Ben Ingham Makes County History When Oath Of Office Administered Making Her First Woman Official

Widow of Late Commissioner Appointed To Fill His Term

Crockett County history was made this week with administration of the oath of office as County Commissioner of Precinct No. 1, Mrs. B. B. Ingham, who, succeeding her deceased husband in this position, becomes this county's first woman official.

Mrs. Ingham took the oath of office before Judge Charles E. Anderson when the court met Monday morning. The court members being busy with hearing and other ranch work of the present season, the October session was cut short, the court adjourning to reconvene at the first opportunity for the transaction of court business.

Mrs. Ingham has resided in Crockett County 38 years and is thoroughly familiar with its people and problems. She has always been active in Ozona's social and civic life and is now in charge of operation of the 23-section Ingham ranch on the Pecos. Mr. Ingham's will, filed recently, named the widow as executrix of the estate. Mrs. Ingham was recently appointed by the court to fill out the unexpired term of her husband, who had held the office approximately a quarter of a century. The widow will serve in that capacity until January 1, when Rob Miller, Democratic nominee, will take office by virtue of his election in the general election Nov. 3.

Six-Weeks Tests Given This Week; Report Cards Tues.

The first six-weeks tests for pupils of Ozona schools are being given this week for final grade averages for the term. Report cards for the first six-weeks period will be issued pupils next Tuesday. Efforts were being made to complete the tests before Friday so that patrons who are planning to attend the Centennial might take children out Friday without missing the examinations. Parents are urged to make close study of report cards, to get an accurate check on progress of the student and to understand the program on which he is working. In addition to report cards from the school proper, pupils of piano and band and orchestra classes will receive reports of work in those divisions.

District Attorney Weaver H. Baker was here Saturday to see the Junction-Ozona football game.

Rev. McWhorter To Make New Try For Ozona Visit

Mertzon Pastor To Fill Methodist Pulpit Sunday Morning

His scheduled visit to Ozona three weeks ago being cancelled on account of floods in the area, Rev. J. D. McWhorter, pastor of the Methodist Church at Mertzon, has accepted a second invitation and will preach at the local church the morning hour next Sunday. Rev. McWhorter was to have filled the local pulpit the last Sunday in September, but torrential rains of the week prevented his coming. He has advised the local pulpits committee that he will be on hand next Sunday, barring repetition of the flood conditions. Rev. McWhorter has been pastor at the Mertzon church for the last two years and is known throughout this area as a forceful speaker and an earnest pastor. Friends of the church are invited to hear him at 11 o'clock Sunday morning.

SECRETARY OF WAR

Harry H. Woodring, new secretary of war is actively engaged in his new duties. Woodring, former Democratic governor of Kansas was appointed by President Roosevelt to fill the vacancy in the cabinet caused by the death of George Dern.

Body Of Mexican, Shot In N. M. Home, Is Buried Here

The body of Jose Ramirez, a native of Crockett County, who was shot and killed in his home at Santa Rosa, N. M., on October 6, was buried here Saturday. Ramirez was a son of Merced Ramirez, the parents living in the Mexican sector of Ozona.

Ramirez was for several years a deputy sheriff under the sheriff at Lubbock and also at Amarillo. He was married and living at Santa Rosa, but was understood not connected with law enforcement agencies there at the time of his death. He was shot by an American whose name was not learned here. Details of the killing were not known by relatives of the man living here.

Lions Bow Neck For Come-Back At Rocksprings Sat.

Locals More Confident As Ranks Thinned By Illness Closed

Their necks bowed for a come-back in district competition, Coach Ted White's Ozona Lions will journey to Rocksprings the coming Saturday to engage the reportedly tough Rocksprings Bulldogs in the second district conflict for the locals. Still smarting under the 18-0 drubbing administered them last week by the Junction Eagles, the Lions, reinforced by the full complement of squad members incapacitated by recent illness and injuries, are on their way to the Edwards capital with a determination to muzzle the Bulldogs.

In an interview prepared for the press, Coach White states it bluntly thus,

"The Ozona Lions are expecting to place themselves back into the running again this week with a win over the Rocksprings Bulldogs."

Coach White elaborates with the statement that his Lions "looked more like Cubs than full grown Lions" when they took the field against Junction, but explained that illness and injuries had kept his squad out of the pink for the week and they were not in best form. He says they "put up a good battle until the third quarter, when their dust-covered engines failed to fire."

Bemoaning fate that failed to give him a Vaughn Brown, or a Tom Everett, or a D. A. Parker or Len Freeman, Coach White winds up with the proviso, of mixed hope and prophecy, "if earnest effort and continued advice will help, they are sure to open up with some thing before long."

Indian Moccasins Of Plant Fiber, Found In N. M. Cave, To School

Archaeological Find From Indian Cave Estimated Over 1000 Years Old

An Aztec Indian moccasin, woven of desert plant fibers and estimated at more than a thousand years old has been added to the museum collection of the Ozona High School, the gift of Houston Smith, Ozona attorney. Mr. Smith brought the moccasin back from New Mexico. It was found in a cave on Indian Mountain, southwest of Magdalena, N. M., by Mr. Smith's brother, Garland Smith.

The curiously fashioned moccasins are made of interwoven strands of a desert plant, with a tie string to go around the ankle which held the moccasin on the foot. Archaeologists have estimated the curio at more than a thousand years old. They are in an excellent state of preservation.

The moccasins will be placed in the school museum along with numerous other archaeological exhibits from this area.

Wife Of Bishop Moore To Attend Missionary Meet

Methodist Society To Hold All-Day Session Oct. 23

Mrs. Arthur J. Moore, wife of the Methodist Bishop of San Antonio, will be a guest of the Ozona Methodist Missionary Society and principal speaker on an all-day program to be staged by the local society in honor of her visit to Ozona on Friday, September 23, it was announced yesterday.

Mrs. Moore has just recently returned from a tour of the Orient and a visit to the missionary fields of the Methodist church. She is said to be a splendid speaker, and with her background of knowledge of foreign fields, will hold the interest of local audiences.

A detailed program for the all-day meeting will be worked out at the next meeting of the local society. A luncheon for members of the society and the honored guest is to be arranged for the noon hour, the program to extend until mid-afternoon. Ladies of the church are cordially invited to attend the sessions.

Brother Of John Bowers Of Ozona Killed By Auto

Struck By Speeding Car Near Rising Star; Died Instantly

The following from the Rising Star Record is an account of the recent tragic death of Jim Bowers, a brother of John Bowers of Ozona, bookkeeper for the local office of the West Texas Utilities Co.

"James D. Bowers, 50, was instantly killed at about 11 o'clock Saturday morning on the highway two miles west of town, when struck by a car driven by Jesse McAdams, Ford dealer at Cross Plains and local agent for the Texas Company. Occupying the car with Mr. McAdams were: Mrs. McAdams, their daughter, Miss Martha Nan, and Mrs. John G. Brown of Mineola, a sister of Mrs. McAdams. The party were en route from Cross Plains to Brownwood where they were to attend the funeral of a brother of McAdams McAdams and Brown."

Steps From Car "According to the best information available here Mr. Bowers had been in town during the morning doing a little trading, and

Rescued From Canadian Wilds

After spending 30 days on the shores of a wilderness lake in Northern Canada two pilots of the Canadian air force were rescued. Left to right, Joseph Forty and Sheldon Coleman, the stranded airmen and James Hartley, mechanic of the rescue ship. The pilots ran out of fuel and were forced down on the lake. They improvised a shelter to wait for a rescue party.

Ozonans Injured In Car Wreck On Way To Football Game

Miss Eunice Johnson, teacher in the Ozona Public Schools, suffered a fracture of her left arm near the shoulder and Pleas Childress, Jr. was cut and bruised when the car in which the two were riding overturned near Coleman Saturday while they were on their way to Dallas to witness the Texas University-Oklahoma University football game.

Meeting a farm wagon on a curve, Mr. Childress was forced into the bar pit, the car striking a rock and turning over in the ditch. The car, a demonstrator belonging to the Stevens Motor Co. here, was badly damaged. Mr. Childress and Miss Johnson, after receiving treatment proceeded on to Dallas.

Couch Stores Consolidated West Of Draw

Stock And Fixtures Of Original Store Moved To Highway

Consolidation of the Mike Couch grocery and feed stores, heretofore operating in two locations, was completed over the week-end with removal of the stock and fixtures of the original No. 1 store, located in the southwest section of the city, to the store location just west of Johnson Draw bridge on Highway 27.

The consolidation of the two stores was made for the greater convenience of the trade and for the purpose of reducing overhead. Mr. Couch announced. There will be no changes in the policy or personnel of the store, it was announced. Customers who have charge accounts in good standing will be accommodated in the same manner in the new set-up as before, Mr. Couch said. Delivery service will be maintained from the new location until customers are notified of change in the plan.

A complete line of high quality groceries, fresh fruits and vegetables, feeds, milk, tobacco and cigarettes, and sandwiches and cooked foods will be offered at lowest market prices, Mr. Couch announced. Plans are being considered for installing a modern bakery among other enterprises on the Couch store area.

LIGHTING STRESSED

Sound motion pictures illustrating the "Importance of Lighting" were exhibited in the High School auditorium last week by lighting experts of the West Texas Utilities Co., before the student body, faculty and patrons of the school.

Rev. and Mrs. Ira V. Garrison and family are visiting the Centennial in Dallas this week.

Two Men Hurt In Motorcycle Crash Sunday

Road Workers Brought Here From Barnhart Seriously Hurt

Two men, injured early Sunday evening in a motorcycle crash at Barnhart, are in a serious condition at the Hotel Ozona, where they were brought following the accident about 9 o'clock Sunday evening.

Delton Reyner, whose home is in Las Cruces, N. M., is thought to be in a critical condition, suffering from a fractured skull, a broken jaw, knee injury and numerous cuts and bruises.

R. R. Barton of Morton, Texas, near Lubbock, suffered a fractured skull and lacerations. He was in a semi-conscious condition until the middle of the week, while Reyner had not regained consciousness.

With Barton at the controls and Reyner a passenger riding on the rear luggage rack, the two men, employed on road work near Barnhart, struck a concrete form on the new highway at the western edge of Barnhart. They were said to have been racing with an automobile and evidently did not see the obstruction in time to avoid a collision. The injured men were brought here in a Joe Oberkamp ambulance for treatment. Barton's father arrived early in the week to be with his son.

Centennial-Year Etchings Gift Of Bank To Schools

Twenty-one grouped etchings of the Alamo, three of the historic Spanish missions and the Governor's Palace at San Antonio, grouped around a reproduction of the Centennial symbol of the six flags of Texas, were presented this week to the Ozona High School, the gift of the Ozona National Bank.

The etchings are of beautiful workmanship, handsomely framed and are faithful drawings of the Alamo, the Governor's Palace and Missions San Jose, Concepcion, and San Juan. The Texas seal in gold, with the six flags done in full color, form a centerpiece for the group.

The etchings will be placed in each room of the high school and in the teachers' offices.

Allred Advocates Adoption Pardons Reform Proposal

Amendment Would Put Power In Hands Of Board

AUSTIN, Oct. 14.—A plea to Texas voters to adopt Amendment Number Four on the November 3rd ballot, was made here this week by Governor James V. Allred.

This proposed Constitutional Amendment would remove pardoning power from the hands of the Governor to those of a non-political, non partisan Board. At the present time the Governor has absolute power in clemency matters.

"It is not fair to the convicts nor to the public," Gov. Allred said, "and no governor has the time to give the proper attention to each case. It is a full-time job and every convict's case should be subject to review without the necessity of bringing influence to bear. Prior to my election as Governor I advocated this change in our basic law and since I have been in the office I am more convinced than ever that it should be adopted."

The Governor pointed out that during his administration criticism had greatly diminished but that the system inaugurated of having a board pass on meritor-

Lions Take 18-0 Shellacking From Junction Eagles

Locals Hold Defending Champs Thru First Half, But Wilt

After playing them toe to toe through the first half, the Ozona Lions wilted in the second half and the Junction Eagles, district defending champions, ran rough shod over them for three touchdowns to cop the first district conflict for the locals by a score of 18-0.

An attempted field goal from the five-yard line was the Eagles' most serious threat in the first half. Receiving the kick-off, the Eagles marched back up the field to the four, where, after three tries at the line, the locals had pushed the visitors back to the five, and the field goal, attempted from an angle, was wide.

Eagles Score In 3rd

The Lions played about even football with the visitors through the balance of the first quarter and the second, until late in the second period an Ozona fumble gave the Eagles possession of the ball on the 30. A short pass was completed from that stripe just as the half ended the second threat.

An exchange of punts in the second half proved an advantage for the Eagles, who took the ball on Ozona's 40 and marched by passes and line plunges to the 15, where another field goal was attempted without results.

A short while later, however, the visitors again drove to the shadow of the goal and the ball carrier crossed over the goal marker only to be called back and his team penalized 15 yards. Another field goal was tried from the 20.

Failure Record Reflect Better Texas Business

AUSTIN, Oct. 14.—Record of commercial failures occurring in Texas during September reflected a highly favorable status in Texas business conditions, the University of Texas Bureau of Business Research pointed out. According to Dun and Bradstreet, Inc., only nine failures occurred, a decrease of 47.1 per cent from August and 30.8 per cent from September of last year. For the entire third quarter of the year, failures totaled 38, a decline of 44 per cent from the total during the like period last year.

Average liability per failure was \$13,000, 13.3 per cent below that of the preceding month, but 8.3 per cent above that of September last year. For the entire third quarter, average liability per failure was 50 per cent below that of the corresponding quarter last year.

NO GENERAL DEMAND FOR
CHILD LABOR LAW

Demand for enactment of a
child labor amendment to the fed-
eral constitution does not appear to
be the demand of the people
generally, for the proposition has
been before the states twelve
years and yet has failed to receive
the votes necessary to make it a
part of the basic law. In fact, but
24 of the necessary 36 state votes
have been recorded for it, and
more than one-fourth of the states
have rejected it at various times.
Unfortunately there was no time
limit set for enactment and it
seems its proponents expect it to
go on forever.

Texas will have to pass on this
amendment again next winter, even
if it be not submitted at the
called session, despite the fact
that it has been three times rejected
by the legislature. The argu-
ment offered that it is supported
by President Roosevelt and by the
state Democratic platform does
not make it incumbent on the leg-
islature to approve it. Not every-
thing the President approves is
enacted into law, nor should it be,
and some things the President
does not approve are approved, as
witness payment of the adjusted
compensation. As to it being de-
manded in the state platform, that
is barred on two counts—the plat-
form is not the expression of the
people and the statute forbids any
demand for specific legislation
until it has been submitted to and
approved by the voters in a pri-
mary election.

Texas has child labor laws and
minimum wage laws for women
and is as fair to these classes as
any other state, more so than some
and Texas legislators are better
qualified to know what is good for
our women and children than is
the Congress at Washington.
There is no need for a national
child labor law, especially one that
governs them up to eighteen years,
and the legislature will be serving
the best interests of Texas by a-
gain refusing to approve the a-

Folk Music Of Many
Nations To Be Topic
For Club's Program

Mrs. Hillery Phillips will be
hostess to the Ozona Music Club
in the mid-October meeting of the
group, this afternoon. Assisting
the hostess will be Mrs. H. B.
Tandy and Mrs. J. M. Baggett.

"Folk Music" is to be the study
topic for the afternoon, with
Welsh, Irish, Gypsy, Spanish, Nor-
wegian, Russian and German folk
music and song illustrations com-
posing the program.

A quartet composed of Mrs. Lee
Childress, Mrs. Ira Carson, Mrs.
L. B. Cox and Mrs. B. B. Ingham
will illustrate Welsh folk song
with "All Through the Night."
Miss Tommy Smith will sing
"Would God I Were the Tender
Apple Blossom" a Londonderry
air, as an illustration of the Ir-
ish folk song. Gypsy music will be
illustrated by Mrs. George Bean
and Mrs. J. P. Pogue playing
Brahms "Hungarian Dance No. 5."
"La Cachucha" will illustrate
the Spanish, sung by Mrs. L. B.
Townsend. Mrs. Joe Oberkampff,
Mrs. E. B. Baggett and Mrs. John
Bailey, "Norwegian Bridal Proces-
sion" by Grieg will be the folk
song example from that country,
played by Mrs. J. M. Baggett.
"Cossack Love Song" will illus-
trate the Russian, with Mrs. W.
N. Hannah playing the number.
Mrs. Ruth Hill will play a German
composition as the final folk song
illustration.

Mrs. Charles Williams is report-
ed ill at her home here this week.

LIVESTOCK NOTES

Busy days are here for the
ranchman. Shearing is nearing
completion, trading in the wool
market is active, lambs are mov-
ing out to contract buyers and
trading is active in all classes of
stock.

Crockett County ranchers have
been sharing in recent market ac-
tivities in wool and lamb trade.
Sale of 50,000 pounds of fall wool
by Roy Henderson, Early Baggett
and Ele Hagelstein to buyers for
S. Silberman and Sons at 26 cents
was reported recently. A 28-cent
offer for West Bros. & Carson's
100,000 pound clip is reported re-
fused here the past week.

The Davidson ranches, south of
Ozona, drove 650 head of four and
five-year-old steers to Barnhart
shipping pens to load out to north-
ern buyers over the week-end.
Judge Davidson also sold recently
300 head of choice 2-year-old heif-
ers to G. R. White of Brady.

The mutton lamb market in this
county was holding at 7 cents a
pound early in the week, with de-
mand sharp. Recent sales report-
ed include T. A. Kincaid, Jr.,
Strick Harvick, Jake Young and
Floyd Henderson.

Edw. G. Robinson
Coming To Palace
In Smashing Play

Edward G. Robinson returns to
the screen in "Bullets or Ballots,"
a First National production which
is scheduled as the feature attrac-
tion at the Palace theatre Sunday,
Monday and Tuesday.

Robinson's new role affords him
all the opportunities for charac-
terization that "Little Caesar," the
picture that made him famous,
gave him, but in this picture he is
not a gangster. He is a hard boiled
detective determined to put the
boldest and best organized band
of criminals known to history out
of business.

To do this he renounces both
love and honor, at least tempo-
rarily, for he breaks with the po-
lice and ostensibly becomes a
criminal himself, in order to gather
the evidence to break up a band
of crooks so powerful that no one
had ever been able to put the fin-
ger on them.

The picture is the story of rack-
eteers who are supposed to be re-
spectable society leaders, busi-
ness men of wealth, politicians of
high position and bankers, men so
well known that no one suspects
them. They never are seen with
any of the crooks who carry out
their orders, but contact just one
man in the working organization,
who carries out their orders and
delivers the proceeds of their ill
gotten gains.

The story is by Martin Mooney,
the New York newspaperman who
exposed racketeering in the news-
papers, and was sent to jail for
thirty days for contempt of court
because he refused to divulge the
source of his information. He
claimed it was his moral right not
to divulge the names of persons
who gave him information confi-
dentially. Seton I. Miller collab-
orated with Mooney on the story
and also wrote the screen play.

Japanese Girl Is
Star With Sadler
Circus, Here Oct. 19

The name Morimoto is as com-
mon in Japan as is the name Smith
or Jones in this country. Dainty
Tetu Morimoto was not very proud
of her name at first as it was so
common in her parent country but
she has overcome that resentment
in the United States, account of
her birth in this country.

When the Harley Sadler Circus
gives performances in Ozona Mon-
day, October 19 one of the arena
stars will be this cute little Tetu.
Now eighteen years of age, left
an orphan early in life by the
death of her mother and her Jap-
anese father killed in the World

War, she was adopted by the well
known circus family of Orttons,
who at that time lived at Orton-
ville, Iowa. She has shown an un-
usual aptness for circus work and
gets a thrill out of it and as she
declares "I love it."

Mrs. Jake Short has been ill
with the flu.

THIS WEEK IN
TEXAS HISTORY

(By T. S. College for Women)

1819—On Oct. 11 the royalists
of Spain attacked the trading post
of Captain Johnson on the Brazos,
and took eleven of the party pris-
oners.

1834—The first strictly revolu-
tionary meeting in Texas was held
at Bexar on Oct. 13 in pursuance
of the recommendation of the rep-
resentatives and superior judge of
the department.

Rail Rate Cut Brings Children in Swarms to Centennial Exposition

The vanguard of more than a million Texas school children who are expected to visit the Texas Centennial Exposition in Dallas before its close November 29 are already swarming the grounds. A half cent a mile railroad rate has been granted all children and any adults, teachers or members of their families who may accompany them. The rates are the lowest in many years. The Centennial Exposition offers reduced prices on its attractions and special accommodations for board and lodging have been made for children and their grown-up companions. School holidays have been proclaimed in every Texas school district by Governor James V. Allred and State Superintendent L. A. Woods. The pictures show some of the thousands of youngsters taking the exhibits and shows of the \$25,000,000 Texas World's Fair by storm.

Mr. and Mrs. Max Schneemann and Mr. and Mrs. Joe Oberkamp were in Dallas over the week end purchasing furniture for the Schneemanns' new home.

Mr. and Mrs. Ernest Dunlap and daughter, Clara Mae, are planning to leave the end of the week to visit the Centennial in Dallas and Fort Worth.

Q. By what name was Goliad first known? P. P.

A. Presidio la Bahia del Espiritu Santa was the name of the Spanish settlement that is now Goliad.

Q. Please recount the activities of Dr. Stephen F. Everett in Texas. H. H.

A. He came to Texas from New York, where he was born in 1807; located in Jasper county, where he practiced medicine; represented Jasper in the convention of 1836 and was one of the tellers; served at one time as a Republic Senator; died and was buried in Jasper county in 1849.

Q. What is the size of the two large murals in the Texas State building at the Centennial? B. G.

A. About 28 by 80 feet each. They are said to be the largest mural paintings in the world.

Q. When was Fort Griffin, Shackleford county, established? H. L.

A. It was a camp as early as 1853 and was established as a permanent post in 1867. At one time, about 1874-78, it had a population of several thousand, composed largely of floating buffalo hunters, gamblers, outlaws and generally undesirable characters. It is now a quiet, peaceful rural community.

Q. Can the Legislature levy a tax or authorize bonds for an advertising campaign to continue the publicity begun by the Texas Centennial? P. P.

A. Not without a constitutional amendment to authorize it, which would have to be submitted to the voters of the State by a regular session of the Legislature.

Q. Upon what facts is the statement based that Mrs. George W. Walling, who died recently at Austin, was the oldest living Methodist? B. G.

A. She was born near Lebanon, Tenn., in 1838, joined the Union Circuit Methodist Church there in 1845, and was a continuous member of the church for 91 years.

Q. Who was in command of the troop that opened the battle at San Jacinto? H. H. K.

A. Colonel (afterward General) Sidney Sherman, a native of Massachusetts and descendant of Roger Sherman of Revolutionary fame. He was in business at Newport, Ky., and when the call for volunteers was made, left his business, raised and equipped a company of 50 men and hurried to Texas. He reached the Brazos in February, 1836, and reported at Gonzales, but too late to raise a sufficient force to go to the relief of Travis, then besieged in the Alamo. It was he who first sounded the war-cry, "Remember the Alamo; Remember Goliad!"

Q. When was the present town of Teague established and for whom was it named? D. D. A.

A. Prior to the building of the Trinity and Brazos valley Railroad in 1906, the small community town there of about 75 people was called Brewer. The name was then changed to Teague. The Texas Almanac says it was named for a Mrs. Teague, an aunt of B. F. Yoakum, railroad builder. Fred Massengill, in "Texas Towns," says it was named for J. R. Teague an early settler.

CENTENNIAL SONG BOOK

In the homes, in the schools, in public gatherings of all kinds, Texans are singing the best known typical songs of Texas—songs of the range, songs of the Texas home, patriotic songs—songs every Texan should know and delight in singing.

Twenty-eight of the best songs sung in Texas have been carefully selected by competent musicians, set to music, and published in a 36 page, 6 by 9, booklet on heavy coated paper with covers in colors. Mailed postpaid for 25 cents.

this column answers will be to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquiries must be their names and addresses, only their initials will be used. Address inquiries to Will Mayes, Austin, Texas.

Q. How will Marshall Ford dam on the Colorado River, 20 miles north of Austin, compare in size with other large dams? P. P.

A. It will be the third largest in the United States, exceeding in size only by the Boulder and Hoover dams. It will impound 100,000 acre feet of water in a reservoir extending from 20 miles north of Austin to Marble Falls.

Q. Will you tell a Massachusetts reader what is meant by cattle "milling"? M. B. O.

A. At times herds of cattle become driven to going round and round in circles, which is called "milling." It then becomes necessary to rush into the circle on horseback to break up the "mills" and start the cattle going in the right direction.

Q. When was the area around Anderson first settled by Anglo-Americans? S. S.

A. The date is not definite, but believed to be about 1830. General Smith, hero of the war of 1812 and famous Indian fighter, whom Smith county was named after, settled on the present Henderson townsite in 1836 and later donated the land on the condition that it be named for his friend, J. Pinckney Henderson, afterward first governor of Texas.

Q. Where are the Texas automobile license plates manufactured, how many are made and at what cost? W. W. R.

A. At the State penitentiary at Huntsville. Nearly 3,000,000 plates are made each year at a cost of about 6 1/2 cents a pair delivered to Texas county seats. Steel consumed is approximately 1,200 tons and the work keeps about 80 men employed for eight months.

Q. What are the principal industries of the Texas penitentiary system? W. W. R.

A. Shoes, clothing, mattresses, painting, canning, brickmaking, furniture manufacturing, all of the products being used either in the system or in the State eleemosynary institutions.

Q. What was the date of the most disastrous Galveston storm? G. B.

A. Sept. 8, 1900.

Q. When was the election held to locate the University of Texas? P. P.

A. On Sept. 6, 1881, the Main University was located at Austin and the Medical Department at Galveston by popular vote. For the Main University, Austin received 30,913 votes; Tyler, 18,974; Waco, 9,799; Thorp Springs, 3,217; Compasas, 2,829; scattering, 920.

Season For Colds Presents Problem

AUSTIN, Oct. 14.—The common cold is an economic problem of considerable importance and more time is lost from work and school through colds and the illness to which they open the way than from any other single cause, according to observation of public health authorities.

"As a means of preventing colds, grippé, influenza, or whatever you choose to call the ailment that is usually present at this season, keep yourself as fit as possible," said Dr. John W. Brown, State Health Officer. "Get plenty of sleep. Don't overdo. Eat nourishing food at regular times, but do not overeat. Drink plenty of water and take some exercise out of doors every day."

"Colds are spread from person to person through the discharges from the nose and throat. Avoid droplet infection from the coughs and the sneezes. The germs which cause you to catch cold may enter your nose and throat passages from the air when the infected person talks, coughs, or sneezes. You may also catch cold by using an unwashed glass, spoon or fork, which has been used by someone with a cold. The germs may be on your hands because you have touched something which has been handled by the person with a cold. Wash your hands frequently, especially before eating."

"Dress according to the weather. Have a coat ready for the cool days and don't feel that you are coddling yourself when you put it on. Sleep with your windows open but have sufficient blankets available to be comfortable. Do not allow the temperature of your home or working place to exceed 70 degrees."

"The quickest way to get rid of a cold is to go to bed and stay there—following your physician's advice at the beginning of the attack. For the public, the surest prevention is for everyone who has a cold to go to bed and stay there until it is cured, to receive no visitors and to avoid all crowds in order that one may not be guilty of transmitting a possible deadly infection."

Ford Winners Meet Sales Director as Company Guests

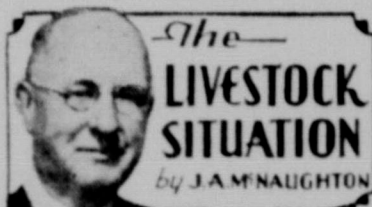

The second and largest delegation of leading Ford dealers in the United States, holding a roundup in Dallas, arrived to be greeted in typical western fashion—a greeting such as was extended to nearly 100 visitors and their wives in an earlier group. A band played as the trains rolled in, a reception committee was decked out in cowboy garb and several types of wagons paraded the newcomers to the hotel.

Prize winning Ford dealers who were brought to Dallas as guests of the Ford Motor Company consist of two groups. The first group was made up of members of the 100-car club. These men, about 73 and their wives, were awarded the trip because they had sold at least 100 cars for two consecutive months, July and August.

The second group of visitors is made up of STS Harvest sales winners. In this group are four dealers from each of the company's thirty-six branch territories, a total of 144. They come from virtually every state in the Union.

The big event of the day was the luncheon. The room had been beautifully and appropriately decorated to carry out the round-up idea.

At the speaker's table sat W. C. Cowling, director of sales, present with a group of officials from Dearborn. In addition to Mr. Cowling, who made the principal speech, the following were seated: A. S. Hatch, in charge of Lincoln Motor Company sales; D. J. Hutchins, head of truck and commercial sales; H. C. Butkiewicz, manager of the new business division of the Universal Credit Company; J. P. Hook, in charge of used and retail car sales; C. B. Ostrander, Dallas branch manager; Harry Mack, Dearborn branch manager; B. W. Siagle, Houston branch manager; C. L. Kenney, Oklahoma City branch manager; Harry Murray, Dallas manager, Universal Credit Company; Rex Ryan, Ford exhibit; Verlin E. Doonan, general sales department, and F. L. Black, who acted as master of ceremonies at the luncheon.

The LIVESTOCK SITUATION
by J. A. McNAUGHTON

LOS ANGELES, Calif., Oct. 14.—Remarkable improvement is being made in beef cattle production in the western states. In fact, the improvement during the past ten years has been more pronounced, in the opinion of men who have been intimately connected with the cattle business over a long period of time, than in the previous twenty-five years.

Two factors are mainly responsible for the vigor with which cattlemen are improving the average quality of their herds. Most important consideration is that buyers—and especially buyers of beef over the retail counters—are demanding better quality meats. The other factor, in my opinion, is the development of good livestock shows in the western country. Particularly are those shows which carry a strong fat stock division valuable in carrying on the important work of livestock improvement.

Back in 1934, when the government agencies were buying drought stricken cattle, the cattlemen took advantage of their greatest opportunity to cull out the less desirable breeding animals. Of the millions of cattle purchased by the A. A. A., a very large percentage represented the cull animals of the herds in drought areas. So in this respect, the 1934 drought was not an unmitigated evil.

But most important of all is that there is a widespread demand for good beef and a growing price differential between the various grades. Beef cattle breeders have been quick to sense the improved demand for a better quality product.

When S. T. S. contest winners and 100-car club dealers came to Dallas as guests of the Ford Motor Company, they saw a bit of the old-time west. Ten-gallon hats, flowing handkerchiefs, and a two-team western stage coach met them. Here is W. C. Cowling, director of sales for the Ford Motor Company, garbed in hat and kerchief as he greeted the newcomers.

ed as master of ceremonies at the luncheon.

Captain Pack of the Rangers gave the visitors a thrill when he rode his horse into the crowded room between the tables and presented Mr. Cowling with a pair of "six-guns," the personal gift of Mr. Ostrander to the sales executive. The horse was easily carried to the banquet room on the 21st floor in the freight elevator.

A motion picture introducing the 1937 model Lincoln-Zephyrs was shown.

Mr. Cowling devoted most of his talk on success in life and what it means to the average person. He emphasized the importance of truthfulness in the manufacture and selling of a product.

At the conclusion of the sales executive's talk he personally presented each 100-car club member with an engraved watch. Each watch was inscribed as a gift from Edsel Ford, president of the Ford Motor Company.

MRS. CARL DORLEY ENTERTAINS FOR CLUB

Mrs. Carl Dorley was hostess to her contract club at her home Friday afternoon with four tables of members and guests present. Mrs. Richard Flowers and Mrs. Lowell Littleton won the high score prizes. The others present were Mrs. H. B. Tandy, Mrs. Boyd Clayton, Mrs. Gertrude Perry, Mrs. Phillip Lee Childress, Mrs. Marshall Montgomery, Mrs. Hugh Childress, Jr., Miss Wayne Augustine, Mrs. Joe Sellers Pierce, Mrs. James Baggett, Mrs. Claude Denham, Mrs. Bob Weaver, Miss Louise Henderson and Miss Carolyn Montgomery.

Mr. and Mrs. Jones Miller were among Ozonans planning to leave this week to attend the Centennial celebrations. Mr. and Mrs. P. T. Robison, Mr. and Mrs. Paul M. Hallcomb, Mr. and Mrs. Slick Miller and Mr. and Mrs. Roy Miller also planned to leave this week to enjoy the show.

So many secret police are necessary at a coronation to keep the fellow who is being crowned from being beamed.—Dallas News.

Mr. and Mrs. Wayne West children were to leave today to take in the Centennial event in Dallas and Fort Worth.

"I don't mind," a college professor friend told us recently. I see the student fidget about ward the end of the hour; I mind seeing him take out his watch and look at it, but when takes out his watch, stares at it, it gets my goat!"

They Lost Everything

Every minute of the hour, every day of the year, there is a home burning somewhere in the United States. These fires are causing heavy losses both in property and life. Mothers, fathers, children, babies and even entire families have been wiped out by this great menace—fire. Homes, schools, churches and autos are lost every year because of fire. Over 75 per cent of these fires are preventable, but preventable or not, you'll want to be fully protected. You may think everything is fire-proof around your home, but remember the 25 per cent that were unpreventable. DON'T TAKE THE CHANCE AND LOSE EVERYTHING. HAVE FIRE INSURANCE! IT COSTS SO LITTLE, BUT MEANS SO MUCH.

The astonishing story of GULFPRIDE

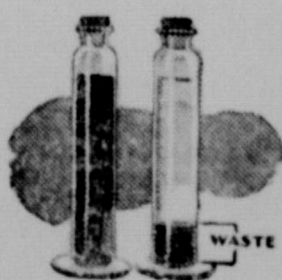

THE WORLD'S FINEST MOTOR OIL

THE results you get from GULFPRIDE OIL can be obtained from no other motor oil in the world!

For only GULFPRIDE is made from choice Pennsylvania crude... refined to equal the best motor oils on the market... and then further refined by Gulf's exclusive Alchlor process.

This process was developed by Gulf after 15 years of scientific research—the kind of painstaking research that is behind every Gulf product.

Read the facts below. Then replace your summer-worn oil with GULFPRIDE now. At all Gulf dealers.

(Left) **BEATING THE BEST.** No other process refines oil so thoroughly as Gulf's Alchlor process. When a blend of 6 of the finest Pennsylvania motor oils—already highly refined—was put through this process, 20% waste came out. Proof that the Alchlor process makes GULFPRIDE finer than the finest other Pennsylvania oils.

A GULFPRIDE USER drove from Bennington, Vt. to Portland, Ore., averaging 400 miles a day. He did not add a single drop of oil. An unusual record, yes. But expect GULFPRIDE to take you farther before you need a quart than any other oil you ever used.

EASTERN AIR LINES' Great Silver Fleet uses GULFPRIDE only in every one of its 21 mighty planes. No other oil will do, because no other oil can match GULFPRIDE—the world's finest motor oil—for safety, stamina, and low cost per mile!

GULFPRIDE

THE ONLY ALCHLOR-PROCESSED 100% PURE PENNSYLVANIA OIL

IN SEALED CANS ONLY

Missionary Circles Hold Sessions Wed.

Organization of the two circles of the Baptist Missionary Society completed Wednesday afternoon. The Lottie Moon Circle met at the home of Mrs. H. A. Moore. Moore was named circle chairman. Present were Mrs. John Moore, Mrs. Ross Culpepper, Mrs. Powell, Miss Maybelle Taylor, Mrs. Jim Patrick, Mrs. J. H. Moore, Mrs. J. T. Keeton and Mrs. Moore. The circle will meet Wednesday, October 28, in a joint session at the home of Mrs. J. Keeton for a Royal Service program.

The E. A. Nelson Circle met at the home of Mrs. O. W. Smith. Mrs. Tip Smith being elected chairman. A discussion of the work to be undertaken by the circle in coming months occupied the session. The circle will meet next week at the home of Mrs. Gray for a Royal Service program. Present were Mrs. Massey Smith, Mrs. J. S. Whitley, Mrs. Hugh Gray, Mrs. C. J. Watts, Mrs. L. Butler, Mrs. Tip Smith and Mrs. O. W. Smith.

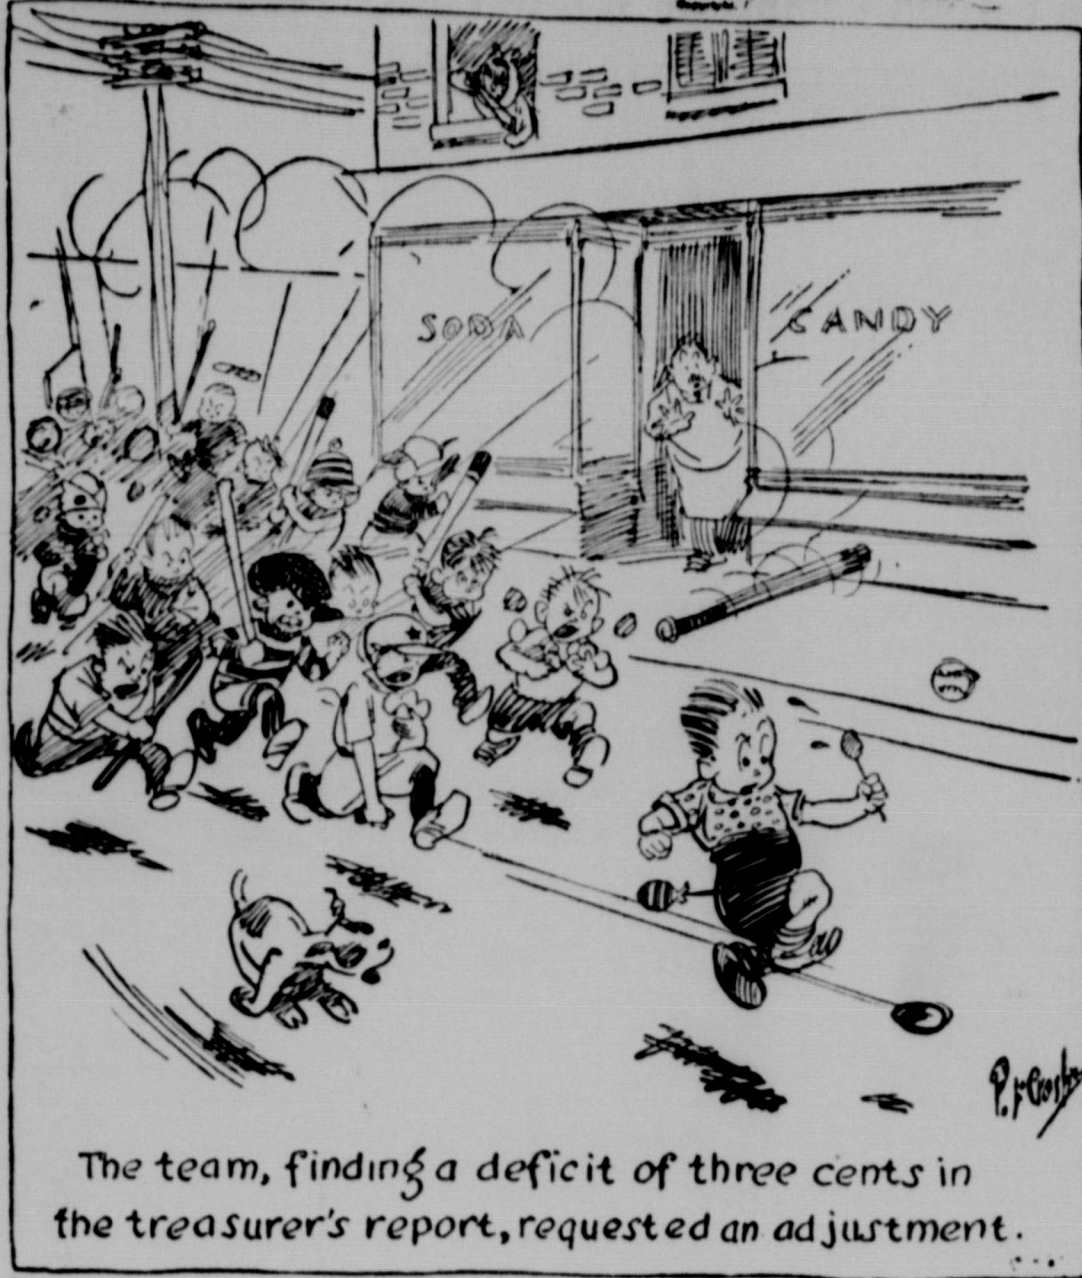

HEARD THAT BEFORE!

At Barnhart this week the L. D. goats did not want to leave the green range of Crockett county and for well more than one group of men worked to get them. They sulked like possums, and had to be carried into the pens, as old people are moved about. The six lead goats of Ted Ashburn, the O-B trap company manager, wore themselves down trying to get the old ones to follow them into the pens, but the goats had heard that story before and would not follow. The goats follow the lead goats read—Sam Ashburn in S. A. Times.

Mr. and Mrs. Joe Pierce are taking in the Centennial celebrations in Dallas and Fort Worth this week.

Back o' the Flats

By PERCY CROSBY

The team, finding a deficit of three cents in the treasurer's report, requested an adjustment.

Mr. and Mrs. A. W. Jones spent Sunday in San Angelo, where they attended funeral services for R. J. Andrews, pioneer saddle maker of San Angelo, who died Saturday after a long illness.

Mr. and Mrs. Troy Williams visited the Centennial celebrations in Dallas and Fort Worth early this week.

Third And Fourth Amendments Would Provide Workmen's Compensation for State Employees, Create Pardons Board

EDITOR'S NOTE—Below is the second in a series of discussions of the proposed constitutional amendments to be voted on by Texas voters at the General election Nov. 3, prepared by Secretary of State B. P. Matocha. The discussions prepared by the secretary of state are informative analyses and are not in the nature of partisan propaganda for or against any of the proposals. The last two of the six proposed amendments will be discussed in the last of the series next week.

H. J. R. No. 23

For a number of years there has been a definite movement to give State Employees the benefit of Workmen's Compensation Insurance. The State, by law, requires other employers in all other industries to carry such insurance on its employees while the State has not done so.

It will be possible for the State to insure its workers under the terms of the third proposed Amendment to the Constitution, which will be submitted to Texas voters November 3rd, according to Secretary of State B. P. Matocha.

The amendment is permissive and not compulsory. It gives the Legislature power to provide such insurance. It does not compel them to do so.

It is pointed out that perhaps the most men effected by this proposal are in the Highway Department where most of the hazardous work of the State is done.

However, there are a number of other departments which would be interested.

The heart of the amendment is found in the following language: "The Legislature shall have power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for such State Employees, as in its judgment is necessary or required; and to provide for the payment of all costs, charges, and premiums

on such policies of insurance; providing the State shall never be required to purchase insurance for any employees."

S. J. R. No. 26

Removal of the absolute power of pardon and parole from the hands of the Governor and vesting it largely in those of a non-political board, is the effect of Amendment No. 4, on the November 3rd ballot. This Amendment known as S. J. R. No. 26, makes provision for the Governor to grant parole, pardon, commutation, etc., of sentences upon the recommendation of a Board.

In interpreting the Amendment Secretary of State B. P. Matocha said: "The proposed Board of Pardons and Paroles would be comprised of three members; one of whom would be appointed by the Governor; one by the Chief Justice of the Supreme Court and one by the Chief Justice of the Court of Criminal Appeals. They will serve for six years, one member's term expiring every two years. It would be impossible in this manner for any one individual or official to ever have complete control of the Board."

The Governor is given the power to grant one thirty day reprieve in a death case. This is his only initiative, however. He has the veto power on all recommendations and he may revoke paroles and conditional pardons.

This amendment was given its impetus by Governor James V. Allred, who is advocating its enactment. It is believed that its adoption may be a step toward ending abuses and stopping mistakes made in the issuance of various forms of clemency.

In cases of treason, under the terms of the proposed Amendment the Governor has the power to grant reprieves, commutations of punishment and pardons with the advice and consent of the Legislature.

At the present time all power of clemency, commutations, etc., is vested in the Governor and no small portion of his time is devoted to reviewing the thousands of applications. It is a strain and a responsibility which many feel is too much to place on any one individual.

W. J. Stevens, Ozona Ford dealer, attended a convention of Ford dealers in Fort Worth and Dallas last week.

VISIT IN DEL RIO

Mr. and Mrs. D. H. Patrick of Frankston, who have been visiting relatives here for several days, with Mr. and Mrs. Jim Patrick of Ozona visited several days last week in Del Rio with Mr. and Mrs. W. A. Smith, son-in-law and daughter of Mr. and Mrs. Jim Patrick. Returning, the party visited on the Rufe Everett ranch. Mrs. Everett is a sister of the Patricks.

Miss Ernestine Watts, daughter of Mr. and Mrs. C. J. Watts, spent the week-end here visiting her family. Miss Watts is a student at an Abilene business college.

Mr. and Mrs. Ele Hagelstein returned last week from San Angelo, where Mr. Hagelstein recently underwent an appendectomy.

Mr. and Mrs. Bascomb Cox and children left today for Dallas and Fort Worth to visit the Centennial celebrations.

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"Why are Bankers usually conservative?"

A BANK is a semi-public institution. It receives money from depositors and lends that money to borrowers. In order to safeguard the funds of depositors a bank must be conservative in loaning their money.

Banks are anxious to make good loans—for their livelihood is derived primarily from this source. Yet safety—not profit—must be the first consideration. Consequently, it is not the function of a bank to indulge in speculation, or to make speculative loans, however promising they may seem.

Conservative banking policies do not, however, stand in the way of genuine community progress. In fact, they go hand in hand. The permanent, carefully-built progress of any community—not the false, temporary progress of sporadic booms—is dependent usually upon the alert foresight and conservative, experienced judgment of its business men and bankers.

Mt. Locke Staff Wait Completion Of Giant Mirror

82-Inch Mirror Now In
Most Difficult Stage
Of Construction

AUSTIN, Oct. 14—The scientific staff at the W. J. McDonald Observatory of The University of Texas, situated on Mt. Locke, in the Davis Mountains of West Texas, is now practically complete, and the technical staff is also ready to start work as soon as the 82-inch instrument is in operation. It was stated by Dr. Otto Struve of Williams Bay, Wis. Dr. Struve occupies the dual position of director of the new observatory and director of the Yerkes Observatory of the University of Chicago. He said that in the meantime important observations are being made at the McDonald Observatory by means of smaller instruments.

"I recently inspected the optical parts of the W. J. McDonald Observatory and found that the 82-inch mirror was in the process of being parabolized," Dr. Struve continued. "This is the last stage in the figuring of an astronomical telescope mirror, but it is also the most difficult."

"It is not possible at this time to predict accurately how soon the large mirror will be ready. It may be a matter of a couple of months or it may last a year. Incidents are known, when the mirror was in approximately the same stage in which is now our 82-inch, when unexpected difficulties arose which made it necessary to postpone the work for a period of years. While no one feels that such an occurrence is likely to take place for the 82-inch mirror, it would be quite unwise to predict the time of completion."

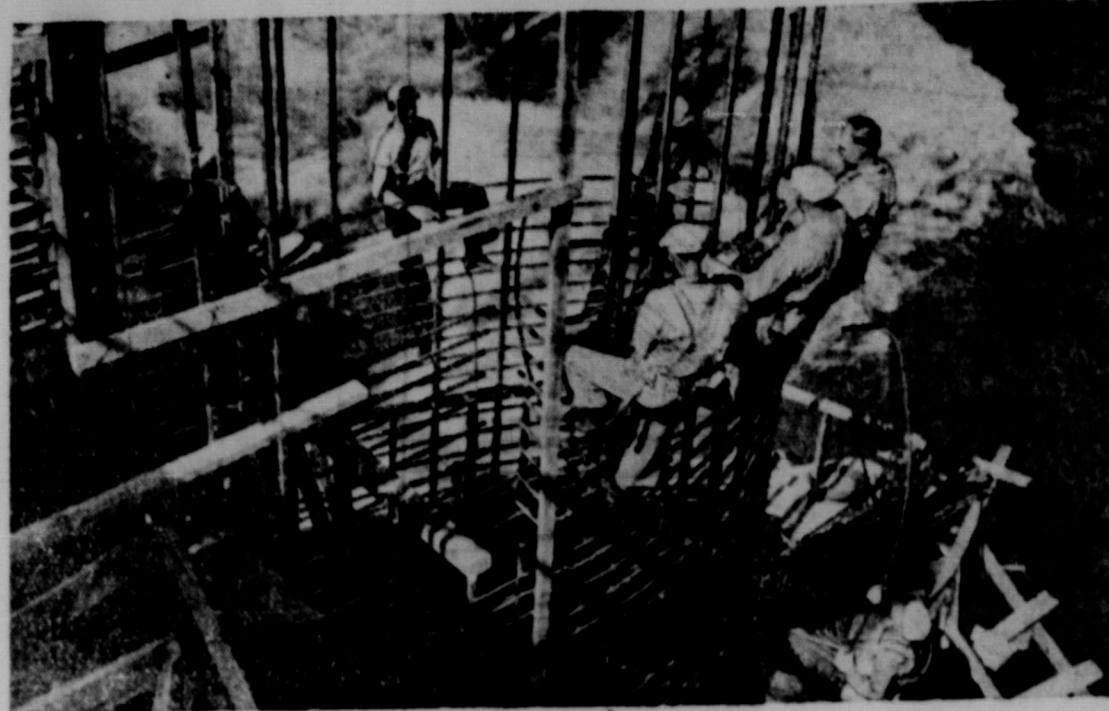

Mr. and Mrs. Brock Jones of Houston are spending the week here visiting Mrs. Jones' parents, Mr. and Mrs. John R. Bailey, and her sister and brother, Mrs. Worth Odom and Albert Bailey, and their families on the ranches near Sheffield.

Oscar Davis, who has been ranching near Snyder, has returned here and leased part of the Babe Phillips ranch, where he is running sheep.

POSTED: All my lands in Crockett County, Hunting, wood hauling or any form of trespassing will be vigorously prosecuted. BERT COUCH. 8-1-37

Steel Workers Don't Mind Clouds or White Caps

Clouds just over their heads and white caps below their feet are all part of the job to the workers who are raising the steel reinforced structure for mighty Bonneville Dam on the Columbia river. This power navigation and flood control project financed by the Public Works Administration at a cost of \$32,000,000 is being undertaken under the direction of the Army Corps of Engineers.

Lions Take—

(Continued from Page 1)

but failed. Ozona kicked weakly and the visitors, taking the ball on the 35, made good their repeated threats to score. Kinner taking the ball on an end sweep and galloping the 35 for the first touchdown. The try for point failed after each touchdown.

Fumble Leads To Score

The Eagles added another in short order when Leath fumbled the kick-off after touchdown and Junction recovered on the 11. Three line plays were sufficient to push the ball over the remaining distance for the second marker. Becker carrying for the second touchdown.

Becker again chalked up a touchdown in the fourth quarter when he snagged an Ozona pass on the 40 and galloped the distance to the goal line.

Injuries and a round of severe colds left the Lions unprepared for the Junction contest, but considering their condition, the lads put up a game fight against odds. Becker and Baylor were outstanding ball carriers for the Eagles, while Casbeer and Childress turned in some nice gains for the Lions. The Parker twins, Perner, Powell and others of the Lion line fought a good battle on defense, but the smooth working offense of the Junction squad was too much for the crippled and less experienced locals.

F. A. Lynn of San Angelo has accepted a position with the Jones Saddlery here as bootmaker. Mr. Lynn has had approximately 25 years experience as a bootmaker.

Riviera Program Of Club Enlivened By Photos From Subject

Pictures from the Riviera, brought back by Mrs. W. E. West from her numerous travels abroad were exhibited to enliven the travel program of the Ozona Woman's Club when the group studied the beautiful winter resort and world famous beauty spot stretching along the coast of Italy and France on the Gulf of Genoa. The club met Tuesday afternoon at the home of Mrs. Ben Robertson.

The geography, beauties and livelihood of the Riviera was the topic discussed by Mrs. A. C. Hoover. Mrs. I. G. Rape discussed Naples, Florence and Milan. The first in the club's adopted series of English usage studies was outlined at this session by Miss Myra Bishop.

Present were Mrs. Will Baggett, Mrs. I. G. Rape, Mrs. W. E. Smith, Mrs. A. E. Deland, Mrs. George Bean, Mrs. P. T. Robinson, Mrs. Vic Pierce, Mrs. George Montgomery, Mrs. A. C. Hoover, Mrs. W. E. West, Mrs. Bryan McDonald, Mrs. Ira Carson, Miss Myra Bishop and Mrs. Robertson.

The next meeting of the club will be on October 27 at the home of Mrs. Will Baggett, when a Centennial program will be staged.

LEAGUE PROGRAM

Subject: "Jesus Can Help You." Leader—Roy Henderson. Call to Worship. Hymn—"Jesus Calls Us" No. 70. Scripture Reading—John 3:14, 15; Phil. 4:13—Mary Bess Parker. Prayer—Posey Baggett. Offering. ious cases could be better insured by adoption of Amendment No. Four on the ballot.

"In my opinion," the Governor continued, "the case of each inmate in the penitentiary should be subject to review automatically at the proper time. This would be possible if this Amendment is adopted. I appeal to the people of Texas to give this proposal their most earnest consideration and vote for its adoption. In so doing, this State will take a long step forward."

MRS. ROBERTSON IS CONTRACT HOSTESS

Mrs. W. B. Robertson entertained the Friday Club with three tables of members and guests present. Mrs. W. E. Smith and Mrs. Jake Short held high scores and high cut went to Mrs. Nadine Bernays. The other guests were Mrs. Lee Childress, Mrs. George Montgomery, Mrs. J. C. Montgomery, Mrs. Joe T. Davidson, Mrs. S. M. Harvick, Mrs. Early Baggett, Mrs. J. H. Miller, Mrs. Johnnie Henderson, and Mrs. Clarence Nelson.

carrying a jug of kerosene, had caught a ride out as far as the Ed Bucy farm, where he lived. It is stated that he stepped out of the car, and after waiting for an approaching truck to pass, stepped out in front of the McAdams car, apparently not seeing it. The impact of the car threw him up on the hood, smashing the windshield, later falling to the ground. Stopping as quickly as possible the McAdams party, and others driving up found him dead. Parties coming into town brought the news and a Higginbotham ambulance was rushed out to bring in the body. None of the McAdams party were injured, but Mrs. McAdams was treated at the city hospital here for nervous shock.

Member of Old Family

"Mr. Bowers was a member of one of the old families of this section, having made his home here in Rising Star for more than 30 years. He was born in Erath county. In 1905 he was married to Miss Laura Angel, who with four children, as follows, survive: Carl Bowers, Mrs. May Lloyd, Mrs. Velma Grider and Cecil Bowers, all of Rising Star. He is also survived by the following brothers and sisters: H. A. and Tom Bowers, and Mesdames Jim Angel and

W. A. Williams, Rising Star; George, Otis and Marlin Bowers, Abilene; John Bowers, Ozona; Mrs. Dora Taylor, of Quanah, Texas.

"Funeral services were held at the local Baptist church Saturday afternoon in charge of the pastor, Dr. J. T. King, assisted by H. B. Ramsour, of Brownsville and G. Alfred Brown, of this city. Interment was made in the Star cemetery."

MRS. MASSIE WEST IS CLUB HOSTESS

Mrs. Massie West entertained the Sunflower Club Tuesday afternoon with three tables of guests present. Mrs. Arthur Phillips held high score and Mrs. Edine Bernays held second. Mrs. Hilton North took cut. Others present were Mrs. Jack Phillips, Mrs. Gertrude Phillips, Mrs. J. W. North, Mrs. W. Bunker, Mrs. Boyd Clayton, Mrs. J. O. Lusby.

Consolidated Stores

Doing Business In The Same
Old Way

For greater convenience of our own staff and of our customers as well, we have moved our No. 1 store stock and equipment and consolidated with the No. 2 store west of the draw on the highway.

There will be no change in policy or personnel of the consolidated stores. If you have been buying on 30-day charge account, and your account is paid up and still in good standing, we will welcome your continued patronage on that basis. In other words, if your account is paid up, your credit is still good, but if it is not paid, we do not feel able to carry you longer.

We will welcome your cash business in any event—and can give you as good prices as anybody.

DELIVERY SERVICE will be maintained as usual until further notice. We will handle fresh meats for the convenience of our customers. As rapidly as possible we will enlarge and improve our new quarters, add to our already large stock of groceries, vegetables, fruits, feeds, milk, meats and cooked foods. A modern bakery in connection will be our next development—planned for the near future.
