Outstanding Humorist To Speak At CCA Banquet

Oltonites will pay tribute to three outstanding citizens at the annual Chamber of Commerce and Agriculture Banquet Monday, Feb. 28 in the school cafeteria.

Guest speaker will be Ed Hennessy, humorist with an assortment of clean stories, character portrayals and mirthful parodies - all delivered in his own unique style.

Hennessy has been proclaimed as one of America's finest story-spinners. He combines musical, dramatic and humoristic talents into a refreshing and absorbing program which will be long remembered.

His program, "This Laughing, Singing America," has been presented at men's and women's clubs, colleges and before convention groups throughout the United States, including the Hawaiian Islands. It includes songs and delightful humor which have characterized America from the time of Thomas Jefferson to the present day. An encore period allows him to answer song requests in 16 languages. He accompanies his songs with guitar.

Hennessy has recently published a book of humorous poems called "Sonnets For Insomnia" which is having a wide sale throughout the United States.

Tickets for the 20th annual banquet are on sale at the Chamber of Commerce and Agriculture office, from members of the board of directors and the Olton Enterprise.

QUITE A COLLECTION - One thousand computer markings are within each of the 29 brown paper bags pictured here. Additional markings have been turned in since the Student Council's "count day" earlier this week. Donice Quigley and Steve Johnson, Student Council secretary and president, respectively, hold a few of the markings which have been collected to aid a young kidney patient. One thousand markings can be redeemed for one treatment on the dialysis machine. The markings appear on almost every product.

Installation Of Members Held By Local Lions Club

Olton Lions honored their ladies and other guests at a dinner Thursday evening in the Ag Community building.

Lion Boss Dale Cary and sponsoring members J.O. Bass III and Tom Sluder participated in the installation of two new members, Gary Lawson and Leslie Kennedy.

"Lions are the world's biggest do'ers," Cary stated. "Lions Clubs are twice as big as the next two service organizations combined."

Entertainment was provided by a trio from Wayland College's "Spirit of America."

"We call ourselves 'Community Property,'" said Wayne Perrin, introducing Danny White and Bridget Evans. The group presented a medley of ballads including selections written by both Perrin and White.

Mrs. Helen Bohner was winner of the ladies' door prize.

Laurie Brown Is 'Family Leader'

Laurie Brown has been named Olton High School's 1976-77 General Mills Family Leader of Tomorrow. Her selection for the honor was based on her scoring of a written knowledge and attitude examination held natonwide Dec. 7.

Daughter of Mr. and Mrs. Jim Brown, the new Family Leader of Tomorrow will receive a certificate from General Mills, sponsor of the annual educational scholarship program. She is now eligible for state and national honors.

A State Family Leader of Tomorrow will be chosen through judging centered on performance in the Dec. 7 test, and will receive a $1,500 college scholarship. Second-ranking participant in the state receives a $500 grant.

Miss Brown is president of OHS's Future Homemakers of America and a member of the Science Club and National Honor Society. She is a member of the Mustang Band and is one of the four twirlers.

TUCO, Inc. Get Contract For New Plant

Randall Corporation of Houston has been awarded a contract for engineering and construction of a natural gas processing plant near Hobbs, N.M. for TUCO INC. The announcement was made by C.D. Beaman, president and principal operating officer of the Amarillo, Texas based firm.

The new plant will have a capability of 75 million cubic feet per day and is scheduled to be in operation by August 1, 1977. "In addition to liquid extraction, the plant will be designed to remove nitrogen from low BTU gas thereby up-grading and producing pipeline quality gas," Beaman said. "The design of the plant will also permit adding the capability of producing liquified natural gas (LGN)."

Construction has been completed, and testing is in final stages on a 47 mile, 12" pipeline which is to transport low BTU, as well as other pipeline quality gas, from the Chaves, Eddy and Lea County areas of New Mexico to the plant location near Hobbs. The pipeline should be operational within thirty days.

TUCO INC. is a wholly-owned subsidiary of Southwestern Public Service Company and presently provides a large portion of the electric company's fuel requirements including natural gas, coal and fuel oil. TUCO also produces other liquid hydrocarbon by-products for sale to non-related wholesalers.

Election Is Called For School Trustees

All members of Olton Independent School Board were present Monday night when plans were made to call an election Apr. 2, for the purpose of naming two trustees. Terms of Garland DePrang and Burley Faver are expiring.

Persons wishing to file for the posts may do so in school business offices between the hours of 8:30 a.m. and 4:30 p.m. Deadline for filing will be Mar. 2 at 4:30 p.m.

Named as election judge is L.R. Bryant. Absentee clerk will be Doris Watt, she will be assisted by Mrs. Edna Price. Absentee votes may be cast Mar. 14 to 29.

In other business the board approved minutes of the previous meeting and accounts payable for the month of January.

Reports of attendance showed a gain of 44 over last month. The current attendance of Monday, 940, lacks only ten in matching the high attendance of the year, according to Joe Turner, superintendent.

The administrator also reported the lunchroom as "operating in the black."

For Brazilian

Texas Meets Expectations

Olton has again been honored with the visit of a foreign exchange student from Brazil.

Didi Frenchel, eighteen-year-old son of a textile technician, was born in Romania but, because of communism, his parents fled that country when he was only three.

He has been reared in South America's largest city, Sao Paulo, Brazil, as one of its ten million citizens. Through the Lions Club Exchange program, he is visiting the United States for the first time. In his request for the visit, he stipulated either California or Texas.

He was assigned to the Bill Gross family in Lubbock for his stay. He was in Olton for a short visit with Jayme Carvalho, visitor in the home of the Leon Noacks. Didi and Jayme met in the Rio de Janeiro airport when their 18 departing students emplaned for the United States.

Now, during the hot months of the Brazilian climate Didi, in his second year in college, is on vacation. He attends Escola de Eugenhaira Maua, where he is studying mechanical engineering. He explains that in his country one begins his studies at seven years, and usually finished the secondary level in eleven years.

He also states that one plans his college work while still in secondary school and takes subjects required for such a choice. He also states that a difficult examination is given as college entrance requirement.

By comparison, he feels that U.S. schools offer "much bright knowledge and allow a high school student to know a lot about many things" rather than just preparation for a certain field.

Visiting in the Olton school and in Coronado High School, Lubbock, the young man states that he particularly likes the bands. Brazil's schools offer no such program.

He evaluates U.S. citizens as being a little less liberal than he had expected . . . in for instance race relations. He quite frankly thinks that smoking and drinking are "your own business."

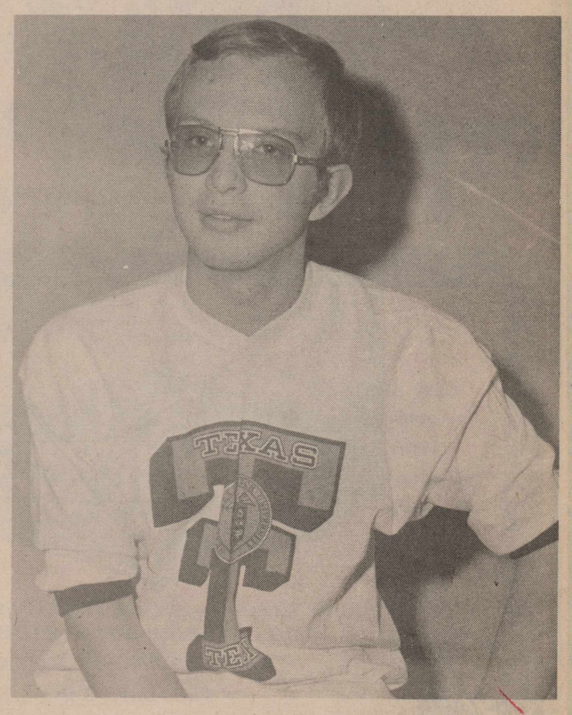

When questioned about the 'drug problem' in his land he says that it is not as bad as it is here, but it is on the increase. He stated, flatly, "you have a real drug problem here."

In sports, he plays soccer in a college team, and says that basketball and skateboarding are very popular there.

Having "skimmed through United States history" in his studies, he had some preconceived ideas about Texas and finds it to be "exactly as he had expected."

Didi said his father had a small factory in Brazil but, because of inflation and the current period of depression he had to sell it.

When he becomes 23 our visiting friend will have a choice to make about his citizenship. He will become a naturalized Brazilian, or citizen of some other country, but he can never again be Romanian since he forfeited that right when he left the country in his very early years.

Three Businesses Hit By Burglars

Three businesses were burglarized Thursday night or early Friday morning, according to a report from local police.

Trails Inn, Martin Pharmacy and Dairy Mart were victims of burglars in which approximately $1600 worth of goods was taken. To gain entry to Trails Inn, the front door glass was broken and once inside, the burglars broke into seven machines and took about $650.

At Martin Pharmacy, two cameras, three watches and some drugs were taken. A window was broken in the back of the store in an effort to get in, but bars prevented the person entrance. To get into the store, the burglar got a ladder and gained entrance through the air conditioner. Value of good was estimated at $846.62.

Johnny Jennings reported $50 to $100 taken from the Dairy Mart. The business was entered through a broken window.

Investigation continues in all burglaries.

In other activity, police report that a man traveling through the city on his way to Arizona asked to be allowed to spend the night in the city jail because he had no other place to stay. Permission was given and he continued on his journey the next morning.

Sounding Board

The United Fund for Olton is a very good thing. But why is the Salvation Army included? Why not the other churches of Olton?

The Salvation Army is a world wide Christian religious body with semimilitary structure. It provides food, shelter and clothing to the needy, and administers to the spirit by bringing religion to many.

The Methodist, Baptist, Church of Christ and the other churches provide the same thing.

So why aren't they included in the fund drive if the Salvation Army is?

The city ordinance concerning the dogs having to be tied up or fenced is ridiculous. This is not going to get rid of the stray dogs that run the streets because most of them are wild and can not be caught.

Why not have a rule the pets must have a collar and tags? Because the pets are not the ones who do damage.

I think the city needs to hire someone to run the street sweeper instead of spending the money on a dog catcher. Our streets, especially main, are a disgrace. The curb is hardly visible in some places because of the dirt and trash piled up.

It would be more worthwhile to have our streets cleaned up than to do away with someone's little pet.

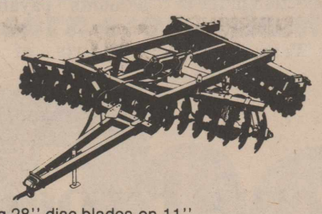

Could something be done about the trucks coming down main street exceeding the speed limit: Our lives and our children's lives are in danger. The drivers of these trucks think because their vehicle is the largest they have the right-of-way.

Child Abuse

By Rex Boyles

Two little hands that once played "patti-cake" and held Mamma's finger now lie still. Two little arms that once cuddled "teddy bear" and gave Daddy "big hugs" now lie still. Two little legs that once filled the house with the "pitter-patter" of two little feet and chased "puppy" around the backyard now lie still. Two little eyes that once sparkled with innocent mischief and awkwardly winked at "granny" now stare blankly. A child that once seemed so full of life, beaming with happiness and love, now lies battered and broken, twisted and bruised, lifeless. Child Abuse!

A parent no longer saw the little one as a bundle of joy but rather as an unbearable yoke. A parent no longer heard the child's crying with concern but rather with a bitter contempt. The make-believe games were no longer fun . . . they were frustrating. Those innocent childish pranks were no longer amusing but annoying. Open arms, begging for special attention, no longer stirred a warm proud feeling but rather an uncontrolled fire of anger that consumed all love and nurtured only hatred. Child Abuse!

What other crime is so brutal? What other deed is so ghastly? What other abuse is so wretched? What other sin is so ungodly? What other crime sparks in us such feelings of disgust and vengeance?

There is a crime more brutal. There is a deed more ghastly and wretched. Jesus refers to it in Mark 9:42. It also is child abuse but abuse of a different sort. Jesus never discusses the physical battering of a child's body, but he deals plainly with the battering of a child's spiritual being. His judgment is this, "And whosoever shall cause one of these little ones that believe on me to stumble, it were better, for him if a great millstone were hanged about his neck, and he were cast into the sea."

We have never abused our children by physically battering them, but are we guilty of the crime of battering their souls? How many times have you neglected to share your love and your life with your children? Are you too busy trying to make them a living to take time to give them a life? In Proverbs 29:15, the Creator of children says, "The rod and reproof give wisdom. But a child left to himself causes shame . . ." Have you left your children to themselves, thinking that you were only letting them find themselves? How much time have you spent with them this week loving them and teaching them? How much time have you spent this week sharing the joy of living and the goodness of God with your children?

A little boy, in whom God's praise should be perfected (Matthew 21:16), learns to swear not because his parents beat him and forced him to learn street language, but because his parents left him to himself. He now talks like his heroes on TV.

A young woman, who should by God's design mature and honor him in a career or in a home, swaps her innocence for a few moments of attention and "love" not because her father battered her and forced her to play the whore, but because he left her to herself. She now finds the "love" she needed so much from her father in the "lust" of another man.

People, whom God created in his own image, live and die, mean and frustrated, fit for destruction not because their parents tortured them and forced them to feel bitter and selfish, but because their parents spent more time trying to provide for their needs without giving them what they really needed. Today, give your children what they need . . . Rex

Mrs. Barnett Directs DKG Panel Program

Fellowship Hall in the First Baptist Church in Earth was the Feb. 5 meeting place for the Epsilon Delta Chapter of Delta Kappa Gamma International. Springlake-Earth and Sudan members hosted the meeting.

An executive meeting preceded a time of fellowship and refreshment.

The refreshment table was covered with a red cloth and centered with a red and white flower arrangement. Cookies and spiced tea were served.

Following the general business meeting, a program, "Professional Commitment," was presented by Carmelita Barnett, chairman of Professional Affairs committee, and a panel consisting of Sue Burgess, Georgia Bahlman, Ruby Reed, Nettie Belle Hilbun and Lillian Rape. The panel discussed ways in which women can enhance their collective image as professionals.

Other members from Olton attending were Helen Bohner, Neta Gary, Susie Spain, Jane Spain and Esther Graham.

Ruth Holladay Is Speaker

Ruth Holladay of Canyon delighted her audience Sunday evening with a portrayal of Erma Bombeck's writings. Guest speaker at the appreciation banquet at First United Methodist Church, the hilarious presentation preceded the recognition of church school teachers, officers and other honored persons.

In a serious vein, Mrs. Holladay spoke on "self-actualization," the stage of life when one is most nearly that which he is capable of becoming.

"As a human being," she said, "we begin our coping on a basic level and then move upward seeking group approval, self-acceptance and an evangelical level where one feels he has reached the point that he seeks to help others."

Above that, Mrs. Holladay said, man reaches higher and, if using all one's potential, seeks to be all of which he is capable. Psychologists claim that few seek to attain this level and that a great deal of human resource is going to waste.

Special music presented by "Banaja," (Bart Barnett, Naomi Lewis and Jay Harrell) included "Somebody to Lean On," "It's Only In Your Heart" and "Feeling". Dinner music was played by Harrell.

Rev. Elmer Crabtree was presented with a cake in surprise recognition of his 90th birthday Feb. 14.

FROM LAMESA

Mr. and Mrs. Jack Edwards had in their home during the weekend their daughter and family, Mr. and Mrs. Bob Corley, Lynn and Michael of Lamesa.

Club Members Present Flower Arrangements

Mrs. Lester O. Kennedy presided at a meeting of Olton Garden Club held Feb. 10 in Woman's Club House.

Devotional thoughts were presented by Mrs. Juanita Adams titled "True Glory", in which she contrasted the lives and works of Moses and King Khufu of Egypt. She also enlarged upon the thought "It's not what you've got, but what you do with what you've got, that counts."

Mrs. Jack Estes presented the program of the day "Compatibility of Green and Dried," showing materials and how they blend together. She gave tips on arranging, choosing size and textures that are compatible.

Mrs. L.G. Elkins presented and described an arrangement, "Happy Holiday", expressing the theme of compatibility, and expressing Valentine sentiment.

Roll call was answered with "Greenery in My House." Cards were sent to Mrs. C.E. Bley, Mrs. Linnie Campbell and Mrs. Doyle Pinson, all of whom were in hospitals.

Mrs. Elkins, program chairman, announced a flower arranging workshop had been secured for May 12.

The meeting was hosted by Mmes. Tom Smith and Naomi Cooner.

Poetry Is A Favorite

"This was my grandmother's first cookbook," says Mrs. Ron Winckler as she flipped through the loose leaf styled book filled with yellowed pages and white ones added in more recent years.

Cooking is an enjoyable part of homemaking for the young mother of three sons and wife of the minister of Hillcrest Temple. The recipe she shares include a tasty and good-for-you treat - homemade granola. The goulash and slaw recipes are two which were her grandmother's.

Connie and Ron moved to Olton last September from Roswell, N.M. where they had been living just a short time. They are parents of five-year-old Joshua, three-year-old Jonathan and little Jacob, three months.

Her family holds first right to her time but Connie has lots of interests to squeeze in when there are free minutes. She likes to sew and crochet. She paints and, since coming to Olton, has also taken up ceramic painting.

Writing poems has always been a special pastime and Connie learned to play the guitar primarily to put music to some of her poems. She says she has performed some for the public but "not much because I guess I'm just too timid."

She has not given thought to someday publishing a book of her poems with her own art for illustration but admits she would like that "someday."

Connie grew up in several places, mostly Pueblo, Colo. and Roswell, N.M. She met Ron in Annaheim, Calif. and six years of their marriage were spent in California with short times spent in Arkansas and Mississippi.

Uniquely, the young Baptists are at home in the Presbyterian parsonage, a circumstance which was possible since Hillcrest's parsonage is quite small and the Presbyterian congregation is currently without a pastor.

MEXICAN SWEET & SOUR SLAW

3 lb head of cabbage, shredded
1 lge green pepper, ringed
1 lge red pepper, ringed (or sm jar pimientos)
2 lge white onions, ringed

Sauce:
½ t celery seed
1 c white vinegar
1 c cooking oil
dash salt & pepper
½ c sugar

Bring to boil, pour over cabbage mixture. Mix well. I put this in small jars, it keeps well for 2 or 3 weeks. You can use one carrot slivered with potato peeler.

HUNGARIAN GOULASH

¼ c shortening
2 lbs beef chuck or round cut in 1 inch cubes
1 c sliced onion
1 sm clove garlic, minced
¾ c catsup
2 T Worcestershire sauce
1 T brown sugar
2 t salt
2 t paprika
dash cayenne pepper
1½ c water

Brown meat, onions and garlic in shortening, until meat is tender and onion brown. Mix rest of the ingredients in water. Pour over meat, let simmer 2 hours. Mix ¼ cup water, 2 T. flour, pour over to thicken. Heat to boiling.

When done, serve over noodles.

GRANOLA

2½ c rolled oats
¼ c sesame seeds
¼ c sunflower seeds
½ c coconut
½ c wheat germ, untoasted
½ c chopped nuts
⅓ c water
½ c honey
⅓ c oil
raisins, if desired

Mix all ingredients and spread about two inches thick on shallow pan. Bake at 225° for two hours. Store in lidded jars. If raisins are used, they have a tendency to overcook.

SPENDS WEEKEND

Mr. and Mrs. Shorty Smith spent the weekend in White Deer with his mother, Mrs. Dora Smith and her daughter and son-in-law, the C.L. Smiths.

There's more to Asgrow hybrids than just high yields.

Asgrow resistant hybrids meet head smut head-on.

Corn growers in this area have learned that head smut means sizable losses in yield and profit.

That's why next planting season you need *more* than hybrids with just claims for high yields. You need the *complete performance* of Asgrow hybrids...with head smut resistance...with harvestable high yield potential.

Now's the time to make plans to protect corn yield and profit next time you plant. See your Asgrow dealer and reserve head smut resistant hybrids while supplies last. Because Asgrow resistant hybrids meet head smut head-on.

Asgrow hybrids resistant to head smut.

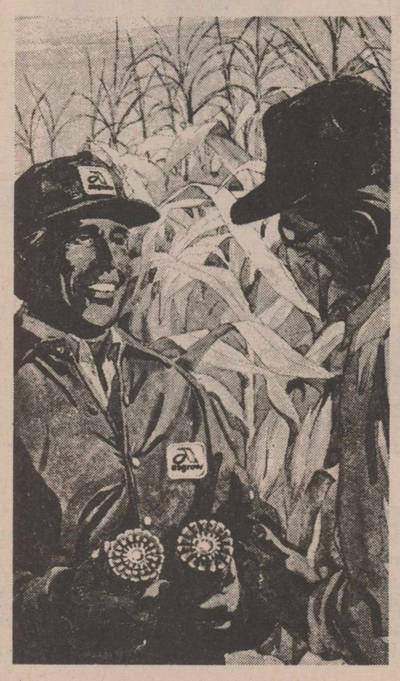

RX 90 RX 100 new RX 4589

These corn growers meet head smut head-on with Asgrow hybrids.

James Cook—Olton, Texas
In 1975, Mr. Cook used RX 100 for the first time on 50 acres and had a yield of 10,640 lbs. dry corn. In '76, he expanded use of RX 100 to 120 acres. "I like RX 100 better than anything I've planted. I like the way it stands—good stalk with no lodging. I have no head smut in my fields."

Paul Chisholm—Sudan, Texas
Over the past three years, Mr. Chisholm averaged over 10,000 lbs. on 310 acres of RX 100. Much of this was grown under stress conditions including hail damage and minimum irrigation. "This RX 100 has the ability to pollinate under adverse conditions. This is particularly important under stress conditions like this year. And, they sure like RX 100 at the elevator because it's such a clean corn to bring in. Head smut has been observed in this area, but I've had absolutely none."

Bob Jones—Muleshoe, Texas
This is Mr. Jones's fourth year with RX 100. He reports, "My yields have been good and consistent. Last year, even with hail damage, it made just over 8,000 lbs., but '76 looks like it's going to be my best year ever. It stands well, too—no trouble with lodging. And, I've had no head smut whatsoever."

Dale Widner—Friona, Texas
Mr. Widner was one of the first on the High Plains to plant RX 90, and he also uses RX 100. "This year I had eleven different hybrids on my farm for testing, but I keep coming back to proven winners like RX 90 and RX 100. RX 100 has consistently yielded in the 9,500 to 10,000 lb. range. There's no comparison to other hybrids in grain quality. This year I have 120 acres of RX 100 and 40 acres of RX 90. I have no head smut that I know about."

O.L. (Mac) McMurtrey—Manager, Hub Grain Company—Hub, Texas
Mr. McMurtrey sees a lot of corn during a year's harvest and is a good judge of quality. "Of all the grain that comes across our scales, I've never seen better than RX 100. It's always of consistent good quality."

Jim Clements—Dumas, Texas
Mr. Clements is a cash grain farmer. In 1976 he planted 200 irrigated acres of RX 90 in 40 inch rows at a population of 24,000 plants per acre. Average yield per acre was 13,552 lbs. dry weight. "This was the best corn I've ever planted, and no head smut."

Jerry Goheen—Fieldton, Texas
Mr. Goheen is a user of both RX 90 and RX 100. "Last year my RX 90 made 9,600 lbs. with two waterings. That was a good year. This year it looks like it's doing just as good and this is a bad growing year. It stands good and has no head smut. The grain quality of my RX 100 is so good that I got a 40¢ premium from the grain buyer. And, I had no head smut."

Obituaries

Mrs. Perkins

Services for Mrs. Lorene Carter Perkins, 63, of Amarillo were held Monday afternoon at 4 o'clock in Plainview First Baptist Church. She was aunt of Lana George Glueck.

Mrs. Perkins died Saturday at 10 p.m. in an Amarillo Hospital after a lengthy illness.

Born in Altus, Okla. she had lived in Plainview a number of years before moving to Amarillo twenty years ago.

Earl Patterson

Word has been received of the Wednesday afternoon death of Earl Patterson, 51, great-nephew of Mrs. Helen Bohner and grandson of the late Mr. and Mrs. H.P. Webb.

Patterson, who made his home in Gautier, Miss. was rushed to a Pascagoula, Miss., hospital where he died of an apparent heart attack. Services are pending for Monday, Feb. 21, in Memphis, Tenn.

He is survived by his wife.

Mrs. Laura Hay

Funeral services were held Thursday in First United Methodist Church of Sudan for Mrs. Laura Sherrill Hay, 83, former resident of this city.

Officiating were the Rev. Roger Martin, pastor of Presbyterian Church of Littlefield, the Rev. Phillip Lopes of Sudan and the Rev. Paul Hanna of Lubbock. Entombment was in Resthaven Mausoleum, Lubbock. Arrangements were under direction of Hammons Funeral Home, Littlefield.

Mrs. Hay died about 6:25 a.m. Monday in South Plains Hospital, Amherst. She was a native of Ottawa, Ill.

She was member of First Presbyterian Church of Littlefield and United Methodist Women. A civic leader, she held membership in Lamb County Old Settlers Association, and Lamb County Historical Society. She was treasurer of Lamb County Memorial Library Corporation and was an active worker for Lamb County Library. She was an Honorary Member of Olton Study Club.

Her husband, Simon D. Hay, former judge of Lamb County preceded her in death in 1964.

Survivors include two daughters, Mrs. Paulette Ryan of Anchorage, Alaska, and Mrs. Sherrill Richards of Moscow, Idaho; two sisters, Mrs. Olin May of Ottawa, Ill., and Mrs. Elizabeth Howell of Jackson, Miss.; and six grandchildren.

Roy Earnest Moss

Graveside funeral services were held Tuesday afternoon in Olustee, Okla. for Roy Earnest Moss of Decatur, former area resident.

Moss died Saturday night at his home in Decatur of an apparent heart attack. He was born Dec. 3, 1893 in Jackson County, Okla. He moved northeast of Olton in 1927, farming there for several years. He later moved to Arkansas and Oklahoma before moving several years ago to Decatur.

Survivors include his wife, Ola; three sons, Ralph (Dick) of Decatur, Jerrell of Siloam Springs, Ark. and Roy Olen of Conroe; seven daughters, Mrs. Thelma Davis of Hart, Mrs. Margaret Gooch of Plainview, Mrs. Dana Lou Collum of Colorado Springs, Colo., Mrs. Jessie Scott of Kansas, Okla., Mrs. Audrey Cobb of Stillwell, Okla., Mrs. Helen Gamache of Altura, Calif. and Mrs. Leta Mae Hawkins of Hart; 28 grandchildren; 24 great-grandchildren; one sister, Mrs. Lela Ray of Ada, Okla. and one brother, Raymond Moss of Altus, Okla.

He was the uncle of Mrs. D.C. Eby and grand-uncle of Mmes. Gene Trotter and Bob Coen.

Mrs. Winnie Davis

Services for Mrs. Winnie O. Davis, 69, were held Friday at 2:30 p.m. in Muleshoe Church of Christ. Royce Clay, minister, officiated, assisted by Hal Howell, minister of Lariat Church of Christ. Burial was in Oklahoma Lane Cemetery by Singleton-Ellis Funeral Home.

Mrs. Davis died Thursday morning in Muleshoe Nursing Home. She had been a resident of Bailey County three years, moving there from Lubbock. She was a former longtime resident of Olton.

Survivors include her husband, Doyle; two sons, Jerry Davis of Farwell and Ronald Davis of Moriarty, N.M.; one daughter, Mrs. Wanda Mayfield of Farwell; one sister, Mrs. Eula Swinney of Colorado City; two brothers, Jim Freeman of Sherman and Gilbert Freeman of Rockwall and 13 grandchildren.

Basketball Results

Junior Varsity basketball girls won a close game over Littlefield Feb. 4. They began with an 8-0 lead at the end of the first period extending that lead at halftime to 16-4. At the end of the third period the score was 22-11 and as the final buzzer sounded, they were still ahead 26-20.

Nancy Britton led the scoring with 10 points. Jimmie Kay Sanders score 8 points, Melanie Witten, 6 and Sharla Nicholas, 2.

Donice Quigley led in rebounds with 13 and two steals. Janice Burgess had five rebounds and two steals. Sharissa Hamby had three rebounds and Lori Barnett, two.

The JV girls played Morton Feb. 8 and won 35-22.

Nancy Britton again led in scoring with 12, Melanie Witten had 11 and Sharla Nicholas and Jimmie Kay Sanders each had six points.

Janice Burgess was leading rebounder with 5 and 5 steals. Marilyn Durham had nine steals and one rebound. Sharissa Hamby had four steals and one rebound and Lori Barnett had two steals and one rebound.

The Junior Varsity ended their season with an 8-11 record.

Varsity girls met Littlefield roundballers Feb. 4 and were defeated 52-45. Score by quarters was 6-10; 18-20; 29-33 and final score of 45-52.

Elaine Rodriguez led the girls in scoring with 25 points. Dusty Kinnison had 15 points and Lorenda Couch, 5. Leading rebounder was Janet Huguley with 6; Kim Kinnison was next with 4, followed by Jennie Davis, with 3.

They played Morton Feb. 8 and again were on the short end of the score. Final score was Olton 35, Morton 52.

Dusty Kinnison led in scoring with 15. Elaine Rodriguez made 11 points, Lorenda Couch, 5 and Alanna Spain, 2. Leading in rebounds was Janet Huguley with 5. Jennie Davis had four rebounds and two steals. Kim Kinnison and Sherri Hutson each had three rebounds.

Coach Larry Ledbetter said he felt the girls had a real fine season. Their season record was 15-12.

"The girls played extremely hard each game and as a result, became a very competitive team. We lost 12 games this year but seven of those 12 were lost by less than six points. So with a few more timely breaks, our record might have been even better."

Coach Ledbetter said, "I'd like to express my appreciation to the supporters that the girls had this year. I hope that it continues throughout our track season.

If fuel costs are squeezing the profit out of your corn crop, plant

The Cost Cutter

PIONEER® BRAND 3780

One Less Irrigation • Lower Harvest and Hauling Costs • Less Moisture Dockage • Lower Drying Cost • More Income and Profit per Acre

Pioneer brand 3780 improves corn profits four ways. It is an early hybrid that takes one less watering than the hybrids you've been planting. It also dries faster after maturity than other corns. Since it has good standability and ear retention, you can leave it in the field to dry. This means you harvest less moisture, haul less moisture, and have little or no dockage and drying cost.

SINCE IT DOESN'T COST AS MUCH TO GROW, IT CAN MAKE MORE MONEY

In 1976, farmers found that "Cost Cutter" 3780 produced significantly more net income per acre than competitive corns of much later maturity. Though the green weight yield of later maturity corns was greater, 3780 was usually much lower in moisture and thus higher in dry yield per acre. When the saving in irrigation fuel cost was added to the higher dry yield, it made a difference of $20 to $30 net income per acre.

This hybrid matures 11 to 13 days earlier than our famous 3369A but it doesn't concede yield for its earliness. Under most growing conditions, it will yield pretty close to the full-season varieties and harvest several points drier.

TOUGH ENOUGH TO TAKE IT

3780 is also a tough little hybrid that can take some stress. Head smut didn't bother it in 1976. It has good roots and stalks and holds its ears well. It is sensitive about getting pre-tassel water right on time, however. That critical irrigation time is fairly short since it passes quickly through each stage of growth.

Here are actual examples of 3780's ability to make more profit than later maturing, high yielding competitors:

		Yield wet weight lbs./acre	% Moisture at Harvest	Pay Weight after drying 1	Gross return per acre 2	Harvest and hauling cost 3	Difference in irrigation cost 4	Gross return per acre for each hybrid	Dollar per acre advantage for 3780

*The most widely sold station cross on the Plains. It is sold under several different brand names and variety designations.

1). Drying and dockage charge was 2% per point of moisture above 15.5%. 2). Returns figured with corn at $4.00 per cwt. 3). Harvest and hauling costs at 50¢ per cwt. 4). The savings of one irrigation by 3780 at an estimated cost of $8.00 per acre.

STAGGERED MATURITY

If you're farming big acreage, 3780 is the perfect hybrid to use with Pioneer brand 3306 and 3195 in a Staggered Maturity planting program. This new Pioneer program allows you to:

- Hedge against weather problems.
- Use water, labor and machinery more efficiently.
- Harvest each variety at the optimum time.

Your Pioneer dealer has a brochure which gives you the whole Staggered Maturity story. Talk to him right away.
