Fisheries Trends For The Coastal Bend

Preliminary data for headless shrimp landings in the Coastal Bend area was 465,600 pounds during May, 1961. This was an increase of 192,833 pounds over April, 1961 and 164,179 over May, 1960.

Inclement weather still prevailed during the month, but there were a greater number of fishable days than during the preceding month. Also to help increase landings were an excess of 90,000 pounds of headless shrimp captured in the bays for use as bait. This bait shrimp entered the commercial market by being processed and packaged for later use through wholesale bait channels as opposed to bait stands retailing directly to the consumer. Bay bait-boats are allowed daily catches of 250 pounds by state law during the closed season.

In the Gulf much of the activity was concentrated on white shrimp in depths out to 10 fathoms. After mid-night May 31, Texas law closes state waters out to 3 marine leagues and this will curtail the white shrimp production.

Prices for headless shrimp ranged from 61c to 68c during the month for 15/20 count sizes and the customary 5c drop on each size bracket smaller.

There were 59,500 pounds of live-weight crabs landed during the month as compared to 89,300 pounds for the previous month and 120,900 pounds for May 1960.

The bulk of crab landings was composed of "she" crabs, which are much smaller than the "jimmies," during the month as a consequence the recovery of meats were much lower than the same month last year.

There was very little activity the fin fishery during the month, primarily due to steady winds and poor catches. The market was strengthening and prices rising to the fishermen.

Shrimp processing houses were getting ready for the coming season and the processing of bait-shrimp caused an increase in shore employment for the month as compared with April.

Several bay boats and vessels were being constructed during the month. Three of these were of an entirely new design, constructed for the purpose of fishing the bays and operating on the beaches for white shrimp during fair weather. These boats are of a new design and the practicability of this endeavor will soon be tested during the coming season.

Rural Traffic Takes 13 Lives In South Texas

Rural traffic wrecks during May took thirteen lives in ten fatal wrecks that occurred in seven of the 21 counties that comprise the Corpus Christi District of the Texas Highway Patrol.

Four of the deaths occurred in Victoria County, three in Hidalgo County, two in Brooks County and one death each in Nueces, Jim Hogg, Kenedy and Zapata Counties.

In addition to the thirteen persons killed in ten fatal wrecks there were 107 persons injured in these 59 injury wrecks. Ninety-seven property damage wrecks were reported bringing the total number of rural wrecks reported to 166. In these wrecks property damage was estimated to be \$97,320.00.

The summary for the first five months of 1961 reveals 31 fatal wrecks killed 39 persons, 316 personal injury wrecks injured 515 persons and 522 property damage wrecks. Property damage in these 869 wrecks was estimated to be \$471,027.00.

The 1960 figures are shown for comparison. 54 fatal wrecks, 66 deaths; 331 injury wrecks, 540 persons injured; 644 property damage wrecks. Property damage estimate \$432,669.00 in these 1,029 rural wrecks.

Rural traffic death count by the month shows Jan. 5, Feb. 7, March 8, April 6 and May 13 persons killed. One third of the persons killed were killed in May.

Although this district continues to lead the state in the reduction of traffic fatalities for this year we cannot boast when we lose thirteen lives in one month.

SHRIMP-BOAT BILL HEARING COMING UP, KILGORE SAYS

Rep. Joe Kilgore (D., Texas) reported Sunday that the chairman of the merchant marine and fisheries committee has promised hearings on his shrimp boat bill "as soon as possible."

The bill would permit shrimpers to transfer their catches to ships for transport to harbors without bringing those ships under common carrier regulations.

A companion bill sponsored by Sen. Ralph Yarborough already has cleared the Senate.

Kilgore said the need for such legislation has become more acute since Texas shrimp fishermen are having to go farther out for their catches. Most of them now travel as far as the Campeche banks off the coast of Yucatan.

There also are bills before Congress to limit shrimp imports by setting up a quota system. The year 1960 would be used as a base and exporting countries could send to the United States duty-free the same amount they did in that year.

Further exports would be subject to tariffs.

GET YOUR ADDRESSES IN PHONE BOOK SAYS MRS. MARY JUERGENS

The new phone books will be issued in August, according to Mrs. Mary Juergens, manager of the Chamber of Commerce. Mrs. Juergens urged everyone to see that their name and address is correct. If they haven't been listed before now, a telephone call to Mrs. Christine McDonald, at the telephone office, 4-2269, will meet with a prompt and courteous response, and she will attend to the matter for you, Mrs. Juergens said.

NEW YOUTH SPONSORS NAMED WEDNESDAY

The Board of Directors of the Youth Sponsors of Aransas County met Wednesday evening and named Mr. and Mrs. Norman Oliver as the new professional sponsors of the organization, replacing Mr. and Mrs. Bob Morrison, who resigned recently.

Mrs. Oliver, a native of Rockport, is the former "Tiny" Smith, daughter of Mr. and Mrs. Lloyd Smith, and granddaughter of Mrs. Manch Brundrett.

FULTON LIONS INSTALL OFFICERS

In an installation attended by the Rockport club, the following officers were installed by the Fulton Lions:

Raymond Owens, president; Zeph Rouquette and J. W. Pierce, vice presidents; W. H. Stanley, secretary; Matt Scott, treasurer; Simon Lee Sorenson, tail twister; J. D. Gray, lion tamer; and R. R. Freider and Harold Oakman, two year directors.

Realtors Meet At Big Tree

The San Patricio Realtors Association held a dinner meeting at the Big Tree Wednesday night, attended by about 30 members from surrounding towns. Lawrence Miller of Rockport was program chairman.

After dinner, the group adjourned to chairs under the trees, and heard a talk by M. W. Cochran, local realtor.

Cochran said: "Our training and experience qualify us to think through many of our community problems. Certainly our personal and business interests give us sufficient reason for being active in bringing about better planning and improved community conditions."

The realtor pointed out that in many areas, lack of restrictions was responsible for a drop in property values, with trailers next to \$15,000 homes making those areas considerably less valuable. The following are excerpts from Cochran's talk:

"Our highways, costing taxpayers \$50,000 a mile and upwards, are dotted with junked automobile scrap yards and gaudy, eye-catching signs," he said, and named public apathy and lack of community interest in aesthetic values as being responsible for these conditions.

"City streets present buildings unrelated to each other, many of them crowded with lighted advertising signs which confuse the driver who is trying desperately to observe traffic lights directing his movements. Orderly safe traffic is a community asset and disorderly traffic is not only a hazard but hurts the community and the merchant's pocketbook."

"There are many phases of community development and progress with solutions too complicated for the beginner to tackle."

"And last—but not least—there is a simple chore which costs but pennies, but requires constant personal attention and the desire to make our towns and countryside more attractive. What a poor impression the streets and roadways strewn with papers, bottles and cans do make—what a grand feeling it is to drive or walk where the travelways are well kept. The latter condition pays big dividends to our community where we cater to the highway traveler."

"There are two approaches to community improvement and the citizen and taxpayer is the key to progress. Only through him and his everlasting interest are continuing beneficial results obtained."

"The most appealing approach is the big approach."

"The other approach is the small approach—tackling small things first and growing into bigger things things as headway is made."

"This smaller approach is the one we will have to make to get started. It costs little in money and it tackles the job first which everybody will agree should be and can be done—namely, cleaning up our community and keeping it clean."

"Of course we start in our own back yard. We set an example that qualifies us to help start a community wide project which includes all public property—roadways, parks, schools, beaches and vacant property."

"Usually the luncheon clubs such as Rotary and Lions or the organizations such as American Legion or VFW, are willing to sponsor such community activity if given sufficient publicity concerning their efforts."

"But, here is the rub, it takes a few determined persons who are dedicated to get the job done. Remember, in community progress there are but few persons willing to give generously of their time and talents even though the benefits of their efforts are shared by all."

"But more of the ordinary citizen's attention and actively could be centered on making our community more attractive to every age group it should result in less law breakers, fewer quick dollar shysters, and more interest in religious and educational activities. "Lucky are those communities with officials who take the lead and work effectively at the job of community betterment. You will usually find that such communities benefit in many ways."

"As realtors, we can't afford not to take part in community betterment. Professionally, we are obligated to do so, morally it is right to do so and economically it is just good business to do so."

"Do we in San Patricio or Aransas County have a Citizen's (continued on page 8)

TEXAS COLLEGES RECEIVE \$7,000—Representing 22 church related colleges, Dr. Law Sone, right, President of Texas Wesleyan College, Ft. Worth, accepts a check for \$3,500 from S. L. Nevins, vice-president of Olin Mathieson. Dr. Sone, also, is president of the Texas Foundation of Voluntarily Supported Colleges and Universities which acts as a distribution agency for contributions for higher education. The Olin Funds will be matched by a like amount from the Rockefeller Brothers Fund of New York. Representing the more than 45,000 students of the member schools were University of St. Thomas juniors, Annette Hill, right, and Mary Ann Belinoski, both of Houston.

Woman's Club To Give Parties For Benefit of Library

Mrs. Jimmie Hunt, president, presided at the regular meeting of the Woman's Club this Tuesday.

In response to a report read by Mrs. G. E. Dickey, citing the immediate need for funds for the County Library, it was voted that the club sponsor an evening game party combined with a cake and pie sale. The date set is July 18, Tuesday, at 8 p.m. in the Woman's Club building.

Bridge, canasta, 42, 84, or any other choice will be played and prizes will be given for high scores. A free-will offering will afford admission and Coke and coffee will be available, as well as the luscious pies and cakes, members will sell and raffie off through the evening.

Also, the club will sponsor two afternoon bridge and canasta parties similar to the popular winter parties for tourists and local players. The first of these will be Monday, June 26, at 2 p.m. A fifty cent admission fee will be charged.

After the business meeting, Mrs. C. E. Nickerson presented Mrs. Charlyne Hunt, who gave an exciting resume of her experience with china painting. She showed samples of her work including a place setting of fine china of which she has painted an entire service for eight. Mrs. Hunt recommended this pastime highly as a means of relaxing as well as one to satisfy a creative urge. Her talk was well received as was witnessed by the numerous questions asked her later.

LIFE GUARDS ON DUTY NOW

Lifeguards are on duty at the Rockport and Fulton beaches. Barnet Reed is the Rockport guard; Raymond Owens is at Fulton. Elva Mullinax has charge as in past years.

PRESBYTERIAN CHURCH NO. 3 MEETS

Circle No. 3 of the First Presbyterian Church met in the home of Mrs. Rice. The meeting was called together with a prayer by Mrs. Charles Roe, Jr., circle chairman. Roll call was answered with a Bible Verse by those present. The Bible Study was moderated by Mrs. C. J. Roy. The "Emphasis" was presented by Mrs. O. W. Brymer.

The next meeting will be with Mrs. Nancy Currie at 910 N. Magnolia.

Delicious refreshments were served by the hostess to 10 members.

TEL CLASS HAS PARTY

The TEL Class of the First Baptist Church held their party at the home of Mrs. Mabel Thompson Friday night the 8th. Supper was served on the lawn.

Present were: Mrs. Ellen Frances Prophet, Mrs. E. J. Johnson, Mrs. Floy Rooke, Mrs. Lora Stevens, Mrs. Ava Brumley, Mrs. Leona Farrow, Miss Floy Kenedy, Mrs. Alice Ballou and Mrs. Somerville Ballou.

There were three guests: Mrs. Sarah Htsock, Mrs. Pearl Beckman and Mrs. C. A. Benson.

The business meeting was held afterwards, Mrs. Mabel Thompson led in prayer. Social hour followed and was enjoyed by all.

City Council Meets, Transacts Routine Business

At the meeting of the city council Monday night, commissioners from Aransas County Navigation District No. 1, were present and the two groups entered into a discussion of water problems at the Cove, without doing more than explore the matter.

In other business, Carl Osborn was reappointed Fire Marshall, and Elva Mullinax assistant fire marshal.

Councillors then discussed requests from various water lines, and for relief from flood waters without coming to any conclusion on the matter.

They also discussed urban renewal, and approved a trip by Mayor Johnson to Austin with Judge John D. Wendell and others, to ask for a new causeway across Copano Bay.

Three Day Rains Total 7.85 Inches

Under rapidly clearing skies Sunday evening, Rockport had received a total of 7.85 inches of rain in three days, according to government weather man, Paul Clark Sorenson.

Of this, 1.85 inches fell Friday before 6 p.m. Saturday's precipitation amounted to 4.58 inches in 24 hours, and Sunday's rain fall was 2.02 inches by 6 p.m. At which time the skies had completely cleared.

Because the land was dry, there are few signs in town of the heavy downpour, but fields in the surrounding area are covered with water in many instances, and utilities crews have been busy repairing minor water and sewer line damage.

Band Officers Named for 1962

The following students were selected as officers of the Pirate Band for the coming school year:

President, John Ballou; secretary, Becky Rouquette; travel manager, Charles Cosby; treasurer, Mary Katherine Gray; reporter, Pat Elder; drum major, Larry Coats; head majorette, DeRema LeFevre, and librarian, Patty Townsend, Annette Gardner and Terrie Thomas.

At the close of the recent twirling school, the following girls were selected as majorettes: DeRema LeFevre, Suzanne Keith, and Janice Garrett.

Motor Boat Races Here On Sunday

Top Race Drivers to Compete In Five Classes On Little Bay In Afternoon, Barbecue Slated at Noon

Entries continue to pour in for the boat races scheduled for Little Bay on Sunday, June 18, and Mrs. Mary Juergens, manager of the Chamber of Commerce, says that it looks like a lot of fathers will celebrate their day by seeing how fast they can drive one of the speedy little outboards.

At last reports, the entry list was between 50 and 100, entered five classes, A, B, C, D, and F.

The races are recognized by the South Texas Boat Racing Association, which will furnish the

officials for the event, and boats will be raced under the following rules:

A large clock will be visible on the judge's stand. Five minutes before the start of the race a cannon will be fired. At this time there will be visible on top of the clock four small flags (each standing for one minute interval), plus a large red flag flying on the judge's stand. As each minute elapses one of the one minute flags will be pulled down. Exactly 60 seconds before the start of the race a one minute cannon will be fired and the minute hand of the clock set in motion and a white flag displayed in place of the red one.

The official start shall be the exact instant when the starting clock indicates that the final minute has elapsed, at this instant the starter will drop the white flag to indicate that the race has officially started.

In the event of a false start (where one or more boats crossed the starting line before the final minute had elapsed) the red flag will be displayed again and another one minute cannon fired. The first boat to illegally cross the starting line shall be disqualified. On the restart all boats that cross the starting line before the final minute has elapsed shall be disqualified.

Flag signals are as follows:

Red and White, 5-minute gun; white designates the last minute before the start of the race, red, black start; black and yellow, postponement, go to the pits for instruction; yellow, caution; black, course is closed, do not go on the course, do not leave pits; Checkered, denotes the finish of the race.

Penalties: In addition to the penalties imposed for unsportsmanlike conduct on the race course there are various causes for disqualifications or fine, that are in the interest of safety. A driver may be disqualified and/or fined if:

1. He or she is operating a race boat while warming up, testing or actively participating in a race without a racing type life preserver, crash helmet and automatic throttle.

2. He or she is operating a race boat while under the influence of an intoxicant or has the odor of an intoxicant on their breath.

In the South Texas Boat Racing Association a man may run a modified motor in either the stock or modified divisions, however when runs in the stock division he is not permitted the use of racing fuels and must use (pump gas from a service station) automotive gasoline.

This racing event is under the supervision of the South Texas Boat Racing Association of which Byron Nelson is the chairman. Curtis Michalczak is the secretary and Martin Brandt Jr. is the treasurer.

Referee: Cotton Mecke of San Antonio, Timekeeper: Melvin Maur, Corpus Christi. Announcer: Bob Holliday, Austin.

ROTARY CLUB

Mr. Harry Carter, of St. Peter's Episcopal Church, was the principal speaker at Wednesday's Rotary luncheon, and he talked on "The Bounds of Freedom." The program was in charge of Jack Horton. Next week, A. C. Glass program chairman, has asked State Representative Tom Andrews to speak on the recent session in the Texas Legislature.

Ladies' night has been set for June 28. Visitors at the luncheon were Mrs. Roy Lee Hart, Rockport; Don Booth, reporter for the 36th District Court; Mr. Dimukes, Dallas; Dick Hatch, Aransas Pass; Judge John Miller, Sinton; Joe Sheldon, San Antonio; and Bill Boll, Alice.

An average bale of cotton weighs 480 pounds.

WE INVITE —

We invite Mrs. A. R. Kinsel and guest to see "Key Witness" and "Butterfield 8" playing Sunday and Monday at the Cove Drive In Theatre.

This clipping from The Pilot (good for person named above only) will serve as your admission.

Little Files, Opposed By Christilles

Ted R. Little, present chairman of the Aransas County Navigation Board, has filed for election to a full term on August 8, and is opposed by Fred Christilles.

Little, who was appointed to the Board upon the resignation of Chairman Dick Picton, was formerly on the Board, and served as its chairman a number of years ago, before being appointed to serve out Picton's unexpired term.

A long-time resident of Rockport, he has operated boats for many years, and he and his sons now operate a marine boat service.

Christilles, well-known around Lake Medina as a fishing camp operator, came here approximately twelve years ago, and has operated a charter boat in the area since. Christilles has taken an active part in civic affairs, in the Sportsmen's Club, and the Taxpayers Association, since living in Rockport.

Commissioners Let Fence Bid, Re-Hire Firm

The Commissioners Court, at its regular meeting, let bids for wire and fence posts, and rehired a firm of valuation engineers to assess oil, gas and utilities throughout the county.

Ankele's Hardware was awarded the contract on a low bid of \$8.24 cents a spool; Aransas Butane Gas was second low with a bid of \$8.27, followed by Picton Lumber, which bid \$8.53 a spool, and Rockport Lumber Company, with a tender of \$8.58.

The contract for posts went to Rockport Lumber Company, with the lowest local bid of 54 cents per post.

In other action, the court rehired the firm of Thomas Y. Pickett and Company, valuation engineers, to assess oil, gas and utility properties throughout the county.

BARBECUE SUNDAY FOR BOAT RACES

Starting at 11 a.m. Sunday, the tourist promotion committee of the Chamber of Commerce is sponsoring a barbecue to pay for the boat races that will be held that afternoon in Little Bay.

They will serve until the meat runs out, and they hope that everyone that possibly can will take advantage of this opportunity to eat some fine food and help out the Chamber of Commerce committee.

OFFICIALS ELECTED TO OFFICIAL BOARD OF FIRST METHODIST

New officers have been elected by the Official Board of the First Methodist Church. Dick Weekley chairman; Tom Dannelly is vice chairman; Lee Roy Young, secretary; Mrs. Curtis Harist, financial secretary; and Mrs. Lynwood Eller is treasurer.

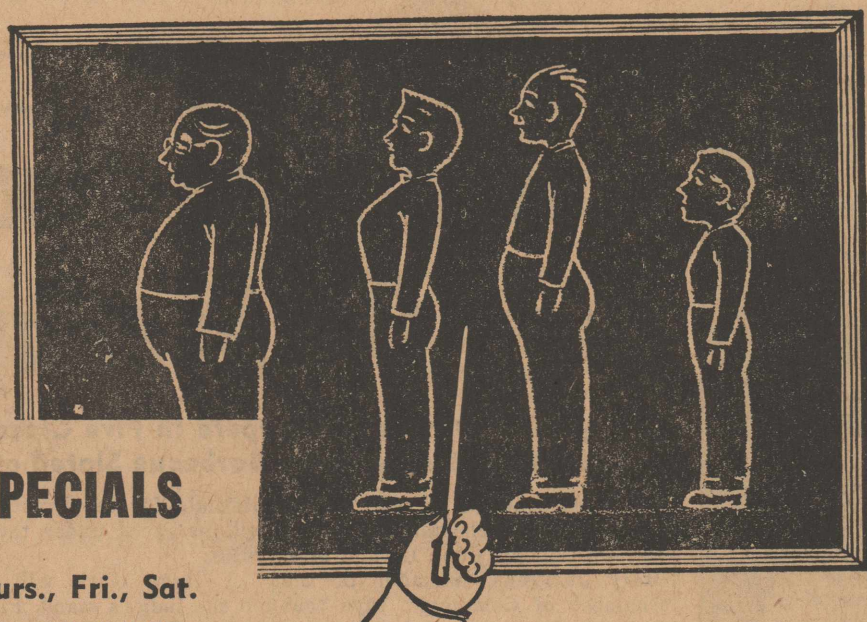

YOUTHS REGISTER FOR DRAFT

Three Aransas County youths have registered with the Selective Service Board at Sinton, having reached their eighteenth birthday. They are John J. Montez, Anthony C. Perez, and Thomas J. McCabe.

COSDEN ABANDONS

Cosden Petroleum Corp. No. 1 F. G. Gabriel, Aransas County Mud Flats Field test four miles south of Bayside in Section 48, has been plugged and abandoned at 9,700 feet where five-inch casing was set. This project was drilled in 1959 and tested oil, gas and water.

METHODIST WSCS HAS GENERAL MEETING

The general meeting of the Society held its first meeting of the new church year. Mrs. Elmo Brundrett, newly elected president, presided. A short business meeting was held. Mrs. A. H. Bankert offered the opening prayer.

Very interesting reports were given by the officers who recently attended the officers training day in Mathis.

Mr. E. T. White led the morning program on "Home for Homeless." It was given in the form of a radio report.

Mrs. Mildred McDonald, Mrs. Stella Thomas, Mrs. Bankert, and Mrs. Marilyn Young assisted with the radio report from different parts of the nation. Mrs. Lee Roy Young led the devotional.

The meeting closed with the WSCS benediction.

Boehnke and Staff Help Set Record

W. E. Boehnke, president of Commercial Motor Company, Aransas Pass, today received a personal congratulatory letter from Lee A. Iacocca, vice president of Ford Motor Company and Ford Division general manager, commending Mr. Boehnke and his employees for their part in setting a 36 year Ford Sales record.

Ford car and truck sales during May were higher than any other May since 1925... the heyday of the Model "T".

In his letter to Mr. Boehnke, Mr. Iacocca said, "I would like to take this opportunity to extend my personal congratulations to you and your employees for helping to make last month the best May Ford sales month in 36 years."

"Not since the record May of 1925 have Ford dealers sold as many new cars and trucks during any May sales period as in the month just past. We think this is a major accomplishment, one that reflects the strength of the country's economy and of the automobile business in particular."

In closing, Mrs. Iacocca stated, "We think the consistent Ford sales gains since the first of the year, which you and your fellow dealers made possible, have helped to encourage this consumer confidence, which has led the country out of a business recession."

Through May, Commercial Motor Company has sold new cars and trucks at an increase of 72% over the first five months of last year.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. N. F. Jackson of Rockport, Texas, announce the engagement of their daughter, Mary Lucille, to Mr. Wayne Merrill Ahr, the son of Mr. and Mrs. A. W. Ahr of LaCoste, Texas. The wedding will take place on the twenty-sixth of August.

Curtis Utz Passes Away

Curtis L. Utz, 64, died early Monday. He was born in Milltown, Indiana, on June 22, 1896, and for many years was a wheat farmer around Liberal and Plains, Kans., where he was once mayor. He was also an active civic leader, a scout leader, and a pillar of the Baptist Church, helping in the construction and planning of the First Baptist Church at Liberal.

For many years, he and his wife Rita, were winter visitors to Rockport, and seven years ago they moved here.

He was a veteran of World War I, a Mason, and a member of the Fulton Lions Club.

Survivors are his wife, Rita, of Fulton; a daughter, Mrs. Arlene Thompson of San Diego, Calif.; two sons, Joe Alan of Los Angeles, Calif., and Don, of Alexandria, Va.; his mother, Mrs. Susie Utz, of Las Vegas, N. M.; and two brothers, Elvis of Santa Fe, N. M.; and Nolan, of Hobbs, N. M., and eight grandchildren.

He was a deacon and treasurer of the First Baptist Church at Rockport, where funeral services were held Wednesday at 2:30 p.m. The Rev. C. Wilson Brumley officiated, assisted by Rev. C. W. Pearson.

Pallbearers were the deacons of

the First Baptist Church: Grady West, Jack Baird, A. G. Gardner, M. D. McNorton, C. C. Casey and Preston Thoss.

Honorary pallbearers were Arlo Hansen, H. H. Dick, Shelley Roaten, Harry Wilson, Bill Stanley, Tuff Lutz, Rocky Dobkins, James Philpott, Herman Neff, A. F. Der-vage, H. J. Templeton, Merle Spires, and J. V. Ferguson. Interment was in the Rockport Cemetery by Cage-Marshall Funeral Home, in charge of arrangements.

Mrs. Pearl Wright, released from a Houston hospital about a week ago, will be confined to her bed for another six weeks.

Mrs. Fred Harvey and daughter Nancy Carol Harvey are visiting here last week. They visited with Mr. and Mrs. Ed Bradshaw and Mrs. Edwin Ballou, who is Mrs. Harvey's mother.

"S.O.S." has no literal meaning, but was chosen as a distress signal because of the ease in transmitting.

Hagar Visitors Travel 12,000 Miles to See Birds

Nationally-known bird woman, Mrs. Jack Hagar is fast becoming internationally-known as well. Last year she had a visitor from Iraq; people from Europe turn up at her home here fairly frequently, wanting to accompany her on birding trips, but this week she and her husband had as their guests a man and wife who had traveled 12,000 miles to see her and the birds of Rockport.

They were Mr. and Mrs. F. G. H. Allen, of Malaya. The Allen's, after reading a copy of "Wild America" in which Roger Tory Peterson describes Mrs. Hagar and the birds of this area, decided that they wanted to make a visit to the Hagers, and arrived here all anticipation, ready to be pleased, and they were.

Allen operates a general store at First Post, Malaya, which handles everything from tractors to needles.

The Allens left their home and traveled to Victoria, British Columbia, then down the West Coast of the United States, winding up at this little sea coast town, where they had three day to spend observing birds, after their journey half around the world.

Nowhere, said Allen, had they seen anything like the bird life in this area, and he included his own tropical home in the statement.

Mr. and Mrs. Mitchell Ammons and daughter, Linda, were guests here last week. They visited with Mr. and Mrs. Bob Wofford, Mr. and Mrs. Ceylon Ammons and Mr. and Mrs. Oscar Smith.

Birmingham is England's second largest city.

The regular third Sunday fellowship dinners of the Methodist Church will be discontinued until October.

Mr. and Mrs. Ceylon Ammons observed their wedding anniversary June 6 with a barbecue. Friends helped them celebrate.

Sgt. Leon Barber and Sgt. Lew Wilkins of Fort Hood were guests in the home of Sgt. Barber's parents, Mr. and Mrs. Jim Barber last weekend.

Mrs. Tom Bradshaw and son Freddie visited her parents Mr. and Mrs. Edric Deason.

NEWS FROM THE ROCKPORT CHURCH OF GOD

Rev. V. V. Lister, pastor is leaving this week to attend an International Convention of the Church of God, June 19-25, in Anderson, Indiana. The Rev. Floyd Meyers of Corpus Christi and the Rev. Dock Hancock of Houston will fill the pulpit here during Rev. Lister's absence.

Visitors at the Church of God this past week were Mr. and Mrs. Bailey of Houston; Mr. and Mrs. Clarence Duke, Joyce Odens, Val-line Lister, Evelyn Kay and Elizabeth Duke, all of Austwell; Linda Jones, Refugio; and Clarence Price, Aransas Pass.

And the congregation thanks all of those who helped to make a success of the barbecue last week.

It takes from 50 to 100 years to produce a tree large enough for lumber.

LOCAL STUDENTS ATTEND BUSINESS COLLEGE

Miss Betty Johnson, daughter of Mr. and Mrs. H. C. Johnson, and Miss Katherine McClellan, daughter of Mr. and Mrs. R. G. McClellan have entered the June class at South Texas Commercial College of Corpus Christi. Both girls are graduates of Aransas County High School, class of 1961.

Miss Johnson and Miss McClellan are studying the Secretarial Science Course which includes all phases of secretarial training as well as training in bookkeeping and office machines. The course requires about seven months for completion.

JET-SMOOTH CHEVROLET

(and that's the car more people are buying!) Take those June skies and breezes. Add a spankin' new Jet-smooth Chevy. Presto, you've got all the makings of a roamin' holiday. That low-loading deep-well trunk swallows up most everything you'd want to pack along. The carefully crafted Body by Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jet-smooth Chevy ride, with a sinewy Full Coil

spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumblings and grumblings). All in all, Chevy's light-steerin', easy-goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel —as you can plainly see in those beautiful June buys he's got bustin' out all over.

Air conditioning—an extra-cost option that gives you fingertip temperature control. Try it.

Impala Convertible—just as saucy as you please and wide open for fun.

LOCAL THETA RHOS AND JUNIOR IOOF ATTEND MEETING

The Grand Lodge of the Junior Odd Fellows of Texas and the Theta Rho Assembly of Texas, held their joint meeting in Corpus Christi June 8th, 9th, and 10th.

Eight members of the Whooping Crane Junior Odd Fellow Lodge of Rockport, attended this convention.

In competitive charge work, Eugene Johnson of this Lodge was awarded third place for presentation of the Deputy Chief Ruler's charge, and Tim Lane won second place award in Chaplain's Charge.

In addition to this, Tim was presented a special citation for excellence in delivery of his charge. Since the local chapter of this lodge was instituted less than six months ago, these boys deserve commendation for having placed in state-wide competition.

The Junior Odd Fellow Lodge is a growing organization in the State of Texas. Based on the principles of honor, fidelity and loyalty, the work of this group is designed to encourage and supplement school and church work; to teach leadership, responsibility and fraternity.

Membership is open to boys of good moral standing, between the ages of 12 and 18 years.

OLDER WORKERS SHOULD APPLY FOR SOCIAL SECURITY

Any worker who has reached the retirement age, and has not applied for social security insurance, should get in touch with the Social Security Administration right away, according to H. M. Cleveland, Corpus Christi District Manager. The retirement age is 65 for men and 62 for women.

"Under a change in the retirement provisions, some benefits can be paid even though a worker's earnings may exceed \$1200 a year by substantial amount," he says. As an example, a worker whose family is entitled to the maximum monthly payment of \$254, can earn more than \$4,000 a year and still receive some benefit.

As in the past, benefits can be paid for all months to an insured older worker who does not earn more than \$1200 a year, Cleveland says. When earnings are more than \$1200 a year, payments can be made for all months in which a worker does not earn salary for wages of more than \$100 or work in his own business. Payments can be made after age 72 no matter how much is earned thereafter.

"Earnings"—what you work for—are the only income which is considered in applying the retirement test, Cleveland explained. A worker may have any amount in savings or investment income on his social security insurance.

All older workers are advised to inquire, since there is a distinct advantage for many to apply for the payments even though they expect to continue working. Interested persons may get exact information from the Social Security Administration, 530 South Water Street, Corpus Christi.

A MEDALLION HOME is many things to many people

Mrs. Raymond Mick in her all-electric kitchen, which has an electric range, dishwasher, clothes washer, dryer and an unusual amount of freezer space for products from her husband's farm, as well as in-town buys.

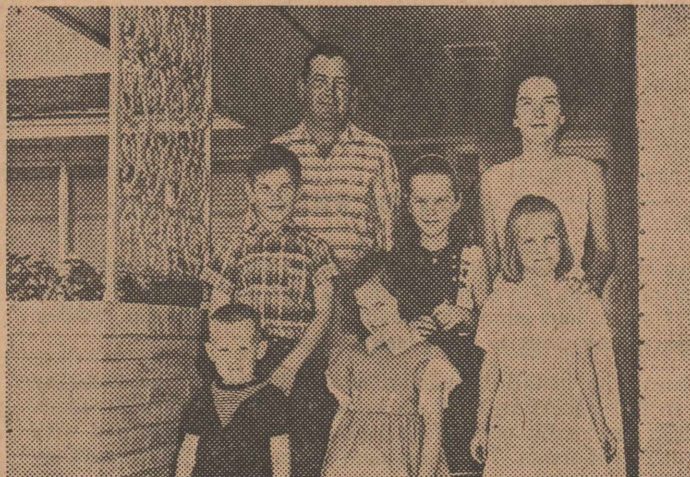

"Cool, clean electric cooking is what I like best about our new Bronze Medallion Home". . . . says Mrs. Raymond Mick

623 East Main Street, Sinton, Texas

Much of the family life in the Mick home centers around the kitchen. It's easy to understand Mrs. Mick's enthusiasm for all her electric helpers, especially the electric range. In addition to keeping the kitchen 8 to 16 degrees cooler, cleaning problems are reduced to a minimum, since there are no fumes to blacken utensils, or coat the walls and windows. And because it is flameless, the electric range is safe.

Every Medallion Home has an electric range. And with a Bronze Medallion Home you are assured of at least three other basic major electric appliances, Light for Living, and plenty of Housepower.

CENTRAL POWER AND LIGHT COMPANY

TWO SEA CAPTAINS JOHNSON AND SOME OF THEIR FRIENDS

By Hobart Husen

(continued from last week)

6. Thomas Brundrett, the youngest child, was born in Corpus Christi. He moved to Beeville when he was a young man. He married a daughter of William George and John M. both served in the Confederate army. John Brundrett was married twice. His first wife was a daughter of Captain James B. Wells. This couple lived on Black Jack Peninsula between St. Charles and Espiritu bays. After the death of his first wife, John Brundrett married Elizabeth Hastings, daughter of E. D. Hastings, the music teacher. There were several families of Bryne at Lamar. Captain Bryne's family of which I have already spoken, and that of the brothers, Charles R., Richard T. and Thomas King Bryne. The two families were close kin.

Charles R. Bryne was born at

Lamar, February 1, 1850. He married Corine Teal, daughter of John Teal and his second wife, Amelia Barlow. This wedding occurred at Lamar in the 1870's and was quite a social event on account of the popularity of the young couple and the prominence of their families. Many guests came from distant parts for the event. Charles R. Bryne and family moved to McMullen county. The twelve children of Charles R. and Corine Bryne were: (1) Amelia E. Bryne, who married Patrick N. Grover; (2) Ida Bryne, who married William Talbert Holland; (3) John R. Bryne; (4) Corinne Agnes Bryne; (5) Charles Edmond Bryne; (6) Albert Thomas Bryne; (7) Mary Josephine Bryne, who married Linden Henry; (8) Walter Francis Bryne; (9) Alice Louise Bryne; (10) Frances Laura Bryne, who married Lonnie A. Martin; (11) James Webster Bryne; (12) Grace Gertrude Bryne, who married W. F. Chandler.

Richard T. Bryne had a store at Lamar in the 1870's. Thomas King Bryne was a cattleman and trader. Eliza Bryne taught school at Lamar.

Charlesworth was an old man who lived alone. No one knew much about him.

J. M. Crandall was one of the original settlers of St. Mary's.

He built the old Crandall concrete house there. This family finally left the coast country.

Captain Charlie Dean, an Englishman, was an old sea-captain. He operated a large scow between Rockport and Lamar, Copano and St. Mary's. During the war he served in the Confederate army.

Patrick Finnegan was a prominent citizen of the town. He was father of Mrs. Ann Ballou and Mrs. Mary J. Bailey.

E. D. Hastings was a music teacher, and also taught dancing. He lived for a time at St. Mary's where he taught music and dancing, but finally returned to Lamar. One of his daughters was the second wife of John M. Brundrett.

The Hawes family was a prominent and influential one in this section of Texas. It was a well known Virginia and Kentucky family. Hugh W. Hawes, after serving as district judge in Kentucky came to Texas with his wife, Carrilla Calhoun, and settled on Matagorda Island, in Calhoun county, where he established a ranch. Judge Hawes died on Matagorda Island and his wife went back to Kentucky, where she died. William I. Hawes, who married Alice Bludworth, of Matagorda Island, was a well known figure at Lamar. His son, Captain Lloyd W. Hawes married Augusta Johnson, daughter of Captain Charlie. One of William Hawes' daughters married Thomas Brundrett.

Henry Ludwig Kroeger was an old-time citizen of Lamar, and for a number of years kept the principal hotel there. He was a native of Germany, and sailed from Hannover when about 18 years old. He landed at Indianola. He got a land grant in Runnels county and traded it for land on Salt creek, above Lamar. This land is now owned by his son, Henry L. Kroeger. Kroeger came to Lamar to work for the McRaes. He built a raw-hide house in McRae's yard. He later built the hotel at Lamar. He married Eve Thomas, daughter of John Jacob Thomas, of Salt Creek. The children of this couple were:

1. Will Kroeger, who died at Lamar, aged 18 years.
2. Mary Kroeger, who married William Hill, of Salt Creek.
3. John Henry Kroeger, who married Kary Fox, daughter of Jacob Henry Fox, who came to Texas from Louisiana.

Henry L. Kroeger died at his Salt Creek ranch in February, 1908. His widow died there several years later.

There was an old Frenchman named Labardee, who had no family. He lived with the Kroeger family and died on their ranch.

Joel Heard was the ancestor of most of the Heard families now living in Refugio county. He came to Texas from Alabama. He was shipwrecked off St. Joseph Island, and this circumstance led to his eventual settlement in West Texas. By two marriages, he had sixteen children. His first wife was Nancy Gilmore, his second, Lucinda Jones. Joel Heard and his family lived at Lamar for several years and were there during the Civil War. He served in the Confederate army. His granddaughter, Mary Ann, married Captain Muddock McRae, at Lamar. Joel Heard finally moved further east when he died, either at Brazoria, or Victoria.

William Hill moved from Lamar to Salt Creek. He married Mary Kroeger, daughter of Henry L. Kroeger.

John Hope married my sister Catherine.

FAMED LE MANS RACE WILL BE ON WIDE WORLD OF SPORTS SAT., JUNE 17

The famed Le Mans 24-hour sports car race at Le Mans, France, with racing driver Stirling Moss acting as guest commentator, will be presented on "Wide World of Sports" Saturday, June 17, over KRIS-TV from 3 to 5 p.m. CST. The program is co-sponsored by the Humble Company.

The race with a field of 55 cars each with a two-man driving team who alternate at the wheel, is run over an eight and three-tenths mile circuit. The car covering the most mileage during the 24 hours of the race is the winner. Last year's winner covered 2,619 miles at an average speed of 108.128 miles an hour.

In addition to the highlights of the race itself on video tape, the telecast will include the color and carnival atmosphere that surrounds this most famous of all sports car races. Moss will drive through the course and explain the hazards of this race to viewers. A number of top drivers will also

TELEPHONE TALK

DIRECTORY MEN IN TOWN

This week marks the beginning of our annual canvass of business customers to discuss their advertisement for the September 1961 telephone directory. There are two salesmen in town, Mr. Eddie Reed and Mr. Jim Pegues. They will be calling on the businesses in the next two weeks.

Eddie Reed has been with the telephone company for 15 years and has spent 7 years in the directory department. He has had various jobs with the telephone company prior to his present job with the yellow pages.

Jim Pegues has been with the company for 5 years and all of this time has been with the directory work. Jim was here in Rockport 3 years ago and I'm sure many will remember him.

Eddie and Jim's supervisor, Mr. H. G. Randall, will be spending some time here also and will have an opportunity to get acquainted during his stay.

During the last year there have been 567 new telephones connected in Rockport making a total of 2,624 telephones in service. This is another indication that as Rockport grows so does the telephone company.

One thing that is important for all businessmen to remember about advertising is, whatever you sell, wherever its sold, nothing directs prospects you way like awhereness, and nothing builds awhereness like your yellow pages—the buyer's guide that tells your prospects where to find your product or service.

Your yellow pages man will help plan an awhereness sales program for your needs. Remember the last day to get your new ads in the yellow pages is June 30. If you plan to change to business service, call the telephone company Business Office, SO 4-2269, and you will be contacted.

TOOL CHEST ON WHEELS

I'll bet there isn't a housewife anywhere who hasn't found she lacked an ingredient for a recipe she was preparing. Or, for that matter, I wonder how many husbands have the right size washer on hand when they want to fix a leaky faucet.

The men who install telephones avoid situations like these by carrying a full assortment of parts and tools right with them. Their trucks are really parts departments on wheels, stocked with over 400 different items. They're prepared for every job when they call to install or repair service for you.

Being ready for the unexpected is just part of our effort at the telephone company to make sure your service is as convenient and trouble-free as is humanly possible.

Call by number. It's twice as fast.
