The SDN COLUMN

It has been reported that a publication associated with the John Birch Society has labeled Twiggy sympathizing females and Vassar graduates as unfit candidates for marriage to true right wingers.

This could be a cruel blow, because there are undoubtedly many, both male and female, who feel that Twiggy is indeed entitled to much sympathy, much more than those girls who made a "worst dressed" list which made fashion news recently.

The worst dressed list had such notables as Elizabeth Taylor, Julie Christie, Racquel Welch and Jane Fonda in the line-up. Liz was described as resembling two boys fighting in a tent when she walked in her current attire, and there were similar barbs for Raquel Welch and the others. Poor Twiggy could not compete in this league unless the judges wanted to consider two pipe stems rolled in a hankerchief as bad taste.

At best, though, the "best dressed" and "worst dressed" lists are nothing more than bouquets and bricks tossed and hurled at themselves by the designers. They are the ones who make the decisions concerning the clothing and they are the ones who make up the "lists."

There's going to be some eating going on in the near future at the Scurry County Coliseum, and it has Gene Merrifield, the Chamber of Commerce manager, along with other persons identified with the activities, speculating. The test run comes Jan. 26 when the Chamber of Commerce will hold its annual membership banquet in the coliseum. They're hoping for a big turnout as always, but for more reasons than before. All are anxious to see how the chow line works out.

Jaycees will have their Outstanding Young Farmer banquet in the coliseum in February, and then comes the biggest test of all. The District IV West Texas Teachers Association convention will be the attraction in early March, and some 3,600 or more persons are expected. Just about every eating facility in town will be utilized for various groups of that convention and when all are filled there probably will be several hundred more to feed. This will be the big test, not only for the coliseum, but for the entire community. —WACIL McNAIR.

Connally Reserves Right To Reconsider

BY THE ASSOCIATED PRESS

A new candidate entered the Texas governor's race Thursday, and Gov. John Connally said he may reconsider and run for another term after all.

The latest contender, while Sen. Ralph Yarborough, D-Tex. and others still debate whether to follow suit, is Pat O'Daniel, 49, a Dallas insurance man. He promised to file in the 1968 primary today with the secretary of state in Austin.

O'Daniel is a son of W. Lee O'Daniel, who surprised political observers by winning election as governor in 1939 and moved up to U.S. senator two years later, serving until 1949.

Meanwhile Connally, who told newsmen Nov. 10 he would not bid for a fourth term, indicated some second thoughts about running again. The governor told newsmen he still did not want to seek re-election but would do so if his administration became a target for "character assassination" in this year's campaign.

There also was some pointed comment from Sen. Ralph Yarborough, D-Tex., who has showed signs of wanting to make still another race for governor; Don Yarborough, another one-time candidate for the office who is not related to the senator, and Lt. Gov. Preston Smith, the first man to announce in the current campaign.

All the announced and potential contenders so far are Democrats. There has been no strong clue to who may enter the Republican primary.

Rep. George Bush, GOP congressman from Houston, cancelled a news conference set for Saturday in Austin. There had been speculation that he might disclose his intentions then. Instead Bush said he would reveal his plans about Monday, adding that he might run for U. S. senator if the Democratic incumbent seeks the governor's office.

Sen. Yarborough, insisting he still had not reached a decision, said in San Antonio he was confident of winning if he ran for governor. He likewise predicted defeat for Connally if the governor bids for a fourth term.

The senator again denounced the administration of Connally, a political foe, declaring, "I can't think of one more unprogressive in the last 30 years."

Don Yarborough, from Houston, predicted in Fort Worth that Sen. Yarborough will make the race for governor and win the nomination in the Democratic primary. He said he would not necessarily become a candidate, as predicted by some observers, in event the senator did not.

Smith, the only formally announced candidate for governor so far besides Dallas radio-television executive Gordon McLendon, expressed doubt that Sen. Yarborough would be among his opponents.

WIN AWARDS — Molly Walker and Tommy Bullard, senior students at Snyder High School, have been selected as Outstanding Teenagers of America for 1967 by the Outstanding Americans Foundation. They were presented at general assembly yesterday morning by Ben Brock, high school principal.

BOWLES IN CAMBODIA

US Pledges To Avoid Aggression

BANGKOK, Thailand (AP) — U.S. Ambassador Chester Bowles has promised Cambodia the United States "will do everything possible to avoid acts of aggression against Cambodia," according to a joint communique issued today at the end of Bowles' five-day mission to Phnom Penh.

At the same time, the Soviet Union moved quickly to oppose any agreement Bowles and Prince Norodom Sihanouk might have reached to restrict the use of Cambodian territory by the Vietnamese Communists.

The communique, also released in Washington, reflected no iron clad guarantee the United States will not employ hot pursuit if attacks persist from Viet Cong and North Vietnamese troops using Cambodia as a sanctuary.

The communique said in part: "Ambassador Bowles renewed American assurances of respect for Cambodian sovereignty, neutrality and territorial integrity. He expressed the hope that the effective functioning of the International Control Commission would avert violations of Cambodia's territory and neutrality by forces operating in Vietnam."

The United States is prepared to provide "material assistance" to the commission, composed of India, Canada and Poland, to increase its ability to supervise Cambodian neutrality, it continued.

In a key statement, it declared: "Ambassador Bowles, convinced of Cambodia's good faith, emphasized that the United States of America has no desire nor intention to violate Cambodian territory. He assured the Cambodian government that the United States will do everything possible to avoid acts of aggression against Cambodia as well as incidents and accidents which may cause losses and damage to the inhabitants of Cambodia."

Leathernecks Beef Forces

By ROBERT D. OHMAN
Associated Press Writer

SAIGON (AP) — The U.S. Marine force in South Vietnam's two northernmost provinces increased to 35,000 men today as another regiment was moved north to meet the threat of North Vietnamese divisions around the demilitarized zone.

Senior Marine officers said there are indications that the Communist troops will concentrate on the provinces of Quang Tri, which fronts the DMZ, and Thua Thien, just below it, in their expected spring offensive in the north.

The shift of the 3,500-man 5th Marine Regiment from an operating area south of Da Nang gives the Marines three more maneuver battalions—which can cover a wide area and aren't tied down in static defensive positions—in Thua Thien. Only two Marine battalions had been operating in the province generally.

The enlarged Marine force, together with about 12,000 South Vietnamese infantrymen, makes the allied and Communist forces in the DMZ theater of war about equal in infantry manpower, according to intelligence reports.

Today In History

Today is Friday, Jan. 12, the 12th day of 1968. There are 354 days left in the year.

Today's highlight in history:

On this date in 1737, the first signer of the Declaration of Independence, John Hancock, was born.

On this date:

In 1943, a band of colonies led by Samuel Gorton settled Warwick, R. I.

In 1856, the painter John Singer Sargent was born in Florence, Italy.

In 1911, President William Howard Taft asked Congress for funds to fortify the Panama Canal.

In 1933, Hattie Caraway of Arkansas became the first woman to be elected to the U. S. Senate.

In 1944, during World War II, British Prime Minister Winston S. Churchill and French Gen. Charles de Gaulle conferred at Marrakesh in Morocco.

In 1945, German forces were retreating in disorder in the World War II Battle of the Bulge.

Ten years ago — The Soviet Union proposed a zone free of nuclear weapons from the arctic circle to the Mediterranean.

Snyder Students 'Top Teenagers'

Two Snyder High School students — Molly Walker and Tommy Bullard — have been selected as Outstanding Teenagers of America for 1967.

Presentation of the awards was made by High School Principal Ben Brock during general assembly yesterday morning. He made the presentation on half of the Outstanding Americans Foundation.

The OAF is a nonprofit foundation dedicated to honoring, inspiring and encouraging young people to take full advantage of the opportunities in America. It sponsors this awards program annually.

Recipients of the honor were selected on the basis of ability and achievement, said Brock. He added that they will compete with other winners in their state for the Governor's Trophy, awarded annually to the most outstanding teenager in each state. They also will be eligible for one of the top ten national awards and college scholarships made available by the OAF.

Tommy and Molly both are senior students at Snyder High School and both are members of the National Honor Society. Each has won recognition for various school activities. For instance, Molly is majorette of the Black and Gold marching Land while Tommy is a two-year letterman on the basketball team. He also has competed in baseball and track.

The Outstanding Teenagers of America Awards Program is guided by a distinguished board of advisors representing major youth organizations and educational institutions.

Heading this board of advisors is Doug Blankenship, past national president of the U. S. Jaycees. Included among the board members who serve with him are Joseph A. Brunton, chief scout executive, Boy Scouts of America; Paul Gray, executive secretary, Future Farmers of America; George Gullen, National YMCA President; James Jeffrey, executive director, Fellowship of Christian Athletes; Mrs. Robert S. McClellan, director, College and Junior Red Cross, Washington, D. C.; Grant A. Shrum, executive director, 4-H Foundation; and, Dr. Eric Walker, president, Pennsylvania State University.

John Putnam, president of OAF, said it is the goal of this awards program "to recognize and encourage the ability and achievements of today's young people. They are America's leaders of tomorrows."

Winners of the 10 national awards each receive a $1,000 college scholarship. Final judging will be in April of 1968.

Tax Values Of Hermleigh School Hiked

HERMLEIGH — The Hermleigh Independent School District Board of Trustees has voted unanimously to raise the tax valuation on all personal and real property within the district by 25 per cent.

The increase will become effective for the 1968 - 69 school year.

Loss of students and rising cost of operations were cited as reasons for the increase. The Hermleigh district is paying salaries of two teachers out of its local funds for the first time this year.

WTSB Has Annual Meet

Stockholders of West Texas State Bank held their annual meeting Thursday and re-elected officers and directors.

The management of the bank reported that 1967 was one of West Texas State Bank's better years.

Directors are Wayne Boren, who serves as chairman of the board; H. W. Cargile, president of the bank; H. H. Eiland, chairman of the executive committee; Martin Brooks, executive vice president; Bill Eiland, vice president (inactive); Herman Doak, R. C. Patton, C. V. (Whit) Thompson, and Bilby Wallace.

Other officers of the bank include Dale Stuard, cashier; Jeanelle Allen, Syble Bley, Max Shaw and John A Greene, assistant cashiers.

Hearings On Trains Here Are Delayed

Santa Fe Railway's plans to discontinue passenger trains here apparently have sustained a setback.

The Associated Press reported from Austin that a series of hearings scheduled this month in connection with Santa Fe's application to drop several passenger trains in the state had been postponed indefinitely.

The commission said that Santa Fe's applications did not meet commission requirements. There was no specific information as to the nature of the requirements involved.

First of the series of hearings was to have been held next Monday at Austin. A delegation representing the Chamber of Commerce and other interests here had planned to attend the hearing Jan. 25 at Lubbock.

The Railroad Commission gave Santa Fe until Feb. 5 to amend its applications. Meanwhile, passenger service continues on the Santa Fe in Snyder.

SUPPLIES RUN LOW

Cities Cry For More Stamps

NEW YORK (AP) — Send more stamps.

That's the cry of postmasters around the nation, faced with long lines of people trying to adjust to the higher postal rates which went into effect Sunday.

An Associated Press survey showed supplies of the new six-cent first class and 10-cent air mail stamps were low in some centers, particularly outside large cities. Many post offices were completely out of penny stamps sought by people who were left with a stock of the old five-cent kind.

The Denver post office was completely out of one and two-cent stamps. It had enough six and 10-centers to meet the demand, but had only sheets of stamps, not coils.

Things were even worse in Enid, Okla. The post office was all out of ones, twos, threes and sixes and was waiting for an emergency order to ease the situation.

Postmaster John J. Slattery in Waterbury, Conn., put in an emergency order for 50,000 penny stamps added to his regular order of one million one-centers. The post office began selling half-cent stamps after it ran out of the penny ones.

Six Are In Honor Band

Six members of the Snyder High School Black and Gold Band have been selected to membership in the All - Senior Honors Band sponsored by East Texas State University.

The students were selected from applicants of senior musicians throughout the state.

Selected from Snyder are Caroline Stansell, bassoon; Jimmy Davis, flute; Doris Everts, alto saxophone; Roy Bartels, baritone; John Thomas, cornet; Tommy Bruce, alto clarinet.

The students leave for Commerce this afternoon and the Honor Band will rehearse all day Saturday and perform for the public in concert Saturday evening.

HUMANE ASSOCIATION REPORTS

Child-Protection Laws Inadequate

DENVER, Colo. (AP) — The American Humane Association said today this country is failing in its obligations to mistreated and neglected children.

In a repor based on a two-year survey, the association charged that not a single state has a child protective program "adequate in size to meet the service needs of all reported cases of child neglect, abuse and exploitation."

Vincent De Francis, director of the children's division of the association, said in an interiew that "we are at least 25 years behind the times in giving the right kind of care and protection for the abused or neglected child."

The AHA has its headquarters in Denver. The report is based on a survey of all 50 states plus Washington, D.C., Guam, Puerto Rico and the Virgin Islands. De Francis directed the survey, financed by the Child Welfare Foundation of the American Legion.

The survey aims sharp criticism at "accumulatory report" laws in 26 states. Such laws have the effect, the report said, of requiring "the doctor or whoever else may be reporting to struggle with his conscience, or with ethical considerations."

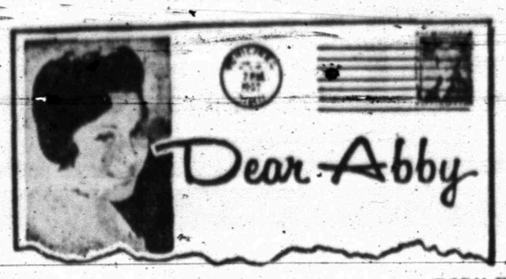

It added the person reporting a case of "child abuse should not be asked to assess the intent of the perpetrator in terms of whether the act was willful or not." Also, he should not be asked "to identify the perpetrator," the report said, even in such terms as parent or caretaker.

The survey, De Francis report said, is concerned with "a program which seeks to prevent neglect, abuse and exploitation of children by 'reaching out' with social services to stabilize family life."

It said 50 per cent of the states expressed a need for a change in laws to define more clearly protective services and emotional neglect, and two-thirds said adequate financing is needed. Officials in 22 per cent of the states said they need larger and better qualified staffs for child protection.

De Francis told a reporter that "there probably are 100 cases of child abuses for every one that gets into the newspapers." He said the association is hopeful the lengthy report "will be a yar stick by which each state can measure what it is accomplishing."

"The fact that the legislatures of all 50 states in a little more than three years," he said, "have enacted laws for greater protection of children is a significant sign of concern. Some of the legislation, however, has been hastily drawn."

By ABIGAIL VAN BUREN

DEAR ABBY: Where does everyone get the silly idea that if a woman isn't married she is a lonely, miserable, sex-starved creature?

I am 37 years old, could easily pass for 45, and I don't know a married woman I'd trade places with. I have four boy friends going at once, have a good-paying position, a home of my own, trade my car every other year, and I can do what I please with my own money.

I don't have to eat my heart out over a cheating husband, and I wouldn't have one around again on a full time basis for anything in the world. I am single by choice after having been married long enough to know what it's like. I like it better this way.

BORN FREE

DEAR BORN: I'll bet your boy friends like it better, too.

* * *

DEAR ABBY: I have been married for 26 years. During this time my mother has stolen several petty items from my home. They have not amounted to very much — certainly not enough to make a fuss about, but it has been very difficult for me to remain silent when I see them in her home.

The latest item, however, is a dinner ring my husband gave me for my 25th wedding anniversary. If I still had it I would wear it only on special occasions, but my mother never takes it off her finger. Every time I see her wearing my ring it makes me sick and nervous. How can she be so heartless?

My husband says that I am "nuts" — that I should ask my mother for my ring, but I just cannot bring myself to say the words. Can you tell me what to do? I hate scenes and trouble.

HEARTSICK

DEAR HEARTSICK: **My dear lady, your mother cannot possibly be of sound mind to steal a ring from you and wear it constantly in your presence. If you don't get your mother to a doctor and investigate her mental condition, your husband will have just cause to be concerned about your own.**

* * *

DEAR ABBY: You recently had a letter in your column from a service man who complained because he didn't get any mail. One very important question: Did he WRITE to anybody? My own case: My boy friend (finance) called me collect last MAY from Massachusetts, where he was in an army school. He said he was being shipped out the following day and would write to me as soon as he had an address where I could write to him.

In JUNE he sent me a postcard from Athens, Greece. He said he was having a "great" time and was on his way to Ethiopia. (Still no address where I could write to him.)

In AUGUST he wrote from Ethiopia saying he had been there for two months and it wasn't bad at all. This time he included an address, so I answered his letter right away and I haven't heard from him since. He complained in his letter that nobody had written to him. (I wonder where he expected them to address their letters?) He isn't in a war zone, and he is not suffering any hardships because he writes that he is living in a bungalow and is teaching at the university at night. What do you think of this?

DISGUSTED

DEAR DISGUSTED: **I think your finance is lazy, inconsiderate, and something less than gung ho about you. And unless he can explain his long silences, shower him with indifference.**

Sales Prove Bigger Beds A Favorite

By JACK LEFLER
AP Business Writer

NEW YORK (AP) — Queen-size, king-size and king extra long beds are crowding regular-size beds out of the bedroom.

That's the word from the National Association of Bedding Manufacturers which reports that 40 times as many big beds were sold last year as were sold 10 years ago.

The big beds accounted for 20 percent of sales last year against less than one half of one per cent in 1957.

Extra-size beds aren't new but the demand for them is.

"Young couples aren't thinking of anything other than kings or queens," says Elaine Bornheutter, president of Hale's Bedding Stores, Inc., in New York City.

Why? People are bigger, they want to be more comfortable and the bigger bed is becoming a prestige item, according to the manufacturers.

Twenty per cent of American men are 6 feet tall or taller against only 4 per cent in 1900. Since 1960 the average man has become seven pounds heavier and the average woman 11 pounds heavier.

The standard double bed size is 54 by 75 inches. The queen is 60 by 80, the king 76 by 80 and the king extra long 76 by 84.

Manufacturers expect the interest in bigger beds to push sales this year over the $1 billion mark for the first time. Last year's sales were estimated at $950 million.

And there's another, though smaller, trend in the offing: odd-shaped beds. Among these are round beds and beds made in the shape of a heart, a piano and, for one Long Island couple that shopped at Hale's, a teardrop.

Snyder Student To Get NTSU Degree

DENTON — Daniel M. Feather Jr. of Snyder is among 519 seniors who have applied for bachelor's degrees at North Texas State University.

Winter commencement exercises are scheduled for 2 p.m. Jan. 30 in the Men's Gymnasium.

Feather, son of Mr. and Mrs. Daniel M. Feather, 2602 Thirty-fifth Street, is seeking a bachelor of science degree in education.

Truck Crash Kills Pflugerville Man

EL PASO (AP) — A collision involving three trucks killed Joseph L. Linder, 40, of Pflugerville, Tex. near here Thursday. C. M. Price, 51, of Montgomery, La., suffered critical injuries.

Officers said Linder's truck hit the back of one driven by Price, causing it to strike the rear of a third vehicle, and two of the trucks caught fire.

There are about 300 skin diseases listed by the American Medical Association.

Love Bug May Do In Wireworm

WASHINGTON (AP) — When the love bug bites the sugar beet wireworm from now on it could be the death of him.

For when he thinks love is in the air it could be just a trap set by scientists who want to keep him out of the potato and lettuce patches of the Pacific Northwest and western Canada, where the sugar beet wireworm causes considerable crop damage.

Scientists reported today the isolation and identification of the chemical used by the female sugar beet wireworm to lure males to love-making. They said it opened up possibilities for a new trap-bait for fighting this major agricultural pest.

Researchers Martin Jacobson and Charles Harding of the U.S. Department of Agriculture's Beltsville, Md. Research station, and Charles E. Lilly of Canada's Department of agriculture at Lethbridge, Alberta, reported the finding in today's issue of the technical journal Science.

They said the sex-lure chemical had been identified as valeric acid—which is also readily available in the chemical industry.

Industrially, the acid is derived from such sources as petroleum distillates. It is employed in various kinds of organic syntheses.

In laboratory tests, the researchers said, "intense sexual excitement" was stimulated in male wireworms when dilute solutions of the extracted chemical were deployed in the laboratory.

In field tests, males were lured from distances of almost 40 feet when samples of the love chemical were exposed to the air.

Indicating efforts would now be made to put the finding to practical use, the scientists said the stability, volatility, and ready availability of valeric acid from industrial sources make it a potentially valuable material for surveying for infestations of the insect. It also could be used as a bait in traps for population control, they said.

Flu Far From Over

Dallas' epidemic of influenze is apparently on the decline after claiming 10 lives but the winter onslaught of flu is far from over for Texas.

City Health Director Dr. Hal J. Dewlett reported Thursday that 10 persons have died from influenza in Dallas and deaths from pneumonia have totaled 30 during the first few days of the new year.

The Texas State Department of Health reported from Austin that the flu outbreak appears to be slacking off statewide, however.

Houston remains hard hit by the disease. A report Thursday indicated 46,391 pupils in the Houston School District — or about 20 per cent of enrollment —are absent because of illness.

Dr. Austin Hill, Houston's health services director, said the high rate of upper respiratory diseases does not yet justify closing schools. He said the outbreak is not yet of epidemic proportions.

The most serious problem, Hill said, is the absence of 700 teachers.

Report Provides Details On How To Go Broke

By STERLING F. GREEN
Associated Press Writer

WASHINGTON (AP) — Someone could write a book on "How to Go Broke Through No Fault of Your Own" from material in the Commerce Department's annual survey, "U.S. Industrial Outlook 1968."

You get hints, for instance, on how the hippie hair styles hit the barber and beauty shop business. Or what a chilly summer did to the soft-drink bottlers. And how a declining national birth rate hurt the baby-food canners.

The 86-industry survey shows an over-all 1968 outlook that's rosy, but it leaves the impression that business forecasting nowadays requires study of the weather maps, the census reports, and the changing moods and modes of America.

For example:

—Miniskirts mean less textile yardage per skirt but require longer stockings. The Commerce Department says: "The response to textured hosiery and panty-hose has been heartening to the hosiery departments."

—The falling birth rate has curtailed the toy market. Toy and game makers keep sales rising by giving toys a new image as educational materials. Baby-food producers haven't figured out an approach that good.

—Hair sprays have lost top spot in cosmetics sales to home hair dyes.

—The big food chains are feeling competition from, of all things, the corner grocery store. Customers tired of battling long supermarket checkout lines now go to "convenience stores," the fastest growing segment of the food retailing industry.

—The long-hair fad hurts the hair-cutters. But the department estimates that "in 1967 probably as many heads of hair were straightened as once were permanent-waved." For side-money, beauticians sell and service wigs.

—Wood furniture makers eye with alarm some propylene plastics that have the look, feel and weight of wood. They'll even show antique wormholes if desired.

—A chilly summer meant only a small over-all rise in soft drink sales last year. But brewers of beer and ale noticed no chill.

—The familiar steel "tin can" shows slow growth, but the use of aluminum cans for beer and other beverages will double in 1968—and the discarded non-rusting cans can gleam beside the highways for decades.

Claire Trevor On Stage, In Training

by WILLIAM GLOVER

NEW YORK (AP) — Claire Trevor is back on stage, in training like an athlete except for those cigars.

"Some day I'll learn not to inhale," she hopes.

Miss Trevor, filmland's favorite tough girl, with a heart of gold—150 pictures and an Oscar for "Key Largo"—portrays a brawny lesbian in "The Killing of Sister George" on an 11-city coast-to-coast tour.

The expedition is her first in about 25 years and her first theater workout in about 14. As she puts it, "I can't remember dates."

But when it comes to work, the lady is a stickler for discipline.

"The whole technique of stagework is opposite from the movies," she declares. "I've rediscovered leg muscles, back muscles, face muscles and brain muscles."

To get ready, Miss Trevor shunned all but study, sleep and a wary diet, which hardly seemed necessary. In her Sassoon haircut and miniskirt, she is a damsel who still has no difficulty at winning admiring glances.

Learning lines has been her main concern, even more than getting to treat a cigar with respect.

"Your memory gets lazy in movies," she says, pointing to the difference between remembering just a short scene and a whole play. In a way, that's what led her back to the stage.

"I was getting too damned confortable and decided it was time to stir myself up."

In private life she is the wife of Milton Bren, industrialist-film maker, and the mother of three sons, the oldest 35.

When Miss Trevor gets talking about spouse and family, she leaves no doubt where her heart is. That acting career comes in a bad second.

"A happy marriage is priceless," in her emphatic opinion, and the roles she plays must fit in around that central concern.

In "The Killing of Sister George," Miss Trevor enacts a stogie-puffing woman involved in a lesbian relationship.

"I don't think the subject should shock anyone today," she declares. "There is discussion of homosexuality on television all the time and I think it is a good thing to have such matters out in the open." l cs

Files For Reelection

AUSTIN (AP) — Judge W. A. Morrison has filed as a Democratic primary candidate for reelection to the Texas Court of Criminal Appeals, Place 1.

State Democratic Chairman Will D. Davis said Morrison is the first candidate to file for the post.

Chief Justice T. C. Chadick of the 6th Court of Civil Appeals at Texarkana also has filed for reelection, Davis said Thursday.

All three judges appointed by Gov. John Connally to the new 14th Court of Civil Appeals, Houston, have filed as candidates in the Democratic primary for full terms. They are Chief Justice Bert H. Tunks and Associate Sam D. Johnson and John M. Barron, all of Houston. The court was created by the legislature last year, effective Sept. 1, 1967.

Judges Panel Ends Historic Session

HOUSTON (AP) — A unique panel of 15 judges of the U. S. 5th Circuit Court of Appeals has ended a historic two-day session and will file written opinions on the six cases later this year from New Orleans.

They completed the docket Thursday by hearing arguments on Houston narcotics and income tax cases.

Snyderite On Rifle Team

ABILENE — Hardin - Simmons University ROTC rifle team will resume its schedule this weekend when they travel to Houston to compete with Rice, University of Houston, and Prairie View A & M.

The University of Houston is currently in first place in the Southwest Rifle Association with a 7-0 record. H-SU is fourth (2-3), Rice sixth (1-5), and Prairie View eighth (0-3).

Those making the trip to Houston will be Cecil Biggers of Pampa, Allen Taylor of Anson, Glenn Thomas of Snyder, and Johnny Cornelius and James Hilliard of Abilene.

SFC Carl E. White, rifle team coach, will accompany the team.

CHOCOLATE LOAF CAKE — Fine to serve plain or frosted, or with ice cream and chopped toasted walnuts.

Who's For Chocolate Cake?

By CECILY BROWNSTONE
Associated Press Food Editor

IF YOU are wondering how new "no-melt" chocolate works out in a basic cake, we can report "just fine!"

We tried it in the following recipe for two loaves of chocolate cake, so convenient to have on hand. We served one loaf shortly after baking and stored the other in the refrigerator where it seemed to benefit from the holdover.

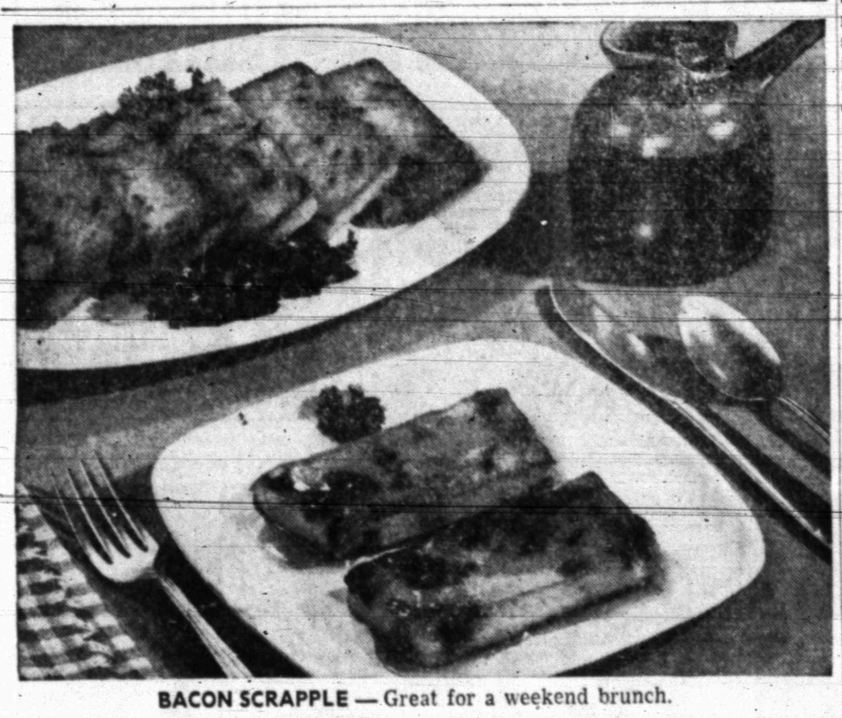

This chocolate loaf is fine to serve plain or frosted with an after-dinner cup of coffee; or you can fancy it up with ice cream and a sundae sauce. Is this dessert the light or dark variety of chocolate cake? We'd say it was medium.

The recipe calls for buttermilk, but if there is none in the house, you may make a substitute. To do so, just pour 1 tablespoon of cider vinegar into a 1-pint measure; add enough milk to make 1 cup; stir and let the conbination stand in a warm place for a few minutes before using.

New Chocolate Loaf Cake

2½ cups sifted cake flour
1 teaspoon baking soda
1 teaspoon salt
1 cup butter or margarine
2 cups sugar
2 teaspoons vanilla,
5 eggs
3 envelopes (each 1 ounce) unsweetened chocolate product
1 cup buttermilk
1 cup finely chopped walnuts, if desired

Sift together the flour, baking soda and salt. Beat together the butter, sugar and vanilla until the consistency of mayonnaise; add eggs one at a time, beating thoroughly after each addition. Add unsweetened chocolate product; beat to blend. Add sifted dry ingredients in 4 additions, alternately with buttermilk, beating until smooth after each addition. Fold in walnuts if used. Pour into 2 ungreased loaf pans (each 9 by 5 by 3 inches) whose bottoms have been lined with wax paper. Bake in a moderate (350 degrees) oven for 1 hour or until a wire cake tester inserted in the center comes out clean. Turn out on wire rack; remove paper; turn right side up; cool. Store tightly covered. Color of cake is medium dark and crack on top is characteristic.

BACON SCRAPPLE — Great for a weekend brunch.

It's Bacon Scrapple For Brunch

By CECILY BROWNSTONE
Associated Press Food Editor

Old-time scrapple gives cooks ideas. Nowadays we're not likely to take the time and trouble to make scrapple in its original form because it's available in food markets — and very good, too. But inventive modern cooks are likely to make easy versions of scrapple.

The following recipe does just that. Crisply cooked bacon is added to cooked cornmeal, then the mixture is chilled, sliced and panfried. A delicious addition to Saturday or Sunday brunch.

What to serve with the Bacon Scrapple? Maple syrup is the traditional sweet accompaniment. But sliced apples poached in a spicy syrup are good, too. And some fans of Bacon Scrapple like it with soft-fried eggs and red currant jelly. Take your choice.

Bacon Scrapple is perfect for brunch because it must be fried slowly and for a long time to achieve a crispy exterior. Late brunch on a leisurely weekend day gives a cook plenty of time to accomplish this.

BACON SCRAPPLE

12 slices bacon
1 cup enriched yellow cornmeal
1 teaspoon salt
Water

In a large skillet over low heat fry the bacon (about one-half at a time) turning to crisp on both sides. Remove bacon to brown paper to drain; crumble into very small pieces.

In a mixing bowl, stir together the cornmeal, salt and 1 cup cold water. In a medium saucepan bring 3 cups cold water to a boil; off heat gradually pour in the cornmeal mixture, stirring constantly to keep smooth.

Cook over moderately low heat, stirring often until thickened and boiling. Cover and continue cooking over low heat for 10 to 15 minutes. Stir in bacon.

Rinse a glass loaf pan (8½ by 4½ by 2½ inches) with cold water; pour in mush; cool at room temperature for about half an hour.

Cover top of pan with plastic wrap or use wax paper and secure with an elastic band.

Refrigerate for several hours (so mush will set) or chill overnight.

Turn out on a cutting board. Cut in 12 crosswise slices.

City Council P.T.A. Meet Tells Plans

The City Council P.T.A. met recently at the school administration building for the regular monthly meeting. President, Mrs. Marvin Dozier, presided. Minutes and communications were read by Secretary, Mrs. Joe Alexander. Lou Neves gave the treasurer's report.

A "Founder's Day Program" committee was appointed with Mrs. Bob Morgan chairman. Others appointed were Mrs. [illegible] Crowder, Mrs. Ed Dickerson and Mrs. Floyd Allmand. A special program and tea will be held February 15th from 2-3:30 p.m. The place is to be announced later.

The City Council P.T.A. will sponsor a Family Living Course in February. All units were asked to encourage all members to make a special effort to attend.

It was announced the "Mother's March of Dimes Campaign" had asked for volunteers from the P.T.A.'s. Time of the march will be announced later.

The program was presented by Mrs. Bob Morgan. Theme of the program was "Pressures and Anxieties that Confront Our Children Today." Mrs. Morgan introduced Horace Bostick, High School Ass't. Principal and Rev. J. N. Dea, pastor of the Union Methodist Church, who acted as co-moderators of the discussion.

A few problems and pressures mentioned were: pressure put on children by parents for good grades pressure caused by wanting to belong to certain groups or crowds. Pressures caused by belonging to too many organizations and participating in too many activities. Pressure caused by colleges requiring higher averages than ever before for students wishing to enter. Pressure caused by society expecting all to have college educations. Some students find that although they made good grades in high school they are not prepared for college in other ways. Jobs are scarce for people without college educations, much pressure is put on people in the working world also. Pressures and problems of today are easier recognized than solved.

The next City Council meeting will be February 1 at the Travis Jr. High auditorium.

Garden Salad

7 oz. enriched durum elbow macaroni
1 lb. bologna, cubed
1 green pepper, diced
8 oz. American cheese, cubed
2 tomatoes, cut in wedges
½ cup cultured sour cream
2 tablespoons celery seed salad dressing
1 teaspoon salt
½ teaspoon dill weed
Dash pepper

Cook macaroni in boiling water until tender, yet firm, 5 to 7 minutes. Drain; rinse with cold water. Combine bologna, green pepper, cheese and tomatoes. Mix sour cream with remaining ingredients. Pour over salad and toss gently. Refrigerate until ready to serve.

ROSE COLORED APPLE halves, flavored with almond extract, make an interesting and delicious accompaniment to roast pork.

Apples Glorify Roast Pork

By CECILY BROWNSTONE
Associated Press Food Editor

If you, like most other cooks, usually serve applesauce with roast pork, it's time to bring a change.

Glorify those apples — especially if they're for a company meal. Pare and halve them and cook them in a rose-colored syrup, then add a little almond extract. You'll have apples that are lovely to look at and delicious to taste.

Now about the roast pork. Competent research done recently, has shown that fresh pork loins can be safely cooked to an internal temperature of 170 degrees instead of the 185 degrees formerly recommended; this means that the pork loin meat may have a tinge of pink. The 170-degree temperature, however, does not apply to other cuts of fresh pork; these other cuts should still be cooked to 185 degrees or until all tinges of pink color are absent when the meat is cut.

Rose Almond Apples

4 medium or large yellow Delicious or Winesap apples
2 cups sugar
1 cup water
¼ teaspoon salt
12 drops red food coloring
1 teaspoon almond extract

Pare apples; core; cut each in half lengthwise.

Into a 10-inch skillet turn the sugar, water and salt; over low heat stir until sugar is dissolved; bring to a full boil. Reduce heat and stir in the red food coloring. Add apples; cook very gently, turning with a fork several times, until apples are tender but still hold their shape—about 10 minutes.

With a slotted spoon, place the apples in a single layer in a wide shallow casserole or similar container.

Bring the syrup remaining in the skillet to a full boil; boil for 10 minutes; remove from heat. Stir in almond extract; pour syrup over apples. Let the apples stand in the syrup for several hours, turning them occasionally. Serve at once or cover and chill for later service.

To serve: turn the apple halves with a little of their syrup into an attractive serving dish to accompany roast pork; or if the pork platter is large, the apple halves—drained of syrup — may be placed alternately with parsley sprigs or watercress around the pork. Remaining syrup from the apples may be used as a glaze for baked ham or boneless smoked pork shoulder butt.

Rose Almond Apples make 8 servings as a pork accompaniment.

Does your husband dislike the usual salad of plain tossed greens? Give him the greens tossed with canned green beans, kidney beans and chick peas plus French dressing. Chances are he'll go for this!

Shrimp And Macaroni Salad

6 - 8 servings

7 oz. enriched durum shells
1 lb. shrimp, cooked and cleaned
2 oranges, peeled, sectioned and cut in pieces
½ cup chopped celery
¼ cup chopped green onion
Blue Cheese Dressing

Cook macaroni in 2 quarts boiling, salted water until tender, yet firm, 5 to 7 minutes. Drain; rinse with cold water. Combine with shrimp, orange pieces, celery and scallions. Stir in ½ cup Blue Cheese Dressing; mix lightly. Refrigerate until ready to serve. If desired, add more dressing at serving time.

After you remove the skins from almonds be sure to dry the nuts on a kitchen towel.

CONGRESS RETURNS MONDAY

Washington Quietude Over

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — The strange quietude around here is over. Congress returns Monday. President Johnson delivers his State of the Union message to Congress Wednesday night. And the rest of the year will be mostly politics and Vietnam.

Johnson will want—it would be better to say he hopes and it may be an idle hope—that Congress before it adjourns next summer or fall for the election campaigns will produce a good legislative record.

A poor one would cut some of the ground from under him in the presidential campaign later in the year for he couldn't complain it was a Republican Congress that let the country down.

This Congress since 1961 has been run by Democrats although their control of it was reduced by the 1964 elections in which the Republicans gained 47 House seats and two in the Senate.

In the 1948 campaign President Harry S. Truman was able with great goodwill to denounce Congress—the 80th at the time—as a "do-nothing" outfit. But who, as might have been expected, has reacted very coolly to what North Vietnam said.

And no wonder. It was a one-sided proposal. Hanoi suggested the United States must stop all warmaking against North Vietnam before there could be talks—which was what it had been saying repeatedly anyway.

But there was no suggestion that if the United States stopped, North Vietnam would also stop. But if the United States alone stopped, North Vietnam could really pile up its forces fighting the Americans and be unmolested.

They did throw in one new point. In the past they had said that if the United States stopped its warmaking, there could be peace talks. This time they said if the United States stopped its warmaking, there will be talks.

This didn't mean much in the way of peace. It would be a one-way proposition unless North Vietnam also stopped all its fighting.

This leaves the whole picture murky. But the picture at home is just as murky since at this time Michigan's Republican Gov. George Romney is the only one of the major politicians who has frankly said he is running for president.

But just because everything is in a haze—and this is a presidential election year — this should be a tempestuous year both in Congress and in politics.

at that time the Republicans were running the show.

Johnson can't talk that way about the Democrats in this one. And he will have his hands full in the meantime. He has to prepare for the Democratic nomination in August, his re-nomination and the campaign.

At the same time he will have the Vietnamese war on his back—there's no sign it will end before the November elections—and the disputes and divisions in Congress and around the country over the war will become more intense.

It would be too generous, until they make themselves a lot clearer, to call what the North Vietnamese did a few weeks ago a peace bid.

What they said was that if the United States ended unconditionally the bombing and all other acts of war against it, North Vietnam will hold talks with the United States on the questions concerned.

This may not only have not been a peace bid but actually a piece of gamesmanship to stir up more American dissension and complaints about Johnson and who, as might have been ex-

Junior Editors Quiz on VACUUM CLEANERS

QUESTION: *How does a vacuum cleaner make a vacuum?*

ANSWER: The Latin word vacuus means empty. From this we have our word vacuum, which is a space without matter in it. It's difficult or impossible to create a perfect vacuum, but most of the air may be removed from a closed space by sucking it out with a pump or by other means. When this is done, the pressure of the outside air makes air of fluid rush in to take the place of that which has been sucked out. There is a little electric motor inside a vacuum cleaner (1) which operates a fan. This sucks the air up through the body of the cleaner. New air rushes in to fill the partial vacuum created. There is a bag (2) inside the cleaner, made of cloth or paper. The air can pass through the sides of the bag, but the bag traps the dirt or dust, which cannot pass through the paper or cloth. The suction effect of the cleaner works all the way down through the hose and pipe to the attachment at the end (3). Air, carrying dirt and dust, is sucked up and passes into the bag inside the cleaner. The dust is trapped in the bag, while the air passes through the sides of the bag and goes out the cleaner's other end.

Time For Drill In Double Talk

By HAL BOYLE

NEW YORK (AP) —Since this is an election year, now is a good time to run through a little drill in double talk.

Double talk, of course, is the art of saying one thing while meaning something else. It is a saving grace in any social situation, and valuable in all season, but in an election year it is positively indispensible.

For the beginning student, here is a small primer of political double talk phrases that will become only too familiar during the months of campaigning that lie ahead. Each phrase is followed by its literal translation.

"My gifted opponent"—The bum I'm running against.

"Naturally, every man is entitled to his own honest opinion."—So why should I listen to yours?

"I find the tremendous response to the announcement of my candidacy profoundly gratifying."—Mother phoned and said she'd vote for me, no matter whether anybody else did.

"Jim, to win public support you have to go out and meet the people, shake hands, ring doorbells."—We don't have enough dough in the campaign kitty to buy you television time.

"And now, friends, I'd like to have you meet the brave little woman who has stood faithfully by my side through 30 years of life's storm and sunshine."—Yes my wife sure picked a steady meal ticket when she married me.

"Everyone knows I have taken an unqualified position about the situation in Vietnam."—I think we should either stay there or get out, one or the other.

"I take my stand with George Washington, Thomas Jefferson, Andrew Jackson, Abraham Lincoln and Woodrow Wilson."—I also hope the leader of the 3rd Ward will back me up.

"My life is an open book."—Did you ever see so many empty pages?

"And if victory should perch upon our banner, you have my assurance that I will enter upon the duties of this high office with no prior pledges, promises, or commitments of any kind to anyone."—Let's win it first, boys. We can always cut up the loot later.

"The federal highway program has no firmer friend than I."—If it would get me any more votes, I'd agree to pave the countryside.

"I wouldn't accuse my esteemed opponent of prevaricating."—He's a bald-faced liar.

"If we believed in the validity of every so-called public poll, of course, there would be no need to hold the election."—Brother, if I had had the sense to take a private poll of my own, I'd never have entered this race.

"May the best man win,"—But if he does, where will that leave me?

IN SCURRY COLISEUM
Tigers, Cubs Vie Here

Brownfield's Cubs, perhaps the most improved team in the District 3-AAA basketball race, invade Scurry County Coliseum tonight with hopes of knocking off the front - running Snyder Tigers. Tipoff is set for 8 p.m., following a 6:15 p.m. battle between the "B" teams of both schools.

Snyder currently shares top place in the league with Lamesa. Each team is 3-0 in district play.

Brownfield got off to a slow start this year, but has looked strong in its last two outings. The Cubs of Coach Glen Hallum have won only two games all season, but they were victorious in their last outing, taking Sweetwater by a 71-59 count. In their previous 3-AAA clash, the Cubs fell to Dunbar 53-69 after a respectable struggle. They also lost, 37-51, to Littlefield in the initial tilt of the district campaign.

Snyder, on the other hand, has won 11 tilts this season while losing only 3. The Tigers thumped Lake View (104-59), Levelland (72-69) and Littlefield (85-63) in successive district encounters.

Thus, on paper at least, Coach Ned Underwood's Bengals will rate anywhere from 10 to 20 point favorites in tonight's tussle.

That's what worries him.

"You've got to be careful with these supposedly lower rated teams," declared Underwood, "–they have a bad habit of beating you when you least expect it. I expect Brownfield to play us a close game. They've improved a lot lately."

Underwood pointed out the Cubs have one of the best performers in the loop in 6-1 Barry Morris, a junior who made the all - tournament team at the Canyon Reef affair here earlier in the year. The Cubs have five boys with 6-0 height or better, although they don't have much better altitude than the Bengals.

Included among returning lettermen is Joe Masso, 5-8 senior, who is a good defensive man and outside shooter. He was a regular last season. Another regular is Roger Roberson, 6-0 junior. Board strength is provided by Gary Baccus, 6-3 junior, who has strength as well as size.

The fifth man in the Cub alignment probably will come from several talented juniors, although senior Elbert Perkins, a 5-7 guard, could be on hand for the opening whistle. Among the better subs are 6-1 John Hare and 6-0 Harold Willis. Both are juniors.

Coach Underwood listed probable starters for Snyder, as follows: Tommy Bullard, Mickey Almond, Drake Snyder, Frankie Grimmett and Jerry January.

He said Benny Ward is hampered with the flu and probably won't see any action. Otherwise, the Tigers all appear to be in reasonably good health. The squad went through a drill Wednesday in the high school gym after a trip to Littlefield the night before.

"The boys were tired," said Underwood. "–they were up late the night before, but they should have their strength back before game time."

Another drill was held Thursday in the spacious coliseum.

Bullard and Almond are leading the Tiger attack with 27.7 and 21.0 averages in the first three district games. Snyder has shown remarkable improvement since last season and is doing a good job on the boards. Grimmett also gets his share of rebounds, and January is one of the better juniors in the league.

Jim Patrick, Mitch Rambin, Gus Tovar, Craig Bell, and Jodi Williamson will provide perhaps the best reserve strength in the district.

Coach Jerry McLeod of the junior vorsity said Wesley Bishop, Lee McNair, Don Light, Randy Rushing and Dennis Carlton probably will start. He added that Ronald Gladson is out with a twisted knee while Ronald Ward and Bill Hood have the flu.

The "B" team worked out in the coliseum Wednesday and returned to the high school gym Thursday. The "B" team also is unbeaten in district play with a 3-0 mark.

The Cubs may be improved, but we don't think they can come closer than 15 points to the sharp-shooting Tigers.

Tickets cost $1 for adults and 50 cents for students.

Travis 9th Rally Stops Sweetwater

SWEETWATER — Travis 9th grade fell behind 1-8 in the first two minutes of play here Thursday, but rallied in the second half to take a 54-38 decision over the host basketball team.

The Blue Devils of Snyder were down 9-13 in the first quarter, then grabbed the lead at halftime by a 24-19 count. They extended their margin by 10 points early in the third stanza, but the Ponies closed in and pulled within 3 points at the end of the period. The issue wasn't decided until the last quarter when Travis grabbed another 10 point bulge and extended it.

Harvey Pinkerton and Jesse Speer captured scoring honors for Travis with 13 points apiece while Stewart Sims was just one point behind with 12. Johnson scored 12 points and was high point man for Sweetwater.

TRAVIS 9TH (54) — Sims 6-0-12; Mata 4-0-8; Farmer 3-2-8; Speer 6-1-13; Pinkerton 6-1-13; totals 25-4-54.

SWEETWATER (38) — Hays 3-1-7; Johnson 6-0-12; Ronemus 3-0-6; Brown 0-1-1; Hampton 3-1-7; Jones 2-1-5; totals 17-4-38.

Pont Is Top Coach

By RON RAPOPORT
Associated Press Sports Writer

NEW YORK (AP) — It's not that John Pont minds having led a team that made him the college football Coach of the Year, you understand; but when he thinks about how the 1968 Indiana team shapes up, he figures the glory could cause a few problems.

"For one thing," Pont said Thursday at the luncheon where the American Football Coaches Association award was announced, "we'll lose the element of surprise. And the team won't have the same character. It'll have a character, but not the same one."

Elaborating on his element-of-surprise theory, Pont, whose team turned around from a 1-8-1 mark in 1966 to 9-1 during the regular season just completed, pointed to the only blemish on the record—a 33-7 loss to Minnesota.

"Every game before that one," he said, "people were waiting for us to get knocked off and we could prepare ourselves just for the game we were playing.

"But before the Minnesota game, everyone was talking Rose Bowl and there was no way to convince the team I wasn't thinking of it too. Besides that, Minnesota was a good football team."

The fans at Cleveland saw Bill Russell give a big scoring performance and the Boston Celtics put on one of their patented blitzes. They also saw Oscar Robertson doing what he does so well—nullify good scoring performances and blitzes.

Russell scored 34 points, and the Celtics scored 16 straight points in 3 minutes, 18 seconds of the second period for a 19-point lead against Cincinnati Thursday night.

But Robertson scored 40 points including four foul shots in the last nine seconds and the Royals beat Boston 120-116.

In the only other NBA game, Zelmos Beatty scored five points and Len Wilkens eight in the last 4½ minutes as the St. Louis Hawks beat the Bullets 108-101 at Baltimore.

Beatty finished with 30 points and Wilkens 19. Early Monroe topped Baltimore with 32.

In American Basketball Association games Thursday night, New Jersey downed Minnesota 110-96, Pittsburgh trounced Indiana 138-115, Denver beat Houston 100-93, New Orleans edged Anaheim 131-124 in overtime and Kentucky nipped Oakland 110-106.

Leaves School For Jail Job

DALLAS AP) — Mike Livingston, Southern Methodist football quarterback and All-Southwest Conference baseball pitcher, says he will not return to university for the spring semester.

Livingston, who had one season of eligibility in baseball remaining, says he has been employed as a jailer by Dallas County Sheriff Bill Decker.

The senior says his decision not to return to school was "partially due to financial reasons."

College Group Explains Rule

BY THE ASSOCIATED PRESS

NEW YORK (AP) — The rule permitting freshmen to play on varsity teams in all sports except football and basketball — which caused some confusion when first announced — has now been clarified by the National Collegiate Athletic Association.

The rule was passed at the NCAA convention here Wednesday, but the policy-making council, in an attempt to clear up some questions that had been raised, took up the matter again Thursday.

Basically, the freshman participation rule takes effect immediately and is not retroactive, the council said.

Thus, this year's freshman class may participate in intercollegiate events on varsity teams and in NCAA chanpionship events for four years.

Students who are now upper classmen and who participated in championship varsity events as freshmen may only take part in three NCAA championship meets.

Another problem is that many major conferences have their own rules forbidding freshman participation. These include the 171-member Eastern Collegiate Athletic Conference, the Big Ten and the Pacific 8.

They all indicated they would stick to their present rules, but might be forced to change if placed in a recruiting disadvantage.

Lamar 9th Rips C-City By 84-59

COLORADO CITY — Lamar 9th grade got off to a good start and turned in an overall excellent performance to top Colorado City 84-59 here Thursday in a basketball game.

The Texans hit 12 of their first 14 shots and jumped into a 21-10 lead in the first quarter without their leading scorer, Bruce Almond.

Tony Breedlove and Glen Rambin posted 15 points apiece to pace the winners. Bid Cooper also finished in double figures with 14 points.

High point men for Colorado City were Devorce, Bruton and Kennedy with 17, 14 and 13 points respectively.

LAMAR 9TH (84) — T. Breedlove 7-1-5; Dillaha 3-2-8; Branson 2-0-4; Wall 2-0-4; D. Breedlove 1-1-3; Stewart 4-1-9; Cooper 7-0-14; Falls 2-0-4; Carter 2-0-4; Boren 2-0-4; Rambin 6-3-15; Hodges 0-0-0; totals 38-8-84.

Travis 8th Is Unbeaten

SWEETWATER — Travis 8th grade's basketball team clipped Sweetwater 44-19 here Thursday to remain unbeaten.

They started out slowly, but the Blue Devils began finding the range in the second quarter and eclipsed their opponents with ease. The reserves took over the action after one minute of the fourth quarter.

Gary Durst led Blue Devil scorers with 10 points, and Lee and Williams shared scoring honors for the Ponies with only 5 points each.

TRAVIS 8TH (44) — G. Durst 8-3-19; D. Durst 3-0-6; Glasscock 2-0-4; Murray 2-2-6; Buchanan 3-2-8; Loyd 0-1-1; totals 18-8-44.

GRAHAM GRABS LEAD WITH 4-UNDER PAR

By JACK STEVENSON
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP) — Some of the pros were rusty swinging into Bing Crosby's 1968 golf campaign opener while others were surprised they weren't.

Lou Graham of Nashville, Tenn., where it snowed over the holidays, belonged to the latter group. He fired a 68 clipping four strokes off par in Thursday's first round to grab the lead.

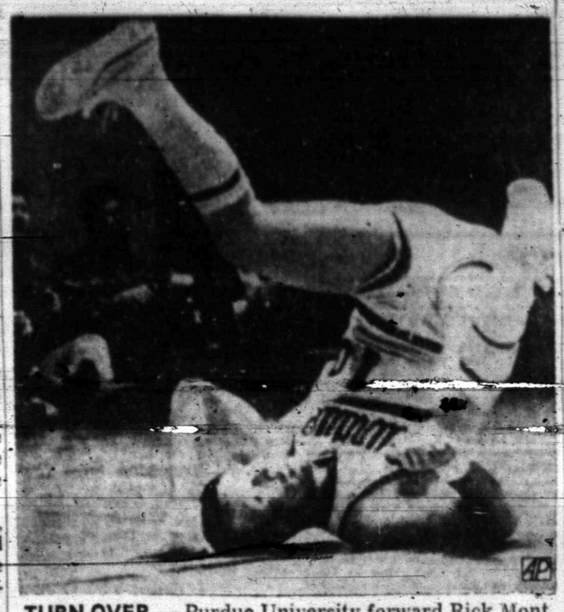

Arnold Palmer whose card included a double bogey and two bogeys on three consecutive holes belonged to the rusty contingent. "I haven't played competitive golf for two months," Palmer said. "Just getting started is half the battle. I'm not swinging all that well or putting either."

Jack Nicklaus wound up among the leaders with a 71 and would have been better if he hadn't hit a ball down a rocky embankment on the over-the-ocean 16th hole at Cypress Point and taken a penalty stroke.

As the players switched courses for today's second round of the $104,500 tournament, Dave Hill and Tommy Jacobs were just a stroke behind at 69.

John Pott stood at 70 and with New York City amateur Virgil Sherrill led the pro-amateur division with a best ball 59. Sherrill's 15-stroke handicap proved a big help.

In the Crosby, each of the 168 pros is teamed with an amateur and each group plays a different course on Thursday, today and Saturday.

White, Red 7th Grade Teams Win

Those 7th grade basketball teams tangled in some exciting tilts in the Travis gym Thursday with the White edging the Blue 47-45 and the Red tripping the Gray 38-28.

With the score tied late in the Travis game, Bill Davis dropped in two shots on a 1 and 1 situation to break the tie. The White had trailed 32-34 going into the final frame, but sank 15 points in the last stanza while the Blue could only post 11.

Davis pitched in a total of 10 points for the White while Kevin Jones and Charles Cain rang the hoops for 20 and 13 points respectively in the winning cause. Mike Boles was high point man for the Blue with 20 points, and Charles Anderson was credited with 11.

Holding a 32-14 lead going into the final stanza, the Red eased up in the fourth quarter but still finished with a 10-point bulge. Bobby Burleson and Jackie Hartsfield shared scoring honors for the Red with 8 points apiece while Henry Ramos captured scoring laurels for the Gray with 11.

WHITE (47) — Jones 8-4-20; Davis 2-5-10; Cain 5-3-13; Price 0-2-2; Hollis 1-0-2; totals 16-15-47.

BLUE (45) — Boles 7-6-20; Phariss 2-0-4; Clayton 3-1-7; McIntyre 0-1-1; Riggins 1-0-2; Anderson 5-1-11; totals 18-9-45.

Raiders Get Ready

By HAL BOCK
Associated Press Sports Writer

BOCA RATON, Fla. (AP) — Now that John Rauch has the weatherman on his side, he's become a clockwatcher.

The Oakland coach is concerned that his Raiders might not have enough time to properly prepare for Sunday's Super Bowl date with the Green Bay Packers.

The Raiders worked for 90 minutes in bright sunshine Thursday, a distinct change from the driving rainstorm they practice in the day before.

"This is more like the kind of weather I expected," said Rauch, enjoying the shirtsleeve climate.

"Our problem now is having enough time to get all our work completed. Preparing for a team like the Packers isn't the easiest thing in the world to do," Rauch continued. "The rain didn't help."

Oakland ran through a spirited, tough practice Wednesday but it was necessarily limited by the storm. "We got the most out of it we could in view of the conditions," said Rauch.

Thursday's sunshine was a welcome change and the Raiders ran through their final full drill in pads.

"We'll taper off from now on," said Rauch.

Meanwhile, at Fort Lauderdale, the Packers drilled for an hour in their best workout yet.

"The sluggishness was gone," said Coach Vince Lombardi. "It was a real fine workout. We'll go for an hour again Friday and then maybe 10 or 15 minutes on Saturday."

Lombardi activated Dick Capp, a rookie linebacker and tight end, for Sunday's game. Capp, who played in two of Green Bay's 14 regular season games, thus qualifies for a cut of the Super Bowl payoff. He'll get just over $2,000 if the Packers win and a little more than $1,000 if they lose.

A full winning share, of course, is worth $15,000 per man with losers collecting $7,500 each. At those prices, neither coach sees any problem in getting his team up for the game.

"I'm no psychiatrist," laughed Rauch. "You can't help being impressed with Green Bay. You know you're playing the best. I've never believed in being awed by a team. I've always felt that you have a chance to win any game you play.

"We're loose and we'll go into the game that way," the Oakland coach concluded.

The Raiders might be expected to get up for the game but what about the Packers, who've won so often and for so long?

Lombardi just smiled.

"If a man makes a million dollars," the Packer boss said, "he wants to make two million. We'll be up."

Touring Pros Cheer Ruling

By CHARLES MCMURTRY
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP) — Golf's touring professionals cheered today the PGA's decision to continue unlimited ball cleaning on the greens and intermittent putting.

The U.S. Golf Association last year decreed one cleaning per green for amateurs and continuous putting.

The pros declared the one-cleaning rule would discriminate against early starters because the ball would pick up grass cuttings, sand or other debris because of the dawn dampness.

The PGA Executive Committee voted for the two rules deviations Thursday.

Buffs Take Two Tilts

FLUVANNA — The Fluvanna Junior High basketball teams won two tilts with Loraine here Thursday. The girls triumphed 23-13 while the boys won 40-20.

Gwen Stansell paced the attack for the host girls with 14 points. Contributing to the cause were Pam Shoemaker, 4 points; Renatta Jordan, 3 points; and, Jackie Gonzalez, 2 points. For Loraine, Green tallied 8, and Brewer put in 5 points.

Fluvanna's boys outscored Loraine in every period as Larry White and Luis Contreras each had good days with 14 and 12 points respectively. Also scoring for Fluvanna: Alex Ynguanzo 8, Mike Toombs 2, Junior Bilano 2, and J. W. White 2.

For Loraine, J. Moreno pitched in 6 points. Others: C. Williams 4, K. Rose 3, R. Darnell 2, R. Ritchey 2, B. Stewart 2, and B. Rose 1.

Wolves Bite Lamar 8th

COLORADO CITY — Lamar 8th grade was turned back 46-56 here Thursday in a thrilling Junior High basketball game.

The host Wolves jumped into a 20-8 lead in the first quarter and had too much cushion for the Texans to contend with although they came back gamely in the fourth quarter.

Mike Line, with 22 points, and Mitch Butler, with 14, led Lamar scorers. Maine and Waldrip paced the Colorado City attack with 18 and 17 points respectively.

LAMAR 8TH (46) — Bunch 1-1-3; Line 8-6-22; Bostick 1-0-2; Wright 2-1-5; Butler 5-4-14; totals 17-12-46.

COLORADO CITY (56) — Banks 3-0-6; Kimbell 4-1-9; Maine 6-6-18; Matthews 3-0-6; Waldrip 7-3-17; totals 23-10-56.

Mavericks Lose, Coach Kicked Out

BY THE ASSOCIATED PRESS

Losing makes Slafer Martin mad, so mad that he wasn't even around to see his Houston team lose Thursday night in the American Basketball League.

The Maverick's coach watched his team sinking until 4:13 was left in their game against Denver at Houston when he got so angry at an official's call, he had two technicals called on him. Finally, the official, Doug Harvey, ejected the enraged coach and he missed the end of Denver's 100-93 victory.

In other games, Pittsburgh stomped Indiana 138-115 for its 18th victory in 19 games, New Orleans trimmed Anaheim 131-124 in overtime, New Jersey hammered Minnesota 110-96 and visiting Kentucky nudged Oakland 110-106.

In the National Basketball Association, Cincinnati beat Boston 120-116, and St. Louis stopped Baltimore 108-101.

Martin, a star as a player with winning NBA teams, has had his troubles as a coach as Houston's record slipped to 15-26, only one gme from the Western Division cellar.

Byron Beck's 26 points in the first half and Larry Jones' total 30 paced the Rockets, who remained only 3½ games behind division leading New Orleans.

Host Pittsburgh strengthened its Eastern Division lead over Minnesota to two games with its third straight triumph. The Pipers, led by Charlie Williams' 37 points and Art Heyman's 25, turned a 28-all tie into a 68-58 halftime lead and never let up.

Doug Moe, who finished with 33 points, sent New Orleans into overtime at Monroe, La., with a 117-117 score. Moe then hit four quick points in the extra period and Anaheim never caught up.

New Jersey, playing at home, went ahead to stay 32-30 as Minnesota lost its third straight. Walt Simon led the Americans with 22 points.

Louie Dampier's four field goals in the final period helped break a last period tie that put Kentucky across. Darel Carrier led the Colonels with 32 points. Dampier added 26.

THE LIGHT TOUCH
By: BUD ENGLAND

There are few things certain in this world, and one of them is that no woman is wearing shoes too large for her.

* * *

Drive-in banking was invented so cars could go in and see their real owners . . .

* * *

"My advice, sir," said the mechanic to the car owner, "is that you keep the oil and change the car."

* * * *

He didn't want to marry her for her money, but he didn't know any other way to get it.

* * *

Anybody who says invention of the wheel was a boon to mankind has never played roulette!

* * *

Don't play games with your office machines. Come to BUD'S OFFICE SUPPLY and be sure!

Be still

"Be strong, fear not: behold your God will come." Isaish 35:4.

Oh God, that our hearts might ever be strong,
So fear would all vanish and faith be our song;
Then somehow we'd be so inwardly brave
We'd sever our chains as worry's poor slave.
And no prayer of petition then would we bring —
Too grateful for courage to ask for a thing!

Rotarians See Film

The Snyder Rotary Club members saw a film on smoking at their regular weekly luncheon meeting, held Thursday in the Fellowship Hall of the First Methodist Church.

The color movie was monitored by Mrs. Catherine Dodson, president of the Scurry County Chapter of the American Cancer Society. The film was made available by the Cancer Society.

Guests included Jerry Vestal, Roy Meador and Sammie Harris, all of Snyder; Royce Starnes, student rotarian; Elton Compton of Abilene, Dick Dashert of Fort Worth, Dick Matthews of New York City; and, Davis Clark and Peter Fox, both of Sweetwater.

Luncheon music was provided by Barbara Carter, the club sweetheart.

John Thomas, the president, presided.

Here is the Sanctuary where men meet God. It is where His message is spoken to the careless, sinful and needy... WHERE MEN ARE MOLDED FOR HIM. This is the church — where men bow to the God of forgiving grace. Partner, if you haven't been a regular attendant, you are missing much. It is a place where we can kneel in prayer, enjoy religious fellowship and receive help for the difficult task ahead. If you will join me here at church, in the spirit of humility, and recognize God as father, friend and Saviour, right then YOU'LL BECOME ONE WITH THE COSMIC LIFE.
