McLEAN COMMENCEMENT EXERCISES

Caprock Baptist Revival To Begin Tuesday, May 28

Revival services will begin Tuesday night, May 28 at the Caprock Baptist Church and continue through Sunday, June 2.

Services will begin each evening at 7:30 p.m. in their new location at the former McLean Presbyterian Church. Rev. B. G. Hill from Pampa will be the evangelist. He and his wife have two sons, Jerry and Darrell. He has pastored several churches during the last 12 years. His first church was Calvary Baptist in Clarendon. Also he pastored at Bible Baptist in Hughes Springs, First Baptist in Fritch. Hill attended Abilene, Wayland Baptist College in Plainview. Rev. Hill preaches with power to the Holy Spirit and Bible doctrines.

Singing evangelists for the services will be Mr. and Mrs. Tony Planagan, who are known throughout the country as the Gospel Singing Evangelists. They travel full time from state to state for revivals and meetings. They have a son. The Planagans will be in charge of the singing each night. They have made several gospel records. Rev. Joe Riggins, pastor, stated that everyone is welcome to each of these gospel singing and singing services.

High School Rodeo Begins Friday Night

McLean will host youngsters across the Tri-State area cowboys and cowgirls competing on the community for the 22nd annual TSHSRA approved rodeo held here.

The competition for points toward the Texas State High School Rodeo Association will begin at 8 p.m. Friday and Saturday nights and end at 10:30 p.m. Saturday. The event is being co-sponsored by the High School Rodeo and McLean Lions.

Four McLean rodeo contestants have qualified for the state to be held in Amarillo June 6, 7, 8. They are Delinda Ward, goat tying; Cindy Wood, barrel racing; Art Brooks, bareback riding; and

Memorial Day Service Planned

Memorial Day service will be held Monday, May 27 at 10:30 a.m. at the First Baptist Church. The service is invited to attend.

Visiting Wednesday of last week with Mrs. Jim Wheeler Dick was Mrs. Foster Burdick and Mrs. Edna Frederson.

S.W.P.S. To Seek Rate Increase

Southwestern Public Service Company announced today that it will seek the first general rate increase from its Texas customers since 1967.

The proposal requests an average increase of 10 percent to be effective with billings in September of this year. The request is addressed to municipal governments in the communities served by the company, those bodies being the regulatory authority in Texas.

Southwestern has had only two previous rate increases, 23 and 7 years ago, respectively. The 1967 increase was 7.62%. There have been 14 rate reductions since 1942, when the company took its present form.

Increased costs of labor, materials, money and taxes were cited by the company as the major reasons for the rate increase request. Spokesmen said that a standard wooden pole had increased in cost 175 percent since the last rate change, with a 365% increase in the price of crossarms used on the poles.

Other increases in costs since 1967 include a 162% rise in the price of steel for substations; a 124% increase in copper wire; labor costs up nearly 54% and taxes going up by almost 57%. Interest paid on borrowed money has jumped up 68%.

The company pointed out such increases in other prices since 1967 as 108% for ground beef; 67% for coffee; 58% for milk; 28% for margarine; and 100% for lettuce as indications that its request for an average increase of 10% was reasonable.

For residential service in homes which are not electrically heated and do not have electric water heaters, the new schedule is as follows:

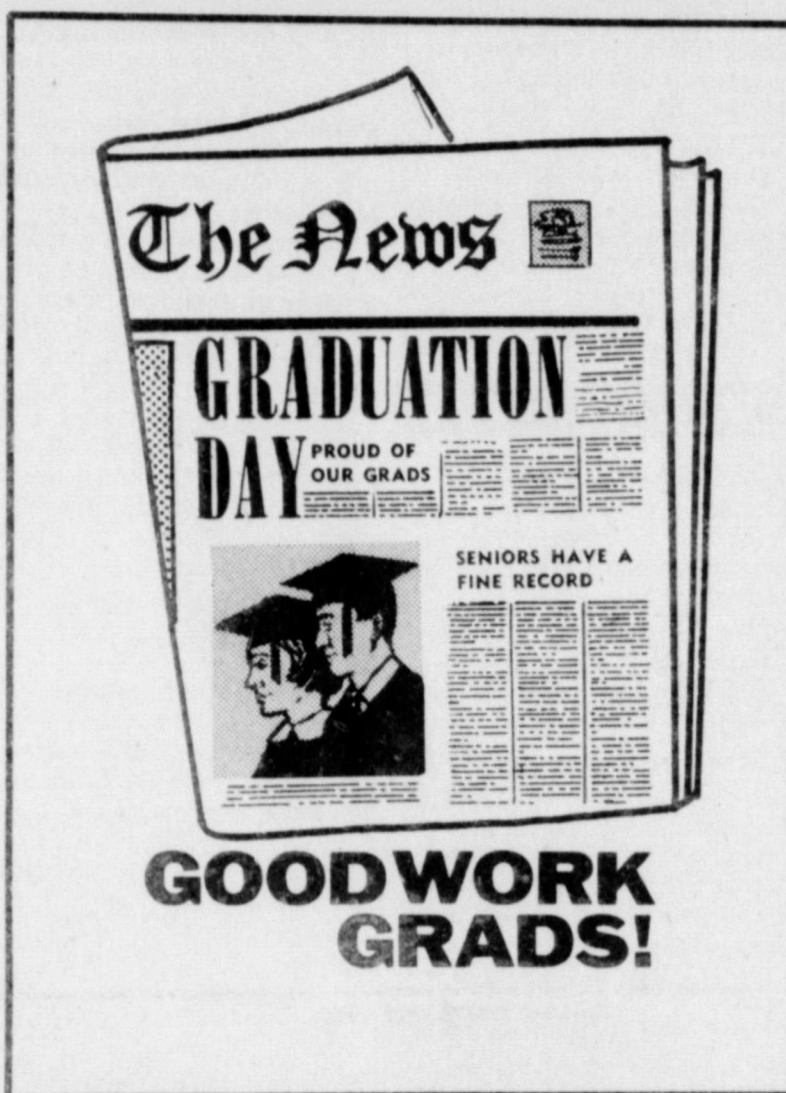

7.10 cents per kwh for the first kwh used each month
4.70 cents per kwh for the next 50 kwh used each month
2.35 cents per kwh for the next 900 kwh used each month
1.90 cents per kwh for all additional kwh used each month.

Southwestern's average residential customer uses 536 kilowatt-hours a month. Under the new rates, his monthly bill will increase \$1.38, or 8.9%.

The company has a fuel-cost adjustment as a part of its approved rates. This allows it to pass on to customers increases in fuel costs. However fuel is only about 20% of the total cost of providing service and there is no similar protection against the increases that have taken place in the other 80% of the costs necessary to provide service.

In connection with the fuel-cost adjustment, it is charged on the basis of the number of

McLean To Have Reserve Blood Bank

The Coffee Memorial Blood Bank will send a mobile unit to McLean May 30. If you think you qualify as a blood donor come to the Casper Smith Building between the hours of 4 and 6 p.m. on the above mentioned date.

The blood drawn here in McLean will be placed in a pool to be used when the need arises here in our community. If you need additional information call Herman W. Bell, 779-2275 or Jim Hathaway 779-2195.

McLean Athletics Honored Saturday

McLean Lions honored McLean High School athletes in the style of Greece's Olympic tradition last Saturday night.

Following the barbeque dinner, athletic director Bill Nitcholas introduced coaches to recognize participants in their respective sports. The honored activities included football, basketball, track, tennis, golf, volleyball and rodeo.

Named Fighting Tiger and Tigerette were Joe Ray Riley and Sheri Haynes. The award was presented on behalf of the Lions by Boss Lions Dale Glass.

The McLean News Most Valuable Player Award was awarded to Gary Griffin. He was chosen for the football award by his teammates.

Nitcholas also recognized the football queen, Cherylan Holmes.

Jr. High Awards and Graduation Thursday, May 23

The McLean Junior High School Awards and Eighth Grade Commencement will be on May 23th at 8:00 p.m. in the High School Auditorium. The public is invited to attend this assembly.

The Elementary School (Grades 4 through 6) will have their awards assembly on Tuesday, May 28th at 10:00 a.m. and the public is invited. The program will be in the high school auditorium.

The last day of school for the elementary and Junior High will be Tuesday, May 28th. Students will return to school on Wednesday, May 29th from 1:00 p.m. to 2:00 p.m. to receive their report cards.

Local Inspector Attend Seed School

Local Texas Department of Agriculture Inspector, R. T. Wood, helped conduct a five day seed analyst school at the state seed lab at Giddings, some 60 miles south of Austin the 13th thru 17th of May.

New types of grasses - wheat, oats, rye and other small grains are grown and tested here for tolerance to drought, smut, percent of lodging and other characteristics - If found to be superior to other varieties the new strains are then eligible for certification under the Texas seed certification law.

Baccalaureate Set For Sunday

The McLean High School Baccalaureate Service will be held Sunday, May 26 at 8 p.m. in the First Baptist Church.

Rev. Robert Brown, pastor of the First United Methodist Church, will deliver the sermon. The invocation will be given by Rev. Joe Riggins, pastor of Caprock Baptist Church. Rev. Herman Bell, pastor of First Baptist Church will give the benediction.

Special music will be presented by Wesley Brown, a senior, singing "How Great Thou Art" accompanied by Miss Michele Parker.

Miss Michele Parker will be at the piano and Mrs. Joann Miller at the organ during the processional and recessional.

Ushers will be Gail Terry, Sheri Haynes, Kit Long and Ronnie Heasley.

John Hinton, 84 Dies In Oklahoma

Graveside services for John Robert Hinton, 84, of Tahlequah, Okla., who died Monday in a Muskogee, Okla. Hospital, were held Thursday (today) at 2:30 p.m. at the Hillcrest Cemetery.

Rev. Robert Brown, pastor of the First United Methodist Church, officiated. Arrangements were by Lamb Funeral Home.

Commencement exercises for the 1974 graduating class of the McLean High School will be held Monday, May 27 at 8 p.m. at the First Baptist Church.

Speaker for the commencement will be Mr. Jim Pratt news director for KVII TV. in Amarillo.

Mr. Pratt, KVII-TV's veteran newscaster, has the successful format for winning the hotly-contested Texas Panhandle audience. He simply "gets the fustest with the mostest" on Channel 7's Professional Report--Pro News.

Under his skillful direction, KVII-TV's professional approach to the news is gaining the respect and loyalty of an ever-widening circle of viewers throughout Texas, Oklahoma and New Mexico.

Jim is also very civic minded, at the moment he is on the Board of Directors of the Amarillo United Fund Campaign and was the founder of the Amarillo Zoological Society. He is always ready to speak at any organization meeting or give his help when needed.

The Salutatorian address will be brought by Joe Billy Sherrod and the valedictorian, Wesley Brown will bring his address to the seniors their parents and friends. The seniors as a class will sing the class song, "I Got a Name".

Following the program 1974 class will be presented by Mr. Lloyd Hunt, high school principal. Mr. Homer Jefferson school superintendent and Howard Gipson, president of the school board will present the diplomas.

The invocation will be given by Rev. Z. A. Myers, pastor of the Assembly of God Church and Rev. Robert Brown, pastor of First United Methodist Church will bring the benediction.

The processional and recessional will be played by Miss Michele Parker and Mrs. Paul Miller.

Honor Students for the graduating class are Cherylan Holmes, Becky Wilson, Joe Ray Riley and Lana Duniven.

Reza Moore, 17 Former Resident Drowns On Outing

Funeral services for Miss Reza Moore 17, of Forgan, Okla., will be held at 2:30 p.m. Friday, May 24 at Forgan.

Have you ever thought
 about this?

Jesus Christ was the Son
 of God from the beginning.
 When he was sent by God
 to be born in the flesh he was
 conceived by the Holy Spirit.
 Read Luke 1:34-35.

Jesus was 33 years old when
 John Baptized him, and the
 Holy Spirit in the form of
 a dove came down and rest-
 ed upon him showing God's pro-
 tection to John that he is the Mes-
 siah. The Holy Spirit empow-
 ered him for the task he was
 to do. Luke 4:1-2. And he
 being full of the Holy Spirit
 returned from Jordan, and
 was led by the Spirit into the
 wilderness, being forty days
 tempted of the devil.

Jesus was a perfect example
 of how the Holy Spirit is to
 work through each believer.
 The early believers had the
 strength to stand after they
 had received the Holy Spirit.

The Holy Spirit was sent
 to take the place of Jesus,
 or to do even a greater work
 since each believer can have
 this same comfortor, John
 14:12. Verily, verily, I say
 unto you. He that believeth
 on me, the works that I do
 shall he do also; and greater
 works than these shall he do
 because I go unto my Father.

Jesus tells us we are to
 be for more of the Spirit, Luke
 11:13. If ye being evil, know
 how to give good gifts unto
 your children; How much
 more shall your Heavenly
 Father give the Holy Spirit
 to them that ask him?

Ephesians 6:10-11. Finally
 my brethren, Be strong in the
 Lord, and in the power of
 his might. Put on the whole
 armour of God, that ye may
 be able to stand against the
 wiles of the devil.

For any who do not attend
 church on Sunday morning
 will have Bible study from
 10:00 - 11:30 A.M. Tourist
 will be invited to stop at the
 Book Store. Come as you are.
 Will not be selling books.

YOU CAN BE JUST A CHRISTIAN

Has it ever occurred to you that you can be just a Christian? Nothing more nor less than just a plain Christian? Even in the midst of the religious confusion of our day-bound, denomination-divided age, it is possible for you to be just a Christian and nothing more.

What does it mean to be just a Christian? Well, being a Christian means so much more than merely being a moral person. More than just going to worship on Sunday. More than just having one's name on a church roll.

Being just a Christian means to trust and obey Jesus Christ, just as Paul, Philip, and all the Christians of the first century. It means going back beyond all distinctive Catholic and Protestant doctrines of today to find Christ as He is revealed in the inspired New Testament.

You see, there were no denominations in the beginning of Christianity. The early disciples were all one. They were called simply "Christians". (Acts 11:26)

They did not follow different creeds but were guided by "faith once for all delivered to the saints" (Jude 3)

The New Testament, first as the spoken Word and later written by men guided by the Holy Spirit (1 Cor. 2:13; 2 Peter 1:21), was their only rule of faith and practice.

We have this same New Testament today and can produce the same pure Christianity which flourished in the first century. We can be just Christians.

To find out the details of just how you may become a Christian remain just a Christian like Stephen, Paul, Barnabas, Lydia, you need only to open your New Testament and read for yourself. We suggest that you begin with the examples of conversions under the preaching of the apostles, because this is the book which contains the Commission. (Matt. 28:18-20)

In each of the recorded cases of conversion listed in the New Testament you will observe a consistent pattern of obedience. They all did the same thing to be saved. They believed in Christ, repented of their sins, and were baptized for the remission of their sins. (Acts 2:38; 16:31; 22:16)

In this fashion they became all that the Lord required of them. Many modern concepts of Christianity vary much from the pure form of it seen in the Bible. There was not a multitude of ways of being saved, for the Lord stated the terms of salvation that were to apply to the whole world. (Mark 16:15-16)

The concept of joining "the church of your choice" was unheard of in Biblical times. People had only the choice of one church---the divine one for which Christ died. There were not a multitude of faiths, but the "one faith" (Eph. 4:4).

This situation prevailed because it was evidently the will of Christ. Is this your will today? If not, Why not?

Market Report

Beef, now at lower whole-sale prices than it was a year ago, is one of the few food items boasting that distinction today, one expert says.

She's Mrs. Gwendolyn Clyatt, Consumer Marketing Information Specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

"Scattered beef specials now offer the comparative shopper good values on chuck cuts, sirloin and rib steaks, round steak and beef liver," she added.

At pork counters, Boston butt and loin roasts are in the spotlight, while other features include quarter loins cut into chops, smoked picnics and some brands of bacon.

Turning to poultry sections, Mrs. Clyatt cited chicken, eggs and turkey--both whole bird and parts--as economical. She termed turkey and egg supplies "large".

Fresh fruits and vegetable items in good supply at economical prices include apples, oranges, grapefruit and strawberries.

Also, dry yellow onions, green onions, mustard, turnips and greens, cabbage, carrots, beets and radishes--along with soft-shell, or summer, squash.

Watermelon prices dropped this week as supplies started increasing, while cantaloupe and honeydew melons reflect varying prices, usually according to melon size.

She reported pineapples in fairly heavy supply--and bananas in lighter supply with

Consumer Watchwords:
chicken meat that turns darker near the bone after it's cooked indicates a young, tender bird.

Because today's chickens are marketed at earlier ages, bones aren't completely calcified. Bone marrow expands during slow freezing, as in home freezing, causing pigment to seep through the bone--which doesn't affect taste or quality.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — The end may be in sight for the historic Texas Constitutional Convention which began last January.

Delegates have been zipping along since they came back to work after the May 4 primary election, and only one major article — the catchall, controversial General Provisions — was left to complete on tentative passage at mid-week.

After that, of course, lawmaker-delegates must go back through the whole package on final consideration. And only those articles receiving a two-thirds majority vote can be submitted to voters.

Actually, the convention has until the end of July to complete the entire revision effort.

However, President Price Daniel Jr. has expressed hope for a much quicker windup. Daniel, of course, pushed unsuccessfully for agreement on a proposed revision before the primary election, then had to settle for a month's recess during April.

Convention leaders debated whether to submit a \$1 million budget — enough to last until mandatory July adjournment — or to budget piecemeal, hopeful of getting through within a few weeks.

Daniel expressed a preference for budgeting through July, then "giving a lump of it back" on earlier adjournment.

However, Administration Committee Chairman Sen. Jack Hightower of Vernon said he was concerned that appropriating through July would tempt delegates to stay that long.

Meanwhile, Louisiana Gov. Edwin Edwards gave delegates some practical advice on how to get new constitutions adopted. His own state has just approved one.

PRIMARIES CANVASSED — Executive Committees of both Democratic and Republican parties canvassed returns of the May 4 primary.

Gov. Dolph Briscoe is officially the Democratic gubernatorial nominee, having won over Frances "Sissy" Farenthold 1,024,335 to 438,564. W.H. Posey of Houston got 31,498 votes and Steve S. Alexander of Waco 26,889.

Republicans certified James H. (Jim) Granberry as their candidate for governor. Granberry defeated Odell McBrayer of Fort Worth.

Raza Unida again is running Ramsey Muniz of Corpus Christi for governor and Fred Garza for Railroad Commissioner. Lt. Gov. Bill Hobby will be opposed in the general election by GOP Gaylor Marshall of Dallas; Atty. Gen. John Hill by Tom Cole; Bob Bullock by James N. (Nick) Rowe of McAllen; Agriculture Commissioner John White by Zack Fisher of Memphis; Treasurer Jesse James by Robert G. Holt of Amarillo; Land Commissioner Bob Armstrong by Mary Lou Grier of Boerne; Railroad Commissioner Jim Langdon by Joe P. Cain of Houston and Railroad Commissioner Mack Wallace by Dale W. Steffes of Houston.

FUEL SHORTAGE CONTINUES — Once more, the statewide oil allowable (for June) has been set at a wide-open 100 per cent — for the 27th straight month — amid warnings that fuel shortages may last through summer.

Railroad Commissioner Langdon commended Texans for their conservation efforts. He noted that crude oil stocks in the state are up two million barrels over a year ago — to 93.3 million — and that U.S. supplies are up 8.1 million barrels.

Langdon credited voluntary energy-conservation efforts with the improved inventory picture, but he warned that heavy summer vacation travel may cause more lines at the pumps.

Nominations to purchase crude oil for the next month totalled 3,879,449 barrels, an increase of 18,684 barrels over May.

COURTS SPEAK — A Dallas man won a reversal and new

trial of a murder conviction because the state placed in evidence an obituary of his slain wife.

AG OPINIONS — An 18-year-old public school student may legally serve on a school board of trustees if otherwise qualified, Attorney General Hill held.

SHORT SNORTS
Texas State Teachers Association voted overwhelmingly against unification with National Education Association.

Museum Memorabilia

By Vera Featherston Back

As a bicentennial project we are collecting the names of all area pioneers and the date of the arrival of each in this section of the country. For a donation to the museum of \$25 the names of any two people who moved to this area 50 years or more ago and the date of their arrival will be engraved on a metal plate which will be mounted on a mahogany plaque. The plaque will be displayed on the wall of the museum.

You do not have to be dead to be a pioneer. While we are honoring the memory of our early settlers who have already answered the last roll call, we want to pay homage to our living pioneers, too.

Bring or mail your donation to area museum (Box 354, McLean, Texas 79057) and give the names of the pioneers, as well as the year each arrived. Examples: "John and Lou Carpenter-1900" or Raymond Glass 1900 and Viola Glass-1904".

Your donation is tax deductible and will be used to provide more space in which to exhibit your priceless possessions.

THE FAMILY LAWYER

Heroic Doctor

Two workmen digging at a construction site were buried to the waist by a sudden cave-in. A doctor, passing nearby, rushed to the scene and gave lifesaving first aid until they could be rescued by other workmen.

But the doctor himself suffered painful injuries. Was he entitled to collect damages from the construction company, on the ground that its negligence had caused the cave-in?

In a court test, the company said it was not liable.

"We admire his courage," said the company, "but anyone who ventures voluntarily into danger does so at his own risk."

However, the court said the doctor was indeed entitled to a damage award. The court said the company should have foreseen not only that workmen might be trapped but also that rescuers might rush in and get hurt too. As one judge put it:

"Danger invites rescue. The cry of distress is the summons to relief. The wrong that imperils life is a wrong to the imperilled victim; it is a wrong also to his rescuer."

Generally speaking, the law pays due respect to the heroic impulse. In fact, most courts will favor a rescuer even when the danger is merely to property, not human life.

Thus, a man injured while trying to stop a rolling automobile was awarded damages later from the car owner, who had failed to set his brakes. The court said saving property, although less urgent than saving life, is nevertheless a laudable course of action.

Still, the law does not condone outright recklessness. Another case involved a woman who was killed by a freight train while trying to pull her dog off the tracks. She had leaned over even though the train was in plain sight, bearing down fast.

Under these circumstances, a court ruled, her family could not hold the railroad responsible for the tragedy.

"A person is not excused from the consequences of his own acts in exposing himself to danger," said the court, "where the peril is so obvious."

Scouters Attend Jr. Camporee

290 girls and adults attended the beginning campers girl scout junior Camporee held at Camp Mel Davis, east of Lefors May 3-5.

kilowatt-hours used by the customer. As a result, it has the least effect on customers using smaller amounts of energy, both as to amount and percentage of bill, and has the most effect, both ways, on larger consumers.

Southwestern's peak demand for electric service fall in a short three to four-month summer season because of irrigation of agricultural crops and air conditioning. In order to more evenly balance the year-round load on the company's system and use the generating equipment and transmission and distribution lines most efficiently and economically, the company offers electric heating rates during the winter season. This type of rate structure benefits all residential customers, whether they heat electrically or not, because it brings in more revenue dollars, which helps keep all rates lower, than would be the case without the incentive for those customers preferring electric heat.

The new general service rate that applies to most commercial customers, is as follows:

7.1 cents per kwh for the first 100 kwh used each month
4.6 cents per kwh for the next 900 kwh used each month
2.4 cents per kwh for the next 6,000 kwh used each month
1.4 cents per kwh for the next 6,000 kwh used each month

.9 cents per kwh for all additional kwh used each month
(When the commercial customers' demand - the number of kilowatts the company must have to serve his load - exceed 10 kw, the 4.6 cents block of the rate is extended 38 kwh of demand above 10 kw. This demand feature affects only the larger customers.)

The company projects that the rate increase will produce annual revenues in Texas, where it serves the great majority of its customers, of \$6, - 161,000. Of this amount, \$3, - 021,000 will go for additional taxes.

In the face of high interest costs that now range from 9 to 11 percent, the company's rate of return on its investments is 5.87 percent. If the proposed new rate had been in effect during 1973, it would have yielded a rate of return of 6.61 percent. Texas law allows as much as 8 percent rate of return for utility companies.

Rep. Cates Named To Committee

State Rep. Phil Cates has been named to a House Special Subcommittee in a joint Subcommittee on Health which will participate with a Senate Health Subcommittee in a joint study of federal and state laws affecting the delivery of health care in Texas. The announcement was made by Rep. Carlos Truan, Co-Chairman of the Joint Committee on Human Resources. As he made the appointment, Truan praised Cates for his participation in Committee hearings and work during the Regular Session, and cited Cates' "commitment to improvements in the provision of health care throughout Texas."

"I am gratified that Rep. Cates has consented to participate in the work of the Subcommittee, and that the study will therefore benefit from his thought and effort," Truan said.

We're expecting great things from you, class of '74.
