M'WILLIAMS ELECTED SHERIFF BY 39 VOTES

Complete Returns All Boxes

Taking the sheriff's race as a basis for computing the number of ballots polled in Saturday's primary in Runnels county, it is estimated that about 4,000 votes were cast. This sets a new record for democratic primaries in this county.

3,975 votes were cast in the sheriff's race. There was perhaps more interest in this race than any other of the county candidate contests. It was about 10:00 o'clock Sunday night before the result of the sheriff's race was known. All boxes except Winters were accounted for early Sunday, and with the Winters box missing R. E. (Earl) McWilliams was leading by 161 votes. The final returns gave him the nomination over Sheriff Flynt by a majority of 39 votes. These figures are not official, the reports having been received over the telephone.

The votes on all other county candidates were very decisive, the majorities ranging high.

Mike Boyd led in the assessor's contest, receiving 1638, and will be opposed in the run-off by Henry Todd, who received 1587.

Following shows the complete returns by boxes:

JAP STEAMER WRECKED; 159 LIVES ARE LOST

(By Associated Press)

TOKIO, July 28.—One hundred and fifty-nine persons were drowned in the wrecking of the steamship Tairei Maru off Cape Notore, Northwest of Hokkaido, last night, according to a dispatch to the Asahi and other leading Tokyo papers. The steamer was carrying 138 passengers besides a crew of 54 men.

Eighteen passengers and five members of the crew survived the sinking of the steamer. They reached Toyohara in life boats this morning. The cause of the wreck is obscure.

CHICAGO, July 28.—There was a big increase in trading in the corn market today. May delivery corn sold at one dollar per bushel, the highest price ever known for that delivery at this season of the year under normal conditions.

ELECTION NOTES

D. C. Broyles, editor of the Concho (Paint Rock) Herald, was elected county judge of Concho county.

Bob Miller, present sheriff and tax collector of Concho county, was nominated by a majority of three votes over his two opponents. Miller received 726, Sam Lewis 450, and A. S. Bishop 273.

D. W. Yeager and C. A. Byers were the two high candidates for commissioner in the Winters precinct, and will be in the run-off.

In the constable's race in the Ballinger precinct H. S. Strain received 63 votes, A. L. Dunn 10, B. W. Pilcher 4, J. M. Garlington 2, and C. B. Armstrong 2. Strain got a majority and there will be no run-off.

The vote for county chairman in the Ballinger Precinct No. 1 gave H. O. Jones 51 votes and Estes M. Lynn 27, and 26 scattering votes were cast for other local citizens.

C. R. Crews was elected precinct chairman of Precinct No. 1, receiving 61 votes. 28 votes were cast for a half dozen other citizens for precinct chairman in the precinct.

In the district judge's race in the San Angelo district, J. F. Sutton, a former Ballinger lawyer, almost received a majority over Robert T. Neill and the present judge, C. E. Dubois. The run-off will be between Neill and Sutton.

Bob Hewitt was nominated sheriff of Tom Green county, defeating Sheriff Duckworth by a vote of 1702 to 1248.

Mrs. Miriam Ferguson carried Runnels county, as has been the case for the Ferguson family for the last several campaigns. She received 1201 votes; while Felix D. Robertson got 1035.

There is not much about a loafer to make fortune smile.

(By Texas Election Bureau)

DALLAS, July 28.—Additional returns from Dallas county in the governor's race late today increased Lynch Davidson's lead over Mrs. Miriam Ferguson to 902 votes, bringing Davidson's lead from the low margin of 65 votes, which was tabulated a short time before. At midnight last night Mrs. Ferguson's lead over Davidson was about 8,000 votes, but that was steadily cut down, and Davidson is now in second place.

DALLAS, July 28.—Figures compiled by the Texas Election Bureau at a late hour this afternoon indicated that an official count may be necessary to determine who will be in the run-off with Felix D. Robertson for governor.

The latest count showed Lynch Davidson leading Mrs. Miriam Ferguson by the small margin of 65 votes for second place. As the returns came in from over the state first one and then the other of these two candidates held second place.

Felix Robertson, who gained first place during the early returns Saturday night, has continued to gain until he now leads the field by a plurality of 32,180, and he will be in the second race on August 23rd with either Lynch Davidson, or Mrs. Ferguson.

Other races on the state ticket were disposed of by Sunday night's returns, and the Texas Election Bureau has ceased tabulating the returns on them.

The totals up to this hour in the governor's race is as follows:

Robertson 128,558
Lynch Davidson 96,450
Mrs. Ferguson 96,396
Whit Davidson 79,031
Barton 20,792
Collins 17,248
Burkett 13,478
Pope 10,991
Dixon 2,792

The run-off candidates in the attorney general's race have not been determined. While Moody leads with an overwhelming plurality the race for second place is still on between Wall and Ward.

Moody 175,772
Ward 72,675
Wall 67,527
Melson 58,917

Following are the nominees and run-off candidates in the other state races:

WOODWARD WINS BY 207 MAJORITY

Complete, but unofficial returns in the district judge's race were received by The Ledger at 3:00 o'clock Monday afternoon in a message from Coleman. The message stated that all returns on the judge's race were in and gave Judge Woodward a majority of 207 over Judge T. C. Wilkinson.

The race between Judge J. O. Woodward, of Coleman, and Judge T. C. Wilkinson, of Brownwood, was perhaps one of the closest races run for a district office in the state.

The latest, but incomplete returns from the district judge's race indicated that Woodward would win, but that his majority would probably be less than one hundred votes, and not more than 150 out of a total vote of about 20,000.

Up to a late hour Monday the returns were all in, with the exception of one box in Brown county, which polled between 600 and 700 votes, and Woodward had a majority of 600, with the Brown county box yet to report. It was expected that the Brown county box would go largely for Wilkinson, cutting Woodward's final majority to about 100.

Judging from the way the returns are coming, some of the voters are left without a candidate, or in the language of by-gone campaigns, will be forced to choose between two evils.

Reports coming in from the cotton fields of Runnels county are not as optimistic as a few days ago. The weed has begun to show signs of the dry weather, and farmers declare rain must fall this week to prevent a serious set-back in the condition of the crop.

In the heat of the political turmoil it is pretty hard for a man with the best interest of his country at heart to keep mum, but mum is the best policy. A street corner argument never converted anyone, and such arguments usually result in ill feeling. However, this is a free country, and every man can spout off for his candidate and then take the consequences.

"STRANGE BEDFELLOWS" IS PREACHER'S SUBJECT

At the revival meeting tonight at the Baptist church Evangelist Winsett will discuss "Strange Bedfellows," asking the question, "Can God and Satan sleep in the same bed?" The subject for Tuesday night will be "The Shortness of the Time."

Sunday was a great day in the progress of the meeting, the evangelist delivering three addresses during the day. The subject for the 11:00 o'clock service was "Dying to Live," and the sermon was one of the most uplifting ever heard in Ballinger. Dying to the old sinful life that we may live in the new was the burden of the preacher's message. The closing moments of the service witnessed a scene worth remembering. Practically every Christian in the house walked down the aisles, many of them with broken hearts and streaming eyes, and indicated their reconsecration to the Lord's work.

The afternoon service was the occasion of the evangelist's lecture on "Jellybeans, Flappers and Kid-glove Bootleggers." Nobody can describe this address. It was a most telling discussion of modern social life with its evils, and made in such a way that all had to acknowledge its truth. It was not a good hour to have it, but the people filled the auditorium.

The second coming of Christ was the subject Sunday night. The preacher said that if we believe the Bible we are looking for Christ's coming and are trying to be ready.

The evangelist makes many striking utterances which are good to remember. He says it in a way that makes you remember them. Here are some of them:

"It is the home that is responsible for the jelly-beans and flappers."

"If your girl is a flapper, remember that everything produces after its kind. That is why she is a flapper."

"The opposite of being filled with the Spirit is being filled with the devil."

"The hypocrite will be sent so far into hell that it would take \$1700.00 to send him a postcard."

The preacher discusses the Holy Spirit every morning at 10 o'clock, in the fullest and most helpful way that has probably ever been heard in this city.

PRAIRIE OIL CUTS PRICE OF CRUDE

(By Associated Press)

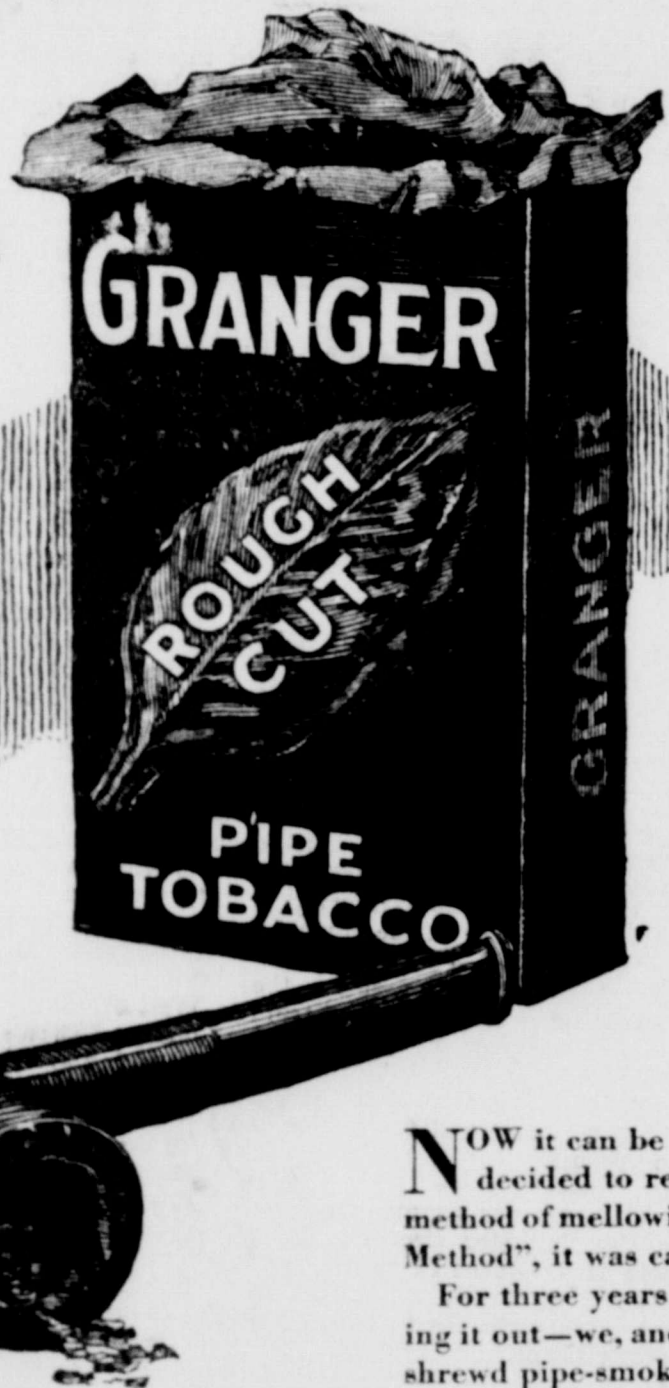

INDEPENDENCE, Kans., July 28.—The Prairie Oil and Gas Company announced a cut in the price of crude oil purchased by it in the Kansas, Oklahoma and North Texas oil fields.

The new prices showed a reduction of fifteen to twenty-five cents per barrel, it was announced.

Mr. and Mrs. Jas. E. Brewer and family returned the latter part of last week from an extended visit to points in Arkansas.

NOW it can be told. Three years ago we decided to revive a famous old secret method of mellowing tobacco—"Wellman's Method", it was called.

For three years we have been quietly trying it out—we, and about a quarter-million shrewd pipe-smokers who discovered it for themselves.

No whirlwind campaigns, no "special offers", no extravagant claims; Granger Rough Cut has made good on its taste alone. There could be no better proof of its quality.

Now we are ready to "tell the world".

An extraordinary pipe tobacco. "Wellman's Method"—now ours exclusively—now only mellow tobacco, but "rounds it out"—gives it a new taste, richer and milder.

There's no other method like it, nor any other tobacco like Granger.

And not only differently mellowed, but cut differently—cut for pipes. The Rough Cut burns more slowly, hence smokes cooler—and a pipe-load lasts nearly twice as long.

And finally—notice the package.

If Granger Rough Cut were packed in fancy lithographed tins, it would cost 15 cents.

But wrapped in smart heavy foil, you get this fuller, longer, cooler smoke at a third less cost. Foil instead of costly tin—hence the price.

Too good to be true? Ask any man who has tried it. Better yet—get out your pipe!

Granger Rough Cut

A Pointer on Tobacco—

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

PROTEST ATTACK ON AMERICANS

(By Associated Press)
WASHINGTON, July 28.—Acting Secretary Grew, of the state department, announced today that he had dispatched vigorous representations to Teheran as a result of an assault upon Mrs. Katherine Imbrie, widow of vice-consul Major Robert Imbrie, who was killed recently by a Persian mob.

The communication protested against the situation which culminated in an unprovoked attack on Mrs. Imbrie.

The communication was supplementary to the state department's note dealing more generally with the conditions existing in Persia covering the vice-consul's death.

In conclusion, the American note said that the Washington government cannot over emphasize the seriousness of the view which is taken of the present situation.

Mrs. E. W. Bridges received a message Monday from her father, Mike Howard, of Corsicana, stating that he won over both of his opponents. Mr. Howard was in the race for district clerk of Na-

varro county. He received a majority vote over two opponents. He is due here for a visit to his daughter within a few days.

Fixing the Blame
Gentle hands were lifting Pat from the wreckage of his automobile, which had just been struck at a grade crossing by a fast passenger train. "How did it happen?" asked a friend, who was with the rescue party. "Begorra," fumed Pat, "it's more than I can understand. Ye'd have thought that the engineer of the train could have seen me comin' in broad daylight!"—Everybody's Magazine.

Needed Scraping
It was one of London's gray days when one American greeted another American in Piccadilly. "Lil' ol' London's got no skyscrapers yet," remarked one. "Pity, too," answered the other, gazing heavenward. "I never saw a sky that needed scraping more."

FAILS TO BREAK ALLIED DEADLOCK

(By Associated Press)

LONDON, July 28.—A compromise proposal said to have been offered by the American representatives at the inter-allied conference, and intended to break the deadlock on the subject of security for loans to the German government, and which appeared to have met with success early today, produced a wider break this afternoon.

The divergencies which were created by the American proposal, it was believed, would rule out the new plan as a possible solution to the difficulties.

LONDON, July 28.—New American proposals which both the French and British hope will break the deadlock in the inter-allied conference on the subject of security for a loan to Germany provided for in the Dawes report were made today during a meeting of the experts committee.

The experts will re-assemble today to reconsider the proposals which are intended to reconcile the British.

American bankers are expected to change the attitude of the conference delegates on defaults and sanctions under the Dawes plan.

FINAL EVIDENCE IN MURDER CASE

(By Associated Press)

CHICAGO, July 28.—The final pieces of testimony with which the state's attorney Robert Crowe has been building his "mountain of testimony" in the hearing which will determine the fate of Richard Loeb and Nathan Leopold Jr., was reached today.

John Tyrell, of Milwaukee, a handwriting expert, this morning identified the original ransom letter which demanded \$10,000 from the father of Robert Franks, as having been written on an Underwood portable typewriter.

The confessed slayers of Robert Franks in their confession said they tossed the typewriter into the lake after completing the letter. The typewriter was later recovered.

REFUSES TO CUT COTTON RATES

(By Associated Press)

WASHINGTON, July 28.—The Interstate Commerce Commission today refused a permit to the International & Great Northern Railroad to cancel cotton rates from Texas and Oklahoma

points via New Orleans to Eastern cities.

New Orleans interests opposed the proposed cancellation on the grounds that it would divert business from that port.

The commission holds that the railroad's proposal was not justifiable.
