

SLUG SPRAYS DUSTER PLANE

A case involving the shooting of a crop dusting plane not far from an Olton residential area last Friday afternoon will be taken before a Lamb County grand jury at its next session, District Attorney Jack Young told the Enterprise Wednesday.

Defendant in the incident is Olton farmer Frank "Curly" Daugherty, about 55, who has been charged with assault with intent to murder.

Daugherty waived examining trial and is free on \$5,000 bond. District Attorney Young began a full-scale investigation of the shooting Monday, questioning six persons in an attempt to shed more light on the incident.

He planned further investigation this week, seeking to talk with another witness or two.

A bullet ripped through the wing of the light spraying plane as Pilot Harold Harbour, 29, of Amarillo, banked at low altitude in spraying a cucumber field.

The complaint against Daugherty was signed by Harbour.

The nine-acre cucumber patch which Harbour was spraying belongs to J.M. Machen and joins property owned by Daugherty. The area is only a few blocks from the Hillcrest Addition at the southwest corner of the city.

After the shooting, Deputy Sheriff V. L. Smith Sr. went to the Daugherty home, but he was told that Daugherty was under medical care and could not be moved or questioned.

A Plainview doctor served Smith with a written notice to that effect.

Later, however, the warrant was served on Daugherty and the Olton farmer posted bond of \$5,000.

His attorney, E. G. Pharr of Lubbock, told the Enterprise

that Daugherty was concerned over possible damage to his string of Quarter Horses from the pesticide. Harbour was spraying malathion on the cucumber field.

"He (Daugherty) was in pretty bad shape, inhaling some of that stuff and trying to get his Quarter Horses out," the Lubbock attorney said.

The bullet missed hitting a wing support by only two inches, which might have resulted in one of the plane's wings folding up, according to Pilot Harbour.

"If the slug had hit the gas tank," he said, "I would have been a ball of fire."

Deryl Machen, son of J. M. Machen, was a witness to the shooting as he watched from his yard. He gave the district attorney this account:

"I had just driven up and got out to watch the plane. He (the pilot) had made two or three passes and was going west. I then heard what I thought was a shot, then another. I looked up that way and saw someone running. The plane flew right over him, and I heard another shot."

"I ran out and yelled for Jerry to call the pilot off--that someone was shooting at him."

Jerry Caddel, flagman for Harbour, also heard the shots and told officers he tried to find out from the pilot if the plane was being fired upon.

Caddel, 14, is the son of Mr. and Mrs. George Caddel, owners of The Plainsmen Farm and Ranch Store. It was through the elder Caddel that the pilot and plane were contacted.

Machen told he saw someone running across Daugherty's pasture toward the cucumber patch, which has rows stretching for about 120 or 130 yards.

After the shooting, Machen said, "I was still in my yard talking with Melvin McReynolds, (Olton Chamber of Commerce manager) who had just driven up."

"While Melvin was there, the pilot was flagged off, and Mrs. Daugherty drove up in a pickup. She was excited and asked where the man was that was flagging the airplane."

"I pointed at Jerry."

Young Caddel related this series of incidents to the attorney: "I was stepping off 14 rows, and Harold was making a pass going west. I heard a shot and looked up."

"There was a man south of me at the other end of the pasture. I saw him throw his arm up in the air."

The youngster used a walkie-talkie to message the pilot, asking: "Is he shooting at you?"

The pilot said the message was garbled and that he began to circle, trying to make out what young Caddel was saying. "I noticed a hole in the wing about the same time Jerry asked me if I was being shot at," the pilot related. "But I never did see or hear anything prior to the call."

After the plane had been waved off, young Caddel said he was watching the plane go when a woman drove up in a pickup.

The boy said she declared: "If that plane comes by here again, flag him away or he's going to get hurt."

Caddel said the woman went down the road and turned around and came back.

"She told me," said the boy, to "keep him away from there, or there will be trouble." She then went to the corner and turned west toward Daugherty's place, Caddel told.

"Clifford Carlisle came around the corner, and I got in

the pickup with him," related Caddel. (Carlisle is Daugherty's son-in-law).

Carlisle reportedly asked the boy if there was some way to locate the pilot, and Caddel showed him the radio.

Caddel said, "We then went down the road toward Daugherty's house and pretty soon Harold (Harbour) pulled up."

"He and Clifford talked, and Harold was red, sort of scared and shaking; he was mad."

Harbour, a pilot for Tri-State Aerial Spraying Service in Amarillo, gave the district attorney this account: "I'd made four passes when Jerry started yelling something on the radio."

"I never did hear shots," said the pilot. "I told Jerry to calm down because the sound was garbled. I finally made out that a man was shooting at me with a gun."

Harbour told that when he could make out what Caddel was saying, he looked out and saw a bullet hole in his right wing.

The pilot told the district attorney he had been "watching the horses."

"I would swerve way out from the horses, as much as 1,000 feet or more from the corral," he said.

Also questioned by the attorney were George Caddel, Melvin McReynolds and Wilbur Schreier.

The three men confirmed stories told by other witnesses. Schreier told he had been working on a fence for Daugherty.

"I was headed that way and came upon what I thought was a wreck," he related.

It turned out to be the pickups of Harbour and Carlisle. "Carlisle was trying to get some man to cool off," said Schreier, "and I found out what was taking place from some other men."

A NIGHT time inspection of a bullet hole is made by these five men. They were on hand Friday night, after shots were fired at the plane that evening as its pilot sprayed a cucumber patch. Charged with "assault with intent to murder" is Frank "Curly" Daugherty, out on a \$5,000 bond. From left to right, the men are Deryl Machen, Bobbie Copeland, sitting; Harold Harbour, pilot; R. C. Dunn, Plainview Highway Patrolman and J. M. Machen.

PILOT HAROLD HARBOUR looks over the spray plane he was flying Friday afternoon when shots from the ground came his direction. One of the bullet holes went through the right wing, missing a wing support by two inches. In the inset picture, a finger is used to show the size of the bullet hole.

Golf Lingo Is Fowl, Not Fore

Fore! is a typical expression at a golf course, but fowl is going to be more popular at Olton Recreation Center Saturday night.

The three-day golf tournament of ORC members will be topped with 350 half chickens, barbecued to perfection.

That's the word out from Louis Hair, ORC president, and his two chicken servers, Truitt Sides and Bill Yates.

The 6:30 p.m. barbecue is open to the public with tickets on sale on the grounds.

Ladies golf association is preparing the birds.

Officials said that trophies will be awarded for first, second and third places in five flights. Awards will be presented at the barbecue.

Olton Youth Hurt As Car's Steering Rods Disconnect

George Jones Monday found out what it's like to be traveling 50 or 60-miles-an-hour and have the steering rods break. He learned the hard way. Besides the lumps, he received a cut on his side which took 25 stitches to close.

Here's an account the 17-year-old son of Mr. and Mrs. Owen Jones gave of the accident which happened two miles north of town:

"I spun the steering wheel completely around and realized I had no control. I must have been going 50 or 60 in that '49 model pickup. The front wheels turned to the right and headed for Howard's orchard. "Something must have slipped, for the first thing I knew I was turning over. I don't

know how many times I did turn over."

George said after crawling out, he walked to the Lester Howard farm to call for help but no one was home.

He walked back to the highway (FM 168) and caught a ride to town with Mrs. G. H. Bley.

Jones said he was getting sick when they got to the Olton Community Hospital and Clinic. Besides the cut, he was treated for bruises on the hip and head.

Band Rehearsal

Leslie Ross, new band director for Olton High, announced this week that a rehearsal has been set at 7:30 p.m. in the band hall, Friday, August 16.

He urges all potential members to please attend.

City Plans To Annex North Of Highway 70

Council Rejects Water Well Bids

The "big story coming out of Tuesday night's city council meeting was a unanimous vote to extend the corporate limits of the city of Olton.

New city limit annexation plans include the addition of gins and many of the houses north of Highway 70.

A motion to annex the outlying structures was made by Dr. Basil Johns and seconded by Bob Gullett.

No one abstained. The city council has instructed Andy Stroebel, city attorney, to supply the group legal procedures in making the extension.

One of the councilmen said he felt that gins and houses north of Highway 70 have been sharing advantages of city facilities without paying city taxes.

"If we're ever going to progress," said another, "we've got to have something to offer the people."

Councilmen did not stipulate how far north the limits would include, and they also tabled discussion on future east and west boundaries.

Another item of importance on the heavy agenda was the tabling of water well bids.

Councilmen, once again, voiced unison in rejecting the bids at this date.

"My personal opinion," said Mayor W. E. (Bill) Thomas, "is that the bids are too high. I suggest we table it until we can get a cheaper bid. Since the water crisis is almost over, I believe we're safe."

According to contract, the council could accept or reject any or all bids.

Low bid on the new pump and well was \$13,825, made by Walco Drilling and Water Developing of Hereford.

Lowest cost received on an eight inch pipeline from the well to the storage tanks was \$4,579.

Councilmen voted that acceptance or rejection of the bids would be decided at a later date.

High on the list of important happenings to people in the Hillcrest Addition is new traffic regulations.

Many parents in that area had petitioned the council to take measures to slow down traffic.

The council voted to put up a four-way stop sign at the intersection of Ave. M and Ninth and also to erect a 15-mile-per-hour sign on Ninth in the Hillcrest Addition.

Newcomer to the council Doug Jones made the four-way stop motion, seconded by Bill Kemp.

Dr. Johns made the motion to erect a 15-mile-per-hour sign, seconded by Gullett.

Criticism of a constructive nature was offered by councilmen about the many children in the north section of town who play in the street.

The youngster's parents were asked to co-operate and control children playing in streets, their leaving bikes and tricycles in the street and taking no safety precautions.

It was reported that 40 or more children live in the addition.

Councilmen also voiced accord in keeping up the effort of getting a highway patrolman here.

Captain Posey of the Texas Highway Patrol has told the council that Texas is 150 patrolmen short and that 10 stations in this district are each lacking one man.

Kemp said, in quoting an old adage, "It's the squeaking wheel that gets greased."

The council had several good laughs about what to do with some confiscated beer.

Police Chief Emmett Burrows had approached the men for instructions on the liquor.

Dr. Johns got the first laugh by quipping, "I move we distribute it among the council in equal proportions."

He suggested just as quickly, "To avoid any controversy, it should be destroyed in the presence of a witness."

A number of men thought it might be of medicinal use to older people.

"How do you determine who gets it," someone asked.

Councilmen after little deliberation agreed to pour it down the drain--two cases of regular sized cans and bottles and a case of quarts.

An item batted around by the council was the setting up of a citizen's zoning committee.

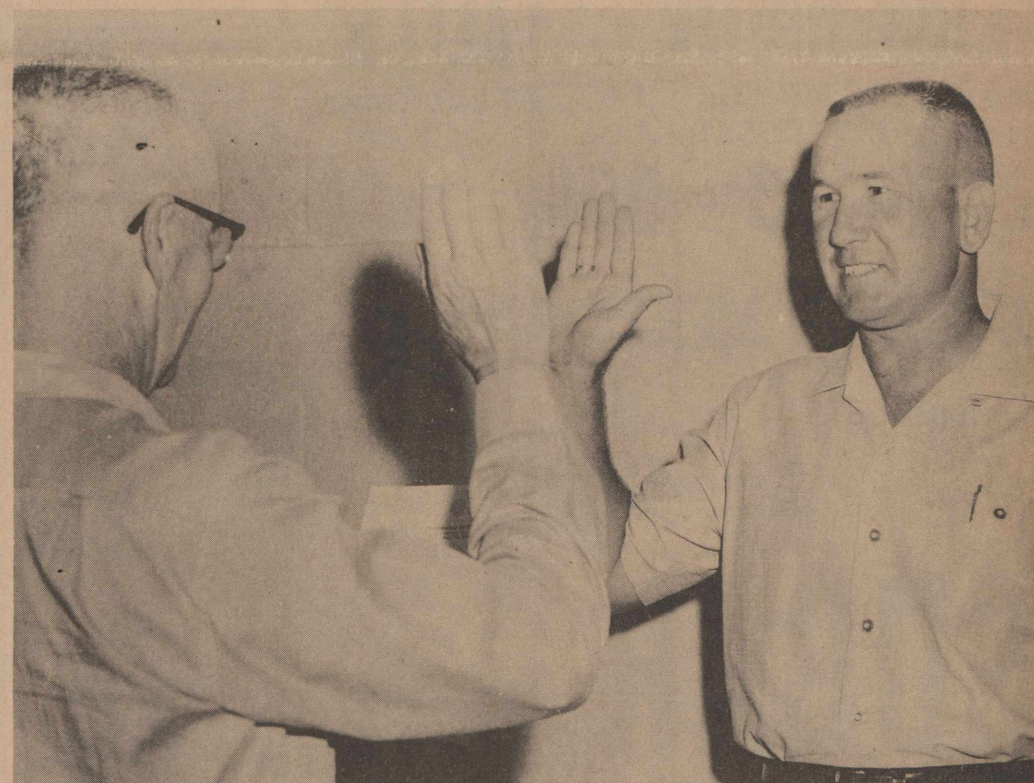

The committee would be responsible for regulating and restricting certain zones for certain priced houses and establishments.

No formal action was taken. Along with other traffic-related moves by the council, the men voted to erect stop signs at 10th and Ave. M and Sixth and Ave. M.

Action will also ensue on extending painting of the curb in front of the bank for two more car lengths.

A "No Parking From Here to Curb" sign will also be installed at the north end of the to-be-painted area.

The motion for such action was made by Kemp and seconded by Russell Rucker.

NEW CITY councilman Doug Jones, right, is sworn in by Mayor W. E. (Bill) Thomas. Jones won the July 23, election and will fill a vacancy left by G. H. Buchenau. Jones' term will run until April of 1964. The Olton farmer was sworn in Tuesday night at the council's regular meeting.

SHOWER HITS AREA

The first measurable rainfall since the slow soaks, three weeks ago fell Tuesday evening and that night.

Moisture content was recorded at .30 of an inch by James Gallagher, who keeps a permanent account of rainfalls in Olton.

Showers were scattered throughout the region with some farms getting real crop-boosting "drinks".

Jump Injures Banker's Knee

Banker Owen Norfleet was jokingly accused this week of kicking his employees and consequently ending up on crutches.

What actually happened to the now lame Norfleet is this: His once-before-hurt knee gave way with him last week as he jumped down from a corral fence.

The accident occurred Sunday on the Melrose Ranch in New Mexico.

X-Rays taken at the Community Hospital and Clinic here showed the cartilage on his right knee to be damaged.

The banker was informed by a doctor that he would probably be on crutches for a week to 10 days.

School Opens Soon

Summer vacation for Olton students is drawing to a close with only 18 days remaining until the opening day of school, Sept. 2.

Registration will begin Wednesday, Aug. 28.

Principal Joe Turner said students should bring a pencil or ball point pen when they register.

Shots Kill Stray Dogs

South Olton was shaken by shotgun fire this weekend when someone opened up on stray dogs.

At least two animals were killed in the late Saturday and Sunday night outburst.

Both blasts came between 12:30 a.m. and 2 a.m.

Police officers said they had not received reports of the shooting, although they've had several dog complaints.

Police Chief E. E. Burrows and V. L. Smith Sr., said a woman reported last week that a pack of dogs had attacked her daughter and had torn the girl's dress to shreds.

Monday, a Latin-American woman complained to officers that a large dog was killing her smaller animals and she intended to shoot it.

Burrows reminded her there is a city ordinance against shooting a firearm in city limits.

Turner announced that seniors would register the 28th at 9 a.m., with junior registration at 10:30 a.m.

Sophomores begin their registration at 1 p.m. and freshmen sign up at 2:30 p.m.

Schedules will be given students at the time of registration.

The principal said that anyone who failed to pre-register in the spring or who has moved into the community should see him before the registration date.

New students need a transcript of their work from the school which they previously attended.

Coach Calls On Athletes

Head Football Coach Walter Bryan announced this week that all Olton High School athletes should meet at 2 p.m. Sunday at the gymnasium.

He stressed attendance to the meeting.

Bryan told that football practice would get underway at 8 a.m. Monday, Aug. 19, followed by a session that afternoon.

The two-a-day workouts will continue through the 31st of August.

First game of the season for the 2-AA Mustangs is Sept. 6, against Abernathy. The contest is out of town.

GENERAL TELEPHONE TOWNS ON THE MOVE

Wylie prepares for more growth

When Wylie, Texas planned civic improvements, its progressive citizens went all the way. Showing a population increase of 34% over 1960 census figures of 1804, Wylie set out to prepare for even more growth.

They launched a street paving program, downtown business modernization, construction of a new school, new bank building, new residences and a new post office.

This combination of public and private improvement is well under way today,

as shown in the "before and after" facelifting photos above. The Wylie story is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Highline Workman Electrocuted In Hart

Tragedy struck in Hart Tuesday when a 23-year-old apprentice lineman for Southwestern Public Service came in contact with a high-voltage wire and was electrocuted. Dead is Rene Elkins of Plainview.

He was killed Tuesday afternoon about 3 p.m. as he and other workmen installed a con-

ductor on an electric pole at the Homer Hill residence. Witnesses said Elkins apparently came into contact with a 4,160 volt highline wire. Revival attempts failed as a fellow workman on the pole with Elkins gave the Plainview man mouth-to-mouth respiration. Crewmen administered artificial respiration for 45 minutes before arrival of a doctor and ambulance.

Attempts to revive Elkins continued 40 minutes until the doctor pronounced him dead. Elkins had been employed by the electric company two years. Funeral arrangements are pending with Wood-Dunning Funeral Home in Plainview. Elkins' wife was hospitalized for shock. He is survived by two children.

Housewarming

Mr. and Mrs. Donald Clayton, Springlake, were honored with a housewarming Monday in their new brick home on East Highway 70.

A "wishing well" was displayed on the registration table for those wishing to give money. The serving table was laid with a white linen clothedged in blue. Assorted cookies and golden punch were served to approximately 40 persons.

Games of "42" were played by the group. Hostesses were Mmes. Ernest Baker, W. B. Hucks, K. B. Parish, Doug Parish, Kenneth Hinson, Clifford Hoping, Jimmy Banks, Roy Byers, Robert Riley, Jimmy Stephens and Jim Winder.

Olton Boy Breaks Arm

A nine-year-old Olton boy, Tommy Lewis, was feeding his sheep Friday when he fell off a shed and broke his arm.

The shed was reported to be only about two-feet tall. The break in the boy's elbow, required surgery and placement of pins to hold the bone.

Tommy is the son of Mr. and Mrs. Raymond Lewis. The youngster is in Lubbock Methodist Hospital.

Boy Struck By Lightning

The 4-year-old son of Mr. and Mrs. Max LaDuke, former residents of Olton, now of Fort Worth, died this week after being struck Thursday by lightning.

The boy, Douglass, a grandson of Mr. and Mrs. L. L. LaDuke, Olton, and his brother, Mike, had been playing in the driveway of the family home when the accident occurred. Mike had just gone into the back yard, said a witness, when the lightning hit.

Mrs. LaDuke administered mouth-to-mouth respiration on Douglass which kept him alive. It was told the lightning seemed to go in his ears and out his feet. The child had a singed place at the back of his head.

At the time of the accident, there didn't appear to be much of a cloud. TV cameramen were at the scene taking pictures before an ambulance arrived. The boy was taken to the All Saints Hospital in Fort Worth, prior to his death.

Arrest Made

A Littlefield Latin-American by the name of Martinez was caught here Saturday night by V. L. Smith Sr. and V. L. Smith Jr., as he was in the act of selling beer.

Martinez's arrest came between 9:30 p.m. and 10 p.m. near the Mexican dance hall. Smith Sr., told that Martinez had 34 quarts of beer in a number two washtub when the arrest came.

"We've been having trouble with these 'car bootleggers'," said Smith, "they move around selling to bracero camps and dances and before we know it, we have 'drunks' and trouble." Martinez was taken before County Judge J. B. Davis in Littlefield and was fined \$100 and court costs.

FBI Arrests Hired Hand

An Olton farm hand was taken into custody here last Thursday by two FBI officers in connection with a strong armed bank robbery in Kansas.

The suspect of a June, 1962, robbery was F. D. Martin. He had been working for an area farmer.

A local police officer told that Martin was brought to the police station and mugged and finger printed. He added there had been a warrant out for the hired hand for more than a year.

Martin was implicated in the robbery by a man arrested last year.

TURNER VISITORS

Weekend visitors in the Bill Turner home were Mrs. Turner's brother, Bob Ward of Bryan, her aunt and uncle, Mr. and Mrs. Claude Day of El Paso. Also visiting in their home Sunday were Mr. Turner's uncle, Jack Thurman who has recently moved to Lubbock from Bryan.

HIGHER EDUCATION-Texas Committee on Education Beyond the High School has selected one of its members as paid executive director. He is Dr. A. B. Martin, president of Amarillo Junior College. He will co-ordinate all staff work for the big study. Committee has one year to finish its study and report to the Governor and Legislature.

Help **NATURE** Protect your Cotton

KILL Fleahopper SAVE Beneficial Insects

Dylox works hand-in-hand with nature . . . knocks out fleahopper and beet armyworm in a hurry. But, when used at proper recommended rates, Dylox does *not* sterilize your fields of all insects. It leaves beneficial predators and parasites in your cotton fields doing their natural work of suppressing harmful pests. They keep populations

down so you spray less often. You save on chemicals and labor. Control is better and costs are usually lower.

You'll be dollars ahead with Dylox. Order tomorrow.

WOMEN of the New Century Study Club enjoy themselves after being surprised with a come-as-you-are breakfast. The 6 a.m. party was held Tuesday in the Ed Thompson home. Women were not allowed to change clothes and went in housecoats and robes. Only a few were up early enough to be dressed.

Come-As-U-R Breakfast Held

Members of New Century Study Club were caught by surprise with a come-as-you-are breakfast in the home of Mrs. Ed Thompson Tuesday morning at 6.

A short business meeting was conducted by the president, Mrs. Don Spain.

Members attending were Mmes. Elmer McGill, Forrest Latimer, Archie Sorley, C. H. Dorris, Fred Thompson, H. A. Spain, Don Spain, Roy Roberts, B. W. Dickenson, Jr., M. C. Church, Frank Struve, J. L. Snider, Carroll Brown, Wilton Bodkin, Bill Turner, George Caddell, and Johnny Clark.

Safety Meeting Slated Friday

A pre-construction meeting at 10 a.m. Friday, in Olton City Hall, will concern safety during the reconstruction of FM 168 from Anton to Ninth Street in Olton.

Purpose of the meeting, to be attended by representatives of the State Highway Department, the Department of Public Safety, the contractor, and representatives of the local law enforcing agencies, is to reduce the accident rate on highway projects under construction.

HAVE GUESTS

Mr. and Mrs. W.R. Bean had as their guests over the weekend, Mr. and Mrs. Sammy White and family of Knox City. They also visited in Littlefield with Mr. and Mrs. Lloyd White. Mrs. White and Mrs. Bean went to Plainview Saturday.

RETURN HOME

Mr. and Mrs. Everett Huckabee and Gary, Don Loveless, and Mrs. C. H. Smith have returned from a visit in Red River, N.M. Accompanying them were Mr. and Mrs. M. A. Barton of Floydada, who visited in the Huckabee home before going to Red River. Mr. and Mrs. Lynn Huckabee and daughter Carol of Lubbock were guests in the home of his parents, the Everett Huckabees, Monday.

Christian College Future Uncertain

Dr. W. Neil Record, assistant to the president at Wayland College, told members of the Lions Club Tuesday that Christian colleges are facing an uncertain future.

He said, "there are two basic problems, financial need and faculty."

"I think the future of our church-related schools lies in the hands of men like you."

He said, the world is demanding better education and Christian colleges must maintain excellence both academically and spiritually.

Hot Check Legislation Equipped With 'Teeth'

A vigorously enforced hot check law may bounce some of the bogus writers into jail and even prison it was learned in Olton this week.

Penalties for hot checkers are becoming more severe.

Chief of Police Emmett Burrows and Deputy L. V. Smith Sr. have urged Olton businessmen to help them get tough. Smith said, "we would like the co-operation of all businessmen in getting every check writer's signature, drivers license number and car tag number."

He told there had been a "run of forged and hot checks lately". Lamb County District Attorney Jack Young said Monday that the new legislation which becomes effective Aug. 24, will make prosecution easier.

Speaker

Rev. John Lewis, pastor of the First Baptist Church, will speak at a groundbreaking service in Henerietta Sunday, August 18.

IN SMITH HOME

Recent guests of Mrs. Ruby Smith were her sons, Arnel of Portales and Delber of Childress.
