ELISABETHVILLE, Katanga the Congo (AP) — Widespread fighting broke out between U.N. forces and President Moise Tshombe's Katanga troops in Elisabethville today.

Contrary to the spirit of an agreement that appeared to have eased tension over the barricades, Uruhart said Katanga troops had been discovered advancing through thick brush toward the U.N. held airport.

He listed nine wounded so far on Katanga's side but said he did not know the extent of U.N. casualties.

Mortar fire, and other heavy firing were heard outside the telegraph office, near U.N. headquarters, in the direction of the airport seven miles outside the city and elsewhere.

Sanctions Against Cuba Considered

By BEN F. MEYER
WASHINGTON (AP) — Foreign ministers of 14 American republics will meet next month to consider economic and political sanctions against the Communist government of Cuban Prime Minister Fidel Castro.

The Jan. 10 meeting, site to be designated, was called Monday by the Organization of American States. The OAS Council voted 14 to 2 for a "Colombian resolution" aimed straight at Cuba, although it didn't mention it by name.

Citing the mutual defense treaty binding the 21 Western Hemisphere nations, Colombia asked a foreign ministers meeting to consider "threats to the peace and political independence of the American states that could arise from the intervention of extra-continental powers."

Only Cuba and Mexico voted no. Mexico based its vote on judicial grounds.

Cuba called the OAS action "an effort by the United States to gain accomplices for a new invasion of Cuba."

If the foreign ministers decide Castro's Cuba is a threat to peace in the Western Hemisphere, they can invoke sanctions similar to those levied against the Trujillo dictatorship in the Dominican Republic. They also can consider other courses of action. Diplomatic circles said Monday's action was one of the most far-reaching ever taken by the OAS.

Last Saturday Castro in a television speech in Havana announced that he is a Marxist and that Cuba's government is in full accord with Communist bloc.

Fluvanna Tourney Starts Thursday

FLUVANNA (Special) — The Fluvanna Invitational Basketball Tourney, victimized by sleet and snow last year, gives it another whirl this week when area teams converge on the community for this year's meet, which will run Thursday through Saturday. One withdrawal — that of teams representing Peacock — has necessitated the absorption of two more teams into the pairings, and will see the Snyder "B" team taking part in the boys bracket and the Ira "B" girls, filling the gap in girls play.

Thursday's opening round play takes the following form: Ira vs. Loraine (girls), 3 p.m.; Ira vs. Loraine (boys), 4:15 p.m.; Hermleigh vs. Southland (girls), 5:30 p.m.; Hermleigh vs. Southland (boys), 6:45 p.m.; Fluvanna vs. Ira "B" (girls), 8 p.m.; and Fluvanna vs. Snyder "B" (boys), 9-15 p.m.

Since that time, the Bengals of Coach J. P. Ward have gone down before the Robert E. Lee Rebels of Midland, 71-65. The Pipers, on the other hand, are winless after two ventures. In addition to the Snyder loss they have also been defeated by Aspermont.

Tiger Pooch Hatter, who is injured in the Hamlin contest, is once more fit for action, and will hold down a starting forward post along with Larry McNair. Steve Free and Eddie Phy are to man the guard slots and Freddy Miller will maneuver from his post position. All five of those starting Tigers are seniors.

Free, boosted along by a 27-point scoring spree against Lee, is the leading pointman for the Tigers with 37 points after two games. Miller is next in line with 24.

Coach V. V. Shearburn's Tiger "B" team, on an early rampage with three victories in as many attempts, will get the evening's play underway at 6:15 when they will engage the Pied Piper "B". In the earlier involving of the two teams, the Snyder five came out on top by a 50-30 count.

Harley Bynum is currently leading Tiger "B", scoring with 23 points, followed by Jimmy Wilson and James Sellers with 19 each.

Following tonight's action, Snyder's varsity is slated for duty in the Andrews Invitational Tournament of this Thursday through Saturday. Snyder is to oppose Dumas in its first tourney match beginning at 8:45 Thursday evening in the Andrews High gym.

The Tiger "B" will follow up tonight's performance by taking part in the Fluvanna Invitational, also set for Thursday through Saturday. Their first meet activity will be Thursday night at 9:15, when they will clash with host Fluvanna.

Tiger Pooch Hatter, who is injured in the Hamlin contest, is once more fit for action, and will hold down a starting forward post along with Larry McNair. Steve Free and Eddie Phy are to man the guard slots and Freddy Miller will maneuver from his post position. All five of those starting Tigers are seniors.

Free, boosted along by a 27-point scoring spree against Lee, is the leading pointman for the Tigers with 37 points after two games. Miller is next in line with 24.

Coach V. V. Shearburn's Tiger "B" team, on an early rampage with three victories in as many attempts, will get the evening's play underway at 6:15 when they will engage the Pied Piper "B". In the earlier involving of the two teams, the Snyder five came out on top by a 50-30 count.

Harley Bynum is currently leading Tiger "B", scoring with 23 points, followed by Jimmy Wilson and James Sellers with 19 each.

Following tonight's action, Snyder's varsity is slated for duty in the Andrews Invitational Tournament of this Thursday through Saturday. Snyder is to oppose Dumas in its first tourney match beginning at 8:45 Thursday evening in the Andrews High gym.

The Tiger "B" will follow up tonight's performance by taking part in the Fluvanna Invitational, also set for Thursday through Saturday. Their first meet activity will be Thursday night at 9:15, when they will clash with host Fluvanna.

TEXAS NUMBER THREE PICK

Alabama Scales National Heights

By BOB HOOBING, Associated Press Sports Writer

NEW YORK (AP) — Alabama was voted the 1961 Associated Press national football champion today, a spot set for the Crimson Tide by master rebuilder Paul (Bear) Bryant.

In the final poll of board members, defense-minded Alabama drew 452 of a possible 400 points to edge Big Ten champion Ohio State which collected 436.

Coach Bryant's eleven concluded a perfect season by crushing Auburn 34-0 Saturday, their fifth straight shutout, and will face ninth-ranked Arkansas in the Sugar Bowl. 'Bama is riding a 17-game winning streak.

Texas vaulted over Louisiana State into third spot, 348 points to 335. Mississippi, Minnesota, Colorado, Michigan State, Arkansas and Utah State complete the top 10 selected on the basis of 10 points for a first-place vote, nine for second and so forth.

Bryant, the "other end" from Don Hutson in 1954, returned to his alma mater four years ago. As he had done previously, at Midland, Houston and Texas.

A&M, Bryant inherited, a loser but quickly converted it into a winner.

Though this is the first national crown for Alabama in the 26 years of the AP poll, it is the third for a Southeastern Conference team.

The Tide's seventh unbeaten, untied campaign—first since the 1945 unit led by Harry Gilmer—is built on a grudging defense as

was that of Auburn (1957) and LSU (1956). Alabama led the nation in defense against scoring, allowing only 22 points, as well as in total defense, not trusting defense yardage. Bryant's boys surrendered two touchdowns on passes, one on the ground, a field goal and a conversion kick.

Bryant, a superb recruiter and hard taskmaster, did not relent until the ninth game of the 10-game schedule. When his charges whipped Georgia Tech 10-0, Bear said: "They convinced me they are a great team."

Versatile quarterback Pat Trammell and fullback Mike Franchia are the key figures in a jarring attack with tackle Billy Neighbors and center Lee Roy Jordan leading the charge.

But the defense holds the secret. 'Bama fees have managed only 132.5 yards per game this season, a mere 55.0 rushing.

The final poll results with first place votes in parentheses: 1. Alabama (26) 452 2. Ohio State (20) 436 3. Texas (16) 348 4. Louisiana State (1) 335 5. Mississippi (1) 325 6. Minnesota (1) 324 7. Colorado (1) 321 8. Michigan State (1) 318 9. Arkansas (1) 302 10. Utah State (1) 298

Other teams receiving votes included: Missouri, 18; Purdue, 15; Georgia Tech, 12; Syracuse, 11; Rutgers, 10; UCLA, 7; Rice, Penn State and Arizona, 5 each; Duke, 4; Michigan, Navy, Kansas and Wyoming, 3 each; Wisconsin, 2; Miami (Fla.), 1.

Dr. O'Brien Speaks At Hermleigh

HERMLEIGH — Dr. P. D. O'Brien delighted a large group of Hermleigh High football players, pep squad members, and guests here Monday night at the school's annual football banquet with his carefree off-the-cuff comments in which he compared the game of football to the more serious game of life.

Dr. O'Brien, pastor of the First Baptist Church in Big Spring, is a noted after-dinner speaker who has spoken at some 1500 such affairs.

Virgil Joines was master of ceremonies for the fête.

School superintendent C. W. Wise offered the invocation, while students Kay Glass and Ken Bell gave the welcome and response.

Mess Glass was also presented a trophy in honor of her being named sweetheart by football her Ken Bell.

John Vernon presented plaques of recognition to Bell, Neil Becke and Terry Smith in recognition of their play over the season. Coach Ted Averitt and R. C. McClaren introduced the Cardinal squad members to the assemblage.

Entertainment of the evening was presented by La Von Richburg, who played piano dinner music.

Tech Takes Colorado In Overtime

By The Associated Press

Dr. Mutt and Jeff combination of 6-10 Harold Hudgens and 5-10 Del Ray Mounts got, defending champion Texas Tech off and running Monday night as the South-west Conference basketball campaign entered its second week.

Tech beat Colorado 84-82 in double overtime in the Red Raiders' opener, with Hudgens scoring 31 points and Mounts 21. But it was a jump shot by sophomore Steve Wall with two seconds left in the second overtime that put Tech over.

This enabled the conference to break even in inter-sectional play for the night as Arkansas turned back Missouri 72-60.

Baylor, also making its start, took a 79-64 trimming from Oklahoma City University. Rice found things chilly as it started a Southern tour by bowing to Florida 70-67.

The league now has won five games and lost four against outsiders.

Patterson Keeps Title; KO's McNeely

By MURRAY ROSE, Associated Press Sports Writer

TORONTO (AP) — Heavyweight champion Floyd Patterson's fourth round knockout of luncheon Tom McNeely Jr. in a wild, eight-knockdown brawl and Sonny Liston's dynamic one-punch blitz of Albert Westphal stired up the possibility today of a \$10-million showdown between the two victors.

The battle of the Sixties may not come off soon. Although Patterson, according to those very close to him, wants it badly, Liston hangers for it, and promoters Al and Tom Bolan, among others, desire it, cautiously. Cus D'Amato, the champ's manager, is in no hurry.

More to Cus' liking for the next fight is Henry Cooper, the British heavyweight champion, who meets contender Zora Foley of Chandler, Ariz., in London tonight. That's what D'Amato told the Associated Press.

Patterson, unmarked and very fresh after his victory Monday night, declined to answer when asked if he would give Liston a crack at the title. He merely pointed to his manager.

Liston can have a fight next week if he wants it," said D'Amato. "He knows what he must do to get it. It is up to him. That is all I can say."

He declined to elaborate.

Patterson said he would like to fight again early next year.

Liston, after flattening Westphal with one right-hand to the jaw in 1:58 of the first round at Philadelphia's Convention Hall, said "I'm ready for him right now."

"He's been scared for me for more than a year and a half," said Liston, the reinstated No. 1 contender from Philadelphia who has had several scrapes with the law.

The Patterson-McNeely winging down in which Patterson went down on a so-called slip, at Maple Leaf Gardens, and the Liston-Westphal quickie formed a close-circuit television double which was shown in about 150 theatres and arenas in the United States and Canada. It was also beamed to homes in 51 community antenna community systems.

Irving B. Kahn, president of TelePrompTer, which handles the ancillary rights (TV, radio, movies), estimated that he could line up 1,500,000 seats at an average \$5 a head for a Patterson-Liston fight. The gate at a place like New York's Yankee Stadium could produce a \$25-million gross at a \$100 top, experts figured.

Defensive back Dick Pesonen and offensive tackle Frank Youso of the Minnesota Vikings played football at the University of Minnesota.

Junior Highs See First Cage Action

The Texans of Lamar 9th, down by 17-20 at halftime, came roaring back during the final two periods to whip Lamesa by 43-33 here Monday night to highlight Lamar's initial cage action of the year.

Lamar 7th failed to fare so well as their upperclassmen, falling to Lamesa 7th 30-12 behind the 13-point spurge of Wiggins.

Tommy Sinclair and Murray Dowder shared high point honors for the Texans with 4 each.

Travis Wins one

All three Travis delegations traveled to Sweetwater to open their season, and emerged victorious in one of three contests there.

The Blue Devil 9th posted an opening victory by slamming the Colds 50-22, as Leslie Brown poured in 26 points to pace the effort. Leslie Anderson and Reed Robinson each chipped in 10 for Travis to help matters, also.

Taxe, with 13, was high for Sweetwater.

The Blue Devils were hot at the free-throw line, sinking 11 of 14 to Sweetwater's 8 of 19. Travis also controlled the boards, grabbing off 62 rebounds as a team to Sweetwater's 30. Brown led the way in rebounding with 20 points to his credit, followed by Gary Bergeron with 18 and Robinson with 13.

Mo Mentor Candidate For SMU Job

DALLAS (AP)—Al Onofrio, line coach at Missouri, is the first announced candidate for the head coaching job at Southern Methodist University.

SMU's board of trustees last week removed Bill Meek as coach after five years.

Athletic director Matty Bell, who is compiling a list of candidates and prospects for the athletic council, said he had several applications but did not reveal any except Onofrio's, who announced for himself.

Bell denied a report Monday that he was planning to retire as athletic director so the new coach could have both positions.

"I will retire July 1, 1964," said Bell. "I know no reason why I should retire in order to get a coach."

Trojans Split At Midland

MIDLAND — Double tough Midland, state finalist last year and district favorite this season, used its wealth of height to advantage here Monday by bounding past the Lincoln High Trojans of Snyder, 79-57.

David Wallace led the way with 28 points, followed by David and Preston Sheard with 18 and 15, respectively.

U. S. Newsmen Will Give All For The Sake Of Protocol

By INEZ ROBB
The interview — argument — is the better word — between President Kennedy and Alex J. Adzube, chief of the Texas and Oklahoma news media, is a rare one. It is not the content I think Mr. Kennedy led all the way, but the form of the interview that astounds my fraternity. Any reporter lucky enough to obtain a private interview with the President of the United States is always conscious of minding his manners in the first place.

In the second, to argue with the President, be he Republican or Democrat, is unthinkable. We go to report as accurately as possible what the great man says, and never mind what we may think or believe privately.

If the Chief Executive were to tell me in an exclusive interview that the world is flat, I would write it down and regard it as a fairly sensational lead. But I wouldn't argue with him or try to convert him to the round — or more recent egg — shaped — theory. An American reporter visits the President would have the fairly modest conviction that the public didn't give a continental for the reporter's opinions.

The best line in the Kennedy-Adzube interview, for my money, was Mr. Kennedy's polite question, "May I just make one brief response?" after Adzube had lectured him for five minutes. When I recently ran into Joe Costa, chief photographer of King Features Syndicate, Joe and I shook our heads over the protocol of the Kennedy-Adzube interview. And we sat down and laughed again over one of the all-time classics of the newspaper business. That is the story of Joe's safari to

Miss Flynn Still A Red

NEW YORK (AP)—Elizabeth Gurley Flynn won't say if she is still national chairman of the Communist party of the U.S.A. but she made clear she intends to continue her activities as a party member.

The party has been indicted for failing to register with the federal government as an arm of the Soviet Union.

Addressing a Monday night rally on behalf of the Communist newspaper, The Worker, Miss Flynn, 79, suggested older persons should retire from their party posts to make way for new blood.

Asked about her own post, Miss Flynn replied: "At the present time, I can't discuss the party post. It's in legal litigation now." Then she added: "At least you see I'm not underground."

Washington, D. C., in the early days of the New Deal to take pictures of Vice President Cactus Jack Garner.

Joe always a gentleman, a scholar and a top photographer, was then one of the ace cameramen of the New York Daily News. A photographer of distinction, Joe was the first president and is still chairman of the board of the National Press Photographers' Association.

Before he left for Washington, Joe was briefed on the etiquette of the situation. The final words of admonition, which Joe can still hear, were: "Now remember that Mr. Garner is Vice President and whatever he wants you to do, you do."

When he saw Mr. Garner pouring the bourbon and in such generous fashion at that early hour, Joe was convinced that he was about to give his life for his profession. He had never been addicted to strong waters and certainly not in midmorning on the base of a light bourbon.

But he remembered the injunction to do whatever the Vice President asked of him. So Joe, trying not to gag, downed the bourbon and felt he had been hit by a sledge hammer.

To shorten the story, Joe was once more called upon to strike a blow for liberty before he had finished his assignment. He — Joe — was game to the end. He made it back to the Washington office of the News just in time to be violently sick. The pictures turned out wonderfully, except that a few were just a waxy, waxy bit out of focus.

work — he had even taken two or three pictures — when Mr. Garner, in his well-known and hospitable fashion, suggested that he and Joe strike a blow for liberty."

Innocent of the implications of striking a blow for liberty and mindful of the injunction to do whatever the Vice President asked, Joe said "yes." At this point it must be explained that Joe has never been a drinking man, particularly a bourbon drinking man. And the idea that he was about to be called upon to drink a water tumbler of bourbon at 10:30 a.m. was so far and above the call of duty that Joe could not even envision it.

Wheat Land Is Retired

WASHINGTON (AP)—The Agriculture Department says farms in major-producing states are retiring, on the average, more than the 10 per cent of their wheat land required under a new wheat control program.

Wheat growers in Texas, Colorado, Kansas, Nebraska and Oklahoma by Nov. 22 had agreed to retire the equivalent of about 20 per cent of their 1961 planting acreage. These 5 states produce about 80 per cent of the hard red winter wheat, the class having the largest surplus.

Today's report showed that by Nov. 22, operators of 523,579 farms out of 1,883,000 eligible had signed retirement agreements. These growers will be entitled to payments totaling about \$185 million.

Kansas led with agreements to idle 1,803,721 acres out of 10,727,000 planted for this year's crop. Oklahoma was second with 1,381,875 acres out of 4,887,000 planted for the 1961 crop. Texas was third with 901,464 out of 4,108,000 acres.

Most other states had some increases or stayed about the same with Texas production averaging 2,556,350 barrels per day up 22,550. Louisiana averaged 1,212,400 up 1,850 and Colorado 126,400 up 800.

Girl Sheds Her 42-Inch Tresses

DETROIT (AP)—Cecelia Barna 18, a freshman at Marygrove College, displayed little emotion when a barber snipped off her 42-inch blonde tresses.

"Too much trouble to wash and manage while keeping up with my studies," Cecelia said. "But now it seems like there's nothing on my head. I think I'll let my hair grow a little."

Anton Riechl, a Detroit wig-maker, supervised the hair trimming. Riechl paid Cecelia \$10 for the hair and paid for the haircut.

Castro Is Erratic Type Of Marxist

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Fidel Castro is an emotional Marxist, not an intellectual one. And, because he is, his road to communism in Cuba should continue to be unpredictable, erratic, opportunistic, and probably bloody and chaotic.

The difference between intellect and emotion in Castro was spelled out in his Saturday broadcast in which he explained how long it took him to become a Marxist-Leninist.

But then, admitting he is taking Cuba into communism, he said his program will be "Marxist-Leninist but adapted to conditions existing in our country."

This makes him no less a problem for the United States but in time it should also make him a problem for both Moscow and Peking.

The Russians and Red Chinese are having trouble enough with one another on what road to take without seeing Castro riding off in still another direction like Yugoslavia's Marshal Tito.

It is no wonder Premier Khrushchev, in his Vienna talk with President Kennedy last June, called Castro unstable and said he is not a Communist.

Castro listed three stages in his development which show he became a Marxist as a result of "events and not of a cool intellectual determination."

When he was a student in Havana, son of a rich landowner, he was not a Marxist because he was influenced, he said, by capitalist propaganda. This would indicate he was then anti-Communist. He was 23 when he was graduated from Havana University in 1950 with a law degree and a doctorate.

At 26, he said, his thinking was pretty much as it is now. But, if he can be believed, this can hardly have been the case since he then said he didn't become a Marxist-Leninist until he took over Cuba three years ago at 32.

The Cuban Communists had doubts about him. When he was fighting in the hills against the dictatorship of Fulgencio Batista, which he toppled at the beginning of 1959, the Communists refused to take part in a general strike he called for.

At that time, a State Department white paper said earlier this year, "when Castro first went to the hills the Cuban Communist party dismissed him as 'bourgeois and pusillanimous.'"

As recently as Nov. 27, 1960, Max Frankel, writing in the New York Times about interviews he had with Communist leaders almost two years after Castro came to power, said: "The party has had its differences with Dr. Castro but they occurred, in the words of one of its leaders, 'before he understood.'"

One of the leaders told Frankel: "In the early days after Castro seized power here the Communist party had many disagreements with him about tactics and ideology. Gradually, however, it was able to convince him that anti-

communism was a threat to his revolution and power."

"Thereafter, the ideological differences withered away until now there are only 'little things between us.' Premier Castro does not like a few of our ideas and we do not like a few of his—nothing important."

In short, Castro was had. He bought Marxism not because he had thought it through but because it gave him some sense of direction, which he didn't seem to have and, above all, it was expedient.

He may have a social consciousness. But if he has a political philosophy it is expediency. If anyone doubts it, look at the record.

On Jan. 8, 1959, a few days after he took over, he promised to "give the people love." Since then he has executed over 600 people.

The State Department white paper sums it up: "The history of the Castro revolution has been one of the calculated destruction of the free-spirited rebel army—the dissolution, persecution, imprisonment, exile, and execution of men and women who supported Dr. Castro."

He promised, before he took over, to adhere to the Cuban constitution and he guaranteed freedom of speech and all rights. He went back on them all later.

Castro, judged by his own words and actions, is a man stumbling from one year into the next.

Actor's Wife Is Granted Divorce

LOS ANGELES (AP)—Marjorie Kruschon, 36, won an interlocutory divorce decree Monday from her actor husband, Jack Kruschon, 39.

She testified that Kruschon "took an apartment two years ago, and would come and go as he pleased. When I would ask him what he was doing or where he was going or when he was coming home, it was none of my business." They were married in 1947.

An apartment figured in his biggest movie success—he won an Academy Award nomination as the best supporting actor last year for his portrayal of the doctor in "The Apartment."

Suicide Bullet Zips By Couple

SAN ANTONIO (AP) — After killing a real estate salesman, a pistol bullet smashed through the wall and narrowly missed a couple from Mexico Monday night.

The shot struck Grady Bruce, 35, in the chest. Police found his body in a chair. The inquest verdict was suicide.

Officers said the bullet zipped across the bed of Mr. and Mrs. Diego de la Spada and would have struck one or both if the couple had not been sitting up to read.

The metal slug passed over their pillows and dropped in the middle of the bed.

Junior Editors Quiz on INJURY

QUESTION: When you are bumped why does the bruise swell?

ANSWER: If you've ever fallen or been accidentally hurt, then you know what a bruise feels like. It isn't the same thing as cutting yourself or scraping a knee so that the blood comes through a break in the skin. In a bruise, the skin is not broken. But the injury still brings the blood to the skin. The area becomes tender and there is pain at first. The bruise is reddish in color at this time. Then it begins to change to a dark purplish mark and gradually fades away through shades of green and yellow until it disappears. The swelling is due to the concentration of blood at the place where the bruise occurred. In taking care of a small bruise, ice packs can help relieve the pain. Time will take care of the mark. But if bruises are serious and cover a large area, they should be treated by a doctor.

FOR YOU TO DO: Get a book on first aid and learn how to take care of minor injuries. There are many you can treat yourself if you know about them.

Army Expects Gripes, And It Gets Plenty

By RALEIGH ALISHROOK

NEW YORK (AP)—Complaints of poor morale and supply shortages are arising at some of the camps where National Guard and reserve units have been called back into service.

As during World War II and the Korean War, the military is being accused of using "hurry up and wait" tactics—hurrying men into uniform and then not being prepared for them.

A teacher writes that much of his time is spent picking up cigarette butts and leaves.

Rickety barracks stripped partially of equipment are reported being used in another camp. Still other units have issued only solitary non-operation weapons.

Has the military actually let down the men it called back to the colors or are the complaints as draft director Lt. Gen. Lewis B. Hershey commented, simply the traditional griping of soldiers?

If any Army unit ever did anything without griping they'd either be lying or mutes," Hershey said. Secretary of the Army, Elvis J. Stahr Jr. told a news conference Monday that he feels the mobilization had gone "exceedingly well."

He said that, on the basis of inspections and reports from reserve unit commanders, "the morale of the overwhelming majority of individuals called to duty is high."

"We have received only a few more than 1,000 letters of complaint throughout the Army," he said.

Pentagon sources say that out of 110,000 Army reservists and Guardsmen called back, less than 1 per cent have put in complaints. This estimate, the sources said, was based on letters and other communications received at all Army levels.

Maj. Gen. William H. Harrison, president of the National Guard Association, said "the griping of a few individuals" is casting a shadow upon the patriotism and spirited response of the Guardsmen and reservists.

"These complaints, in some instances," he said, "are from men who have already served on extended active duty and resent a second callup when so many of their friends and neighbors have performed no military service."

He said there should be changes in the law and policy.

The matter reached a climax last week when President Kennedy devoted a part of his news conference to answering critics.

The President, whose own record includes being wartime service in the Navy, took particular note of complaints about Ft. Lewis, Wash.

He said the men there may be serving in a cold and windy camp, but they "are rendering the same kind of service to our country as an airplane standing at 45-minute alert at a SAC base in Omaha is rendering."

"We call them in to prevent a war, not to fight a war."

It is natural for the men to be

Es Are Given For Haircut

PERRY, Ga. (AP)—That much discussed docket haircut caused young Stanley Sorrells to fall in every subject at Perry High School.

The senior had been doing all right scholastically until the question of hair styles arose. His father, Mrs. Walter C. Sorrells, said Monday.

His teachers told him that he had passed on right. They said they had to give him Fs because he was suspended from school for 10 days.

Stanley was suspended for refusing to obey a school order, not to wear a ducktail.

His father went to bat for what he said was his son's "basic American right to comb his hair as he sees fit," and brought suit against four school officials. It was dismissed in Superior Court on a technicality.

The elder Sorrells now has pending before the State Board of Education an appeal seeking to bar the Houston County School board from making rules on hair-combing.

Trujillo Group Going To Spain

MIAMI, Fla. (AP)—Four members of the family of Generalissimo Rafael Trujillo, the assassinated dictator, made plans to visit Spain.

It was reported that Orlando Trujillo, his wife and daughter, purchased one-way tickets to Madrid aboard Guest Airways, and are scheduled to leave Friday.

Nehru Says Frontier Is Threatened

By R. SATAROPAN

NEW DELHI, India (AP)—Communist China has threatened to invade India's northeast frontier if India does not halt military activity in border territories more than 1,000 miles to the northwest, Prime Minister Nehru told Parliament today.

"Obviously," Nehru told a questioner, "if that is done, we shall be going to deteriorate."

Nehru said Peiping in a letter received Dec. 2 complained that India was "stopping up" military positions and building new posts in the disputed Ladakh area of Kashmir and also in such areas as Bara Hail, in Uttar Pradesh State, west of the Tibetan border.

He said the Chinese hinted that some members of the 11th Reconnaissance Wing, now based in Paris, were just sitting around with nothing to do.

Pentagon officials blamed the air traffic control problems, and said discussions were under way with French authorities to clear up the situation.

Rep. R. Walter Riehlman, R-N.Y., also complained about conditions in Phalsbourg, France, where two National Guard air units were sent.

On a visit, he said, he found they had legitimate complaints about food, living conditions and mail service.

Reporter Jack Foiese of the San Francisco Chronicle visited Ft. Ord in California and said troops were spending their time waiting for equipment, listening to old lectures, seeing old training films and "manicuring" their barracks areas.

One soldier said that all he had done was paint numbers on walls and posts.

Despite the criticism of some camps, reports from other military installations indicated few complaints.

In Kansas, for example, Sen. Frank Carlson, R-Kan., said facilities were excellent.

At Ft. Stewart in Georgia, about 1,400 members of National Guard and reserve units have been processed and are being trained. Conditions were reported adequate.

Art Lover Catches Museum With Painting Upside Down

By ANDREW MEISELS

NEW YORK (AP)—Genevieve Habert, a French-born art lover, has caught the Museum of Modern Art in an artistic faux pas.

For 47 days the museum has been hanging an Henri Matisse picture upside down. Museum assistants admitted their mistake Monday and turned the picture right side up.

The picture in question is a simple cut-and-asted gouache of a sailboat and its reflection. Coincidentally, it looks pretty much the same one side up or the other.

Bus Service Is Still Out

ROCHESTER, N.Y. (AP)—This city's bus service is expected today to make the best of a Christmas shopping season without public transportation. They already have been without bus service for 35 days.

Striking drivers and mechanics of the Rochester Transit Co., in a 47-1/2 vote Monday, rejected what the company said was its final contract offer. It was reported that the drivers and mechanics were offered a 15-cent wage increase over two years and added fringe benefits.

The union, Local 382 of the Amalgamated Association of Street, Electric Railway and Motor Coach Employees, had asked a 19-cent raise and broader fringe benefits.

Drivers got \$2.31 an hour and mechanics \$2.09-\$2.46 under the old contract.

Comedian's Wife Asks Separation

LOS ANGELES (AP)—Comedian Stubby Kaye was sued for separate maintenance Monday by his wife, Joan Anne Kotzin. She charged Kaye with the real name of Bernard S. Kotzin, with cruelty.

They were married last April and separated Nov. 13.

Await Autopsy In Mrs. Cabot's Death

BOSTON (AP)—Results of an autopsy were awaited today to determine what killed Mrs. Elizabeth Cabot, 83.

The body was found Monday in a vacant apartment above her Beacon Hill home.

Mrs. Cabot was the third wife of Hugh Cabot III, socially prominent artist who lived for a time in Free-Station, Tex.

A note found at the Cabot home said Mrs. Cabot was going "out to pray."

Monday the matter was brought to the attention of Monroe Wheeler, director of exhibitions, who had selected the 40 gouaches shown at the museum.

A gouache is a painting with opaque colors which have been ground in water and mingled with a preparation of gum.

Wheeler went to the picture, looked at it and gasped, "Oh, no."

Less than two hours later, the mistake was corrected.

Mrs. Habert said today she was delighted that her efforts had not been in vain.

"I'm sure I'm not the only one who sensed something wrong in the picture," she said. "But most people, when they come in against official inertia, are afraid of being laughed at. 'I'm not.'"
