Some Freight Cars Made Available For Grain Crops

Some relief has been given to the movement of Lynn county's grain crop since last Friday by the release of a number of freight cars to local dealers for the hauling of the crop now being harvested.

However, local grain dealers have not yet received all the cars they need, nor in time to prevent much of the early crop from being hauled elsewhere for marketing. The local dealers have been promised that still more cars will be forthcoming, though, and hope to be able to handle all the grain brought to Tahoka from here on out this season.

Rain which began falling in Tahoka Thursday of last week had totaled .64 inches when the skies cleared Sunday.

The rain, of course, delayed the harvesting of grain and the pulling of cotton, but helped put the ground in condition for a crop year.

Mrs. White, Wilson, Buried Last Week

Funeral services for Mrs. Margaret Ann White were conducted on Wednesday, Nov. 7, from the Wilson Methodist Church, with the pastor, Rev. H. D. Seago, officiating. Grandsons of the deceased were pall bearers and grand-daughters were flower girls.

Mrs. White, who had made her home with children in Wilson for a number of years, passed away suddenly on Nov. 5 at the home of a daughter in Fort Worth. The 79-year-old mother became ill suddenly on Sunday and her Wilson children were notified. They left immediately for her bedside but she had already passed away when they reached Fort Worth.

Mrs. White was the mother of nine children, all of whom are surviving. They are Mrs. Miley Warren of Sweetwater, Mrs. Onie McWhorter of Inadale, Mrs. Lou Lambert of Wichita Falls, Miss Willie White of Fort Worth, Mrs. E. S. Snodgrass of Wilson, A. P. White of Phoenix, Ariz., Joe and Jeff White, both of Wilson, and Frank White of Sweetwater.

In addition, she is survived by 43 grandchildren and 20 great-grandchildren. All of the children except the son in Arizona were present for the funeral services.

Mrs. Hancock's Father Is Buried

J. H. Steger of Dallas, 85, father of Mrs. E. E. Hancock of Tahoka died in that city on last Friday morning after a long-continued illness. Mrs. Hancock and the children had been in Dallas several weeks on account of his critical illness and Mr. Hancock had visited there during his illness. He went down for the funeral, which was conducted at 10 o'clock Saturday morning from Gaston Avenue Baptist Church in that city. Burial was in Dallas cemetery.

Mr. Hancock, who is superintendent of the Tahoka schools, returned home Sunday but Mrs. Hancock and the children are remaining in Dallas for a few weeks, the children being in school there temporarily.

4-H RIFLE CLUB WILL MEET

The Lynn County 4-H Rifle Club is meeting at the County Agents office at 2:30 Saturday afternoon, November 17th. The group will receive a few instructions then go out to the rifle range for some actual target practice. All 4-H Club boys in the County are eligible to join this Rifle Club.

Mrs. James E. Dulin and children, Ronnie and Lonnie, returned a few days ago from a visit to her parents, Mr. and Mrs. O. A. Corley. Mrs. Dulin reports that her mother's health has greatly improved since moving to Glen Rose.

Chief Allen Moore Visits Mother Here

Chief Petty Officer Allen Moore, of the Navy Seabees, and wife, of Los Angeles, Calif., have been visiting his mother, Mrs. Dona Moore, here, he having recently received his discharge. Chief Moore attended school at Dixie about ten years ago.

He recently returned home after two and a half years service in the Pacific, and among other places, he was in on the invasions of Okinawa and Guam. He expects to make his home in Los Angeles.

Lubbock Man Is Rotary Speaker

Dr. Ernest Wallace, a professor in the History department of the Texas Tech., was the guest speaker at the Rotary Club on Thursday of last week.

He discussed the United Nations Charter, getting out the branches of the organization and their respective functions, duties, and limitations in much detail. The most outstanding impression that the ordinary listener gets, perhaps, is this, that it is a very intricate piece of machinery, and that, like an automobile, its different parts and their uses would have to be studied diligently before one could thoroughly master the subject. Many lessons would be required.

One of the facts he brought out was that in setting up this piece of machinery, the Nations participating had left a number of problems unsolved, some of them untouched. It will be necessary for the machinery to be perfected as the need arises.

His discussion was listened to intently and with great interest on the part of most of his auditors.

Bulldogs Lose To O'Donnell Eagles

Tahoka Bulldogs lost a heart-breaker last Friday night when O'Donnell came out on top with a score of 12 to 6, in a football game played in that city on a wet field. O'Donnell scored in the first and third periods, Tahoka in the second. The crowd of spectators was small due to the inclement weather.

This afternoon at 2:30 o'clock the Bulldogs play at Andrews to close the 1945 football season, the most unsuccessful year the school has had in the sport of football in many, many years.

The squadmen have worked hard, however, and training received in May this year will be the foundation for a better team next fall, as many of the boys who completed the season are eligible for next year.

Joe (Bill) White Is Home From Europe

Joe A. (Bill) White, formerly of New Home, returned home last week end with a discharge from the Army.

White went through the war in Europe with the Third Army. He was overseas 13 months.

Mmes. H. A. Nichols, George Reid, E. S. Davis, and John Donaldson attended the meetings of the Northwest Texas Conference at Abilene from Friday until Sunday inclusive.

Therapy Treatments

HELP THIS SAILOR—At Bethesda Naval Hospital, Maryland, is Pfc. Vincent De Senat, USMCR, being given therapy treatment by WAVE Pat Kisterman, pharmacist mate third class, as part of his rehabilitation made possible by War Bond dollars. The Victory Loan will help untold others, too. (Navy Photo.)

O'Donnell Author's Book Is On Sale

Ben Moore's "Butterfield—Seven Years With the Indians," a book published in Dallas by the O'Donnell man, was placed on sale at local drug stores this week.

The book, which deals with the life of Rev. Butterfield pioneer Methodist minister, contains a number of thrilling stories of life, customs and lore of the Plains Indians, as related to Mr. Moore by the missionary.

Bro. Butterfield, who has visited Lynn county churches a number of times, spent seven years with the Red Men in Indian Territory back in the days when they were still wild.

Sgt. and Mrs. Clemens Visit Relatives Here

Sgt. and Mrs. J. C. Clemens, both former residents of this county now residing in Houston, were here last week visiting relatives and friends.

Sgt. Clemens recently received a discharge from the armed forces. He had served in both the Atlantic and the Pacific areas and he planned to enroll upon his return to Houston in the University of Houston for a four-year course in general engineering. Before entering the army he lived at O'Donnell.

Mrs. Clemens is the former Miss Nell Bairrington of Tahoka. During her husband's absence she has been doing office work in Houston.

GRANTED DISCHARGE

Sgt. Henry E. Jahnke received his discharge on Nov. 3 at Fort Sam Houston after 43 months of service, of which 21 months he spent in the E. T. O.

He wears the Good Conduct Medal, 2 Bronze Sparheads, and 5 battle stars for Normandy, Luxembourg, Belgium, Germany and Czechoslovakia. He was with General Patton's 3rd Army 90th Div. Later being transferred to the 112th Armoured Division.

He is the son of Mr. Otto Jahnke of Big Springs and at present is visiting in the Frank Raindl Sr. home.

Henry Watkins Babe Dies At Lubbock

Funeral services were held at the Harris Funeral home here at 2:00 o'clock last Friday afternoon for the two-weeks-old baby of Mr. and Mrs. Henry Watkins of Lubbock, the infant having been named Travis Edmund Watkins. It died on Thursday night after having been kept alive for two weeks in an incubator.

The infant's mother was the former Estelene Kyle, daughter of Mr. and Mrs. Willis Kyle of Tahoko.

Funeral services were conducted by Rev. Levi Price and the little body was buried in the cemetery here.

Cpl. Harold E. Smith Home With Discharge

Cpl. Harold Eugene Smith, son of Guy Smith of the New Lynn-Gordon area, who enlisted in the army on April 23, 1943, was granted a discharge on Tuesday, November 6, according to official information sent to the News from the Separation Center at Camp Beale, California.

He is married and resides at Oakland, California, where he expects to take Electric and Refrigeration courses.

He was overseas from January 18, 1944, to June 26, 1945, serving in England, France, Belgium, Holland, and Germany. He was awarded four battle stars for participation in the Battles of Normandy, Northern France, Central Europe, and Rhine-land Germany, also the European, African and Middle Eastern campaign medals, the American campaign medal, the Good Conduct medal, and World War II medal.

Before enlisting, he had attended school at Tahoka, Southland, and other places. He is now 22 years of age.

BREWER HAS OPERATION

P. P. Brewer of O'Donnell, 79, father of Mrs. F. A. Anderson of Tahoka, was released from Lubbock Memorial hospital a day or two ago after having been there for a week or more having his right eye treated for ulcer. It was in a very serious condition but it is believed now that the sight has been saved.

Texas Tech Plans For New Stadium

LUBBOCK, Nov. 14. — Plans have been started for the building of a stadium at Texas Technological College. At a recent meeting of the board of directors, the college stadium committee was authorized to have the college architect submit plans and estimates for a new stadium that would measure up to those of the leading schools in the state.

Baptist Revival Closed Sunday

Although visible results were not impressive, members of the Baptist Church believe that the revival held in the church throughout last week may have far-reaching effects. The messages delivered by Rev. Fred Porter are generally pronounced to have been among the best ever delivered in a revival campaign in that church, and the singing led by youthful Dexter Riddle was excellent. It is believed that the spirituality of many members was greatly deepened and strengthened.

There were seven additions to the church by letter during the week, and two presented themselves for baptism. Contributions for the revival amounted to \$454.46. Although the weather Sunday morning was damp and disagreeable, Sunday school attendance mounted to 350; B.T.U. attendance in the evening, 170.

The pastor, Rev. Levi Price, Mrs. Price and the children left Monday morning to attend the Baptist General Convention in session in Fort Worth this week. Mrs. Garland Pennington, associational W. M. U. president, and Mr. and Mrs. J. C. Womack went down Sunday to be there for the preliminary meetings. Mrs. D. V. Smith accompanied Rev. and Mrs. B. N. Shepherd of Lubbock to the convention on Monday.

All expected to return to Tahoka Thursday or Friday.

Mrs. Callaway, 68, Dies At Lubbock

Mrs. Emma T. Callaway, 68, died last Friday, Nov. 9, in the Lubbock Memorial Hospital following a two-months illness, and the body was taken to Shiloh, near Teague, her former home, where funeral services were conducted and the body laid to rest at about five o'clock Saturday afternoon.

She had been living for the past four years at the home of her only living child, Mrs. S. V. Woodward, who resides 4 1/2 miles east and a mile north of Tahoka.

Mr. and Mrs. Woodward and family and James D. Woodward and wife attended the funeral services.

Mrs. Callaway was born at Donie, Freestone county, near Teague. She married in that section of the state, years ago, and her husband, Henry Callaway, died in Temple about the year of 1938. Survivors include Mrs. Woodward; three grand-children, Grady Woodward, who is now in the service in Japan, James D. Woodward, and Mrs. Jack Skillen of Albuquerque, New Mexico.

She had long been a member of the Baptist Church.

Otis Briles Is Home From War Front

After three years in the service, nearly two of which was spent in the European theater, Pfc. Otis Perry Briles arrived at the home of his parents, Mr. and Mrs. W. G. Briles east of Tahoka last Friday night. Young Briles served with the 195th Anti-Aircraft Artillery and though he was in the campaign through France, Belgium and Holland and on into Germany he escaped without a wound.

He received his discharge at Fort Sam Houston, exactly three years after he entered training.

Ted Chancy recently had his tonsils removed in a Lubbock hospital.

Methodist Pastor Assignments Made For This Section

As was generally anticipated, Rev. H. A. Nichols was returned to Tahoka for another year's service as pastor of the Methodist Church as announced by Bishop C. C. Seckman Sunday night.

As shown by his report, the Church here has made great progress since he came here three years ago.

Rev. E. H. Crandall was also returned to O'Donnell, J. E. Stephens to Grassland, C. A. Norcross to Draw, Lenno Hester is the new pastor at Wilson, and E. C. Armstrong at New Home.

Former Tahoka pastors and their charges include Rev. G. E. Turentine, returned to Matador; H. C. Smith, Big Spring; C. C. Armstrong, Wellington; R. T. Breedlove, Dumas; J. T. Howell, Sundown.

C. R. LeMond, a former Lynn county boy, was returned to Roby, and Ira Hart, also formerly of Lynn county, to Estilline.

Rev. H. H. Hollowell, the able and popular pastor at O'Donnell two or three years ago, was sent to Midland; and J. O. Quattlebaum, who formerly served at Slaton and was well known here, was sent to Stamford.

Dr. L. N. Lipscomb was reappointed superintendent of the Lubbock district, and Rev. H. I. Robinson was sent back as pastor of the Lubbock First church; C. A. Bickley, Asbury; and Aisle Carleton, St. John's.

Other neighboring pastors are as follows: R. N. Huckabee, Brownfield; Sam. A. Thomas, Levelland; R. Luther Kirk, Slaton; I. A. Smith, Post; Cal C. Wright, Lamasa; Ellis Todd, Seagraves.

Four Grider Boys In World War II

Cpl. Earl Grider, son of Judge and Mrs. G. C. Grider, came in home last Sunday after long service in the armed forces in the Pacific area.

Thirty months ago he was sent to the Southwest Pacific, where he saw strenuous action for many months. Then, as Gen. MacArthur's forces began to move northward from the Solomons and New Guinea area, he was right there helping in the push, and he was in the fighting that wrested first the Philippines and finally Iwo Jima and Okinawa from the grip of the Japs. Cpl. Grider was serving in the Army Air corps. He expects to get his discharge at San Antonio next Monday.

Another son, Sgt. Ray Grider, has been at home since August, after having served in the army in the South Pacific area for 22 months, chiefly in New Guinea, where he received a severe wound in the back and had to be hospitalized.

A third son, Sgt. Loyd Grider, came in home in October, after having been hospitalized for wounds in the shoulder and hip received at Brenner Pass in the Alps at the northern boundary of Italy. He had been trained for glider pilot and para-roop service but had been assigned to service in the infantry. Having been granted a discharge, he is now a mail carrier in Houston. His wife has been employed for sometime in the Houston post office.

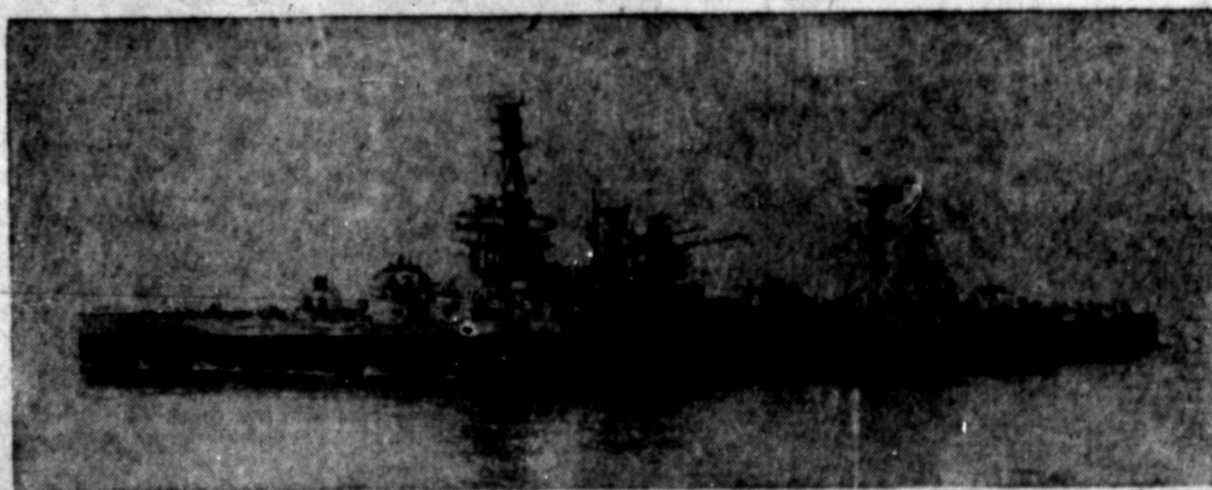

A fourth son, Bill Grider, is serving in the Navy and has been stationed at Pearl Harbor since last May.

Congratulations—

To S. K. 2/c. and Mrs. A. J. Hackenburg on the birth of an 8 pound daughter, November 10, at Tahoka Clinic, she will be called Gloria Jean. The mother was former Miss Mamie John Florence, daughter of Mr. and Mrs. W. Z. Florence of Draw.

To Mr. and Mrs. A. M. Fleming on the birth of a six pound son on November, 11, at Tahoka Clinic.

Historic Battleship USS Texas Finds Haven In Texas Port

Shown riding at anchor is the Battleship USS TEXAS, one of the Navy's oldest men-of-war. Her age did not prevent her from plugging up one of the war's most enviable combat records. The Texas was the only American battleship that fought off three continents—Europe, Africa and Asia. It now is at anchor in the Houston Ship Channel, and it has been proposed that the great ship, retired from service, be berthed there permanently as a monument to the fighting men from the state of Texas. —Official U. S. Navy Photograph.

SGT. TUTTLE DISCHARGED
San Antonio. — Technical Sgt. Jimmie P. Tuttle of 103 McAaskill Street, San Antonio, Texas, whose mother lives at Tahoka, has been separated from the Army Air Forces at the San Antonio District, AAF Personnel Distribution Command.
Sgt. Tuttle served as an aerial engineer-gunner for 8 months with the 8th Air Force in Europe, participating in 26 combat missions.

Lakeview News

By Mrs. C. B. Nowlin
Ross Harmonson Jr., who is attending Wayland College at Plainview, and a friend, Dean Diggs, also of Wayland, spent the week end in the Ross Harmonson home. Both boys are ministerial students, and Ross preached at the Baptist Church Sunday night.
Noble Nowlin of Hobbs spent Saturday in the home of his brother, C. B. Nowlin.
Johnnie Timmons, who received his discharge from the Navy last week, and wife are visiting his parents, Mr. and Mrs. John Timmons. They plan to make their home in Seattle, Wash.
Sgt. Glynn Ensor, wife and baby from Midland, Mr. and Mrs. Johnnie Timmons, Mrs. Gladys Anderson and daughter visited relatives at Crosbyton Sunday.
R. B. Cleveland of Garland is visiting in the Jake Fulford home.
Rev. Lloyd Murphy and family of Fairview visited in the Perry Harmonson home Sunday. He has accepted the church at Lazbuddy.
Mr. and Mrs. Morris Brown of Fort Worth visited in the home of her parents, Mr. and Mrs. E. F. Schwartz this week.

DORTHY JEAN BROWN WEDS JAMES D. WOODWARD

Miss Dortha Jean Brown, daughter of Mr. and Mrs. Ernest R. Brown of Lubbock, and James D. Woodward of Tahoka, son of Mr. and Mrs. S. V. Woodward, were married on Wednesday, Nov. 7, at 6 p. m. in the home of Rev. W. T. North, officiating minister, an old friend of the bride's family.
The bride wore a soldier blue street-length dress with black accessories and a corsage of pink carnations. Only the parents and a few close friends attended the ceremony.

Until recently, the bride, a graduate of Draughon's Business College, was a civilian employee of the Eighth Service Command in Dallas. Mr. Woodward was discharged recently after his return from duty in the European theatre of operations in the Ninth Air Force.
After a short wedding trip, the couple will make their home in Lubbock.

The bride, as well as the groom, formerly lived here.

McFADDEN OUT OF HOSPITAL
Lee McFadden was released last Saturday from a Lubbock hospital, where he had undergone major surgery a week earlier.

CARD OF THANKS
We are so deeply grateful to all of our dear friends for every word of sympathy and every deed of kindness shown us during the illness and death of our beloved Grace. The floral offerings were beautiful.—E. J. Cobb and sons, Billy, James, and Robert, and Mrs. Alice Scott and children.

TOUGH AS AN ELEPHANT'S HIDE!

That's **Phillips 66**

When you pay for protection—it pays to get the best! That's why we'd like to call your attention to Phillips 66 Motor Oil—the oil that's as tough as an old bull-elephant's hide!

You know, toughness isn't something you can refine into an oil. It's got to be there in the first place. Well, Mother Nature made this oil tough—and it took her thousands of years to do it!

All we do is pump it out of the ground... give it some special Phillips refining... and bring it to you with all those wonderful God-given lubricating qualities unimpaired!

When there's only a few pennies difference between "the best" and "mediocre," why take a chance? Drive in where you see the big Orange-and-Black sign with the double-six and say—"Fill 'er full o' Phillips!"

You won't find a more honest, natural lubricating oil in America!

"Fill 'er Full o' Phillips!"

THE HONEST OIL - FROM DEEP IN THE HEART OF OKLAHOMA!

Play Safe and Ride On LEE TIRES

ARMY RECRUITING PERSONNEL HERE TUESDAY

Captain R. T. Hammond and Cpl George York visited here Tuesday. These men were giving out leaflets and answering questions about the new Voluntary Recruiting Program. Capt. Hammond pointed out that in the United States 10,000 men have already enlisted or re-enlisted in the Regular Army, and in the West Texas Recruiting District the number of volunteers has placed the district at the top of all the recruiting districts.

West Texas men have been quick to recognize the many advantages offered by the Regular Army through the new voluntary recruitment act of October 6, 1945. To the discharged man is offered many additional advantages such as the cash allowances for re-listment. If discharged on points, and he signs up before November 21st 1945 he will be enlisted in the grade held at time of discharge as his permanent Regular Army grade, and if he has not been out over 90 days, he is eligible for a re-enlistment bonus of \$50. for each full year of service.

Cpl. York mentioned the 90 day furlough as a re-enlistment inducement. Discharged men with 30 or more months of service upon re-enlistment are given immediately a 90 day furlough to their home with travel pay of five cents a mile, both ways.

The nearest Army Recruiting Station is at Lubbock, second floor of the Post Office Building. Recruiting personnel are there to answer any questions or fill out the necessary papers for re-enlistment.

Representatives of the Lubbock office plan to be at the post office at Tahoka each Tuesday.

EUZELIAN CLASS

At the monthly business meeting and social of the Baptist Euzealian Class in the home of Mrs. R. C. Forrester Monday evening Officers and committees were named, plans were made for the Year Book and other class activities were discussed. Mrs. J. K. Applewhite, Class President, had charge of the business session.

Mrs. E. J. Cooper will direct the enrollment work for the year. Mrs. W. M. Harris will direct social activities. Mrs. E. J. Hendrix will have charge of Class Ministries, while Mrs. G. C. Shaffen will serve as Treasurer, and Mrs. R. C. For-

rester will continue as Secretary. Mrs. J. M. Scott and Mrs. E. I. Hill directed games. Mmes. Forrester, Applewhite, and T. B. Burrough served refreshments to E. I. Hill, teacher, and Mmes. Hill, Scott, Cooper, Burrough, Forrester, Applewhite, Hendrix, Harris, Shaffer, Cora Corley, E. H. Cunningham, J. L. Reese, Alice Fortenberry Ot; Patterson, and Mmes. Harra Scott and M. C. Thomas, visitors.

J. W. Moore, chief carpenters' mate in the Seabees and son of Mrs. Dona Moore, arrived at home Wednesday night of last week after more than three-years' service

in the Pacific, bringing with him his discharge.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

Wilson News

(By Mrs. Frank Fletcher)

Mr. and Mrs. Doyle Poff returned from Hamilton county Tuesday and moved Thursday to Lubbock, where they plan to make their home.

Rev. H. W. Kieck, A. A. Teinert, B. G. Wied, and O. O. Hoffmeyer motored to Plainview Sunday afternoon to attend a Conference of Circuit 1 of the Lutheran Church, Missouri Synod.

Mr. and Mrs. Elmer Rice and Benson went to Abilene Friday to attend Parents Day at McMurry College and to visit their daughter and sister, Wanda Lee, who is a student there.

H. G. Cook of Wilson and Jim Johnson of Lubbock left Wednesday to go deer hunting at Cowles, New Mexico. Thursday Luke Coleman and Pat Campbell left to join

the other party of hunters.

Those attending a barbecue in the home of M. D. Bruedigam last Sunday were their Oklahoma visitors, Mrs. B. B. Daugherty, Dewitt Daugherty and son Ronald, Mrs. Coy Bohannon, all of Sayre, Okla.; Mrs. Dora Neitsch and son Melrose, Mr. and Mrs. Ben Brieger and family, Mr. and Mrs. H. Wilke, all of Wilson; Mr. and Mrs. W. Jocheta of Slaton; Alfred Neitsch, Oscar Neitsch, and Mrs. Leroy Neitsch, all of Lubbock; Mr. and Mrs. Fred Steinhauer, Mr. and Mrs. E. Stolle, A. Stolle, and Mr. and Mrs. C. W. Gindorf, all of Post.

Mrs. Dora Neitsch and son Alfred have been visiting for the past week with friends and relatives in Sayre, Oklahoma.

Ed Moore underwent an eye operation in Lubbock Monday. He is making daily trips to the doctor for treatment.

To the People of this Community

It would be pleasant to report that the Victory Loan is simply a victory to a great home front war program, a sort of final salute to the millions of volunteers who have worked hard and unselfishly to sell you defense and war bonds, a platform from which to pat ourselves on the back for a magnificent bond buying job. Victory bonds, however, are not on sale for the purpose of self-praise. The government is asking you in this last drive to buy extra bonds because billions of dollars in war bills are unpaid. Billions of extra dollars must be spent to bring your uniformed men and women home, billions of extra dollars will be needed for care of the wounded, liquidation of war contracts and maintenance of occupation forces.

Besides serving as guardians of the peace in enemy lands, Victory Bonds hold off the threat of inflation at home. For your own good, the Victory Loan should be your best performance of all the war loans.

THE EDITOR

The Baptist Women's Missionary Society met on Monday afternoon for a missionary program with Mrs. E. O. Montgomery in charge. The program dealt with foreign mission work of the past and gave a vision of the work to be done. Present were Meses. H. Phillips, S. C. Cummings, Ed Crooks, E. O. Montgomery, Lloyd Swann, W. F. McLaughlin, H. Hannabas, Frank Fletcher and Andrew Cooper.

Sunday afternoon guests in the Frank Fletcher home were Mr. and Mrs. Charles Estes and daughters of Lubbock.

Harvey Hahn of Sagerton visited in the John Hahn home last week. He had just received his discharge from the armed forces.

Mrs. H. G. Cook and Nancy left Thursday afternoon to visit her sister, Mrs. D. Freeman and family of Lamesa. Dan remained with his grandparents, Mr. and Mrs. John Heck, and went to Lamesa by train Saturday. They returned home Sunday.

Mr. and Mrs. B. G. Wied and family, Mr. and Mrs. C. A. Wied and family, Mr. and Mrs. R. E. Behrend and family, and Dorothy Teinert were Monday night supper guests of Mr. and Mrs. A. B. Ohlenbusch of Lubbock.

Mr. and Mrs. A. D. Smith and daughters Leona and Corrina left Tuesday for Missouri and Arkansas. They plan to locate in one of these states.

Edgar and Marvin Hahn of Bastrop are visiting Mr. and Mrs. John Hahn.

Arvel Maeker, son of Mr. and Mrs. Hugo Maeker, arrived home Sunday night on furlough after having spent 26 months in the European theatre of war.

Sunday guests in the Paul Limmer home were Mr. and Mrs. Charles Limmer and family of Sparenburg, Mr. and Mrs. Rudolph Limmer and Mrs. Keim of Hamilton, and Mr. and Mrs. Lee Limmer of Slaton.

Mrs. Felix Nolte is still at the bedside of her mother in Thornedale.

Hillis Snodgrass received his discharge from the armed forces and arrived home Monday from San Antonio.

Mrs. W. I. Lemon visited her sister, Mrs. M. L. Platt and family in Hamilton county last week, returning home Tuesday. Mr. and Mrs. W. I. Lemon visited Mr. and Mrs. J. W. Lemon of Lubbock Monday.

Mrs. John Heck was hostess Thursday afternoon at a pink and blue shower honoring Mrs. Jiggs Swann. Mrs. Lloyd Swann had charge of a period of fun, one of the games played being a fishing game, and the honoree caught a lovely basket of gifts when it was her turn to try her luck at fishing. Refreshments of iced fruit juice lovely pink and blue cakes, and nuts placed in tiny paper cradles were served to about forty guests.

Opl. Gus Hince of the 101st Airborne division received his discharge from Ft. Lewis, Washington, on November 3, and plans to farm near Wilson. He was a

AMERICAN LEGION MEETS

Seven members of the Executive Committee of the American Legion Auxiliary met, Monday evening, November 8th, and had dinner at 6:30 in Driver's Cafe. The principal topic brought up for discussion was plans for the poppy sale on Saturday, November 10.

The purpose of these committee meetings is to make ready for presentation to the Auxiliary as a whole, any sort of work or projects which fall in the field of American Legion Auxiliary work.

Members present for the meeting were Mrs. Rafe Richardson, Mrs. A. M. Cade, Mrs. H. L. Roddy, Mrs. E. J. Hendrix, Mrs. Pete Ware, Mrs. J. B. Oliver, and Mrs. Roy Adams.

Mr. and Mrs. H. T. Loyd left Wednesday for Coleman where they now reside, after a visit of several days here with Mr. and Mrs. T. J. Bovell and other friends. They formerly lived on the Bovell place north of Tahoka.

prisoner of war in Germany for eight months.

Those from the Wilson Baptist Church attending the state convention in Fort Worth this week are Mr. and Mrs. Lonnie Lumsden, Mrs. W. H. May, and Miss Clara May.

Mrs. Levi Dickerson was in Lubbock Monday to see a surgical doctor and possibly entered the hospital for minor surgery this week.

The Boy Scouts are planning their first hike Saturday and are working on their tenderfoot tests. Investiture for the local troop is planned for November 26, at which visiting Scout officials, parents and friends are invited.

— TRY NEWS WANT ADS FOR RESULTS —

Please!

PLEASE don't put off this important job any longer. You're going to want all of your equipment in good shape when field work starts. It's our job to put it in condition. We'll handle your repair jobs the way you want them handled if you'll let us know in advance.

Stop in now, or phone us, and get your work on our schedule. Then you're sure to have the machines when you need them.

You know our reputation for repairing farm equipment. That's our business.

We have expert mechanics and a well-equipped shop. And our bins are loaded with genuine IHC parts—the same parts that are built into the machines at the factory—and you can't beat them.

Take one day and go over every machine on your place. Tag each one with the things that need to be done. You can count on the same service in our shop that you get from McCormick-Deering equipment in the field. Say when and we'll get busy.

It may have been wise and right, even necessary, for the armed forces of Great Britain to make war on those Indonesians in Java, but in any event it was most regrettable. The Indonesians had established a so-called Republic. It was reported the first of this week that the "Foreign Minister" of this Republic had appealed to Russia to intervene in behalf of the Indonesians. In his appeal, he promised that the Indonesians would assist the Allies in disarming the Japs and in evacuating the Japanese forces from the island. On the other hand, three top-ranking Japanese generals had been arrested by the British authorities on charges of violating the Japanese terms of surrender by turning over tanks, armored cars, guns, and ammunition to the Indonesians, the inference being that these Japs had stirred up the ignorant and fanatical Indonesians and instigated their attacks on the British forces. So, at that time the British and the Javanese were continuing to fight, with heavy losses on both sides, the Javanese claiming that the British had slaughtered many Javanese civilians. We sympathize with the Javanese, or Indonesians, in their desire for independence. On the other hand, we think it

absolutely necessary for the good of mankind that Japanese influence in Java be completely uprooted and destroyed, that orderly government be established, that a program of education, sanitation, and internal improvement generally be instituted, and that democratic principles and government eventually be thoroughly established and made secure. To do this, it may be necessary for the British to subdue the rebellious and fanatical Indonesians just as we had to subdue Aguinaldo and a large faction of the Filipinos following the Spanish-American war almost a half-century ago. But this awful carnage and bloodshed among an inferior people is very regrettable just the same.

It surely is exasperating—that civil war in China. Those people up in Manchuria along the Russian border, bitten years ago by the rabid pup of Communism, have madly started another war. They did not even wait for China to be freed from the clutches of the blood-thirsty Japanese tiger before starting this war upon their own fellow-countrymen. They may not have the actual backing of the Russian Bear in this fight, but many believe that they have his sympathy and good wishes. Anyway, it creates an uneasy feeling that this may be the first step in a program to sovietize the Chinese. It is to be hoped that they fail. Perhaps it would be best to let the Manchurians have their own way as long as they will stay on the north side of the old Chinese wall and let China proper become and remain thoroughly democratic. But if they persist in undertaking to compel the rest of China, by force, to surrender to the beast of Communism, it looks dark for the world.

There is an old joke about this being a good next-year country. It is. It also has been a good this-year country for ten years until this year. It was dry, dry, dry this year until the crops had well-nigh ruined. But, no jokin', these rains this fall have been fine for next year's crops. They are also fine on the wheat patches, which will furnish a lot of fine pasturage for the cows through the winter. It is said that every rose has its thorn, but out here on these plains a lot of thorns have their roses, too. At least these rains are making things look very roscate just now.

CARD OF THANKS
May we take this opportunity to thank our friends and neighbors for every deed of kindness extended us in this time of sorrow. Every word of comfort, every thing said or done to help us bear the grief was appreciated. We shall long remember each one who furnished eatables, car service, flowers, or any word or service. — Mrs. R. H. Bates, Payne Bates, Nelda Bates.

Captain Kermit K. Beahan, Houston, Texas, dropped the atomic bomb on Nagasaki Japan.

PVT. RALEIGH RAY IS AT BROOKE GENERAL HOSPITAL

Private Raleigh Ray, son of Mr. and Mrs. Wade H. Ray, of Pie Town, New Mexico, was among returnees to arrive at Brooke Convalescent Hospital, Brooke Hospital Center, Ft. Sam Houston, Texas. Ray served overseas ten months with Company "T", 158th Infantry Regiment, Regimental Combat Team, in the Asiatic Pacific Theater. He saw combat on Luzon in the Philippines where he was wounded. Ray is entitled to wear the Purple Heart medal, Philippine Liberation ribbon, and the Asiatic Pacific of Operations ribbon. Ray entered the Army July 10, 1944, and took his basic training at Camp Wolters, Texas. After processing in the Receiving Company at Brooke Convalescent Hospital, patients are assigned to various companies, depending upon the nature of their wounds or injuries, where a company medical officer personally supervises their return to full health. He is a grandson of Mr. and Mrs. J. B. Ray, Garnolia, and has spent most of his life in Lynn county.

NEW HOME GIRL'S 4-H CLUB MEETS

The New Home Girls' 4-H Club met Monday, November 8, from 9:00 to 9:50 a. m. in the sixth and seventh grade room.

Bernadine Rudd, president, called the meeting to order. The secretary, Willie Mae Minton, had each girl to answer the roll-call with a subject she wants to study this year.

Mrs. Carolyn D. McDonald gave a demonstration on "How to Sew a Button on Correctly." Each club member then sewed on a button with the help of Mrs. McDonald and Mrs. Overman.

Madge Howard was elected food demonstrator, since Mildred Reynolds is moving.

The club members sang during the recreation period.

One new member, Madge Howard, joined. This makes 56 enrolled in the New Home club. Sixty-one attended the November meeting. Miss Jewell Overman, the sponsor, was present. — Club Reporter.

GARNOLIA 4-H CLUB

The Garnolia girl's 4-H club met on November 5. Minutes of the last meeting were read and approved.

We are sewing for the next meeting. Some are sewing cup towels and aprons.

For recreation, two games were played. — Reporter.

WHERE WOULD WE BE WITHOUT OUR PUBLIC SERVANTS?

Your taxes and ours pay the salaries of these fine people. We couldn't get along without our public servants and they couldn't get along without us taxpayers. Their work is vitally necessary and their services are appreciated by all.

These are only four of many American privileges we enjoy and pay for under our democratic form of government. Your Public Service Company, as one large taxpayer, has always borne willingly its share of taxes to help build the communities we serve and the nation in which we live.

NEW PONTIAC CAR IS ON DISPLAY HERE

Motorists of this area are among the first in the nation to see the 1946 Pontiac models when the first new car since 1942 arrived here and went on display immediately at McCord Motor Company this week.

"This area always has been a prestige point in Pontiac's merchandising plans," D. U. Bathrick, general sales manager of Pontiac Motor Division, declared in announcing the shipment. "That is why we are gratified in being able to show production-built models of our 1946 line here before the rest of the country gets a chance to see them."

Each dealer in this area has received one car. This policy is being carried out throughout the rest of the country by Pontiac in the interest of fairness. More cars will be shipped as soon as each of the approximately 3,000 Pontiac dealers has a 1946 model to display.

A preview look at the new Pontiacs now on display reveals advanced styling which emphasizes a road-hugging appearance and plane-like contours. Dominated by the famed Silver Streak, the frontal appearance commands attention with its massive, flowing beauty, enhanced by a newly designed grille, relocated parking lamps and heavier bumpers extended in a sweeping curve to protect front fender skirts.

"Mechanically," Bathrick said, "the new Pontiac contains as many functional improvements as have been offered by Pontiac in any model year. All are completely tested and found desirable. Everything on the car, both inside and out, has been aimed at forwarding Pontiac's reputation for building a fine car capable of giving top-flight yet economical and trouble free service. The satisfied owner always has been and always will remain our goal.

At present Pontiac production is concentrated on the two-door Streamliner sedan-coupe, a popular type introduced by Pontiac in the low price field. Pontiacs again are available in both six and eight cylinder models with a negligible price difference.

H. B. McCord, local dealer is now taking orders for the new cars for early delivery.

Mrs. H. C. Aten and sons James and Jerry are here from Klamath Falls, Oregon, visiting her mother, Mrs. J. E. Keiner, Mrs. Aten being Bessie Lee Munn before her marriage.

Service men call the Dallas built prefabricated house, "Dallas Huts."

PEOPLE FROM EVERY STATE VISIT PLAINS MUSEUM

Canyon, Texas, Nov. 14. — From every state—except Vermont—last month came visitors to the Plains Museum on the campus of West Texas State College.

The total registrations for the month were 2,747, raising the total for the year to 31,314 and since the museum's opening on April 14, 1933 to 401,013. Visitors also came from Canada and Africa. Several Army groups and two perambulatory groups of the veterans hospital in Amarillo visited the museum. A delegation of children came from Panlex Village, near Amarillo.

With transportation difficulties receding, museum visitors soon will reach pre-war numbers, according to Boone McClure, assistant curator.

The museum is internationally famous for the excellence of its exhibits of materials on western and Indian life and especially for its paleontological collections. Historical materials are used by research students. Art collections include many valuable objects from other countries.

Currently a campaign to raise \$60,000 to complete a two story annex is under way. This unit must be finished to permit acceptance of highly valuable collections for which there is now no room.

Mr. and Mrs. Tom Mott and children left Tuesday for Ft. Worth, where they now reside, after a visit of several days here with relatives and friends. They formerly resided here.

SGT. PAUL COX NOW COMING HOME

Mr. and Mrs. Jarrell Cox received word from their son, Sgt. Paul Cox, a few days ago to the effect that he had landed in the United States and would be in Ft. Sam Houston Wednesday. He was expected to be at home the latter part of this week.

Sgt. Cox has been overseas for 27 months. He wears the E. T. O. ribbon with five battle stars, Normandy, Northern France, Rhineland Ardennes, and Central Europe. On the right sleeve he has the gold wreath for Meritorious Service from June to December, 1944. He wears the red rope trimmed in green given him by the Belgian army for the work done during the bulge last year. He also has the Good Conduct medal.

Mr. and Mrs. E. S. Evans returned to Fort Worth last Friday after a visit with their parents, Mr. and Mrs. John Evans and Mr. and Mrs. R. B. McCord, and other relatives. Both were practically reared here. He was recently released from service in the Army and she has been employed in a war plant during his absence.

There are more than 3,500 species of ants.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1—Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2—Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

COL. G. C. GRIDER, AUCTIONEER
V. A. Botkin, Clerk

You don't need a business of your own to

MAKE YOUR CHILDREN YOUR PARTNERS!

WHETHER you are proprietor or employe, you want your children to have the best that you can give them. You want them to have a college education, some cash for special training, and an opportunity to enter any business or profession they may choose for a career. You want them to have a real start in life!

Mr. Y, a South Texas citizen, had some such thought in mind when he invested a part of his savings in Southwestern Life insurance for his two little children, shortly after their birth. Through a special contract, he made certain that his children would have their opportunity in life, regardless of what happened to him.

Death suddenly called Mr. Y from life's picture a few months ago. Mr. Y didn't live long enough to complete all the plans he had in mind for his children; but through

his Southwestern Life Insurance contract, he assured each of his children a real start in life. You can make your children your partners, just as Mr. Y did. You can assure your daughter, come what may, that she will have funds to further her education, buy her trousseau, or help to start her home. You can give your son no greater opportunity in life than to provide him with cash for his technical training... cash to buy instruments if he enters the medical profession, or to buy books if he becomes a minister or lawyer... cash for the capital with which to start a business, or the nucleus of a retirement income when he is ready to end his life's work.

Out of savings you will never miss, you can make their fondest dreams come true. Get the facts on your plan today.

Billy Hill Back From Service In Pacific

William E. Hill, G. M.-2/c in the U. S. Navy, landed back in Tahoka last Friday afternoon after a service of almost four years. He volunteered for Navy service in January, 1942, six weeks after the Pearl Harbor attack, was sent to Norfolk, Virginia, for training, and went out to sea in April of that year as part of an armed guard on a merchant ship.

Since that time he has served on various kinds of ship, making a zig-zag trip entirely around the world in 1943. From the base at San Francisco, he was sent down to San Pedro, from which place his ship struck out for the Southwest Pacific, touching at several points enroute but making it first real stop at Hobart, Tasmania, just south of the Australian mainland; thence it proceeded westward to Ceylon at the south point of India thence north-eastward to Calcutta where it lay in port for several weeks, thence back by Ceylon and

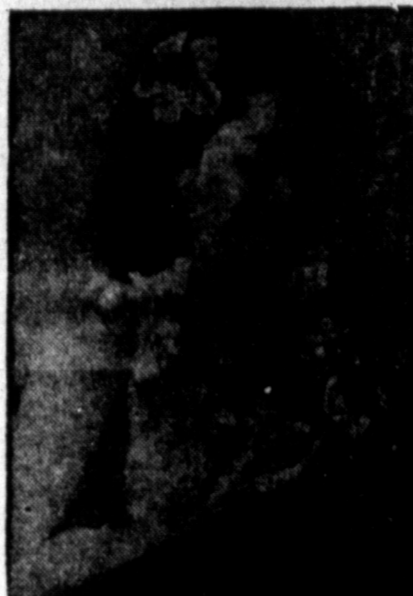

on south-westward across the Indian Ocean, rounding the Cape of Good Hope, the southern point of Africa, and thence striking out almost due west across the Atlantic to Buenos Aires in Argentina, where it lay in port again for two or three weeks; thence rounding the east and north coasts of Brazil to Trinidad, and from Trinidad to New York. From New York he came home for a visit and thence back to San Francisco.

Most of his service, however, was in the Pacific, his last being on a troop transport vessel plying from Australia northward to the Philippines. On the homeward trip, he came from Manila by the Marshall Islands and thence on and on eastward to Panama, through the Panama Canal and thence to New Orleans, where he disembarked.

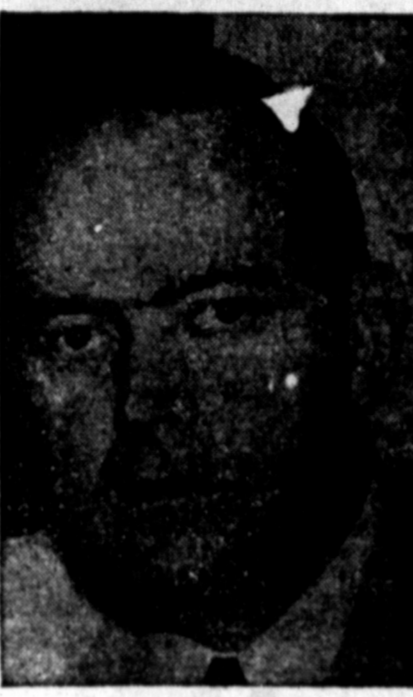

He will return to San Francisco about the end of this month and it is expected that he will be given a discharge there.

Before entering the service he was Linotype operator for the News and will probably resume his duties as such when granted a discharge.

ROBERT COYNE

WEAKS-McCLINTOCK

In a single ring ceremony, Miss Jeans Weaks, daughter of Mr. and Mrs. W. J. Weaks of Morton, became the bride of Cpl. Dwane McClintock, son of Mr. and Mrs. C. W. McClintock of Tahoka, Sunday, November 4. Rev. Levi Price read the ceremony. The only attendants were Mr. and Mrs. Boyd Driver, an uncle and aunt of the groom.

Mrs. Dwane McClintock is a graduate of the Morton High School and is a sister of Mrs. O. D. Orr of Tahoka.

Cpl. McClintock attended Tahoka High school before going into the Army air forces. He was well known in Tahoka High for football and other athletics. He has many friends here.

Cpl. McClintock will report to Miami, Florida, November 25 for a discharge. They plan to make their home in Tahoka.

GRASSLAND CLUB GIRLS TAKE SEWING LESSON

The Grassland 4-H girls met Friday, November 9, with Mrs. Shepherd and Mrs. McDonald present.

Mrs. McDonald showed the girls how to sew on a button. Each girl sewed a button on a sample of material and mounted it in her note book.

Mrs. Shepherd agreed to meet with the girls each second and fourth Friday morning.

There was one new member. — Reporter.

Mr. and Mrs. J. J. Gray returned Tuesday from Wichita Falls, where they had spent a few days visiting their two daughters, Mrs. Essie Fee and Mrs. Elsie Case and families. While they were there one of the Case soldier sons came in with a discharge on Wednesday and another on Saturday. Then they went to Norman, Oklahoma, and brought their sister home, and Mr. Gray says that they all had a glorious time.

Sgt. Kelly Laws Is At Honshu, Japan

Mr. and Mrs. V. V. Laws of Grassland have received a copy of a Presidential citation awarded several months ago to the First Battalion, 188th Glider Infantry Regiment, of which their son, S/Sgt. Kelly Laws, was a member at that time. He is now with the 11th Airborne Division at Sanda on Honshu Island, north of Tokyo Japan.

The Citation was awarded to the First Battalion, 188th Glider Infantry Regiment, "For outstanding heroism and conspicuous performance of duty in action against the enemy on Luzon, Philippine Islands, from January 31 to February 3, 1946. Despite the disadvantages imposed by lack of transportation and small-sized companies, the battalion landed at Nasugbi, January 31, 1945, against the fire of enemy automatic weapons and artillery, and proceeded rapidly inland by a forced march of 20 miles in 24 hours." Then follows a detailed statement of its achievements in the face of almost insuperable difficulties and without regard to the personal safety of the soldiers, too lengthy to be recited here.

This order was approved by the Commander in Chief of the United States Army, who was the President of the United States, on June 5, 1945.

SECTION II
THE LYNN COUNTY NEWS

VOLUME 42, NUMBER 6.

TAHOKA, TEXAS, NOV. 16, 1945

County Agent Says:

Believe it or not, General Johnson Grass is dead—killed by Jack Frost. Temporarily of course, since Johnson Grass is a perennial it will be with us again early next spring. Although a lot of Johnson Grass was permanently killed by the various methods used in the County-wide Johnson Grass control program, Jack Frost found enough Johnson Grass that there was no question but that we will have a big fight on our hands next year. Hopes are high at this time that a secret weapon will enter into the fight next year and materially increase our chances to really get Johnson Grass under control. This secret weapon will be in the form

of a new chemical that will be a one-application sure-kill method of eradicating Johnson Grass.

Cattle grubs collect a big toll of money from Texas farmers yearly. Grubs also take a heavy toll indirectly from non-farm people. This is in the form of meat which the grubs make unfit for eating. Paul Gregg, entomologist for A. & M. College Extension Service, estimates that grubs levy a tax of about five million dollars a year upon Texas cattle growers.

Here's the way he figures it: about 840-thousand of the two million Texas cattle slaughtered early are grubby, and these animals are discounted an average of nearly four dollars each. This is the main item of loss. But the remainder of the five million is in damaged hides, a reduction of twenty-five percent in milk flow, and greater expense in feeding stock afflicted by grubs.

And here's what the parasites take from folks who eat meat: an average of two pounds per infested animal is destroyed. Gregg estimates that this would be sufficient for the meat ration of forty-six hundred persons. And the leather lost because of damage by the grubs is sufficient to make about one million pairs of shoes. The money represented in the loss of meat and hides falls upon the cattle producers, but during meat and shoe rationing the consumer also has as a large interest in the problem of controlling the parasite.

Rotene and sulphur is the most effective treatment for grubs. This mixture may be applied as a dust or spray, and as dip when both grubs and lice are to be controlled. The time that the first treatment for control of grubs should be given in Lynn County is October 20 to December 1.

The time of year has come to treat peach and plum trees for control of borers. In Lynn County trees should be treated as near October 25 as possible. If gum with grass or sawdust is noticed coming from a tree just below or above the ground line the borer is at work.

The true borer, or base borer, is the lad to watch for. It works underneath the bark of the tree just above or below the ground line. If it is not controlled it will weaken

Mr. and Mrs. George M. Duckett who observed their fiftieth wedding anniversary on November 3rd at their home at Lingo, New Mexico. The Ducketts lived here a number of years before moving to Lingo about two years ago.

DENSMAN ATTENDS MOTHER'S FUNERAL

Mr. and Mrs. J. R. (Randy) Densman and two children went to Sebastian last Friday after learning that his mother, Mrs. Mellye Densman, 52, had suffered a cerebral hemorrhage on Wednesday.

Mrs. Densman passed away early Sunday morning and funeral services were held Sunday afternoon. She is survived by her husband, J. F. Densman and four sons. The Densmans returned Tuesday.

RACKLER NOW IN FRANCE

Pfc. James B. Rackler writes his mother, Mrs. J. F. Rackler of Gordon that he is now at Rheims, France, doing repair work on some of the big machines such as caterpillars, cranes and other things that the Army has been using. He is happy in his new work, he says. While in the Infantry he saw much of Europe and was at one time stationed near Mannheim, Germany.

CAPT. BROWN HOME

Capt. Joy Edwin Brown who has just returned from the E. T. O. accompanied by his wife and little daughter of Snyder are visiting his mother, Mrs. Pearl Brown.

Capt. Brown, who was born and reared in Tahoka, was with General Patton's Third Army.

THE NEW LYNN 4-H CLUB

The New Lynn 4-H club met Nov. 9th at 10:30. Mrs. McDonald showed the girls how to sew a button on.

We elected a new sponsor Miss Gladys Cater. The girls present were Clotie Cook, Shirley Bartley, Ada Bessie Kindrick, Imojean Edwards. Absent were Margline Jester. Visitors: Ida Pearl Mason, Gertrude Edwards.—Reporter.

Mr. and Mrs. Dayton Nance, who spent several weeks here with his parents, Mr. and Mrs. J. B. Nance, left Sunday for their home at Waukegon, Illinois. From there he expected to go to Great Lakes and receive his discharge from the Navy about November 17.

Texas with its famous 39th Division ranks fifth in the nation's death toll.

Mos. files die in winter.

TWO TAHOKA GIRLS AT McMURRY ARE HONORED

Two girls from Tahoka and McMurry College, have been elected to the Wah Wahtaysee, the girls drum and bugle corps. Beth Shepherd, daughter of Mr. and Mrs. A. L. Shepherd, is a senior student majoring in Spanish. She is a member of Alpha Chi, Chanters, Gamma Sigma and Alpha Theta Mu.

Ruby Lee Hancock is a freshman majoring in Chemistry and daughter of Mr. and Mrs. D. W. Hancock, Route 4, Tahoka, Texas.

WELLS 4-H CLUB

The Wells 4-H Club was called to order by the President, Carlene Eaker, in a meeting at the schoolhouse November 13th. Club Secretary Bobbie Barnes read the minutes.

Mrs. Homer Simpson, Club Sponsor lead a song and games were enjoyed.

The demonstration was on sewing on buttons.

The next meeting will be on the second Tuesday in December.

Visitors attending the meetings were Vona Lee Simpson, Miss Garner and Mrs. Bolch.—Reporter.

Mr. and Mrs. Raymond Greshaw and children of Wichita Falls recently visited his sisters, Mrs. J. N. Hill and Miss Boyd Greshaw.

J. H. McNeely had another attack of a chronic illness a few days ago and was again taken to a Lubbock hospital for treatment.

Mr. and Mrs. C. N. Woods spent Sunday and Monday with her parents, Rev. and Mrs. D. D. Johnson, at Abilene.

Mr. and Mrs. D. A. (Tobe) Hill and family of Hobbs visited his brother, John Hill and family last weekend.

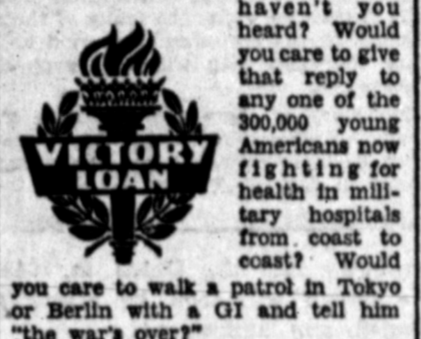

J. B. Nance went to Plainview Tuesday on business.

Hornets destroy injurious garden insect pests.

He Gets Purple Heart After 27-Year Wait
 WEST CHESTER, PA.—Horace Pippin, Negro artist, has been awarded the Purple Heart after waiting 27 years. Wounded in the Champagne sector in France in 1918, while serving in the infantry, Mr. Pippin was notified that he has been awarded the Purple Heart by the war department.

To the People of this Community

Some day in the next few weeks a volunteer salesman will ask you to buy more bonds. You may be tempted to answer: "The war's over, haven't you heard? Would you care to give that reply to any one of the 300,000 young Americans now fighting for health in military hospitals from coast to coast? Would you care to walk a patrol in Tokyo or Berlin with a GI and tell him "the war's over?"

Of course, the bloody fighting is over. Your job in helping to clean up the money cost is the easiest patriotic chore any country ever asked of its citizens; loan of more dollars to be repaid at good interest in 10 years. Compare that job with the chore you have handed to your own son or neighbor's son to spend countless days in strange lands to nail down the victory.

Think you can afford to say no to the Victory Loan salesman? Have a talk with your conscience this very moment. Be ready for your Victory Loan salesman in spirit as well as in pocketbook.

An estimate made January 1, 1945, shows 6068,783 Texans enlisted to help win the global war.

There are more than 80,000 kinds of files.

BUY VICTORY BONDS

To help fulfill your obligation for your share in victory—put your crop dollars into Victory Bonds! That money will help bring our boys home . . . bring our wounded back to health . . . and in 10 years, your Victory "E" Bonds will bring you \$4 for every \$3 you put in!

Sidelights From Washington

War time was never the misfit in Washington that it was in West Texas, the reason being that West Texas is on the very western edge of the central time zone. Except for the convenience of having all Texas in the same zone, much of West Texas would perhaps be better served if it were in the western zone. In fact, much of West Texas was in the western time zone prior to March 4, 1921, when an act of Congress placed all Texas in the same zone. The central standard time zone extends cross-country from Knoxville, Tennessee to El Paso, Texas, a distance of 1533 miles.

The Interstate Commerce Commission in Washington has authority to change the time zone boundaries in all states except three—Texas, Oklahoma and Idaho. In these three states, specific acts of Congress fix the time zone boundary lines.

On December 29th Texas will again get national recognition on a postage stamp. It will be a 3c stamp, commemorating the one hundred years of statehood since

Farmers Have Less to Worry Them This Time

Washington, D. C.—Farm prices stand at 200 per cent of the 1909-1914 average—higher than the prices of 1918—and will drop again but not as sharply as in 1921 because the Government is required by law to maintain support prices of at least 90 per cent of parity for two full calendar years following the year in which the war ends. The Department of Agriculture has announced.

The announcement indicates the farmer will not be a victim of a drop in prices similar to that which followed the last war in 1921 when prices hit the low of 115 per cent of the May, 1920, level which was 235 per cent of the 1909-1914 level. Thus the farmer will have more money than after the last war.

War Finance Committee officials said that in addition to the maintenance of the price level for two years, that non-farm families already have, and are accumulating, weekly savings through the Payroll Savings Plan of the War Finance Division of the Treasury. This, they claim is proof the non-farm front will be better able to support itself than after the last war during the normal lull of reconversion. Buyers of farm products will have the money to buy, it was said, and farmers should avail themselves of the opportunity to acquire War Bonds during the Victory Loan so as to have the money with which to modernize and handle the non-farm market demands that will be backed with cash to pay sustained prices during the two years after fighting ceases.

The Payroll Saving Plan has sold \$18,000,000,000 in War Bonds to wage earners, that great bulk of non-farmers who will, if need be, enjoy the fruits of their savings in the reconversion period and have the cash with which to support themselves.

Secretary of Agriculture Clinton F. Anderson adds that "prosperity of the farm depends primarily on purchasing power in the city."

our entry into the Union in 1845. The design will soon be officially selected and announced.

This is a fast moving world, and most people do not take time to give attention to the design, color, printing on postage stamps—the usual thought being that a stamp is a stamp, not a thing of beauty, an object of curiosity, or a thumbnail story or lesson. I have become somewhat interested in stamps because occasionally a young stamp collector from our district writes me and asks me to send him any unusual stamps that show up in my incoming mail. Occasionally someone will address a letter to me, using a new stamp on the first day of its issue, which is cancelled across the face: "First Day Cover." When Jim Farley was Postmaster General, he would frequently write a "First Day Cover" letter to Members of Congress as a gesture of good will. One of his jobs was making and keeping friends in Congress.

Since January, 1940, there have been issued 84 varieties of stamps, 27 of them in the 3c classification. Among the most interesting stamps issued in recent years from an educational standpoint was the series of 35 stamps issued in 1940 memorializing outstanding Americans in the different arts and sciences. The 3c Corridor stamp was one of the most expressive of the war.

The new 3c Army stamp is not quite so colorful as the Iwo Jima stamp, honoring the Marines. Very attractive in blue background is the 3c Navy stamp which is just now getting into wide circulation. The new Coast Guard stamp will put in its appearance this week. The stamp honoring the Merchant Marine, to come later, will complete the Armed Forces series.

For some unknown reason, the image of President Coolidge, the man who was so devoted to economy, is on the \$5.00 stamp, the stamp of highest denomination.

During 1941, while I was serving on the Appropriations Subcommittee that handled appropriations for the Post Office Department, we effected a saving of \$100,000 annually by changing the 6c airmail stamp from a two-color stamp of red and blue to a single color in red, thereby eliminating one operation in the printing of the stamp. The American people will use approximately twenty billion postage stamps in 1945.

The common house fly has six legs.

What's Back of My Gas Burners?

A thousand years ago, the Chinese used natural gas fuel for evaporating salt brine. They transported the gas in bamboo tubes. Thus, in those days, the gas business was simple. Now, however, it has become complicated and technical, utilizing many scientific devices and processes.

Since natural gas service so vitally affects your daily life, we believe you would enjoy knowing more about it. Therefore we plan to publish a series of four advertisements which will attempt to explain how natural gas is brought from its deep-underground reservoir to the burners of your gas appliances. Due to space limitations, the story must be brief and oversimplified. The drawing at the left will help you follow the gas on its travels.

Most of our gas comes from Hutchinson, Moore, Carson and Potter Counties in the Panhandle Gas Field, one of the largest in the world. We purchase some gas in Ector County for use in the southern portion of our system. In the Panhandle Field gas wells are generally drilled by the "rotary" methods, so named because of the rotating motion of the drill bit. A modern rotary drilling outfit costs from \$100,000 to \$200,000.

The hard steel drill bit is the cutting tool which drills down through successive strata of shale and rock. Screwed to the top of the bit is a string of hollow, round drill pipe which in turn is screwed into the bottom of a hollow, square pipe known as a "Kelly." The Kelly works through a square hole in the rotary turntable. Thus, when the engines spin the turntable, the Kelly, the drill pipe and the bit also spin, and the bit cuts its way downward. Heavy pumps force drilling mud down through the hollow Kelly and drill pipe, through perforations in the bit, then outside the pipe and back to the surface, carrying with it the cuttings from the bit. As the bit moves downward, additional joints of drill pipe are added below the Kelly.

When the gas producing horizon is reached, a string of steel pipe, known as casing, is inserted in the hole from the surface of the ground to the top of the producing horizon. After running the casing, cement is run thru the casing and forced out around the bottom in order to prevent the gas from escaping around the outside of the pipe. Then the well is drilled into the gas-producing horizon.

A steel derrick, capable of supporting weights of 200 tons or more, is used to support the drill pipe during drilling and the casing when casing is being installed. When the well is completed, the derrick is removed. In its place is installed a "Christmas Tree," an odd-looking assembly of valves and fittings necessary in producing, testing and maintaining the well.

Grassland News

(By Mrs. V. V. Laws)

Mrs. H. O. Garman is now at home after undergoing a major operation in a Lubbock hospital about two weeks ago.

Quite a few members of the Church of the Nazarene here attended the district assembly which was held in Plainview recently.

Mr. Lucius Walker has returned from Asson, where he has been employed.

Mr. and Mrs. C. C. Jones and Mr. and Mrs. Carl Jones and children visited Mr. and Mrs. Ray Norman and family at Hackberry last Sunday.

Rev. A. G. Johnson, pastor of the Church of the Nazarene here, is conducting a meeting in Oklahoma. Rev. J. C. Allen of this place filled the pulpit last Sunday.

Mrs. Y. V. Laws has not been well for the past two or three weeks.

The Boy Scouts of Grassland had a wolver roast last Monday night. Rev. J. E. Stephens, pastor of the Methodist Church here, is scoutmaster, and he is doing a good work with the boys.

In west Texas Farmers are selling Johnson grass seed to plainsmen for reseeding ranges.

After a few weeks caterpillars turn into butterflies.

It's A Bad Policy Not To Have A GOOD One!

It is safe—but is it sufficient? Insurance should be adequate, both to one's means and needs. Sufficient insurance is an economical necessity.

It's Not All Corn—

THIS PIECE OF CORN SHOULD REMIND ME ABOUT TWENTY-FIVE HUNDRED MORE IN WAR BONDS

DANGLED IF I WASN'T RIGHT AT DINNER LAST NIGHT I WAS TELLING MARGIE YOU WAS THE SMARTEST MAN IN THIS COUNTY, THAT PROVES IT

To the People of this Community

Thanksgiving is in the air. The spirit of the Good Provider hugs you warmly. What better time or reason to buy another extra Victory Bond, the good provider of the future? As you sit around the festive table this year, first year of world peace since 1939, remember the millions of men and women still in uniform in strange lands. In Germany about 2,500,000 Americans will be separated on this family holiday from fathers, mothers, brothers, sisters, wives, sweethearts and children. Every extra Victory Bond is a link between home and the Tokyo or Berlin patrol.

There's self-interest in your purchase of any extra bond today but there's service to your country too. You have most to gain by ownership of as many Victory Bonds as you can possibly buy. You guarantee yourself a better chance for personal peace and prosperity. You also help your government to pay the war costs and return home of men and women who will be badly missed Thanksgiving Day in your own home and your neighbor's home.

THE EDITOR

Mr. and Mrs. C. A. Thomas returned Sunday from Galveston, where they had spent about three weeks with their son and daughter-in-law, Dr. and Mrs. Skiles Thomas. They report that Dr. Skiles had received his discharge on November 6 and has since returned to his practice at the Methodist Hospital in Houston.

PVT. RAYMOND T. DAVIS HOME ON FURLOUGH

Pvt. Raymond T. Davis, son of Mr. and Mrs. Travis Davis of Lubbock and grandson of Mr. and Mrs. D. C. Davis of Tahoka, is now at home on a 30-day furlough.

Inducted at Fort Bliss last March he took his basic training at Camp Wolters and his advanced training at Camp Rucker, Alabama. He was then sent to Fort Bragg, North Carolina, to join the rear detachment of the 97th division, which was to join the main body of this 97th in Japan. He had been at Fort Bragg only two weeks when the detachment was deactivated, and he was then sent to Ft. Sheridan, Illinois, to work in the Separation Center, where he has been for the past month.

After his furlough, he will report back to Ft. Bliss for reassignment and he suspects that he will then be sent to Japan.

COUNTY AGENT TALKS TO GRASSLAND 4-H CLUB BOYS

The Grassland boys 4-H club met on Friday, November 9. One more, joined to make 20 in our club.

We decided to have a wolver roast but the date has not been set. Mr. Ayers talked about the ways to give worm medicine and all about cattle grubs. He also talked about the raising of poultry and ridding poultry of lice and mites.

The average 1944 value for all cattle in Texas was \$50.00 per head.

FROM foundries, heat treat departments, plating departments, raw material receiving departments—from all parts of John Deere factories—come these "suspects" for grilling scrutiny by laboratory technicians. Bars, links, plates, specimens may be subjected to a chemical analysis, physical test, or metallurgical examination, or all three, if need be.

These scientific laboratory tests are a vital part of the modern manufacturing procedure carried on at John Deere. No smallest part of a John Deere tractor, spreader, harvester, combine, corn picker, plow, or any other John Deere farm implement, is taken at its face value. Its material, fabrication,

and finish must meet the highest standards before it becomes part of a farm implement bearing the John Deere name.

Farm machinery manufactured by John Deere reflects its precision production, but behind the physical properties and modern methods is something more. It is the knowledge and understanding of actual farm conditions and farm needs that guides, directs, and controls every phase and department of design, experimentation, production, and testing. It is a deep understanding accumulated through one hundred eight years, and sustained by one aim—to make practical, long-lasting, efficient, economical machinery for the farmers of America.

What a glorious Thanksgiving it's will be with fathers and sons re-united with their families around tables laden with good things to eat. Yes—ALL the "Thanksgiving Food Family" is together again at TAHOKA GROCERY! We've plenty of plump, tender turkeys . . . plenty of chickens . . . plenty of everything from savory soups to deliciously spiced pumpkin pies—and everything is priced to give you a real old-fashioned Thanksgiving Feast at a lower cost. Fill your entire menu here—easily and economically!

TURKEY DRESSING

- 6-8 cups crumbled day-old bread
- 4 tablespoons grated onion.
- 2 tablespoons salt (about).
- 1/2 teaspoon pepper.
- 1 teaspoon sage, or more.
- 1/2 to 1 cup of melted butter.
- 1 egg (optional).
- 1 cup of giblet broth (optional).
- YIELD: Enough for 10 pound Turkey.

Pack crumbled bread in cup when measuring; mix bread in a large bowl with onion, seasonings and butter to moisten. Taste for seasonings; add egg if desired. For a moist dressing use giblet broth. For a roasting chicken use half the recipe.
