

Eighteen Year Olds Register to Vote Here

Approximately ten 18-year-olds have registered to vote, and a large number are expected to exercise that right before the Jan. 31 deadline, according to Mrs. Rita Owens, tax assessor-collector.

The registration procedure is the same as for those 21 years and over, she explained. An application is filed with the tax assessor-collector's office, and the registration is issued. On those issued to persons under 21, a notation is stamped across the face that the registrant can vote in federal elections only, since Texas has not yet approved the right of 18-year-olds to vote.

The first of this younger group to make application was Laura Whitson of Samnorwood, a student in Abilene Christian College.

Mrs. Owens said registration was proceeding at a normal rate. A pay-off comes in the

Ted Gleaves Dies Suddenly Monday Morning

Ted Paschal Gleaves, 63, died at his home northeast of Lufkin about 11:00 a.m. Monday, Jan. 4.

He was feeding livestock and when he did not return, Mrs. Gleaves went to check and found her husband lying beside a feed stack.

He was pronounced dead by Justice of the Peace Claude McKinney, who with Sheriff John Rainey, were called to the scene. It is believed Mr. Gleaves died of a heart attack.

Born at Van Alstyne, Grayson County, on Oct. 30, 1907, Mr. Gleaves had lived in the Lufkin community since 1928.

He was a member of the Baptist Church.

Services were conducted at Samnorwood Baptist Church at 2:30 p.m. Wednesday, with the Rev. Lee Hillon, pastor, officiating. Burial was under the direction of Richardson Funeral Home.

Pallbearers were Everett Fain, Fred Johnson, Doug Johnson, Ike Paschall, Stanley Whitson, Selba Rainey, Marvin Knoll and Vernon Sherman.

Mr. Gleaves is survived by his wife, Mrs. Hazel Gleaves of Lufkin; a daughter, Mrs. Gene Allen of Plano; a grandson; two sisters and a brother: Miss Ola Bell Gleaves and Mrs. M. H. Murphy of Sherman and C. B. Gleaves of Fort Worth.

Holiday Due Two Schools

Students at Quail and Samnorwood Schools will have a holiday Monday, Jan. 18, but this will be a work day for faculty members.

They will attend one of several small school workshops set up during the year. This one will be in Wheeler and subject matter in the various grades will be covered. Guest speakers are due.

As Youngest is Born

Family of 9 Loses Everything in Fire

A Wellington family of nine lost everything they had in a fire that destroyed their home Saturday night, Jan. 2 — the night the youngest child was born.

As John Wesley Armstrong started with his young wife to a Shamrock hospital, he left the six children, four girls and two boys, with his mother, Mrs. Ella Armstrong at 511 Galveston Street.

When he came home the entire house was blazing inside. Flames had gained too much headway to save anything.

The oldest child is under 7 years old. Mrs. Armstrong is

NEW YEAR'S BABY

Joel Shane Johnson was born at 6:20 a. m. Friday, January 1, to become Collingsworth County's first baby of 1971. His parents, Mr. and Mrs. Joel Johnson, live at Ardmore, Oklahoma, but planned that their baby would

be born at St. Joseph's Hospital in Wellington. The grandparents, Mr. and Mrs. Frank Johnson, live at 1011 Haskell Street. It has been several years since the first baby of the year was born on New Year's Day.

Hollis, Panhandle on Schedule

Rockets Open District Play Against Quannah Monday Night

Wellington Skyrockets open district play against the Quannah Indians in Rocket Gymnasium Monday, Jan. 8. Wellington B team will meet Quannah B on the same bill.

The final non-conference games will be a triple-header with Hollis there Friday, Jan. 8, Coach Don Lacy announced. The B team boys will play at 5:30 p.m., followed by the A team boys and girls.

On Tuesday, Jan. 12, Wellington Rockettes travel to Panhandle for a 6:30 game with the Pantherettes. This is also non-conference play.

The Quannah Indians, who finished first in District 2-AA last year, are rated second behind Childress Bobcats for the 1971 season, Coach Lacy said.

Three Indians starters from Coach T. J. Bailey's last year's team are back, and give added strength. Quannah B is also expected to offer a strong team.

Mrs. Lindley Names Deputies

Carmen Lindley, who became county-district clerk on Dec. 31 has named as deputies to work in her office Mrs. Donald White and Mrs. Sam Adams.

Mrs. White has worked as extra help in the clerk's office for four years.

Mrs. Adams, who has been active in club and civic work in Wellington, has worked for several years in the office of the Mill Iron Ranches before she and Mr. Adams were married.

The Hollis games also are expected to be close.

"They have two fine varsity teams, both of which went to the state play-offs last year," said Coach Lacy. Larry Palmer, former coach of the title-winning Arnett Indians, now coaches the Hollis teams. One of the stronger players is Victor Bobo, who played junior high basketball with Wellington.

Strength of the Panhandle girls is not known here, but Coach Lacy acknowledged that the Pantherettes always are strong.

The Rocket B team goes into the Hollis game with an 8-1 won-lost record, said Coach Tank Forrester, who feels his boys are doing a pretty good job.

The B team girls, who he feels are also developing well, met McLean Tuesday night, Jan. 5 and do not play again during the coming week.

The freshmen boys team has no games scheduled during this period.

Junior High

Junior high teams are playing separately as seventh and eighth graders and both groups will be in tournaments.

Coach Carroll Nunneley takes the eighth graders to the Paducah Junior High Tournament.

The Firecrackers drew a bye in the first round and won't play until 8:30 p.m. Friday night, when they meet the winner of the Matador-Paducah boys game.

The Wellington Junior High girls meet Memphis in the first round Friday at 12:30 p.m.

Boys and girls teams from eight schools are in the tournament: Wellington, Paducah, Childress, Memphis, Crowley, Matador, Chillicothe and Paducah seventh grade.

"We feel our girls will be the best team in the girls division, with Paducah another top contender," Coach Nunneley said. "They have been defeated only by Wellington. Matador is considered the boys top team, with Wellington, Childress and Paducah in the running."

Coach Dick Hamilton takes the seventh grade boys and girl teams to the Hedley Junior High tournament.

Council Scout Banquet Set

The annual banquet of the Adobe Walls Council, Boy Scouts of America, will be held in Borger Friday, Jan. 15, according to Robert Dwhigt, Comanche District chairman.

It will be held in the South Middle School, beginning at 7:00 p.m.

Lions Sponsor New Patriotic Musical Jan. 9

Wellington Lions Club will sponsor a patriotic musical program entitled "My Country" on Saturday, Jan. 9 at 7:00 p.m.

It will be given in the high school auditorium, according to Billy Moseley.

Shamrock Lions and Rotary Clubs co-sponsor the musical.

The program, directed by Mr. and Mrs. Zebbie Land will consist mostly of vocal numbers—solos, duets, quartets and chorus, plus patriotic readings. Ben Franklin will serve as narrator.

"This patriotic program was presented earlier in Shamrock and Samnorwood and at both places it has been a big success," Mr. Moseley said.

"We Lions believe it is good to give voice to our patriotism and we also feel that Wellington people will find it timely and entertaining."

Tickets may be purchased at the door on the evening of the presentation.

Quail-Norwood Open District Play Friday

Traditional Class B rivals, Quail and Samnorwood basketball teams will open conference play when they meet in Norwood Gymnasium Friday, Jan. 8. Game time is 7:00 p.m.

These teams are fairly evenly matched, according to their coaches, Bill Wilson of Quail and Kenneth Martindale of Samnorwood.

The Eagles and Quails ended the 1970 season in a tie for second place, and their strength remains about the same as last year.

The Quails retained all players; Samnorwood was able to rebuild graduation losses from the strong reserves that were available.

District-wise, the girls teams are weaker, however, they are well-matched against each other, and should play a good game Friday night.

More Than 1,600 Have TB Test Over County

Approximately 1600 Collingsworth residents, ranging in age from six months to 80 years, have turned out in a community effort to rid the county of tuberculosis, through tuberculin skin tests administered by the Texas State Department of Health and a staff of volunteers.

About 1200 skin tests were given in Wellington Tuesday, Jan. 5.

All those who received the skin test Tuesday will return to the Community Building Friday to have the test read, said Charles McIntosh, executive director of the Texas TB Association.

State Health Department nurses will be at the building from 7:30 a.m. to 7:30 p.m.

Half Were Grass Fires

Firemen Answer 74 Calls During 1970

Wellington firemen answered 74 calls during 1970, but it was necessary to lay lines only three times, according to Jim Sikes, chief of the Wellington Volunteer Fire Department.

Firemen answered 46 calls within the city limits, along with 28 rural fires.

Grass fires far outnumbered those from any other source, and accounted for an even one-half of all calls. Of the 37 listed, 23 were in Wellington and 14 in rural areas, although some of these latter were dam-

aging, burning off up to 200 acres of grass. This largest fire was attributed to a broken electric fence. At one time, four fires were set in the Lufkin area about the same time by lightning.

In sixteen fires, buildings were damaged or destroyed.

Other fires in Wellington included two autos, one chair, and four trash barrels.

Eleven buildings caught fire in the rural areas, along with two cotton trailers and one truck, Mr. Sikes said.

Youth Livestock Show Slated Here Saturday

The second annual 4H-FFA livestock show will be held Saturday, Jan. 9, as youthful owners exhibit their animals before taking them to major southwestern shows.

This year's event is expanded to include swine as well as calves. The entire event will be in the Salt Fork Soil Conservation District show barn just back of the SCD office.

County Agent Don Reeves is chairman of the beef calf division, while Rodney Myrick and Jimmy Brown, vocational agriculture teachers at Wellington and Samnorwood, are directing the hog show.

The judge will be John W. McNeill, instructor, department of animal science, West Texas State University.

The show will open at 10:00 a.m., when judging of the swine begins. Calves will be judged and exhibited at 1:00 p.m.

A grand champion and reserve champion calf and a grand champion and reserve champion barrow will be named. First through third place winners will be selected.

Mr. Reeves said that 12 fat calves are now signed up, and these will include both purebred stock and crosses.

Youths already signed up in the show include Keith Davis, who will exhibit an Angus and a Hereford; Keith Martin, an Angus and Hereford; Jenny Earnest, shorthorn; Lynn Fulcher, an Angus-Hereford cross; Denny Carter, two Hereford-Shorthorn crosses; Allen Havens, a Charolais cross; Joel Ross, two Herefords; and David and Joe Baumgardner, an Angus and a Hereford.

It is possible other youths may enter before the show, it was pointed out.

Anywhere from 15 to 30 head of fine barrows will be seen in the hog show, Mr. Myrick said.

"We are bringing only our best ones," he said. "We want to show only those barrows that will represent what this county is capable of producing."

There will be two divisions, barrows from 180 to 210 pounds and from 211 to 240 pounds.

Boys who have entered bar-

rows to date are Randall Hodges, Keith Davis, Joe Peters, Tim Cates, David Hodges and Stan Parker.

All calves entered in this show will go on to other events. Joel Ross is showing this week in the Odessa Fat Stock Show, and the boys will take calves to Amarillo Fat Stock Show Friday Jan. 22.

One of the major purposes of this show is for the young ex-

hibitors to show their calves and hogs to the people of the Wellington area.

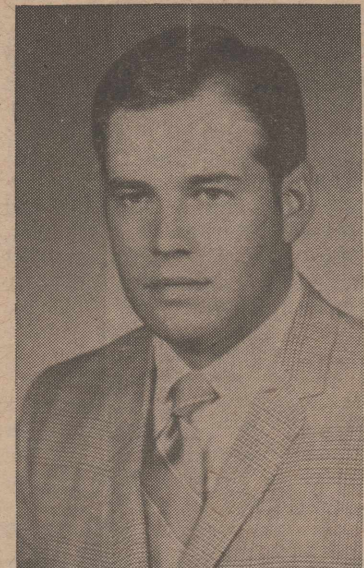

The support of the community is urged, for it is pointed out that the personal encouragement which is given them is most important to the boys and girls.

Mr. McNeill, the show judge, teaches courses in general animal husbandry, feeds and feeding, beef cattle production, nutrition and livestock evaluation. He coaches the WTSU livestock judging teams and conducts beef cattle and swine nutrition research.

A native of Happy, he holds the bachelor of science degree in animal science and master of science in animal nutrition, both from Texas A&M University.

At A&M, he was a member of the senior livestock judging team which won both team and individual honors at Kansas City and Chicago. He was a member of the International Champion Livestock Judging team which won at Chicago by the widest margin in the history of the contest.

Named a Distinguished Student, he was also a graduate research and teaching assistant, and coached successful livestock judging teams from 1968 to 1970.

School Heads Attend Mid-Winter Meeting

Superintendents of three county schools, Wellington, Quail and Samnorwood, will be in Austin from Wednesday through Friday, Jan. 6 to 8, attending the School Administrators Advisory Conference on Education.

These are Thayne Amonett of Wellington, James Stavenhagen of Quail and Robert Dwight of Samnorwood. More than 2,500 school administrators from across the state are expected.

This is the 22nd annual conference.

Dr. Lorrin Kennamer, The University of Texas at Austin dean of education, will keynote the Wednesday opening session with a discussion of "The Agency and the Promise of Change" at 7:30 p.m. in Austin Municipal Auditorium.

He is a nationally known geographer who formerly served as Texas Tech University dean of arts and sciences. Also appearing on the program from this area is Mrs. Laura Doing, president of the Texas Association of School Boards.

Sponsored by the Texas Education Agency, this mid-winter conference will feature a series of workshops designed to update the school administrators with the latest ideas now being put into action to improve schools throughout the state. It will give local school superintendents their best opportunity to exchange ideas on how to solve their problems.

Mr. Stavenhagen, in his first year as Quail School head, said he plans to attend workshops on "The Legal Status of School and Community," "Proposed Changes in Public School Financing and Allocation of Local Fund Assignments," "Goals for Public School Education in Texas," "The Administrator and Individualized Instruction" and possibly one other. He said he will visit the various offices of the Texas Education Agency to meet personnel.

who came, in thinking not only of their own families, but of the whole community.

At the end of the day, a team went to Thomas nursing home, where the skin test was given to all those wanting it.

The tuberculin tests were given by Mrs. Mary Murphy and Mrs. Marilyn Metcalf, nurses from the State Health Department TB Control Division, Region 10, and by Mrs. Davenport.

Co-ordinating the local program were County Judge Zook Thomas, Police Chief Donald Nunneley, and Mrs. Jimmie Sessions, Community Action director.

Joel Shane Johnson First Baby of 1971

Most babies are born in Wellington because their parents live here.

But the first 1971 Baby in Collingsworth County was born at St. Joseph's Hospital because his parents planned it that way and came from Ardmore, Okla., so he could call Wellington his birthplace.

He is Joel Shane Johnson, son of Mr. and Mrs. Joel Wayne Johnson of Ardmore. Johnson was reared here.

Shane, as the baby will be called, was born early Friday morning and weighed six pounds, eleven and one-fourth ounces. He arrived about nine days earlier than he was ex-

pected, Mrs. Johnson said.

The baby's grandparents are Mr. and Mrs. Frank Johnson of Wellington and Mr. and Mrs. Charles Lee Olmstead of Vancouver, Wash. Mr. and Mrs. Joe Pierce of Bemidji, Minn., are great-grandparents.

As is traditional with the hospital, St. Joseph's gift to the baby and mother was free hospitalization above that paid by the parents' insurance.

Mr. Johnson's brother and sister-in-law, Mr. and Mrs. Gerald E. Johnson of Ardmore, also came to Wellington so their daughter, Lisa Marie, could be born at St. Joseph's. That was Dec. 18.

Price Nominates Robby Dwight

Congressman Bob Price has nominated Robby Dwight of Samnorwood for an appointment to the United States Military Academy at West Point, he notified the 18-year-old senior recently.

Dwight, son of Supt. and Mrs. Robert Dwight, has had his physical examination and several aptitude tests. More screening will be necessary, his father said.

Robby is interested in history and law, and has also thought of a military career.

Booker T. Washington Exes Hold Reunion

Former students of Booker T. Washington School held their first reunion Saturday, Dec. 26 in Bura Handley community center.

Plans for the entire affair were carried out by the graduating class of 1958 and a former teacher, Miss Francine Childs, now dean of women and director of guidance at Wiley College in Marshall.

Registration and a coffee hour were held from 10:30 a.m. to noon.

The theme of the evening program was "Commitment to Love and Peace Through Understanding and Total Involvement." Miss Childs was mistress of ceremonies.

Mrs. Helen Minor, teacher in the El Reno, Okla., schools and former teacher at Booker T. Washington, played a musical prelude, then Mrs. Beulah Powell, Wellington nurse's aide, class of 1958, gave the welcome.

The response was by Miss Marie Pearl Kilgore, class of 1964, now a teacher in La Vega School District, Waco.

The members of all classes then sang the "Negro National Anthem," to honor the memory of Mrs. L. L. Pheagans.

The school's history was given by T/Sgt. Charles Rayford, U.S. Air Force, Big Spring, from the class of 1956.

The presentation of gifts was made by Mrs. Charlie Nell Peterson, class of 1953, a teacher in the Beaumont Schools.

The oldest student present was Robert Ellison of Shamrock; the one coming farthest was Howard Jackson of Kansas City, Mo., class of 1933; and the student with the largest family present was Mrs. Yvonne Thomas of Wellington.

Special recognition went to the class with the largest number present, 1953. These were Horace Powell of Wellington, Mrs. Peterson, Mrs. Wilma Horn and Mrs. Myrna Ellis of

Dallas, and Mr. and Mrs. Amie J. Price of Amarillo.

The Class of 1958 had the second largest number present, Robert Powell and Beulah Powell of Wellington; James Meadows of Dallas and Miss Childs from Marshall.

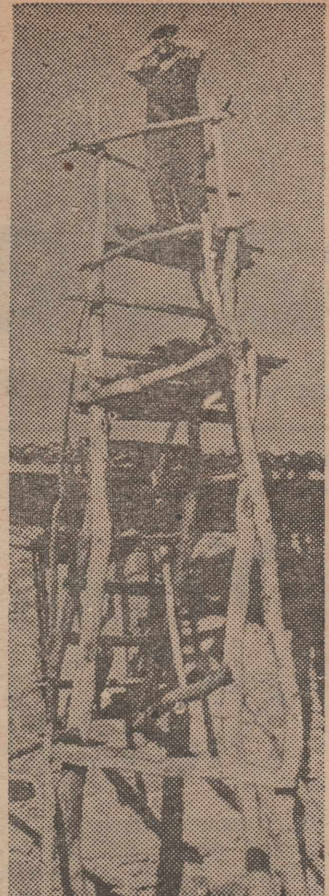

Special recognition went to the family with the largest number graduating Mr. and Mrs. Alonzo Price, who had 8 of their 9 children to graduate from Booker T. Washington. Six were present, Amie and Wilma, 1953; Percy Price, 1959 James Price, 1961; and Joe Price, 1963, all of Dallas. Their oldest, Robbie Warren, finished high school at Fort Worth, as Washington did not then have 12 grades.

Members of the oldest class present, 1933, were Dorothy Robinson of Amarillo, Thelma Tolbert of Pampa, and Howard Jackson. Members present from other classes in the 1930s were Margaret Thomas and J. B. Ford of Amarillo, and Robert Ellison of Shamrock.

Representing the 1940s were Eddie and Ella Jones of Wellington and Ernestine Coffee of Clovis, N.M. Other classes represented were 1955: Aaron Rayford of Wellington; 1956: Charles Rayford; 1959: Alvin Roland of Dallas and Percy Price; 1961: James Price and Odell Meadows; 1962: Harold Cooper of Wellington, Mae Sango of Hollis; 1963: Joe Price; 1964: Marie Pearl Kilgore; 1965: Mae Frances Moore, Terry Joe Jones of Amarillo and Robert Barber of Phoenix, Ariz. W. E. Franks, the last principal, and Mrs. Franks, were present.

A number of other ex-students, faculty members and parents were also present. Mrs. Edna Earl Hambric, a former teacher responsible for writing the school song, led the group in the singing of the Alma Mater.

A ball followed with music

PRECARIOUS PERCH is used by a muezzin, calling Moslems to pray. Usually this is done from a minaret of the mosque, but some poorer Turkish villages use this primitive method

by Bobbie Blair and the Outsiders of Amarillo, then everyone went to Carroll's Dairy Mart for breakfast.

Plans are for this to be an annual affair, and Miss Childs expressed the wishes of the group when she said she wanted Washington "only to die in reality, but not in the hearts of its faculty, staff, graduates and ex-students."

Proceeds from the reunion will go into a fund toward a Leslie L. Pheagans Youth Development Center. This will honor Mrs. Pheagans, who taught in the school—20 years—longer than any other teacher.

In 1969 Texas led the nation in rice production with 2.5 billion pounds.

Sewing Trim

The new thing in sewing is trim! A visit to a piece goods or fabric department will establish this fact.

Trims for fabrics from bur-lap to satin can be found. Others are especially made to coordinate with fabrics.

Embroidery or ruffling has been done for you on matching narrow widths. These can be inserted into the garment wherever your whim or pattern decides. Matching trims are often displayed with the fabrics to give you ideas on how to use them.

Other trims include braids, tassels and fringe. They can be applied to the garment or used as the belt or part of the decorative trim of the belt.

Some present day styles of tunics, vests, and weskits are held together with frogs, buttons and loops, and buttons and chains.

For a more feminine look, there are laces, beading, sequins and paillettes. Use imagination when trimming a dress or ball gown. Search until you find the right trim. An inexpensive fabric can be dressed up with the perfect bit of trim. Delicate beading can serve as shoulder straps. Wide braid or jeweled trim can emphasize a tiny waistline. Jeweled buttons can accent tabs or closings.

When selecting trims, keep in mind that textures and colors should harmonize, heavy braids would be unsuitable for chiffons or voiles. Metallic trims would be out of place on piques.

Be creative in your sewing and use a special trim to make your next garment "out of the ordinary."

What's New

• Goodbye to humdrum looking housewares and appliances. A new process has made it possible to cast aluminum with prints and patterns so that even a humble fry pan can be a thing of beauty.

Soon to come on the market are kitchen appliances printed with leopard spots and zebra stripes; tortoise-patterned and pony-skin cookers; possibly a dutch oven which borrows the plumage of a parrot. The new appliances are as practical as they are pretty. The aluminum alloys which make the designs possible need only frequent washing with soap or detergent to keep them clean and shiny.

• A nylon fiber with anti-static properties offers ladies liberation from clinging lingerie and sleepwear. Even after many washings, garments made of Celanese type 19 nylon show no static electricity which causes clinging. They also

maintain whiteness through repeated launderings. The new nylon bears the trade mark Stataway.

• It looks and tastes like bacon, costs half as much as bacon and has one-third the calories of bacon. But it's not bacon. It's a new synthetic meat analog being tested called bacon.

The bacon analog has fourteen ingredients, including generous measures of wheat and soy protein and corn oil. It looks like strip bacon, but has no cholesterol, is precooked and does not shrink during cooking.

The synthetic bacon was market tested in forty supermarkets in India for a six months period. It was sold as a frozen food. Bacon stocks were displayed as usual, in refrigerated cases in a separate section of the store.

Results of the market testing showed that there is a good chance for the commercial success of bacon analog. A consumer survey indicated that the analog's price of 69 cents for an 8-ounce package was an important consideration for the buyers, who considered the price reasonable. But the consumers also continued to buy bacon.

Pork A-Plenty

Plenty of pork! That's the outlook on the U.S. Department of Agriculture's January plentiful foods list.

Applesauce is also featured for the first month of 1971. Other foods in plentiful supply include fresh oranges, frozen concentrated orange juice, canned orange juice, dry peas, fresh apples, apple juice, fresh grapefruit, canned grapefruit juice.

THE WELLINGTON (TEXAS) LEADER
Thursday, January 7, 1971

Mrs. Martha Zeck Installed as Noble Grand of Rebekah Lodge

Mrs. Martha Zeck became Noble Grand of the Wellington Rebekah Lodge Monday, January 4, during the installation of officers.

District Deputy President Louise Burrell of the Loving Kindness Rebekah Lodge in Shamrock headed the installing staff.

Others taking office in the Wellington Lodge were Mrs. Lula Fae Burkhalter, vice grand; Mrs. Katie Isbell, recording secretary; Mrs. Ethel

Lowrie, treasurer; Mrs. Mae Rogers, warden; Mrs. Ina Tatum, conductor; Rob Isbell, chaplain; and Mrs. Maggie Morrow, musician; also

Mrs. Florence Hughes, right support to the Noble Grand; Mrs. Freida Turner, left support to the Noble Grand; Mrs. Annie Ward, right support to the vice grand; and Mrs. Pearl Shaw, left support to the vice grand; Melvin Zeck, inside guardian; and Mike Burkhalter, outside guardian.

Members of the installation team, besides Mrs. Burrell, were Mrs. Jewel Rabo, deputy marshal; Mrs. Eula Tuck, deputy warden; Mrs. Verna Williams, deputy chaplain; Mrs. Veda Burcham, deputy treasurer; Mrs. Carolyn Hall, deputy inside guardian, all of Shamrock; and Mrs. Isbell, deputy musician.

After the installation, refreshments of pie and coffee were served.

On January 5, the Wellington lodge installed officers at Childress, on January 7 they will be at Shamrock, and January 11 at Memphis.

Dr. and Mrs. Donald Rummel and family of Lubbock visited in the home of Mr. and Mrs. Gilroy Rummel. They also visited Mr. and Mrs. Lefty Thomas of Samnorwood.

Mrs. Darby Luke Reid

Adelle Alexander Weds Darby Reid In College Chapel Monday Evening

Miss Adelle Alexander and Darby Luke Reid of Amarillo were married in the Joseph A. Hill Memorial Chapel on the campus of West Texas State University Monday, December 28, at seven-thirty in the evening.

The Reverend Robert Sarpaulis officiated.

The bride is the daughter of Mr. and Mrs. Ruel W. Alexander, 3701 Torre, Amarillo, formerly of Dodson and Wellington. She is also the granddaughter of Mr. and Mrs. Fred Boyd and Mr. and Mrs. Clyde Alexander of Dodson. Parents of the bridegroom are Mr. and Mrs. Luke M. Reid, 1409 35th, Amarillo.

Mr. Alexander gave his daughter in marriage.

She wore a floor-length gown of fluid crepe, tied at the waist with a self belt. The bodice was designed with a standing collar and long butterfly sleeves. Her full-length veil was of tulle edged in Alencon lace. The bridal bouquet was of red roses placed atop a white Bi-

ble, with cascading streamers. Miss Betty Anne Alexander, sister of the bride, was maid of honor and the flower girl was Lori Ann Fielding of Amarillo.

The best man was Larry Pierce McCurry of Amarillo, while John Melton McCurry and Dale Warren Guillen of Amarillo ushered.

After the ceremony, Mr. and Mrs. Alexander were hosts at the reception which honored the couple, held in the Baptist Student Union at the University.

Both the bride and bridegroom are students in West Texas State University. She is employed at White and Kirk in Amarillo and he at Safeway Stores, Inc.

Since returning from their wedding trip to New Mexico, the couple is at home at 1401 Van Buren, Apartment 307, Amarillo.

Great Pyramid of Cheops was constructed with 2,300,000 stone blocks, each averaging 2½ tons.

Kitchen Shower Given Saturday

Miss Cecilia Sneed of Samnorwood was honored at a kitchen shower, given Saturday, January 2, in the home of Miss Betty Coleman of Samnorwood.

The honoree is the fiancée of Johnny Breeding of Dozier. Assisting with hostess duties were Miss Karen Waters, Miss Ruth Dwight and Miss Mary Schaub.

Guests called between two and four o'clock in the afternoon.

Emmerts Host Many Visitors

Mr. and Mrs. J. C. Emmert had their share of relatives and friends visiting them during the holidays.

Coming from out of town were Mr. and Mrs. Dale Ratliff, Carmen and Aaron of Clayton, N.M.; Mr. and Mrs. Carroll Jones of Brownfield; Mr. and Mrs. John Kimbro and Marion of Wichita Falls; Mr. and Mrs. Eddie Emmert of Orange;

Mr. and Mrs. Jack Aaron, Randy, Kris and Kim of Burk Burnett; Mabelle and Bret Delisle of Amarillo; Mr. and Mrs. Don Langford, Dracy and Tracy of Pasadena, Calif.; Herman Clyde Childress of San Diego, Calif.; Mr. and Mrs. Thurman Emmert, Mike, Richard and Jeff, and Miss Carol Bye of Derby, Kansas.

Wellington YH Holds Party

One of the late Christmas parties of the holidays were the Young Homemakers who met in the school cafeteria.

Supper was served at 7:30 from tables decorated in the holiday theme. Games were played after the meal. Each member brought a gift and these were taken to the rest home for the patients there.

About 15 couples attended.

Mr. and Mrs. Marshall Denney and family of Lost Hills, Calif., are visiting Mr. and Mrs. James Hale and son; also Mrs. Coleman Fike.

Mr. and Mrs. J. C. Hartman Host Fish Fry on Saturday Evening

Mr. and Mrs. J. C. Hartman Jr., were hosts Saturday evening, January 2, at a fish fry for employees of City Grocery and a number of additional friends. The event was given in the large garage adjoining their home.

Palm fronds and clusters of dates, which they had gathered on a recent visit to Port Isabel, decorated the building. Fishing nets were hung on the walls. Sea shells which the couple has picked up on their many visits to the Gulf were used to decorate the tables, along with rows of green candles.

Japanese paper lanterns were hung from the ceiling.

The fish were caught during this last trip, also, and included drum, sheepshead, ocean trout and redfish.

Those attending were Mr. and Mrs. James McDanel, Mr. and Mrs. Benny McDanel, Mr. and Mrs. Raymond Patton, Luther Sullivan, Mrs. Quillie Goodloe, Mr. and Mrs. Ronnie Hartman, Mr. and Mrs. Gary Killian, Mr. and Mrs. James Masten, Mr. and Mrs. Henry Rogers, Mr. and Mrs. Raymond Ford, Miss Virginia Robey, Roger Browning, Dale Thomas, and Tim Cates.

Shower Saturday Afternoon Honors Kathy Tyler, January Bride-to-Be

Miss Kathy Tyler, who will be a mid-winter bride, was honored at a shower given Saturday afternoon, January 2, in the home of Mrs. John Sherman.

Others sharing hostess duties were Mrs. John Holton, Mrs. Glen McLain, Mrs. Leon Hartman, Mrs. Willie West, Mrs. J. M. Orr, Mrs. Grant Wooldridge, Mrs. Robert Gossnell, Mrs. Herman Childress, Mrs. J. D. Farrar and Mrs. R. L. Mabery.

Mrs. Sherman received the guests and presented them to Miss Tyler, her mother, Mrs. R. H. Tyler, and the mother of the prospective bridegroom, Mrs. Hubert Mauldin.

Guests were registered by Mrs. Jim Henard, and directed to the gift displays in the den and guest bedroom.

Tea was poured at a table laid with a white cutwork cloth and centered with an arrangement of red carnations. Silver and crystal appointments were used.

Serving the guests were Miss Linda Williams, Miss Susan Oney, Miss Cindy Saied, and Miss Monica Gray of Childress.

Approximately fifty guests called during the afternoon.

Four-H Takes on a New Look for Texas Youth

COLLEGE STATION.—4-H in Texas is taking on a new look! Plans are under way to develop 4-H Club work in the state into an "in-depth" program.

The new plan has been outlined by Dr. Ed Schlutt, associate state 4-H Club leader, to county Extension Service personnel and adult 4-H leaders at recent gatherings throughout the state.

The new plan has a two-fold objective: (1) To reach a larger number of youth, and (2) To develop meaningful programs.

The 4-H leader outlined these basic ingredients of the plan:

1. A dynamic action program at the local club level.
2. Adult leaders working more closely with youth, and county Extension agents working more closely with adult leaders.
3. More involvement of junior

and teen leaders. "The new 4-H program must especially be aimed at the interests of youth—creation, action, learning and fun," Schlutt said.

"New programs must be developed that are meaningful and that meet the present day needs of our youth. They should feel self-satisfaction or self-attainment in 4-H Club work," he added.

Schlutt cited the major needs for 4-H today as the development of adult leaders, special programs for teenagers, a broader scope for 4-H, more recognition at the local club level and a more appealing image of 4-H.

"In 4-H our major concern is the development of boys and girls," contended the 4-H leader. "Our youth are Texas' most valuable resource, and we must dedicate ourselves to their development and well-being."

Pioneer Fort Welcomes Visitors

Old Fort Leaton, once a place to find hospitality in the wilderness, is on its way to becoming a stopping place for travelers again. Texas Parks and Wildlife Department recently completed a \$119,883 project there, including partial restoration of the old fort and incorporating part of it as a visitor center interpretive building. A second phase of construction is scheduled to begin soon.

It is located approximately four miles southeast of Presidio at the confluence of Alamito Creek and the Rio Grande, on Farm to Market Road 170 (the River Road). No troops were ever stationed there, but unofficially served as headquarters for U.S. Army troops for many years before and after the Civil War.

The fort was established as a trading post by Ben Leaton in the 1840s. Mingled with stories of Leaton's hospitality are some very persistent and ugly rumors that he bartered rifles and ammunition to the Apaches in exchange for booty the Indians acquired while raiding in Mexico.

Legends say that ghosts will eternally walk the ruins of Fort Leaton because of violence that took place there, but whatever the facts of the fort's history, the truth is it will be a welcome stopping place for travelers along the River Road.

The Whole Truth

BY GAYLORD COOK

A soldier received a telegram from his wife: "Darling, hurry and come home for I am dying." The soldier was shocked. Finally he got a leave, went home, and found her well. "What about the telegram?" he inquired. "Oh, I meant to say 'I am dying to see you' but they would not let me send but ten words." She had sent him only a part of the truth. It takes the whole truth. In matters of religion, we must be most careful about this same thing. For instance, the Bible emphasizes that salvation is by faith (Heb. 11:6; Rom. 5:1; Gal. 3:27, et(al.), but it also says in unmistakable language that salvation is NOT BY FAITH ONLY. (James 2:24). It is a gross perversion of God's word to fail to tell the whole truth.

Our Presence is Important To the Stock Show Success

The second annual winter 4-H-FFA Livestock Show Saturday will be a preview of the calves and hogs that will represent Collingsworth County in the major shows of the Southwest in the coming weeks. They have to be good to do this.

In past shows, both the winter and Fair events, there has been disappointment that more people did not come to see the animals. These youngsters want the support of both the business community and the general public. They take pride in their animals. They want us to see them.

Much more has gone into the calves and hogs in both money and time than the young owners will ever get out of them. Support and encouragement are a large part of the payment they will receive.

If this immediate area is to become a part of the fabulous livestock future, much will depend on the boys and the animals like those you will see here Saturday.

Other Editors Say . . .

No More Free Copies or Publicity

A longtime tradition that has grown up with the weekly newspaper is the practice of sending the paper free to a limited number of institutions, perhaps a few individuals, who for one reason or another are in a special category . . . the county or school library, the hospital, the postmaster, selected college libraries, the editor's Aunt Het, and the like.

During World War II some papers sent free subscriptions to servicemen.

For many years The Herald has sent free copies to the several Tulia school libraries, patients in Swisher Memorial Hospital, the county agent, Amarillo VA Hospital, the postmaster, libraries of surrounding colleges, U. S. Savings Bonds office, Amarillo Social Security office, and other public and private institutions requesting free copies because they have "no way of paying."

Some have requested us to run their free advertising and want the paper to see "how we're making use" of their handouts.

We get an ample supply of this crap from the post office itself with the request that we publish it as "a public service."

They want us to remind people to mail early for Christmas, to use zip codes, to publicize special stamps, and the like.

Beginning next week, all complimentary copies will be discontinued by order of the Republicans' "dynamic new non-political postal service," as it likes to think of itself.

Newspapers travel on second class mailing permits. National average cost of mailing a paper on second class permits is about five cents . . . so it isn't exactly a free service to papers.

The postal hierarchy has ordered local postmasters to personally inspect mailing lists to make sure every one who gets the paper is a paying subscriber.

This is our notification to the post office department . . . and all other government agencies . . . to keep their cotton-picking hands out of our mail box!

Henceforth we intend to make sure that no government releases or handouts find their way into The Tulia Herald. If the post office wants to remind the public to mail early for Christmas or to use zip codes on all mail, our advertising rates are available upon request.

According to our interpretation of the rules, if a few complimentary copies of our paper mailed to hospital patients, disabled veterans, or school libraries violate our second class mailing permit, so does free advertising.

— H. M. Baggarly in The Tulia Herald

On Keeping Well

Sometime ago, a doctor said the breakdown of blood vessels in the human body caused four times as many deaths as cancer. He further stated that what really kills people is they wear out their bodies thirty years too soon.

What did the doctor propose that the people of this country do to prevent their blood vessels from breaking down? His answer was to "eat well and not too much. Rest well, eliminate well and get sufficient exercise."

The doctor insisted that the people in the United States were over-fed and suggested that they cut down on eating fifty per cent to live longer and be healthier. He objected to modern food because most of it was fatty and "fats cause most blood vessel breakdowns." eH said that fatigue was a major factor in accident, disease and the wearing out of bodies. Moreover, he suggested that people at work need rest periods every two hours and that "ten minutes of relaxation will work wonders" in furthering overall health.

AUSTIN.—As expected, Texans will be paying higher auto insurance rates next year. But rates will not be as high as first proposed.

State Board of Insurance has announced an average statewide 13.6 percent increase for all classes of vehicles and coverages. Actually, that's about a 14 percent overall increase for private passenger cars.

In establishing the rate, the Board, for the first time in its history, took into consideration insurance company income from investments and all other sources. But it backed off from the "net worth concept" which would have produced still higher rates.

Staff members of the state regulatory agency last November recommended an average hike of 23.4 percent. Industry actually asked 27.7 percent, and reportedly is disappointed at the end result, since it got only about half what it wanted.

Board members staunchly defended their findings as adequate, however, and said rates will allow after-tax profit of 8.1 percent on total assets, or 7.2 percent before taxes.

Rate of return from policy underwriting reflected in 5.1 percent profit is only 1.3 percent after taxes. Profit allocation from interest, dividends and rents is 2.9 percent after taxes and from realized and unrealized capital gains of 1.9 percent.

On a sample area basis, policies for average drivers of new, medium-priced cars would increase (all coverages combined) by the following amounts:

Northeastern zone \$25, Southeastern \$23, El Paso \$29, East Texas oil field area \$15; West Texas oil field \$30, Webb County \$19, Coastal \$24, Rio Grande Valley \$20, Galveston County \$26, Potter and Randall Counties \$24, Denton County \$25, Wichita County \$21, Dallas County \$27, and Harris County \$22.

Lawmaker Pay Hike Pushed

A subcommittee of House Speaker Gus Mutscher's blue-ribbon "Committee of 100" termed legislator pay "unrealistically low" and said the \$4,800 limit should be stricken from the State Constitution.

Sub-panel, headed by Newspaper Publisher S. B. Whittenburg of Amarillo, recommended that a six-member commission be named by the governor to fix legislative pay and expense account boundaries.

Courts Block Park

Federal District Judge Jack Roberts issued a temporary restraining order against state-federal funding of the proposed Mustang Island land purchase.

Judge Roberts acted after Parks and Wildlife Commission Chairman Pearce Johnson and three others filed suit to stop the \$4.2 million land buy.

Earlier, the U.S. Bureau of Outdoor Recreation disregarded the request of Gov. Smith and Johnson that application for federal assistance totaling about \$2.1 million be rejected. Johnson went to court just before the funds were to have been released and the voucher delivered to the would-be seller, Mrs. Sam E. Wilson Jr. of Corpus Christi.

Vote for 18-Year-Olds

County tax assessor-collectors have been notified that voter registration certificates should be issued to applicants 18 years and above and those who will be 18 by March 1, 1972.

Secretary of State Martin Dies Jr., chief state election officer, has sent out instructions for implementing the U.S. Supreme Court order giving 18-year-olds the right to vote in federal elections.

Certificates issued to those under 21 will be labeled for "federal elections only until 21 years of age." Same document will contain birthdate so it can be used for state and local elections after applicant turns 21.

Opinions

Commissioners courts are authorized to approve expenditures for dues in non-profit association of counties, says Atty. Gen. Crawford Martin.

In other opinions, Martin ruled that:

—Orange County commissioner could not resign office for new term to which he was elected before the term actually begins.

—Gillespie County commissioners can lease part of an airport to the county fair association.

—Secretary of State is authorized to require proof of compliance with laws governing trust companies before allowing reinstatement of characters forfeited for failure to pay a franchise tax.

—City-county hospital boards can't borrow money for operation except by revenue bonds.

CROSSROADS REPORT

I see where the people of Poland got real upset about their government raising the prices of their food 20%.

Of course, in about every country, its leaders get first at the trough, so that grocery money is no problem with them, and naturally they don't understand why the commoners fret so much about prices and taxes going higher and higher.

Which standard human trait makes it obvious that no congressman can truly and understandingly represent his constituents until he has to work for and live on the same average income that they do.

Mentioned in the news from time to time are the coerced labor contracts which require a worker to join a union and split his wages with its bosses.

And it seems to some old ex-union men like me that when a man has to work to eat, making him pay tribute to a union boss to get a job is basically the same deal offered by a your-money-or-your-life holdup man.

But the union hijack is highly government-approved. And one day we may have to join and contribute to the church of the government's choice to live where we like, and a political party of its choice to live anywhere.

Auto Registration Period

Auto registration period, Feb. 1 to April 1, for the second time will utilize the new computerized procedure devised by the Texas Highway Department.

Seven million motor vehicle owners will soon be receiving by mail the three-part renewal application form.

Form and required fee after Feb. 1 should be taken to the county tax office, or orders can be placed through the mail (by adding \$1 for handling costs and postage). At least 30 days before registration deadline should be allowed for delivery of plates ordered by mail.

Presentation of last year's registration receipt or certificate of title is no longer necessary with renewal application form.

Building Contract Let

State Building Commission approved contract for a new seven-story state office building to be located five blocks north of the capitol.

Stokes Construction Company of San Marcos submitted the low bid of \$7,076,596.

Alternative bids were also accepted for five possible additional floors, with the contractor to hold the enlargement offer open until Sept. 1.

Ground breaking will be scheduled about Jan. 15. Completion time is estimated at 780 days for the seven initial stories.

DON'T BLAME FARMER

It's twice as costly to market farm products as to produce the food in the first place, surprising as this may seem. When they left the farm, food raw materials produced by U. S. farmers in 1969 were worth \$32 billion. By the time they reached the consumer, their cost had soared to \$96 billion.

Change. That's what it's all about this year. And that's what we mean by putting you first.

These are uneasy times.

There are major concerns. About pollution. About safety. About the economy. About your hard-earned dollar. We know.

For the past 10 years Chevrolet research people have questioned thousands of people on every subject from rising taxes to the size of the glovebox in their cars.

We've found that price and maintenance costs, trade-in value and quality have become tremendously important.

Your car has to work. It has to last. And each new model must have more built-in value.

At Chevrolet, we understand. You want meaningful change. And our aim is to give that to you, as you'll see in the 1971 Chevrolets.

Caprice. The biggest, most luxurious Chevrolet ever. A complete change.

Bigness in itself is nothing.

But if it allows you to lengthen the distance between the front and rear wheels (which we did), then you've got something.

You've got a smoother ride.

The idea in the 1971 Caprice was to give you the looks and comfort of a six- or seven-thousand-dollar car, without asking you to pay anywhere near that much for it. And above all, to build in as much dependability and security as possible.

So we changed the body structure for 1971, too. We made it stronger. And we made it quieter by putting a double layer of steel in the roof.

Caprice, as you can see below, is a lot of luxury at a Chevrolet price.

Vega. The littlest Chevy ever. It wasn't changed from anything.

Before building Vega, we read everything we could get our hands on about little cars. We talked to owners. We studied little cars up one side and down the other and, literally, tore them apart. We found out what made them tick, or why they didn't tick.

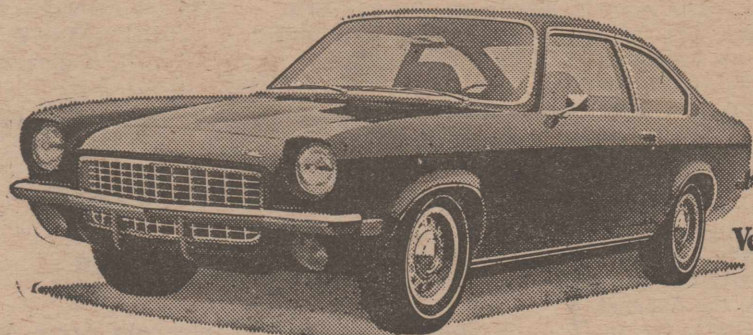

What ticked were gas economy and dependability. What didn't were underpowered engines, cramped quarters and getting blown around in the wind.

In our little Vega, everything ticks. It's not just another little car. You didn't want that. It's one little car that does everything well.

PARALLEL TERRACES

Parallel terraces in the foreground are on the Glenn Estate east of Wellington, operated by Carthel Lewis. They were built following flooding in 1968. In the background is another system of parallel terraces.

Soil Conservation Service

Dry Weather Brings New Parallel Terraces

By L. J. Courtney

With the drought continuing, parallel terrace construction is on the increase. Several farmers are re-terracing their land to get a leveling effect as well as having their convention terraces replaced with parallel terraces. Most of the grade is cut out between the terrace ridges, giving a leveling effect to put the water in the ground where it falls instead of letting it run down to the lower terrace channel.

The savings in time and fuel alone, in just a few years, will pay for the additional cost of parallel terraces. Most terraces can be built parallel on

land that is suitable for row cropping.

Parallel terraces are now under construction on the Mrs. O. A. Kiker & Melvin Kiker farms, the Henard Gray, M. K. Berry, Bill Bruton, Mrs. Curtiss Patrick and Buck Breeding farms.

If you are interested in this type of work on your land, contact your local Soil Conservation Service personnel assisting the Salt Fork Soil Conservation District.

San Antonio Family Here

The Rev. and Mrs. Dick Roehr and four children of San Antonio were guests Sunday, Dec. 27 of Mrs. Tom Cunningham and other friends in the Samnorwood community. This was their former home.

Sunday evening, Rev. Roehr preached at Samnorwood Baptist Church.

The family was en route home from Clarendon, where they visited their parents during the holidays.

Four species of quail are native to Texas: Bobwhites, Scaled (blue), Gambels and Mearns.

Congratulations Young Stockmen

We are greatly interested in this group of young steers and hogs that will be exhibited Saturday, especially those that will go on to the major shows . . . We furnished part of the feed that has helped them develop into the fine animals they are, worthy representatives of the cattle and hog industry of Collingsworth.

We congratulate the spirited 4-H boys and girls and the Future Farmers who are their owners, and the organizations that are training them in an industry that has a bright future in the lower Panhandle.

Pamela Kersten, Don Martin Wed in Holiday Season Ceremony

A wedding of the holiday season was that of Miss Pamela Kersten and Don Martin, which was performed in First Christian Church at two o'clock Sunday afternoon, December 27. Marvin Garrison, minister of the church, officiated before members of the family and close friends.

Parents of the couple are Mr. and Mrs. Ronald Kersten and Mr. and Mrs. J. Y. Martin.

Party Honors One-Year-Old

Mrs. Mattie Balch was honored December 30 on her 80th birthday with a party in her home.

Hostesses for the event were her daughters, Mrs. Curtis Brewer of Amarillo and Mrs. Cecil McEndree of Altus. Also honoring Mrs. Balch, but unable to be present, were her grandchildren, Wayne and Susan McEndree of Altus, Capt. and Mrs. Lance Brewer and children, and a brother, Mr. and Mrs. John West of Childress.

Refreshments were served to Mrs. P. K. Hardy, Mrs. Susie Parker, Mrs. Merritt James, Mrs. Odessa Bowen, Mrs. Grady Cochran, Mrs. Jack Ball, Mrs. John Wolf, Mrs. Pauline Patterson, Mrs. Mary B. Lee and Terry of Amarillo.

Adult Class Gives Supper

The Mixed Adult Sunday School Class of the Assembly of God Church had its annual Christmas party and salad supper in the home of Mrs. Betty Atkinson on Monday night, December 21. Mrs. Troy Stallings is teacher of the class.

The salad supper was served buffet style from a table covered with a green linen cloth and centered with a miniature Christmas tree. Red lighted candles in milk glass holders completed the table decorations.

After eating, the group exchanged gifts and Mrs. Tom Rogers directed the games.

Attending were Rev. and Mrs. Tom Rogers, Mr. and Mrs. Troy Stallings, Mr. and Mrs. L. C. Keith, Mr. and Mrs. Ansel Atkinson, Mr. and Mrs. Joe Hooper, Mr. and Mrs. Earl Brinkley, Mr. and Mrs. C. O. Wilkerson, Mrs. Renee Martin, Floyd Clark and the Hostess, Mrs. Betty Atkinson and Carina.

Vows were spoken before an arch of foliage, with candelabras at the sides.

Wedding music was presented by Mrs. Marvin Garrison, organist.

The bride chose a white double knit dress, designed with long fitted sleeves, a high neckline and full skirt. She carried a bouquet of red carnations tied with white streamers.

Mrs. Danny Martin of Shamrock was matron of honor. She wore a beige dress with full-length matching coat, and her flowers were a corsage of white carnations.

Danny Martin of Shamrock was his brother's best man.

The bride was a junior in Wellington High School, where she was a member of school-related clubs and the Rockette basketball team.

A graduate of Wellington High School with the class of 1970, the bridegroom is a pre-pharmacy student in Southwestern State College, Weatherford, Oklahoma.

The couple will be at home in Weatherford.

Dick Campbell Family Home

The home of Mr. and Mrs. Dick Campbell was the scene of a family gathering at Christmas.

Attending were their children, Mr. and Mrs. Duane Campbell, Suzanne and Brad, and Mr. and Mrs. James Roy Fulcher of Arlington.

Coming from Sayre, Okla., were her father, C. C. Rose, her sister and brother, Mr. and Mrs. Donald Burch, and Mr. and Mrs. Royce Rose, and a guest, Cathy Clothier.

The Duane Campbells also visited her parents, Mr. and Mrs. Gene Hanna, and the Fulchers were guests of Mr. and Mrs. Albert Fulcher.

Parkers Host Boys Ranchers

Seven youths from Boys Ranch were among the guests when Mr. and Mrs. Johnny Parker, Sr., entertained during Christmas.

Highlights were the Christmas tree and dinner.

Others present were Mr. and Mrs. Loyd Parker and family of Boys Ranch; Mr. and Mrs. Wayne Parker of Plainview; Mr. and Mrs. Mearl Parker and family and Miss Barbara Vines.

Beverly Holman Weds James Kocher in University of Kansas Chapel

The Danforth Chapel on the campus of the University of Kansas in Lawrence was the setting for the wedding of Miss Beverly Jane Holman and James Keith Kocher at three o'clock Saturday afternoon, December 19.

The Reverend Roland Sundbye of the First Methodist Church in Lawrence officiated, using a double ring ceremony the couple themselves had written from portions of "The Prophet" by Kahil Gibran.

The bride is the daughter of Dr. Dorothy Jane Holman, 5612 Dartford Way, San Diego, California, and the granddaughter of Mr. and Mrs. Howard Riggs of Wellington.

Mr. and Mrs. Keith Kocher of Clay Center, Kansas, are the parents of the bridegroom.

Wedding music was by Gaylon Umbarger at the vibraphone, and Judy Johnson, who played the flute. Both are from Kansas City, Missouri.

The altar was lighted by many tall orange candles, with white poinsettias at the sides.

The bride's floor-length dress, redesigned from her mother's wedding gown, was of ivory satin, with small covered buttons down the front to the empire waist and long full sleeves. Her headpiece was a wreath of white roses and she carried a single large white rose.

She was attended by her sisters, Miss Patricia Holman, maid of honor, and Miss Rebecca Holman, bridesmaid, of San Diego. They wore brown velvet floor-length skirts with beige peasant blouses, tangerine velvet ribbon sashes, and matching bows in their hair. Each carried a long-stemmed talisman rose.

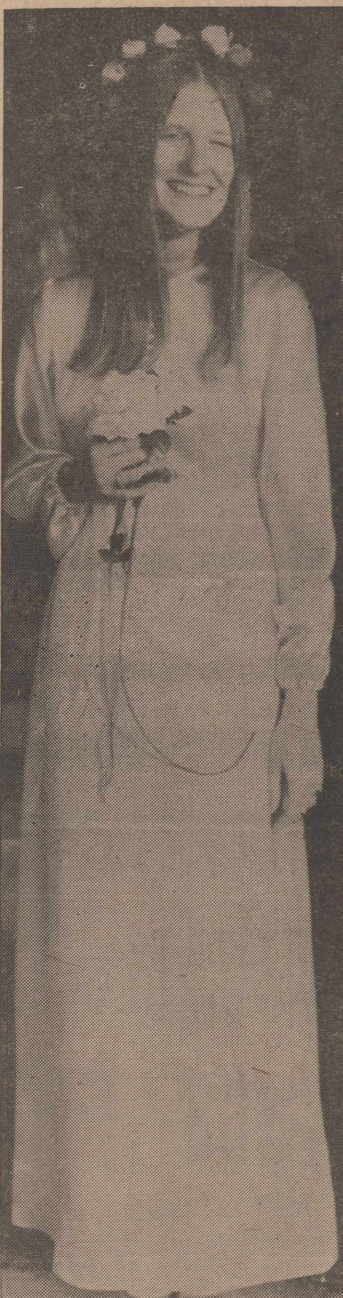

Thel Kocher of Overland Park, Kansas, was his brother's best man, and the groomsmen was Marc Myers of Eldorado, Kansas. David Wildman and Phillip Wildman of Dallas, cousins of the bride, ushered.

After the ceremony, Dr. Holman hosted the wedding reception in the Watkins Room of the Kansas Student Union Building.

The bride's table was decorated with fall flowers in colors of tangerine, brown and yellow, with orange candles. A silver service for coffee was at one end of the table, and punch was ladeled from a crystal bowl at the other.

The bride is a senior at the University of Kansas where her majors are psychology and human development.

The bridegroom holds a Bachelor of Arts degree in political

All Cummings Children Home

The home of Mr. and Mrs. Fred Cummings was the scene of a family reunion over the Christmas holidays. All nine of their children were present for the first time since April of 1965. A similar reunion was held at that time when two of their sons were discharged from the armed services.

Those enjoying the family get-together were: Mr. and Mrs. Tom Nash, Darryl and Jeanie Burney of Pampa; Mr. and Mrs. Ronald Cummings and Tanya of Texline; Mr. and Mrs. Travis Cummings, Delane and Diane from Pasadena; Mr. and Mrs. John Cummings, Tracey and Landee Jon of Azle; Billy Fred Cummings of Pasadena; Mr. and Mrs. Bill Driver, Jeff and Anglea of Spearman; Sharon Cummings of Clarendon; Gary Cummings.

Others visiting over the holidays were Mr. and Mrs. Rob Isbell, Mr. and Mrs. Wayne Cummings, Joe, Mike and Tim; Mrs. Jake Gosnell, Mrs. Barney Glenn and Truett Thomas of Wellington; Stanley Oldham of Samnorwood and Mrs. Speck Riley of Pampa.

Reunion Honors Mrs. E. Smith

Mr. and Mrs. Elmer Smith and Mr. and Mrs. A. E. Maddaux of Prescott, Ariz., were hosts at a family reunion honoring Mrs. E. Smith, mother of Mr. Smith and Mrs. Maddaux. The event was held in the hospitality room of the Farm Bureau building. Tables were decorated with arrangements made with Christmas lights and Santa Clauses crafted from small magazines. A turkey dinner with all the trimmings was served at the noon hour and the invocation was given by Elmer Smith.

Other children, grandchildren, great-grandchildren and friends present were: Mr. and Mrs. Nathan Thompson of Groom; Mr. and Mrs. E. R. Smith, Eldon Ray and Kathy of Clovis, N.M.; Mr. and Mrs. E. N. Smith, Steve and Kent, and Mr. and Mrs. Billy Conner, Daryl and David of Amarillo;

Mr. and Mrs. Howard Roger, LaWinn and Rhonda of Paris; Mrs. Loyd Maddaux, Mr. and Mrs. Leroy Allen, Randy, Ronnie Ricky and Miss Marilyn McClure of Erick, Okla.; the honoree and the hosts. The day was spent making pictures and visiting.

VALUABLE PORTRAITS

How are you at remembering presidents and other great Americans?

Can you think of which famous American appears on each bill of our currency?

In all there are eleven denominations of U.S. currency. Few Americans can name the eleven corresponding portraits.

Our most widely used dollar bill is reserved for our first president. Lincoln appears on the \$5 bill, Hamilton on the ten and Jackson on the twenty. Grant is pictured on the \$50 bill, Ben Franklin on the \$100 bill and McKinley on the \$500 bill.

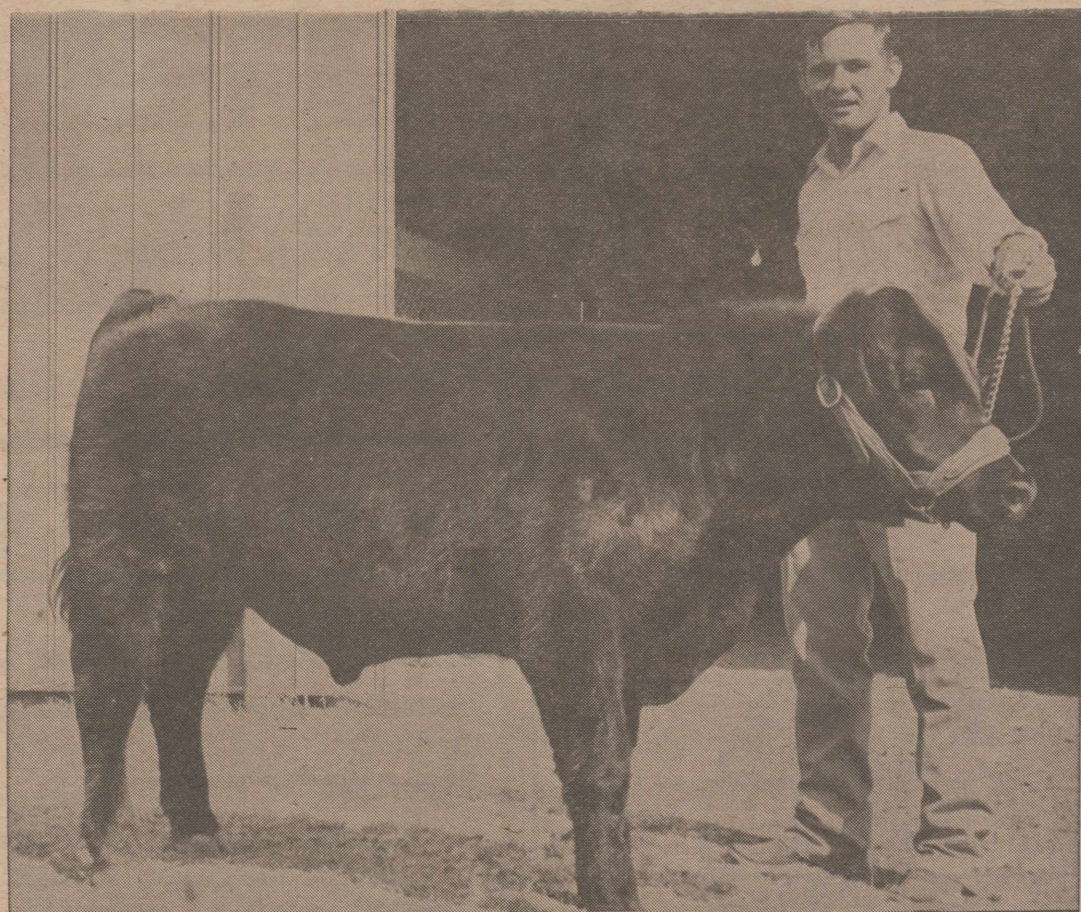

If you should run across a \$1000 bill you would be face to

face with President Grover Cleveland. Madison appears on the \$5000 bill and Chase on the \$10,000 bill.

In very limited supply is the \$100,000 gold certificate with President Wilson's portrait printed on it.

Congratulations on Your Livestock Show!

We believe the fine work of these 4-H and FFA members are doing with their steers and hogs can lead straight to a fabulous future for Collingsworth County.

The livestock industry—either raising cattle and hogs or feeding them—will hold the spot light in the years ahead. We are in the southwestern area where big things are happening in hogs and cattle.

If Collingsworth is to join this dynamic era, we will need all the young men like these we can get ... those with brains and training and youth, and a strong desire to make their future where they grew up.

That is the kind of future this bank is working for. Now or in the future, we will be glad to advise you on your livestock operations.

A Better Calf Crop!

Another good reason for feeding T-E Liquid Supplement.

When the calves are on the ground you'll be glad you had T-E Liquid Feed Supplement on the range.

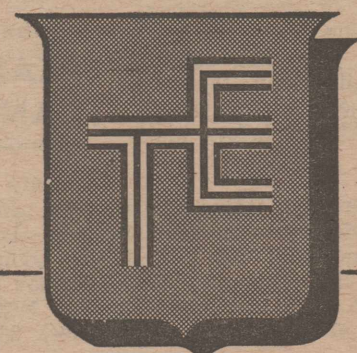

It delivers the protein, vitamins and trace minerals your cows need to produce a better calf crop. It will give them extra energy, make them forage better and enable them to get all the nutrition available from stalks, hay or pasture.

With T-E Liquid Feed Supplement in your feeding program, you can count on more consistent estrus, better conception, easier calving, fewer abortions or stillborns and larger calves dropped and weaned.

Fed free-choice, T-E Liquid Feed takes the guesswork and hard work out of supplement feeding. It's self-rationing. Animals consume what they need—no more, no less. And since one T-E feeder will take care of 75 to 100 head up to ten days, it does away with most of the work.

There are many good reasons for feeding T-E Liquid Supplement that you can count in your calf crop. Talk to your dealer about other reasons why T-E Liquid Feed saves you time and makes you money.

T-E LIQUID FEED SUPPLEMENT IS MADE FROM A PATENTED FORMULA
The basic ingredients of T-E Liquid Feed Supplement are urea, phosphoric acid, molasses, vitamins A, D and E and trace minerals. The urea is chemically inhibited (by the patented formulation with phosphoric acid and molasses) to control the release of nitrogen and pace its conversion into protein for more efficient use by the animal.

Quail-Arnett Split Pair of Holiday Games

Quail Quails defeated the Arnett Indians 87 to 61, in one of the few area games played during the Christmas holidays. At Quail, on the same evening, Tuesday, Dec. 29, the Arnett girls won over the Bobwhites 42 to 19.

The Quails took an early lead and at half time led 49 to 21.

Both teams tightened their defense in the third period, and Arnett scored only 12 points and Quail 14, and the score was 63-33. Both teams increased their scoring in the final period, with Quail looping 24 points and Arnett 28.

Tommy Oatman of Quail and T. J. Bogle of Arnett scored 23 points each. Other Quail players scoring were Darrell Feemster 18, Mark White 21, Jerry Barton 6, Laron Peters and Redgie Souder 3 each, Terry Canada 4, Larry McCann 8, and Jerry Alston 1. Lonnie Needham was the other player.

Quail girls scored only one point in the first period while Arnett made 15, and at half time the Indian girls led 26 to 3.

Quail's strongest quarter was the fourth when the team made 11 points.

Leading Arnett's scoring was Cathy Carter with 23, while Sherri Canada had 8 for Quail.

Wellington B Team Defeats Paducah 67-52

Wellington Skyrocket B team defeated Paducah B 67 to 52, to bring Coach Tank Forrester's boys an 8 and 1 record for the season.

Wellington lagged 26-21 at half time, then came a hot third period when the young Rockets scored 28 points and went ahead. They led the remainder of the way.

Jay Thomas scored 23 points to lead Wellington, while Randy Vaughan added 13.

Randy Smith was Paducah's high pointer with 22, and Mark Piper had 11.

rector. The large staff of volunteer workers included members of the Hospital Auxiliary, B&PW, Community Action Center, and interested individuals.

Mr. McIntosh praised student TB workers who, he said, "did a splendid job of educating the community about tuberculosis."

Mr. McIntosh urged positive reactors from the tuberculin test administered Tuesday to not become unnecessarily alarmed, explaining that most positive reactors are not sick.

Mrs. Murphy explained that when a positive reactor is found, his personal physician continues checking to determine if he had TB. He is given chest x-rays and sputum tests. Should it be confirmed that he does have tuberculosis, medication and therapy follow.

Mr. McIntosh pointed out that one of the newer medicines, popularly known as INH, can stop active disease from developing. This medicine is available only from the State Department of Health, at no cost to the patient, and administered by his personal physician.

Frequently the patient can continue with his regular work, and often bed rest, once the backbone of TB treatment, is not required.

Mr. McIntosh also urged Collingsworth to support the Christmas Seal campaign, which supports TB work in the Panhandle area.

Quail-Norwood

The Friday night game will be the first of two meetings for these teams during the season, as they play their return game at Quail Friday, Jan. 22.

Tuesday, the Quail Quails and Bobwhites will host Lefors, and Samnorwood will travel to Groom.

Quail Junior High teams will play in the Hedley tournament this week end with the girls playing Estelline girls at 2:50 p.m. and the boys also meeting Estelline at 4:00.

Shy Morgan Dies Sunday

Shy Morgan of Amarillo, who was reared at Dozier and for several years was employed in Collingsworth County, died in Amarillo Sunday, Jan. 3.

Several friends living here said they plan to attend the funeral at 10:00 a.m. Thursday, in Forest Hills Methodist Church in Amarillo.

Mr. Morgan, who moved to Amarillo in 1930, represented the Caterpillar Tractor Company in the Amarillo area until he retired about two years ago. Since then he had been with Lee Milligan Construction Company.

Survivors are his wife, Mrs. Gertrude Morgan; a daughter, Mrs. Juanita Hart of Missoula, Mont.; a sister and three brothers: Mrs. Millie Walls of Clovis, N.M.; Bill of Clayton, N.M.; Ray of Amarillo; and Norman of Hobbs, N.M.; and two grandsons.

Hugh Grogan in Hospital

Hugh Grogan was hospitalized Saturday morning due to shock and a heart condition, following the loss of his brother, Jesse Grogan.

A member of the family said he would be in the hospital for several days for tests and observation but is doing as well as can be expected.

He is in room 102, McLean Hospital, if his friends would like to send a card.

Don Moore At Italy Church

Mr. and Mrs. Don Moore and their five-year-old daughter, Melissa, were here over the holidays to visit their parents, Mr. and Mrs. Leslie Moore and Mr. and Mrs. J. B. Wade.

The Don Moores are moving to Italy, where he will be minister of music at Central Baptist Church.

He has been music director of Flint Avenue Baptist Church in Lubbock for several years.

Men In Service

E/1 Rufus Sosa, U.S. Army, was home on two weeks leave that included all of the Christmas holidays. He had completed basic training in Ft. Ord, Calif., and left New Year's Day for a new assignment at Ft. Gordon, Ga. He will receive two months training in Military Police School.

Sosa is the son of Mr. and Mrs. Adam Sosa.

The cotton gin was invented in 1793.
