1983-84 WELLINGTON HIGH CHEERLEADERS

Wellington High School varsity cheerleaders for the coming year won two blue ribbons and a spirit stick in competition with 800 boys and girls at the High Plains Cheerleading Camp at Texas Tech in June.

Cheerleaders, clockwise from lower left, are Sandie Cobb, Debbie Benton, Karen Mote, Vanda Wood, Amy Williams and Lori Lacy.

Bloodmobile Visits Thurs., July 28

Thursday, July 28, is Bloodmobile Day in Collingsworth.

At that time, the Red River Regional Red Cross Blood Services will ask county residents to donate 80 units of blood, in order that the Collingsworth General Hospital is assured a continued supply of all the

blood and blood derivatives it needs for patient care.

The bloodmobile will be at Bura Handley Community center, and new hours have been set-2:30 to 6 p.m.

Due to the shorter hours, more donor recliners will be set up, enough that 16 donors at a time can give blood. Approximately 45

minutes will be required from the time a donor steps inside the community building until he has the cookies and drinks that everyone is served after giving blood.

Appointments can be made by calling Mrs. Billye Owens 447-2294, who is spearheading the drive.

The blood donor program

is under the auspices of Collingsworth General Hospital Auxiliary.

Assisting with this bloodmobile visit are the County Retired Teachers Association, Wellington Business and Professional Women's Club, staff members from Collingsworth General Hospital, and Wellington Lions

Club.

A doctor will be on call the entire time the bloodmobile is in operation.

A team from the Wichita Falls blood center will draw the blood.

Pam Webb, coordinator of the blood services program for the Red River Region told Mrs. Owens that the center is "having a hard time getting enough blood to serve the region" of more than 40 counties in southeast Panhandle, North Texas and southwest Oklahoma area.

Because this is primarily an agricultural area, many who usually give blood are busy with farming. It is vacation time and other summer activities cut down the number of donors.

"We want to appeal to teen agers 17 years and over to use this bloodmobile visit to begin the lifelong habit of giving blood.

Mrs. Webb pointed out that if it weren't for the

"Get Parade Entries Ready,"--Jackson

Billy Jackson, parade chairman for the Collingsworth County Fair, has issued a challenge to all businesses around the square and on the adjacent streets to have a decorated float when the parade begins to move to the lively music of That Skyrocket Band Friday morning, Sept. 9.

"It's time to start thinking about your entries," Jackson said in his

challenge. "We believe every business can have a colorfully decorated entry in the parade. We are determined that this will be one of the biggest, most colorful parades in many years."

Jackson announced the parade judges: Kirk Woodward, membership director of West Texas Chamber of Commerce, Abilene; John Burrow, KGNC radio farm and ranch director, Am-

arillo; and Mindy Rubenthler, director of public affairs, KAMR-TV, also of Amarillo.

Parade divisions will include commercial, youth organization, adult organizations, motorcycles, decorated bicycles for children, a miscellaneous division, antique cars, horses and horsedrawn vehicles, and possibly others.

Sheriff Kenneth Maxwell

will be in the lead car followed by the color guard and That Skyrocket Band.

Wellington Volunteer Fire Department will have its trucks in the parade and Collingsworth Volunteer ambulance Service will include its vehicles.

Those wanting more information should contact Margaret Vines, secretary, Chamber of Commerce at her office, or call 447-5848.

Williams, Miss Crelia to Greenbelt Bowl

Wade Williams, who quarterbacked the Wrecking Crew of '82 to the area playoffs last fall, has been invited to play in the 34th annual Greenbelt Bowl Football Classic in Childress on Friday, Aug. 5, at 8 p.m. He will be in quarterback position on the West Team.

The Greenbelt Bowl Queen nominee will be Belinda Crelia.

Both Williams and Miss

spring.

This year he shared the Skyrocket Outstanding Backfield Player award. He received honorable mention and second team All-State honors; the All-District Football team twice; Amarillo Globe-News Super Team Quarterback this year, and a team tri-captain. He is the son of Mr. and Mrs. James Williams.

Miss Crelia has been a varsity All-District basketball player; varsity tennis

team member and a regional qualifier, a cheerleader in That Skyrocket Band, a Miss Wellington runner up and twice an attendant to football royalty.

The daughter of Mr. and Mrs. Lyndon Crelia, she was a Kiwanis Club Sweetheart. The Greenbelt Bowl game was designed to showcase the top football players from West Texas and Central Oklahoma, many of whom have been overlooked by colleges and universities for

scholarships up to this point.

Players and coaches of both teams will report for workouts Sunday through Thursday, July 31-Aug. 4. Queen candidates will rehearse Thursday, and a hospitality picnic will be held at 6 p.m. for queens, players and their families.

The Queen's Pageant will be held at the portico of First National Bank at 8:30 p.m. Thursday. Friday

TDA Needs Help In Cotton/Herbicide

Four Texas Department of Agriculture inspectors are continuing to investigate this week possible herbicide damage to a large area of Collingsworth County cotton crops.

TDA officials have received approximately 70 written complaints from local farmers whose cotton shows effects that appear at this time to be caused by herbicides 2, 4-D or 2, 4, 5-T.

But TDA officials told The Wellington Leader this week that they need help from farmers in locating the farms on which complaints have been filed.

They asked farmers who have signed complaints to contact County Agent Don Reeves or contact one of the four TDA inspectors who are staying at the Cherokee Inn.

"We need the precise location of each farm," TDA inspector Neil Pior said. "If

farmers will give us the ASCS farm number and place name it will help us a great deal."

Dennis Maloney of the TDA's Amarillo office has been joined this week by Steve Jones and Pior of the Lubbock office and John Walton of the Dallas office.

Al Hernandez, TDA official in charge of herbicide complaints in Austin, said he expects the investigation to take several weeks to complete.

Each complaint will be investigated separately.

TDA officials said Collingsworth County was a "regulated" county with respect to herbicides. That simply means that any applicator must have a permit to apply herbicides. In order to get a permit, the applicator must pay a 10 cent per acre fee to TDA and have his equipment inspected.

Herbicides such as 2,4-D or 2,4,5-T can be applied legally at any time of year, though, in a "regulated" county as long as label instructions are followed TDA officials said.

Childress County, where some damage has also been reported is not a "regulated" county. In a non-regulated county, an applicator only has to keep records of his applications. He does not have to apply for a permit.

TDA officials said their records would be open to all parties when their investigation is concluded. They also said that TDA is responsible for enforcing the herbicide and pesticide laws of the State, and that they would pursue the case in court if they find that herbicide application was done with negligence or not in accordance with state laws.

Hospital Plans No Tax Rate Hike Next Year

Collingsworth General Hospital District won't raise the tax rate this year if budget predictions, reviewed by the board at regular meeting Tuesday, July 19, hold true.

The board took its first look at a proposed budget of \$1,223,000, up 5% from this year's estimated total expenses.

Earlier this year the hospital district paid off its short term debt, although the board and administration thought at the time that the district would need to borrow money back again as the district ran low on cash near the end of its fiscal year on Sept. 30. But hospital administrator Perry Foster told the board Tuesday that he thinks the district will make it through the end of the fiscal year without

borrowing.

And Foster recommended no increase in the tax rate for next year.

The board also invited Dr. G.N.N. Pillai of Amarillo to set up an oncology clinic in Wellington for chemotherapy treatment of cancer patients. The hospital will provide temporary quarters for the clinic until a more permanent arrangement can be made.

Pillai agreed to the proposal and said he would begin treatments here in mid-September. A written agreement between Pillai and the hospital will be worked out later.

Installation of the hospital's new telephone system began last week and is expected to be completed this week.

The hospital has also

received its new fetal heart monitor, Foster said.

The board discussed the possibility of adding a silver recovery unit to its x-ray system, and discussed its continuing negotiations with a leasing company over the Burroughs computer contract, but the board took no action on either matter.

The board passed a resolution honoring the late Buddy Carter who was a board member at the time of his death. The board also discussed appointing a new member to take the vacant seat, but took no action Tuesday.

The board also reviewed the county appraisal district's budget for 1984.

Present were board members Robert Owens, Corky Bowen, Bill Patrick, Dr. J.M. Orr and Yates Parker. Loretta Wright was absent.

Fair Chairmen Named

Chairmen have been named for most Collingsworth County Fair departments that will be centered in Bura Handley Community Center, according to Nancy Bigby for overall chairman for this section of the Fair.

Each department chairman will name her assist

ants.

Chairman of the women's open division will be Mrs. Cary Don Neeley of Quail. Mrs. Neeley has worked with fair departments in the past and is involved in community work.

Wellington Garden Club will again be in charge of the flower show, with Mrs. Lorene Hill, Mrs. Mamie Terry and Mrs. Lorene Jenkins serving as the committee in charge. They will also select helpers and these will include all members of the club.

Chairman and associate of last year's highly successful art show Mrs. Steve Davis and Mrs. Bill McKinney, will again head the art department. They already have several new plans to put into effect. They will again emphasize children's art, in both the open classes and through the schools.

Heading the youth divi-

sion will be Mrs. Charles Britten. She has lived in Wellington for about a year and is becoming involved in community work.

The edible horticulture department, which includes vegetables, fruits, or anything else that is grown and is edible will be chaired by Mrs. L.C. Sweat, who has been associated in various capacities with many past fairs.

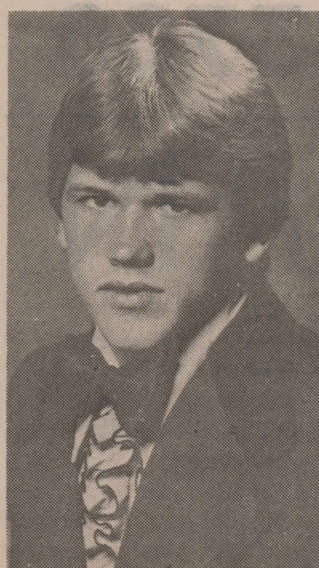

A hobbies chairman will be named within the next few days, Miss Bigby said.

Rules and guidelines of the various departments are being worked up and will be announced within a short time in order that those who plan entries can begin work on them.

Anyone having questions about any of these departments should contact Miss Bigby at 447-2313, or the Chamber of Commerce office at 447-5848.

5-Community Reunion Slated Aug. 13-14

Date of the 5-Community Reunion will be Saturday night and Sunday, August 13 and 14, in Bura Handley Community Center, according to Isla Mae Morris, secretary-treasurer.

Included in this reunion are the present and former residents of the Lillie, Salt Fork, Marella, Quail and Cross Roads communities.

Plans were developed in a meeting Thursday, July 14. Working on arrangements with the president, Hugh Bledsoe, are Alvin Horton, vice-president, and Mrs. Morris, and Trudie Peters, program chairman.

Local residents are urged to attend, as those who come from a distance like to visit with people from those communities who are still here, Mrs. Morris pointed out.

A covered dish dinner will be served at noon Sunday and everyone should bring food.

The reunion is for all who ever lived in any of these communities," Mrs. Morris emphasized. Approximately 55 invitations have been mailed to out of town people, and they and those living here are asked to spread the word about the 5-Community Reunion.

Mrs. Peters is arranging a program for Saturday night and will be plenty of visiting and good gospel music Sunday, the planners say.

Those attending will begin gathering late Saturday afternoon and the meal will be served at 6:30. Gathering time Sunday will be at 10:30 a.m.

Completed plans will be announced later.

NEWS FROM WILLOW CREEK

By MARY SANFORD

The women of Willow Creek Golf Association of Wellington Country Club met July 7 for play and a business meeting.

The women divided into

teams of 4 and 5, and competed with each other for 9 holes of play. Each kept her individual score, then added them together for the team score.

From whoops and yells of seeming triumph all over the golf course, the teams must have been enjoying themselves. Of course this can be deceiving at a distance. Our team of Lyna Hurst, Betty Cochran, Janie Hurst and me, where yelling out of frustration. Lyna was playing well, but is sure gets heavy carrying three other people.

Fortunately the other teams fared better and Edna Woodridge broke 50 for the first time. Wish I could do that. My score and age are beginning to mold.

Something new for the country club has been started. Wednesday evenings a women's scramble has been organized. Tee off time is 6 p.m.

Patsy Martin reported that the first one Wednesday July 7 was a great success. They all had fun

Shepard Air Force Base in Wichita Falls, the blood center would not be able to keep up its quota.

Mrs. Owens dispelled several misconceptions.

Many believe that those with high blood pressure cannot give blood. Often they can, so come and check with those at the bloodmobile.

Those taking antibiotics cannot give blood, but those on many other medications can. Again, come and check.

It is true that a heart patient cannot be a blood donor.

"Those 66 years of age or over can still be a blood donor with their doctor's permission."

"When you give blood you share the personal gift of your own life - with the injured victim of an accident or disaster - with the patient undergoing open heart surgery - with the child with leukemia or hemophilia - with the newborn with Rh factor reaction," said Mrs. Owens.

"In all of these instances as in a multitude of others, life would end without the sustaining properties of blood. Thus, when you give blood, you give life to someone else - a stranger in name - but a brother in humanity."

John and Addierene Clay French were here for the birthday receptions honoring their mothers, Mrs. Mary Clay of Quail and Mrs. Estelle French.

Addierene is postmaster at Avila Beach, a resort area. She serves from 2,000 to 5,000 patrons, depending on the season. Most of those 3,000 visitors get their mail general delivery.

But Addierene says: "We've just added 300 new boxes, and I spent the day before we left with carpenters in the office making installations."

John who retired from a marine supplies business, recently established Cassette Concepts, featuring cassettes for personal motivation, education and growth.

Price Dukeminier of Columbus, Ohio read Mack Saied's summer sale ad in his Wellington Leader. He called his niece, Dody Smith and told her to go down and get him two western style straw hats that Mack had listed. He can't find them in Ohio.

"And then you go down and tell Henry Wells that the next time I renew my Wellington Leader I'm just going to send him \$10. The Wellington trade territory has been extended to include Ohio," he said.

Eddie and Lucille Wheeler and their children, Starla and Thurman, of Oklahoma City stopped by on their way to the South Plains. Lucille was on the Wellington Leader staff in the 1960s and Eddie was at City State Bank.

Both children are in Grace Christian Academy. Lucille explained that the public school which they would

have attended was the scene of frequent fights and several years ago a boy was killed there.

This is a reminder of how thankful we should be for our own two schools, and any complaints we may have from time to time seem minor indeed.

Wellington-Quail friends of Mary Ruth Coffee Witherspoon and her husband, Vernon, of Bristol, have been alerted to watch the Johnny Carson Show on August 2.

Her 10-year-old granddaughter, Mary Jack Witherspoon, is due to appear. As the jogging partner of her father, Tommy Witherspoon, her activities are unusual enough to be worth an interview on the famous show.

Mary Jack is the great-niece of John Coffee and Mrs. Marvin Manuel.

Miss Mary Bearden is the new church secretary of First Baptist Church, the Rev. Stanley Hughes, pastor, has announced.

She will begin her work Monday, July 25, succeeding Mrs. Duane Campbell, who with her family is returning to Arlington, where they formerly lived. She is presently training for her new work.

Miss Bearden has had prior experience in church administrative work, having been a director of music at a church in Las Vegas, Nevada for a year.

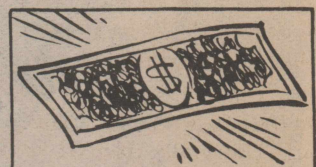

Since 1972, she has worked as a volunteer in a number of the church departments, from junior high youth to her present work as a teacher of an adult women's group.

In the Panfork Baptist Association, she was music director for the girls camp 7

years and a teacher two years.

She is presently on the staff of Lewis Grocery. She formerly was an owner of a floral business here and earlier was a florist for Corky's Flowers and Gifts.

Miss Bearden, the daughter of Mr. and Mrs. Herbert Bearden, graduated from Wellington High School in 1969 and attended Wayland College in Plainview. She points out that in addition to her work at Lewis Grocery, all of her time is given over to work with the church.

Aging Agency Sets Hearing At Silverton

PRPC--Residents of the Wellington area will hear about regional programs for the elderly at a hearing Tuesday, July 26, from 10:00 a.m. to 12:00 noon in the Silverton Senior Citizens Center, 705 Commerce.

The hearings are being held in five area towns to acquaint citizens with the Panhandle Area Agency on Aging's operating plans for 1984. The agency budget year is October, 1983 through September 30, 1984.

The hearings are required by the Texas Department on aging so private citizens can comment on the Panhandle agency's two year plan, now beginning its first year. The agency receives \$920,637 from the state aging department. Over \$705 thousand of that goes directly into services in the region. The remainder is for administration.

These types of programs are funded in conjunction with senior citizen centers and include transportation, information and referral, homemaker services, emergency response system, adult day care, legal services and congregate and home delivered nutrition services.

Norwood Hires Aide and Bus Drivers

Samnorwood School Board hired an aide and five school bus drivers in their regular meeting Monday, July 11. All of these served in the same capacities last year.

Harriett Schaub will be an aide, and the drivers will be Mike Smith, Ralph Decker, Paul Schaub, all teachers, and Mona Darrow and Laverne Bentley.

Miss Davidson, Mr. Noyes Wed In Church Ceremony at Amarillo

The sanctuary of First Baptist Church in Amarillo was the setting for the wedding of Miss Vickie Lynn Davidson and Robert Wayne Noyes, both of Amarillo, on Saturday, July 9. Dr. Winfred Moore, pastor, officiated at the ceremony at three o'clock in the afternoon.

The bride is the daughter of Mr. and Mrs. Douglas Davidson, 3618 East 31st, Amarillo. She is also the granddaughter of Mrs. Pauline Lemons and the late Everett Lemons of Dodson, and of Mrs. Ola Davidson of Hollis and the late Mr. Davidson.

Parents of the bridegroom are Mrs. Billye Noyes, 4109 Southeast 30th Street, Amarillo, and James G. Noyes, Sr., of Amarillo.

The wedding party stood in front of three lighted stained glass windows. Antique brass candlesticks with blue tapers and two large baskets of summer flowers decorated the altar.

Wedding music was presented by Christi Dollar of Amarillo, who was both pianist and vocalist.

Mr. Davidson gave his daughter in marriage.

She wore a formal gown of white lace over satin, fashioned with a fitted bodice, long fitted sleeves and scalloped neckline, accented with sequins. Fullness in the skirt swept to a chapel train. A band of

MRS. ROBERT WAYNE NOYES

scalloped lace edged her illusion veil.

The bride wore her grandmother's strand of pearls and carried a lace handkerchief which had belonged to her great grandmother. She carried a bouquet of blue and white roses.

Judy Renee Pasley of Amarillo was the maid of honor, and the bridesmaids were LeAnn Melton of Childress, and Tina Noyes of Amarillo. Their powder blue floor-length dresses had net cover-ups, and each

carried long-stemmed blue and white roses and baby's breath, tied with blue and white streamers.

The bridegroom's best man was his brother, James Noyes, Jr., of Amarillo.

Groomsmen, who also seated the guests, were Danny Davidson and Steven Davidson of Amarillo, both brothers of the bride.

Julie Fiore of Amarillo, the bride's cousin, was the flower girl.

After the ceremony, Mr. and Mrs. Davidson were hosts at a reception honoring the couple in the church parlour.

A white lace cloth with blue underlay covered the bride's table and the decorated three-tiered wedding cake and punch were served to wedding guests. Silver and crystal appointments were used.

Afterward, the couple left on their wedding trip to Ruidoso, New Mexico and since returning, they are at home at 508-A North Lincoln, Amarillo.

Both the bride and bridegroom graduated from Caprock High School, Amarillo. She was a member of VOE and OEA and played in the Caprock band. She is employed at Southwestern Bell Telephone Co. He was active in ICT in high school and presently is employed at Electric Specialists in Amarillo.

Out of town guests included Mrs. June Owens of Wellington and Mrs. Linda Hardy of Childress, aunts of the bride, David Hardy of Childress, Mrs. Lemons of Dodson and Mrs. Davidson of Hollis.

COLLINGSWORTH COUNTY AGENT REPORT

by Nancy Bigby

DIFFERENCES IN CHEESE

Cheese products may sometimes look alike on the grocery shelves, but there may be a big difference in how they were made and what they contain. By reading the labels and understanding the differences, shoppers can purchase the right kind of cheese for their needs.

Natural cheese starts with fresh milk. It's produced by separating milk solids from the milk and curdling them with a bacteria culture. The curd is then separated from the whey and aged.

The length of aging determines whether cheese is milk, medium or sharp. Mild cheese is cured for two to three months, medium cheese up to six months and sharp cheese for longer periods. The longer the cheese ages, the richer the flavor and the higher the cost.

The production of pasteurized process cheese begins with a blend of fresh and aged natural cheeses. The cheeses are shredded,

mixed and heated, allowing them to blend and develop a uniform flavor, body and texture.

Other items such as pimentos, fruits, vegetables, meats or smoked flavorings are sometimes added.

Products designed as "cheese food" are prepared like process cheese, but contain less cheese and more nonfat dry milk or whey solids, and water. This reduces milk fat content and adds moisture.

Cheese food is milder in flavor, has a soft texture, and spreads more easily.

Pasteurized process cheese spread is made like processed cheese food but contains a slightly higher moisture content and has less milk fat.

Cheese in any form is a good source of protein and is a great addition to main dishes, salads and sauces.

No matter how you serve it, there's a cheese to suit every taste, mood or occasion.

For a delicious way to use cheese at mealtime and snack time, try a Festive Jalapeno Log.

FESTIVE JALAPENO LOG

1 pound processed American cheese, softened
8 ounces cream cheese, softened

1 envelope onion soup mix
2 to 4 tablespoons, jalapeno pepper sauce
½ cup pecans, finely chopped

Between 2 large pieces of waxed paper, roll the softened processed cheese to 1/8 inch thickness. With a spatula, spread cream cheese across top of cheese. Mix onion soup, jalapeno sauce and pecans. Spread this mixture over cream cheese. Roll the cheese into a log and in crushed pecans if desired. Refrigerate until firm. Serve with round crackers. Makes 6 to 8 servings.

The largest painting ever painted was the Panorama of the Mississippi completed by John A. Banvard in 1846. It took spectators two hours to view all of the 12-foot high 16,000 foot long picture.

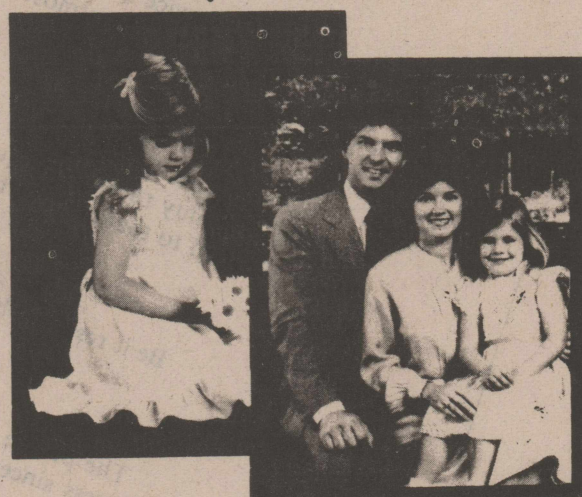

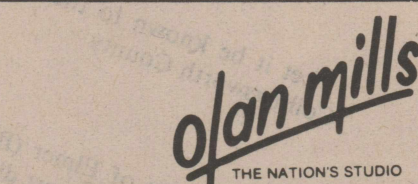

Esther Circle Meets Friday

The Esther Circle of the United Methodist Women of 1st Methodist Church met Friday morning, July 15, in the fellowship hall. This was the group's monthly meeting.

Mrs. Bob McAlister gave the program on the women mentioned in the Bible and pointed out that Jesus used women to help Him carry on His work while He was on earth. He is still saying through His word to this generation to "Carry on and tell others Jesus Christ still lives and loves to help when He is called on," the speaker pointed out.

Mrs. Robert Lewis, chairman, was in charge of the business meeting.

Those present were Mrs. Pauline Masten, Mrs. Joe Terry, Mrs. Earl Alexander, Mrs. Bill Wells, Mrs. McAlister, Mrs. L.C. Hill, Mrs. Leona Elliott, Mrs. Lewis and the hostess, Mrs. Mary Karnes.

COLLINGSWORTH COUNTY AGENT REPORT

by DON REEVES

SUMMER OFTEN MEANS LAWN PROBLEMS

Along with hot temperatures, mid-summer in Texas may bring special lawn problems--drought, weeds, insects and disease.

These lawn problems can cause concerns for homeowners unless accurate diagnosis and proper treatment takes place before they become severe.

Dry spots, thin turf and weeds can result from improper watering, fertilizing and mowing practices. Follow recommended cultural practices before applying a chemical to correct lawn problems.

Drought stress most often occurs in mid-summer and shows up as wilted, discolored turf. Adjust watering schedules to wet the soil to a depth of four to six inches, and water only when grass shows symptoms of moisture stress.

Also, raise mowing heights one-half inch to improve drought tolerance in mid-summer.

Lack of nitrogen or iron often creates a lawn problem. Grass with a nitrogen deficiency may have a pale color and be heavily infested with weeds. A light application of a nitrogen fertilizer will improve the lawn's appearance.

Grass leaves that have yellow stripes parallel to the leaf margins may be deficient in iron. A foliar application of iron sulfate at six ounces per 1,000 square feet will usually solve this problem.

Educational programs conducted by the Texas Agricultural Extension Service serve people all ages regardless of socio-economic level, race, color, sex, religion or national origin.

Kristin Lowe, 8, of Eustes, Fla. visited the past two weeks with her grandparents, Mr. and Mrs. Bill Lowe and great-grandmothers, Mrs. Dick Richards and Mrs. M.J. Lowe.

HOME-GROWN HULA DANCERS

The entertainment that drew most applause at the First Baptist Church Hawaiian luau youth fellowship was the "hula dance" by a group of men from the church. From left are John Barton, Calvin Green,

Ron Long at back, Mike Hughes, (front), Ralph Owens (back), James Fields (front), Raymond Hodges, (back) Bill Hatch, Benson Long, Earl Hartman and Rev. Stanley Hughes. Wigs were from the school drama department.

Hawaiian Luau Entertains First Baptist Youth Group

Junior high and high school students of First Baptist were entertained with a Hawaiian Luau and youth fellowship Friday evening, July 15 in the home of the back yard of Ron Long, minister of youth and music, and Mrs. Long.

A hot Panhandle wind did not diminish the "spell of the pacific" which was that of gentle breezes, swaying palms, grass shacks and hula dancers, the real thing and home grown version by men of the church.

A professional team of Hawaiian entertainers, Blake and Kappy Coffee of Lubbock, presented a program of dances and Hawaiian songs. Kappy, wearing contemporary Hawaiian dance costumes, gave emphasis to the hand movements which make these dances so appealing.

Coffee included both traditional and contemporary numbers in his program. On a fun note, a group of men presented a hula dance, complete with plastic "grass" skirts and wigs from the high school drama department. This team included John Barton, Calvin Green, Ron Long, Mike Hughes, Raymond Hodges, Slick Fields, Ralph Owens, Bill Hatch, Benson Long, Earl Hartman and Rev. Stanley Hughes.

The guests received Hawaiian leis from Long and Mike Hughes as they arrived, through an area remade that morning into a south sea island setting which was the theme for the evening.

A guest, Nick Gilley, was called on to prepare the whole roast pig, which was carved by Lyman Daniel.

July City Sales Tax Totals \$1,677

The City of Wellington has received a check for \$1,677.05, representing the city sales and use tax allocation for the one-month period ending July 8.

So far this month, Wellington has received \$38,158.67 compared to \$36,985.99 received one year ago, representing a 3.17 percent increase.

On July 14 State comptroller Bob Bullock mailed checks totaling \$35.1 million to 974 cities that levy the one-percent city sales tax.

Mothers of the youth sat at tables placed at grass level. Eighty-six registered for the entertainment.
