Serving The Top O' Texas 60 Years

WEATHER

PAMPA AND VICINITY—Cloudy today with continued cold through tonight. High today will be in the lower 40s, low tonight in the mid 20s. Slightly warmer Monday. Winds will be northeasterly at 12-22 m.p.h.

VOL. 60 — NO. 185 | Circulation Certified by ABC Audit | THE PAMPA DAILY NEWS, SUNDAY, NOVEMBER 5, 1967 | (30 PAGES TODAY) | Week Days 5c Sundays 10c

8 Issues Face Gray County Voters

(Daily News Staff Photo)

LISTENING INTENTLY — Members of Pampa's first teenage jury listen as Corporation Court Judge John Warner gives them instructions on what a teenage jury does. The jury Saturday was made up of members of the True Teens and Key Club. Jury members from left are: Carole Campaighe, Janetta Bayless, Jo Hiatt, Tim Doke, John Karr, Gene Kincaid and Barbara Brown.

Hospital, Airport To Hold Local Interest

An estimated 10,000 Gray County voters will be eligible to go to the polls in next Saturday's election to decide two county issues and reject or adopt six proposed amendments to the Texas Constitution.

The local issues deal with an $850,000 bond issue for modernization of Highland General Hospital and a $250,000 bond issue for improvements to Perry Lefors Airfield.

The state amendments:

No. 1—Authorizes counties to put all county tax revenue into one general fund without regard to source or purpose.

No. 2—Permits municipalities, political subdivisions and state supported entities located within a hospital district to participate in the establishment and operation of mental health, mental retardation and public health services.

No. 3—Extends the veterans' land program by authorizing the sale of $200 million of state bonds to purchase land to be sold to veterans and expands the program to include veterans of Vietnam.

No. 4—Authorizes counties to pay medical, doctor, and hospital bills of county law enforcement officers for injuries received in line of duty and to continue to pay salaries of injured officials during period of incapacitation.

No. 5—Authorizes the Parks and Wildlife Department to issue and sell general obligation bonds in the amount of $75 million to finance acquisition and development of lands for state parks and recreational areas.

No. 6—Permits non-elective state officers and employes to serve in other non-elected positions under the state or United States government where there is no conflict of interest and where the state will benefit.

On the local bond elections, improvements would include:

For the hospital: intensive care facilities, modern laboratory and x-ray facilities, all-weather fire escapes, administrative offices, modern emergency room facilities, physical therapy facilities and better kitchen facilities.

For the airport: additional land to strengthen the north-south runway, which would enable jet aircraft to land here, a taxi-way for added safety, additional lighting, re-surfacing of runways and improvements to the terminal.

Gray County Commissioners Court has gone on record as saying that no increase in the current $1.28 per $100 valuation tax would be necessary to pay for one or both of the bond issues. The commissioners said that costs for either or both of the bond issues could be paid for out of available funds.

Charlie Thut, Gray County Clerk, urged all voters to take their registration receipts with them when they go to the polls Saturday.

Any registered voter may participate in the constitutional amendment elections. But only registered voters who are prop-

(See ELECTION, Page 3)

Cambodian Chief Says Red China Violates Rules

PHNOM PENH (UPI)—Chief of State Norodom Sihanouk apologized Saturday for a display of shattered U.S. warplanes in downtown Phnom Penh during Jacqeuline Kennedy's visit. But he said the United States is weak and will be out of South Vietnam and all of Indochina within two years.

Sihanouk said the warplanes were shot down by Cambodian forces over Cambodian territory.

"We would like to shoot down more . . . we have lost 20 Cambodians for every American that died," he said.

Sihanouk made the statement at a news conference. He also:

—Said Cambodian trouble with Peking stem from Communist China's attempts to overthrow his government.

—Renewed charges that American troops in South Vietnam had violated Cambodian borders in addition to the American planes he charged had flown over his country.

—Said he would never bow to either Peking or Washington.

—Said he would immediately restore diplomatic relations with the United States which were ruptured two years ago if Washington would assure him that Cambodian borders will be respected in the future.

American officials have repeatedly denied that American planes bomb in Cambodia although they charge that the Viet Cong and North Vietnamese use Cambodian territory for sanctuary and bases from which they launch attacks in South Vietnam.

(There was no immediate Washington reaction to Sihanouk's remarks or his conditional offer to restore diplomatic relations.)

Mrs. Kennedy, meanwhile, continued her three-day tour of the ruins at Angkor. Friday night, she kicked off her shoes and wandered barefoot by torchlight and starlight through the temples of the ancient god king city.

Cambodian security police lurked in the shadow of temple walls to protect her as she tiptoed over rough stones listening to guide Bernard Groslier recite the history of the ruins.

British diplomat and widower Lord Harlech walked close behind.

United Fund Exceeds Goal

The Pampa United Fund blitzed to its goal of $82,000 Friday afternoon after faltering $4,400 short of that figure Thursday morning.

With all major contributions in by Wednesday, the Fund appeared doomed to fall short of its goal by at least several thousand dollars.

United Fund President A. A. Schuneman appealed to Pampans Thursday in the Daily News and the response was overwhelming.

Money started to trickle in. People called to say they would give $10 or $20 more. Then the money began to flow in steadily, until every resource seemed dry Friday morning.

By that time, the Fund was only $1,600 short of its goal. An anonymous donor then offered to write out a check for $1,000 if Pampans would raise the other $600. This paper carried that story, and Pampans dipped in their wallets again in response to the challenge.

Late Friday afternoon, $609 had been raised and the anonymous donor had written his $1,000 check to give the Pampa United Fund one of its strongest finishes and largest collections on record.

A. A. Schuneman is president of the United Fund and David Tucker is campaign chairman. Minor Huffman served as campaign director. Committee chairmen were Floyd Watson, J. C. Roberts, Norman Henry, R. B. Cooke, Dr. Harbord Cox, and George Newberry.

Missing Amarillo Banker Seen in Tucumcari Cafe

AMARILLO, Tex. (UPI) — The Potter County Sheriff's Office said Saturday it was checking out leads in New Mexico on missing banker James F. Smith.

Smith, 61, showed up eating breakfast Friday in Tucumcari, N. M., about 130 miles from Amarillo, then disappeared again.

"We're checking out some leads over there but so far they haven't produced anything" a deputy said.

Smith, chairman of the board of the Amarillo Savings and Loan Association and the North State Bank of Amarillo, disappeared Tuesday. He was seen in the town of Claude, 21 miles to the southeast, the next day. His new car was found Wednesday night in a deep ravine 17 miles south of Claude.

Smith's family has offered a $1,000 reward for information leading to his return. In the past, Smith has suffered from blackouts.

Search Continued For Missing Girl

NEW YORK (UPI)—The runaway daughter of New York State Republican Chairman Charles A. Schoeneck Jr. may have gravitated toward the country retreat of LSD high priest Timothy Leary, it was reported Saturday.

Authorities said the operator of a drive-in restaurant within 10 miles of Leary's establishment near Millbrook in wealthy Dutchess County served a pretty young blonde who closely resembled 16-year-old Elizabeth Newton Schoeneck early Friday.

The girl, a senior at the exclusive Pebble Hill School in Syracuse, N.Y., where her family lives, disappeared Tuesday, leaving behind a note which indicated to her family that she wanted to become a "flower child."

A door-to-door canvass of the East Village section of New York City, East Coast hippie headquarters, turned up no solid clue to Elizabeth's whereabouts.

Police continued to distribute missing-person circulars Saturday and sifted through undocumented reports that the runaway had been spotted.

One report came from San Juan, where police said a girl resembling Elizabeth was photographed Tuesday at Puerto Rico's first "love-in" Tuesday.

Court House Parking Lot To Be Closed

Beginning Monday morning, the parking lot on the north side of the Court House will be closed to all parking, County Judge S. R. Lenning Jr. has announced.

Reid Strickland Construction Co. of Amarillo, which was low bidder for improvements to be made at the Court House, will be using the lot for their equipment.

The construction company submitted the low bid of $37,200 for the improvements. County Commissioners Court awarded the firm the contract Monday at their regular meeting.

Improvements on the Court House are to include air conditioning and tiling both the County and District Court Rooms, lowering the ceiling of the District Court Room, and constructing a jury deliberation room, and an attorney-client conference room in the District Court Room. Also included will be paneling in the District Court Room.

Traffic Deaths Down

AUSTIN (UPI)—Texas traffic fatalities so far this year are down 2 per cent from the 1966 level, the Department of Public Safety said Saturday.

Through noon Friday 2,630 persons had been killed in 2,156 accidents. In the same period last year, there were 2,673 deaths in 2,176 wrecks.

Pampa Dentist Has Article Published

A Pampa dentist has had a paper published in the official publication of the American Dental Association.

The paper, "Hazards of Radiation from X-Ray Exposure," was written by Dr. H. H. Hicks and appeared in the November issue of the Journal of the American Dental Association.

If it comes from a Hardware Store we have it. Lewis Hdwe. (Adv.)

Winner Is Loser

Lubbock Coronado High won the football game from Pampa Friday night but some members of the Mustang football team lost something they'll probably never be able to replace.

According to a police report someone entered the Mustang dressing room during the game and took money, school rings, watches and billfolds.

Total value of the items taken was estimated at $92.05.

RECOMMEND CHRISTMAS TRUCE

8,000 Communists Have Been Killed in Vietnam

SAIGON (UPI)—The jubilant general in charge of American forces defending Loc ninh near the Cambodian border challenged Communists Saturday to send more troops under his guns. He said bloody fighting of the past week has cost the Viet Cong and North Vietnamese about 8,000 casualties.

Maj. Gen. John Hay, commander of the U.S. 1st Infantry Division, sent the challenge to his Communist counterpart in a letter he had dropped from a plane between bombs blasting Viet Cong positions.

It appeared he would soon get his wish. He said he expected another attack soon from two fresh North Vietnamese regiments which have moved into the battle area from a secret Cambodian base bringing guns and ammunition with them on lumbering elephant pack animals and plodding oxen.

One of his units patroling the eastern defenses of the district town eight miles from Cambodia and about 70 miles north of Saigon ran into a machinegun ambush Saturday.

It was five minutes before American artillery pounded the Communist trap and helped the infantrymen to escape. But it cost them one killed and five wounded.

Meanwhile, fighting flared on two fronts in the Central Highlands where American military officials said the Communists are pouring in thousands of fresh troops apparently to open a new offensive and try to thin out U.S. and South Vietnamese forces.

The U.S. 4th Infantry Division, in a two hour fight, hurled back an attack on an artillery position near the Cambodian border 175 miles north of Saigon killing 28 Communists. One American was killed and three wounded.

Further north, in the heavy jungles of Kontum Province U.S. troops attacked Communists spotted moving down a trail and killed four before they managed to escape. Six Americans were wounded in the fight.

A military spokesman said heavy clouds prevented American planes from hitting the Hanoi-Haiphong area. Most of the 113 missions Friday were in the southern panhandle of North Vietnam. Just above the Demilitarized Zone (DMZ) warplanes blasted two surface to air (SAM) missile sites the Communists have been trying to set up as defenses against B52 raids.

Hay, meanwhile, said a "conservative" estimate of the Communist death toll around Loc Ninh during the past seven days was 2,000. He said that there had been nearly 1,000 bodies counted.

"You can figure they've taken at least that many away," he said. "There are some bodies we never find. And if you figure that they have the normal ratio of injured to killed, they've lost about 6,000 men to wounds."

So far, the fighting has been so lopsided that Hay gleefully challenged the Communists to try again.

He wrote a letter, addressed it to the "general in charge," his unnamed counterpart, and had it dropped over Viet Cong positions.

"I told him I hoped he had enough forces left to send in right now because we are waiting and ready," Hay said.

SANTA DAY PARADE

Kris Kringle Coming To Pampa on Dec. 1

Plans are in the making for Pampa's biggest Santa Day Parade in many years. Santa Claus will arrive at 4 p.m. Friday Dec. 1 in a pageant including bands, choirs, floats, and other entries befitting the Christmas Season.

All clubs and organizations, retail stores, churches, and other concerns are invited and urged to participate.

First, second, and third place plaques will be presented to winners in both the commercial and non-commercial divisions, with a cash prize of $50 going to the best entry in each division.

Special features of the parade will be a pet section and a decorated bicycle section. Cash prizes of $15, $10, and $5, respectively, will be awarded in these two sections.

The parade will form at 3:30 p.m. Dec. 1 on the parking lot at Coronado Center, with Bill Adams as parade marshall. It will move out promptly at 4 p.m. via N. Hobart St. to West St., southeast on West to Francis, east on Francis to Cuyler, and south on Cuyler to Brown St., where the parade will disband.

Santa Claus will be at his little house in the Coronado Center from 2 p.m. to 3:30 p.m. prior to the parade, where he will visit with pre-school age children and pass out Christmas stockings. Following the parade, Santa will be at the Court House in downtown Pampa where he will again visit with school children and pass out Christmas stockings with the assistance of Justice of the Peace Ed Anderson and Santa's helpers.

Prizes will be awarded to the winners of all divisions at a coffee in the dining room of the Coronado Inn at 10 a.m. Saturday, Dec. 2.

Invitations are being sent to bands and choirs in neighboring towns, as well as the local school system, according to W. C. Bass and Norman Fritzler, co-chairmen of the Retail Trade Committee of the Chamber of Commerce.

Huff Sentenced To Penitentiary

Formal pronouncement of sentence was given to Ernest (Rusty) Huff of Miami and Pampa Friday in 31st Judicial District Court by Judge Grainger W. McIlhany.

He was sentenced to 20 years in the state penitentiary at Huntsville.

The sentence followed a 20 year sentence assessed Huff by a jury in Lipscomb County on Oct. 20. Under the Texas Criminal Code, formal pronouncement of sentence by a judge usually duplicates the jury's assessment if the convicted waives appeal for a new trial or does not ask for one.

Huff was convicted by a 31st Judicial District Court in Lipscomb County of the $20,000 robbery of the First State Bank of Miami last March 3.

He was convicted by the eight man, four woman jury after five days of often dramatic testimony which portrayed him as a victim of mental disorders.

Huff was captured shortly after the robbery in a nearby pasture after a 30-minute gun bat-

SUNDAY CEREMONIES SET

Graduation Here Is Not a Day for Frolic

HUNTSVILLE, Tex. (UPI) — Traditionally, graduation day is a time of frolic, but not for the 440 persons who graduate from high school today.

The graduates have completed the course of study for a diploma from the Texas Department of Corrections. A large percentage are serving life terms in prison, and two are men whose death sentences were commuted to life in 1963.

However, the outlook for a lifer with a high school diploma is not as bleak as a person might think, according to Alonzo Langley, director of education for the prison system.

A man under life sentence is eligible for parole after he has served 20 years, Langley said.

"The parole board looks very favorably on a man trying to help himself in prison," Langley said. "Certainly this would be one of the incentives."

The percentage of inmates who return to the prison once they have left it with a high school diploma is less than the percentage of those without one who return," Langley said.

He said he had made a survey of that particular situation in 1957, 1958, 1959 and 1960 and it showed that 4 per cent of the inmates who had earned diplomas returned to prison. Of the 500 prisoners without diplomas in the control group, 14 per cent came back, Langley said. The more education a person has, the less chance there is that he will become a criminal, in Langley's opinion.

The Department of Corrections has something to offer the inmate with a diploma, too. Six-hundred-fifteen men and women are taking extension courses taught by instructors who visit their prisons from Lee Junior College in Baytown and Alvin Junior College in Alvin.

The prisoners are diligent students, Langley said. If their work is not better than average, they will not be kept in their classes. And the lifers and long-timers may be the best students of all, Langley said.

"Your inmate with a life sen-

Wall Street Chatter

NEW YORK (UPI)—Oppenheimer, Neuberg & Neu says it is inclined to believe the market correction still hasn't run its course despite the good news displayed by some high flyers and recent favorites. Thus, the analyst advises investors to use caution in making new commitments.

W.E. Hutton & Co. offers the opinion that investors who pay too much attention to intermediate swings in the market usually are "whipsawed," adding that is it more important for them to take advantage of these opportunities for judicious changes than to adopt an "overly bearish bullish attitude." The company says those who remain pretty fully invested in common stocks should continue to reap the greatest rewards in the long run, rather than those who try to outsmart broader swings.

Hornblower & Weeks-Hemphill, Noyes says that although pessimism has increased in recent weeks, it would be surprising if reactionary tendencies persisted much further now. The investment firm says chances for a year-end rally appear to have been improved rather than harmed by the fact the current decline has proceeded longer than had been anticipated.

TANGLED WEB

LONDON (UPI)—It was family day in a London divorce court Thursday.

Patrick O'Shaughnessy, 34, was granted a divorce on grounds of his wife's adultery with his father and his mother was granted a divorce on grounds of her husband's adultery with his daughter-in-law.

Voters Urged To Save GI Land Program

Voters in Gray County were urged yesterday to save the Veterans Land Program for Texas GI's by Hugh Peeples, president of the Pampa Board of Realtors.

Peeples pointed out that next Saturday, voters must decide whether or not to save the land program for veterans. On the general election ballot will be a Constitutional Amendment to allow $250,000,000 in new bond funds for the program.

The Veteran's Land Program is the only self-supporting program available to former GI's in Texas, Peeples said.

"The fund, if allowed by the voters," he stated, will provide up to $10,000 in direct loans to veterans. All that is required is five per cent down. The loan may be made for 40 years, and at an unbelievably low interest, four and one-half per cent, Peeples told his members.

Under the program, he stated, the state purchases the land and keeps the title. A contract of sale is given to the veteran. He may transfer the contract after three years if he so desires or he may pay off the loan.

Any Texan who has been a resident of the state for five years and who served at least 90 days on active duty is qualified for the program.

"This loan fund has served our ex-servicemen well in the past, rightly rewarding them for service to country and to state," Peeples said. He urged, "every voter should vote to continue this program which has not cost the tax payer of Texas one cent."

Nuchols Again Named Spelling Bee Director

B. R. Nuchols, county school superintendent, will again be the 1968 Spelling Bee director for Gray County and some time before April 1, the County Bee will be held and the champion will go to Amarillo on April 27, 1968, for the annual regional elimination for the National Spelling Bee.

Nancy Palmer, daughter of Mr. and Mrs. Ralph Palmer of Pampa was the Gray County junior champion last year. The champion was a 8th grader in the St. Vincent de Paul school. The 1968 Golden Spread Bee will be co-sponsored by West Texas State University and the Amarillo Globe-News. L. J. (Jack) Edmondson, former Pampa school superintendent and now director of public services, will be the Bee director for the Golden Spread. Again there will be a unique secondary contest—the Junior Spelling Bee, open to contestants from the 6th and lower grades. First place winner in the Golden Spread Bee will go to Washington during the first week in June 1968, to participate in the National Spelling Bee.

BATTLE TOLL

LAGOS, Nigeria (UPI) — Nigerian authorities reported Thursday that 2,000 rebels, including five mercenaries, were killed last month in the battle for the important port city of Calabar.

MERZAGORA RESIGNS

ROME (UPI)—High Official sources in the Italian government confirmed Thursday that Senate President Cesare Merzagora, holder of the country's second highest office, had resigned in the face of Communist criticism.

EARTHQUAKE HITS

ENNA, Sicily (UPI)—The second Sicilian earthquake in 48 hours rocked the town of Nicosia Thursday. There were no reports of injuries or serious damage.

FLUKE COURSE

SUGAR LAND, Tex. (UPI)—The burglars were professionals, sheriff's deputies agreed. They just had a bad day.

The burglars:

—Pried open the back door of the Sugar Land State Bank Wednesday and broke into cashiers' drawers. They were empty.

—They used a compressor drill to get into the main vault but it led only to a storage vault.

—Finally, they bored into what they thought was the main vault. Bursting through a wall, the burglars ended up outdoors on U.S. 59.

Disease Spreads

LONDON (UPI)—Officials reported fresh outbreaks today in what they said was the "most explosive" hoof-and-mouth disease epidemic in recent years.

So far 8,000 farm animals have been slaughtered at a cost of $630,000 in efforts to prevent the spread of the deadly virus.

BE SURE TO VOTE FOR VETS LAND PROGRAM

Since its inception in 1949, the Veterans Land Program has stood on its own as one of our State's soundest endeavors. It has not cost the taxpayers of our state a cent. The program has allowed over 35,000 Texas veterans to participate in land ownership at low interest.

On December 1, 1965, the last purchase of land was made under prior enactments of the bill. Now, a new constitutional amendment to extend the program is to be voted on by people in our state. The day to vote is November 11, 1967.

Passage of This Amendment Would Allow This Service to Continue

It Costs Taxpayers Nothing..
Pays It's Own Way...
"Boosts" The Economy

Vote Nov. 11, 1967

Cities Service Employes Get Safety Honor

OKLAHOMA CITY — Employes of Cities Service Gas Company's Pampa and Burnett compressor stations and the system-wide gas measurement department were honored for outstanding safety records at a dinner given by the company in Pampa, Thursday evening.

Twenty-four employes at Pampa and seven from Burnett received an award for working 100,000 man-hours without a disabling injury. Two members of the gas measurement department located in the Pampa area were recognized for that department's 200,000 man-hours record.

Carl D. Anderson, supervisor for the two stations, accepted the plaque from Ira Meador, chairman of the company's safety committee and assistant superintendent of the pressure department in Oklahoma City.

Employes of Pampa station are Foremen H. Bruington and Rex Hollahan, C. D. Anderson, Jr., G. C. Austin, Leon Brown, T. Bruce, D. P. Budd, E. E. Campbell, L. P. Casey, D. O. Egerton, G. G. Giblin, S. B. Goodan, F. L. Holman, Harold Justice, R. L. Long, C. C. Martin, Robert L. Murray, J. D. Ownsby, T. L. Patterson, C. L. Reeves, M. M. Stewart, Ocie G. Stewart and L. C. Wassell.

The Burnett crew includes Cecil A. West, station lead man and J. D. Blanton, S. V. Hays, J. E. Hindes, C. L. Satterwhite, E. E. Sinclair and A. C. Thomas.

Gas measurement employes from Pampa are Edward Allen and Edward K. Wiens.

Eight Pampa Youths Join US. Navy

The Navy Recruiting Office of Pampa today announce the enlistment of four local men into their "Buddy Program". The new Bluejackets will enter basic training in San Diego, Calif. together and attend their training in the same company. Upon completion they will be assigned to a ship, Naval Station or a formal course of training depending on their choice and scores obtained on aptitude tests.

The men are: Larry Douglas Hadley, son of Mr. and Mrs. D. R. Hadley of 1201 E. Kingsmill; John Edwin Stafford Jr., son of Mr. and Mrs. J. E. Stafford of 2229 North Sumner; Charles Richard Parker, son of Mr. and Mrs. D. L. Parker, of 414 N. Cuyler; Wilson Homer Hatcher, son of Mr. and Mrs. F. M. Hatcher, of 1816 Coffee.

Four other Pampa youths have already reported to the to the training base for their "boot" training. They are: Roger Allen Mendenhall, son of Mr. and Mrs. C. A. Mendenhall, 405 N. Christy; Clifford Wayne Richter, son of Mr. and Mrs. E. A. Richter, 312 N. Zimmer; Robert Darryl Webb, son of Mr. and Mrs. R. C. Webb, 1116 Seneca Lane; Russell Leroy Yeager, son of Mr. and Mrs. D. L. Yeager, 1136 Sierra Drive.

Change of Venue Request Denied

Judge Grainger McIlhany denied a motion for a change of venue in 31st District Court Friday for two men being held for the Aug. 24 robbery of a McLean service station, but granted a motion for separate trials.

The trials will be held here Nov. 13. The defendants are James Lee Herring, 19, and William Benjamin Davis alias Anthony Thomas Fiorelle, both of New York City.

They are charged with holding up the service station early on the morning of Aug. 24, and taking $107.75 from the cash register after tying up the attendant.

The two were captured an hour later by the Amarillo police. Both suspects were carrying .22 caliber pistols.

The two men have been held in Gray County jail in lieu of $20,000 bond. Counsel for the defendants are Harold Comer and David Holt.

● Graduation

(Continued From Page 1)

tence makes your better inmate because he has to be better over a longer period of time to get out," Langley said.

Normally, about 20 per cent of the inmates of a prison are illiterate, 60 per cent have not gone past elementary school grades and 20 per cent have gone through high school or further, Langley said. Out of 12,000 to 13,000 inmates, only 12 to 15 have college degrees, he said.

The high school program was started in 1956 and the college program two years ago.

RARE FIND IN PUB

BARCELONA, Spain (UPI)— Rafael Puig found a pub Saturday which serves the best oysters in all Spain. Puig found three small pearls in the first one he tried.

POSTER CHILD for the 1968 March of Dimes 30th anniversary campaign is 4-year-old Timmy Faas of Whittier, Calif. He symbolizes more than 250,000 American children born each year with birth defects. Timmy, born with an open spine, had surgical treatment when he was five days old and can now walk with the aid of full leg braces and crutches.

FOIL PLOT

JAKARTA (UPI)—The official Antara news agency reported Saturday that police in West Javara arrested 24 persons and foiled a Communist insurgency plot. Antara said 21 hand grenades and some documents were seized during raids earlier thi s week. The documents detailed a "last plan" for the underground Indonesian Communist party.

SET LOCATION

NEW DELHI (UPI)—India and the United Nations Saturday agreed to hold the second U.N. Conference on Trade and Development in New Delhi in February.

Six Offenders Plead Guilty

Six defendants in cases ranging from driving while intoxicated to shoplifting were sentenced Friday by County Judge S. R. Lenning Jr. after they pleaded guilty, and waived rights to trial by jury.

Marving Dearl Sorrels of Pampa pleaded guilty to wilful destruction of property and was fined $1 and costs.

Dorothy-Lee Dinkins of Pampa pleaded guilty to shoplifting and was fined $10 and costs.

Donna Thomas Ayres of Pampa pleaded guilty to driving while intoxicated and was fined $50 and costs, sentenced to three days in jail and placed on six months probation.

Bobby Dale Harris of Pampa pleaded guilty to driving without a license and was fined $25 and costs and sentenced to three days in jail.

Carmen Thomas Ferrell of Pampa pleaded guilty to manipulating the lever of a motor vehicle and was sentenced to five days in jail and costs.

Pope Gregory XIII reformed the calendar in 1582.

High-Powered Gun Injures Owner

A 55-year-old Pampa Negro, Sam Smiley, was reported in good condition in Highland General Hospital Saturday.

According to a Pampa police report, Smiley reportedly accidentally shot himself in the left ankle about 3:15 a.m. Saturday.

Police received a call Saturday that a man was being treated in the hospital for a gunshot wound.

Smiley told officers he dropped the gun, a .357 Magnum, on the floor and it discharged, hitting him in the ankle.

● Election

(Continued From Page 1)

erty owners can vote in the local bond elections. Their property must be registered on the tax rolls.

Those voting in the bond election will face something new. Texas law now requires persons voting on a tax bond to sign an affadavit showing that they are the owners of property which has been rendered for taxation.

Voters will receive the affidavits when they go to the polls Saturday. They will be required to write down the description of one item of property.

Absentee voting will continue through Tuesday. Persons who because of sickness, physical disability or expected absence, cannot vote may do so by absentee ballot. Details and instructions may be received from the county clerk.

Obituaries

Vernon L. White

BORGER—Vernon L. White, 63, of Dial, was dead on arrival at 8:15 a.m. Saturday at North Plains Hospital here. A resident of Hutchison County area since 1926, he was a retired pumper for Gulf Oil Co.

Survivors include two sons, Stanley White, Pampa, 1324 N. Banks; and Lanny White, Little Rock, Ark.; one brother, Garner, White, Oklahoma City, Okla. and four grandchildren. funeral services will be held at 10 a.m. Tuesday at First Christian Church, Stinnett, with Rev. Dwayne Grimes, pastor, officiating. Burial in a Weatherford, Okla., cemetery will be directed by Minton Mortuary of Borger.

Two Fire Victims Reported Fair

AMARILLO, Tex. (UPI) — Two teen aged boys, badly burned in a house fire which killed a third, were reported in fair condition and "holding their own" Saturday.

Officials at St. Anthony's Hospital said Jesse Rodriguez was burned over 35 per cent of his body and Ricardo Gallegos over 25 per cent in the fire Friday which killed Robert S. Espinoza, 14.

A passerby helped Rodriguez and Gallegos escape by kicking in a front window.

Wyoming has some two million sheep, and ranks second only to Texas in wool production.

Pampan's Father Dies in Oklahoma

Earl Pearson, 59, father of Guy Pearson of Pampa, died Saturday morning in Stigler Hospital, Stigler, Okla. He was a resident of Quinton, Okla.

Funeral arrangements are pending with Mallory Funeral home in Stigler.

Mr. Pearson is survived by his wife, Maxine, of the home; one son, Guy Pearson, Pampa; four daughters, Mrs. Dewey Garrison, Mrs. Kay Morgan and Mrs. Bill Seabolt, all of Tulsa, Okla., and Mrs. F. A. Ashcraft, Houston, and nine grandchildren.

Oddfellows Elect New Officers

CANADIAN (Spl) — The members of the Oddfellow lodge held an installation of officers at their last meeting.

Ross Howe was installed as Noble Grand, John Willoughby as Vice-Grand, E. L. Beaty, as secretary, F. L. Gearhart, warden; Jack Nix, conductor, Charlie Alford, right support to Noble Grand, R. O. Durant, left support to Noble Grand, J. A. Reeves, right support to Vice-Grand; J. C. Bivins, left support to Vice-Grand; G. L. Cronister, chaplain; R. L. Anderson, right scene support; and Buster Wells, left scene support.

The first Massachusetts Highway Commission was set up by the legislature in 1893.

11 Wildcat Wells Drilled Last Week

AUSTIN (UPI) — There were 11 wildcat wells reported this week in Texas, the state Railroad Commission said Saturday.

Five gas wells were reported, with two each in San Antonio and Houston districts and the other in Kilgore. The six oil wildcats were two each in San Angelo and Lubbock district and one each in Corpus Christi and Wichita Falls areas.

The oil finds gave wildcatters 395 for the year, compared with 312 a year earlier. The gas discovered boost that figure to 585 thus far in 1967, compared with 321 a year ago.

● Huff

(Continued From Page 1)

tle with law enforcement officers. Seriously wounded, he later underwent emergency surgery at the Veterans Administration Hospital in Amarillo.

Huff was incarcerated in the Gray County jail prior to and after the trial and will be taken to the state penitentiary within the next few days.

No date has been set yet for the trial of Huff's wife, Wanda Ruth, also charged in the robbery.

Motion Pictures and TV Enjoy a Short Honeymoon

By VERNON SCOTT
upi hollywood Correspondent

HOLLYWOOD (UPI) — Like any marriage, the wedding of motion pictures and television has not been one long honeymoon.

In the beginning movies disdained the upstart television medium, hoping it would go away.

But when boxoffice receipts dropped the romance began. Studios wooed video producers to use their facilities. Then it was proposal time and picture companies began turning out their own product for TV.

And so they were married.

But a new baby came along, topflight current movies for prime time television. All of a sudden the networks and the studios discovered the infant was bigger than both of them. Viewers demonstrated that they would rather see movies or television than television shows or series.

What's New?

Now what? A divorce?

A resounding 'no' comes from Thomas Moore, president of the American Broadcasting Company.

It is his opinion that the marriage is stronger than ever. The love is economic. Neither medium, it appears, can flourish without the other. Indeed, movies and television have become a commercial Ma and Pa Kettle.

"I'm sure feature movies will play an important part in television from now on," said Moore.

"And it's not realistic to think the movie pool will dry up eventually. Quite the opposite. There are enough features available right now for all three networks to schedule two movies every week for the next three years.

"Television income to studios and independents have hypoed picture-making so that from 150 to 200 pictures a year are being filmed. And that's enough to keep television in the movie market."

In essence Moore is saying that movies are no longer profitable unless they are made with the intention of eventual television sales. And it follows that television is in trouble without movies to show.

"An excellent movie is seen domestically by 8 or 10 million theater goers," Moore explained. "But a single exposure of a recent picture like 'What Ever Happened to Baby Jane?' is seen in 14½ million homes or by about 20 to 30 million viewers.

"Moreover, it appears a pattern of release is emerging. Movies will be released on a road show basis, then to smaller theaters, driveins and finally television.

"And the time from theater to television release is growing shorter and shorter. I expect the gap to drop to about two years in the future."

Moore stated flatly that television is the major factor in planning feature pictures. The economy of the situation is that TV revenue to studios has kept them in the black.

"It is evident that television cannot create within its economic framework a product to compete with movies," he said. "So we will have to continue to seek new vitality in creative programming. Our 'Johnny Belinda,' for instance, topped all opposition with a 40.6 share of the ratings.

Live Shows

"Virtually the only programs that compete with film are live personality shows such as Carol Burnett, Dean Martin, the 'Hollywood Palace' and the Smothers Brothers. But our filmed half-hour and hour shows aren't standing up well at all except when they are programmed at a time when feature pictures aren't on the air."

I asked Moore if the movie trend toward controversial issues, sex, profanity and nudity would affect sales to television.

"Not really," he said.

"Remember when they used to shoot foreign versions of movies as well as the domestic film. Well, now they're shooting television versions. If not, they are at least filming scenes to cover shots that might be censored on television.

"But American audiences keep moving and changing. Today we are seeing things in movies that would have been absolutely taboo 10 years ago. Now they're accepted.

"I think television will also liberalize what can and cannot be shown on the screen in the years to come."

While Moore admits we'll be seeing more movies on the tube in the future, he is convinced thattelevision will not become simply a home movie theater.

"Television will find new patterns, new ideas and forms to pioneer entertainment," he concluded. "You can count on that."

Meanwhile, Moore and other network savants are counting the house.

Research Project Underway At Tech

LUBBOCK — A $40,000 research project, made possible by private money, stock and equipment and managed by Texas Tech agriculture Prof. Ralph M. Durham, is attempting to determine whether cattle successfully can be grown on limited concentrate rations.

Dr. Durham, a pioneer in the use of high concentrate and all-concentrate rations for fattening cattle, said the Renderbrook-Spade Ranch was supplying 160 head of high quality Hereford steer calves and will furnish the feed and handling costs during the nine-month experiment. In addition a grant of $5,600 from Harvest Queen Mills is being used to conduct the technical aspects of the experiment.

"We are conducting this experiment because the majority of the cattle being produced for feedlots," Durham said, "are still predomnantly of British breedings. These cattle have been bred to fatten at early ages.

"With the trend toward more muscular, less fat cattle, it would be difficult to take a weanling Hereford or Angus calf from 350 to 1,000 pounds on a higher concentrate diet without getting him too fat.

"However," the Tech scientist said, "it may be possible to take this weanling calf and grow him without fatteningt o 500-600 lbs. at which time he could be fed a full ration until he fattened to 1,000 pounds."

Durham said he believed this system could be utilized with cattle of British breeding to provide a meat product which would be desirable from the retail standpoint.

Generally, only the male of the deer family has antlers.

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

TEEN DANCES: The Center sponsors teen dances for the young people on each Friday night and also on other special nights through the year. The dances are conducted on the highest level and last from 8-11 p.m. except after Harvester games at home. Teenagers are not permitted to come and go but must stay in or out of the dance. The dances are chaperoned and an off-duty policeman is on duty at all times.

The Center is arranging some special bands to come in during the Thanksgiving, Christmas & Semester break holidays. In mind are the Blue Things, Our Gang, The Rising Suns, King Midas and the Mufflers and the Daughters of Eve.

Bands scheduled are: Nov. 10 Casuals; 17 Jekyl and the Hydes; 24 Tiaras; Dec. 1 Hysterical Society; 8 Casuals; 15 Motiffs; 19 Cords; 22 Tiaras and 29 Jekyl and the Hydes.

SWIM LESSONS: The Center also sponsors the swim program in Pampa under the direction of the American Red Cross. Courses offered during the year are polywogs, beginners, advanced beginners, intermediates. Swimmers Jr. and Sr. Life Saving. All courses are taught by a qualified water safety instructor.

MEMBERSHIPS: The Center is financed through a membership program and these memberships are always available. Through these memberships the Center offers its facilities to all including free swim lessons. Activities available are ping pong, basketball, volleyball, pool, shuffleboard, trampolining, tumbling and other quiet games.

Memberships are either individual or family. The individual membership is for thos e8 years of age or older and costs $5 for six months and $8 per year. The family membership is for all members of the family and costs $12 for six months and $20 per year.

VOLLEYBALL RESULTS: La Bonita and Yellow Cab posted victories in the women's division to remain tied for first. La Bonita tipped Jonas Auto Sales 15-5 and 15-4 while Yellow Cab bumped Malcolm-Hinkle 11-1 and 15-4.

In the men's division Jordan Conoco, Bell Pontiac and Skelly were tied for first place. Bell Pontiac defeated Skelly 15-4 and 15-10 and also rocked Cabot 15-10 and 15-9 while Jordan Conoco slammed Furr's 15-8 and 15-13.

Red Cross News

By LIBBY SHOTWELL
Executive Secretary ARC

By the time our newsletter is printed all of you will know that our Pampa United Fund goal has been reached. Thanks to all of the people in Pampa who worked so diligently and gave so generously to our United Fund. Mr. A. A. Schenuman, president of the Pampa United Fund, should be commended for his time and interest in this program and all of the workers and givers a great big thanks! Every dollar counts in an event like this and Mr. Minor Huffman who directed our drive again this year needs a great big thanks too. He was so good to keep each agency informed of the progress of the drive and also gave each agency a part in the drive. Let us all work to keep our Pampa United Fund meeting its goal each year and the only way this can be done is for each of us to give our "fair share".

Our Progressive First Aid class in Standard FA have about come to a close. Monday and Tuesday anyone who has missed only one or two classes can come to the Red Cross office and make up the classes they missed. Ted Gikas will be in charge of the Monday session and John Gikas and Frank Stallings will hold the Tuesday evening meeting. Time 7 p.m. to 9 p.m. in the Red Cross office basement of the City Hall. Please try and make up your meeting if you have missed one or two meetings, and receive your certificate. Thanks again for all of your fine instructors who have given so much time to teach this course.

Are you interested in an advanced First Aid Course? Mr. Ray Fisher and Mr. Loren Holden will begin an advanced class Nov. 13. Basement of the City Hall in the Red Cross office, 7 p.m. to 9 p.m. Requirements are that you hold a current Standard Card and are 15 years of age.

A letter from the National Red Cross has been received thanking the Gray County people for the 9,000 garments that were sent by the clothing van by the Seventh Day Adventist church. Most of these clothing boxes were given from the Welfare Index storeroom and the Golden Eagel Clothing Room and from many other individuals in Pampa. Thanks to each of you for your support. Cash donations totalled $270, which has been sent to Corpus Christi Disaster Headquarters.

Two schools have reported their enrollment in Junior Red Cross this week. Carver Elementary school enrolled their school with $6 and ordered 6 JRC News. St. Matthews Elementary school enrolled with $7 and ordered 4 JRC News. Other schools will be reporting next week.

Mrs. Jackie H. Marlar, Water Safety Ins., has completed several classes at the Pampa Youth and Community Center with the following receiving their certificates: Polywogs: Darryl Prather, Brent Colwell, Alison Payne, Jay Holt, and Kathy Kornegay. Beginner Swimming: Ronald Minnick, John Thaxton, Carol Sparkman, Brent Zelle, Peggy Wilson, Michael Miller, and Theresa Wiggin, Advanced Beginner: Theresa Wiggin, Bret Zelle, Russell Sealy, Ronald Minnick, Kista Kay Marlar, Beginner Swimming: La Doina Hyatt, Melinda Wyche, Kathy McKay, Vicky McKay, Karla Korneagy, Randy Purvis and Lisa Music. Congratulations to each of these young swimmers.

FLORENCE NIGHTINGALE would never recognize her 20th-century sisters in these new culotte uniforms. The very newest look for British nurses, not necessarily including motor bikes, was previewed at the London Nursing Exhibition.

World Crude Oil Refining Capacity Increases

United Press International

The free world's refining capacity is in for abig boost over the next two years in an effort to keep in step with increasing consumer demand and record levels of crude oil production.

Production, which hit a new high of 36.4 million barrels per day in August, is expected to rise about 8 per cent in both 1963 and 1969.

To handle the anticipated growth, the Oil and Gas Journal reports that 69 new refineries and about the same number of expansion projects, scattered through 57 free world countries, are either under construction or on the drawing board.

Outside United States

The projects, all outside the United States, represent an added daily refining capacity of 6,050,000 barrels. Of that total 3,179,000 barrels daily will come from new facilities and 2,671,000 per day will come from expansions. These figures compare to a 1966 capacity increase, outside North America, of 1,980,000 barrels daily.

A significant trend in the new plant construction and expansion boom, is that processing facilities are no longer concentrated in the major producing areas.

The European growth, led by the United Kingdom, will see 1,859,000 barrels per day from new plants and 1,433,000 from expansion of existing facilities.

Japan Big Consumer

After Western Europe comes the area of Japan—the world's fastest growing oil consumer — Australia, and Southeast Asia. In this section new plants will account for 789,000 barrels per day of new capacity and expansion will contribute another 975,000 before 1970.

The next two years will find Latin America adding some 529,000 barrels per day in new capacity. Brazil will be the site of the largest new plants while Argentina will pace the field in new expansion capacity.

Growth in the Middle East calls for two large new refineries. Construction is expected to be complete early next year on a 50,000-barrel-per-day refinery in Iran, and Kuwait boasts a 100,000-barrel-per-day refinery claimed to be the most modern in the world.

POOR SPORT

RICHMOND, Calif. (UPI)— Laborer Gale Culley, 31, thought more of saving his money than his features Thursday. A robber, rebuffed in efforts to steal Culley's wallet, bit off the tip of his nose and fled. Culley will undergo plastic surgery next week.

ABSENTMINDED

HONOLULU (UPI) — Driver Ben Kekiwi makes it a point to check the seats and floor of his bus every time he finishes a run. He found a stray flight bag believed left by a woman who rode only six blocks in the Waikiki area Thursday. The bag contained $13,000 worth of cash and securities which the woman absentmindedly left on the bus after leaving the First National Bank.

Gilbert Sub Carries Texas by SMU 35-28

DALLAS (UPI)—Sophomore ed Koy subbed in for injured ullback Chris Gilbert Saturday nd his churning 128-yard erformance carried Texas to a ild 35-28 southwest Conference ictory over Southern Metho-ist's aerial blitz.

Koy, who is an understudy for both Gilbert and fullback Linus Baer, but seldom has had a chance to run the ball, came on in the second quarter after Gilbert went to the hospital with a shoulder injury and complemented Longhorn quarterback Bill Bradley's great passing and running.

Gilbert gained 49 yards on 13 carries and pumped Texas into a prau lead with one and five-yard runs for touchdowns before giving way to Koy, who built the lead to 21-7 by halftime with a two-yard smash.

Then, he helped Texas keep in front with his running to set up a one-yard touchdown run by Bradley and a 16-yard Bradley-to-Tom Higgins pass that put the game out of reach.

The Longhorns needed every point they could get, too, for SMU quarterback Mike Livingston put on a great show with 28, 55 and 5-yard touchdown passes to fleet little Jerry Levias and a 42-yard bomb to Jim Hagle to threaten to pull another of the patented SMU comebacks. The 5-yarder came with 1:42 left on the clock and SMU tried an unsuccessful onside kick in an attempt to get that last-ditch try.

Livingston hit 29 of 40 passing attempts for 378 yards and Levias caught 10 of them for 155 yards, missing only one that he got his hands on all day.

Bradley, too, had a tremendous day. He ran 23 times for 86 yards and hit 12 of 15 passes for 193 yards.

Southern Methodist might have made it even closer but for two bad breaks in the first half when they twice drove inside the Texas five-yard line only to have mistakes spoil the touchdown bids: On one, a clipping penalty thwarted the bid and on the other a fumble nullified a brilliant chance.

The victory was Texas' third against one loss in league play and kept the Longhorns in contention for the title, a half game behind Texas A&M, which built its record to 4-1 Saturday with a 33-21 defeat of Arkansas. Texas Tech also won to stay even with Texas at 3-1.

Aggies Rout 'Hogs 33-21

By BERT CAMPBELL

FAYETTEVILLE, Ark. (UPI) Quarterback Edd Hargett hrew three touchdown passes, tying a school record, and ran for a fourth score Saturday leading Texas A&M to a 33-21 victory over Arkansas and keeping the Aggies on top of the Southwest Conference.

The Aggies appeared doomed early in the fourth quarter when a Charlie Riggs extra point hit the goal posts and left Arkansas with a 21-20 lead. But Hargett came back to pass for one touchdown and jump one yard for another in the closing minutes of the game to grab the victory.

Hargett, the SWC's leading passer and total offense leader, tied the A&M single game record for the second time. He did the same thing earlier this season against Texas Tech. The record was set originally by Delmar Fikes in 1950 and tied by Ray Graves in 1952.

Saturday's game left Texas A&M on top of the conference with a 4-1 record, while Arkansas dropped out of contention with 1-2-1 record.

The Aggies marched 89 yards the first time they had the ball to open a 7-0 lead. The drive almost ended on the third play when the Aggies faced third and five at their own 16. Hargett rolled out to pass but slipped as he tried to cut. He balanced with one hand and straightened up to throw 23 yards to end Tom Buckman. Tailback Larry Stegent scored from one yard out.

Arkansas rolled to two second quarter touchdowns on the passing of quarterback Ronny South. The first Razorback score came after Aggie punter Steve O'Neal tops in the conference with a 42.2 average, kicked only 25 yards.

South's passing moved Arkansas to the one yard line from where David Dickey rammed into the end zone.

The Aggies could not move after the kickoff and Arkansas took over at A&M's 38. From there it took South four passes to move in for the score. South found end Ma Peacock alone in the end zone for the six-yard scoring pass.

Arkansas moved ahead 20-14 early in the third quarter on another South to Peacock pass that covered 19 yards.

Hargett brought A&M back with a 12-yard scoring pass to Wendell Housley. Aggie place kicker Charlie Riggs' kick hit the goal posts and bounced to the side, leaving A&M trailing by one point.

Houston Edges Georgia 15-14

HOUSTON (UPI)— Paul Gipson rammed through Georgia's vaunted defense for 229 yards Saturday night, including one touchdown and a two-point conversion in the last quarter, to give Houston a 15-14 win over the fifth-ranked Bulldogs.

Gipson's performance came before the largest indoor football crowd in history — a mob of 53,365 that stuffed the Astrodome for the Cougar's homecoming.

With 4:29 to go in the game, quarterback Dick Woodall passed 57 yards to split end Hebert for a touchdown to make it 14-13.

TCU Clobbers Baylor

WACO, Tex. (UPI)— Rambling Ross Montgomery rolled up 213 yards and four touchdowns Saturday to lead winless Texas Christian to a 29-7 Southwest Conference victory over Baylor.

The 215-pound junior halfback raced for 66 yards in his most electrifying run and punched over from one yard out for the other three Horned Frogs scores, more points than the entire TCU team had scored all year.

TCU had not scored in its previous three games and had lost eight in a row extending back to last season.

Baylor's only touchdown came on a 23-yard pass from Alvin Flynn to Gary Alexander for a brief 7-6 second period lead.

But, TCU came right back with Wayne Merrit's 23-yard field goal to take a 9-7 halftime lead after costly mistakes stopped numerous other drives.

The Bears were outclassed 14-4 in first downs in the first half and trailed 86 to 235 in total offense, but two intercepted passes and two lost fumbles kept TCU from crossing the goal more in the first two periods.

Montgomery and the defensive work of halfback Cubby Hudler made it all TCU in the last half. Hudler intercepted two Baylor passes and recovered a fumble to stymie early attempts to get back in the game.

Montgomery, whose previous rushing high was 84 yards, had gained 62 yards in 17 carries in the first half. He carried the ball 36 times during the game and gained over half of a 404 yard rushing attack musteered by the Horned Frogs, who had not scored in their previous three outings.

Montgomery's first touchdown came with 37 seconds left in the first period, climaxing an 84 yard drive with his first of three one-yard plunges.

In the third period, his short plunge ended marches of 30 and 22 yards, the second set up by Hudler's fumble recovery.

He gave fans their biggest thrill with a 66-yard sweep of left end late in the game, outrunning two Baylor defenders to score standing up.

PAIN OF FOOTBALL is shown by Keith Lincoln, halfback for the buffalo Bills of the American Football League shortly after he was put out of action by a crushing tackle.

Tech Tumbles Rice Owls 24-10

LUBBOCK, Tex. (UPI) —Texas Tech rode the three late touchdowns of Mike Leinert to a 24-10 Southwest Conference victory over Rice Saturday after the leagues two most potent offense machines had stumbled to a 3-3 stalemate in the first half.

The 5-11 180-pound halfback went in from two and five yards out in the third quarter than came back with a hurdling, twisting seven-yard insurance tally in the fourth.

Texas Tech advanced its league mark to a 3-1 with the victory a half game behind Texas A&M while Rice dropped to a 1-2.

The Owls only touchdown came on a 25-yard pass in the third quarter from Robert Hailey to Larry Davis, who leaped high over two Tech defenders and fell into the end zone.

Tech's Kenny Vinyard kicked a 27-yard field goal on the Red Raiders first drive and Rice's Wayne Kennedy matched it four minutes later from 22 yards away. For the remainder of the first half, the teams moved up and down the field with relative ease but Rice lost the ball twice on interceptions and Tech lost one on an interception and two on fumbles.

Fullback Jackie Stewart aided the Raider cause by churning out 103 yards in nine carries during the afternoon. Leinert finished with 127 yards in 23 carries which tied his career high.

Robbie Shelton started at quarterback for the Owls —his first appearance since he was injured in the season-opener against Louisiana State. His second pass attempt was intercepted, putting the Raiders in shape for their first-quarter field goal. He came back in the next drive then relinquished the duties to first Pascual Piedfort and then Hailey.

Davis with his nine receptions for 141 yards, broke the Rice record for catches both in one game and for a season he has 38 for the year. Hailey hit 13 of 30 aerials during the afternoon for 198 yards the giant part of Rice's final total of 217 passing yardage.

The Raider secondary picked off three Hailey passes, however including two in the final quarter deep in Tech territory. Linebacker Pete Norwood intercepted one on the Tech 13.

FALCONS SHOT DOWN

Army Breezes 10-7

AIR FORCE ACADEMY, Colo. (UPI)—Army quarterback Steve Lindell, who has missed three games because of ulcers, gave the Air Force Academy plenty to worry about Saturday in directing the Black Knights to a 10-7 victory.

A crowd of 49,536, largest in Colorado sports history, watched in 31-degree weather as Lindell directed the running of fullback Charles Jarvis and connected on key passes to halfback Lynn Moore.

Jarvis, who was knocked out in the first quarter, came back in the third period and scored on an eight-yard scamper. A first-quarter, 45-yard field goal by Nick Kurilko was the winning margin.

Falcon halfback Dave Mumme blasted his way over the right side in the fourth quarter from two yards out for the Air Force's only score. After playing a five-and-take defensive game in the first half, Lindell took Army on a 50-yard scoring drive in seven plays in the third period.

Moore pulled in a toss from Lindell for 17 yards and the junior quarterback scooted around right end for another eight yards, with Jarvis breaking three tackles to go over for the score from the eight.

Mumme's driving score, with 11:55 left in the game capped a 51-yard Air Force drive in 12 plays.

The score was set up when defensive end John Hayden scooped up a Lindell fumble at the Falcon 49.

The Falcon drive appeared to be stalled on the Army 33, but quarterback Craig Baer threw a strike to end Mark Ewig on a fake punt for five yards and a first down.

Reserve quarterback Steve Turner connected on a 13-yard pass to flanker Carl Janssen to set up Mumme's final plunge.

Kurilko's 45-yard field goal on Army's first series, came when the Black Black Knights were stopped on a 32-yard drive at the Falcon 27.

An 11-yard keeper by Lindell and a 14-yard pass from Lindell to halfback Carl Woessner were keys to the drive.

Army's win gave them the edge in the four-game series. Army has won two, lost one and tied one.

Southern Cal. Bounces Past California, 31-12

BERKELEY, Calif. (UPI)— Steve Sogge, although badly rushed by an inspired defense much of the time got off three touchdown passes which sparked top-ranked Southern California to a 31-12 victory Saturday over the California Bears.

The Trojan quarterback put USC ahead for keeps with a 10-yard scoring toss to Bob Klein in the second period, then clicked on TD passes of 21 and 15 yards to Earl McCullouch in the fourth quarter as the Bears finally folded.

Cal went into the game a 20-point underdog, but trailed by only 14-12 in the third quarter when Southern Cal's Jerry Shaw picked off a pass by sophomore quarterback Randy Humphries. The theft enabled Rikki Aldridge to boot a 29-yard field goal and give the Trojans more breathing room.

Then Sogge hit McCullouch with the crushers in the final period.

It marked USC's ninth straight win over the Bears and gave the Trojans an 8-0-0 season mark. Cal now is 3-5-0.

Trailing 14-2 in the third period, the Bears stormed back into the contest when Ken Wiedemann intercepted a pass by Sogge and returned it 34 yards for a touchdown. Eight minutes later in the quarter, Cal's Ron Miller brought the Bears within two points of USC with a 49-yard field goal. It was the longest kicked by a Bear since Archie Nesbitt drop-kicked one fom 54 yards away in 1922.

Irish Doom Middies 43-14

SOUTH BEND, Ind. (UPI)— Notre Dame's first string rolled up a 35-0 first half lead, with Jim Seymour nailing down an Irish pass reception record and then let the reserves finish the job of throttling Navy, 43-14, Saturday.

Seymour gathered in four passes, one for a 10-yard touchdown, to pick up the Notre Dame record for yards gained on pass receptions.

The Irish reserves made Navy's comeback easy in a second half snow storm, turning over the ball five times on fumbles on the snowy field to set up a pair of one-yard touchdown runs by Middle quarterback John Cartwright, who also ran for one two-point conversion.

But Notre Dame's second string signal caller Coley O'Brien, directed one Irish march which culminated in a one-yard scoring plunge by Ron Dushney. And then O'Brien passed to Nick Furlong for a two-point conversion.

These final eight points gave the Irish their highest scoring total ever in their ancient series against Navy, surpassing their previous best of 41 in 1948.

Buckeyes Upset Spartans 21-7

EAST LANSING, Mich. (UPI) —Power runner Paul Huff scored twice and quarterback Bill Long hit once Saturday as Ohio State upset Michigan State 21-7 to virtually wreck the Spartans' hopes of a third consecutive Big Ten title.

Huff, the game's leading ground gainer, scored on one yard plunges in the first and fourth quarters.

He bulled his way for 120 gained by the entire MSU yards, almost the distance backfield.

The win gave Ohio State a 2-2 Big Ten record.

The homecoming defeat before 76,235 shivering fans left and apparently out of the running for a Rose Bowl trip of MSU with a 2-2 Big Ten record another conference championship.

Buffaloes Edge N. Illinois

West Texas State overcame a passing onslaught by Northern Illinois Saturday afternoon to take a narrow 17-10 decision.

Northern Illinois tried only eight running plays and threw over 50 passes, completing only 17. West Texas State intercepted six and two of their scores came on passes.

If Winters Here Basketball is Close Behind

By RON CROSS

To say that things look good for the 1967-68 edition of the Pampa Harvester basketball team would have to be the understatement of the year, this one or any other.

Coach Terry Culley himself admits that this could be the best year the Harvesters have had since, say, 1963-64.

It could be, but, Culley still has a couple of problems to work out and they are not easy ones.

While the Harvesters are better off size and experience-wise than they were last year, they, according to Culley, do not possess the overall team speed that the 1966-67 Harvesters had.

Another problem, and it really isn't yet, is the question, will Beau Bond, all 6'7" of him, be able to handle the key inside position?

If he can then the Harvesters will be something of a hot-shot basketball team. If he can't, then Bo Lang, who is slightly smaller at 6'5" will be moved to the inside and Bond's height will not be able to be used to its advantage.

Last year when Pampa finished 22-8 for the season and 11-7 in District 3-4A, good for fourth place, they averaged 66.3 points per game, but gave up an average of 56.9. In conference play, 18 games, Pampa averaged 60.6 per game and gave up 55.4 per contest, pointing out the defense wasn't as good as the offense.

"Thus far, we have been working on our defense more than any other phase of our game and it looks better, not as good as we want it, but better," said T. R. Culley.

Offensively fans can probably expect to see scoring like they've never seen before.

For instance there is Lang, who started fast last year, cooled off, then came back strong and averaged 15.9 points per game for the season and 13.9 in the district.

Bond played off and on, never started a game but played plenty and averaged just over three points per contest. He will be better both offensively and defensively this season.

The Harvesters have back their second leading scorer from last season, George Bailey and the 6'3" senior has been knocking 'em dead in practice.

Bailey averaged 15.1 points per game for the seasons last year and was nudged out by Steve Williams' 15.2. Bailey was sixth in league scoring with a 15.1 average.

Rambling With Red
RON CROSS

Johnny Carlos, Jim Cornutt and Alvin Achord are the other three lettermen and part-time starters back.

Carlos, 6' 1", and a playmaker, averaged just under nine points per game and Cornutt, 6' 1" just under two.

Achord, about as good a ball handler as you'll find on the Pampa squad, divided his time between the Shockers and Harvesters and averaged 8.6 points per game.

Achord missed this week's practice due to a knee injury but should be back in plenty of time for the season opener Nov. 17.

Culley has high hopes for at least two boys off the Shockers in 6'2 Jim Hollis, who paced the Shockers in scoring with a 21.6 average and Johnny Epperson, 6'0 junior, who Culley says could be his fifth starter.

"Bond is looking better and Bailey is hitting the bucket better than last year. Cornutt is probably our most improved player to date," Culley said.

How does he see the 1967-68 and Harvesters and the District race?

"We are bigger and more experienced but we are slower but maybe we can overcome this. This is the main thing that worries me.

It is awfully hard to replace a leader like Steve Williams and thus far we haven't. Johnny Carlos has been doing a real good job and he may be the key.

I know that folks are pretty high on us and are expecting great things. But the breaks have got to go our way and everything has got to be right.

I look for Monterey and Plainview to be very tough. Monterey has three starters back and six lettermen. Plainview has three starters back and since they've intergrated, picked up two big boys off Plainview Washington, one is 6'3", the other 6'5. They have a couple of juniors off their B team that range from 6'5 to 6'7, so you know they will be tough."

Although they don't open the season until Nov. 17 Pampa will scrimmage the West Texas State freshmen on Nov. 15 as part of a doubleheader.

The Pampa game will start at 4 p.m. and at 8:30 p.m. the West Texas varsity will play an intrasquad game.

Pampa goes on the road for three straight games, visiting AA Winters on Nov. 17 and San Angelo, Nov. 18 and Childress on Nov. 21.

LSU Passing Ties Ol Miss

JACKSON, Miss. (UPI) — Quarterback Nelson Stokely riddled favored Mississippi with pin-point passes Saturday to bring Louisiana State from behind to a 13-13 tie.

Substitute fullback Kenny Newfield rambled eight yards into the end zone with just over three minutes to go in the game for the tying touchdown, after clutch passing by Stokely moved the Tigers 80 yards on the drive. Steve Daniel missed the go-ahead extra point with 3:13 left to play.

Tailback Jim Dousay plunged one yard in the first period for the initial LSU touchdown.

Linebacker Jimmy Keyes kicked field goals of 35 and 44 yards to give Ole Miss a lead through most of the second half. Tailback Steve Hindman ran two yards for the lone Rebel touchdown in the first period.

After Keyes' second field goal chalked up a 13-7 Rebel lead, LSU marched down the field for the tying points in the crucial Southeastern Conference game.

Stokely hurled three key passes on third and fourth downs to keep the Tiger drive alive. The longest was 18 yards to end Bob Hamlett.

Hindman and fullback Bobby Wade took turns on the Rebels first drive to riddle the Tiger defense for 51 yards in 11 plays to score. Hindman found a small hole off tackle and squeezed through for the final two yards.

LSU came back strong to drive to the Ole Miss eight, but a fumble by fullback Eddie Ray at the goal line halted that threat.

Dousay and Stokely combined their running and passing talent to put LSU on the scoreboard before the first period ended. Dousay pushed one yard into the end zone to cap a 63 yard drive, highlighted by a 24-yard Stokely-to-Dousay pass.

Ole Miss offered the only serious threat in the second quarter, driving to the LSU one before the Tiger defense stiffened. Wade and Don Street, the other Rebel fullback, both took cracks at the tough Tiger defense from the one, but could not score.

Missouri Edges Okla. St. 7-0

STILLWATER, Okla. (UPI)—The stubborn Missouri Tigers stayed on the ground to hammer out a 7-0 victory over Oklahoma State Saturday in a Big Eight Conference game.

The lone touchdown came in the second quarter when Fullback Mike Ewing carried the last three yards of an eight-yard drive.

Halfback Roger Wehrli took a punt from Oklahoma's Ronnie Johnson at the Oklahoma 39 and returned the ball 31 yards to place the Tigers in scoring position.

Right halfback Larry Moore bulled forward one yard and quarterback Gary Kombrink moved the ball four to set up the touchdown.

The Tigers attempted two field goals in the first quarter, one when Jim Anderson kicked from the Oklahoma 30 in the opening minutes of the game but it fell short.

A flurry of activity occurred later in the first quarter when a second field goal attempt by Tiger kicker Jay Wallace from the Oklahoma 32 yard line was blocked by Richard Bechtol.

Right end Doug Cathey then returned the ball eight yards for the Cowboys only to fumble and lose the ball to Missouri.

On the next play the pass by Kombrink was intercepted by right guard Jimmy Goodwin but Oklahoma State was able to move the ball only three yards before kicking.

Most of the play was in the middle of the field as both teams showed stubborn defense.

Halfback Harry Cheatwood paced the Cowboy defense with five unassisted and 17 assisted tackles. Gary Darnell, Joe Esch and John Little also turned in solid performances.

Missouri — called "a brutally strong team" by OSU assistant coach Tom White — demonstrated power by turning in 193 net rushing yards to 53 for the Cowboys.

The Cowboys did a little better in the passing department with 61 net yards to 43 for Missouri.

Purdue Crushes Illinois 42-9

CHAMPAIGN, Ill. (UPI)—Leroy Keyes dashed for three touchdowns and passed for another Saturday in racking up a new Boilermaker rushing record and leading Purdue to a 42-9 crusher over Illinois.

The Illini helped Purdue stay unbeaten in the Big Ten with a pitifully inept kicking game. Two Boilermaker touchdowns were set up by bad snaps from center to the punter and another bad snap led to a safety.

That came after the Boilermakers, held scoreless in the first quarter, capitalized when center Bob Robertson's snap sailed over the head of punter Terry Miller in the end zone.

Purdue took the ensuing kickoff on the Illinois 42, and in two plays moved to the Illini 9, where the manificent Keyes scampered to the 5 and then plunged over for the first touchdown.

Then Purdue got the ball at the midfield and four plays later they were on the Illini 3. From there Keyes took the ball into the end zone for his second TD.

Sooners Rip Buffs 23-0

NORMAN, Okla. (UPI)—Bulldozing Steve Owens plowed over for two touchdowns and shifty Eddie Hinton added a third as Oklahoma buried Colorado 23-0 Saturday in a Big Eight Conference homecoming clash before 62,000 packed into Owen Field.

Owens, the power-driving sophomore tailback who leads Big Eight rushers, plunged four yards through left tackle in the second period and rolled around left end for a final yard in the fourth. Hinton raced the final three yards in the fourth period for Oklahoma's other touchdown.

Toeman Mike Vachon booted a 21-yard field goal in the second quarter and added two conversions to complete the scoring.

But headsup defensive play by Oklahoma accounted for all three touchdowns. Two pass interceptions and a fumble recovery gave Oklahoma short drives for all three touchdowns.

The victory eft Okahoma 3-0 in conference play and 5-1 for the season. Colorado is 5-2 for the year and 3-2 in the conference.

The victory also leaves Oklahoma unscored upon at home this season through three games.

Owens gained only 41 yards on 20 carries and teammate Ron Shotts lead Oklahoma rushers with 73 yards on 19 assignments.

Colorado quarterback Bob Anderson paced the Buffalo attack, gaining 38 yards on 18 carries and completing four of 12 passes for 43 yards.

Oklahoma quarterback Bob Warmack hit on six of 12 aerials for 76 yards.

First Three-Pointer

Oklahoma scored with 5:41 remaining in the first half when Vachon booted a three-pointer, his first of the season.

Oklahoma had received the ball at the Colorado 23, following a partially-blocked punt by Buff Dick Anderson. Five plays later, the drive stalled at the five, where Vachon added his kick. Owen's first touchdown, with 23 seconds in the first half climaxed a 44-yard drive in seven plays. His second tally came on a 35-yard, nine-play drive set up when Rick Goodwin intercepted a Buffalo pass.

Hinton's touchdown climaxed a 29-yard, six-play drive set up when Jim Files recovered a Colorado fumble by quarterback Dan Kelly.

Yale Routs Dartmouth

NEW HAVEN, Conn. (UPI)—Fired-up Yale went on its biggest scoring binge since 1930 Saturday with a wild touchdown barrage that trounced previously unbeaten Dartmouth 56-15 and gave the Elis undisputed possession of first place in the Ivy League.

Fullback Don Barrows and quarterback Brian Dowling provided the offensive power in the Yales triumph witnessed by a crowd of 49,362 in Yales Bowl. It was the most points ever recorded by Yale in a conference game.

The win boosted Yale's league record to 4-0 and it overall mark to 5-1. Dartmouth suffered its first setback in nine games extending into the tail end of the 1966 season.

Barrows, a 190-pound senior, plunged over for three touchdowns and Dowling set up a pair of scores in Yale's unexpectedly easy triumph.

Kansas Nips K-State

LAWRENCE, Kan. (UPI)—Bill Bell saved a Kansas dream which threatened to turn into a nightmare Saturday when he booted a 30-yard field goal with 6:02 left to give the Jayhawks a 17-16 victory over arch football rival Kansas State.

Bell's winning boot came after the Jayhawks took a punt on the Kansas State 45 and moved to the 15.

Quarterback Bobby Douglass gave the Jayhawks a quick lead as he moved the team 61 yards in 7 plays the first time they had the ball.

Kansas took a Wildcat punt on their own 39 and Douglass, starting to pass, promptly found a hole and scampered 31 yards to the K-State 29. On second down, the powerful quarterback hit John Moiser at the 15. J. C. Hixon in two carries moved to the 4 and Douglass connected with Mosier for the touchdown with 10:44 left in the first quarter. Bell added the extra point to make it 7-0.

Kansas State came right back with an 80-yard drive in 12 plays to score on the next series, but right tackle Emery Hicks blocked a Mike Bruhin point after attempt to make it 7-6.

Wildcat quarterback Bill Nossek connected on 5 of 7 passes in moving his team to the Kansas 9. An offside penalty placed the ball at the 4 and tailback Cornelius Davis plunged over after three attempts with 4.49 left in first period.

Kansas' second scoring drive came the hard way. A Wildcat punt was killed on the Kansas 3 but Douglass led his team 97 yards in 12 plays for the tally. Junior Riggins slashed over from the 5 with 10:59 left in the first half.

Coach Vince Gibson's Wildcats wouldn't fold, however, as Nossek guided the underdogs 69 yards to the Kansas 14, setting up a field goal by Bruhin with 4:55 in the half. He kicked the 31-yard attempt to make it 14-9 at the half.

K-State returned in the third period with a 67-yard touchdown combination from Nossek to Art Strozier, giving them the lead for the first time. Nossek hit Strozier, on a first down pass and the tight end threaded his way along the sideline to score with 1:31 left in the period. Bruhin picked the point to make it 16-14.

Michigan Nips Wildcats 7-3

ANN ARBOR, Mich. (UPI)—Junior Dennis Brown's one-yard quarterback sneak in the second period and a sout, pro-type defense enabled Michigan to turn back Northwestern Saturday 7-3 and snap a five-game losing streak.

The Wildcats scored earlier in the second quarter when Dick Emmerich broke Northwestern's career field goal mark with his nine three-pointer from the Michigan 18.

But Brown, installed as the starting quarterback just two games ago, put some life in a drab Michigan attack and successfully ended a 70-yard, 15-play drive with a one-yard sneak with 5:23 left in the first half.

Stanford Ices Washington 14-7

SEATTLE, Wash. (UPI)—Stanford quarterback Chuck Williams passed for two touchdowns Saturday as the Indians beat Washington, 14-7, for the first time since 1958.

A disappointed crowd of 52,500 saw Washington go down to its third defeat of the season and its second Pacific Eight Conference loss which all but eliminated the Huskies from Rose Bowl contention.

Stanford struck first, midway in the first period, when a pass from Williams to Gene Washington clicked for 57 yards and a touchdown.

The Stanford quarterback passed five yards to left end Jim Cross for the second Indian score in the third quarter.

Booker Outruns Pirates, 25-8

BOOKER—Lefors found themselves in a four-team tie in District 5-B Friday night as they mistaked away a football game to host Booker.

The Kiowas scored in every period as they took advantage of three Lefors fumbles and two pass interceptions for a 25-8 victory that evened their league record to 1-1.

District 5-B now has all four teams with identical 1-1 records and Booker meets Follett next week while Lefors and Groom battle also.

Lefors is now 1-6-2 for the season while Booker stands at 5-3.

The Kiowas tallied in the first period when Jay Trosper rambled 27-yards to cross the Lefors goal line. Trosper, who has 20 touchdowns this season, kicked the conversion and the first period ended at 7-0, Booker.

Booker made it 13-0 at halftime when Doug Raverson ran 33 yards to score. The count went to 19-0 after three periods when Trosper scored again this one on a 25-yard run.

Lefors cut the count to 19-6 when Jim Gilbreath sped 85-yards for the Pirates only marker and Dale Finney ran the conversion.

But Booker wasn't through and added a touchdown of their own in the fourth when John Rogers went in from the three.

SCORE BY QUARTERS:

Lefors	0	0	0	8	— 8
Booker	7	6	6	6	—25

Scoring:

Lubbock Coronado Outscores Harvesters 27-0

By RON CROSS

It took Lubbock Coronado's high scoring Mustangs just a little over two quarters to do just that Friday night but they did.

Coronado overcame Pampa's finest defensive effort of the season to post a 27-0 non-conference football victory over the winless and nearly scoreless Harvesters.

The victory was Coronado's eighth in nine outings and Pampa's 10th straight loss over a two-year period and ninth in a row this year.

The four scoreless quarters Friday night gives the Harvesters 21 straight, five games, with the last touchdown coming in the third quarter against Plainview.

The Mustangs were without the services of starting quarterback Gary Kirksey and it took them a half to get used to reserve signal-caller Danny Johnston.

Coronado couldn't Muster a score until 7:24 remained in the third period when they drove 70 yards in six plays with Johnston carrying in from the one after he faked everybody, including the officials. The kick try for the conversion failed to leave the score at 6-0.

The big play in this drive came on a49 yard run by halfback Jerry Austin, the district's leading scorer and ground gainer.

But Pampa's Steve Summers embarrassed Austin somewhat by catching the fleet back at the five after his long run.

Austin wasn't caught to much as he was by far the night's leading ground gainer with 169 yards on 25 carries and scored two touchdowns.

Coronado mustered their second score just over three minutes later when a Pampa quick-kick backfired.

Halfback Dickie Henley kicked from his own four to the Mustang 28 and Coronado scored six plays later with Austin bursting in from the one after carrying five straight times.

Mike Leverton kicked the conversion with 3:28 left in the period to make it 13-0.

In the fourth period Coronado drove 65 yards in just four plays with Johnston connecting on a 32 yard pass play to Austin with 53 seconds left in the game. Leverton kicked the point.

The final Coronado talley came when Max Tannery intercepted a Dwight Rogers pass and returned it 45 yards with nine seconds left. Leverton again kicked good.

The Pampa passing game was far below par with Steve Summers, going better than three quarters at quarterback and having hit 11 of 21 for three district games, only able to connect once on five tosses for five yards. He had one picked off.

Dwight Rogers who played most of the final period, hit one of seven for four yards and had two aerials intercepted.

Both Summers and Rogers along with end Larry Elledge played outstanding defensive ball with Summers and Elledge both intercepting passes and Ted Knight recovered the long Mustang fumble.

After stopping a Coronado drive at their own 43 the Harvesters drove to the Lubbock 45 in the first period but had a pass intercepted to stop the drive.

Elledge intercepted a pass near the end of the first period and Lubbock was penalized 15 yards to give Pampa a first down on the Lubbock 28. But two plays lost eight yards and after Summers completed his five yard pass Hal Clabaugh attempted a 41-yard field goal that just missed by inches.

The nearest Pampa got to midfield came in the fourth quarter when a drive was halted at their own 43.

Rogers had one long run wiped out when he dashed from the Pampa 31 to the 50 but a motion penalty wiped out the play and on the next play Rogers had a pass intercepted that was returned for a touchdown.

The Pampa running game was as bad as the passing game, with halfback Chris Kenny the leading Harvester ball carrier with 30 yards in eight carries.

Although Pampa lost the game in the final half they limited Coronado to but 65 yards rushing in the final two quarters compared to 103 in the first half.

Pampa closes out the season next week in Borger in a North zone game against the Bulldogs, a 7-0 winner over Monterey Friday night.

Greyhounds Win 1-A Title

GRUVER — The District 1-A football title went to the Gruver Greyhounds here Friday night by the narrowest of margins, 3-0.

The Greyhounds and White Deer battled to a 0-0 deadlock but Gruver won the District game on penetrations, 3-0 to clinch the district flag.

The shutout was the first in over two years for the Bucks who came into the game averaging 23.3 points per contest for the season and 33 points per game in two district outings.

Gruver had a 3-0 record going into tonight's contest and the White Deer game finished their league season.

White Deer plays Stratford next week and now stands 2-0-1 in District play and 7-1-1 for the season.

Gruver completely bottled up White Deer quarterback Stan Bush who went into the game as the area's leading scorer and halfback Lonnie Lane who was fifth in scoring.

The Greyhounds got to the Buck 14-yard line in the second quarter and to the 12 and 15-yard strips in the second half.

So potent was Gruver's defense White Deer could move no closer to a penetration than the Greyhound 29, that in the first half and didn't get past the 43 in the final two periods.

The Bucks had the statistical edge at the halftime but not when the game was over. At the half the Bucks had outgained their hosts, 59-27 and had out first-downed them 5-2.

But Gruver wound up with 11 first downs to nine for the Bucks and outgained them 124-105 and led in passing 17-8 and intercepted two Buck passes.

The sixth-rated Bucks drove to the Gruver 29 the first time they got their hands on the ball but fullback Mike Hawpe fumbled the pigskin in the cold weather to stall the drive.

Gruver drove to the Buck's 14 in the second period but two incomplete passes and a five-yard loss set up Jesse Martinez's blocking an attempted field goal.

The Bucks had one other chance to score going to the hosts 35 but Stan Bush fumbled and the drive ended.

SCORE BY QUARTERS:

White Deer	0	0	0	0	—0
Gruver	0	0	0	0	—0

Tigers Upset Wheeler

By JEFF HOLLADAY
Daily News Staff Writer

McLEAN — Wheeler climaxed an 86 yard drive early in the fourth period here Friday night to break a scoreless deadlock with McLean, but the Tigers came storming back to score twice and take a 12-7 decision in the important District 2-A clash.

Fullback Fred Goad powered over from the nine yard line with 9:43 on the clock to set the stage for the fourth stanza fireworks. The conversion attempt was good and Wheeler was ahead 7-0. Wheeler and McLean now stand 2-1 in District 2-A and Wheeler is 5-4 for the season and McLean 5-4.

Fullback Thacker Haynes and quarterback Joel McCarty spearheaded a 70 yard drive to put McLean back in the ball game. Haynes gave the drive its impetus when he unreeled a 23 yard dash on the first play of the series. The junior fullback plunged over from the four yard line to cap the drive with 6:20 left in the game. The two point conversion attempt was no good.

Wheeler attempted to go on the march again, but the drive bogged down at their own 44 and forced them to punt.

A high snap from center ball and McLean recovered on the Mustangs' 30.

Haynes again was the big gun for the Tigers. He scampered down to the 15 on the first play of the series and came up with the big play on a critical third-and-five situation at the 10. With first down and goal to go about a foot from paydirt, the Tigers hammered away and Haynes plunged in from inches out with 46 seconds to go. The conversion attempt was no good and McLean led 12-7.

The Mustangs moved to the air and quarterback Bobby Ware engineered his charges down to the McLean 19, but time ran out to kill the Mustang threat.

Victory for the Tigers set the stage for a possible repeat of last year's three-way tie for the district crown by Wheeler, McLean and Clarendon.

Clarendon, which downed Silverton 29-20 is now the district leader at 3-0. But if Wheeler should beat Clarendon next week the district race would again have to be decided by the toss of a coin.

SCORE BY QUARTERS:

McLean	0	0	0	12	12
Wheeler	0	0	0	7	7

Scoring:

W—Goad on run from 9 yard line at 9:43 of 4th qtr.

M—Haynes on run from 4 yard line at 6:20 of 4th qtr.

M—Haynes on run from one foot line at 0:46 of 4th qtr.

Follett Nips Groom; 5-B 4-Team Race Now

FOLLETT — It's a cinch the District 5-B race is muddier this week than it was last week and a champion won't be known until next week.

Follett continued to play defensive football and upset Groom, 6-0 Friday night to throw the race into a three-team affair.

Groom stands 1-1, Follett, 1-0-1, Booker, who beat Lefors Friday night, has the same record as does Lefors.

Groom plays Lefors Friday and Booker and Follett tangle and its a cinch the race will end in a two-way tie.

Last week Lefors and Follett battled to a 6-6 tie but Lefors won the game on penetrations.

Groom, now 2-6-1 for the season, had battled the Tigers to a 0-0 standoff until 1:53 remained in the game but Follett halfback Donnie Todd capped a 54-yard drive by plunging in from the three. The kick for the conversion failed.

Groom won the battle of statistics but fumbles and pass interceptions stalled every drive on a cold, wet and windy night.

The Tigers drove to the Panther 16 in the first period but a fumble halted that drive and another fumble, this one also in the first period, halted drive at the 24.

Groom had a pass interception in the second quarter, just before halftime stall still another scoring attempt at Follett's 37-yard strip.

Groom had won two straight coming into the contest and had whipped Booker, 34-21 last week in their opening 5-B encounter.

SCORE BY QUARTERS:

Groom	0	0	0	0	—0
Follett	0	0	0	6	—6

Scoring:

F—Todd, 3-yard run. (Kick failed)

Canadian Topples Stratford, 22-0

STRATFORD — Canadian finally got their offense to running and the defense to stopping and won their first District 1-A game after two losses and snapped a three game losing streak.

The Wildcats pushed their season mark to 5-4 with a 22-0 rout of Stratford. Canadian is now 1-2 in District 1-A while Stratford packs a 1-2 mark also.

The 'Cat defense, which had been the best in the Top O' Texas area their first four games, but had faltered down the stretch, came back strong Friday night and limited the home team to but three first downs the whole night.

Terry Robinett got Canadian on the scoreboard in the second period after a scoreless first quarter. Robinett sneaked acoss from the one to cap a 65-yard drive by Canadian. Robinett then kicked the conversion and the half ended with Canadian leading 7-0.

Gary Purser scored from four yards out in the third period to cap a 76-yard match and the kick try for the conversion failed and the third period ended 13-0 with Canadian out front.

The 'Cats got a safety in the fourth period when Stratford quarterback Gary McMillian was tackled in the end zone.

Following the safety the 'Cats drove 41-yards with Jimmy Nicholson running the final 10-yards and Bill Hobdy kicked the conversion.

SCORE BY QUARTERS:

Canadian	0	7	6	9	—22
Stratford	0	0	0	0	— 0

Scoring:

C—Robinett, 1-yard run. (Robinett kick)

C—Purser, 4-yard run. (Kick failed)

C—Safety.

C—Nicholson, 10-yard run. (Hobdy kick)

Lee Seventh Triumphs Over Pampa Seventh

Lee seventh grade scored in the second and third quarters Friday to upset Pampa Junior High seventh and win the city seventh grade grid title.

Bill Simon scored both Lee touchdowns to lead his team to a 12-6 victory. Lee finishes the season with a 4-2-1 record and Pampa finishes at 3-3-1.

Simon scored with 30 seconds left in the half on a 10yard pass from Rick Mustrave and scored in the third period on a 50-yard run-pass from Musgrave.

Pampa Junior High tied the score at 6-6 in the third period when Allen Keeton dashed 50 yards for a score.

Miami Ends Season With 58-8 Loss to Darrouzett

MIAMI — Darrousett closed out Miami's eight-man football season on a sour note Friday and the Warriors go into basket ball training Monday.

Darrousett clipped the Warriors, 58-8 to spoil the hosts teams homecoming activities. The Warriors closed out the season with a 0-8 record.

Nancy Stockstill was crowned homecoming queen and fullback Curtis Holland was named homecoming king at halftime ceremonies that saw Darrouzett leading 30-0.

Jim Moore scored the only Warrior touchdown in the third period, going in from the five to cap a 50-yard drive that took six plays. Moore also ran across the two-point conversion.

Miami starts basketball practice Monday and will scrimmage Follett Nov. 14 before opening the season three days later by playing host to Canadian with a B boys game netting things underway at 5:30 p.m.

Another City Meet Passes

Once again we can chalk up another city tournament. Some will remember it with happiness and excitement others with unhappiness and perhaps even bitterness. For those who bowled well, will praise the lanes, the pins and everything in general. Those who bowled poorly will blame the lanes the pins and everything in general. Some of the girls would have felt better about shooting on different lanes than they did but as all know or should know, the lanes are drawn for.

Maybe next year you will get your favorite lanes to shoot on. The official scores with prize money will be posted within ten days at the lanes.

Taking A Class Team Event was the Celanese No. 11 with a 3036. The members contributing to this win were: Billie Thut, Virginia Pettit, Opal White, Janice Webb, and Elaine Riddle. Each of these girls are very fine bowlers so when they joined together and won it really was no surprise. Congratulations girls. The B Team event winner was the Barney's Pharmacy team with a 2998.

Shooting for Barney's was: Zorah Thornton, Louise Brown Bernita Nidiffer, Dorothy Porter and Maxine Parsley. Real nice and I'm sure everyone will agree that again this was a real capable team and they came through real well. Congratulations. Some of the outstanding scores this week-end were: Virginia Pettit shooting a 551, Elaine Riddle 552 and I might add that neither girl had a 200 game which means that they were shooting real consistant.

Donna Evans shooting a 507 series on a 169 average to help put her team in second place with a 3031. Paulette Gilbert firing a 566 making it good for a third place standing in A Class doubles, her partner was Billie Thut. The highest series shot this weekend was Peg Kastein with a 580, which she shot in her doubles, by the way she also had a 569 in her team event. Some very nice scoring Peg.

While shooting in the team event, Agnes Robbins had a triplicate shooting 3-156-games Then there was Jo Ann Adkins. I really don't know what to say for her. She has never had a 500 series and has wanted one very badly, so she ups and shoots a team series of 485, a double series of 496 and a single series of 495. That 500 is really hard to come by, huh Jo Ann.

The highest scratch series shot by a team in the tournament was shot by the Harvester Bowl Travel Team. It was a 2531 and with handicap was good for 3rd place in A Class team event with a 3011. Highest scratch doubles score shot was a 1901 shot by Terry Barrett and Irma Beck. Highest scratch singles was a 553. Billie Johnson shot a 551 scratch for a 654 handicap series to take first place in the B Class singles event.

I could rattle on for ever it seems regarding the tournament but I won't because the scores will be posted for all to see and besides the men will feel we are completely ignoring some of their fine scores.

Speaking of these fine scores, a few that have been turned in to me are: Buck Smith 277 game and 646 series, Ronnie Chase, 255 - 615 series. Jessie Smartt 245-639, George Thut 231, Buck Riddle a 204, Smith a 237 game, Will Nail 216-591, Ted Krickson 236-170-222—628, Ned Pryor a 191-186-243—620, rare conversions.

(by the way these two were shooting on the same team, the Dairy Queen team, Caprock League). Guess who won 4 games? John Hazle had a 220-585, R. K. Parsley 236-173-208—617, and Carl Brewgarner had a triplicate 157 on a 102 average, that I would take happily.

The week day bowling produced some nice scores also. Paulette Gilbert had a 221-232—601: let's see, that makes her having thrown in a 148 somewhere, right? Betty Cox 206, Lois Teague 200-505, Aline Keel 532, Wylene Patrick 504, Dot Osborne 527. Betty King converted the 6-7-8-10, Ina Reading the 3-4-7-10 and Billie Don Watkins the 6-7. Delia McGonigal a 202.

The Juniors and Seniors are preparing to go to the Turkey Shoot with great enthusiam. Deadline for entries Saturday 4th. In order to enter the young people must have at least a 9 game current average and be a member of A.J.B.C. Hope to have some winners to write about and some real nice scores to report as a result of this tournament.

Hope to see you next Sunday with a lot more high scores and rare conversions.

Miss June Grider, Terry Nash Say Vows In Evening Ceremony

MRS. TERRY PATRICK NASH
. . . nee June Ann Grider

Miss June Ann Grider exchanged wedding vows with Terry Patrick Nash in Highland Baptist Church in Waco Saturday. Rev. Cliff Herrington, pasto of First Baptist Church, Conroe, read the nuptial vows in the evening ceremony.

The bride is the daughter of Mr. and Mrs. Sam Jack Grider of Waco. The bridegroom's parents are Mrs. Mamie Ruth Bennett of 1113 S. Sumner and the late Tommie Joe Nash.

BRIDE

The bride wore a formal gown of candlelight peau de soie with French re-embroidered alecon lace trim on the bodice, natural waistline and long tapered sleeves. Lace trimmed the dome skirt and bordered the hemline which swept into a full chapel train. She carried a small white Bible covered with Mother-of-Pearl, a gift from the Holy Land. Soft petals of white woodfiber outlined in pearls held the silk illusion fingertip veil. Her only jewelry was a single strand of pearls, a gift from the bridegroom.

ATTENDANTS

Mrs. Robert Sides, former college roommate from Nacogdoches, was matron of honor. Miss Regina Brink, Waco, was bridesmaid. Attendants dressed in identical formal gowns of rose pink peau de soie, with fitted waists. Multiple pearls of rose pink peau de soie held their matching veils. They carried long stem red roses.

Cantrell Nash, of Pampa, brother of the bridegroom, was best man. Jack W. Grider of Waco, brother of the bride, was groomsman.

Ushers and candlelighters were Robert Lane and Gary Harding, both of Waco. Wedding music was provided by Paul Spoonts, at the organ, with a solo by Mrs. Charles Neff.

RECEPTION

Mr. and Mrs. Grider, the bride's parents, were hosts for a reception in the fellowship Hall after the ceremony. House party guests were Mrs. Paul Spoonts, Mrs. J. B. Fletcher, Mrs. Jack W. Grider, Mrs. Roy Herring, Mrs. Ken Davis, Miss Sharon Granger and Miss Karen Herring.

The bride graduated from Richfield High School in Waco and also from Navarro Junior College. She is employed by Southwestern Bell Telephone Co.

The bridegroom is a Pampa High School graduate and also graduated from Navarro Junior College. He is employed with International Paper Co. in Waco.

After a short wedding trip to Dallas, the couple plan to live in Waco.

Miss Price, John Steed Exchange Wedding Vows

MRS. J. O. STEED, II
. . . nee Patricia Price

Miss Patricia Faye Price, daughter of Mr. and Mrs. W. Traylor Price, of Pampa, and John Otto Steed II, son of Mr. and Mrs. John Otto Steed, of Newnan, Ga., were united in marriage Oct. 21. Wedding vows were exchanged in Stevensville, Mich.

The couple are both attending U.S. Navy Hospital Corps School Great Lakes, Mich., and will continue their service in the Navy.

The bride graduated from Pampa High School in May, and enlisted in the Waves in June. She received her basic training at Bainbridge, Md. The bridegroom graduated in 1966 from Newnan High School, attended Georgia Technological College one year, and enlisted in the Navy in May, 1967. He received his basic training at San Diego, Calif. Naval Training Station.

After completing basic training, both were rated as hospital apprentices and sent to the Great Lakes Naval Training Base for Hospital Corps School. They will finish the school Dec. 21, and will receive further training at another Naval base, which will be assigned later.

CHAPTER HONORS GRAND OFFICER -- Order of Eastern Star Pampa Chapter No. 65 honored Mrs. Robbie Yates, center, associate grand conductress, Grand Chapter of Texas recently. Those assisting in the presentation of honors were Mrs. Hesta Hestand, left, worthy matron of Pampa Chapter No. 65, and Herman Jerrard, right, worthy patron of Pampa Chapter No. 65, Order of the Eastern Star.

Pampa Chapter of O.E.S. Honors Texas' Associate Grand Matron

Mrs. Robbie Yates of Stratford, associate grand matron of the Grand Chapter of Texas, Order of the Eastern Star, was honored by Pampa Chapter No. 65 at the Friendship Night recently at the Masonic Hall on West Kingsmill.

About 250 members and guests registered at the table covered with a silver lace cloth over blue with rose topiaries in the color of the Star Points.

A salad supper was served with dinner music played by Coy Palmer of Spearman. Tables were decorated with tissue roses and sprays of ivy.

After greetings from Mrs. Hesta Hestand, worthy matron, and Herman Jarrard, worthy patron, several guests were introduced, including Mrs. Riva Burnett, past grand matron, and Charlie Bairfield, past grand patron; Mrs. Robbie Yates, associate grand matron of the Grand Chapter of Texas; E. N. Sanders, past grand patron; Mrs. Fern Luddington, associate grand conductress of the Oklahoma Grand Chapter; Mrs. Frances Herrin, associate grand conductress; Mrs. Frances Austin, grand examiner, district two and Mrs. Viva Sewell; deputy grand matron.

Committee chairmen introduced were Mrs. Katherine Harbour, transportation and mileage; Mrs. Sadie Ball, resolutions; Mrs. Mildred Pierce, time and talent; Frederick Herrin, Glynn Bell, William Bruen, and Rue Hestand, members of Masonic education committee; and Mrs. Elsa Mae Peddy, member of Fraternal visitation committee, Grand Chapter of Texas.

The program was a skit illustrating a return bus trip from Dallas. The skit was written by Mrs. Evelyn Pierce Nace, a Pampa author. Those participating in the skit were Mmes. Nace, Hesta Hestand and Viola Cobb, with musical selections by Mrs. Nadine Overstreet, Mrs. Dorothy Walker and Miss Ginger Hestand, who played the guitar.

After the skit, Mrs. Robbie Yates, the honoree, was presented with an arm bouquet of red roses and a gift from the Pampa chapter.

Others participating in the program were Mrs. Riva Burnett, Charlie Bairfield and Dub Sanders.

Out-of-town guests included the house guests of Mr. and Mrs. Hestand, Mrs. Lucille Stith, Mrs. Floy Parish, Mrs. Lydia Nell Wilson and Mrs. Sadie Ball of Fort Worth. Others attended from Amarillo, Austin, Clyde, Plainview, Miami, Borger, Panhandle, Shamrock, Clazier, Clarendon, Stinnett, Groom, Wheeler, Canadian, Mobeetie, Perryton, Spearman, Stratford, White Deer, Oklahoma City, and Woodward, Okla.

Twentieth Century Club Members Hear Program On Elizabeth Ney

An arrangement of English daisies decorated the home of Mrs. Bill Roots, 501 Linda Drive, as she greeted Twentieth Century Club members for a recent club meeting and Texas Day program.

Mrs. Tom Greenwood was recognized as a new member and Mrs. Susie Harbaugh Patterson as a guest. Members were reminded of the annual Guest Day Tea, Nov. 14, at Lovett Memorial Library.

The Texas Day program on the life and times of Elizabeth Ney was introduced by Mrs. Tom Greenwood with a quotation from Carlyle, "Every noble work is at first impossible."

In presenting the program, Mrs. Raymond Harrah discussed the life of Elizabeth Ney by augmenting her sources, "Two Romantics and their Way of Life" by Vernon Loggins" and "The Hermit Philosopher of Liendo" by L. K. Stephens, with a visit to the Elizabeth Ney Museum in Austin.

Miss Ney was born in 1833 in Munster, Germany. At an early age she was seized with the desire to become a sculptor and studied in Berlin under Christian Daniel Rauch, the master of German sculpture. Although educated in the tradition of the German manner and schooled in a strict Catholic faith, her ambitions would not be stilled," Mrs. Harrah said.

"While in the Academy of Fine Arts at Munich, she met Edmund Montgomery, a Scotch medical student. Her future husband, he was to exert a great influence upon her development. Theirs is a story of two who dreamed the dream of the future, thought new thoughts, and daringly tried out the untried. Wherever they lived, whether in centers of learning and art in Europe or among pioneers on the American frontier, they inspired gossip. Looked upon as eccentrics and shockers, they became the subject of the legend which has served as the source of most that has been written about them," she said.

"In her black velvet tunic and leggings, Miss Ney, as she was known until her death, was a forerunner of modern woman. She is regarded by leading sculptors "as one of the best equipped of women sculptors" and a "brave genius." Had she lived in a country more kindly to her eccentricities she might have developed a greater talent and earned a greater fame. One writer said, "Her fine undaunted spirit, her valiant fight against odds she could not meet on equal ground, mark her as a woman unafraid, a pioneer as fearless as though she held a gun at a cabin window or plowed a furrow in the soil of the Lone Star State," Mrs. Harrah explained.

In her will, she gave most of her works to the University of Texas, so other generations could study art.

"For this purpose, Miss Ney's Austin studio, Formosa, was opened in 1928 as the Elizabeth Ney Museum under the direction of the Texas Fine Arts Association. Most of her art objects, including the marble Lady Macbeth and the marble standing portrait of King Ludwig, are placed here," Mrs. Harrah concluded.

Following the program, the meeting was adjourned by Mrs. Lorene Locke, president, and refreshments were served.

Members attending, not previously mentioned, were Mmes. Bob Andis, W. R. Campbell, William Easley, Jack Foster, J. W. Gordon, Paul Harbaugh David McGahey, Steve Odom, R. H. Sanford, C. E. Steel, and R. W. Stowers.

Life insurance companies provided $4.8 billion in health insurance benefits in 1966, reports the Institute of Life Insurance.

There are more than 40 million women drivers in the United States, or 41 per cent of the driving population. Female drivers are expected to exceed men by 1970, says one automotive source.

WALSH-HENDERSON

Miss Becky Jan Walsh

Mr. and Mrs. Chris Walsh, 1229 Duncan, announce the engagement and approaching marriage of their daughter, Becky Jan Walsh, to Gene Henderson of Elk City, Okla. Wedding vows will be exchanged Dec. 2, in the First Baptist Church here. Miss Walsh graduated from Pampa High School in 1964, attended Oklahoma School of Banking and Business and graduated in 1965. She is presently employed with Cabot Corp. Her fiance, the son of Mr. and Mrs. Jimmy Henderson, of Elk City, Okla., graduated from Elk City High School in 1962 and is presently employed as assistant manager of TG&Y Store in Elk City, Okla.

Charity Ball Set Nov. 18

The "society" orchestra of Mal Fitch will be featured at the Junior Service League Charity Ball Nov. 18 at the Pampa Country Club.

Proceeds from the sixth annual ball will be used for speech, hearing, and vision tests for all children beginning school in Pampa in 1968.

The "11 men and a girl" orchestra from Dallas has played at most of the state's top social events including the Governor's Inaugural Ball and Idlewilde Debutante Ball in Dallas. The girl in the group is Betty Fitch who has sung with her husband's orchestra 19 years.

With the distinctive Fitch beat for dancing, the group specializes in music of the Glenn Miller and Benny Goodman styles.

Mal Fitch

Mrs. Mal Fitch

Class Installs 1967 Officers

The Steadfast Class of Hobart Church installed officers recently at the church, during a salad supper. Mrs. Bill Simpson, outgoing president, installed Mrs. Eugene D. Brock as president.

Other officers are Mrs. Davie Turner, vice president; Mrs. David W. Cooper, secretary-and treasurer; Mrs. Estella Porterfield, prayer chairman; Mrs. A. G. Purvis, teacher and Mrs. Jimmy Barnes and Mrs. Calvin E. Ditmore, group leaders.

Those attending were Mmes. Robert Johnson, David W. Cooper, Davie Turner, A. G. Purvis, Bill Simpson, Jimmy Barnes, W. C. Dickerman, Cairl McAnally, D. V. Hutcheson, E. D. Brock, Jimmy Clark, Calvin E. Ditmore and Estella Porterfield.

Area Bible Class Attends Meeting

SKELLYTOWN (Spl) — The Ladies Bible Class of Skellytown Church of Christ met in the church for Bible Study recently. Mrs. Melvin Beighle gave the opening prayer. Mrs. Sadie Lane taught the lesson on "What it Means to Follow Jesus". The lesson next week will be taught by Mrs. Bennie Woodward.

Mrs. Grace Smith gave the benediction.

Attending the meeting were Mmes. Evelyn Brobst, Pauline Lilley, Grace Smith, Flora Harbin, Sadie Lane, Edna Hales, Melvin Beighle, F. C. Horner and Bennie Woodward.

Council of Clubs Hears 2 Speakers

Council of Clubs held the November meeting Thursday in the City Club Rooms. Mrs. H. F. McDonald, Jr., called the meeting to order and conducted business.

Committee reports and reports from each club on club activities were given. Mrs. Libby Shotwell announced the Welfare Index will clear Thanksgiving and Christmas baskets again this year.

Mrs. McDonald introduced Wynn Veale and Mack Hiatt, who explained the Airport Bond Issue and the Hospital Bond Issue. Voting day will be Nov. 11 on both issues.

Members attending were Mmes. Lois Fagan, Mina Benham, Pearl Castka, Lee Harrah, Ruby Wylie, Fidelia Yoder, Libby Shotwell, Mollie Butts, Patsy Rogers, Roy Sparkman, Edna Day and Virginia McDonald.

The next meeting will be Dec. 7 in the City Club Rooms at 9:30 a.m.

Area High School Initiates Freshmen

SKELLYTOWN (Spl) — Initiation for the Freshman Class of White Deer High School was held at the school. All freshmen girls were clad in bright colored shirts, dungarees, and blue and white long handles.

The boys' attire consisted of fishnet hose, mini skirts and middy blouses. They also wore makeup on their faces. Both boy's and girls displayed the word Wankie from ear to ear, across their nose. Duties of the freshmen were to obey all commands of the seniors and supply them with candy.

At noon a committee of five seniors selected Renee Allen and John Cornwell the best dressed freshman girl and boy.

MARRIAGE SLATED

Miss Julia Vail

Mr. and Mrs. Robert S. P. Vail of Tucson, Ariz., formerly of Pampa, announce the engagement and approaching marriage of their daughter, Julia Storm Vail to Lt. Dwight Douglas Smith, son of Mrs. L. B. Smith of Kilgore and the late Mr. Smith. Miss Vail is a graduate of Arizona State University, but received her elementary and high school education in Pampa. She is now an art teacher in Phoenix Public Schools. Her fiance attended the University of Texas and was graduated from Stephen F. Austin College in 1965. He is an officer of the United States Air Force. The wedding will be performed Dec. 16 at St. Andrew's Presbyterian Church in Tucson.

TO WED

Miss Vickie Clayton

Mr. and Mrs. Rex Clayton of Earth announce the engagement and approaching marriage of their daughter Vickie Rexann Clayton to John William Nichols, son of Mr. and Mrs. Claude O. Nichols of Lefors. Wedding vows will be said at 3 p.m. Dec. 17 in the First Baptist Church at Earth. Miss Clayton is a high school graduate of Springlake school in 1965 and is a junior at Hardin-Simmons University at Abilene. Her fiance is a 1965 graduate of Lefors High School and is also a junior at Hardin-Simmons University. He has recently been accepted as minister of youth education at the Abilene South Side Baptist Church.

Club Sponsors Dinner, Games

The Varietas Study Club sponsored a dinner for their husbands and other guests in Jackson's Cafeteria recently.

After the dinner, the group played Bridge and Forty-Two. Hostesses were Mmes. J. E. Kirchman, Sherman White, and L. B. Penick.

Guests were Mr. and Mrs. H. H. Boynton, Mrs. W. S. Exley, and Mrs. H. B. Howse. Members and husbands attending were Messrs. and Mmes. H. H. Butler, W. L. Campbell, Leo Harrah, J. E. Kirchman, Luther Kirk, Otis Nace, L. B. Penick, Dewitt Skago, Aubrey Sprawls, and W. A. Wagoner.

Other members present were Mmes. Price Dosier, S. C. Evans, H. W. Lane, and Sherman White.

Miss Flowers, Sherman Davis Say Double-Ring Nuptial Vows

CANADIAN (Spl) — Miss Sandra Flowers, daughter of Mr. and Mrs. J. G. Flowers, was married here Oct. 27 to Mr. Sherman C. Davis, son of Mr. and Mrs. Andy J. Davis of Lumberton, Miss.

The vows were exchanged in the afternoon in the sanctuary of the First Baptist Church. The double-ring ceremony was read by Rev. Buddy Sipe, a former youth director of the church and now pastor of the First Baptist Church at McCaully.

An altar of greenery was flnked on either side by tall baskets of bronze mums and orange gladiolas.

The organ music was furnished by Mrs. Bob Dillman who also accompanied the bride's sisters, Dixie Flowers and Vickie Flowers as they sang, "I Love You Truly" and "The Twelfth of Never."

The bride was attended by her sisters. Dixie and Vickie. They wore flour-length dresses of gold silk and carried nosegays of baby mums.

The bride, who was given in marriage by her father, chose for her wedding a formal-length white lace gown fashioned with a sweetheart neckline and empire waistline. The long sleeves tapered to petal points at the wrists. Her shoulder-length veil cascaded from a band of roses. She carried a white Bible topped with talisman roses.

The bridegroom was attended by Rev. Bill Tims, pastor of the Canadian Assembly of God Church. Wayne Flowers, brother of the bride, was usher.

A reception in Fellowship Hall followed the ceremony. The serving table was centered with an arrangement of roses. The three-tiered wedding cake was decorated with gold and orange roses and was topped with a miniature bride and bridegroom.

Guests were registered by Mrs. Claude Newell, Mrs. Wesley Crosier of Pampa, served the cake and Mrs. Frank Muir of Mobeetie presided over the punch bowl. Others assisting were Mrs. Warren Rivers of Canyon, Mrs. Vernon Flowers, Mrs. Bob Meeks and Mrs. Creed Petree.

Mrs. Davis is a graduate of Canadian High School and attended Hardin-Simmons University at Abilene. Mr. Davis is a graduate of the Lumberton High School in Mississippi, and attended Draughon's Business College.

Mr. Davis is employed here at one of the oil rigs. The couple will live in Canadian.

Lutheran Women Select Officers

The Lutheran Ladies Aid met recently to elect officers.

New officers are Mrs. Norman Buhrow, president; Mrs. Lloyd Brummett, vice president; Mrs. Melvin Clark, treasurer; Mrs. Bruce Riehart, Christian growth chairman; and Mrs. J. P. Carlson, historian and publicity chairman.

Mrs. Riehart spoke on the topic "Glossary of Angels." Members attending were Mmes. Norman Buhrow, Melvin Clark, Lloyd Brummett, Erwin Richter, A. M. Stroevel, George Sturgill, Jesse Thompson and Art Ziebarth.

Mrs. Richter was honored as a guest. The "traveling basket" went to Mrs. Riehart.

MRS. GROVER RAY
.. nee Cathy Mustion

Miss Mustion, G.L. Ray Exchange Nuptial Vows

The marriage of Miss Cathy Jo Mustion to Grover Lee Ray Oct. 6 has been announced by the bride's parents, Mr. and Mrs. Wayne Mustion of Durham, Okla. The bridegroom is the son of Mr. and Mrs. Roy Ray of Pampa.

Wedding vows were exchanged in the newlyweds' future home, before a fireplace decorated with roses and candelabras. Rev. Darrel Lewis of Barrett Baptist Church, read the service.

The bride wore a formal wedding gown of white peau de soie designed with a chapel train made by her mother. Her veil of illusion fell from a lace coif. She carried a bouquet of carnations.

Her attendant, Lela Vallaster, wore a blue dress with a carnation corsage. James Ray was best man for his nephew.

The bride is a graduate of Reydon High School, Reydon, Okla., and of Oklahoma School of Banking and Business in Oklahoma City, Okla. She is presently employed with Marie Foundations in Pampa.

The bridegroom is a graduate of Pampa High School and in June completed his term in the Army. He has spent the past three years with the Army in Germany and is employed with Marie Foundations as a shipping clerk.

A reception was held following the ceremony.

Minister Reads Wedding Vows

LEFORS (Spl) — Miss Jackie Laverne Nickel, daughter of Mr. and Mrs. K. L. Nickel of Lefors and Hiram Clovis Shipp, son of Mr. H. L. Shipp, were united in marriage Oct. 14.

The double-ring vows were pledged in the Mary Ellen Church of Christ of Pampa with Guy Caskey, minister of the Mary Ellen Church of Christ officiating.

The bride chose for her attire a double-knit, two piece turquoise suit with white accessories. Her sister, Mignon Nickel of Lefors, was bridesmaid and wore a turquoise A-Line dress with white lace and accessories. The bride's mother chose for her attire a turquoise knit dress with white accessories.

The bridegroom was attended as best man by his brother, Don Shipp, of Pampa.

The bride is attending Clarendon College. She was graduated from Lefors High School this year.

Shipp is minister of the Kellerville Church of Christ. He has attended Lubbock Christian College two years and Harding Christian College in Arkansas two years. He was graduated from Pampa High School.

After the wedding, a reception was held at the home of the bride's parents.

The couple will live at Kellerville.

Phi Epsilon Beta Surprises Guests

Members of Phi Epsilon Beta attended a come-as-you-are surprise social recently in Mrs. Dale Largent's home. Guests drew for door prizes awarded to numbers on name tags.

Hostesses were Mmes. Don Hufstedler, Calvin McConnell, and Dale Largent.

Those attending were Mmes. Jim Brashears, Gary Clark, David Duffy, Gary Epperson, Ted Givens, Don Hufstedler, Dale Largent, Ronald Maul, Calvin McConnell, Max Patton, Jerry Rockwell, Jim Simpson, Jerry Wright and Misses Pam Noe and Vicki Taylor.

WMU Has Study Of Missionaries

The Women's Missionary Union of First Baptist Church attended a covered-dish luncheon and Royal Service program recently.

Mrs. George Smith presided in the business meeting as Mrs. Owen Johnson gave the call to prayer. Mrs. Lewis Tarpley introduced the program of "Missionaries Among the Animist in the Carribean."

Those on the program were Mmes. Leon Ward, Harry Hall, Gayle Trollinger, Skip Culberson and S. E. Waters.

Members also attended another luncheon meeting at the First Baptist Church.

White Deer High Has Magazine Sale To Buy Supplies

SKELLYTOWN (Spl) —Junior Historians and Future Farmers of America Clubs of White Deer High School are sponsoring a magazine sale which began Oct. 17, to purchase a display case for historical artifacts and to finance building a trailor for the agriculture department.

A $500 goal was set by each club. They reported sales of $428 and $270 the first day. These sales were led in the JHC by Cathy Jordan with $114 and in the FFA by Bobby Blodgett with $75.

In the past the highest JHC salesman received a prize and was automatically made a delegate to the state JHC convention. This will not be done this year because the club will not attend the convention. Each salesman instead has a chance to win prizes from a school supply company, for selling from five to 60 magazine subscriptions. These prizes range from pen and pencil sets to stereo phonographs.

The JHC, which has 30 members this year, is sponsored by Mrs. Norma Brown and Lawson Shaw. They planned a trip to Panhandle Nov. 1 to tour the Carson County Museum, and hear a lecture on the museum by Mrs. Ralph E. Randel, president of the Carson County Historical Society. Other activities planned are Pioneer Day, an assembly program, and a trip to Old Mobeetie and Old Ft. Elliott.

ENGAGED

Miss June M. Miller

Mr. and Mrs. A. A. Vackar of Houston, announce the engagement and approaching marriage of their daughter, June M. Miller 700 N. Russell, to W. D. Thomas, son of Mrs. Leona Thomas, 413 N. Faulkner, and the late Mr. C. A. Thomas. The wedding will be performed in the Church of God on North Sumner. The bride-elect is employed with Marie Foundations. A graduate of Ardmore High School, she attended El Reno College, El Reno, Okla., three years as an art major. Her fiance has been employed with The Pampa Daily News since returning from Germany after his discharge from the Army.

Baptist WMU Hears Reports

The Women's Missionary Union of Highland Baptist Church attended its regular meeting recently for a program on committee reports, and stewardship.

Those participating in the program were Mrs. Ray Jackson, prayer calendar and Mrs. G. E. Morris, devotional on stewardship.

Members discussed mission action projects and the WMU convention in Lubbock in October, which Mrs. M. A. Powell, Mrs. Everett Cole and Bessie Kosomen attended.

Ten members attended the meeting. The next program will be mission study book taught at the church at 9:30 a.m. Nov. 8.

Beta Sigma Phi Chapter Honors Pledges With Tea

Rho Eta Chapter of Beta Sigma Phi held its Preferential Tea honoring new pledges, recently in the home of Mrs. Fred Alvey 2100 Christine.

Mrs. Georgia Mack, speaker for the afternoon, chose the subject "The Challenge Into Life".

Mrs. Buddy Lamberson, membership chairman, presented each pledge with a "bid" as an invitation into the chapter. As a token of friendship, each pledge was presented a miniature yellow rose corsage.

Pledges and members were served from a table covered with a yellow cloth, accented by miniature yellow encircled flowers with net. A crystal punch bowl filled with sherbert, and surrounded with yellow cookies and nuts, also decorated the table. Pledges and members were served by Mmes. James Lee and Charles Snider.

Pledges receiving "bids" were Mmes. Lynn Love, Bill Morehead, Carlos Nunez, and Henry Harnley.

Members attending were Mmes. Charles Thompson, Jerry Guyton, Charles Snider, James Lee, Buddy Lamberson, Warren Chisum, June Manley, Miss Mary Geirk, and sponsor Mrs. Georgia Mack.

Pledges will receive the Ritual of Jewels Nov. 14, at 8 p.m. in the Citizens Bank Hospitality Room.

Assembly Honors Area High School

SKELLYTOWN (Spl) — White Deer — Skellytown High School was honored recently with an assembly program in the high school auditorium by Glen Conrad, a Texas Tech senior from Claude who described and showed pictures of his post with the Peace Corps in Guatemala.

He recently spent two years in Guatemala, where he was in charge of improving agricultrual conditions in a certain area.

Conrad told of regulations, time of service and tests required for acceptance into the Peace Corps. He stated the salary to be 11 cents an hour, except for 45 days of vacation a year, then the salary is set at $7.50 a day during this time.

Conrad's comment on the Peace Corps and its mission was "I don't recommend the Peace Corp's to any one! It's not something some one can suggest, but you've got to feel it inside that you want to help others and are willing to sacrifice things in order to help them."

Home Makers Club Schedules Meeting

SKELLYTOWN (Spl) — The Skellytown Home Makers Club met recently in the home of Mrs. Floyd McCoy north of Skellytown and set another meeting for today.

The meeting opened with the club president, Mrs. Floyd McCoy, presiding.

All members said the Lord's Prayer in unison.

Reported ill were W. S. Berry and Mrs. Earl Looper. Members receiving club game gifts were Mrs. Ethel Hunt and Mrs. Dona Crawford.

Mrs. Bob Heaton and Mrs. Ethel Hunt gave a demonstration on how to make a "Yarn" pillow top.

The next meeting will be today in the home of Mrs. Bob Lawrence.

Refreshments were served to Mmes. Bob Heaton, Ethel Hunt, Gertrude Huckins, Odell Hass, Dona Crawford, Floyd McCoy and one visitor, Mrs. McCoy's mother, Mrs. Myrtle Bridwell of Beaver, Okla.

Dear Abby

by Abigail Van Buren

DEAR ABBY: I have seen some real "pips" in your column, but I think this one will take the cake.

My husband and I recently attended the opening of a new shopping center. Everyone who made a purchase of one dollar or more got to put his name in the pot for a chance at the grand prize, which was a trip to Hawaii for two — all expenses paid.

Well, they drew my husband's name! When they called and told us we couldn't believe it. Now, here comes the unbelievable part. My husband's mother heard about the prize he won, and she told him it would be easier for her to get away for that trip than me because I have other responsibilities and she has not, so she thinks he ought to take her. My husband never was one to speak up to his mother, so now he says he doesn't see how he can get out of taking her without hurting her feelings. If he takes her, what do you think would be a suitable punishment?

HIS WIFE

DEAR WIFE: From the description of his mother, just taking her would be punishment enough.

DEAR ABBY: Please help me! My problem is a jealous husband. He follows me everywhere I go. I can't even walk alone (night or day) to my mother's two blocks away without his following me to be sure I'm really going there.

If I go outside to water the flowers, he comes out and stands over me until I'm finished. He says he wants to make sure I don't wave to any man who happens to be driving by. I can't look at a man in a car or on foot unless I am trying to get his attention. If I speak to a man, he accuses me of being "in love" with him.

He follows me to work to make sure I don't stop off anywhere first. If I drive home from work, he asks me which way I came, why I came that way, whom I saw, etc.

No matter what I say, I am lying. I've been cursed at and called names for things I've never even thought of doing. I have been married for one year and 15 days and I don't think I can take it much longer. Is he sick or not?

We live in a small town and there's no psychiatrist here. We couldn't afford one anyway.

What can I do, short of killing myself?

MISERABLE

DEAR MISERABLE: I am no psychiatrist, but I have read your letter to one of the best, and he says your husband is sick. And if you continue to tolerate such treatment you might very well be sick, too. Ask your family doctor how to get professional help for your husband, and follow through.

Your town may not have a psychiatrist, but there are larger cities near you where psychiatric help is available. You say you can't afford it? I say, you can't afford NOT to have it.

DEAR ABBY: My son, who is a physical education instructor, has a good solution concerning what to do about the "hippies."

He says the rest of us should quit our jobs, let our hair grow, stay away from bathtubs, shun all responsibility, etc., and then the hippies, not wishing to be like us, would clean up, get haircuts and go to work.

Area Bible Study Group Attends Meeting

SKELLYTOWN (Spl) — The Bible Study Group of Skellytown First Baptist Church met recently in the home of Mr. and Mrs. Paul Mathews.

After the group teacher, M. L. Mercer, opened the meeting with an invocation and brought the lesson "Building His Church", the group took an oral test over the lesson's contents. Several members also recited the memory verse for the week, found in Psalms 122:1.

Members decided to meet each Saturday on a temporary schedule to meet with conflicting out side events. The meeting ended with a benediction by Mrs. Wanda Rogers.

Those attending were Messrs. and Mmes. M. L. Mercer, Paul Mathews, Bill Thompson, Gary Gortmaker, Irvin Brown, Leroy Allen, Mrs. Wanda Rogers, Vovki Mercer and Kelly Brown.

The next meeting will be held in the home of Mr. and Mrs. Leroy Allen at the Skelly Schafer Camp east of Skellytown.

Home Chore Checklist Before Winter

Newspaper Enterprise Assn.

Fall is the time to get the house ready for winter and clean up leftover summer chores.

Make yourself a checklist of items to be tended to before cold weather sets in. Here are a few suggestions.

Taking down screens is an obvious end-of-summer job, but there can be more to it than that. Before storing screens, make necessary repairs. Paint frames now so that screens can be put back on immediately in the spring. Store flat and cover to keep them clean.

Before putting up storm windows, check putty around the glass in both storms and regular sash. Wash the windows while everything is still taken apart. Caik around window frames while making your inspection.

Check weatherstripping around doors and windows.

While the weather is still good, make certain gutters and downspouts are clean and free of rust. They will need one final cleaning after the last leaves are off the trees.

Check the roof. Loose shingles should be nailed down before a high storm comes along. Put a dab of asphalt roofing compound on nail heads to prevent rusting.

Been painting? You can continue until the outside temperatures falls to 50 degrees. Save outdoor furniture and other movable items until last. These can be taken indoors for painting if need be. You will be taking in outdoor furniture anyway. No matter how durable, it will not last long if subjected to winter weather.

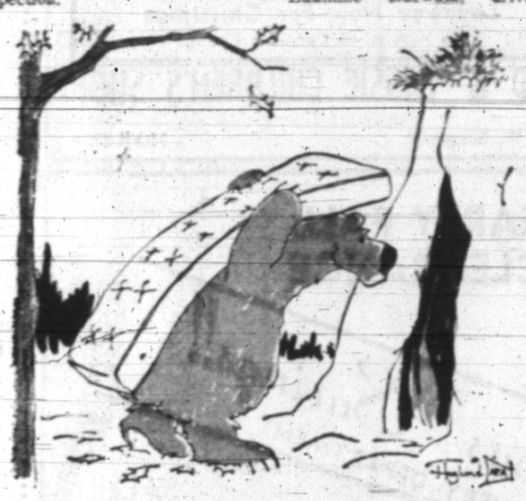

Examine sidewalk, drive, foundation and brick stairs for cracks. Repair concrete and mortar cracks. Moisture will enter them and alternate freezing and thawing will enlarge them before spring. Clean out dirt and loose material from cracks. Undercut the openings if you can so that opening is wider at the bottom, narrower at the top. This keeps patch from pulling out. Wet down thoroughly before patching and keep damp until patch has hardened.

You should have checked your furnace and cleaned it when the heat went off last spring If you did not, better call in professional furnace contractor to do the job quickly. Make certain you know oiling points on blower in a forced air system. Oil tanks should be full if furnace is oil-fired.

Are furnace ducts in good order? Joints can be sealed with a special aluminum tape. This will prevent heat loss.

Clean out accumulated junk from basement and attic. The chance of a home fire increases during winter when furnaces are on, houses can become overheated. Oily rags and inflammable paints should not be stored near the heat supply.

Cut off water from all outdoor fixtures. Drain hose, wipe clean and coil neatly for winter storage. Clean dirt off garden tools, wipe metal parts with oily rag. Hang them neatly and out of the way. Drain gas and oil from power mower. Mount on blocks of scrap wood to take pressure off tires. Cover with tarpaulin or heavy building paper to keep clean.

Fall is the time to get the house ready for winter.

Astrological Forecast

By CARROLL RIGHTER

GENERAL TENDENCIES: The early morning can have some very unfortunate upsets take place. The afternoon then is extremely good for most anythings you wish to do that requires good judgment and any other Sunday pursuits, while tonight is the time to be sure that you do accept delays or obstacles that arise, in your own stride.

ARIES (Mar. 21 to Apr. 20) — Morning is not good for detailed work, but afternoon is fine for pleasure, while tonight is best for handling personal matters. Study what must be done to improve your image with the public in general and be more stable.

TAURUS (Apr. 20 to May 20) — Intuitive hunches not good in a.m., but later, you can impress kin favorably. Be of assistance to one in trouble in p.m. Use only good judgment in all that you do. A bad hunch could lead you far afield.

GEMINI (May 21 to June 21) — Don't expect that close tie to agree with you on some vital issue in a.m. Await a better time and be off to visits, etc., later. Handle all of your affairs most carefully. Steer clear of depressing individual in p.m.

MOON CHILDREN (June 22 to July 21) — Forget about that new idea that requires more thought in a.m. Sit down with associates agreeably later in the day and have wise discussion. Show that you will indeed cooperate with them. Make this a productive day.

LEO (July 22 to Aug. 21) — Follow only whatever is orthodox in a.m. and the afternoon becomes a happy one. Tonight do whatever will improve your health. Plan the new week intelligently in p.m. Make an outline on paper.

VIRGO (Aug. 22 to Sept. 22) — Recreation is best in afternoon instead of the morning. You still have time to handle pressing obligations in p.m. Study new outlets well and do not go jumping into them tomorrow without knowing what they are all about.

LIBRA (Sept. 23 to Oct. 22) — Try not to be offensive with anyone in a.m. You can find more happiness at home later in the day. Avoid that depressing associates tonight. Study well into the fundamental structure of your life. Know where to improve it.

SCORPIO (Oct. 23 to Nov. 21) — Be careful of financial commitments today, and you can have an enjoyable time visiting after lunch. Evening should be reserved for loved one.

SAGITTARIUS (Nov. 22 to Dec. 21) — Stop being so unhappy in a.m. You find a change of attitude later brings fine results with everyone. Avoid fun that is offcolor. Show loyal financial experts that you appreciate their help in the past.

CAPRICORN (Dec. 22 to Jan. 20) — Morning may be a little restrictive, but later in the day enjoyable recreation can be yours. Don't be argumentative with kin in p.m. Know what it is that you want out of life. Make plans along such lines.

AQUARIUS (Jan. 21 to Feb. 19) — Forget undesirable company and activities and stick to whatever is most beneficial and pleasing to you. Delving into hobbies that are profitable is also good. Plan new week's activities tonight.

PISCES (Feb. 20 to Mar. 20) — Safeguard your reputation in a.m. Make your round of visits in the early part of the afternoon but do not spend too much money. Sympathize with those who are out of sorts.

IF YOUR CHILD IS BORN TODAY, he or she, will find it necessary to really dig into studies early before a comfortable pace can be reached. But once this is achieved, the remainder of life is successful and good. Care of health is necessary early, also, since there is apt to be some weakness at this time. Teaching and art are fine here.

FOR MONDAY, NOV. 6

GENERAL TENDENCIES: A great day to start the week right by getting your self on a more solid and secure structure by building a cornerstone for your life that can withstand the ravages of time — and the assults of others. Plan very carefully and execute with equal care, for this way you can win out.

ARIES (Mar. 21 to Apr. 19) — It would be well for you to be sure what your true position is with higher-ups and the public in general. Then try to improve it. Some civic work can improve your image. Stop putting on airs.

TAURUS (Apr. 20 to May 20) — You are highly inspired now just how to have greater abundance, security in the days ahead. Impress others with the fact that you are cognizant of your finest friends and their good qualities. Don't be so cold.

GEMINI (May 21 to June 21) — Get those responsibilities handled nicely and then show affection for the one who is closest to your heart. Follow that hunch and you'll have more rapport with all. Life can be happier; it's all up to you.

MOON CHILDREN (June 22 to July 21) — This is the right psychological time to arrive at right decisions so that your work with partners is more successful. Handle those duties before the public most wisely.

LEO (July 22 to Aug. 21) — Handle jobs ahead of you so efficiently that co-workers cooperate in a most enthusiastic fashion. Plan the wardrobe you want for the holidays. Then out to check on what your favorite shops have.

VIRGO (Aug. 22 to Sept. 22) — If you make the effort to entertain others, you find you have new hale of a time yourself as well. Get going on that new outlet that tickles others and could be the source of some fine revenue for you. Stop being so timid.

LIBRA (Sept. 23 to Oct. 22) — Seek out the right answers to problematical affairs with kin and thereby establish far greater harmony between you. Then get down to basics that will start an upfriend in all of your affairs. Be determined, enthusiastic.

SCORPIO (Oct. 23 to Nov. 21) — Visiting, calling others on the telephone, communications of all kinds are fine now and help you to get ahead. Be practical and you find that others respond properly.

SAGITTARIUS (Nov. 22 to Dec. 21) — Impress others with the fact that you have wonderful practical ideas for getting ahead. Doing whatever will increase the value of your property is wise. This marks others sit up and take notice.

CAPRICORN (Dec. 22 to Jan. 20) — Plan how to enjoy the social pleasures you want honorably and contact those persons who can assist you in this. You are extremely charming now and can attract others easily.

AQUARIUS (Jan. 21 to Feb. 19) — If you plan to sit with some higher-up in a.m., you will get wonderful ideas just how to advance more quickly. Also, follow your intuition regarding how to expand.

PISCES (Feb. 20 to Mar. 20) — Make it a point to get together with good friends at some meeting and work out whatever is most important to your corporate needs and you will meet some new person who can be most helpful.

Area Woman Feted With Baby Shower

SKELLYTOWN (Spl) — Mrs. Kenneth Wood, Skellytown, was honored recently with a "Baby Shower" in the home of Mrs. Kenneth Hales. Hostesses were Mmes. Edna Hales, F. C. Horner, Sadie Lane and Bennie Woodward.

The serving table, covered with white lace cloth over pale green and centered with a sheet cake with a yellow sugar baby buggy in the center with green baby booties in each corner. Favors were pacifiers fashioned from jelly beans, life savers and pipe cleaners.

Attending were the honoree, Mrs. Kenneth Wood; Mmes. Kirk Phillips, Howard Coday, Fred Wood, T. C. Cofer, Betty Crawford, Beth Eason, Darwin Allen, Ben Neely, Marvin Dehls, Donna Moreland, Jimmy Davis.

Sending gifts were Mmes. Mary Cowart, Clyde Horner, Jo Beighle, Edith Beighle, Hardy Boyd, Billie Price, Zelma Wood, Flora Harbin, Kay May, Grace Smith, Evelyn Brobst, Janice Vallines, Cleo Tom Terry, Cletus Duckworth, Jimmy Ray McCann, Melvin Norris, Carl Cade, George Burns, Linda Townsend, Ralph Sloan, Margie McCarty and Bill Hughes.

Area Women Attend Skellytown Coffee

SKELLYTOWN (Spl) — Mrs. Bennie Woodward, Skellytown, entertained at her home recently with a coffee and game playing program.

Guests were Mmes. Sadie Lane, Evelyn Brobst, Melvin Beighle, S. C. Elliott, Clifford Coleman, R. S. Marlar, Larry Marlar and son Wes, E. C. Horner, Ethel Hunt, Gerald Huckins, Carroll Dean Russell and son, Harvey Rochelle, Art Pieffer, Pat Britton, Toni Cole, Leroy Snodgrass and daughter Robin, A. E. Imel, Bob Heaton and Bob Fenter.

Tomboys Can Become 'Eternal Charmers'

NEW YORK — Little girls are eternal charmers and they begin right from the cradle by capturing the adoration of every male in sight.

To keep a good thing going and to grow up to be lovely-looking, well-groomed big girls, they must give thanks to their mothers. Many of the beauty habits that become ingrained most often are started in early childhood. Regular grooming routines are often imitations of mommy's.

She can point out that a clear, smooth skin is the prerequisite for later effective use of cosmetics. Such things as proper diet, fewer fried foods and rich desserts and enough sleep are important to skin beauty.

Emphasis on absolute cleanliness is vital as a preventive measure for the skin problems typical of preteens and teens.

A number of teen-age models create their own cosmetic box and fill it with pure but inexpensive baby products. Oil, soap, lotion, cream, powder and petroleum jelley are the essentials to be housed in a glamorous, do-it-yourself box covered with pretty paper.

A daily bath with the mildness of castile soap prevents most irritations and if the soap has a built-in medication it will destroy the germs that often cause blemishes. Regular use of a mild soap during the preteen years can help prevent acne.

Soft-bristled brushes for hands, elbows and heels should also be standard equipment. After the bath a good body or hand lotion should be sparingly applied to any part of the body that suffers from dry skin. Children are inclined to overdo things and believe they must use lots of lotion to accomplish their purpose.

A lip gloss that will keep her lips soft in blustery weather and at the same time give them a dewy look, is petroleum jelly. She can also train her eyelashes and brows to grow thick and even by applying the petroleum jelly every evening before going to bed.

BACK TO SCHOOL TIME often turns summer tomboys into little girls with a craving to be grown up. This is the best time for mothers to exercise their ingenuity and guide their daughters in the direction of good lifetime beauty habits. For a minimum expenditure you can make a beauty box for your daughter and stock it with baby products which will be gentle enough for her young skin.

EVEN IN THIS SWINGING AGE the college girl has the fashion sense to prefer simplicity in her clothes. And so the sweater dress and skirts teamed with sweaters continue to be campus favorites. Ribbed sweater dress (left) features mitred stripes and a flattering funnel neckline. Shetland "long pull" (right) is in a handsome geometric design. Its teammate is a Shetland A-line skirt. These classics are from the fall James Kenrob collection by Dalton of America.

Altar Society Has Meeting in Groom

GROOM (Spl) — Members of the Christian Mothers and Altar Society of St. Mary's parish held a regular meeting in St. Mary's Hall recently.

Plans were discused for the annual Thanksgiving dinner to be served on Thanksgiving day at St. Mary's School Hall. Serving time will be from 11:30 a.m. until 3 p.m. Several types of entertainment will be held throughout the day including cake walk, country store, fishing pond and door prizes.

At the close of the meeting refreshments were served by the hostesses, Mrs. Bill Ravlovosky and Mrs. Bob Ledwig, to 22 members.

Groom WSCS Attends Program

GROOM (Spl.) — The Woman's Society of Christian Service met in the parlor of the Methodist Church recently. Mrs. M. L. Ruthardt, president, presided over the business meeting. Mrs. Van Earl Steed was in charge of the program entitled "Donation for Self-Discovery". She was assisted by Mrs. Ray Elmore, Mrs. Glenn D. Harrell, Mrs. James Lanier and Mrs. Bill McKee.

The call to prayer, and self denial service was held Oct. 26 at the church.

Refreshments were served by the hostesses, Mrs. Phil Farley and Mrs. Roy Ritter. Others attending were Mmes. J. W. Angel, Curtis Schaffer, O. P. Blackwell, Cleo Schaffer, E. R. Hess, George Latta, Crim Goodlett and O. R. Major.

Day School Plans Education Program

A meeting on Christian Education sponsored by St. Matthew's Day School is slated at 8 p.m. Monday in St. Matthew's Parish Hall, 727 West Browning.

Mrs. Nedra A. Niles, director of the St. Michael School in Dallas since its founding in 1950, will be the guest speaker and will discuss "The Individual Child and Christian Education."

Mrs. Niles graduated from Mills College in Oakland, Calif., with a Masters in Art in Child Development. Her teaching experience includes the demonstration school at Mills, classes in psychology and education at Oklahoma City University where she also started a demonstration school, and St. Michael's in Dallas.

She serves on the board of St. Simon's After School Child Care Program and the board of St. Augustine's School, both in Dallas. She is listed in Who's Who in American Education.

Parents of children currently enrolled at St. Matthew's, the school board members, teachers, and all persons of the community who are interested are invited to attend. Mrs. O. C. Penn is general chairman of arrangements.

Art, Civic Club Attends Program

LEFORS — Mrs. H. L. Teel directed a satire cast on "We Chose Safety" for the program o' the Lefors Art and Civic Club held recently in the Civic Center.

Hostesses for the evening were Mrs. Fred Blackwell and Mrs. Bud Cumberledge.

The business session was conducted by Mrs. Merray Stroud, first vice president. Members voted to send Lefors servicemen a special box.

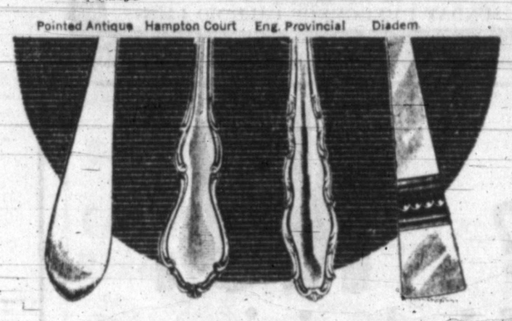

Mrs. Stroud, Mrs. Iris Barron, Mrs. Loyd McKnight and Mrs. Ray Chastin attended the district workshop in Stratford.

Attending the meeting were Mmes. Harley Lewis, Joe Watson, H. L. Teel, Ray Chastain, Bud Cumberledge, Fred Blackwell, Loyd McKnight, Jerald Julian, Merray Stroud, John Harris, Iris Barron and Miss Norma Lantz.

The next meeting will be Monday with choral and band students presenting the program on "The Value of Music Education".

Agriculturally Speaking

By FOSTER WHALBY

Recently I attended a one-day fertilizer training session sponsored by the Texas Plant Food Society and The Texas Agricultural Extension Service.

The meeting was held on the campus of West Texas State and was the second meeting in the West Texas area. The first was held on the Campus of Texas Tech.

One of the talks given at the Lubbock meeting was by James Potts, manager of Taylor-Evans, Farm Stores, Amarillo. His talk was titled "Practical Problems in the Use of Phosphorus." Potts stated that in 1966 he was so confident that phosphorus would pay that he guaranteed to make farmers money on 43 separate test plots. The plots ranged in size from 20 to 100 acres. He restricted the sorghum test plots to pullman-type soils (the same soil we have in the Pampa Area). An average of 50 pounds of Phosphorus were added with the rate of nitrogen being constant. Many of the test plots were on farms that were being run by farmers with degrees in agriculture and in many cases by former county agents and vocational agriculture teachers. He said the test plots were not run in a haphazard manner. He gave the results of these tests in the form of a chart which showed 21 test plots and increased yields from 3—1280 pounds of milo per acre. Eighteen of the test plots had decreased yields averaging from 20—630 pounds per acre. There were four plots in which no change occurred.

Potts stated that very little of the Phosphate applied in the test made the farmer money. He admitted the 43 test plots were costly lessons to his firm.

The results that were obtained by Potts pretty well confirms what our Bushland Experiment Station has maintained for a number of years. The addition of phosphorus to pullman-type soils has never paid.

We admire Potts, who was courageous enough to get before a farm audience and say Phosphorus didn't pay in the test plots that were run.

The Bushland Experiment Station maintains they have received little or no response from the addition of phosphorus. Another thing all farmers should keep in mind is that regardless of what kind of fertilizer is added, a certain increase in yield is necessary to get your money back spent on the addition of Fertilizer. It takes from four to six bushels additional yield of wheat just to pay for 50 pounds of phosphorus added. It would require around 300 additional pounds of milo just to pay for the addition of 50 pounds of fertilizer.

Our recommendation is to have a soil test run by the Soil Testing Laboratory at the South Plains Research and Extension Center. To my knowledge, they are the only concern that correlates the recommendation with the local Experiment Station Research and Experiment Station field test plots. On the D. W. Swain farm, we have one of these very elaborate field test plots run under the supervision of a researcher located at Bushland.

Before the test plot was accepted, the Experiment Station ran extensive soil tests. Testing will continue periodically. As results are obtained from the many combination of fertilizer added, the Soil Testing Laboratory will be better able to make recommendations for farmers in this area.

We certainly are for the proper addition of economical levels of fertilizer. But DON'T GUESS . . . . SOIL TEST.

FARM CREDIT EXPANDS

Texas farmers and ranchers are continually using more agricultural credit. On January 1, 1967 they had debts of just over two and one-half billion dollars, says James Mallett, Extension farm management specialist. Two-thirds of the debts were for real estate loans while non-real estate loans accounted for the other third. Average land prices have increased from $60.54 per acre in 1954 to $114.20 per acre in 1964 and size of farms from 497.7 acres in 1954 to 690.9 acres in 1964 or 38.8 percent in 10 years. Agriculture is big business in Texas.

Irrigation Test Results Revealed

Efficient irrigation should be a major concern of all High Plains farmers. For this reason, an irrigation-fertilizer test on winter wheat has been conducted at the High Plains Research Foundation for the past three years, under the direction of James Valliant, soil scientist, and Loyd Langford, Associate agronomist.

Research has shown that a winter irrigation on non-grazed wheat is neither practical nor profitable. If the winter wheat is to be grazed, an irrigation in January is probably necessary.

The Tascosa variety of wheat was used in the study, and two irrigation methods were utilized, with 12 different fertilizer levels The irrigation method which proved most economical on non-grazed wheat included an application at germination, jointing, early boot, and head.

It was interesting to note in the same test that fertilizer levels of 120-60-0, 120-90-0, and 120-0-0 plus 30 pounds of sulfur produced yields with no significant differences. (Figures refer to pounds of nitrogen, phosphate, and potash per acre). However, the level of 120-0-0 plus 30 pounds of sulfur produced the greatest return because of the lower cost of fertilizer.

It is believed that the sulfur increased the yield by making soil phosphate more available to plant, rather than as a plant nutrient for the wheat.

On non-grazed wheat, the combination of eliminating a winter irrigation, plus the decreased fertilizer costs, should result in more net profit for the wheat farmer.

Panhandle Water District News

By FELIX W. RYALS

Board of Directors of WATER, Inc. firmed up plans this past week to secure more political and financial backing, for importing water to the West Texas, N. Mexico and Western Oklahoma areas.

The meeting was highlighted by speeches from Joe Moore Jr. executive director of the Texas Board of Water Development, and Marvin Nichols of the engineering firm of Freese, Nichols and Endress of Fort Worth.

Both Moore and Nichols urged WATER, Inc. to take immediate action to set up the necessary political machinery needed to implement the bringing of water to the area from the Mississippi. Moore estimated that the project would cost $5 to $7 billion. He said Texas should get its plans organized and have them before Congress by 1970-71 to ask for full congressional authorization and appropriations. He also stressed that West Texas must go all out to show the other areas of the state, including Houston, Fort Worth and Dallas, that the importing of water to West Texas will be a boost to business and shipping in those areas.

Nichols proposed that his firm and the Ralph M. Parsons Company of Los Angeles be employed to start immediate studies for the water importing. The two firms would develop a report defining the basis of distribution of imported water for the 42 Texas High Plains counties. The study would include terminal water needs, legal requirements, potential utilization of underground storage, master district preliminary boundaries, proposed reservoir sites, and dates for decisions.

John J. Kendrick, the Brownfield banker who is president of WATER, Inc., stressed that membership in the organization is not growing fast enough and recommended that the directors set up county committees. County chairmen would then try to get the necessary financial backing needed to carry on the water import work of WATER, Inc.

Kendrick also announced plans for a four-day study tour of the Central Valley Project, now under construction in California, which will transport water from north of Sacramento to the southern end of the San Joaquin Valley near Los Angeles. The tour is scheduled to start Dec. 10. Kendrick emphasized that a great deal of enthusiasm can be generated when persons see such a project under construction. He mentioned the Lost Hills area in Kern County. Although now a desert, the entire Lost Hills area now has 10-inch pipes already fitted with vlaves and meters on all 160 acres of this desert sand. The land was worthless before and is now selling for $200 an acre, although the water is not scheduled to enter the transporting canals in the Lost Hills District until 1969.

The tour group is not limited to directors of WATER, Inc. Anyone desiring to make the trip may make reservations by contacting the WATER, Inc. office in Lubbock or John Kendrick in Brownfield.

A study made by Leeds, Hill and Jervett, Inc. on the Kern County Water Agency service area, in which the Lost Hills Water District is located, indicates that the normal growth oft he Kern County retail sales service area would increase from $324 million in 1965 to $549,800,000 in 1990 without the importing of water. With the import of water the retail sales would be $619,600,000.

SAUSAGE SHOW

Frank Orts, Extension meats specialist at Texas A&M University, says the Sausage Show which will be a part of the Annual Sausage Festival in New Braunfels is the first of its kind to be held in Texas. Non-commercial sausage makers anywhere in Texas are eligible to participate in the show. Entries must be sent or delivered to the New Braunfels Wurst Association on or before November 6. Judging will be done on November 7 and the entries will be on display for the duration of the Festival, through Nov. 12. Details are available from Orts at College Station or from the Wurst Association in New Braunfels.

FOR RETIREMENT

Don't take retirement lightly, that's the advice of James Mallett, Extension farm management specialist at Texas A&M University. He suggest starting retirement proceedings several months prior to the planned retirement date. Early action and careful planning can save a lot of red tape, unnecessary and troublesome delays, and assure financially worry-free life in later years, concludes Mallett.

Rx

Eye Symptons May Be Warnings of Danger

They may indicate the eyes themselves need help or that conditions in the body are causing eye problems which are doing them serious harm. Eyesight is too important to neglect any signs of abnormal vision.

A sudden, severe pain in the eyes spreading over the head may be a sign of glaucoma, which can destroy vision in hours. Watch out for recurring dimming of vision, halos around lights, distortions of objects, double vision, excessive tears and blinking, red eyelids and unequal pupils. All these are symptons which almost demand the immediate attention of a physician or ophthamologist. When medication is needed, we can fill and prescription.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Is Perry LeFors Field An Airport Strictly For Pleasure Flyers? NO!

It Is An Airport To Meet The Needs Of Industries Which Have Pledged Their Faith In Gray County!

In a survey made by the Aviation Committee of the Pampa Chamber of Commerce, 18 Firms using the Airport Pay Over $400,000.00 in County Taxes! Of These Firms -

1. 9 Now Use Jet Aircraft
2. 7 Will Go Jet in 1968
3. 2 Do Not Plan To Use Jets

THE PRESENT AIRPORT WILL NOT HANDLE EXECUTIVE JETS USED BY MODERN INDUSTRIES - WHICH NOW DIRECT THEIR AIRCRAFT TO BORGER OR AMARILLO.

Will these and other companies direct their future industrial expansion to cities with jet landing capabilities? LET'S HOPE NOT - and let's help direct them to Pampa.

Your Vote FOR The Airport Bonds of $250,000 (with the Help of FAA Allocated Funds of $92,060) WILL:

1. Extend the north-south runway of Perry Lefors Field to 5,500 ft. (long enough for Executive Jets)
2. Reconstruct and reinforce existing north-south runway
3. Improve lighting
4. Acquire land for runway extension with over-run and clear - zone easements
5. Build north-south taxiways
6. Provide additional paved ramp area

These Improvements Can Be Made with NO INCREASE In The Present Tax Rate Based On Present Valuations, Revenues and Expenditures

WHAT PRICE PROGRESS? Just A Vote **FOR** The Airport Bonds on Nov. 11th

Let's Un-hitch Old Dobbin and Hitch Our Wagon To A Star!

(Paid Political Adv.) Gray County Public Improvement Committee by Floyd Watson and Wynn Veale, Co-Chairmen

Bureaucrats Interfere with Soviet Economic Reforms

MOSCOW (UPI)—On the Soviet Union's golden anniversary, the economic reforms which hold a major key to the next 50 years are having rough going.

The bureaucrats keep getting in the way.

Two years after they were launched by Premier Alexei Kosygin, the reforms are about one-third completed. Enough results are in to show that, while the reforms are moving the nation toward streamlining and common sense, they still are a halfway house between the old Stalinist controls and what an American economist calls "a truly rational economy in aSoviet sense."

Bureaucratic interference, rigid price fixing, industrial timidity, wage controls, red tape, overcentralized control of resources, hardened trade arteries, suspicion of salesmanship, sluggish transport—all are cited by Soviet and Western economists as factors sapping much of the zip from the reforms.

"Inertia and adherence to old methods still make themselves felt," instrument-making minister Konstantin Rudnev said.

Bureaucrats Hit

"The Soviet reform is only a half measure, considering Kosygin's longterm ambitions, and leaves considerable power with the bureaucrats," American economist Gregory Grossman wrote.

Before the reforms, the Soviet economy was in serious trouble.

For 30 years it had labored under the old "command" system, with planners based in Moscow dicatating every detail of production to factories all over the nation.

In times of crisis, this could work well. It enabled Russia to concentrate all effort on a single goal. The steel industry, weaponry, the A-bomb and sputniks all benefitted from the system. But little else did.

By the early 1960s times had changed. The Soviet industrial foundation had been laid. Relative affluence had arrived.

Consumers were demanding more and better goods on the shelves—and not getting them.

Yet the Soviet machinery was becoming daily more inefficient. Factories in such key industries as chemicals were working at as little as 17 per cent of capacity. Housing was held up because the plan provided for bathrooms—but no bathtubs.

A farm machinery plant in Rostov produced 2,000 combines with missing parts. Planners instituted a crash program to make sewing machines, then forgot to turn the program off and a surplus of 1.5 million machines resulted.

Annual growth rates, which boomed at 10 per cent after World War II, were down to 6 per cent by Soviet figures, and 2.5 per cent by U.S. government reckoning.

Moscow's rigid planning was out of touch with the nation, and put total emphasis on quantity—not quality.

A surplus of left shoes was not uncommon.

From this flowed other aches—little relation between supply and demand, surpluses and shortages, hoarding and waste of resources.

All prices were fixed by the government, which kept them from signaling consumer demand, as they do in the West.

"West" Idea

Russia was ripe for a new idea.

It came in 1962, when an economist named Yevsei Liberman was selected to float a trial balloon for reforms.

Price controls must be eased, he said. Banks should charge interest on borrowed money and factories must pay a fee for capital equipment in use.

After four years of successful experiments, Kosygin announced that "Libermanism" has been adopted—except that prices would remain fixed.

When Kosygin finished, the planners, who once dictated everything, lost a lot of power.

But they still control the volume of goods to be sold, each factory's total wage fund, the profit each factory makes, financing and overall control of raw materials.

How are the reforms working in practice?

Partly because of the planners, they appear to be running behind schedule.

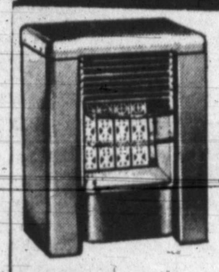

Kosygin predicted one-third of industry would be reformed early in 1967. This figure has only now been reached.

The reforms were a blow at the powerful Soviet bureaucracy, and it has fought back. The ing risen to the top under the planners use pricing, finance old system, are loath to try the and raw materials to regain new one their former strength.

Many factory managers, hav-

Kerr-McGee Reports Record Income for Nine Month Period

OKLAHOMA CITY — "Kerr-McGee Corporation's consolidated net income and earnings per share for the three months and nine months ended Sept. 30, were higher than those for any third quarter or nine-month period in the company's history," D. A. McGee, chairman and chief executive officer, announced today.

McGee noted that the company's record income and earnings per share for the first nine months of 1967 were achieved exclusive of a non-recurring gain of $1,006,530, or 15 cents per share, from the sale of marketable securities during the second quarter of the current year.

The company's net income for the nine months ended Sept. 30, 1967, amounted to $22,438,372, or $3.37 per share on the average number of 6,664,468 shares outstanding during the period. Net income for the same months, exclusive of the non-recurring gain, mounted to $21,431,842, an increase of approximately nine percent over the $19,702,450 earned during the like period of 1966.

Kerr-McGee's net income for the third quarter of 1967 amounted to $5,667,309, an increase of approximately six percent above income of $5,360,878 earned during the same quarter of last year. The company's 1967 third quarter earnings per share amounted to 85 cents, again of about five percent over the 81 cents per share earnings for the same period of 1966.

Texaco Reports Best Nine Months Earnings

HOUSTON — Consolidated net income of Texaco Inc. for the first nine months of 1967 amounted to $542,447,000 or $4.01 a share it was announced today by J. Howard Rambin Jr., Chairman of the Board. This was an increase of 7.7 percent over earnings of $503,573,000 or $3.73 a share, for the similar period of 1966. Figures for the 1966 period exclude a non-recurring gain of $17,800,000, or 13 cents a share.

Earnings in the first nine months and for the third quarter of 1967 were the highest for any such periods in the history of Texaco, Mr. Rambin said.

Texaco's net income for the three-month period ended September 30, 1967, totaled $183,188,000, or $1.36 a share, compared with $170,587,000, or $1.26 a share, for the third quarter of last year, Mr. Rambin stated. This was an increase of 7.4 per cent.

Including equity in affiliates, Texaco's gross production of crude oil and natural gas liquids in the first nine months of 1967 averaged 2,522,000 barrels a day, up 13.3 per cent over the first nine months of 1966. Refinery runs amounted to 2,129,000 barrels a day, a rise of 11 per cent. Product sales were 2,323,000 barrels a day, an increase of 17 per cent.

Commenting on the Middle East crisis, Mr. Rambin noted: "Many of the dislocations stemming from the crisis in the Middle East continue to be felt. The restrictions on crude oil producing potential have largely been removed, but with the Suez Canal closed, much of the oil for Western Europe continues to be moved over the longer and more costly route around the Cape of Good Hope.

"In addition, other normal supply and distribution patterns continue to be upset. In order to provide tankers and additional crude to Europe, imports of oil into the United States were reduced.

HARRY B. STEED

Phillips Names New Comptroller

Phillips Petroleum Company's board of directors has elected Harry B. Stead comptroller of the company, effective Nov. 1, according to an announcement by K. S. Adams, chairman fo the board. Stead succeeds Henry W. Hinkle, comptroller since 1956, who will reach normal retirement age Dec. 1 after 37 years of service.

Stead, who was elected deputy comptroller last year, began his company career in 1940 following graduation from the University of Oklahoma. He became chief accountant, consolidated statements section, in 1952 and manager of oil, gas and transportation accounting in 1956. He subsequently served as assistant to the comptroller and was named an assistant comptroller in July 1965. He is a member of the corporate accounting and the accounting research committees of the American Petroleum Institute.

ALERT FOR SCREWWORMS

Throughout Texas, livestock producers should continue to check their stock closely, treat all wounds, and collect and send any worm samples to the Misson Lab for positive identification. New cases of screwworms are intensifying in the overwintering area, and if not stopped, will mean additional problems next year, says Dolph Briscoe, Jr., president, Southwest Animal Health Research Foundation.

ARE YOU AFRAID OF DENTISTS?
It depends on your age. If you are not too young, you will remember when visits to a dentist were so painful, that the average person waited to long. Then nothing could be done but extract the teeth.

DENTISTS ARE NOW IN A "MIRACLE" AGE
New analgesics, either injected or rubbed into the gums, stop pain while cavities or nerves are treated. Regular visits to dentists for check-ups, permit preventive treatments to avoid receding gums. Dental appointments no longer are feared. Children look forward to them.
Members of the dental profession have the legal right to prescribe drugs which can benefit their dental patients. Modern research has already uncovered many new products, some of them prescription restricted. We stock them in our prescription labotary.

WE HAVE MANY DENTAL AIDS
Whatever your dentist may prescribe or suggest you use, the odds are that we have it, ready for your regular or emegency need. Whether you wish to clean your teeth with one of the many toothpastes, or the new pressure sprays, we have what you want.

Humble Pipe Line Wins Safety Award

HOUSTON — National safe driving honors have been won by Humble Pipe Line Company in the Petroleum Division of the 36th National Fleet Safety Contest conducted by the National Safety Council this year.

The Humble Pipe Line fleet was awarded a Certificate of Achievement in the Pipeline Truck Group at ceremonnies held recently in Chicago in conjunction with the 55th National Safety Congress and Exposition and more than seven hundred safety experts from the Nation's motor transportation industry attended the ceremony.

The award is based on the ocmpany's outstanding safety performance from July 1966 through June 1967. During this period, the firm's truck fleet operated 9,831,343 miles and had 1.32 accidents per 1,000,000 miles of operation. The combined average frequency rate of accidents per 1,000,000 miles was 13.09 for all contestants.

All accidents were counted in the contest except those occurring when a company vehicle was properly parked. Winners were determined after inspection of their records by an auditor appointed by the National Fleet Safety Contest Committee.

In all divisions of the competition, over 2,600 fleets consisting of more than 325,000 vehicles participated.

Texaco Declares Quarter Dividend

HOUSTON, — Directors of Texaco Inc. today declared the regular quarterly dividend of 65 cents a share, plus an extra dividend of 10 cents a share, both payable December 11, 1967, to stockholders of record on November 10, 1967, it was announced by J. Howard Rambin, Jr., Chairman of the Board. This brings total cash payments in 1967 to $2.70 a share compared with total cash payments of $2.50 a share in 1966.

WORLD FOOD SITUATION

The world demand for food will continue to grow sharply because of rapidly increasing world population and rising personal incomes in most countries, says W. E. Black, Extension economist at Texas A&M University. The world is now adding a million persons a week to the population total. The world total could reach 6.1 billion by the year 2000. The National Commission on Food and Fiber concluded. Black said, that if current trends in population, food demand, and production continue, the food deficit could be too large for the developed countries to meet by the mid 1980's.

HAPPINESS IS.... Growing Bigger

HAPPINESS IS.... Building A Hospital

HAPPINESS IS.... Looking to The Future

Your Highland General Hospital has served Gray County well but could serve our County BETTER if improved to meet the present day hospital standards, at NO INCREASE in the present County tax rate (on present valuations, revenues and expenditures). Your tax dollars may go even more through these Hospital improvements

1. Added Fire Protection through Fire-Proof Ceilings, Fire and Smoke Barriers, Sprinkler System in Basement and Added Fire Exits
2. Waiting Room and Admission Facilities.
3. Administration Offices, Laboratory and Ra diology Departments.
4. Physical Therapy Department (Patients Must Now Go To Amarillo or Elsewhere For Help) There is a need for such a Department, especially for Medi-Care & Orthopedic Patients.
5. Improved Emergency Entrance and Facilities.
7. Improved Parking.

THE COST TO YOU? Based on Present Valuations, revenues and Expenditures, the $850,000.00 in Bonds Could Be Paid For Under the Present Tax Rate.

Better Health Through A Forward Moving County!
BE HAPPY

VOTE FOR The Hospital Bonds on November 11th

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS

TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Court vs. Religious Liberty

The August U.S. Supreme Court has seemed willing to step into nearly every phase of human life. But it won't have anything to do with protecting the individual rights of the Amish parents to educate their children.

But, wonder of wonders! The justices who were willing to hear the appeal were Earl Warren, William O. Douglas and Abe Fortas! These three members of the court have seldom indicated an interest in individual rights excepting the "rights of depriving" others of their lives and property, either through political or criminal means.

In the Amish case which was rejected, a Kansas farmer, LeRoy Garber, was fined for not sending his 15-year-old daughter to a state-approved school. The girl had been taking correspondence courses and had been attending an Amish run vocational school, but the Kansas courts had ruled that the training she received did not conform to the state law requiring attendance until 16 in a state-approved school.

The Kansas court did not find there was anything wrong with the training the girl was receiving, but said she "did not attend any school wherein the school month consisted of four weeks of five days of six hours per day during which pupils were under the direct supervision of a teacher."

The Amish system of training was called "essentially home instruction," which is not permitted under Kansas law. "Rights of parents," said the Kansas court, "are subordinate to the police power of the state." Further, it found that religious liberty includes "the absolute right to believe, but only a limited right to act."

Professor Robert C. Casad of the University of Kansas law school has pointed up some questions of constitutional law which the U.S. Supreme Court refuses to consider:

"Can the state require an individual to participate in practices that his religious beliefs forbid? And even if the state does have the power in some circumstances to put an individual to his choice between God and Caesar, does the public welfare require that this choice be forced upon the Amish in this matter? Does their nonconformity pose the serious threat to the larger society that would warrant the great cost in personal and religious freedom which enforcement of these standards against them entails? These are the legal and policy issues that must be faced."

The Rev. William C. Lindholm, a Michigan Lutheran minister who is chairman of the National Committee for Amish Religious Freedom, discussed the Kansas case in the current issue of Liberty magazine. He quotes Dr. Donald A. Erickson, education professor at the University of Chicago, as saying, "The Amish people's approach to education (is) one of the most effective yet devised, with little unemployment, crime, and juvenile delinquency. Many school men are forced to emulate its features, as in the Job Corps and work-study programs."

Says Mr. Lindholm: "No one is claiming that Amish education is adequate for everyone. But Amish education is obviously adequate for life in the Amish community. The question is, Are we willing to grant the freedom of religion to the Garbers and others who have organized their lives around other values than those of our neurotic mainstream?"

It would appear that the Kansas and U.S. Supreme Courts are more in favor of making all conform to "our neurotic mainstream" than they are in defending the freedom of each individual to live his own life as he sees fit so long as he does not harm others.

Distributive Education Week

National DECA Week is being observed this week in Pampa and more than 3,000 cities where Distributive Education is taught in the public school system.

In our town, as elsewhere, the local chapter of the Distributive Education Clubs of America, or DECA, is closely associated with the instructional program. The student-directed activity is part of the learning and training process in developing future leaders for marketing and distribution.

Through research projects and recognition events, the activities of the local DECA chapter bring into sharper focus the various instructional parts of the DE program taught in Pampa High School.

Many Pampa business leaders are involved in the activities of DECA. First, as employer, these business firms provide laboratory environment in which the student tests, observes, applies concepts and skills learned in the DE class in school. Second, through supervised training, the student gains experience in the occupation which frequently is the first step toward his career goal. Third, DE students learn right from the start the basics of business in our free enterprise system. This in itself is highly commendable because nowhere in our educational system is free enterprise demonstrated so adequately as in the Distributive Education curriculum.

This approach to education not only develops competent personnel for merchandising, marketing, and management, but also prepares youth for better citizenship. We congratulate and salute both school administrators and businessmen on the observance of National DECA Week.

The Highway Death Toll

The heartening downward curve in highway deaths this year has, unhappily, begun to flatten out. This is implicit in the National Safety Council's report that improvement over the 1966 toll — on the basis of deaths per 100 million vehicle-miles—was five per cent in August, as against the six per cent decline recorded in July.

The hope is that this represents a minor aberration rather than the start of another upward trend in traffic fatalities. The story will be told a month hence when September figures are announced.

There has been good reason for encouragement prior to release of the August totals. There really was a downward movement in highway deaths —on the vehicle-mile basis, and also, to a smaller degree, in the actual number of fatalities.

But the slight improvement over last years' figures is not good enough. At the rate traffic is increasing, the actual death figure might rise even though there was a small percentage decline in deaths per so many vehicle miles. We are moving into the most dangerous driving season of the year. The total number who die in traffic accidents might still exceed the record. Awareness of this places all of us under a special compulsion to drive with courtesy and care.

A thought for the day: British Prime Minister Winston Churchill once said—"If we open a quarrel between the past and present, we shall find we have lost the future."

The Doctor Says:

By DR. WAYNE BRANDSTADT

Canadian Study Made On Alcoholic Matings

A change-over in the attitude of doctors from the idea that alcoholism is a sign of a weak or evil character to the concept that it is a disease with an allergic or a metabolic deficiency component has been taking place gradually in the last 25 years. Now, from Canada comes a study of the women who marry men they know to be alcoholics. It is believed that both husband and wife in such a case are emotionally disturbed. Although both are seeking strength in their marriage, both are disappointed.

The wives have been found to fit roughly into one of the following categories:

Suffering Sue has an overpowering need to suffer. As long as her husband remains an alcoholic she's got it made but, if through Alcoholics Anonymous (AA) or some other method, he quits drinking she will be forced to find some other reason to gripe. She may then bitterly accuse her husband of neglecting her and the children when he attends his AA meetings.

Controlling Kate can be relied on to choose a husband she believes is inferior to herself so she can dominate him. If he should chance to lick his alcoholism and show a little dominance on his own, the bickering will increase instead of decrease and the marriage may fail.

Punitive Poll considers all men unworthy. Her only reason for marrying one is so she can punish him for being such a lout. If he ceases to be a lout, she feels that she has been swindled.

Wavering Winnie does not want to dominate her husband so much as she wants to protect him. She may even want to cure him. As long as she can give him moral support, she feels needed but, when her laudable mission is accomplished, she feels left out. She is the easiest of the four to set on the right track. She needs only to be persuaded that her husband needs her ability to manage the home and children and needs her encouragement and love whether he is drunk or sober.

Some cities now have organizations called Al-Anon for wives of AA members and Alateen for their teen-age children who are torn between love for their father and embarrassment about his sickness. These organizations are doing a fine job of bringing about a better family adjustment.

Pull Up A Chair

By FRANK JAY MARKEY

The classic concept of water as a substance occurring in three forms—liquid, ice and steam—is about to be modified since two German scientists invented "powdered" water. Their alchemy resulted from combining a new water repellent, silicondioxide, with water to form a dry, white powder. It can be liquefied by mechanical pressure, distillation or a wetting agent. Its possibilities include: stockpiling the new substance for use in dry years; using bags as containers for water instead of bottles; packaged water for use with instant foods; thirst pills, and even dry lawn sprinkling during a drought.

Today's smile: A college gal was telling her roommate that she planned to become an airline hostess, saying: "You meet a lot of men that way." The friend asked: "But wouldn't you meet a lot of men in some other line of work?" "Perhaps," said the co-ed, "but in an airplane they are strapped down."

One of the quaintest of all Dutch customs was the giving of monkey spoons at marriages, christenings and funerals, which is really touching all the bases. Those spoons were aptly decorated with a heart surmounted by a monkey on their handles. At weddings they were given to some immediate male relative of the bride; at christenings and funerals to the officiating clergyman. Guess what they used them for? Well, the old Dutch ritual of an early morning appetizer of rum and salt was taken in a monkey spoon.

Thoughts while shaving: Some of the most expensive pheasant hunting in the world is happening this fall only a few doors from the corner of New York's Fifth Avenue and 57th Street. We refer to the hunting men do at a swank hatter's to find just the right feather lei hat band made from brilliant hued pheasant feathers. These bands are the very ultimate in men's fashions this year and no smartly attired New Yorker can afford to be without one. The aforementioned expense is not trifling because they sell for $25 to $300 . . . Everyone believes that Orville and Wilbur Wright, inventors of the airplane, made the first manned flight in history, but that distinction goes to the Montgolfier brothers, two French noblemen, who did it 120 years before the Wright brothers went to Kitty Hawk. They invented the balloon. . . .

A physician friend tells us rest before physical exertion is worth much more than rest taken after you're fatigued. We must remember that when it is time to shovel the snow a couple of months hence . . . Seems as though Santa Claus is being retired, or at least relegated to the background, after all these years. At any rate, many of the Disney characters like Snow White and the Seven Dwarfs, Bambi, Cinderella, Jiminy Cricket and the rest are replacing Santa in the Christmas displays in many of the larger department stores. Somehow we don't think "Christmas at Daisy Duck's" can ever really supplant Santa's workshop at the North Pole where the elves make the toys . . .The Wall Street JOURNAL headlined a story: "TV Networks Confirm the Democrats Aren't the Grand Old Party." Any Republican could have told them that.

Country Editor speaking: "If you want to do something, do it now before there's a law against it."

A thought for the day: British writer William McFee once said—"Responsibility's like a string that we can only see the middle of. Both ends are out of sight."

It's Up To You

Howard E. Kershner

Successful Example Of Socialism

A recent article from U. S. News and World Report entitled "The Dilemma in Sweden" has come to our attention. It tells of increasing crime, suicides, alcoholism, drug addiction, unhappiness and discontent. Young couples sometimes wait ten years for homes of their own. Hospitals are overcrowed and sometimes needed operations must wait more than a year. Taxes take 40 per cent of the gross national product and are one-third heavier than in the United States.

This is Sweden—highly touted as a successful example of Socialism. The general sales tax is 11 per cent, while the special taxes on gasoline, cigarettes and liquor are 66 per cent, 80 per cent and 90 per cent respectively. History shows that Socialism marches steadily leftward. There are two key sentences in this article that are freighted with great significance:

1. "The Labor Government hopes to arrest the trend toward the left by making 'radical' moves."

2. "As the Labor Government moves steadily leftward to meet the Communist challenge, . . ."

Stated in plain language, these two sentences say that as Socialist governments go deeper into Socialism in an effort to head off Communism, they eventually arrive at the goal they are seeking to avoid. Attempts to stop Communism by adopting Socialism eventually arrive at Communism. This is the truth we have been proclaiming for a long generation. Knowledgeable patriots are praying and working in the hope that this lesson may be learned before it is too late.

Question Box

QUESTION: Is it possible to publish a newspaper without putting the opinions and-or judgments of the editors or publishers in every issue? If not, why not?

ANSWER: That is an important question because most people think there are no opinions in the news columns. But every newspaper that's made up has to have somebody's opinions or judgments.

In the first place they have to judge or guess what is useful or beneficial news or entertainment.

Thus they first have to select the stories or features that are to be run.

Another necessary judgment is the importance of the story; the kind of head that it has as to size, and the length of the story, and where it is placed in the paper.

These decisions have to be made by someone. As Ortegay Gassett says, "Life is nothing but making decisions" and the newspaper is one of the places where decisions have to be constantly made.

The differences among newspapers are largely the result of whether the decisions are made to benefit the readers or to gain power and temporary circulation for the publisher. The newspaper that will answer questions about why it did this or why it advocated that, and makes its position known to its readers, is quite different from the newspaper that is afraid to let the public know what its opinions are for fear it will lose circulation. But the penalty for such a publisher is that he becomes cowardly and is not a real servant of his readers.

Yes, every newspaper has to have opinions and judgments and decisions made by someone, as outlined above.

Wit and Whimsy

A man complained that his wife had left him.

Moe—I git lonesome, without nobody to talk to.

Joe—Well, why don't you git married ag'in?

Moe—Naw, I wouldn't want to do that.

Joe—Well then, I reckon you will just take up talkin' to yourself. The lonesome chap shook his head.

Moe—I tried that, but it ain't no use. In less'n a week I got so I didn't believe a gol darned word I said.

Sign in town square: "No ball-playing. No pets. No bicycle riding. No loitering. Remember, this is your park!"

To find out what a poor loser you are just start dieting.

"I LIKE being inhibited!"

Your Dental Health

By DR. WM. LAWRENCE

Often Found in Mouth

Early telltale signs of diseases affecting the entire body system can often be found in and around the mouth. For instance, in acute leukemia almost half of those afflicted have some sort of gum trouble.

Leukemia is a disease of the blood, commonly called blood cancer. It has an insidious nature, especially in the chronic phase, because it usually runs an irregular course, patients getting better and worse at intervals, but almost always terminating fatally.

It has long been known that early signs of leukemia can often be found in and around the mouth. This was confirmed by a recent study in which 30 to 40 per cent of patients with acute leukemic disease consistently showed some degree of:

1. Swollen gums, sometimes getting so large they covered much of the teeth.

2. Hemorrhages inside the gums, giving them a black and blue or, sometimes, a magenta coloration.

3. Sores and ulcerations of the gums.

4. Bleeding with little or no provocation.

5. Swelling of lymph glands in the neck.

Other, less serious diseases may also seem to exhibit some or all of these signs, but when present they are suspect of leukemia and demand complete blood and physical exam.

Your dentist is trained to recognize these findings and help make a differential diagnosis. But everyone should be alert to any changes in and around the mouth.

Swollen glands in the neck can easily be seen by patients. Look in a mirror and stretch your neck upward. If your glands are enlarged, they will be prominent. Don't keep feeling and pressing them; consider them a warning to see your doctor.

Wonder drugs are increasing the life span of leukemia sufferers, and decreasing severity of the disease. Even cures have been claimed. Again the mouth plays an important role, since some of the promising new drugs needed in large enough doses to fight the disease, have limited use because they produce severe inflammation in mouth and throatm

Legal Publication

The City Council of the City of Shamrock, Texas, will accept sealed bids for the sale of the following: 160 Acres more or less being the the Northeast One Quarter of Section 3 J. Follayant Survey of Wheeler County, Texas together with a non-participating one thirty-second (1/32) mineral interest in said acreage.

The area being the location of the North Well Field of the City of Shamrock municipal water supply. It is hereby stipulated that the City of Shamrock will retain title to the residential dwelling together with approximately 3 acres of land upon which the dwelling is located. It is further stipulated that the City of Shamrock retains all water rights under the surface of the land here advertised for sale. Purchaser agrees that the City of Shamrock shall have the right of egress and ingress for the purpose of servicing and maintaining existing water wells and water pipelines located on this property.

Bids will be received until 5:00 o'clock p.m. Monday, November 13, 1967, and all bids received will be opened and publicly read at the regular meeting of the City Council at 7:30 p.m. of the same date. Bids should be accompanied by a Cashier's Check in an amount of ten percent (10%) of the total bid.

Bids should be addressed to: W. A. SIMS, City Secretary City of Shamrock 114 West Second Street Shamrock, Texas 79079 and the envelope marked plainly on the outside "SEALED BID-REAL ESTATE".

The City Council reserves the right to accept and/or reject any and all bids received.

For further information concerning this item, interested parties may contact the City Secretary at the above address.

1 Card of Thanks 1

IRVIN W. COLE

I, so, like . . . ch, so, like

And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away. Rev. 21.

We wish to express our sincere thanks and appreciation to our many friends and neighbors for their deeds of thoughtfulness during the long illness, for the flowers, food, living memorials and the many cards and words of condolence. Special thank to Carmichael-Whatley Funeral Directors, Dr. Dewitt Shaw, Rev. T. O. Upshaw and Rev. J. H. Maning for the beautiful service. To those who provided the music, Mr. Fred D. Mathis, soloist and Mrs. Hershel Wilks, Sr., organist. To the pallbearers, Boyce Laycock, Dr. Frank Kelley and nurses and staff of Highland General Hospital May God's richest blessing be with each of you.

The family of Irvin W. Cole.

MRS. MEDDIE ALLAM

We wish to express our deepest thanks to those who were so kind during the recent loss of our loved one. We are very grateful to Rev. Dyke and Lee Crow of the First Christian Church Dr. Kelly and the friends and neighbors who were so helpful, the women of the First Christian Church, Dr. Gilliland and the nurses at the Highland General Hospital for their help and kindness during this time.

Mrs. Anna Bogus and Family
Mr. & Mrs. H. H. Kelsh and Family
Mr. & Mrs. L. L. Allam Jr. and Family

VICKIE SUE CROUCH

We wish to express our sincere thanks and appreciation to our many friends and neighbors who were so kind to us during our recent bereavement, and to those who donated blood and helped in the blood drives.

We also wish to express our gratitude for the many floral offerings, food and words of kindness.

Mr. and Mrs. Bob Crouch
Mrs Marchetta Hammett
Ronnie Crouch
Marc Damon Hammett
Mrs. R. C. Kingery
Mr. and Mrs. Ed Soules

the Drama of **DRUGS**

by Tom Beard

Of utmost importance to your health is your physician. Few, however, realize that unless measures are taken in the near future, the American doctor will become harder than ever to consult.

The fact is that we are not supplying enough men to the medical profession to keep up with the population increase. For us to maintain the present ratio of 143 doctors to every 100,000 people, we must graduate, by 1975, 11,000 new physicians yearly. This figure assumes that about 750 foreign doctors per year will enter the United States.

This is not a desirable condition; for it is the United States that has the most extensive medical facilities in the world and it is we who should lend our medical manpower to those underprivileged nations which are so in need of medical care.

MOTHERS: RICHARD DRUG has everything to keep your family healthy or to care for their mishaps. COMPLETE SICK ROOM & FIRST AID SUPPLIES.
