Mean Green Marching Machine named alternate to state contest

Competing in the Regional UIL marching contest Saturday at Pennington Field, the Hawk Band was selected as the alternate in the state contest.

Only two of the 18 bands competing in the meet advance to state, and the judges selected Abilene Wylie and Graham.

"We are very proud of our students. Not only was their performance the best this year, but they also did an outstanding job of representing the schools and community of Iowa Park," said Director Greg Miller. "We received many compliments on both the students and their performance."

"We would also like to publicly thank everyone for their support and encouragement of the band students . . . not only this past Saturday, but all year long as well," Miller added.

EARLY VOTER TURNOUT HEAVY General election on tap Tuesday

Iowa Park area residents are expressing their opinions about who they want in political offices, based on the turnout at the early voting poll.

Early voting for the general election, which will be held Tuesday, will continue until 7 p.m. Friday.

The early voting poll in Iowa Park is located at the Wichita County Agriculture Building, at the corner of Wall and Bank.

As of 2:15 p.m. Tuesday, a total of 454 votes had been cast at that poll. The number was bolstered when 119 turned out Thursday and Friday of last week. Polls will be open from 7 a.m.

until 7 p.m. Tuesday in the local area at:

Precinct 32 - Wichita County Agriculture Building, 400 North Wall.
Precinct 33 - Faith Baptist Church, 411 South Wall.
Precinct 34 - West Wichita Coop Building, the metal building at the former Valley View School grounds.

Precinct 35 - Chaparral Baptist Assembly, 3784 Church Camp Road.
Precinct 37 - First Baptist Church, 406 West Garrison, Electra.
Precinct 38 - Electra Community Center, 406 West Garrison.
Precinct 42 - City View School, 1023 City View Drive.
Precinct 44 - Country Chapel, 5808 Northwest Freeway (US 287 at

Wellington).

Voters unsure which voting precinct they are to cast their ballots can check their voter registration certificates, where it is listed in the space next to their date of birth.

Positions to be decided by the voters range from members of congress to members of the legislature, state, district and county candidates.

Storm damage balloons permits during October

Damage inflicted by the October 3 hail and wind storm on homes in Iowa Park is clearly indicated by the number of building permits reported for the month by city hall.

The month's total was \$499,846, which included permits for three new homes.

October's permits brings the 1994 building permit sum to \$2,621,067.

Permits issued during October include:
R.G. Tatom, 304 W. Chestnut, roofing, \$500;
Toni Gusko, 303 E. Garden, roofing, \$1,510;
Billy Sanders, 200 W. Valley,

IOWA PARK LEADER 50 Cents

Vol. 26, No. 8

IOWA PARK, WICHITA COUNTY, TEXAS 76367

Thursday, November 3, 1994

HEAD COACH WELDON NELMS, CENTER, WITH HIS 23 SENIORS
... facing final football game of the 1994 season.

AT BOWIE

Hawks aim to avoid 0-10 season

Iowa Park will again have to shut down one of the area's best running backs Friday night when they travel to Bowie to take on the Jackrabbits in the final game of the season for both teams.

Last week it was Graham's Julian Taylor. This week it's Bowie's Jarred Clark.

The 'Rabbits, losers of their last three games, come into the 7:30 p.m. game against the Hawks with a 4-5 record overall and 1-3 in district.

Bowie opened district play with a win over Bridgeport before suffering a 1-point loss to Jacksboro after leading by 21 points midway through the third quarter. The Rabbits followed that with a tough 16-14 loss to Graham before being blown out last week by Vernon 41-7.

"It's definitely going to be the Jarred Clark Show," Iowa Park head

coach Weldon Nelms said. "He's their main man on offense and he's their main man on defense. He doesn't have the speed that Taylor had, but he has decent speed but he's more of a north south type back. If you don't get him before he gets going, he's hard to bring down. Defensively, he comes on the blitz quite a bit especially on short yardage situations."

Bowie comes into the game averaging 215 yards rushing and 59 passing while allowing only 139 yards rushing and 101 through the air. Of the 1,934 yards rushing the team has for the year, Clark has accounted for over 1,600 himself.

Part of the reason for the Rabbits' running success has to go to their huge offensive line that averages 236 pounds per man.

"They're big and strong on the

offensive front," Nelms said. "They're a senior oriented team that likes to line up and try and run over people. They do a good job controlling the ball and they run the ball about 80 percent of the time."

Joining Clark in the backfield are quarterback Aaron Tefertiller and fullback Keith Carey. When the Rabbits do pass the ball, they look for either Randy Cole or Jason Wade who both have good hands and can go catch the ball.

Defensively, Bowie has good quickness and uses a lot of stunts to confuse teams. Clark plays the free safety position and is in on most of the tackles and likes to blitz from different positions on the field.

In the last 15 meetings between the two clubs, the Hawks hold an impressive 11-4 advantage but have

dropped their last two decisions losing last year's game 13-6.

Iowa Park will have all its players back for the Bowie game except for quarterback Robert Klinkerman who injured his knee in the Bridgeport game.

In the last game for the 23 seniors, coach Nelms is going to try and get plenty of playing time including an all senior lineup that will see some action.

"It's tough to be in a situation where we've played hard all year long and still don't have a win to show for it," Nelms added. "But these kids week in and week out have played hard and I don't expect anything less from them this week. We're going to go out and play to win and let the chips fall where they may and maybe good things will

Mrs. Brady's Bunch

Kaci and Kyle Stewart, Kaitlyn and Karlie Smith, Kelli and Chris Collins, Karlee and Gage Wheeler, Cody Smith, and Ashley and Clayton Johnson

All of the children pictured have something in common. On weekdays, when they are not in school, they are at the home and under the watchful eye of Sarah Brady.

Most of them have been with her day care for several years. All except two are brothers and sisters.

On each child's birthday, he/she gets to help plan the menu. Anytime Mrs. Brady is planning the menus for the week, they all have a say in what will be served.

They would like to share with the readers some of their favorite recipes. Most of them have to be doubled for a group this size.

Goulash

- 1 box macaroni and cheese dinner
- 1 lb. hamburger meat
- 1 small jar spaghetti sauce

Prepare macaroni dinner as directed. Brown hamburger meat and

drain. Add spaghetti sauce to hamburger meat and simmer five minutes. Add to macaroni dinner, mix and serve. Serves six.

To make Chili-Mac, substitute a medium can of chili for hamburger meat and spaghetti sauce.

Salmon Patties

- 1 - 14 oz. can salmon
- 1 egg
- 1 Tbsp. onion flakes
- 2 Tbsp. flour
- 2 cups cracker crumbs
- 1/4 cup cooking oil

Drain and flake salmon. Mix with egg, onion flakes, flour, and one cup cracker crumbs. Mix well and shape into 8 patties. Roll in remaining crumbs. Heat oil in large skillet. Cook patties three minutes, turning often. Serve with catsup or tartar sauce.

COOK OF THE WEEK

Pigs in a Blanket

- 1 - 8 oz. can refrigerated crescent rolls
- 8 hot dogs
- Cheese

Make a slit in each hot dog. Put a wedge of cheese in each slit. Separate the crescent rolls. Place a hot dog on each roll, at the large end, and roll up. Bake 12-15 minutes at 375 degrees. Serves 8.

Cinnamon Coffee Cake

- 1 1/4 cup flour
- 1/3 cup sugar
- 1/3 cup brown sugar
- 1 1/4 tsp. baking powder
- 1/4 tsp. salt
- 1/3 cup milk
- 1/4 cup butter
- 1 egg
- 1 tsp. vanilla

Mix butter and sugar; add egg. Blend in flour, baking powder and salt. Blend in milk and vanilla. Spoon into 8-inch square pan. Sprinkle with a mixture of: 2 Tbsp. sugar

- 1 tsp. brown sugar
- 2 tsp. cinnamon

Bake at 350 degrees 20-25 minutes. Serves six.

Easy Nachos

- 1 can Cheddar cheese soup
- 3/4 can milk
- Warm Tostito chips

Mix soup and milk and heat very slowly. Serve over chips.

We serve salsa with this. Also for a meat dish, add browned hamburger meat to cheese sauce.

Easy Pizza Snack

- 1 pkg. English muffins
- 1 jar pizza quick sauce
- Butter
- Shredded Mozzarella cheese

Split the muffins and butter lightly. Spread with pizza sauce and top with cheese. Bake at 375 degrees 10-12 minutes.

Often we add browned hamburger meat as a topping and serve with salad as a main course.

Wanda Hunter presents bird watching program

Wanda Hunter, an avid birder of Iowa Park, presented the program Friday morning during the regular meeting of Iowa Park Garden Club at the RAC.

Mrs. Hunter discussed "Bird Watching". A member of North Texas Bird and Wildlife Club, she listed some of that organization's activities.

She said they always make a Christmas count of birds, and there are usually between 75 and 80 species. Members of the club also help develop and maintain bluebird trails. They also give programs, go on field trips and to conventions.

Mrs. Hunter mentioned three unusual birds they have found. These are the brown pelican, osprey, and the red shoulder hawk.

She told Garden Club members that the five most popular feeder birds found here are the chickadee, American goldfinch, ruby throated hummingbird, cardinal, and the tufted titmouse.

Freddye Skinner, vice president, presided during the business meeting. Joyce Short gave the thought for the day, and minutes of the last meeting were read by Bonnie Illingsworth.

Marie Wooten gave the treasurer's report and pointed out that some changes had been made in the budget.

Mrs. Illingsworth and Norma Fortner were co-hostesses for the meeting.

Friendly Door to sponsor country music talent show

The Friendly Door, Iowa Park's senior citizens center, is sponsoring a country music talent show Nov. 19, at the Recreational Activities Center.

No entry fee will be charged for participants, and voting will be by audience participation. Trophies will be awarded to first and second place winners. To enter, call 592-5734.

Admission will be charged for the show which begins at 8 p.m.

RAC
NEWS

by Lynn Cockrum

Bridge Club

With three tables in play this week, Louise Clapp had the high score of 3850. Second high was reported by Alene Onstead with 3430 points. There are 13 players signed up for next week, so with three more we could have four tables! Call the RAC at 592-4471 if you would like to sign up.

C&W Dance

It's dance night at the RAC! The public is invited to join us for this evening of fun and entertainment. Admission is \$3.00 per person, and there is no age limit. No smoking or alcoholic beverages are allowed, so it makes for good family fun. There will be door prizes given away at this dance, compliments of All Occasions Flowers and Gifts. See ya there!

Junior High Dance

The junior high report card dance will be held next week (Nov. 12) from 7:00 to 10:00 p.m. Students with an honor card will be admitted to the dance for \$1.00. General admission will be \$2.00 per person. Concessions will be available for purchase with the proceeds to benefit the RAC and the Junior High PTA. Parents, we will need volunteers for chaperones and concession workers, so please contact the RAC if you can help.

Food Handlers Course

Please note that tomorrow is the deadline to register for the food handlers course to be offered on Nov. 7 at the RAC. If you need your food handlers card, be sure to stop by the RAC office at 806 N. Third and register. Cost of the course will be \$12.50 per person and payment is required with

registration. A minimum of ten people will be required to hold the course. Payments will be refunded in the event that the minimum is not met. For further information, call the RAC at 592-4471.

CUB SCOUT
NEWS

This Saturday, all Cub Scouts need to meet at the RAC at 9 a.m. to deliver "door hangers" for Scouting for Food. We would appreciate parents staying to help.

Last Saturday was the "Cub Olympics" in Archer City. Richard Windhorst, from Tony Fulton's Den 9, did a fantastic job for the Tiger Scouts. We placed as follows:

Tiger Scouts - 1st in shotput, broad jump, relays, and overall best; 2nd in javelin and hurdles; 3rd in discus and 50-yard sprint.

Wolf Scouts - Jon Dressler's Den 1, 2nd in shotput, broadjump, and javelin.

Webelos - Phil Johnson's Sharks Den 4, 3rd in relays.

Everybody who was there had a good time and did a great job.

Karla Hopper's Den 2 had the best turnout from our pack. Overall, Iowa Park's Pack 7 was well represented and did a wonderful job.

See you Saturday and have a great week!

Program tells colorful history of Eastland County

In keeping with the theme, "Boot Scootin Across Texas - Small but Interesting Places," Joyce Henry gave a program on Eastland County, including the towns of Ranger, Eastland, and Cisco, for members of Epsilon Eta Tuesday night. The meeting was held at the home of Romona Vaughn in Wichita Falls.

Members learned that Ranger was the site of the first Eastland County oil boom in October, 1917. Ranger was known as the "City of Flowing Gold." It grew from 1000 population to 30,000. The first gusher produced 1700 barrels of oil a day and was known as the "Coming Tulsa of Texas."

Today, there is little evidence remaining of this activity except what can be seen at the Roaring Ranger Museum. A celebration is held each September, known as Ranger Day.

A few miles down the road is Eastland, also a part of the oil boom that was known as the "oil boom that won World War I." Within months Eastland became a tent city and derricks forest (400 to a mile). Millionaires were made overnight.

In 1928, Eastland demolished the courthouse (built in 1897). As they opened the cornerstone, they found a horned toad that had been confined there during the long years. As the workers lifted the toad out, they found that it was still alive. It was immortalized as "Old Rip," and went on tour. President Coolidge welcomed him to the White House. He died in 1929 and was preserved for public viewing in a tiny casket. He remains at the courthouse in Eastland today.

A few miles further west is Cisco. In 1919, Conrad Hilton of the Hilton Hotel chain arrived in Cisco hoping to launch a banking career. Instead he bought the Mobley Hotel after noting that the hotel sold beds in eight-hour

shifts. Today the hotel is restored as a chamber of commerce office, community center and museum.

Still more fame came to Eastland County. In 1927, just two days before Christmas, Santa Claus and three elves robbed the First National Bank of \$150,000 in stocked certificates. The getaway car was owned by a man from Wichita Falls. Every April Santa and his elves reappear at the Folk Festival at Lake Cisco.

During the business meeting, directed by President Pat Bradley, final plans were made for St. Jude's Mile of Pennies campaign. It will be held Saturday at Wal-Mart, and ESA clowns will be collecting change from customers. It takes \$844 to make a mile of pennies.

It was reported that the Whoop-Do King and Queen contest was a success, and members expressed gratitude to the children and parents who took part. Proceeds from the contest will go to the Friendly Door Building Fund and to the RAC.

Members voted to make two baskets to be given away during the holiday season. The baskets will be filled with ingredients for a holiday meal, and the chapter will furnish the turkeys.

members to collect toys and games for the volunteer fire department's "Toys for Tots" campaign.

Following the meeting, members surprised Skeeter Clark with a lingerie

shower. She and Terry Erwin will be married this month.

The next meeting will be a Thanksgiving social to be held Nov. 19 at the Elks Lodge.

Carol Croy guest speaker
for Evening Lioness Club

Carol Croy, manager of First Step Shelter, presented the Thursday program for Iowa Park Evening Lioness Club.

She was introduced by Glenna Via, president, who informed members Ms. Croy had been with First Step six and a half years.

The speaker gave statistics and related instances that have been faced at the local shelter as well as other shelters.

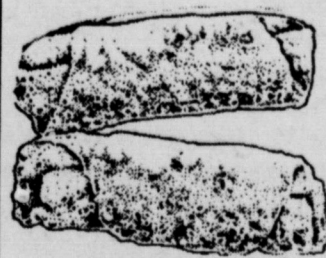

Ms. Croy also listed the number

of services provided by First Step Shelters and told of the needs they have at the shelter in Wichita Falls.

Each year they publish a Christmas Santa's list and set up a store at Christmas time where both children and adults can buy gifts.

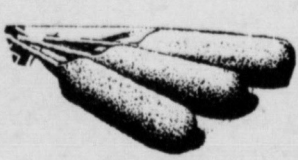

The meditation, "Excuses, Excuses (for Procrastination)" was given by Eugene Adcock.

Hostesses for the meeting were Gerri Thurlo and Flossie Nunn. Guests were Lem Tate and Milton McWhorter.

As I See It. . . By Bob Hamilton

I know no one has been waiting with baited breath for this week's column, but I'm going to continue my tradition of expressing my view on candidates in this year's general election, which will be next Tuesday.

Let me first note that even though I'm a Republican by choice, I absolutely will not vote a straight ticket in any election. I reserve the right to make my own choices, rather than allow any group to do that for me.

I wish more were the same.

Nope, I'm not going to go down the entire list you'll find on your ballot. Instead, I'd like to just hit the highlights as I see them.

First and foremost, my choice for governor is George Bush. I've had it with all the promises of "no new taxes" we've gotten from Ann Richards, who has endorsed all the various pieces of legislation affecting cities, schools and counties, and along with them the privilege of financing them with local, not state, taxes.

The buck must stop at the top, as everyone knows. And so Big Mama must shoulder the blame for our state increasing its number of employees by 25,900 during 1994 -- at last count.

Richards' political ads tell us that Bush is not to be believed, when she

herself is to blame for Texans believing that if they voted for passage of the lottery, that money would help finance public schools.

Speaking to the legislature July 15, 1991, she said, "We made a promise to the court and the schoolchildren of Texas, and we must keep that promise by fully funding the school finance bill. And if additional revenues are needed to keep those promises, we should use that need as an opportunity to take important actions. No. 1, we should allow the people to vote on a lottery."

Then in a televised address Aug. 4 of that same year, and the day before the legislature voted on the lottery, she said, "Some of the budget cuts are going to be painful, and we are still going to need new money if we want Texas to have good schools. The choice is simple, I think. Either we have a huge tax bill, or we approve a lottery. That's what it comes down to."

Iowa Park's school tax rate that year was \$1.02. It's \$1.16 this year, and that's on an extremely tight budget.

Richards' ads knock Bush for his "failed" business record. The top hit concerns his being on the board of directors of oil companies that lost

money. Frankly, anyone who related with the oil industry a few years back lost money, no matter who it was.

According to my publisher friend James Roberts at Andrews, "You would have to include the Bass brothers in Fort Worth in that poor businessmen group. The Basses, who probably have the best track record in Texas for their investments, bankrupted three test wells in Bahrain for Harken Energy -- and all three wildcats turned up as dry holes."

Moving on to the U.S. Representative race, I know a lot of people want to stay with Bill Sarpalius. Frankly, as a Democrat, he wouldn't be in office had it not been for the gerrymandering of the district. Another Amarillo man who is a Republican had to take the western portion of the panhandle, all the way down to Andrews, and he would be our link to Washington had the district not been drawn as it was.

My major problem with Sarpalius is a conversation we had here in my office about two years ago. I asked him how congress could have voted approval of "Subtitle D" which is the bible of landfills.

I pointed out the program would bankrupt virtually every small (less than 90,000) cities in the nation in order to comply with the regulations.

"We didn't vote on it," he responded, adding the program was entirely the brainchild of the Environmental Protection Agency.

Wrong. I later learned congress had voted on it some four years earlier, and felt Sarpalius should have known that.

Mac Thornberry and his wife came by the office early in the campaign to meet us and ask for our support. The only exposure I've had to Sarpalius since the campaign started is through his "news releases" and his local aides.

So I'm voting Thornberry. As far as all the judges who are on this year's ballot, I've got to admit that I likely know as little as you on how to make a selection. Except for two.

I was impressed by the fact that two candidates, Charles F. Campbell and Lee Ann Dauphinot, found the time on their busy campaign schedules to come to my office to talk with me. And both impressed me greatly.

On some of the other races: * Even though I've had my problems with Bob Bullock over the years, and he's also guilty about passing on program costs to the local governments like Richards, I've taken him over Tex Lezar;

* Dan Morales and John Sharp also got my vote, as did Martha Whitehead;

* But Garry Mauro needs to turn his office over to Marta Greylock and Rick Perry needs to stay where he is;

* Finally, Charles Matthews needs to retire Jim Nugent from political office, and Carole Rylander needs to join Matthews on the Railroad Commission.

Obviously, there are a lot more places to mark on the ballot, but these are the ones with which I'm most concerned.

Now you do what you need to do. Vote!

Worth Quoting

In case you didn't notice, Monday, October 10th was Columbus Day.

It's certainly not one of our big holidays but I vividly remember learning about it in school. Columbus Day is the date set aside to commemorate Christopher Columbus and his discovery of America. Almost every community in the country observes the day in some form or fashion. Columbus Day, more than anything, gives Americans a chance to reflect on how our nation developed in the early states of discovery.

But not in Santa Cruz, California.

In Santa Cruz, California being "politically correct" is much more important than being a little bit "patriotic."

Instead of Columbus Day, the Santa Cruz city council last month officially changed the name of the holiday to Indigenous Peoples Day. According to their way of thinking, Columbus was a European invader who brought disease and violence to the New World. In other words they not only refuse to honor Columbus... they condemn him.

You'd think that the city council of Santa Cruz would have plenty to do worrying about improving local services for their residents. Instead, they've taken it upon themselves to scold America.

And now they really have their hands full. If they're that sensitive about Columbus Day, they'll need to get busy on the other U.S. holidays. With that in mind, here's a sample of how Americans throughout the country can help them continue with their "politically correct" foolishness.

Sorry They Survived Day -- Formerly known as Thanksgiving. On the last Thursday in November, we'll criticize the pilgrims for surviving in the New World. To commemorate the day, we'll free all of the turkeys held in captivity.

Jesus Believer Day -- Formerly known as Christmas. On this day (December 25) everyone who believes in the birth of Jesus Christ must hold their celebration behind closed doors. Those who don't believe in Jesus, and/

or God, must not be subjected to any sort of public display of Christianity.

Jesus Believer Day Part II -- Formerly known as Easter. Please see "Jesus Believer Day, formerly known as Christmas."

Apology To England Day -- Formerly known as Independence Day. On this day (July 4) we'll send a box of candy to the British royal family, along with an apology letter for that little misunderstanding we had with them back in 1776. It's the lease we can do for being such radicals over 200 years ago.

Slacker Day -- To be held in conjunction with Labor Day, the first Monday in September. By observing the two holidays together, those who are unemployed will not suffer any degree of discrimination.

Of course there are other groups that the Santa Cruz city council needs to take into consideration. What about hermits on Valentine's Day? Or childless Americans on Mother's Day and Father's Day? The list goes on and on and on.

Being "politically correct" is hard work once you get started.

Since Santa Cruz is our country's official "PC" capital, I think they need a special day set aside just for them.

Hmmm, let's see, what would be a good day?

Yeah, you guessed it... April Santa Cruz City Council Day, formerly known as April Fool's Day.

That's the perfect day to honor "politically correct" foolishness.

WINNERS of Bradford's "Put a Cap on Drugs" contest last week were selected from each grade. They included: front row, left, Terry Wilson, Clair Carillo-Miranda and Zack Muse; middle, Jared Horsky and Taylor Boland; back, Caleb Hensley and Robin Rhea.

NEWS FROM THE HALLS OF THE HAWKS

BRADFORD

Buy a Pie for Bradford

Bradford students began selling pies Friday as a fund-raising project for Bradford PTA.

Each student will take orders through November 4.

Several incentives are being given to the students for pie sales. The student who sells the most pies will get to put a chocolate creme pie in Mrs. Craven's face. In addition, for every five pies a student sells, he or she will receive a \$1 bill. The class in each grade with the most total sales will also be treated to a party by the PTA.

Pies and pastries available and their prices are apple, peach, pumpkin and strawberry-rhubarb, \$7 each; cherry, pecan, lemon meringue and chocolate chip, \$8 each; French silk, \$10 each; and apple, cherry and cinnamon French braid, \$7 each. A \$1 discount will be given to anyone ordering three or more.

Pies will be picked up at Bradford Tuesday, Nov. 22, from 3:30 - 5:30 p.m. Money owed for the pies will be paid at that time.

Already?

Today marked the end of the second six weeks of school. Students will receive reports cards for this grading period next Thursday.

Second Chance

Bradford students who haven't yet ordered this year's annual may do so through Friday. Annuals are \$8 each. The last time annuals will be able to be ordered will be the first week in December.

Giving Thanks with Music

The fourth graders will present their annual program, "Give Thanks America," at 7 p.m. Tuesday in the High School Auditorium.

Fifth Grade Choir to perform

The fifth grade choir will perform at 12:30 p.m. Saturday at Christmas Magic, held at the Wichita Falls Activity Center.

Third graders reading for encyclopedias

Third grade students have been reading for pledges to earn money to buy a set of World Book Encyclopedias. This activity is sponsored by the World Book Reading program.

Future voters learn the ropes

All students at Bradford are studying the overall political process on the heels of Texas' gubernatorial race.

Students will learn the basic components of a campaign, including the role of the media, political parties, campaign issues and the role of pollsters and platforms.

Fifth graders will place their votes for Texas governor at school.

Bradford received a curriculum guide, "Texas 1994: The Gubernatorial Race," from the Dallas Morning News.

Caring for Dry Skin

- Use a moisturizer after contact with water.
- Take warm, not hot, baths and showers.
- Use mild soaps and rinse thoroughly.
- Avoid: detergent bubble baths, sodium bicarbonate and perfumed products.
- Dry between toes and in skin creases.
- Use talcum powder as a drying agent.
- Wear loose fitting, natural fabric clothing.
- Drink plenty of water.
- Don't overs SOAP when laundering clothes.
- Use a humidifier or vaporizer to combat indoor dryness.

For products to relieve dry skin —
Ask your pharmacist.

G/T Field Trip proves fun

Bradford's Gifted/Talented class took a field trip Friday to Fort Sill, where they saw the play "Pinocchio" by the American Theater Arts for Youth, Inc.

The class then ate lunch at the Quinette Picnic Grounds. Following lunch, they visited the Apache Prisoner of War Cemetery, the resting place of Geronimo; the Old Post Cemetery, the resting place of Quanah Parker and Cynthia Ann Parker; Fort Sill Guardhouse Museum and the Stockade Museum.

KIDWELL

First graders give program

First graders performed the musical program, "Animal Fair," at Texoma Christian Care Center Monday for the residents.

Mrs. Nancy Thompson, Kidwell music teacher, directed the musicians.

New program provides safe haven for children

Janet Bowling, Kidwell counselor, will be handing out posters and showing videos to Kidwell students this week explaining the new National TU Electric-McGruff Truck program.

As part of the program, TU Electric trucks will have the McGruff emblem on the side, signifying it as a safe haven for children in emergencies.

All of the participating vehicles are equipped with 2-way communication radios, and employees have been properly trained in how to handle these situations.

Whys and Wherefores of 9-1-1

Vereda Koch of Nortex 9-1-1 and Iowa Park High School seniors visited Kidwell second graders Wednesday.

Nortex provided information to students on when it is appropriate to use 9-1-1, as well as how to use the system. The senior students presented a skit on 9-1-1.

Mrs. Koch will give a presentation to first graders Monday.

Report Card Time

Report cards for the second six weeks grading period will be handed out to students next Thursday.

IOWA PARK BAND BOOSTERS

LIBRARY
NEWS

STORYTIME CLASSES

Upcoming events for November
During this first week we will be talking about Indian Heritage, as this is National American Indian Heritage Month.

We created vests from large paper grocery sacks and decorated them in bright colors.

During the second week we will discuss fall bird migration and we will be making bird feeders from soda bottles.

For the third week, we will be talking about why we celebrate Thanksgiving. This week is also National Children's Book Week, and we have a special guest reader for Tuesday and Friday.

Our special guests Tuesday will be McGruff and Artie Woods and Friday our special guest will be TV 3 Rhonda Mackey. For our craft we will be making turkeys from potatoes.

On Tuesday, Nov. 22, we will make finger Pilgrim Puppets and continue with the Thanksgiving theme.

Friday, Nov. 26, we will present a movie and Tuesday, Nov. 29, our theme will be on the upcoming holiday.

THANK YOU

Our special thanks to everyone who saved the soda bottles and the lids for us.

The paper sacks used for the vests were donated by Gary Maness and United Food Store.

Without the help of our patrons and community businesses, our expenses would be much greater, and we would not be able to offer some of the craft projects we do. We extend our appreciation to each one of you.

GENEALOGY MEETING

Iowa Park Genealogical and Historical Society will meet at the library Saturday, Nov. 12 at 2 p.m. Look for additional information within the Leader.

GUESSING CONTEST

Our winners in the candy container guessing contest were Jane Johnson, first place, with a guess of 1256 and Rachel Goodell, second place, with a guess of 1250. Total number of pieces was 1343. The prizes awarded were two decorated clay flower pots, donated by Kathleen Weddle of Electra. Thanks for your contributions, Kathleen.

THANKSGIVING FOOD SHARE

We are collecting non-perishable

food items from now until Nov. 19 for the Iowa Park Food Bank.

Upon checking with Billy Mashburn and Joan Robinson, it was reported that the following items are needed: dried beans, rice, cereal, sugar, flour, peanut butter, jellies, canned chili. All non-perishable items are accepted.

We will place a large box by the adult card catalog for our patrons to place their contributions.

John Yates to speak
at meeting of Society

John Yates will be guest speaker for the Nov. 12 meeting of Iowa Park Genealogical and Historical Society.

The meeting will begin at 2 p.m. at the Tom Burnett Memorial Library.

Yates is president of North Texas Genealogical and Historical Society. He will be presenting a program on utilizing computers with genealogical and historical research, and the inevitable record keeping.

Mr. and Mrs. Santa Claus, and the wooden reindeer are now on display at the library. Drawing for these items will be held Dec. 10 during the December meeting and party.

It was reported erroneously last week that Kathleen Weddle of Electra donated a copy of The Everton's Genealogical Helper. She actually donated 40 copies of Everton's Genealogical Helper.

GO
HAWKS!

Steer speed offsets Hawk desire

The Hawks knew going to Friday night's game against Graham that they would have to stop both Tubby Coleman and Julian Taylor if they wanted to pick up their first victory of the season.

The Hawks stopped Coleman completely but Taylor, a 190-pound senior tailback scored on a pair of long touchdown runs to lead the Steers to a 28-10 win and set up a showdown tomorrow night with Jacksboro to decide which team will advance to the playoffs as the runner up to Vernon.

Graham improves to 7-2 overall and 3-1 in district play while Iowa Park falls to 0-9 and 0-4.

It didn't take the Steers long to get on the board. After forcing the Hawks to punt on their first possession, Graham took over on its own 44 yard line and following an incomplete pass on first down, Taylor, who finished the night with 269 yards rushing on 19 carries, broke a couple of tackles along the right side of the line and raced 44 yards to the end zone to give his team a 6-0 lead just 2:19 into the game. Bart McNatt added the extra point to make the score 7-0 with 9:41 left to play in the opening period.

"He's the best back we've faced all year," Iowa Park head coach Weldon Nelms said. "He might be the best back I've ever coached against and I've seen some good ones. I felt like we had some missed tackles, but a lot of people miss tackles on a back like him."

The Hawks weren't able to move the ball on their second possession and punted it back to Graham. The Steers took over and on first down, Taylor broke loose for 38 yards to give his team a first-and-goal from the 10. Following a holding call Graham was facing a third-and-goal from the 9 when the Hawks' Dusty Owen crashed through the line to sack Coleman for a 12-yard loss forcing the Steers to have to settle for a 40-yard field goal from McNatt to make the score 10-0 with 4:14 left in the first.

Iowa Park's defense tightened on Graham's next possession and forced a punt from the Steer's own 15. Shane Bagley gave the Hawks excellent field position at the Graham 30 following a nice 29-yard punt return.

Iowa Park managed a first down but couldn't get closer than the 16 and called on Clint Scobee to cut the lead to 10-3 when he booted a 32-yard field with 8:06 left to play in the first half.

Graham took the ensuing kickoff and four plays later Taylor got to the outside and outraced everyone to the end zone for a 43-yard touchdown to boost the score to 17-3 with 6:28 left in the second quarter.

The Steers added a 35-yard field goal by McNatt early in the third period to make the score 20-3 before Iowa Park started its next scoring drive.

The Hawks' Jason Young capped an 18-play 88-yard drive that consumed over nine

minutes, with a 2-yard plunge with just 18 seconds left in the quarter. Scobee's point after pulled Iowa Park to within 10 at 20-10.

"That was by far our best drive of the year," Nelms added. "We had to move some people around, overcame two penalties and a dropped pass and still punched it in. If we'd moved the ball like that early in the game, we'd have been in good shape."

Graham took the ensuing kickoff and five plays later fullback Donnie Allen scored from 1-yard out to make the final 28-10 following a two-point conversion pass from McNatt to Allen. The drive was highlighted by a pair of long runs by Taylor (33 and 40 yards).

Iowa Park was led in rushing by fullback Chad Simpson who finished the night with 97 yards on 19 carries. The Hawks also completed 5-of-10 passes for 76 yards while holding the Steers to 0 yards passing on an 0-for-5 performance.

Cub Scouts Pack 7 to begin food drive

Saturday morning Iowa Park citizens should look for a bright yellow tag on their door knob.

Cub Scouts will be placing the tags on doors around 9 a.m. Saturday in an effort to remind all residents that it is time for the annual drive for the Iowa Park Food Pantry.

Residents are asked to contribute non-perishable foods for the Food Pantry and leave the bags on their porch the following Saturday morning, Nov. 12. At 9 a.m. Cub Scouts, in uniform, will begin picking up the sacks of food.

Those who wish to contribute but will be out of town Nov. 12 should call 592-4378, or 592-2548 and the food will be picked up.

Helpful Hints

City ordinance prohibits the keeping of any wild animal as a pet.

Mrs. Copass feted on 81st birthday

Euna Belle Copass celebrated her 81st birthday Sept. 13. Honoring her on the occasion were her five children.

Her children hosted a family party and buffet luncheon in the home of her son-in-law and daughter, Wayne and Jean Watts in Paradise Sept. 17.

Two other daughters, Mrs. DeLois Fowler of Graham and Mary Ann Copas of Albuquerque, N.M., and two sons, Perry E. Copas, Iowa Park, and Bryan E. Copas, Norfolk, Va., spent the afternoon reminiscing about the family growing up in Dickens, Spur and other parts of West Texas. This was highlighted by school yearbooks and lots of family photographs.

Mrs. Copass and her late husband, James L. Copass, retired to Iowa Park in the 1980s. Several of their 10 grandchildren and 10 great-grandchildren live in Texas. This gives Mrs. Copass opportunity to spend time with them.

Mrs. Copass is involved with activities at the Friendly Door.

Arts and Crafts Association elects officers for new year

Cindy Lane was re-elected president of Iowa Park Arts and Crafts Association at the October meeting.

Other officers elected were Sheri Kennedy, vice president; Sheri Albus, secretary; Shirley Hicks, treasurer; Susan Scott, program chairman; Bobbie Heacox, publicity, and Freddie Skinner, display.

Cindy Lane won the door prize that was made by Linda Model. One visitor, Marie Disselhorst, was present.

Members made six seasonal wreaths for the local nursing home

and Billie Railsback demonstrated how to make beaded napkin rings.

New officers will be installed at the November meeting. Secret Pals also will be revealed. Members will have a "show and tell" about crafts projects they have done on their own over the past year.

Dues of \$5 will be collected for the 1995 memberships.

GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

loc garden hints

Another Texoma winter is rapidly approaching.

Freeze protection, cool-season color, tree planting and cool-season lawn care are important activities in the landscape.

Follow this special garden check list for your November lawn, landscape, and garden tasks.

PLANTING:

* Plant trees and shrubs from local garden centers and nurseries. Fall is for planting!!!

* Install pansies, ornamental Kale and cabbage, dianthus, snapdragons, and stock for cool-season color.

* Select bulbs for later planting. Tulips and hyacinth will require a refrigeration period before planting. Refrigerate 45 days at about 40 degrees before planting.

* Establish fescue lawns from seed early in November.

* Overseed warm-season lawns with ryegrass for a lush, green lawn all winter.

* Dig and store caladium bulbs early in November.

FERTILIZATION:

* Use bone meal or bulb booster when planting bulbs.

* Feed cool-season lawns (fescue) with a 3-1-2 or 4-1-2 ratio slow-release nitrogen fertilizer.

* Cool-season bedding plants can be fertilized with a 3-1-2 or 4-1-2 ratio plant food also.

PRUNING:

* Prune shade trees during dormant season. Remove dead limbs before leaf drop. Do not top out shade trees!!

* Cut lawns at regular mowing height for last cutting of the season.

* Remove frost damaged foliage on plant material.

PESTS, DISEASE AND FREEZE PROTECTION:

* Treat lawns diagnosed with Take-All Patch early in the month. Rubigan or Bayleton 25 are appropriate fungicides. Check with pest control operators and turf care companies for custom applications.

* Spot spray broadleaf weeds in lawn areas with a broadleaf weed herbicide.

* Check roots of garden vegetable plants for galls which indicate nematode damage. Plant Elbon Rye for control.

* Water lawns and landscape bed areas regular in the absence of rainfall. Dry freezes always are more damaging to plants.

* Mulch bed areas to protect plant root systems from severe cold.

* Move tropical plants and house plants indoors to a bright area.

* Treat cabbage loopers in garden areas or on ornamental cabbage and kale with a B.t. insecticide such as Bio-Worm or Dipel.

* Follow all label directions and rates when using any pesticide or fertilizer.

Friendly Door MENU

MONDAY, Nov. 7

Lunch--Chicken chop suey over rice, egg roll, oriental vegetables, white bread, coconut pudding, milk.

TUESDAY, Nov. 8

Lunch--Roast beef with brown gravy, mashed potatoes, Brussels sprouts, hot rolls banana pudding, milk.

WEDNESDAY, Nov. 9

Lunch--Spanish rice with beef, pinto beans, fried okra, white or wheat bread or tortilla chips, Jello, milk.

THURSDAY, Nov. 10

Lunch--Paprika chicken over noodles, beets, French cut green beans, wheat rolls, Mandarin fruit salad, milk.

FRIDAY, Nov. 11

Lunch--Chunky beef stew, tossed salad, cornbread, apple cobbler, milk.

Fire destroys mobile home

A mobile home on Arkansas Lane was completely destroyed early Saturday morning in a fire that called out two local departments.

The family who lived in the home escaped unharmed. A spokesman for the Kamay Fire Dept. said that other than a few personal items, the fire resulted in a total loss.

Kamay volunteer firemen were alerted to the fire at 2 a.m., and when they arrived the home was fully engulfed in flames. They were assisted by Iowa Park units.

The mobile home is owned by Wesley Sims and rented out to the family, whose names were unavailable at presstime.

Thank You

Pack 7 Cub Scouts of Iowa Park wish to express appreciation to their sponsors of the annual drive for the Iowa Park Food Pantry.

A special thanks to Scobee's Mini Mart, Golden Fried Chicken, David White Construction, Horton Construction, Decorative Iron Designs and Scott Boren Air Conditioning.

Helpful Hints

It is unlawful for any person to keep a swine within the city.

IOWA PARK SCHOOL MENU

MONDAY, Nov. 7

Breakfast--Breakfast pizza, fruit juice, milk.

Lunch--Corn dog, potatoes, green beans, fruit, milk.

TUESDAY, Nov. 8

Breakfast--French toast, breakfast meat, fruit juice, milk.

Lunch--Pizza, combination salad, corn, dessert, milk.

WEDNESDAY, Nov. 9

Breakfast--Waffle, sausage, fruit juice, milk.

Lunch--Hamburger, lettuce, tomatoes, pickles, onions, French fries, dessert, milk.

THURSDAY, Nov. 10

Breakfast--Cereal, toast, jelly, fruit, milk.

Lunch--Turkey and dressing, sweet potatoes, English peas, hot rolls, dessert, milk.

FRIDAY, Nov. 11

Breakfast--Cinnamon roll, breakfast meat, fruit, milk.

Lunch--Fish, macaroni and cheese, blackeyed peas, cornbread, fruit, milk.

Kay Bailey Hutchison Working For Texas

Reducing Government to Strengthen Families and Small Business.

She's voted against higher taxes every time and for the Balanced Budget Amendment. She strongly opposes unnecessary federal regulations that hurt small business.

And she's proposed a new law so homemakers can save with a tax free retirement account, too.

Changing the Way Washington Works.

Kay cut her own Senate office budget 20% — just as she promised last year.

Now she's pushed Congress to slash its budget, reduce government overhead by 10%, and trim \$50 billion from 50 programs.

Kay's the sponsor of a bill for a national referendum on term limits and will set an example by only seeking two full terms herself.

Now she's determined to make Congress live under the laws it passes for the rest of America.

Protecting Our Freedom.

On the Armed Services Committee, Kay is fighting for a strong defense and defending our Texas military bases that are so critical to national security.

She's committed to protecting private property rights and other constitutionally protected freedoms.

She's pushing for tough crime laws that protect citizens, not criminals.

Already An Effective Leader.

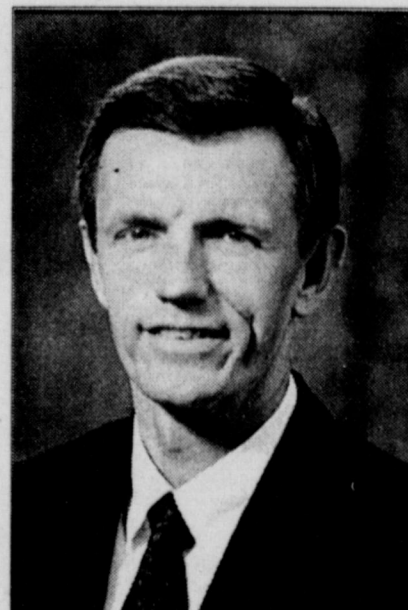

Though we sent Kay Bailey Hutchison to the Senate just last year, she's already making a difference for Texas.

She passed a bill to make the federal government — for the first time — pay for some costs of its failure to protect our Texas border against illegal immigration.

Our choice this year is to keep this effective, new conservative leader who puts Texas first ... or replace her with a Clinton-style "New Democrat."

Kay
For U.S. Senate

Halloween explained

Dear Editor,

Now that all the "Hellabaloo" (forgive the pun) is over regarding Halloween, I would like to give an objective, Catholic Christian point of view of the Church's traditions relating to the Feast of All Hallows Eve, All Saints Day and All Souls Day.

The Church has celebrated these festivals for centuries. What has happened today is that well-meaning Christians have "read" into these observances things that were never intended. Christmas and Easter will be next! A careful study of Christian history and tradition will point out that even these two feasts were originally Pagan Festivals of the Sun and Spring, adapted by the Catholic Church to Christian festivals honoring Christ the Incarnate Son of God and the Lord Resurrection, restoring Life to a world dead due to sin.

While I applaud many of the Christian churches for their commitment to social issues such as abortion, drug abuse, teen pregnancy, suicide, and immorality as presented in church-sponsored Halloween alternatives. While these are important issues, they have very little to do with the Feast of All Hallows Eve.

If Christians cannot enjoy God's creation in this life, how will they be able to enjoy it in the next?

Halloween is a combination of holidays, some pagan, some Christian. The Romans celebrated the occasion as the festival of Pomona, goddess of gardens. The ancient Celts called the holiday "Samhain," or "end of the summer," and observed the day as the end of the food growing season. The Celts believed that ghosts of people visited the earth on Samhain (October 31), and they lit bonfires atop hills to scare the ghosts away. When the Celts became Christians, they and other Christian groups appropriated the holiday as a festive prelude to the day on which to remember deceased loved ones. All Saints Day (November 1) was known then as All Hallows Day, so inevitably the evening before called All Hallows E'en, or holy evening. Eventually the term was telescoped to Halloween. The scary and spooky customs of Halloween are carry-overs from practices of the Celts.

All Saints is a feast that honors the Saints of God. The Church has celebrated a feast in their honor since the earliest days of both the Churches of the East and West -- especially calling to mind the heroic sacrifices made by the many martyrs for the faith. We also recall the many men and women, boys and girls since that time who have lived good and holy lives in Christ, who is the Savior, and are now in heaven.

The Feast of All Souls is a commemoration of our beloved dead -- family, friends, loved ones, all who have no one to remember them. This feast also was observed in the early Church from the 7th century onward. We honor their memory as a part of the family of God.

On Halloween we light jack 'o' lanterns to keep burning from sundown on October 31 through All Souls

Day, November 2. We have three nights of holy light. We set one by our doorway or in our window to guide home all the wayward children of God. As the winter comes, we make a place in our hearts and memories for the dead. We even dare to think how we're on our way to the grave, which is the doorway to God's holy city Jerusalem. In Christ, the fact of death now shines with the light of eternal life. Lord Jesus has trampled down death by his own death -- trampled it like a rotting pumpkin! In Christ, we have nothing to fear.

Trick or treat is another name for open-door hospitality -- a hallmark of every Christian holiday. The demands of hospitality sometimes are interrupted and a nuisance. When we open our doors to strangers, we're never sure who will enter. Who knows? Perhaps it might even be Christ.

What does masquerading as rag-tag wanderers, as the most wicked of sinners, have to do with All Saints Day? The beatitudes tell us about who will enter the kingdom of heaven. Those least likely to have made much of themselves in this world -- the poor and the meek, the peacemaker and the pure of heart -- will become the saints of God.

Like trick or treaters at the end of Halloween night, one day we will remove our masks and lay aside our soiled clothes. And we will see ourselves as we truly are, the children of God arrayed like the saints in bright glory at the supper of the Lamb.

Our Feast of All Saints and All Souls are foretaste of the fullness of time, when God will "harvest" all creation into heaven. We honor the Communion of Saints: those in heaven, those who have died and the living on earth. "Nothing will separate us from the love of Christ."

(Rev.) Patrick J. Burke
Christ The King Catholic Church

Mechanical brush management effective

By BRAD K. TEPLICEK

The increase of worthless brush is an ever-growing problem to the ranchers of this area.

Unwanted brush, such as mesquite, are nearly always present on a majority of rangeland, especially on that of poorer condition.

Not only are they occupying land that should be growing grass, but the brush is stealing the rancher's soil and water resources.

Brush management is a highly technical operation because of widely varying conditions. The methods most commonly used are tree grubbing, rootplowing, and the use of chemicals.

The cost of these different control treatments in itself is a major factor to be considered, for these brush management methods vary widely in cost and effectiveness.

Mechanical methods such as tree grubbing or rootplowing are probably the most effective and can be done nearly anytime of the year depending on adequate moisture.

However, if the acres treated are to be reseeded to grass, it is desirable to grub or rootplow early enough to give you sufficient time to prepare a clean, firm seedbed prior to the following spring planting season.

Grubbing would be recommended as one of the more cost effective methods of controlling larger trees in thin or open stands. This method of brush control consists of an operation that uses a dozer with a front end mechanism that pushes or pulls the individual plant along with its roots out of the soil.

For smaller mesquites an individual can use a smaller grubber that fits on the three point hookup of a tractor that works the same way. Grubbing is not desirable for thick stands of brush that root sprout such as mesquite.

Again, grubbing is a selective type of brush control that can be performed on rangeland where a preferred stand of grass is already established and won't disturb the grass stand.

Rootplowing, on the other hand, is non-selective and cuts off the brush below the ground by means of a horizontal blade pulled behind a dozer,

generally at depths of 14 to 18 inches to remove the mesquite.

Rootplowing is recommended for large, dense stands of mesquite where the stand of grass is in poor condition to start with and it is impractical and cost prohibited to any other type of treatment.

Rootplowing and grubbing prices range from \$40 to \$55 per acre depending on the thickness of the stand being treated. The life expectancy of these practices vary from six to 10 years.

Another important consideration is management following brush control.

For best results, it is recommended to rest the pasture treated for entire growing season or at least 90 days during the growing season. This will allow the grass to benefit from the extra moisture, space and nutrients that would otherwise be utilized by the mesquite.

This is especially true if you follow the treatment with reseeding.

Possible benefits from mechanical brush management include an increase in quality and quantity of forage, leading to increased stocking rates, increased livestock production and increased profits.

The Red River Federal Land Bank Association of Wichita Falls invites you to attend an appreciation and information dinner to be held at 7:00 p.m. Tuesday, November 8, 1994 at the Iowa Park Recreation Activity Center, 806 N. 3rd in Iowa Park.

If you can attend please call our office in Wichita Falls at 817-855-8801 by noon Friday, November 4th to better assist us in planning the meal.

When England wanted to cut government waste, a Texan showed them how to trim the fat

Cutting waste in government isn't easy.

That's why, when members of Parliament wanted to make the British government more efficient, they consulted the recognized expert in America: Texas Comptroller John Sharp.

Hardly a surprise, old chap.

Since taking office in 1991, John Sharp and his Texas Performance Review team have set the standard for streamlining government agencies, saving taxpayers a documented \$6.2 billion and helping Texas avoid a state income tax. And his reviews of Texas school districts have saved taxpayers more than \$24 million.

Now he's fighting to cut millions of dollars in welfare fraud and bureaucratic waste by abolishing paper food stamps, which are often stolen and then traded for drugs. Sharp's plan is to replace food stamps with computerized security cards.

No wonder U.S. News and World Report (1/4/94) says:

"John Sharp has become the mastermind behind a sweeping overhaul of the bureaucracy that has put Texas at the forefront of the nationwide effort to...root out waste."

Yet, despite all the additional duties and initiatives taken on by the Comptroller's Office, Sharp still managed to reduce the number of his employees and return \$9 million of his budget to the taxpayers.

Of course, there's a lot more waste in Texas state government just waiting to be cut, so the job is far from over. That's why we need to keep John Sharp on the job.

Obituaries

O. D. Terrell

Services for O.D. Terrell, 80, were at 1 p.m. Wednesday at Hampton-Vaughan Funeral Home in Wichita Falls.

William D. "Bill" Keesling, minister of Edgemere Church of Christ, officiated. Burial was in Crestview Memorial Park. Masonic graveside services were by Faith Lodge No. 1158.

Mr. Terrell, brother of Vida Faye McClendon of Iowa Park, died Sunday in a Wichita Falls hospital.

Born Jan. 14, 1914, in Hopkins County, he was married to Mary Louvena Chamberlain Feb. 2, 1957.

He had been a member of Faith Masonic Lodge No. 1158, Scottish Rite and Maskat Shrine. He was very active in the Oil Bowl and Shrine Circus. He also was a Temple Guard Lieutenant and a member of Good Sam Travel Club and had served as wagon master. He was a retired salesman for Ebner Brother Packers.

Other survivors include his wife; one daughter, Joyce Faye Burk of Bishop; three sons, Don L. of Waxahachie, Bill J. Kendrick of Fort Worth and Glen of Graham; one brother, Harvey L. of Wichita Falls; 11 grandchildren and 17 great-grandchildren.

Annie Mae Neel

Graveside services for Annie Mae Neel, 90, were at 3 p.m. Wednesday in Bell Cemetery at Odell.

Rev. Gene Hawkins of Lubbock officiated. Arrangements were under direction of Sullivan Funeral Home of Vernon.

Mrs. Neel, mother of Betty Lippard of Iowa Park, died Monday at her home in Vernon.

Born Sept. 2, 1907, in Bryan, she was married to Bradford Neel Sr. July 21, 1921, in Wilbarger County. He died June 3, 1987.

Mrs. Neel was a lifelong resident of Wilbarger County and was a member of Odell Baptist Church.

Additional survivors include four sons, Presley, Joe and Brad Jr., of Vernon, Clayton of Euless; six other daughters, Sally Rallis and Sandra Sullivan, both of Vernon, Nona Perrin of Mineral Wells, Dee Nethery and Thelma Smith of Fort Worth, and Mary Maddin of Lubbock; one brother, Ed Presley of Graham; three sisters, Mabel Hevvin of Vernon, Lorene Whitman of Lovington, N. M. and Marine Presley of Wichita Falls; 32 grandchildren, 44 great-grandchildren, and three great-great-grandchildren.

WINNING SPRINT - Senior Brandi Catlin, left, sprints to overcome freshman teammate Brandi Butler just before the finish line of the Dist. 3-AAA cross country championships last week at Vernon. Catlin was first with a time of 13:03 and Butler almost at her side with a 13:04.

Runners head to Lubbock

The Iowa Park girls' cross country team will travel to Lubbock this Saturday along with two members of the boys' team, Tim Estrada and David Waterberry to compete in the Region I Cross Country Meet at May Simmons

Park.

The boys are scheduled to get started at 10 a.m. with the girls to follow at 10:30.

The top two teams advanced from the district meet last week in Vernon with Bowie finishing as the runner up in the girls' division. The top five runners in each division also advance to the Regional Meet.

In the Regional Meet, the top three teams and the top 10 individuals in each division advance to the State Meet Nov. 12 at Southwestern University in Georgetown.

The girls team consists of Brandi Catlin, Brandi Butler, Dusty Welch, Randi Tigrett, Wendy Bridwell, Lori Spruiell and Briana Stalker.

The three teams with the lowest point total by adding the finishes of its top 5 runners will move on to the State Meet. The Lady Hawks won the district meet with a total of 24 points, finishing first, second, fourth, sixth and eleventh overall.

"I feel like we have a good chance to qualify some people for the State Meet next week," coach Rhonda Havins said.

This Week in Hawk Football

Thursday - Bowie freshmen at Iowa Park 5:30 p.m. Bowie JV at Iowa Park at 7:30 p.m.

Friday - Iowa Park at Bowie 7:30 p.m.

Saturday - Seymour Midgets at Iowa Park 3 p.m.

Frosh rally earns win

Twice the Iowa Park freshmen had to rally to defeat the Graham Steers 18-14 last week to raise their record to 6-2-1 for the year heading into tonight's final game of the season against Bowie.

Trailing 8-0, the Hawks Todd Yeager scored on a 7-yard run to cut the lead to 8-6 and then tossed the two-point conversion pass to Chad Wright to knot the score at 8-8.

Graham added another touchdown to make the score 14-8 at the half.

The Hawks took the kickoff to open the second half and Brandon

Brown broke through the line on a trap play and went 65 yards to tie the game at 14-14. Brown added the top-point conversion to give his team the lead for good.

With Iowa Park moving the ball in the fourth quarter, the Hawks fumbled on the Steer 2 but IP line-backer Jeremiah Love sacked the Graham quarterback for a safety to make the final 18-14.

The Iowa Park defense didn't allow Graham to make a single first down in the second half thanks to an entire defensive team effort.

Fundraiser for basketball

The 1994-95 Hawks basketball team will be having a fund raiser this Saturday from 8 a.m. until noon in the front and back gyms at the High School to raise money to buy Varsity warm-up suits and freshmen practice equipment.

Donations can be made Saturday morning at the gym. This will be a Free

Throw Marathon for pledges or donations.

The first scrimmage has been moved to Thursday Nov. 10 at 6 p.m. against Henrietta at Iowa Park. This will be a varsity scrimmage only, but Saturday Nov. 12, the freshmen, junior varsity and varsity teams will scrimmage against Hirschi at 10 a.m.

TOP OF TEXAS FOOTBALL

The Midget West Hawks kept their perfect season alive Saturday by blasting the Burk Burnett Bulldogs from the playoffs by the score of 35-16.

The win raises the Hawks record to 9-0 and puts them in the Western Division Championship Game this Saturday at 3 p.m. against Seymour at Iowa Park.

The Hawks didn't waste any time in getting on the board as Chas Wright recovered an onside kick to start the game and a few plays later, Brandon Criswell, who finished the game with 71 yards rushing on 9 carries, plowed over from 8 yards out to put Iowa Park on the board. Chris Simmons connected with Wright for the extra points to make the score 8-0.

Still in the first quarter, Simmons broke free on a 33-yard romp to boost the lead to 14-0 before the Bulldogs answered with a touchdown and extra point to cut the lead to 14-8 after the first quarter of play.

The score stood until the fourth quarter when Criswell dove over from the 1 to make it 22-8 following the two point conversion pass from Simmons to Wright. Wright, who added 94 yards rushing on 9 carries, found the end zone later in the same period to boost the lead to 29-8 on a 52-yard run and extra point kick.

Burk scored to cut the lead to 29-16 before Parker Murfield finished the scoring with a 54-yard run to make the final 35-16.

The Hawks finished the game with 277 yards rushing.

Jarred Davis and Simmons each picked off passes to stop Burk drives as the entire defense played well according to the coaching staff.

Both the Pee Wee East and the Midget East teams were knocked out of the playoffs last Saturday as the Pee Wees fell to the conference winner Archer City Wildcats 12-0 and the Midget's lost 42-6 to the regular season champion Holliday Eagles.

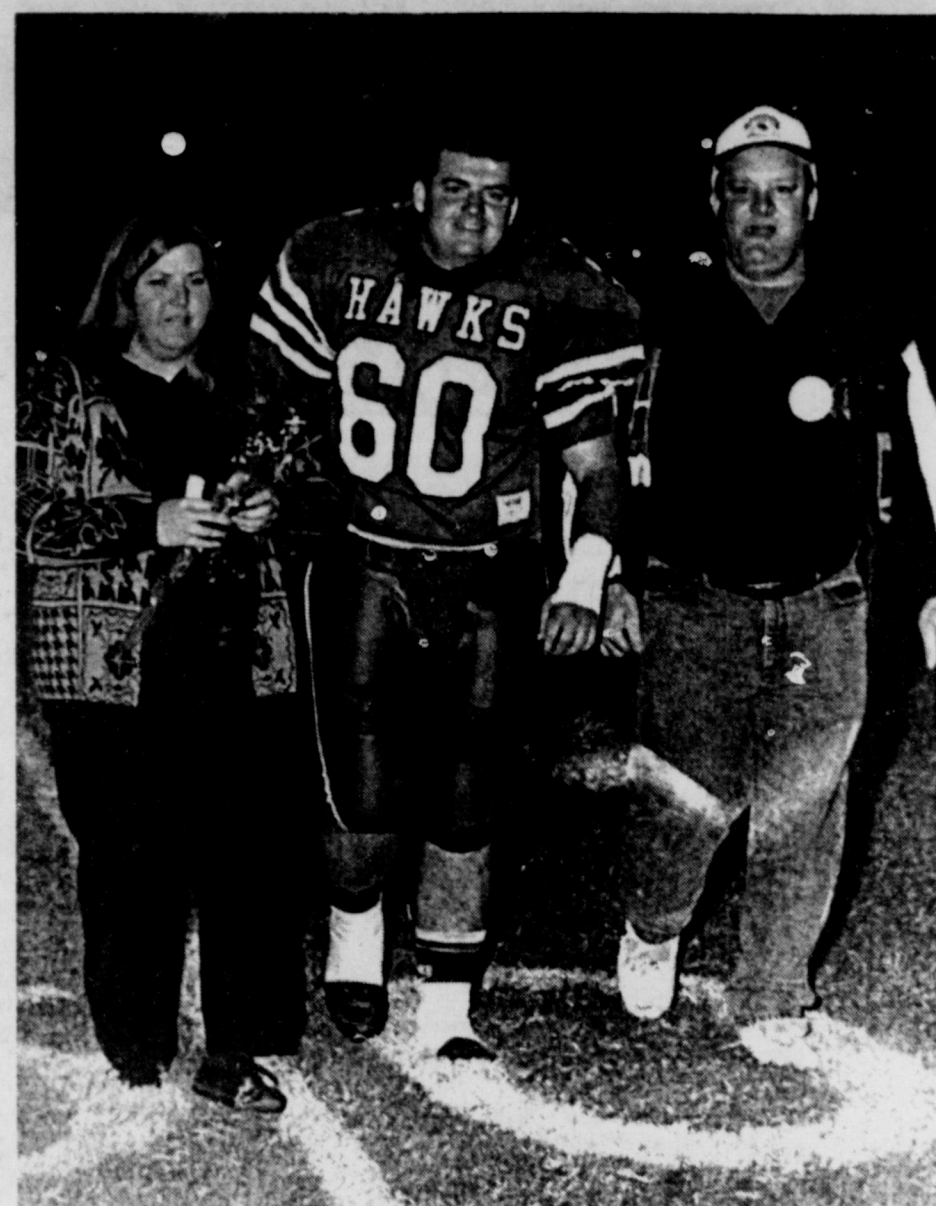

Both teams had fine seasons just to make it to the playoffs.

Hawks

Continued from Page 1
happen."

The Hawks are coming into the Bowie game averaging 119 yards per contest on the ground and 79 yards through the air. In their last two outings, Iowa Park has averaged 150 yards rushing and another 90 yards passing.

"One of the good things to come out of the Graham game was that we really cut down on our penalties," Nelms added. "I think that had a lot to do with our concentration level. I thought we played another solid defensive game. Twice we held them out of the end zone and forced them to settle for field goals. It will take another defensive effort like that this week to beat Bowie. I expect our kids to come out and play with a lot of enthusiasm and end the season on a good note."

PARENTS' NIGHT was observed prior to Friday night's varsity football game in Hawk Stadium. Senior football players, such as Clint Scobee and his parents, Mr. and Mrs. Randy Scobee, as well as senior cheerleaders were introduced to the audience.

Graham edges Hawk JV

The Iowa Park junior varsity fell behind early in Thursday night's game against Graham but rallied in the third quarter to cut the deficit to 2 only to stall in the fourth quarter and fall 24-16 to the Steers.

The loss drops the Hawks to 4-5 overall for the season with one game remaining. Iowa Park will play host to Bowie tonight at 7:30 to finish the season.

The Hawks finished the game with the advantage in total yards with a 321-288 lead but fell behind too far in

the first half to pull out a win.

Trailing 18-0, Iowa Park came back with touchdown runs by Chris Norris and Clancy LaLumia and two point conversions by LaLumia and Jacob Robertson to cut the lead to 18-16 but couldn't manage to find the end zone in the final period.

Matt Strange and Todd Cheesman both did a good job blocking on offense according to the coaching staff.

Defensively, Matt Rose blocked a Steer punt and LaLumia had a solid game to pace the Hawks.

Monday night spooks no problem for police

There were few, if any problems relating to Halloween spooks, but Iowa Park police still had a busy week, according to entries on the police blotter.

There were five arrests reported during the week, two of them coming within a two-hour span of time Friday night, both for public intoxication.

Jimmy Dean Stokes, 56, was taken into custody at 1:05 a.m. Saturday in

the 1000 block of Mary Drive, and at 3:11, Kenneth Wayne Smith, 32, was arrested.

Stokes was released at 8:15 a.m. after signing a promise to appear, while Smith also signed an appearance promise and was immediately released to his wife.

When an officer on patrol stopped a vehicle on a traffic check at 4:11 p.m. Saturday at Jackson and Ruby, the

occupant reportedly gave a false identification.

That's when George D. Ray, 21, was arrested on a charge of failure to identify to a police officer as a fugitive of justice.

Ray, it was determined by a computer check, had six outstanding warrants pending against him at the time, and possible fines amounting to \$1,229, before the latest charge.

Five of the warrants were for failure to appear in municipal court, and the other was for minor in possession.

Ray was transported to the county jail at 10:10 p.m.

Officers responded to a reported disturbance at 110 W. Alameda at 3:20 a.m. Sunday, which resulted in the arrest of Brian Edward Allen, 23, on charges of assault and resisting arrest.

Allen was taken to jail at 8:40, according to the blotter entry.

At 11:49 p.m. Tuesday, police were called to a reported domestic disturbance in the 600 block of South Wall, which resulted in the arrest of Stephen Vinson Acheson, 26, on a charge of assault to prevent family violence.

He was released at 3:40 a.m. after signing a promise to appear in court.

Two persons, a man and woman, were issued citations Monday for soliciting in the 900 block of West Highway without a city-issued solicitation permit.

The two were taken to the police station, booked, and then released after paying \$81.50 each.

Two thefts also were reported during the week.

A resident in the 400 block of South Texowa told police Sunday that when he returned from a stay in a hospital, several items had been taken from his vehicle parked at his home.

The complainant is compiling an inventory of the missing items, so police can begin their investigation.

A resident in the 800 block of North Park told police Monday evening that someone had apparently entered the open door of the garage and taken a tool box and golf clubs. Approximate value of the items was \$1,500.

A resident in the 100 block of South Colorado told police Saturday morning that a side window of a vehicle had been broken out.

Wednesday evening of last week, a spokeswoman from Wichita Falls hospital notified police by telephone that a 14-year-old female was being treated after reportedly attempting to overdose on Tylenol. She had been transported there by a parent.

Study of schools' needs is begun

Iowa Park school trustees and administrators held what apparently is the first of a series of work sessions Tuesday night.

The meeting, held in the informal atmosphere of Chaparral Baptist Camp's main building, began at 6 p.m. with a dinner and lasted well past 9 o'clock.

Their next such meeting will be Monday, Nov. 14, at the same location.

The only action taken, which was

listed on a called special meeting agenda that had been posted, was to request for two waivers of requirements of the Texas Education Agency.

One waiver request was to change the Texas Teachers Appraisal System requirements, and the other was to be allowed to offer a Multiple Occupational Cooperative Training (MOCT) Program.

On teacher evaluations, if approved, they would be made every two years, instead of annually, on those with two or more years experience and having acceptable evaluations.

Teachers new to a campus would be evaluated each year until they have two consecutive years of acceptable performances (which is 80 percent on

each domain).

Principals propose to visit all classrooms on a regular basis, to observe, but formal evaluations are not made on those visits.

The MOTC program is normally allowed in school districts with more than 1,600 average daily attendance but having unique situations, which include a small business district.

If approved, formal instruction would be provided students wishing business experience, instead of the cooperative program which was offered here a few years ago.

In the cooperative program, students were allowed to work at various businesses as part of their preparation for the future, using class time that

would have been taken by electives.

Offering of the program was recommended by the district's Graduation Drop Out Committee, consisting of LaRae Collins, Alice Dyer, Cindy Hambright, Lorna Klinkerman, Caroline James, Carole Venhaus and Molly Phillips.

The board's first workshop subjects concerned recommendations of goals proposed by the administrators.

Those goals include: improve curriculum, expand/update facilities; recognize students and staff for their accomplishments; encourage students to excel in all extra curricular activities; provide a safe and secure environment for students, and continue to

have good community/parent relations.

The most indepth discussions concerned subtopics under the heading of improve curriculum. They included: employ coordinator of curriculum/instruction; improve TAAS scores; complete phasing in Saxon Math; provide an alternate school for students who are academically behind; create true learning centers; provide technical training, and develop model programs to meet the needs of special populations.

The apparent format of the workshop sessions is to openly discuss the recommendations made by administrators and staff, and at a later, regular meeting or meetings, take action on those recommendations trustees feel worthy of adopting.

SPORTS Shorts

Friday night scores of interest to Iowa Park Hawk fans included:
Vernon 41, Bowie 7
Jacksboro 31, Bridgeport 18
