the majority of larger craft had ample time to pull out.

General Lawson's comment on the "permanent garrison" recalled recent attempts to determine what would be the future of Okinawa. Questions on this had met polite evasions.

Worst Met By Yanks

The typhoon destroyed ground installations, overturned parked airplanes and drove small ships onto reefs. It was by far the worst typhoon in the history of American occupation. Yanks invaded Okinawa April 1.

Bergholz further reported:

The highest recorded speed of the wind was reported at Yonabaru airfield, where an airspeed indicator on a parked C-46 transport plane registered 132 miles per hour. At Yontan airfield, in the center of the island, airforce observers recorded 95 miles per hour. Then the instrument failed. Yonabaru is on the east coast.

Navy Losses Believed Small

The typhoon had been screaming for 24 hours 150 miles southwest of Okinawa. Suddenly it swerved and the core of the typhoon swept directly over the big Navy base in Buckner bay. Most ships had fled to the open sea to ride out the storm and shipping losses were believed to be relatively light.

There was nothing the men ashore could do. Hundreds of tent camps and quonsett (metal hut) villages were ripped and scattered by the vicious gusts. Many hospital wards were laid bare and only night long work by soldiers kept suffering by patients at a minimum.

One hundred soldiers and sailors and civilians were injured by flying debris.

MRS. LUBBEN DIES

DALLAS, Oct. 11. (AP)—Mrs. Bella A. Lubben, 77, a resident of Dallas the past 22 years, died at her home here today.

STOCKS DRIVE TO PEAKS

NEW YORK, Oct. 11 (AP) — Individual stocks overrode considerable profit cashing in today's market and reached peaks for nearly nine years but many leaders slipped into the closing column following five successive advancing sessions.

Transfers totalled 1,560,000 shares compared with 1,700,000 Wednesday.

At best levels for the year or longer were Western Union "A," up 2½ on a pleasing 8-months' compilation; Armour, Packard and Republic Aviation. Ahead were Standard Gas $4 preferred, Great Northern, Union Pacific, Boeing, United Corp., and Montgomery Ward. Casualties included American Airlines, General Motors, Chrysler, N. Y. Central, Baltimore and Ohio, American Can, Johns-Manville, Sears Roebuck, Goodrich, United Aircraft, Anaconda and General Electric.

Cotton

NEW YORK REPORT

NEW YORK, Oct. 11 (AP)—Light hedging and selling by locals developed a reactionary trend in the cotton futures market today. The selling met only scale down mill buying against textile orders. Most leaders held to the sidelines awaiting action on the Pace parity measure and further developments on the crop situation.

Futures closed 10 cents a bale higher to 15 cents lower.

	High	Low	Last
Oct.	23.14	23.10	21.14N

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 11 (AP) — Cotton futures declined here today under holiday long liquidation. Closing prices were steady, unchanged to 15 cents a bale lower.

	High	Low	Close
Oct.	23.16	23.14	23.14B
Dec.	23.28	23.23	23.27
March	23.38	23.32	23.33
May	23.41	23.35	23.36
July	23.21	23.15	23.17

B—Bid.

AVERAGE PRICE

NEW ORLEANS, Oct. 11 (AP)—The average price of middling 15-16ths-inch cotton today at te ndesignated southern spot markets was 10 cents a bale higher at 22.97 cents a pound; average for the past 30 market days 22.61; middling 15/16ths-inch average 21.52.

Occupation Order

(Continued From Page One)

nary session of the Diet early in December, probably to consider changes in the election law, after which the Diet was expected to dissolve itself before the forthcoming general election.

The Tokyo newspaper Yomiuro Hochi today editorially attacked Shintoism—the religion of Emperor and ancestor worship—and urged Japanese religious leaders to use the "complete freedom of religion" which the Allies have given the nation for the first time in its history.

In another move to gain firm control of Japan's finances, Allied headquarters announced the imperial government has been ordered to report all foreign exchange holdings within the next 90 days.

To Rush Troops Back

MacArthur's plans for the homeward movement of American troops, at the rate of around 250,000 a month, showed reduction in his previous estimate that 200,000 soldiers would be sufficient to occupy Japan.

The divisions scheduled to remain in Japan, sifted of high-point men, were the 11th Air Borne, 24th, 25th and First Cavalry. The Seventh and Sixth divisions will be stationed in Korea.

The 86th division was slated for the Philippines, with 36,000 more men to occupy Okinawa and other Kyushu islands south of the Japanese home islands.

Other units making up the total 400,000 in the Pacific theater forces will be maintained in the Marianas, Hawaii and other island bases.

89 NAVY MEN LOST IN SEPTEMBER STORM

WASHINGTON, Oct. 11 (AP)—The Navy announced today that 89 officers and men are dead or missing after a typhoon in the Okinawa area Sept. 16-18, which sunk four motor mine sweepers and a submarine chaser.

There was no loss of life aboard the subchaser.

Among the missing are Lt. Willard Edwin Blaser, skipper of the YMS-472; Lt. Walter Scott Townsend, commander of the YMS-98 and Lt. (j.g.) John William Colglazier, skipper of the YMS-341.

WOMAN DIES OF INJURIES

HOLDENVILLE, Okla., Oct. 11. (AP) — Mrs. Simeon Lowe Tompkins, 53, El Paso, died today of injuries received in an auto-crash last Saturday. Her husband is still in the hospital but his condition was not considered critical.

Redeployment Of Homebound Men

PARIS, Oct. 11. (U.P.)—Today's redeployment timetable of U. S. Army divisions:

5th Armored: Arrived in the United States.

7th, 9th, 10th and 16th Armored, 70th Infantry: On high seas.

8th Armored: At Camp Oklahoma City in Oise area, move to staging area delayed until late October.

36th, 66th, 75th, 79th, 89th Infantry, 12th Armored, 16th corps: Alerted for shipment.

Labor Unrest

(Continued From Page One)

pated in voting. The union asks $1.35 an hour for drivers and a 40 per cent increase for others with a 40-hour week. The company offered a bonus of $100 now and $25 at Christmas.

Shipping in the port of New York remained tied up and redeployment of troops was delayed but representatives of striking AFL longshoremen agreed to confer with federal conciliators and Mayor F. H. LaGuardia.

Soldiers were detailed to load the Queen Elizabeth for the big British liner's return to Europe today (Friday). Between 35,000 to 60,000 dock workers left the piers 11 days ago in a dispute centered on the size of loads for cargo nets. More than 350 ships were unable to take on or unload cargoes.

The AFL Machinists union and the Consolidated Vultee Aircraft corporation, Fort Worth, agreed on contract negotiations which had led to a six-day strike of 8,000 workers.

Grievance Procedure

The principal point of the agreement was grievance procedure over which negotiations broke down last week, causing the walkout. The union and company representatives also announced meetings on wage increases, union shop, dues deductions, promotions and seniority were deferred until Jan. 14, 1946, or possibly earlier.

In Seattle, about 160 CIO plywood workers pushed past some 100 AFL pickets and reopened the big United States Plywood corporation plant, only major mill in the industry there employing CIO help.

About 480 lumber mills, employing more than 60,000 persons, have been closed in the Northwest by AFL union members demanding a minimum hourly wage of $1.10. Some 40,000 CIO lumber workers are campaigning for a 25 cents an hour increase but are not striking.

Scheduled Arrivals Of Overseas Troops

At New York aboard the SS Oneida Victory due Oct. 9 were Pfc. Grady A. Craig, Brownfield; Pvt. Thomas W. Withrow, Lubbock; Pfc. Huey B. Stevens, jr., Plainview. On the John Ericsson, due the same day, were M/Sgt. James W. Gates, O'Donnell; Pfc. Buster A. Thomas, Plainview; 2nd Lt. Dee Elton Roberts, Lamesa; Cpl. Leo V. Rea, Lubbock; T/3 Richmond G. Nutt, jr., route 3, Brownfield; T/4 Jerry P. Dye, 2311 Twenty-first, Lubbock and T/4 Emmett C. McWilliams, Muleshoe.

At New York on the Antioch Victory due Oct. 10 was S/Sgt. Noble B. Neal of Lubbock, and on the E. B. Alexander, due the same day, were T/5 Wesley A. Vasek and T/5 Carthel L. Foster, both of Plainview.

At New York on the Marine Angel, due Oct. 12, is T/5 Rufus Cramer, Lubbock; at Boston on the Rennselaer Victory, due Oct. 12, is Pfc. William A. Main, Lubbock.

100,000 Due Home From CBI Area Soon

NEW DELHI, Oct. 11. (AP)—U. S. Army officials estimated today that approximately 100,000 American troops who have been serving in the India-Burma theater either will be on the way home or awaiting shipment at replacement depots in India by the end of November.

An additional 26,000 men will be brought out of China by air or over the "Hump" during November. Beginning in December troops leaving China will depart through the port of Shanghai.

Woods Funeral Set At Tahoka Today

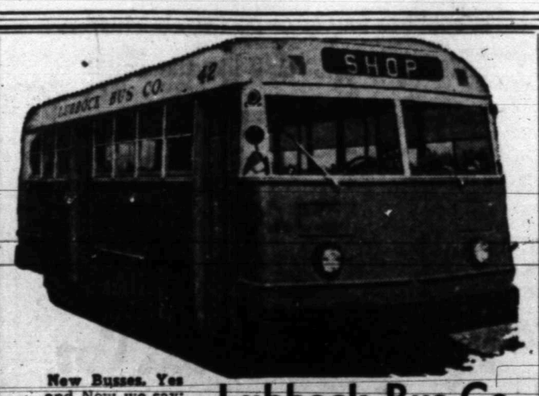

TAHOKA, Oct. 11 (Special)—Funeral services will be held at the Baptist church at 3:30 p. m. Friday for Samuel H. Woods, 64-year-old farmer, who died in Lubbock Memorial hospital Wednesday night following a stroke of paralysis, the fourth he had suffered since 1939. Rev. Levi Price, pastor, and Rev. George A. Dale of Lubbock, will conduct the service. Harris Funeral home is in charge of arrangements. Burial will be in Tahoka cemetery.

Mr. Woods was born at Biolas and came to Lynn county 25 years ago.

Survivors include the widow, two daughters, Mrs. Eva Connally of Tahoka and Mrs. Jack Cox, Dallas; three sons, Jimmy D. Woods of Tahoka, Frank L. Woods, U. S. Navy; and Bill Woods, Fort Ord, Calif.

News Briefs

T/Sgt. D. A. Willson, route 1, Lubbock, has been discharged from the Army Air forces after completing 36 months of service. While overseas as a radio operator and gunner on a B-24, he won the Air Medal with three clusters, and the ETO ribbon with five battle stars. Sgt. Willson, who was a student at Lubbock High school prior to entering the service, has served at Lubbock Army Air field, Truax Field, Wisc., Hammer Field, Calif., and Harlingen Field in addition to his overseas duty.

Robert Lee Bagley, 17, 2201 Ave. H, was fined $100 and court costs in county court Thursday on a charge of contributing to the delinquency of a minor. He was held in county jail Thursday night, as the fine had not been paid.

Theft of his hip-length leather jacket, occurring at an automobile company here, was reported to police Thursday by R. H. Truly, 1104 Ave. L.

A black purse, containing more than $100 and seven food ration books disappeared from her residence between Wednesday night and Thursday noon, Mrs. Earl E. Himmell, 1908 Ave. J, told police.

Funeral services will be held at 11 a. m. today at the residence of the parents, Mr. and Mrs. Robert A. Howell, 316 Ave. U, for Barbara Kay Howell, age 2 days, who was born prematurely in West Texas hospital Tuesday, and died there at 4:40 p. m. Thursday. Survivors, besides the parents, include two brothers and two sisters. Burial will be in Lubbock cemetery, Plains Funeral home directing.

Warren Thomas, 16, member of the Abernathy High school football team, was treated for a dislocated right shoulder, suffered in the game with Petersburg Thursday night, at Lubbock Memorial hospital.

Both cars were damaged, but no one injured when a coach, driven by R. B. Glass, 34, of 2011 Thirty-first, making a left turn, and a sedan being driven west on Broadway by Orena Tucker, 19, of 3501 Thirtieth, were in collision at intersection of Broadway and Ave. K about 10:25 p. m. Thursday.

Senate Confirms McNutt's Successor

WASHINGTON, Oct. 11. (AP)—Watson B. Miller of Maryland was confirmed by the Senate today as federal security administrator.

He succeeds Paul V. McNutt, who has been appointed high commissioner to the Philippines. Miller has been serving as assistant administrator to McNutt.

Homemaking Courses Are Planned At Tech

At the request of wives of discharged servicemen attending Texas Tech, the division of home economics has begun plans to offer these women non-credit courses in homemaking, according to Mrs. Gladys Holden, instructor in home economics education.

Enough women have expressed interest in the project to begin at least one class, Mrs. Holden said. Minimum class enrollment has been set at ten.

Tentative plans are to inaugurate such courses as income budgeting; care of children; child development problems; nutritious meal planning; canning; brining and freezing foods; family relations; planning and directing home entertainment; making and wrapping gifts; consultation on homemaking topics and personal problems; limited space use; housing and rent problems.

The home economics division has mailed approximately 100 inquiries and thus far 10 have been answered. These short, non-credit courses are to begin when the balance of inquiries are received.

To acquaint prospective students with faculty members and plans for courses to be offered, a get-acquainted tea will be sponsored by the division of home economics in the near future. Definite arrangements will be announced at a later date, Mrs. Holden said.

TEXARKANA MAN DIES

CHICAGO, Oct. 11. (AP)—James A. Buchanan, 79, wealthy oil man from Texarkana, Tex., died tonight in Illinois Masonic hospital. Buchanan underwent a major operation about three weeks ago. The body will be sent to Texarkana tomorrow.

ATTEMPTS SUICIDE

SAN FRANCISCO, Oct. 11 (AP)—Police Officer Harold J. Bell reported today Mrs. Claire Early-wine, 32, had attempted suicide after the return of her long-missing husband from the Pacific. During the husband's absence, Mrs. Early-wine had remarried.

Congratulations To:

Pfc. and Mrs. Wiley Smith, Lorenzo, on birth of a daughter weighing 7 pounds 10 ounces at 11:45 a. m. Thursday in St. Mary's hospital. The father is stationed at Camp Wolters.

Mr. and Mrs. Tony Ivy, Muleshoe, on birth of a daughter weighing 7 pounds 13 ounces at 3:11 p. m. Thursday in St. Mary's hospital. The father is a farmer.

Mr. and Mrs. C. N. Beesinger, 703 Ave. B on birth of a son weighing 5 pounds 11 ounces at 7:45 p. m. Thursday in West Texas hospital. The father is a truck driver.

Mr. and Mrs. Belverd E. Needles, 1710 Thirtieth, on birth of a daughter weighing 7 pounds at 6 p. m. Thursday in St. Mary's hospital. Needles is associated with his father in the tire business.

Profound Changes Seen For Japs As Small Parties Gain Support

By LOUIS F. KEEMLE
United Press Staff Writer

The spectacle of demonstrations in Tokyo's streets against the Emperor, even if on a small scale, is striking evidence of the profound political changes which defeat is bringing about in Japan.

The demonstrations were not of great significance in themselves. They were staged on behalf of released Communist and Korean political prisoners, through the tolerance of American military police.

Will Take Some Time

Such men so far are without much following in Japan. Yet only a month ago it would have been highly dangerous even to discuss the imperial institution, much less shout for its abolition. The potential following of these agitators and others like them therefore cannot be estimated until the freedom of expression decreed by the occupation authorities has had time to seep through the various social levels in Japan.

The question arises of whether a genuine political revolution is possible. American policy appears to be directed toward fostering one, with or without violence, provided violence does not threaten the occupation or run toward anarchy and national collapse.

Test of People

This policy, as laid down by Washington and administered by Gen. Douglas MacArthur, obviously has its elements of danger, but it is a forthright "kill or cure" method. If the Japanese people have the makings of Democracy in them, they are going to be given every chance to demonstrate it. Should they fail, the victor nations will be faced with the prospect of indefinite rule by occupation until they have been educated into new ways of thought.

The United States seems ready to shoulder the immediate burden, as is evidenced by its coldness toward a Russian proposal for a joint Allied control committee which would supersede MacArthur and perhaps upset Washington's calculated experiment. Instead, Washington is promoting a Far Eastern Advisory committee of the chief powers concerned which would share the burden if Japan becomes an acute international responsibility.

U. S. Plan Given

The American program is aimed at eliminating or radically modifying the following basic elements in the Japanese political-social organization:

1. The military.
2. The Zaibatsu, or economic and financial overlords.
3. The feudal landed class.
4. The imperial institution, which in the past half century has become inextricably linked with the other three and is a vital factor in holding them together.

Might Keep Throne

Some Far Eastern experts maintain that it is not necessary to eliminate the imperial throne. They consider it a stabilizing force which will give the nation spiritual unity and make progressive reform possible.

Others hold that only the prestige of the throne, bolstered by the perversion of religion into national Shinto, has enabled the ruling classes to extend their grip on the innermost life of almost every citizen. They liken it exactly as a destructive force to the Nazi "religion" built up in an incredibly shorter space of time by Adolf Hitler. At the very least, they would have the imperial throne transformed into a symbolic constitutional monarchy, something like Britain's.

Direct measures being taken against the military, the Zaibatsu and the landed classes speak for themselves. It may be that in the end the solution will hinge on what is done with the Emperor, and how, adroitly the Japanese can be engineered into doing it themselves.

Tyler Sailor Tells Of Bitter Time As Jap Slave Laborer

TYLER, Oct. 11 (AP)—Yeoman 2/C Darwin F. Kidd, 23, of Tyler, today told of being worked as a slave laborer and of being subjected to what he termed a "fiendish operation" without benefit of anesthetic most of the time while the Japanese beat him with their fists.

Kidd related his experience in a Japanese prison upon his return home after nearly six years. He was captured at Corregidor May 7, 1942, and was liberated from the camp on Honshu island Sept. 8.

Action Is Described

Suffering from malnutrition and beri beri, Kidd said he was being worked as a slave laborer at the time of the operation.

He declared he was getting over the worst of his illness when the Japs carted him off to a military hospital where the operation was performed on him and several fellow prisoners despite protests of Surgeon C. E. Jackson of the Royal English Navy who had been treating them in a makeshift hospital at Osake.

"We were carried out of Osake Hospital, laid down in open trucks and taken to the Jap military hospital," Kidd said. "We waited our turn to be operated on. I was carried in, strapped to the operating table. I was very weak. They gave me a spinal injection, started cutting into my stomach to get at the nerves controlling my stomach and legs. The anesthetic began wearing off about 30 minutes later, but they kept on cutting. When I told the Jap doctor doing the operating that it was paining me, he laughed and said 'yes, I know.'"

Finally Given Hypo

"The pain was terrific and I kept trying to get up. Two straps holding me broke; I jerked to a sitting position. The Japs slammed me down, tied me with a rolled bedsheet. They kept beating me in the face with their fists, but didn't give any more anesthetic. I lapsed into unconsciousness several times. Finally after about an hour they took me off the table and injected a hypo, leaving me lying on the floor about five hours. After that they put me back in the open truck to Osake hospital.

He said about five days later an English doctor removed the stitches with makeshift tools such as fingernail clippers and razor blades. He found the incision badly infected.

Kidd declared the doctor managed to get sewing needles and black thread and sewed up the incision. The wound then started gradually to heal.

Harlequins, pierrots, columbines are similar stock stage characters originated in the 16th century Italian commedia dell'arte.

Appropriation To Pay Old Firemen Assured

AUSTIN, Oct. 11. (U.P.) — Old firemen in Texas who are entitled to pension under the recent state acts for that purpose could rest easy today with the assurance that the appropriation to pay them until Aug. 31, 1947, is okeh.

Atty. Gen. Grover Sellers approved the legality of the appropriation of $262,850 a year to the firemen's pension commissioner.

Question had been raised if the state legislature legally could make an appropriation to pay firemen who had not been in state employ.

The firemen's pension law calls for state matching of funds provided by towns and cities for pensioning firemen whether either paid of volunteer. Then pension becomes available at a time determined by age and years of service.

Another opinion of the attorney general held that a toy device could not be registered as a trade mark. The one submitted was a patented movable toy depicting a prize fight.

Lubbock Girl To Play In NTSTC Symphony

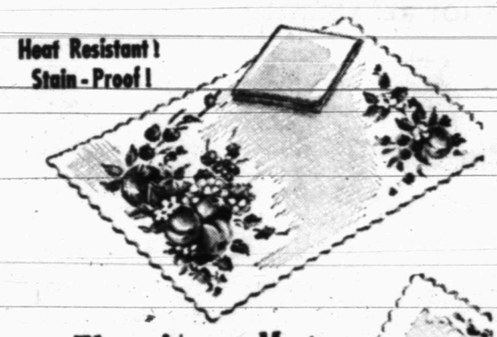

DENTON, Oct. 11 (Special)—North Texas State Teachers College's symphony orchestra, composed of 76 musicians, under the direction of Floyd Graham, will open its musical season on Oct. 18, with a formal concert in the main auditorium of the college at 8 p. m.

Familiar works of American composers will be featured on the concert.

Miss Mary A. Hooten, daughter of Mr. and Mrs. R. L. Hooten of Lubbock, is a member of the symphony orchestra and will be presented in the concert on Oct. 19. She is a senior music major.

Chiang Kai-Shek And Communists Join In Plan To End Disputes

By GEORGE WANG
United Press Staff Writer

CHUNGKING, Oct. 11.—Chinese Central government and Communist leaders pledged themselves in a joint statement today to avoid civil war by every possible means and to cooperate in building a free and prosperous China.

Generalissimo Chiang Kai-Shek's central government and Mao Tze-Tung's Communist regime issued a joint communique after 45 days of negotiations here.

Still Face Difficulties

Mao left for his headquarters in Yenan after the unity conference. As he boarded a plane he said the outlook was optimistic, but there still were difficulties to be overcome.

The joint statement said that under Chiang's leadership the two factions would do their utmost to prevent civil strife.

Chiang and Mao agreed on formation of a "political consultative council" of representatives of all parties to consider convoking a National Congress to end one-party rule.

Freedoms Emphasized

The council itself would be with settling technical problems of a National Congress, such as distribution of delegates.

Freedom of person and conscience, of speech, press and assembly, and abolition of laws against such freedoms were agreed upon, the communique said. All parties were to be recognized as equal before the law.

The government agreed that no other organization than the recognized police or judiciary would have the right to arrest, try and punish.

The government accepted a Communist proposal to release political prisoners.

Communist Seek Control

The two factions agreed to set up a committee of three to discuss the development of the various Chinese armed forces.

Th Communists demanded the control of certain local administrative offices, notably mayoralties, in parts of North China. Chiang's negotiators refused, and the matter was left to the PPC.

Agreement was reached on careful handling of puppet troops who had served the Japanese in order that no disturbances result.

The Central government took the stand that it would consider the Communists as taking part in the acceptance of the Japanese surrender once the Communists obey the government's orders.

Tax Exemption On Homesteads May Be Filed At Any Time

AUSTIN, Oct. 11. (AP)—Texans who have been under the impression it was necessary to claim their tax exemption on homesteads when they rendered their property, and at no other time, got a straight steer today from the attorney general's office.

An opinion by Assistant Attorney General Bob Donahue held that such claim may be made at any time, particularly when the taxpayers goes to pay up.

Entitled To $3,000

"The taxpayer is entitled to an exemption of $3,000 of the assessed taxable value of his residence homestead as now defined by law at any time he claims the exemption," the opinion declared.

He wrote in response to a query from County Attorney Joe Randall of Canyon as to whether the taxpaying homestead owner could claim such exemption at the time he pays taxes, or whether it had to be claimed when the property was rendered.

Definition Of Loan Broker

Another opinion held that the definition of a loan broker under Texas statutes depends entirely upon the character of security taken for payment of the loan. This opinion, by Assistant Attorney General William J. R. King, cited a recent opinion by the Third Court of Civil Appeals to this effect.

The loan opinion was sought by District Attorney A. C. Winborn of Houston, asking about the status of a foreign corporation, with a permit to operate in Texas a loan business which takes as security chattel mortgages on household furniture. King's opinion said that such concerns would be classified as a loan broker under the law.

Huge Flood Control Program Disclosed

WASHINGTON, Oct. 11 (AP) — Plans for a $77,500,000 program of flood control on the Red river downstream from Denison dam were disclosed today by Senator Overton (D-La).

Chairman of a Senate subcommittee on flood control, Overton released details of a recent report to the Army board of engineers by General M. C. Tyler, division engineer at Vicksburg, Miss.

In a statement Overton said the reports contains these recommendations:

(1) Construction of six flood-control reservoirs, estimated to cost $72,000,000 at Boswell on Boggy Creek, Okla.; Hugo on Kiamichi River, Okla.; Millwood on Little River, Ark.; Texarkana on Sulphur River, Tex.; Ferrells Bridge on Cypress Creek, Tex.; and Mooringsport on Cypress Creek, La-Tex.

(2) Improvement of existing or authorized federal and non-federal levees, $2,500,000.

(3) A $3,000,000 program for stabilization of the river channel.

Federal Ownership Of Pipe Lines Proposed

WASHINGTON, Oct. 11 (AP) — Senator Langer (R-ND) said today he would introduce legislation to prevent sale or lease of the government-owned big inch and little inch pipelines.

The Reconstruction Finance corporation recently published notices that the lines will soon be declared surplus. The big-inch runs from Longview, Tex., to the Philadelphia area and the little inch from Beaumont, Tex., to the New York-New Jersey area.

"I can see no reason why the common people of this country, through their government, should not continue to own these lines," Langer said.

The safety of traffic is recognized as one of the most important factors governing the geometric designs of highways.

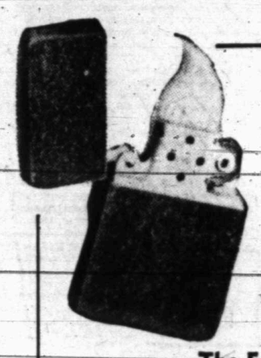

Patton Denies He Has Political Ambitions

WIESBADEN, Germany, Oct. 11 (AP)—Gen. George S. Patton, jr., declared through an aide today that he had no political affiliations or aspirations and authorized this direct quotation:

"I am an Army officer and have no political affiliations and never even voted in my life in order to keep completely out of politics."

Balance That School Lunch

THE school lunch box must be a square meal, containing minerals, proteins, vitamins and calories—and it must taste and look appetizing. The Girl Scout Council of New York teaches how to prepare an adequate school lunch box which will contain (1) ½ pint whole milk, and also 2 ounces of meat or fish, or one egg, or 2 ounces of cheese, or ½ cup (cooked measure) of dry peas, beans, or soybeans, or 4 tablespoons of peanut butter; (2) ¾ cup of vegetables and/or fruit; (3) 2 slices of bread, made of whole-grain or enriched flour or cereal; and (4) 2 teaspoons of butter or margarine with added vitamin A.

Rules specify that each item be wrapped in wax paper, and the bread or roll or muffin may be combined with the meat, egg or fish as a sandwich, or the protein and vegetable or fruit may be combined in a salad—according to the ingenuity of the Scout.

Prize Winning Lunch

At a recent Scout contest, Scout Doris Muller of Staten Island won first prize for her square meal lunch box. It contained 1 rye bread sandwich with liver spread filling (containing liver, bacon, mustard, salad dressing, onion juice, salt, chopped pickles); 1 white bread and wholewheat bread sandwich with a melted cheese filling (containing chopped green pepper, onion, fat, canned tomatoes, American cheese, salt, cayenne, milk, egg); 1 raisin bread sandwich with peanut butter and honey filling; lettuce; cabbage and carrot slaw salad; 1 peach; 1 square of gingerbread; 3 oatmeal cookies; and lemon-egg-ade, a cooling hot weather drink. All of the spreads, the salad and the drink were original recipes made up by Doris.

Consider This Soup A Meal In Itself

Welcome on brisk fall days is a big bowl of delicious, satisfying soup. Served with crunchy bread or crackers, a crisp green salad, milk and dessert, soup is the mainstay of the meal.

Now, even without soup bones, good meat base soup can be made by using a meat stock, or broth, made with the popular meat concentrate which comes in paste form. After soup ingredients such as vegetables, macaroni, etc. have been cooked in water until tender, a small amount of this meat concentrate is dissolved and added to provide the rich meat base. The soup is then ready to serve, without further cooking.

Using this method for meat base soups, soup-making time is cut to the minimum, yet results are just as delicious as soups made the old-time way. This is from George Rector's kitchen.

Here is the recipe for a meat base soup guaranteed to satisfy those hungry school children at noon, or to please the man of the family at night:

Meat Base Pepper Pot Soup

4 slices diced bacon
3-4 cup diced onion
½ cup diced celery
½ cup diced carrot
½ cup diced green pepper
4 tbsp. flour
6 cups water
1-4 cup macaroni
3 tbsp. chopped parsley
1-4 cup sieved tomatoes
1-4 tsp. pepper (optional)
6 tsp. B-V

Saute bacon; add onion, celery, carrot and green pepper. Cook slowly about 15 min. being careful not to brown vegetables. Blend in the flour, add water, macaroni and parsley, cover and simmer 15 to 20 min. Add tomatoes, pepper and B-V dissolved in a small amount of the hot liquid. Serves 6.

Mixes Easily

FRANKFURTER PINWHEELS are as pretty as a picture—and zestily flavored, too. Roll up biscuit dough around a well seasoned frankfurter filling and serve the red and white slices with a peppy horseradish-mustard sauce.

Star Frankfurters In Pinwheel Dish

WHETHER it's "hot-dog" vendors at the circus or cool, smoke-scented fall evenings, frankfurters remind one of experiences full of fun and good eating. For these gay events you've had wieners in long buns, but have you realized that this versatile meat can take on more refined ways and really present itself dressed up for company dinners?

A meat roll always has proved an interesting way to serve ground beef or ham. For a novel biscuit roll filling we'd suggest one made of ground frankfurters. Cut the roll into slices before baking and serve the pretty pinwheels with a zippy horseradish-mustard sauce. For feminine luncheon appetites daintily dish up one to a serving, but plan on two apiece at least for male dinner appetites.

Frankfurter Pinwheels

2 tablespoons lard
1-4 cup minced onion
1 pound ground frankfurters
½ teaspoon Worcestershire sauce
Salt, pepper
1½ cups medium white sauce
2 teaspoons horseradish
1½ teaspoons dry mustard

Brown onion and ground frankfurters in hot lard. Add Worcestershire sauce, ½ cup white sauce and a little salt and pepper. To make dough, sift together 2 cups flour (sifted once before measuring), 3 teaspoons baking powder, and ½ teaspoon salt. Cut in 1-4 cup lard. Add 2-3 to 3-4 cup milk all at once and stir quickly with a fork until a soft but not sticky dough is formed. Knead dough slightly, then roll out in rectangle 1-4 inch thick. Cover with frankfurter mixture and roll up jelly roll fashion, pinching edges well together. Cut into 1 1-4 inch slices and place pinwheels on ungreased baking sheet. Bake in a 450 degree oven for 20 minutes, or until lightly browned. Combine rest of white sauce with horseradish and mustard, reheat and serve with the hot pinwheels. Serves 4 to 6.

Frankfurter Casserole

8 frankfurters
3-4 cup uncooked rice
1½ cups sliced onions
3 tablespoons lard
3½ cups tomatoes
1½ teaspoons salt
1-4 cup diced green pepper
2 whole cloves
1 bay leaf
1 tablespoon sugar

With rice and cook in boiling salted water. Saute sliced onions in lard until tender. Add remaining ingredients except the frankfurters, and simmer 20 minutes. Remove bay leaf and cloves, and add rice. Place 1-3 of the mixture in a greased casserole, cover with three sliced frankfurters and repeat until all the ingredients are used, having layer of frankfurters on top. Bake, covered, at 325° F. for 1 hour. Uncover the last fifteen minutes of baking. Serves 6.

Deviled Swiss Steak

2 to 2½ pounds round, chuck or rump steak, cut 1 to 1½ inches thick
¼ cup flour
2 teaspoons salt
¼ teaspoon pepper
1½ teaspoons dry mustard
¼ cup lard or drippings
1½ tablespoons Worcestershire sauce
½ cup hot water

Wipe meat with a damp cloth. Mix flour, salt, pepper, and mustard. Sprinkle over meat and pound in with a meat pounder or edge of heavy saucer. Pound both across and with meat fibers, and continue until all flour is absorbed. Melt fat in heavy frying pan or Dutch oven and in it brown meat thoroughly. Add Worcestershire sauce and water. Cover tightly and simmer for three hours or until tender, adding more water as necessary. (Thinner steaks require less time).

Honey Jam Pot

1 large orange
3 cups water (approximate)
2½ cups cooked prunes
1 cup seedless raisins
1½ cups honey
¼ teaspoon salt

Cut unpeeled orange into paper-thin slices. Combine with water and boil about one hour or until very tender; drain off any remaining liquid. Pit prunes and cut prunes into small pieces. Rinse and drain raisins. Combine orange, prunes, raisins, honey and salt and cook slowly until of desired thickness (about 15 minutes). Makes about 1 quart.

Rationing Roundup

(By The Associated Press)

MEATS, FATS, ETC. — Book four red stamps A1 through E1 good through Oct. 31; F1 through K1 good through Nov. 30; L1 through Q1 good through Dec. 31; R1 through V1 good through Jan. 31.

SUGAR — Book four stamp 38 good for five pounds through Dec. 31.

SHOES — Book three airplane stamps 1, 2, 3, 4 good indefinitely. OPA says no plans to cancel any.

India Relish

2 lbs. green tomatoes
2 lbs. cucumbers (3½ cups ground)
2 cups finely cut cabbage
6 teaspoons salt
1 cup ground onion (3 medium)
1 cup ground sweet red pepper
1 hot red pepper, ground, omit seeds
2 cups cider vinegar
¼ teaspoon cloves, cinnamon, mace
½ teaspoon tumeric.
2 tablespoons white mustard seed
1¼ cups light brown sugar, closely packed
½ teaspoon dill seed

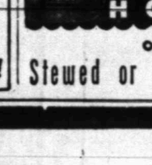

Choose tomatoes that have just begun to ripen. Select cucumbers 5 to 6 inches long. Wash vegetables. Remove cores from tomatoes, slice stem end off cucumbers. Cut vegetables into quarters and put them through the food chopper, separately, using coarse knife. Measure tomatoes and cucumbers and put into enamelware or glass bowl. Stir in three teaspoons salt, cover and let stand about three hours. Turn vegetables into collander and press out liquid, using medium amount of pressure. Discard juice. Put squeezed vegetables into enamelware or glass saucepan. (A metal pan will spoil the flavor). Have onions and peppers freshly ground. Add these and cabbage to tomatoes and cucumbers. Now add rest of salt, spices, vinegar, sugar. Heat just to boiling point, and simmer ten to fifteen minutes, stirring occasionally. Pack into hot sterile jars. Seal, cool, store.

HOW TO GET RID OF A MAN

Well, we're not giving advice to the lovelorn. But we do know that good coffee makes a world of difference in the homelife. A flat, wishy-washy cup can drive a man away just about as quick as a plague. Men like full-flavored, rich-tasting coffee-the kind of coffee you'll find in every pound of Admiration. We know that from experience. If your family gently scrams as soon as the coffee is served, better take the danger signal to heart. It's time to change blends. Buy a pound of Admiration and one or two other blends. Then compare them all. It's pretty certain Admiration will be the family's choice — and yours too.

WTCC Planning Aid To Veterans, Industrial Expansion For Area

ABILENE, Oct. 11—The West Texas Chamber of Commerce is taking to its affiliates, for their balloting during this month, a comprehensive made-at-home plan and program for helping the returned war veteran and for introducing into the region's economy a new era of industrial consciousness and development.

The two-point proposal is contained in Planks Nos. 4 and 6 in the WTCC's 1945 referendum ballot being presented to town affiliates at a series of 8 district meetings. The tour started at Cisco last Tuesday with meetings following at Brownwood, Fort Stockton and Big Spring. This week's gatherings, Tuesday through Friday, are at Decatur, Seymour, Borger and Plainview.

Aid To Veterans

Plank 6 in the referendum proposes to perform a substantial service to returning war veterans. It calls for the establishing in each community of a Veterans' Business Opportunities Bureau charged with the responsibility of, first, placing the veteran in the business of his choice on a stock ownership rather than an old job basis; and second, adding to the community's capital structure his war-accumulated assets of experience, cash, bonds and liberal credit privileges.

These assets are estimated by the West Texas chamber as being equivalent to — or exceeding— the total assessed values of the towns which the veterans left to wage and win history's greatest war. The over-all objective, says the commission recommending the plank, is to help the veteran invest his savings wisely, and make of him a sound business investment to his community instead of a spender of assets on luxury goods and things not permanently enhancing his future.

Community Plan Emphasized

The plank concedes that much has been done in the way of government and private aid to returning veterans, such as low interest loans up to $4,000, unemployment compensation, educational and hospitalization benefits and jobs priorities. But, it adds, "nowhere in these plans has there been organized effort toward putting the veteran in a business partly his own and toward his becoming a part of and contributing to the capital structure of his community. That is what we are advocating and starting in this originating in our organization."

Under the veterans' plank, local chambers of commerce will have the job of organizing and operating the business opportunities bureaus, through committees composed of experienced men who know values and the ramifications of business, and have the veterans' interest at heart.

Industrial Advertising Stressed

Referendum Plank No. 4 relates to the WTCC's display advertising campaign recently launched and now running in Eastern periodicals of national circulation, inviting industrialists to investigate West Texas resources and opportunities. It is proposed to continue and greatly expand this venture, both toward bringing outside capital into the area and in making West Texas, for the first time, industrially minded.

WTCC officers and committeemen are emphasizing at the district meetings that the two planks really may be considered as one. They predict the net results of the advertising program will be to attract a growing stream of new money for new enterprises, and create business opportunities not now existing for West Texas people. They are confident that the area's economy will undergo swift advancement when its thought embraces industry as well as ranching and farming. The opportunity is here at last, contends the WTCC, thanks to the promise of parity in freight rates, after many years of bitter frustration, contained in the May 15th ruling of the Interstate Commerce Commission calling for the abolishing of the 60-year old system of zone freight rate making.

That decision, the Chamber believes, will be a decisive stimulus to decentralization of industry into under-industrialized sections, such as is West Texas.

Cop Finds Catch In Police Offer To Tipsy Drivers

HOUSTON, Oct. 11 (U.P.)—Police Inspector Carl Shuptrine mused today about Police Captain Tom Sawyer's announcement that police would drive home any tipsy driver who told them he was feeling too good to drive.

Suppose—mused the inspector—a big party, say 30 people, was in progress and each one decided he was tipsy.

"Why, it would wreck our force—completely disrupt our schedule," said the inspector.

Said Capt. Sawyer: "The inspector worries too much. It will never happen—I think."

POSTOFFICE ENTERED

LAREDO, Oct. 11 (AP)—Two U. S. mail pouches are missing after the postoffice at Bruni, Webb county, was entered Tuesday night or early Wednesday morning. The thieves, who forced a lock on the postoffice door, also took a typewriter on the desk of Postmaster Irene J. Brice.

Dock Walkouts In Britain Poses Serious Food Problem In Nation

LONDON, Oct. 1 (AP) — Prime Minister Attlee summoned his Labor cabinet into executive session today to consider the dock strike which spread to Glasgow and threatened Great Britain with a hungry week-end.

All major docks faced imminent tieups and delivery of food in these tightly rationed islands was imperilled.

No. 10 Downing street issued no immediate announcement, but the question of government intervention appeared certain to be raised when the house of commons assembles this afternoon.

The huge docks at Glasgow were closed down when 4,000 Scottish stevedores joined the strike.

In all more than 46,500 strikers are out. Some 2,500 more walked out during the morning at London and Newcastle-On-Tyne. Thousands more London dock workers were reported planning to strike later for higher wages.

Foods Tie Up

Well over 50,000 tons of needed food was tied up at miles of idle wharves. Much of the food is perishable.

Warehouse food reserves dropped to a menacing low.

Hopes for an immediate settlement of what union leaders called a "wildcat trike" diminished.

More than 1,400 British troops of the Royal Engineers and Pioneer corps moved into Liverpool's eight miles of idle docks and prepared to begin work tomorrow unloading 200 ships in that storm center, where 20,000 men are striking.

Soldiers also began unloading food at Manchester, Hull and Grimsley. They were unhindered by strikers, who declared that "the soldiers are our friends, our brothers and our sons—and they have their job to do."

The men are demanding a basic wage of 25 shillings a day (five dollars) and a 40-hour week.

DALLAS WOMAN DIES

DALLAS, Oct. 11. (U.P.) — Mrs. Bella A. Lubben, 77, mother of Joseph A. Lubben, assistant business manager of the Dallas News, died today at her home.

Midland To Head Up Bombardier Training

RANDOLPH FIELD, Oct. 11 (U.P.)—Bombardier training in the Army Air Forces Central Flying Training command, formerly conducted at five stations in Texas and New Mexico, will be centralized at the Midland, Tex., Army Air field, it was announced today.

Student bombardiers now training at Childress, Big Spring and San Angelo who intend to continue their training, have been transferred to Midland.

Personnel other than students at these fields will remain at their stations. The CFTC has not yet been informed as to the future utilization of these three stations.

Instructors and mission pilots at Carlsbad, N. M., Army Air Field which was inactivated Sept. 30, were sent to Midland to augment the training staff.

Buck New Governor Of Kiwanis District

ALBUQUERQUE, N. M., Oct. 11 (U.P.)—An Albuquerque man, A. E. Buck, took over today as president of the Southwestern district Kiwanis International, succeeding E. H. Will of El Paso.

Buck was named president of the organization at a district convention here last night. The Kiwanis selected Tucson, Ariz., as the site of their 1946 meeting.

Other officers elected were Jack W. Dunn, El Paso, secretary-treasurer, and three lieutenant-governors, William Kimball, Tucson; E. Parke Sellard, Gallup, N. M., and Ed Overman, Roswell, N. M.

Houston Said Due Big Building Boom

HOUSTON, Oct. 11 (U.P.) — A $406,290,000 building boom faces Houston in the next three years, R. D. Walton of the Committee for Economic Development announced today.

The figure set by CED is greater than the total value of Houston, land included, was 1924 when the city entered its greatest period of growth by becoming a deep-sea port. The amount is approximately 65 per cent of the present total value on city tax rolls which stand at $755,000,000.

A CED survey, based on answers to 167,000 queries mailed with electricity bills, is regarded as "a solid and conservative estimate of already planned, already financed work in greater Houston," Walton said.

It was conducted by the research division of CED with Paul Weaver, Gulf Oil corporation's chief geophysicist, as chairman.

Cpl. Cobb To Return To Texas Hospital

Mr. and Mrs. Jim Cobb, 1508 Ave. L, have learned that their son, Cpl. Robert J. Cobb will be transferred with in the next few days to William Beaumont hospital in San Antonio. He arrived at Mitchell Field, N. Y., Oct. 7 after release from a Japanese prison in Batavia, Java, ten days earlier.

After being unsuccessful in their attempts to telephone their son at the New York hospital when he wired that he was back in the states, the Cobbs called another son, J. A. Cobb, jr., whose home is in Washington, D. C., and asked him to try. He found that he could not put in a telephone call, but could see his brother for two hours at the hospital.

J. A. Cobb made the trip to New York and called his parents to tell them that Cpl. Cobb is being transferred to San Antonio because of the warm climate, and that he will have to be hospitalized for several months. Although there is nothing seriously wrong, Cpl. Cobb was reported to be in a run-down condition that only time and care will cure. At the time he entered the Army with the Lubbock National Guard unit, he weighed 170 pounds, and after gaining 15 since his rescue from the Japanese, he now weighs 125.

Cpl. Cobb was one of the few members of the "Lost Battalion" who remained on Java as prisoners of the Japanese. He was hospitalized for nine months for a broken ankle after his capture. At the time of his liberation he was working as a typist and bookkeeper for the Japanese in the General Motor company at Batavia.

Chinese Trainee To Make Study Of Cotton Production In County

Keh Dien Deng, a Chinese trainee under the International Training administration and the U. S. Department of Agriculture, has arrived in Lubbock county for a two-month stay during which time he will study methods of cotton production and the work of the county agriculture, home demonstration and 4-H club agents.

Deng, a 34-year-old native of Hwangmei (county), Hupeh province, is here through the U. S. and Texas Extension service and will work through the office of Jason O. Gordon and Miss Clara Pratt, county agriculture and home demonstration agents, respectively.

Deng will live with Mr. and Mrs. Cacy Day, rt. 2 Slaton, for one month to study the raising, picking, ginning and grading of cotton. He will assist in the work involved in these phases of farming.

Other Phases Included

The second month will be spent in the local extension service offices. The work done here by Deng is part of a year-round program that will end in June, 1946. Many other phases of study are included.

Deng said that there are 170 Chinese trainees now in the United States studying in the different fields of agriculture. Some are studying soil, agronomy, fertilizer, etc. All will return to China at the end of the study here to take up their various occupations.

Many of these trainees were teachers. Others were employed by the government. Deng, a graduate in 1937 from the University of Nanking with a major in plant pathology and a minor in agronomy, said that the group will be obligated to the Chinese government for a period of two years to work as directed.

Schooling At Nanchang

Deng attended primary and middle school at Nanchang academy, a mission school and finished there in 1919. He was a teacher in the Hupeh Provincial Agriculture college for two years, an inspector for plant pathology division with headquarters at Shanghai for six months, and for one year was director of Provincial Agricultural Extension Service in Hupeh. The latter is a position corresponding to the local county agent's work.

Deng was married in 1932 and is a Methodist. He joined the mission church in his home province in 1924. His wife and three daughters, the oldest one seven and the youngest three months, are still in China. He has one brother in Chungking, employed by the government as a treasurer.

Deng, whose parents are dead, has an adopted mother, Mrs. Albert N. Steward, living in Fullerton, Calif. Her husband has been a prisoner of the Japanese for a number of years and Deng is trying to discover his whereabouts at the present time. Steward, a missionary teaching botany at Nanking, was captured, along with other Americans, at the annual conference of Methodists in Wuku immediately after Pearl Harbor. Mrs. Steward returned to the states in 1937 with her husband, who then returned to China to carry on his work.

Relatives Are Pastors

One uncle and two cousins, both graduates of Northwestern university at Chicago, of Deng are Methodist pastors in China.

Failure of the Japanese to pursue and capture, or defeat, the Chinese army immediately after the fall of Shanghai was credited by Deng as the main reason the Japanese never conquered his vast country.

He said the Chinese were in poor shape for war when that British naval base fell and immediate defeat following that loss would have forced China to surrender her entire armies to the invaders.

Deng explained that China, comparatively, is a huge country with 28 provinces, the average size of each being as large, or larger, than Texas. The coast and central lands are well cultivated and intensely populated, Deng said, but Northwest China is undeveloped and rich in mineral resources and fertile lands.

Migration Is Planned

The Chinese government is planning a vast migration movement to this section of China to ease the land shortage (each farm averages about 30 mous, the equivalent of five acres, in East China).

The new slogan for China, Deng said, is "industrialize." This is the aim of both industry and agriculture in the world's largest country, he said. Deng said he felt that China might well adapt the legendary American slogan of "Westward."

Agriculture has been held back by primitive methods, lack of farming space, and more recently, the Japanese. Deng said the Japs robbed the land and asked too much from the farmers, and robbed the country of its animal power. The latter is China's source of power for farming, etc.

Will Receive Tractors

Deng, who farmed for many years in his home province, said that oxen, water buffalo and cows were the chief animals used on farms. He said however, that 3,000 tractors are to be shipped from this country to China as soon as transportation is available.

Plans for a Russian system of tractor centers, with farmers able to borrow machines for their needs, will vastly speed modernization and industrialization of Chinese agriculture, Deng said. It has been held back in this method of farming by the small farms of China, he added.

China plans for cotton production closely connected with cotton milling so that one may benefit from the other, Deng said. He added that a great future lay in Chine for U. S. capital and technological workers.

Deng, whose family moved from their home at Hwangmei to the hills on the frontier lines to evade Japanese occupation, worked for a Col. Ausman, a native Texan, as interpreter in the Sixth War area headquarters in December of 1943, during the Japanese campaign to capture Chang Sa. His home province was occupied in 1939, some time after Deng had moved to Cheng Tu, one of the largest B-29 bases in the East. The University of Nanking was moved here also in face of Japanese occupation.

Deng was aboard the General Patrick enroute to the United States, when the war ended. He had just crossed the Indian ocean after embarking at Calcutta, and later went through the Suez canal, Mediterranean and Atlantic oceans, to land September 3 at New York.

He said the South Plains' weather during this year was much like his home province, where sandy loam is also the chief soil. Much drouth is felt in his Central China province, Deng said.

His home province compares with Lubbock county in other days, Deng said. It is, besides having many lakes, rivers and fisheries there, the chief cotton producing area in the entire of China. Stovevill No. 4 and Delfos No. 531 are fast displacing older types of cotton at its chief crop.

Two Army Camps Are Now Inactivated

WASHINGTON, Oct. 1 (U.P.) — The War department said today that Camp Stewart, Ga., and Camp Howze, Tex., were declared temporarily inactive Sept. 30.

During the war, Camp Stewart was an anti-aircraft unit training center. Camp Howze is an Infantry Replacement training camp.

Statehood Centennial Significant

ON Dec. 29, 1945, the State of Texas will have been a member of the United States 100 years less the nine years of secession during the Civil war period.

The centennial of the annexation is not only of state but nationwide significance. For it was the admission of Texas to the union which set in motion a great expansion program which spread across the Rocky mountains to the Pacific.

It is interesting to recall that during the early days there was considerable controversy as to what time should mark the coming of statehood.

First, there was a special session of the legislature, in early 1845, at which the proposed annexation was given a favorable vote. The session was called by President Anson Jones of the then republic. In the early summer, a convention was called which ratified the legislature's action and on July 4 drafted a state constitution. The citizens voted approval of the constitution on Oct. 13. It was accepted by the United States Congress on Dec. 29. The first legislature met on Feb. 16 and a few days later the Lone Star flag over the state capitol at Austin was lowered and the Stars and Stripes hoisted in its place as J. Pinckney Henderson was inaugurated as the state's first governor.

Finally, after widespread arguments had waxed hot over just when Texas became a state, the dispute was taken to the United States Supreme court, which ruled that Dec. 29 was the official date of annexation.

With Texas' entry into the United States, all its territory expect that now enclosed by its present borders was sold to the U. S. for $10,000.

By admitting the state, the United States became involved in the war with Mexico, with whom Texas had maintained conflict while making efforts to join the union.

In recognition of the national meaning of the centennial, the Postoffice on Dec. 29 will issue a special stamp commemorating the official date of annexation.

Wainwright Comes Out O. K.

GENERAL Jonathan Wainwright, the stubborn hero of Bataan and Corregidor, emerges as probably the highest paid prisoner of war in history.

When the general arrived back in the states he found an accumulation of back pay for all the time he was a prisoner of war, and which amounted to $41,893.45, less whatever amounts was paid to his wife in monthly allotments.

Added to this is a figure reported in excess of $100,000 from a newspaper syndicate for serial rights to the general's sad story of the black days in the Philippines and the long heartbreaking years at the boot of the Japanese conquerors.

The general's story was considered a publishing plum. Perhaps no other public figure has been so indulgently wooed by newspaper and magazine interests.

He received earnings of $666 a month together with such extras as a personal allowance of $500 a year, a rental allowance of $120 a month, subsistence of $42 a month and 10 per cent to his base pay for overseas service.

Unsung Heroes Of War

THE role of the United States Army Chaplain corps in this war has been comparatively unsung. Yet the "men of the cloth" did one of the most vital jobs of the conflict; they brought spiritual guidance to men close to death.

They went where the fighting was the toughest, helped the strong and the weak, comforted the wounded and the sick. No post was too remote. Of more than 8,000 members, two-thirds of them saw overseas duty. Their casualties were high.

Fifteen of their number had been awarded the Distinguished Service cross up to July 1, 1945, other decorations had gone to 878.

And many of them—Protestant, Jewish and Catholic—will remain in the services, teaching His word to every man, regardless of race, color or creed.

"If it wasn't for men, there wouldn't be any fathers," says a paragrapher, probably trying to be funny. He should be reminded that there also wouldn't be any fathers if it wasn't for women.

"Laboratory tests show that a mosquito can live eight days without food." Yes, but the trouble is that he won't do this anywhere but in a laboratory.

"If you don't know anything good to say about your fellow man, don't talk," was the advice given us yesterday by a person who rarely has anything to say.

One-Minute Sermon

Say to them that are of a fearful heart, Be strong, fear not: behold, your God will come with vengeance, even God with a recompence; he will come and save you. Then the eyes of the blind shall be opened, and the ears of the deaf shall be unstopped. Isaiah 35:4, 5.

GRANDMAMA'S SNAKES
IV

While we were working in the Schumann Circus, our act began to attract the notice of agents and the press. I personally had a nice success, which resulted in Ograinsky's redoubling his efforts to improve my tumbling. He resorted to his old habit of hitting me on the nape of the neck to increase my speed, and I developed chronic headaches that made me so ill I was hardly able to get through the performance.

It was compulsory for me to have a rest and for grandmama to take care of herself, too, so we met mother in Rapallo, on the Italian Riviera, where we stayed at the quiet, old-fashioned Hotel Nervi overlooking the bay and blue waters of the Mediterranean. Rapallo is a favorite resort for singers who find the air and sunshine excellent for their throats.

We had rooms opening on a private terrace with orange trees all around it, where grandmama could bask in the sunshine with her three pet snakes. They were the oldest and best belove of her reptiles, and it did not occur to us that there was anything very odd in her having them.

After a six - week stay in Rapallo, we went to London. Mother decided to make a trip to Canada and see my father, partly for business reasons and partly to give my brother an Easter vacation. He had just finished the winter term at Beaumont College, the Catholic equivalent of Eton.

Our party consisted of grandmama with her three snakes in a clothes-basket "borrowed" from the Carlton Hotel in London, mother with a sable coat she had just bought on the installment plan, her bag of jewelry, a Spanish maid constantly seasick, myself, and my brother, very sulky on account of the snakes.

My father met us when the ship docked, and I noticed how his face lit up when he saw mother. We went to the Chateau Frontenac, where he had taken a suite for us.

• • •

Ever since we had left London, there had been scenes about the snakes and their feeding equipment which grandmama had handed over to my brother to take charge of. Now my brother refused to have anything to do with it. He was so rude to grandmama that she appealed to my father to take him to task.

Of course father did not enjoy the addition of the snakes and their livestock to our party and could appreciate my brother's point of view, but he really got angry when Bunnie (as my brother was nicknamed) complained bitterly that grandmama would not wear a hat, smoked cigars, and did not look like anybody else's grandmother, and he would not be seen with her.

Grandmama was deeply hurt about my brother's being ashamed of her, for she was very fond of him and proud of his good looks, but after this little upset she packed her things, said she was going of by herself with her snakes, and would meet us in New York for the return trip to Europe. Mother took Bunnie's part in the whole affair but oddly enough got it into her head that it was all father's fault that grandmama went wandering off alone, and that he had insulted her. She took my brother and went to visit some distant cousins in Montreal, and I was left with my father.

He took me to Toronto, where he had a house near the University, and I was happier than ever before. It was the first time I really got to know my own father. When he left his office in the afternoon, we used to go for long walks, and he would talk to me almost as if I were a grown person, teaching me English words and reading to me every night before I went to sleep. All this was too good to last, and one day he received a frantic telegram from mother announcing that Bunnie had suffered a sreious motorcycle accident while out racing with some of the cousins they were visiting. He had a ruptured kidney and she was taking him to New York for medical treatment. We started packing immediately to join her there.

Grandmama turned up in New York in answer to the letters we sent to her agents, and as soon as Bunnie was out of danger, mother announced she was taking him to Europe. I will always remember the day we left and the New York docks in the hot sunshine: my brother could not walk, so was carried to the ship on a stretcher, and father seemed unusually sad. I could not understand why he didn't come with us.

We disembarked in Cherbourg and went on to Paris where my brother was first placed in a sanitarium in St. Cloud. He craved the sea, so mother decided to take a house somewhere on the coast of France for his convalescence. The place she rented, on the Island of Guernsye, was once Victor Hugo's house where he wrote "Toilers of the Sea."

Mother had taken the house from a phony estate agent she had met, a bogus "count" of some sort, and everything was wrong with it. The lavatories wouldn't work, part of the staircase caved in, the drawing room walls were mildewed. And she kept receiving incrédible bills from the "count" for repairs.

Finally father came over from Canada to see what was going on his arrival coinciding with a notice from a lawyer in Southampton that the house had been bought the previous year from the Hugo estate by the government, to be used as a museum, and they could not understand how the agent managed to rent it to us. In the meantime, the "count" disappeared with three months' advance rent and the check for the plumber.

An automatic SOS alarm for vessels not having a radio operator on constant watch was introduced in 1935.

Looking At Life ------ By Erich Brandeis

A forty-two room house near Berlin, formerly occupied by a member of Hitler's cabinet, had been set aside as a clubhouse for the G. I.'s of the occupying force.

Then it was requisitioned for the exclusive use of generals and colonels. So, in the next issue of The Grooper, the weekly newspaper of the United States Group Control council, appeared this item, written by a non-com:

BRANDEIS

"Any more of that, and we won't give them their jobs back when this is all over."

So much has been said about the returning soldiers and sailors who will have to find jobs that, in the worry over them, the poor generals and colonels and majors and commanders and ensigns have been entirely forgotten.

Yet, they deserve our sympathy as well.

• • •

Only a few days ago I happened to run into a friend of mine in New York. Last year I visited him in the Pentagon building in Washington. He was then a colonel in the Adjutant General's office.

After having been announced, having waited half an hour, and being ushered through a quarter mile of outer offices, I was finally admitted to his sanctum. He wasn't exactly unctuous, but in his demeanor there was the reflected glory of the eagles on his shoulder.

But now it was different. My friend had to cool his heels in the anteroom of a noodle manufacturer whose account he was soliciting for the advertising agency which had given him his old job back.

And in another office the executives were discussing the case of a shipping clerk who had enlisted in the army and worked his way up to the rank of major. Now the fellow was back. He didn't want to be a shipping clerk again, but there were no majors' jobs in this office, nor did the bosses think that he had the ability for the equivalent of a major in civilian life.

• • •

It isn't the fellows' fault.

Unfortunately civilian life doesn't often give a man the opportunity to show his talents and qualifications as much as war with its emergencies and its need for quick thinking and ingenuity.

My advice to discharged generals and to business executives, therefore, is this.

Take the best that if offered to you, Mr. Ex-General or Colonel, and do the best you can in the job you get.

And you, Mr Executive, don't look down on a fellow just because he was once a truckdriver or a shipping clerk.

You, too, need generals and colonels in your business.

The man who was killing to give his red blood for your country may well be able to keep the red ink out of your ledgers.

A man who has been able to stand up to the enemy, may be a darn good man to stand up to your competitor!

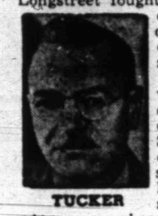

The National Whirligig

Strategy Squabbles Begun

WASHINGTON
By Ray Tucker

THE AFTERMATH of World War II threatens to engender as many historical squabbles over our top commanders' strategy and tactics as the Civil, Spanish and World War I preciptated. The fuses for several explosive Congressional investigations have already been laid by returning military officiers of high rank and their quarreling aides.

Every major conflict in which we have engaged has produced post-mortems. Generals Lee and Longstreet fought for years through the memoirs of their respective sympathizers over the wisdom of Pickett's charge at Gettysburg, which Longstreet opposed but finally ordered.

TUCKER

Admirals Sampson and Schley were in and out of the military courts for several years after the destruction of Cervera's fleet at Santiago, each taking credit and dishing out the blame. "Jack" Pershing, although age and illness have mellowed him, still does not speak or write to fellow officers who, as members of the General Staff at Washington, tried to dictate to and override him when he headed the American Expeditionary Force.

• • •

LOSSES: Every top strategist and tactical expert—Eisenhower, MacArthur, Nimitz, King, Patton, Bradley, Clark — will be dragged into the Congressional inquiry if the current demand for a showdown is granted by the men on Capitol Hill.

The engagements which may be aired are (1) our setback at Kasserine Pass soon after our invasion of North Africa, where subordinate officers got the blame, although their disposition of forces had been inspected and approved by "Ike" Eisenhower two days before Rommel's attack; (2) our heavy losses at Anzio, said to have been the result of our failure to capitalize the landing by an immediate advance into surrounding mountainous terrain occupied by the enemy; (3) our reverse in the "Battle of the Bulge" in the closing hours of the war against Germany; (4) our deployment of naval and military units for the assault on Iwo Jima.

It is estimated that at least one-fourth of our casualties was suffered in these four engagements. There is some evidence that military and naval misjudgment was responsible for the seemingly excessive losses. Therefore, the demand for a post-mortem by the man under attack.

• • •

BARBITURATES: Federal authorities have refused the demand of state officials and local medical associations that they ask Congress for a law controlling the sale of sleeping pills and drugs. The number of suicides and accidental deaths from the use of these apparently harmless medicaments has led to a drive for action at Washington.

Narcotic Commissioner Harry J. Anslinger, however, maintains that this is a problem to be handled locally. Thirty-nine states have passed laws requiring that prescriptions for barbiturates and allied medicines be filled only on a physician's order. But too many druggists, he has learned, violate the law or evade it by refilling the order without a doctor's okay. His files reek with stories of suicides of prominent people and of deaths caused by overdoses when the victims were under mental or alcoholic stress.

Mr. Anslinger, who is one of the veteran and more able officials of the Government, bases his stand on his memories of the failure of prohibition enforcement. Federal interference in this field, he believes, would lead to an even greater fiasco than the attempt to keep hard liquor from the people.

• • •

WIVES: American soldiers who married foreign girls are simply out of luck in bringing their wives to the States within the next six months or even a year.

The same observation applies to Presidential Investigator Earl Harrison's proposal that several hundred thousand homeless Jews be brought to this country from Germany. There just is no shipping space or accommodation for them, especially for women.

Only a few vessels bringing back Servicemen from overseas are equipped to handle women at all, and only three, the Queen Mary, the Queen Elizabeth and the diplomatic cargo ship Gripsholm offer more than primitive comforts. Nurses, Red Cross workers, Wacs, Waves and American women civilians attached to the Army have the first call on these few berths.

Space on planes is even more difficult to obtain, as Colonel John Henry of the Army Transport Corps has discovered. John was prewar White House reporter for the Washington Star. He was a favorite with every high official at the Capital. While in England, he married a girl who is top secretary in the London office of A. T. C. Colonel Henry is now back in Washington, but all his influence and friendships have not produced ship or plane passage for Mrs. Henry.

• • •

UNSELFISHNESS: While some Cabinet members, Congressmen and military figures fatten their incomes by writing or talking their memoirs, Representative Albert J. Engel of Michigan has set a mark of unselfishness which few will follow.

Mr. Engel, as a member of the House Appropriations Subcommittee handling War Department funds, made a name for himself as a one-man investigator. In 1941 he climbed into his car and, at a cost of $238.17, investigated cantonment construction in the East and South. He forced the Army to revise its contract and construction system, and it is estimated he saved the taxpayers at least $250,000,000. In 1942 he inspected many plants making weapons, and he brought down the cost of certain implements from $19,000 to $6,000.

His accomplishments, which were achieved in a nonpartisan spirit, naturally led radio, magazine and newspaper interests to bid for his story. He turned them down for a while, but eventually yielded and wrote an article for a national magazine. It paid him $2,000.

But Al, who is not a wealthy man like Harold L. Ickes, gave the fee to the USO. And, in view of the ruling that only fifteen per cent of annual income can be deducted for bequests to charity, it cost him $109 to give the money away!

Mr. Ickes has made at least $200,000 from his extracurricular activities since he entered the cabinet.

• • •

TEXAS
By Gordon Shearer

AUSTIN.—L. W. Kemp, Houston, head of the State Library and Historical commission, offers a compound argument to support his protest against hanging the portraits of Albert C. Horton and Fletcher B. Stockdale among the governors of Texas.

If Horton and Stockdale are entitled to places in the capitol dome portrait gallery, Kemp says, former Lt. Gov. Walter Woodul of Houston is entitled to have 21 portraits in the group.

The argument is that Horton and Stockdale only acted for absentee governors; that Woodul acted 21 times while Former Gov. James V. Allred was traveling outside Texas. The argument that this entitles Woodul to 21 appearances is based on the dome portrait group, including two portraits of Former Gov. Miriam A. Ferguson — one for each time she was governor.

In all, Woodul served about five months as governor and he frequently, if not always, signed himself as "Governor of Texas" on such occasions, Kemp said.

• • •

ARGUMENT ON OTHER SIDE: But there is some argument on the other side, too.

Mrs. John Lee Smith, wife of the present Lieutenant Governor, reminds Historian Kemp that the Constitution of Texas was not the same as it is now in Horton's and Stockdale's times.

Under the Constitution of 1945, Mrs. Smith said, a governor ceases to be a governor if he left the state. There was also another provision in the Constitution of Texas, then, that prevented Gov. J. Pinckney Henderson from retaining the governorship. He accepted a commission in the U. S. Army, automatically forfeiting his right to be governor of Texas under the constitution as it then was worded.

This Is Paul A. Starchman's Big Week

Employ The Handicapped Is Urged

By THOMAS L. STOKES
Special Correspondent

WASHINGTON—There's a long, tall, gangling fellow about this town, blessed with amazing and persistent energy despite physical handicaps. He won't let people alone because of something he's got in his mind and heart.

He might be called a lobbyist, but of the better and commendable type in the field of human welfare.

This is Paul A. Strachan's big week, and the big week for those he represents.

STOKES

It is "National Employ the Physically Handicapped Week," so decreed by an act of Congress and proclaimed by President Truman. Paul Strachan is responsible for this week's being set aside to enlist interest in the millions of physically handicapped in the country. It will be observed annually from now on. He is responsible also for the "American Federation of the Physically Handicapped," of which he is president and dynamo.

• • •

Took Three and One-half Years

Getting a week set aside nationally and officially was a job that took him three and a half years. It was his idea. He went at it by himself. He enlisted Rep. Jerry Voorhis (D-Cal) and Senator Marley M. Kilgore (D-W. Va.)) who introduced resolutions in House and Senate. Then he started button-holing other members. He's the greatest button-holer you ever saw, and once he gets hold of your lapel he doesn't let go soon or easy.

The resolution, approved by Congress, was signed by President Truman August 11, this year. Afterward the President issued a proclamation specifying that during the week, Oct. 7-13, "appropriate ceremonies are to be held throughout the nation, the purpose of which will be to enlist support for and interest in the employment of otherwise qualified but physically handicapped workers."

There are millions of them in the country normally.

• • •

OBSERVATION of this week for the first time this year is particularly timely. It serves to call our attention, as a nation, to the hundreds of thousands who are handicapped, in one way or another, from service of their country in the war, disabled veterans.

War plants took a toll as well as the war.

Helping all these citizens to readapt themselves to a place in our society—in business, industry, agriculture, the professions—is a national responsibility, a state responsibility. Many have found useful and profitable jobs, and happy and normal lives, with the help of re-training programs now sponsored by communities, industries, states and the federal government.

The physically handicapped contributed to the war program, by finding jobs in plants to help relieve the manpower shortage.

• • •

Exemplified By Strachan

Many remarkable and almost miraculous, readjustments have been made. What can be done is no better exemplified than by Paul Strachan, himself. Once a successful businessman, he was incapacitated by a long illness from which he emerged with complete loss of his hearing as well as other marks. For a time he was active in the labor movement.

Then he got the idea of trying to help others who were physically handicapped. Three years ago he started the American Federation of the Physically Handicapped which now has lodges all over the country.

• • •

HE IS tireless, indefatigable. Early every morning he is down at his little office. All day he is busy at his numerous chores, getting out mail and attending to the details of his organization. All day he's busy at his job, visiting members of Congress and officials at government agencies charged with rehabilitation. He is responsible for a congressional investigation going on now into the problem of the physically handicapped in order to establish a better coordinated federal program. A skillful writer, he turns out his own copy and he is an eloquent speaker.

Give Paul Strachan a big hand this week.

You can do this by interesting yourself in what your own community is doing.

Prohibition Campaign Is Planned In Texas

DALLAS, Oct. 11 (U.P.)—Statewide prohibition and beginning of campaigning for a prohibition referendum in Texas as soon as servicemen return are today agreed goals of the United Texas Dry.

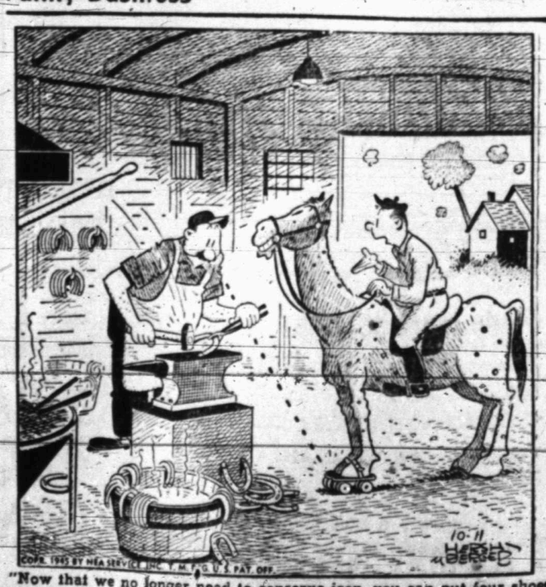

Meeting in annual convention this week, the group vted a $50,000 budget to accomplish their goals. Other aims of the organization are to "inform, arouse, educate the people. Promote total abstinence from the use of all alcholic beverages. Enforce present laws—enact better ones."

Dr. L. N. D. Wells, pastor of the East Dallas Christian church, was elected president of the organization.

"It is our honest conviction that we represent the majority group in this state, and there are ample and sufficient reasons on which to base an appeal for the destruction of the liquor traffic," Dr. Walter H. McKenzie, executive secretary of the group, said.

Controls On House Construction Urged; Priority Asked For Vets

WASHINGTON, Oct. 11 (AP) — Replying to criticism of a Texas real estate official for his stand in opposition to the lifting of cost ceilings on new home construction, Rep. Patman (D-Tex) has suggested that a plan be worked out to give veterans priorities on residential building.

In a telegram addressed to R. C. Hawley, president of the Texarkana, Tex., real estate board and executive vice president of the Texas Real Estate association, Patman said:

"During next eight months there will be need for 1,500,000 houses and only one-third this number can be constructed. With this scarcity of houses, without controls, we all know that prices would soar to unreasonable and inflationary heights.

War Workers Favored

"Heretofore war workers have been given priority on houses. Now I believe veterans should be given priority and provision made to protect them from extortionate prices for homes. Will your association support a move to give veterans priority and also favor reasonable controls that will protect veterans from speculators and profiteers?"

Hawley previously telegraphed Patman that realtors, contractors and material suppliers of the Texas Association in a special meeting had protested the Congressman's recently announced opposition to the lifting of the so-called WLB order "L 41" governing ceilings on new home construction.

"Judging by conditions here it was unanimously agreed lifting of this order would relieve certain conditions affecting unemployment and scarcity of housing," Hawley said.

BOWLES FACES OPPOSITION TO GET PRICE CEILINGS

WASHINGTON, Oct. 11 (AP) — Real estate men welcomed today as pointing toward widespread home construction two developments against OPA Chief Chester Bowles' plea for price ceilings on houses. These were:

1. Word that President Truman has sided with Reconversion Chief John W. Snyder, who wants no ceilings on houses, and 2. A statement by Senator Wagner (D-NY) that he has no present plans to introduce legislation providing for ceilings.

Higher Costs Seen

Herbert U. Nelson, executive vice president of the National Association of Real Estate boards, said in an interview that with the scheduled lifting on October 15 of wartime controls on construction, other controls may be expected to follow these to the ash-heap.

At the same time, he forecast that people must expect to pay a third more for houses than they did three years ago. Nelson said building costs have gone up 32 per cent in the last three years.

Must Have Controls

Bowles based his argument for ceilings on this dual argument:

1. Prices already have rocketed.
2. If there is not to be price control, houses will be out of reach of most people and there will be disastrous inflationary results.

But Nelson said the country has to choose between a building boom at prices reflecting increased costs or practically no building.

U. S. Planes To Ferry Chinese Into Peiping

CHUNGKING, Oct. 11 (U.P.) — American Army transport planes were scheduled today to begin ferrying two complete Chinese government armies into Peiping to take over that Communist-controlled city.

Scores of giant C-46 transport planes of the U. S. 10th Air Force were reported standing by on airdromes in Hankow and Shanghai to fly Generalissimo Chiang Kai-Shek's troops into Peiping.

Lt. Gen. George E. Stratemeyer, acting commander of American forces in the China theater, refused to comment on the development, which marked the first direct American intervention in the power struggle between Chiang and the Communists in North China.

Nazi Claims He Saved Victims

LUENEBURG, Oct. 11. (U.P.) — Franz Hoessler, former Nazi section chief at the Oswiecim concentration camp, testified today that he saved "several hundred" inmates from its gas chambers simply because their friends or relatives asked him to.

Hoessler, 39, was the fourth of 45 defendants being tried by a British military court to testify in his own defense. With his toothbrush mustache, he looked something like Adolf Hitler.

Said He Saved Many

In an attempt to establish his "humanitarianism," Hoessler said that some hundreds of the Oswiecim inmates owed their lives—at least temporarily—to him. When asked to do so he said, he wrote out slips which removed their names from lists marked for execution in the gas chambers where many thousands died.

Hoessler denied that he even took a girl from the gas chamber—specifically, Zofia Litwinska, a Polish Jewess who testified earlier that she had been put in but taken out at the last minute.

He did admit telling a man to grab a woman off a truck bound for the execution pen, but said she was not Miss Litwinska.

He referred to her testimony about being carted off to the gas chamber two months after getting to Auschwitz. Even that was impossible, he said, because she probably hadn't become "sufficiently ill" within so short a time to be chosen.

Regarding another witness' testimony that he killed a girl for finding pajamas outside her cell block, Hoessler observed that the witness "must have had a poor idea of my character."

Japs May Have Used Shrines As "Screens"

TOKYO, Oct. 11 (AP)—Evidence that the Japanese, attempting to escape the terrific destruction of American air raids, used ancient and sacred religious shrines as screens behind which to store war material was unearthed by Associated Press Photographer Max Desfor.

About 25 miles northeast of the Japanese capital Desfor returning from an assignment, passed a tree-covered area with a sign in front which read "Sura shrine."

Glancing through the row of trees along the side of the road he saw a well-kept lawn covered with numerous airplane parts.

El Paso Woman Dies Of Accident Injuries

HOLDENVILLE, Okla., Oct. 11 (U.P.)—Mrs. Loula G. Tompkins, 53, El Paso, Tex., died in a hospital here at noon today from injuries received last Saturday in a train-car collission at a Holdenville grade crossing.

The woman, with her husband, Simmeon Lowe Tompkins, 49, a trainman for the El Paso street car system, was en route to Rogers, Ark. Tompkins is still in the hospital but his condition is reported not serious.

COP TO MAKE DEBUT

NEW YORK, Oct. 11 (AP)—Ian Cosman, shy, six-foot singing cop from Brooklyn, will make an operatic debut Sunday afternoon on the City center performance of "Cavalleria Rusticana." On Monday he will go back to pounding his beat on Fifth avenue.

FALSE TEETH That Loosen Need Not Embarass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wabbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.—Adv.

MEDICAL JOURNAL DELAYED

CROP REPORTER DIES

AUSTIN, Oct. 11 (AP) — Frank E. Finley, sr., for 27 years a crop reporter and statistician for the United States Department of Agriculture, died here yesterday.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

POPE TO BROADCAST

ROME, Oct. 11 (U.P.)—Pope Pius XII will broadcast to Mexico tomorrow on the occasion of the 50th anniversary of the coronation of Our Lady of Guadaloupe. The broadcast, in Spanish, will start at 11:30 a. m. (CST).

Try Hot Water Plus After Meals For Acid Upset Stomach

Here is welcome relief from the distress and discomfort caused by excess stomach acid.

Just introduced to the druggists of this state is a remarkable formula called Neutracid. Its name tells the story of excess irritating stomach acids being robbed of their power to cause upsetting distress.

There's nothing quite like Neutracid. Its fast action means quick relief and this alone should merit a test. So why not get a package today. Put one teaspoonful of Neutracid in half a glass of hot water and drink right after meals when distressed. Mark Haley Drug Co.; O'Donnell Arts.: Corner Drug Store and all good druggists have this new and remarkable formula for excess stomach acid. Adv.
