

Local Registrars Report 'Ready' On Military Sign-Up

"Ready" was the word given by County Clerk Lee Porter and echoed by chairmen in 15 registration districts Saturday as instructions were issued for registering all men in Howard county of conscripts age next Wednesday.

Well over 100 men and women were on hand Saturday afternoon for a detailed account of how registration should be done. Porter conducted the session in the district courtroom and later swore in many of those who will help.

Tom Coffee, member of the 70th judicial district advisory committee named by Judge Cecil C. Collings, Saturday announced his county advisory group.

Dykstra Will Be Director Of Draft

WASHINGTON, Oct. 12 (AP)—President Clarence A. Dykstra of Wisconsin university accepted today the post of director of selective service and it was expected efforts would be made to have the senate confirm his nomination as soon as possible.

The 57-year old educator, who attracted national attention as city manager of Cincinnati, agreed to head the nation's first peacetime conscription system after the university board of regents granted him a leave of absence. It was disclosed earlier this week that President Roosevelt had asked him to take the post.

It was anticipated in military circles that Dykstra's nomination would go to the senate Monday. Unless opposition developed, informed sources said, there was no reason it would not be approved the same day.

As head of the draft, Dykstra will receive \$10,000 a year. At selective service headquarters, officials said everything was in readiness for the gigantic task of registering 16,500,000 men between the ages of 21 and 35 inclusive, for possible military training. One of the final steps was an effort to make sure that an estimated 4,000,000 military workers and their families were not overlooked in the tally.

Tom Mix Killed As Auto Overturns

FLORENCE, ARIZ., Oct. 12 (AP)—Tom Mix, hard-riding star of the silent films and noted circus performer, was killed when his automobile went out of control and overturned 18 miles south of here today.

Mix, traveling alone, was en route to Tucson, Ariz. The accident occurred on a detour skirting a road construction job. Mix was pinned under his automobile. He was dead when two highway employees, John Adams of Oracle, Ariz., and E. A. Armenta of Casa Grande, Ariz., discovered the overturned vehicle. The body was brought here.

As the colorful star of scores of silent western thrillers, Mix was the idol of millions of young Americans. In recent years, he has been the featured performer in circus riding exhibitions.

Coroner E. O. Devine said Mix apparently was killed instantly. There will be no inquest. The cowboy star left Tucson at about 1 p. m. and apparently was headed for Phoenix, Ariz. Local investigators said they understood he was serving as an advance agent for a circus which is scheduled to show in Phoenix shortly.

Mix was carrying \$6,000 in cash, \$1,500 in travelers' checks and a considerable amount of silver. He also had several valuable diamonds on his person, police investigators said.

Mix's former son-in-law, Harry Knight, rodeo performer, lives here and the former film actor was a frequent visitor in Florence. His badly wrecked automobile was towed to Florence.

Mix worked as a cowboy in Texas, Arizona, Wyoming and Montana and won national riding and roping contests at Prescott, Ariz., and Canon City, Colo., in 1939 and 1940.

During the years when he was identified with pictures, Mix at ways was out as a hard-riding, gun-toting hero out to thwart the bad.

Paid admissions (actual attendance is substantially higher) to the game stood at 3,003. This included 1,499 reserved seats, 803 general admissions and 700 students. The total take was \$1,773.

LONDON QUIET AS BRITONS ATTACK

Swastika Flies Over Bucharest

BUCHAREST, Rumania, Oct. 12 (AP)—German troops under command of a general of cavalry, accompanied by six officers wearing the red-striped trousers of the general staff entered Bucharest today and planted the swastika firmly and formally in the capital of Rumania.

Established, too, was an "advance command" of the Nazi air force under German aviation General Speidel.

A long column of field gray motorcars carried German soldiers with fixed bayonets through the streets and squadrons of airplanes, some with the Nazi insignia, roared overhead.

German flags flew from unac-

customed standards; bands played "Deutschland Uber Alles," the Horst Wessel song and the Rumanian national anthem.

The implications of this triumphant entry—this incontestable German military penetration of Rumania—were many.

Foreign observers speculated at new German-Italian moves in southeastern Europe and recalled the declaration of pro-British Turkey that 2,000,000 bayonets would stand at the ready in case of a move in Turkey's direction in the near east.

Amid the parades, the band music, the stir in the city, British subjects—whose government's relations with Rumania

stand at crisis—quietly packed and left.

German circles rejoiced privately that the reich had now established an air patrol of the Rumanian oil fields so vital to Germany's war effort and declared—as other Germans had done when the Nazis marched into Norway, into Denmark, into the low countries—that the reich had again taken the initiative away from the British.

But officially the presence of Nazi troops here was attributed to a desire by the Germans to help train the Rumanian army.

The Rumanian government, headed by General Ion Antonescu since the forced abdication

of King Carol II, issued a communique thus explaining matters.

"The former government asked Germany for her help regarding equipment and instruction of the Rumanian army in using the new materials in accordance with the new methods of war. Premier Ion Antonescu, finding this an excellent idea, adopted it.

"The Germans, giving support to this request with good will and friendship, sent a military mission to Rumania, the first part of which arrived today under command of General Hansen."

It was made clear, incidentally, that still more German troops are to come.

German-Held Coast Points Are Targets

RAF Men Carry On Continued Assaults By Moonlight

LONDON, Oct. 12 (AP)—A heavy new bombing attack upon the German-held French coast was opened tonight by British warplanes in the light of a bright moon.

Heavy explosions could be heard from the region of Boulogne across 22 miles of channel waters, and German ground guns set the sky with a flaming barrage.

It was one more in a string of assaults upon the Nazi invasion ports—attacks pushed home last night through a thick fog and rain squalls which, said the British, "hid both land and sea."

Oil plants, factories and docks were blasted last night at the naval stations and ports of Kiel, Hamburg, Bremerhaven, Wilhelmshaven and Westermunde, near Bremen, the British said.

At the same time bombs were loosed on shipping and quays at De Koel, the Netherlands, near Den Helder naval base, a string of airports on Texel, Norderey, Wanger and Wangering Islands, fringing the north German coast and the Island of Sylt, a sea-plane base which was bombed repeatedly in the early days of the war.

Antwerp, Ostend, Calais, Boulogne and Le Treport were invasion bases singled out for attacks.

BOATS CLOSE TO SHORE

BERLIN, Oct. 12 (AP)—German torpedo boats based on the channel coast have replied to the British home fleet's shelling of Cherbourg with a sally close to English shores and a naval battle off the Isle of Wight, informed sources disclosed tonight.

Details on the battle, its result, and even the loss of the German "U-boats" were withheld, but it was indicated that the German force had met an English submarine, destroyers and torpedo boats off the Isle of Wight, which shatters Southampton and the British naval base of Portsmouth.

(The sally apparently was made from Cherbourg, scene of a shell-

ing by units of the British home fleet on Thursday night. The British said this engagement, supported by Royal Air Force bombings, left great fires among "invasion ships" in the great Cherbourg military port and basin. The German high command said there was no military damage and that the attacking warships were repelled.)

But, of course, the city was not peaceful in the American style by any means. It was only comparatively so—buildings rocked to the crash of falling bombs, houses were smashed and "molotov breakables" spewed their incendiary bombs upon parts of the capital. Some fires started but were put out quickly.

Mostly, the raiders came singly and much higher than usual. It was impossible, except occasionally, even to hear the drone of their motors.

But when a bomb drops nearby it is evident that a plane is up there—or was a moment ago.

It still was reasonably calm as the moon went down and the sky clouded over.

In one section, however, explosives damaged a number of homes, smashed the windows of a shopping center and of the local police station.

All of it—the assault, the defense—went forward upon a fixed and melancholy pattern; the outskirts got it first, the rubble of falling bombs rolling up toward the center of the city, and the anti-aircraft guns thundered an old tattoo.

To Make Drive For Highway 80 Funds

With a generous slice of the \$1,200 quota already subscribed, a group of men will undertake Tuesday to complete the prescribed Big Spring contribution to support of the U. S. 80 Highway Association of West Texas.

Although the drive is still two days away, it was announced that little less than \$500 of the quota had been raised. Darrell Douglas and V. A. Merrick, heads of rival teams seeking to raise the quota, anticipated no great trouble in getting adequate pledges.

The highway association to which the funds will go is a unit formed to push for improvement of U. S. 80 through West Texas. This is the prime objective in order to curb tourist losses and to regain tourist trade.

TEXAS UNIVERSITY GUARD IS STABBED

DALLAS, Oct. 13 (Sunday) (AP)—V. D. Baise, 20, of Austin, a guard on the University of Texas football squad, was in a critical condition at a hospital early today from a deep stab wound which penetrated his right lung.

The stabbing occurred when Baise and two fellow team-members engaged in an argument with three men who were strangers to the athletes.

With Baise were Donald (Bo) Coker, 20, a tackle, and Harold Jungnickel, 19, a guard. All three gave Austin home addresses to the police in reporting the affair.

Special Liners To Return Americans

WASHINGTON, Oct. 12 (AP)—In order to speed removal of Americans from the Orient, the state department arranged today for the Manhattan and the Washington, two of the nation's largest liners, to make special trips to the Far East.

The two vessels, formerly in the transatlantic service, have a passenger capacity of between 2,500 and 3,000 each. Secretary Hull said they would sail on their mission as soon as possible.

In addition, Hull said five other American passenger liners were now in the Pacific, a number of freighters were available for some passengers, and that efforts were under way to arrange for other ships to transport Americans from various Japanese and Chinese ports. Officials said there were about 16,000 Americans in the Orient.

TOKYO, Oct. 12 (AP)—The Canadian Pacific liner Empress of Russia sailed for the United States today with the first Americans to head their state department's advice to get out of the Orient—about 100 wives and children of American business men.

There was no noticeable excitement, although many of the families were aware their separations would be long.

The United States consulate was flooded with inquiries about shipping facilities, and bookings were reported heavy on all ships scheduled to leave soon.

Many Americans here indicated they would wait for further developments before quitting their homes and work in Japan.

English Train Is Wrecked, 3 Dead

LONDON, Oct. 12 (AP)—Three persons, or more, were killed tonight and many injured in the mysterious wreck of a London-bound express which railway workers thought was caused by a bomb.

There was some doubt, however, as to whether the explosion—speeding toward London in the black-out—had in fact been hit by a Nazi bomb or had been wrecked by something else.

One possibility discussed was that some such implement as a wheelbarrow had pitched from a loading platform and become entangled in the wheels of the engine.

Fire Bombs Are Dropped On Berlin

BERLIN, Oct. 13 (Sunday) (AP)—British raiders dropped explosive and fire bombs on Berlin last night and early today causing casualties but no important military damage, German sources officially announced.

One soldier and several civilians were said to have been among the dead and wounded.

A quantity of lumber was set afire, and one bomb crashed near a hospital in a raid lacking the intensity of previous assaults.

ATTACK FATAL TO FORMER SENATOR

SPRINGFIELD, Ill., Oct. 12 (AP)—William H. Dieterich, 64, former United States senator, from Iowa, dropped dead tonight of a heart attack in his hotel room.

PIERSON SAYS HE'S READY TO RETURN AND CLEAR THINGS UP

MINNEAPOLIS, Oct. 12 (AP)—Howard M. Pierson, accused slayer of his parents, who escaped the Austin, Texas, state hospital, was quoted here today as saying he wanted to "go back and clear things up."

Officers said the 26-year old fugitive told them that he was considering such a move when he was arrested here yesterday. He was committed to the Austin institution after the slayings of his parents, supreme court Justice and Mrs. William Pierson. He escaped April 16, 1932.

Two Texas Rangers were ed with extradition papers for Pierson's return to Austin, where District Attorney Edwin G. Moorhead has filed an affidavit charging Pierson is sane and asking for his trial.

If a court finds he is sane Pierson could be tried on indictments charging him with the slayings of his parents.

He had been living here quietly for a year as a collector for a weekly magazine when arrested yesterday by Detective Captain Clarence McLahey who said he recognized the fugitive from a notice sent out by Texas police.

Officers quoted Pierson as saying that five minutes before he was picked up he had told his story to an attorney and had been advised to go back to Texas.

'IRON LUNG' BABIES—Cute little Gertrude Frederica Epstein (pictured at top), celebrates her first birthday, with a nurse at an infant home in Chicago helping her cut her cake. "Trudy's" mother, an infantile paralysis victim, died soon after giving birth to the baby, in an iron lung. Another "iron lung" mother is Mrs. Theodore Fisher (below), 23-year-old Manitou, Okla., farm wife who gave birth to a son during her battle against infantile paralysis. Both the mother and child are expected to live.

Scout Fund Is Still Climbing

Tabulations from the Boy Scout fund drive Saturday showed it a notch nearer the \$2700 quota for the district.

More than \$2,300 in subscriptions had been reported, and in addition to this amount there was a sizeable total pledged but to be confirmed. Prospects left for the clean-up work this week left Pat Kenney, finance chairman, and other scouts confident that the quota would be reached. The amount raised to date is equal to the amount secured last year.

With encouraging financial news came accounts of renewed troop activity. Troop No. 2 has been rejuvenated. No. 4 has been reorganized.

One Slaying Suspect Taken

HUNTSVILLE, Oct. 12 (AP)—Officers took C. M. Buddy Acker back to Lamar county today while a posse swarmed through this section on the heels of T. R. Fowler, Jr., like Acker charged in the slaying of Deputy Sheriff George Robertson of Paris, Texas.

As bullets splattered, Fowler fled into dense undergrowth yesterday when officers surprised the two in a hunters' hideout between Oakhurst and Willow Springs. Acker was captured.

Walker county sheriff C. L. Mitchell said that once today he had bounds from the Texas prison had picked up Fowler's trail, and that Fowler's father had come close enough to his son to tell him, advising the youth surrender.

But Fowler was "off into the thickets like a scared deer," the officer said and had not been seen again.

Handcuffed to Constable Grover Taylor of Paris, and accompanied also by Sheriff J. H. Balliff of Lamar county, his deputies C. O. Shelton and Jim Greer of Red River county, the 30-year old Acker was wedged into the back seat of a car for the trip.

The Lamar county court is now in session, and officers promised a speedy trial. Acker and Fowler were charged after Robertson's bullet-pierced body was found about a month ago in an automobile near Powderly, Texas. He was abducted two days before by two youths he was arresting.

BODY FOUND

HIXBY, Okla., Oct. 12 (AP)—The body of William Reynolds, 40, a farmer, was found late today hanging by the neck from a limb of a tree in his orchard.

City Enjoys A Relatively Calm Night

Prolonged Period Without The Usual Air Raid Alarms

LONDON, Oct. 13 (Sunday). (AP)—Raid-scarred London buzzed with almost pre-blitzkrieg normalcy today as Germany's air attack on the British capital suddenly lightened and, for the second straight night, the all clear signal was given hours before dawn.

After a prolonged period of quiet, the end of the night's raid was signalled around 3:30 a. m. previously, the city had experienced rare quiet spells between sporadic bombings.

Only eight or ten London areas reported hits by midnight, although the Germans began raiding last night precisely at the same hour of their appearance on three preceding nights.

From the Associated Press rooftop observation post, it seemed the lightest night of the air raids except for the single night last week when there was no raid at all because of heavy gales and rainstorms over southern England. But there was clear moonlight early today.

The bomb fell in a famous London square, causing a number of casualties, some of them fatal. The explosive made a large crater near a well known statue. A large dry goods store, a club, and a bank were badly damaged by the blast.

The relatively-quiet spell over London extended as well over the provinces, where only one or two attacks were reported. One Midland town was bombed with high explosives and incendiary missiles which damaged a house, a shopping arcade and a hotel for aged men.

The raiders flew against London at intervals, dropped a few bombs and then scooted for home with anti-aircraft batteries snatching bursts around them.

The quiet spells in between made the London night seem almost normal again.

With the lessening of the attack, the midnight traffic became much heavier than on the nights since the Germans began raiding the capital every night.

But, of course, the city was not peaceful in the American style by any means. It was only comparatively so—buildings rocked to the crash of falling bombs, houses were smashed and "molotov breakables" spewed their incendiary bombs upon parts of the capital. Some fires started but were put out quickly.

Mostly, the raiders came singly and much higher than usual. It was impossible, except occasionally, even to hear the drone of their motors.

Six Convicted On Tax Laws

CHICAGO, Oct. 12 (AP)—The government's campaign against tax barons was continued today by the conviction of William R. "Big Bill" Johnson alleged "boss" of Chicago's gambling, and five of his aides.

A federal court jury convicted them of conspiracy to violate the income tax laws.

Johnson, 45, tall, suave and dapper, was found guilty on all five counts of an indictment accusing him of failure to pay \$1,587,964 in taxes on a 1939-40 income of \$3,377,615. The maximum penalty would be 22 years in prison and a \$50,000 fine.

Also convicted on five counts were Jack Sommer, James A. Hartigan, John M. Flanagan and William P. Kelly. They were charged with aiding the evasion and identified as house managers.

Found guilty on three counts was Stuart Brown, portrayed as the operator of the syndicate's currency exchange.

Prosecutors contended that Johnson was the "overlord" of a chain store style system that rivaled the "Federal Reserve Bank." They averred that it embraced 33 gambling clubs, a central "bank," an office for patrons, and a school where employees learned the fine points in handling dice, cards and roulette.

Recreation News

Plans for organization of midge and junior football leagues with representative teams from each of the four local playgrounds will be completed within the next two weeks according to announcement made by Malcolm Bridges, County WPA Project Supervisor of Recreation.

Cooler weather and school opening has been responsible for considerable increase in attendance on the city park areas.

Other activities under supervision of recreation trained personnel on the local parks and play center include volleyball, checkers, dominoes, croquet, carroms, shuffle board, paddle tennis, music, and arts and crafts.

The Sew-and-So Club at A. B. C. park had its regular meeting Tuesday and also surprised Peggy Myers, one of the members, with a birthday party. It is the custom of the club to honor the members on their birthdays. Club members served and played games during the first part of the program and then all admired the birthday gifts before returning to their homes.

Refreshments of cake and lemonade were served to the following: Nelda Muriel Smith, Floyd Brown, Grace Atkinson, Mary Lou Redwine, Wandalee Richardson, and the honoree Dorothy Brown sent a gift but was unable to attend.

The beginning of school has necessitated a rescheduling of hours for the free music instruction division of the WPA City Recreation Department in the municipal auditorium. The new schedule includes classes from 2:00 p. m. to 3:30 p. m., to accommodate Big Spring children, and classes from 3:30 p. m. to 6:30 p. m. for rural communities.

More than 50 students are receiving instruction in the group classes. Piano, guitar, and violin are the favorite instrumental lessons.

Two organizations, the junior music club and the senior music club, have been formed for the purpose of supplying musical entertainment for public gatherings in and around Big Spring. String band music is featured in both groups.

The junior music club met Wednesday afternoon at the auditorium and planned a series of amateur programs for October. The following persons will have charge of the program planning for the next week: Dorothy Helen Hendricks, and Francis Murphy. The music department had as special visitor this week Haddon F. Malone, from San Angelo, supervisor over all districts.

A tacky party planned for Thursday afternoon at Birdwell park was postponed due to weather conditions until next Thursday. The party will be on the playground at 4:30 o'clock Thursday afternoon, October 17.

On Wednesday night a community gathering was held in the Moore gym. Games and conversation were the events of the evening. About seventy-five persons were present. Cake and punch was served to all who attended.

The Moore independent basketball team beat Richard outsiders in a one-sided 38 to 27 conflict at Moore Thursday night.

Outstanding football players among the 50 or more A. B. C. gridmen who work out daily are: J. B. Myers, N. H. Boyett, Fletcher Weed, and Paul Harris. Ben Kirkland, Noel Hull, Columbus McDaniel, M. B. Maxwell, C. H. Rose and Thomas Anderson are standouts on the midge teams.

Several books and a large number of magazines have been added to the reading room at A. B. C. park. L. Tunes, M. B. Maxwell, Mrs. Thelma Corcoran and Miss Ellen Thelma donated books.

The United States has one telephone for every seven persons; Italy has one for every 77.

★AMERICANANA★ LODGE NIGHT★

By RAY PEACOCK
AP Feature Service Writer

ALL week long George is just an ordinary guy. But come Lodge Night, George is a Presence, resplendent in purple and gold braid and epaulets, even sash and sword. George is one of some 4,750,000 Americans belonging to a score of fraternal, benevolent, semi-military and religious or semi-religious lodges scattered throughout the country. George likes Lodge Night because he knows that no matter how things seem to be going to pot otherwise, Lodge Night always will be pretty much the same. He likes the pomp and pageantry and believes in the rituals and the creeds, even though he himself may have to cut corners.

Americanism Keynote Of Auto Show

NEW YORK, Oct. 12 (AP)—A quarter of a million dollars worth of 1941 model automobiles, commercial vehicles, accessories and gadgets were placed on display by the Automobile Manufacturers' association today in a setting designed to emphasize hemispheric unity and the productive resources of American industry.

It was the 41st annual national automobile show—an "all American presentation" for the first time in many years because of the absence of any foreign exhibitor and participation by Henry Ford for the first time in more than three decades.

Four floors of Grand Central Palace were devoted to the showing. There were 18 makes of passenger cars and eight of commercial vehicles.

In addition there were 40 old time cars, veterans of some famous speed contest or endurance tour, to dramatize the progress made in four decades.

The show opened this afternoon with greetings from President Roosevelt who wrote to Alvan Macauley, president of the Automobile Manufacturers' association.

That "it is a tribute to this nation's productive ability that the automobile companies, now joined in mass production of armaments for defense, at the same time are providing improved vehicles to meet the needs of our population."

The new models, all longer, lower and wider, with more emphasis than ever on "eye appeal" were displayed against a background of the national colors of the American flag.

For the industry the show marked the formal inauguration of the 1941 model year—a year which the car makers generally believe will see the production of approximately 4,600,000 vehicles with a wholesale value in excess of \$3,000,000,000.

During the model year just ended the industry assembled 4,285,000 units with a wholesale value of \$2,827,000,000.

Here 'n' There

Charlie Lawrence says it has forgotten how to rain at Luther. Showers last week were heavy enough to produce a few puddles here, but nothing occurred like that in drought-ridden Luther community.

One farmer said he did not know what would happen to his cotton after the rain. He was interested in how the plants would react to precipitation since they had had none all season.

Hardy Matthews, state highway patrolman, answered a wreck call on the east highway turn five miles east of here Friday night. He found an overturned coupe bearing Odessa license, but diligent search did not uncover the driver, who reportedly was brought to town. Late Saturday the man had not appeared to claim his car.

J. W. Jones and A. L. Nieves of Knot are unhappy about what happened while they parked their car at 2nd and Main street Friday night. Two fur coats and a pair of glasses were stolen from it.

John Brown, architect for N. L. Peters, attributes the landing of a contract for renovating the Lubbock jail to "inside connections."

Dorothy Dublin, who is winning her fight against infantile paralysis, underwent tonsillectomy Wednesday at a Lubbock hospital and is reported to be doing fine. She returned to her home Friday and believes this will be the last operation that she will have to go through.

According to the local order of Kiwanians, plans are being worked out for a "still bigger and better" Halloween Jubilee this month. It'll be the third annual show for the Kiwanians, held each Halloween for the purpose of raising funds to carry on their crippled children's work. It is the only home built, home operated carnival in West Texas, and the club hopes to some day see it on equal footing in its class with Gainesville's community circus.

To raise additional funds for the building fund, the Coahoma Methodist church is sponsoring a community fair Oct. 25-26. There will be displays of foods the first morning, with prize awards, an amateur hour the same night; a baby show the second morning and a style show the second evening. Considerable interest is being generated in the event.

BAPTISTS TO MEET ON NOVEMBER 12

HOUSTON, Oct. 12 (AP)—Texas Baptists will close their best year in two decades when their general convention meets here Nov. 12-15. At the same time, they will join with Houston Baptists in celebrating the centennial of denominational work in this area.

Mission gifts will be stressed in an "October roundup" meanwhile in an effort to exceed the current million dollar budget.

New Church Building To Be Dedicated Today Says Americas Must Assist In Ending War

Special Services To Mark Opening Of Plant

COAHOMA, Oct. 12—Congregation of the First Methodist church will dedicate a new \$10,000 plant Sunday in services many of its leaders believe will usher in a new era for the institution.

Three long time members of the congregation—B. F. Logan, J. M. Cramer and N. G. Hoover—will play prominent roles in the dedication, speaking at the evening services, but the younger generation will assume responsibility for a major share of the program.

According to a program announced by the Rev. J. W. Price, pastor, the Volunteer Mission band of McMurry college at Abilene will begin a continuing program at 10 a. m. following conclusion of Sunday school.

Carrying out the theme of "Christ in the World Today," these members of the band will speak on the following subjects: Edith Sanders on "Christ the Teacher," Reta Mae Bigony, "The Healer," Allen Vines, "The Saviour," and Vernie Newman "Our All." Janet Bankston, who like Miss Bigony is from Big Spring, will give special music.

The morning worship will be followed by communion services. At 3 p. m. Darris Egger will present a program of songs and their history while Miss Newman, who is a language teacher at McMurry, will sing songs in foreign tongues.

After introductory remarks by the pastor, Mr. Logan, Mr. Cramer and Mr. Hoover will speak, review former triumphs of the church, and view its possibilities.

The church has a membership of 163, representing a net gain of 20 since the conference year started in November. There have been 33 additions since then, and 13 withdrawals.

H. H. Colley is Sunday school superintendent, having assumed duties of the post last Sunday from N. G. Hoover, who acted in the capacity for years. Chairman of the board of stewards is E. H. Dunn, and Hoover, Logan and Dunn are trustees.

George M. Boswell, superintendent of schools, has served as chairman of the building committee, with R. B. Cramer, E. H. Dunn, A. K. Turner, R. F. Dorsey, Mrs. John Flache and Mrs. Boswell as members of the committee. The group, with the exception of the two women, happens to be the board of stewards.

The old church plant, erected in 1910, was demolished beginning May 20 and on Sept. 5 the cornerstone was laid for the new rock structure which has a seating capacity of 175 in the auditorium and eight Sunday school rooms. (Incidentally, the Sunday school already has 10 classes.) Haynes and Strange gave the plans and the building committee drafted its own specifications. W. P. Young is the builder.

COAHOMA METHODISTS will dedicate their new \$10,000 church in a series of services set for today. The native rock structure, started in September, replaces a frame plant erected in 1910. The new building, shown above, seats 175 persons in the auditorium and has eight classrooms. The pastor, the Rev. J. W. Price, is pictured below.

HAROLD TALBOT IS REELECTED BY A&M CLUB

Harold Talbot, son of Mr. and Mrs. C. E. Talbot of this city, has been re-elected president of the Big Spring club at Texas A. & M. college.

Other officers named were Morris Burns, vice president, and Billy Robinson, secretary-treasurer. The club voted to sponsor its customary holiday dance the evening of Dec. 25 and decided to have a stag affair for Aggie students, exes and fathers. The club also reserved half a page for individual pictures in the Longhorn college yearbook.

Other members of the Big Spring club at A. & M. are Novis Womack, Arthur Kasch, John Stiff, Jack Starkey, A. J. Prager, Bill Roundtree, R. H. Miller, E. C. Bell, E. D. Sullivan, Clint Eldson, Howard Schwarzenbach, Billy Koons, Ralph Sheets, Paul Stevens, Howard Hart, Harvey Adams, George Hatch, Otis Graf and Joel Prager.

.82 INCH RAINFALL IN DAWSON COUNTY

LAMESA, Oct. 12 (Sp.)—Slow rain falling over a 24-hour period brought .82 of an inch moisture to most of Dawson county.

Ranchers and farmers said it accomplished as much good as an inch and a half rain due to the manner in which it fell. It was intense enough Friday afternoon to force abandonment of plans for a parade slated in connection with the Dawson county fair.

WASHINGTON KICKS TO TUMBLE UC, 9-6

BERKELEY, Calif., Oct. 12 (AP)—A fourth quarter 36-yard place kick gave the Washington State Cougars a 9 to 6 win over the University of California Bears in a Pacific Coast conference football game here today.

NEBRASKA CLICKS OVER IND. 13-7

LINCOLN, Neb., Oct. 12 (AP)—A Nebraska passing attack that clicked for two touchdowns in the first half gave the Huskers a 13 to 7 victory today over an Indiana team that rallied strongly in the second half and just missed getting itself a pair of touchdowns.

MOHAWK INDIANS TO RESIST THE DRAFT

WASHINGTON, Oct. 12 (AP)—Mohawk Indians of the St. Regis reservation in New York state today disclaimed citizenship bestowed upon them by congress in 1924, and joined the Seneca nation in resisting registration for selective military service.

They said that Mohawk braves would volunteer, as they did in past wars, if this country were forced into armed conflict. But, they asserted, they would not agree "to force and coercion."

MIDLAND AIRPORT APPLICATION GETS STUDY IN CAPITAL

WASHINGTON, Oct. 12 (AP)—The application of sponsors of the Midland, Tex., airport for Works Projects Administration funds has been received here and is undergoing engineering review, according to word received by Representative Thomason (D-Tex.) from E. H. Leavey, assistant WPA commissioner.

Leavey told Thomason that the application would be passed on as

MEXICO CITY, Oct. 12 (AP)—The Americas must play a decisive role, sooner or later, in putting an end to the European war and thus discharge the western hemisphere's age-old cultural and racial debt to Europe, Foreign Minister Eduardo Hay declared today.

Addressing a special session of congress on the 448th anniversary of the discovery of America, General Hay indicated, however, that the Americas' role would be the spiritual, rather than material, force of Pan-Americanism as an example of democracy and equality among nations.

Known in the United States as Columbus Day, the discovery of America is observed here as the "day of the race." Not only the discovery is commemorated, but the resultant immigration of Spaniards and other Europeans who produced the new civilization and race of Spanish America.

Because of the new world's blood and cultural ties with the old, General Hay said, it cannot remain aloof to the outcome of the "tremendous drama" in Europe.

He decided to take a little nap. The truck driver decided to push on.

Manuel went to a hospital with a crushed rib.

ROPES A HAWK

ANSON, Tex., Oct. 12 (AP)—Mrs. T. H. Gleason is not thinking about entering a rodeo, but her friends think she would do very well.

She went out to the pasture with a lasso to bring in her cow, saw a big hawk swoop low over a nearby chicken run. She threw the rope and snared the hawk around the foot, hauled the predator down.

The hawk measured four feet two inches from wing tip to wing tip.

HOUSTON, Oct. 12 (AP)—Put down the name of Norman Peary Anthesis of El Campo, Tex., as that of a lad who will go far in Uncle Sam's navy.

In June, when he tried to enlist, he was told that he had to be 18 years old.

Today was Norman's eighteenth birthday. When the staff of the Houston recruiting office arrived to open the office for the day, there was Norman waiting for them.

He had hitch-hiked from El Campo, leaving home shortly after dawn so he would not fail to get here on time.

Now, today was not enlistment day. The navy in its efficient way sets aside certain days for enlistment, certain days for taking applications, and certain days for other business.

AMERICAN ORDERED OUT OF MEXICO

MEXICO CITY, Oct. 12 (AP)—U. S. Ambassador Josephus Daniels sought an explanation tonight for the Mexican government's deportation last night of Marlowe Merrick, a young American formerly of Los Angeles, who was engaged in highway construction here. Because of Columbus Day, however, the foreign office was closed.

Merrick reportedly was taken into custody Thursday night at the entrance to his apartment by agents acting under Mexico's "Article 33" which empowers the president to deport any alien he regards as undesirable. He was taken to the border and crossed into Laredo, Texas, last night and his wife asked the embassy to determine the reason for the expulsion.

\$4,000 TOP PRICE AT HEREFORD SALE

DALLAS, Oct. 12 (AP)—A bull owned by R. L. Wheelock of Corsicana, sold to Richard C. Riggs of Catonsville, Mo., for the top price of \$4,000 today when 100 Hereford bulls, females, and steers were auctioned at the state fair.

Mrs. Charles Tighman of East "A. Md., paid the second highest price of \$2,300 for a bull owned by W. J. Largent and Son of Merkel. Largent sold the third highest bull to W. T. Waggoner estate, Fort Worth.

Thirty-three bulls were sold for a total of \$19,200, averaging \$582 a head. Fourteen females were sold for \$5,495, an average of \$392 a head, and 54 steers were auctioned, the top bringing \$1.25 per pound.

Supplies were distributed Saturday afternoon to all voting precinct chairmen. A total of 153 persons had listed their names with Porter as being available as volunteer workers in registering men Wednesday. More than a score others, such as courthouse employees, will assist.

After the registration is completed, the local draft board will begin its work. Registrants have only one thing to do—keep in touch with the draft board. The next move then will be up to Washington to see who and how many of the estimated 3,000 men here will enter military training for one year.

SAN ANGELO GIRL IS COLLEGE QUEEN

DALLAS, Oct. 12 (AP)—Miss Jean McCandless of San Angelo, Tex., a sophomore at the University of Texas, was selected as "All-College Queen of America" at the annual dance held by the University of Texas and University of Oklahoma here tonight.

The program was in connection with the annual football game between the two schools. A committee of Dallas showmen made the selection, naming Miss Jetty Belong of Eldorado, Tex., senior at the University of Texas, for runner-up and Miss Kate Black, University of Texas senior from El Paso, for third place.

OLD TRAIL DRIVERS CLOSE CELEBRATION

SAN ANTONIO, Oct. 12 (AP)—The Old Trail Drivers' Association of Texas closed its three-day silver jubilee celebration here Saturday with an election of officers and directors followed by a barbecue at Brackenridge park. J. M. Mills and A. W. Billingsley were re-elected president and vice president, respectively, and Phil H. Toms, also of San Antonio, was elected treasurer.

criminating against officers of the national guard x x x." Later, after telephone conversations with war department officials, Johnson telegraphed headquarters of the Eighth Corps Area, San Antonio, Tex., saying that the department had advised him the corps area commander could make waivers "where physical deficiency is trivial and not serious as in the case with most of these guard officers if I am advised correctly." He asked the commanding officer's "sympathetic cooperation."

PAID FOR INJURIES WASHINGTON, Oct. 12 (AP)—Payment of \$500 to John E. Avery of Honey Grove, Tex., for injuries incurred when his car was struck by a Works Progress Administration truck on April 26, 1938, was provided in a bill (HR 6215) signed today.

Four Charged In Insurance Fraud

HARLINGEN, Oct. 12 (AP)—Four persons were under charges tonight in connection with an alleged insurance fraud racket in the Rio Grande valley.

Postal authorities have been asked to investigate.

Assistant District Attorney Arthur Klein filed charges of swindling today against Pedro Banda, 65, and his wife, Mrs. Felipa Banda, who are being held in the Cameron county jail at Brownsville in default of \$500 bonds.

Klein, who previously had filed charges against two persons in formally announcing the investigation, said other arrests would be made and that "the case has so many ramifications that we have turned the investigation over to postal authorities."

BULGARIA BOLSTERS FRONTIER DEFENSES

SOFIA, Bulgaria, Oct. 12 (AP)—Bulgaria was reported tonight to be strengthening anti-aircraft defenses on her Danube river frontier facing Rumania and on the Plovdiv railway line to Turkey. Especially strong installations were said to have been made across the river from Giurjuv, Rumanian oil port where German troops are being garrisoned. Anti-aircraft equipment made in Germany, complete even to sound detectors, was reported appearing at other Bulgarian points.

Protests Alleged Discrimination Against Natl. Guard Officers

WASHINGTON, Oct. 12 (AP)—Representative Johnson (D-Okla.) protested to the war department today against "what I am convinced is a well-organized, nation wide scheme on the part of regular army officers" to replace "valuable and efficient national guard officers" with regular army men.

In letters to Major General Emory S. Adams, adjutant general, and to the war department surgeon general, Johnson said that "unless the matter is investigated and rectified at once" he would seek a congressional inquiry. "I am advised," he said, "that national guard officers who have spent many years in service, and who have taken many rigid physical examinations at regular intervals, are now being told that they have suddenly become unfit for service and are to be kicked out of the army as a result of one examination x x x the regular army is up to the same old game that it practiced in 1917 of discriminating against officers of the national guard x x x."

UNCLE SAM BUILDS HIMSELF A FLAT-BOTTOM FLEET—The boat building plant of Higgins Industries in New Orleans is busy at work on scores of small craft ordered by the navy. They are sturdy, flat-bottomed, fleet little vessels designed for reconnaissance and landing troops or for evacuations such as the British found necessary at Dunkerque, France, in the retreat from Flinders. Here are some of the boats which workmen are hurrying along to completion.

One other thing about football. Fans wishing to see the blocking board (it was the two story affair at the north end of the field) in action were disappointed due to technical difficulties. A fuse blew out just before game time and others inserted met the same fate. No light, no blocking board.

The scout drive launched here last week was the smoothest of any undertaken here in years. For which Pat Kenney is due praise for his organization and his work for enthusiastic support.

City commissioners, in further action to collect \$28,000 in delinquent paving accounts, have not gone so far as to say they will not continue paving unless back payments come in, but they have made it clear that there will be no more unless they have proper assurances of collecting on it.

The LULAC goodwill dinner last Tuesday was an interesting as well as revealing affair. Jacob Rodriguez has some things to say about discrimination as barriers to participating citizenship that didn't make pleasant listening—but they were the truth. The job of helping our Latin Americans become contributing members of our national society rests more with us than with them. Meanwhile, LULAC organizations are doing their part.

Forty-nine years ago, according to a copy of the Howard County News uncovered by J. S. Winslow, a cry was being raised for a good road to Garden City. We hear the same cry now. It does look like we could accomplish so important a thing in half a century.

INSURGENT CHIEF DUE TO SURRENDER CHIHUAHUA CITY, Mexico, Oct. 12 (AP)—General Antonio Guerrero, chief of military operations in Chihuahua state, left today for Nonaba in western Chihuahua for the announced purpose of accepting the surrender of Lt. Col. Cruz Villalva, Almanzanista and reputed leader of a small insurgent band.

Villalva was reported to have risen in arms three weeks ago, following his unsuccessful campaign for governor of Chihuahua against the administration-favored candidate. According to military headquarters here, Villalva sent word that he and his remaining 15 followers were prepared to surrender. General Guerrero had promised Villalva his freedom upon halting his opposition to the government.

lawful acts in the days of the wild west.

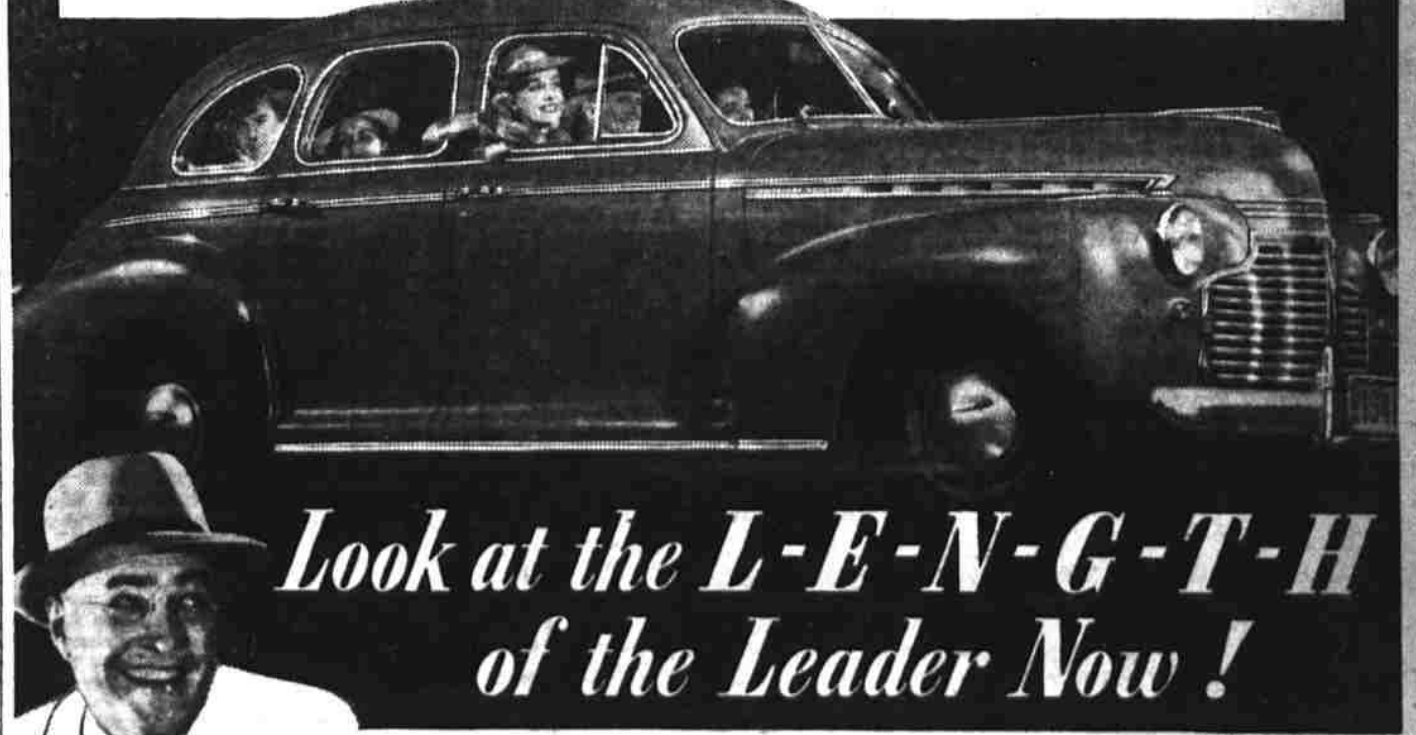

In recent years, he has appeared in wild west circus shows and for a time operated his own circus, the Tom Mix Wild West Show. He also made frequent vaudeville tours and in 1939 and 1939 made personal appearances in Europe.

Mix served with the United States army in the Philippine Islands, in the Spanish American war and during the Boxer rebellion in China, winning a medal and citation. He was with the British army at the siege of Ladysmith during the Boer war in South Africa.

As a law enforcement officer, Mix was sheriff of Montgomery County, Kansas, and Washington County, Oklahoma, and later saw service as a deputy U. S. marshal in the Eastern Oklahoma district and with the Texas rangers.

Texas Numbs Sooners, 19-6; SMU Ties Pitt, 7-7

Mustangs Are Outplayed At Every Turn

PITTSBURGH, Oct. 12 (AP)—Outplayed at every turn, Southern Methodist's favored Mustangs flashed their famed aerial wizardry in the fourth period to deadlock Pitt 7-7 in an intersectional football battle before 39,000 today.

Trailing 7-0 and showing little defensive punch early in the fray, the Southwest conference title aspirants took the ball on their 41 and Ray Malloff heaved to Bob Baccus on the 34 as the final stanza opened.

Johnny Clement picked up a yard and then Malloff pitched a 33-yard aerial to Substitute Bill Thomas for the touchdown, Thomas booting the extra point.

Pitt twice advanced beyond unbeaten Southern Methodist's 15-yard line in the first and second quarters before Guard Rudy Gradick put the Panthers in scoring position by recovering Clinton McClain's fumble on the Mustang 31.

Bob Thurbon ploughed to the 16 for a first down and "Special Delivery" Edgar Jones heaved to Jack Goodridge on the two. Jones then rifled a pass to Thurbon for the score seconds before the half ended. Mike Sekela kicked the point.

That was all the scoring, chiefly because Pitt muffed several chances in rolling up 188 yards on rushing and 103 on passes while holding the invaders to 51 and 49 respectively. The Panthers chalked up 16 first downs to SMU's 5.

On one goal-bound foray late in the fourth quarter, Pitt drove to the Mustang 35 where the invading forwards held and Thurbon punted out on Southern Methodist's 6. Preston Johnson, one of the Southwest conference's best kickers, boomed a mighty 92-yard punt to Pitt's two to thwart the Pitt threat.

Field Judge Jack Roach was knocked down as the players charged up the field after Johnston's long kick and broke his arm. He left the game.

Sterling City Defeated By Forsan, 33-22

STERLING CITY, Oct. 12 (SpI)—Forsan's six-man footballers rode roughshod over the Sterling City sextet in the final three minutes of the fray here Friday to break a 22-22 tie and take the winner's nod 30-22.

Aerial tactics provided paydirt for both crews. Canley and Smith hung up two touchdowns apiece for Forsan. Canley accounted for two points after touchdown. Smith chalked up two markers for Sterling City. Abernathy hit once and Mitchell used his toe to rack up four points for the losers.

Starting lineups:
Forsan—Griffiths and Smith, ends; Craig, center; West and Canley, backs; Gardner, quarter.
Sterling City—Abernathy and Mills, ends; Mathis, center; Sharp and Chesney, backs; Mitchell, quarter.

Fordham Keeps Tulane In Bottom List, 20-7

POLO GROUNDS, NEW YORK, Oct. 12 (UP)—Scoring twice in the second period and once in the third, the Fordham Rams defeated Tulane 20-7, before 34,500 fans at the Polo Grounds today.

Baylor's Wilson To Return Next Week

DENVER, Oct. 12 (UP)—While his Baylor university mates engaged Arkansas university's Forkers at Fayetteville today, Jack Wilson, star Baylor back until a football injury here a week ago, found consolation in the announcement of Dr. Lewis Sams, physician at Presbyterian hospital.

"Wilson is doing nicely," said the doctor, and added that Wilson probably will be released from the hospital early next week to return to Texas.

Wilson suffered a ruptured kidney in Baylor's expensive victory over Denver university.

Porkers Stun Bears With 12-6 Defeat

Underdog Arkansas Strikes In First And Fourth Periods

FAYETTEVILLE, Ark., Oct. 12 (UP)—Arkansas' underdog Razorbacks dimmed the Southwest conference title hopes of the Baylor Bears before 6,500 fans today, winning a stunning upset, 12-6.

Striking a lightning blow in the second period, the Porkers, badly beaten by Texas Christian last week in their conference opener, scored on a 40-yard sprint down the sideline by Quarterback Aubrey (Pug) Neal. Neal was given perfect interference by a half dozen team-mates after taking the ball on a reverse from Tiny Harbison, a substitute half-back. Howard "Red" Hickey, Porker end and co-captain, had two chances to place kick the extra point, the Bears being offside on the first attempt, but both kicks sailed wide of the uprights.

Baylor reached Arkansas' 29 in the first period when they ran up their only first down of the opening half on a 17 yard run by Milton Merka, who later added an additional 13 yards before the Porkers overhauled him. The Bears couldn't budge a strong Arkansas line and a surprising alert secondary.

A recovery of a Porker fumble by Substitute Tackle Bubba Barnett on the Arkansas 30 gave Baylor a chance in the third period. A pass, Substitute Halfback Dwight Parks to Substitute End Jack Russell, was good for 18 yards. The Bears kept right on going through the air as Jimmy Witt, grabbed another aerial from Parks and ended up on the three after a 18 yard gain.

Milton Crain, big Baylor sophomore, plunged a yard at a time, crossing the goal line on third down. Robert Nelson, Bear center, missed the uprights by yards on the attempted extra point, but was hindered on a pass from center.

Arkansas drove 67 yards for the winning score in the final quarter. Hickey reached almost to the ground to snare a 30 yard aerial from Hamberg and then galloped the remaining five to the goal line with Curtis Byrd, Bear halfback, riding his shoulders. Guard Milt Simington tried his hand at place-kicking the extra point but his attempt was low and wide.

Frogs Nipped By Own Style Of Playing

CHAPEL HILL, N. C., Oct. 12 (AP)—A favored Texas Christian football team making its first invasion of these parts got a dose today of the wide-open stuff it usually dishes out as North Carolina's Tar Heels marked up a 21 to 14 upset victory.

Two breath taking runs, a 50-yard dash by Jim (Sweet) Lelanne and a 70-yard sprint by Don Baker, touched off the fireworks for the Tar Heels in the second period into which they jammed all their points. A fumble set up things for North Carolina to march 37 yards for the other tally.

About 19,000 saw the game.

The Horned Frogs put on the aerial show for which they are famous in the fourth quarter and netted a touchdown. It followed one they rolled out in the third period after Joe Austin of the Tar Heels fumbled the kickoff on his own 30 for Joe Rogers of the Frogs to cover.

The game had been nip and tuck through the first quarter and nearly three minutes of the second. Lelanne, who had replaced Pecora, spun in the tailback position as if faking a pass, streaked off to his left end and with the able blocking of Don Baker raced 59 yards to score untouched. Harry Dunkle made a perfect placement point.

The Frogs made a first down on a pass after the kick-off. Then on another flip, Connie Sparks fumbled for Bob Smith to cover for the Tar Heels at their 35. An off side penalty put Carolina back five.

Don Baker, starting slow to his left, worked in and out by T.C.U. players across midfield and then Dunkle blocked out Kyle Gillespie about the 15 and Baker scored from placement.

Two minutes later Gillespie was tackled from behind after he had faked a pass and was starting to run. The ball bounced into the arms of Gates Kimball of Carolina at the T.C.U. 37. Lelanne ran 13, tossed a pass for 18 to Roy Connor on Connor's first play of the game, and after some lightning gains, Lelanne sliced right tackle on to score. Bill Sigler, fullback, added the placement point.

Rice Breaks Tigers, 23-0

HOUSTON, Oct. 12 (UP)—Rice Institute erased the disgrace of four scoreless years against Louisiana State by walloping the Tigers 23-0 tonight with a brutal attack that showed unquestionably Rice will be a hot potato in the Southwest conference scramble.

The Owls shocked 23,000 fans with the devastation of their Louisiana State, fresh from a 25-0 thumping of Holy Cross, went into the game the favorite, as Rice had been untested against major competition.

But after a mild first period, Rice was rolling behind its great line and Louisiana State was on its heels throughout the fray.

Statistics did not give LSU such a bad evening, but the figures gave no idea of the tremendous superiority of the Owls. Rice hung up 108 yards from scrimmage while the enemy struggled for 75, and first downs showed Rice with 7 and LSU with 5.

The burly Rice line played as one man, but in the backfield it was Gene Keel and T. A. Weems again. The sophomores ran Louisiana State dizzy, cashing in on every opportunity.

Woodrow Wilson (Dallas) 6, Forest (Dallas) 0, Amarillo 20, Austin (El Paso) 9.

Penn Powerhouse Swamps Yale, 50-7

PHILADELPHIA, Oct. 12 (UP)—Sparked by Halfback Frank Reagan and his understudy, Paul Wexler, a powerful University of Pennsylvania football team crushed Yale 50 to 7 today—the largest score ever run up against the Elis in college gridiron competition. The victory was Penn's third straight in a 20-game rivalry with Yale.

AGGIES TAKE HOT 7-0 OVER UCLANS

H-SU's Air Force Beats Miners, 14-6

Cowhans' Ground Attack Bogs Down In Opening Frame

ODESSA, Oct. 12 (UP)—Hardin-Simmons' powerful Cowhans, their strong ground attack bogged by a muddy field, took to the air today to whip Texas College of Mines 14-6 in Odessa's third annual football game featuring Southwest schools.

The Cowhans struck pay dirt in the first quarter, scoring on two straight passes from little L. B. Russell to End H. C. Burrus, after a pass interception by Wilford Moore had set up the score on the Miners' 37.

But the Miners struck back just before the half ended, counting on a yard shot from Gilbert Salcedo, their salaried ground player, to End Bulos.

Russell punched the final Cowboy score over from the four-yard line in the last quarter, after Gayle Campbell, substitute half, had set it up with two runs of 22 and 18 yards. Murray Evans kicked both extra points.

The brilliant punting of the Miners' Owen Price kept the Cowboys backed up most of the game. One of his boots went 85 yards, counting its roll.

Russell, a 150-pound scat back, shared offensive honors with two plaided backs, Sam Oatman and Mullins, and Campbell, who displayed crazy-legged running on a trick knee. Fenderous Moore, the Bryson alternated with these in smashing the Miner forward wall.

Both teams missed scoring opportunities. The Miners drove to the three-yard line in the second quarter, but were held, and Hardin-Simmons went to the one-yard line in the fourth before Owen Goodnight fumbled.

Miner passes, with Salcedo and Price tossing, kept Hardin-Simmons worried toward the last. The pair completed 11 of 28 passes for 147 yards. The Cowboys gained 52 yards on five complete passes in 13 efforts. First downs were even at 10-11.

Texans Lose Scoring Drive In Heat Wave

LOS ANGELES, Oct. 12 (AP)—The big maroon touchdown machine of Texas A. & M. ran into a heat wave and a band of fired-up Bruins of the University of California at Los Angeles today, but managed to achieve a 7 to 0 victory.

The Aggies eleven from the Southwestern conference, ringing up its fourteenth consecutive victory and its third straight of the 1940 grid campaign, showed a powerful defensive squad to the 60,000 sweltering fans—the temperature was in the 90's at the kickoff—but couldn't keep its scoring spark ignited to roll up a big score.

In the end A. & M. had outgained the Pacific Coast conference team, and doubled the first down count, but the only score of the day came in the first quarter.

Big John Kimbrough, the cadets' all-American fullback of 1939, intercepted a pass a few minutes after the kickoff, and the maroon eleven began to roll. It rolled 44 yards in eight plays, with Kimbrough cracking the Bruin line for five, six, and reserve back Bill Conster leading a hand with such smashes until the ball was on the nine yard line. Here Kimbrough hit the left side of the Bruin line, cut over and charged on across the line standing up for a touchdown. Pugh kicked the extra point.

U. C. L. A. couldn't work up much of an offensive. It's ace ball carrier, Jack Robinson, went out of commission and out of the game in the second period, and didn't come back.

Mesars. Kimbrough and his mates, meanwhile, roamed up and down the field, eating up yards to huge chunks, but fate and fumbles stepped in no less than four times to thwart a score. Twice fumbles interrupted sustained marches, and twice alert Bruin halfbacks reached into the air to snare Aggie passes.

Twice the Bruins penetrated deep A. & M. territory, once on a pass good for 47 yards from Leo Cantor to Halfback Ray Bartlett. The threat ended on the Texans' eight, however, when charging cadet tacklers smothered the Bruin offense.

The defeat was the Bruins' third this season.

Irish Surge Over Georgia Tech, 26-0

SOUTH BEND, Ind., Oct. 12 (UP)—A devastating ground attack, interspersed with long passes, gave Notre Dame's surging football machine a dazzling 26 to 0 victory over the outmanned Georgia Tech eleven today before 50,000 spectators.

The Irish, looking more like potential national champions than in any recent campaign, rolled over the invaders for three touchdowns in the second period after the varsity had relieved the second stringers who started the game.

They held this margin until the final period when a gallant Tech rally netted two touchdowns, the final one coming in the final minute of play.

Crain Leads Longhorns To Dramatic End

DALLAS, Oct. 12 (AP)—Cowboy Jack Crain clattered down shadow-swept sidelines when all seemed lost today to pull the University of Texas through to a dramatic, 19-16 triumph over numbed Oklahoma.

Forced to their knees at the outset by bronzed Jack Jacobs, a Creek Indian brave and a football player if one ever suited out, Texas finally grabbed Crain's coattails and a vital break to pull it out of the fire before 35,000 screaming fans.

The two Jacks—Crain and Jacobs—duelled all afternoon in an offensive show that made this game far and away the tingle of the 40-year rivalry of the neighboring state schools.

Ironically, a grand player and the steadiest man on the Oklahoma club gave Texas the final chance at victory. Deep in the fourth period, with Oklahoma backed down to its 25 yard stripe, the veteran center, Cliff Speegle, bobbled his snapback to Jacobs for a fourth down kick and it skittered between his legs.

The Texans swarmed in on Jacobs on the Scorer 17 and took possession. Five plays from a defensive holding penalty pushed them closer to the goal and then Crain swung out deep around his left end and headed for the flag and the winning touchdown.

Only a few minutes before, just as the third period ended, Crain revived his lagging Texans with a typical Crain dash—a 68-yard chunk of magic through the Oklahoma team he cooked up after bagging a lateral.

Oklahoma led 16-7 and Jacobs was choking Texas with his dashing runs, errorless passes and direction kicks. The Sooners had just tackled on two points when the Texas center, Glenn Jackson, came in for a bit of ill luck on his own part by shooting his snapback over Fullback Pete Layden's head in the end zone for a safety.

Texans came back to its 35 with the kickoff. R. L. Harkins started a sweep, pitched a lateral to Crain. Twisting through the big Sooner line, Crain found the open space and his favorite sidelines. But out charged Orr Mathews, Oklahoma's sprinter-back, to drive the little man out on the two-yard line. Twice Crain tried to bore through Oklahoma's line, then he gave the touchdown making chore to Harkins.

Bewildered Texas caved in before the driving speed of Oklahoma's backfield in the first five minutes. Jacobs did as he pleased in a stunning 82-yard drive that started on the first play after the opening kickoff.

Smack over the guards and tackles drove Jacobs and Johnny Martin for first downs to the Sooner 40. Suddenly Jacobs abandoned his successful ground assault and his successful snoring with a caught Texas anorak with a couple of flat zone heaves to Smith and Jennings that gained 30 yards. Martin tumbled to the Texas 18. Jacobs powered to the three on three jobs and Martin scored. Sophomore Jack Haberlein kicked the point.

Once more Oklahoma rolled, this time a Jacobs magnificent passing game. Jacobs' magnificent passing that carried to the seven just as the first period ended. But Jacobs was jerked and Sophomore Boyd Bibb went into engineer the attack. Three plays later and Oklahoma had lost 17 yards and the ball after Harkins missed a field goal attempt from the 30.

Orban (Speck) Sanders replaced Crain in the Texas backfield and the Texas second stringers started punting. Sanders brought back a quick kick 20 yards to the 40 and on the next play shuttled off a lateral pass to R. L. Harkins behind the Texas scrimmage line. He managed past the line and then shot 60 yards to the middle of the field for Texas' first score. Sanders kicked the point.

It looked like Jacobs and Oklahoma had now a ball game in the third period when they bounced right back from the great break on the Texas safety, to score with lightning aerial thrusts. From the Oklahoma 49 Jacobs started operations. He drew in Texas with Mar-

RAIDERS ROLL UP MONTANA STATE, 32-19

MISSOULA, Mont., Oct. 12 (UP)—Texas Tech's Red Raiders displayed terrific attacking power and outscored the Montana State university Grizzlies 32 to 19 in an intersectional gridiron duel.

The Texans stepped out smartly in the first period, rolling up three touchdowns and momentum by throwing the Grizzlies and the jam-packed Dornblaser field stands into panic. So busy were the Raiders' backfield speed merchants that the Grizzlies rarely had opportunity to handle the ball.

The Grizzlies, however, refused to bow out and, largely through their overhead game, made a contest of it. Montana scored in the second when Fluke plunged over from the two-yard mark, and each team scored twice in the second half.

Thayne (Red) Amoneit, Tech substitute halfback, sparked the Raiders' offense with numerous long runs but brilliant as Amoneit and his fellow ball carriers appeared, it was the center of the Tech line which did yeoman service. The forwards ripped gaping holes in the Montana wall and repeatedly halted the Grizzly attack.

The home fans were pulled from their seats in the third quarter when Red Bryan lofted a pass from his own 30 which Emigh caught just past midfield. Emigh galloped the rest of the distance untouched.

Tech had a long edge in statistics, with 19 first downs to Montana's nine and 403 yards gained rushing, against 282.

Smith and Duncan each scored two Tech touchdowns and Amoneit one.

Cornell Blanks Army, 45-0

WEST POINT, N. Y., Oct. 12 (UP)—A colossal Cornell football team, full of drive and savvy, handed army the most colossal licking in years of Cadet gridiron history today.

Operating with even more controlled fury than last year's all-winning combination, the big Red team from Ithaca scored in every period, piled up seven touchdowns accredited to seven different men, and wound up on the very large end of a 45-0 score.

It bettered by 26 points the previous high for an Army shutout, set by Harvard in 1900, and by 10 points the previous high score run up on Army, 36-4, by the Princeton team of 1893.

N'Western Upsets Ohio State, 6-3

EVANSTON, Ill., Oct. 12 (UP)—Northwestern defeated Ohio State, 6 to 3, in a conference championship game today, an upset victory.

Ohio scored in the third period with Charley Maag booting a field goal from the 18 yard line.

Bill De Correvont counted for Northwestern, carrying the ball over from the five yard line in the fourth period after a pass interception.

tin's line blast and then shot a 23-yard pass far down the sidelines that Martin picked up and carried on 20 more for a touchdown. Haberlein's point made it 16-7.

Then came Crain, and the defense.

For history, let it be known that a great collection of erstwhile second stringers were in there with Crain on the clincher. They were in there on Harkins' blast, too.

Fast action on newscast footage is being demonstrated this weekend by the Ritz theatre.

The local showcase has booked for scenes made Saturday afternoon of the Texas-Oklahoma grid contest at the state fair in Dallas.

Southwest Is Jolted On Foreign Gridirons

By HERB BARKER
NEW YORK, Oct. 12 (UP)—Northwestern's Wildcats bounced Ohio State, defending Western conference champion, out of the undefeated football list today as Mid-Western teams maintained their sensational pace in intersectional warfare. The Southwest took two severe jolts on foreign fields, and Cornell's great army found Penn rising to challenge its Ivy league leadership.

Paced by Bill De Correvant, Northwestern upset the big Buckeyes, 6-3, before 42,000, roaring from behind in the fourth quarter on a touchdown by De Correvant after Charley Maag had put Ohio State in front with a 25-yard field goal.

Meanwhile Notre Dame and Michigan scored major intersectional triumphs for the Mid-West to offset Illinois' 13-7 defeat by Southern California. Notre Dame, flashing a first-class offense, both on land and through the air, bowled over plucky Georgia Tech, 26-20, in a game, witnessed by 50,000, that really was as close as the score indicates. At Cambridge, it was Tommy Harmon again when Michigan sank Harvard, 26-0. Harmon scored three touchdowns, kicked two points and tossed a pass to Paul Kromer for the other Wolverine score.

Texas Christian and Southern Methodist carried the Southwest's banner into the south and east, respectively, without much luck. T. C. U. fell before North Carolina's dazzling play, 21-14, as the Tar Heels scored all their points in one great second-period surge. Southern Methodist, picked by some to battle Texas A. & M. for the Southwest conference crown, was lucky to escape with a 7-7 draw against Pitt's Panthers.

Cornell, unbeaten a year ago and with a veteran squad back, looked little short of colossal in a 45-0 rout of Army, worst defeat in the Cadets' history. Penn, touted as a powerhouse, looked the part in a 50-7 defeat of Yale, a licking unprecedented in Eli football history.

Away to a fast start when Jim Noble dashed 81 yards to a touchdown. Fordham's Rams gave Tulane its third successive defeat, 20-7, and moved into the front rank of eastern powers along with Boston College, 33-20 conqueror of Temple and Navy, which spotted Princeton a touchdown and then rolled over the Tigers, 12-6.

Columbia's well-trained Lions bowled over Dartmouth, 20-6; Syracuse rebounded from the Northwestern rout to shellack New York University, 47-13; Penn State nosed out West Virginia, 17-13; Colgate won from Brown 7-3, and Holy Cross stopped Carnegie Tech, 13-6.

The Wake Forest boom suffered an abrupt collapse as Clemson rolled up a 39-0 count in a Southern conference struggle. Virginia Military halted Davidson, 15-7, and William & Mary won over Virginia Tech, 20-13, in other conference games.

Mississippi gave new evidence of terrific power as it romped over Georgia, 35-14, in a Southeastern conference clash. Auburn and Mississippi State, Vanderbilt and Kentucky, played 7-7 draws in the same sector. Alabama and Tennessee rolled over minor foes in preparation for their pivotal game next week.

In the Big Nine, Iowa Hawkeyes hurled their first conference hurdle, Wisconsin, 30-12. Indiana and Purdue both were beaten by Nebraska, 13-7, and the Boiler-Makers to Michigan State, 20-7.

Texas Longhorns remained undefeated, thanks to a closing rally that tripped Oklahoma, 19-16. Arkansas upset favored Baylor, 12-6, in a Southeastern conference game. Paul Christman passed Missouri to a 24-13 victory over Kansas State in a Big Six engagement. Kansas won over Drake, 20-6.

The Texas Aggies helped bolster Southwest prestige by earning a hard-fought 7-0 decision over U. C. L. A. as a crowd of 60,000 looked on. Washington State and Washington chalked up Pacific Coast conference decisions, the former over California 9-6, and Washington over Oregon, 10-0.

Stanford's amazing Indians nosed out Santa Clara, 7-6, before 60,000 and thus became the far west's only unbeaten, untied army.

Colorado, defending Rocky Mountain Big Seven champion, knocked over Utah State, 26-6, as Utah, a perennial threat, tripped Arizona, 24-0, in a non-conference test.

Big Spring-Odesa District Battle Ends In 0-0 Deadlock

Steers Loom As Circuit Threat

Big Spring's Steers and Odesa's Bronchos battled each other to a 0-0 deadlock Friday night before an estimated crowd of 4,300 in Steer Stadium here. It was Big Spring's initial tilt in the District 3AA race.

Big Spring's showing, despite the tie score, was an indication that, dopesters to the contrary, the Steers were a power to be reckoned with when the titles are handed out in November. A line that was capable of holding a steady stream of hammerings and a backfield that was able to crack open a highly regarded Odesa forward wall, forms the basis for the Murphymen to stand as an outstanding potential threat in the loop.

In a game that was mainly made up of a struggle between two lines that were closely matched in strength, neither team was able to move into a definite scoring position. Nearest approach to a paydirt drive came when the Steers folded up a willing Odesa line and advanced to the 24-yard stripe. Pete Presley, pile-driving Big Spring fullback, accounted for substantial gains through the Broncho forward wall and Steer quarterback Tabor Rowe chalked up a number of ground-covering moves into Odesa territory.

Presley marked off the longest run of the evening's performance when he raced down the field 20 yards with an Odesa punt return in the initial period.

Odesa received the first of several breaks in their favor during the game when Cook and Thomas, Broncho guards, broke through Big Spring's forward defense and blocked Presley's kick.

An aerial attack was unloosed by Odesa in the closing minutes of the first half that had indications of being the start of a touchdown thrust. Bronco Quarterback Hogan put a pass to K. Evans, end, who in turn lateraled to Coats, play being stopped after Odesa had picked up 25 yards with the maneuver. Following this, Left End Henderson accounted for another 13 yards with a pass from Hogan.

A quick exchange of the ball occurred in the third quarter when Big Spring lost possession of the ball in their half of the field. On the Bronchos' first move with the ball, Big Spring regained the offensive, only to lose it to Odesa on the following play. Looking for a minute as if they were starting for paydirt, the visitors were stopped for three downs and lost their position when Rowe intercepted a pass by Hogan intended for Henderson.

Frank Barton, Big Spring guard, and Hal Battle, in the other guardsman slot, effectively bottled up a series of Odesa line-batterings.

The entire Big Spring forward wall seemed to have a small edge on Odesa throughout the conflict. Tackles Winslett Nance and Clifton Patton turning in an effective defense that had the visitors' forward wall hanging on the ropes at the end of the session. Lemuel Nations, Steer flankman, exhibited an outstanding defensive game, being rather consistent in keeping Odesa sweeps centered in the line. Longhorn End Ralph Stewart accounted for 18 yards with a pass from Horace Bostick, halfback who, despite a foot injury, was able to be featured in several dashes through Odesa tackle positions.

Presley and Nance were the only Steer gridsters who were seriously battered to any extent. Presley was able to come back for more after being forced to take time out to be put back in shape. Nance, receiving a painful blow in the side was removed from the fray and Gene Rush was put in his place.

Owen Brummett, half, and Paul Kasch, pivot man, were tumbled in the Steer defense. Brummett, holder of the blocking assignment in Big Spring's

Looking 'em Over

With Jack Douglas

Friday night's fracas out in Steer stadium is liable to cause some changes to be made in the dopesters' ideas as to Big Spring's chances in the district race. Although the tilt with Odesa ended in a 0-0 tie, fans were given a clear view of the power that the Steers can turn on in the clutch.

A line as heavy as Coach Murphy has on hand should be capable of knocking out opposition to a great extent during the rest of the season. Well supplied with sack backs to romp through holes opened by the forward wall, we are of the opinion that Big Spring is going to be something to beat for prospective titleholders.

Of course, the tie outcome Friday is not going to put the Steers ahead in the race, but will cause them to trail the top-of-the-list Midlanders by one-half a game. That is not so bad when one considers the Longhorns will be having a crack at the leaders in a short while, and will have their chance to reduce this lead.

The powerful line slashes exhibited by Pete Presley, who was, in our timid opinion, the outstanding performer on the field last night, were something that can well cause Steer opposition to tread lightly when they encounter them. Pete fills to a tee our conception of what is commonly known as a sack back. He is fast, shifty and rugged, has plenty of the determination that is necessary on a gridiron and enough power in his drives to leave tacklers groggy from the encounters with him. Last night, he was in exceptionally good form, much to the discomfort of the visitors.

Naturally, Presley can't be credited with the showing made by the Murphymen last night because the whole crew seemed to be fighting an inspired game. Immovable as a rock, the Steer lineemen withstood drive after drive that would have bowled over a less rugged wall. Without a single exception, the boys in the front played a standard game. If all men in one unit can be stars, such was the case in Friday's engagement. And, just to make it even all-around, the secondary developed a stellar showing.

In other words, we think Big Spring has a football club this year, although a 0-0 tie is a rather poor basis for our conclusion. But, when a club, rated "way down the list, piles up a top-heavy record of gains by pushing, smothering every attempt made by the opposition, and keeps the other side on the defensive for the full limit, that team is bound to have shown something—win, lose or draw.

Odesa does have an aerial department that has potentialities. For some reason, possibly because of unwillingness to take a chance against a backfield that was on its toes the full time, the Odesans did not break out their overhead offense except on one occasion, piling up 38 yards in two tries. Perhaps the lack of much aerial warfare was to Big Spring's advantage, because we doubt if there can be much opposition to the conception that the Steers had Odesa outclassed on the ground. And in the aerial department such might not have been the case.

Christman Leads Mo. Over Kas. State, 24-13

MANHATTAN, Kas., Oct. 12 (AP)—With Paul Christman directly responsible for three of their touchdowns, the Missouri Tigers scored in every period and defeated Kansas State, 24 to 13, in a Big Six conference football game.

Oklahoma has the largest Indian population, 92,726; Arizona is next with 43,726.

Plainview Sinks Lamesa 21-13

Aerial Play Accounts For Tornado Loss

PLAINVIEW, Oct. 12 (Sp)—Lamesa's Golden Tornadoes went down in defeat for the second time in this season when the Plainview Bulldogs, led by the Mason brothers, edged out the visitors 21-13 Friday night.

Plainview's first marker came in the third play of the initial period when Mick Mason, Bulldog back, carried over for the touchdown after the home team had moved into scoring position following a fumble by Lamesa.

Lamesa's counter came in the second quarter when Tornado Cates recovered a Bulldog punt on the Plainview 20-yard stripe and moved into position to hit paydirt. Reeves passed to White on the 3-yard line, the receiver then romped over for the score.

Plainview scored again in the third frame when Hoefer connected with Mason on an aerial thrust. The pass originated on the 50-yard stripe and carried to the 15. After two line plays, Hoefer hurled to M. Mason for the marker. Mason also made extra point following his touch.

In the final period, the Tornadoes counted again when Reeves passed from his 35 and hit White in the maze of five Plainview gridsters. Taking the ball on Plainview's 35, White broke into the clear and outran the Bulldog speedsters, crossing the double

Getting in the final blow, Plainview clinaxed a down-the-field drive with a pass from their 16 to Mick Mason in the end-zone. Turner kicked extra point.

The similarity between the Bulldogs and the Odesa Bronchos was noticeable. Lamesa gave away weight to both crews and Plainview had what appeared to be the speedier backfield.

Michigan Bops Harvard, 26-0

CAMBRIDGE, Mass., Oct. 12 (AP)—The fast and mighty Tom Harmon, operating behind perfect interference, conducted Michigan to a 26-0 victory over Harvard today before a 30,000 crowd.

The all-American halfback raced 14, eight and 10 yards for touchdowns during each of the first three periods and then tossed a scoring pass to substitute Paul Kromer in the final quarter.

Harmon retired from action with 20 points to his credit, for he also converted twice against the stubborn but outclassed Crimsonites.

Jayhawks KO Drake, 20-6

LAWRENCE, Kas., Oct. 12 (AP)—The University of Kansas Jayhawks stuck to the ground and defeated Drake university, 20 to 6, for their first victory of the season in a non-conference football game played before 8,000 persons.

Jake Fry went over in the first quarter for the initial Kansas score; Todd Switzer tallied for Drake in the same period to tie the count; Don Pollom scored the Jayhawkers into the lead with two long runs in the second and Ed Saugee concluded the scoring with a 50-yard gallop after a pass interception in the third period.

Boston Victors Over Temple Eleven, 33-20

BOSTON, Oct. 12 (AP)—Boston College a bit rusty after a one week layoff, came back to the gridiron wars today to grind out a 33-20 decision over a rugged Temple eleven before a throng of 28,000 at Fenway Park.

Courtney Edges Coahoma, 13-12 At Midland

COURTNEY, Oct. 12 (Sp)—Courtney's Eagles edged the Coahoma six-man footballers to a defeat of 13-12 on rain-drenched Lackey field in Midland Friday night in the second sextet grid showing to be played there.

Courtney drew first blood when Owen Kelly, versatile Eagle fullback, carried the ball to paydirt after getting in position on the three-yard line in the initial period. Coahoma's first score came in the second frame when Fullback Baker trucked forty yards to tie the score.

On the kickoff for the second half, Coahoma received the ball on their own 20 and moved down the field with rushes and one completed pass for thirty yards from Sandridge to Duncan. They were held for downs on the Courtney 9-yard line.

Courtney's sextet racked up its final score in the third quarter when Wise took a ten-yard aerial thrust from McAnear and tramped forty yards to the double stripe. Kelly carried over for the extra marker.

Coahoma's final counter came in the last minute of play with Baker carrying over from the eight yard line in a wide sweeping end run. Attempt for extra point failed.

Starting lineups: Courtney—Last week, the defeat of San Angelo by the Midland aggregation was credited to the same cause, but two wins straight over strong foes is very likely to discount the luck theory. Perhaps Midland really does have the edge on the rest of the circuit entries.

So, the weekend games are over. San Angelo is holder over a non-conference foe, Big Spring and Odesa hold a draw on each other, Abilene takes another walloping, Lamesa continues down the losers row, and Midland, holder of a win over both its opponents so far in the league this year, is riding the crest toward a District 3AA championship.

Midland Riding Crest In District Scramble

As things now stand, Midland, the team that was not supposed to have anything exceptional at the beginning of the season, is top dog in the kennel.

Abilene went down in its third defeat in four starts Friday when Brackenridge high school of San Antonio put the touch on them for 25-7. The Eagles had been touted to be the darkhorse of District 3AA, and had shown some promise of being that very thing, but right now, unless the San Antonio crew was exceptionally strong, Abilene is due to ride the lonesome road this year. It is liable to be rather dreary down in the cellar, because things are now stacking up to where the top list is slated to be crowded with winners.

San Angelo hit the comeback trail with a decision over Paschal of Fort Worth, thereby giving an indication, according to the 15-6 score, of moving to the front once more. Such might not be the case, but 130 yards from rushing to the opposition's 65 is a pretty good indication of superiority.

Midland's win over Sweetwater was something of a surprise to dopesters, since the Mustangs were slated to be the strongest team of the loop, in view of the fact that they are defending their title held from last year in the precinct. Midland, contrary to the usual thing in games with Sweetwater, got the majority of breaks for the evening.

GARNER TRIPS GARDEN CITY

GARDEN CITY, Oct. 12 (Sp)—Garner's gridiron sextet took a bitterly contested dual from Garden City with the heavy end of a 20-6 score Friday afternoon.

Daughtery, Garner pivot man, accounted for three touchdowns in the performance. Baker, back, went across the double stripe for Garden City.

Playing most of the game the overhead route, Garner was able to out-bomb the opposition, although Garden City had the edge on ground attack. Nine first downs were credited the losers in comparison to the winner's four. Garden City advanced into Garner territory five times but was unable to push over a touchdown drive.

Both sextets were hit heavily by injuries among first-stringers. Starting lineups: Garner—Morris and Roman, ends; Daughtery, center; Anderson and Allred, halfbacks; Chapman, quarterback.

Garden City—Cheney and Bodell, ends; B. Cox, center; Davis and F. Cox, halfbacks; Baker, quarterback.

Our winter revival begins December 8th. Rev. Robt. P. Loudermilk of Carthage, Mo., is to be the evangelist. We urge prayer on the part of all Christians in behalf of the coming revival. Friend, if our community is made more Christian, a better place for our youth to live and build their characters, happier homes, better schools, just how much are you doing to make all this a reality? Think it all over, friend, and start today to do something yourself.

ACROSS BORDER
LAREDO, Oct. 12 (AP)—The Laredo Times learned today that Marlowe Merrick, American business man deported from Mexico yesterday, passed through here late last night en route to San Antonio, Texas.

Property of the college was transferred by its officials to the New Theatre League, Peoples Theatre, Inc., Sept. 25, the day after a fine of \$2,500 was assessed against the school in justice of peace court. The college was charged with anarchy, failure to display the United States flag and displaying an illegal emblem, described at a hearing as the communist hammer and sickle.

Quillin said he found no record that the theatre league, incorporated in New York, had filed no notice to do business in the state or had appointed a resident agent. A minimum \$1,000 fine is provided by statute for failure to file such notice.

The greatest number of fires in New York City's history was 31,994 in 1932.

Tea And Dinner Party Given For Mrs. Schermerhorn In Wind-Up Of Series Of Farewell Parties This Week

Dinner Given By Mrs. Conley And Mrs. Smith

A football theme of black and gold was used throughout the decorations and appointments when Mrs. E. M. Conley and Mrs. H. W. Smith entertained with a Mexican dinner at the Monterey cafe for R. F. Schermerhorn. Mrs. Schermerhorn is leaving with her family the first of next week for Dallas where they will make their home.

Football helmets were spaced down the center of the table and held bouquets of small yellow chrysanthemums. Favors were a single large chrysanthemum tied with black and gold ribbon.

Place cards were made in the shape of footballs and contained humorous verse. Following the dinner the guests attended the Steer-Odessa football game.

The guest list included Mrs. G. H. Wood, Mrs. Nell Hilliard, Mrs. Clyde Angel, Mrs. Thomas J. Coffey, Mrs. R. B. G. Cowper, Mrs. Al Groebel, Mrs. Larson Lloyd.

Mrs. Albert Fisher, Mrs. J. H. Greene, Mrs. Cal Boykin, Mrs. Ray Lawrence, Mrs. Schermerhorn, Mrs. Conley and Mrs. Smith.

A farewell dinner was held at the Crawford hotel at 6:30 o'clock Friday night for R. F. Schermerhorn by a group of his friends.

A gift was presented to Schermerhorn by H. W. Smith from the group and following the dinner, the party attend the football game.

Present were Shirley Robbins, Tom Coffee, Cal Boykin, Darrell Douglas, Dr. W. B. Hardy, T. S. Currie, Dr. Preston R. Sanders, Carl Bloomfield, C. L. Rowe, H. W. Smith, Al Groebel.

Cooking School To Open At 2 o'clock Here October 21st

Styles change in food as well as clothing, according to Mrs. Arreva D. French, cooking school expert, who will open The Herald cooking school at the city auditorium at 2 o'clock October 21st. The school will be held each afternoon for three days and there is no admission charge.

Mrs. French, who is being brought back for the third consecutive year due to popular demand, is well known throughout the southwest for her lectures that contain many short cuts to economy and food preparation.

New recipes will be given and new ways of preparing old standards are featured by Mrs. French in her lectures. Tips on budgeting the food situation and appetizing ways to prepare leftovers are some of the subjects that the cooking expert will present.

A question box will be featured and Mrs. French will help solve individual cooking problems.

The school is being sponsored by The Herald in connection with national advertisers and local merchants. Gifts will be given at each day's school.

New party foods will also be stressed for both large and small affairs and other appetizing ways of having luncheons and dinners will be presented by Mrs. French.

Beatrice Peck, Pat Stacey To Wed Sunday

Miss Beatrice Peck and Pat Stacey will be married in a 5:30 o'clock ceremony Sunday evening at the First Christian church with the Rev. Homer W. Haislip reading the ceremony.

The bride is to wear a blue velvet street length dress with matching accessories and her shoulder corsage is to be of tulle and roses.

Miss Peck is the daughter of Mr. and Mrs. H. G. Hill, 1308 Johnson, and Stacey is the son of Mr. and Mrs. M. C. Stacey of Stephenville.

Mrs. Vernon Baird is to be her only attendant and will wear an orchid velvet street-length dress. Vernon Baird will be the bridegroom's attendant.

Marie Kinard will play the "Bridal Chorus" from "Lohengrin" by Wagner, and Mrs. W. H. Summerlin will sing "I Love You Truly."

Following the wedding a reception for the wedding party and immediate family will be held at the home of the bride's parents and a white wedding cake will center a lace-laid table.

Miss Peck was graduated from Big Spring high school and is employed at McCrory's. She is also a member of the popular trio, the Melody Maids, who have sung for Big Spring audiences for several years.

Stacey was graduated from Stephenville high school and has been playing baseball with the Barons for the past two years. He is now employed at Cosden Refinery.

The couple will make their home in Big Spring.

Anna Belle Edwards Picture Appears In New York's P.M.

A complete page of New York's new newspaper, P.M., was devoted October 8 to Anna Belle Edwards, daughter of Mr. and Mrs. M. M. Edwards, who is in New York taking part in the Madison Square Garden rodeo as the only representative from Texas.

P.M. says that Miss Edwards "is generally conceded to be the belle of the western debutantes at the rodeo. She is 18, comes from the Lazy-E ranch at Big Spring, Tex., and thinks New York is 'swell, it's so fast.' Her mother, Mrs. M. M. Edwards, is the official chaperone of the party."

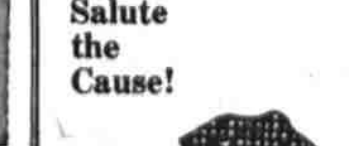

The article also tells of the five other girls taking part in the rodeo and shows pictures of them taking in the sights of New York.

Story Of Notre Dame's Football Wizard Is Told In 'Knute Rockne' Film At Ritz

Pat O'Brien In Title Role Of New Feature

One of the season's film productions that go beyond the ordinary is "Knute Rockne—All American," which is featured at the Ritz through Monday. Its release coinciding with the football season, the picture deals with the great man of America's sports history.

It is a film life story of one of America's greatest and wisest heroes—Knute Rockne. The picture traces Rockne's life from his early childhood in Norway to his tragic death in 1931. His life was full of excitement, despair, love and triumph. The film, with Pat O'Brien cast as the Notre Dame football wizard, faithfully portrays those elements and keeps alive the true spirit of Rockne. His vigor, his astute philosophy, the great teams he built, the developing of the famous "Four Horsemen" are all told with a skillful blending of power and subtlety in "Knute Rockne—All American." O'Brien is said to have given such a realistic portrayal of the real "Rock" that Knute's closest friends were amazed at the startling likeness in even the smallest gesture.

The supporting cast consists of Gale Page as Bonnie, Knute's wife; Donald Crisp as Father Callahan, president of Notre Dame; and Ronald Reagan in the greatest role of his career, that of the renowned George Glipp. The players that portray the roles of the "Four Horsemen" have all seen action on the gridiron. They are, Kane Richmond, as Elmer Layden; Bob Hume as James Crowley; Nick Lukats as Harry Stuhldreher and William Marshall as Don Miller. The screen play was based on private papers and reports of Rockne's intimate associates and friends. Lloyd Bacon directed. The story follows the Rockne career faithfully, and develops, too, the spirit of Americanism as exemplified in fair-playing, hard-hitting athletic teams.

Stanton News

Mrs. J. J. Mills returned this week from Lubbock, where she had been visiting in the home of her daughter, Mrs. L. C. Harrison, for a week.

Marjorie Blackerby and Irene Barker, who are attending business college in Lubbock, were weekend visitors in their respective homes last weekend.

Mr. and Mrs. Maurice Tixier left last Sunday morning for Casper, Wyoming, where Tixier has been sent for a month by his company, the Schlumberger Well Surveying company. He will relieve another employer. Mr. and Mrs. Tixier and infant daughter, Linda Suzanne, plan to remain there until Nov. 1.

Attending the Coronado Entertainers' evening of last week in Lubbock were Mrs. Earl Powell, Mrs. J. E. Kelly, Mrs. Evelyn Woodard, Mrs. B. F. Smith, Mrs. Elsie Glickerson, Mrs. Earl Huston, Mrs. P. L. Daniel, Misses Orville Hunt, and Mammie McDorman, Jerry Hall, and Edgar Lay Powell.

Mrs. J. E. Kelly left Monday for Dallas and Mineral Wells, going by way of Quanah, where she was joined by her sister, Mrs. R. A. Brooks. Both visited in the home of Mrs. Kelly's daughter, Mrs. Dec Moore, in Dallas before proceeding to Mineral Wells for a few days.

Nazi Activity Is Revealed In Film At Queen

'Hitler—Beast Of Berlin' Plays Today And Monday

How the anti-Nazi "underground" operates on the "home front," the ceaseless and frantic efforts of the dread Gestapo to discover its constantly changing bases of operations and the barbarous punishments inflicted on those of its members who are captured while operating illegal printing and radio plants, is faithfully depicted in "Hitler—Beast of Berlin," the widely discussed picture which will be the featured attraction at the Queen theatre today and Monday.

There are more than 30 speaking roles in "Hitler—Beast of Berlin," which is an adaptation of Shephard Traube's eloquent story, "Goose Step," which was directed by Sherman Scott.

The big cast of internationally famous players is headed by Roland Drew, Steffi Duna, Greta Grandstedt, Allan Ladd, Lucien Prival, Bodil Rosing, Vernon Dent, and John Ellis. With one or two exceptions, the rest of the players have a foreign background. Several of them are German ex-patriots, refugees and fugitives from the Gestapo.

According to Ben Judell, head of Producers Pictures Corporation, which made the picture, "Hitler—Beast of Berlin" is not propaganda and not hate-inspired, neither are there any past or current war scenes included in the finished production.

According to Mr. Judell, "Hitler—Beast of Berlin" can best be described as an eloquent pictorial drama of courageous humanity struggling under the iron heel of despotism and that the action and dialogue describes, frankly and forcefully, what transpires in the minds, hearts and homes of an astonishingly large number of German people who are not in sympathy with the current Nazi regime.

EXPORT TRAFFIC IS UP 42 PCT. OVER '39

WASHINGTON, Oct. 12 (AP)—The Association of American Railroads reported today that export traffic through Atlantic and Gulf ports in September was about 42 per cent greater than in September, 1939.

The association said 47,901 cars of export freight, other than grain, were unloaded at Atlantic and Gulf ports compared with 33,674 cars in September, 1939, cars of grain for export dropped from 4,063 in September, 1939, to 446 in September, 1940.

GOOD KRAUT YEAR

WASHINGTON, Oct. 12 (AP)—This should be a banner year for kraut say agriculture department officials.

The department doesn't have any figures on the public's appetite for kraut, but here is how it figures. The cabbage crop is expected to be 382,000 tons, about a fourth larger than last year. Packers buy heaviest when the supply is plentiful and prices are low. Hence, more cabbage, more kraut.

STUDENT WINNERS NAMED IN FIRE PREVENTION CONTESTS

Winners in student contests staged in connection with Fire Prevention Week were announced Saturday as local observance of the special period came to a close.

Fire prevention poster events were open to all grade school students, and high school students competed in essay contests. Winners were named for each grade, with \$1 and 50 cents being awarded for first and second places. The prizes, made possible through chamber of commerce cooperation, will be presented Monday.

Fire Marshal E. R. Bethell, who directed Fire Prevention activities here, Saturday expressed appreciation for the fine cooperation shown in the program by the schools. Demonstrations in fire prevention were made before all student groups, and use of special equipment this year replaced the usual lectures.

"School officials and students joined in the program better than ever before," said Bethell, "and as a result our Fire Prevention Week was gratifying in every respect."

Essay contest winners in the high school:
Eighth Grade—Jeanne Dickerson, Mira Lee Bigony.
Ninth Grade—David McConnell, Rob Dickerson.
Tenth Grade—Evelyn Flint, Jack Riggs.
Eleventh Grade—Jimmie Rogers, Leta Mae Warren.
Winners in the grade school poster contests:
First Grade—Mary Margaret McDonald, College Heights; first grade group, North Ward.
Second Grade—Donald McCaul-

'Turnabout' Is Comedy Opus At The Lyric

Hal Roach Production Based On Thorne Smith Novel

Termed one of the gay comedy pieces of the season is Hal Roach's "Turnabout," a laugh hit with a theme of fantasy which tops the program at the Lyric for today and Monday. The picture was directed by Roach himself.

"Turnabout," which was filmed from the best-selling novel by Thorne Smith, co-stars Carole Landis and John Hubbard in the romantic roles, and features in the supporting cast such notables as Adolphe Menjou, Mary Astor, William Gargan, Donald Meek, Verne Tosselle and Margaret Beach.

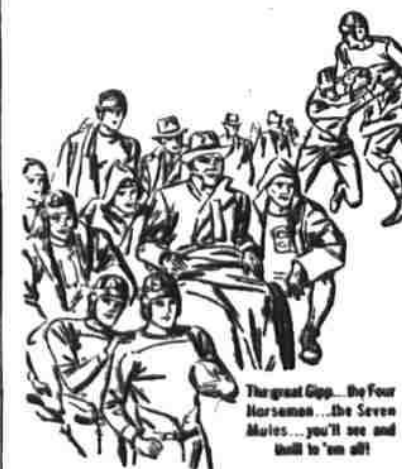

The story of "Turnabout" concerns two wealthy moderns, Tim and Sally Willows. Tim is an advertising executive, Sally is a society matron. While they are complaining bitterly about their respective lots in life, they are overheard by the god Ram, who decides impulsively to give them a chance to exchange places and sexes. What ensues when this hilarious provides the screen with hilarious situations, swift-moving action and cracking dialogue. A smash climax, filled with unexpected turns, brings the picture to a laugh-filled finish.

brother, Harris Lipps, who gave her in marriage. She wore soldier blue with white kid gloves and other accessories in black. Her corsage was of gardenias. For something old she wore ear-rings which belonged to her grandmother and a brooch which belonged to Costin's grandmother. Her wedding ring was made from her mother's.

After the ceremony a white wedding cake was cut and served with coffee. Mrs. Travis Pritchett presided at the cake which centered a table laid with a linen outwork cloth and lighted by white tapers in crystal candelabra. Pauline Jones was at the registry.

Mr. and Mrs. Costin left after the reception for a wedding trip to Dallas and other points. They are to be at home here.

Mrs. Costin is the daughter of Mrs. Olive Lipps of Colorado City. She spent most of her childhood here and was graduated from Colorado City high school. She has worked for the past year in Montana. Costin is the son of Mr. and Mrs. L. A. Costin of Colorado City and was reared here. He attended the University of Oklahoma after graduation from Colorado City high school.

med with a brown velvet bow at the neckline; and Mrs. Harry Hurt, who wore a dusty rose brocade taffeta with single chrysanthemums of matching color in her hair.

Mrs. Ray Lawrence wore a black crepe skirt with a red silk jersey top and had a red ribbon in her hair. Mrs. J. E. Hogan was dressed in black taffeta and wore an old-fashioned locket on a black ribbon for her jewelry. White button mums formed an ornament for her hair.

Mrs. Omar Pittman had on a pale blue net formal made with bouffant skirt and drop shoulders; Mrs. J. H. Green wore a white organza formal trimmed in black lace; and Mrs. R. B. G. Cowper wore a bronze-colored taffeta made with bouffant skirt.

Mrs. Thomas J. Coffee was dressed in a black taffeta gown made with short sleeves and applique flowers on the bodice.

The table was laid with an embroidered net cloth over a gold background and centered with a reflector. Crystal candelabra on the reflector held white tapers and bronze and yellow chrysanthemums. A gold satin ribbon led from the center candelabra to six small crystal bowls holding smaller white candles and small bronze and yellow chrysanthemums.

Silver service was at either end of the table. A profusion of yellow chrysanthemums and dahlias and other summer flowers were placed at vantage points about the room. Soft music played during the afternoon.

More than 250 guests called.

Billy Robinson Wins Promotion In A&M Corps

Singular honors have come to Billy Robinson, son of Mr. and Mrs. H. N. Robinson, at Texas A. & M. where he is a junior.

He has been promoted from the second year rank of corporal to that of sergeant-major in the 2nd battalion staff of the field artillery.

The rank, which gives him five stripes, is the highest that can come to a member of the junior class at Texas A. & M.

As one of four juniors thus recognized, he may be considered with the three others for cadet colonel, the highest honor that can come to a member of the cadet corps.

Billy, who is a graduate of the Big Spring high school, is majoring in science in a pre-medical course.

W-h-i-z-z—Junior's off to another touchdown! Look at that boy go—he certainly "burns up" territory! Strange, too, when you stop to think that only a season or so back Junior was underweight, dull and listless. He'd tire easily . . . wander about the house . . . and if a boy lacked energy—it was Junior! Then one day his mother, upon recommendation, served Banner Milk. She discovered that the boy liked the flavor immensely. He ate more. It seemed to pick up his appetite. And here's the reason why. Carotenes, thiamin, ascorbic, sterols and international units—these terms all apply to vitamins which every quart of Banner Milk contains. Editorial

An illuminating article in a recent issue of the Abilene Reporter-News gives the figure to show in factual form what many West Texans had long suspected; and that is that this area for several years has not been getting its full share of state highway department fund allocations.

Without presenting a long statistical table, suffice it to say that this immediate highway district—No. 5, with headquarters at Abilene—has received hardly more than half the amount allocated to other districts, notably those in East Texas, which have a comparable highway mileage. This applies to all three divisions of highway allotments—for construction, for general maintenance and for betterment.

There are no doubt many reasons for this. The highway department naturally desires to order construction and betterment in those areas where the greatest need is shown, where the traffic density and population concentration are factors to be considered.

But the fact remains that West Texas, a fast-growing empire which itself has an important network of highways, state and national, to be built and serviced, has been left behind. There is no disputing the appropriation figures.

Some West Texans feel that representation on the highway commission is an item. This is not to say that there have not been able West Texas citizens on the commission. W. R. Ely of Abilene served with conspicuous efficiency.

West Texas Representation

D. K. Martin of San Antonio was an able member whose assigned territory was West Texas; and for the past six years Harry Hines has been a capable and conscientious worker for the highway program.

It has been pointed out, however, that the great section west of the 100th meridian has never had representation on the highway commission. Mr. Hines, whose term expires next February 1, has for some time divided his hours between Wichita Falls and Dallas, probably spending more time in the latter place.

We don't believe in stressing too strongly the "sectional" issue in state appointments, but the East Texas folk did make quite a to-do about it at the last commission appointment, when Governor O'Daniel had to submit several names before Brady Gentry of Tyler was confirmed as an appointee.

Whether Governor O'Daniel will re-appoint Harry Hines, or will choose another West Texan to replace him, we do not know. We do know that it is natural to assume that West Texas stands a better chance of getting its full share of highway moneys if it has a man on the commission; and we do know that there are many able West Texans—living west of the 100th meridian, if you please—who can and will make good highway commissioners. These things ought to be brought to Governor O'Daniel's attention—and West Texans are the ones to do it.

The Herald's Serial Story

Chapter Three
THE HOROSCOPE

"Sherlock's pacified them somehow," Dick said.

Sherlock and his handsome escort mounted their horses, led by the commanding officer astride a gray Arabian, tall and magnificent in comparison with the Mongol ponies that followed him. The guard threw the gate wide open for the approaching cavalcade which dashed through, and halted with the horses pawing the air while the riders glanced over the empty field before speeding down the road that led to the walled city of Pai Shu.

A moment later Dick and Lynn were outside the gate of the Temple of Three Joyous Reasons and it had closed firmly behind them.

"What would have happened if they'd found us?" she asked.

"Plenty." He gripped her elbow and turned her towards the village. "They thought we had a motor car waiting to take us away. She put a hand on his arm to slow down his walk.

"Will our visit to Shani Lun be called off now?"

"Of course not," he replied impatiently.

"I wonder what he said to pacify the lama," she mused.

Dick frowned. "Remember you're not in America where a good-looking girl can go where she pleases and get away with anything. This is the Orient where women are property and rate no more consideration than domestic animals." They rounded a mud hovel and entered the village street.

"What's Temu Darin?" she asked abruptly. "A curse or the name of that officer?"

"Both."

"Tell me about him," she persisted. "Is he a friend of the Prince?"

"I'll say he's a friend of the Prince."

Lynn stared at the moon. "That look he gave me! He was dreadfully angry. What did he say?"

"He said to get out of there."

She laughed a little. "He didn't say it in English. Was he educated with the Prince in France and America?"

"He was."

"Then he and Sherlock Fuyeh will have our lives if we are still in danger."

Her brother made no answer. He was still trembling as they reached her door in the courtyard of the inn.

"I fell all along that pilgrim meant us harm," she said. "He's the one who started the trouble. Did you notice him, Dick? He pointed me out?"

"I warned you," he growled. "That these people know things without being told."

She glanced at him obliquely. "What have you against this Temu Darin?"

"She paused. "Or has

The Road To Shani Lun

he something against you?"

He lighted a cigarette, ignoring her question. "I'll send word to Sherlock tonight that he can find us here. It's just as well we did go to the temple." He gazed at her distractedly for a moment. "Lynn, I wish—" He gave up, and opening the door, gently shoved her into her room. "Good night, Kid."

She went peacefully, but wondering what was in his mind.

Rash Decision

Lighting a candle, Lynn sat down on the kang, the brick chimney that ran along one side of the room as a wide platform. "It was maddening not to know what was bothering Dick—just what thing he feared."

She surmised that there was more to it than the escape to the temple. The whole affair had been queer since their meeting in Peiping, the first one in many years. It was quite evident that he was disappointed to find her independent and self-sufficient, and not expecting him to become her

guardian and arbiter of her fate, as he had apparently hoped.

She glanced at her trunks and bags stacked under the parchment window, at the freshly papered walls, the clean floor with its strip of matting. A very pleasant Chinese inn, but she wished she could have a bath.

Why had Dick whisked her through Peiping and off up here to this border village instead of taking her to Pai Shu where there must be a European hotel? That he had something to tell her now seemed a thin excuse for all this. Perhaps her friends and relatives were right in trying to discourage her from coming.

With the whole of Asia in a turmoil, she had casually taken Dick at his word and accepted through him an invitation to visit the court of a native ruler of a Mongolian principality beyond the Gobi.

That Dick had started out badly as a young man she well knew. She had been a child of five when he ran away to evade an embes-

WASHINGTON—This is a continued effort to answer a few of the many questions which young men are asking about the regulations under which they may be called for military training.

It should be remembered that answers to specific questions about classification, except those cases defined in the law—such as ministers, students for the ministry, ex-service men, etc.—are merely my guesses as to how rulings of the local boards and appeal boards will be made.

These guesses are based on a long series of conferences with selective service officials, but every registrant is an individual case and the only way that you can be certain of fair treatment is to put your problems in detail up to your local or to your appeal board if appeal is necessary.

Q. What are the classifications?

A. Class 1 is composed of those men who are immediately available. It is estimated there will be 5,500,000 in this class—or about one-third of the total registrants. These are men who are physically, mentally and morally fit for service, without dependents whose mode of living would be disrupted if they were called into service—and not holding jobs vital to the public interest. There are four groups in Class 1: (a) men immediately available for unlimited service; (b) men available for limited service; (c) members of the land or naval forces of the United States; (d) students fit for general military service but not available until close of school year; and (e) students fit for limited military service but not available until close of school year.

Class 2 will be composed of those men deferred because the public interest is best served by their staying in present jobs.

Class 3 will be those men deferred because of dependents.

Class 4 will be those deferred by law disabled; those deferred for mental or moral reasons; non-

By Jack Stinnett

declared aliens; men who have completed military service and conscientious objectors available only for civilian work of national importance.

Q. How long after registration before the numbers will be drawn?

A. Between five and ten days.

If I hold the first number drawn in my district, does that mean I will be the first man called into service?

A. Not at all. If your order number is 1—that is if you hold the registration number which is the first called in your district it merely means that you will be one of the first to receive a questionnaire. You might hold order No. 1 and be a hopeless invalid with an automatic deferment to Class 4.

Q. How long after the numbers are drawn before the questionnaires are sent out, and when do they have to be returned?

A. The questionnaires will be mailed by the local boards within a few days after the drawings, but only to the first 50 men on the lists. You are presumed by the government to have received your questionnaire on the day after mailing, and you have five days to get it back to the local board. If you are in the first 50 and do not receive your questionnaire, report to your local board at once, for the obligation is on you if your address is wrong or your mail goes astray.

Q. When do I have to take my physical examination?

A. Not until you are called and that will not be until your questionnaire has been returned and the board has decided that on the basis of your answers, you are ready for physical examination with a view to being called into service.

Q. If I pass my physical examination, when may I be called into service?

A. You may be called within a few days, subject to orders from the army. It is expected that the first men will be on their way to the reception centers well before Thanksgiving.

Man About Manhattan

NEW YORK—Her best friends tell me that all this tumult and shouting has made absolutely no impression on Carol Bruce, who in the relatively brief space of a few months has become the most widely publicized young woman in America.

If this is true she is indeed a remarkable girl. You pick up a magazine and there is her picture on the cover—in color. You turn the pages of a newspaper, and there she is, modeling a gown, or recommending a perfume, or a toilet article. You lift your eyes to billboards, and there she is. You turn on the radio, and she is being interviewed.

She was the one big find on Broadway this summer. Broadway saw her a couple of years ago when she sang in the hotel New Yorker for \$40 or \$50 a week, but at that time didn't pay much attention to her. Then she went to modeling sports clothes for women. Then Buddy DeLoach found her on a Hawaiian tune. . . . Especially "A Son of Old Hawaii," with June Robbins

By George Tucker

singing against the background of the Three Ear-Benders, a trio of lads in the band. It's really right, and he recorded it for Columbia last week.

Sylvia and Irving Berlin wrote a show called "Louisiana Purchase." They put her in it. The first night critics were stunned by her personality and her talent. Since that moment the build-up hasn't faltered. It has been spontaneous. Everyone contributes to it. I have seen older and probably better actors and actresses go absolutely hay-wire on less attention. Most people can't stand prosperity. Carol Bruce's friends insist she is unmoved by it all. I hope they are right. I hope she realizes that one show or one season on Broadway has never yet made a real star, and never will.

I have to go all out for Eddy Duchin. He gets better and better. I like to talk to him and I like to watch him work. He's the only strictly American band leader I know that I would rec-

Hollywood Sights And Sounds

HOLLYWOOD—People like Alexander Korda make it tough on Hollywood prophets. Not only Korda, but he's today's offender.

All of us were pretty well convinced, and said so, that Hollywood's days of spectacle splurge movies were finished by the war. Hollywood was going to have to content itself with doing the best it could on limited budgets, because it didn't have that old foreign market any more. I'm not saying we were wrong—then. We were dead right, because that's how it looked.

But that was before Uncle John Public and his wife, Aunt Minnie, spoke their pieces. Uncle John and Aunt Minnie said they'd have none of this retrenchment talk. They said they wanted their movies bigger and better, and no foolin'. They're never fooling when they go to—or stay away from—the box office. They weren't fooling when they "bought" the big pictures and let the others pretty well alone.

So Hollywood changed its mind and decided, war or no war, that nothing was too good for Uncle J. and Aunt M. And Alex Korda, filming the love story of Lord Nelson and Lady Hamilton, is one movie barometer.

Korda has Vivien Leigh and Laurence Olivier in the historic roles and he's spending \$40,000 for a big "tank" to use in the sea scenes. He also has the floor-polishers at work again and they're a very real if unofficial, index of the way things are.

They don't worry about the floors much in minor-budget movies. In the B's the floor is just something to step on, but in a big A the floor

By Robbin Coon

gets in the picture and that means floor-polishers, men with mops who work in small brigades slicking the dust off between takes.

Korda has a set today, for instance, which represents the British embassy at Naples. There's a ball in honor of Lord Nelson after his victory of the Nile. There are more than a hundred lords and ladies in silks and satins and brocades and wigs. There are wiggled and liveried lackeys, and an authentic orchestra of the period. There's a lily-studded pool, and high "marble" columns, and glittering crystal chandeliers with real waxen tapers. There is fine classical statuary, and everywhere an air of beauty and elegance—which isn't had for alfalfa.

The story of Nelson and Lady Hamilton was told in 1929 in "The Divine Lady," with Corinne Griffith and Victor Varconi. (The latter plays a minor role in the present production.) For that picture the Warner lot dug its first "tank," a pool used until "The Sea Hawk" necessitated larger aquatic facilities.

But don't get the idea that lavish pictures are being made without economies. Any prop man will tell you that the studios are watching the pennies while spending the dollars.

"It used to be," moaned a worker on the 20th Century-Fox lot, "that if we wanted anything all we did was write out an order. Now we write it and get what we want if it passes the okay of 2,764 executives and officials."

Appeal Made For More To Join The Knitting Classes

By NANCY PHILIPS

Knitting bags hold large skeins of yarn as they unwind to the lightning movements of the needles, women nod, laugh and talk as the town's largest sewing circle gets underway. The Red Cross is the experienced hostess who is waiting to serve 2000 pounds of yarn and cloth to be made into warm garments by volunteer townswomen for the British. The cloth has not arrived but when it does women over the county are getting organized to take care of the large amount in as little time as possible. By the end of December all garments should be finished, packed and on their way to the east coast where they will catch the first boat to England.

It is a colossal task for a cause that has ceased to be merely worthy and has become a definite necessity. Over three hundred women have answered the call and offered their services. True, not all of them excel in the art of sewing and knitting but at least they can sew a straight seam and help organize groups that will make up the different shifts. Every added pair of hands speeds up the program. The one to two hour shifts will call for expert organization and supervision which falls in the capable hands of Mrs. G. C. Sawtelle and Mrs. J. E. Brigham. Headquarters are in the Settles hotel.

Most women find it easier to check out the yarn with directions and work at home. So until the material arrives volunteers are busy knitting or learning how to knit. To England these much needed garments will be a constant reminder of what free people can do to help a corner of humanity that is faced with destruction by hate.

At present there are approximately 400 women in the Howard-Glasscock county chapter knitting, but at least another 100 are needed. Chapter officials would like to have 500 women participating in the sewing program. Five machines have been secured for instruction purposes and most work will be done in homes. Output here is near parity with Dallas and Fort Worth and Red Cross representatives have been lavish in praise of quality of workmanship here.

Mrs. Paul Bradley is to be next hostess.

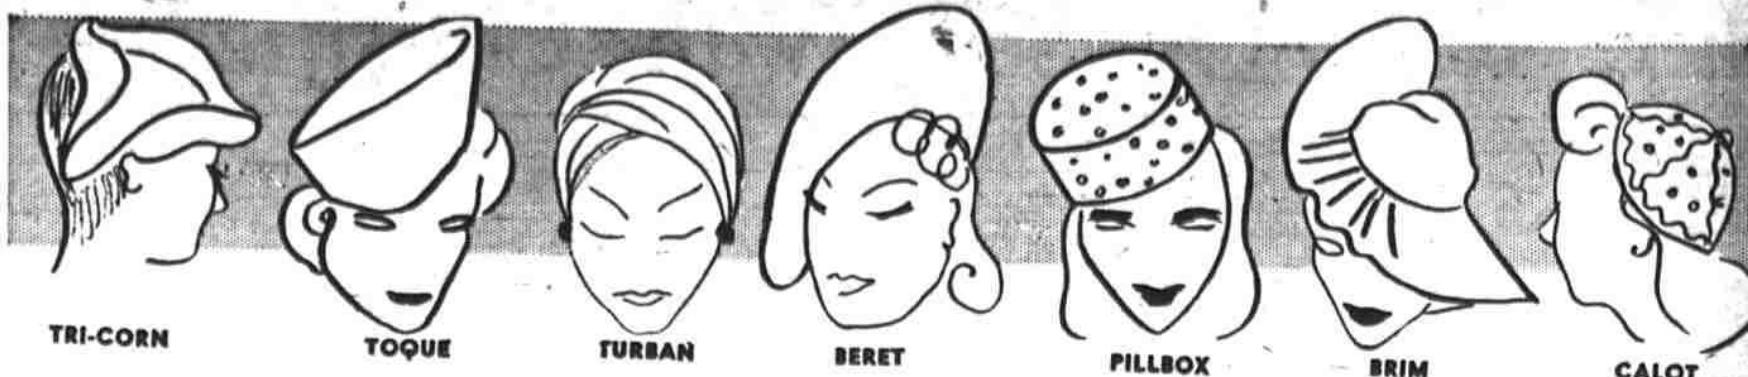

Who Says Women's Hats Are Crazy? There Are Only Seven Types After All

By AMY PORTER
AP Fashion Editor

Who says women's hats are crazy? Eve Tartar, analytical hat designer, has figured out that just as there are only seven basic story plots, so there are only seven basic plots for hats. The most talented designer in the world can do no more than play variations on the seven themes, she contends.

The sketches at the right show the classic seven—tricorn, toque, turban, beret, pillbox, brim, calot.

The photographs below show this season's variations.

TRICORN

TOQUE

TURBAN

BERET

PILLBOX

BRIM

CALOT

A true tricorn, George Washington style, is this black diamond velvet designed by Lenore Kroll. It depends for variety on grosgrain banding and a new-looking masque veil attached to the hat.

A variation on the toque, in sheared beaver. It has the characteristic toque dip over the forehead, but it takes on calot traits with a jersey back-of-the-head cap. A towering toque effect is achieved with the feather.

It's a turban without a doubt, but Walter Florell, the designer, piles the drapery high, toque-fashion, and, as a revolutionary touch, he makes it cover one ear, reveal the other. In abyssal green jersey.

The beret is pulled into every sort of shape by whimsical hat designers. Here movie actress Lucille Fairbanks models a black felt beret, pulled sideways with a red velvet band, and fastened so with a gold clip.

The pillbox often appears unadorned, in classic form, but here it takes on new glamor with a tiny braid-trimmed brim, a cluster of mink tails swooping down from the crown. Earrings and necklace are of mink.

Hat with brim—but what a brim! G. Howard Hodge rings a change on this fundamental hat form by encircling the wide brim with a band of mink. The crown towers toque-fashion, giving you two classics in one.

Is it a calot or is it a toque? Eve Tartar, the designer, says it's both, and typical of this season's pompadour hats. It combines a baby cap calot with the traditional black Persian lamb Cosack hat (a version of the toque).

DOWNTOWN STROLLER

Conversation At The Football Game.

"I've got three coats, a rain coat and my overshoes so I don't really care what it does tonight. . . I'm sorry but if you don't have a reserved seat, you will have to sit in the unreserved section. . . Say what is this, it looks like the Fourth of July. . . Wish I was in Dallas with millions of people and most of them drunk. . . That's the second pack of cigarettes that I've dropped from the grandstand and I'm going down after these. . .

"Oh, look, everybody's out of step but brother. . . Everytime I come to see a game, I got to sit back of somebody that smokes a cigar and I feel like I've been asphyxiated by the time the game is over. . . Wish our team had red and white uniforms as they look prettier. . . Oh, they do not, our team's the best looking bunch of boys they have out there. . .

"Who is that they are carrying out. . . Looks like, no it isn't, don't know who that fellow is. . . It's O.K., it's one of Odessa's team, no need to worry. . .

"Everytime we get going good the referee penalizes us about fifteen yards. Bet that guy is an old Odessa man or maybe that's his brother he keeps patting on the shoulders. . .

"Yea for Big Spring, oh, is that Odessa got the ball?" Well, yea for Odessa. . . I don't care who wins just so long as I know whose got the ball. . . Honey, let's go I'm so cold I can't hardly move. . . Oh nuts, just about the time I begin to enjoy something you always have to go home. . . Now, you wrap up and sit there for five more minutes anyway. . . Oh, well, all right, if you say so dear. . .

Our Youngest Friends Learn This Secret Early!

Some of our youngest "merchants" are the boys you see coming up to your door each day to deliver your paper. . . but he won't be a newsboy all his life because he's saving NOW to advance himself in later years. . . Other young customers who frequent our teller's windows regularly come from the group of courteous package carriers who serve you at the grocery store on week-ends. . . others are odd-job fellows, anxious to earn whatever they can—and most of them saving a little each week.

We invite more young merchants to take up this plan of operation. . . and urge them to come into the bank any time they like for every service we can render.

We have just as much time to spend with our young friends as the largest account we serve.
