Local Man Honored In November Contest

Walter H. Cassel, an employee of the Stanolind Oil and Gas Co., was awarded a prize and honorable mention in the November Calendar Contest. Since this contest pulls more than 50,000 entries each month, we consider this quite an achievement.

Mr. Cassel is active in the work of the Baptist Church, belong to the P-TA and is interested in all school activities.

The slogan which won Mr. Cassel the prize was "It's no wonder insurance rates are high, just take a gander at that guy."

Bay Fishermen's Ass'n Formed In Local Area

Thoroughly aroused by a proposed bill to be introduced before the 52nd Legislature to close all Texas bays against commercial fishing and shrimping, including even operation of bait shrimp boats, commercial fishermen and many local business men met at the court house Thursday evening of last week and formed the Rockport-Fulton chapter of the Bay Fishermen's Association of Texas, with headquarters at Port Lavaca. Nearly 100 persons attended, including several from Port Lavaca and other communities.

The new organization is the result of spontaneous action of bay fishermen and their friends all along the Texas coast, in an effort to save their industry, their livelihood and their investment in bay boats and equipment.

Chapters have been organized at Palacios, Port Lavaca, Seadrift, Port O'Connor, Flour Bluff and other points along the coast. A mass meeting has been called for Sunday at 2:30 p. m. at the VFW hall in Aransas Pass to perfect a local chapter there.

Elected temporary officers here last week were Ted Little as president and Bill Johnson of Fulton as secretary. They will serve until permanent officers are elected. Local officers are automatically members of the board of directors of the state association.

TWO WRECKS REPORTED LAST WEEK

Marvin Eugene Pool of Corpus Christi and M. L. Swinehart of Rockport, but recently of Pecos, Texas, ran together in front of the Humble Service Station on Highway 35, Monday about 3:45 p. m. There is no highway sign at this intersection and Swinehart, a newcomer, driving north could not see Pool, driving west for some parked cars until the two cars were almost together. There was no one hurt, but the two cars were damaged about \$440.

The other wreck was on Highway 35 just opposite the cemetery. It was reported that Mac Kirby, owner and driver of the car skidded and turned over. Ingreia Dominguez was a passenger in the car. Both men were seriously injured and were taken to the Rockport hospital and later transferred to the Naval hospital in Corpus Christi.

Vet Insurance Dividends Ready

Washington, D. C. — The size of the forthcoming National Service Life Insurance dividend may be disclosed this week.

The VA said it is preparing an announcement for release within a few days. The dividend will cover World War II veterans' policies for the 1948-50 period, and so will be considerably smaller than the \$2,800,000,000 dividend paid last year for policy earnings of eight years.

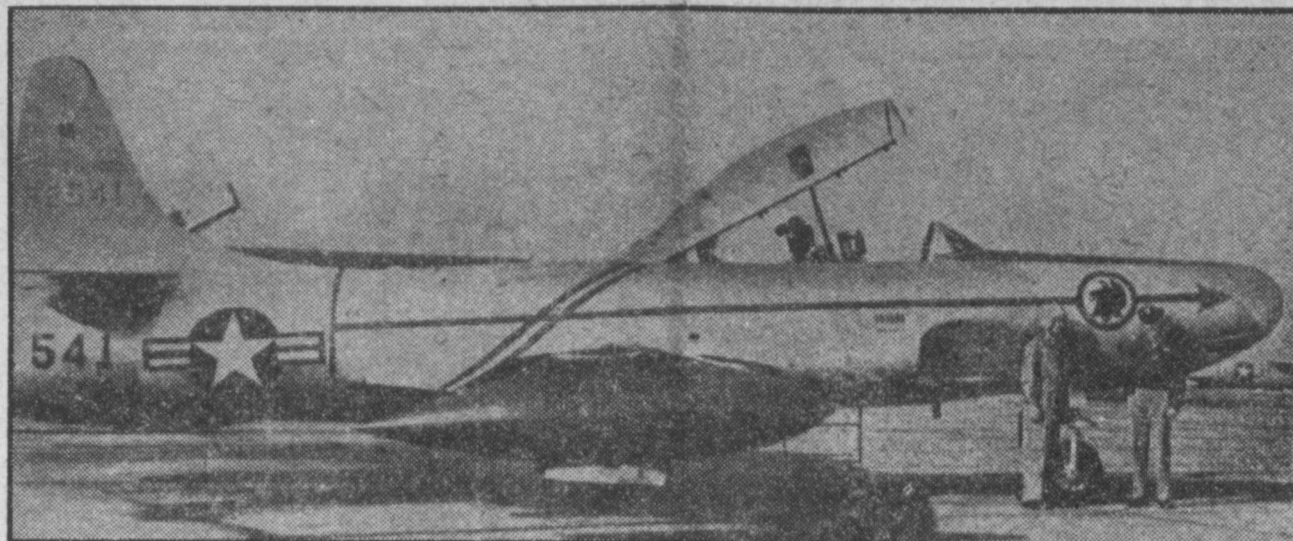

The new dividend payments probably will start in March on policies with a January anniversary date. Other dividend checks probably will go out within about two months of their anniversary dates, VA said. Future dividends, when there are any, will be on an annual basis.

Volunteers Needed For Polio Drive

An urgent call for volunteers to participate in the 1951 March of Dimes of the National Foundation for Infantile Paralysis was issued today by Weldon Cabaniss, director of the polio fund-raising drive in Aransas County.

Mr. Cabaniss has appointed James Sorenson Jr., treasurer, and Roy Rogers, publicity chairman.

Members of the Rotary Club have agreed to assist personally in the drive which will follow the same plan as last year; namely, put coin collectors (shaped as iron lungs) in all stores; make personal contact with all business houses in Rockport and Fulton and plan to call on all the homes in town and send each boxholder in county a circular.

Supt. J. F. Harbin will have the school children cooperate in this drive; the high school students will address envelopes and make their donations separately; elementary school children will be given envelopes to take home for their donations.

It is hoped that several other activities, card parties, athletic events and dances may be arranged, the proceeds to go to the March of Dimes.

Citizens of Aransas County should indeed be proud of this report of Sheriff Curry, which, when summed up amount to this: Total collectible taxes for 1950 is \$191,674.24, and a total of \$163,416.26, or 85% was paid during October, November, and December.

Funeral Services Held For Valley Cole Sr.

Funeral services for Vallie Marion Cole, 52, life-long resident of Fulton, were held at 10 a. m. Wednesday at the family residence. Burial was in the Fulton Cemetery.

Mr. Cole, a boat builder, died at 3 a. m. Tuesday at an Aransas Pass hospital.

He was a member of the Fulton Community Church.

Survivors include his wife; one son, Vallie Cole Jr., of Fulton; one daughter, Mrs. Annie Cox of Fulton; one brother, Robert Cole of Fulton, and three sisters, Mrs. Hugh Perry of Galveston, Mrs. Floyd Neal of Galveston and Mrs. Georgia Krieger of Fulton.

Cage Funeral Home of Aransas Pass had charge of arrangements.

Rev. Pollard as stated clerk and treasurer of Presbytery, Rev. Paul C. Edgar, of La Feria, assumed his duties at this meeting of the Presbytery, and the assistant clerk was Rev. David F. Murphy, of Westminster Church, San Antonio, who was also the retiring moderator. Mr. Murphy preached the opening sermon from the text Luke 10:29, "But he, willing to justify himself, said . . ." and emphasized the tendency to offer alibis for our wrong doings and negligences rather than admit our own guilt.

Following a brief business session and an address of welcome by Mayor Travis Bailey, the Presbytery recessed for committee meetings until 7:30 p. m.

The evening session opened with a worship service under the leadership of the pastor and choir of the host church in which Messrs. Houston Foster and Harris Pollard sang a duet, accompanied by Mrs. Jack Davis. Richard Stone of Kingsville, was received under the care of Presbytery as a candidate for the ministry in a very impressive service. The Committee on Education presented its report and recommendations through the chairman, Rev. Harvard A. Anderson, of Grace Church, San Antonio, who then presented Miss Willodine Giesler, Presbytery's Director of Religious Education, who spoke on the value of Audio Visual Aids in Religious Education, and the service was concluded with the sacrament of the Lord's Supper administered by the Session of the local church.

Wednesday the Presbytery met at 8:30 a. m., and was led in a devotional service by Rev. Chas. B. Brown of Elsa, following which the Presbytery transacted business until 11:30 o'clock, at which time a memorial service was held in honor of Rev. B. D. Kennedy, D.D., deceased, under the leadership of Rev. Geo. T. Faison of Seguin; Rev. S. Brooks McLane, President of Tex.-Mex. Institute, of Kingsville, and Rev. M. H. Applewhite of Del Rio.

In the afternoon, in addition to hearing committee reports and like routine business, the Presbytery elected the following ministers and ruling elders to attend the General Assembly at Orlando, Fla., next June: Rev. T. H. Pollard, Rockport; Rev. John W. Byrd, Sanderson; Dr. P. B. Hill, Hunt; Rev. John H. Newton, Victoria; and Rev. Glenn Murray, a foreign missionary to Africa now on furlough; J. W. Jackson of Cuero; F. H. Junkin, Kerrville; W. F. Lovett, Seguin; J. W. Dunn, San Antonio; and A. E. McLendon, Harlingen.

There will be an adjourned meeting in San Antonio next Monday, and the stated spring meeting will be held in Kerrville in April.

Since the pastor of the host church was moderating the meetings of the Presbytery, the functions of hosts fell heavily on the men of the church who served in a most acceptable and efficient manner, and the women of the church served coffee and cold drinks continuously and also the evening meal on Tuesday and the noon meal on Wednesday.

The Presbyterian Church has requested The Pilot to convey its appreciation to the Tourist Court Association, and Alce Scott in particular, for the helpful cooperation in arranging for the entertainment of Presbytery.

DIME CAMPAIGN GETS SANCTION

Austin, Tex. — Governor Allan Shivers emphasized the impact of polio on the family, community, state and nation in officially designating the period from Jan. 15 through Jan. 31 for the 1951 Texas March of Dimes.

The chief executive cited the exhaustion of National Foundation for Infantile Paralysis funds by the record 100,000 cases the last three years. He stressed the state polio fund deficit in caring for almost 2,800 new cases in 1950 alone.

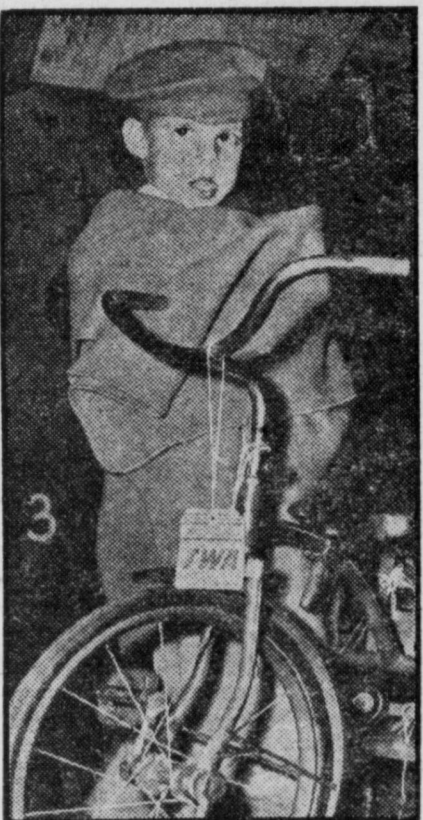

"For three consecutive years," said Governor Shivers' proclamation, "Texas children and adults have been heavily attacked by the virus of poliomyelitis."

"The record shows that 423 more polio patients were reported in Texas during 1950 than in 1949, with 2,778 cases in 1950."

"Every penny raised in Texas during the last three March of Dimes campaigns has been spent for patient care of Texas polio patients and supplemented with \$377,000 sent into Texas from other states by the National Foundation for Infantile Paralysis."

"Not only was the last year the second worst polio year in the nation's history, but the cost of providing treatment for these patients continues upward along with the tremendous costs of caring for patients of previous years. Funds of the National Foundation for Infantile Paralysis must be replenished in the 1951 March of Dimes."

"Therefore, as Governor of Texas, I hereby designate the period Jan. 15 to 31 for the 1951 March of Dimes in Texas, and urge every citizen to contribute as he is able to the success of this worthy campaign."

COMES PREPARED — Four-year-old Dennis Lenagen of Australia apparently wasn't sold on the efficiency of American transportation, for when he arrived in New York, he insisted on keeping his bike at his side. He made the long trip here himself—not by bike but by plane—and will join his father in Trinidad.

Texas Schools New Top Under Gilmer-Aikin Program

Austin, Tex. — One-half cent less of each state tax dollar went to support Texas' public schools last year than in 1939-40 despite the tremendous strides made in the school system since the Gilmer-Aikin laws went into effect.

"Not only has Texas climbed from very low on the national ladder to near the top in public school education in the first year under the Gilmer-Aikin program, but the state accomplished what amounted to a near-revolution in education without taking a bigger bite out of each tax dollar," Dr. Mortimer Brown, president of the Texas State Teachers Association, pointed out here today.

"In 1939-40 the public school support totaled 30.31 cents of each state dollar expended. During the last school year the schools' share of that dollar was 29.67, or exactly .54 of a cent less. At the same time, enrollment greatly increased, the number of teachers employed went much higher and the average daily attendance skyrocketed.

"The average daily attendance jumped in one year 35,708 under the new school program. Too, it is pertinent to point out that every child in Texas is guaranteed the opportunity of having 175 days of actual instruction per year.

There are now 49,628 classroom teachers in Texas schools, Dr. Brown pointed out. That is 4,225 more than in 1939-40.

"That makes for better education of our children," Dr. Brown commented. "Classes are now smaller, allowing for more individual instruction.

"Too, there were only 156 supervisors, counsellors and special services personnel, such as nurses,

From where I sit... by Joe Marsh

**Friendship—Four
Thousand Miles Apart**

Never quite got the hang of how to play chess myself, but I'll say this for the game—it started one of the strongest friendships I know of: between Dad Wilson in our town and a fellow in Sudbury, England.

The two of them have never met or seen each other—but for eight or nine years they've been playing chess by mail together. Dad puzzles over the Englishman's latest letter, takes a couple of days to think it over, and then airmails a chart of his next move.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the fellow in England writes that he does the same. "Almost as if we were in the same room," says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often little friendly things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of different nations, between folks here at home!

Texas Sets Record In New Polio Cases

Austin, Tex. — Texas wound up by setting a grim new record in polio incidence—2778 cases for the year.

Never before in state history have so many cases been reported during a 12-month period. Eight cases occurred during the last week in December.

That in itself is significant, for not a single week passed that didn't see at least one case of the so-called hot weather disease being diagnosed in some part of the state.

The total 1949 incidence of the dread disease reached 2355 cases, establishing a record up to that time. But there were 53 weeks in 1949 instead of the normal 52, and that figure includes cases occurring all 53 weeks.

Two hundred and three counties out of the state's 254 were involved in the 1949 outbreak. That's comparable to the 201 counties which experienced polio in 1950.

The counties of Coleman, Harris, Jefferson, McCulloch, Nueces, Tarrant, and Tom Green each reported a single case of polio the last week of the year. A Veterans Administration hospital had one case as the year ended, bringing the total for the week to eight from all sources.

The disease reached its peak on August 12, when 131 Texans fell ill. That marked the greatest single weekly incidence ever to be reported.

At that time State Health Officer George W. Cox ruefully predicted that 3000 cases would be diagnosed before the year ended. He missed his estimate by 222.

Twenty-eight counties had 20 or more cases; ten had more than 50 cases; six had more than 100 cases; and three counties—Dallas, Harris, and Tarrant—had more than 200 cases each. Those three areas represent the most populous regions in Texas.

Early in the polio season, Dr. Cox pledged the facilities "of the entire State Department of Health" to local communities in combating polio. The health agency's laboratory and field personnel, working in cooperation with civic organizations and local health units, were credited with keeping the epidemic from reaching even greater proportions.

State health department death records show 201 polio deaths through the first 11 months of 1950, and 192 deaths from that cause during all of 1949. Complete death figures are not yet available for December, a department spokesman said.

The dedication ceremonies will mark the first time that an entire separate plant for a theology school has been constructed at one time, SMU officials believe.

A record attendance of Methodist churchmen from all over the U. S. is expected for the occasion.

IN THE WAKE OF WAR—Bewildered Korean war orphans, some with tears in their eyes, wait in the fuselage of a giant C-54 transport of the U. S. Far East Air Forces for evacuation from Seoul to a haven in Southern Korea. One thousand of these children were taken out by air while thousands of others, old as well as young, made their way south the best way they could, usually afoot.

Put New Light in Your Life!

Light draperies with a fluorescent valance.

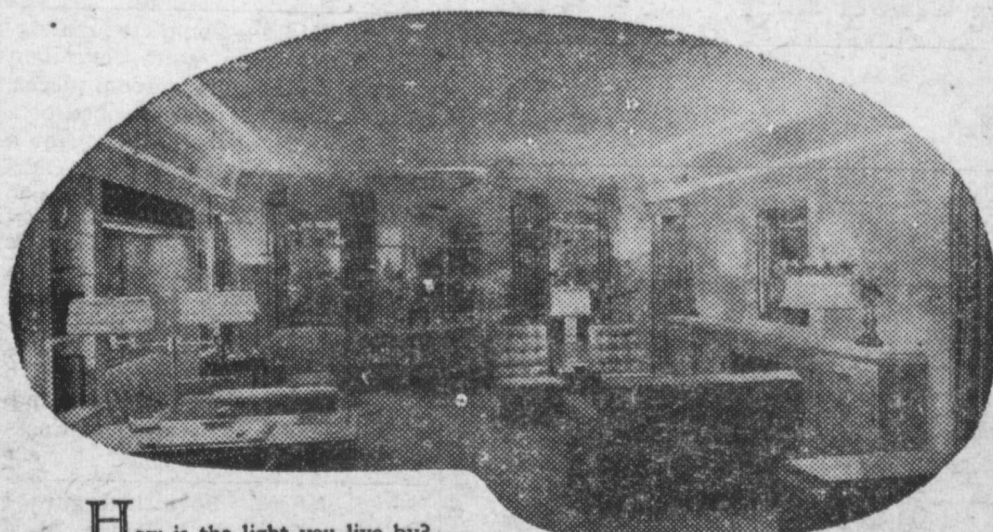

Read under recessed fluorescent light.

Light up the bookcase with a fluorescent wall bracket.

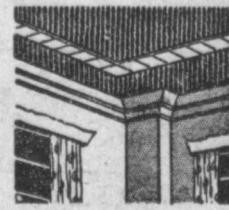

See your electrical contractor for expert lighting advice.

How is the light you live by? Maybe the two or three portable lamps which light your living room are adequate... but just take a look at these exciting new ways to improve your lighting... these modern fluorescent fixtures bring to life the color, pattern and texture of wall and floor coverings; they create a new feeling of spaciousness, beauty and cheerfulness in the room where you read, relax and visit.

From these fixtures you may choose fluorescent valance lighting to be concealed over draperies, windows, or doors; or perhaps the fluorescent wall brackets, concealed under shelves in the recessed area of a bookcase will give you the needed light for dark corners; you may want to add to the general room illumination by using a band of recessed fluorescent lights around the ceiling; or you can achieve dramatic effects with ceiling spotlights.

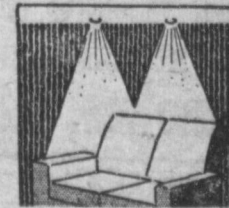

There are so many ways—with a minimum of expense and effort—you can put new light in your life. If you're redecorating or building, remember planned lighting doesn't cost—it pays. Light up for brighter living.

Use a recessed ceiling band for added general illumination.

A center light on a table top reflects on a ceiling mirror to illuminate the whole table.

Dramatic ceiling spotlights highlight furniture groupings.

Ask the trained lighting specialists at CPL to help you light your home, office or plant.

Rockport Girls Place Third In Flour Bluff Tourney

The Rockport girls basket ball team tied with Woodsboro for third place in the Flour Bluff tournament Friday and Saturday. Flour Bluff won their own contest by defeating Banquete, Rockport and Bloomington.

Rockport blasted Tuloso-Midway 42-14 Friday night, using the first team only one quarter. Mary Ann Close, LaVerne Wright and Nancy Ingersoll were high scorers with ten, nine and eight points, respectively.

Meeting Flour Bluff at 9:30 a.m. Saturday, Rockport was slow getting started and Flour Bluff jumped into a 10-2 lead in the first five minutes. Rockport gradually narrowed the margin, but time ran out on a very exciting last three minutes with Flour Bluff still leading 24-23. Excellent play by both teams kept the score low. Highlight of the game was probably Dolly Lee Hart's sticking like adhesive tape to Flour Bluff's fine forward post holding her to nine points. Mary Ann Close and LaVerne Wright were high point for the game sinking 13 and 10 points respectively.

her starters for Rockport were Alice Bell, who played her usual beautiful floor game, and Norma Lou Roe and Bonnie McGregor, consistent defensive performers. Kathryn Atwood played well in her forward post and was the only substitute to enter the game for Rockport.

Miss Kathryn Grandstaff, comely 17-year-old Robstown girl and now a University of Texas student, will reign as the 1950 rodeo queen. All rodeo seats are reserved and are going on a "first come, first serve basis." The seats are priced at \$3.60, \$3.00, \$2.80 and \$2.10. NEW PLYMOUTH COMBINES Beauty and Riding Ease

Spectacular new qualities which produce driving and riding ease heretofore unknown in automobiles of any price feature the new line of Plymouth cars which will go on display in dealer showrooms throughout the United States Saturday, Jan. 13. These cars may be seen in Aransas Pass at George Motor Sales and Walker-Nelson Motor Co.

Designers have given the Plymouth a striking new silhouette, and refinements in the interior are innovations in the lowest price field. The styling improvements retain the traditional roominess of the cars.

Easier to drive and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

The lines of the new Plymouth have been beautified. An appearance of massiveness combined with smart streamlining is induced by a new grille, beautifully redesigned front fenders and hood, a wider windshield and a larger rear window. Narrower windshield pillars together with the wider windshield provide additional lateral vision. To utilize fully the greater vision through the new rear window, the rear view mirror is two inches wider. The chair-height front seat and the new design of hood and front fenders permit the driver to see the road nearer the car.

There are numerous mechanical improvements. Windshield wipers are electrically operated, and are of the single-speed, self-parking type.

There are nine body-types in the new Plymouth line: the Concord series includes a two-door sedan and a three-passenger coupe as well as the two all-metal utility models, the Suburban and the Savoy; the Cambridge series has a four-door sedan and a club coupe; and the Cranbrook series includes a four-door sedan, a club coupe, and a convertible club coupe.

Among the "high-priced car" features which are retained are six-cylinder, 97-horsepower engine with a 7 to 1 compression ratio, the combination ignition and starter switch, automatic electric choke, super-cushion tires, safeguard hydraulic brakes, and safety-rim wheels.

AIR FORCE FLIGHT TRAINING CONTRACTORS MUST PROVIDE TRAINING STATIONS

Civilian firms or individuals interested in obtaining future contracts to operate basic pilot training schools will be required to propose a suitable training station in their bids, as well as providing for instruction, administration, and housekeeping staffs, according to the Air Force. Previously, the sites have been chosen, and rehabilitation arranged by the Air Force.
