Good News From Hoover

Ford Talks Sense

Quite an Earthquake

How Old Is Man?

Mr. Hoover's "super-galaxy" of business talent reads like a Who's Who in the upper brackets of high finance. Fords, Du Ponts, Rosenwalds, Youngs, Sloans, are listed to tell the nation how to "super trade." The names will inspire confidence, for there are too many to do any actual work together. The President will listen and do something, already money is cheaper, and that is 50 per cent of the battle.

A statement from the White House shows that things can be done when somebody takes hold.

Scores of business and industrial leaders have promised the President to expand construction which means giving more employment "in every prudent direction" to cover any slack in employment.

It is refreshing to read Henry Ford's ideas about "stabilizing and increasing prosperity."

Invited by President Hoover to join the army of advisers, Ford begins by announcing "an immediate increase in wages among his own employees."

He says: "The only thing that should be high priced is the man who works. Wages must not come down, they must not ever stay at their present levels. They must go up."

To that statement, frankly bolshevistic to many gentlemen with plenty of money, Ford adds: "We must see that increased wages are not taken away by increased prices that do not represent increased values."

The eastern earthquake, reaching from Long Island to Halifax, was quite "a trifling incident." Transatlantic cables were snapped in two, three out of four French cables made useless, Western Union and Postal cables also suffering, service crippled. Fortunately, no earthquake can break the atmosphere, and radio messages will always be available.

Millions have studied the puzzle, "How old is Ann?" A few are working another puzzle, "How old is man?"

The learned Henry Fairfield Osborn, head of the American Museum of Natural History, learns that the Equidae, of which the elephant and the tapir are examples, were accompanied on their migrations by human beings as early as the early Miocene times.

Man may have reached the North American continent "many millions of years earlier than is generally supposed."

How old is man?

Adam was said to have been on earth 100,000, then 500,000, then 2,000,000 years ago. Now it runs into many millions of years.

More interesting is scientific proof that the earth will last with men on it here for a thousand million years more. The human race should do something in that length of time, stop war, abolish poverty, hating, swindling and cease devoting its energies to getting money which it doesn't need.

Mayor Walker of New York, who intends to show other cities how to create employment by spending money wisely, on tunnels, bridges, highroads, etc., said: "If this country is not all right, where are we going to move to?"

England is gratified to hear that King's second son, the duke of York, thanks to an Australian specialist, is cured of stuttering, due to physical difficulty.

The young prince is no longer compelled to refer to his father as "K-K-K-King."

Justice rarely 'gets' leading gangsters, gunmen and racketeers. But gentlemen get each other.

The Flanagan family is getting busy.

Joseph has taken his ride in New York. A gun pressed against his side did the work.

Joseph's brother, Thomas, better known as "Turk" Flanagan, was "taken off" some time ago in front of "Yumpsy" Cunningham's door.

A third brother, Frank Flanagan, died in "Death House" because of excitement in that resort, survives. Gangsters kill eath other, sometimes for treason, sometimes for failing to oblige detectives, sometimes for interfering with a "rackket."

Astronomers of Princeton learn that our Milky Way is a sort of United States of the heavens divided into many "star clouds." Our sun, surrounded by thousands of other suns, forms one cloud "only" a few thousand light-years in diameter. A light year is the distance that light travels in 365 days, going at the rate of 186,000 miles a second.

Our Milky Way is made of many "star clouds," as our country is made of many states. A group of star clouds makes one "universe." Many other universes are visible beyond our "galactic system."

One of our neighbors, another cloud, is the Coma Virgo galaxy, 10,000,000 light years away. Think that up.

New Features Added to Annual Poultry Show

Flock Show Expected to Be Drawing Card at Annual County Exhibit

Scurry County poultry fanciers and breeders are putting on their tenth annual poultry show December 5 to 7. Snyder business interests have always assisted in defraying expenses of this show, and it has been open to everyone from any county or state.

This year the show has two new features that are causing much favorable comment. First, the Flock Show with twelve females and male in a spacious pen as a breeding flock will give all visitors a better chance to choose a standard breed and see them to best advantage. Nests, water and feed, etc. make it look more real as a breeding pen. Seven breeds are already entered. Pens are free.

Second, the Trades Day and Auction Sale furnish the best chance of getting your favorite roosters from breeders that know their stock. Turkeys, rabbits or poultry and pets of all descriptions can be brought in and traded or sold or exchanged on the last day. There will be no cost for this service.

Outside breeders from any county are invited to come for their poultry in a truck and bring stock for sale or trading purposes on Saturday, the last day.

The Egg Show promises to be one of the biggest ever held in the county. The home demonstration club members and special poultry demonstrators are planning to make it such. There will probably be many dozens in each class. Last year the money prizes were not all taken up.

Poultry feeding, housing plans, insects and diseases and other things pertaining to poultry raising will be shown. Every man, woman, boy or girl expecting to raise poultry may gain valuable information on Friday afternoon when the judge discusses selecting, breeding pens, mating, etc. Then Saturday is poultry day for everyone whether you show birds or not. Come and trade, buy or exchange your poultry while some of the best breeds and stock may be had.

Howard Dry Goods Co. Starts Sale Friday

Manager Eager Announces Heart of Season Sale To Open Friday

With a full page ad and many thousands of bills Manager C. C. Eager of the Howard Dry Goods Co. is announcing the opening of their "Heart of the Season Sale" tomorrow morning. The full page ad may be found on page six of this issue.

Commenting on the sale, Manager Eager said: "This Heart of the Season Sale comes just when everyone needs winter clothing. We are cutting prices until it hurts just to show you when we say sale, we mean sale. Come expecting lots."

NEGROES IN JAIL

Three negroes are in the county jail following a smash-up Sunday when they ran into the car of Walter Holmes on the north highway. A bottle of whiskey was found near the spot by bystanders who saw the colored boys throw it from their car. They will stand by, awaiting the action of the grand jury.

WINS DAMAGES OF $8,500 IN COURT HERE

Tom Davis was awarded damages of $8,500 by a jury in District Judge Fritz R. Smith's court Sunday. The Santa Fe railway was the defendant in the case. Mr. Davis had originally sued for $30,000.

PIONEER WEST TEXAN DIES HERE SATURDAY

Mrs. A. M. Brooks, 82, who has been a resident of Texas since 1889, died at the home of her daughter, Mrs. J. H. Byrd of Snyder, Saturday morning. Mrs. Brooks, a resident of Abilene, had come to Snyder to visit her daughter. Other surviving children besides Mrs. J. H. Byrd include Mrs. D. F. McKinney and Mrs. B. F. Person, both of Abilene; also two sisters, Mrs. Ann Curry, Prospect, Tenn., and Mrs. J. P. Wilson, Waco. Mr. Brooks died two years ago.

The body was taken to Abilene where funeral services were held at the University Baptist Church Monday, Rev. C. A. Powell officiating. She was buried by the side of her husband in Cedar Hill cemetery.

Friends of the family here will join with the Times-Signal in sincerest condolences to the bereaved family.

More than a dozen Snyder and Scurry County teachers are expected to attend the Texas State Teachers Association convention that opens at Dallas tomorrow.

Celebrate 55th Anniversary of Wedding Here

Mr. and Mrs. J. H. McClinton Residents Here For Past 23 Years

The fifty-fifth wedding anniversary of Mr. and Mrs. J. H. McClinton was celebrated here Monday with a dinner at which the living children were in attendance.

Mr. McClinton was born in Hemstead County, Arkansas, and was 80 years old Nov. 5. Mrs. McClinton was born in Hopkins County, Texas, and was 73 years old October 1.

Eight children have been born to the union, six of whom are living, and include: O. I. McClinton, Gus McClinton, Miss May McClinton, Mrs. J. H. Hannabass, all of Snyder; Mrs. W. E. Galyean, Commerce, Texas, and Mrs. R. E. Norwood of Wichita Falls. Eighteen grandchildren are living, as well as two great grandchildren.

Both Mr. and Mrs. McClinton have lived in Snyder for the past twenty-three years, and on the occasion of their golden wedding anniversary five years ago, everyone of their children was present but one.

Many felicitations from the children, neighbors and old friends were given this venerable and pioneer couple during the Monday celebration which will long be remembered by those so lucky to attend such a remarkable event.

Christmas Will Bring Displays In Profusion

Snyder Stores Getting Ready For Annual Visit of Santa Claus

With Christmas just about a month away Snyder merchants are bending their efforts toward displays that will appeal to the Christmas shoppers.

Elaborate plans are now in the making by merchants to have on display the latter part of the month the largest selection of beautiful and useful gifts that they have ever shown. Regardless of the line of business, when the time comes for these holiday manifestations out come red and gren bells and the paper chains. Many of the stores are already formulating their plans to make their store the most attractive in their history. Every store will be a riot of color with ample selections of gifts.

Despite weather and financial conditions Snyder merchants are anticipating a fine Christmas business and will soon be issuing their yearly invitation to "Shop Early!"

TIMES-SGNAL GETS EVEN WITH MAX ELSER

Last week's Times-Signal told the complete story of the oil situation in Scurry County, correct so far as we could ascertain with exception of an error made in the report of the status of the Guinn No. 3, which correction is made in another part of this issue.

Monday morning bright and early here came a letter from Booster Max Elser, who said:

Editor Snyder Times:

You should have seen the look of surprise on my face when I tore the wrapper from your last issue and read your article on oil.

Why was I so surprised? Because when I received your reply to my letter and postal, I naturally thought that I had offended you, and that you considered yourself able to manage your business without advice from a stranger, but I see you are not so high-toned.

Please find enclosed herewith $0.26 in postage. Would you be good enough to send copies of that issue with the oil item marked in pencil at the top to the following persons:

Max Elser Jr., 150 Nassau St., New York (2 copies); Gov. William Sulzer, 115 Broadway, New York (1 copy); Hill & Hill, Petroleum Building, Ft. Worth, Texas (1 copy); Max Elser, Cisco, Texas (1 copy).

If I am not mistaken, about a month ago you published a poem entitled "Friendship" which I wanted to send to a good friend, but I have lost or mislaid it. Will you please have one of your young ladies find that issue and clip the poem and send it to me?

Thanking you in advance for your courtesy, I am

Yours truly,
MAX ELSER.

UNCLE BILLY NELSON LEAVES FOR AUSTIN

Uncle Billy Nelson left for Austin Tuesday where he will receive further treatment for his eyes. Uncle Billy was a welcome visitor to the Times-Signal Tuesday afternoon, and he reiterated a former statement when he said: "When the proper time for announcement comes, want you to tell the folks that I will be a candidate for tax collector." We were most happy to tell this good old friend that when he said the word we would be ready

THANKSGIVING

"Our harvesting being gotten in, our government sent foure men on fowling, so that we might after a more special manner rejoyce together after we had gathered the fruit of our labours. They foure in one day killed as much fowle as, with a little help beside, served the company almost a weeke."

And thus the first American harvest festival, October, 1921, was celebrated, the first autumn of the exiles in their new home. Many of the Indians joined in the three days' feasting. No record, however, shows that this was a day set aside for giving thanks.

The year following, misfortunes came and no autumn feast was held. The colonists counted the days for spring rains to aid in bringing their crops forward—then a terrible drouth withered the corn and burned the gardens brown. A special prayer was followed by a long refreshing rain, and at the same time a ship loaded with friends and supplies was sighted. So the governor appointed a day for "public thanksgiving," and thus started the tradition of Thanksgiving Day.

Let us join in giving thanks in Scurry County, for while the crops have not been as bounteous as they might have been, yet with good health, a will to do, and a desire to advance onward and upward, Scurry County and West Texas are coming into their own.

Ira Community Holding School For Its Farmers

Farmers Take Constructive Lessons From Jamison and Logan

An evening school for adult farmers is being conducted in the Ira community by J. P. Jamison, local vocational teacher in the high school, and W. O. Logan, county agent. There have been two meetings which were well attended by farmers.

Mr. Taylor, superintendent of the Ira schools, is indeed a believer in better farm practices, and he is lending his every effort to make the school a success. Ira community is to be congratulated in having a man of Mr. Taylor's ability to head their school system.

Ira community is to plant a staple cotton crop another year in their community. At a recent meeting all agreed that a better staple and better grade of cotton was necessary to get the benefits of the cotton market. A number of seed men were in attendance at the meeting, and it is felt that short staple cotton is a thing of the past in Ira community. Half and half cotton did not have an advocate at the meeting, while some few at the meeting finally agreed that they were guilty of planting half and half cotton.

At the first meeting of the evening school terracing was discussed. The second meeting consisted of discussions of culling the flock for egg production by Mr. Logan. Lee Price vocational agricultural student in high school, discussed diseases and their control. Lee has had a great deal of personal experience with hens for egg production. Then Mr. Jamison discussed external and internal parasites of poultry and their control measures.

The meetings last only one hour, and the round table discussions are entered into after the meeting if there is any further discussion on any subject. One meeting per week will be held for about ten or twelve weeks.

Tuesday night poultry house construction and feeding for egg production were topics of discussion. Mr. Logan will take up housing and construction, and Mr. Jamison will discuss feeding for egg production. The public is invited if you are interested in poultry.

SCURRY COUNTY GINNINGS TO NOV. 21

Last week's ginning report was received too late for insertion, with the Fuller Cotton Oil Company reporting the following to Nov. 21:

Snyder	6797
Fluvanna	387
Dunn	1360
Ira	914
Hermleigh	1711
Camp Springs	386
China Grove	1175
Inadale	1207
TOTAL	13,937

AMERICAN LEGION TO HOLD MEETING SUNDAY

The American Legion will hold a special meeting at the district court room Sunday afternoon.

Work Starts on Minstrel Show Of Lions Club

Lions Club Starts Rehearsals For Big Fun Night December 6

Director Homer F. Springfield had the majority of the end men and the start of a fine chorus started Monday night when first rehearsals were held at the high school. Friday night, Dec. 6, is the date for the show.

With Interlocutor Pat Bullock, the principals went through their parts for the first time, and the funny things brought out held up practice many times and brought many hearty laughs.

Space and time prevent a more lengthy description of the various innovations that will be brought out, but suffice it to say that plans have been laid for one of the most enjoyable home talent shows ever given in Snyder.

SNYDER TIGERS HAVE EASY WIN OVER ROBY

Straight Football Enough to Chalk Up Top-Heavy Score on Fisher Co. Lads

The Snyder Tigers completely overwhelmed Roby High at Tiger Stadium Friday, winning hands down with a score of 26 to 0. This was the Tigers' second win over Roby in seven years, and they wanted to make it a good one.

At no time was it necessary for the Tigers to extend themselves. Knowing that two Sweetwater coaches were in the stands, Coach Red Moore had instructed his men to play straight football and show the boys who were scouting them nothing.

WILL RETURN TO TEAGUE

Miss Lucille Carpenter, who has been the accomodating and efficient local and society reporter for the Times-Signal for the past eighteen months, is leaving this week for her home at Teague where she will take over a position made vacant by her sister. Miss Carpenter has been a fine helper and wherever she may finally locate, her many Snyder friends will join with the Times-Signal in wishing for her the very best there is in life and in hoping that she may always succeed in whatever she may undertake.

LAW GETS ACTION.

Marshal Woodfin, with the assistance of Deputy Sheriffs A. McPherson and J. H. Byrd, uncovered the major part of a bunch of stolen goods Thursday that had been taken from Moffett & Noble the previous week. The theft, amounting to $64, was recovered with the exception of about $6 worth of materials.

UNION SERVICES

Union Thanksgiving services will be held tonight (Wednesday) at the Presbyterian Church. Rev. C. C. Wright, pastor of the Methodist Church, will preach the sermon.

Church, preached the sermon.

Pioneer of M. E. Pulpits Dies At Lubbock Nov. 23

Rev. R. F. Dunn, Who Built First Methodist Church Here, Succumbs

Rev. R. F. Dunn, 74, West Texas' first Methodist circuit rider, who came to West Texas to preach his first sermon in a Colorado saloon 46 years ago, died Saturday at his home at Lubbock following a sudden heart attack.

Since beginning his work in West Texas, Rev. Dunn has never missed a Methodist district conference and he attended conference last week at Pampa, where it is believed he contracted a cold that led to his death Saturday.

The First Methodist Churches of Colorado, Sweetwater and Snyder were constructed back years ago when Rev. Dunn was serving as pastor, and he was one of the best known Methodist figures in West Texas.

Starting his work 46 years ago, he rode horseback over countless acres of which was then the open country of West Texas. His territory extended from San Angelo north to the Kansas state line and from Baird west to El Paso. His salary was $250 per year, and he rode through hot weather, cold weather, rainy seasons and dry seasons, to ranch houses, to small towns and communities and to ranch camps to hold services for the Methodist Church.

Rev. C. A. Bickley of Lubbock officiated at the funeral services Monday afternoon at the First Methodist Church, assisted by Rev. D. B. Doak and H. L. Munger.

He is survived by nine children, all of whom have received a full college education.

Brother Dunn is remembered by many of the pioneers of this section. They speak reverently of his remarkable work and of his always steady activity in the work of Methodism.

Caton-Dodson D. G. Co. Will Open Big Sale

Joe Caton Announcing Xmas Merchandising Event In This Issue

Joe Caton of the Caton-Dodson Dry Goods Company is telling the folks that a Big Xmas Merchandising Exposition opens at their store tomorrow and that it is the last big effort before Christmas.

Mr. Caton's ad in this issue states that he is planning on the biggest Santa Claus headquarters in West Texas and that a special invitation is extended to folks living within a fifty-mile radius to attend.

ENJOY OPENING SERMON OF NEW PASTOR

Rev. C. C. Wright, newly appointed First Methodist Church pastor, spoke to a large and appreciative audience Sunday morning, using as his fundamental topic, "Character Building." Rev. Wright has a fine personality, a remarkable delivery and made a decided hit with his auditors.

Rev. Wright's unique manner of introducing Mrs. Wright and naming the seven children of the union was another high light in the services. The royal welcome given the newcomers by the congregation and citizenship in general was expressed in no uncertain terms by Rev. Wright and the deep appreciation of the family.

400 Birds Will Be Shown Here

Officers of the Scurry County Poultry Show are optimistic over the 1929 poultry show that will start at the City Tabernacle next Thursday morning. Invitations have been personally issued to every chicken fancier, not only in Scurry County, but reports from Mitchell, Nolan and Garza Counties indicate they will have birds in the show.

With the remarkable advances that this section has made in poultry activity, it is hoped that more than 400 birds will be in the show, with a large field in the Flock Show where five valuable prizes are being offered, two by the association, and three others by Winston & Clements, Hugh Taylor & Co. and the Farmers Exchange.

YEP, WE MISSED SOME

Going to press 24 hours earlier than usual made it imperative that some final news events would be missed.

FIRE BOYS BANQUET

The annual Fire Boys Banquet will be held next Tuesday evening, and the bunch is looking forward to a great time and a real feed. The new officers are to be introduced

FOOTBALL MENU READY FOR CROWD HERE THURSDAY AT 3

New Gas Stove Is Invented By Snyder Resident

John A. Newstadt, Engineer, Secures Patent on New Invention

John A. Newstadt, engineer of standing who came to Snyder to recuperate his health following an automobile accident at Houston, has been granted patents on a "Three-In-One" gas stove that is a marvel in action that will revolutionize heating, cooking and baking in homes and apartments with but few minor improvements, he says.

Mr. Newstadt, born in Sweden, has been a construction engineer his entire life, having been architect on major building projects in many parts of the United States. During his spare time inventing things has been his habit, and with his newest activity it appears that he has reached the heights. While overseeing the construction of a new building at Houston a year ago, he was injured in an auto accident which left him partly paralyzed. West Texas was recommended to him and he came to Big Spring, and about three months ago came to Snyder where he has had a complete cure.

Mr. Newstadt's newest invention can be made in several sizes and models with from four to six cylinders projecting upward to a large combustion box where elimination is made of all smoke and vapors. The new stove will not only heat the largest room, but likewise all cooking and baking can be completed with the large model.

One of the models is now on exhibition at the Yoder-Anderson Motor Co. where it is receiving plenty of attention. Present stoves are being made at the Sam Casstevens place, while arrangements are to be made to organize a small company here and start the manufacture of the product. That the ultimate success of the new venture with one or two minor improvements is assured is shown in the many compliments paid the device by experienced men in the gas heating and cooking game.

The Times-Signal desires to compliment the inventor and hopes that it will be the means of Snyder's adding a real manufacturing plant and a payroll to the city's activities.

OIL MEN IN HOSPITAL FOLLOWING CRASH

Oscar Dudley, driller, and Jimmie Cade, tool dresser, with the Walter H. Gance Oil Co., who are working on the Long Ranch well in Borden County, were badly injured Sunday morning 12 miles west on the Gail road when their Cadillac roadster turned over while attempting to pass a truck, and another roadster coming in the opposite direction caused them to swerve into a ditch to avoid the collision.

Passersby rushed them to the Emergency Hospital here, and it was found that Mr. Dudley had three fractured ribs and a dislocated hip and other injuries, while Mr. Cade fractured four ribs, with neck and shoulder bruises. They were resting easily Monday morning.

Both men have been in Snyder for about five months and are known to many of our citizens.

MISSIONARY FROM SOUTH AMERICA SPEAKS IN SNYDER

Rev. Ed James, Baptist missionary who established Christian missions in the republic of Colombia, South America, told of his thrilling experiences Sunday night at the First Baptist Church and lectured again Monday night to large crowds.

Rev. James lost his eyesight at the hands of persecutors and has been buried alive, beaten and left for dead and otherwise persecuted, but in spite of all this he has given a small fortune and eight years of his life to the cause there. He has established some two hundred churches that now have a membership of around eight thousand. He is touring the Southwest raising funds to build a school in which to educate native preachers and missionaries. The local congregations responded liberally with a good free will offering.

Rev. James is located in Bogota, Colombia, a city of 200,000, where the three Baptist churches he organized have a total membership of nearly two thousand.

He spoke last night in Hermleigh, and was in Colorado and Dunn last week.

The Silent Partner

"Does yo' take this woman for thy lawfully wedded wife?" asked the colored parson, glancing at the diminutive, watery-eyed, bow-legged groom, who stood beside two hundred and ten pounds of feminine assurance.

"Ah takes nothin'," gloomily responded the bridegroom. "Ah's been' fooled."

Lions Challenge Sweetwater Club to Football Battle

Challenges that were hurled at both the Rotary and Lions Clubs of Sweetwater Monday and Tuesday of this week have taken effect with the Rotary Club there voting Monday noon to give a banquet to their boys that night. The spirit that has been dormant was awakened to a high pitch and that the Nolan County capitol will operate a special train here goes without argument.

Sweetwater and Snyder both could lose every game of their conference schedule and be satisfied to win over each other. Sweetwater coaches have been scouting the Snyder Tigers for the past two months, and it becomes necessary for Head Coach Lowe there to win this game. In the last two games that the Mustangs have played they have been told to take it easy and save up for the Tigers. Coach Moore of Snyder has likewise been saving for Sweetwater, and in the Lamesa and Roby games, the boys held back on a group of new plays together with their real fighting ability to get at Sweetwater.

Football fans will have every comfort at the game, for if a cold, blustery wind comes up, fires will be started on the side lines.

At the Rotary meeting at Sweetwater Monday, Principal Corry challenged both their club and the Lions to a "Turkey Chase" between halves, when three live turkeys will be liberated. The side capturing two of the birds will win the chase and the birds, the losers to pay for them. Sweetwater has not yet accepted the challenge.

Popular prices of 50c and 25c will prevail, and every comfort of the fans will be looked after.

Sweetwater will be fighting for the "last straw," as they have lost nine consecutive conference games. Their backs are to the wall, and their citizenship knows it, and it would not be surprising to see a crowd of 5,000 people at the game, which would be a record here.

Raymond Berry (Trinity) will be the referee of the game.

TURKEY FODDER

Official, starting line-up of the Sweetwater Mustangs as furnished the Times-Signal by Head Coach Lowe includes:

Scales, left end, wt. 145.
Guthrie, left tackle, wt. 180.
Wilkins, left guard, wt. 155.
Bledsoe, center, wt. 150.
Bickerstaff, right guard, wt. 160.
Simms, right tackle, wt. 160.
Bardwell, right end, wt. 140.
Lynn, quarter, wt. 150.
Wyatt, right half, wt. 135.
Simmons, full back, wt. 135.
Southworth, left half, wt. 150.

Coach Red Moore has given the following as the probable starting line-up for the Tigers:

Huestis and Jones, ends; Capt. Trice and Drinkard, tackles; Clements and Smith, guards; Dan Trice, center; Martin, quarterback; Clark and Erwin, half backs; McClinton, fullback.

Reserves include Jenkins, Ferguson, Fish, Howell, Isaacs, Neal, Pettit and Winston.

SWEETWATER LIONS ROAR SLENDIDLY

The following telegram was received from the Sweetwater Lions Club yesterday in regard to the big game Thursday and also referring to the Snyder Lions' visit of the Sweetwater Rotary Club Monday.

"Sorry that you could not come to our meeting today and criticized because you met Rotary Club instead Lions. Pledge special train with two hundred. Keep your money, and do not fail to see that game."

Whereupon the following telegram was shot back by the local Lions:

"Snyder Lions greatly appreciated Mr. Earp's visit last week here. Some of our men visited the Sweetwater Rotarians yesterday. We regret that we will not be represented at your Lions meeting today. We hear you are a live bunch of good scouts. However, if your town is as cold and sedate concerning football as the Rotarians impressed the committee yesterday, better tell the folks to stay home and just send the team."

And that's that.

ADDITIONAL HOMES SERVED ON ROUTE 1

Announcement has been made by Postmaster B. F. Womack that eleven more miles have been added to Route One, of which Wm. LeMond is the carrier. The additional miles lie in the vicinity of Canyon school and northwest of Ira, and the extra service will go into effect Dec. 1.

The new routing will serve forty or more patrons who are required to have the regulation mail boxes

THE "THEN AND NOW" IN REASONS FOR THANKSGIVING

A long voyage beset with many dangers—a landing at last in a strange land midst hostile natives to face hardships that tested their faith to the utmost—such was the lot of the Pilgrims, and yet—their courage undaunted—they gave thanks for it all.

So today should we give thanks for the many blessings that are ours.

Locals

Miss Alma Hood was a visitor in Colorado last Thursday.

Miss Nell Teague is spending the week-end in Lubbock.

Fred Merrill of McCamey spent Sunday with home folks here.

Miss Hazel Cauble is spending Thanksgiving with friends in Lubbock.

Miss Lucile Eoff will spend Thanksgiving with her parents at Lubbock.

P. D. Lambeth was a business visitor in Dallas the first of the week.

Mrs. R. C. Grantham of Lubbock was the guest of relatives here Friday.

Mr. and Mrs. John R. Covey and son, John Jr., of Lubbock came Saturday to visit with relatives here. Mr. Covey and John Jr. returned home Sunday, but Mrs. Covey remained for a longer visit.

Bob Gray of McCamey visited his parents, Mr. and Mrs. R. E. Gray, Sunday.

Mr. and Mrs. Hugh Boren, Mrs. Tom Boren, son and daughter are spending the week in Fort Worth.

Mr. and Mrs. Henry Ware and two children visited relatives in Cisco last Thursday.

Nathan Reynolds left Saturday for Fort Worth where he is the guest of relatives.

Mr. and Mrs. A. E. Wiese and son, Aubrey, were visitors in Sweetwater Sunday.

Mrs. Will Williams went to Post Tuesday to be with Mrs. Mattie Justice, who is ill.

O. D. Gray of Southland was the house guest of Mr. and Mrs. R. E. Gray last Thursday.

Misses Edith Grantham, Ann Duncan and Mrs. Lee Newsom were visitors in Colorado Sunday.

Mr. and Mrs. J. W. Scott and little son, Donald Ray, returned Tuesday from a several days visit in Dallas.

Raymond Boykin, who recently underwent an appendicitis operation at the Emergency Hospital, was able to go home Saturday.

Mr. and Mrs. Erle Grantham and two children spent Sunday with Mr. and Mrs. Eston Bertram at Sweetwater.

Mr. and Mrs. Jno. L. Greene were the guests of Mr. and Mrs. Lon Prescott in Big Spring last week-end.

Rea and Edwin Falls of Ira left Tuesday for Shreveport, La., where they will spend Thanksgiving with their sister.

Mr. and Mrs. J. C. Cudd and little daughter of near Lubbock and Mrs. R. W. Penton and daughter of Sweetwater were week-end guests of Mr. and Mrs. Guy Adams.

Miss Dorothy Strayhorn, who is attending school at the University of Texas, spent the week-end here with her parents and attended the Cork-Strayhorn wedding Sunday.

Miss Mary Lynn Nation left Sunday for Denton where she is a student at C. I. A. Miss Nation was the guest of her parents, Mr. and Mrs. J. C. Stinson, last week.

Miss Vera Nell Grantham and Herbert Bannister visited Mr. and Mrs. R. C. Grantham at Lubbock Sunday.

Mr. and Mrs. L. T. Stinson and little son, Billy Joe, were the guests of relatives in Abilene Sunday. They were accompanied home by Judge James P. Stinson.

George Stinson of Glen Rose was the guest in the homes of Mr. and Mrs. L. T. Stinson and Mr. and Mrs. J. C. Stinson last week.

Mrs. R. H. McCurdy and son, Roy, left Tuesday for Amarillo where where they will be the guests of friends.

Mr. and Mrs. Henry Ware and two children left Tuesday for Corpus Christi where they will visit with relatives.

Miss Polly Merrill left Tuesday for Dallas where she will visit with relatives. She expects to be gone about a week.

Mrs. A. W. Clark returned to her home in Fort Worth Tuesday, after a several days visit in the homes of H. G. Bowie, C. P. Thrune and W. B. Stanfield.

Mrs. R. H. Curnutte Jr. will return home Thursday from Pecos where she has been the house guest of Mrs. A. H. Sams Jr.

Judge and Mrs. J. M. Harris and son, Martin, attended a house party in the home of Mr. and Mrs. John Herd at Post over the week-end.

P. W. Cloud went to Stamford Sunday and was accompanied home by his mother, who will be a guest in the Lollar home this week.

Mr. and Mrs. Abe Rogers are entertaining a house full of Thanksgiving company n their home from Clovis, N. M., Abilene and Hobbs.

PRODUCT OF GENERAL MOTORS

"She took her husband unawares

. . . and learned a lot!"

"I'll surprise them," she told herself.

MRS. KIRK'S husband wasn't expecting her back from Fort Worth until Sunday morning, but she came home on Saturday night.

"I'll surprise them," she told herself, slipping her key into the latch and entering the house quietly.

Savory odors came from the kitchen and she heard voices behind the closed door.

"Yes, sir; your mother's the best cook on earth," she heard her husband saying to her son, "but, my boy, she certainly doesn't make good coffee. She's such a dear, good woman, though, that I have never liked to tell her so."

"Well, it's good that we found out about this White Swan Coffee and laid in a good supply while she was gone, Dad," her boy said. "I think she'll notice the improvement."

Mrs. Kirk was 'a good sport' and a wise woman. She slipped back to the front door again, slammed it and shouted, "Look who's here!"

Mr. Kirk and his son raced to meet her and immediately after the embraces were exchanged, she said, "By the way, I ran across the most wonderful coffee in Fort Worth. It's called White Swan and . . ."

Yes, indeed—a wise woman!

No matter which member of the family may have introduced White Swan Coffee—or by what means—the enthusiastic praise for its tempting aroma and satisfying flavor is always unanimous.

WHITE SWAN COFFEE

To develop its natural goodness, more than a half century of experience is brought to the science of roasting and the art of blending—each playing its important part in achieving that uniform, delicious flavor which has made White Swan so popular wherever it is served.

By controlling every step in its preparation, the Waples Platter Company—importer, roaster, packer and distributor—makes certain that every sealed tin of White Swan reaches you with its full appetizing quality kept intact.

White Swan Coffee always comes to you fresh. After roasting and packing, distribution is promptly made to its 10,000 dealers—all within convenient shipping distance of one or more of the 22 strategically located Waples Platter Houses. Fleets of motor trucks operate over a network of routes, making regular deliveries from all the units of this institution of the Southwest.

Now, and whenever you need a fresh supply, White Swan Coffee is available at your grocer's freshly packed in one and three pound cans.

FREE—Expert advice and time-tested recipes

Perhaps the custard separates in baking—part thick and part water. Or you may have trouble with some other dish your family likes. Write to Waples Platter Better Cooking Bureau, Waples Platter Co., Fort Worth, Texas. Expert advice and time-tested recipes sent FREE.

CORRECTION

Last week's Times-Signal contained an article on what was doing with oil matters in Scurry County. Type made us say that the Camp Springs Oil & Refining Co. Guinn No. 3 was shut down at 2,567 feet. This was in error. The true status of matters there gives the total depth Saturday to be 3,945 feet, and never since the well was started has it been shut down. We are happy to make the correction.

KNOW TEXAS

Texas ranks second among the states in value of exports and among the 102 countries of the world ranks eighth. New York led in 1928 with $861,000,000, Texas was second with $817,000,000, and Michigan was third with $367,000,000, less than half the total for Texas.

Texas investment in 1,380,000 automobiles is estimated at $1,230,000,000, [illegible] of the state's wealth of $12,500,000,000.

Growth of the Texas dairy industry is indicated by the fact that Texas milk plants have a daily capacity of 800,000 pounds of milk, exclusive of 250,000 additional pounds capacity in cheese making plants.

CITY SEC'Y A. C. PREUITT FOR RE-ELECTION

City Secretary A. C. Preuitt is officially announcing his candidacy for the office in today's Times-Signal. On every side Mr. Preuitt met with the invitation and hearty support of friends to seek the position and to say that he has been an outstanding officer is meant in every way.

Mr. Preuitt has at all times met every contingency that Mayor Towle and the city aldermen have thrust upon him, and a public servant who has been as loyal and unswerving in his duty should not be forgotten when the voters go to the primaries in April.

Mr. Preuitt has served under Mayor Fritz R. Smith and Mayor H. G. Towle, and the fine work he has given is worthy testimonial to continuing such a type of gentleman in office.

LOW SIXTH BABY LIONS ELECTS OFFICERS

On Monday, Nov. 25, the Baby Lions elected the following officers: Ella Rhea Ely, president; Leslie Cole, vice president; Caroline Morton, secretary; Travis Ferguson, treasurer; Billy Smith, reporter; Clyde, critic; Grace Elizabeth, ass't secretary; Elizabeth White, assistant treasurer.

The club has $6.52 in the treasury. This money will be used to buy spelling booklets.

Three verses of the club song were sung, led by La Frances and Netha [illegible] given:

Reading, Violet Rucker.

Song, La Frances and Frances Northcutt.

Speech, Muveen Wolf.

Song, Grace Elizabeth and Netha Lynn.

Conversation between Estine and Roberta.

Song by the boys.

Reading, Maxine.

The critic reported a grammatical error made by William Miller, who said "kicked hisself" instead of "kicked himself."

You Can't Blame Her For Refusing

Because his estrangled wife refused to permit him to kiss their baby, John W——, of Chicago, committed suicide.—Red Wing (Minn.) Republican.

BASKETBALL LOOMS FOR SNYDER HIGH

The basketball season will begin about December 1. Most of the football squad will be out for the indoor game, and a large squad of boys is expected. Billy Mitchell, J. T. Trice, G. L. Huestis, Buddy Martin and Buck Howell are letter men who will be back this year.

All boys in any way interested in basketball should report at the [illegible]rst practice and work to make one of the tams. Do not fail to come out just because you know nothing about the game, or because you are not a finished player. That is what Coach Moore wants to do [illegible] athletics. Give him the material, and he will produce an unusual team.

WILL ATTEND STATE MEET

According to reports from Snyder Public Schools the following will attend the State Teachers Association convention at Dallas which opens today: Mr. and Mrs. J. M. Claunch, Mrs. Josie York Lemley, the Misses Nona Carr and Effie McLeod, and W. N. Corry.

P. T. A. HOLDS FINE MEETING FRIDAY

More than 150 people attended the Parent-Teachers meeting Friday night, the largest by far that has ever attended any one of their sessions. Mrs. Hugh Taylor, assisted by W. N. Corry, was in charge of the program with a number of good talks being given by both members of the faculty and parents present, Judge Fritz R. Smith and Supt. C. Wedgeworth holding the limelight for their witticisms and entertaining remarks. The parents won the book contest. Luncheon was served at a late hour.

Mr. and Mrs. Joe Byrd, who moved to near Childress last fall, were Snyder visitors over the week-end. Joe came down to the Times-Signal office to shake hands and say hello and to remark: "Brother, [illegible] Times-Signal every week, for we couldn't get along without it." For which we thanked Joe.

The most traveled highway in Texas is that between Fort Worth and Dallas. A recent count showed 6,570 vehicles pass over it daily.

Attends Baird Funeral

Rev. C. C. Wright, accompanied by Warren Dodson, left immediately following his first Sunday morning service here at the First Methodist Church for Baird where he had charge of the funeral services of an old friend, W. S. Hines, pioneer banker of that section and steward in the Methodist Church, who died Saturday.

J. C. GILLIAM DIES OF PNEUMONIA

J. C. Gilliam, 72, died of pneumonia Saturday at his home after [illegible] illness.

The body was prepared for burial at the Odom Funeral Home and shipped to Bells Sunday where funeral was held.

He is survived by one son and two daughters.

Possibly the greatest contribution which has been made to modern civilization is the electric light. It has turned night into day, increased the efficiency of man's work, made possible comfortable and healthful hours of reading as far into the night as man has felt the urge to follow his studies or his pleasures.

The modern Texas home is a palace of light. Through the use of proper light the simplest home becomes a shrine of beauty. Light is a decorator and an artist.

The home with light, properly located and rightly diffused, is made comfortable, healthful and beautiful with very little expense. Simple furnishings, simple decorations take on new qualities when given the proper lighting background.

The Texas Electric Service Company has made a special study of lighting for the modern home and would be glad to work with you in giving your home the best possible lighting arrangement at the lowest possible cost.

When you have really given serious thought to the lighting possibilities of your home you will be delighted with the changes that can be economically made.

THANKSGIVING IS HISTORICAL HOLIDAY

Thanksgiving, which is celebrated on the last Thursday of every November, is considered one of the most important holidays of the year. Although we think it is a regular set date, it really is not, because it is the President's privilege to set any date during the autumnal season. But they really follow a sort of "unwritten law" or custom, that sets the date for the last Thursday in November. The President has proclaimed the same date since 1863. Before then there was quite a bit of irregularity.

The first Thanksgiving festival was in 1621, the year after the Pilgrim Fathers landed. They held this festival in thanks to God for aiding them with their crops and allowing them to live. It lasted for several days and real feasting was enjoyed. The friendly Indians were invited and were made more friendly to these early settlers. During the following century these harvest thanksgivings were held rather often. The first Congress of the nation recommended annual thanksgivings during the Revolution. In 1784 and 1815 thanksgivings were held because of the return of peace. Washington made some attempts to make a national holiday of it, but failed, in the immediate sense. In 1789 the Episcopal Church recognized it as a formal holiday, and about a century later the Roman Catholic Church did the same.

Thanksgiving Day is thought of by some as merely a day for eating a large amount of turkey, but really it should be thought of in a different manner. It is a day for commemorating a rather sacred thing, for being thankful for all that has benefitted. Others think of it merely as a day that they don't have to work. Some people may not think they have much to be thankful for, but if they would think of how much worse certain things could have been, they would realize that they have quite a bit to be thankful for.

One of the events of Thanksgiving Day, today, is usually an important football game. Some people might think that people are forgetting the sacredness of the day, but really they are not. As football is America's favorite sport, many people enjoy spending their holiday at an interesting football game.

THE TOWN DOCTOR
"DOCTOR OF TOWNS" SAYS

MAKE SNYDER LOOK GOOD

If you don't think the looks of things is important, try selling an automobile without any paint on it. Think how silly you would feel trying to sell someone on the idea that a dress with mutton leg sleeves and slip-in-the-mud hobble skirts is just as good a buy as present day styles.

In the next few weeks every merchant in Snyder will "dress up"—make their windows and their store as neat, bright, attractive, inviting and cheerful as possible. Why? Because you and everybody like, you you avoid dark, gloomy, depressing, messy and ugly places, and these merchants want you to come to—not to be driven from—their stores.

If dressing up a store is conducive to cheerfulness and more business, why won't it do the same for the community? It will, and here are a few suggestions:

Civic organizations arrange with owners to allow cleaning up and trimming windows of all vacant store rooms. In each window see that there is a neat card giving "reason why" for doing things in and for Snyder. Merchants would do well to use these windows for display of their merchandise: Check up on all signboards, especially at highway entrances and around depots. Make it your personal business to do this, and then speak, phone or write to those whose signs are old, dilapidated and unsightly, asking them to remove, or at least repair them.

As you walk down your business streets, check up on the "location" signs in front of stores, and to those whose signs are old, unpainted, rusty, bedraggled and otherwise unsightly, write a note and say, "Please remove, repair or clean up the sign in front of your place, because it is hurting Snyder and therefore costing both of us money.

Write, speak to, or otherwise ask the owners of vacant lots and buildings to clean up, cut the weeds, rake the leaves, remove the rubbish, and on vacant lots place a small, neat sign reading, "This vacant lot will be a lawn next year."

Step across the street and take a good look at your store, your house and yard, your factory, and say to yourself, "Does it look as good as it can be made to look?" If it doesn't, get busy and make it so. Every hour of time and every dollar you spend to make YOUR corner of Snyder more attractive will pay YOU a big dividend.

Do it yourself and influence others to ask the officials of Snyder to keep the streets clean, remove the leaves, wash the street lamps, repair sidewalks and curbs and all other things to make Snyder "look good."

As "it pays to look well" personally, as a product often is only as "good as it looks," as "good dress does give one a sense of self-respect and poise," just so a community must have an atmosphere of cleanliness, attractiveness and cheerfulness in order that it grow, progress and prosper.

Mountains are moved by a shovelful, an ant hill is made grain at a time, and so by everybody doing a little something, big things are accomplished. Start today to do YOUR something to make Snyder "look good"—it costs you nothing and will pay you big.

CANYON MAN CLAIMS NEW CHICKEN ROOST FILLS SPECIAL NEED

A convenient method of doing what ought to be done, but is not done, due to the "too much trouble" involved, is the proposition that R. H. Simmons, Canyon, is offering the poultry raisers of Texas.

His device, a sanitary chicken roost, will eliminate mites, bluebugs and germs, he says. It consists of roosts to seat 100 fowls. Each roost is equipped with a small triangular trough, to be filled with kerosene and germicide, which will eliminate parasites and harmful microbes. A few inches above the floor of the coop is a spread of wire, permitting the floor to be cleaned easily and preventing chickens from getting tapeworm and other infection from the floor. Removable sections provide for easy cleaning.

Simmons has been perfecting and selling his device for 10 years, covering West and North Texas. Last summer he sold $1,000 worth of roosts in White Deer in 30 days. For more than a year he operated out of Wichita Falls.

His device is called the Texas Bluebug trap. He lives at Canyon.

WOMAN WINS TON LITTER CONTEST MEDAL AT BEDIAS

Believed to be the first woman in Texas to successfully finish the state ton litter contest, Mrs. Maggie Shanks, Grimes County demonstrator working with County Agent W. I. Ross, has made a litter of 10 grade Duroc Jersey pigs weigh 2383 pounds at the age of five months. For this feat of quickly producing the ideal size hog according to packer standards she will receive a medal and perhaps other prizes awarded by a leading Texas farm journal.

Mrs. Shanks fed her pigs a balanced ration of corn meal, protein supplement and a little skim milk in the ratio of two parts corn meal to one part protein supplement. They were fed in a creep and ran with the sow until they were weaned at 50 days, when they weighed 412 pounds. Every ten days Mrs. Shanks weighed the litter and on the 130th day the ton mark was reached. At 140 days the pigs averaged 225 pounds each, considered the ideal packer size.

It cost $35.52 to feed the sow until the pigs were weaned, Mrs. Shanks says, and $133.22 to feed the pigs from weaning time until they were sold at the pen for meat purposes for $212.95. The cost of live weight of these pigs when sold was slightly more than seven cents a pound, which is considered economical production. Her net profit above feed cost amounted to $44.21.

FINDS MANURE PROFITABLE

COLORADO—Barn yard manure has increased the yield of milo maize 525 pounds per acre in a demonstration carried on by Carroll Smith of the Buford 4-H Club in Mitchell County. Half an acre was left unfertilized and the other half covered with five loads of about 1000 pounds of well rotted manure, applied before bedding last spring. Pure line maize seed was used on both plots. The manured half fired more during the 90-day drouth but yielded 1249 pounds of heads against 987 pounds on the half acre unfertilized. The land was deep sandy loam.

An Appreciation A Challenge

To an All Wise Providence, Who has helped us steer our frail barque thus far, in safety, and, to the host of friends and customers who have entrusted their busines to us, we are profoundly grateful.

It will be our earnest endeavor in the future to give you a more efficient service, if possible, for you are entitled to the best there is in us.

Ours is one of the best equipped shops west of Fort Worth.

OUR SERVICE IS UNEXCELLED

The materials we use are the best obtainable, and cost YOU no more than the cheaper kind. We rebuild your shoes so thoroughly, they look new, and you will appreciate wearing them.

Our Findings Department is complete: hooks, eyelets, braces, plates, laces, polishes, etc.

We have recently installed a shine chair, and "Thomas" will be delighted to give you a first class shine.

WE ALSO DYE FOR YOU!

Of course you know that we are headquarters for Cowboy Boots. A new shipment just arrived. We fit any foot.

Visit us often. Always glad to see you.

SNYDER TEXAS

Imagine your Motor

Constantly immersed in Oil

That, in effect, is what happens when you fill your crank case with Conoco Germ Processed Motor Oil--none of its hundreds of moving parts are ever without lubrication.

CONOCO

35¢
Per Quart - for All Grades Except Special Heavy and Extra Heavy

A MOTOR OIL, to do a 100% job, must lubricate *all the time*. That means that it should provide a lubricating film at *every* stage of motor operation including starting when the engine's cold. In other words, the motor should have a perpetual oil bath.

And that's exactly what happens when you use Conoco Germ Processed Motor Oil for the very good reason that this super-lubricant because of the patented germ process by which it is produced, actually combines with the bearing surfaces to form a film which adheres indefinitely. *It never leaves the bearings*—and that means constant lubrication.

Think of the saving this means to the motoring public! Automotive engineers estimate that from 40% to 60% of the destructive wear and tear on a motor is caused in the starting operation because, with ordinary oil in the crankcase, the moving parts have no lubricating film when the engine is cold—and the oil is not distributed until 5 or 10 minutes after starting. Imagine the abuse to the engine during these periods of running with absolutely no lubrication! No wonder Conoco Germ Processed Oil is hailed as the revolutionizing motor lubricant. Its "carry-over" film has solved the greatest lubrication problem of the day. It assures longer life and smoother operation in any motor where it is used.

And never forget that to produce Conoco Germ Processed Oils the exclusive germ essence principle is applied to only carefully selected paraffin base crudes, resulting in a lubricant with greater film strength, greater adhesiveness, greater tenacity, greater stamina and lower friction than any other oil on the American market.

Draw up to the Conoco Red Triangle and give your motor a perpetual oil bath. Ask for Conoco Germ Processed Motor Oil.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

NOTE: Owing to the fact that the paper comes out one day early this week, this article will have to fall a little short of its usual schedule.

Sunday Services

Regular services were held at the First and Fluvanna Baptist Churches last Sunday. We have not learned any particulars concerning the services at the First, but we understand that good services, with fair attendance, were enjoyed at the Fluvanna Baptist Church, the pastor, Rev. D. G. Wells, in charge.

On account of a previous agreement an exchange of pulpits was carried out between the pastors of the Snyder, Post and Fluvanna Presbyterian Churches last Sunday morning. Rev. Lambert went to Post, Rev. Parker of Post came to Fluvanna, while V. P. went to Snyder. So far as we have learned, this arrangement resulted in pleasant occasions all the way around. Certainly V. P. is prepared to testify to this effect in the case of his visit with the First Presbyterian Church of Snyder. Each pastor was back with his own work for the night services. Here at Fluvanna a stereopticon lecture dealing with conditions and mission work among the Indians was put on by the pastor and his wife.

It is expected that regular services will be held at the Methodist Church next Sunday. The pastor, Rev. Kelley, will probably preach his first sermon here at that time. Of course, we shall all want to hear him.

While at this writing (Monday) no definite arrangements have been made for a Thanksgiving service here, nevertheless, we expect that such a service will be held—probably at the Presbyterian Church.

Miscellaneous Notes

Very much to the surprise of the writer and many others, we learned Saturday of the death of W. B. Snodgrass, age 72, in the Emergency Hospital in Snyder, Saturday morning at five o'clock. We understand that the patient had been suffering for some time from heart trouble. He had been in the sanitarium some four or five days. This aged stockman, who has resided several miles West of Fluvanna the last few years, leaves a wife and several step children and five of his own children—George of Glendale, Ariz.; Willie of Magdalena, N. M.; Mrs. C. Surginer of Floydada, Texas; Hugh of Brownfield, and Bob of the Fluvanna community (but in Borden County) who were all at the bedside when the end came and followed the body to its last resting place at Brownfield where burial took place Sunday afternoon.

The little son of W. H. and Mrs. Jones was quite sick the first of this week and up to the time of this writing.

Our public school put on an inspiring chapel service Monday morning in the Presbyterian church at which time, after the enthusiastic singing of several songs, the writer made a short talk along the lines of politeness, kindness and gratitude, or Thanksgiving.

The announcement that the Fluvanna boys beat the Snyder Aggies in a game of basketball 18 to 12 last Friday night was enthusiastically received. Our boys played Hobbs a lively game last Saturday night but lost by two points—9-11. It was announced Monday that there would be no school on Thursday nor Friday of this week.

Mrs. Clemons arrived a few days ago, hence the Doctor and his wife are now residing in the Bos Stavely house recently vacated by the Boynton family.

Mrs. Bob Odom and son of Chalk, near Big Spring, and her mother, Mrs. A. J. Leach, and daughter, Mrs. Flora, of Westbrook, were here the latter part of the week visiting Mrs. Will Clawson, a daughter of Mrs. Leach. All of these people formerly lived in Fluvanna.

Marshall Ratliff Case

The deplorable case of the fatal shooting of Deputy Sheriff Jones and the subsequent lynching of Ratliff aday or so later in Eastland, is another and striking illustration of the very bad effects of long drawn out court procedure in a case where the guilt of the accused was a perfectly well known fact. The lynching is, of course, to be deplored. It is smply another blot on the face of Texas history. But, evidently, the men who took part in this procedure were exasperated over the altogether unnecessary delay in the legal procedure of our criminal courts. Nearly two years had elapsed since the first crime, the robbing of a Cisco bank, etc., were committed. Two months should have been ample time for settling the question of guilt and meeting adequate punishment. How long shall we put up with such dallying—such foolishness in court?

JAS. H. TATE.

WHY WE SHOULD PRESERVE

The fact that preserves, jams and jellies are delicious is not the only thing to be considered when putting up your berries and fruits for winter use. No less an authority than Woods Hutchinson, M. D., says "sugar is one of the three great pillars of our dietetic temple, meat, sugar-starch and fat, and the greatest of the three; for, as has been said, all starches are turned into sugar in digestion, thus making the latter nearly two-thirds of our diet." As the jams, jellies and preserves that we purchase or make at home are filled with sugar, they make an extremely valuable addition to our winter diet. Here is a recipe that fits in with the present season:

PEACH JAM

10 pounds peaches
6 pounds sugar
2 cups water

Peaches that are too soft for canning may be used for this delicious jam or bread spread. Remove the stones and cut in slices. Add to water in the preserving kettle. Cover and cook until soft, stirring to prevent sticking. Add sugar and cook until thick and jelly-like, then pack in hot jars and seal.

NATION'S ANNUAL SMOKE BILL PUT AT $500,000,000

President Hoover asserted that the smoke nuisance costs every American citizen from $8 to $30 a year. Herbert M. Wilson, engineer, estimated the nation's total smoke bill at $500,000,000 annually. Another statistical expert computes that no less than 70 million tons of soot fall on the United States every year—enough to make a sloping mountain as high as the highest Adirondack peaks, enough to bury the city of New York 21 feet deep.

The daily loss of sunlight in New York City because of the smoke curtain ranges from 33.5 to 80.4 per cent, and the stratum over that city ranging in thickness from 1,000 to 2,000 feet is charged by physicians with responsibility for the prevalence of rickets and many other diseases of children.

The economic waste is terrific. Each pound of coal, burned under theortically perfect conditions, contains 14,600 units of heat. Burned under average conditions and with a smoky column piling out of your chimney or smokestack, 11,150 of these units are dissipated into the air to cause further damage by soiling fabrics and buildings and persons.

All of which is offered as a source of congratulation to Texas where natural gas is available and where, with increasingly few exceptions, the towns have no loss or injury from the smoke nuisance.

Sandy Mac

Pat was arrested for being intoxicated. On being brought before the judge he was asked by the court what he was there for.

Pat—Your Honor, I was arrested for being intoxicated.

Judge—Pat, where did you buy the liquor?

Pat—Your Honor, I did not buy it. A Scotchman gave it to me.

Judge—Thirty days for perjury.

Considerate of the Sergeant

Stable Sergeant—D'ja ever ride a horse before?

Rookie—No.

Sergeant—Ah! Here's just the animal for you. He has never been ridden. You can start out together.

How to Raise Poultry

By Dr. L. D. LeGear, V. S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

ARTICLE XLIII

THE WHITE PLAGUE IN THE POULTRY YARD

The Control of Avian Tuberculosis ("T. B.") Among Chickens is a Serious Problem That Requires Drastic Action For Its Solution.

Editor's Note—This is another story in a series of 52 stories on poultry raising written by the well known national authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

I do not what to be considered an alarmist, yet I do not hesitate to say that the menace of tuberculosis among poultry flocks in certain parts of the U. S. is an extremely serious matter. In many states the disease is practically unknown, while in others it is very common, there being as high as 15% of all flocks affected.

T. B. may be divided into three principal types: The one affecting man, known as the human type; that affecting principally cattle, known as the bovine type; and that affecting fowls, as the Avian type. Hogs may become affected with either the bovine or Avian type.

The annual loss through the havoc wrought in poultry flocks from Avian Tuberculosis is enormous. Add to that the loss from hogs which contract the disease from contact with chickens and the total will run well up into the millions of dollars annually.

Unfortunately, the disease is not easily recognized in its earlier stages, and the tuberculin test is the only sure way of determining which of the apparently healthy fowls in a flock are affected. After T. B. has secured a good grip on a bird, however, there are certain signs which can be recognized with a fair degree of ease. It is a slow developing disease; therefore, is never seen in young fowls.

Birds in advanced stages show a rapid loss of weight; wasting away of breast muscles; pale comb, wattles and head; rough, lusterless feathers; and, very often, lameness in one or both legs. Fowls so affected usually have normal, sometimes voracious appetites, but gain no weight.

Whenever these symptoms are noticed in any flock several of the more seriously affected birds should be killed and examined. If they have tuberculosis numerous round yellow spots varying from the size of a pinhead to that of a pea will be found in the liver and spleen. There will be whitish or grayish nodules on the intestines or the membrane which holds the intestines in place. These nodules vary in size from that of a pea to as large as a walnut. The yellow spots or lesions as they are called may also appear in the kidneys and lungs.

Once you have definite proof of T. B. in your flock take immediate steps to put an end to it. If the birds are of no particular value it may be advisable to kill the lot of them, burn the ones that are noticeably underweight. Those that are up to standard weight may be used for food or marketed, as cooking destroys the germs. The next step is a thorough clean-up, burning of all rubbish, droppings and litter, and thorough disinfecting of all houses and poultry runs with a good dip and disinfectant. All houses where such fowls have been should be thoroughly cleaned and disinfected each week for several weeks. Plow the runs often and plant to some quick-growing grain.

If you should decide to restock at once, chicks may be secured from healthy flocks but should be raised in quarters well removed from those of the former flocks and on new ground. In making such a start, it is not necessary to kill off the old birds at once if they are yarded and the new broods are also confined.

If your flock is sufficiently valuable to justify the extra work and expense, you may, after destroying the birds that are plainly affected, subject the remaining ones to the tuberculin test. Birds that prove to be entirely free from infection should be put to themselves on clean, fresh range where they cannot come in contact with infected birds.

Remove droppings frequently and dispose of them at some point remote from the quarters. Burn the the carcasses of all fowls that have died of any kind of disease or bury them deeply. Since it can only be spread by the passage of germs from one bird to another, it is easy to see how the danger of infection is greatly reduced by eliminating those affected.

If you bring in breeding stock from some other flock, and it is not practical to have them tuberculin tested, do not put them at once with the other chickens. Carelessness of some breeders in sending out infected stock is believed to be largely responsible for much of the gain in tuberculosis which has been noted in late years.

FEEDING EXPLAINS THIS POULTRY PROFIT

BIG SPRING—A net return of 30 cents per hen from 50 White Leghorns fed a modified "Big Five" ration has been obtained by Earl Phillips, Howard County poultry demonstrator. Ground milo maize was substituted for ground oats in the ration which consisted of 200 pounds ground milo, 100 pounds wheat bran, 100 pounds wheat shorts, 70 pounds meat scrap, 50 pounds cotton seed meal, and 2½ pounds of salt. Green feed was kept before the flock at all times.

BREAD WINNERS OF COUNTY FACE VERY SERIOUS PROBLEM

Heads of families in Mitchell County face a big problem, says the Colorado Record.

The problem has just been called to their attention by T. H. Westbrook of Longfellow, one of the bread winners who has studied a great deal on the question but so far has been unable to solve it.

If the problem could be permanently solved in the affirmative, as Westbrook hopes it will, it would mean thousands of dollars to the men of Mitchell County. Westbrook is urging each community to select a committee to meet with a general council of men from over the county to try to work out a definite solution of this matter, which if not solved before the real winter weather starts may result in much suffering.

The question as raised by Westbrook is: "How many pants does a man get when he buys a pair?" Please answer this. Dry goods merchants are barred.

SORE GUMS NOW CUURABLE

HOWARD D. G. CO.

Southwest Corner of Square **Snyder, Texas**

SOCIETY

MISS STRAYHORN AND W. W. CORK UNITED IN BEAUTIFUL CEREMONY SUNDAY

Two pioneer West Texas families were united here Sunday morning when Miss Cecile Strayhorn, beautiful and accomplished daughter of Mr. and Mrs. Joe Strayhorn, was united in marriage with Mr. Walter W. Cork of San Angelo, prominent young business man of that city.

The home had been decorated specially for the happy event, with the lobby between the living and dining rooms a perfect bower of flowers, with chrysanthemums in all shades predominating, with an altar erected. Previous to the ceremony, Miss Dorothy Strayhorn, with Mrs. J. P. Nelson accompanying, sang "I Love You Truly," with her wonderful soprano voice which was immediately followed by the beautiful strains of the Wedding March, played by Miss Mary Lynn Nation.

As the participants started the march to the altar, the six children of Mr. and Mrs. Rob Strayhorn of Rotan, and Mr. and Mrs. Roy Strayhorn of Snyder gaily bedecked in festive costumes held ribbons that enclosed the young couple on both sides. The youngsters included Joannna, Weldon, Lee Roy, Marshall, Joe Bartlett and Wallace Strayhorn.

Miss Strayhorn and Mr. Cork on arrival at the altar were joined in holy wedlock by Rev. G. S. Hardy, former pastor of the First Methodist Church, using the ceremony of the church.

Following the ceremony the wedding breakfast was served to the immediate families of the bride and groom, and out-of-town guests seated were: Mrs. Beulah A. Saylors, the Misses Gertrude, Ruby and Mary Katharine Saylors, all of Abilene; Mr. and Mrs. Sim Saylors, Mr. and Mrs. E. E. Smith, Miss Thalia Cork, Mr. and Mrs. Carson Miles, all of San Angelo; Mrs. Clara Mae Saylors Green and daughter, Elaine, Ballinger; Mrs. Sallie Johnson, Alvarado; Mr. and Mrs. Rob Strayhorn and sons, Joe Bartlett and Wallace, of Rotan.

The young couple left on a short honeymoon trip as quickly as they could get away from the happy throng and will be at home at San Angelo where the groom is in the tailoring business.

Miss Strayhorn, now Mrs. Cork, has been one of Snyder's finest young ladies, doing her part in all affairs of the church and social life of the city where she has been a most important member. For a number of years she has been a member of her father's organization at the Ford agency where she endeared herself to the many customers of the institution and where she will be sadly missed.

But good wishes to these fine young people, and the Times-Signal is most happy to join with the family, relatives and friends in the very best wishes to these young folks who will always be welcome visitors to the bride's home town of Snyder.

MISS NATION ENTERTAINS WITH DINNER PARTY

Miss Mary Lynn Nation entertained friends with a dinner party Friday evening at the home of her parents, Mr. and Mrs. J. C. Stinson.

Following the delicious two-course meal served by the hostess, who was assisted by Mrs. Stinson, Mrs. Rob Strayhorn of Rotan and Frances Stinson, a series of bridge games was played.

Those enjoying this delightful occasion were Misses Cecile and Dorothy Strayhorn, Vera Nell Grantham and Eloise Scott and Messrs. J. D. Scott, J. P. Strayhorn, Cleve Blackard and Max Brownfield.

STRAYHORN-CORK WEDDING ANNOUNCED AT PARTY IN JOE STINSON HOME

The announcement of the wedding of Miss Cecile Strayhorn and Walter W. Cork of San Angelo, which took place Sunday morning at the home of the bride's parents, was made last Thursday afternoon at a cleverly planned party given in the J. C. Stinson home, with Mesdames Stinson and Rob Strayhorn of Rotan as hostesses.

Chrysanthemums and rosebuds decked the pretty entertaining rooms where games of forty-two and bridge were played. Following the games a mock wedding was performed, as Miss Mary Lynn Nation played Lohengrin's Wedding March and Wallace Strayhorn of Rotan, nephew of the bride-elect, entered the room with an arrow which held two hearts bearing this inscription: "Cork-Strayhorn, Dec. 24th." Wallace, the minister, was closely followed by the bride and groom, who were Juanita and Joe Bartlett Strayhorn, nephew and niece of the bride-elect.

At tea time a most delicious refreshment plate was passed to the honoree and Mesdames A. J. Towle, W. R. Johnson, Adams of Rotan, Dixie Smith, Wilson C. Hartgrove of Paintrock, J. M. Harris, Wayne Boren, O. P. Thrane, Fritz R. Smith, Forest Sears, W. H. Ritzenthaler, Garrett Harrell, J. G. Hicks, W. D. Beggs, J. E. Sentell, Ivan Dodson, Harold Enfield of Hollywood, Calif., J. P. Nelson, E. J. Anderson, A. D. Erwin, W. B. Lee, Lee Stinson, A. C. Preuitt, W. W. Hamilton, C. C. Higgins, R. J. Randals, Allen Warren, Joe Caton, W. M. Scott, L. O. Smith, Wade Winston, H. G. Towle, Joe Strayhorn, Roy Strayhorn, and Misses Hattie and Gertrude Herm, Myrtle and Faye Harrell, Neoma and Dorothy Strayhorn, Mary Lynn Nation, and Vera Culbertson of Rotan.

FORMER SEVENTH DISTRICT HEAD HONORED AT MEET

The Seventh District, Texas Federation of Women's Clubs received notable recognition at the recent Mineral Wells meeting. Snyder being a part of that district, local boosters will be most happy to read the appended article taken from the society columns of the Amarillo News-Globe and the references to the former president, Mrs. F. T. Collins, who is well known here:

Through the earnest and sincere efforts of Mrs. F. T. Collins, retiring president of the Seventh District, Texas Federation of Women's Clubs, and her faithful chairmen a number of prizes were awarded to this district at the recent state convention at Mineral Wells.

Perhaps the most cherished award was that given for outstanding work in rural communities. The prize is a large silver cup, the Arthur A. Everts Cup, presented in 1924 by Mr. Everts to be given each year to the club excelling in rural work. Mrs. Collins was presented with a personal gift of a handsome water color, the work of Mrs. Walter Coffield of Austin. This was in recognition of the desire expressed during Mrs. Collins' entire administration to promote a more agreeable sharing of opportunities between urban and rural women and children.

In the state contest for the best yearbook, the trophy, a gavel, was received by Mrs. W. O. Neal of Quanah. The winning yearbook was that of the 1904 Club of Quanah.

Still another award came to the Seventh District in the form of a painting presented by Mrs. Frank A. Thompson, Corpus Christi, state chairman of memberships. This was received by Mrs. J. M. Marshall of Quanah, seventh district chairman of membership.

MRS. WIESE HOSTESS TO EL FELIZ CLUB

The El Feliz Club members were delightfully entertained Friday afternoon by Mrs. A. E. Wiese at her home. Following the business session, the play of forty-two was enjoyed.

A most delicious refreshment course was served to Mesdames C. C. Higgins, C. W. Harless, A. J. Cody, L. T. Stinson, R. H. Odom, Bill Miller, H. J. Brice, W. M. Scott, A. L. Stoker, L. O. Smith, Wade Winston, T. L. Lollar, J. C. Ezell, J. T. Dorward, Gertie Smith, G. A. Hagan, members; Mrs. I. A. Griffin and Miss Lilly B. Herbert, guests.

MISS CECILE STRAYHORN HONORED WITH SHOWER

Miss Cecile Strayhorn, whose marriage to Walter C. Cork of San Angelo was solemnized Sunday at the home of the bride's parents, Mr. and Mrs. Joe Strayhorn, was complimented with a delightfully planned shower Friday afternoon at the H. G. Towle home, with Mmes. Towle, Forest Sears and Misses Hattie and Gertrude Herm as hostesses. Chrysanthemums and other flowers in reds and golds added to the attractiveness of the entertaining rooms.

At the termination of the bridge and forty-two games, Miss Cecile Strayhorn held high score, at which time a shower of lovely gifts was presented to her.

Unusually delicious refreshments were passed to Mesdames Rob Strayhorn and Adams of Rotan, A. J. Towle, W. R. Johnson, Dixie Smith, Wilson C. Hartgrove of Paintrock, R. H. Curnutte, J. M. Harris, Wayne Boren, O. P. Thrane, Fritz R. Smith, Melvin Blackard, Forest Sears, Garrett Harrell, W. H. Ritzenthaler, J. G. Hicks, W. D. Beggs, J. E. Sentell, Ivan Dodson, Harold Enfield of Hollywood, Calif., J. P. Nelson, E. J. Anderson, A. D. Erwin, W. B. Lee, Lee Stinson, A. C. Preuitt, W. W. Hamilton, C. C. Higgins, R. J. Randals, Allen Warren, Joe Caton, W. M. Scott, L. O. Smith, Wade Winston, Roy Strayhorn, J. C. Stinson, Joe Strayhorn, and the honoree and Misses Dorothy and Neoma Strayhorn, Mary Lynn Nation, Myrtle and Faye Harrell and Vera Culbertson of Rotan.

YO-SAN BRIDGE CLUB ENTERTAINED

Mrs. D. B. Hutchinson was hostess to the Yo-San Bridge Club last Wednesday afternoon. Chrysanthemums were the decorations for the rooms where guests played bridge and were served a salad course during the tea hour. High score went to Mrs. Nolan Von Roeder and guest prize was presented to Mrs. A. A. Bailey. Other guests present were Mesdames Claude Sims, Henry Ware, Addison Casstevens, Garner Hutchinson and Dee Singletary.

MRS. MELVIN BLACKARD ENTERTAINS SAN SOUCI

One of the smart affairs of the past week was a buffet supper given Friday evening by Mrs. Melvin Blackard to compliment the San Souci Bridge Club members and guests.

Following the delicious meal, a series of bridge games were enjoyed by Mesdames James R. Hicks, J. P. Nelson, Jesse Sellars, Dan Cobson, Maurice Brownfield, Wayne Williams, Lewis Blackard, G. B. Clark Jr., Forest Sears, Wayne Boren, Amos Joyce, Ixon Joyce and Misses Edith Grantham, Gladys and Blanche Mitchell, Hattie and Gertrude Herm, Neoma Strayhorn and Sally Evelyn Boone.

ESRUDOMA SUNDAY SCHOOL CLASS ENTERTAINED

Mrs. Wayne Williams was hostess to the Esrudoma Sunday School class of the First Baptist Church last Wednesday afternoon at her home. The entertaining rooms were prettily decorated with chrysanthemums.

Following the business session a pleasant social hour was spent when refreshments were passed to Mesdames Wren Moore, Lyman Wade, C. C. Eager, Jesse Sellars, Bill Taylor, Leonard Daugherty, members, and Mrs. Will Williams and Mrs. H. M. Blackard, guests.

PRIMARY SCHOLARS ENJOY MONDAY MEET

An enjoyable mid-week session was held by the Primary Department of the Methodist Sunday School Monday afternoon when the pupils brought and served a Thanksgiving dinner. These mid-week sessions are to be held the first Monday of each month. Those assisting were Kathleen King, Bertha Wilna Clark, Horace Crawford, Francis Neeley, Frances Marie Head, Melba Ann Odom, Bobbie Wright, Joe Rue Lemley, Wallace Smith, Lyman Yoder, Ernest Taylor Jr., Clarence Ranee Jr., Louise Taylor, Betty Ann Wright, Patty Joyce Hicks, Irene DeShazo, Carlas Hugh Yoder, Wanda Jean Simms, with Mrs. Winston and Mrs. Hardy, officers of the department.

HI LEAGUE ORGANIZED

The young people from the age of 14 to 18 years organized a High League at the First Methodist Sunday night, Nov. 24. The following officers were elected: Grace Avary, president; Rayolene Smith, vice president; Ruth Yoder, secretary; J. T. Trice, corresponding secretary; Allene Cary, treasurer; Ruth Wright, Epworth Era Agent.

Mrs. C. C. Wright is the sponsor.

Every young person in this age limit who is not a member of another organization of this nature, is cordially invited to attend.

METHODIST CHURCH

Cal C. Wright, Pastor

Sunday school at 9:45. We want to make it our motto: "Every member present every Sunday, and on time."

Preaching at 11 o'clock. At the conclusion of the morning service the Holy Communion will be observed.

The three Leagues, the Junior, the Hi, and the Senior, will meet at the usual time and place.

Evening service at 7 o'clock.

You are invited to worship with us.

Miss Elaine Rosser of San Angelo spent last week-end with her parents, Dr. and Mrs. H. E. Rosser.

Mr. and Mrs. K. M. Kemp and little daughter have recently moved from Abilene here and are located in one of the Wellborn houses on the West Side. Mr. Kemp is a drug salesman.

CALLED TO WIFE'S BEDSIDE

Supt. C. Wedgeworth was advised Sunday night to come to his wife's bedside at Tenaha where physicians state there is no change in her condition. Snyder friends hope for the best for Mrs. Wedgeworth and that she will be able to pull through safe and sound.

FIRE AT COMANCHE

The Higginbotham Bros. & Co. store at Comanche was entirely destroyed by fire Monday, with a building loss of $50,000 and a stock loss totaling $150,000. Plans are already being formulated for rebuilding the store.

Swat Swater "Turkey" Day!

RUGS CHEAPLY MADE

COLEMAN—A rug worth $10 $12 has been made for 40 cents Mrs. F. Hamilton who wove it of burlap furniture shipping cov ing obtained free from a store. T dye cost 30 cents and thread cents. Another home demonst tion club woman taking part in Coleman County rug campaign the home demonstration agent Mrs. S. A. Moore, who has made wool rug out of old trousers at cost of 12 cents for thread.

EVERGREENS

We have added to our business a full line of roses, shrubs, etc. Will appreciate a visit from you.

Bell's Flower Shop

Thanks

As another happy Thanksgiving season comes to us, we would be unfaithful to our trust did we not thank the general public of Snyder and Scurry County for the fine business they have given us in our new Dry Cleaning Department, as well as for keeping our laundry working full time. We are truly thankful for the patronage we have received.

We furthermore appreciate the fine response to the business accorded us on the new price scale, as we have made a liveable price and will continue to do that sort of business at all times.

Wishing you the compliments of the season and a happy, merry Thanksgiving, we are,

Always Boosters for Scurry County,

We Specialize in Dry Cleaning and Laundry Service, Dyeing, Pressing, Alterations and Re-Lining.

SCURRY COUNTY BOY WRITES LETTER HOME

The following extracts appeared in a letter received by Mr. and Mrs. T. B. Faver from their son Lon B. Faver, who is located at 1228 East Anaheim, Long Beach, Calif.:

Dear Mother and Dad:

As there isn't much to do, perhaps you will enjoy a few lines from California. Well, it is some grand place if you have money, but if you don't have any it is just like anywhere else. Sure is lots to see but I don't have enough left after I pay for my room and board to go anywhere. You could live here all your life and see something new every day.

California is just one town, you might say. You can drive all day and still be in town. You know Los Angeles is the fourth largest city in the United States. I am just 22 miles from the main part of town, but you can't tell when you get there or leave if it were'nt for street signs. I did not know this was an oil country, but there are wells right along the beach for miles and miles. Some of them are drilled right out in the ocean where the water is several feet deep.

Times are pretty tough here right now because oil all went down and they are shutting down production with 10,000 men laid off right here in Long Beach this last week. They say this is the hardest year here in eight years, so I am lucky to be working and am trying to get on a drilling job through a friend. The job pays $7.50 a day. If I had experience in tool dressing I could have gone to Turkey with transportation paid both ways and $375 a month, with room and board.

You know this ocean is quite a thing for me to see, as it was my first and want to go out and see one of the big ships Sunday. The Saratoga, Uncle Sam's largest ship, is here along with the entire fleet. They come and get you at the docks and take you all through without any cost at all. They are anchored five miles from shore, and they tell me it costs one half million dollars just to fire the fleet up and get it on its way, which includes expenses of every nature and wages to the men.

There are not many natives here as everyone seems to be from somewhere else, Texas having plenty of folks here. I saw Red Ely in Los Angeles Sunday, the first time in eight years. He was working at an orange juice stand.

Love to all.
LON B.

27 School to Get State Rural Aid

There are 27 state aid schools in the county this year. All the schools will be supplied within the next few days with all necessary equipment as required by the state aid law.

Scurry County schools are well equipped. Many schools missed different articles at the opening of the schools this year that were left in the school house last spring. It is a very deplorable fact that some people consider public property so lightly. School equipment and school buildings belong to the people of the community. They are paying for them out of their hard earned money in the form of taxes, then why should any person wish to destroy this hard earned property. This is a question beyond us.

WHY TEACHERS GET MARRIED

Question: What are glaciers?
Answer: Guys what fix windows when they are broken.
Question: What is a peninsula?
Answer: A bird that lives on icebergs.
Question: What is a volcano?
Answer: A mountain with a hole in the top. If you look down you can see the creator smoking.
Question: Why does a dog hang out his tongue when running?
Answer: To balance his tail.
Question: What is steel wool?
Answer: The fleece of a hydraulic ram.
Question: What are the Christian nations?
Answer: Those that use cuss words.
Question: What is etiquette?
Answer: Saying "No, thank you," when you mean "gimme."

J. W. Henry and Miss Nell Higgins of Spur were Sunday guests of Miss Higgins' sister, Mrs. Dixie Smith.

Teachers Ass'n To Meet Dec. 6

Large Attendance Expected At First Meeting Of The Year

The Scurry County Teachers Association will meet at the Snyder High School auditorium Saturday, Dec. 6 at 2 p. m., when an interesting program will be carried out.

After some thought and discussion it was decided that the teachers meeting in the form of the Scurry County Teachers Association would not be a part of institute. To make it a part of the institute work would cost the children of the county something like $700 per meeting. We as teachers in a profession and a profession should be willing to give those three days to the children and come to these meetings without having to do so. The short program printed herewith will be interesting and instructive. Those desiring to better themselves in the profession will not miss this opportunity. One meeting of two hours duration each month is not much to ask of you as teachers. Let's be on hand at the first meeting of the association for this year one hundred per cent.

The program follows:
Song, "Eyes of Texas," Teachers.
Address, Bro. W. M. Speck.
Reading, Miss Gladys Thurman.
Discussion of Tests and Measurements, led by Mrs. J. A. Ford of Strayhorn school.
Types of Examination, round table discussion, led by W. C. Hooks, Dunn.

WANTED—BOOTLEGGER WHO LOST HIS WHISKEY

George W. Brown, who lives in the west part of Snyder, and incidentally one of the best carpenters that ever threw a hammer edgeways, dropped into the Times-Signal office Thursday to have us ask for the bootlegger who left several gallons of corn liquor in Mr. Brown's fodder patch. Mr. Brown told us to tell through the paper that whatever bootlegger the "dynamite" belonged to to call at his house for it. Apparently some fellow thought George's corn patch would be a handy place to hide his contraband and somebody will go thirsty Thanksgiving, according to Mr. Brown.

Swat S'water "Turkey" Day!

SLATON TRIMS POST FRIDAY, 12 TO 0

In another season's upset, Slaton defeated Post High Friday 12 to 0, but not without a fierce scrap.

The Times-Signal editor was a guest of Editor Eddie Warren and County Attorney Leon Moses and enjoyed a turkey feast previous to the game that was thoroughly welcome and appreciated. When it comes to a brother editor and one of these "gosdarn" law fellers putting on a turkey feed, we just don't take our hat off to nothing that walks on two feet, unless it might be Banker John Herd of Post, a member of the dinner party who sure knows how to throw every well known eating hold when it comes to feed.

Kick that ball, boys, all the way, Swat S'Water Turkey Day.

WHEN CHILDREN Need a Laxative

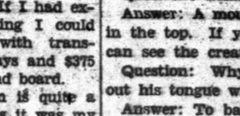

"We have used Thedford's Black-Draught in our family for nineteen years. I have found it of great help in raising my family.

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right.

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."—Mrs. Doshie Terry, 1205 4th Ave., Decatur, Ala.

THEDFORD'S Black-Draught for CONSTIPATION, INDIGESTION, BILIOUSNESS

WOMEN who need a tonic should take CARDUI. In use over 50 years.

GRUEN WATCHES

Your gifts....will they express your sentiments?

How truly it has been said that "the gift which pleases most is that which you yourself would like to have" . . . Folks who have a reputation for the excellence and appropriateness of their gifts consider this when making their selections . . . . They've learned too, to depend upon us for those gifts which are most warmly received and treasured . . . Many to choose from—starting at $1 and $2.

H. G. TOWLE
Jeweler

To West Texas Cotton Farmers

How about planting a good staple cotton next year and discarding the inferior stuff you have been raising in the past? I have bred up the Texas Mammoth Cotton here in West Texas. It has an extra large boll and a staple of 1 1-16 to 1 1-8 inch. My cotton brought 19c on the Snyder market when other cottons sold for 15½c. Texas Mammoth will yield as much per acre and bring $15.00 more per bale than your 3-4 inch cotton.

Try It And Be Convinced.

Price on seed of my picked cotton $1.75 per bu.; on snapped seed $1.25, f. o. b. Snyder, Texas. Better prices on 50 bushel lots.

C. N. Von Roeder
Knapp, Texas 24-1tp

A HAPPY WIFE ... for less than a penny a meal!

Now, what husband is so hard-hearted that he could resist a thought like that?

You perhaps may be one of the husbands who think, from never having priced silver, that an adequate table service costs a fortune.

But add these two facts up!

First, only one home in five has enough silverware . . .

And . . . *second* . . . good silverplate, figuring its decades of service, costs just about 1¢ a meal.

Doesn't that make you want to come in here and look over our silverware displays *and price-tags* . . . and make your wife *happy* with the extra silver she needs?

P. S. and while you're here, look at the new ELGIN Parisienne watches for women.

Molyneux . . . Elgin Parisienne with cord attachment . . . $37.50

Other beautiful Elgin wrist watches for madame . . . $35 to $260
