President Frances Bell

Mt. Gilead Baptist Observes Annual Women's Day

Sister Frances Bell, a life time member of Mt. Gilead Baptist Church and newly elected President of the W. M. U., would like to invite all of their members and friends to come and share a special day with them. It is the Annual Women's Day at Mt. Gilead Baptist Church. Theme for the day will be "Love, A Fruit Always In Season." I John 3:11.

The newly organized Janie Roberts Circle will present a play called "Emergency." Those who will miss this play, will miss a treat.

Also come and see the young women in action. This is something we all can benefit from in this day and

time.

A reception will follow the program on Sunday, July 15,

1990 at 3 p. m.

Sister Frances Bell,

General President; Rev. G. E. O'Neal, Pastor.

Judge Woodward Rules In Favor Of Intervenors

"I'm very happy," said a very happy Olga Riojas Aguerro, one of the intervenors, after hearing the ruling by Judge Halbert O. Woodward in his decision last Tuesday afternoon.

In a memorandum order, Judge Woodward said: "It is the judgement and order of this court that the Lubbock Independent School District construct its new junior high school within the confines of the original decree agreed by both parties.

This location, according to Mrs. Aguerro, is located basically between 19th Street south; Clovis Road north; Avenue Q east; and University Avenue west.

According to the order, this is a final judgement on all contested issues now raised by the proof and the pleadings of the parties.

In this ten square mile area, it is apparent that there are the required number of students living in this area to maintain a junior high school.

Mrs. Linda DeLeon told the press that she will wait and see where the Lubbock

Independent School District will build this new junior high school, which will be equivalent to the newly constructed Ed Irons Junior High School in southwest Lubbock.

This is the results of a Consent Decree which was entered by the Court which was executed and agreed to by the parties.

This was the only issue in the case before the Court which concerned the location and the construction of a new junior high school by the Lubbock Independent School District (LISD). The LISD and Intervenors had been unable to agree on such a location.

"It was well overlooked for long time, and Linda DeLeon needs to be applauded for what she has done," said Mrs. Aguerro.

Other intervenors include: Felipa Nettie Gloria, and Maria Chavez Richardson.

CENSUS '90

This is Our Chance!
Answer the Census.

Miss Monica Simone Pendgraft

Estacado Student Selected For Who's Who

Miss Monica Simone Pendgraft, daughter of Linda Henderson Pendgraft, was selected and included in the 1990 Edition of Who's Who of Outstanding High

School Students in America.

Miss Pendgraft has been a consistent honor roll student from the seventh grade to her present junior year in high school.

She has a keen interest in the development and

training of young people, and has an active involvement in the Youth Department of Lyons Chapel Baptist Church.

These interests have inspired her to pursue a career in the teaching of special education.

Monica plans to enter college after graduation from high school and majoring in the field of Special Education and Child Development.

Census Activity Continues

Although most people believe that activity for the 1990 Census is complete, this is far from true. A field operation called "Post Enumeration Survey" is being conducted in which 2,000 interviewers will call on 150,000 addresses that are counted earlier in the Census process. They compare the answers that they receive with those that were given earlier. These figures are used to measure the completeness of the Census.

The "Vacant-Delete" operation has enumerators calling on addresses that originally were listed as vacant or as non-existent, duplicated, converted to business or other non-residential uses or to make sure no one lived there on April 1, 1990.

Another operation known as "Failed Edit" has interviewers contacting addresses and having residents complete questions that were not answered on the original form that they returned.

By December 31, 1990 the total of housing and population figures must be delivered to the President of the United States. These

data are used to determine how many members of

Congress each state will have.

Farmworkers Seek To Claim Land After Farmer Breaches Contract

Two farmworkers are seeking to foreclosure on land they worked on last year in a suit filed by Texas Rural Legal Aid on June 22, 1990 in state court in Muleshoe. The farmer who owns the land did not pay the workers minimum wage or fulfill other promises he made to them when they worked for him last year in the Muleshoe area.

"The workers were paid one to two dollars per hour, on average," TRLA attorney Milo Mumgaard said. "They worked continually, led on with promises of payment that never came. They were unable to support their families, yet the farmer was doing quite well by all appearances."

One of the hands lived in a house with no running water, and at times no electricity or heat during the winter. The farmer refused to pay the bills, even though

he had promised to do so. The workers were finally forced to quit, and came to TRLA for legal assistance.

TRLA filed a worker's lien on the farmer's property in order to force him to pay the workers. "He treated our claims with a lot of disdain, so now we're foreclosing on

the very land the workers worked on," Mumgaard said. In addition, TRLA is filing a suit claiming the farmer broke the law by not paying minimum wage for all hours worked and breached his contract with the workers.

"This is the first time in our

knowledge that a farmworker has ever sought to collect damages for his suffering not only by putting a lien on the property but foreclosing on it -- taking it away," Mumgaard said. "This is a bold move by the farmhands, but a just move."

RUBY JAY'S CORNER

Services were well attended last Sunday morning at New Hope Baptist Church. It all began with Sunday School at 9:30 a. m.

During the devotional period, the Deacons were responsible for the morning devotion at 10:45 a. m.

Morning services began at 11:00 a. m. with everyone at their post of duty.

It was another marvelous day of service, and we thank God for having an opportunity of worshipping God.

Let us continue to pray for and visit our sick and shut in members of the community as well as those families who have lost loved ones. Among them this week are the David Sowell, Jr. and Tom Hasting families.

The twin sister of this writer, RUBY JAY, of Morgan, Texas and her two daughters, Mrs. Anna Booker of Crawford, Texas and Mr. & Mrs. Ezell McDowell of Claburn, Texas were here for the weekend to

visit their cousin, Clarissa Jay.

They enjoyed their short visit to Lubbock.

Chantell Jay and Johnice Harris flew to El Paso, Texas last week to attend a pre-registration conference for college at University of Texas at El Paso this fall. They had an opportunity to stay on campus and had a great time.

FACTS & FIGURES

On July 19, 1989 a United Airlines DC-10 crashed in Sioux City, Iowa, killing 112 people. A reward was offered to anyone who could find a key engine part, a rotor fan disk, believed to be connected to the cause of the crash. That part was found by Janice Sorenson on October 10, 1989, who received \$120,000 as a reward.

The Sorenson family decided to give half of the \$120,000 reward to charity, with \$15,000 designated for the Shriners Burns Institute in Cincinnati, Ohio. That's just one of many examples of donors whose charitable giving have made it possible for Shriners Hospitals for Crippled Children to provide free medical care to tens of thousands of children each year.

Because of the support of many donors, Shriners Hospitals have been able to provide some of the finest medical care in the world to over 400,000 crippled and burned children without ever changing the children or their families.

Education For The Chosen Ones

By School Trustee
Linda DeLeon

Lubbock Independent School District's attorney, Brad Crawford, submitted a brief last week stating that the LISD refuses to build a junior high where the concentration of students reside.

It is obvious by what is written in the brief that we have a school district that believes that there are students and then there are minority students.

The next two paragraphs are taken directly from LISD's brief. pay special attention to the last 14 words in the first paragraph and all for the second paragraph.

1. The bottom line is that the intent and purpose of LISD is to build a junior high school "as close as practicable to where a majority of the students reside" which was the intent of the parties and the Court in executing and entering the court decree of 3/2/88 and still serve the present and future needs of the school district in operating an efficient now segregated school system.

2. These same individuals will be heard to complain that not enough funds are being spent in educating their students and financing their pet programs and projects.

These two paragraphs clearly show the mentality of the school district. They will not claim minority students except when using the often used word "their students".

It comes as no surprise that the LISD refuses to build a junior high school. According to Brad Crawford's brief, minority students, and all those who reside in Central and East Lubbock, are 2nd class citizens and constant complainers.

Shouldn't we demand that the LISD state what our pet programs and projects are? Could those pet programs and projects be pre-kindergarten, full-day kindergarten, free or reduced lunches, bilingual, resource or migrant programs, writing to read labs, New Directions, Wings or TAPP? The school attorney repeatedly used the words "their students". It's plan to see that the LISD refuses to represent and educate ALL students, especially minority students. We have a school system that has different standards for students, depending on what color they are and where they reside.

All of us who live in Central or East Lubbock and who pay school taxes support what was written in LISD's brief unless you call and voice your disgust about what the school attorney stated. To say nothing is the same as approving. If you're as angry as I am, call the President of the School Board, Bob Craig. His work number is 765-7491; Home 794-3798. Do not allow this to go unanswered.

CRAZY HORSE

Stephen C. McIntyre

When are we going to get a perfect candidate to run for office? A superhuman without skeletons in their closet. A person who always says the right thing, looks good on TV and can leap tall buildings in a single bound. When?

Well, it ain't going to happen and never will. I am not sure that such a politician, or person, exists. It seems to me that we should start looking at the issues and what the candidates will do to address those issues instead of seeing who can run the biggest smear campaign or look best in a beauty contest.

The issues are just too important to ignore. The maintenance of an effective democracy demands that we

debate the issues and that the will of the people truly be reflected in the results of the election. Otherwise, we are going to continue to have growing disenchantment and distrust between the people and our government.

DEAR DIALOGUE: Test yourself with this Quick Dialogue Quiz on the subject of physical fitness.

True or false?

- A. Arnold Schwarzenegger says young America is in sorry shape, physically.
- B. A person has to do strenuous, uncomfortable and stressful exercises to derive much benefit from them.
- C. Loss of physical fitness is a normal consequence of growing older.
- D. Aerobic exercise requires abrupt bursts of energy, which result in increased carbon dioxide in the blood.
- E. Thanks to the American secondary school system, many millions of youngsters are required to exercise daily.

Answers:

- A. True. Of Americans from kindergarten age to second grade, 40 percent have at least one heart disease risk factor linked to poor physical fitness. Schwarzenegger is chairman of the President's Council on Physical Fitness and Sports.
- B. False. Recent studies show that light, enjoyable activities such as walking work wonders.
- C. False. Research at San Diego State University suggests that inactivity hastens deterioration of wellness in older years.
- D. False. Aerobics like swimming, jogging and dancing pep up the heart rate and circulation without upsetting the blood's oxygen balance.
- E. False. Schwarzenegger says only one state out of the 50 has daily physical education for all elementary grade students.

DEAR DIALOGUE: My friends at school tell me that I shouldn't eat iodized salt or iodine-rich seafood because they cause acne. Is that true?

A.Z., Miami, Fla.

DEAR A.Z.: It's a widespread belief, but apparently it's just not true. The respected Tufts University Diet & Nutrition Letter reports that Dr. Barbara Gilchrest, U.S. Department of Agriculture senior scientist, has observed no more acne among people who ingest moderate amounts of iodine, than those who avoid iodine.

DEAR DIALOGUE: I've got a heel spur and it's weird. It will hurt like heck for a month, then go away for a year, only to return. What's happening?

K.D., Norfolk, Va.

DEAR K.D.: A so-called heel spur begins with a chronic inflammation of a band of fibrous tissue which connects to the heel bone. Over time, this may cause a build up of calcium—an internal spur. Pain may come and go. There are medical treatments all the way to surgery, but a foot doctor may fix your problem with something as simple as a shoe cushion.

Dear H. G.:

Dear L. M.:

Towing services aren't taxable when a wrecker tows the vehicle directly to a repair shop. But if a vehicle is towed somewhere to be stored, and the towing fee is not separately stated on the bill, the total charge is taxable, even if the vehicle is later taken to a repair shop. Also, towing charges are taxable when a vehicle is repossessed.

Books brought for at-home medical rehabilitation programs aren't exempt from sales tax, even if prescribed by a doctor. Books don't meet the definition of a therapeutic appliance or device, which are exempt from sales tax.

Rev. R. S. Stanley, pastor, reviewed the lesson. We thank God for the growth I thank God for the growth in our Sunday School.

At the 11:00 a. m. worship hour, the Deacons started off with a fiery devotion and the Junior & Senior Choirs, being led by the ministerial staff, marched in calling on the power of the Holy Ghost. Rev. Sis. Linda Johnson conducted the altar prayer, and the Lord began to work.

The Junior Choir sung two selections: "If I Ever Needed The Lord Before" and "I'm Going Up Yonder."

Then the Senior Choir sang "I Promised The Lord" and "Yes, Lord."

The Outreach Prayer Breakfast

The Outreach Prayer Breakfast met in the lovely home of Delbert & Dorothy Hood last Saturday morning. It has been a blessing the past four weeks to have the meeting in the home of the Hoods. Victories have been won; faith strengthened.

The meeting opened at 9 a. m. with Sis. Elnora Jones reading the opening scripture, 90th Psalm.

The lesson was taught by Sis. Christine Burleson, president. Her subject was "You Must Be Born Again." Her scripture text was John 3:1-13. There was even opening discussion led by Sis. Burleson.

Nicodemus was a teacher and a member of the pharisees, a group of religious leaders whom

Jesus and John the Baptist often criticized for being hypocrites.

(Matthew 3:7) -- The Jewish religious leaders were divided into several groups, two of the most prominent were the Pharisees and the Sadducees. The Pharisees separated themselves from anything non-Jewish, and carefully followed both the Old Testament laws and the oral traditions which had been handed down through the centuries. But Nicodemus was searching, and he believed Jesus had some answers. A learned teacher, he came to be taught. No matter how intelligent and well educated you are, you must come to Jesus with an open mind and heart so he

can teach you the truth about God. You see he was religious, but he wasn't a Christian. Jesus told that smart educated "dude" you must be born again.

This applies to all who's not a follower of Jesus. You cannot enter the Kingdom of God. God specializes in finding and changing people. We consider out of reach. In Nicodemus case, it took a while for him to come out of the dark, but God was patient with this "undercover believer." Are you afraid of being uncovered or

discovered??? Make an appointment to see Jesus at night. God looks for steady growth, not instant perfection. How well does your present degree of spiritual growth match up with how long you have known Jesus???

Thought: "God is patient, but persistence. If we are available, God can use us. Nice to think about!

Our guest last Saturday morning included: Bill and Wanda Hood, who are visiting from California. We

FROM THE OF
PARSON D. A. SMITH

Leonard Griffith tells a story of "Biding Their Time": Miss Perkin was a little old lady who lived by herself in a large house on a busy street very near the center the city. She dressed in old-fashioned clothing and seemed a social anachronism in both her appearance and manner. How she manicured her garden! Especially in autumn she must have raked fallen leaves several times a day. One thought that she sat near the window and watched them fall and then rushed out to catch them before they defiled her precious lawn. A group of doctors brought the adjacent property with a view to erecting a large medical arts building and having next to it a sizable parking lot. Miss Perkin's house stood squarely in the middle of this. Would she sell? She would not, for any price. In this house she intended to die. So the doctors did not argue. They put the building on one side of her and the parking lot on the other, knowing that nature would take care of the situation and that after Miss Perkin's death, they could name their own price and tear the house down.

Many people feel exactly that way about the church--and old-fashioned institution to be humored and tolerated because it is on its way out anyway. Before long it can be torn down completely to make way for a medical building, a scientific laboratory, a social agency, or even a broadcasting studio. These things, after all, perform the church function more effectively.

How terribly misguided are such people. How vain their imaginations. They are afflicted with the plague of sin and would tear down that spiritual hospital that leads to recovery; poor, and would destroy that which leads to abundant life; wretched, yet inconsiderate of that which is bliss and joy. "I love Thy Church, O God! Her walls before Thee stand. Dear as the apple of Thine eye, and graven on Thy hand."

We Thank God For Jesus

"The Lamb Of God; Saviour Of The World"

Genesis 22:8a -- And Abraham said, my son, God will provide himself a lamb for a burnt offering.

We know from the beginning of Adam and Eve's time. It was the blood of "the Lamb", slain to make clothing to cover their crime.

After their crime in the garden, they covered themselves with leaves, but we believed God killed "a Lamb" and then told them to leave.

(The wages of sin is death; something had to die, even in King David's crime the child did not live.)

"The Lamb was innocence, spotless, without a blemish to its name." But the wages of sin is death, and death did cover the shame.

Romans 6:23 -- For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord.

"We know God forgave the children of Israel, when the blood of Lamb was on the door post." This was a new beginning for the family for they was without hope.

Exodus 12:5a, 6 & 7 -- The Lord said, your lamb shall be without blemish, a male of the first year: and ye shall keep it up until the fourteenth day of the same month: and the whole assembly of the congregation of Israel shall kill it in the evening. And they shall take of the blood, and strike it on the two side posts and on the upper door post of the houses, wherein they shall eat it.

God then sent the death angel throughout Egypt, "Killing all its first born," but when it came to the doorpost with "the blood of the lamb, there was no harm."

Exodus 12:29 -- And it came to pass, that at midnight the Lord smote (killed) all the first born in the land of Egypt, from the first born of Pharaoh that sat on the throne unto the first born of the captive that was in the dungeon, and all the first born of cattle.

We know "the lamb" has been the sin offering, down through the years. It was the first Job to kill it and offer it to God, then he'd forgive.

But then God had a better plan. "It was to sacrifice his only son. It was first mentioned in the book of Isaiah, "unto us a child is born."

Isaiah 9:6 -- For unto us a child is born, unto us a son is given; and the government shall be upon his shoulders: and his name shall be called Wonderful, Counsellor, The Mighty God, The Everlasting Father, The Prince of Peace.

"We know when John saw Jesus, he said, behold the Lamb of God." "He is the Lamb worthy to be slain for all sins. Praise the Lord."

"For God so loved this degenerated world, he gave his son. This was to show the whole world, God has forgiven everyone."

Revelation 22:16 -- Jesus has sent mine angel to testify unto you these things in the churches. I'm the root and the offspring of David, and the bright and morning star.

God is not through with us yet. So let's pray for one another always.

Love, The Lifeline To Perfection

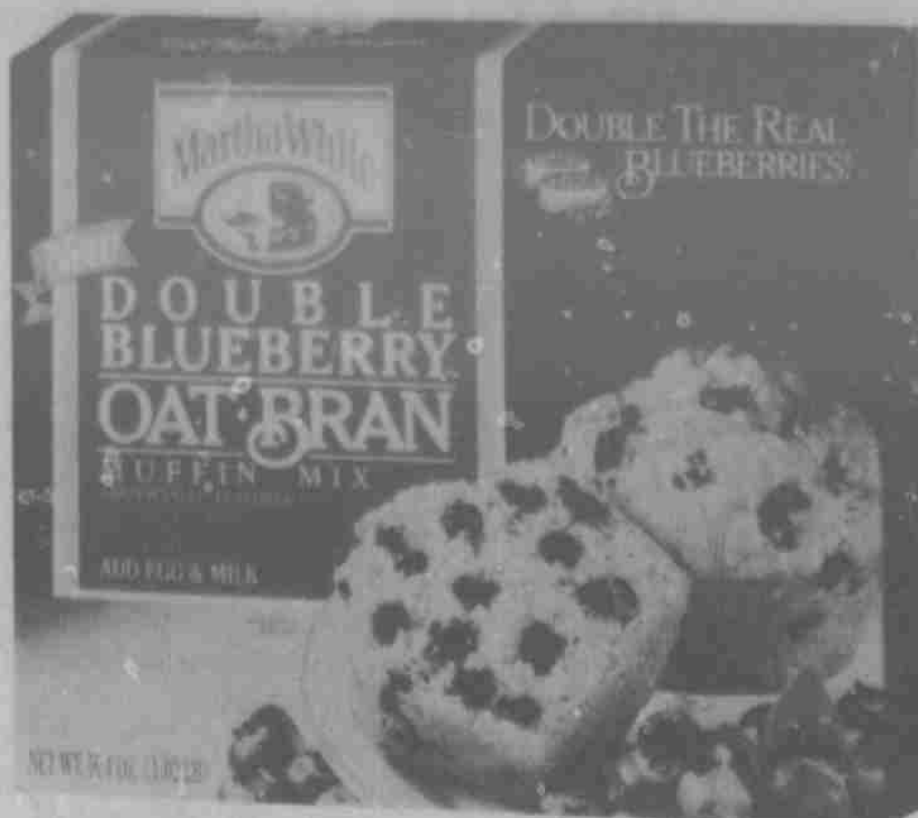

1st Corinthians 13

Love is a vital element within life. It knows that everything has meaning for us: human relationships, work, play, nature, poetry, music and art. We feel completely at one with ourselves and the world, and hence are free to act and experience. We know we have something to give that we want to give, and we want to share. And the world, in turn, has something to offer us. Our capacity to love in an adult way. To give and receive without constraint, is therefore equivalent to our emotional maturity. For then we not only free all of psychic forces, but also employ them actively in our striving for Emotional Comfort. There are different types of love that co-exist. Genuine love is a boundless emotion. The love you feel for one person does not obliterate or negate, though it may at times overshadow, your love for another. Loving a parent does not impede your loving a brother or a friend, a fellow worker or a countryman. Nor does it detract from your love from your mate. The essential feelings are the same toward each of them; only the degree varies. But all your love relationships exist simultaneously as dimensions of your total love capacity. In a certain sense, however, because of man's inherent nature, the love we have for our mate is a composite of the feelings we have had for parents, children, and friends. Therefore, it transcends all other love bonds. Genuine love begins with understanding and accepting yourself. You willingly and cheerfully assume your own responsibility, it gives you a sense of fulfillment. You have respect for yourself, and every other person you come in contact with. You come in contact with. You always have natural good manners. Your love is not just limited to you and your family, your church, your people, it reaches out to humanity period. Good manners reflect your attitudes and feelings; they stem from innate considerations and kindness toward yourself and others. When you really love someone you don't try to make them think just like you do, this includes your own child, and grandchildren, their opinions are different because they are a unique individual. God made them different from you, each of us must realize this, if we are to grow to perfection. Agape love will make us go out of our way to try to understand the other person's point of view. We can experience all the other types of love, and yet it will bring us genuine gratification.

Sincerely Yours in Christ
Annie Day

Martha White Introduces Blueberry Muffins With Double The Real Blueberries

Nashville, TN -- Finally there's a blueberry muffin mix with enough blueberries! Martha White has introduced Double Blueberry Muffin Mix and Double Blueberry Oat Bran Muffin Mix.

The new muffin mixes contain two 3.5 ounce cans of real blueberries packed in extra light syrup. All other brands contain only one 3.5 ounce can of blueberries.

"The Double Blueberry Muffin products were born when our research with consumer focus group revealed that the main flaw found with the existing real fruit muffin mixes is that there are never enough blueberries," said Linda Carman, director of consumer affairs for Martha White Foods. "We decided to change that. And consumer can prepare the double blueberry muffin

mixes anytime -- not just for special occasions -- because the muffins are not as sweet as a cake-like bakery style muffin."

Preparing either of the muffin mixes requires the addition of an egg, milk and the two cans of real blueberries. Each package makes eight large muffins or 12 medium-sized muffins.

For those watching their cholesterol intake, the Double Blueberry Oat Bran Muffin Mix package also includes cholesterol-free instructions which substitute two egg whites and skim milk.

The two muffin mixes weigh 16.4 ounces each and the suggested retail prices are \$1.99 for the original variety and \$2.19 for oat bran.

Free BBQ Dinner Fed Over 1,000

Considering the number of people who received a free BBQ dinner, the 1990 Senior Citizens Juneteenth Picnic was a success. Joe Hatchett, Founder and President of the Senior Citizens Juneteenth Picnic Committee, stated: "This year's picnic was the beginning of bigger and better Juneteenth. We fed more than 1,000 people at Mae Simmons Park and delivered 93 dinners to house-bound senior citizens."

Mr. Hatchett praised the cooperation and assistance rendered by the different churches within the community. He also extended a sincere appreciation and thanks to all the church members who prepared, served and delivered the dinners. "This is the way Juneteenth should be celebrated, with each individual giving a little of themselves towards the enjoyment of the whole community," he said.

Buford Wiley, Vice President, praised the cooperation and support given the committee by the businesses within the community. He singled out the Fiesta, United and 7-11 as being "SUPER" in their support, this includes Willie Stewart and Tyree Woodard. "With their continued support and those individuals who purchased BBQ whenever they see our 'BIG RED BBQ' grill, Juneteenth Celebrations will continue to get better, maybe our Juneteenth will become the 'Juneteenth' within Texas," Wiley said.

Hatchett and Wiley, both feel their committee must continue to improve and better the Senior Citizens Juneteenth Picnic. But with the kind of guys who make up the membership of the committee, nothing is impossible. One thing is for sure, Joe stated: "Next year, we will find some way to cool our tents." More people than ever before were involved in this year's celebration, and we would hate to forget anyone, therefore, our sincere appreciation and thanks to everyone who helped make the 1990 Senior Citizens Juneteenth Picnic a success, Buford made known.

CONSUMER CORNER That's DAT

Sounds like a good idea: a better-than-ever type of tape recorder called a Digital Audio Tape recorder. Actually, report the experts at the Home Recording Rights Coalition (HRRCC), the DAT, as it's called, has been around for a while. Most Americans, however, have not been able to get one and hear its better quality and clarity and crisp digital sound in a conventional cassette tape format because of legal wrangling.

A new form of tape recording can make your favorite music sound better than ever—if Congress lets you get one.

Mighty Clouds of Joy

Mighty Clouds Of Joy Appearing In Lubbock In Concert

For more than three decades the Mighty Clouds of Joy have set the standard for the traditional and R&B sounds of the gospel music industry with the release of 26 albums. They continue to perform more than 200 concerts each year all over the world. Consisting of lead singer Joe, Dwight, Michael, Elmo and Richard, the group has appeared at the White House and several notable functions, and will

appear live and on stage Friday, August 10, 1990 in the Lubbock Civic Theater at 8:00 p. m., along with other local gospel talent. Tickets are only \$8.00 presale and \$10.00 at the door. Alexander Chapel COGIC is sponsor of the Mighty Clouds of Joy Gospel Concert, under the leadership of Elder Lemuel Thuston, pastor; and coordinated by Sis. Emma Bradley. Both express enthusiasm over the appearance of the famous group, noted by fans all over and known for such songs

as "I've Been In The Storm Too Long," "You'll Never Walk Alone," "You Don't Know," "I'm Your Child," and the ABC nomination for a Grammy for "God Is Not Dead." Of course, there are many others.

The Mighty Clouds of Joy have appeared with such artist as Aretha Franklin, Al Green, Andrea Crouch, James Cleveland, and Ray Charles. In short, the Mighty Clouds of Joy are to gospel music what the Temptations were to R&B in their heyday.
