RAINS CAME TOO LATE and in not enough volume to help cotton crops in Mitchell County this season. Cotton fields appear very skimpy and irregular with some plants knee-high and some barely up. This field is in the Westbrook vicinity and is typical of the growth in that area.

Zane Bowers Wins Top Rodeo Honors

Zane Bowers was named "All-Around World Champion" in the boys, 12-years-of-age and under, for the entire year of 1980 in the AJRA Rodeos.

He is the 10-year-old son of Bobby and Kathy Bowers of Colorado City and will be going into the fifth grade at Hutchinson when school begins Monday.

This is Zane's first year to compete and he has participated in 24 rodeos, bringing home many honors.

He has received 13 first place positions, 11 second place positions and four third place positions.

Some of his winnings include three saddles, four buckles, one horse blanket and a \$100 savings bond as prizes.

He has won the "All-Around Championship" in four AJRA Rodeos which include one in San Angelo, Van Horn, Snyder and Andrews.

Zane was named "All-Around World Champion" because of his total 1980 win record. He also won the Reserve Champion optional race for See WINS Page 12

ZANE BOWERS, SON OF MR. AND MRS. BOB BOWERS, has won the 1980 rodeo title of All-Around World Champion in competition for age group 12 and under. He attained this title by compiling points won while competing in 24 rodeos this year. Some of the prizes he won during competition are displayed here.

Drought Strikes County Cotton Producers Hard

Mitchell County producers can expect to harvest a cotton crop less than one-fourth the size of the crop produced last year, Agriculture Stabilization and Conservation Director Don Stewart announced Friday.

Producers harvested about 83,000 bales of cotton in 1979-80 and are anticipated to only gather about 20,000-25,000 bales this year.

There are 78,000 crop acres certified as planted in cotton this season, and Stewart noted, the average producer will be lucky to make one-fourth bale to the acre, compared to the bale and one-half average made last cotton season.

The reason for this year's loss in production is a lack of moisture.

"The first inclination

that we were in trouble came when the small grain didn't come up last September," Stewart said.

"Then, when we had a 64 per cent deviation from the normal rainfall

in the first four months of the year, we knew we were in trouble.

"There was still a chance for the cotton crop since only small grain and pasture had suffered from the lack

of moisture at that point and cotton producers expect no real good moisture until April, anyway.

"But, the handwriting was on the wall. Old timers who got up the

morning of March 22 and tested the winds, according to the old Indian Legend Tabana Yua-n'e, reported watching the smoke drift southeast, predicting poor conditions," he noted.

Although, Stewart said, semi-irrigated cotton fields north and northeast of Loraline still look good, he anticipates every producer in the county will show a loss in production. See COTTON Page 12

FmHA Emergency Loans Available

Emergency loans are now available from Farmers' Home Administration, FmHA County Supervisor David Marion announced Thursday.

Any Mitchell County producer in need of farm credit as a result of the drought is requested to contact the FmHA Office in the G-Kell Building, Marion said.

Applications for assistance in the drought

stricken county will be accepted by FmHA until May 21, 1981 for production losses.

Funds allocated under the program may be used to purchase feed, seed, fertilizer, livestock or to meet interest and depreciation payments on current real estate and chattel debts, Marion said.

Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming or ranching operation, Marion noted.

"Funds may be used

for essential operating and modest living expenses. See LOAN Page 12

Farm Tour Is Outlined

The Annual Mitchell County Farm Tour will be held September 4, County Extension Agent Bob Benson announced Friday.

Although the exact route for the tour has not yet been established, a general outline is available.

Persons planning to make the tour will gather at the Civic Center at 8:30 a.m. and the busses will load at 9 a.m.

The tour will travel in the Buford, Loraline and Custom Ag areas. Cotton burr mulching, cotton See TOUR Page 12

Bobby and Karen Sparks are new circulation managers for the Colorado City Record.

They have now gotten started all of the new subscriptions sold earlier this month by the Wolf Band. If you know of anyone who purchased a subscription from the band and is not receiving the Record, please let us know.

Incidentally, the number of subscriptions to the Record is now at an all-time high, in excess of 3,000 Thursday and Sunday.

In a column earlier this month, I forgot to mention several of the people who were instrumental in making this year's American Junior Rodeo Association Rodeo such a huge success as well as those who helped get the new arena ready in time.

Hiram Mann was one of the workers who labored long and hard to get the arena finished. In addition, Mike Humphries was in charge of concessions for the rodeo and he did a tremendous job.

Football season is upon us once again. The Wolves had their first scrimmage game of the year Thursday and the Cowboys have already had two preseason games.

So many people seem to expect the Cowboys to fall apart without Roger Staubach at the helm. However, Danny White has looked pretty good in the first two games as have the rest of the team. Ed Jones' return to the team hasn't hurt anything either.

With the professional baseball season coming to an end, the Rangers have posted another disappointing season but the Houston Astros are still in the thick of things.

There are a lot of Astro fans around here who have followed their team through some pretty lean years. Hopefully, they'll have plenty to cheer about this year.

THREE NEW ADMINISTRATORS were welcomed Thursday at Root Valley Fair Lodge. A special luncheon was held in their honor. Hospital Administrator Ray Dillard smiles into the camera as Root Lodge Administrator Jim Sikes and Assistant Hospital Administrator Ray Mason chow down.

Old Timers' Plan Reunion To Celebrate Centennial

The Annual Old Timers' Reunion will celebrate this centennial year on September 20.

Residents of all ages are invited to join in the reunion at the Civic Center.

Registration is set for 8:30 a.m. to be followed by a social hour and program.

Lunch will be served in the Civic Center and tours will be offered during the afternoon through the playhouse, library and museum.

Guided tours of the local historical markers and medallions will be offered for those who are interested.

Luncheon tickets will be sold for \$5 a person and the luncheon will be catered.

The Old Timers' Reunion has been held since 1931 when the town celebrated its half century birthday.

The purpose of the reunion is not only to reminisce about the good old days but to help preserve the memory of the past for future generations.

Persons attending that first reunion were treated to review of a time when Looney & Solomon, surveyor and deputy county clerk had 150,000 acres of land for sale in Mitchell County.

A time when Thomas J. Tucker came to Co-

lorado (the city had not yet been added) and invested all his ready money in town lots at a price of \$150 a lot, and was then offering them for sale at \$500 apiece.

Past residents, distinguished visitors, political personages and historical buffs have attended these reunions down through the years and this year's gathering is planned to be the biggest and best ever held.

Kelley To Brown Bag Lunch

Kelley Elementary students who eat at school will be served sack lunches at the beginning of the school year instead of hot lunches.

The Kelley lunchroom workers will be operating out of the Middle School cafeteria until work at the Kelley Cafeteria See LUNCH Page 12

AARP Meets With Smith Giving Review On Book

The Mitchell County Chapter No. 1461 of the American Association of Retired Persons met Monday at 11:45 a.m. in the C.C. Thompson Room for their regular monthly meeting and luncheon.

The covered dish luncheon was served and the invocation was given by Roger Wells. Margaret Oyler introduced Mrs. Rochelle

She is a former homeroom mother and obituary writer and has written on such diverse subjects as septic tanks. She also wrote "If Life is a Bowl of Cherries, What Am I Doing In The Pits?"

In the book, she tells a moving story of how one woman survived the pursuit of happiness—until the self-help books arrived. Inspired by the Cope - Of - The - Month Club Guild, she decided to become the best, smartest, healthiest and the thinnest woman on her block. She comes out of the kitchen, stated Mrs. Smith.

Mrs. Dona Reed, first vice president, presided over the short business meeting. Minutes of the previous meeting were read and approved and a treasurer's report was given.

Mrs. Reed welcomed these attending and the pledge to allegiance was recited in unison. "America" was sung by Joy Culwell and accompa-

nied by Ann Rowell Gregory at the piano.

Members present were Juanita Coker, Lenora Berry, Dera Winn, Mrs. Oyler, Mrs. Gregory, Pearl Lindsey, Leslie Keith, Ida Keith, Wilma Womack, Ida Miles, Syble Wells, Della Fox, Louise Sweat, Ruby Cawthron, Mrs. Reed, Mrs. Smith, Arnel B. A Parable Of Church Membership

**Jim Wells
Pastor
Plainview Baptist Church**

A man got married. After the honeymoon, he disappeared. His wife heard nothing from him. One evening, 16 months later, he walked in, kissed his wife and sat down to be fed. She was incensed. Bewildered, the man asked, "What's the matter? I married you, didn't I? I told you I love you, what more do you want?"

A man volunteered for the Army, took the oath of allegiance and was inducted. He failed to report for duty. When the military police came, he said, "I've been shooting guns since I was a kid. I don't have anything to learn from the Army. You just call me when you're ready to fight."

A child enrolled in school. For several days he was absent. When the truant officer came around, his mother said, "Oh, we feel Jimmy can be as good a scholar at home as at school, so we let him play in the backyard. He can learn just as good from nature."

And, once upon a time, a family joined the CHURCH.....

Drivers Take Caution Of Children Going To School

As the 1980 school year opens, area drivers should give special attention to the rules of the road.

In its annual "School's Open, Drive Carefully" campaign, the Texas Division of the American Automobile Association reminds motorists to be extra alert when driving down neighborhood streets and in school zones. Be on the lookout for children darting out from between parked cars. Many youngsters become excited about the new school year and seeing old friends again. They may tend to forget their safety rules. It is a good idea to review safe walking rules with your children and map out the safest route to school.

The AAA offers some additional tips for a safe school year:

-Observe reduced speed limits posted in many school zones.
-Watch for children riding bicycles.

-Drive your children to school only when it's absolutely necessary. Increased traffic contributes to congestion in school zones. If you must drive your children, find the least congested area to drop them off.

An important reminder: Drivers are required to stop for school buses that have stopped to load and unload children and to remain stopped until the children are safely across the street and the bus is moving again. This applies whether you are in front of or behind the bus, unless you're sepa-

rated from the vehicle by a divided highway with a median strip.

The first few weeks of school are the most hazardous, since many youngsters are either attending school for the

first time or they are in a different school where they may be unfamiliar with area traffic patterns. AAA urges all motorists to take special precautions at that time.

Muncrief, Merket United In Candlelight Ceremony

Sherri Carol Muncrief became the bride of Rodney L. Merket Saturday evening in a double ring ceremony in Calvary Baptist Church.

The bride is the daughter of Mr. and Mrs. Billy R. Muncrief of Colorado City and the groom is the son of Mr. and Mrs. Bo Merket, also of Colorado City.

Sherri is the granddaughter of Mrs. John Carey of Floydada and Mr. and Mrs. J.A. Muncrief of Ardmore, Okla. Mr. and Mrs. R.S. Walks and Mr. and Mrs. Floyd W. Merket of Colorado City are the grandparents of the groom.

Rev. Bob Grayson, pastor, officiated in the 7:30 p.m. candlelight ceremony. Before the ceremony began, a variety of contemporary and classical music, including "Theme from Ice Castles" and "Jesus, Joy of Man's Desiring" was played by Mrs. Jaynee Grayson, pianist. She was joined by Miss Camille Curlee, who sang "The Wedding Song." The traditional wedding march and recessional was played by Mrs. Nancy Mayo, organist, and aunt of the bride.

Miss Terri Muncrief, sister of the bride, was the maid of honor. She was attired in a floor length yellow Quiana gown featuring spaghetti straps and a matching sleeveless lace jacket. She wore yellow daisies in her hair and carried a nosegay of yellow daisies and apricot poms.

Miss Kathleen Utsman of College Station, Miss Curlee of Lubbock and Miss Leigh Crenshaw of Lubbock were the bridesmaids. They were dressed identically to the maid of honor.

Junior bridesmaid was Miss Billie Muncrief, sister of the bride. She wore a floor length gown of apricot, yellow and brown. She carried a nosegay of yellow daisies.

An 11 branch candelabra flanked by two spirals and an arrangement of greenery and candles in hurricane globes across the choir railing formed a garden effect setting for the candlelight ceremony. The aisle pathway was lit by eight aisle runners containing candles in hurricane globes.

The bride was given in marriage by her father. She wore a gown of white bridal Quiana. The fitted bodice featured accents of silk viennese lace and a Queen Anne neckline highlighted with seed pearls.

Sheer bishop sleeves had appliques of lace and a fitted wrist. The A-line skirt fell in soft folds from a natural waistline and extended to a sweeping train in the back. The elbow length veil of silk illusion fell from a headpiece of yellow and white silk flowers and was edged in silk viennese lace matching the dress. A cascading bouquet of yellow roses, white daisies and stephanotis was carried by the bride.

For something borrowed, the bride wore a strand of pearls belonging to her aunt, Mrs. Betty Maynard.

A reception was held in the fellowship hall of the church following the ceremony. The bride's table was covered in lace featuring a three-tiered white cake decorated and encircled with fresh yellow daisies.

Ushers were Lesley Merket, brother of the groom, and John Mayo, cousin of the bride.

If your income is greater than those shown but you have unusually high medical bills, shelter cost in excess of 30 percent of your income, special education expense due to the mental or physical condition of a child, or disaster or casualty losses, your children may still be eligible.

The school children of parents or guardians who become unemployed are eligible for free or reduced price meals during the period of unemployment, provided that the loss of income caused the family income during the period of unemployment to be at or below the levels shown on the scale.

To apply at any time during the year for free meals or reduced price meals for your children, complete the attached application and return it to the school. The information given on the application is confidential and will be used only for the purpose of determining eligibility for free meals or reduced price meals. Within ten days of receiving your application, the school will let you know whether or not your children are eligible. If you do not agree with the school's decision, you have a right to a fair hearing. This can be done by calling or writing your child's principal.

In certain cases, foster children are also eligible for these benefits. If you have foster children living with you and wish to apply for such meals for them, please notify us or indicate it on the application.

All children are treated the same regardless of ability to pay. In the operation of child feeding program, no child will be discriminated against because of race, color, sex, or national origin.

Letter To The Editor

The following letter was received by Dell Barber from Congressman Charles Stenholm on Aug. 15.

Dear Mr. Barber:
I want to thank you for sending me a copy of the petition signed by many royalty owners concerned with the impact of the windfall profit tax on their income.

I certainly appreciate this support and am hopeful about the chances of getting this legislation through the Congress. At this time, over 120 Representatives, from 33 states, are co-sponsoring 10 barrel legislation. Given this broad support, I believe that such an exemption can obtain the approval of Congress.

Again, thank you for your support and rest assured that I will continue my efforts to lessen the adverse impact of the windfall tax on the royalty owner. With warm regards, I remain

Sincerely yours,
Charles W. Stenholm
Member of Congress

Wolves Drop Scrimmage Victory Due To Injuries

Colorado High School's Wolves varsity and junior varsity teams met up with tough competition when they scrimmaged the Stanton teams Thursday night.

The Stanton varsity and junior varsity each scored one touchdown while neither Colorado City squad could cross the goal line.

Junior Varsity Coach Mike Hart said the Wolves JV defense broke

down here and there. However, the coaches got a good look at all the players in different positions, Hart said.

Stanton's JV scored on the last play. Stanton's varsity also scored on the last play of their first offensive series of downs on a 17-yard run through the middle.

The Wolves varsity was without the services of five players due to

injuries and one starter, defensive end Dane Powell, suffered a knee injury during the scrimmage. The seriousness of the injury is not yet known. Most of the others who are injured are expected to be ready for the first game of the season against Slaton Sept. 5.

Wolves Coach Tom Ramsey said he was pleased with the performance of the team as a whole and was particularly pleased with the defense.

Although the Wolves did not score, they moved the ball well on several occasions and only an interception at the goal line on a pass that was slightly short prevented a touchdown by the local varsity.

Each team ran about 50 plays each on offense and the same number on defense and the superior conditioning of the Wolves showed up late in the contact as the Wolves dominated and suffered few cramps, a sign of a lack of conditioning.

Out of the Wolves 50 offensive plays, 21 were passes as Ramsey was planning on working on the passing game.

Ramsey said the team is giving a good effort and has a good attitude. The scrimmage this coming week will be against Anson in Anson Friday with freshmen starting at 6:30 p.m., the junior varsity action beginning at 7 p.m. and the varsity will make contact about 8 p.m.

Will we get a large increase in insurance premiums when our teenager starts driving the family car?

Regrettably, yes. Young drivers, particularly young men, cause a disproportionate number of accidents, and consequently rate a higher premium. In 1972, for example, drivers between 15 and 24 made up 20 percent of the driving public but accounted for 32 percent of all fatal accidents. Your daughter may also be rated higher, but her increase will be more modest.

If your son or daughter has successfully completed an approved driver education program, he or she is probably eligible for a premium discount. Also, if your teenager is a good student, as indicated by his high school or college grades, he may be eligible for still another discount. Your local independent agent can help you obtain the discounts, which may be substantial.

Cotton Pest Management

By Bill Jany

Have you noticed how "buggy" it has been this year? First it was candle flies, then ticks and fleas, grasshoppers, blister beetles, bollworms and even cicada killers. I would venture to say it definitely is the year of the insect. Ticks are trying to get some of the action, too. Even though they are not insects, they have survived well in this hot, dry weather and are now driving dogs as well as people crazy.

Many people have been calling me in the past week or so asking where all the ticks came from. It seemed like a couple of weeks ago that you were hard pressed to find even one on your dog and then all of a sudden, you can count 20 on your dog without trying very hard. The big question everybody wants an answer to is... what can we do to get rid of these ticks?

The main thing to remember in tick control is "treat everything or don't treat anything at all." Female ticks will usually mate with male ticks on a warm blooded host. Then she will drop off the host and lay from 1,000-3,000 eggs in grass, cracks, walls, baseboards and other protected areas. After hatching, larvae and nymphs will climb up on grass blades to try to catch your dog or cat.

To control ticks, remember to spray all the areas your dog frequents: your yard, his dog house and bedding, and, if he is an inside dog, your house. Obviously, if your dog runs free he will continually recontaminate your yard. During this time of year, confining your dog and not allowing stray dogs in your yard would be beneficial in keeping the tick population low in your yard.

Don't forget to dip your dog. Use a good flea and tick dip and continue to dip your dog on a regular basis. Most tick dips have an effective residue period of 10 days or less. The use of a good tick and flea collar would also be effective. Remember to keep the collar on all the time and change it as often as directed.

Insecticides which you can use to control ticks and fleas in your yard include Sevin, Korlan and Spectracide. Some insecticides which will control ticks on your dog include Sevin, Deltamethrin, Deltamethrin, and piperonyl butoxide. Continue spraying your yard and dipping your pets as long as tick pressures exist. With the possibility of a long drawn-out summer, ticks may be with us up until our first frost.

Shoemaker, Walker Are Wed During Afternoon Double Ring Ceremony

Miss Susan Kay Shoemaker and Thomas Stuart Walker were united in marriage Saturday at 2 p.m. in the First United Methodist Church in Midland. Rev. Curtis Hollis performed the double ring ceremony.

Music was provided at the organ by Mrs. Carol Hall and Dan Shoemaker, brother of the bride, sang "Whither Thou Goest" and "Before Thine Altar."

The bride is the daughter of Mr. and Mrs. William C. Shoemaker of Midland and the granddaughter of Mr. and Mrs. Clark J. Matthews of Midland and Mr. and Mrs. Edward Morren of Colorado City.

The groom is the son of Mr. and Mrs. Samuel North Cooper of Midland and the grandson of Mrs. Eunice Hamilton of Colorado City.

The bride was given in marriage by her father and she wore a formal designer original gown of white silk organza and re-em-broidered alencon lace. The fitted bodice, embellished with seed pearls and lace, featured a Queen Anne neckline and tapered sleeves with a sweeping skirt, deeply bordered in lace and jewels, dropped to floor length in front with a chapel length train in back.

To complete her ensemble, she selected a lace hat

featuring a floor length veil. She carried a cascade of white orchids, ivy and stephanophis atop a white Bible.

For something old, she carried her mother's Bible, which was used in the wedding of her parents; for something new, she wore pearls, a gift from her great aunt, Miss Clara Shoemaker of Colorado City; for something borrowed, she carried her maternal grandmother's lace handkerchief and for something blue, she wore a blue lace garter. She also had a sapphire from her maternal grandfather in her shoe.

Miss Beth Kelter of Midland was the maid of honor. The bridesmaids were Mrs. Steve [Debbie] Gorham of Colorado City, cousin of the bride, and Miss Khrista Davis of Midland. They were all attired in floor length pale blue gowns, picture hats and each carried a bouquet of deep red roses accented with baby's breath.

Jeff Hull of Midland was the best man. Groomsmen were Mike Mahan and Rudy Foster, also of Midland.

A reception was held in

the church parlor following the ceremony. Members of the houseparty were Mrs. James Shoemaker, Mrs. Bruce Pipkin, both of Midland; Miss Connie Shoemaker of Pecos, Miss Angie Shoemaker, also of Pecos; Miss Trish Matthews of Dallas, Miss Pam Matthews of Dallas, Miss Christy Matthews of Dallas, Miss Rene Clark of Midland and Miss Gina Hill of Midland.

Following a wedding trip to El Paso and Dallas, the couple will reside in Midland.

The bride is a 1980 graduate of Midland High School and the groom is a 1978 graduate of Midland High School. He is presently co-owner of Quados Metal Buildings and Walker Oilfield Service in Midland.
