Everett Howard, 160-lb. senior tackle, heads the list of returning lettermen in the line. Gregory Sherwood, 230-lb. All-district center, is the bulwark of the Panhandle defense.

The Rangers will use the same aggregation that saw action against White Deer. Dan Pearson is expected to start the game at fullback, if he is able to play. He has been in bed with the flu this week.

The Rangers scrimmaged the Class AAAA Borger Bulldogs Tuesday afternoon and displayed a good offense in the four hour workout under a hot sun. The Bulldogs were unable to fathom the passing attack of the Rangers and the Rangers were unable to hold the Borger runners.

No significant injuries were suffered in the White Deer game or in the Borger scrimmage and the squad is expected to be at full strength Friday night.

Game time is 8 p. m. A large caravan of Ranger boosters is expected to make the trip.

Farm Bureau Queen Contest Is Saturday

The Ochiltree County Farm Bureau Queen contest will be held Saturday night, Sept. 11, in the school auditorium, with the winner receiving a cash reward and the right to represent the county in the district queen contest.

Entered thus far in the contest are Ann Portwood, daughter of Mr. and Mrs. L. C. Portwood; Barbara Hawk, daughter of Mr. and Mrs. Harold Hawk; Sue Williams, daughter of Mr. and Mrs. C. H Williams; Dorlea Flowers, daughter, of Mr. and Mrs. Clem Flowers; Euella Wright, daughter of Mr. and Mrs. Ray Wright.

Judges for the contest will be Mrs. R. M. Lemon of Booker, Mrs. Stanley Garnett of Spearman and Lee Richardson of Stinnett.

The district Farm Bureau Queen will be picked Sept. 18 in Amarillo. All district queens will receive expense paid trips for themselves and their matron escorts to the state Farm Bureau convention.

Contestants are judged on appearance, poise and personality. The purpose of the contest is to give recognition to the beauty, charm and home making qualities of Texas farm and ranch girls.

Junior High Plays Tonight

The Perryton junior high football team will open their season at Ranger Field on Thursday night when they meet the Shattuck, Okla. eleven. Game time is 7 p. m.

Coach Joe Champion said the starting lineup is not definite, and that he plans to use a number of boys during the game. Other games are being sought and a schedule will be announced in another week or so, Champion said.

Another Rain Visits In Perryton Area

Another rain visited the Perryton area Monday night, soaking fields enough for wheat sowing in some spots and aiding grain sorghum fields in other parts. The rain was scattered, with Perryton receiving .35 inch at the KEYE transmitter and .27 inch at Judge Jack Allen's gauge. Other rainfall reports Monday included Carl Phillip, 21 miles south, .50 inch; Bill Pletcher, 14 miles southeast, .40; Harold Hawk, 18 miles northwest, .80; Harvey Urban, .70; Booker, .75; Darrouzett, .15; Spearman, .46.

Demo, Republican Delegates Go To Conventions

Delegates from Democratic and Republican parties in Ochiltree county will attend state conventions next Tuesday, with the Democrats to meet in Mineral Wells and the Republicans in Fort Worth.

Republican delegates from Ochiltree county are Walter LaMaster and Charley Hobbs.

Democratic delegates from Ochiltree county include Harold Hudson, A. E. Pittman, Otis Burk, Jack Allen, Sam Hergert, Ray Phagan and Don Thurman. Alternate delegates are Max W. Boyer, Jack Allen, W. H. Lance, J. W. Erickson, Herman Hargrove, Carl Hurter and Harry Bishop.

It is not definite which of these Democratic delegates will make the trip, but it is certain that the county will be represented at the convention.

Polio Patient Returns Home

Nolan Larkey, son of Mr. and Mrs. Clair Larkey, 422 SW 1st avenue, returned home Tuesday after 10 days in the West Texas Polio Clinic at Plainview. The lad was taken to Plainview on Aug. 27, seventh polio patient from Perryton this summer.

He is reported to be doing as well as can be expected. His parents were high in their praise of the doctors and nurses at the Plainview Clinic.

Polio Drive Nets $400

The emergency March of Dimes campaign totaled about $400 in Ochiltree county from all source, reports county chairman Frank Shaffer.

The coin containers have not been collected, but it is estimated that there will be $150 in these, Shaffer said. The Jaycees collected $98 at the football game Friday night and about $150 came in by mail.

The drive was carried on all over the nation as the National Foundation for Infantile Paralysis sought to raise $20 million for research and patient care.

Police Radio Is Credited With Quick Arrest

The police radio network was given credit Saturday night with the quick arrest of a Meade, Kansas man by Sheriff Ray Phagan and city policeman Arlie Binion.

The two officers were riding in the city police car at about 8:30 p. m. Saturday when they received a call from the sheriff at Meade, stating that a man and a 14-year-old girl were headed this way and that a warrant had been issued for the man's arrest, charged with contributing to the delinquency of a minor.

A few minutes later, as the officers headed north out of Perryton, they met the car in question. Turning around, they stopped the man, who admitted he was Bob McKinney, wanted at Meade. McKinney was placed in the local jail while waiting for Meade officers to come after him.

The girl was returned to her parents by the Kansas officers.

Services Held Tuesday for R. S. Roberts

Funeral services were held Tuesday afternoon at the First Methodist church for R. S. Roberts, a long time resident of Ochiltree county, who died Friday, Sept. 3, of a heart attack. Mr. Roberts was being brought to Perryton to a hospital and died before the hospital was reached.

He was born August 16, 1884 in Johnson City, Texas, and had lived in Ochiltree county since 1918, farming southeast of town.

Rev. A. B. Cockrell, pastor of the First Methodist church, conducted the final rites. Active pallbearers were Bill Pletcher, John King, Raymond Powell, Giltner LaMaster, Arthur Morgan, Chris Pshigoda, Horace Glasgow and D. R. Gaither.

Honorary pallbearers were W. B. LaMaster, J. H. Neufeld, E. W. Thomas, S. L. Brillhart, Sam Handly and George Cooper.

Survivors include the wife, Mrs. Media Ethel Roberts; two daughters, Mrs. Travis Flowers of Perryton and Mrs. Charles Meissner of Medesta, Calif.; two sons, R. S. Jr., of Supulvida, Cal. and Frank L. Roberts of Lincoln, Neb.; four sisters, Mrs. Nellie Collins of Ft. Worth, Mrs. Maude Reavers of Cleburne, Miss Agnes Roberts of Cleburne and Mrs. Amy Blanton of Dallas.

Interment was made in the Ochiltree cemetery.

City Council Refuses Request For Higher Telephone Rates

No Clue As To Next Move By Company

The city council Tuesday night turned down the request of the General Telephone Co. for a telephone rate increase. No indication was given of the next move in the rate controversy which has been in progress since May 18.

The council passed a resolution, stating "the supporting data contains many conclusions not satisfactorily proved to the council," and the council hereby "refuses and denies the rate increase."

The company had made a formal rate increase request on May 18, seeking to boost rates about 50 per cent higher than in effect at present. The company asked for business rates of $12.25 per month for one party service; $6.00 per month for one party residential service. This would be about a 50 per cent increase over present rates.

A rate increase was granted by the council on July 15, 1952, establishing the present rates.

The company has maintained that their rate of return on their investment in Perryton was not adequate to attract the necessary capital investment for expansion of the corporation.

The previous rate increase was granted after a controversy which lasted over a year and resulted in a compromise settlement.

Present for the meeting last night were Red Hightower of the company general office in San Angelo, and district manager Vic Reynolds of Guymon.

City councilmen present were Jim Anderson, Dean McCutcheon, Clyde Cofer, G. T. Leatherman and Gordon Shackelford. Also present were mayor Drew Ellis, city manager J. B. Whigham, city attorney Max W. Boyer and city secretary Frank Shaffer.

Latham Heads ASC Committee

Jim Latham was named chairman of the county ASC committee for the coming year and Roger Pearson was named vice chairman by the appointing committee previously elected by county farmers.

Kenneth Hocking is the member to round out the three man county committee. C. H. Williams was named first alternate and Alton Witt is the second alternate.

The county committee was appointed by the three community committee chairmen who are A. F. Cook, Harlan Hawk and Bill Pletcher.

Community committees were elected two weeks ago in a county-wide election.

The county committee has an important function in regard to setting wheat allotments and deciding other county ASC agriculture and soil conservation practices.

Cub Scouting Program Grows, Expect 150 Boys

Cub Scouting in Perryton took an increase Tuesday when J. W. Erickson and Giltner LaMaster visited the schools and secured an additional 59 boys in Cub Scouting who were not members last year.

There were approximately 100 boys in Cub Scouts last year and it appears that at least 150 will be in the Cubs this year.

Parents of the new Cub Scouts will enroll their sons in Scouts Thursday night, Sept. 9, at the school auditorium. The boys will be entertained with games by the men of the Lions Club at the old gymnasium.

Den mothers for the new Dens will be recruited from the mothers present.

On Monday night, Sept. 12, at 7 p. m. at the school Joe Erickson will conduct a training course for Den Mothers. On Tuesday night Vance Apple will conduct a training course for Cub Masters.

On Monday night, Sept. 20, Fred Osborne will hold a training course for Den Chiefs, boys who serve with Den Mothers in holding Den meetings.

Any boy of 8-9-10 years of age is eligible for Cub Scouts and all are invited to join by bringing thier parents to the school Thursday night.

Band Lessons For Fifth Grade To Be Offered

Band lessons will be offered this year to students of the fifth grade, band director B. D. Walker has announced. For convenience of parents there will be a display of instruments for rent or sale at the school band room on Thursday, Sept. 9, from 3 to 6 and 7 to 9 p. m.

There are 106 students enrolled in the high school band and 117 in the junior high band, Walker said. This is a considerable increase over last year.

The high school Ranger band has full instrumentation and some outstanding musicians, Walker said.

Drum majorette is Kaylene Schnell. Twirlers are Phyllis Vernon, Sydney Slack, Janye Todd, Glenda McGibbon, Dixie Conley and Kathy Hurter. Jerry Conner is the student director of the band.

Carelessness in Firearms Kills Many Hunters

AUSTIN—The Executive Secretary of the Texas Game and Fish Commission cautioned Texans against blighting the fall hunting sport by carelessness with firearms.

He said safety forces have been reducing the casualty toll in recent years, particularly in Texas in the last two years, but added that as long as loaded guns are taken into the field the hazard exists.

The Executive Secretary said deaths from firearms during the fall game harvest has been cut from thirty-two in 1951 to nineteen for both 1953 and 1952.

He pointed out that in addition to the nineteen fatal accidents from firearms reported to the Commission in 1953, there were six fatalities to duck hunters through drowning.

It was considered significant that twelve of the nineteen firearm casualties listed for last fall, were not caused by the victim. In other words, the fatal accidents were from guns held by someone else.

Of the self-inflicted wounds that proved fatal, according to the Executive Secretary, most of them were from the causes "as old as man." Leading reasons given for the hunters accidentally killing themselves included: crawling under a fence; taking loaded gun from automobile, pulling gun toward self, muzzle first.

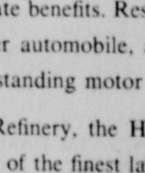

"It is urgent," he said, "that everyone treat a loaded gun with the utmost care. The hunters simply have to realize that the shotgun, which is the most common of the harvest weapons, is deadly when fired at close range."

He also cautioned hunters to be careful about keeping the gun barrels clear of foreign obstacles since earth and other obstructions oftentimes cause guns to explode when fired, but concluded: "Hunting is as safe as any sport when done with reasonable care."

Names Make Trouble

POOLER, Ga. (AP)—Churchfolk had identification troubles when C. E. Smith was pastor of the First Baptist Church and C. E. Smith, Jr., (not the other's son) was pastor of the Methodist Church.

The Methodist Smith was transferred and replaced by Gilbert Ramsey. But that didn't solve everything because the pastor of the Rothwell Street Baptist Church is Carter Ramsey.

Humble's new

HOUSTON RESEARCH CENTER

... is dedicated to man's impelling curiosity in the search for knowledge and its useful application in the specialized fields of petroleum exploration and production.

Dedicated to

Man's Impelling Curiosity

Most of us interpret the value of research in terms of immediate benefits. Research means that we get a better automobile, an improved gasoline, or an outstanding motor oil.

At Baytown Refinery, the Humble Company maintains one of the finest laboratories in the petroleum industry for that kind of research.

But behind the study that goes into the improvement of the products it sells, Humble for years has fostered basic research related to the discovery and production of oil and natural gas.

The United States uses so much oil from day to day, and needs so much more to provide for the emergencies of national defense, that studies leading to the discovery of new supplies and the more efficient management of existing reservoirs are more important than ever before. Consequently, Humble's expenditures on this sort of research are the heaviest in the Company's history and its staff of research scientists is larger than it has ever been.

To house the expansion of these research sections, Humble recently completed its new Research Center at Houston and will formally dedicate it this week end.

Here the scientists of the various departments involved in the discovery and production of oil will utilize common facilities, and here they will have the stimulation of close association with other scientists whose efforts are dedicated to a common end.

The new Houston Research Center will provide facilities for research in:

- Fluid Mechanics
- Geophysics
- Geology
- Geochemistry
- Drilling Muds
- Well Log Interpretation
- Subsurface Instruments
- Reservoir Behavior
- Well Stimulation
- Well Cementing

The chimney is the original chimney of the original house and the lumber was hauled in from Dodge City over 60 years ago. The barbed wire fence with long barbs is the original wire around the place.

Mrs. Poston has owned the ranch since 1943 when she came from Wheeler county. Best feed crop was made in 1942 and the poorest crop years have been in 1952 and '53.

The house was built about 1884 and has been remodeled several times, last time in 1943. It contains 6 rooms and bath.

Most of the land is in Lipscomb county but the ranch contains a strip on the west side which is in Ochiltree county.

Mrs. Poston is a Herald subscriber and says she likes all of the paper, especially the local news.

ROCK HUDSON and Jane Wyman become the screen's most exciting new romantic team in "Magnificent Obsession" that opens at the Ellis Theatre Tuesday, Sept. 14. One of the most inspired love stories ever written. The story of a woman's need for a man that will become one of the great emotional thrills of your lifetime! Written by the author of "The Robe".

Stephenson Gets Commendation

ET2 Don L. Stephenson, son of Mr. and Mrs. J. H. Stephenson of Perryton, has been awarded a Naval commendation for outstanding work at the U. S. Naval Amphibious Training Unit in San Diego.

Stephenson, who will receive his discharge in January, 1955, enlisted in January, 1951. He had previously been given an appointment to Annapolis but refused it. He was a student at Texas Tech when he enlisted.

The citation, from T. E. Chambers, commander of the unit, reads as follows:

1. The Commanding Officer desires to commend you for your outstanding work in connection with the extensive project of revising the Amphibious Communication display board in Building 111 at practically no expense to the government.

2. The intricate revising and relocation of small lights used on this board required innumerable hours of careful and logical thinking which in the past had been considered beyond the capabilities of other than a civilian contractor. Through your expert craftsmanship, perserverance, intelligence and enthusiasm you accomplished this complicated and sometimes frustrating assignment which resulted in a completely revised and up to date Amphibious Communications Display Board with a resulting savings in monies of approximately $10,000 to the U. S. Navy.

3. An appropriate entry shall be made in your service record on the Administrative Remarks page in accordance with reference (a) as well as a copy of this commendation being made a part of your permanent record.

DANNY KAYE is at his superb best in his brand new comedy "Knock On Wood" that closes at the Ellis Theatre tonight. It's Mr. Funny at his funniest.

Mrs. G. W. Howe of Manhattan, Kans. is a guest of her daughter and son-in-law, Mr. and Mrs. J. H. Kershaw, and making the acquaintance of her great-granddaughter, Deborah Kay Waide of Galveston. Deborah Kay visited her paternal grandparents, Mr. and Mrs. Earl Waide, last week and is visiting in the Kershaw home this week. Mr. and Mrs. Gene Waide will visit their parents this week end and take their daughter home.

Seed Processing Plant Founded Two Years Ago

The W. H. Lance Seed Processing Plant, located at 111 SE 3rd Ave., was established by Lance in February, 1952, to take care of the demand for seed treating and cleaning. There was no such plant in Perryton at that time.

Lance says that experiment stations have proved that seed treating and cleaning produces more grain, makes drilling easier, takes out grain that will not grow, prevents seed and soil born diseases.

The Slurry Method, used at the Lance plant, prevents smut, root rot, seedling blithe and wireworm damage.

Lance was born June 2, 1905 in Chillicothe, Texas. He has been in Ochiltree county since a boy and graduated from Perryton high school in 1922. He and Aleene Williams were married June 3, 1925 and they have two daughters, Mrs. T. L. Garner, Baker, Mont., and Mrs. Jim Spain, Lafayette, Ind.

He is a member of the Masonic Lodge, Methodist Church, Elks, Chamber of Commerce, Lions Club, Dallas Consistory, Khiva Shrine and is a former sheriff, Chamber of Commerce manager and mayor of Perryton.

Greer Garson Is Teacher

"Her Twelve Men" a comedy-romance starring Greer Garson, Robert Ryan and Barry Sullivan comes to the Ellis Theatre on Sunday and Monday.

Miss Garson reveals her comedy talent as the only woman teacher in a boys' boarding chool, a "creep" to her class, but in a class by herself when the lesson is romance.

2ND HIGHEST BUSINESS LEVEL—Texas business activity, as shown by the composite index above, was down 1 per cent in July from June with an index drop from 156 to 154. In spite of the decline, the July figure, computed by the University of Texas Bureau of Business Research, registered the second highest index level on record. Dr. John R. Stockton, burau director, has pointed out that nothing in the current business situation indicates the July decline was anything more than an erratic fluctuation, common in monthly time series.

COW MUSCLES IN ON HOG HEAVEN—David Wimberley, farmer northeast of Kress, Texas, believes in furnishing his hogs the best in cool comfort—an air conditioned barn. The hogs thoroughly enjoy it, usually pile up in front of the air outlet. Old Red, the milk cow, can't see the point in letting all that cool air go to waste, so she muscles in on the hogs' heaven. Wimberley found his hogs wouldn't eat in extremely hot weather. They've been putting on weight since he air conditioned their quarters. (AP)

PET BOARDING HOUSE CUSTOMERS TOUGH—Vernon Spicer, who operates a boarding house for pets in Dallas, has to keep a close eye these days on two of his customers—Reynard the Fox and Aly the Alligator. The two delight in trying to take big bites out of each other. Spicer is hoping his worries and role of peacemaker will be over soon—the youthful owner of the four-year-old Aly is due to claim her pet in a couple of weeks. (AP Photo)

Man Committed To Institution at Lunacy Hearing

Oscar Murry was committed to a state mental institution by a six man jury appointed for the lunacy hearing held Tuesday morning before Judge H. R. Slaughter.

Murry had been arrested last Friday upon complaint of R. H. Holland, who told Sheriff Ray Phagan that Murry had been tearing down a building owned by Holland at 211 S. Ash.

The building in question has been rented by Lew Murry and his son, Oscar, for the Murry Salvage Co. for about 20 years. The elder Murry recently moved to North Main, but Oscar declined to move, stating that he preferred to remain at the former site.

It was after the elder Murry moved that Oscar began tearing down the building, stacking the boards neatly in a pile, and saving all the nails.

When Sheriff Phagan and City Police Chief Rolland Shearer arrested Murry, he resisted considerably, according to both officers. He maintained that he had bought the building and was entitled to tear it down if he wished.

At the lunacy hearing, Dr. G. L. Kengle testified that he had known Oscar Murry for many years and that the man was severely injured in an automobile wreck about 16 years ago. He lost a leg in the accident and suffered severe head injuries which Dr. Kengle told the jury was probably responsible for his becoming mentally unbalanced.

Murry, 41, grew up in Beaver county and attended the Blue Mound schools. He came with his father to Perryton about 20 years ago. He has never married.

Members of the jury were La-Rue Norris, Bill Trayler, Ray Thomas, C. G. Grizzle, Frank Winn and Irvin Hergert.

Is it her birthday? Her anniversary? Or is she just a lucky lady who receives flowers just because she's she? Whatever the occasion . . . whatever the reason . . . tell her you're thinking of her . . . and tell her with flowers.

Soviet Reclaims Refugees

TOKYO (AP)—The Russians and their descendants who fled the Communist Revolution years ago apparently are being cleared out of Communist China. A Peiping broadcast heard here said "Soviet residents in China have warmly welcomed the recent decision of the government of the USSR to take back to the homeland Soviet citizens who have been living in China."

Russia made a pitch to get back the White Russians in China even before the Communists took over there. Some went back after receiving Soviet assurances of fair treatment. Enough got back to China guarded letters painting grim conditions in Russia to discourage any great exodus. Many White Russians, with the help of the International Relief Organization, got out of China before and after the Communist conquest of the mainland. How many remain is not known.

Excess Damages

DETROIT (AP)—Traffic Referee Rollin D. Shull ruled it wasn't up to him to decide whether a $340 automobile could sustain $550 damages.

Jack Lichtig complained James Andrews ran a red light and did $550 damages to Lichtig's car. Shull asked what Lichtig's car cost when he bought it and got $340 for the answer, but Lichtig quickly added: "A garage says it'll take $550 to fix it up. That's all I know."

Shull fined Andrews $20 for reckless driving; ordered damages fixed in civil court proceedings.

New for Fall: The Bloused Look

HERE'S HOW YOU KNOW IT'S NEW . . . Center, the new semi-fitted suit for fall, which represents the easy, relaxed look slated for 1954-55 popularity. Small sketches show other details of the new look, as previewed in New York.

By DOROTHY ROE
Associated Press Women's Editor

Here are the things to look for when you go shopping for that new fall suit or dress. These are the outfits that you will find in your favorite specialty shop or department store, come fall. These are the top styles already ordered by your local buyers, and now in process of manufacture in New York's teeming garment center.

1. The bloused top dress. This is the headline silhouette for fall, following the corseted midriff look of last season. It's an easy relaxed silhouette, which gives you room to breathe, doesn't reveal every bulge of figure, is easy to wear. You'll find it in all fabrics, usually teamed with a slim skirt.

2. The "blouson" suit or costume. This has a bloused jacket which ends at the waistline with a belt, is worn with matching slim dress or skirt, comes in handsome tweeds and flannels, dark worsted and new blends of Dacron, worsted and silk.

3. The sailor collar. This is a new and important note for fall, found on dresses, suits and coats, sometimes even in fur.

4. The sack jacket. This is a loose, boxy short jacket which may be semi-fitted in front, loose in back.

5. The barrel coat. This is rounded above, slightly tapered at the hemline, loose and comfortable, smartest when worn slightly shorter than the skirt or dress beneath.

6. The middy. This is the loose, schoolgirl garment that has been coming back to favor periodically for two generations. A pullover with no waistline, worn with a slim skirt, shown in high-color flannels and jerseys, often with a sailor collar.

7. The low-open neckline for dresses. A flattering, feminine decolletage achieved in many ways, sometimes with low, flat or standaway collars.

8. The fur collared or fur lined suit. An old favorite newly popular for this fall. Often reversible.

9. The costume. This consists of wool dress and matching jacket or full-length coat, and is the most important single fashion of the season. Dress usually is low-necked, short-sleeved, sufficiently dressy for after-5 wear, permitting the wearer to go from office or shopping trip to cocktail and dinner, suitably dressed when she removes her jacket.

10. Combinations of satin and tweed. A top fall fashion. Sometimes done with satin lining and weskits combined with tweed suits. Sometimes done by adding satin hat and blouse to a tweed suit.

11. The doll dress. This is the little-girl fashion so popular this summer, carried on for fall in dainty, lacy, white or pastel dance dresses.

12. Wide collars on coats, suits and blouses.

Garden Clubs Will Sponsor Flower Clinic

The Perryton Garden Club and Redbud Garden Club will sponsor an all day flower clinic on Tuesday, September 21, for the purpose of studying Flower Show Practice and Flower Arrangement. The clinic will be held in the A & B Motor Company showroom from 9 a. m. until 4 p. m.

Mrs. Dan Manning is president of the Perryton Garden Club and Mrs. Loyd Morgan is president of the Redbud Garden Club.

In charge of arrangements are Mrs. V. O. Olmstead of the Perryton Garden Club and Mrs. Gene Cudd and Mrs. Wayne Kisker of the Redbud Garden Club.

Instructors will be Mrs. J. A. Kendall and Mrs. Jason Robberson of Amarillo. Both Mrs. Kendall and Mrs. Robberson have been members of the Amarillo Garden Club for many years and are National Flower Show judges as well as Nationally Accredited teachers.

Mrs. Kendall, who will lecture on Flower Show practice from 9:00 a. m. until 11:45 a. m., has taught this subject successfully in many Flower Show schools held in District I of Texas Garden Clubs, Inc., and is well qualified, by practical experience, to instruct in this subject.

Beginning at 1:00 p. m., Mrs. Robberson will lecture on Flower Arrangement and following the lecture, will demonstrate the making of various types of arrangements. She has taught this subject in numerous Flower Show schools and has given demontration lectures before many garden clubs as well as other groups.

All garden club members in the surrounding area are urged to take advantage of this opportunity to learn how to put on a Flower Show and how to make flower arrangements suitable for a show or for home use. Nonmembers interested in the Art of Flower Arrangement are invited to attend this clinic.

A small admission will be charged.

Veterans Forum

Q—I am a "peacetime" veteran, and I want to get into a VA domiciliary home. One of the requirements, I understand, is the lack of adequate means of support. I have an income of around $100 a month. Is that considered adequate?

A—No. Your $100-a-month income would not bar you from VA domiciliary care, so long as you meet all the other eligibility requirements. An income of $125 or more a month, however, is considered adequate means, if the veteran uses it to support only himself.

Q—Recently I needed emergency medical treatment in a non-VA hospital for my service-connected disability, and there wasn't time to get VA's authorization in advance. Would it be possible for VA to reimburse me for the expenses?

A—Yes, it is possible, but only if all four of these conditions existed: (1) the treatment was for a service-connected disability or for some ailment that was aggravating a service-disability; (2) treatment was given in a medical emergency; (3) Government facilities were not available; (4) delay would have been hazardous.

Q—I'm a disabled veteran taking Public Law 16 training. I received a serious injury during my training. Could I receive additional compensation for my training injury?

A—Yes, it is possible for you to receive additional compensation for your injury, providing you can show that your disability resulted directly from some essential training activity.

Q—A friend of mine has been receiving VA compensation because of two disabilities. One is permanent and the other isn't. VA asked him to report for a physical examination for his non-permanent disability, but without any good reason he failed to show up. Will VA stop his entire compensation?

A—No. VA will adjust his compensation so that he will be paid only for his permanent disability. He no longer will receive payment for his non-permanent disability.

The Lawrences think that Manaus is in the center of one of the last great frontiers in the world. Both believe that the country will continue to grow until it rivals the valley of California for both production and population.

Manaus has few days of more than 100 degree heat the nights are cool even though the altitude is only 250 feet. Rainfall for six months (November thru May) averages about 200 inches and the dry cycle of June to November is "dry."

While in Perryton the Lawrences were guests of the local Baptist church on Wednesday night where Rev. Lawrence spoke on some of their experiences. Thursday evening they were guests at the Audie Conley home.

Bobby, the fine friend of Congressman Pete, was born in Brazil and on his 21st birthday he must decide which country he will claim for citizenship.

From Perryton the Lawrences went to Little Rock, Ark. where they had several speaking engagements. They will continue their talks about their stay in South America until November when they are scheduled to return to Brazil.

... sure, the LaMasters had a hot bath waiting for the Lawrences on their arrival last week. After all, that's how their acquaintance started!

There Is A Difference

One bit of political advertising in the recent governor race could be called libelous—this was an advertisement which contained the statement that there was no difference between the CIO and the Farm Bureau, except that one was made up of persons who work for wages and the other of farmers.

The Farm Bureau could take this to be libelous, since there is a big difference between the two organizations. One is the voluntary cooperation of free men in the Farm Bureau—the other is the tyranny of an organization which forces dues from the working man if he is to get and hold a job. There is nothing voluntary about the latter.

The Farm Bureau forces no one to join it in order to become a farmer. It threatens neither violence nor economic reprisals against those who do not wish to belong or who disagree with its policies.

The CIO, with the blessing and the aid of favorable labor laws, maintains a tight control over its members, collecting whatever dues the leadership deems necessary; forces the "closed shop" which makes union membership mandatory; engages in full scale political activity to gain mere favorable labor legislation. A working man in a union industry has not the slightest choice as to belonging or not belonging to a union—he is compelled to do so by law.

The CIO and the Farm Bureau have about as much in common as the Ku Klux Klan and the churches.

Prosperity Insurance

A group of Democratic candidates for Congress, meeting in Sioux Falls, S. D., to cook up some campaign medicine, decided that the farm price parity issue was probably the most potent and politically helpful ingredient they could find.

Accordingly, they branded the flexible price support law enacted by the recent Congress as "a new philosophy of disaster insurance instead of prosperity insurance for the entire nation."

Do high, rigid farm price supports really mean "prosperity insurance for the entire nation"? If these candidates for Congress do not know that farm prices have shown a decline over the last three years with 90 per cent of parity guarantees in existence, the farmers do.

And if they are not aware that the system has resulted in the piling up of prodigious surpluses, and has necessitated stringent controls on the planting and marketing of basic crops, these facts have not escaped the farmers.

The Farm Bureau, considered the most progressive farm organization, has given much study to the problem of farm surpluses and has advocated a flexible price support system for some time. The Farm Bureau has recognized the problem created by high price supports where farmers in the middle west and northeast grow wheat under the program of guaranteed prices while they never grew any when they operated on the free market. This has added to the surplus and worked a hardship on areas like this, where wheat is the ideal crop, and one of the few cash crops that can be raised satisfactorily.

Perhaps our "prosperity insurance" depends not so much on rigid price supports as flexible supports. It appears that this system is going to receive a trial.

From the SIDELINE

with HAROLD HUDSON

We notice in the newspapers where Hereford has 516 enrolled in high school and Dumas has 2,449 students, of which 1,598 are in elementary school, indicating that high school has about 500. This should put these schools in AAA football competition and we have heard for several years that the change will be made, but it hasn't been. Perryton, with an enrollment of 220 in high school, continues to be the smallest high school in District 1-AA.

Of course, enrollment doesn't make all the difference, and in many years, this school will field athletic teams to compete with the best of them. Year in and year out, the high school with the most students will have the most consistently better teams, simply because the law of averages gives them more good players from a larger group.

Of course, Perryton has no complaint about Hereford and Dumas being in this district. The Rangers have always played on even terms with these two teams and expect to continue to do so. But the situation at Phillips is different. How to whip a problem that sends about 90 boys out for high school football out of an enrollment kept constantly around 350 is one that confronts not only this school but all others in the district.

Ranger Field looked in the best shape we've ever seen it for the ball game Friday night. A thick turf indicated that plenty of care was lavished on the gridiron this summer. Several others remarked about the excellent condition, and we overheard a conversation between some former Rangers of the pre-1938 vintage when the field was not covered with grass. It used to be that the idea of excellent shape would be to take a drag and scrape off all the loose dirt on the bare field, leaving only the small stones and goatheads. The harder the better, they used to say.

And when the field ran north and south, just east of the present field, it slanted uphill to an alarming degree, giving the team going north a decided advantage. Those were the good old days.

Another thing we've noticed about football this year. The decisions of the referee were accepted quite cheerfully. This new outlook became apparent at about the middle of the season last year, when the Rangers started winning ball games. In 1949 and 1950, when the team failed to win a game, we heard more griping about sorry officiating than we ever expected to hear. Apparently the quality of officiating has improved considerably.

A few morons have tried to make a race track out of the street in front of the school, showing off for the girls, but as a whole, the traffic situation has been good this year since school started. City policemen have taken to patrolling rather rigidly around the school and have things pretty well under control. It's still pretty much of a race when school turns out in the afternoon, however. All of the scores of cars driven by students leave at once, which naturally makes for congestion.

Woman's place is in the home—usually right next to the telephone.

We learned something interesting from the Lamb County Leader, at Littlefield in going through the exchanges this week. Down at Olton they are having a telephone controversy same as we are in Perryton. At a hearing there last week, J. E. King, head of the Department of Revenue Requirements for the General Telephone Co. was quoted as saying that in 46 states which have state rate making commissions, toll revenues are taken into account in setting rates, but that in Texas and Iowa it is general practice for telephone companies to consider only local operations in figuring a fair return on a fair value.

Most of their hearing was taken up with questions by Olton attorneys as to why the telephone company ignored toll profits, and included depreciation in the list of expenses every year, yet failed to reduce the fair value of their investment by the amount of this depreciation.

One thing about it—the telephone company has plenty of experience in rate cases. We notice in our exchange newspapers all over the state where General Telephone Co. is asking for more money.

Bachelor: A man who didn't have a car when he was young.

Talked to a fellow the other day who says there may be a beer election some of these days. He pointed out that Perryton is losing money every day to Liberal, Borger, etc., where local residents go to pick up a case of brew or a couple of bottles of spirits, and while in those cities decide to buy other merchandise. This fellow was also looking ahead to the date when the Pampa highway will be opened, thus bringing Pampa into the orbit for wet merchandise and presumably open up more traffic to that city.

We were surprised to learn that this movement has some rather strong support. What do you think about making Perryton wet? It may be that we'll have a local option election to decide the question.

Wolf Creek Philosopher

Willing to Give Diplomatic Win

(Ed. note: The Wolf Creek Philosopher has a good idea this week, but he won't get anywhere with it.)

Dear editar:

I don't know anything about international diplomacy, don't even know anything about local diplomacy or I'd figure out a way to pacify my neighbor when my cows jump my fence into his pasture, but I was reading the othet day about some international diplomacy which interests me.

Accordin to this item, the United States has just succeeded in getting West Germany or maybe it was East Germany, I forget which, to accept a big shipment of food from us, free of course, and some officials in Washington hailed this as a great diplomatic victory.

I have pondered this a long time and have decided I wish the government would win a few diplomatic victories over me.

For example, say the government has some surplus hay on hand and wants to let me have some, just to keep my friendship. If all I had to do was act like I wouldn't think of acceptin any of that hay, ignore their offer, draw myself up in a dignified huff, and hold off a while, then magnanimously unbend and agree that after thinkin the matter over for several days and in the interest of international harmony I have decided to go ahead and accept a few loads, if they'd stack it in the barn, of course, I believe I could carry out the part and would be perfectly willin to let the government hail me as another diplomatic victory.

Or say I am passin by a store in town and the owner rushes out on the sidewalk, drug me inside, and insisted I accept a couple of shirts and a pair of shoes, just to give him another diplomatic victory. This thing has great possibilities, if more people would forget about economics and brush up on diplomacy. I'm gonna mention this to Roy Orrill and Bill Sanders the next time I'm in town and see if they're up on this diplomatic victory outlook.

And if you hear of anybody anywhere, whether it's the government of individuals, who are interested in practicin diplomacy in this fashion, I will be glad to serve as sort of a provin ground. I can think of dozens of diplomatic victories they could win out here on my farm.

Yours faithfully,
J. A.

Light THE WAY TO BETTER GRADES

THIS EASY THREE-STEP WAY

Homework is finished faster and more accurately when the study light is right. Give your children the advantage of good light for home study this easy three-step way. Then watch their grades improve!

1 Get a lamp measuring 15" from shade bottom to table top. Shade should be wide enough to spread light over work area and deep enough to conceal bulb from eyes.

2 Equip the lamp with a 150-watt inside frosted bulb (A) if the lamp has a diffusing bowl; with a 150-watt white indirect bulb (B) if it has not.

3 Place the lamp 12" from front of desk or table and 15" to left of work center. For a left-handed student place lamp at right.

See your lighting equipment dealer or our office for the bulbs and lamps you need. Better light means a better student.

Carl Slaton Dies Aug. 29

Carl Ernest Slaton, 70, died Aug. 29 near Gray, where he had moved recently to be near his children, Emery Slaton of Perryton and Mrs. Mildred Harris of Gray.

He was born in Fayetteville, Ga., on Feb. 16, 1884 and died Aug. 29, 1954. His parents died when he was very young and at the age of 20 he moved to Forney, Texas, moving from there to Binger, Okla., in 1911.

He was united in marriage to Pearl Smith on Jan 1, 1913. To this union two children were born.

He united with the Full Gospel church at Gray in 1924 and was a faithful Christian. He was a devoted husband and father, always concerned with the welfare of others. He was known and loved by many who were his neighbors and friends through the years.

He is survived by his wife, Pearl Slaton, Gray; a son, Emery Slaton of Perryton; a daughter, Mildred Harris of Gray; three grandchildren, one great-grandson, two sisters, a host of other relatives and friends.

PRAYER CHANGETH THINGS

The PASTOR

That crucial hour when one must have counsel by a trouble-sharing, God-loving pastor has come to this man. The broken in spirit and warped of soul must have guidance... the way must be pointed out.

God's ministers are serious and their counsel good. But better still, *they know the way of access to God.* There is one waiting to help you, and he is as near as the church or your telephone. When you are down and out; when you have lost all faith in yourself... that's when you need him most. *That's when you need God, too.* There is no comfort like that which comes from Heaven, and to the seeking soul, Heaven is not far away. Your Pastor wants to help you.

ON HIS WAY—Dan Pearson, Ranger sophomore fullback, is shown on the start of his 20-yard touchdown run against White Deer Friday night. In the background are Rangers Shorty Dear, Bob Williams, and Bill Thrasher. (Photo by Thurman)

Rangers Open Passing Game To Trim White Deer, 31-6

The Rangers, operating before a full house in their opening game Friday night against White Deer, uncovering a sharp passing game to bury the Bucks by a 31-6 score.

White Deer battled the Rangers on even terms during the first period and most of the second, holding the Ranger ground game well in check until Shorty Dear circled right end for 16 yards and the first touchdown of the game early in the second period.

Before this score, which was set up on a 21 yard pass from Dear to end Bill Thrasher, the Rangers couldn't mark up any yardage on the ground, although all of the backs had a try at it. First game jitters were much in evidence and the timing of the Ranger backfield was obviously off at times.

However, as the second half opened, the Rangers came to life. With sophomore fullback Dan Pearson turning in some spark ling running, the ball was worked down to the 15, then a loss put it back on the 20 from which point Pearson galloped around right end for the second score.

Next touchdown of that busy third quarter came when Dear faded back, found big Thrasher open to the left, and tossed him the ball. Thrasher then outsped the defense for a 37 yard score to make it 18-0. Thrasher then made his only successful conversion of the night to set the score at 19-0.

Next touchdown came on a beautifully executed pass play to the right when Dear hit end Bill Farrington with a fast pass which Farrington took at full speed over his left shoulder and left the secondary behind. This pass covered 60 yards and put the game on ice with a 25-0 margin.

Early in the fourth quarter, Dear faked a pitchout, faded back, and found Farrington all alone to the left, and flipped him the ball, good for 28 yards and another touchdown. This made it 31-0 and coach Pete Peterson was using substitutes liberally throughout the final period.

White Deer then started a sustained march which carried 80 yards, featuring the passing of Ray Eller and the ball carrying of his twin brother, Roy Eller. Eller hit big Ernest Reusch with a couple of passes to put the ball on the 1 yard line and Roy Eller carried the ball across.

The game ended with Perryton in possession on the White Deer 40.

The stands were crowded with spectators, coaches, scouts and players from rival district 1-AA and district 1-A schools who came to see the game, first in the Panhandle this season.

In addition to the stellar work of Ranger backs Shorty Dear, Dan Pearson and Jimmy Todd, such linemen as Jack Wright, Bob Williams, Victor Briggs, Thrasher and Farrington stood out in the opening game.

LETTERS from READERS

Baton Rouge, La.
September 3, 1954

Dear Mrs. Stewart:

Just a few lines in regard to my renewal to the Ochiltree County Herald. Inclosed find my check.

We are having plenty of rain and everything is in full bloom. The crepe myrtle trees are in full bloom and will stay in bloom until fall. And the roses are beautiful.

I am not a very fast navigator any more. If you know Ed Forbes' age, I am just 5 days older than Ed. Mrs. Thomas is not feeling too well. She was in the hospital for a while having a thorough check up. Tell Mr. Loftin if my Masonic dues are due, I will send him a check.

Hope that this finds all of you healthy and lusty. Our love and best regards to all of the good people in Perryton.
