

Graveside Services Held For Victims

Graveside services were held Monday in Olton for three small Negro children who perished in a fire in Olton Saturday.

The Rev. James Moore of Olton officiated at services for Jonathan Keith Green, 1, Aaron Gerrard Green, 2, and James Earl Green, 3.

The three perished when a fire swept through the two-room frame home of their parents, Mr. and Mrs. James Green, about 3 p. m. Saturday.

Mrs. Lewis Meyers, a nearby resident, discovered the fire and notified the fire department.

Her husband said flames were already leaping from the doors and windows of the house when the fire was discovered.

When members of the Olton Volunteer Fire Dept. arrived, they attached a fogging nozzle to a fire hose and broke into the still-burning building.

But the three were already dead. Firemen found them huddled together on a bed near the front door.

Green was at work when the fire occurred and his wife had gone next door to visit her aunt.

Mrs. Green said she had put the three children to bed and gone next door only a few minutes before the fire.

Cause of the fire is still undetermined and Olton Fire Marshall David Maye is still conducting an investigation into the cause of the blaze.

In addition to their parents, the three youngsters are survived by their grandparents, Mr. and Mrs. Ben Averyheart of Dimmitt and Mrs. Fanny Mae Green of Trinidad, Tex.

City Council Gives Okay To Retirement

Olton city councilmen approved city nightwatchman Harvey Castleberry's request to retire Jan. 1 during a regular council meeting Tuesday night.

Only a day later, Castleberry was injured in a two-car mishap in the city.

Councilmen asked Castleberry to remain as relief policeman during vacation and other periods, and Castleberry agreed.

In other business, the group voted to employ Harold Lloyd to assist city employees, chiefly maintaining city streets. His salary was set at \$375 a month.

The group also decided to table approval of the city audit and budget until auditor James Adair could meet with the council to explain the figures in detail to the group.

They also decided to designate three parking spaces on 8th Street and Main as areas for parking for patients of Dr. Lynn Fite, whose office is located on the corner.

In the only other action the group decided to designate Dec. 24, 25 and 26 as official Christmas holidays for city offices.

The group also informally agreed to begin accepting applicants for someone to replace Castleberry as nightwatchman.

RESULT OF FIRE--Three young children burned to death in this frame home occupied by the James Green family. Cause of the fire which occurred Saturday afternoon was unknown. Rites for the three victims were held here Monday.

Basketball Teams Take Opening District Wins

Olton basketball teams got their district play off to a successful start Tuesday night with the boys taking a 58-53 win over Lockney, and the girls winning 58-38 over the Lockney girls.

The game was the opener in district competition for both squads.

Both wins came after the teams had competed in the Springlake tournament last weekend.

In that set of contests, the boys took away a second place trophy, losing to Friona in the championship game, while the girls took their opening contest, but were eliminated in the second round.

Meanwhile, the Olton B-

team took consolation honors in the Hart varsity tournament last weekend, downing Plainview High's sophomore team for that honor.

Jerry Harris was picked to the all tournament team in Hart.

In the Springlake Tournament, Karen Hipp was picked for the all-tourney team in the girls' division, while Lannie McClain and Mack Arthur Thomas were named to the boys' team.

In the Lockney contest, Lannie McClain led the scoring for the boys with 24 points, followed by Pat Bodkin with 19. Coach James Cagle also lauded rebounding efforts by Kenneth Johnson and Thomas in the

first district contest.

In the Springlake Tournament, the Boys downed Amherst 47-32 in the first game, with McClain getting 15 points and Charles A. McClain picking up 14 for high point honors.

In the second game, the boys took Springlake, 57-50, with McClain once again high point man with 20 points, followed by Thomas with 16 points and 20 rebounds.

In the final championship game, the boys led in the third quarter, but were finally downed by Friona, 58-51. Lannie McClain was once again high point man for the Mustangs.

The win Tuesday night evened the boys' season record at 6-6, while the girls have an 8-4 mark for the year.

Next games for both teams will be against Friona in Friona Friday, followed by games Tuesday with Floydada here. Both those sets of games start at 6:30 p. m.

Both teams will be competing in the Farwell Tournament over the holidays, Dec. 27, 28, 29 and 30.

Santa And Sleigh Appear For Visit Here Saturday

Santa Claus is coming to town!

The old gentleman from the North Pole will bring his giant 30-foot sleigh, "The World's Largest Sleigh," to Olton on Saturday, Dec. 17, to take all the children for a ride.

The big sleigh is bright red, trimmed in silver, and can accommodate 60 children on each ride according to Ralph Glover, Chamber of Commerce president.

Six Shetland ponies, dressed

in chrome-plated harness, bright red plumes and sleigh bells will pull the sleigh.

Olton's retail merchants, through a special arrangement with Santa Claus, will give away coupons which will enable the children to ride on the sleigh with Santa.

A personal interview with Santa with each child has also been arranged. Speakers on the sleigh will broadcast each interview throughout the business district.

Christmas music will also be heard continuously in the background, as Santa, with his big sleigh loaded with children, rides through the streets. It will follow a designated route, selected by the C-CA.

Soloists will be Mrs. Owen Jones, soprano; Mrs. Jon Scott, soprano; and Dale DeBerry, tenor.

The service will be held thirty minutes later than the regular evening services of the church in order that members of other local congregations may attend their own services and then attend the cantata.

The Rev. John E. Lewis, pastor, invites the public to attend the service.

Miss Porio, a student at Olton High School, is from Cebu in the Philippines. She is currently living in the home of Mr. and Mrs. Merrill Brigrance.

Groups interested in having Miss Porio speak may contact Olton School Supt. Ray Schultz or Mr. and Mrs. Brigrance. She is in Olton under the sponsorship of the American Field Service and will live in the Olton Community for one year.

Schools Dismiss Here Dec. 22

Olton school students will be dismissed from classes Thursday, Dec. 22 at 2:30 p. m., according to Ray Schultz, school superintendent.

Classes will resume in Olton Jan. 3.

Textbook Committee Approved By Board

Olton School Supt. Ray Schultz received a new three-year contract at a regular meeting of the Olton School Board Monday.

The contract, to become effective July 1 would extend Schultz's contract to July 1, 1969.

The action was tucked in at the end of a lengthy session which included a report on testing by administrative assistant Elmer Moore, and several reports from the superintendent. Schultz was originally hired by the board in April, 1965.

Schultz, a native of Clarks, Neb., and a veteran of more than 18 years educational experience, came to Olton from White Deer, where he had served as superintendent for five years.

No change was made in his salary, which is currently \$11,913, plus travel expenses, a house and utilities.

He holds a BBA from West Texas State University in Canyon and a master's degree in education from the same institution.

During the meeting, the group employed Mrs. Durwood Price as secretary to the superintendent to replace Mrs. Rex Chitwood, effective Jan. 3, 1967. The Chitwoods will be leaving to live in Amarillo.

The group also approved 14 persons for a textbook committee to review new textbooks to be used in Olton Schools next school year.

Included in the group were Albert Bostick, Mrs. Kathryn Hamilton, Paul Walden, David Howton, Fred Gordon, Carl McClure, Tom Hamilton, Mrs. Pat Criswell, Mrs. Judith Taylor, Mrs. Esther Graham, Mrs. Freda Worley, Mrs. LeBelle Hooper, Mrs. Gloria Nelson.

High school books to be reviewed include speech, advanced mathematics, biology, business law, shorthand and physiology.

Elementary and junior high books to be studied are basal readers, handwriting books, history books, and physiology-hygiene books.

The group stressed that anyone was welcome to visit with school officials to examine the possible new books when they arrive at the school.

Board members also heard a report by Schultz that school enrollment had dropped by 43 from the previous month, but was some 21 ahead of the opening month of school.

The past month high school lost four students, junior high 14, and elementary 25.

Board members also heard a report that the lunchroom was still operating slightly in the red.

In other action, the board approved a motion to dock teacher's two-thirds of their

daily pay for each day of absence due to personal reasons. The personal leave does not apply to sick leave or leave for teachers due to sickness in the family or for teachers to attend professional meetings.

In another move, the group appointed Mrs. Chitwood census trustee, to serve until her moving date.

One Death Caused By Accidents

The Texas Highway Patrol investigated nine accidents on rural highways in Lamb County during the month of November, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in one death, one person injured and an estimated property damage of \$5,290.00.

The rural accident summary for this county during the first 11 months of 1966 shows a total of 101 accidents resulting in four persons killed, 51 persons injured, and an estimated property damage of \$68,835.00.

The 1966 December traffic cloud hangs very low and dark over the Texas streets and highways horizon. What does the traffic picture look like for this year-end holiday season? If it is anything like the repeat of the past it is going to be a very sad one for Texas history.

Since 1960, traffic deaths in Texas have risen from 2,254 to 3,028 in 1965.

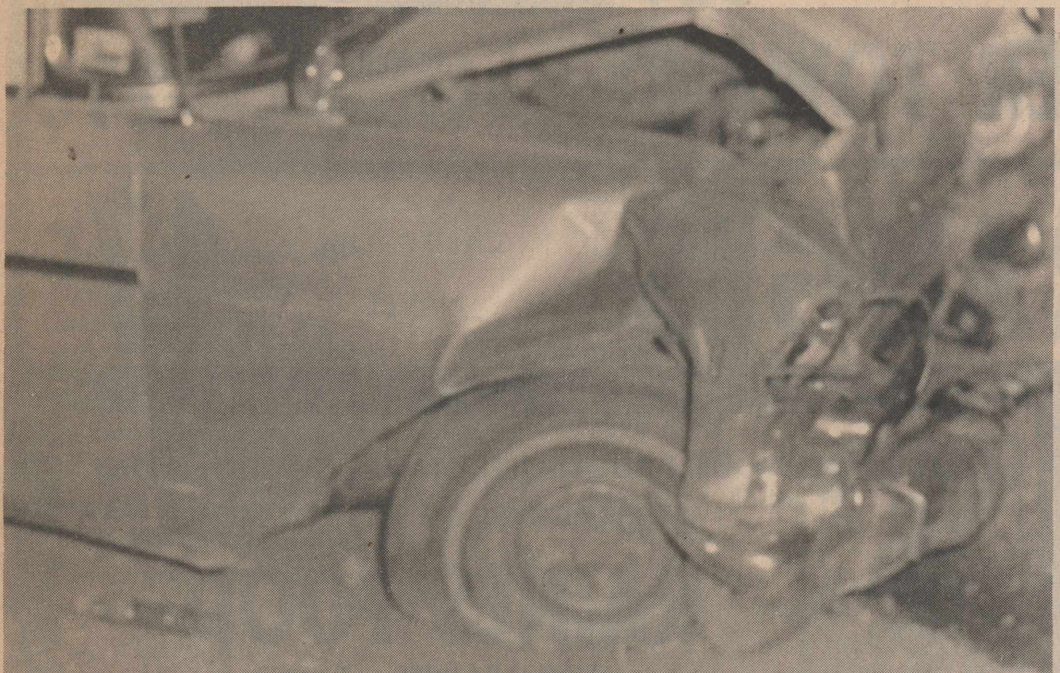

Reminder On Needy Names Issued Here

Olton residents who might know the name of a needy family in the city whose children might be forgotten at Christmas were reminded this week that the deadline for submitting names is Saturday.

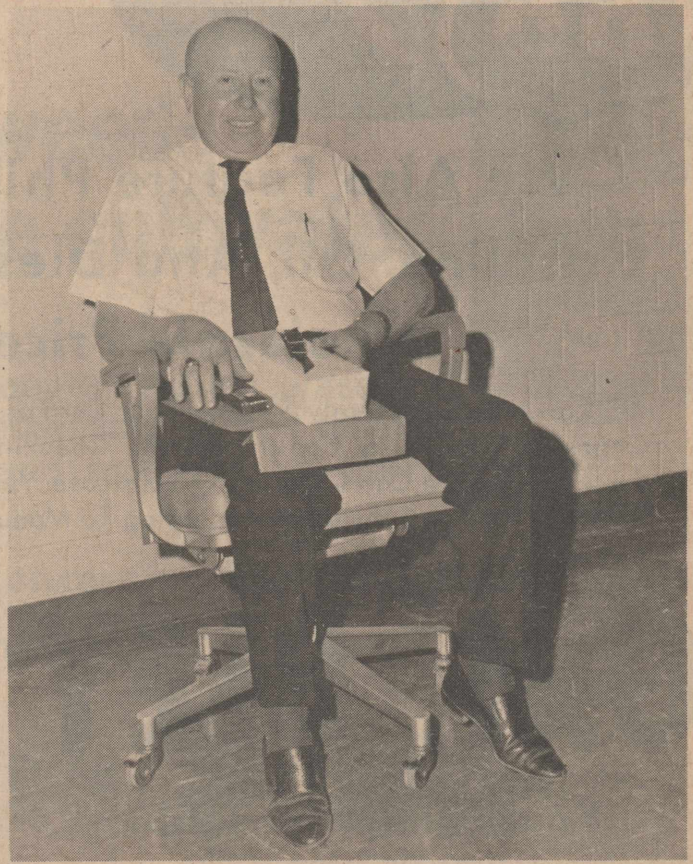

The reminder came from the Olton Chamber of Commerce and the Ministerial Alliance, the two groups collecting the names.

A spokesman for the two groups said any organization or group within the city who wished to contribute personally to any such families could obtain names from the C-CA office.

The groups said distribution of Christmas baskets would be made at the homes and not at the C-CA office.

ACCIDENT CAR--This was the damage done to a car driven by Manuel Sanchez when it collided with one driven by Olton nightwatchman Harvey Castleberry Wednesday night. Sanchez, a resident of Plainview, originally from Mexico, was only slightly injured in the mishap. Castleberry had a broken jaw, broken arm and other injuries from the wreck.

In an era of fresh air in American human relations, when we are briskly ventilating away old prejudices, hurtful customs, and belittling ethnic slurs, it is a curious reversal of form to see one of the largest elements of our population deliberately misrepresented and slurred. We refer to the 30 or 40 million Americans—one sixth or one-seventh of all of us—who exercise their constitutional right to own and bear firearms.

For the past several years, these law-abiding people have been constantly held up and shamed as being somehow warped, antisocial, and out of step with our times—this at a time when 350,000 Americans are battling in Viet Nam largely with firearms. In particular, big-city sophisticates, their legislators, and their news media have sought, like small children who must classify everyone on television as a "goody" or "baddy," to brand legitimate ownership of firearms as evil or undesirable.

The fact that several notably shocking crimes in recent years have involved guns can hardly justify a methodical emotional assault on the good names of millions of Americans. Yet there continues a calculated campaign to smear lawful gun ownership with a sinister suggestion of illegality.

One nationally syndicated cartoonist has persistently featured the National Rifle Association hand-in-hand with criminal elements. Such misrepresentations were published three times in less than a month as part of an editorial campaign.

Even distorted facts are now being misquoted by firearms critics, compounding the overall misrepresentation. A book of glib half-truths fixed the annual firearms toll at 17,000 by including 9,500 suicides with 5,600 homicides and 2,000 accidental firearms fatalities; a compilation about as fair as if all car-exhaust suicides were added to our toll of 49,000 highway deaths. Fact-twisting fell to a new low when one magazine, apparently garbling the 17,000 figure, asserted that "18,000 murders are committed by criminals who purchased their weapons... merely buying them in stores the way they would a piece of candy." The magazine publisher had the temerity to tag onto this misstatement, "If you agree with this editorial, send it to your Congressman."

A nationally-known survey of opinion meanwhile reported a high public demand for a Federal firearms measure—whipped up

in part, no doubt, by the tidal wave of phony publicity—but neglected to say that the demand was 5% less than in a previous survey 18 months earlier.

Abetted by all the hypnotic propagandizing and brainwashing, the State of New Jersey and the City of Philadelphia, Pa., have enacted the most drastic gun control laws in the nation. These laws are now being touted as "models" to be copied elsewhere. Support for such moves has been drummed up by a "smear by association" technique of suggesting that gun equals crime, and therefore gun ownership equals criminality or crime potential. Some of the same lofty elements who objected loudest to "guilt by association" in questions of national patriotism now lend themselves to this smear by association regardless of the damage it does to individual rights.

As a result, the firearms control laws in the State of New Jersey and City of Philadelphia invade individual privacy far beyond any other form of licensing or registration. Hundreds of thousands of law-abiding citizens, in order to enjoy sports with firearms, must be finger-printed and photographically "mugged," and must give signed, witnessed statements of their personal habits and sometimes medical certificates attesting to their sanity. Purchasers and owners of rifles and shotguns, as well as pistols, are asked to do this. The New Jersey law applies even to air rifles. No other licensing is so stringent. Although cars kill 49,000 persons a year, some of them by hit-run, applicants for driver's licenses are not required to be finger-printed. Although most State laws disfranchise insane persons, applicants for voting certificates are not required to produce verification of their sanity. Only in firearms control are such requests made.

Law-abiding citizens who would exercise their constitutional rights under the Second Amendment sometimes are literally grouped with criminals. One applicant for a permit found himself at a police fingerprinting bureau in a waiting line between a prostitute and a maniacal knife suspect.

At a time when our courts insist upon an almost sacred respect for the rights and sensitivities of felons and crime suspects, it is strange that multitudes of law-abiding citizens should be vilified and stripped of their traditional American right to self-respect.

DEAR EDITOR

The First Calendar

(Editor's note: The following article was brought to us by Mrs. W. T. Hankins, who thought it might be of interest to our readers since it is the season for new calendars.)

THE FIRST CALENDAR

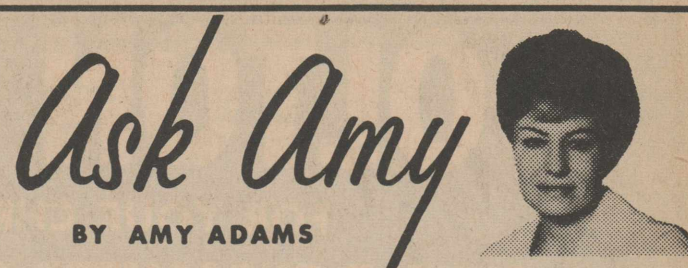

The history of the calendar goes back to the time when man first settled down as farmers. Until then they knew little of the seasons and how they followed one another. In fact, they were not sure that after Winter there would be spring.

Over 6000 years ago Ancient Egyptians were the first to measure with any exactness. They had their farms along the River Nile which overflows once a year. The best time to

plant was immediately after the flood, when the water had left a layer of rich mud on the field.

Egyptian Priests noticed that once each year, about the time of the flood, the Star Sirius would rise just before the sun rose. The Priests counted the days that passed before this occurred and noticed that there were 365 days each time. At last they knew how long a year was. They divided this year into 12 months or "moonmonths" of 30 days each, with 5 days extra at the end of the year. Thus was the first calendar invented.

Historians figured this Egyptian calendar was adopted about 4236 B. C., more than 6000 years ago!

Ask Amy

BY AMY ADAMS

SANTA DOESN'T TELL ALL

Dear Amy:

Santa Claus told me (confidentially) that I'm getting a new vacuum cleaner from my hubby for Christmas. But I would rather have something personal. Why do hubbies buy something for the house instead of a personal gift?

Marta

Dear Marta:

Maybe hubby feels the carpets need it more than you do. What ever, I think he's being very practical. But maybe Santa hasn't told you everything. Have you been a good girl this year, Marta?

Dear Amy:

How old do you think a boy should be before he goes on his first date? How old are most boys when they start dating? Please put this in your column because I think that quite a few boys want to know how old they should be before dating.

Gary

Dear Gary:

I think a boy should be in his late teens before he "Single" dates... but most boys start in their middle teens.

Dear Amy:

Here is the answer for "Anne L." the woman who pays her friend's bills because her friend only has a \$50 bill. "Ann" should figure how much her friend owes her and the next time she says the fifty is all she has, tell her she can change it. When "Ann" gets the fifty in her hand, she should hand her friend the difference between the amount owed and the \$50.

Since the friend is the one with the car, it would be nice for "Ann" to help pay for the gas. Perhaps the friend is pulling this little deal because she's tired of hauling "Ann" around free!

A Reader

(Jane Stagner)

Dear Amy:

My problem concerns my husband's uncle (by marriage.) Very few in the family like him or care to have him around. His wife and son are nice, and that makes it difficult for us to ignore him. He likes anything that's free to eat... or otherwise. We used to have them over for dinner occasionally, but it got to the point where they'd show up pretty often uninvited and just as we were

eating. They won't come early in the day and visit like most people. They've also shown up after we've eaten and hinted that they hadn't eaten as yet, so, I, as a dutiful niece, would start all over again in the kitchen. This has also happened to my mother-in-law and she feels the same as I do.

We're pretty discouraged about the whole situation. Please tell us what you would do in our position?

Gloria

Dear Gloria:

You and your husband are master and mistress of your own home. Considerate people do not walk in for dinner unless they have been invited. Only "spongers" would have the nerve to pop in uninvited and ask for a meal. Inform them that you have already had your dinner and offer them a cold drink, a hot drink or a bowl of fruit. That's what I would do.

Dear Amy:

I need your help desperately. My problem is that I'm always talking back to my mother! I know it is bad talking back to mother or to anyone else who is older than I, but it happens that everytime my mother and I have a little argument, it always turns out to be a big fat one.

I know mother has the right to lecture me, but she does it too much and it hurts my feelings. I can't stand being humiliated. That is why I would rather be slapped around than have to listen to lectures. Because after getting slapped, the pain goes away. But in lectures, it hurts more, stays inside longer and also, I can't forget it.

So, I want to know how I can stop talking back to mother?

Talking Back

Dear Talking:

Your mom is a smart cookie. She knows a slap won't sink in, but lectures will. If you're smart, you'll open your ears, button your lips, bite your tongue and profit by her teachings. And the sooner done, the better!

Sherry-Powers Vows Said In Candlelight Ceremony

In a lovely candlelight ceremony held in the Hopewell Baptist Church Dec. 9, Miss Debra Katherine Sherry, became the bride of Raymond Howard Powers.

Parents of the couple are Mr. and Mrs. Rex C. Sherry and Mr. and Mrs. Ruben T. Powers, all of Olton.

The Rev. Dean Harris performed the double ring ceremony before a setting of candles flanked on either side by baskets of white carnations and pink gladioli.

Serving his brother as best man was Leroy Powers, Olton, and groomsmen were Carl Ward of Amarillo and Taz Spear of Olton.

Serving as Matron of honor was Yvonne Ward of Amarillo and bridesmaids were Mrs. Leroy Powers, Olton and Mrs. Ronnie Parsons, Amarillo.

Paul Lively served as candlelighter and flower girl was Diane Powers, sister of the groom.

Ring bearer was Scott Huckabee, nephew of the bride, and ushers were Rockne Farrar and Jerry Smoot.

Given in marriage by her father, Miss Sherry was lovely in a formal gown of white crepe, fashioned with an empire waistline. The bodice was accented with chantilly lace and seed pearls. A cathedral train of crepe fell from beneath a bow at the back. A veil of silk illusion was attached to a crown of chantilly lace, seed pearls and teardrops. She carried a white orchid and feathered carnations atop a white Bible.

For the traditional "something old" she wore a 1948 penny in her shoe; "something new" was her wedding gown and "something borrowed" was the white Bible she carried which belonged to her sister, Mrs. Bob Huckabee. "Something blue" was a blue garter.

Bridesmaids wore cerise pink crepe dresses, A-line in design with bell sleeves. Each carried one long-stemmed pale pink rose.

For her daughter's wedding, Mrs. Sherry chose a three-piece aqua blue tweed suit with black accessories. The bridegroom's mother wore an avocado green knit suit with beige accessories.

At the reception immediately following the ceremony, the serving table was covered with a white lace cloth over pink, with a pink gladioli arrangement as centerpiece. Pink and white three-tiered wedding cake and pink wedding

MRS. RAYMOND HOWARD POWERS

punch was served by Mrs. Gayle Hamilton of Lubbock; Mrs. Eddie Savage of Olton and Mrs. J. D. Lively of Olton.

After a wedding trip to Ruidosa, N. M., the couple will be at home at Acacia Trailer Park, Lubbock.

For traveling, the bride chose a black and gold houndstooth check suit with black hat and accessories.

Out-of-town guests were Johnny Condren, Mr. and Mrs. Carl Ward, Mrs. Ronnie Parsons, all of Amarillo; Mrs.

Betty Powers, Carnegie, Okla., Mrs. R. L. McSpadden and daughter, Lisa, Lubbock; and Belva Howard, Sunray.

Guests were registered by Miss Belva Howard.

Mrs. Powers is a 1966 graduate of Olton High School, a graduate of Jessie Lee's Hair Design Institute and is employed at Bill's Beauty Salon, Lubbock.

The groom is a 1964 graduate of Olton High School and is presently employed at Fowler Mfg. Co., Lubbock.

Local Couple Is Honored On Wedding Anniversary

Mr. and Mrs. Frank Farrar were honored with open house Sunday, Dec. 11 on their silver wedding anniversary by their children, Mr. and Mrs. Don Jackson of Lubbock and Rocky of the home.

Assisting in the duties of hostesses were Lou, Sharon and Dixie Farrar of Lubbock and Terri and Kathi Davis of Plainview. They are all nieces of the honored couple.

Assisting in the planning of the reception were Mrs. Lawson Farrar, Mrs. Mac Farrar and Mrs. M. Fite of Lubbock.

Gracing the refreshment table were a silver service and an arrangement of red poinsettias with silver foliage and red candles. Crystal and silver appointments were used in serving.

Frank Farrar and Billie Davis were married Dec. 14, 1941 in the study of the Church of Christ in Clovis, N. M., by Lee Starnes, minister. They have been residents of the Olton area since that time, having lived at their present home the past 23 years.

Chit Chat

BY SANDEE GREGORY
AND JANE ANN DUNCAN

The Christmas spirit has reached OHS because the clubs are getting ready for their Christmas party, the halls are beautifully decorated, and everyone is very anxious for school to dismiss for the Christmas holidays - even the teachers.

The FHA will start the chain of Christmas parties this Saturday night by having a Christmas program presented by Jerri Cross and her committee. A short skit will be presented and there will be other entertainment to arouse the Christmas spirit in the FHAs.

By simply walking down the halls of OHS you would certainly be aware that Christmas will soon be here. Mr. Howton and his student council have really done a tremendous job on decorating our halls. The Yule atmosphere is created by the colorful crepe paper streamers hanging from the ceiling, then sprinkled with the various colored Christmas balls, and highlighted with the OHS Christmas tree at the end of the hall.

The Springlake Tournament was an opportunity for the varsity teams to show their basketball skills and get something for them.

After three well played games the Varsity boys brought home a second place trophy and Lannie McClain and Mac Thomas were named to the All Tournament team.

The Fillies weren't too successful but Karen Hipp and Pam Foster were selected to represent Olton on the girl All Tournament team.

If there are enough girls to sign up for a student bus, one will be taken to the basketball game Friday night at Friona.

We are happy to say that we had four high school students

place in the essay contest, "Peace is Attainable". First place went to Lynn McGill, second to Kay Schultz, third to Donnie Fancher, fourth to Topper Maxey, and fifth to Leslie Holladay. The local winners will now be sent to compete against other papers. We guess it was worth all those hard-working hours after all, are we right??

The regular FTA meeting was held last Wednesday afternoon. Reports from the District Convention held last month in Lubbock were given. Those who went were Kay Schultz, Sherry Moss, Carol Hicks, Shirley Johnson, Sandee Gregory, Martha Reynolds, Leslie Holladay, and Jane Ann Duncan, along with sponsor, Mrs. Linnie Campbell. After reports were given and business discussed, refreshments were given. It won't be long until State Convention rolls around, so be working for those many, many points you must obtain!

Carol Hicks, Shirley Johnson, Sharon Schreier, Judy Burkhalter, and Mary Bess Smith went to Texas Tech last week to model their wool clothing that they made in home-making class.

When the girls arrived and their outfits looked over, they were put in junior and senior divisions. Then they modeled their clothing before a judge. Later on all of the entries participated in a style show that was opened to the public. The girls said they had a real nice time.

WHO'S WHO
Carol, are you really THAT ticklish?!!

Mrs. Holladay: How would you like to have some water-

melons?!

Dear Ann Landers: Signed, Kay Schultz!!

Brenda Kirkpatrick: Some people just can't see where they are going at night, can they?!

Barbara Cowart: Don't let anyone tell you that you can't walk straight now!!

Eulinda Dyer: We guess you were just meant to be that way, weren't you?!!

Pam Foster: Who are you trying to get killed?!

ALL FOR FUN

Mike Crowder and his smaller brother were talking about a girl playmate. Said the younger boy, "I've carried her books to school three times and bought her ice cream twice. Now, do you think I ought to kiss her?"

"No," said Mike, "you don't have to kiss her. You've done enough for her already."

Usually parents who are lucky in the kind of children they have, have children who are lucky in the kind of parents they have.

Girl to old man with beard: "Grandpa! Beards are for kids!!"

One of our school teachers asked "What is Christmas for?"

Came the usual answers-- Jesus' birthday, a time of joy, a time for presents, etc.

But Danny Phillips' answer was unique: "Christmas is a time for sportsmanship, because you don't always get everything you want."

Each time I see the sign "Road Under Construction--Travel at Your Own Risk," I wonder at whose risk one travels the rest of the time.

Mr. Turner gets a steady stream of notes each day from parents explaining absences or asking that their children be excused from class for some reason. The most unusual one was handed to him by a student who waited for a reply. It read:

"I think she has the measles. What do you think?"

One afternoon while Leslie Holladay was busy phoning, she asked her mother for one number which was not listed in the phone book.

There was mild reproach in Mrs. Holladay's voice as she looked up from her book and said "You shouldn't have any trouble remembering that. It's the year the Visigoths sacked Rome!!"

It is easier to suffer in silence if you are sure someone is watching.

Harvest Festival Program Given

A "Harvest Festival" dinner and program was held Wednesday evening, Dec. 7 at the First Methodist Church, Olton.

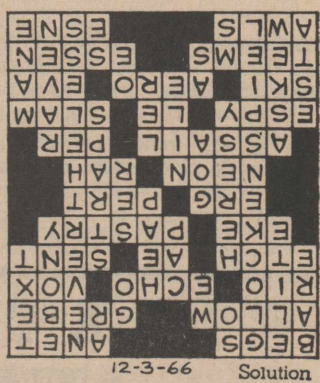

Approximately 160 persons enjoyed dinner in the fellowship hall before retiring to the sanctuary for the special program.

Music was by the children's choir and the speaker of the evening was the Rev. Albert Lindley, pastor of the First Methodist Church, Petersburg. He spoke on "Supply Lines."

An offering was taken to go toward the parsonage fund and it totaled approximately \$2200.

ATTEND FUNERAL

Mr. and Mrs. J. I. Brothers of Olton and Mr. and Mrs. Charles Brothers of Clovis, N. M. and Mr. and Mrs. Jerry Brothers of Hobbs, N. M. attended the funeral of Mrs. J. I. Brothers' father, C. D. Plum, at Waldron, Ark., over the weekend.

Youth Center Christmas Dance Slated Saturday

A Youth Center Christmas Dance has been scheduled for Saturday, Dec. 17 from 8 to 12 p. m., with music by the "Wild Angels", formerly called the "Sandpipers".

The parent-sponsored dance will be held at the Merry-Go-Round Skating Rink.
