## Parade Today Kicks Off Fair

A busy weekend has been slated in Mitchell County, with the Bicentennial Fair Parade kicking off festivities this afternoon at 4:30.

The county fair begins taking entries at 7:30 this morning and people wishing to enter items in the fair have until noon to take them to the Ag Barn at the Fairgrounds.

Placing and judging will close the barn until 5 p.m. when the fair officially opens to the public. The parade will go from the downtown area out to the Fairgrounds about the time the exhibits open.

Parade chairman Mrs. Mildred Free says that response in entering floats in the parade has been good. Prizes will be awarded for first, second and third place floats best exemplifying the Bicentennial theme.

Awards, sponsored by the Chamber of Commerce, will be in amounts of \$50, \$25 and \$15.

Parade judges, arranged for by Mrs. Charles C. Thompson, chairperson of the Mitchell County Bicentennial Commission, are: Mrs. Jess Everett, co-ordinator of the Scurry County Bicentennial Commission and a well-known writer and Mrs. Derl Lovell, a Snyder artist who designed the commemorative Bicentennial medal for Scurry County.

The fair will be open from 5 p.m. until 10 p.m. Thursday and from 10 a.m. until 10 p.m. Friday and Saturday. Admission is 50 cents for everyone over 12; under 12 free.

Saturday, two special events have been slated in conjunction with the fair: a Pet Show beginning at 10 a.m. and an Old Timers Reunion at the Civic Center.

Registration for the Old Timers Reunion will be held from 8:45-9:30 and a social hour is slated for 9-9:45 a.m.

Reservations for the 12:30 p.m. luncheon are \$2.50 each and chairperson Mrs. Margaret Oyler asks that reservations be made in order that planning may be accurate.

Mrs. Charles C. Thompson will serve as Mistress of Ceremonies during the program that precedes the luncheon, beginning at 9:45 a.m.

Caddo Matthews will deliver the Invocation and a Welcome will be given by city manager James Campbell. Other program events are as follows:

--Original poems by Mrs. L. B. Elliott.

--"Then and Now" by Mrs. Louise Geisenberger.

--Sing-Song led by Tandy Curlee.

--Organ music by Mrs. Loyd Ledbetter.

Bobby Lemons and Travis Turner are co-chairmen of the fair this year, with Murrell Blasingame the Chamber of Commerce director representative.

Pet Show chairman Caddo Matthews says that besides

first and second place ribbons for dogs and cats, all pets can be entered in the different categories as follows:

--Best Dressed and/or Costume.

--Best Behaved.

--Best Trick.

--Funniest.

--Largest.

--Smallest, pets must be six months or older to enter this category. Matthews urges everyone to come out to the Fairgrounds and enter their pets in the pet show. Entries will be made there Saturday morning beginning at 10 o'clock.

The various departments include: Agriculture, Horticulture, Women's, Men's, Youth, Art, Craft, Antiques, Booths, Children Farm Yard and Pet Show.

Ex officio officials for the fair include county extension agents Bob Benson and Mrs. Janis Choate; Frank Brownfield, Ron Mayfield and J. W. Schlee, vocational agriculture teachers at Colorado City, Lorraine and Westbrook, respectively; Mrs. J. S. Craddock and Mrs. Caddo Matthews, Colorado City; Mrs. Curtis Latimer, Lorraine and Mrs. Mary Ellis, Westbrook, home economics teachers of the schools listed.

The Chamber of Commerce is also sponsoring a carnival in conjunction with the fair.

## ECM Change Means Farmers Pay More

According to additional information received this week by the Agricultural Stabilization and Conservation Service office, Mitchell County farmers may not get a full 80-20% cost share payment for doing Emergency Conservation measures (ECM).

Mitchell County ASCS office recently was allocated \$50,000 for ECM, including terrace re-building, diversions and waterways.

When announcement of the available funds was made by ASCS executive director Don Stewart, he said that in most cases payment would be on an 80-20 cost share basis.

But, with the additional information received by the office this week, Stewart says that may not be the case, as each request is handled individually.

"The assumption is, that a farmer is willing and able to pay his 20 per cent of the cost," Stewart explained. "So, if a man signs up for the ECM program, he is in effect saying that he'll pay 20 per cent."

"What this means is that an efficient operator or contractor may do the repair job for less money than the estimated 100 per cent of cost, so the farmer's 20 per cent share of the cost is subtracted from the total cost first and payment is made on the remainder," Stewart emphasized.

For an example, he gave the following:

--A farmer's terrace was damaged by heavy rainfall in July. He came to the ASCS office and reported damage, requesting emergency funds to do repairs. The ASCS request is turned over to the Soil Conservation Service and the SCS makes an on-site inspection, reporting back to the ASCS office that five (5) miles of terraces need light repair.

The allocation for light repair is 2 1/2 cents per linear foot, making 2 cents the government's 80 per cent share, the farmer to pay the half-cent, 20 per cent share. For the 26,400 feet of repair work in the five miles of damaged terrace, the farmer actually spends only \$400 of the estimated total \$660. The total of \$660 for repair is broken down into \$528 as the government's 80 per cent share and \$132 for the farmer's 20 per cent share.

Stewart pointed out that in his example, the farmer's \$132 share will be subtracted from the actual \$400 cost, in effect, making the farmer's share actually more than the 80-20 cost

share payment schedule that was originally set up.

Stewart said the reason for this new development is the agreement that the farmer will pay 20 per cent and will penalize the efficient farmer or operator.

"However, Mitchell County's fields would be severely damaged without rebuilding terrace systems damaged by the rains this summer and the farmer is still getting re-payment for a share of the total rebuilding cost," Stewart said.

GETTING READY for the Bicentennial Fair Parade and setting up exhibit space at the Ag Barn at the Fairgrounds is the subject of the above photos. In the top photo, members of the Home Demonstration Council are getting their float ready and cleaning and conditioning a Kerosene kitchen range which will be an integral part of the old-fashioned scene it will depict. Second photo shows Pink Ladies (Root Memorial Hospital Auxiliary) as they build the covering for their float they will use to show passing of the torch of concern from Florence Nightingale to present-day nurses. Bottom photo shows members of the Fair committees as they were at work setting up exhibition space.

## Apartments Only Partly Furnished

Construction of the Bright Company's 24-unit apartment complex at 10th and Eastover Streets in Colorado City is expected to begin in less than two weeks.

Information given to the Record by Bright Co. partner Roy Clark following the groundbreaking ceremonies at the site last Friday should have read as follows:

"The units are designed to rent for \$165 per month, furnished with carpet and drapes and kitchen appliances, plus separate laundry room facilities. Living space includes two bedrooms, separate partitions between bathroom facilities, living room, dining room and kitchen, two parking spaces and individual patios. Units are total electric with central air conditioning and heating."

Clark said that as soon as construction starts, an office will be moved onto the site and inquiries from prospective tenants may be made at the office.

Through the years, the club has held a wide variety of stock, starting with stock of Bendix Corp., Ford Motor Co., Kennecott Copper and Wilshire Oil. Others held during the past 9 1/2 years include Magnavox, Bethlehem Steel, Lerner Stores, Montgomery Wards, Scott Paper, Consolidated Oil and Gas, Ennis Business Forms, Zale Corp., Uniroyal, Inc., Dr. Pepper, Royal Crown Cola, Eastern Air Lines, LTV Corp., and many others.

Anyone interested in joining is invited to attend the meeting of the club tonight at 7:30 in the C. C. Thompson room of the City National Bank annex.

## Mutual Club An Asset To City

Colorado City, like many other towns and cities, has a large number of clubs.

But Colorado City, unlike many other towns and cities, has a Mutual Investment Club, an organization that was formed for the purpose of its members to combine funds to purchase stocks and bonds.

Although a number of towns and cities have mutual investment clubs, few have the history of longevity and continued growth as that of the Colorado City Club.

A number of stock brokers who have spoken to the local club and have handled stock purchases for the organization have expressed their amazement about how the club has continued to exist and prosper.

The club was founded in early 1966, almost 10 years ago when a group of men got together.

members, there are still 19 charter members in the club and there are now 31 members of the club with four vacancies.

Since the club's inception, it has cost \$100 to join and \$10 or more at the member's discretion, a month. This money is not dues but is taken and invested by the club as a whole in the name of the club.

A member can get out at any time and withdraw his or her share at the existing market value.

Beginning with assets of some \$3,500, the club's value has grown as high as almost \$100,000 at one time when the Dow-Jones Average almost topped the 1,000 mark.

The club's value is now about \$74,000.

Since the very beginning of the club, members have met once a month on the first Thursday of each month. At that time, the stock market is discussed and those present decide for the club as a whole which stocks will be sold and which stocks to buy with the monthly payments of members.

Once a year, a free barbecue is held for members and their families and someone in the investments business is asked

to make a speech about his particular line of work in relation to the economy and stock market.

This year, the speaker was a stockbroker who handles the club's investments. He reviewed the club's portfolio and made comments about stocks held by the club.

Among the stocks now held by the club are American Electric Power Co., American Hospital Supply, Atlantic Richfield, Gulf Oil, IBM, Southland Corporation, Texaco, Giant Yellow Knife Mines and Fruehauf Corp.

Through the years, the club has held a wide variety of stock, starting with stock of Bendix Corp., Ford Motor Co., Kennecott Copper and Wilshire Oil. Others held during the past 9 1/2 years include Magnavox, Bethlehem Steel, Lerner Stores, Montgomery Wards, Scott Paper, Consolidated Oil and Gas, Ennis Business Forms, Zale Corp., Uniroyal, Inc., Dr. Pepper, Royal Crown Cola, Eastern Air Lines, LTV Corp., and many others.

Anyone interested in joining is invited to attend the meeting of the club tonight at 7:30 in the C. C. Thompson room of the City National Bank annex.

OFFICERS OF COLORADO CITY'S Mutual Investment Club are, right to left, Frank Derogibus, president; Dr. B. B. Bridgford, secretary and Joe Morren, treasurer. Not pictured is vice president, Dr. Dave Bridgford.

BRINGING DOWN AN ANTELOPE during last Friday's game here, three Wolves converge on the Post runner but the game ended in a 30-0 defeat. Friday's game in Coahoma, the first district game, is expected to be a different story and a large number of Wolves supporters are planning to attend the game, leaving in a Wolves caravan from Colorado High School at 6:30 p.m. A big pep rally will send the Wolves team off, set to begin at 4:45 p.m. at the field house.

## Wolves Face Big Bulldogs

Colorado City's Wolves will travel to Coahoma Friday night for their first District 6-AA contest of the year.

Kick-off time for the district clash will be 7:30 p.m.

The Bulldogs are big and real physical, said Wolves Coach Mike Farda in talking about the upcoming contest.

And as usual, the coach added, they have a good defense. He also noted that Coahoma has a good offense, although they have had some difficulty in getting scores on the board thus far this season.

Coahoma runs from a wishbone with two good quarterbacks. They run the option play real well. Farda pointed out that Coahoma has played some real tough teams including Post, Cisco and McCamey which is part of the reason they haven't been able to score too many points this season.

Coahoma has won one game and lost three so far this season while the Wolves are two and two.

Part of the problem for the Wolves is that this is Coahoma's homecoming and a team always puts out the best effort possible for the homecoming in front of a large crowd, Farda pointed out.

The Wolves are also expected to have a large crowd at the game to cheer on the Wolves.

The team has a good attitude, said Farda, as they underwent long workouts Monday and Tuesday in preparation for the Friday night game.

It appears, said the coach, that all of those injured in past games except the ones with broken bones, will be ready for the district opener, although several will see only limited action.

Robert Rivera, who suffered a severe wrist bruise against Post, is expected to start on defense while Ruben Ornelas, who suffered an eye injury, is expected to be full speed for the game.

Others suffering from injuries, including Kevin Herm, who sat out last week's game, Jackie Ellis, Pete Parham, Bill Everett, Steve Belvin and Manuel Arellano are expected to be ready for Coahoma.

Farda noted that Sophomore Ed Adams, who played in Herm's place last week, will be starting at offensive tackle and this new addition will give rest time to some of those playing both offense and defense.

Services Continue

Revival services at First Baptist Church in Colorado City are continuing through Sunday evening's service.

A special Youth and Family Night Pizza Supper has been scheduled to begin at 6:30 p.m. Saturday.

## Lorraine To Face Roby Power I

The next opponents for the Lorraine Bulldogs are a tough Roby team as they open their district competition in their home field Friday night.

Kickoff is set for 7:30 p.m. in all district games.

Bulldog coach Ken Lightfoot said that the Roby team has played some tough Class A teams, putting up a good fight but losing to Sweetwater Junior Varsity, Merkel and Wylie.

They run from a basic Power I and sometimes get in a Wishbone formation, he said. They try to run over you with power but sometimes they'll pass, as they did in the Sweetwater game, the coach said.

"I expect they may try to pass against us and we're trying to get ready for them," Lightfoot said.

All the Bulldogs are healthy for their first district game and "we hope to stay that way," Lightfoot added.

## Wolves Sendoff

Wolves Boosters have planned a big sendoff for the Wolf team beginning at 4:45 p.m. Friday at Wolves Field House.

A pep rally will be starting then and last until the team leaves for Coahoma at 5 p.m. The Wolf band, cheerleaders and twirlers will be on hand during the pep rally and all fans are encouraged to attend.

Also, a large caravan of Wolf supporters will travel to Coahoma for the game, leaving from Colorado High School at 6:30 to arrive in Coahoma in plenty of time for the 7:30 p.m. kickoff, a Booster spokesman said.

## Today's Games

The Junior Varsity game, originally set for Wolves Stadium, has been changed to Coahoma and 7th and 8th grade teams will also travel to Coahoma today.

Freshmen take on Sweetwater in Wolves Stadium, the only home game today.

Games are scheduled as follows:

--Colorado City freshmen vs. Sweetwater, 6 p.m. here.

--Colorado City 7th grade vs. Coahoma, 5 p.m. there.

--Colorado City 8th grade vs. Coahoma, 6:30 p.m. there.

--Colorado City Junior Varsity vs. Coahoma, 7:30 p.m. there.

The coming of our family to Colorado City was only possible thanks to the generous sponsorship of Mr. and Mrs. David W. Hutchins, and your thoughtful acts and hospitality really helped us more in fighting against our nostalgia.

# Middle School Chatter

**Intramurals**  
Intramurals is a new elective offered this year by C.M.S. Only seventh and eighth grade girls are allowed to participate in this course.

There is only one class and this is first period. There are 45 girls in this class. Miss Linda Ezell is a terrific instructor. The girls appreciate her very much.

The first trimester is primarily volleyball; the second basketball; followed by track and field and tennis in the third trimester.

Colorado Middle School had their second pep rally last Thursday. Everyone was really fired up and ready to win. In this pep rally, we got all three grades involved. The cheer-

leaders started on the "Are You With Us" yell. Everyone really yelled when the cheerleaders asked if a certain grade "was with us." The 8th grade yelled the loudest and won the "spirit stick." All the cheerleaders and about twenty Jamborees and other girls were at the game at Winters. We would like for more people to attend the out of town games and help us in Backing Our Wolves!

Last Thursday the 8th Grade Wolves played their second game with a win. On the first play the Wolves decided to kick-off. The Blizzards caught the ball on the Wolves 25 yard line. The Blizzards tried a hand off, but the Wolves made them fumble and got the ball and moved down field aggressively.

On about the third play, Wolf halfback Rudy Garcia ran 23 yards into the end zone. The Wolves kicked-off and the Blizzards got the ball again; but the Wolves forced them to punt. The Wolves again had control of the game. On about the second play Rudy Garcia again ran into the end zone and Jerry Don Lewis kicked the field goal and it was up and good. Now the score was Wolves 13, Winters 0. The score was still the same at the end of the half. The Wolves came out even more ready to play.

The Blizzards kicked off and the Wolves moved the ball down field on a Blizzards penalty. The Wolves were forced to kick and the Blizzards back ran about to the 10 yard line and it was first and ten. The backs of the Blizzards moved the ball to the five yard line. It was 3rd and 4 and the back made two yards and it was 4th and 2 on the 2 yard line. But the Wolves defense would not let the Blizzards score; so they were forced to give the ball over. The Wolves moved the ball downfield but could not get the first down and were forced to punt. The Blizzards got the ball, but they could not get the first down either.

The Blizzards punted the ball and Ruben Garcia ran the ball back 43 yards into the end zone. The Wolves kicked off and the Blizzards received the ball but Wolves defense would not let the Blizzards move the ball. Wolves got the ball and moved it to the one yard line and tried a quarterback sneak and Chuck Claxton made the fourth touch-down of the game. Playing well on offense were: Rudy and Ruben Garcia, Raul Gomez and Bob McDonald. Playing good defense was Otis Ruffin, Jerry Don Lewis, Ken Baker, Raul Gomez, Russell Noel, Rudy and Ruben Garcia, Bob McDonald, Ricky Ornelas, and Clay Sawyer. The game ended Wolves 25, Winters 0.

Today we play in coahoma at 6:30. Come and show your appreciation for this great 8th grade team!

The Colorado City 7th grade team lost last Thursday against Winters 40-0. The defense did not look as good as they did against Ballinger and the offense did not play as well as they are capable of doing but Jerry Jackson did recover a fumble. Arthur Reyes ran a kick off back but was called back as the referees said he stepped out of bounds. We play Coahoma there today at 5 p.m. Come back our 7th grade Wolves.

House of Representatives  
This year in Colorado Middle School we elected pupils from the sixth, seventh and eighth grade to be a part of Middle School's House of Representatives.

Representing the 8th grade are: Zayne Salmon, Bessie Lewis, Dane Powell, Monique Taplin, Jodi Bolin and Sherry

Stinson. For the seventh grade: Yancy Spivey, Toni Hutto, Vicky Franco, Ricky Alvarez and Douglas Johnson.

Those selected to represent the 8th grade are: Debbie Wright, Raul Gomez, Cindy Geiger, Anita Shaw, Doug Neff and Steven Norris.

This is going to be a good year with all these pupils helping those who need help and doing things for others.

Everyone in the 6th grade enjoyed getting ready for the election and voting for the students who will represent us this year in the House of Representatives. Each candidate was allowed two posters. These students had to be dependable and willing to participate in all school activities. We feel those chosen will do a good job.

**EPA RATING**

That's with the standard 1.4-litre engine and 4-speed manual transmission. The mileage you get, of course, will be strongly influenced by how and where you drive.

- Chevette is international in design and heritage, incorporating engineering concepts proved around the world.
- Its wheelbase is about the same as a VW Rabbit's.
- It has more front-seat head room than a Datsun B-210, more front-seat leg room than a Toyota Corolla.
- Its turning circle is one of the shortest in the world.

- It can carry cargo up to four feet wide.
- It is well insulated against noise.
- It is protected by 17 anti-corrosion methods.
- It is basically a metric car.
- It comes with a clear, simple self-service booklet.
- It has a standard 1.4-litre engine. A 1.6-litre engine is available (except Scooter).

Manufacturer's Suggested Retail Prices including dealer new vehicle preparation charge. Destination charge, available equipment, state and local taxes are additional.

Other Chevrolet values for 1976.

Vega

Built to take it. Vega for 1976: An extensive anti-corrosion program. New hydraulic valve lifters, for quieter engine

performance. A new torque-arm rear suspension. And Vega offers a tough Dura-Built 140-cu.-in. 4-cyl. engine guarantee.

Impala

One of America's most popular full-size cars. That's the result of giving America good value for the dollar. This year, the Impala series

includes the new value of the thrifty Impala S - Chevrolet's lowest priced full-size car.

Nova/Concours

America's favorite compact car. Our basic compact, '76 Nova, makes even more sense than the 3 million Novas that preceded it. And

Concours, the brand-new model featured here, is our highly practical approach to compact luxury.

Chevette

Enough car for practically anything. It offers room for six at a sensible price. This year, more than ever, its deft blending of mid-size

economies, plus room for the average family, makes Chevette a size whose time has come.

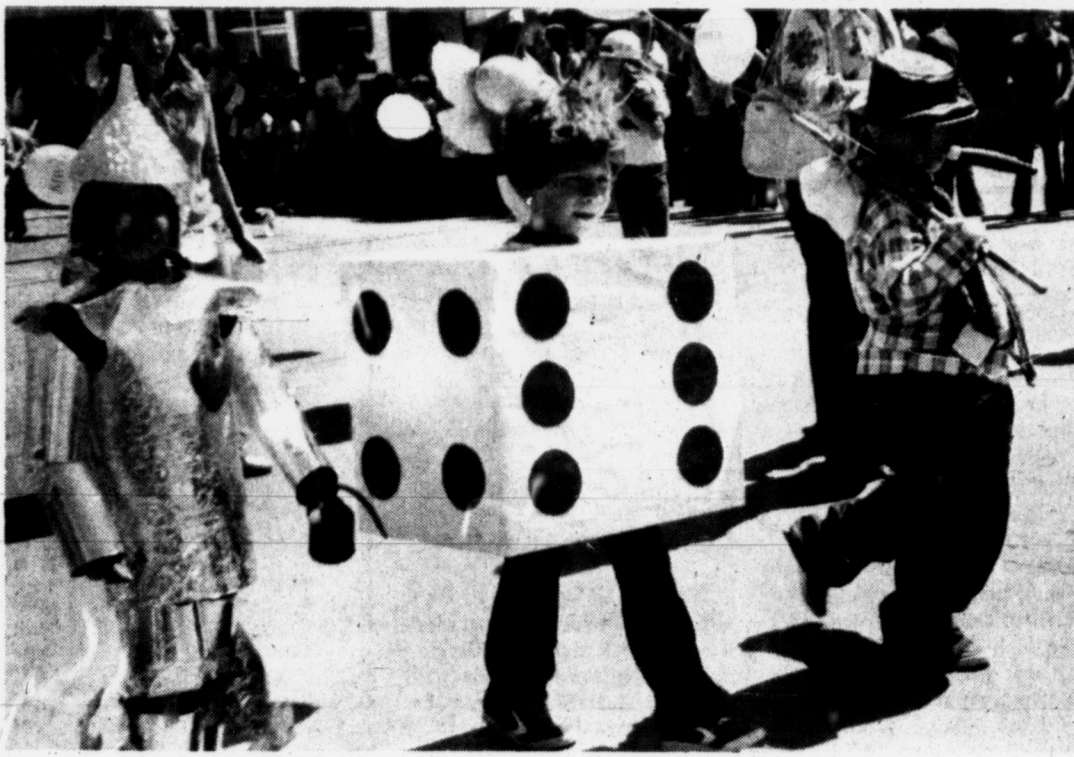

There's much more to see at your Chevy dealer's. Caprice, Monza, Monte Carlo, Camaro, Corvette, Chevrolet wagons - something for everyone in 1976.

## We're building power plants that use lignite coal.

## It's our answer to the rising price of natural gas.

This power plant is being built in East Texas at Martin Lake near Henderson. It will make electricity by burning lignite coal.

We have to build lignite plants because we're running out of low-cost natural gas, our main fuel today. New supplies are hard to get and very costly.

Lignite plants cost more than twice as much to build as comparable gas-fired plants, and that means electricity will cost more. But expensive as they are, lignite plants will still make electricity more cheaply than plants using high-priced gas.

That's because our large lignite supplies, acquired many years ago, are much cheaper than new supplies of gas. And using cheap fuel is one way we try to keep your electric bill as low as possible.

The average bill for Texas Electric customers is already 27 per cent below the national average, and we're working to keep it that way.

# Rep. Martin Gets Ag Committee Post

State Rep. Elmer Martin of Colorado City has been appointed to a House Agriculture sub-committee which will study insecticides, pesticides, herbicides, insect control and the availability of agriculture fertilizer and fuels.

The appointment was announced by Speaker of the House Bill Clayton and Joe A. Hubenak, Chairman of the House Committee on Agriculture and Livestock.

The studies of this sub-committee will be of vital importance to the agricultural industry of Texas. This industry contributes more than \$10 billion annually to the state's economy.

## Luncheon To Honor Legislators

A luncheon sponsored by the Abilene Chamber of Commerce has been set for Friday in the Hunt Physical Education Center on the McMurry College campus.

Rep. Elmer Martin of Colorado City is among the honorees of the "Big Country Legislators' Appreciation Luncheon" and will be accompanied by Mrs. Martin and some of the Mitchell County Democrats, including G. D. Foster, Tom Rees, Gwan Strange and Ray Preston.

Guest speaker for the luncheon will be Speaker of the House Bill Clayton.

## Jones Scores

## Lone NTSU TD

Oklahoma State routed North Texas State to the tune of 61-7 Saturday night in Stillwater but NTSU's lone touchdown was a major triumph for Michael Jones, sophomore running back from Loraine.

Jones won the chance last week to start for the Mean Green, coach Haden Fry saying his effort beat out the former first stringer.

The Mean Green's only score did not come until midway of the third period when NTSU's Robert Hawkins recovered a fumble at the OSU nine.

Two plays later Jones dashed in from the six on a pitchout from quarterback Kenny Washington, but the Cowboys still had an overwhelming 33-7 lead which widened to the final 61-7 score.

## PP&K Deadline

## Tomorrow

Deadline for registering for the Punt Pass & Kick contest is 5 p.m. Friday at Hutchins Ford Agency in Colorado City.

The contest will be staged at Wolves practice field north of Wolves Field House and Colorado City Jaycees will help with the judging.

Boys or girls from ages 8-13 are eligible to enter and trophies will be awarded the top three finishers in each age group.

Contests start at 8:30 a.m. Saturday.

## Voter Reminder

Mitchell County voters who wish to cast their ballots in the November 4 Constitutional election should insure that their registration is intact by the 5 p.m. Friday deadline.

Anyone no voting in the past three years is not registered for the election and has 30 days before an election to register in the county Tax office.

Precinct Three voters who are not permanently registered by having voted in the past three years, should also make sure they are registered 30 days before voting in the forthcoming special local option election.

Date for the local option election will be set during the next meeting of county commissioners court.

Part of the work of this sub-committee will center on seeking new ways to control the spread of insects which affect the cotton crops of West Texas.

"Hopefully, the fact-finding studies and recommendations of this sub-committee will enable growers to use pest management practices and reduce production costs while maintaining maximum yields of crops with minimum use of insecticides," Rep. Martin said.

Rep. Martin has sponsored and supported several pieces of legislation in the field of agriculture and livestock. Martin is co-sponsor of a portion of the proposed Constitution which

## Cornutt Injured In Game

Loraine's Junior High football team met Sands in Loraine last Thursday and dropped a game to the Sands bunch, 30-12.

Coach Ken Lightfoot said David Finley and Kino Galvan both had good games offensively and defensively.

Finley filled in at quarterback for Mark Cornutt after he received a knee injury during the first part of the game. The young Bulldogs scored on their first play from scrimmage on a 55-yard run by running back Tony Williams.

For the second Loraine score, Finley kept and made an 80-yard scamper into the end zone. Both point after attempts failed.

Lightfoot said that poor tackling hurt the young team and said once three Bulldogs hit a Sands man behind the line of scrimmage but he escaped for a 50-yard TD run. He said the team also dropped some passes that they should have had, but on the whole, the team played fairly well and have potential to take some wins.

The Junior High team has an open date this week and will take on Roby in Johnson Field 6 p.m. Oct. 9.

# Happy Days

By Ann Randle Davis

The age old saying "out of the mouths of babes" is very true! I made one of my usual glibly blunders of late, and who should come to my rescue but my understanding daughter. Good ol' dumb, dumb left out an ingredient of a very good recipe but it didn't seem to matter as the results of the dish were surprisingly good. Jill (daughter) assured me that the person for whom the dish was intended would understand and, naturally, she was correct! This should be a lesson to me that "things" aren't nearly as important as "intentions."

There is so much going on right now in our wonderful town that it would be impossible to mention everything. One of the latter functions attended was our Kiwanis Kids' Day Parade. Naturally, I saw many of you dear sweet people and if you didn't attend, then mark yourself up a loser. Was at our Wolf Stadium for the game Friday night and even if we did lose, we played a good-I repeat-a good game. Also, if we're going to match points-let's put their band up against ours.

Had the nicest visit with Mrs. Evelyn Daniels over the telephone and she told me Mr. and Mrs. Gilbert (Hazel) Quinney were coming over from San Angelo for the Old Settler's Reunion, which, as we all know, is almost here. Mrs. Quinney's sister, Mrs. Juanita Cook Wootte from Abilene will meet them here and they will also be joined by Mrs. Quinney's brother, Claude, and his wife who hail from California. Nina Kathryn Quinney (Mrs. H. L. Crout) talked to Evelyn about their coming and I understand they'll be stationed at the Crout's home.

Have seen so many of you dear people lately that couldn't possibly tell you about all of them. Did see the very nice Mr. and Mrs. R. S. Wallis getting out of their car downtown... Helen (Mrs. Charles) Ezell, who is

always so nice, heading for one of our local businesses...had the opportunity of speaking to the lovely Mrs. Minnie (J.L.) St. rain.

Saw the very nice Truman Bodine twice, both times working, also talked for just a second to his pretty and sweet wife, Margaret...got to see another of our hard workers, sweet Puddin' (Mrs. Rush) Neff...have seen that handsome and charming Scott Weaver twice of late...got to see Selma (Mrs. Willie) Landau for only a second but she's her usual dear self.

The lovable and pretty Betty Gorham, her darling daughter, Teresa, and friend Grace Woods were seen as they were doing a chore-have to hand it to Betty-she's much more adept at many tasks than some of us will ever be! Hear she's a darn good teacher of our kindergarteners too...got to swap hellos with L.J. Taylor...saw the pretty Margaret (Mrs. O. B. Jr.) Trulock headed for home...also got to see our darling La Vonne (Mrs. Bob) Shawwecker downtown, waiting for the parade to begin.

Visiting recently was Mrs. Nita Rhode. Certainly sorry I didn't have a chance to see and visit with her...it is also my understanding that Mrs. Louise Geisenberger will be here for our Old Settler's Reunion...saw the very sweet and nice looking Billie Faye (Mr. Frank) Conard outside her home, chatting with some friends...also got to see the very nice Arlene Morris downtown.

The lovable Huron Dorns will be going to Arlington soon to stay with daughter, Nancy, and her husband, Allen's children, while they make one of their foreign tours. Of course, we all know this is the Allen Hamms who moved to Arlington, where Allen has a chain of pharmacies. Still another C. Citian who's really done well!

HAVE A HAPPY DAY!!!
