"Well, Howdy folks, how ya'll doin'."

Isn't that a good old Texas greeting?

Having recently been on a bus tour in Switzerland with people from New York, New Jersey, Pennsylvania, Minnesota, Australia and England, I've come once more to realize that Texans do, indeed, speak a different language.

I'm not ashamed to admit I have a Texas accent...I've worked hard for it! Oh, occasionally we over do it, but we do have some lovely descriptive phrases .

It was fun to watch the expressions on our companion's faces after I made a reference to a "frog strangler" of a rain. They weren't even familiar with a "gulley washer", poor souls.

All of them were familiar with "ya'll". Then there was the "can't see to can't see" statement.

The lady from Australia, overhearing Thomas and Richard talking about getting a "bait of Tex-Mex food when we get home", asked what Tex-Mex food was.

We explained that it was Mexican food as prepared in Texas, including things like enchiladas, burritoes, refried beans, etc.

Then, of course, she asked "What areenchiladas, burritoes, and those other things?"

So, we had more explaining to do.

"We were plumb tuckered out" elicited a startled look from the lady from Minnesota. It was the "tuckered" that did it, it was the plumb. I carefully explained some of the uses for plumb, and she has decided to add the word to her vocabulary.

But the phrase that drew out the most response, from a woman from Pennsylvania, was "I'm fixing to go right on down to town and see what there is to see".

"Fixing to" she shrieked. "Fixing to?"

She thought it was the funniest thing she had ever heard.

She kept insisting that you couldn't do that. That there was no such thing as "fixing to".

I explained that it could also be used as in "There's fixing to be a real problem" or "there's fixing to be a killing".

She howled louder. She maintained that only things could be "fixed".

Finally, she made such an issue out of it that we began to deliberatly use it as much as possible.

Because, while I will admit that it may not be "proper" I've yet to meet a single person, even from Pennsylvania, who failed to understand what I was talking abuot.

Leave my Texas expressions alone, thank you very much!

House Approves Funding To Study Needs Of Red River County

The U.S. House of Representatives today approved $450,000 in funding to begin a planning study for the water needs of Red River County in the FY92 Energy and Water Appropriations Bill, announced U.S. Rep. Jim Chapman, who amended the bill at the subcommittee level to include this funding.

"Keenly aware of the water supply needs of the Red River County area, I have been working hard for finding that will enable the U.S. Army Corps of Enginers to begin a planning study for the Pecan Bayou project in Red River County. I am pleased that my colleagues saw the need for this preliminary study today, " stated Chapman, who serves on the committee which has jurisdiction over the project.

"Today's action must now be approved by the U.S. Senate. You can be assured that I am committed to seeing that the Pecan Bayou project study receives this funding," concluded Chapman.

Familiar Faces

....By Denise Wood

Mildred Eudy's family has been a part of the Bogata area since the early 1800's. Her grandparents were John Allison and Fannie Latimer Stevens. Her great-grandfather was a Confederate soldier who is buried at Post Oak Cemetery.

In 1946, Mildred married Bill Eudy and together they had tow children, Danny and Shelia and four grandsons, Tony, Adam, John David and Aaron. Mildred is more than a good wife, a great mother and grandmother, she wears several other hats.

Currently Mildred is the first female Mayor of Bogata. She was appointed Mayor upon the resignation of W.T. Harbison this past February and was then elected to a full term last month. Prior to her mayor's shb, she was the first female Municipal Judge in Bogata's history, serving in that capacity from 1984 until her Mayoral appointment.

To qualify her for these important positions, Mildred has attained over 120 hours of Municipal Law training. The world of law has always been a vital interest to Mildred. She has always wanted the people of Bogata to have someone to turn to when they were confused as to where to turn.

Mildred is involved in a multitude of civic and church-related activities in addition to her City Hall responsibilities. She is a Sunday School teacher of Young Adults at Bogata United Methodist Church and sings in the choir. She is a member of the Texas Municipal Association, a member and past Chaplain of the Bogata VFW Ladies Auxiliary and on the Board of Directors of Cuthand Cemetery Association. She even served three years as a Den Leader for the Cub Scouts.

Yes, over the years Mildred's accomplishments have become too numerous to mention in full and she hasn't quit yet. With her compassionage heart and an untiring desire to continue to succeed in daily set goals, we can rest assured Mildred's future will be just a scolorful and fulfilling as her past.

Country Cooking

By Gerrie Bankhead

The Country Cooking column is coming from the kitchen of Travis and Jimmie King of Fulbright. Travis and Jimmie will be married 60 years in October. They both have lived all their lives in the Fulbright area.

Being a farmer and rancher's wife has caused Jimmie's career to consist of raking hay, carrying hands to the field and whatever comes up to be done. They retired two years ago and have shifted their jobs now to gardening, canning, sewing, cooking, quilting, etc. The jobs to be done now are enjoyments to both Travis and Jimmie. She loves to sew for her grandchildren and herself. She sews fancy baby quilts for her family, two of which are shown in the picture. She also loves to collect cookbooks, make jelly, have company and entertain. Jimmie says she's a plain cook. However, when it's her turn to serve refreshments or a complete meal to her 42 or 84 clubs she fancies things up a bit.

Jimmie is a member of Eastern Star and they both are members of the Fulbright Baptist Church where they both have attended all their lives.

Travis and Jimmie have four chilren: a son, Duane, wife Bobbye, of Paris and their four children, Kyle, Karry, Kristi and Kayla, and six grandchildren; another son, Harvey Lee (Bo), wife Judy of Kansas City, their three children, Lesli, Brett and Tim and their five grandchildren; a daughter, Kay Osborne of Paris, her two children, Randy and Mary and she has two grandchildren; another son, Dick, wife Jayne of Paris, their two children, Jeffrey and NeLeigh. This makes 11 grandchildren and 13 great-grandchildren.

Jimmie previously taught Sunday School for 25 years and now holds thepositions of secretary of the Sunday School and Treasurer of the church.

During the past month of April, Jimmie was very busy with the church. They were having construction on their church by theBaptist Men and Women's Association. She did a lot of cooking which consisting of making many, many caramel pies. Jimmie is sharing her recipe for this pie in this article.

Travis and Jimmie don't do a lot of traveling but one trip she recalls with great memories is a trip to Japan a few years ago.

Jimmie's Burnt Caramel Pie recipe she is sharing came form her mother. She takes these pies everywhere she goes and never brings them back. This is a sign they are delicious. This recipe ha sbeen in their family at least 70 years. When she was young, her mom wasn't well. The other brothers and sisters worked in the field but she helped her mom at the house. She did a lot of the cooking and this recipe was one she learned at an early age.

The Broccoli and Rice casserole came from her daughter which she quotes as being a very good cook.

The Pineapple Cookie recipe came from a friend, Yuba Sparks, of Deport. They traveled around a lot for the Eastern Star several years ago, and this is where the recipe originated from.

If you've enjoyed the article, request a recipe or have a recipe to share or suggest a feature, please call 652-6032 or write Rt. 1, Box 67A, Deport, TX 75435.

Energy-saving measures

LOW-COST NO-COST ENERGY SAVINGS

that work while you rest

Your home can work to save energy while you rest on vacation if you take these steps before you leave.

- Turn off your air conditioner, and pull the blinds and drapes to keep out the sun's heat.
- Use a timer or ask a neighbor to turn on your air the day before you return.
- A timer for your porch light will make your home look occupied without wasting electricity.
- Remember to turn off all appliances.

For more energy-saving ideas, call or visit your local TNP office today.
