Annual Broom Sale To Be Conducted By Lions

Olton Lions will "sweep the city" Thursday, Sept. 18 with the advent of their annual broom and mop sale. Club members will be selling brooms, mops, brushes, ironing board covers, towels, dish cloths and many other top household items manufactured by blind workers in the Texas Lighthouse for the Blind.

The Lighthouse for the Blind caravan truck will be parked "on the square" that day for the convenience of persons wishing to shop for the quality products. In addition, Lions plan to make a canvass of the town.

Every item sold helps some blind person help himself. All items are made of quality materials, thus their purchase benefits the buyer as well as the blind.

Band Boosters To Serve Spaghetti Supper Sept. 12

Palate pleasing spaghetti with meat sauce is the supper menu planned by Olton Band Boosters Friday, Sept. 12. Generous servings of that Italian specialty will be served with salad, garlic bread, iced tea or coffee and ice cream.

Football fans may dine between the hours of 5:30 and 7:30 p.m. in the school cafeteria. Cost of the meal is $3 for adults and $2 for students. Advance tickets may be purchased from any member of the Band Boosters. Tickets will also be availalbe at the door.

Football Guessing Contest Entering Second Week

Gridiron guessers sharpen your pencils. One contest will have been graded by the time this paper goes to press but persons may still compete for the season grand prize of $50 even though they may have missed the first contest.

The contest features three weekly prizes for the three best predictors. The constestant guessing the most games correctly will claim $5. Second and third place winners receive $3 and $2, respectively.

Continuing throughout the football season, the contest will last as long as the Mustangs are in action. Play-off competition would send it into "overtime."

It's open to everyone and fun for all. The only rule is that just one entry is allowed per person although entire families may compete against themselves - friend may challenge friend.

The official entry blank is printed each week in the Enterprise. Select a winner in each of the games listed in the ads of sponsoring merchants. Circle the corresponding number on the entry blank. Predict the tie-breaker score (which also counts as a game!) and fill in the entry blank with name and address.

Deposit completed entry blank with any of the sponsoring merchants by noon Friday.

Remember to express your appreciation to the merchants listed on the contest page - they make the game possible. Sponsoring the fun event this year are Pay-n-Save Grocery, Olton Equipment, Olton Co-op Gin, Walker Texaco, Olton State Bank, Leon's Grocery, VALI, Thompson Chevrolet, Olton Grain Co-op, The Duke Restaurant, Nixon Western Auto, Toro Grain, Del-Tex Flyers, Kennedy-Sluder Insurance Agency, The Olton Enterprise, Davis Pump Company, Hall Lumber, Enterprise Studio, Farmers Pump and Potts Agency.

Raton Perez Fights In Tourney In Mexico

Traveling to Mexico with his family on vacation, Raton Perez was asked to participate in a boxing tournament in benefit for donations for a school, "The Baja California" in Rio Grande zacation Mexico, on the night of August 29.

Fighting a six round bout, with Zorrito Perez, from Fresnillo zacation, Raton won on the second round by KO. Coming home to Olton, Raton was pleased with his fight and is ready to start another season of boxing.

Olton's Newest Business, 'Hairport' Now Open

Olton's newest business, "The Hairport", has opened under the ownership of Juanita Cottrell. The hair styling salon is located in the building formerly known as Anita's Styleart.

Mrs. Cottrell went to work with Anita Sullivan in that shop just after receiving her beautician's license in 1961. Since that time she has continued to attend sytling schools and seminars and has also become a licensed electrolysis operator.

Moving to Gruver in 1965, she had her own shop there. Later in Lubbock, she worked at Chez la Femme. She has two married daughters, Alicegene Sherry of Dalhart and Jackie Wilson of Gruver.

Completely remodeled, the shop has an all new look with blond paneling and gold accents. Carpeted in shades of gold, brown, avocado and orange, the shop features antique white tile in the work area.

Offering her customers and friends new ownership specials, Mrs. Cottrell has announced special prices on permanents during next week.

Mrs. Cottrell announces the shop will feature traditional services of beauty shops as well as hair styling and cuts for the "guy and the gal". She invites calls for appointments early or late, 285-2355.

Cubmaster Needed

WANTED: Cubmaster.

Cub Scouting may have to be discontinued for little Oltonites if no one comes forward to serve as adult leader. A leader is also needed for Webelo scouts.

Fathers, mothers, grandparents or interested friends - anyone who is willing to work with young boys should call Mrs. Gary Turner evenings.

Glenn Barbee Appointed Springlake Gin Manager

Announcement has been made by the board of directors of Springlake Co-op Gin of the appointment of Glenn Barbee as manager. Barbee assumed duties Aug. 1. He replaces Eudell Baucum who has moved to Plainview.

The new manager comes from Amherst where he held a similar position with the Cooperative gin of that city.

Prior to that he was employed with Plains Cooperative Mill in Lubbock. He also managed the Hi-Plains Co-op Gin at Brownfield, some four years. His experience with cooperative organizations totals approximately 18 years.

Barbee is a native of Goodlett, near Quanah. His wife, Joyce, was also reared near Quanah. They are parents of two daughters: Sue lives in Brownfield and Kathy in Enid, Okla. The Barbees boast two grandsons.

Visiting Lubbock Golfer Shoots 'Hole-In-One'

Carey Sudduth of Lubbock aced the Number Eight hole at Olton Country Club Sunday, Aug. 31.

The visiting golfer used a six iron to make his first-ever Hole in One on the 165 yard drive.

The feat was witnessed by Sudduth's father-in-law, Burley Faver.

Price charged for Reduced-price lunch --10c Reduced-price breakfast - 10c

Olton Independent School District serves nutrious meals every school day with students in grades K-5 paying 75 cents; students in grades 6-12, 80 cents and breakfasts at 20 cents with extra milk at 7 cents.

Children from families whose income is at or below levels shown on the scale printed below are eligible for free or reduced-price meals. If the children are eligible for free meals, they are also eligible for free extra milk. The reduced price for lunch is 10 cents and breakfast, 10 cents. If your income is greater than those shown, but you have unusually high medical bills, shelter costs in excess of 30 percent of your income, special education expenses due to the mental or physical condition of a child, or disaster or casualty losses, your children may still be eligible, according to a news release from the School superintendent Joe Turner.

To apply at any time during the year for free meals and free milk or reduced-price meals, complete the form provided by the school and return it. The information given on the application is confidential and will be used only for the purpose of determining eligibility for free meals and milk or reduced-price meals. Within ten days of receiving the application, the school will notify applicant as to their eligibility. If this does not meet with applicant's approval, a hearing may be called by calling Joe Turner, 285-2641 or writing to P.O. Box 388, Olton.

In certain cases, foster children are eligible for these benefits. If foster children are living with persons who are interested in applying for such meals and milk, notify the school.

All children are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color or national origin.

MRS. JERRY HALE

Recipe Revue

By Mozelle Trotter

Mrs. Jerry Hale is no different from other homemakers as she looks forward to things she plans to do "someday". One plan, she says, is to go back to school.

Susan loves to draw and would like someday to enroll in commercial art courses. She has always liked to sketch things.

She loves painting ceramics and enjoyed making last year's Christmas gifts. She has not yet begun any projects for this holiday season but does plan to paint some for special people on her list.

Learning to ride horseback is another of Susan's dreams. She has always wanted to be able to ride, especially since her marriage to Jerry.

"Maybe Travis and I will learn to ride together," she says.

Right now, life is pretty busy for Susan with keeping her home and caring for her little son, Travis, who will be three next month. She also "baby-sits" with teachers' little ones.

Susan was born in Mississippi and lived there until she was six years old. She grew up in Clovis, N.M., although her family lived a little while in Tennessee and Oklahoma.

Jerry grew up in Poteau, Okla. but was living in Muleshoe when he met Susan while visiting a friend in Clovis. They lived for a few months after their marriage in Muleshoe and then moved back to Jerry's old home.

The Hales moved to Olton when Jerry went to work for Olton Feedyards as "cowboy boss".

Susan worked for a short time at the Enterprise before little Travis was born. She has worked some at Carmen's Western Wear.

Susan enjoys watching softball games and would like to play next summer.

Cooking for a "meat and potatoes" man, Susan likes to stick to quick and easy recipes. She shares a recipe for one of their favorite desserts, lemon meringue pie, and other tasty sounding recipes.

LEMON MERINGUE PIE

1 can Eagle Brand milk
juice of 2 lemons
4 egg yolks

Add lemon juice to Eagle Brand milk and stir until thick. Separate eggs and fold beaten egg yolks into milk mixture. Pour into crumb crust. Make meringue from egg whites and brown in oven.

CHERRY DESSERT

Vanilla Wafers
1 stk oleo
1½ c powdered sugar
2 eggs
½ c canned milk
1 can cherry pie filling
1 pkg Dream Whip
1 c chopped nuts

Crush enough vanilla wafers to completely cover the bottom of a pyrex dish (about 8x15 inches).

Stirring constantly, slowly cook until thick, the oleo, sugar, eggs and milk. Pour this mixture over wafer crumbs. Next spread the cherry pie filling. Add a layer of chopped nuts and top with prepared Dream Whip or whipped cream. Sprinkle a few wafer crumbs over top.

BURRITOS

2 lbs. ground beef
1 small onion
1 can green chilies
2 tbs. chili powder
½ lb. longhorn cheese
1 can cream of mushroom soup
1 can cream of chicken soup
flour tortillas
sour cream
1 can ripe olives

Brown ground beef with onion, green chilies and chili powder. Grate cheese; add both cans of soup to the beef. Simmer for 15 mins. Fill tortillas with ground beef mixture; cover with grated cheese and put in the oven until cheese is melted. Slice olives and place on the top after removing from the oven, and put sour cream on each.

BUTTERMILK BATTER

2 cups flour
2 beaten eggs
1½ cups buttermilk
salt and pepper

Should be of a thick consistency. . .makes an excellent batter for squash and most vegetables. . .chicken, etc.

Senior Citizens This Week

Olton Area Senior Citizens met for their First Thursday luncheon this week. Twenty-seven persons attended.

President David Howton presided over a short business session. Minutes of the August luncheon meeting were read and approved.

Plans were made for the group to attend the Senior Citizens dinner meeting Tuesday in Plainview. All persons who plan to attend should meet at the agriculture community building at 10:30. The group will depart promptly at 10:45 a.m. Cost of the luncheon is one dollar.

Birthday greetings were sung to Mrs. Nell Woods.

Mr. and Mrs. Lee Simmons were welcomed as new members.

Alpha Rho Delta sorority will host a luncheon for Senior Citizens Thursday, Sept. 18. Painting instructions for those interested will be offered that afternoon.

All senior citizens are invited to attend.

Favorite Recipes Needed, Young Homemakers Cookbook

Olton Young Homemakers are still collecting recipes to include in their second edition of recommended dishes from the kitchens of Olton housewives.

According to a spokesman, many more recipes will be welcome. The many divisions of the new cookbook will include everything from appetizers to desserts. Persons who have recipes they wish to share through this medium are asked to call any member of Young Homemakers club, or leave copies of their recipes at Chamber of Commerce and Agriculture, or at Wayne's Printing or The Olton Enterprise.

Wednesday, Sept. 10, has been set as a deadline for receiving entries. Members of the organization are especially grateful for the cooperation of cooks throughout the community who have made possible the publication of the 1976 cookbook, and given encouragement for the '80 publication of the second edition.

Important Meeting

Dear Friend:

The Hart Pro-Family Forum cordially invites you to hear Mr. Courtney Smith from Shreveport, La., representative of Liberty Lobby and Spotlight newspaper, as he presents a discussion on "Trusts."

Thursday, Sept. 11, 1980, 7:45 p.m.
Hart School Cafeteria, Hart, Texas.

Mr. Martin Larson of Liberty Lobby says, "I assure you if you own nothing more than a home, car and have a salary, the cost of my trust manual will be far less than the cost of probate on these properties when you die. A trust may be far more beneficial to you than a will."

Your admission fee is $16 for a new, renewal or gift subscription to the SPOTLIGHT, to be paid at the door.

The cost of Mr. Larson's tape on trusts [$10] will be applied to the purchase of the trust manual if you decide to purchase it; however, we want you to understand that YOU ARE UNDER NO OBLIGATION TO PURCHASE EITHER THE TAPE OR THE MANUAL. We are only making this information available to you with the hope that it may be of benefit to you insofar as your estate matters are concerned. All proceeds go to Liberty Lobby and Spotlight, and the speaker is being provided by us a public service to you. We believe you will find Mr. Smith's remarks to be very informative and interesting, and possibly of significant financial benefit to you.

For further information, call Laverne McLain, 938-2255 after 5 p.m. or Marguerite McLain, 938-2210.

We hope you will give this meeting your most serious attention.

Sincerely,
Hart Pro-Family Forum

Tax Processing System Continually Improving

State Comptroller Bob Bullock Thursday said continued improvements in the tax processing system in his office will result this month in a one-time, multi-million sales tax rebate bonus to cities and quicker tax reimbursements in the future.

Bullock said Texas cities who levy the optional one-percent city sales tax will receive two rebate checks for August.

He said this month's "extra" check will include a large amount of money from second quarter returns filed in the Comptroller's Office on the July 31 deadline and normally would have been included in the September payment.

He said one check represents taxes being returned from last month's rebate cutoff through the end of July. The other check is the result of allowing an extra week of tax allocations for cities during the first week of August.

Statewide, Texas cities will share $39.8 million for the normal end of July allocation formula and an additional $61.1 million as a one-time bonus payment under the revised accounting system.

That's well over $100 million that will be returned to cities as a result of improvements in our accounting system," he said.

Bullock said city sales tax rebates will now be allowed to accrue through the first week of each month and be paid about the 15th of the month. The previous allocation period ran from the end of one month to the first of the following month and cities were reimbursed sometime after the middle of the month.

Bullock said improvements in the state's deposit and tax posting system will allow his office to keep the rebate pipeline open into the first week of each month and still get out city checks by mid-month.

He said a single-step remittance processing system adopted last spring has reduced tax deposit time from six days to about 72 hours.

Olton's rebate for August will be $4,765.80 bringing the city's total to $31,044.34 for the year.

Women In Small Business Seminar To Be Held At TSTI

Registration is now open for a seminar especially designed for the woman who owns or wants to own a small business.

The "Women in Small Business" seminar sponsored by TSTI-Amarillo's Technical Office Training Program, will deal with many topics including, "Developing a Business Plan", "Marketing and Advertising", "Selecting a Location", and "Financing a Business".

A pre-seminar workshop on Saturday, Sept. 27, will begin at 9 a.m. and continue through 3 p.m. at the Texas A&M Center, 6500 Amarillo Blvd. West.

Seminar classes will meet every Thursday from 6 to 9:30 p.m. beginning Oct. 2 through Dec. 13. Two Saturday sessions will also be held. All classes will meet at the Texas A&M Center.

Fee for the seminar is $50. Textbook and materials will be extra.

Localites Attend Howard Reunion

Mr. and Mrs. L.W. Howard and Mr. and Mrs. J.L. Snider were among he forty four people attending a Howard Family reunion Sunday in Clovis, N.M.

Meeting in Hospitality Room of First Federal Savings and Loan building, both Saturday and Sunday, the event was to honor Francis Howard who for 38 years has made his home in Australia. This was his first visit to the States in 16 years.

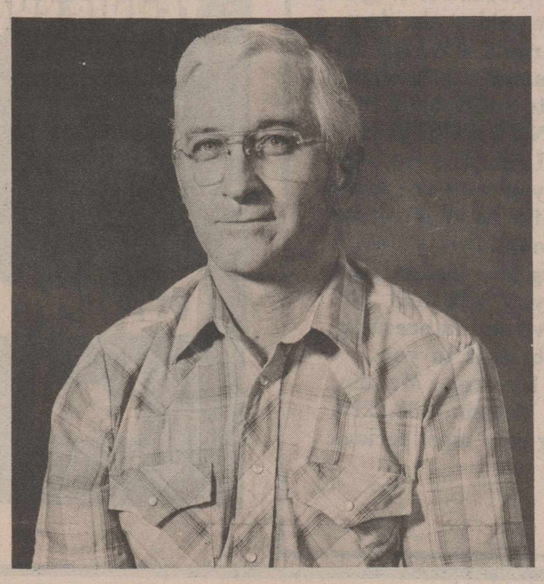

The honoree and Mr. and Mrs. Gene Howard of Cheyenne, Wyo., were Sunday night guests in the L.W. Howard home. They also joined a family gathering of the J.L. Sniders for a Labor Day luncheon. Miss Fonda Ross was also a guest.

Labor Day Golf Winners Announced

George and Susan Jones fired a 33 score at the field of nine teams to win the Labor Day Scotch Foursome at Olton Country Club. Scott and Pam Roberson were second place winners with an even par score of 36.

Dinner was served at the conclusion of play.

Corn is making it to the "top" in the field of energy production. Not only is corn the generally-favored crop for conversion to alcolhol, but a scientist at Purdue University now says cornmeal may solve a major problem in the distallation process itself. In order for alcohol to be successfully blended with gasoline (gasohol) it must be anhydrous - virtually free of water. The most energy-intense part of the distallation process is removing the last 3% or so of water from the alcohol vapors. Now, according to the reports, this process can be accomplished by filtering those vapors through cornmeal. If the process works as well in the field as in the laboratory, it could save 90% of the energy ordinarily required in final phases of distallation.

Allsup's Marathon Slated

The sixth annual Allsup's Marathon will be held in Clovis on Saturday, Oct. 4.

Those interested in participating are requested to register no later than Sept. 26. Registration fees on or before that date will be $5. Registrations after that date will cost $7 and will be accepted through Friday, Oct. 3 at the race headquarters in the Holiday Inn, 2700 E. Mabry Drive. All proceeds go to the Clovis Track Club.

The marathon, sanctioned and certified by the Amateur Athletic Union (AAU), will give runners a choice of the full 26.2 mile course, a 13.1 mile course or a 10 kilometer course. The race will start at the Clovis High School track at 7 a.m. According to Lonnie Allsup, president of Allsup's Convenience Stores, Inc. and sponsor of the race, "The marathon will feature an Olympic finish this year. At 12 noon we will present trophies to the winners and we will again award T-shirts to all contestants who complete the race."

Competition reached new heights last year with 356 runners competing, some from as far away as New York and Florida. Individual records for the state of New Mexico were set in all three races with Benito Arellano winning the 26 mile event in 2:33:16; Joe Anaya the half marathon in 1:12:46 and Cliff McCurdy the 10 kilometer in 32:14. A field of over 400 runners is anticipated this year.

Marathon activities will begin Oct. 3 with a spaghetti dinner. Walt Stack, an amazing 74 year old runner, will be the featured speaker. He will also participate in the race.

Persons who desire additional information about the Allsup's Marathon, or who wish to receive a registration form, may do so by writing: **Gary Britt, 3201 Wallace Street, Clovis, N.M. 88101, or by calling [505] 762-1458.**

Area Lutheran Agency Announces Adoption Intake

The Panhandle South Plains Office of the Lutheran Social Service of Texas is inviting couples interested in adoption to contact the agency during the month of September. Each of the eight LSST offices opens "INTAKE" one month per year for families interested in adopting Anglo children, ages 0-8 years. The number of families accepted for study is determined by the volume of referrals anticipated for the following year for Anglo children. Couples seeking to adopt should have no more than one child in the home and be under the age of forty. The agency accepts inquiries from couples of all racial, religious and ethnic backgrounds.

It should be noted that intake is always open to families wishing to adopt Anglo children over the age of eight, Mexican American school-age children, Black or mixed Black children of any age, including infants and children of any ethnic or racial background who are slow learners, emotionally disturbed or physically handicapped. For such adoptions there are no restrictions concerning the family size or age.

Interested families should contact Lutheran Social Service, in writing, at 2412 13th Street, Lubbock, Texas, 79401.

By Lois Brimhall

It's really good to be back in Olton! No matter how much fun you have on vacation, the nicest part is getting back home.

I spent three days on the beach where we went every summer when I was growing up. My old high school girlfriend went with me and we did all the things we did as kids - jogging and gathering shells and driftwood, then trying to get the sand out of our hair and clothes. We even watched a movie on television we had seen together in 1948. It almost made me feel like I was 16 again.

Next, I visited about three days in San Francisco and Oakland - Van and I each have a cousin there - and I nearly froze to death. The high was 56° one day and the others weren't a whole lot warmer. Of course, I hadn't packed a coat--when we left Texas we were in the middle of a record breaking heat wave and most of California was just as bad. It was kind of nice to be cool for a change and to have a fire in the fireplace in August.

I enjoyed my visit to Chico very much. Mike and Barbara live there and attend the University where Van taught when we lived in Chico. I loved going to all the places I enjoy most and seeing all our old friends. We have so many relatives and friends in California it is nearly impossible to go for less than three weeks.

I picked up several new craft projects and ideas on my trip and if anyone needs help with an idea for a project, call me. My new projects are in the fields of knitting, needlepoint, cross-stitch, tapestry, punch needle embroidery, quilting, decorative pillows, dolls and a few others.

One of my new projects calls for keys - lots of keys of every description. If you have any old keys that no longer fit anything, I would really appreciate it if you would give them to me. I will put a can in my office as well as in the Mini Mall. I can use car keys, door keys, padlock keys and any other kind you may think of and I haven't.

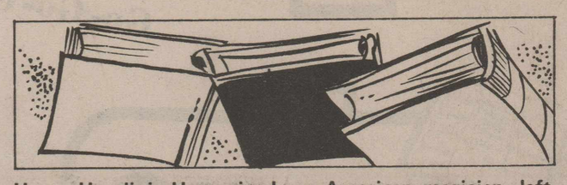

Billie Kelley did a good job of running the Chamber office while I was gone. She had to go into the hospital for surgery, the last week, so if you called and couldn't get anyone, that was the reason.

Thanks a lot, Billie, and get well soon.

Ambulance Report

Olton Volunteer Ambulance aides took Cecil Ray Jones of Hart to Central Plains Regional Hospital in Plainview, Aug. 22. Attendants were John Ratliff and Tiney Jordan.

Earlier last month, OVA took Mrs. Naomi Cooner to a Lubbock hospital. Attendants were Leon Noack, Raymond Powers and Rusty Powers.

Harry Houdini, Hungarian-born American magician, left his library of magic—one of the world's most valuable—to the Library of Congress.

Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100% Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

If you're considering center pivot irrigation, consider Zimmatic Low Pressure, the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.

INSUR-MATION

Our son, age 16, has received several traffic citations for speeding. Can the company which writes our Family Automobile Policy cancel the coverage at their own discretion?
Not immediately, unless the policy is new and has been in effect for less than 60 days. In most cases, if the policy has been in effect for longer than 60 days, the company must give you a 30 day written notice of their intention to terminate the policy. The only way an existing policy can be cancelled immediately (provided it meets the 60 day requirement) is for the cancellation to be mutually agreeable to both the company and the insured.

Tech Prof Studies Question Land Leasing Pursuits

A Texas Tech University business professor wants to know why landowners open or close their properties to leisure seekers.

Dr. V.P. Luchsinger, the professor and researcher from the College of Business Administration, has initiated a study to assess attitudes, capabilities, practices and tendencies of High and Rolling Plains landholders toward land-leasing for recreational pursuits.

His research is being restricted to four regions, about 40 counties, across West Texas.

One of his first tasks is to determine the extent to which private land already is used for hunting, fishing and non-consumptive leisure pastimes such as boating or camping.

Among the factors being studied is the willingness of landowners to develop wildlife resources for consumptive and non-consumptive uses by members of the public.

As citizens increase their leisure time activities, access to wildlife and natural recreational settings fails to satisfy demand, Luchsinger said. He wants to discover the reasoning of landowners who lease, refuse to lease, open or close their lands to recreational use by other people.

Luchsinger will survey landowners who hold state permits for lease-fee hunting and a sample of landholders in each of the 40 counties.

Texas Tech's Agricultural Economics and Park Administration departments are assisting in similar studies and hope to gain insight into how farmers and ranchers might profit more from their leasing arrangements.

Results of the study may well help these landholders develop land-leasing income where none existed before or increase their profits from existing operations, Luchsinger said.

Landholders in the region may expect survey questionnaires in the mail in the near future and are urged to return them to Texas Tech's College of Business Administration, %Dr. V.P. Luchsinger. Confidentiality of respondents will be maintained, he said.

Results of the study also will be valuable to wildlife and range management scientists, he said. Findings will be released in general form to the public and the landowners and should be useful to both groups, Luchsinger said.

Local Woman's Brother Buried

Services were held Sunday, Aug. 1 in Groom Church of Christ for Robert Lee (Bob) Newton, 71, brother of Mrs. G.H. Bley.

Officiating last rites were Jack Outhier, minister, Glen Watson and Gaylor Cook. Interment in Claude Cemetery was under direction of Smith Funeral Home of Panhandle.

A native of O'Brien, Newton had been a resident of the Groom area since 1934. He was a former school teacher, later farming and ranching.

He and the former Lenabel Harrell were married in 1935 in Lark. He was a member of the Groom Church of Christ, Top of Texas, Panhandle and American Hereford Breeders Assn., and T Club of West Texas State University.

Other survivors include his wife; two daughters, Mrs. Mollie Turner and Mrs. Judy Friemel, both of Spearman; one brother, Tom Newton of Big Spring; one other sister, Mrs. Lovena Strawn of Greenville; and five grandchildren.

Mr. and Mrs. Elmer Houston, Chris and Michael, attended the Groom services.

Madalyn Murray O'Hair Son Regrets Part In Movement

William Murray, son of the atheist Madalyn Murray O'Hair, wrote the following letter which was printed in the Congressional Record, June 24, 1980, and reprinted in The Coming Storm, a publication of Christian Heritage Center in Louisville, Kentucky, July 4, 1980:

"I would like to apologize to the people of Austin for the part I played in the building of the personal empire of Madalyn O'Hair. My efforts to that end were an affront to the people of Austin, the people of this nation and to God.

"My crime was two-fold in that I was aware of the wrong of my actions at the time and continued them for the purpose of my financial profit. I was continuing to practice the hateful and anti-moral way of life I had learned from birth in an atheist home.

"I deeply regret streamlining Madalyn O'Hair's society and moving it from a falling-down three-room house to a modern staffed office complex. I loathe the idea that I lowered myself to editing her anti-God magazine.

"Looking back on the 33 years of life I wasted without faith and without God I pray that I may be able to correct just some of the wrong I have created. The part I played as a teenager in removing prayer from public schools was criminal. I removed from our future generations that short time each day which should rightly be reserved for God. In as much as the suit to destroy the tradition of prayer in school was brought in my name, I feel gravely responsible for the resulting destruction of the moral fiber of our youth that it has caused." (Congressional Record, June 24, 1980, p.E4163)

"The patient conquer."

Attic Insulation Can Save Energy

For those interested in saving heating and cooling dollars, the Department of Energy suggests insulating or increasing attic insulation.

If there is old insulation less than six inches thick, chances are more is needed.

Investment costs can range from about $80 to $600. Heating and cooling savings should range from somewhere around 5 percent one adds to present insulation to as much as 30 percent if there is no insulation now.

When putting down insulation remember, don't insulate over eave vents or on top of recessed lighting fixtures or other heat producing equipment on the attic floor. Also, keep insulation at least three inches away from the sides or these type fixtures.

LIBERTY LINES—

Jimmy's Little War

Robert M. Bartell

WASHINGTON (Liberty Lobby News Service)—We have accused President Carter of being willing to stop at nothing in order to accomplish his own goals, as well as those of his family members and Trilateral cohorts. But if the latest reports are accurate—and we have every reason to believe they are—Carter has managed to bring U.S. politics to a new low.

The latest grim reports out of Washington tell of a president who is allegedly ready to plunge the U.S. into nuclear war—in order to be reelected.

The SPOTLIGHT, published by Liberty Lobby, and columnist Jack Anderson, for a change, agree. Both have received reports that President Carter has made plans to declare war—possibly to plunge the U.S. into World War III—in order to be elected again.

The SPOTLIGHT says it believes such an action would be far worse than Watergate . . . or President Roosevelt's tricking the U.S. into World War II, and declares that Carter's plans, if true, are cause for impeachment.

The SPOTLIGHT also hopes that publishing news of Carter's alleged intentions will stop him from taking such irresponsible action. Specifically, Carter plans to bolster his ailing campaign by invading Iran a few weeks before the election. Then he could use FDR's old ploy—"don't change horses in the middle of the stream." Presumably this would vault him to victory over Ronald Reagan. Never mind that Americans would die and that we would be risking nuclear holocaust in World War III with the Soviet Union.

The SPOTLIGHT received the report of Carter's alleged intentions three weeks before Jack Anderson's column from a very well informed source in the House of Representatives. However, as is the policy in responsible journalism, The SPOTLIGHT wouldn't run the story until it was confirmed independently from another source. Jack Anderson's report, containing the same information as ours, didn't come from The SPOTLIGHT's source.

A number of newspapers, including the Washington *Post*, refused to run the Anderson report, because they said they couldn't get confirmation.

So The SPOTLIGHT concurs with Jack Anderson on this one. It appears there is no price Carter won't have the American people pay—to keep him and his Trilateral manipulators in office.

The SPOTLIGHT predicts that in time someone who places his loyalty to the country above his career will spill the beans about Carter's criminal conspiracy, and says that public disclosure and discussion of this alleged plan are all for the good.

FDR's crime of deliberately instigating the Japanese attack on Pearl Harbor is infinitely worse than Watergate, says The SPOTLIGHT, and Carter's alleged plans are even worse. Although World War II was an unmitigated disaster, nuclear war would be indescribably more horrible.

As The SPOTLIGHT pointed out, "Our numerous exposures of the Carter cabal, going back to 1976, have proved that, never in history has such a bunch of degenerates occupied the White House. To think that Carter would shirk at starting a war to get reelected is naive indeed."

We can't predict whether there'll be an honest investigation of the Carter affair because the establishment will try to paper it over with tons of newsprint. But even if there's no investigation, we trust the public discussion brought about by the Anderson story will forewarn the voters of this, or any similar trick, to get reelected.
