"Birds In Their Little Nests Agree, Why, Oh, Why Can't We?"

Darling little quotation, isn't it? Obviously, though, the author had never been around any baby birds...or grown ones either!

Anyone who has ever seen a nest of baby birds has witnessed some of the most aggressive sibling rivalry in existence.

Crammed into a tiny cup of grass, sticks or mud, the tiny little baby birds push, shove, quarrel and do their best to be the only member of the family to get anything to eat. When mom or dad comes sailing in with a mouthful of tasty worm, bug or fish (depending on the kind of bird), a fight erupts that would put a wolf pack to shame!

Some little birds will even shove their weaker brothers or sisters out of the nest. The only thing baby fledglings agree on is that they are all hungry, all the time.

Adult birds aren't a lot better.

Look at the amazingly aggressive little hummingbird. A classic example of big belligerence in a minuscule body, they dart around fighting any and all comers, not only among themselves, but challenging wasps, bees, other birds and even passing humans!

One will frequently sit on a feeder or blooming plant, squeaking tiny hummingbird profanity at others whenever they appear, and flying right into them. The audible swish of feathers as they clash is startling.

Blue Jays, a lovely bird with the temperament of an ax murderer, will raid the nest of other birds, killing and eating infants and eggs alike. If that doesn't do they can fight each other, screaming, scratching and flogging one another in mid air.

They even resort to killing baby squirrels if they come upon a nest.

The birds of prey, the hawks, eagles and other majestic large raptors, have earned their name by being superbly adapted to catching everything from huge Salmon down to grasshoppers. And within their nests the same overwhelming goal exists...the drive for food, no matter at whose expense.

Ducks, chickens, all the fowl resort to "foul play" (Ohhhh, I can't believe I said that) when it comes to food, a mate, or anything else they want to obtain. Where did the expression "pecking order" come from? Take a guess.

At any rate, the little poem is charming. It conjures up visions of tiny birds chirping happily, gladly letting little sister have the coming morsel of food, and growing up in perfect harmony. Hardly!

Perhaps it would be better to say:

"Birds In Their Little Nests Do Fight,
You Never Saw Such a Greedy Sight,
To Get Along, Don't Imitate Them,
Or You Will Be...Out On A Limb!"

Small Town Sales Tax Down, Cities Up

State Comptroller Bob Bullock said Monday that monthly payments to cities and counties that collect the local sales tax were up again in September.

"Once again, as in the last several months, the state's rebates to cities and counties have shown a marked increase, demonstrating that the Texas economy continues to expand," Bullock said.

Bullock's office sent checks totaling \$67.8 million to 895 cities that collect local sales tax at either one or one and one-half percent.

Statewide, year to date payments to cities are up an impressive 12.1 percent, Bullock said.

Checks totaling \$30.5 million were sent to six metropolitan transit authorities and one city transit department which also are funded by the sales tax. This allocation was up 17.4 percent over the same period in 1987.

Checks were also mailed Monday to 81 counties that collect the one-half percent county tax, Bullock said.

Bullock noted that the top five cities receiving rebate revenue showed impressive gains.

"The major metropolitan areas continue to surge forward as consumer confidence mounts," Bullock said.

Locally, Blossom received \$608.13 for this pay period, bringing total 1988 payments to date to \$13,285.84. This marks a 7.26% increase.

Deport received \$537.90 for this period, bringing total payments to date to \$9,089.57 for a 4.87% increase over last year's payments for the same period.

Paris received \$173,187.86 for a

6.78% increase over last year.

Bogata received \$1,156.12 for this period, bringing total payments to date to \$19,132.15, marking a 7.44% decrease from last year's payments to date.

Clarksburg received \$14,648.38 for a 7.83% increase while Detroit received no payment this period. Total payments to date are \$9,588.08 for a 63.46% increase.

Mt. Pleasant received \$80,797.77 for this period for an 8.07% increase. Talco received \$1,269.03 for this

period bringing total payments to date for 1988 to \$18,309.92 for a 33% decrease from the same period last year.

Houston's year to date allocation was up 20.1% over 1987. Dallas saw an increase of 9.3% and San Antonio received 9% more. Austin and Ft. Worth posted gains of 7.7% and 8.7%.

Some of the money raised will go towards the expenses of supplies being used to make signs for Rebels and Rebellees with their uniform number on them to place in their yards. The club also makes signs each week to put on the side of the road so the athletes know they are being supported even at out of town games. Some businesses have shown their support by letting the club paint messages on their windows.

If you have a child in Talco or Bogata Junior High or at Rivercrest who is in any athletic sport and you want to help with the bake sale, please feel free to do so. The project committee of the club will try to contact everyone involved but it is usually impossible to do so. Everyone interested in helping is asked to bring baked goods or donations to either location.

This club includes all three schools. It is not a competition between two towns with Rivercrest in the middle. It's purpose is to support the main products of the towns, the kids. Please come out and show the kids you support them, win or lose.

An important accessory for the portable generator owner

Portable generators are convenient during power outages, but they can be dangerous if they're not installed according to standards of the National Electrical Code.

Improperly installed generators backfeed into the power lines leading to your house and energize seemingly dead lines. This creates a hazard for linemen trying to restore service and to others who might come into contact with a line lying on the ground.

The generator itself can even be damaged when power is restored if the generator isn't properly installed.

If you have a portable generator, please make sure that it is installed properly. If you have any doubts, don't risk a life by using it.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 8, 1988

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

Rivercrest Suffers Defeat

By Gary House

"Perhaps it was the band", quipped Rivercrest Rebel Coach Terry Tidgens, as he attempted to explain the 41-13 shelling of his charges by a Mt. Vernon Purple Tiger squad which by all prognosticators was not that much better than his Rebel squad. The Rebel mentor was referring to the appearance at the game by the Southern Methodist University marching band, whose performance delighted the large crowd.

The Rebels lack of concentration was evident throughout, as they continually hurt themselves with costly mistakes. Fumbling the pigskin seven times, the Rebels lost five to the Tigers; four Tiger recoveries were converted to touchdowns. Other costly Rebel misdeeds included the failure to field a free ball on a kick-off, and a pass interference call (although

questionable), on a fourth down and eight situation late in the first half, which gave the Tigers a first and goal at the Rebel two, and permitted them to score their third touchdown, to take a 20-7 halftime lead.

"Hopefully, we got our quota of fumbles for the season in one game," said a melancholy Giddens. "We did learn what a mental letdown will lead to; as a result this game will help us in the remainder of the season."

Despite the lopsided score, there were some noteworthy aspects of the Rebel play. Chief of these was the 82-yard kick-off return by junior Jeremy Abshire midway through the second period. The agile sprinter spotted a crack created by the blocking of his teammates, squeezed through it and raced the distance untouched. David Stansell added the extra point, to bring the Rebels back into the contest, trailing by only one touchdown.

The Rebels only other score came long after the outcome of the game had been determined, late in the final stanza. The sustained drive of 80 yards was spearheaded by three completed passes. The Rebel ground game was not effective, as all rushers combined for a total of only 106 yards.

An eleven yard slant-in pass from quarterback Bradley Woods to junior split-end Clint Tidwell, was followed by the halfback option pass from sophomore Shane Beers to Woods, good for 15 yards.

Fullback Marcus Savage added another 22 yards on the drive with three carries. Woods then found sophomore tight-end Jeff Bagley on a 19-yarder to the Tiger 11. After Beers eight yard run, Woods scored from the three, with 1:40 left to play in the game. Game statistics reveal the Rebels' fruitlessness. The Rebels had only four first downs for the night, the initial one coming midway through the third period. Total offense was only 163 yards. The Tigers had a total of 296 yards.

Giddens had praise for his offensive line play. "They made the holes, but our backs didn't hit them," he said. Giddens singled out junior Joe Webb and senior Chad Parrish for their blocking. "Our defense was on the field too long," added Giddens. "They were able to wear us down."

Asked about injuries, Giddens remarked, "Our pride was hurt the most." Physical injuries from the game include a severely twisted ankle to cornerback Justin Roach, which may impede his play this week. Also, Scooter Brown is still hampered by a toe injury, but he is available for limited action.

The Rebels, now 0-3 on the season, will travel to Maud on Friday night, to face a highly ranked Class A squad. Maud lost to Redwater last week 32-0, but were without the services of their leading rusher and linebacker. Game time is 8 p.m.

The Junior High and Varsity Rebels will play at home on Thursday night. Last week, the JV unit lost a squeaker to Mt. Vernon, 8-6.

The Rebel Athletic Booster Club will sponsor a free watermelon cutting between the junior high and junior varsity game Thursday night. All fans are invited to attend. At this time, memberships in the club, which support all athletic activities in the district, will be available. Cost of membership is \$3.00 per person.

The Junior High game Thursday night ended in a 18-8 score with Mt. Vernon winning the game.

NOWHERE to go for a Purple Tiger in the middle of a host of

Rivercrest Rebels Friday night. "The Rebels lost the game, but

our pride suffered the most," was Coach Giddens comment. (Staff Photo by Gary House)

REBEL Lafayette Brown picked up yardage in last Friday night's

game at Mt. Vernon. The Rebels plagued with misques, lost to

the Tigers 41-13. (Staff Photo by Gary House)

Rivercrest Booster Club Meets

The Rivercrest Booster Club met Monday, September 19. A watermelon supper was planned for Thursday, September 22, beginning at halftime of the junior high football game at Rivercrest. This is for everyone and a membership drive will begin at this time. Anyone can be a Rebel

Booster Club member by paying \$3.00 for membership dues. Please come out and support the junior high and junior varsity teams versus Maud and enjoy the watermelon supper Thursday, September 22. Rivercrest varsity will play Maud there Friday, September 23.

Beef Tour Announced

The Extension Beef Committees of Delta, Lamar and Red River Counties will be sponsoring a day long tour Tuesday, October 18. The tour will consist of all beef and wildlife operations on the Broseco Ranch. The Broseco Ranch consists of some 44,000 acres near Omaha. The ranch is primarily a cow-calf operation, maintaining around 5,500 mother cows annually. Tour stops

will include sorting, working facilities, cattle and other topics. The Broseco also has a very modern intensive grazing system and its second year on part of the place as well as a sizable wildlife program. Tour participants will travel by chartered bus leaving from Paris and stopping at Bogata enroute to the tour site. The cost of the tour to include a noon meal will be approximately \$15. Anyone interested in attending the tour should contact Lynn Golden, County Extension Agent, at 201 W. Comanche in Clarksville.

ROSINE LEFFEL has been chosen as this week's Band Student of the Week at Rivercrest High School. Rosine is the daughter of Raymond and Shirley Leffel of Johtown. This year will make seven years she has been a band member. She plans baritone as well as many other instruments and is a senior. (Staff Photo by Mollie Williams)

A Spare Gran Dad

By Shooter Dabney
(Reprinted with permission of the Haskell News, Haskell, TX.)
I visited with my ten year old grandson, Jay Hancock, this week who lives with his Pa-Pa and Me-Ma in the east Texas town of Bogata. For a man approaching 70, this could be dangerous to my health. Ten year olds have more stored up energy than a steam locomotive. They are also known to open the valve and let off pressure. This little guy woke me up at break of dawn and said, "Grand-Dad, lets take a ride on my Honda four wheeler before Pa-Pa gets up." All grown-ups should know better than to mount that machine of destruction, but no, not me. I'm not going to let this kid know my age.
We mounted Me on the rear and a ten year old at the throttle. Add this all up, and you have an accident fixing to happen. Through those tall East Texas Pines we flew. Do ten

year olds go over the stream culverts? I should say not. No Siree. Right through the water. I've rode bucking horses, caught freight trains, fell off bucking bulls, but nothing like the ride I was taking.
Someone must have been riding with us, as I escaped unscathed, but definitely shaken. Our day after this included eating pizza, bowling, "Oh my poor back", pool game, miniature golf, jumping on trampoline. Don't these precious little monsters get tired? Then before bedtime he wanted to wrestle. That's adding insult to injury.
Jay has two Grandads. Grandad Shooter and Pa-Pa Bob. He told us before bedtime it was nice to have two Grandads so he would always have a spare. I'll let you in on a secret, this spare was worn out and flat. I finally got up enough energy to make it to our bedroom. Now, for a good

night's sleep. WRONG.
Somehow this Little Demon slipped into my bed, and under the cover. "Grandad, tell me a scary story." If you think you have no competition in this department after the horror stories on TV, try telling him about "The Three Bears" and "Little Red Riding Hood". No way, Hosea. You don't have his attention. It was finally sleep time. We said our goodnights, then I turned on my side. In a low voice I heard my grandson say, "God, this is Jay. Please let my two Grandads live as long as I do. They are a lot of fun and take care of me. Bless Me-Maw for putting up with all of us. Gotta go now, God, and get some sleep. Grandad wakes up early and wants to play."
(Leonard "Shooter" Dabney is the guest columnist for the Haskell News and lives in Rochester, TX.)

BILL THOMPSON of Cuthand caught this 22-inch Rainbow Trout from the San Juan River in Pagosa Springs, CO while he and his wife, Mildred, were vacationing this summer.

DANIEL LEE won the Celestial National Finals Pageant for Most Handsome, Personality and Formal Wear and Best Pro-Am Model for 1988-89. Parents are James and Keyewhinia Lee of Bogata. Grandparents are

Mr. and Mrs. Willie Lee of Bogata and Mr. and Mrs. R.D. Dugger Jr. of Fulbright. Grand-grandparents are Mr. and Mrs. Herman Belcher of Cuthand and Mrs. Ruthie McNabb of Blossom.

Earth-Eating

Some people eat earth—and not just in times of famine or because they're crazy. In some societies, it's normal human behavior, primarily in Africa and Central America.

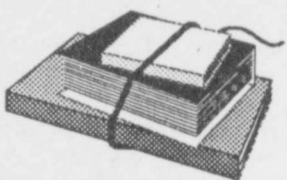

Why people eat earth is rooted in religious beliefs, cultural traditions, medicinal practices, and physiological needs.

What earth-eaters consume mostly are fine white clays such as kaolin—not gritty, organic dirt.

More Amish Coming To Texas

New communities of Amish, known for their horse-and-buggy image, are coming to Texas and may partially or altogether replace widespread illegal alien labor. The hard-working Amish could fill in the gaps in dairy, poultry and livestock industries as it becomes more difficult for Hispanic immigrants to stay.

Professional Rodeo Returns To Red River County

By Cindy Allen

It's probably been 20 years, or more, since Red River County citizens have been given the opportunity to see a PRCA (Professional Rodeo Cowboys Association) rodeo. Since Clarksville, TX hosted a PRCA rodeo in the early '50's, there has never been another in the town of Clarksville, or in the whole county.

And this year marks the return of a family tradition, in that when the original PRCA (then RCA) rodeos were held in Clarksville, they were produced by the late Burr Andrews of Clarksville. This year's PRCA rodeo will be produced by his son, Sammy, co-owner of the Andrews-Wing Rodeo Company, based in Clarksville and Bogata. The Wing part of the Andrews-Wing is Jerald Smith of Bogata, a name most familiar in this area with top-notch rodeo production.

As Clarksville, TX is the fifth pro-rodeo on the Andrews-Wing tour in 1988, many top cowboys and cowgirls are expected to enter the Clarksville rodeo, like Roy Cooper of Durant, OK, Wacey Cathey of Big Spring, TX, Byron Walker of Ennis, TX, Tom Ferguson of Anthony, FL, Roy Duvall of Checotah, OK and Jimmie Munroe of Valley Mills, TX, who have all competed at prior Andrews-Wing rodeos thus far this year.

And why do these competitors choose Andrews-Wing Rodeos to enter? Because of good production, good money and because of the good livestock.

At Amarillo, TX just two weeks ago, only one bull was qualified on in competition. This doesn't happen very often. And this feat, in itself, speaks more highly of the bull herd than newspaper copy can possibly put into print.

Look At The World Around You This Weekend

The heralded stock of the Andrews-Wing Rodeo Company has been seen nationally at the Houston Astrodome,

the San Antonio Livestock Show and Rodeo, at the Denver National Western Rodeo and many other places in the rodeo world.

With all the "trimmings" the Andrews-Wing Rodeo Company has to offer cowboys, as well as spectators, Clarksville can be assured of seeing the finest rodeo held in many years in this area.

Performances are September 23-24 at 8 p.m. nightly. The Clarksville rodeo will take place at the Clarksville arena, east of town, and is being held in conjunction with the Red River County Fair. Admission is \$4.00 for adults and \$2.00 for children. PRCA Gold Card holders will be admitted free on Saturday night.

Specialty acts will be presented by PRCA members Bill Shaw and Larry Redmon.

Don't miss your chance to see one of the finest rodeos in East Texas, right here in Clarksville!
