Eastland County Members Attend Area FB Meeting

The Windsor Hotel in Abilene was headquarters for the Texas Farm Bureau State Wide Membership Chairman's Rally, recently with 300 membership workers from 70 counties in Texas attending.

J. H. West, president of Texas Farm Bureau, spoke at the opening session on "The Farm Bureau Member". J. Walter Hammond, from Tye Texas, the past president of Texas Farm Bureau, gave an enthusiastic talk on "Now That Texas is One of The Big Four." Leon Lane, area Fieldman, led the Texas Farm Bureau staff in a very informative membership skit entitled "Who? Me?", which was also the theme of the Rally. The use of slides and information from the various committees on Policy Development, Legislation Service, Insurance, Public Information, Queen Contests, Talent Find, Citzenship, and Membership, made the skit very inspiring.

The meeting was concluded with a banquet at 6:30 in the Winsor Hotel Ballroom, with Lonnie Safley, from the Tennessee Farm Bureau serving as guest speaker. Mr. Safley, assistant to the President of the Tennessee Farm Bureau, is widely known over the South for his speaking ability leadership in membership work.

According to Millard Shivers, organization director of Texas Farm Bureau, the entire 1961 enrollment program will be built around the importance of the individual member. The Texas Farm Bureau ended its 1960 membership year with 80,992 families enrolled, an all time high. Texas Farm Bureau is now 4th in the nation and 1st in the South.

Attending the rally from Eastland County, were Glenn Justice, president; A. W. Wright, vice-president and membership chairman; Mr. and Mrs. Cyrus Justice, Mrs. Glenn Justice and T. C. Cozart, community workers.

Five Burglaries Are Cleared In Recent Arrests

Charges of house burglary have been filed against five out-of-county men and a large number of rural burglaries have been cleared, Sheriff Lee Horn has revealed.

Horn said that two different gangs have been apprehended. Most of the burglaries occured more than a year ago and Horn said the chance of recovering much of the stolen merchandise is slight.

Charged with burglary and being held by county officers or on hold orders in other counties are J. D. Myers, Doyle Honeycutt and Gary Cook, all of Abilene, and James Daniels and Jule Daniels, both of Brownwood. The two Daniels men were operating together and the other three were working as a gang, Sheriff Horn said.

Horn said the Daniels men are charged with two burglaries at Nimrod. Myers, Honeycutt and Cook face charges of burglarizing homes at Scranton and two homes near Cisco.

During 1960 citizens of Eastland County purchased $545,746 in Savings Bonds, 105 per cent of the county sales goal was acsieved.

This announcement was made today by Guy Parker, chairman of the Eastland County Savings Bonds Committee.

The total bond purchases in Texas during 1960 were $152,823,432. This figure equaled 92.3 percent of the year's goal of $165.5 million. December sales of $13,539,528 were the highest one month's totals since last February.

"Last November the members of the Texas Press Association staged a one month's Savings Bonds Contest. The contest, based on news stories, editorials and advertising donated by each newspaper, resulted in increased savings bonds support by Texas newspapers and played an important part in the record December sales," Parker added.

Civic League Complies List Of County Men Killed In War

Eastland Civic League and Garden Club has announced a near complete list of Eastland County servicemen who lost their lives in World War II and the Korean conflict has been compiled.

Plans call for entering the roster in the official records of Eastland County. However the committee is using the county newspapers in an attempt to make the list more complete.

Mrs. Tom Stamey, president, explained, "The committee has spent months in checking and rechecking all available listings on the dead of Eastland County. However, due to many conflicts in information received from the War Department and the Texas Adjutant General, we would appreciate very much if people who know of omissions or errors in the list would get in contact with us in the next 10 days."

The Civic League has the hometown of some of the servicemen, but not of all. If hometowns are not listed and you know that information about any of the men Mrs. Stamey asks that you contact her.

In supplying the list of the Korean War dead the War Department did not name the branch of service or the hometown of the men. Those listed as killed in action in the Korean conflict were Jack W. Renewal Period Is Due for Auto License

February-March is the renewal period for motor vehicle license plates in Texas, announced State Highway Engineer D. C. Greer.

Texans will notice a newly designed license plate for 1961. A different style of letters and numerals have been used to make the plates more readable from a distance. Black letters and numerals on a white background is the color scheme for 1961.

A new numbering system will be used for some classifications such as trailers, truck tractors and buses. These classifications will have a one-letter prefix with from two-to-five digit numerals. For example: A trailer number could be A-10 or A-12345. The numbering system for other classification will remain the same as 1960. The change in the system was brought about by the ever increasing number of registered vehicles in Texas.

The Texas Highway Department estimated that vehicle registration in Texas for 1960 will total 4,800,000. This places Texas third in the nation in registered vehicles following California and New York.

"Texas should reach the seven-million mark by the end of this decade," Greer said. "There are more vehicles in Texas today than there were Texans in 1920 and the percent of increase in motor vehicles in Texas in the last four decades is twenty times the precent of increase in population. There are two Texans for every Texas-registered motor vehicle."

Greer stressed the importance of registering all automobiles and trucks in the county of the vehicle owner's residence.

"Do not ask the County Tax Collector to violate the law. He is required to demand to see your certificate of title and 1960 license receipt before he can issue your 1961 plates."

The penalty for operating a vehicle without home - county license plates is the same as operating a vehicle with no plates at all. Court fine can be as much as $200, plus being required to register in the home county with a 20 percent penalty of the annual fee. Refunds cannot be granted for the illegal plates.

Owners registering illegally in 1961 can expect to face court charges.

"Dont risk an illegal registration," Greer urged. "Remember too, that a portion of all registration fees stays in your home county to benefit your local community."

2 teaspoons salt
⅓ cup shortening
3¼ cups sifted enriched flour (about)
½ teaspoon cinnamon

AUSTIN REPO

By SCOTT BAILEY
STATE REP 76 DISTRICT

To my friends in the 76th District:

In order that I may better serve you as your Representative I feel that it is important that you know what is currently going on in the Fifty-seventh Legislature. It is the purpose of this weekly newsletter to give you that information. If after reading this you feel inclined to express your views to me on some pending legislation, then this newsletter will have served it purpose. My address is: Scott Bailey, Texas House of Representatives, Austin, Texas.

On Monday morning, Jan. 30, shortly after the convening of the opening weekly session of the 57th Legislature, Speaker James Turman, made good his promise to announce committee appointments. There had been much concern and anxious waiting the past two weeks. Speaker Turman explained that the delay had resulted because of his sincere desire to fully utilize the talents of the Texas House of Representatives. He gave the following criteria for his choices: legislative experience, educational background, geographical location, and political philosophy. After releasing the committee appointments, it was apparent that he had carefully followed the above mentioned guide lines.

I was fortunate in receiving five extremely favorable appointments. These are Agriculture, Banks and Banking, Education, Game and Fisheries, Municipal and Private Corporations. The Agriculture Committee will undoubtedly consider much legislation that is vital to each of the three counties in the 76th Legislative District. The Committee on Banks and Banking may well prove to be the most hard working committee of this session due to the fact that the people voted in favor of a constitutional amendment giving the Legislature the authority to regulate loans and lenders. Uncle Sam, your bank, and you

How this 20-year-old partnership helps keep America strong

Since May 1941, America's banks have sold nearly 2 billion separate U.S. Savings Bonds at no cost to the Government or the purchasers. To give you some idea of the time involved: if you merely handed out that many Bonds at the rate of 1 a second for 10 hours a day, it would take you 152 years to reach the bottom of the pile.

Why have the nation's banks and bankers carried on this vast project of information, service, and issuance of U.S. Savings Bonds?

A winning team. For one reason, the Bond Program and the Banking business have grown together. Hand in hand, they've helped make Americans the saving-est people in the world.

Folks who save Bonds get the thrift habit. They soon learn other forms of saving and investment. They become better all-around bank customers. And Bond owners are better credit risks.

Another thing bankers are interested in: Bond dollars help keep America strong. A good reason for the banking business or any business to get behind the Bond program.

What you buy at the Bond Window. When your banker advises you to buy U.S. Savings Bonds, he's recommending an investment guaranteed to grow: $18.75 becomes $25 in 7 years, 9 months, and grows to $36.25 in another 10 years. They can be cashed in anytime with interest. And if they're lost or destroyed, the Treasury Department replaces them free.

Why not take this advice offered by the nation's bankers. Buy and hold U.S. Savings Bonds—for the things you want, and the Peace to enjoy them.

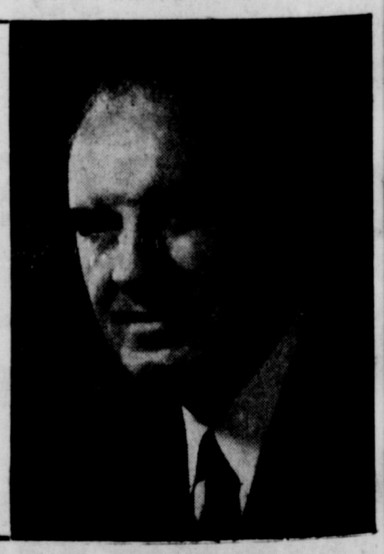

"America's Banks are proud to be part of the Bond Program,"

says Carl A. Bimson, President, Valley National Bank, Phoenix, Arizona, and President, American Bankers Assn.

"We believe it is good for America, an economic stabilizer; it is good for the individual and the community; and it is good for banking. The promotion of Savings Bonds has helped to make savers out of non-savers, to revitalize the American tradition of thrift, and to build savings in all forms to record levels.

"The American Bankers Association congratulates the Nation and the public on the 20-year success story of the U.S. Savings Bonds Program, and pledges its vigorous continued support."

Carl A Bimson

You save more than money with

U.S. Savings Bonds

For 20 years America's newspapers have published U. S. Savings Bonds ads at no cost to the Government. The Treasury Department is grateful to The Advertising Council and this newspaper for their patriotic support.

Rural Church Pastor Conference Set Mon. at H-SU

Policies, practices and problems of rural churches will be explored during Harding-Simmons University's Annual Conference for Pastors of Rural Churches Monday, Feb. 6.

Discussions will cover church ordinances, ministers' libraries, rural church budgets, sermon preparation, and problems of smaller churches, said Dr. Albert Lunday of H-SU, chairman of the conference planning committee. The program will be sponsored by the Bible and sociology departments of the university.

About 65 West Central Texas pastors are expected to attend. The all-day program will be held in Little Chapel at H-SU.

Assisting with the conference will be Dr. Lindell Harris, chairman of the division of religious students at H-SU; Dr. Elwin Skiles, pastor of the Abilene First Baptist Church; Dr. Ray Ellis, associate professor of Bibles and Greek at H-SU; Dr. Clyde J. Hurst, professor of Bible; Dr. William O. Beazley, head of the department of religious education; W. T. Walton, university vice president; Dr. Norman Weaver, professor of religious education; Dr. Billy P. Smith, associate professor of Bible; J. D. Osborne, associate professor of sociology at H-SU; and Dr. Carl Clark, professor of pastoral ministery and rural church work at the Southwestern Baptist Theological Seminary.

Three Baptist district mission secretaries will form a panel for answering questions of rural church pastors. They are L. L. Trott of Abilene and District 17, Clifford Nelson of Brownwood and District 16, and J. W. Arnett of Big Spring and District 8.

Dr. Evan A. Reiff, H-SU president, will address the group at a luncheon, with visiting ministers to be guests of the university. Theme of the conference will be "Advancing the Rural Church Program." Assisting Dr. Lunday with program arrangements are Dr. Hurst, Dr. Weaver and Dr. Beazley.

Great Men of English Letters

ROBERT BURNS

Robert Burns, the most famous of Scottish poets, was born January 25, 1759 to a poor Ayrshire tenant farmer. By 12, he was doing a man's work on the farm.

His early verses—which delighted the laity but angered the clergy—were satires on local ecclesiastical squabbles. When one edition of his poems brought 500 pounds he bought a farm where he lived with his wife, Jean Armour.

Burns was a frequent visitor to the White Horse Cellar Coach Inn in Edinburgh where he spent many an hour in front of the fire, enjoying some of the Inn's famed White Horse Scotch Whisky while musing over some of his legendary stories.

Robert Burns died in July, 1796 of a heart ailment. Scots all over the world still celebrate his birthday. His famous works include *Tam o' Shanter, The Jolly Beggars, The Cotter's Saturday Night and Poems, Chiefly in the Scottish Dialect.*

K

I Give You Texas

By BOYCE HOUSE

Can you remember the days when there were real political speakings? They were held in the daytime ,in the inadequate shade of a grove on a blistering day in July. Can't you see, in your mind's eye, the speaker seated on the platform as he waits to be introduced? He was a portly man and wore an alpaca coat. He plied a palm-leaf fan vigorously and, to keep his standing collar from wilting, he tucked around it a handkerchief which was removed when he began to talk.

On the table was a white pitcher and, of course, a glass—for a speaker spoke for an hour in those days and he spoke with great force so that his brow and bald head glistened with perspiration and his voice grew husky and he shed that alpaca coat; and, in spite of his precautions, his colar wilted.

Present-day political speakers use a microphone and never march up and down the platform or lean over and point a finger in the face of those on the front row—why, they never even stomp one stomp or hit the table with a fist for, if they did, they'd lose their place in the manuscript they are reading from—and chances are they didn't even write the speech themselves.

Back in 1928 or 1930, I ventured into politics, purely involuntarily. You have heard the expression that "the office should seek the man" and that this or—that candidate was "drafter." Well, I really was.

When I was the editor of the Ranger Times, a primary was held for State and County offices. No one filed for public weigher and so one of the lineotype operators launched a write-in campaign (unknown to me) on my behalf, with the result that I received three votes.

This was a tie with the town drunk—let's call him "Bud" Brown (which isn't even close to the actual name). Before the second primary, however, the lineotype operator found out I was not for his candidate for governor and so threw his support to "Bud" who won unanimously with six written-in votes.

As the office had no duties, and therefore no compensation, I bore up philosophically.

Green Kindergarten Pupils Enjoy Many Activities During January

January was a busy month for pupils of the Green Kindergarten class.

Debra Pierce, daughter of Mr. and Mrs. Al Pierce, celebrated her sixth birthday on Jan. 7 and Jolly Brown, son of Rev. and Mrs. Lively Brown of Ranger, celebrated his sixth birthday on Jan. 10. The usual miniature birthday cakes and orange juice were served. The group then sang Happy Birthday.

The children expressed their thanks for the materials given them by Mr. and Mrs. Jack Germany, parents of Lisa Germany. Many happy hours are spent with these materials.

Ralph Lee Harrison was welcomed as a new pupil of the class. Ralph formerly attended Kindergarten in Houston.

Becky Jackson told of her recent trip to Phoenix, Ariz. Kim Collings and Nancy Jane Seabery were table captians for the first two weeks of January while Jana Nicksick and Ann Milliken were captians the last two weeks.

Paula Lund and Stevie Bulgerin led the group in the Pledge to the Flag and the singing of "America". Stacy Roberts and Steve Brown led calisthentics. Daryl Adams led the nursery rhymes and Mark Surface and David Franklin led in group singing. Sammy Thomas was declared the champion Lincoln log builder.

Parents are reminded to order kindergarten diplomas this week and to send this article for the children's scrapbooks.

MRS. LARRY BARNETT

Miss Colene Newnham and Mr. Larry Barnett Exchange Vows

Wedding vows were read for Miss Colene Newnham and Larry Barnett at 4 p.m. Saturday in the First Baptist Church of Gorman with the Rev. Kyle, pastor of the church, officiating.

Parents of the couple are Mr. and Mrs. C. W. Newnham of 403 S. Walnut, Eastland and Mrs. R. A. Barnett of Route One, Gorman.

Honor attendants of the couple were Miss Linda McCullough of Fort Worth and Harvey Don Joiner of Gorman.

The bride was attired in a wedding gown of white embroidered cotton-satin. The moulded bodice featured a deep rounded yoke with three-quarter length sleeves. Soft pleates accented the waistline and the ballerina length skirt. Her only jewelry was a mother-of-pearl necklace. The bridal bouquet was a white orchid.

Miss McCullough wore a royal blue dress which was accented with bone accessories and a corsage of white carnations.

The couple are making their home at 3248 University Drive in Fort Worth.

Mrs. Barnett was graduated from Eastland High School and is attending night classes at Commercial Business College in Fort Worth. She is employed as a legal secretary for a Fort Worth law firm.

Mr. Barnett is a graduate of Gorman High School and has attended Tarleton State College. He is now attending Texas Christian University as a chemistry major.

Woman's Missionary Society of First Baptist Church Meets Tues

The Womans Missionary Society of First Baptist Church met Tuesday morning at 9:45 in Fellowship Hall for Mission Study, covered dish lunch and missionary round table. Mrs. A. G. Goldston, president, opened the meeting, Mrs. M. A. Treadwell, Jr. gave a devotional, and Mrs. Herbert Ekrut and Mrs. T. L. Morgan sang "Open My Eyes That I May Eee'.

Miss Mabel Moon, Breckenridge, scheduled teacher for the day, was ill and unable to be present and taking her place were Mrs. R. M. Dickson and Mrs. Johnny Weatherford of Breckenridge. The book studied, "The Dreamer Cometh", is the story of Luther Rice, one of the first Baptist missionaries in America. The story told of his forming the first General Missionary Convention of the Baptist Denomination in the United States for Foreign Missions in 1814 and Columbia College in 1822. He was a leader in his day in promoting missions and Christian education.

Country style ham, dried black-eyed peas, corn pone, cream style corn, home-made pickles and relishes, and tea cakes made up the menu for the noon luncheon. Each table was centered with a red checked table cloth and kerosene lamp.

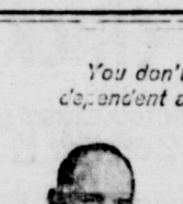

Mrs. J. O. Jolly presided at the Missionary Round Table after lunch where six book reports were given and books were exchanged.

AS IT LOOKS FROM HERE

WASHINGTON, D. C. — An interesting part of any day's work is the mail received from back home.

Mail is delivered to my office four times a day — at 8:00 in the morning, 10:00 o'clock, noon and 3:00 in the afternoon. One mail may bring 30 or 40 first class letters. Sometimes one thinks they cover every conceivable subject, and over a period of time they almost do. Every letter, every telegram or communication of any kind is read by me and every reply is personal.

There are letters dealing with problems of veterans; problems of farmers; or the many questions involved with Social Security. There are always matters affecting the serviceman and the military generally.

These are things in every mail delivered on every day of the week.

More recently people back home have been writing about issues which they understand will be coming up in the new Congress. Mainly they have to do with Federal Aid to Education; public housing; increase in the rate and coverage of the Minimum Wage Law and other labor legislation; and on new proposals for a Government program of Medical Aid. Many letters, of course, discuss taxes, needed economy in Government, inflation, and the necessity of balancing the Budget.

For the past two weeks many letters from home warn of the move to abolish the Un-American Activities Committee and curtail the authority of the F. B. I. As Chairman of the Committee which appropriates money for the Un-American Activities Committee to carry on its functions, I have assured those writing that this Committee will receive sufficient funds. Demands are being made by the writers of hundreds of letters that a public hearing be held on the justification for funds. Mostly these letters come from the West Coast and from the big cities of New York and Chicago.

To these demands I have replied that the 25 members of the Committee which I head will appropriate no more money than is needed by any Committee of the Congress, but that it will be on the judgment of these 25 who come from all parts of the United States—that I do not propose to furnish a forum for left-wing groups who want more than anything the opportunity to spread their propaganda. The Chairman has this authority.

As to weakening the FBI, it will not be done. This past week I had a visit with by boss of twenty years ago, Mr. J. Edgar Hoover. We discussed these matters and agreed we need not worry over such efforts. We further agreed that the need is greater than ever before to ferret out and reveal the Communists and their sickening activities wherever they are. This kind works at destroying our Government twenty-four hours a day, every day. By our very nature we are inclined to become trusting and complacent until some particular event excites us to action. One day it could be too late to act unless we maintain complete alertness to the constant threat. The Communists know this and depend on it for their eventual success.

One of the greatest needs at the time is a simplification of laws permitting the immediate deportation of aliens who are here to destroy us.

MAN-MADE LAW?

With the opening sessions of Congress and the Texas Legislature, thoughts naturally turn to the products of their labors—our state and national laws.

Some people find confusing our different state and national laws dealing with the same things.

Surely, they say, you can have no real justice, unless there is some one "best way" to do each thing — to hold property, to manage traffic, to pay taxes, or to enforce contracts.

So it bothers them. Why should Englishmen drive on the left side of the street? Why should married couples hold title under community property laws in some states and not in others?

Is law merely a man-made contraption?

Is it true that like good manners much law is man-made, growing out of custom of local problems. In card games you can play many different games with one deck. You merely change the rules. But the law goes deeper than convention into man's basic needs for order, for a grasp of the part he is to play, and for a way to settle disagreements.

Law provides an orderly way to do things so that people can make long-range plans and work together. Its rules help you to find out where you stand—your rights and duties. And last, law has binding ways to settle disputes as need be, first to keep the peace, and then win people over by dealing with them in ways that satisfy their sense of fairness.

You can find these traits of law in most groups from the most primitive to the civilized.

As man finds out more and more about himself and his world, as his experience and wisdom grow, the law may get better. For example, as the psychological laboratories find out more about man's reaction times, his fears and faults, our laws about driving for instance, may improve.

And here is another purpose the different kinds of laws may serve. You may look upon each as a sort of experiment. Some turn out badly, and some well.

But in the give and take of public discussion, these efforts may yet bring us more nearly to the "one best way"—if any such thing exists.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)
