Posse Plans A Larrupin' Rodeo Here

Pens at the Rodeo Arena are sporting a new coat of paint, and the grounds have been cleaned and cleared in preparation for the June 5-6-7 rodeo of Terry County Sheriff's Posse.

The annual event will be heralded by a downtown parade at 3 p.m., next Thursday, with several riding groups and floats of Brownfield businessmen.

Posseman in charge of the parade is Eddie Courtney, who urged Wednesday that all businessmen wanting to enter a float in the event telephone him at 2181.

The posse left here shortly after noon Wednesday to take part in the parade for the annual Post Stampede.

Tex Parrott, publicity director for the riding group, explained Tuesday that two ". . . important meetings of the posse were scheduled Monday and Wednesday. Our final plans will be made on those two days."

Concession stands at the three-day rodeo will be handled by members of Hand Bros. Post 6794, Veterans of Foreign Wars.

Parrott listed the rodeo entry fees as follows, saying that all fees would be returned to the pot for prize money:

1. Saddle bronc riding, $7.50.
2. Bull Riding, $7.50.

OF TALKS TODAY

Cotton Program Of TFB Is Topic

Terry County Farm Bureau will host a three-county subdistrict meeting at 8 p.m. today at the Hitch-N-Post Cafeteria, according to Jack Moore, Texas Farm Bureau field representative.

Some 36 representatives from Terry, Lynn and Yoakum counties are expected to attend the dinner meeting, which has been called to discuss the national organization's cotton program presented recently to Congress.

Moore and H. L. (Hub) King, Texas FB director, will form a panel to discuss the program.

Merchants Warned

Forgers Are Active Here

Sheriff James Fulford this week urged Terry businessmen to use extra caution when cashing checks for unknown persons.

"We have three men in jail now for passing worthless checks," said Fulford. "And there has been numerous other attempts." He urged businessmen to require identification and obtain the automobile license number before cashing a check.

Doyle Luke Williams, 32, formerly of Brownfield, is in jail in lieu of a $1,500 bond set by Justice of the Peace Lonnie Rhye. Fulford said Williams was arrested in Weatherford after passing more than $333 in worthless checks here.

Thomas Henry Baker, 26, of Roswell, N.M., was arrested while attempting to pass a worthless check because of the alertness of an employee of Cliff's Western Wear, revealed the sheriff. He is under a $1,000 bond set by Judge Rhyne.

A $5,000 bond was set for James R. Bishop, 40, who sheriff's officers report is an old pro at the "paper-hanging" (check forging and passing) game. He was arrested here after passing an $82 check at Tokio.

"Bishop, who has served time in seven state penitentiarys, is wanted for passing worthless checks from Alaska to Brownfield," added Bill Gordon, chief deputy sheriff.

Memorial Day Event Scheduled

Most Brownfield business firms will be closed Friday in observance of Memorial Day.

Major public feature of the day here will be the annual ceremony presented by Hand Bros. Post 6794, Veterans of Foreign Wars.

The event will begin at 10 a.m., on the northwest corner of the courthouse square, and will be a tribute to American men who gave their lives in all wars, and to Gold Star mothers.

Master of ceremonies will be Major Taylor of General Telephone, and a brief address, "Lest We Forget," will be given by M. D. Fairbairn of the VFW Post and Brownfield NEWS.

After the 30-minute session at the courthouse, the VFW members will depart for all Terry County cemeteries where veterans are buried, there to place an American flag on their graves.

Lubbock Men Are Sentenced To Pen

A pair of Lubbock men Monday were sentenced to terms in the state penitentiary by Judge Louis Reed of 106th District Court, according to Sheriff James Fulford.

Charles Floyd Renfro, 55, of Lubbock, was sentenced to two to three years in prison for attemping to pass a forged instrument. Fulford said he attempted to pass the worthless paper at three different businesses here before he was arrested.

Dwayne Rhea Millman, 17, also received a two to three year sentence on a burglary charge. He was one of three youths who broke into Combs Gin of Meadow in February. He also faces a six-year sentence handed down earlier by a Hale County court.

Norman Lovelace of Tokio Is Named 'Father of Year'

Norman Lovelace, 61-year-old Terry farmer and father of four children, this week was named District 9 Texas Baptist Father of the Year.

Lovelace, who farms 1 mile north and 1 mile west of Tokio, is one of 17 district winners who will compete for statewide honors.

The award is made each year to honor Texas Baptist fathers who have made outstanding contributions to Christianity.

The district winner began farming here in 1913, when he and his wife of one week moved here from Parker County. The couple was engaged in stock farming until recent years, concentrating only upon cotton and sorghums now.

A member of Tokio Baptist Church, Lovelace has been a deacon for 42 years, Sunday school superintendent for 12 years, and has served as church treasurer and song leader.

225 Churches, Missions

Lovelace's pastor, the Rev. W. B. Hatch, says, "He has been faithful in every respect — to his children, his church and to his community."

His wife, Winnie, also is active in the Tokio church. Their children include Melba Bandy, Lubbock housewife; Clayton Lovelace, Lubbock salesman; Ola Mae Adams, a housewife in Sobol, Okla., and Delton Lovelace, a clerk in an Abilene department store.

Sponsors of the Father of the Year project are the "Baptist Standard" and the Baptist General Convention of Texas. District 9 extends from Canyon to Brownfield, and from Matador to the New Mexico State Line. The 19-county area contains 225 Baptists churches and missions.

By CHARLIE MAPLE
NEWS Sports Editor

Terry's Babe Ruth League will open its second season here today with a two-game schedule slated to begin at 6:30 p.m. in Babe Ruth Park.

Opening ceremonies will be held at 6:15 p.m., featuring Mayor Arlie Lowrimore, Judge Herb Chesshir and former league president, Arie (Bob) Hart. Barbara Kirschner, queen of the league, is slated to toss the first ball to open the season.

The Dodgers will host the Red Sox in the opener and the Cardinals, last year's co-champs, will meet the Pirates in the nightcap at 8:30 p.m.

Opening night activites will initiate a 35-game schedule through July 17. "The schedule was cut short in order for our players to compete in the district tournament, which is expected to be held at Levelland about July 18," noted Dave Nicholson, president.

Nicholson added that league teams will play three rounds—a total of 15 games—when the season is concluded in mid-July.

The league, which began as a PONY League affiliate in 1956, became the Babe Ruth League last year to gain a third year of playing eligibility, according to Nicholson. The league is open to boys 13 to 15 years of age.

League play is slated to be on Mondays, Thursdays and Fridays through the season. "However, a two-game slate will be played this Saturday to even the schedule," said Nicholson.

The president said the league still needs several umpires to assist Burton Hackney, chief

Terry Babe Ruth League gets under way tonight at the old Lions Club Park with two tilts, the first one starting at 6:30 p.m.

The six-team league, which is comprised of boys 13-15 years of age, will play three rounds before the season ends July 17. Sessions will be held on Mondays, Thursdays and Fridays except for a double-header slated this Saturday.

This is another of the county's youth programs worthy of your support. We hope you will go out and root for your favorite teams in Babe Ruth, Little League and American Legion ball this summer.

★

By the way, Brownfield's American Legion team is in the process of being organized. The first meeting was held Saturday and the team is still open. Contact J. B. Huckabee, athletic director of Howard-Henson Post 269, and he will give you information on the team.

The team is open to any Terry youngster who will not be 18 prior to Sept. 1. Darrel Lewis of Old Lamesa Road, is manager of the group.

★

It is somewhat hard to beat this old typewriter again after a week of loafing in the sun and surf of the Valley and Gulf coast.

We tried our hand at dipping a line near Port Mansfield but did not have much luck. As much as we hate to admit it, the Mrs. was about the only one who pulled in anything.

Our catch primarily was salt water cat — just what the old timers said would happen before we went out. The wind was out of the north and northeast so the oldsters said fishing would not be good — they were so right!

★

The final intrasquad tilt last week was a surprise to us. Though we expected the game to be close, we expected more scoring — at least more than 8-6.

It looks like the Cubs will have another three to five yards per down attack next fall. There is nothing wrong with such an attack, but they can't make penalty mistakes and keep a drive going.

The first unit looks about as good as the 1957 team, but experience and size rapidly falls off after the first 11. The field is wide open at many second unit positions and we believe there will be some shuffling of first unit players before the first tilt next fall.

One thing is sure, after seeing spring practice, the Cubs will have to remain healthy next fall if they plan to win many games. The first unit will have to carry the brunt of the load — at least until some of the younger boys gain experience and can share the weight.

The spring training sessions mark the last time the Cubs can have such sessions — unless they move into 4A some day or 3A coaches decide they want to change the rule again.

We hate to see spring training traded for an extra 4 days in the fall because we do not see how a school such as Brownfield can compete, on anything like even terms with such teams as Plainview, a 4A school.

Not that Brownfield is unique, but at least for a couple more years they will not have more than 10 or 12 experienced boys returning to form the nucleus of a winning team. This means that aspirants will have to work three times as hard to get the training in the fall that they would have gained in the spring.

★

Something to think about: The Cubs had about 48 boys out for spring training—including cripples. Kermit had 65 aspirants; Monahans and had almost 60, and Andrews had 103!

In all, Andrews had more than 300 youngsters participate in their junior high and high school football programs this spring. Coach Cox figured that we had about half that number of participants here.

It is hard to understand why a school of Brownfield's size does not attract more athletes. Of course we know everyone is not interested in athletics — especially football — but it seems that a very small percentage of Brownfield students is carrying the load.

Mrs. W. W. Price of 714 North Atkins has returned from a trip to Porto Rico where she visited her son, Marner, and his wife and two daughters. On the return trip she stopped in Weslaco to visit her sisters, Mmes. Hattie Holgate, Effie Cooper, W. L. Cooper and T. Cooper, and a niece, Mrs. Fred Voita. Mrs. Price's daughter, Mrs. N. L. Mason of 901 East Broadway, met her in San Angelo.

AT LUNCHEON MEETING MONDAY

Mrs. Burton Hackney Installed Head Of the First Methodist Church WSCS

Mrs. Burton Hackney of 803 East Broadway was installed as president when First Methodist Church WSCS met for a luncheon Monday.

Mrs. Roy Lemond of Post, president of Brownfield District, was installing officer. Other officers are Mrs. Oliver Grote, vice president; Mrs. L. L. Howell, recording secretary; Mrs. J. W. Johnson, treasurer; Mrs. John Portwood, promotion secretary; Mrs. Paul Blackstock, missionary education; Mrs. R. B. Sampson, youth work; and Mrs. Glenn Harris, children's work; Mrs. J. H. Carpenter, spiritual life; Mrs. Billy Gorby, literature and publication; Mrs. A. W. Butler, supply; Mrs. J. H. Griffith, status of women; Mrs. Roy Herod, organist, and Mrs. J. L. Newsom, student work.

Mrs. J. C. Criswell gave the devotional and announced an officer's training school being held in Tahoka, June 19.

Senator J. H. Hammond of South Carolina in Civil War days gave the title "King Cotton" to the fiber which helps provide many of the necessities and conveniences of our life today.

Mr. and Mrs. Ellison Carson of Lubbock were honored with a "Silver Wedding Anniversary" reception Sunday afternoon in the home of Mrs. F. M. Ellington of 415 East Cardwell.

Centerpiece for the table, covered with a lace cloth, was an arrangement of pale pink carnations in a large shallow bowl. Silver leaves and a silver "25" nestled in the flowers added to the theme.

Other bouquets of pink carnations were used on the register's table and in other room decorations, also for corsages worn by members of the house party. Bouquets sent as gifts were also used.

Roy and Tollie Stephenson of Lubbock played the piano during calling hours. About 60 guests called.

Members of the house party were Mmes. Nilson Carson of Lubbock, J. H. Snodgrass of Tokio, Arvel Snodgrass of Morton, Ben Monnett, Alvin Vineyard, Conley Steen and Lal Copeland, all of Brownfield.

COPELAND HARDWARE

FARM BUREAU Announces—

That's Right— One Policy to Insure the Whole Family...and Only One Premium to Pay!

Special FAMILY POLICY

Covers Entire Family Under One Policy —

Plus the Little Additions . . . After a few Days Old . . .

Here Is How It Works:

Dad's insurance is the biggest (minimum of $5,000), because he is the breadwinner, so, naturally he carries the largest amount. For Mother—her insurance is for a portion of the amount of Life Insurance on Dad . . . For Children — each child is also a portion of the amount carried on Dad. In other words, the amount of insurance carried by Dad will determine the amount of insurance coverage other members of the family will have — but, it all comes under the one premium paid on Dad's insurance — not a separate premium for each of the insured members.

Dad's Portion of the Plan . . .

Dad's insurance is designed for the purpose of replacing part of the income he earns if death takes him out of the picture. It also provides for future retirement, plus a cash and loan value. Also double indemnity and premium waiver.

Mother's Portion of the Plan . . .

Mother's life insurance would help pay final expenses and funeral bills if death should take her out of the picture, and would also ease the financial strain of providing help to dd some of the many things she does so well.

Children's Portion of the Plan . . .

The Children's insurance will help provide a basis for their permanent life insurance estate. In addition, in case of their death, the life insurance would help cover their last bills and funeral expenses.

. . . ALL FOR AN AMAZINGLY LOW COST . . .

FORT MASSACRE — Joel McCrea is the hard-bitten commander of a "lost" patrol in the Southwest desert. He sacrifices the chances of his men to survive in order to seek out and kill more indians.

Fort Massacre' Is Well-Earned Name For Regal's Movie

"Fort Massacre" is a story based on an actual incident involving a lost cavalry patrol somewhere near Fort Defiance, New Mexico, in 1870.

There is no "Fort Massacre" as such, but this was the name given to a small nest of Navajo or Piute cliff dwellings in the neighborhood of Gallup, New Mexico, the location site for the CinemaScope-DeLuxe Color film showing today, Friday and Saturday at the Regal Theatre.

The picture stars Joel McCrea, Forrest Tucker and Susan Cabot in the incident-inspired story of a cavalry commander's obsessive hatred of Indians.

His urge to kill the Apache resulted in a bloody lastman battle which turned the cliff-side redoubt into "Fort Massacre" in fact.

DONATIONS SHOW RISE

Individual donations to charity have increased steadily through the years, says an article in the June Reader's Digest. Government figures indicate that for each $100 of income in 1955, individuals gave $1.67 to charitable causes, compared with $1.36 in 1940 and $1.21 in 1930. Of the $6,700,000 given last year, five and three quarter billions came from individual contributions.

The cotton fiber is a hair which grows out of a single epidermal cell in the cotton-seed coat.

WEIRD RECEIVING

Several thousand heavenly bodies broadcast radio waves which now can be heard by scientists on earth, according to an article in the June Reader's Digest. The new science of radio astronomy has monitored and charted hisses, crackles, roars and rumbles from corners of the universe, including strong signals from Jupiter and the sun. The radio astronomers also can grope backward in time: they have heard signals from a star which Chinese historians saw explode 900 years ago.

Come in and be "Whisked"

Does the interior of your car sometimes look like a sand-trap combined with a rat's nest—with just a little touch of children's playground? Most cars get that way at one time or another . . . especially where there are kids and pets. If so, come in and be "whisked."

Whiskbrooming your car's interior so it is spick and span is just one of the little "extras" you can expect when you drive in to a Phillips 66 Station.

State Capital NEWS

By Vern Sanford

Texas Press Association

AUSTIN — At least one segment of Texas economy—highway construction — is booming. One reason: the Texas Highway Department isn't letting grass grow under its feet in getting federal emergency projects under way.

Low bids tabulated at the Department's May letting totaled $19,187,933. State Highway Engineer DeWitt C. Greer, in opening the May letting, said that about $25,000,000 in road projects would be up for bids next month.

This figure, if reached, would set a new record.

A big chunk of this upsurge comes from Texas' $36,000,000 share of the Federal Emergency Fund, authorized by Congress this year to get extra money into the economy fast and provide needed roads. All of this work must be put under contract by December.

Texas Highway officials hope to beat the deadline by several months. Greer announced that $8,000,000 of the May lettings represented the first of the extra federal projects. He noted with quiet pride "the speed with which the projects were made ready." Bids were taken just four weeks after the federal bill was signed. Department officials expect all the $36,000,000 to be under contract by the end of the summer — bringing record or near-record lettings for the next few months.

A short time back monthly highway lettings of $9,000,000 to $12,000,000 were about average. Time was, too, when the emphasis was mainly on the need for fine, new roads to accomodate the growing stream of fine, new cars. Today, there's also emphasis on the number of people who'll be put to work, the money they'll spend on groceries, cars, clothes.

HIGH TENSION — With millions involved, the highway lettings are scenes of high tension. Sunburned, sport shirted contractors, plus materials men and insurers flock to the Department's hearing room where the sealed bids are opened and read, item by item.

Department personnel have an electronic computer to add up the item bids and determine the low bidder. Results are announced later in the day. But contractors or their representatives take down the bids on the spot and make rapid calculations.

It isn't hard to spot the man who's just realized he missed a million-dollar job by bidding a few hundred dollars high. Typical muttered comment: "He can't do it for the money!"

BUMPY ROAD—Though the mammoth highway building program is moving forward, top seed, there are problems along the road.

Chief bone of contention, now in the courts, is whether cost of relocating utilities to make way for new construction should be borne by the cities and utility companies or the state.

A law passed by the last Legislature authorizes the state, with 90 per cent federal aid, to pay for utility re-location on the federal projects.

Atty. Gen. Will Wilson has ruled that part of the law invalid in "donating public moneys to corporations and individuals . . . for private and

"FAVORITE RECIPE — Pictured is Mrs. Dallas D. Denison of 604 East Tate as she mixes her favorite recipe, fool proof ice cream. Her directions are: beat six eggs well. Mix one heaping tablespoon flour or cornstarch into 2½ cups of sugar than add to eggs, mix and add one quart of sweet milk. Heat, stirring constantly, until first bubbles show. Remove from fire and cool. Add enough milk to fill a gallon freezer, using half and half or whipping cream according to richness desired. individual purposes." Wilson filed a test case in an Austin district court.

City officials, through the Texas League of Municipalities, take the opposite view. They contend that in other states cities get this money for utility moving and that Texans, through federal taxes, contribute to the cost. Besides, they add, it'll cost the cities some $20,000,000.

HOSPITAL OFFICIALS — The Texas Board for State Hospitals and Specials Schools has a flock of new names topping its roster of officials.

W. W. Heath of Austin was named chairman of the Board. He succeeds Dr. Raleigh Ross, also of Austin. Howard Tellepson of Houston is the new vice chairman.

Raymond W. Vowell was appointed executive director of the hospital system. This post has been vacant nearly a year.

It was announced, also, that Dr. C. J. Ruilmann, now commissioner of mental health for Tennessee, will become director of Texas mental hospitals in June.

Heath, appointed to the Board by Gov. Price Daniel last fall, is prominent in business circles as an attorney, banker and rancher. He also is a former county judge, secretary of state and assistant attorney general.

SHORT SNORTS

A slight downward trend in joblessness was noted in the Texas Employment Comission's latest report. Number of persons receiving unemployment compensation checks dropped from 90,949 to 90,913.

A former TEC attorney, Lee G. Williams, has filed suit in an Austin district court for reinstatement to the job from which he was fired last month. Williams contends that his position in Texas Merit System corresponds to federal civil service status and he cannot be fired for the reasons given. A majority of the 3-man Commission said they had "no confidence" in Williams.
