# HEAVY VOTE EXPECTED TODAY

## H. N. F's.

*Mainly About*

## *People*

**Today We Vote—**
**Vote For Texas—**
**A Chance to Build—**
**Think of the Future—**

THIS is primary election day. This is the day when the white ballots of the democrats of Texas shall fall into the boxes and decide who shall be United States senator, lieutenant governor, state treasurer, state superintendent of public instruction and to name the candidates for minor offices the state over where runoffs are necessary.

America is the greatest democracy the world has ever known. When this republic was founded 146 years ago, there wasn't a government of and for and by the people anywhere else under the shining sun of the heavens. These fathers of ours gave the people a constitution which provider for a constittuional government and all the blessings thereof.

That constitution declares that this shall be a government of the people and that all power shall come from the people. This constitution declares that the rights of civil and religious liberty shall never be abridged. This constitution declares that the right of trial by jury shall never be denied. This constittuion declares that equal justice shall be meted out to the high and the low, the rich and the poor, the white and the black, the gentile and the Jew the Protestant and the Catholic.

ON these foundation stones were erected the government of the fathers and for 146 years the government of the fathers and their traditions have withstood the gnawing tooth of time and all insidious attacks from without or within.

This is the house the fathers built. This is the faith they gave to the people who are on earth when the republic was born and bade all those who came after them to keep the faith until the end of time. This is a democracy. This has been the freest and the best government that all ages and all civilizations have ever created or ever known.

Glorious indeed is the history of the fathers and sublime indeed are the two great monuments they reared for all time—the declaration of American independence and the constitution of the United States. Throughout the decades since liberty bell first tolled its glad tidings Americans have ever triumphed because they have ever fought for that which was righteous and that which was just. They met and defeated on land and sea foreign foes and this too after the republic was born. They always fought for the freedom of mankind and for the boons vouchsafed in the Magna Charta of their liberty and their institution.

CIVIL WAR, internecine strife, came and there were foreign statesmen and foreign men of letters who cheerfully predicted that end had come for the republic Washington had founded and his fellow heroes had carved out with their swords. After the shock of battle, after the sacrifice of the best blood of north and south, after the loss of billions the end came and once again the flag of the fathers floated over a reunited people and the republic that was founded by the patriots and heroes of old. Americans have ever been patriotic. Americans have ever been just. Americans have ever kept the faith and for 146 years those who believed in the gospel of the illustrious founders have controlled this government and directed its affairs.

There is no government like it. There is no flag like it. There is no constitution like it. There is no history like ours because not a single page is blackened by acts of despotism or records the denial to a minority the constitutional rights which the fathers gave. The ballot is a sacred thing.

IT has ever been in American history the potential weapon of a free people and for that reason all men and all women who are proud to call themselves Americans or Texans, either native or foreign, should vote fearlessly, vote intelligently and vote for the best interests of their fellows and their country. This is the way they voted before the coming of the war between the states.

This is the way they have voted since 1872 when a government composed of carpet-baggers and renegades and ignorant blacks was overturned by the sons of liberty and a white man's government created by the democratic party has dominated all these years down to the present hour. This is a free country and the conscience and the convictions of a voter be his or her guide. In the long ago the great fathers of the republic decinred that there should never be a union of church and state.

In the long ago those who fought for the independence of Texas made the same declaration in the constitution which Sam Houston and others helped to pen. This is a government of all the people and for all the people.

THIS is not a government for any nomination or by any denomination. A man is a democrat, a republican, an independent or a so-

## *Man in Moon Gets Gay and Startles Local Sky-Gazers*

Many Wichitans played "peek-a-boo" last night with Jupiter.

Shortly before 9:00 o'clock, the moon approached the planet with outstretched arms and many were not certain as to which was nearer the earth until the moon sailed between, hiding the bright and plainly visible Jupiter for a short time.

Numerous calls to The Record News attempting to identify the planet showed the unusual occurrence was NOT unnoticed.

Had they been watching the heavens before the sun had disappeared, they might have also seen the moon pass almost obscuringly close to Venus. At 6:00 o'clock the moon passed barely two and one-half degrees north of the latter planet.

At midnight tonight, the moon will pass two and one-half degrees south of Jupiter, but the striking feature of the "exhibition" tonight will be that the moon has reversed its position, approaching with a turned back.

## KLANSMEN PAY SILENT TRIBUTE

### Robed Men Appear At Funeral

Special to The Record News.

GRANDFIELD, Okla., August 25. While funeral services for J. E. Tisdale were being held today by the Odd Fellows' lodge, four robed klansmen joined with those paying tribute to the deceased. Standing slightly apart, the figures awaited their turn in the services when they placed a wreath upon the casket and departed immediately.

Tisdale, age 24, an employe of the Grandfield Light & Ice company, was electrocuted yesterday when he reached for a light globe while standing on the iron steps of an ice machine. Though the wire carried only 110 volts, the charge was sufficient to produce death almost instantly.

Tisdale is survived by a widow and five children. The body was shipped to Santa Anna, Texas, following the services here today.

**Successor Hurt**

Clyde Luper, employed for Tisdale's job, suffered serious injuries today when a nexplosion in the fire box of the boiler room burned his face and arms.

Shortly after Luper had gone to work, boiler trouble forced him to shut off the fire under the boiler. Later, about 9:30 o'clock, Luper turned the oil into the fire chamber and when he peeped through a small hole to see whether or not the gas had flamed, the explosion caught him full force as the front of the boiler foundation was blown away. While Luper's injuries are serious and painful, they are not thought dangerous.

## 35 Klansmen Freed of Felony Charges by Jury

By Associated Press

LOS ANGELES, Cal., Aug. 25.—The 35 alleged members of the ku klux klan, tried on felony charges growing out of the Englewood raid April 22, were acquitted tonight by a jury in the superior court.

**CONGRATULATIONS.**

C. H. Clark is due congratulations today. On Friday a new daughter arrived at his home. Both Mrs. Clark and the new Miss Clark are reported doing nicely.

## NATION FACING "FINISH FIGHT" IN STRIKE WAR

### Peace Negotiations Blown Skyhigh Friday

By Associated Press.

NEW YORK, August 25. — The rail strike today developed into a fight to the finish when peace negotiations were blown sky-high.

Heads of the big five railroad brotherhoods, acting as mediators between executives and striking shopmen in a final effort to effect separate settlement with individual roads after the association of railway executives as a whole had rejected the running trades first peace overtures, reported to the representatives of 77 roads at the Yale club this morning that the shop crafts had turned down a proposition made to them yesterday by the carriers.

Negotiations then were sharply broken of and executives, strike leaders and brotherhood chiefs began leaving town prepared for a test of endurance.

**Jewell Sarcastic**

Before he departed for his headquarters in Chicago, Bert M. Jewell, official spokesman for the strikers, asserted that he believed the executives who had lingered for the parley on individual settlements soon would be enabled "to bring home to their hard-shelled colleagues the railroad situation in its grim reality.

"We shall be content to let the condition of equipment prove that the railroads cannot operate with unskilled strikebreakers," declared Mr. Jewell.

"We can and will fight for our terms and for a nationwide settlement."

**Renewed Energy**

Labor leaders then dispatched telegrams to all parts of the country, calling upon strikers to renew the struggle with redoubled vigor.

The latest peace proposal briefly was that roads interested in individual settlements would pledge themselves to find employment for all strikers not convicted of acts of violence, would not curtail pension rights "or other privileges," and would agree to submit to a commission of ten brotherhood leaders and executives all disputes which could not be settled by direct conference.

**Strikers Reject**

The strikers who have maintained that they had not authorized the big five to suggest individual settlements, rejected this proposal with the explanation that it did not guarantee seniority to the men who might return on one third of the country's roads and at the same time would destroy the effectiveness of the strike on the other two-thirds.

Then, from the mediating brotherhoods came the statement that they reluctantly notified all concerned that they considered further peace efforts futile and had nothing more to suggest.

## Tampico Swept By Disastrous Fire

By Associated Press

TAMPICO, Mexico, August 25.—The business district here was swept by fire this morning. Three persons are known to be dead and 12 were seriously injured. Property damage estimated at more than 5,000,000 pesos was caused. The origin of the fire is not known.

The conflagration was the worst in the history of this port. Thirty-seven commercial houses were destroyed by flames, while several others were torn down in an effort to check the fire's spread. An explosion of chemicals in a drug store, while the firement were inside caused the deaths.

## *Judge Scurry Hotly Denounces Klan In Speech for Ferguson at Electra*

Special to The Record News.

ELECTRA, Texas, Aug. 25. — Speaking before a crowd that on numerous occasions shouted its approval, Judge Edgar Scurry of Wichita Falls roundly denounced the ku klux klan, its activities, principles and precepts in a pre-election rally here tonight.

Over 1,000 people gathered before an outdoor platform and for more than an hour listened attentively or lent vociferous encouragement to Judge Scurry in his bitter tirade against the invisible empire.

The speaker left no doubt whatever as to his stand regarding the klan. He denounced it from all angles and ridiculed its every move. The principles of Americanism as expounded by the ku klux were soundly assailed, as were the contentions of klan officials that they were propogating true American ideals and were protecting the sanctity of the American home.

**In touching on the merits and demerits of the respective senatorial candidates, Judge Scurry condemned Mayfield on his klan tendencies and asserted that he would support Ferguson solely on the latter's unrelenting war on klanism.**

Enlarging further on these points the speaker declared that he was a native Texan, born and reared in the Lone Star state, but that he would hide his face and feel ashamed for Texas should she send to the United States senate a man who bowed to the dictates of a masked monarch in Atlanta.

This assertion brought a storm of cheers from the audience and Judge Scurry was unable to proceed with his talk for some time.

Practically the only other campaign issue given attention by the speaker was that of prohibition and this was covered with the mere statement that "I am an anti-prohibitionist—but I don't drink."

A heavy vote is anticipated tomorrow by those in touch with political events.

## Mexican Complaints Turned Over to Neff

By Associated Press

WASHINGTON, August 25—Complaints by the Mexican government, through its embassy here, that the Mexican consuls at Corpus Christi, Texas, had been insulted and mistreated recently when he attempted to investigate at Charco, Texas, the whipping of a Mexican, have been transmitted by state department officials to the governor of Texas, with a request that he cause a full investigation to be made and report the circumstances to Washington.

Until the report from the Texas governor is received here, state department officials said, no further action can be taken in the case.

## Free State Troops Shot from Ambush

By Associated Press.

BELFAST, August 25.—A small party of Free State troops was ambushed today at Glasson, a village near Athlone, by 30 republicans. Free State Lieutenant McCormack was shot dead and the driver of his car badly wounded. A civilian wounded during the fighting succumbed later by his injuries.

## THE WEATHER

WICHITA FALLS, TEXAS
AUGUST 26, 1922

West and East Texas—Saturday and Sunday, part cloudy.

Oklahoma—Saturday and Sunday generally fair.

Minimum temperature 91 degrees at 7 a. m.

Maximum temperature 106 degrees at 3:30 p. m.

## "Battle of Austin" Ends Friday

By Associated Press.

AUSTIN, August 25.—The "Battle of Austin," which has been in progress for the past three days as a field problem for cavalry units of the national guard encamped here, ended today and the cavalry units emerged from the battle successful, Brigadier General J. F. Wolters announced. The imaginary battle ended when the 55th and 56th cavalry brigades crossed the Colorado river on pontoon bridges and drove the imaginary enemy from the town.

## Crowded Car Runs Wild in Syracuse

By Associated Press

SYRACUSE, N. Y., Aug. 25.—A crowded trolley car ran wild down Walnut Avenue hill during a terrific rain and electrical storm here tonight, jumped the tracks after speeding three blocks and was wrecked against concrete and metal lighting poles on a corner. Twenty-two of the passengers were removed to hospitals.

## 3 Hurt When Train Hits Open Switch

By Associated Press

MOBILE, Ia., Aug. 25.—Three members of the crew of No. 3 fast mail train on the Mobile & Ohio were injured tonight and scores of passengers escaped injury when the train hit an open switch on the Ray Spur near Whistler, a few miles from here. The engine and seven coaches left the track. The injured are:

Engineer Charles Conner, Meridian, Miss.

Firemen Lee Oliver, Meridian, Miss.

Baggage Master L. Craft, Mobile.

## *Latest Election Returns First— Come to The Record News Party*

Of course you're coming along. Everybody else is. The Record News is going to entertain you tonight with the latest election returns first. The returns will be flashed upon a screen in front of the building. You know the record of Your Favorite Newspaper for getting it first. Well, tonight'll be no exception. You're our guests. We're going to show COUNTY and STATE returns just as quickly as they're tabulated.

Radio fans will get Record News election service over their radiophones at 8:00, 8:30, 9.00, 9:30 and 10:00 o'clock. Somebody ought to be elected by that time.

## HARDING GETS IMPATIENT AT PEACE FAILURE

### Federal Control of Coal and Rails Looms Up

By Associated Press.

WASHINGTON, Aug. 25.—Federal operation of authracite coal mines and some of the railroads was considered at a white house conference tonight between President Harding and Chairman Cummins of the senate interstate commerce committee, and Attorney General Daugherty.

Senator Cummins said after the conferences that the anthracite operators and miners would be given one more opportunity to settle their differences.

**Must Settle Quickly**

"If there isn't a settlement in a few days," he said, "I will introduce a bill authorizing the government to operate the mines."

Likewise, he said, the railroads would be given a "reasonable time in which to demonstrate their ability to furnish adequate service and that those unable to do so would be taken over.

It was indicated that consideration of these steps would not operate to interfere with the proposed legislation now pending and designed to curb profiteering in coal.

The white house conference followed a survey of the whole situation at the regular cabinet meeting and the termination without result of the conference at New York between railroad executives and union officials. It was stated that the conference would be resumed tomorrow.

**New Conference**

Before tonight's conference the groundwork had been laid through administration overtures for a further meeting between the parties to the anthracite dispute, to be held next week at some point in Pennsylvania. While no detailed explanation was given as to how the government would operate anthracite mines in the event of their seizure, it was indicated that the first step would be to fix a wage scale and then request or direct the miners to return to work. Coal mined, it was stated, would be marketed through the regular commercial channels, the government taking steps to prevent possible profiteering. The bituminous situation did not enter into the discussion, the conferees agreeing that this industry gradually was getting back to normal. While further developments in both the coal and rail situations are awaited, measures designed to minimize the profiteering in both bituminous and anthracite will be pressed in congress.

## Shopmen Protest

By Associated Press.

AUSTIN, August 25. — Protest against treatment accorded striking shopmen at Dension by national guard officials stationed there was made to Governor Neff today by O. J. Shoemaker, chairman of the carmen's union at Denison who conferred with the governor today as representative of union men, it became known tonight.

## Fireman Strike

By Associated Press.

JACKSONVILLE, Ill., August 12. Eighty firemen employed by the Chicago & Alton at Roodhouse went on strike at 3:05 this afternoon as a result of the trouble there early this morning. It is said that all traffic out of there will be tied up. Other brotherhoods will hold a meeting tomorrow to decide on action to be taken.

## *More War In Store for Former Kaiser—Wedlock*

By Associated Press.

LONDON, August 25. — Former Emperor William is bethrothed to the widow of a German aristocrat, according to a report received by the times. The woman is said to be almost of royal rank and the mother of three children. She and the children recently visited the former emperor at Doorn, Holland. It is said the marriage will take place during the coming winter. The report adds that this is not the woman to whom the one-time emperor was reported some time ago to be bethrothed.

## NO ACTION YET ON BONUS BILL

### Senate Spends Two Hours Debating

By Associated Press

WASHINGTON, Aug. 25.—For two hours today the senate heard arguments for and against the soldiers' bonus bill, but it took no action on any of the pending amendments. Senator McCumber, republican, North Dakota, in charge of the measure, made an effort to get an agreement for a vote before adjournment tomorrow, but although unsuccessful, was hopeful that the bill could be passed early in the coming week.

**Amendments Offered**

Two additional amendments were offered today by Senator Smoot of Utah, ranking republican on the finance committee. One proposes that the amended house measure, with its optional bonus plans, be financed by a manufacturers' sale tax, at the rate of one-half of 1 per cent for the first three years and one-fourth of 1 per cent thereafter.

The other amendment was in the nature of a substitute for the pending bill with a paid up insurance plan in lieu of all other options, to be financed by a manufacturers' sale tax, at the rate of one-fourth of one per cent. In each case the proposed tax would become effective next Nov. 1 and exemptions would be made in the case of all farm products and manufacturers doing a business of less than $6,000 a year.

## Yank Private Killed in Coblenz

By Associated Press

COBLENZ, Aug. 25.—Private Lester Irons of Toms River, N. J., a member of a provisional military police company, was found today in a pool of blood with part of his head shot away, outside the garage of Major General Henry T. Allen, in command of the American forces on the Rhine. Private Irons had been on guard duty at this post last night. Two German girls are being held for investigation.

While the authorities are maintaining a reserved attitude, there seems to be no doubt that Private Irons was murdered, as he was shot from behind.

## Attempt to Wreck Flier Thwarted

By Associated Press

JACKSONVILLE, Fla., Aug. 25.—An attempt presumably was made to wreck a southbound passenger train on the Atlantic coast line railway near here tonight at Fisweir Creek. The train sped across the bridge spanning the creek a few minutes after a dynamite explosion.

## WICHITA COUNTY DEMOS MAKE FINAL CHOICE

### Sheriff and Senate Races Stir Up Interest

After listening for a solid month to more or less perfervid pleas from various and sundry candidates, democratic voters of Texas in general and Wichita county in particular will go to the polls today and name the men of their choice for office. Spurred on by one of the most intense general campaigns in years and with a warm hearted weather man promising unclouded skies—and more heat—eleventh hour indications were that Mr. Average Voter would turn out with the whole family and cram the ballot boxes to capacity.

In Wichita Falls and, indeed, throughout the entire county, greatest interest centers in the race for Wichita county sheriff, although the heated marathon staged by senatorial aspirants is running a close second for popular favor. Of lesser proportions locally are the run-off contests for state legislature, precinct 2, the county clerk office and justice of the peace place 2.

**Rallies Stir Up Interest**

Periodic rallies wherein the cream of Wichita county's oratorical luminaries have extolled the virtues of their favorites and, with equal fervor, consigned all opposition unto the tenth generation to everlasting ignomy, have stirred up a sizeable interest in the Ferguson-Mayfield race. Added to this is the fact that both candidates made personal appearances in the city during their speaking tours.

With Fred K. Smith, present incumbent in the sheriff's office vigorously opposed by W. W. (Pat) Murphy, county auditor, this local race has developed into one of the hottest in the history of Wichita county, with everything pointing to an equally spirited finish.

**MAYFIELD MAKES HIS PLEA TO VOTERS**

By Associated Press.

TAYLOR, Tex., Aug. 25.—That every democratic voter in Texas go to the polls tomorrow and express his preference of candidates for senator was the closing appeal made by Earle B. Mayfield, candidate for democratic nomination for United States senator in his final campaign address here tonight.

"The American voter is the American sovereign," Mayfield declared. "When he surrenders that right to vote, he surrenders that which makes a republic and which assures the perpetuation of popular government. Every democrat should, therefore, make an earnest effort to go to the polls and vote. If I could have my way 800,000 democratic voters would be registered in this election."

**Reviews Issues**

Mayfield reviewed the principal issues of the present campaign in the course of his address and reiterated his attacks upon his opponent James E. Ferguson. He urged particularly that democratic voters go to the polls tomorrow and contest the votes of individuals who did not vote the democratic ticket in 1920. Speaking on this point, Mayfield quoted the Texas primary law and followed with an attack on the "American partyites who voted for Ferguson for president of the United States."

Commissioner Mayfield also reviewed his stand on questions relating to labor as follows:

**Supports Labor**

"I believe in the right of the laboring man to organize and bargain collectively, whether he operates an engine through the midnight darkness, dig coal, hammer the forge, sells goods or follows a mule down the long rows of cotton. I am opposed to any movement the purpose of which is to hamstring or destroy organized labor. Industrial courts and compulsory arbitration laws will never settle our industrial problems."

Strong opposition to immigration of labor also was expressed and an appeal made to assist former service men and members of the American legion to find places of employment. "I am apposed to the hyphenated-American, with his heart in some foreign land and his pocketbook in the United States," he said.

"If government of the people, by the people and for the people is to survive, the voter—the American sovereign—must go to the polls and express his preference tomorrow," Mayfield concluded.

**FERGUSON CONFIDENT OF VICTORY SATURDAY**

By Associated Press.

FORT WORTH, Texas, Aug. 25.—Former Governor James E. Ferguson declared tonight he was confident he would be the democratic nominee for senator when the votes in Saturday's primary are counted. He declared he would carry the state by a majority of 100,000 votes.

The most eventful campaign in the history of Texas is now in the hands of the voters," he said. "There will be 500,000 votes case in the primary. I will get 300,000 and Mayfield 200,000. Ten days ago Mayfield had some chance, but the tide has been rising in my favor and during the last week the rush of voters to my

(Continued on page 2)

# SCHOOLS AT ELECTRA GROW

## Large Quarters Used This Year

Special to The Record News.

ELECTRA, Aug. 25. — Plans which, it is thought, will enable Electra school officials to make a more equitable distribution of pupils than has heretofore been possible are now assuming definite shape with the completion of the new Thompson which is to house all high school pupils and a number of those in lower grades. With these enlarged quarters Superintendent B. M. Dinsmore is confident that he will be able to arrange classes so that not more than 45 pupils will be assigned to one room. This limit is fixed by law as a prerequisite to the classification and crediting of the grades. Accomplishment of this means that the Electra schools will be affiliated with other educational systems which have met the standard.

Mr. Dinsmore has announced the following faculty appointments for the coming year:

High School: J. R. Stalcup, principal; C. M. Edens, mathematics and athletics; Minnie Wilson, assistant in English; Leta Mae Cocke, English; Orpah Dennis, domestic economy; E. E. Rogers, mathematics and athletics; Louise Kelley, history; Marie Alexander, Latin; Ruth Simpson, commercial subjects; Ruth Bradshaw, Spanish and general assistant; Vera Jobe, librarian and general assistant.

Junior High School: J. V. Harrison, principal; Mary Smith, high fourth; Frankie Tackett, geography; Marguerite Alford, spelling; Mary Hale, history; Irene Aderholt, reading and English; Ola Marshall, physiology and mathematics; Helen Doran, drawing; Ruby Moore, high fourth; Hope Tackett, writing; Edna Costly, high fourth; Allie Mae Unsell, reading; India Short, mathematics; Christine Broadstreet, English; Margie Ellison, music supervisor.

WARD School: Ida Lee Falls, principal; Eura Wilkinson, Ethel Darnell, Ernest Adams, Llewellyn Lowry, Mabel Perry, Irene Windsor, Merle Parham, Lorna Shepherd, Katherine Donnell, Imogene Henson, Margie Robinson, Amy Crutchfeld, Thelma Sherill, Edna Windsor.

# MAINLY ABOUT PEOPLE

(Continued From Page One)

cialist, as his conscience and his convictions dictate but he should always be an American. This is a government of law and all men of all creeds and all political convictions are expected to subscribe to that doctrine and place their government first. This is not a government of creed or clan or combination.

Thomas Jefferson was the founder of the democratic party. He was the greatest democrat that ever lived on the continent of North America as Jesus Christ was the greatest democrat that ever lived since time began. The Nazarene's gospel was the gospel of the people and the gospel of Jefferson was and is the gospel of a people who wish to remain free and untrammeled and ungagged and unshackled. The gospel of the Nazarene called for peace and good will among men and the gospel of Jefferson for universal justice for all alike. Neither preached hate or sewed the seeds of discord.

THE Man of Gallilee proclaimed the truth that all men were the children of one Father and that he created all in his own likeness. This is an important election. In other years a nomination was equivalent to an election in Texas. There is no telling what will happen this year, speaking of the general election in November.

But all men and women who are qualified should vote. They should vote to keep the faith of the fathers, the constitution of the fathers inviolate, and according to the best traditions of those who have made this commonwealth and country what they are today. Men of all creeds and all political affiliations have to live together. They have to work together. They have to co-operate together. They have to build together. They have to make sacrifices together for the public weal. This has been the history of the past. This will be the history of the future. Vote for Texas and vote for all that the heroes of Texas independence won with their shining swords.

## ANTIPODES AFTER YANK SUPREMACY

By Associated Press.

BOSTON, August 25.—The Australia tennis team that came to this country to capture the Davis cup, significant of international team supremacy, tonight stood as challenger also for the national team honors. In the semi-final round matches today of the national tennis doubles championship tournament at the Longwood Cricket club the Australians, Gerald L. Patterson and Pat O'Hara Wood, advanced to the final round by defeating N. W. Niles of Boston and Jean Borotra of France, 6-1, 7-5, 6-0.

W. T. Tilden, II., and Vincent Richards, playing through champions, moved up to meet them tomorrow, turning back the combination of William M. Johnston and Wallace F. Johnson, also in straight sets, but always after deuce, 8-6, 10-8, 7-5.

## DRURY WELL HAS INCREASED FLOW

Special to the Record News.

PIONEER, August 24.—he Drury Petroleum Corporation townsite well No. 2, which came in a good producer about two weeks ago and which was mentioned as making about 500 barrels, blew in to increased production Saturday night, and is now making 1,200 and 15,000 barrels. The first of the gas blew the flow lines apart and the oil flowed over one-fourth of a block.

The Drury Townsite No. 2 is located on block 28, at Pioneer and with the increased production, is rated as one of the big wells of this sensational field.

## NOTICE REPUBLICANS

The 13th Congressional District Convention will be held at the county court house at Wichita Falls, Texas at 2:30 p. m. Saturday, August 26, 1922. Every Republican is earnestly requested to be present.

T. B. SHOCK,
County Chairman.

adv.

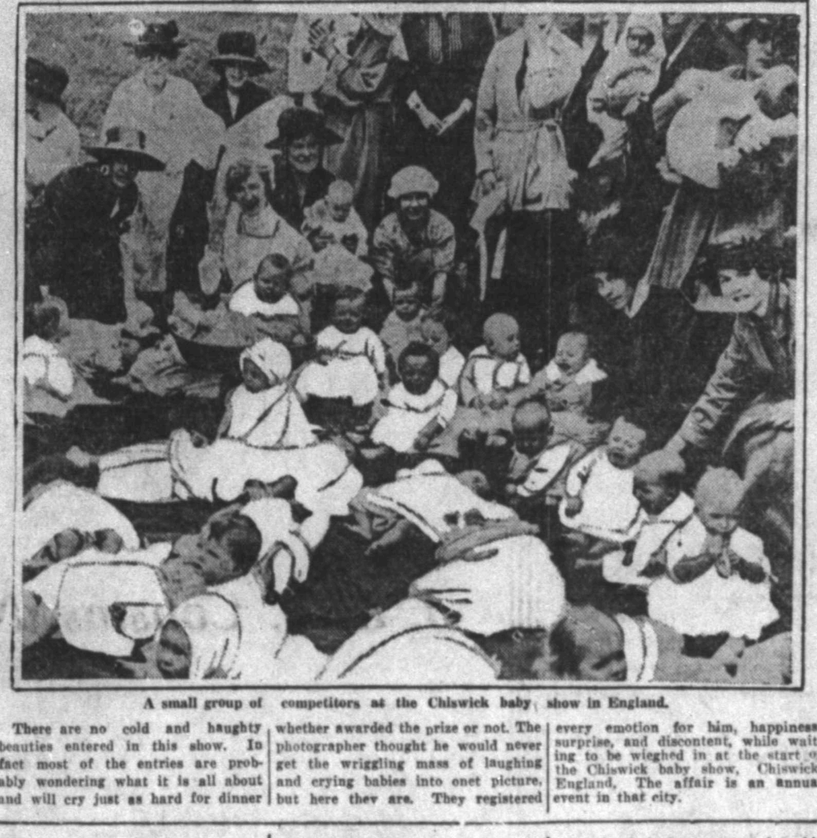

# LEADERS OF ALL RAIL UNIONS CONFER ON STRIKE

The railroad union representatives in session.

Representatives of every railroad union, with the exception of two, in the United States, met recently in Washington to discuss policies relatives to the handling of strikes and other matters. On the extreme left is Warren G. Stone, head of the Brotherhood of Locomotive Engineers. At the extreme right is D. B. Robertson, representing the Brotherhood of Firemen and Enginemen. Second from Stone, seated, is Timothy Healy, president of the stationary firemen and oilers. In the center, seated in the rear, is Martin P. Ryan, president of the car men's union. The meeting was one of the most important obe in recent months.

# WE DON'T CARE WHO WINS THE PRIZE

A small group of competitors at the Chiswick baby show in England.

There are no cold and haughty beauties entered in this show. In fact most of the entries are probably wondering what it is all about and will cry just as hard for dinner whether awarded the prize or not. The photographer thought he would never get the wriggling mass of laughing and crying babies into onet picture, but here they are. They registered every emotion for him, happiness, surprise, and discontent, while waiting to be weighed in at the start of the Chiswick baby show, Chiswick, England. The affair is an annual event in that city.

# MINISTER

Dr. J. Sramek

A doctor of divinity is running the railroads of Czecho-Slovakia. He is Dr. J. Sramek, a member of the popular or Catholic party of the new republic, and minister of railroads in the coalition cabinet.

**Mrs. Rose Burgess and Miss Rose** Murphy will be in charge of the work room of the new Mary Gross Millinery store.

**Forest McConnell and family, left** Saturday for a motor trip to New Mexico and Colorado.

**ANNOUNCEMENT**

Charles J. Templeton, violinist and teacher, will return from Colorado Springs some time this month to resume his work here. New pupils desiring to enroll should address him at 1005 Broad street, Wichita Falls, phone 6292 or 405 North Main street, Colorado Springs, Colo.

campaign has been simply wonderful and overwhelming.

**Strong Everywhere**

"My campaign is just as strong in Collin county as it is in Bexar county, just as strong in Rockwall county as in Comal. Mayfield will not carry a single big city in Texas. Three hundred thousand will vote for me in this campaign. Mayfield has failed to specifically deny any charge I have made against him, therefore, he has lost the confidence of those who might otherwise have been attracted to his campaign.

"If I know anything I know my majority will be decisive and substantial.

"Let my friends go out and vote. I thank them for their continued loyalty and victory in this campaign.

# First Primary Tests Stand

By Associated Press

AUSTIN, Texas, Aug. 25.—County executive committees have no authority to apply tests at tomorrow's primary election in determining what persons may vote that were not applied at the first primary, John C. Wall, first assistant attorney general, held in an opinion telegraphed to L. C. Ketcham, member of the county committee of Elkhart, tonight.

# Civil Service Makes Big Employe Cuts

By Associated Press.

WASHINGTON, Aug. 25.—The total number of federal government employes in the executive civil service on June 30, last had been reduced to 560,863 the civil service commission announced today as compared to a total of 917,760 on armistice day and 438,057 at the end of the last fiscal year before the United States entered the war.

# CLINT WOOD PUTS WICHITA ON RADIO MAP THROUGH W K A F

## Musical Concert Is Offered as Opener For Local Station

W K A F was officially introduced to Wichita Falls and radio fans within a 360-meter radius last night by Clint Wood in behalf of the local chamber of commerce.

Promptly at 7:00 o'clock a short musical concert was started which lasted for about 15 minutes. Mr. Wood was then introduced as "the principal speaker of the evening."

Lauding the W. S. Radio Supply company for the active interest taken in their work and the interest in "the city that faith built," Mr. Wood then told of Wichita Falls as it stands today, explaining the great irrigation project.

The industry and enterprise of the city was his chief theme, with reference to the many valuable projects now considered here, and particularly did he stress the Texas-Oklahoma fair.

Following Mr. Wood's address, baseball scores furnished by The Record News were broadcasted, together with other interesting bits of late sport news.

The program was concluded with musical selections.

The W K A F program will be a regular nightly affair to all stations within a 360-meter radius.

## Miske Knocks Out Fred Fulton

By Associated Press

ST. PAUL, Minn., August 25.—Billy Miske, St. Paul heavyweight, knocked out Fred Fulton of Minneapolis in the first round of their scheduled ten-round bout here tonight.

## Norfleet Aids in Swindler Haul

By Associated Press

DENVER, Colo., Aug. 25.—J. Frank Norfleet, of Hale Center, Texas, one time victim of the Joe Furey gang of confidence men and who has since devoted much of his time to hunting down men engaged in swindling others, furnished information to District Attorney Phillip VanCuse that led to the arrest here last night and eardly today of 35 persons alleged to have operated confidence games in Colorado, Florida, Cuba and elsewhere.

The arrests were made by deputy district attorneys and state rangers and the prisoners were kept in the basement of a church all night to prevent them from communicating with prisoners in the city jail. Lou Blonger aond A. W. Duff, two of those arrested, were released today on bonds of $25,000 each but the others were held in jail in Adams and Jefferson counties, adjoining Denver.

**LOVE ALL GONE THEN.**

Mrs. Pennywise—"Too bad your fiance has no money. But I suppose it'll be a case of love in a cottage."

Miss Goldilox—"No, I think not. You see, we're going to board at first and we won't move into our cottage until after the honeymoon.

# Escaped Convicts Captured in Hills

By Associated Press

RAPID CITY, S. D., Aug. 25.—Halted at the borderland of the Black Hills, four escaped convicts from the Sioux Falls penitentiary ended their terrorizing drive across South Dakota about 50 miles east of here late today with the capture of three of them and the capture of the other three.

Their [illegible] began August 17, when they knifed a deputy warden, kidnaped the warden and escaped in an automobile, was marked in the final hours by two clashes with posses, as the convicts sought vainly to reach freedom in the fastness of the Black Hills. Through three counties they streaked today, probably mortally wounding a county official and injuring two others in a clash near Stamford and were finally brought to a last stand between Well and Creighton, when a crack shot from a sheriff's rifle toppled the driver of their car and sent it into a ditch.

**Roads Were Back On Easy Street**

Railway earnings for June, all returns now being in, show net operating income for June equal to 4.78 per cent on the roads' valuation. In May the net income was equal to 4.36 per cent on valuation and in June last year 3.18 per cent. It is estimated the roads will earn 5.75 per cent this year if the strikes are settled soon.

**PARNELL**
**For Representative**

TO THE VOTERS OF WICHITA COUNTY:

We know that it is of the most vital importance to the citizens of Wichita county that careful consideration should be given to the selection of its representatives in the Texas legislature to the end that they be thoroughly qualified and capable and especially fitted for this position. We therefore submit to the voters of the county our indorsement of J. D. Parnell, and do so after having carefully investigated his record while he was a member of the legislature from this district in 1919 and 1920. Many matters of importance to this county and district were before that body during those two years, among them the oil legislation, the amendments to the irrigation laws, the appropriation for the completion of the North Texas Insane Asylum and many other matters of importance to this county and district. We have found that his efforts in the interest of his constituency were untiring and were entirely satisfactory and successful. There will be many important measures before the legislature which will convene in January of 1923, and we feel that his experience and ability will enable him to more thoroughly represent us.

In commending him to the voters of Wichita county we do so only in the spirit of fair mindedness and we feel in the best interest of the county. We know that he will be fair minded on all questions and always alert and active in the interest of the people of this county.

# Shamrock Well Drilled Into Sand

## 500 BARRELS NOW FLOWING

### Best Producer on Shamrock

The Shamrock Oil corporation's No. 6 Waggoner was drilled in Thursday in the 1900-foot sand and is producing at the rate of 500 barrels daily, according to reports from the field Friday.

The new well is the best producer on the Shamrock lease, in the southwest part of the main pool, South Electra and is also the largest well reported for the week.

The No. 8 on this lease is now being drilled in. This well is in the 1500-foot sand, and is expected to make about the same as the other 1500 foot producers in this part of the South Electra pool, from 100 barrels up.

## MORE GAS CUTS ARE PREDICTED

### Senate Committee Pessimistic

By Associated Press.

WASHINGTON, Aug. 25.—Further reduction of the price of gasoline was forecast today in a preliminary report by the special senate committee which is investigating the industry.

The committee's prediction was based on the recent cut in the price of crude oil, which it was said might reasonably be expected to reflect itself in the cost to the ultimate consumer of the refined product.

**Small Ones Hard Hit**

At the same time the committee held that small oil producers and refiners were getting the worst of it under the present organization of the industry because of violent price fluctuations which have followed control of a large percentage of stocks by the larger companies. A continuation of the system, the report said, must "spell disaster" to the small independent concerns which really produce more than one-half the nation's crude oil.

**Further Cut**

Referring to current gasoline prices, the committee reported that an analysis of the statements of witnesses would make it seem "reasonable to expect a further lowering of the price of gasoline as a result of cutting the price of crude from $2 to $1.25 a barrel." This expectation was based, said the report, on explanations before the committee that the recent decline of 2 cents a gallon on gasoline has resulted from a previous cut in the price of crude and further that many of the refiners still were using stocks of crude bought at prices higher than the present quotations.

## SHALLOW WELLS IN MORGAN FIELD ARE SHOWING UP BETTER

Special to The Record News.

CISCO, Texas, Aug. 25.—News from the Moran shallow field reports continued and renewed activities in that field, with considerable development under way.

The Ilsing & Trammel No. 3 Stephens is expected to be drilled in today. They are now drilling at 285 feet. Mr. Trammel, of the Ilsing & Trammel company, states that he believes the Moran field one of the greatest shallow fields yet discovered and any leases are being secured and much development is expected.

The Texas company spudded in their Gurney No. 2 Monday. This is expected to be a good producer, as good as their No. 1 which was reported making 50 barrels at about 500 feet.

Messrs. Ilsing, H. K. McCullom and M. E. Roper, of the McCullom Construction company of Fort Worth, have arrived in Cisco and are on the ground to see the Ilsing & Trammel No. 3 come in today.

## SEND TRIED MAN TO LEGISLATURE JOHNSON URGES

In a statement made public today, Hon. B. F. Johnson tells why he is supporting J. D. Parnell in his race for legislature from Wichita county.

He says that Mr. Parnell having served in the legislature before, knows the procedure, customs and personnel of the legislature and is in a better position to get things done than a new member. He also points out that the two other members of the legislature from this district are new men in the legislature and that one experienced man is needed from the district.

Mr. Josnson's statement follows: "Having served in the legislature, I am in position to know something of the qualifications necessary for a man to make a successful representative.

"I am supporting J. D. Parnell because I know that he has served a term in the legislature. He is in position to render better service to Wichita county by reason of that fact. He knows the procedure, customs and personnel of the legislature. He can get things done.

"A new man must serve at least one term before he can fully utilize his ability in behalf of his constituents.

"The two other men who will represent Wichita county are new men—never having served in a legislative body.

"Let's send at least one experienced man to the legislature. It is of vital importance.

"B. F. JOHNSON."
(Political Adv.)

## 1000-Barrel Well Expected in Bed Of Red River Near Grandfield

Grandfield is in the throes of a new oil excitement following favorable reports from the Revenue oil test, 100 yards out in the bed of the Red river, approximately two miles from Grandfield.

According to H. N. Patterson, one of the publishers of the Grandfield Enterprise who was in Wichita Falls last night, the well is flowing 25 barrels and is getting better.

It is expected that this well will be brought in some time Saturday or possibly Sunday and a flow of 1,000 barrels a day is expected.

The drill has penetrated the 1650-foot sand, which has been tapped by all the riverbed wells now flowing. The Revenue is a stock company, with perhaps most of the stockholders in Indiana and Illinois.

A number of Oklahoma City men interested in the test arrived here yesterday, at which time it was expected to bring the well in, but the drillers have been working carefully in penetrating the cap rock.

## Kosse Citizens Awaken and Plan To Take Care of Its Boom Crowds

Special to The Record News.

KOSSE, Texas, Aug. 25.—The citizens of Kosse are just beginning to recover from the staggering blow that was dealt out to them as a problem to solve, when last Friday the greatest well that was ever brought in in Texas, began rushing its golden fluid into the clouds just to the north of the city, hurling forth to the world news of its advent, and sending prospectors, spectators, oil operators and producers scurrying to the city from all points of the compass, to get in on the ground floor for acreage upon which to start the drill for the cherished fluid.

As they began to emerge from the daze into which they were precipitated, they began studying methods of handling the dilemma, and a movement is on foot just now, engendered in a mass meeting Tuesday, for providing the mayor with a salary, office, assistance and policing the city, providing water and sewer, oiling the principal streets arranging ample sanitary measures and, in short, assist the city from its swaddling clothes into a full grown, vigorous, active, energetic, manly man.

## GAS SAND HIT NEAR VERNON

### Heinzerling Well Has Showing

Special to The Record News.

VERNON, Aug. 25.—A considerable gas sand, the quest of drillers on the Heinzerling well 11 miles south of town, was encountered yesterday at a depth of 1,418 feet after a period of activity lasting for several weeks. Each day witnesses an increase in the pressure of the gas and operators are confident that they will be provided with at least enough to furnish them with adequate fuel for further development.

Additional sands, shown in the log of the Castlebury well which is not far distant, will be sought after by Heinzerling drillers. Thus far the strata encountered have compared identically with those of the Castlebury test.

**TOWNSEND GIVES MAYFIELD SPEECH.**

Special to The Record News.

VERNON, Aug. 25.—W. J. Townsend of Wichita Falls spoke before 75 people in the district courtroom here Wednesday night in behalf of the candidacy of Earle B. Mayfield for the United States senate. The speaker attacked the record of Ferguson while governor, and ridiculed several of the more important supporters of that candidate.

**HEAVY DOCKET FOR DISTRICT COURT.**

Special to the Record News.

VERNON, Aug. 25.—The September 4 term of district court which will convene in Vernon will offer one of the heaviest dockets in years. About 20 criminal cases are awaiting investigation by the grand jury.

## Kendrick Scores Teapot Contract

By Associated Press.

WASHINGTON, Aug. 25. — Declaring that the recent leasing of the Teapot dome naval oil reserve in Wyoming strengthened monopolistic control of the oil industry, Senator Kendrick, democrat, Wyoming, told the senate in a speech late today that the contract which turned over the field to Sinclair oil interests was "vicious and criminally wasteful," and that it would "eventually plague and even damn the administration."

The terms of the lease, the senator said, were not only improvident ,but would cause a "shameful and unnecessary destruction" of the final naval oil reserve. He added that it would not promote competition as claimed, but in a time of "huge over production, aid in turning to private interests the millions of dollars which the government would realize" were the property "properly handled."

**MIDDLE STATES DIVVY**

Middle States oil has declared the regular 1 per cent monthly dividend, making 3 per cent for the quarter, payable October 1, to stock of record September 10, and for the subsidiaries proportionate quarterly dividends, as follows: Imperial oil common, 2½ per cent; Imperial oil preferred 2 per cent; Texas Chief 2 per cent; Dominion oil 2 per cent; Ranger, Texas, 2 per cent, each payable October 1, to stock of record September 10.

## EMPIRE BUYS PLANET HOLDING

### 3 Millions Paid for Leases

Consummation of a deal which has been known to be pending for some weeks, the purchase of the holdings of the Planet Petroleum corporation in the Electra field by the Empire Oil & Gas company of Oklahoma, was reported Friday from Electra. The purchase price was said to be around $3,000,000.

F. J. Holmes, the general manager in this district for the Planet was not in Wichita Falls on Friday, and details of the transaction were lacking.

The principal producing property of the Planet, which is a Fort Worth organization for the most part, consists of a 160-acre lease in the heart of the original "South Electra Shallow Pool" now the center of the sensational 1900-foot developments, with every acre proven, though the lease is only partially developed. Both the Burnett and Waggoner A-lease are in the proven south Electra field, and the production from the two leases amounts to around 4,000 barrels a day.

The Planet began developments in 1920, and to date have more than 50 producing wells. They have been among the most active in the development of the 1900-foot sand, and are among the heaviest producers in the entire field, and excepting the big companies.

## Bremond Well Upsets All Dope

Special to The Record News.

BREMOND, Texas, Aug. 25.—The Humphreys-Jones well, eight miles north of here has upset all the dope of the geologists. A large percentage have stated that there would be no oil found south of Groesbeck.

The Humphreys-Jones well which is regarded as being the largest wildcat well ever brought in in the state of Texas, excepting the old Beaumont gusher, this well being eight miles north of Bremond and 30 miles from any production, has created the greatest excitement that the oil industry has every known in the state of Texas. Oil people from every state in the union are now flocking to this wonderful oil center and it is believed by the best of the oil fraternity that this will be the largest pool that has yet been discovered in the wonderful oil state of Texas.

The Humphreys-Jones well is not a great surprise to many of the oil operators, who have studied out the structure along the Balconies Fault. Many old experienced oil operators are now drilling in this section especially south of the Humphreys-Jones and along the great uplift, which extends several miles along the fault.

## 75-BARREL PUMPER IN OLD CLARA POOL

Reports from the Swan Petroleum company's No. 1 Peterson, three and a half miles northeast of Iowa Park, state that the well, on a sand at 2,145 feet, is to be put on the jack as soon as a spudding machine is rigged up. The well is said to be showing for 20 to 25 barrels a day as it now stands. It will be drilled deeper before being put on the pump.

## LEST WE FORGET

NATIONAL COMMANDER HANFORD MacNider of the American Legion predicts that the adjusted compensation bill will be passed by the senate. He has completed a personal canvass of the situation which shows that a majority of the senate, including both parties, favors the bill and is pledged to vote for its passage and that the American Legion has absolute confidence in the good faith and integrity of these senators.

Julius Barnes, president of the chamber of commerce of the United States, has sent a letter to business organizations in every state informing them that a bonus bill will increase the liabilities of the government beyond any point reached in the history of the country. Big business, through Julius Barnes, says that the national debt was increased more than 2,200 per cent as a result of the world war, and that the compensation act will add a maximum of $4,486,000,000 to the financial burden of the government.

According to the democratic leaders the republican tariff makers have added $800,000,000 a year to the food costs of the American people; they have added hundreds of millions of dollars a year to the clothing cost of the American people; they have protected the steel kings to a fare-ye-well and given the petroleum kings who are large promoters of Mexican crude the world for a fat oyster bed. Regardless of the Julius Barneses and all other opponents of the bonus bill, these former service men are only asking that the American people shall redeem the pledges made to them when they shouldered their rifles and fought to destroy militarism abroad.

They were made the pledges by every lawmaker in the land, every loud voiced politician; every money king who remained at home, every manufacturer who made huge profits during the war, every miser who had money to loan and every important patriot who made the welkin ring with his cries to bridge the Atlantic with ships if necessary and to fight until the last man had expired or the last dollar had been taken from the locker.

There were more than 4,000,000 of these service men. They were heroes all. They gave up their jobs. They kissed their loved ones good-bye. They surrendered all that was dear to men when they responded to the call of country and either crossed the Atlantic or were ready to cross it in those dark days of yesteryear.

They are not heroes now. Thousands were not given their old jobs back. Thousands died under foreign skies. Thousands were maimed or blinded. Thousands contracted diseases which will carry them to early graves. Are they forgotten? Why on primary election day in the county of Tarrant a soldier who had left an arm on Flanders and was gassed in one of the bloody battles of the war asked for a beggerly county office and the so-called democrats of the country gave the office to another who had never worn a uniform.

Two years ago a one-legged soldier in the same county, the first Texan wounded on the other side aspired to a local office. He was defeated by a man who had never worn the uniform. There are instances of this kind the state over; very many instances.

In the long ago after the civil war had closed, the men of the south who had worn the grey became the political rulers and office holders and throughout the north the men who had worn the blue became the political leaders and office holders. This held good for nearly forty years and this is a reminder to the noisy politicians of America and the men of wealth who have forgotten their wartime pledges to the boys that when the 4,000,000 former service men, heroes of the world war, take it into their heads to control the politics of America, there is going to be a day of reckoning as well as a day of house cleaning. There is more than three billion dollars of gold stacked in the American treasury or the sub-treasuries of the United States.

What good is it doing the American people? It is called a gold reserve. There is a farm bloc in congress. This farm bloc will be strengthened by the senatorial and congressional elections this year.

Two years ago alleged wise men said that the days of idealism in politics had departed and that a materialistic age had been ushered in. They are not singing the same song now. There has been political revolution after revolution in many American states this year. There are others coming. Never overlook the fact that National Commander Hanford MacNider doesn't know just what he is doing. All the American Legion men who are high in the councils of the organization have been keeping out of politics and doing their best to keep their fellow former service men out of politics, but they know the power of organization and co-operative effort and when they do decide upon direct political action there are going to be many new faces in the congressional picture gallery. These are facts and the writer dearly loves to submit facts to the reader.

## OBSERVE THE LAW

IT is a mighty good thing that all over the country there has come a call for a more rigid enforcement of the law. President Harding has come out with a strong statement that the law must be enforced and that every citizen must stand by his government.

In Wichita Falls, as practically everywhere in the country, there is ample room for closer observance of the law. The written law was made for the people and without observance of the written law nothing but anarchy can result. The laws were made by the people's representatives for the people and they are for the people to observe. They are for all the people alike and not for the few. Disregard for one law is just as bad as disregard for them all and no man can say, "I am privileged to break this law" for no man is privileged to break any law passed for all the people.

The only class of people on earth who have no regard for law are anarchists and a disregard for law shows an anarchistic tendency no matter how you may take it. If the stars and stripes are to continue to wave over a nation that stands for special favors for none and equal rights to all then we must all observe the law in spirit and in fact.

## FAITH THE GREATEST ASSET

IF you put faith in humanity you will find that in most cases it is justified. This has been tested in many cases.

Recently a moving picture show man in Oregon decided to remove his box office and permit his patrons to contribute whatever amount they pleased after they had seen the picture. The resul was that he made more money than when he maintained a box office.

There are people in the world who, when they know you suspicion them and do not trust them, will beat you if they can, but who will face death to keep a trust.

Personally we know of a case of a Mexican workman who was given to taking many things that did not belong to him. But one day the man for whom he was working entrusted a large sum of money to him saying: "Juan I am going away. I want you to keep this money for me and do not let anyone have it." When the man returned from his journey several days later, he found that not only had the Mexican kept his money for him, but had been severely wounded in a fight with other Mexicans who had tried to take it from him.

It is characteristic of many people—of most people—that if you have faith in them they will not break the faith. The man who hired the thieving Mexican, found him to be a treasure and through many years he entrusted to him the keeping of things valuable and not once did he come up with a shortage.

We need more faith in humanity. We need more faith in the men and women around us. Wichita Falls is the city that faith built and it behooves every man, womar and child in the city to have the same faith in their fellows as they have in the city that they helped build through faith.

## THE VARDAMAN CASE

FORMER SENATOR JAMES K. VARdaman of Mississippi has a plurality of 8,000 over the next highest man and a plurality of 90,000 over Miss Belle Kearney. Woodrow Wilson told the democrat that they must not vote for Vardaman. A majority of the democrats of that state must have forgotten how to read or else they ignored the advice of W. W. All democrats admit that Woodrow Wilson is a great man, but he hasn't any official plums to give away this year. Most of those who claim to be regular trainers of the donkey dearly love to be around when a democratic president or governor shakes the official plum tree. Vardaman, when he was a senator did not care whether the plums fell in his lap or not.

## Rippling Rhymes

### DISAPPOINTMENT

Disappointments bent me double, ers I long had played life's game; for I always looked for trouble, and the trouble seldom came. When I had a field of barley I would sadly gaze threat, and remark, "So help me, Charley, hail will come and knock it flat. And if haply hail should dodge it, it will burn up in the sun, or a whirling wind will lodge it so the reaping can't be done. Or the locusts' wings will rattle as they mark it in their flight, or the neighbors' tinhorn cattle will devour it in the night. Something fierce will overtake it, rain or tempest, drouth or hail; never will the gleaner rake it, or the thresher wield his frail." But the weather was propitious, no disasters came along; my forebodings, grim and vicious, turned out altogether wrong. Yet I hunted round to borrow something that would make me glum; it is hard to bank or sorrow and to find it doesn't come. I've been always prompt to wager that a woe is just ahead; "grief in minor key or major is our portion," I have said. But I'm sore and disappointed, all my theories seem to fail; grief avaunted and arointed just when I would grab its tail

## IF DREAMS COME TRUE— —By Herbert Johnson

## Little Stories For Bedtime

### OLD MAN COYOTE LAUGHS AT BOWSER

And yet Old Man Coyote isn't to be wholly blamed for laughing when Bowser the Hound ran straight into trouble. Of course, it wasn't a bit nice of him to laugh, but what could you expect when he knew that that trouble into which Bowser had blindly run had been prepared for himself? After all, it wasn't so much at Bowser that he was laughing as at Bowser's master, who, you know, is Farmer Brown's Boy. Old Man Coyote was laughing to think how he had been smart enough to outwit Farmer Brown's Boy and lead Bowser right into the trouble which had been intended for him.

When Farmer Brown's Boy had started out that morning to look at the traps he had set for Old Man Coyote there had been a great cackling and squawking of fright among the ducks and chickens, and Bowser had started right away to find out what it meant. Right away he had found the fresh tracks of Old Man Coyote, just as the latter had meant that he should. In fact, Old Man Coyote had frightened the ducks and chickens just so that Bowser would try to find out what the matter was. Off Bowser had started on Old Man Coyote's trail, marking at the top of his lungs. Old Man Coyote kept just far enough ahead of Bowser to make him think that he would catch up in a few minutes.

Straight away across the Green Meadows went Old Man Coyote toward the far corner, where his home was. Old Granny Fox and Reddy Fox heard Bowser's voice and they knew what it meant. They had heard it so often behind them that now they looked at each other and grinned to think that it meant trouble for some one else and particularly because it meant that Old Man Coyote was having to run for his life. At least they supposed that that was what he was doing. You know, they have no love for Old Man Coyote. Old Granny Fox was very much surprised when she saw that he was running straight for his home. She turned up her nose.

"I always supposed the Old Man Coyote was reasonably smart," said she but I was mistaken. A six months' old Fox would know better than to go to his home until he just had to and was sure that he couldn't fool the dog. Hello, what's that? What's happened to the silly dog?"

Both she and Reddy pricked up their ears. They heard just what Farmer Brown's Boy heard and which set him to running as fast as he could—yelps and howls of pain and fright from Bowser the Hound. You see, Old Man Coyote hadn't been stupid at all, as Granny supposed. He had gone straight home for a purpose and that purpose was to get Bowser the Hound into the very trouble which was making him howl so now. As he drew near his home Old Man Coyote had allowed Bowser to almost catch up with him, and Bowser had grown so excite that he couldn't think of anything else. Now, Old Man Coyote knew just exactly where each trap was that Farmer Brown's Boy had set for him and when he reached the first of these he lightly jumped over it.

But Bowser wasn't thinking of traps. He could think of nothing but catching Old Man Coyote. When he reached the trap, which, you know, was hidden, he didn't see or smell it. He put one foot squarely into it. Snap! Two cruel steel jaws seized Bowser's leg, and he was a prisoner! He was caught in the very way that Farmer Brown's Boy had meant that Old Man Coyote should be caught. And sitting down just a little way off and laughing at him was Old Man Coyote himself.

Next Story—"Poor Old Bowser."

### MOVES MILLINERY SHOP

Mrs. Mary Gross has moved her Millinery Shop from Tenth and Indiana to the balcony of the new Kimberlin-Smith store at 820 Indiana. Mrs. Gross claims that the new quarters in addition to being more conveniently located, will also afford her better facilities to serve her patrons

## Ramblin' Kid's PapaGoose Rhymes

### SEE THOSE

No man can help
But see those legs
Because there are
So many

But when they have
Nude stockings on
We think there is
Not any—

That's all!

## Pointed Paragraphs

It takes a lot of rehearsing to make the average man honest.

Other people have prejudices; we ourselves have convictions and opinions.

It isn't the question of who's got the button, but how many she's got.

The significance of sins against ourselves is that they are sins against society.

It is the habit of our minds never to think of the thorns until we are paying for the roses.

Love laughs at locksmiths, which proves that love isn't such a serious matter after all.

If we could have what we want undoubtedly a great difficulty would arise in wanting.

It often happens that the man who talks much about going to glory has neighbors who wish he's make a start.

### OUT OF THE MOUTHS OF BABES

Teacher—Now, Harry, what is the third letter of the alphabet?

Small Harry—Dunno.

Teacher—Yes, you do. What is it you do with your eyes?

Small Harry — Mother says I squint.

"Is that your first cousin?" queried the visitor of little Elizabeth, who was holding the baby.

"No, ma'am," replied Elixabeth. "I had three cousins before he was born."

Teacher—Bobby, don't you know that there is no whispering allowed in school?

Bobby—Yes, ma'am. I wasn't whispering aloud.

## INDIANS GET DIXIE HURLERS

By Associated Press

CLEVELAND, Ohio., Aug. 24.—The purchase of Pitchers Bedgood and Drake from the Chattanooga club of the Southern association was announced tonight by E. S. Barnard, president of the Cleveland club. They will report next spring. The purchase price was not made public.

## DENTON MAN KILLED

By Associated Press.

DENTON, Texas, Aug. 25.—A. G Peterson, large land owner here, was instantly killed last night when his automobile overturned on a country road.

### VERNON MAN DIES.

Special to The Record News.

VERNON, Texas, Aug. 24.—J. M. Ryan, 72 years old, is dead as the result of an illness of only six months' duration. His body has been sent to Davidson, Oklahoma for burial. Mr. Ryan was a native of Mississippi and came to Texas many years ago. He had made his home in Vernon, with his family for the last four years. His wife and five children survive him.

## HUMOR—

By ROBERT QUILLEN

It isn't marriage that fails, but the scatter-wits who try it.

The hymn of hate appears to have bene replaced by the herr of hate.

Most of the stumbling blocks in the way of human progress are blockheads.

If she pretends to believe the lies he tells ,he knows that she loves him still.

As a rule, patriotism is just a beautiful word used to describe envy of another nation.

Even the most daring male flirt watches the woman's eyes closely for the stop-go sign.

A good executive is one who refrains from nagging while others do the work.

In just a little while now the great family question will be: "Can he make the football team?"

It must be delightful to drive an airplane straight ahead and not have to detour every ten miles.

Swell-head is just the conviction that the opinion of the first person singular makes it unanimous.

Wonder how a jitney feels when it grows old and decrepit and reflects concerning the mortgage on it.

It is easier for a camel to go through the eye of a needle than for a rich man to dodge his income tax.

The smaller the town, the less money is required to enable you to talk patronizingly about the "common people."

The less he honors and loves her, the more he enjoys seeing her wear a "daring" frock.

"U. S. would end pollution of waters by oil." With that done, it might be well to try it on international relations.

You understand mankind better when you reflect that failure, rather than righteousness, lessened the number of home brewers.

After coming over on a wet American ship, the immigrant must be cruelly disappointed when can't get a drink in a federal building.

Speaking of failures, there's a man's effort to appear at ease when his wife finds him in animated conversation with a woman who she doesn't know.

Some day the world may learn with astonishment that the solution of its problems is contained in the writings of four obscure men, Matthew, Mark, Luke and John.

### THE EXPLANATION.

The Desk Sergeant—"There's a guy outside hollerin' 'Hip-hip, hurrah! Wonder what's up."

The Patrolman—"He has a pint on each hip and that accounts for the hurrah!"

## International Fight for Supremacy Of Air Stirs Up American Officials

By B. N. TIMMONS,
Washington Correspondent.

WASHINGTON, Aug. 25.—An international fight for the supremacy of the air has begun in the wake of failure by the Washington arms conference to impose limits upon machines operating in this potential war zone of the future.

While reports received by officials here have acquainted this government with the activities of Japan in aircraft instruction, and while Great Britain has just officially announced her intention of creating a 500-plane fleet for home defense, a definite and comprehensive program to provide an adequate air defense for the United States has been quietly worked out by the air experts of the army and navy.

The activity of the three leading naval powers toward aircraft construction indicates that, both in the matter of money and craft, competition has already been transferred from the water to the air. The American program is now ready in tentative form for submission to congress when it is finally approved.

Realizing, however, that expenditures at this time of huge sums for war machines of any kind, while the nation is still demanding money to relieve the tax burden, would prove unpopular, officials virtually have decided that the air program shall be a progressive one, extending over a period of years, like the navy's 1916 building program.

Over whatever term of years the program extends, the present plan is to have it ultimately contemplate:

1. Construction of sufficient plants for the army air service to assure 500 on either coast and approximately 1,000 plants at strategic points in the interior.
4. Detail of 2,500 officers and 40,000 men to the air service.
3. Construction of between 250 and 300 new airplanes for the two huge aircraft carriers into which two of the treaty-doomed battle cruisers are being converted.
4. Equipment of every fighting ship and many of the auxiliaries with an airplane, catapult and whenever possible, landing gear, something like 300 planes being needed for this.
5. Quantity production of the deadly torpedo planes, all metal type, as soon as experiments now being carried out demonstrate the most suitable type for ships.
6. Systematic development of landing fields as seaports for the fleet fliers and of landing fields laid out definite aerial lines all over the country.

## BURKBURNETT PERSONALS

Special to the Record News.

BURKBURNETT, August 25.—The announcement of the marriage of Miss Allie Boom and J. H. Melton came as a pleasant surprise to their many friends in this city Tuesday morning. The marriage took place Monday evening at the home of Methodist minister, Rev. Knickerbocker, of Wichita Falls, where the young couple were accompanied by friends, Mr. and Mrs. Neal Hornsby of this city.

The bride is a popular young business woman, a member of the Manhattan store force, prominent in church and social circles in this city; and has a host of friends who are extending every good wish for her new happiness.

Mr. Melton is proprietor of the Electric barbershop, an energetic, public spirited young business man and enjoying the high esteem of a large circle of friends, who are extending good wishes for a happy and prosperous life.

### VISITING RELATIVES IN FORT ARTHUR

Mrs. J. W. Musgrove is visiting relatives this week in Bridgeport, Texas. They will return the latter part of the week.

Misses Glenn Boyd and Corine Hoke left for Fort Worth Monday, where they will spend a while visiting relatives and friends.

### D. D. D. CCLUB HOLDS SOCIAL

The girls of the D. D. D. club held their social session Monday afternoon at the home of Miss Louise Campbell. A general, good social time was enjoyed, during which the hostess favored her friends with a number of musical selections. Plans were made for a lawn party to be held next Friday evening at the home home of Mrs. Campbell in honor of the D. D. D. club members.

The guests present at the Monday meeting were Misses Amelia Wright, Mary Kate-Ellis, Freeda Owens, Maydelle Parker, Myrtice Jones, Mamie Huffman, Nettie Lee Allison and Queechey Childress.

### MRS. MILLER MEETS BURK VOTERS

Mrs. R. L. Miller, candidate for county clerk in the second primary, was in the city Saturday in the interest of her campaign.

Mr. and Mrs. Jeff Ayers, proprietors of the Blue Star Medicine company of Cameron, Texas, spent Monday night with Dr. J. M. F. Gill and family, former neighbors and friends in that city.

Miss Cora Knaught, who has been visiting in Flodada, Texas, returned home Wednesday.

Mrs. Joe H. Davis and Misses Mary Louise Davis and Lucy Caulfield went on a shopping tour in Wichita Falls Saturday.

The friends of Mrs. Charles Whorton will be pleased to learn that she has recovered from her operation in the local hospital and has returned to her home on the Gulf lease.

Mrs. Ethel M. Freeman, one of Burkburnett's trained nurses, left Tuesday for Fort Worth where she will visit her children and also her father, G. G. Silliphant of that city.

Mr. and Mrs. John Hanning have returned from a business trip to Tulsa, the trip was made overland in the car.

J. J. McGoughey, a prominent druggist of Vernon, spent a few hours in Burkburnett en route home from Marlin, Texas, where he had spent a short vacation.

C. R. Williamson, citizen of Burkburnett, has sold his large farm west of town to Joe Slama, and is moving this week to Venita, Okla., where he has purchased another large farm.

Miss Geraldine Anderson of Lawton, Okla., spent a few days in Burkburnett, visiting Miss Ivy who was a patient in the local hospital undergoing an operation for appendicitis a few days ago.

Miss Dorethea Dorpat, the county Red Cross nurse, will not make her usual round of visit in Burkburnett this week on account of the absence of several other Red Cross nurses on their vacations, when her services will be required in the county office in Wichita Falls.

The Misses Reed of Fort Worth are guests this week in the home of Misses Lila and Sara Majors on East Seventh street. The young ladies are all former class mates in the Texas Woman's college in Fort Worth.

## Bielaski Home

By Associated Press

NEW YORK, Aug. 24.—A. Bruce Bielaski, former chief of the bureau of investigation of the department of justice, was back at his desk in the office of Richmond, Lowring & Co., today, unmarked by his adventures while the captive of bandits in Mexico last June. He reached home last night. He said his only souvenirs of the event are "a wholesome aversion for Mexican jungles and a big dent in my sense of humor."

Used furniture at bargain prices.—Household Furniture Trading Co., 815 Ohio ave., phone 6513.—adv.

Special to The Record News.

BURKBURNETT, Aug. 24.—Mrs. Alvin Flowers and Miss Irene Merchant of Chico, Texas, are guests in the home of their aunt, Mrs. O. L. Clark, and family a few miles west of the city. They will also visit another aunt, Mrs. H. G. Watson, in Wichita Falls, before returning home.

Prof. Will Brumbalow of the Burkburnett public school faculty, left this week for a short visit among relatives in Waco, Texas.

Mr. and Mrs. W. D. Kidd entertained Thursday evening in honor of the birthday celebration of their young friends, Miss Thelma Rigney and Joe Landers.

Many games were played on the lawn, after which the young people were served a treat of iced watermelon.

The guests then returned to the reception room, where a musical program was enjoyed by all; partners were selected and the evening was given over to informal social exchange, at the close of which ice cream and cake was served by the gracious hostess, assisted by Misses Mary Rigney and Leona Owens.

Dave Holtzen of Clara was in Burkburnett Wednesday morning on business interests.

Louie Enloe of Henrietta has been in this city visiting his brother, Bee Enloe, and family.

### CAULFIELDS ENTERTAIN AT FORTY-TWO

On Friday night Mr. and Mrs. J. L. Caulfield entertained a party of young people at "42" in special celebration of their daughter, Miss Lucy Caulfield's birthday and that of their young friend, Francis Felty, both anniversaries falling on the same day.

The progressive games, music and a general social good time, featured the entertainment of the evening, which the young honorees were presented with two beautiful gifts from Mr. and Mrs. Caulfield, the presentation speech being made by a guest, Blain Robinson. A diamond dinnerring was given Miss Caulfield and a pair of gold link cuff buttons to Mr. Felty.

The cutting of the birthday cake, and a dainty refreshment course concluded this unusually happy birthday party.

### BIRTHDAY PARTY AT BALLENGER HOME

A little birthday party was given at the home of Mr. and Mrs. S. O. Ballenger Thursday evening in honor of theil little son, Ollie Ballenger, just 11 years old that day. Informal play and a sprightly contest, in which Othelo Hoke won highest score, filled the hours of amusement, which was followed by a birthday dinner, served by the kind mother hostess. The guests enjoying this jolly birthday celebration were: Alma Howell, Geraldine Rhodes, Leroy Rhodes, Denard Rhodes, Inez and Othelo Hoke, Nona Bell Thrift, Mary Virginia Coats, Joseph Coats, Grace Putman, Fisher Palmer, Frank Palmer, Thelma Ruth Alvery, Buster Grout, Lenard Hoke and L. D. Jones.

## DOGHILL PARAGRAFS

By GEORGE BINGHAM

About the only fault anyone could find with Slim Pickens when he is dressed up all over is that he stands off too far from the dipper when he takes a drink of water.

Yam Sims spent some time in Tickville Thursday afternoon. He says the flies at the Tickville Restaurant sure are the most bashful he ever saw, as he observed a number of them hanging around the front door, instead of going on in.

Sidney Hocks, who is learning to be a detective, got on the wrong trail this morning and tracked himself to the moonshine still house on Muskrat Ridge.

# BIG FISH FRY AT LAKE SUNDAY

## Special Invitation to Klan People

The second big public fish fry that has been held at Lake Wichita, to which the general public is invited, will be held at that place Sunday, according to announcements made yesterday by the management.

An especial invitation to "the knights of the ku klux klan and their families" is extended by the management, it was announced.

The day's entertainment will include dancing in the afternoon and night, music to be furnished by a well-known orchestra, while fish, coffee bread and pickles will be served all day.

## THINGS YOU'LL LOVE TO MAKE

A Handy Tool From an Old Razor Blade

Do not throw away your empty spools or old razor blades. You can make a very handy tool and, with a little decoration, pretty gifts from them. Split a two and one-half inch piece of lead pencil. Take out the lead. Select a spool with a hole large enough to pass the pencil through. Lay one-half of the pencil over the holes in the razor blade. (See "A.") Fasten the pencil to the blade by passing string or fine wire through these holes and around the pencil, as in "B." In the same manner fasten the other half of the pencil of the other side of the blade. Force the pencil down into the hole in the spool. You now have a handy ripper. With one of these it will not be such a vexing task to rip a seam or to pull out wrong stitches. If enameled and decorated, this makes a handy and attractive gift.

Copyright, 1922, by Public Ledger Company.

## DALLAS THEATRES FOR "OPEN SHOP"

By Associated Press.

DALLAS, Aug. 25.—Managers of practically every theatre in Dallas today, declared for the "open shop" and adopted a resolution, unanimously, to employ only "open shop" motion picture machine operators. The action was taken in response to a demand of union operators for increased pay for Sunday work. Twenty-five managers attended the meeting. About 40 operators are affected.

## COLLECTOR HURT IN CAR CRASH

By Associated Press.

GALVESTON, Aug. 25.—W. W. Andrews collector for a furniture company, was seriously injured here this afternoon when the motorcycle on which he was riding collided with a street car within the business district. He was badly hurt at the head.

## NO TRACE OF CONVICTS FOUND

By Associated Press.

HOUSTON, Aug. 25.—No trace had been discovered early today of the four convicts who late Wednesday overpowered an Eastham farm guard near Trinity and escaped. Prison guards and peace officers in all east Texas counties are engaged in the man hunt.

# BARGAINS OFFERED TODAY BY WICHITA FALLS GROCERS

**With some strength shown in the retail and wholesale grocery line during the latter part of this week buying today is expected to be considerably heavier than last week, it is reported.**

**Local retailers stocked up from the wholesale houses during the latter part of the week and are offering today many bargains in foodstuffs.**

**Besides attractive offers in staple lines the grocers and markets are well stocked with fruits and vegetables, having on hand all the market affords. Colorado, California and Florida have been drawn on for vegetables and fruits and there is a fair line of home-grown stuff.**

# Speed King Culbertson Now Making 25 Miles a Day On Mere Donkey

Imagine J. G. Culbertson, who has long held the unofficial title of speed king of Wichita Falls motorists, both on land and water, making 25 miles a day, and on a donkey.

That is his present rate of speed, according to recent letters received by his brother, J. W. Culbertson, and by friends, relating to his "missionary journey" across the Andes. This part of his letters, which have been highly entertaining particularly to those who knew of his penchant for moving quickly to wherever he was going.

To bear out his statements with regard to his vehicle and the rate of travel, Mr. Culbertson sent some pictures. He also substantiated his stories of the extreme cold by the addition to his wearing apparel of a heavy blanket, which he impartially shared with the donkey for one of the snap shots.

Mr. Culbertson is making an extended tour of South American countries in the interests of the Wichita Motors company, which has long enjoyed a considerable business with the south countries. He expects to increase this business to a considerable extent, and to add to the knowledge South Americans have of the United States, Texas and particularly Wichita Falls, the home of Wichita trucks. And at the same time he is rapidly qualifying as a geographical expert, from the voluminous and highly interesting statistics concerning the countries on his itinerary to date.

# LEGION MEETS MONDAY NIGHT

## Session to Be Strict Business Affair

A meeting of the local post of the American Legion, at which some very important business is to be transacted has been called for Monday evening at 7.45 o'clock.

The event is to be strictly a business meeting, it is said, and as many members as possible have been requested by the officers to be present.

## SOCIETY

**JEROME KENNEDY HONORED BY PARENTS WITH PARTY**

One of the interesting events of the week was the entertainment Thursday evening given by Mr. and Mrs. R. E. Kennedy and Mr. and Mrs. McLeary for Jerome Kennedy. The young man, son of Mr. and Mrs. R. E. Kennedy, is a student at Culver and the entertainment in his honor was given prior to his departure at an early date for that well known college. The guests included Misses Margaret Blum, May Burns, Ava Lucille Vernon, Rena Rossen and Messrs. Pierce Langford, Bert Rippey, J. B. Steed, John Ray Duke, Elzie Robertson, Lindel Stone and the guest of honor.

## Society Personals

Miss Louise Schmid of El Paso will arrive today to be a week-end guest of Mrs. J. W. Akin. Miss Schmid has spent the summer in Kansas City stopping in Henrietta and here on her return home. She will be remembered by many friends in thi city where she was a member of the teacher's staff of the high school several years ago.

Miss Lipsky of Fort Worth is the guest of her sister, Mrs. I. B. Persky.

Mr. and Mrs. W. C. Witcher and niece, Miss Frances Ann Saunders, and J. E. Witcher left Friday for Colorado where they expect to remain until the beginning of school.

Dr. J. W. DuVal, eye, ear, nose, throat specialist, announces the removal of his office from the American National bank building to 815 Scott avenue, where he will be associated with the Faith Optical company.—adv.

## Picture at Strand Dispels Thoughts Of Heat Wave Here

"Nonook of the North," is the name of a most unusual picture being shown at the Strand this week. The settings for the picture are the frozen snowlands of Arctic Alaska and it is a portrayal of the almost unbelievable weird existence of the native Eskimo.

From an educational standpoint alone, the picture is well worth while; for it vividly discloses the interesting though Herculean hardships those hearty little men from the Far North have to endure to make a living. The cleverness with which they capture fish and wild animals without aid of firearms is a revelation.

With acuracy worthy of a William Tell, they harpoon their prey and their carnivorous inclinations are displayed, when the audience sees them slay a seal and eat it raw, before it is scarcely dead.

Last but probably not least of their strange customs is displayed when they are shown retiring—and though clad only in nature's garments for the most part—they deem a blanket or so sufficient protection between them and the frigid snow covered ground.

It's an especially good picture to see right now when "Old Sol" is hitting at about 110.

## Collier Identified As Man Attacked

R. A. Collier, deputy United States marshal, has been identified as the victim of the mysterious attack here Thursday evening, while boarding a street car at Ninth and Travis streets.

"I don't know of any motive for the attack," Collier said yesterday. "I was returning from a lodge meeting with my wife and Mrs. Edna Follis, 2015 Kemp, where we board. I had just helped the women on the car, when the attack occurred."

Collier tried to draw a gun to defend himself, but it was wrested from his hand. As it fell to the ground, his wife, jumping from the car, grabbed the gun and started to the assistance of her husband. A bystander tried to grab the gun, and it was discharged accidentally. The two assailants then fled.

When police and reporters arrived on the scene a few minutes later, no trace of either the assailants or the victim could be found.

## FASHIONS

Crepe de Chine Fashions This Little Frock

Pastel colored crepe de chine—any shade that is particularly becoming to the young lady for whom the frock is intended—is suggested for the little dress shown in the sketch, with touches of embroidery as the trimming. Neck and sleeves are bound in self fabric and a little block of smocking appears on each shoulder. The back of the dress has waist extending all around, the panel effect being in the front only. The dress is simple enough for general wear, but its daintiness of finish permits it also to qualify as a party frock. The design might be used for a georgette or chiffon frock with very good effect.

A particularly charming party frock for a small girl recently seen was of pale blue georgette, with sleeves and six-inch wide band around the skirt of cream-colored lace. The dress was cut on straight smock lines, but was caught in at either side by bands of rainbow ribbon, rosettes, and flying ribbon ends finishing these [illegible] at back and front.

The separate skirt and smock style which has always been so popular with girls of 10 to 12 or 14 years has rather given place to one-piece dresses for the coming season. But the very small tots of 4 to 6 are equipped with some clever little blouse and separate skirt frocks that are new and interesting. The favorite plan is to have the blouse, possibly a peasant model of crepe de chine, with colorful embroidery trimming, reach to well below the normal waist line so that the dark or bright color is in reality merely a wide ruffle.

Some interesting frocks have been developed along this line, and the style has its practical side, as the skirt may be sent only occasionally to the laundress or cleaner, while the blouse may have as many launderings as white or light color garments naturally require.

# COUNTY RACES STIR INTEREST

## 109 Cast Vote Under Absentee Law

Belief that county interest in the elections which will be held over the state of Texas today, will be even greater than it was in the first primary was expressed at the courthouse yesterday by several persons who have been keeping in close touch with the campaigns.

Especial interest, it was predicted, will be manifested at the polls today in the local county elections.

Several voters during the afternoon learned that they could not cast ballots in the primary due to the fact that they had not been in this city a period of six months, while others learned from M. L. Tittle, tax collector, that they would be unable to vote because they had not met the requirements of law after having lost their poll tax receipts, by filing applications for transfer three days prior to the election.

In the county clerk's office it was learned that a total of 109 votes were cast finally Wednesday under the absentee rule, all of which will be turned in to the democratic chairman of this county for tabulation.

**NOTICE REPUBLICANS**

The 13th Congressional District Convention will be held at the county court house at Wichita Falls, Texas, at 2:30 p. m. Saturday, August 26, 1022. Every Republican is earnestly requested to be present.

T. B. SMOCK,
County Chairman.

adv.

## CAR SHORTAGE FACES TEXAS

AUSTIN, Aug. 25.—The first complaint of railroad car shortage in Texas and the initial action of the state railroad commission to relieve the shortage, was announced today by Clarence E. Gilmore, member of the state commission. The complaint came from officials of lignite mines at Bastrop, who state the car supply is not sufficient to meet fuel demands of public utilities firms.

## 'WACO QUIET," SAYS RANGER CAPTAIN

AUSTIN, Aug. 25.—The strike situation at Waco continues quiet and there is no necessity for open port law there at present, Ranger Captain E. B. McMordie said following a conference with Governor Neff today. McMordie conferred with the governor on a successor to him at Waco since he becomes superintendent of the state home for delinquent and dependent children September 1.

# Spuds Split With Exporters Taking Final Game 10 to 4

## FRIDAY WIN COUPLED WITH PANTHER LOSS ADDS FULL GAME TO WICHITA MARGIN

### Keene Comes Back Strong After Thursday Banishment; Tanner Has Perfect Day at Plate and Counts Four Runs; Morris and Buscha Lambasted Frequently by Spudders

Special to The Record News.

BEAUMONT, Texas, Aug. 25.—The Spudders strengthened their grip on first place today by taking the final game from the Exporters 10-4 while the Panthers dropped a game to Houston 7-3.

Keene came back today after being banished in the second inning of Thursday's game, and held the Exporters to nine scattered hits. He fanned six hitters and allowed but two passes.

Morris and Buscha were hit opportunely, and coupled with four miscues by the Beaumonters the Spuds had little trouble in piling up their score.

Tanner led the Spudders' attack with three safeties, one a triple. These with a sacrifice and base on balls gave him a perfect day at the plate and he chalked up four of the Spudder runs.

Summa, Kitchens and Adams each had two hits, all of which figured prominently in the scoring.

**Spuds Start Early**

The Spudders started their scoring in the first inning, when Tanner singled to right after Bescher was out on a fly to Edington. Adams drew a pass and Tanner took third when Summa forced Adams at second. A double steal by Summa and Tanner netted the first run.

Two more came in the third when Tanner opened with a triple to left and scored when Adams poked a single to right. Summa singled to right and Adams went to second. Adams went to third as McDonald forced Summa at second. Beck walked filling the bases. White's sacrifice fly to Doyle scored Adams and both other runners moved up. Kitchens walked filling the bases, but Keene fanned.

**Lots Too Many**

The fourth was the Spudder inning. Bescher beat out an infield hit for a starter and Tanner stopped at second when a play was made at third to stop Bescher on a single to left, but both runners were safe. Adams grounded to the pitcher and was out, both runners holding their stations. Summa was hit by a pitched ball, filling the bases and McDonald then came through with a single to left, scoring Bescher. Buscha went into pitch and Mathes immediately threw wild to second when Beck grounded to first. Tanner and Summa both scored on the heave, while McDonald went to third and Beck to second. White hit to Stansbury but McDonald was trapped on the line and finally went out. Kitchens doubled to left, scoring Beck with the last run of the round.

**Exporters Get One**

The Exporters got to Keene for one run in their half of the fourth when Edington was safe when White threw wild to Beck. Stansbury tripled to left, scoring Edington.

The Spudders got another pair in the fifth. Tanner was passed after Bescher went out on a grounder to Brennan. Tanner stole second and when Fedor lost Anderson's throw, Tanner took third. Adams doubled to left, scoring Tanner. Summa again singled to right and scored Adams.

The Exporters got their final three in the fifth. After Doyle was out, Mathes singled to center and when Anderson singled to left, Mathes went to second. A wild pitch moved both runners up a bag and when Beck fumbled Allen's grounder, Mathes scored and Anderson went to third. Alcock went in to hit for Edington and singled to center, scoring Anderson, Allen taking third. Stansbury forced Alcock at second and Allen counted the final Exporter run.

The final Spudder run came in the ninth. Brennan fumbled White's drive and the hitter reached second on the play. Keene doubled to left, scoring White, after Kitchens had flied out to the same field.

The game today marked the final contest between the two teams for the season.

## CARDS GET ABILENE HURLER FRIDAY

By Associated Press

ABILENE, Texas, Aug. 25.—Homer Burch, catcher for the Abilene Eagles of the West Texas league, was sold today to the St. Louis Cardinals for $1,500, it is announced. He is the third Abilene player to be bought by the Cardinals, Pitcher Ward and Outfielder Mason having been bought some days ago. Speck Comstock, who played here last year, but is with Amarillo this season, also has been sold to the Cardinals.

## Open Meeting Today Will Formulate Campaign Plans for Spudder Bonus

Spudder fans are billed for an open meeting today at 3 o'clock at the Palace theater for the purpose of organizing a systematic plan to raise a bonus for the Spudders.

The movement has been fostered thus far by a few individuals who felt that something substantial should be done as an appreciation for the efforts of the team which has battled so far and given the fans justified hopes for the Dixie series.

Several methods of raising funds will be discussed, but since the movement is to be successful through the fans alone, then those who are furthering the movement feel that all should have a voice in the matter.

One hour should be long enough to determine the method and at the same time, give ample opportunity for many subscriptions.

The Spudders are two full games and one point in the lead of the Panthers today, figuring the percentage column. They pull into Galveston today for a four-day engagement with the crippled Sand Crabs. The Panthers open a like stay in San Antonio.

With the termination for these two series, the teams will return to north Texas for the remainder of the season when the race will begin to shape up.

The Spudders are in excellent condition and with the addition of Edmondson, new hurler obtained from the Indians, ought to do valiant battle with Fort Worth, Dallas and Shreveport before the final curtain is rung down September 14.

But when that day rolls rounds the fans want to know that several thousand smackers have been promised toward the Spudder Dixie champion ship fund. There is only one way that goal can be realized, that by systematic organization. It will take the co-operation of the fans to do this and the meeting today will afford all an opportunity to share in the undertaking.

## Wilbarger Forgets Differences in Its Love Feast

Special to the Record News

VERNON, Texas, August 25.—Wilbarger county forgot its political differences today in a love feast which took the form of a huge barbecue on the west edge of town in the tourist camp grounds. Bands played, crowds cheered and there were speeches from farmers and town folks. The attendance numbered easily 2,500 persons, composing practically all walks of life.

**HARRISON RETURNS.**

Mr. and Mrs. Hubert Harrison and family returned Friday night from Greenville where Mrs. Harrison and children have been visiting several weeks. Mr. Harrison joined them there Thursday.

**ONE IN EVERY FAMILY.**

He—"They say there's one idiot in every family."

She—"It's really too bad about your being the only child, Bernard."

## BROWNS SPLIT PAIR WITH YANKS

### Shocker Lets Champs Down With 7 Hits In First

By Associated Press

NEW YORK, Aug. 25.—The New York and St. Louis Americans divided an exciting doubleheader here today, the Browns winning the first game 3 to 1 and New York taking the second 6 to 5. Shocker pitched brilliantly in the opener and held New York to 7 hits, three of them coming in the ninth, when Meusel drove in New York's only run with two out.

New York evened the day by winning behind Bush and Jones in the second game. Van Gilder, who relieved Davis, got into trouble in the fourth when three hits filled the bases with none out. Pruett, who was so effective against Ruth early in the season, struck him out. Schang, however, followed with a single, sending in two runs. Score:

## 49 RUNS MADE IN SINGLE GAME

### Cubs and Phillies Stage Dizzy Exhibition

By Associated Press.

CHICAGO, Aug. 25.—A modern major league scoring record for both teams was established here today when the Philadelphia Nationals and the Chicago Cubs scored a total of 49 runs in a nine inning game. Chicago won 26 to 23. Chicago scored 14 runs in one inning and 10 in another. The former record was made by Chicago and Louisville June 29, 1897, when both clubs scored 43 runs, Chicago making thirty six. Score:

## CARDS UNABLE TO HOLD SMALL LEAD

By Associated Press.

ST. LOUIS, Mo., Aug. 25.—After holding a three run lead seven innings all markers being made on home runs, St. Louis lost the first game of the series with New York 4 to 3.

An error by Hornsby in the eighth prevented a possible double play and assisted the champions materially in winning the contest. The locals' homers were made by Hornsby, Mann and Ainsmith. It was Hornsby's thirtieth circuit drive of the season. Score:

# NAMES OF 171 TEACHERS FOR LOCAL SCHOOLS MADE PUBLIC

## Many on Faculty Last Year Retained; Head Of High School for 4Term Is Announced

Names of 171 instructors who will teach in the Wichita Falls public schools were made public Friday by Superintendent Lee Clark. This number includes the newly elected principal of the high school and junior college, principal of the junior high school and principals of all the ward schools.

Hugh Porter of Denton has been selected to be principal of the high school and junior college. He was selected Friday morning by the school board. He is preparing to come here some time next week with his family.

Mr. Porter has been connected with the Denton state normal for three years, having charge of the mathematics department. He has also had many other years experience in normal as well as in high school work and is a graduate of the University of Texas of the class of 1915, receiving his masters degree three years later.

**Assignments Not Made**

Assignments to the various schools were not announced by Superintendent Clark save in the case of principals. Assignments will not be announced, it is said, until just before school opens as there may be some changes necessary.

The entire teaching staff including principals, supervisors and the superintendent last year was composed of 163 persons. This year, however, many teachers have been added or will be added. Already 171 have been named, counting the superintendent and more are to be named later it is said. The additional teachers are made necessary because of the increasing number of pupils and because new buildings are being completed and more teachers will have to be added. Last year many teachers had entirely too many pupils, it is pointed out.

**49 New Teachers**

Among the teachers named this year there are 59 new ones. They have taken the place of almost two dozen who are said to have married since the last term of school and others who have gone to other schools or who are not teaching this year.

Principals were assigned as follows: Junior high, H. A. Glass; Alamo, J. E. Park; Austin, Bessie Stewart; Barwise, Paul Morgan; Bowie, Nannie Mai Scott; Carrigan, William E. Chalmers; Fannan, S. L. Butler; Sam Houston, Ida Moore; San Jacinto, R. A. Jarrott; Travis, Kate Burgess; Mexican school, Mrs. K. M. Samuels; Washington school (negro) A. E. Holland.

The new teachers on the list announced Friday are: Ruth Abernathy, Elon Aiken, Jack S. Bassel, Mary Biggerstaff, Ned Bond, Lulu Bridgemann, William E. Chalmers, Christine Chandler, Lelia Clifford, Alberta Cockrill, Frances Cook, Gertrude Covey, Cathryn Crawford, J. N. Crawford, Roy J. Daniel, Minadele Davis, Kenneth Evans, R. B. Fore, Elizabeth Hill, Bettye Hollman, Maggie Hughes, James W. Jones, Mary Kirkpatrick, Lola Leath, Dorothea Ledlow, Orlene McComb, Mary Lumkin, Ruby McKenny, Wilma McDean, P. B. Maddrey, Mildred Masters, Minnie Merrick, T. W. Montgomery, Paul Moream, Mona Morgan, Maggie Palmer, Mrs. Lois Parker, Susie Patterson, I. U. Presson, Adelia Richardson, Anita Rogers, Nannie Mai Scott, Alice Small, Birdelle Stephens, Fannie Tirey, Josephine Weedon, Pearlie Weedon, Ruth Wilson, Lucy S. Young.

**List of Teachers Retained**

Teachers who have taught here a year or more named to teach this year follow: Lucille Bennett, Esther Berry, Jewell Berry, Norma Brown, Kate Burgess, S. L. Butler, Mrs. S. L. Butler, Johnnie M. Colbert, Valois Compere, Ila B. Cook, Dixie Crabtree, Susie Creath, Mamie Crump, Florence Cullin, Madge Cummins, C. E. Danehelm, Nell Dashner, Winnie Davis, Hazelle Dean, Mary Dickson, O. J. Didzum, Georgia Lou England, Ethel Farabee, Mary Fields, Kate Gentry, Sadie Fraser, Mary Hall Gilbert, H. A. Glass, Gertrude Goss, J. N. Hall, Katie Haynes, Leila Heaton, Brooks Henderson, Chella Hendrick, Lurine Hightower, Ruth Hill, J. O. Holland, Mrs. Lois Holland, Georgia D. Holmes, Lottie Hooper, R. E. Hudspeth, Mary Hunter, R. A. Jarrott, Richard Jones, Sara E. Jones, Lucile King, Juanita Kinser, Mrs. Sarah M. Kinsey, Ruby Leveridge, Lena McKee, Gaylord McMillan, Florence McQueen, P. B. Maddrey, Ruby Lee Martin, Lucy Martineau, Hilda Masters, J. C. Mathis, Elma Maxwell, Ida Moore, Beatrice Morgan, Johnnie R. Morgan, Margaret Morgan, Olga Morris, Edna Munden, Ethel Nycum, J. E. Park, Ellen Parker, Ima Pendergrass, Mrs. C. H. Polston, L. H. Potts, Mrs. L. H. Potts, Mrs. Susie Potts, A. K. Presson, Mrs. Kyle B. Price, Henrietta Pyle, Mamie Raborn, Walker Riddle, Jennie Robertson, J. T. Rundell, Rowena Russell, Mrs. K. M. Samuels, Ruth Anderson, A. N. Ashmore, Gladys Baucom, Mildred Beaton, Vera Sellers, Corrine Sharp, Lorita Simmons, Mrs. James A. Smith, John W. Smith, Mary Del Smith, Annie Spencer, Jennie Splawn, Mary Ruth Splawn, Ruth Stayton, Bessie Stewart, Cleo Stinnette, Amy Taylor, Belle Tibbets, Lela Tomlinson, Ella May Underwood, Mattie Lee Underwood, Fannie Vaughn, Billie Veazey, Margaret Watson, Aileen Williams, August Wisdom, Ima Wolf, Eula Woodward, Trillis Woodward, Claudie Mae Workman, Agnes Zihlman.

Teachers for the negro school were named as follows: Annie Davis, Lene E. Collins, Mrs. E. V. T. Mayzone, A. E. Holland, Mrs. L. L. Holland, Willie A. Smith, Josephine Wysong, Mrs. J. E. Harrington.

# W. O. CLARK IS DEAD AT OLNEY

Special to The Record News.

OLNEY, Texas, Aug. 25.—W. O. Clark, one of the best known cattle men in Texas and for years a resident of this section, died at his home here today following a period of illness extending over three weeks' time. He was 65 years old and death was due primarily to the infirmities of advancing age.

Mr. Clark had been prominently identified with the cattle business since boyhood and few indeed were the livestock centers of Texas where he was not a familiar figure. He attained considerable success with his stock and was regarded as an authority on all things pertaining to the ranch.

Surviving relatives include one brother, Luther Clark, wealthy cattleman of Quanah, and two children, a son, Luke Clark of Olney, and a daughter, Mrs. George Clark of Fort Worth.

No funeral arrangements have been completed as yet.

# Western Union Lands Cable at Miami

By Associated Press.

WASHINGTON, August 25—President Harding today signed a license authorizing the Western Union Telegraph company to land and operate at Miami, Fla., a cable extending fro mthere to Barbados, where it connects with the line of the Western Telegraph company Limited, a British concern to Brazil. Anfouncement to this effect was made after official notification had been received that the Argentine government had accepted the renunciation by the Western Telegraph company of its monopoly rights in that country.

# BOOTHS ARE SELECTED

A total of 25 retail merchants signed up at the chamber of commerce rooms Friday morning to have exhibits at the Texas-Oklahoma fair and drew their space.

Several of the merchants took more than one booth and it was announced that they will begin at once to fix up their booths. Some more merchants who were unable to attend the meeting will also have exhibits, it is said, and will be allotted space within the next few days. Merchants' exhibits this year are to be unusually attractive.

Wholesale merchants will sign up for space and be assigned their booths during the early part of next week, it has been announced.

# 91 IN SHADE HERE

Dense atmosphere with very little air stirring and a clouded sky over heat that reached 106 degrees and never went lower than 91 degrees caused some uncomfort in Wichita Falls and vicinity Friday. The thermometer at the Art Jewelry company which is tested with the government registering instrument showed that the lowest temperature during the entire night before and early morning was 91 degrees.

Hugh Taylor of Grandfield to Miss Essie Choat of Burkburnett.

L. W. Smith to Miss Margaret Key, both of Burkburnett.

# BRADY WINS WESTERN TITLE

## Outclasses Field in 3-Day Play

By Associated Press

BIRMINGHAM, Mich., Aug. 25.—Mike Brady, Oakland Hills professional, after trying for more than a decade to work the combination of the lock which holds open golf titles, today broke his way through by winning the western open over his home course with a score of 291 for 71 holes—only 3 strokes over par on which was conceded to be one of the toughest tournament links in the country.

Mike outclassed his field at every turn of the three days' play. The second place score was 10 more than Mike's, Laurie Ayton, Chicago, shooting his way into a tie at 301 with Jock Hutchison, when the latter collapsed on his afternoon round after having an excellent chance to beat Brady.

At the 303 mark, fourth place, was George Sargent of Columbus, while next came Emmett French of Youngstown, Ohio, with 304, and the youthful Johnny Farrell of Mamaroneck, N. Y., with 307.

Among the amateur's "Chick" Evans of Chicago easily was the leader with 314. "Chick" would have been a neasy second or third place man had he not lost control of every club in his bag this afternoon, totaling 87 for the final 18 holes.

# BOY LOSES BIKE

Howard Knott walked yesterday for the first time in a long time, and, according to what Howard told the police, he favors doing his errands on his bicycle.

The bicycle, a Napoleon, was stolen from Howard Thursday night by unknown thieves, and the loss was reported yesterday morning. However, despite a day's search over the city, no trace of the missing "bike" has been found.

# SCHOOL RATES SET

Although the school district of Wichita Falls takes in a good deal of territory outside the city limits not many pupils from the country, especially beyond the district limits, are expected to attend school here this year, it is said.

The rates for pupils residing outside the district limits were increased considerably Friday morning by the school board. The new rates will be $3.00, $5.00, $7.50 and $10.00 for primary, intermediate, high school and junior college. Rates last year were $1.50, $2.50 and $3.00 for primary, intermediate and high school.

# *Cubs and Phils Smash Records Galore in Wild "Hit and Run" Spree*

By Associated Press

CHICAGO, Aug. 25.—Two world's records were smashed and two other marks were equalled in a hectic slugging match which Chicago won from Philadelphia today by a score of 26 to 23.

The total runs scored by both clubs—49—is the biggest score in a league game of all time, according to records available here. The major league mark, 43 runs, was made during a game between Chicago and Louisville on June 29, 1897. A previous record was established in the old players league, Brooklyn and Buffalo having scored 44 runs during their game July 12, 1890. Both are classed as major league records with the former being recognized as the record of modern baseball.

The record for the most hits by both teams since 1900 in one game was also shattered, a total of 51 being made. New York and Cincinnati in the National league scored 49 hits during a contest June 9, 1901.

Outfielder Callaghan of the Chicago club equalled the world's record for the number of times to face a pitcher in one inning. He came up three times during the fourth inning batting rally of the Cubs and smashed out two hits and struck out once. This record is shared by T. Burns, Fred Pfeffer, F. Goldsmith and Billy Sunday, who faced the twirler three times each in the seventh inning of a game between Chicago and Detroit on Sept. 3, 1883.

By scoring 14 runs in one inning the Cubs tied the modern major league record made by the New York Americans against Washington on July 6, 1920.

# Dry Weather Hurts Crosbyton Crops

Special to the Record News.

CROSBYTON, Aug. 25.—The continued dry weather has made cotton prospects here drop considerably and the same cotton that had a favorable showing two weeks ago for one-fourth bale per acre, now shows that one-sixth would be more in line and that estimate is not for the entire county, which estimate would very likely be lower and within an average of a bale to 7 or 8 acres.

The feed crop is seriously damaged and while there may be some little feed to sell, there will be more to be bought, and the county will do indeed well to make enough to get by on.

Three gins here are being made into first class order for the fall crop, and with a cotton classer, will give the farmer the greatest benefit and the most satisfaction we have had to offer in a long time.

We need rain now to enable the farmer to sow early grain for winter pasture and many are ready to take advantage of such when moisture is sufficient.

# Delegates to War College Appointed

By Associated Press.

AUSTIN, August 25.—Governor Neff today named P. A. Weathered of Houston, and Wayne B. Davis of Goliad, state commander of the American legion, as Texas representative to the army war college which opens in Washington next month. The appointments were made at request of Major General John L. Hines, Fort Sam Houston, commander of eighth corps area.

# TEXACOS MEET GULFERS TODAY

## Will Play Second Game at 3:30 P. M.

The Gulf and Texas companies will meet at Athletic park this afternoon to play the second of a three-game series to decide the championship of the Twilight league. The game will be called at 3:30 and gives promise of being one of the snappiest contests staged in the city this season. The first game went to the Gulg company one of the hardest fought games ever witnessed here had been staged.

The game today is the most important to the contesting teams that has raced them this season. After a hard season of play the two teams finished the final contest with percentage even and resorted to the three-game playoff to decide the winners of the silver trophy to be given. If the Gulf cops today's set-to the third game will not be played but if the Texas company sluggers come back and hand the leaders a defeat the final game will be staged next Saturday at the Athletic park. Both nines will be on their toes and there will be plenty of pep from the start.

The league leaders show a lineup that would discourage many a team of higher classification. The team is fast well walanced and has the old fighting spirit that wins ball games. Every man on the team is a crack ball tosser but there are several outstanding figures that show the real class of the club. Lourcey, "Billy" Maloney, Connelly and others will be on the diamond today nad it looks like a sure enough game if the Texas bunch will cobe back with the fighting spirit they have shown in the past and make it a hotly contested affair. Texas league scores will be announced on the board.

THE 5:15 —By Segar

# *Gonzaullas Tells of "Neck-Tie" Threats on Return from Beaumont*

Being held a virtual prisoner in the county jail for two days and one night, later being indicted for murder and being forced to listen to delphic hints of a "neck-tie party" are a few of the experiences of Federal Prohibition Officer M. T. Gonzaullos, now of Beaumont, but formerly a Texas ranger stationed in this city, in the past month, according to stories told by the officer himself at the city hall Friday.

Gonzaullos arrived in the city Friday afternoon for a brief visit with friends here, and before he had been in town two hours he was the cynosure of all eyes around the police station.

Gonzaullos and William Nitzer, federal prohibition director of the Beaumont district, leaped into statewide prominence late last month when they were arrested in connection with the fatal shooting of W. S. Showers, a Beaumont justice of the peace who was slain July 26, a few hours after he had been re-elected for a second term of office. Showers was shot to death while resisting arrest on charges of violating the liquor laws and while, it is alleged, he was attempting to bring his own revolver into play.

The two federal men were immediately taken into custody and for two days were held by the sheriff's department, although they were not locked up, with legal lights staged a merry battle. Eventually both were indicted by the grand jury and released under $1,000 bond. Whether or not they will ever face trial is problematical, but Gonzaullos is of the opinion that the cases will be dismissed.

Evidence now collected tends to show that the officers were justified in their action, acording to them, and that the fatal shooting was done in self-defense. Public opinion in Beaumont was at high heat for a few days following the affair, however, and until the facts in the case were brought out both men were under heavy criticism.

Sheep receipts 8,000; market active; fat native lambs generally strong; spots 15c higher; bulk natives 12.65@12.90; culls largely 9.00; few at 9.50; fat sheep and feeder lambs steady; fat native ewes 4.00@7.10.

# BUSINESS NEWS

By Associated Press

**NEW YORK.—Swedish kroner** were quoted at par today for the first time since 1919. The rate for cables was 26.82 cents as against par of 26.80, an increase of 12 points over yesterday's close.

French francs declined 7 points to a new low record, being quoted at 7.62 cents, as compared with 7.94 a week ago. The normal rate of the franc is 19.3 cents.

**CASPER, Wyo.—Charles W. Barton,** formerly of the New York Morning Telegraph, has purchased the Casper Daily Tribune and its plant and equipment, it was announced here today.

**AUSTIN.—A loss of approximately** $377,000 would be incurred during the next three years, and confiscation of personal property result if the East Texas railroad were compelled to continue operations, Federal Judge Ival West held in an opinion filed in the federal court here today. Judge West on August 11 handed down a decision authorizing the East Texas line to abandon its road and dismantle its tracks.

**CLAREMORE, Okla.—The First** National bank of this city did not open for business today. A statement was issued to the effect that efforts are being made to reorganize the institution. A sale of its assets is being negotiated this afternoon, the announcement says. Three months ago the First National took over the Farmers' bank.

### LIVERPOOL SPOTS

By Associated Press.

LIVERPOOL, August 25.—Cotton spot dull, prices weak; good middling 13.85; fully middling 13.70; middling 13.60; low middling 13.15; good ordinary 12.30; ordinary 11.80; sales 4,000 bales, including 3,100 American; receipts 3,000; including 1000 American.

# NEW YORK BONDS

By Associated Press.

NEW YORK, Aug. 25. — Pronounced weakness of French government and municipal issues was the outstanding development in the more restricted dealing in bonds in today's market. Declines of 1 to 1½ points were registered by French 7½s and 8s, Bordeaux 6s and Marseilles 6s, with substantial fractional declines in all other French issues, reflecting the decided slump in French exchange.

Japanese and Mexican government 4s also dropped a point or more.

Our own liberty issues yielded slightly.

Rails were in much less demand and mixed changes prevailed. New York state railway 4½s advanced 2¾ in light dealings, while gains of 1 to 1½ points took place in Chicago, Burlington & Quincy, Illinois division 3½s, Minneapolis & St. Louis refunding 4s, Texas & Pacific firsts and Western Maryland 4s, while losses of a point or more were noted in Chesapeake & Ohio convertible 4½s and St. Paul general 4s.

Total sales (par value) were $12,103,000.

# WHEAT PIT IS UNSTABLE

## Prices Fluctuate in Wide Range

By Associated Press.

CHICAGO, Aug. 25.—Wheat prices fluctuated within narrow limits today. The market being sensitive to no heavy operations on either side. Final figures were unchanged to 5-8 higher for wheat, with September 1.01 3-4 to 1.01 7-8, and December 1.03 3-8. Corn was off 3-8 to 1-2c. Oats showed a gain of 1-8 to 3-8 and provisions ranged from unchanged to 15c lower.

Corn was unsettled with wheat and failed to maintain some early advances, although at one time the market was up about 1 1-2c from the early low.

Temperature were lower over the corn belt with scattered rains.

Oats were dull but firmer.

Provisions were lower under scattered selling, which offset an advance in Liverpool and strength in the live hogs market.

# Stocks Turn Heavy After Strength Show

By Associated Press

NEW YORK, Aug. 25.—The stock market, after an early display of strength, turned decidedly heavy in the final hour today in response to extensive selling pressure following the announcement that the rail strike conference had been definitely broken off. Most of the day's gains were cancelled, and many stocks were depressed one to two points below yesterday's closing quotations.

Liquidation was directed principally against railroad shares, steels and equipments on the theory that those industries would suffer most by the prolonged labor trouble. Stocks like Northern Pacific, Chicago and Northwestern and Atchison, which had advanced materially in the last few days, sold off more than a point, while shares like Union Pacific, Southern Pacific, Reading and Erie, which were in a better technical position, yielded only fractionally.

Louisville and Nashville, Omaha and Ann Arbor, preferred established new high records during the day but receded with the general list at the close.

United States steel was pushed up 105 1-2, the highest price in two years, but sold off half a point at the close.

Crucible and Vanadium also established peak prices and managed to hold part of their gains.

Public utilities issues, especially gas shares, were in active demand. New high records for 1922 were made by Consolidated gas, Columbia gas, North American company and Laclede gas. Leathers were also strong, peak prices being reached by Central leather common and preferred and American hide and leather preferred.

### IN TERNATIONAL EXCHANGE

NEW YORK, August 25.—Foreign exchange steady. Great Britain demand 4.47 1-16; cables 4.47 5-16; 60-day bills on banks 4.44 13-16. France demand 7.46; cables 7.47½. Italy demand 4.29; cables 4.29 3-4. Belgium demand 7.09; cables 7.09½. Germany demand .05; cables .05 1-8. Holland demand 39.03; sables 39.08; Norway demand 17.50; Sweden demand 26.72; Denmark demand 21.57; Switzerland demand 19.07; Spain demand 15.36; Greece demand 3.20; Poland demand .01 1-5; Czecho-Slovakia demand 3.52½; Argentina demand 36.25; Brazil demand 13.35; Montreal 99 7-8.

# Pays Fighting Fine

Three days after he was placed under arrest on charges of disturbing the peace by fighting, a prominent Wichitan appeared in corporate court yesterday morning via "proxy" and was fined $25 for fighting.

The fight is alleged to have occurred in an Indiana street drug store when the Wichitan, who is a physician, entered the place of business and became infuriated because he could not be served immediately.

During the altercation which followed, the accused disturber is said to have been pushed through a show case, receiving several injuries about the face.

Bermuda Onion Sets at Morgan's Feed Store, 1100 Ohio ave.—adv.

# COTTON PRICES AT LOW POINT

## Net Losses of 40 Points Taken

By Associated Press.

NEW ORLEANS, Aug. 25.—Except for a very short period in the early trading the price of cotton was depressed today, foreign news playing an important part in the market. Disappointment over rail strike conferences results was reflected by selling.

The close was at the lowest of the day at net losses of 28 to 40 points with October at 21.62.

The opening was lower under poor cables and the political news of overnight, but after initia ladvances of 6 to 14 points the market rallied to levels 2 to 6 points higher than yesterday's close on a private bureau condition report of 57.00, indicating a crop of 10,600,000 bales. October rose to 22.04, the highest of the day.

The forecast of cooler weather for the west and a condition report of 61.9, indicating a crop of 11,472,000 bales stimulated offerings, weekly statistics showing mill takings at 166,000 bales against 189,000 this week last year.

| | High | Low | Close |

| May | 21.68 | 21.48 | 21.48 |

### NEW YORK COTTON

By Associated Press

NEW YORK, Aug. 25. — Slight early rallies on bullish crop reports were followed by weakness in the cotton market today, with December selling off from 22.50 to 22.08 or 35 points net lower. Closing prices were at the lowest of the day with the market weak at net declines of 20 to 52 points.

The market opened steady at an advance of 2 points on July but generally 3 to 7 points lower on the talk of improving weather conditions in the southwest and scattering liquidations. Liverpool was a little better than due and prices here firmed up during the early trading with active months selling about 6 to 11 net higher. A private report making the condition of the crop 57 and the indicated yield only 10,600,000 bales failed to inspire much fresh buying.

There was bearish comment on the European situation and week end statistics on the late decline to 21.95 for October and 21.94 for January, which made reactions of about 64 to 105 points from recent high livels. According to private reports reaching here from the southwest today crop deterioration continues in Texas, but the outlook for lower temperatures was considered a favorable feature. Port receipts today 8,634. United States port stocks 382,308. Exports 4,793, making 127,804 so far this season.

### DALLAS COTTON

By Associated Press

DALLAS, Aug. 25. — Cotton steady; 21.20. Galveston, steady; 21.90. Houston, steady, 21.80.

# Now That's Rather Odd

**SAN FRANCISCO.—Reed Lee** Hood, former private in the coast artillery corps here, is telling his friends today how he bought his discharge from the army after coming into possession of property in Muskogee, Okla., valued in excess of $250,000. Hood, a member of the Creek Indian tribe, was allocated some land in Muskogee on which oil was later found. The government acting guardian and trustee, reserved Hood's right in the property, to be given to him on his twenty-first birthday which happened to be yesterday. Hood's enlistment had three months to run.

**BEAUMONT.—Speeders who are** hungry and in a hurry to get home for dinner will be put on probation after the first offense, according to a rule established by Justice of the Peace McReynolds here today. Other circumstances which may result in placing the defendants on probation instead of fine are "if you are in the country and the road appears to be open" and "if you are in the city and the streets seem to be safe for opening up a bit."

**ABERDEEN, Miss.—A request for** a cigarette from a federal prohibition officer, led to the arrest of Will Atkinson of Kosciusko, Miss., yesterday. He is now in jail charged with assault and battery with intent to kill in connection with a raid by prohibition officers recently.

Officers learned that Atkinson, who escaped after a raid in which J. P. Owens, federal prohibition officer, was seriously wounded, was in a house at Kosciusko. A search of the residence showed only an old man and a "woman." As the officers were leaving, one of them lit a cigarette and the "woman" asked the officer for one. An investigation showed the "woman" was Atkinson.

We take old furniture in on the purchase of new. Phone 6513, 81 Ohio avenue.—Household Furniture Trading Co.—adv.

### THE TRUE CHURCH

The "Mystery of God" and the "Mystery of Iniquity" compared. How to distinguish between the two.

When will the true church be completed and what will its work be?

Does the "Mystery of Iniquity" still exist? Will it have an end?

# KIDS TO FROLIC AT FAIR OPENING

## Day Will Be Set Aside for Them

Texas-Oklahoma fair directors are planning the opening day of the fair, Sept. 30, as one of the biggest days during the entire event. That day has been set aside as school day and thousands of school children from over the states of Texas and Oklahoma are expected to be here.

The following announcement concerning the school day at the fair has been issued by the fair management:

"One big holiday we will have this fall will be when every 'school kid' in northwest Texas and southwest Oklahoma is the guest of the Texas-Oklahoma fair at Wichita Falls on Saturday, Sept. 30. The fair association is sending free tickets to all county and city superintendents, who will in turn distribute them free of charge to all pupils.

"Football games between high schools of this section will be held, and with the thousands of representatives from other schools on the side lines, it is expected to see some hard work by each team.

"The boy scouts and the knot hole gang will be there in full strength. The boy scouts will have their field day on this Saturday and many troops from other towns will compete. The local scout band will be there strong, while the plovy troupe of the knot-holers will let you know they are on the grounds.

"This free day is expected to be an annual affair of the Texas-Oklahoma fair. Heretofore it has been difficult for many school children of this section to attend any of the larger fairs, due to the distance they had to travel. Now that we will have a fair in Wichita Falls with the same shows and acts as are seen at the other fairs, all the schools plan to come to Wichita Falls this year.

"Railroad rates for the Texas-Oklahoma fair will be one and one-third fares for the round trip, and on the railroads where a number of pupils and teachers come in on one road, it is planned to have special trains to reach here early in the morning and return about 'bedtime' that night.

"All teachers are to get in free, too."

### SPEEDER AND TRAFFIC VIOLATOR ARE FINED

One speeder and one traffic ordinance violator met the same fate in corporate court yesterday morning when they appeared before Judge J. P. Marrs to answer their respective accusations.

Judge Marrs found them both guilty on the face of their own testimony and fined one $5 and the other $10.

# Do You Want An Absolute Monarchy With Tyranny

## *or*

# An Established Government?

The INVISIBLE EMPIRE as it appears now is backed by FOREIGN MONARCHS and FOREIGN INFLUENCES. The people are being deceived by the representations of the INVISIBLE EMPIRE, and its representations account for the conditions and depressions now existing.

Some one has, in the role of a Reformer co-operating with Foreign assistance, started this propaganda, which is striking at the very foundation of our GOVERNMENT and its INSTITUTIONS.

The IMPERIAL PALACE at Atlanta, Georgia, while pretending to represent the underlying motive for which it is established, is masquerading under the cloak of reform, and is seeking to establish an ABSOLUTE MONARCHY IN THIS COUNTRY with the assistance of FOREIGN PROPAGANDA, FINANCIAL AID and INFLUENCE.

IF THEY ELECT TODAY a United States Senator from Texas, it is a forerunner of the control of the National Election in 1924 by the KU KLUX KLAN, which means a monarchy and tyranny.

This organization has been condemned by the President of the United States and the Attorney General, and is the greatest menace to the GOVERNMENT now in existence.

**C. J. (DAD) ARRINGTON Makes Final Appeal to Voters**

I take this means of thanking my friends for their support in the first primary and of urging them to stand by me this time. I have lived in this city for many years and during part of that time served you in the capacity of Justice of the Peace. I tried to give you the best service I knew how to give and promise if elected to this position at this time will likewise render the same courteous and faithful service.

As many of the voters of this precinct know, I am an old man of more than 67 summers, while my opponent is a young man with a good position with the traction company and with steady pay. I need this office and believe with the experience that I have had in this position can best render service to the public.

This will probably be your last chance to vote for me. I never expect to ask you for your suffrage again while my opponent can have this position and office after I have passed on.

So friends come out on the 26th and cast your ballot for me and make me the happiest man in Wichita Falls, and I will do my best to make you the happiest people.

C. J. (DAD) ARRINGTON

# FREE FAIR TO BE HELD AT QUANAH

## Best Exhibits in Years Planned

Special to The Record News.

QUANAH, Aug. 25.—For many years the Hardeman county fair held here has been the big event of the year. Exhibits have been gathered from farms, homes and industrial plants throughout this section of the state; boys' and girl's agricultural clubs have displayed their best, and throngs of people have crowded the grounds until late each night. In order to attract a larger crowd this year, the fair association announces a free fair September 6th to 9th inclusive, with the usual program of races, roping contests and other attractions, with liberal prizes offered daily. A number of prospective entries for running races are being worked out on the local track daily, and this part of the program will be given more prominence than in former years.

General admission fees have always been charged at all county fairs, and a great many west Texas counties will watch with interest this effort at staging a successful Free Fair.

# RADIO—

By EDWARD N. DAVIS
Formerly Technical Expert for U. S. Government.

LESSON No. 53.
The Plate Battery.

A vacuum tube receiving circuit is dependent upon the plate battery or "B" battery for the supply of energy which actuates the telephone receivers.

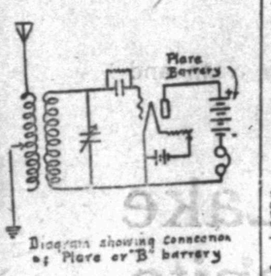

Diagram showing connection of Plate or "B" battery

The plate battery is connected across the plate and filament, in series with the telephone receivers and the plate feed back or "tickler" coil in the case of regenerative receiving systems. The positive terminal of the plate battery is connected to the plate, no signals being heard in the telephones if the polarity is reversed. The current which flows from the plate to the filament through the vacuum tube is very small compared to the current consumed by the filament of a vacuum tube and therefore a plate battery of small ampere hour capacity is sufficient to furnish current for months.

It will be recalled that the vacuum tube detector functions in a manner different from the crystal detector. The signal which impinges on an antenna system does not actuate the telephone receivers but serves merely as a trigger to control the flow of plate current. In other words, a small change in the voltage impressed upon the grid results in a large change in the current flowing in the plate circuit.

The plate of "B" battery is usually made up of a number of small dry cells sealed in a block with an insulating compound. There are usually fifteen such dry cells in a unit, all connected in series giving a total voltage for the block of 22½ volts. This voltage is sufficient or the satisfactory operation of most detector tubes, some requiring even less voltage, in which case advantage is taken of the taps taken from intermediate cells to secure a lower voltage. These taps are usually in the form of sockets connected to each cell of the block into which plugs can be inserted giving variations in voltage from one and one-half to twenty-two and one-half volts in steps of one and one-half volts. Another method is to have taps of wire or brass strip connected to certain cells in the group, different manufacturers having their own details of construction.

For voltages in excess of that furnished by a block of "B" battery two or more blocks may be connected in series for use with amplifying tubes which require voltage of forty or sixty volts or more. The same plate battery may be used for both the detector tube and the amplifier tubes by merely taking a tap off at the proper point for the detector tube.

Another type of plate battery is the storage cell variety, which may be either of the lead-acid of the alkaline cell type. The storage battery for plate purposes consists of a container in which are a sufficient number of small storage cells to give the required plate voltage. This type of plate battery has the advantage of being capable of recharging a feature not present in the "B" battery of the dry cell block type. The dry cell plate battery however, will render good service for from six months to a year or more dependent upon the time actually in use.

**Radio Music From Steel Stack.**

Cleaners in a big steel some-stack near Greenville, Ala., hurried into the open air when they heard a band play "Dixie." They were unable to locate the band and it is believed that wireless waves were responsible for the phenomenon.

The big metal stack supported by guy wires apparently operated as a complete receiving set and reproduced the notes and musical airs of a nearby radio concert.

## NOTICE REPUBLICANS

The 13th Congressional District Convention will be held at the county court house at Wichita Falls, Texas, at 2:30 p. m. Saturday, August 26, 1922. Every Republican is earnestly requested to be present.

### 44—LEGAL NOTICES

NOTICE TO CONTRACTORS

The county auditor of Wichita county will receive sealed bids until 10 o'clock a. m., September 11, 1922, for the construction of five concrete bridges in commissioners precinct No. 2, near the city of Burkburnett. Plans and specifications on file in the office of the county engineer. Usual rights reserved.
W. W. MURPHY,
County Auditor.

CITATION BY PUBLICATION

The State of Texas, to the Sheriff or any Constable of Wichita county, Greeting:

You are hereby commanded to summon Rhea Sawyer by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 78th district court of Wichita county, to be holden at the courthouse thereof in Wichita Falls, on the first Monday in September, A. D., 1922, the same being the fourth day of September, A. D., 1922, then and there to answer a petition filed in said court on the 21st day of July, A. D., 1922, in a suit, numbered on the docket of said court No. 13093-B wherein D. C. Sawyer is plaintiff and Rhea Sawyer is defendant, and said petition alleging, That plaintiff and defendant were legally married April 28, 1920, and continued to live together until September 7, 192—, and that defendant is now his lawful wife. That defendant unmindful of her marital relations toward plaintiff, in a very short time after their marriage commenced a course of unkind and tyrannical treatment and course of conduct, which caused their separation a few months after their marriage. Plaintiff says that defendant would go out with other men, go car driving with them, to shows with them or any place she might want to go; would be out very late at night with men, and men that she perhaps had only met the same day, that she would go with them the following night. Plaintiff further says that he objected to defendant going with other men and keeping company and making dates with them, that he would talk with her about her conduct and relations with men and try to get her to stop said course of conduct and stay at home; all of which she refused to do, many times remarking that she would not be tied to any one man, etc. Wherefore, plaintiff prays that defendant be cited to appear and answer herein, and that upon hearing hereof that he have judgment dissolving the bonds of matrimony as they now exist, for costs of suit and for such other and further relief, both general and special in law and equity, that plaintiff may show himself justly entitled to receive and for which he will ever pray.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 24th day of July, A. D., 1922.

A. F. KERR, Clerk, District Court, Wichita, County Texas.
By EUNICE JACKSON, Deputy.

# Youth Hunting for Work Here Beaten

## HE'S ACCUSED OF BEING SCAB

### Tells Police Union Men Whip Him

Brutally beaten into insensibility Thursday afternoon in a secluded spot in a woods 13 miles from town, by two men, "who said they were union men on strike," Herbert Click, a 17-year-old Vernon lad, was found by Police Chief J. W. McCormick in a room at the Alpine hotel Friday morning, where he had taken refuge the night before from "the men who threatened to end his life," according to his own statement.

Two large bruises over Click's eyes and a deep scalp wound on his head just at the left eye, he said, had been inflicted by his assailants, whom, he told the police chief, "beat me over the head with a club and a small brown jug that contained muddy water."

Click sat on the side of the bed in his room as he talked to Chief McCormick, moving slowly about now and then at intervals during his conversation, to relieve the pain of his body bruises, where, he related, he had been kicked and beaten by his assailants.

Click, bespattered with blood, his clothing torn, appeared at a garage at the corner of Eighth and Travis Wednesday night at 8:30 o'clock, and inquired where he might receive medical attention.

**He told the people who questioned him at that place that he had been carried out from town about 13 miles, assaulted, robbed and warned not to come back to Wichita Falls if he valued his life.**

Friends who showed interest called Dr. R. F. Collard, who dressed the lad's wounds and carried him to the Alpine hotel, where the boy remained Wednesday night.

"I came here to get work," he told Chief McCormick yesterday morning, when he had been found after an hour's search. "I was wandering around town Wednesday afternoon and I met up with a big red-faced man who carried me to the labor temple and questioned me about being a strike-breaker.

**"I told him I wasn't any strike breaker and that I wanted his good will and all the other men's good will; that all I wanted was work.**

"This man that questioned me then carried me down to where they are building a new Katy building, near the city hall, and there we met two men about my size. I couldn't hear what this first man said, but he talked to them and then they asked me if I was looking for work. I said I was and they said they were too, and knew where both of us could find work.

"They said if I would go with them, that all three of us would get work on the Katy railroad. I got in a Ford car and we started off. They stopped once and picked up another man, but one of the men in the front seat gave him a wink, and he got out.

**He Feels Uneasy**

"That made me feel a little uneasy, because they hadn't talked to one another, but I stayed in the car when he got out and left us. We rode out from town on some road—I don't know what direction it was in—and after we had been going for quite a while I asked them where they were taking me.

"The driver said we were going out to a camp, where the Katy was keeping their men. Finally, when we had gone about 13 miles, they invited me to get out. One of them sat down on the ground and I sat down, too; then the standing up said:

"'Don't you know we are union men and that we know you've come here to be a 'scab'?'

"'No, I a'm not a 'scab,'" I said, and after that the one standing up who was doing the talking struck me over the head with a small brown jug, which they picked up there.

**"I was dazed after that first blow, and when I fell I recalled that they kicked me and cursed me, and I half recall that they beat me with a club. I tried to fight back, but I didn't make much headway with them because they had overpowered me."**

The Vernon lad said that "they told me when I came to that they they were from Childress and then they said if I came back here they would kill me. They searched my clothing and took a $5 bill I had in my pocket, but they failed to get three $1 bills and another $5 I had in my shoes."

Click related to the chief that when he had regained consciousness that he got up and walked away toward a field.

"I asked them if they wouldn't carry me back to town with them," he said, "but they told me that I'd better never be seen here again. I intended to come back all the time though, because I would know all of them if I ever saw them again."

The youthful figure declared that he stumbled and walked across the field until he came to some water "where I washed the blood off" and that he finally came to a ranch house and found a way to get back to the city and to medical aid.

The police conducted a thorough search of the city yesterday and made several arrests, all of whom when carried before Click, who is being guarded by the officers investigating the whipping and robbery, were declared innocent of his assault.

Click asserts that he will identify the two who beat him "and the red-faced man who talked to me at the labor temple and carried me to those two who whipped me."

## *Beating of Youth Denounced By Head of Shop Crafts Here*

Informed last night of the statement made yesterday morning by Herbert Click, 17-year-old Vernon youth, who claims to have been carried out from town Thursday afternoon and given a beating by "men who said they were union employes," W. O. Hollis, local chairman of the federated shop crafts, emphatically denied that the local strikers had had anything to do with the lad's whipping, and that such an act was unauthorized "if any of the men on strike did participate in it."

Mr. Hollis denounced such methods, and declared that "we absolutely will not tolerate any such act on the part of any of our men."

Mr. Hollis branded as untrue Click's statement that he had been "carried to the labor temple by a red-faced man, who questioned me and asked me if I was a strike breaker," and said he had seen no unfamiliar faces about the building recently.

Hollis declared that his information received last night over the telephone concerning Click's statements to Police Chief J. W. McCormick yesterday morning was the first time he had heard of the alleged beating.

"The union men here have not participated in any such actions," he said, "and we are bitterly opposed to any such methods."

## *New Pavilion Manager Plans Labor Day Celebration at Lake*

The largest labor day celebration that has ever been held in Wichita county is the intention of the new management of Lake Wichita, according to announcements made yesterday afternoon.

M. D. Eyerley, formerly connected with the city police department and the county constables department, who took charge of the pavilion August 1, made public yesterday plans for a mammoth celebration, including an all-day picnic, free luncheons and numerous phases of athletic entertainment. It was Mr. Eyerley's statement that "one of the largest crowds the lake has ever had is expected to visit the place during the day."

As an important part in the day's program, Mr. Eyerley announced, the free barbecue served during the noon hour, at which a quantity of coffee, furnished by the Bert Bean Coffee company and bread will be served at the expense of the Lake Wichita management, will play a conspicuous part for the large crowd expected.

The Bert Bean coffee, furnished by the company here, will be served throughout the day, he said.

In the afternoon, beginning at 3 o'clock, a series of boat races will occur, including double and single oar contests for both men and women.

Hundred-yard foot races and 50-yard dashes have been planned as a part of the program, while swimming races, deep and high diving contests and numerous other water performances will take place.

During the evening Billy Buzzard's orchestra will furnish jazz music for dancing on the pavilion floor, there being a $5 prize offered for the best fox trotter and a $5 prize offered for the best waltzer that appears on the floor during the day, this being given by Buzzard's orchestra.

Mr. Eyerley announced that after November 1, he will have entire control of the park for the city traction company and that numerous improvements, including making a winter chicken garden out of the place, will occur for the amusement of Wichitans.

## Boys Stoned Him, He Says, But Court Collects $10 Fine

Charging that he shouldn't pay any fine because two boys under the age limit of corporate court had stoned him with large rocks, a Greek who operates a confectionery in Wichita Falls pleaded not guilty when arraigned before Judge John P. Maars yesterday morning.

The court, however, upon an investigation of the charges of fighting docketed against the defendant, decided in favor of the two boys and fined the Greek $10.

## DR. KILGORE TO PREACH SUNDAY

### Musical Program at Evening Service

Rev. James Kilgore, D. D., of Southern Methodist university, Dallas, will spend Sunday in this city visiting Judge and Mrs. John E. Kilgore, and will preach for the congregation of the Floral Heights Methodist church at 11 a. m. tomorrow.

Dr. Groseclose, in making the announcement last night said: "Dr. Kilgore is easily one of the foremost ministers of the Methodist church. The people of this city will enjoy a rare treat in hearing him tomorrow. I count it a privilege to be permitted to hear him and to have him preach to my people. The public is invited to share this privilege with us."

The Floral Heights Methodists will have a musical program at the evening hour. Many of the leading artists of the city will be on the program. The service is in the nature of a "farewell" to Mrs. T. C. Brownell, who has directed the music of the church for the past three months and will leave in a few days for California, where she will likely make her home.

## WHERE TO GO

Olympic—Thomas Meighan in "If You Believe It, It's So."
Strand—"Nanook of the North."
Empress—Agnes Ayres in "Borderland."
Majestic—William Fairbanks in "Fighting Hearts."
Gem—Hoot Gibson in "Sure Fire."

Fred Goss, optometrist and optician, announces the removal of his optical business from Kruger's Jewelry store to 815 Scott avenue, where he is better prepared than ever before to test eyes and furnish glasses, being associated with the Faith Optical company.—adv.

Texas-Oklahoma Fair, Sept. 30th-Oct. 4th.

"Guess what's for lunch, Daddy—an' Mother says that Nancy an' me are going to have those Kellogg's Corn Flakes all summer long because they are so good for stomachs! Guess what, Daddy, 'nen you can have some quick!"

Wonderful for warm days!

Kellogg's CORN FLAKES with fresh fruit!

Play safe with your stomach—and your health—this summer. Get yourself and your family off the "ham and egg" diet. Eat lighter, sustaining foods and work better, play better, sleep better and feel better!

Put Kellogg's Corn Flakes first on your summer diet list! Wonderful food—wonderful through its nourishing elements; wonderful in refreshing deliciousness and in crisp crunchiness and flavor!

And, Kellogg's Corn Flakes digest without taxing the stomach—yet they are satisfying! There isn't anything more refreshing, more palatable, more beneficial on a hot day than a big bowlful of Kellogg's with plenty of cold milk and luscious fresh fruits!

Why—it makes your mouth water to think about such a feast!

As an extra-special treat some evening very soon have a surprise hot-day dessert—Kellogg's Corn Flakes with fresh fruit and cream! Kellogg's are ready to serve! And that helps in hot weather!

Kellogg's Corn Flakes are sold only in the RED and GREEN Waxtite package that bears the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it.

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

Kellogg's CORN FLAKES

# A Statement

In justice to Mr. W. W. Murphy, I feel it my duty to make the following statement in reply to the full page advertisement of the Fred Smith Campaign Committee appearing in the Times of Thursday evening. Mr. Murphy entered the office as county auditor July 1, 1919, at which time negotiations were pending between the North Texas Stone Company and Wichita County. The proposed contract between Wichita County and the Chico-Bridgeport Cement & Stone Company was never consummated because of the failure or inability of the company to make satisfactory bond.

It is true that Mr. Murphy issued the $100,000.00 check to the stone company to secure which a good and solvent bond was required. He issued the check under the orders of the commissioners court as no other person than the auditor could do so. Mr. Murphy was in no wise responsible for this contract, although the records of the auditor's office will show that this contract has meant the saving of thousands of dollars to Wichita County.

This stone company was organized at a time when the road building program of Wichita County was at an absolute standstill owing to inability to secure crushed rock. The organizers of the stone company were inspired in their efforts to enable the county to secure stone at a moderate price in order that the needed roads could be constructed.

Under this contract Wichita County has put hundreds of tons of crushed rock into its concrete roads at $1.25 per ton for which the stone company refused $3.00 on the outside.

Under this contract, which they undertook in an effort to be of public service, the backers of the stone company have incurred heavy losses, by which Wichita County has been the gainer. Recently it has been necessary to put the stone company in the hands of a receiver. In the efforts of those who put their money into the enterprise to fulfill the contract their way has not been made any easier by the insistence of Murphy that the contract be literally fulfilled—at times, it has seemed to us, a much stricter interpretation of the contract being demanded by Murphy than the county was equitably entitled to demand.

Under this contract Wichita County has received the best rock for the lowest price of any county in Texas. In spite of this the stone company is making every possible effort to live up to the letter of its contract.

The eleventh hour advertisement, inaccurate and untrue in its statements, made in the absence of Mr. J. A. Kemp and Mr. R. E. Huff is an unwarranted and unfair attack on them, particularly in connection with an enterprise into which they went through a desire to perform a public service, and an enterprise, never designed to be more than moderately profitable at the best, but which has cost each of them thousands of dollars.

Respectfully,

G. D. ANDERSON.

This statement was given The Record News Thursday night, immediately after the appearance of the Fred Smith advertisement, but through oversight or error did not appear in the Friday morning's paper.
