Heart Attack Is Fatal to J. A. Johnson

Funeral services for John Allen (Johnny) Johnson, Jr., were conducted Wednesday at 10 a. m. in St. Lukes Methodist Church here.

Johnson, 55, died at 2:10 p. m. Sunday while working on an oil rig on the Huddleston Ranch, about 15 miles southwest of Snyder.

Scurry County health officer Dr. Robert Pierce reported Johnson apparently suffered a heart attack. He had complained of pains in both his chest and throat just minutes before he died.

Rev. Weldon Rives, pastor, officiated at the services assisted by Rev. David Crow of Silver and Rev. Clinton Eastman of Andrews. Burial was in Colorado City Cemetery under the direction of Kiker and Son Funeral Home.

Johnson was born Feb. 18 1906, in Sikeston, Mo. He was well known in the Permian Basil oil operations and had been engaged in oil field work or operations in West Texas since 1923.

He was a member of the Baptist church. He married Ruth Skelton in Westbrook Jan. 26, 1934. They had lived in Colorado City for several years.

Johnson is survived by his widow of Colorado City; his mother, Mrs. J. A. Johnson, Sr., of Colorado City; 4 sons, Walter Johnson of Stanton, John A. Johnson, III, of San Angelo, and Larry Johnson and Harry Johnson of the

Hurricane Relief

This truck load of clothing and food was delivered to Port Lavaca Monday by Ed Greyson, left, and Arvie Clark, center. The 15,000 to 18,000-pound load was donated by Mitchell County citizens for victims of Hurricane Carla. The donations were collected here by a group of interested citizens. Also shown above is Don Greyson, right, who aided his father and Clark in loading the truck. Greyson donated the truck, from E. B. Rental and Equipment, and the gas for the journey.

Snyder Man Charged With Loraine Stabbing

Father-in-Law of Victim Accused

An argument at a Saturday night dance in Loraine resulted in the stabbing of Alfonso Gaona of Snyder.

Gaona was stabbed about 10:30 p. m. at a dance at the annual festival celebrating Mexico's independence day conducted each year in Loraine by Latin-Americans from this area.

Charged in the stabbing was Mike Melendez, father-in-law of the victim. He was charged with aggravated assualt. Melendez is also from Snyder.

Melendez entered a plea of not guilty to the charge before Mitchell County Judge Elmer Martin Monday. He was released on $750 bond.

Gaona was stabbed in the abdomen and in the neck. He suffered internal injuries from the abdomen wound. The neck wound was just under the left jaw, but missed his jugular vein and is not considered serious.

Gaona was reported to be "getting along fairly well" today (Thursday) by his doctor. He is hospitalized in Root Memorial Hospital.

Mitchell County Sheriff Lewis Claxton reported that the lights at the dance "went out" for a few seconds and Gaona was stabbed during the brief darkness.

Claxton's deputies Roy Richards and Bob McGuire also made an arrest at the dance about 30 minutes before the stabbing.

Benny Valensulela was placed in Mitchell County Jail and charged with carrying a concealed weapon.

He entered a plea of guilty to the charge before Martin Monday and was fined $150 and court costs.

McGuire said he and Richards first became suspicious of Valensulela when he turn-

See STABBING Pg. 5

Cattlemen Asked to Aid Funds Drive

Mitchell County cattlemen may "brand" West Texas Rehabilitation Center of Abilene "as their own."

County cattlemen may join in the campaign to aid the center by donating a calf for sale for the center.

West Texas Rehabilitation Center is a private, non-profit organization for the rehabilitation of crippled adults and children of West Texas. It is not tax supported and has been in operation since 1955.

Otto Jones, manager of Renderbrook Ranch, and Dr. Bruce Johnson, mayor of Loraine are county members of the roundup committee.

All cattlemen interested in donating any livestock for the center are urged to contact either Jones or Johnson immediately.

All donations will be collected at Tate Brothers Auction Barn here in Colorado City Thursday, Sept. 28, for transportation to Abilene for the sale on Friday, Sept. 29.

See DRIVE Pg. 5

STARTING AT 9:30 A. M.

Kiwanis' Annual Kids Day Scheduled Here Saturday

Hundreds of youngsters will come to town Saturday for a morning and afternoon of free entertainment—the feature of annual Kiwanis Kids' Day.

They'll start with a free movie at 9:30 a. m. and continue through a series of activities until mid-afternoon except for a time out for lunch.

Kiwanians in white coveralls will ride herd, so to speak, on the crowd of children and hand out ice cream treats, parade prizes and watermelon slices.

Colorado High and Junior High bands will add to the gaiety of the parade which will feature the kids in costumes, on decorated bikes, tricycles and carts, with pets and on horses.

The free movie at Palace Theater, courtesy of Mrs. Annie Dixon, will begin at 9:30 a. m. and will be followed by free ice cream for the youngsters.

Parade will begin at 2 p. m. in front of Civic House in the 100 block of Elm, turn west on E. Second and continue to Oak, then turn north at Oak and continue to the Court house.

Silver dollar awards will be given to first, second and third place entries in each of the parade categories (a) small walking children and costumes, (b) tricycles and small carts, (c) pets, (d) bicycles, (e) most unusual, and (f) horses.

Here's the way the parade will line-up for the 2 p. m. start: Small walking children and costumes in the lead, followed by Junior High Band, then the tricycles-carts followed by pets, Colorado High Band, bicycles, most unusual and horses.

Watermelon feast on the courthouse lawn will close out the activities at the end of the parade.

Larry Kinard is general chairman for Kids' Day and scores of Kiwanians will be supervising the various activities.

IN INJURY CASE

Ex City Employe Plans Court Suit

A court suit appears in the making in the case of an injured former city employe who was fired by the City the second week in August.

The notice of injury was filed with City Secretary Ford Merritt Tuesday by Perry Barber, attorney for Jesse White, about 45.

The petition was filed in compliance with Section 4 of the Charter of the City. The section says that a petition has to be on file 60 days before suit can be filed.

Barber said today (Thursday) that a suit would be filed in 32nd District Court here against the City after the 60-day time limit had expired.

White, who lives at 315 Jefferson St., was fired by William (Bill) Greenfield, City street department superintendent, on or about August 12. The petition states that "Greenfield, acting under the instructions of the City Manager (Earl Keaton,) fired Jesse Miles White from his job, and since that date Mr. White had been without employment and without any means of earning a livelihood for himself and family."

White, 2 brothers and a friend appeared before City Council last week asking "benefits" or a "light job" from the City due to his injury. Council promised White the matter would be considered.

The petition contends that White, employed by the City for more than 15 years, "sustained, serious, painful and permanent" injuries to his back while working on a City job last winter. And that White twice had reinjured his back before being fired.

SOUTH OF LORAINE

Road to Connect Mitchell, Nolan

Construction of a farm road connecting Mitchell and Nolan Counties 5 miles south of Loraine has been approved by the Texas Highway Commission.

The action was reported today (Thursday) by J. C. Roberts of Abilene, District Highway Engineer.

Approved was 2.7 miles of construction from Farm Road 644 5 miles south of Loraine to the Mitchell-Nolan County line. The construction in Mitchell County is expected to cost about $44,000.

Construction in Nolan County would be about 2.5 miles — from the Champion store east to the county lines. The new construction will intersect 644 at a point near the old Baumann School in this county.

Rumors in this county are that the construction could, in the future, be extended west to also intersect State Highway 208 (to Robert Lee.)

The construction in this county was approved as a part of a $15 million farm road construction program for 133 counties in Texas. A total of 600 miles of new construction is called for in the plan.

Construction in Mitchell County will be under the supervision of F. B. Buford of Sweetwater.

Roberts said that a total of 25.9 miles in this highway district would be involved in the recently approved program. Total cost of construction in this district is expected to be $492,000.

McKenney Rites Held Here Today

Funeral services for Mrs. Walter McKenney, 83, were conducted today at 2:30 p. m. in First Methodist Church.

Mrs. McKenney died here Tuesday night at Root Memorial Hospital after an extended illness.

First Methodist pastor, Rev. Darris Egger, officiated at the services. Burial was in Colorado City Cemetery under the direction of Kiker and Son Funeral Home.

Mrs. McKenney was born in Mount Hilliard, Ala., May 28, 1878, and came to Mitchell County in 1902.

A member of First Methodist Church, she had lived in Colorado City many years. She married Walter E. McKenney in the Dorn Community June 5, 1905. He died May 17, 1951.

Mrs. McKenney is survived by a daughter, Miss Ruthel McKenney; a sister, Miss Elizabeth Pritchett; 2 brothers, J. T. Pritchett and J. C. Pritchett, all of Colorado City.

Pallbearers were Noble Walker, John Adams, John Lupton, Harry Ratliff, Albert Young and Leroy Gressett.

Jaycees Open "Carla" Drive Here Today

Colorado City's Junior Chamber of Commerce has joined a state-wide Jaycee drive to collect money for victims of Hurricane Carla.

The local Jaycees have been assinged Baytown as their "city to help" as part of the Jaycees state-wide "Assistance In Disaster" drive. All donations will be distributed to the victims of Carla through the state AID organization of the Jaycees.

Donations of any amount, from a dime on up, are being asked by the Jaycees to aid the campaign that began today (Thursday).

All donations will go directly to hurricane victims in Baytown.

Donations may be made to Jaycee president Drew Ballard, project chairman Arvie Clark or mailed to Colorado City Jaycees, Box 1008.

Local B&PW is Convention Host

Colorado City's Business & Professional Women's Club will host the District 7 B&PW convention here Saturday and Sunday.

Delegates from the district which includes Abilene, Baird, Brady, Brownwood, Coleman, Haskell, Hamlin, Stamford, Snyder, San Angelo and Sweetwater.

The convention opens with registration in convention headquarters in Baker Hotel's Terrace Room at 2 p. m. Saturday will attend.

The convention banquet is scheduled at 7:30 p. m. Saturday night in Civic House.

Banquet speaker will be Mrs. Harry Meyer of San Antonio, third vice president of the state B&PW organization. Mayor Glenn R. (Bob) Robinson will welcome the delegates and Chamber of Commerce president Dr. Seth Cowan will spotlight Colorado City as part of the program.

Saturday afternoon's activities will include tours of Mitchell County Historical Museum and Tumbleweed Company between 3 and 5 p. m.

Colorado City's local club last hosted the District 7 convention here in 1954.

Sunday's activities will be devoted to a business session

See CLUB Pg. 5

HERE TUESDAY MORNING

ACS Convention is Set; Committeemen Named

The annual Mitchell County Agricultural Stabilization and Conservation county convention is scheduled Tuesday.

The convention, reports ASC office manager Wayne Worley, will begin at 10 a. m. in the ASC offices at 136 E. 3rd St. The convention will elect the ASC county committee composed of a chairman, vice chairman, regular member, first alternate and second alternate.

Delegates to the convention will be the Community Committeemen elected for the year. Final ballots in the election came in Friday and results were announced early this week.

County Committeemen elected were:

Community A, the area which includes Iatan, Carr, Westbrook, Cuthbert, Horen's Chapel and Fairview:

Rex T. McKenney, chairman and delegate; Harold Hester, vice chairman and alternate delegate; T. J. Geiger, regular member; Leonard Long, first alternate; and L. A. Browne, second alternate.

Community B, the Dorn, Spade and Hyman area:

Robert Bolin, chairman and delegate; Foy Webb, vice chairman and alternate delegate; M. P. Dorn, regular member; Roy Henderson, first alternate; and H. H. Salley, second alternate.

Community C, the area including Colorado City, Buford, Longfellow and China Grove:

Murrell G. Blassingame, chairman and delegate; A. K. McCarley, Jr., vice chairman and alternate delegate; Joe L. Blackard, regular member; Lindley C. Webb, first alternate; and Warren Anderson, second alternate.

Community D, which includes Seven Wells, Plainview, Lowe, Payne, part of Landers and part of Looney:

Dave Womack, chairman and delegate; Charles N. Stubblefield, vice chairman and alternate delegate; Fred G. McClellan, regular member; Luke S. (Bunky) Girvin, Jr., first alternate; and W. W. Holman, second alternate.

Community E, an area including North Loraine, Pleas-

IT'S NOW OFFICIAL

Local Guardsmen Go Active Oct. 15

It's now official.

Colorado City's National Guardsmen will be mobilized Oct. 15.

M/Sgt. Earl Taylor, ranking member of the local group, was informed by telephone about noon today (Thursday) that all men in Battery A of the 3rd Rocket Howitzer Battalion, 132nd Artillery of the 49th Armoured Division would be mobilized in Big Spring Oct. 15.

The news wasn't a surprise to the local Guardmen, but until today it had not been official.

The word broke nationally Monday and Tuesday that the local group would be part of 3 Army National Guard divisions and 281 Army reserve and guard supporting units to be called to active duty.

The local Guardmen had been on an alert status since September 6.

The mobilization order actually affects 20 men attached to the Colorado City Guard unit — although some are no longer residents of Colorado City.

The group from here will be mobilized with about 67 men in their unit who train in Big Spring. They all report in Big Spring on the mobilization date for processing.

Taylor estimated today the processing might take from 1 to 19 days. "We will go to Fort Polk, La. from Big Spring," he said. Fort Polk is located between Lake Charles, and Alexanderia, La.

Local Guardsmen affected by the mobilization order are:

Taylor, 416 E. 14 St., an employee of Cactus Refinery.

Sgt. Ben E. Bryant, 913 Elm St., also an employee of Cactus.

Pfc. Jett Walker, 520 E. 6th St., assistant coach at Colorado City High School.

Sgt. Lee Roy Culbertson, 504 E. 21st St., who works at Moore's Feed.

Cpl. Bud Windham, 975 E. 14th St., Windham Welding

Others are Pfc. Perry Mitchell, Pfc. Loyd Mitchell, Pfc. Jerry Cannon, Pfc. Charles Pruitt, Pvt. Jimmy Browne, Pvt. Frank Browne and Pfc. Jerald McCann.

And Sgt. Joe A. Clark, 919 E. 15th St., now working at Cooden in Big Spring.

Pfc. Jimmy Wood, Pfc. Melvin Walker, Pfc. Don Fite Cpl. Bud Hart and Cpl. Joe Underwood, all now living in Big Spring.

Also Sgt. Lonnie Wilkerson, now living in Midland, and Pvt. Donley McKee, Jr., now living in Odessa.

"We've been all the time that we've been in the Guard," said Taylor, "that we were

See GUARD Pg. 5

New Board Member

George Womack, left, of City National Bank is shown talking over his new duties as a member of the board of directors of Colorado City Chamber of Commerce with Chamber president Dr. Seth Cowan, center, and former director, attorney Lewis Williams. Womack was named to the 21-man board, after Williams resigned in preparation to accepting a position with a firm in Dallas.

TO STRAIGHTEN ROAD

Chamber Studies Proposal for 208

Colorado City Chamber of Commerce's board of directions is engaged in an intensive study of a proposal for the straightening of State Highway 208 (north to Snyder and southeast to Robert Lee.)

The proposal calls for straightening 208 from Colorado City Cemetery north to Buford. The route currently runs south from Buford and south on Hickory St. to U. S. Highway 80 and east to the intersection of 80 and 208 south east to Robert Lee.

Announcement of the study was made this week by Chamber President Dr. Seth Cowan. The board first undertook the study in a meeting last week.

"Realizing that the matter would be a controversial one, the board wanted to undertake a board information and study program before reaching a decision," Cowan said. News papers, radio and the chamber bulletin will be used to create public interest in the educational program which proposed study would bring. The chamber meeting next week is one of the steps.

Chamber manager [illegible] all will speak to [illegible]

clubs on the subject.

In stating the main aspects of the information program, Cowan said, "We know the removal of the highway through town could have a direct bad effect on the business of the town, especially business located in the east hill section. How bad this effect would be must necessarily be a guess. Some businessmen in the area have indicated that they feel the change would not adversely effect business, that the removal of the truck traffic from the area would make shopping more pleasant."

On the positive side, Cowan said, are 3 strong points which include: (1) it would improve school traffic safety, (2) it would remove a bad traffic [illegible] and (3) it would give the board wanted to undertake at least one industrial development advantage.

In expanding on these 3 items, Cowan continued that [illegible] the heavy truck and passenger traffic on Hickory St. [illegible] would only need to [illegible] the city limits and one of the oldest schools. The [illegible] Chamber manager [illegible] and [illegible] would make [illegible]

FROM COUNTY DELEGATES

Carr Club Hears Reports From State HD Convention

State convention delegates reported to the Carr Home Demonstration Club in its regular meeting Friday.

Reporting were Mmes. Parker Jarman, Raymond Wheeler and Francis Winn who represented the club at the 35th annual Texas Home Demonstration Association Convention in San Angelo last month.

Mrs. Jarman who attended the workshop on education and expansion, told the club "Mrs. Wheeler, Mrs. Winn and I, along with 30 visiting Mitchell County home demonstration club women, came back eager to share with you the inspiration and information we received from the convention."

She went on to tell that a group of 849 people registered at the convention and about 800 of these were club women.

Mrs. Jarman also said, "We believe that home demonstration club work is vital to our homes, communities, and country. The years 1962 to 1964 are designated as years of all out effort by all members to increase the membership in home demonstration clubs." The slogan for those years will be 'Add one for 5, to keep T.H.D.A. alive.'"

The prayer was said in unison and led by the hostess, Mrs. Ruth Airhart. Group singing followed the prayer.

Mrs. John Latty, secretary-treasurer, called the roll which was answered by "Do you have any poisons stored in reach of children?"

Refreshments of cookies, hot chocolate and coffee were served.

Guests included members of the Spade and Plainview Home Demonstration Clubs.

Present from the Spade Club were Mmes. Ross Hargrove, Robert Bolin, Arthur Carter, H. H. Salley, Joe Boyd, J. C. Northcutt, Harry Dockery and Francis Winn.

Guests from the Plainview club were Mmes. Sam C. Thompson, W. C. Harlow, W. B. Head, Swann Taylor and Eldon Smith.

Other guests included Mrs. O. J. Hamrick, Mrs. Wheeler and Mrs. Jarman.

Members present were Mmes. Toone Sweatt, T. A. Rees, Tom Jackson, C. N. Adams, Latty, T. L. McKenney, F. A. Langley, Airhart and 1 new member, Mrs. Emory Sweatt.

Because of the length of the program, a motion was made to dispense with the regular business meeting and to meet Tuesday, Sept. 19, at 9 a. m. in the Carr Community Center for a special business meeting.

IN PHILLIPINES

Beta Epsilon to Sponsor Library

The Beta Epsilon chapter of Delta Kappa Gamma, national honorary teachers society, voted to sponsor the Victoria High School library in the Phillipines by contributing books and magazines.

This program is a national project of Delta Kappa Gamma.

Nineteen members of the chapter attended the picnic supper hosted by the Loraine members in the home of Mrs Drew Givens Monday evening. Mrs. Givens was assisted by Miss Edith Wilkerson, Mrs. Jim Johnson and Mrs. Russel Cope.

Mrs. Floyd Coffee, president of the local chapter, highlighted the main projects for the coming year.

Committee reports given were membership, Mrs. M. J. Dawson; publications, Mrs. C. B. Hines; and publicity, Mrs. Cope.

The meeting was closed with a group sing led by Mrs. Ace McShan.

Attending from Colorado City were Mmes. E. M. Findley, Gerald Gordon, Lynn Holbert, U. G. Hardison, Weldon Moore, J. M. New, J. F. Quinney, R. M. Reed, A. L. Greer and Miss Jane Merrill.

Members present from Loraine were Mmes. Dawson, C. B. Hines, Witt Hines, McShan and the hostesses Coffee, Johnson, Cope, Givens and Miss Wilkerson.

Odessa Visitors

Mr. and Mrs. Travis Stubblefield of Odessa were recent guests of Mr. and Mrs. O. N. Laster, Jr., in China Grove.

L. H. MURPHYS

Couple Observes 50th Anniversary

Mr. and Mrs. L. H. Murphy of the Carr Community were honored by a family reunion on the occasion of their Golden Wedding Anniversary Thursday.

All of their children were present with the exception of one son, Tom Murphy, who was unable to attend because of illness.

Those attending were their 3 daughters, Mrs. Erlene Slaton and family of Socorro, N. M., Mrs. Flo Vowell and family of Waco and Mrs. Oleta Black and family of Lovington, N. M.; and 3 sons, L. E. Murphy and family of Crane, Paul Murphy of Artesia, N. M. and James Murphy and family of Kermit.

Other relatives attending were, Mrs. John Hawkins, Mrs. R. E. Gregory, Mrs. Roy Messimer, Mrs. Bill Reese and B. F. Ellett.

The Murphys have 21 grandchildren.

Mrs. Murphy was born July 14, 1892 in Cassella, Mississippi. Her family moved to Texas when she was an infant and to Mitchell County when she was 14.

Murphy's family arrived in Colorado City on Christmas Day, 1890. He was born on March 17, 1891, and has lived in Carr Community all of his life.

Mr. and Mrs. Murphy were married after a year of courtship Sept. 14, 1911, and have lived on their homeplace since that time.

Recent Guests

Mr. and Mrs. Bill Wood of Colorado City were recent guests in the Houston Quiett home in China Grove.

SELF CULTURE CLUB

Group Changes Date for Dinner

In the regular meeting of the Self Culture club, Friday, the members voted to change the date of the Presidents Dinner from Oct. 6th to Sept 22.

The dinner will be in the Civic House at 7 p. m. and the installation ceremonies for the officers for the 1961-62 year will be conducted. Mrs. R. M. Reed will be the mistress of ceremonies for the affair.

Mr. E. L. Tiller gave the opening prayer for the meeting which took place in the home of Mrs. C. P. Gary at 3:15 p. m.

Mrs. Leslie Keith Reported on the dates of the state and district conventions of the federated clubs. The report included the aims of the federated clubs for the coming year.

A request from the McKnight Hospital for Christmas gifts was read. Members decided to bring gifts to the next regular meeting following approval of the project.

Mrs. Gary gave a report on the workshop which was held in Hamiln.

The date for the called meeting of the Mitchell Federation was announced as Tuesday, Sept. 19, at 3:30 p. m.

The club decided to host a special meeting of the Senior Citizens Club.

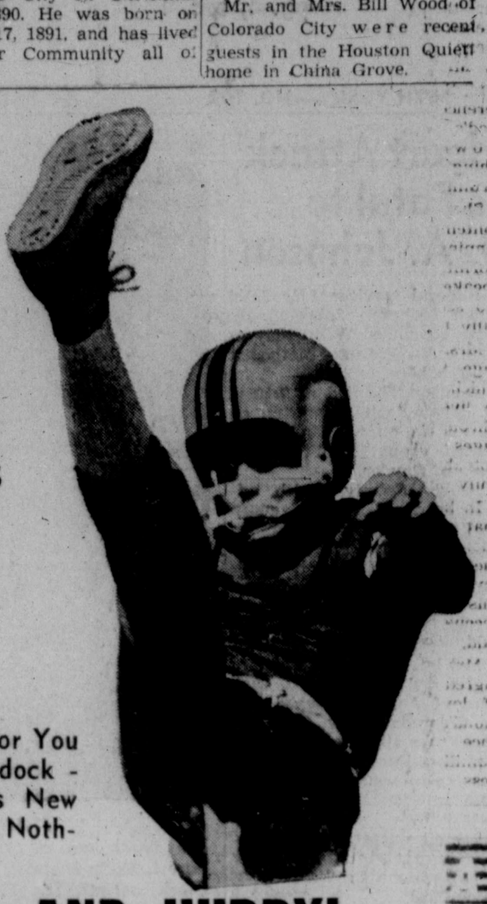

The roll call was answered with items concerning Finland. The constitution and by laws were read by Mrs. L. J. Taylor.

It was announced that one member, Mrs. A. H. Jackson, will go to Loraine to install the officers in the new Loraine Atheneum Study Club.

The hostess served refreshments of flower garden dessert and hot spice punch.

Members present were Mmes. John Brand, A. A. Herrington, R. M. Reed, L. A. Strain, Wilford Fox, Paul Beeman, Gary, Keith, J. Strain and Taylor.

ON "THE GREATEST LOVE"

Mrs. B. Schunder Speaks To Woman's Fellowship

"The Greatest is Love" was the theme for the program presented to the Christian Womens Fellowship Wednesday by Mrs. Bob Schunder.

Mrs. Schunder used as her references "Man's Need and God's Action" by Reuel L. Howe and "The Greatest Thing in the World" by Harry Drummond.

She stated that as with any contemplation of love the beginning and ending is with I Corinthians, Chapter 13. The speaker dared her listeners "to seek to understand more fully the meaning of love."

Mrs. Schunder quoted a passage from Howe's book in which he says "It is better not to live than not to love." Through this and other passages she said that if one were not able to love, one was not truly ready to recive love.

In her talk she brought out that parents are the ones responsible for the teaching of their children to love through loving them completely. In this way each is then able to receive the love of God, she said.

Mrs. Schunder listed the 9 ingrediants of the "spectrum of love" taken from Drummond's book. These are patience, kindness, generosity, humility, courtesy, unselfishness, good temper, guileless ness and sincerity.

She then pointed out how each one can use his love to form live relationships.

The Fellowship met in the First Christian Church for a luntheon and regular meeting.

The hostesses were Mrs. O. B. Trulock, Jr. and Mrs. Sam L. Majors, Jr.

The worship was brought by Mrs. A. O. Hickman and entitled "Every Woman a Christian Steward."

Present were Mmes. Charles Root, V. R. Trulock, O. B. Trulock, Jr., O. L. Simpson, Ed Jones, Joe Bell, Jim Edison, Foy Jenkins, Don Womack, J. B. Pritchett, Nolia Thorpe, U. G. Hardison, Ralph Lee, R. P. Price, H. H. Simon, L. H. Rudd, Nat Thomas, Mary Lee Moore, P. K. Mackey, Sam L. Majors, Sam L. Majors, Jr., Schunder and Hickman.

Also present were Rev. and Mrs. Rush Barnett and Rev. and Mrs. C. E. Cogswell.

The next meeting will be Oct. 23.

AT METHODIST CHURCH

Service Guild in Distric Meet Here

Persons representing guilds from Andrews, Snyder, Lamesa, Midland, Big Spring, Stanton, Union and Colorado City met in the First Methodist Church here for the Big Spring District Wesleyan Service Guild meeting Sunday at 2 p. m.

The Colorado City Guild hosted the meeting which 79 attended.

Miss Nelda Garrett, the district Secretary, presided with Rev. D. L. Egger giving the invocation.

The devotional was given by Mrs. Arnel Smith. She read the scripture from the 7th chapter of St. Luke. Her talk was on faith and was closed with a poem entitled "Sharing" written by Elizabeth Elliott.

Special music was presented by Mrs. J. C. Garrett. She sang "My Creed" and was accompanied at the piano by Miss Ruth Hightower.

The theme of the program was the Faith that Compels Us." It was announced that the next district meeting would be conducted in Snyder in the spring.

A coaching conference was conducted in which district officers talked on the duties of each guild officer.

A social hour followed in the Fellowship Hall of the church. The hostesses served refreshments of coffee and cookies.

Vowells Hosts to Week End Guests

Mr. and Mrs. Taylor Vowell and children, Yvonne and Tate Lee, of Waco were week end guests in the home of Tie and T.L. Vowell of Looney Community.

Other out of town guests with the Vowells were Mr. and Mrs. S.C. Vowell of San Angelo and Mr. and Mrs. Clay Richardson, Jr. and son, Donald of Loco Hills, New Mexico.

Loraine Club Hears County Agent Speak

Mrs. Cricket Taylor, Mitchell County Home Demonstration Agent, was the guest speaker for a regular meeting of the Loraine Homemakers Club Friday in the home of Mrs. Alfred Hackfield.

Mrs. Taylor's talk was entitled "The Road to Good Nutrition."

During the business meeting the president, Mrs. Howard Tartt, recognized a new member of the club, Mrs. Bobby Dodd.

Doughnuts, coffee and tea were served to the guests and members. Guests present were Mmes. Taylor, Raymond Hackfield and Rodney Walker.

Members present were Mmes. Tartt, Jack Compton, T. J. Green, Jr., Glen Nichols, Dodd, Billy Don Green, Melvin Baumann and the hostess.

The next meeting will be conducted Thursday, Oct. 12, in the home of Mrs. Dodd.

FOR FINLEY, LEWIS

Wedding Date Set

Mr. and Mrs. T. L. Finley of Loraine have announced the engagement of their daughter Juanell to Allen Lewis, son of Mr. and Mrs. John Lewis, 1418 Winona Court, Denver, Colo.

The couple will be married December 23 at Lamar St. Church of Christ in Sweetwater.

Miss Finley is a 1960 graduate of Highland High School where she was active in the Future Home Makers of America chapter, choral club and piano. She is now a sophomore student in Abilene Christian College in Abilene.

The prospective bridegroom graduated from North High School in Denver, Colo., and is a 1961 graduate of Abilene Christian College. He graduated with a Bachelor of Music Education Degree. While in college he was active in music and drama and was a member of the A-Cappella Choir.

Lewis is now teaching vocal music in Euclid Junior High School in Littleton, Colo.

The couple will make their home in Denver, Colo., after their marriage.

OF ROYAL SERVICE

Mrs. H. Harris Speaks at Meet

Mrs. Hubert Harris had charge of the Royal Service program entitled, "We bring our Gifts of Love," for the Women's Missionary Society of the Calvery Baptist Church Monday.

The program was in regard to the Negro work of the Home Mission Board.

Mrs. Darrell Shurtleff read the Introduction to the program.

Mrs. Harris read devotion and scripture reading that is found in I John 4:7-5:2.

Taking part in the program were Mrs. Bob Chalker on "Our Best Gifts," Mrs. Neal Rogers on "The Gift of The Bible," Mrs. Gloria Crowder on "The Gift of History" and "The Gift of Money," Mrs. Keeling on "The Gift of Service," and Mrs. Harris on "The Fift of Love."

Mrs. Chalker closed the meeting with a prayer.

Mrs. Roland Powell was in charge of the Sunbeams at the same hour.

Members present were Mmes. Chalker, Gloria Crowder, Rogers, Tom Keeling, Harris and Shurtleff.

The W. M. S. also met Monday Sept. 11, and planned the "Week of Prayer." It is set for Sept 25-29.

The meeting was opened with a prayer by Mrs. Keeling.

Mrs. Harris read the calender of prayer.

Minutes were read by Mrs. Crowder.

Plans were made to have a Leadership Training course for the month of October.

Mrs. Shurtleff closed the meeting with a prayer.

Mrs. Powell was in charge of the Sunbeams at the same hour.

Members present at the earlier meeting were Mms. Shurtleff, Harris, Humphreys, Chalker, Crowder ,Keeling and H. V. Sorrells.

Rees, Langley Appointed To Committee

Mmes. T. A. Rees, J. L. Rees and F. A. Langley were appointed as the nominating committee for the Carr Home Demonstration Club at a meeting in the Community Center, Tuesday at 9 a. m.

Mrs. Tom Jackson, president, read a letter furnishing the information concerning the Mitchell County Fair.

Mrs. Jackson also appointed Mrs. J. L. Rees and Mrs. Langley as delegates to attend the training meeting on "Time and Energy." The meeting will be Friday, at 2:30 p. m. in the Lone Wolf Electric Co-op building.

AT HUTCHINSON

Two Speak on P-TA Program

Mrs. John Merritt and Mrs. Trevor Crawford were the guest speakers at the Tuesday meeting of the Hutchinson Parent-Teachers Association.

The meeting, the first for the 1961-62 school year, was conducted in the school's auditorium.

Mr. Weldon Moore, principal of the school, introduced the teachers to the group.

Mrs. Crawford, in her speech, said the aim of the P-TA. She said that the future of our nation and mankind lies in the education of our youth, but that teachers alone could not be responsible for this.

It is through the PTA that the parents and teachers are able to combine into the needed team so that the student can receive his proper training, she said.

Mrs. Merritt told what was asked of the parents as the other half of the educating team. Some of these included physical needs such as a good breakfast, enough sleep, cleanliness and proper health checks, she said.

She also listed the responsibilities of the parent toward the school work itself. She said that every parent needs to know his child's teacher and to question and discuss with both student and teacher what is not understood.

Mrs. Merritt also said another task of parents was guiding the children in their studies and study habits.

Mrs. Bill Hobert, president, announced the date of the district workshop in Sweetwater as Oct. 10.

Mrs. Jack Long was chosen as the new chairman of the publications committee.

The next meeting will be Tuesday, Oct. 17, with Austin McCloud as the guest speaker.

Rothwell's Perfect Card Wins Contest

Local football predictions warmed up in a hurry over the weekend.

And Ed Rothwell, the Lone Wolf Electric Service Company engineer, took first prize with a perfect list of guessing.

He didn't miss a single game.

The No. 2 and No. 3 predictors — Fred McKay, the Safeway manager, and Jeff Walker, assistant coach now scheduled for mobilization with the 49th Armored Division—missed only 1 guess each.

To Rothwell go 2 tickets to the Texas Tech-TCU Southwest Conference game in Lubbock the night of Oct. 14.

McKay took the runner-up prize, a 12-month free subscription to Colorado City Record, by guessing closer to the key score. He predicted a 24 to 8 Colorado City victory and Walker guessed the score at 26 to 14. For their lone misses both failed to pick Loraine over Sands.

Close behind with 2 misses each were Bob Compton, Sam L. (Buzz) Majors, Jeff Taylor, Glenn Thomas, George E. Gray, Beth Wallace and Julia Fox. Mailing in his entry from Bismark, North Dakota, was Beeman Dockrey.

Guests of E. A. Odens

Recent guests in the E. A. Oden home in Westbrook were Lois and Christine Reese of Kermit and Mr. and Mrs. Leonard Taylor former Westbrook residents, of Eunice, N. M.

LEGALS L

Public Notice

A public hearing will be held on the 1961-62 budget of the Colorado Independent School District on Saturday, September 30, from 10 A. M. to 11:30 A. M., in the office of the School Tax Assessor-Collector in City Hall.

NOTICE

Notice is hereby given to all persons concerned that the City Council of the City of Colorado City, Mitchell County, Texas, will hold a public hearing to receive and consider bids for the granting of an oil, gas and mineral lease on the following described property, situated in Mitchell ounty, Texas, to-wit:

The Southeast one-fourth (SE/4) of Section 29, Block 26, T. & P. Ry. Company Survey, Abstract 442.

in the Council Chamber at the City Hall in the City of Colorado City, Texas, at 7:30 o'clock P. M., on the 9th day of October, 1961, provided that said City Council reserves the right, if in its judgment the highest bid so received does not represent the fair value of such lease, to reject same and again give notice to call for additional bids. Such lease shall be for a primary term of Five (5) years from its date, shall provide for a one-eighth (1/8) royalty and for annual rental of one dollar ($1.00) per acre, in order to defer the commencement of drilling operations and shall be on the form attached to the minutes of the meeting of said City Council held on the 11th day of September, 1961; which form may be examined in the office of the City Secretary in the City Hall at Colorado City, Texas, during ordinary business hours.

G. R. Robinson
Mayor of the City of Colorado City, Texas.
J. F. Merritt
Secretary of the City of Colorado City, Texas.

THE STATE OF TEXAS

TO: Trinidad Santana Esparza GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of October, A. D., 1961, at or before 10 o'clock A. M., before the Honorable District Court of Mitchell County, at the Court House in Colorado City, Texas.

Said plaintiff's petition was filed on the 11th day of September, 1961.

The file number of said suit being No. 7846

The names of the parties in said suit are:

Jose R. Esparza as Plaintiff, and Trinidad Santana Esparza as Defendant.

The nature of said suit being substantially as follows, to wit:

Suit for divorce, plaintiff alleging that said parties were married at Del Rio, Texas, on September 12, 1944, and separated on or about May 12, 1952, and that the plaintiff and defendant have lived apart without cohabitation for more than seven years immediately preceeding the filing of plaintiff's petition, that three children were born of said marriage but plaintiff, after due inquiry, cannot state their residence; and plaintiff prays for his judgment of divorce. If the Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 11th day of September A. D., 1961.

Given under my hand and seal of said Court, at office in Colorado City, Texas, this the 11th day of September A. D., 1961.

B. H. Erwin, Clerk
District Court Mitchell County, Texas

have occured involving our school children and this is a point which we could seriously consider," he said.

The steep hill leading down to the intersection of 208 and US 80 has been the scene of several deaths, one of which happened this spring, Cowan pointed out, in support of the second "pro" point.

And thirdly, operators of heavy trucks which now headquarter in Colorado City, have indicated that the pulling of the long hill from a dead stop is a slow and tedious job for trucks heading north. This could be a consideration for future expansions in Colorado City's industry and trucking. One such expansion is currently in the mill, says Cowan.

Cowan also indicated that highway officials considered the time "ripe" for the paving of the 4-mile strip.

"Our main worry" Cowan stated, is that business on the present State 208 will suffer to an extent that it will out weigh the advantages. The chamber's study program is an attempt to determine the extent of the financial and psycological effect of the straightening program."

Game Hearing Tonight

Hunting, fishing and trapping regulations for Mitchell County for this year will be aired in a public hearing in Mitchell County Court House tonight (Thursday) at 8 p.m.

The session is to set the bag limits, methods of taking, and seasons in the county. It is a part of the Regulatory Authority of the Texas Game and Fish Commission which was approved this summer for Mitchell County.

All hunters, fishermen and landowners are urged to attend.

Back from Oklahoma

Mrs. Corine Dorn recently returned home to Westbrook following a vacation in Oklahoma.

LOCALS RATED UNDERDOGS

High-Ranking Monahans To Test Young Wolves

The Wolves faced a 6-year jinx last week and nixed it with a late 13-0 victory over Ballinger — this week they face a state ranked team.

Coach Sam Christy's Colorado City crew journeys to Monahans Friday night for an 8 p. m. meeting with the Monahans Lobos who are ranked the No. 5 ClassAAA schoolboy football team in the state of Texas this week by the Dallas Morning News.

The 2 teams lock horns in Estes Field in a battle of unbeaten, untied and unscored upon squads. The Lobos have shutout both Crane, 13-0, and Fort Stockton, 24-0. The Wolves' record matches that itself. The locals own a 57-0 victory over Post and a 13-0 win over Ballinger.

The Lobos are the first AAA opponent of the season for the Wolves and Monahans is rated the favorite in the game —due to their high ranking.

Christy and assistant Jeff Walker both agree that the Lobos are tough. A Wolf win Friday would be a big upset and probably would be a major surprise in most circles— especially to the Monahans fans who are hoping for a state champion this year.

Christy said early this week, "I'm not going to say we're going to beat Monahans, but we'll be trying." Christy assurred local fans that the Wolves "weren't going to Monahans to get beat" and that they would give the Lobos a game they'd remember win or lose.

Walker, who scouted the Lobos, rates them one of the most eager and hardest-hitting squads he's seen this year and has warned the Wolves that the Monahans team is never one to pass up the opportunity to strike-a-blow.

Coach Cozel Foster's green and white Lobos have talent aplenty. And heading that lineup is a speedy, all-around right halfback named Lang Kinsey. He's the fastest thing the Lobos have and proved it to Fort Stockton last week with an 80-yard run from scrimmage for one TD and a 99-yard punt return for another. All this happened in the opening minutes of play and set the stage for the Lobos' easy win over Fort Stockton's Panthers.

Kinsey is a 163-pound senior speed demon. He's probably faster than the Wolves' Ken Northcutt, or at least as fast. And he can boot the ball too— Walker rates him a better punter that any the Wolves have seen this year and Ballinger's Phil Turner was tops.

STARTING LINEUP

C-CITY WOLVES			MONAHANS LOBOS	
85	Steve Hillhouse	RE	Jerry Bawcom	84
71	Jerry Whitaker	RT	David Rutherford	70
70	Darrell Davis	RG	Johnny White	60
50	Larry Oliver	C	James Arnold	51
61	Mike Robinson	LG	Danny Reagan	62
72	Larry Hamner	LT	Calvin Phipps	71
83	Don Hairston	LE	Steve Fambrough	83
11	Danny Latimer	QB	Jim Bob Barton	44
21	Jimmy Womack	WB-RH	Lang Kinsey	12
22	Mike Andrews	FB-LH	Gordy Tamplin	32
30	Ken Northcutt	TB-FB	Jimmy Williams	31

The Lobos have about the same team they fielded last year —so are much improved. Monahans battered the Wolves 24-8 in 1960 in Wolf Stadium.

Jim Bob Barton, 158-pounds will probably get the starting quarterback nod for the Lobos. He didn't start against Fort Stockton, but came in to complete six of eight passes and looked the best of the two top Lobo men-under. If Barton doesn't start, he'll still see a lot of action along with Grody Tamplin, 141-pounds, at the spot.

The Lobos can do it all and are expected to be class of District 2-AAA which includes Brownfield, Seminole, Ector, Pecos, Andrews and Kermit. "They have no particular weakness," reports Walker.

Kinsey is probably the Lobo's most dangerous back in his right halfback slot.

Jimmy Williams started the season at a guard slot, but will get the starting fullback nod Friday night. The 158-pound senior letterman was number two fullback last season.

Tamplin is expected to start at right half—if he doesn't start at quarterback. He's a letterman senior and can "carry the mail."

Quarterback Barton is a returning regular on both offense and defense and can run and block both on offense. He's a defensive corner linebacker and the only Lobo returning from the starting 1960 defensive secondary.

Center James Arnold suffered a knee injury before the season opened, but is back in top shape for the Lobos. He's a letterman who weighs about 183.

Starting right guard Johnny White tips the scales at only 169, but he's the fastest lineman on the team. He rated a top all-district candidate and is defensive linebacker.

Left guard Danny Reagan weighs 180 and is returning offensive and defensive regular at that spot. He could be the class of the two guards although White outshines him in speed.

Keep your eyes on right tackle David Rutherford, 185-pounds. He's only a junior and was a starting defensive linebacker last year as a sophomore. He can handle the offensive center chores too—he is expected to be one of Monahans' greatest before he ends his football career there.

Left tackle Calvin Phipps is a senior up from the B-team. His best qualification is his size—he weighs 200-pounds, at least.

Steve Fambrough is an inexperienced left end. Probably one of the weaker spots on the entire Lobo starting unit. But right end Jerry Bawcom brings a full year's experience in the contest with him. He never got the starting role last season, but is a solid entrenchment in the end spot. He will probably start at the same post on defense too.

The Lobo's starting line averages about 170 and the starting backfield about 155 per man.

The Lobos are expected to put up a 4-4 defense at the Wolves, but can shift into other defensive lineups too. And they'll be tough in any they choose.

Walker says the Wolves and the Lobos compare on defense, but he's not so sure how they'll stack up on offense. But he does say the Wolves "could beat" the high-ranked Monahans team, but they'll have to make their own breaks to do it.

The same Wolves that started against Ballinger are expected to get the starting nod from Christy Friday night.

They are:

Steve Hillhouse, right end; all-district candidate Jerry Whitaker, right tackle; all-district candidate Darrell Davis, right guard; Larry Oliver, center; Mike Robinson, left guard; Larry Hamner, left tackle; Don Hairston, left end; Danny Latimer, quarterback; Jimmy (Chicken) Womack, wingback; Mike Andrews, fullback; and Ken (Lightning) Northcutt, tailback.

Defensive starters are expected to be Houston, Summers, Oliver, Davis, Whitaker, Bill McGuire, Andrews, Womack, Hillhouse, Latimer and Northcutt.

The Wolves' chances will probably ride heavily on the shoulders of linemen Davis and Whitaker and backs Northcutt, Latimer and Charles Houston.

There's little question why Whitaker and Davis will carry the line's load—they're the best the Wolves have to offer up front by far.

Northcutt is most valuable for his speed and is constantly improving in the running department although this is his first year out for varsity ball. He is a senior.

Latimer is the man-under who has had the most success this year and probably will handle more and more of the chores as the year goes on. He showed he could pass against Ballinger, and that was a big boost to the Wolves. He can run—there's no question about that.

And Houston, who was injured before the season opened, is probably the "dark-horse" in the shadows who's going to turn into one of the better running backs on the team. He may be the Wolves top runner for the "must"

See WOLVES Page 4

IN DEFENSIVE BATTLE

Wolf B-Teamers Upset Lee, 8-0

Coach Caddo Matthews and Coach Jeff Walker's Colorado City Wolf B-team taught the Midland Lee Rebels' B-team a lesson here in Wolf Stadium.

The Wolves, out-manned and definite underdogs on paper, rose to the occassion and stopped the Class AAAA Rebels cold and won a deserved 8-0 victory.

The pushed, but tough Wolf defense held the Rebels at least 20 yards away from the local's goal line the entire afternoon. Robert Davis and Raymond Kincaide paced the Wolves' top-notch defensive efforts.

Danny Kennemur settled the contest late in the second quarter when he reached up at the Rebels' 30-yard line and hauled in a Lee pass. He scampered across the goal untouched for the only TD of the game.

Quarterback Dale Walker rolled to the right and kept all the way to score the two extra points.

"Good team play" was what beat the "real tough" Rebels, according to Matthews and Walker.

Walker, Kincaide and Kennemer sparked the Wolves offensive efforts in the "leather-popping" defensive battle.

They have two open dates before going back to their schedule in Winters Oct. 5 in a 7:30 p. m. game. Matthews said this week that the B-team would perhaps schedule a scrimmage during the two open weeks to "keep in game condition."

Loraine Key Fire Rate is Lowered 2c

Loraine's fire insurance key rate had been lowered 2c, according to a report from the State Board of Insurance.

The Loraine citizens will pay 47c per $100 of fire insurance purchased annually on all policies written on or after Sept. 1 of this year. The old rate was 49c per $100 of insurance.

The rate was set after board inspections visited Loraine and made both charges for deficiencies and giving credits for protective measures and equipment.

Total charges at the town were 52c—11c for water mains, 7c for water works, 10c for wholly volunteer fire department, 3c for no reserve pumper of hose truck, 4c for no fire alarm system, 7c for inadequate building laws, 1c for fire hydrants, 3c for unpaved streets and 5c for conflagration hazards.

Loraine's credits amounted to 5c—a booster truck, methods of fire prevention and principles taught in public schools, a maintained arson reward and firemen's and fire marshall's training courses completed.

Roger L. Clark Ends Quartermaster School

U. S. Army Pvt. Roger L. Clark, 17, son of Lee R. Clark, 325 W. 6th St., completed the general supply course under the Reserve Forces Act program at the Quartermaster School in Fort Lee, Va., early this month.

During the course, Clark received training in the receipt, storage, issue and stock control of supplies and material.

He received basic training at Fort Ord, Calif.

BOWLER of the Week

Rita Banks

What does it take to make a good bowler?

Just practice and enjoyment of the game says Mrs. Emmett Banks, voted Crown Bowl's Bowler of the Week by past winners of the honor.

Mrs. Banks, known to her bowling friends as Rita, is one of the top women bowlers in Colorado City with an average that hovers around the 150 mark. She set a 160 last week in the opening night of play in the Tuesday Night Woman's Bowling League.

She bowls for Myers Auto on Tuesday nights and was on the winning Banks Garage team sponsored by her husband in the summer Thursday Night Couples League.

Mrs. Banks has a total of 9 bowling trophies won since she started bowling in July 1960. She is proud of her March of Dimes first place trophy. Her high sanctioned league game was a 225 and high sanctioned series was 527.

CROWN Bowl

NICE PEOPLE . . .

We've always contended that the finest thing about our town are the nice people. And you don't have to look far to find 'em.

For instance, our own Corner Drug staff—Lona Pritchett, Faye Spivey, Nora Gary, Mona Scott, Gladys Geiger, Odessa Wood, Joe Emerson and the gal who makes Corner Drug really tick . . . my wife.

Visit us and I'll bet you'll agree they are nice to you for a nice store among nice people.

What Do We Want For Bomb Shelter?

There seems to be little public enthusiasm for any multi billion dollar federal plan to give us public holes in the ground in which to escape the atomic terror.

The task of sheltering 180 million people from nuclear fallout is colossal for even an omnipotent Government—whether it spent $20 billion or 100. So personal safety remains, to a large extent, a do-it-yourself job. And it is doubtful this can be satisfactory.

However, in the course of planning and mobilizing military defense—which, if it is adequate, must restrain the most venturesome enemy from risking retaliation—the Government can, and has, provided civil defense guidance that could come from no other source.

Most notable is the extensive and reliable data developed in the nuclear testing at Yucca Flat, Nevada, in May 1955. Through elaborate preparations and exhaustive tests, it was possible to determine the blast and fallout effect on structures, equipment and foods at varying distances from Ground Zero.

Vital to survivors of the initial blast, are safe foods. And of every sort of food—in bulk and in every type of package—canned foods came through to win Civil Defense endorsement as first choice by a wide margin. To arrive at this judgment, 25,000 samples, cased and uncased and made up of the 60 most-used products, were placed outdoors, indoors, and underground in 15 different locations. They were in kitchen cabinets and on basement shelves in various types of houses, in house trailers, in shelters above and below ground and in commercial buildings. Except at Ground Zero (where the bomb exploded), no cans burst from blast pressure, and food from all intact cans was approved for use!

Application of these findings has been a basic factor in the recent establishment by a national industrial complex employing thousands of a pilot project in survival - an underground shelter for 100 top-flight technicians and key executives essential to the maintenance of vital defense operations. Through the cooperation of the National Canners Association, menus for 14 days—with 2020 to 2430 calories per day to provide energy for the most difficult work, maintain health and morale also — have been worked out.

Ideally, the foods would be heated on specially-designed equipment and there would be safe drinking water, but the menu provides for palatability without heat and adequate liquids without water. Equally important, the food for 1,400 meals—68 percent of it canned—is stowed in 900 cubic feet of space.

Thus, from Yucca Flat and from American industry have come some of the most authoritative and most practical guidelines on atomic survival for the American family—whether it has a shelter, plans to live in the basement or sweat out in present quarters the havoc that may lie ahead.

But the sad fact of the matter is . . . you and I know we'll need a lot more than cans and an opener if atomic war comes.

Fire Losses Costly In Rural Areas

Farm fires caused losses estimated at $165 million in the nation last year, according to the U. S. Department of Agriculture.

Building losses accounted for about 65 per cent of the total loss payments by companies for which a breakdown by property class was available, it added. Almost three-fourths of the building losses were on main buildings — homes and barns.

The Department of Agriculture reports that now is the time for neighbors to attack this problem of fires and suggested that special emphasis be placed on fire prevention during National Fire Prevention Week coming up October 8-14. This period is just ahead of the month when farm fires take their greatest toll. November was the peak month last year nationwise. Four-fifths of all 1960 farm fires and 84 per cent of the lives lost occurred during the six months from October through March.

President John F. Kennedy in his proclamation designating the special week said "Our communities and the Nation can ill afford this inexcusable waste of our resources."

Family training in fire hazard removal and fire fighting and drills for establishing escape routes in case of fire were suggested by the engineer as things families and neighbors could work on together. Farm families, in particular, he added, must rely on their own fire safety training, fire prevention check-ups, and fire protection measures to safeguard their lives, income and property.

Local county extension agents can supply information and suggestions for carrying out educational programs not only on fire prevention but also on farm and home safety activities. A visit with the agents and community leaders was suggested by the Texas A&M Extension Service as a starting point in planning for National Fire Prevention Week activities.

Deserving Tribute For Our Teachers

Impressive was the word for the Chamber of Commerce's teacher appreciation banquet Tuesday night.

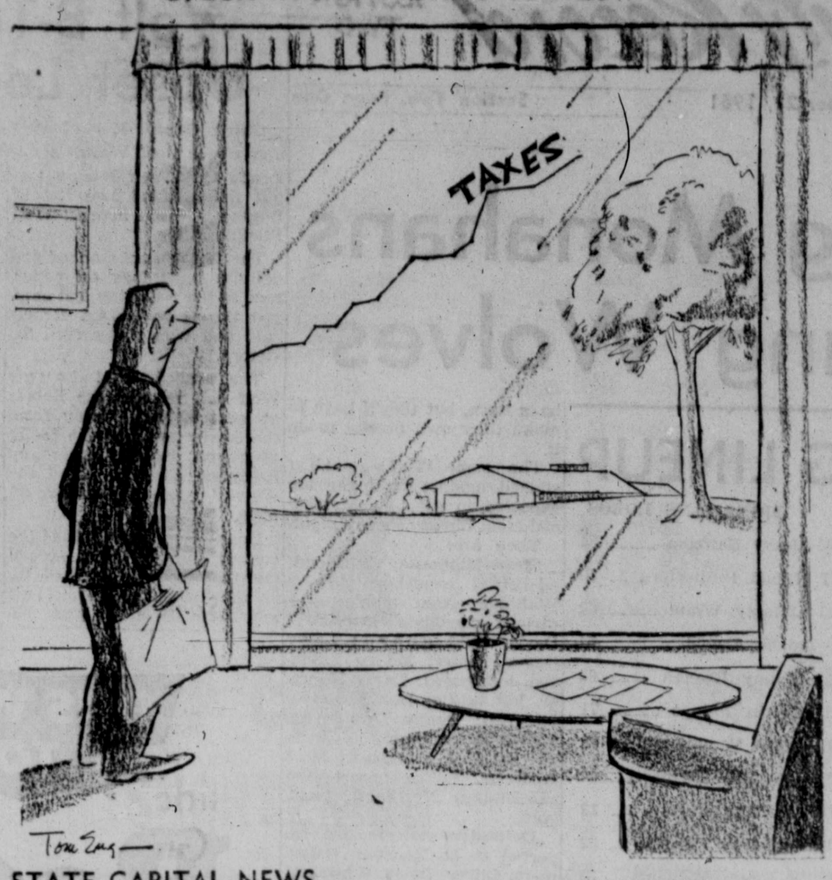

Attendance was splendid and the ratio of business representatives to teachers emphasized the solid support public education has from within our community.

True, a brief banquet program once a year isn't much materially for school administrators and teachers. But, then, it isn't supposed to be.

The event is more of a community gesture of respect for those who are in the teaching profession and a public testimonial of thanks for their efforts.

And this signal of support for our teachers is deserving for they are dedicated to the task of shaping, molding and educating our nation's greatest asset—our youth.

Crack in the Picture Window

STATE CAPITAL NEWS

Austin Feels the Impact of Hurricane Carla's Damage

Texas Press Association

Hurricane Carla had its impact on the State Capital. But not like it did on the Coast.

Refugees camped on the Capital grounds the first night of the storm. They were moved into public buildings as the rains reached Austin. Several giant trees on the Capitol grounds were blown down, and the Board of Control estimated damage of $5,000 to Capitol grounds and buildings.

State officials were busy, too. Gov. Price Daniel's on-the-scene inspections led to several coastal counties being declared disaster areas. Thus they became eligible for Federal aid.

State Insurance Chairman Thomas Ferguson announced that several hundred insurance adjusters had moved into the coastal area to begin estimating damages to insured properties.

So far no one had any estimate of the total damage Carla did to Texas.

One sure thing is that insurance companies, which have taken in about $15,000,000 in premiums this year for windstorm and rain damage in the seacoast territory, will have substantial losses to pay above their income from this source.

* * *

MORE RULINGS— Comptroller Robert S. Calvert is still issuing rulings on how the new state sales tax applies to specific sales situations.

He has changed his mind for the first time. It's on the subject of repairmen.

New ruling declares that the repairmen is the consumer of the tangible personal property which goes into a repair job, unless he has a contract under which he is to bill the customer separately for labor and parts or materials. In that case, he can collect the sales tax from the customer on the materials only. But if the repair contract is for a lump sum price, the repairman must pay the 2% sales tax on the supplies and materials at his cost.

These and other complications o fthe huge new tax law led to 2 proposals for changes.

Atty Gen. Will Wilson recommended that it be changed to an across-the-board 2% tax, with no exemptions.

State AFL-CIO Pres. H. S. Brown called for complete repeal of the sales tax, and substitution of an income tax which he said "you pay just once a year, instead of 15 times a day."

* * *

FARM TRAILER— The new revision of the law which used to exempt farm trailers from license fees has lots of people in a swivet. The law was revised twice during the spring sessions of the Legislature. Governor Daniel vetoed the first bill by Rep. Grainger McIlhany of Wheeler, so it was passed again in modified form.

It now requires larger farm trailers to have "exemption tags" which cost $5. It also requires owners of oil-well servicing and drilling equipment to have license plates if they are to be moved over the highways.

Oilfield servicing companies brought suit to set aside this interpretation of the law. License plates, based on weight, would be staggering, they claim as they maintain that the legislature did not mean to tax them when it wrote in an exemption for the water well drillers.

Rural legislators report some farmers aren't happy about having to pay $5 to be exempt.

* * *

CLUB TAX— Another new act of the Legislature which took effect Sept. 1 levied a tax and license requirements on the "private clubs" where mixed drinks are served.

Texas Liquor Control Board had little idea how many such clubs there are, and how many members they had. In the first 2 weeks, the license-fee receipts at the Liquor Board came to $420,000, and returns are still coming in.

This would indicate a private-club membership of about 210,000, since the tax is approximately $2 per member per year. Clubs operated by veterans organizations and fraternal organizations are exempt from the tax and license requirements.

The new law was pushed by the hotel and restaurant people, who wanted to get the private clubs legalized and out of the no-man's land where they have been operating for several years. Regulations require them to have food available to serve their members and guests in order to be eligible for a license.

Strictly Fresh

If shopping carts were equipped with rear-view mirrows, fewer shoppers would wear slacks.

* * *

An optimist is a guy who expects a pessimist to have a cheery outlook.

TAYLOR - MADE

By RICK TAYLOR
Record News Editor

IF YOU haven't noticed, The Howl is now being published in the pages of the Record.

All of Colorado City High School's news will be on The Howl page each Thursday.

Making the change over on the school's paper was quite a change-of-pace for all concerned, but The Shadow must give credit where credit is due . . . . .

MISS SHANA NOBLE, editor of The Howl, has done a marvelous job during the transition and deserves praise for the fine job done by the talented staff of The Howl.

A tip of Taylor-Made's hat to you, Shana.

* * *

DALE MATHIS, where is that question you were going to pose to Taylor-Made ala the style of "Dear Abby" and "Ann Landers?"

The world is waiting with bated breath.

But if you won't come through, Dale, maybe some one will— The Shadow has always wanted to try his hand at an honest-to-goodness lovelorn column.

* * *

EARL TAYLOR, top sargeant of the local National Guard group, tells this one.

Seems he asked ROY SWEATT, another member of the Guard, what he was going to do since the unit was called up to active duty.

"I'm planning to cry a whole lot," was Roy's answer—or so Earl tells this corner.

* * *

JOE BELL, I want you to notice that Taylor-Made hasn't and will not mention that great 545 bowling series he rolled Monday night in Classic League. Nor will he mention that he set a 181 average (about 60 pins above what it should be) or that one of the games in the 3-game series was a 202.

* * *

PORTER RICHARDSON probably holds some kind of record as far as local bowlers go.

Porter, now get this, had to strike-out in the 10th frame to roll a 79 one night.

Now all that means is that Porter had a whopping 49 in 9 frames and then added 30 more pins in the last frame with the 3 strikes.

Wow!

* * *

KIRSCHBAUM'S team, the one Jinxed by having The Shadow as a member, bowled KVMC Monday night—

We were all met at Crown Bowl's door by the KVMC team swinging axe handles. That's the truth.

Those radio guys will do almost anything to win . . .

Just think how it feels to step up and start to bowl and know there are 5 axe handles swinging in back of you and daring you to strike.

But "with the luck of the Irish" as captain BILL HOLBERT calls it, Kirschbaum's beat KVMC all 4 games.

The air waves guys should have been throwing their axe handles at the pins. . . . . .

SHINNERY PHILOSOPHER

Farmers' Rights To Render Advice

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow-Creek seems to be standing up for his rights this week, part of the way, at least.

* * *

Dear editor:

One thing about newspapers, you can be reading along on one, not taxing your mind much and enjoying the fact so many people went to so much trouble to round up news from all over for you and deliver it to you in one handy package, without you even stirring off your farm, and then something will jump out of an article at you.

Like what happened to me yesterday. I was reading about an interview some reporters had with Ex-President Harry Truman, and along in the middle of it this pumped at me!

"Mr. Truman declined to make specific comment on the conduct of American foreign affairs, saying, 'No retired farmer from Missouri, like myself, has any business telling the President what to do.'"

Thunderation. Maybe ex-Presidents haven't got any right to tell the President what to do, but if a farmer, retired or active, hasn't got that right, there sure are a lot of them subject to arrest.

Telling the President what he ought to do, and especially telling him what he should have done after it's happened and you've got the advantage of hind-sight, is a fundamental right that ought to be written into the Constitution if it's not already there.

If a farmer can't tell a President what he did wrong, this leaves a farmer staring at himself in the mirror when he has another bad year on his hands, and such a situation is worse than a drouth or a plague of insects.

You might as well tell a football fan he hasn't got the right to tell a coach what he ought to do, might as well tell a tax payer he hasn't got the right to tell a mayor how to run the city, might as well tell a parent he hasn't got the right to tell a teacher how to teach, might as well tell a man he hasn't got the right to tell his wife what to do, might as well. . . . wait a minute, let's back up a little, just rub that last one out. No use going hog-wild.

Yours faithfully,
J. A.

TEXAS AGRICULTURE

Accurate Scales Save You Money

BY JOHN C. WHITE
Agriculture Commissioner

A New York statistician recently estimated that inaccurate grocery scales were costing citizens of that city more than $4,000 per day.

Grocery scales alone! Not to mention gasoline pumps, druggest measures, large commercial scales and the many other weighing and measuring devices on which our daily trade depends.

Who loses when scales are inaccurate? It may be the seller or the buyer, depending upon the maladjusted scale. But somebody loses. And it amounts into the millions each year throughout the United States.

The Texas Department of Agriculture is charged with the responsibility of keeping many of our weights and measures devices accurate. The round tag on gasoline pumps across the state means a department inspector has been there to make sure you get a full gallon of gas on each purchase you make, no less. The grocery scales at the supermarket checking counter, the meat scales in the rear where prepackaged meats are made up, the truck scales where agricultural and other transit products are weighed — all these are regularly checked by the department field men.

The expense of such a program can be enormous, considering the scope of activity in a state the size of Texas. Money to maintain the inspection program is always at a premium.

This year, the Texas Legislature has levied a fee system in order to make the program more nearly self-supporting. To reduce the need for additional tax money, the scale owners themselves will be assessed a small fee to keep the inspection program going. But in the long run, the accuracy of the adjusted scale itself will prevent the owner from being fee more money on underweighed scales, rather than the fee he pays.

The fee system went into effect September 1st of this year. Amounts listed for inspection are as follows: For each gasoline metering and petroleum pump, 50¢ each scale with capacity of 10 to 999 pounds, $1 each scale with capacity of 1,000 to 4,999 pounds, $2 each scale with capacity of 5,000 to 9,999 pounds, $3 each scale with capacity of 10,000 pounds or more, and $5 each vehicle tank meter. Scales used in connection with retail sales of commodities in packages of 25 pounds or less, $1 each.

LOCAL BUSINESS

Advertising's Goal Is to Sell Product

BY MADGE BELL
Record Staff Writer

The main goal of advertising, local or national, is to sell a new or improved product or service.

When his advertising succeeds, the merchant feels that he has created new wealth for the consumer as well as himself.

Some recently published advertising debunkers have argued otherwise. They claim that the new sales create waste. The debunkers overlook the fact that they are enthusiastic users of the new products which advertising has put on the mass market at low prices.

Perhaps a woman does enjoy the prestige of having a new automatic laundry soap in her home. On the other hand the [illegible] may relieve her of 2 hours of work a week. In terms of money this amounts to [illegible] exceeding the cost of the equipment. Where is the waste?

Or, we might go back to pre-advertising days. The candle was a quaint and romantic form of lighting, but it was far from cheap. It would cost 100 times as much to get an equal amount of light from candles as electricity provides in the modern home.

To some, air-conditioning may seem a wasteful luxury created by advertising [illegible] production. To good offices increases enough to pay for the cooling equipment. Even if we discount value in terms of [illegible] comfort, the new products still represent a material gain.

Human satisfactions are the woman more likable and healthier people are [illegible] and sale benefits of advertising which puts it over [illegible] in purely material gains.

AT JAY ADAMS CHEVROLET

New Oldsmobiles go On Display Here Friday

"Oldsmobile for 1962 is coming to Colorado City Friday," announces Jay Adams, owner-manager of Jay Adams Chevrolet, 877 E. 2nd St.

"We'll have the new models on display and can offer a wide choice of models and colors to all interested motorists in the county," he said.

Adams will have 2 1962 Super 88's and a Cutlass on display in his showrooom when it opens Friday morning.

Adams emphasized that the new Oldsmobiles are even quiter, more comfortable and smoother in operation this year.

Pointing out that Oldsmobile's 4 stage Hydra-Matic transmission has been improved for 1962, he explained that a new "pressure-compensated shift pattern" provides a smoother transition between the 41 speed ranges. And, on the full-size cars, the Hydra-Matic utilizes counter-phased gear sets — which eliminate most gear noise, even in neutral.

"New engine designs included a new combustion chamber shape and higher (10.25 to 1) compression ratios in the Rocket engine," Adams says.

"In the case of the Dynamic 88," he continues, "its ultra high compression 280-horse power Rocket engine delivers increased miles per gallon on premium-grade gasolines." (A 260-horsepower Rocket engine with an 8.75 to 1 compression ratio is available as an option at no extra cost for those who prefer to use regular-grade gasoline.

Maximum brake horsepower of the 1962 Skyrocket (4-barrel carburetor) engine standard on both the Super 88 and 98 series, is increased to 330.

The ultra-high compression (10.5 to 1) Starfire engine, at 345 horsepower, represents 1 horsepower to every 13 pounds of car weight.

The new Starfire Coupe is equipped with front bucket seats and a sports-type power console.

Standard equipment on both Starfires included the 4-S Hydra-Matic transmission, power breaks and dual exhausts.

Easy installation of seat belts is provided by reinforced brackets which are standard equipment on all 1962 F-85's, Dynamic 88's, Super 88's, 98's and Starfires.

Steering wheel diameters have been reduced 1 inch and have also been raised for increased clearance between the wheel and the front seat.

Adams also says that a self-adjusting feature has been incorporated in the power braking systems of the full-size 1962 Oldsmobiles. This feature automatically compensates for brake lining wear by adjusting the clearance between lining and drum, eliminating the need for frequent brake adjustments.

The three center main crankshaft bearings on the Rocket, Skyrocket and Starfire engines have been lengthened to provide additional crankshaft support. This results in quieter and smoother engine operation.

"Many improvements," Adams says," are designed for greater customer satisfaction through greater product reliability."

Wheelbases on the 1962 Oldsmobiles are unchanged at 123 inches for the 88's and 126 inches for the 98's.

Oydsmobile's Something New"

Oldsmobile of 1962 will fecture a new line—the F-85 models. Shown in top photo is the Cutlass convertible with bucket seats and aluminum engine. A Cutlass will be on display Friday at Jay Adams Chevrolet, 877 E. 2nd St., as he introduces the 1962 Olds line of cars. Adams will also have 2 Super 88's on display. Shown at the bottom is the F-85 sports convertible.

"While the new Oldsmobiles appear considerably longer than the 1961 models, their over-all length has actually been increased less than 2 inches," Adams states.

Seventeen body styles are offered in the 1962 Dynamic 88's Super 88's and 98's.

Fifteen exterior colors and 6 harmonizing interior combinations are offered, all of them of durable, high-luster acrylic-lacquer, Adams concludes.

Attend Reunion

Mr. and Mrs. E. A. Oden and family of Westbrook attended the Wagner-Brown family reunion in Big Spring Sunday.

Ex Resident, Ronny Gurley, Heads Group

Ronny Gurley, former coach in Colorado City Junior High School, was recently elected president of the Texas State Juvenile Officers Association.

Gurley is Juvenile officer for Sweetwater and Nolan County and left Colorado City in the summer of 1959 to accept that post.

He was named to the post at the conclusion of a recent joint, 5-day meeting of the association and the Texas Institute on Children and Youth conducted in Kerrville.

He succeeds Jack Landrum of Abilene in the president's chair.

He was also appointed to the board of directors of the TICY organization.

Gurley is a native of Tahoka and a graduate of North Texas State College. He is married and has 2 children.

Return Home

Mr. and Mrs. P. E. Clawson of Westbrook returned home Monday following a visit in Mount Pleasant with his mother who returned home with them.

IN WESTBROOK SCHOOL

Judy Ranne to Head FHA Group

WESTBROOK—Judy Ranne was elected 1961-62 president of the Westbrook High School Home Economics class here this week.

Serving with her will be Janie Putman, vice president and year book chairman; Donna Bryant, secretary; Marie Putnam, treasurer; Tanya Boatright, historian; Vickie Jarratt, pianist; June Ritchey, song leader; and Faye Conaway, reporter.

Mrs. Evelyn Maughon is class sponsor.

The class will attend the District 4 Future Homemakers of America meeting in Big Lake the first week in October.

* * *

The junior class of the local high school will sponsor a car wash in the George Dawson service station here Saturday.

Proceeds from the project will be used to finance the junior-senior banquet at the end of the school year.

Washes are $1 each and a wash and polish job is $5.

* * * *

Westbrook school teachers were special guests at the first regular meeting of the Parent-Teachers Association here last week.

The organization's 1961-62 officers were installed at the meeting. They are Ralph Bryant, president; Mrs. Clyde Chambers, vice president; Mrs. Herman Parsons, treasurer; and Mrs. Jo Parrish, secretary. Mrs. Witt Hines installed the new officers.

Serving at the refreshment table for the event in the school's cafeteria were Mrs. E. A. Oden, Mrs. Troy Lankford and Mrs. Bryant.

Rev. Kenneth Andress presented a devotional, "Bothered by Brevites and Inspired by Immortality."

The sixth grade won the $2 room count prize for having the most parents present. Approximately 70 attended the meet.

In a business session, it was reported that last year's project of shelf construction in the stage dressing rooms had been completed and that a projector table had been purchased.

Sunday Dinner Guests

Mr. and Mrs. N. F. Hall and daughter Donna and Mr. and Mrs. R. L. Hall of Westonia were dinner guests Sunday in the Colorado City home of Mr. and Mrs. Jim Barkley.

OF WESTBROOK CHURCH

Mrs. Bell Re-Elected Baptist WMU President

WESTBROOK— Mrs. W. A. Bell was re-elected president of the Woman's Missionary Union of the First Baptist Church here last week.

Serving with Mrs. Bell will be Mrs. L. Hazlewood, enlistment; Mrs. J. M. Byrd, program; Mrs. T. E. Lewis, secretary-treasurer; Mrs. Altis Clemmer, prayer chairman; Mrs. Kenneth Andress, mission chairman; Mrs. A. G. Anderson, community missions chairman; and Mrs. Hoyt Roberts, stewardship.

The group's official meeting time has been changed to Mondays at 9:30 a. m.

The group formerly met Wednesday mornings.

Four members met Monday at the church to begin study of the book, "Christians Sharing Possessions." the call to prayer was given by Mrs. Andress and Mrs. Bell led the prayer.

Members of the Intermediate Girls Sunday School Class of the First Baptist Church here honored members promoted to the Young People's class here Monday night in a meeting in the home of their teacher, Mrs. Herman Barsons.

The honorees, Louise Lewis and Donna Henderson, were presented gifts. They will enter the new class Sunday.

Entertainment included films of the 1961 Tumbleweed Festival in Colorado City and films of Mrs. Parson's vacation trip this summer in Florida.

Present were Darlene Lankford, Margie Lewis, Maritha Oden, Sandra Bryant, Carole Ann Bell, Vackie Jarratt, Claudine Read, Janella Williamson, Lynda Sullivan, the honorees and Mrs. Parsons.

The First Methodist and the First Baptist Churches here joined together last week in collecting donated used clothing for the victims of Hurricane Carla.

The donations were taken to Big Spring's Salvation Army collection point by a Mitchell County truck.

Several local citizens have relatives living in the huge area struck by the destructive hurricane.

Dalton Conaway and son Williams recently returned from Houston where they visited his brother who escaped major property damage from the hurricane.

Mr. and Mrs. Sidney Jones are presently in Freemont visiting her sister and family who lost their home in the storm.

Mr. and Mrs. P. E. Clawson learned by long distanc telephone recently that their children living in Corpus Christi escaped the storm.

CONNECTING LINK

Texas Electric Opens New Line

A 95-mile section of Texas Electric Service Company's new338-mile transmission "tie line" between Fort Worth and the Permian Basin area of West Texas now has been put into operation, it was announced today (Thursday) by Beeman Fisher, president and general manager of the company.

Texas Electric's business office is located at 153 Oak St. here and the company has a power plant southwest of here at Lake Colorado City.

The part of the line now in use is between Fort Worth and Graham, Fisher said. The section between Graham and Big Spring is under construction. The entire line, supported by steel towers designed and made in Texas, is scheduled to go into operation by May, 1962. Odessa is the western terminus of the line.

The Texas Electric line, to operate initially at 138,000 volts, is designed for ultimate operation at 345,000 volts. The line will become part of the power system of the company which now includes a network of 69,000 and 138,000 volt lines and 8 large steam-electric power plants.

The power output of these power plants, which are here in Colorado City and at Fort Worth, Wichita Falls, Graham, Eastland and Monahans, is controlled at a central dispatching center that makes use of a micro-wave communication and electronic control system.

Texas Electric will build an extension of the new 345,000 volt line from Fort Worth to a point east of Grand Prairie, where in 1964 it will interconnect with a similar line which will more firmly connect the power systems of Texas Electric, Texas Power and Light Company, Dallas Power and Light Company and Houston Lighting and Power Company. Texas Power and Light Company will build the line to a point near Jewett where an interconnection will be completed in 1963 with a line constructed by Houston Lighting and Power Company.

The 4-company transmission line project, Fisher said, will bring about one of the nation's largest and strongest reservoirs of power. The power plants of these companies have a total of 6 million kilowatts of power generating capability.

This project is an example, according to Fisher, of how electric power companies in the nation are working to interconnect power systems and further strengthen transmission facilities to benefit electric service customers by making possible improved efficiency and economy of operation.

He also pointed out that this program of the various power companies in the United States means that the nation's supply of electric power will be more secure in the event of war because large blocks of power can be transmitted quickly to areas which may be affected by enemy action.

Fisher said the nation's investor-owned electric utility companies plan to spend about $8 billion for new electric power transmission facilities through 1970. At present these companies have a total investmen of 6.7 billion in transmission facilities.

"With only about 1/16 of the world's population, our country now has about 1/3 of the world's power producing capacity," he said. "We have more electric power capacity than the next 5 countries of the world combined."

Fisher also pointed out that, although the United States has only 1/3 of the area of the Soviet Union, this country has about 5 times as many miles of transmission lines as exist in Russia.

Visit in Loraine

Mr. and Mrs. T. J. Webb of China Grove were in Loraine Saturday visiting Mrs. Stella Ellington and daughter.

WOLVES—

Continued From Page 1

yardage later in the year. With his experience, he could be an all-district candidate if he keeps improving.

The odds are against the Wolves, but that's nothing new to them. But since the advent of Christy it has become an exception to the rule instead of the general rule and a good Wolf showing against the Lobos is all that's needed to convince most that the Wolves are headed for another stellar year on the gridiron.

The Wolves won't curl up and play dead—state ranked opponent or not.

IN SKULL PRACTICE

Coaches Prep Team

Head Coach Sam Christy and assistants, Ken Kearns, Caddo Matthews, and Jeff Walker, have been getting the Wolves in top shape before each ball game for the past three weeks.

Coach Christy has been working on offensive and defensive drills. He says, "The boys are trying hard and playing good football. They have been making good blocks downfield, and the offense looks really good."

Coach Kearns works with the backs on offense and defense, puts on new plays for the backs and works with them on pass defense. He also works with Christy on the over all team.

Coach Matthews works with the B-squad on both offense and defense. He says, "The boys show promise to have a fine football team, and they're working hard to be on the varsity next year."

Coach Walker never sees the A-team play because he is chif scout o fthe coaches and works with the "Bean Bandits" (the second team) when they scrimmage the first.

All coaches went to Austin for coaching school August 8, to prepare for the oncoming year.

Coach Christy spent part of last summer going to school at ACC and teaching driver education. He went on vacation to Corpus Christi and Brownsville.

Coach Kearns spent some of his summer teaching driver ed. North Caroling was the spot for his vacation.

Coach Matthews taught American history in summer.

All of the coaches painted helments and got equipment together the latter part of the summer.

Skull Practice

Head Coach Sam Christy is going over a key play for the high school coaches. Left to right, Ken Kearns, Jeff Walker, and Caddo Matthews who will be looking for the Wolves' third victory Friday night.

Wolves Nix Bearcats Jinx

By RICHARD HARRISON

Colorado Wolves broke the Ballinger jinx Friday night in Wolf Stadium by a score of 13-0.

Wolves kicked off to start a scoreless half. Bearcats could not penetrate the sturdy Wolf defense which held them to 13 yards all night. Wolves gained ground in the first quarter and twice got within Ballinger's 10-yard line only to lose the ball on a fumble and on downs. First half was strictly a defensive battle with the Wolves' gaining most ground. Half ended in a 0-0 tie.

Wolves received to start the second half and again a slow quarter began. No score was made, and both clubs were held to little yardage. Early in the fourth quarter Ballinger punted and backed the Wolves deep in their own territory. On the first down, tailback Ken Northcutt raced 85 yards for a touchdown and brought a lifeless crowd to its feet. Extra point conversion failed.

Later in the fourth quarter end Steve Hillhouse took a pass from Dan Latimer for the second touchdown. Mike Andrews kicked the extra point and brought the score to 13-0. Wolves kicked off and Ballinger started a drive that ended when Hillhouse intercepted a pass on the Wolves' 40 yard line to end the six year jinx.

Three Lettermen To Aid District Play

Girl's volleyball team has three returning lettermen for the coming season.

Mary Frances Mitchell, Glenda Feaster, and Judy Root are the returning veteran players.

"The team should do well in district play. We don't have much experience, but we do have spirit," stated Mrs. Joe Emerson, coach and physical education teacher.

Sixty-five girls are enrolled in physical education classes. They will be playing basketball, volleyball, ping pong, badminton, and other sports throughout the year.

Free ROTOS

Scholastic ROTO, the high school world in picture and paragraph, will be passed out free at Colorado High School this year by the Journalism Department. The Roto is distributed monthly by the National Scholastic Press Association.

Sports Slants

BY CONNEL AND WOMACK

Football is well underway now, and the Wolves have two victories under their belts.

Wolves have defeated Post 57-0 and Ballinger 13-0, beating the Bearcats for the first time in 7 years.

Footballers have a new ball carrier, a tackling dummy, swinging in the air from a cable. This has been a great aid to the players tackling.

Some of the boys doing a real fine job for the Wolves on defense are: Jerry Whitaker, tackle; Darrell Davis and Bill McGuire, guards; Steve Hillhouse, halfback; Jim Womack and Ken Northcutt, linebackers. These boys really take things seriously and put forth a sincere effort. That's what it takes.

David Lewis is now called "The Little Field General" by his teammates. Lewis, a 130 pound quarterback, runs the club like he owns it and should be a great leader next year.

Jerry "Monkey" Mayo, senior wingback, tore a cartilage in his knee and will miss about three or four weeks of action.

Bill McGuire is one of the most improved players on the squad. He came from the freshman team to the A-team and is still looking better. Bill will probably start some games on offense and is already a regular on defense.

Mike Andrews is the kick-off and extra point kicker for the Wolves this year and is doing a real fine job. Charles Houston punts and does some of the kicking-off for the Wolves.

The Quarterback Club, which backs all Wolf efforts, has more members than it has had since 1954. They have almost reached the 301 total of 1954.

Wolves will take on the powerful Monahans Loboes in Monahans Friday night. The Loboes have 14 returning lettermen from their last year's team which compiled a whopping 11-1 record. The Loboes and Wolves are both undefeated this year.

Wolves B-team have won their opening two games. Coach Caddo Matthews has really put fire and hustle in these boys.

B-teamers won over Lakeview B-team 38-14 in their opener. Outstanding boys in this game were Ronnie Lightfoot, Raymond Kincaid, Larry Damborsky, Dale Walker, Melvin Morgan, and Richard Smith.

B-Wolves defeated Midland Lee's B-team 80 last Saturday in Midland. End Danny Kennemer intercepted a pass and ran the only touchdown of the game. Quarterback Walker then added the 2 extra points on a keeper around end.

Coach Jeff Walker has also been working with the B-team as well as the A-team.

PERSONALITY REVIEW

Spotlight Turns to Mike, Betty

By SUSAN HUGHES

As the new school year begins, students see familiar faces. Standouts in the senior group are Mike Andrews and Betty Buckner, for both are nappy and friendly.

During Mike's years in Colorado High, one could certainly say that he has made a name for himself.

Lettering last year, he is a versatile back for the Wolves. He participates also in basketball and baseball.

Mike has had many honors bestowed upon him during high school. Elected junior class favorite, Mike was also chosen as one of the ten most valuable juniors. He holds the office of Student Council representative for the senior class. Mike cleverly played the part of "Terror Tripp" in the junior play for which he drew outstanding audience response.

During the summer, Mike worked for his father and took several short trips to various parts of Texas. After graduation, Mike plans to attend Texas A&M to study veterinarian science.

When asked about the school spirit of CHS this year, Mike grinned and replied, "I think the school spirit this year is great, and it could not be improved."

BETTY BUCKNER

"Always ready to lend a helping hand" is a pharse that well applies to Betty Buckner, a classmate all CHSers know.

Betty participates in many activities. She is treasurer of National Honor Society, parliamentarian for Wolverines, president of Jet Maskers, and active in FTA and Mixed Choir.

Last year, Betty represented the Baptist youth in her district at the State Speakers' tournament in San Antonio. She placed fifth in the state in her age group.

This year Betty serves as chaplain of the Student Council. When asked what her future plans for the office are, she replied, "I'd like to have several musical devotionals and discussions by local citizens. More preparation will be made than before, and programs will be presented at least once a week."

Betty plans to attend Howard County Junior College and Hardin-Simmons where she will major in speech therapy.

Classmates chose Betty as one of the ten most valuable juniors, and she played Madge Van Loom in the junior play.

In response to the question, "How do you think CHS is this year?" Betty smiled and said, "I believe the school has more unity than ever before, and the students are more interested in preserving the dignity and traditions of Colorado High School."

Refreshing Pause

Betty Buckner and Mike Andrews take a break in the long day for a quick coke and a short chat.

Student Helpers

Seventeen Colorado High School students are lending helping hands in the library and offices this year.

Qualifications used in choosing office help are dependability, integrity, good manners, and ability to meet and introduce people, Principal E. M. Findley said.

Assisting in Mr. Findley's office are Lanette Spivey, Jimmy Costin, Calvia Johnson, Ricka Guitar, Nelda Schoolcraft, and Joel Lee.

"This is the first year we have used boys in the office, and we find they are very good," says Mrs. W. D. McClure, secretary.

Duties performed by T. D. Wiman's office aids are acting as receptionists, answering the telephone, typing, and duplicating. The students are Steve Hillhouse, Gayle Stone, Twila Edwards, Susan Hughes, Laurette Moser, and Mary Francis Mitchell.

Miss Clydine Stickney has five girls helping her check out books, file cards, and many other jobs pertaining to library maintainence. They are Linda Spruit, Mavis Cauthen, Mary Yost, Judy Rodgers, and Marie Brown.

Ann Sellier Gives Talk To Quillers

Ann Sellier presented the program, "A School Publishes the Community Paper", Thursday in room one at the first meeting of the Quill and Scroll, International Honor Society for High School Journalists. Susan Hughes will have charge of the program for October.

Shana Noble, president, presided at the business meeting. Main topic for discussion was suggestions for Howl Night theme. Members are to bring suggestions for a theme to the next meeting.

Also discussed was entry in the Homecoming parade. As Quill and Scroll is not a money-raising organization, it will not compete for a prize.

Second Thursday of each month has been set for the meeting of Quill and Scroll. New members will begin pledging October 6. To become a member of the society, one must rank in the top third of all classes.

Mrs. Gerald Gordon is sponsor of the local chapter.

Spanish Club Plans Year

"Circulo de Espanol is planning a better year," says Ricka Guitar, president, "than ever before."

Three committees have been set up. Anne Rhode is chairman of the scrapbook committee. She will be assisted by Alexis Cowan and Jeanie Gundrum. The scrapbook will be sent to Pan American Spanish Forum, to which the club belongs.

Myrna Feaster heads the program committee which will have a program on alternate meeting dates. She will complete her committee.

Betty Worrell heads the float committee and will spearhead participation in Homecoming Parade. Her assistants have not yet been named.

Spanish Fiesta will be observed March 2. Best costumed girl and boy will be crowned queen and king to reign over festivities.

Other officers are Betty Worrell, vice-president; Betty Weatherly, secretary-treasurer; and Jeanie Gundrum, Student Council representative.

THE HOWL

COLORADO HIGH SCHOOL THURSDAY, SEPTEMBER 21, 1961 VOLUME 14—NO. 2

Instructors New at CHS

Colorado High boasts four new instructors and a guidance counselor and co-ordinator.

New teachers are Mrs. Joe Emerson, physical education and athletics, Mike Burt, shop, mechanical drawing, and junior high P. E. class; Benny Pryor, vocational agriculture; and Wesley Collier, plane and solid geometry, trigonometry, and physics; and T.D. Wiman.

This is Mrs. Emerson's first year to teach. She is a physical education major from College of the Ozarks where she actively participated in college basketball.

Mr. Collier hails from Bryan. He holds Bachelor's and Master's degrees from Baylor. He attended science institute at Texas A & M last summer.

Texas A & M industrial arts major, Burt, holds his Bachelor's degree. He has had two years teaching experience in San Antonio.

Mr. Pryor came from New Home where he was an instructor for nine years. He earned his Bachelor of Science degree from Texas Tech and is presently working on his Master's degree.

Tool Use Review Aids Shop Starters

Basic principles of constructing and tool use are being taught by Mike Burt, shop teacher in CHS.

In the past three weeks the classes have been designing and making clipboards. Shop is a course that teaches students to use their hands. It prepares one for further exploration in wood work.

Mr. Burt commented, "The classes are larger than I expected, but most of the boys work hard; and they are planning other projects after they finish their clipboards."

There are ten students in the three shop classes.

Lee Heads FHA Girls

Janie Lee will lead FHA as president for 1961-62.

Sue Holman will serve as first vice president; Myrna Feaster, second vice president; Lynda Carter, secretary; Glenda Feaster, treasurer; Angelina Perales, parliamentarian; and Marilynn Russell, Student Council representative.

Seniors, Juniors, Sophomores Elect Officers, Representatives

Classes are busy organizing and getting ready for the upcoming year.

SENIORS

Senior home rooms met Monday, September 11, in first session of the year to elect Student Council representatives.

Lynda Carter was elected from Steve Stevens' home room. Kenneth Northcutt was chosen by Miss Jane Merrill's group. Larry Oliver was elected by Wesley Collier's seniors.

Senior class officers are President Danny Latimer, Vice-President Larry Oliver, Secretary Jeanie Gundrum, Treasurer Judy McGuire, Student Council Representative Mike Andrews.

JUNIORS

Billy Harris will lead the junior class as president during the current year.

Elected at a class meeting Monday, Billy will serve with the following: vice-president, Janie Lee; Joe Dean, secretary; treasurer, Carol Kendricks; Student Council representative, Mike Hart.

Prior to election of officers, Student Council Chaplain, Betty Buckner, spoke to the juniors challenging them to elect the worthy responsible students who will meet obligations.

Billy was an A-Honor Roll student during his sophomore year, a member of FTA, Wolf Band, Key Club, and Math Club.

Homeroom representatives are Alexis Cowan, Bryor's; Lanette Spivey, Craddock's; Jean Findley, Miller's; Bo Merket's homeroom has not elected a representative yet.

SOPHOMORES

Sopomore class officers for 1961-62 have been elected.

New president is T. J. Davis; Terry Redwine, vice-president; Linda Ross, secretary; and Melvin Morgan, See SENIORS Page 7

Wolf Pack Hunger for Lobo Meat

Colorado Wolves will play Monahans Loboes at Monahans Stadium, Friday night, at 7:30 p. m.

Wolves enter the game with a 2-0 record having scored 70 points in two games against their opposition. They have beaten Post and Ballinger. Neither team crossed the Wolves goal line.

Loboes go into the game with the same record as the Pack. They have beaten Crane 14-0 and Fort Stockton 24-0. Like the Wolves the rugged Loboes have not been scored on.

Wolves were defeated by Monahans the past few years and by a score of 24-8 in Wolf Stadium last year.

FTA Group Hears Findley

E. M. Findley, principal of Colorado High School, was speaker for the first meeting of Future Teachers of America Wednesday, in the auditorium.

Mr. Findley spoke of rewards received when one goes into the teaching profession. "Texas is short approximately 10,000 qualified teachers," he said. "We need many young people to enter this field. Although pay is not as high as in many professions, rewards are overwhelming."

Mrs. Gerald Gordon, sponsor, told of the district FTA meet in Odessa, Friday, March 10, 1962. She stated that if enough wished to attend, a bus would be arranged for their transportation. This would give the students an opportunity to see the teaching profession in action.

Committee for the Homecoming float was appointed by Judy McGuire, president. Ricka Guitar will serve as chairman and other members will be designated by her.

FIELD TRIPS SET

Ag Boys Choose Projects

Thirty-six boys are enrolled in Agriculture I, II, and III. Benny Pryor, vocational ag teacher, reports.

Approximately 50 barrows, 20 lambs, and three calves are being fed scientifically by class members. Field trips are scheduled throughout the year for the young agriculturists to observe good farm practice and modern methods, Mr. Pryor continued.

Participation in contests will be a part of this year's plan, Mr. Pryor explained. The FFA chapter will visit the Fat Stock Show in Ft. Worth.

Class members are Billy Adams, Norman Corbell, Kenneth Feaster, Jerry Geiger, Thomas Jay Goss, Allen Loving, Tom Allen Mann, Hollis Mize, Ronald Mosely, Joe Ornelas, Jerry Sanders, Kenneth Smith.

Charles Watlington, R. B. Treadaway, Donny King, Harry Johnson, David Turner, Barney Barnett, Phil Ball, Brain Lair, Larry Blassingame, Jerry Erwin, Melvin Gale, Jimmy Richey.

Richard Smith, Dale Walker, Ronnie Lightfoot, Lanny McKinney, O. D. Treadway, Norman Sanders, Gene Norman, Robert Geiger, Michael Geiger, and Jimmy Parmley.

Jet Maskers Hold Election

Election of officers was the main business at the first Jet Maskers meeting Wednesday, September 13.

Serving for the coming year are Betty Buckner, president; Marilynn Russell, vice president; Carolyn Morris, secretary; Gayle Stone, treasurer; Susan Hughes, reporter; Shana Noble, parliamentarian; and Pat Wilkes, Student Council representative.

Appointed chairmen of the float committee for the Homecoming parade were Lanette Spivey and Roger Richards. All Jet Maskers will be required to work on the float.

Gayle Stone and Orinea Faye Feaster will be responsible for programs. Leading recreation committee is Susan Hughes, with Don Hairston, Sue Ann Weiter, Pat Wilkes, and David Lindsey as committee members.

Sponsoring the speech club is Miss Gladys Miller.

OCTOBER 7

Council Debates Homecoming Fete

Discussion of plans for Homecoming was the main topic of the Student Council meeting, Tuesday.

"The executive committee has decided," stated Jimmy Costin, president, "that every club must enter a float in the Homecoming parade unless it notifies the office otherwise. This will eliminate any club not participating because of lack of interest or time. Homecoming this year will be run exclusively by the Council.

"A definite theme for Homecoming will not be set. It will be left for each club to choose as you deal see fit, Student

EDITORIAL

The Howl has made a change this year.

Instead of having a printed paper, The Howl has become an insert in the Colorado City Record.

The high cost of printing was the reason for the change.

This sticking with having their own paper, but the convenience of having an insert are great. It gives the journalism students a chance to be associated with a real newspaper.

What do you think about the change? We would like to hear from you. Drop by with a letter to the editor, and tell us what you think.

Kline and son Burt of Odessa and Mr. and Mrs. Porter Hammans of Midland.

Attend Texas Tech

Miss Carylon Murphy and Miss Pat Murphy, both of Loraine Grove, are attending Texas Tech College in Lubbock this fall.

Chevrolet Offers Diesels

Chevrolet's new line of 1962 diesel-powered trucks will be available here Friday, Sept. 29, through Jay Adams Chevrolet, Colorado City's Chevrolet dealer. The new 1962 Chevrolet pickups will go on display in Adams' showrooms the 29th Adams is located at 877 E. 2nd St. on east U. S. Highway 80.

AT JAY ADAMS

Chevrolet Trucks Here on Sept. 29

"The 1962 Chevrolet pickups and trucks will be here Friday September 29," reports Jay Adams, owner-manager of Jay Adams Chevrolet, 877 E. 2nd St.

"We have most new pickup models on display and complete information about all Chevrolet heavy-duty trucks that we offer," says Adams.

Introduction of diesel power in medium-and heavy-duty models, 2 new larger displacement engines, broader power team options across the line, lower hood lines for improved visibility and extra heavy-duty optional front suspensions highlight the 1962 Chevrolet truck line, he says.

Other features include restyled radiator grille to include single 8-inch headlamps in all but 3 series, optional alternating current generators on gasoline models and direct wheel pilots are used front and rear, for more positive alignment and less cab bounce. K-type frames formerly used on long wheelbase medium- and heavy-duty models are replaced by a ladder-type frame to facilitate mounting back-of-cab power equipment.

An interesting new cab feature Adams can install is a sliding rear window for all but tilt-cab models. Two overlapping panes in a double channel slide right or left for increased ventilation. As a convenience for drivers, front door locks have been moved to the left-hand door.

er engines and 2 V8's are continued for a total of 9 power plants.

A 261 cubic inch, 6 is being made available for the first time as a regular option in light-and medium-duty trucks with manual transmissions, except forward control models.

The Corvair 95-line features refinements in the design introduced last year. These include an automatic choke, an optional limited-slip differential redesigned double side-door locking mechanisms in panel models for easier operation and convenience of the driver and an optional single passenger seat which folds forward for easier access to the panel load compartment.

The diesel lineup consists of 15 conventional cab models on 5 wheelbases ranging from 133 to 197 inches with cab/axle dimensions from 60 to 124 inches. GVW range is from 15,000 to 23,000 lbs.

Several important improvements also have been made in chassis features on the 1962 Chevrolet truck line, reports Adams.

On light-duty models, full tional signals as standard equipment on all but one series.

Extended life mufflers are offered on all gasoline powered models. In the light-duty series, an aluminized shell inhibits corrosion. Medium-and heavy-duty model mufflers feature heavier gauge baffles for increased life.

"This new line of 198 different models offers our customers a wide choice of trucks," Adams says. "The need for more models designed for specific hauling jobs is typified by our entry into the growing diesel market in the medium-and heavy-duty field with 15 new models."

Engines available for the first time in the 1962 Chevrolet truck line include 1 General Motors diesel—a 212 cubic inch, in-line 4,—and 2 gasoline V8's of 327 and 409 cu. in. displacement. Four six-cylind-

NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

'62 CHEVROLET JOBMASTER TRUCKS!

WITH NEW High Torque Power

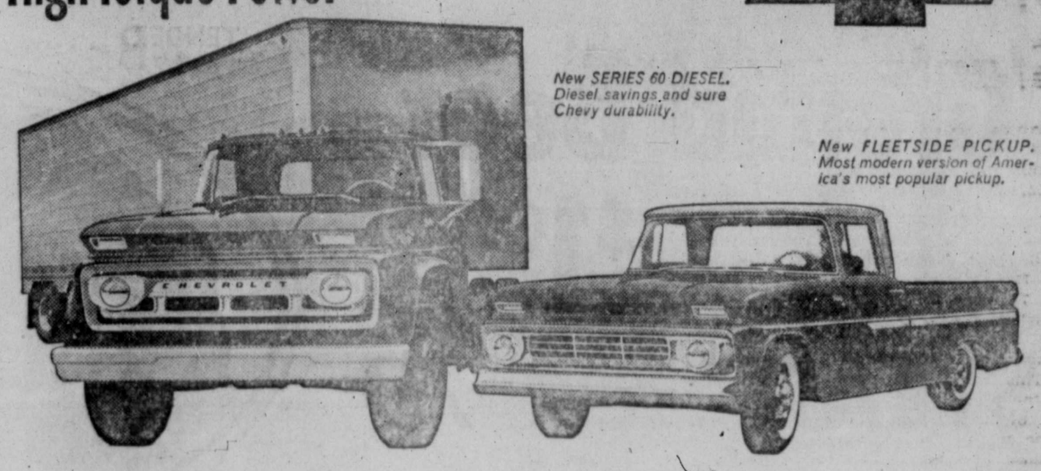

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class. Hefty new V8's with the highest torque in Chevrolet history. New diesel brawn for medium-duty models. And new power to pick from in light-duty models.

There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8*, with 16½ per cent more torque than ever before available from Chevrolet. Big news in the middleweight class is the new Chevy-GM 4-53 Diesel. It's compact, rugged, high in torque, and backed by years of GM Diesel experience. In the light-duty lineup, the High Torque 261 Six* adds new sock, new savings in extra-tough applications. You can pick from nine rarin'-to-work, ready-to-save engines.

Handsome new work-styling includes forward-sloping hoods that allow drivers to see as much as 10½ feet more of the road directly ahead. Chevrolet's famous independent Front Suspension gives you a smoother riding, easier working, longer lasting truck. New heavier duty, smoother hypoid rear axles for middleweights. Rugged new I-beam front axles* of 9,000- or 11,000-lb. capacity are available on Series 80 heavyweights. Mufflers are longer lived on all models.

You'll find a total of 198 models in the new '62 Chevy line—including three work-proved, versatile Corvair 95's. Every model is built to out-haul, outlast and out-value any other truck at anywhere near the price. See your Chevrolet dealer! *Optional, extra cost

SO QUIET and DEPENDABLE you'll forget it's there

FLAMELESS ELECTRIC WATER HEATER

...gives you all these advantages:

AUTOMATIC . . . FAST! Just install your quick recovery Electric Water Heater, set the thermostat and forget it. You'll have hot water when you need it . . . automatically!

CLEAN! No by-products of combustion. No fumes. An Electric Water Heater is as clean as electric light.

SILENT! An Electric Water Heater is completely noiseless. No start-up and shut-off sounds. No noise while water is being heated.

SAFE! No flame to blow out. No pilot light or flue to worry about. Flameless electric water heating gives you peace of mind.

ECONOMICAL! The tank is completely insulated—top, sides, even the bottom—to prevent heat loss. With immersed electric heating elements, all the heat goes into the water. None is wasted up a flue.

INSTALLS ANYWHERE! Because a quick recovery Electric Water Heater requires no flue, it can be installed anywhere in the house, close to the point of greatest use. This saves long pipe runs and consequent waste due to water cooling in the pipes.

Flameless electric water heaters are available in your choice of table top or round models. See them at your dealer's soon.
