Lewis Gets Miners' Pensions, Calls Off Strike

Permian Basin OIL & GAS LOG

James C. Watson, Oil Editor

FOUR NEW VENTURES ARE STAKED IN SE HALE AREA

General American Oil Company, of Dallas, has filed applications with the Railroad Commission of Texas, requesting permission to start drilling immediately on four explorations in the Byrd area of Southeast Hale County, two and one half miles northeast of Petersburg.

Each of the prospectors are adjacent to the General American No. 1 A. F. Byrd, which has tested for between 10 and 15 barrels of oil per hour, swabbing, after 7,500 gallons of acid was injected into perforations at 5,835-95 feet, in the Cisco section of the Pennsylvanian. That discovery is now installing a pump to complete. It is making a small amount of water.

One of the new ventures is projected to 8,200 feet—which indicates operator intends to drill it to the Ellenburger, if that horizon can be found before granite is reached.

That project will be General American No. 1 Flora C. Stickler, et al. It is 660 feet from north and east lines of section 19, block K, TTRR survey. Drilling with rotary is to start at once.

Each of the three other new ventures for the Southeast Hale County area are scheduled to go to 6,000 feet, to test through the Cisco, the pay section in the No. 1 A. F. Byrd. Those projects are:

General American No. 1 Bob Mayo, 660 feet from south and west lines of the lease in section 18, block K, TTRR survey.

General American No. 2 A. F. Byrd, 660 feet from south and 1,650 feet from west lines of the Byrd 300-acre lease in the north part of section 17, block K, TTRR survey.

General American No. 1 E. M. Carmichael, 660 feet from south and 1,980 feet from east lines of the lease in section 18, block K, TTRR survey.

PENN TO SHOW BURMA MOVIES FOR MGS MEETING TUESDAY

William Y. Penn, Midland oil operator and geologist is to provide the program for the Tuesday luncheon meeting of the Midland Geological Society.

He will show moving pictures he made in Burma, while serving in that country during the war. The session will be in the Crystal Ballroom of Hotel Scharbauer.

W. H. (Henry) Conkling, president will preside and the program will be in charge of E. Russell Lloyd, program chairman, who returned a few days ago from a 30-day assignment in Venezuela for the Creole Petroleum Company.

BENEDUM FLANKER HAD NO SHOWS IN SHALLOW ZONE

Slick-Urschel Oil Company and Plymouth Oil Company No. 1 Standifer, Southwest flanker to the discovery well for Ellenburger production in the Benedum field of East-Central Upton County, ran a 30 minute drillstem test at 5,059-92 feet.

There was a slight blow of air for a part of the period. Recovery was 30 feet of drilling mud, with no shows of petroleum. The zone tested was a sand in the Pennsylvanian. It had shown some slight oil signs in samples.

The project is making hole below 5,386 feet in lime and sand.

Plymouth and Slick-Urschel No. 1 Wallace, northeast outpost to the Benedum discovery, had reached 4,160 feet in lime and was drilling ahead.

Oil Carriers, Inc., No. 1 Max Pray-State, wildcat in Central Upton County, had reached 7,400 feet in shale and lime, and was making more hole.

Humble Oil & Refining Company No. 1 Barnett, wildcat about three miles north of the Benedum field, had reached 6,560 feet in lime and shale, and was continuing.

Republic Natural Gas Company No. 1 Barnett, slated 12,500-foot exploration, two and three-quarter miles northwest of the Benedum area had spudded and was to set surface pipe before starting on the long grind to try to find the Ellenburger.

SUN RAN SURVEY TO CHECK MARKERS IN S-C MITCHELL

Sun Oil Company No. 1 Ellwood, South-Central Mitchell County prospector to 8,000 feet, 17.5 miles south of Colorado City, and 1,980 feet from northeast and 660 feet from southeast lines of section 28, block 16, H&TC survey, was making hole below 4,620 feet in a lime, which might be the upper Pennsylvania.

This project has found several porous sections so far, but tests on

Chapple To Add Third Floor To Office Building

Dr. James H. Chapple has purchased the interest of Ray R. Rhodes in the new Rhodes and Chapple Building at 315 West Texas Street here, and will add a third floor to the attractive structure. The name will be changed to the Chapple Building.

Rhodes and Doctor Chapple owned equal amounts of stock in the office building, construction of which was started early in 1946. Tenants occupied the building in February 1947. A foundation for a six-story building was installed.

The amount of money involved in the sale was not disclosed. Rhodes will continue to office in the building.

Doctor Chapple said he expects to start construction immediately of a third floor which has been leased to the Phillips Petroleum Company. The Phillips now has offices on the building's second floor. Additional floors will be added as the need arises, Doctor Chapple said.

Colombia Breaks With Russia After Uprising Smashed

By JOSEPH F. McEVOY

BOGOTA, COLOMBIA —(AP)— The government announced Monday that Colombia has broken relations with Soviet Russia in the wake of revolutionary riots which killed 300 persons, smashed at least 1,000 stores, set ablaze 40 major buildings and ruined many of the city's proudest churches.

Two Russians described as Communists are under arrest, a government broadcast declared, along with 13 other foreign agents seized here and in Cali. They are accused of conniving in setting off the fury which in three days devastated much of this 8,000-foot-high capital and forced a revision in the government.

Women with baskets dared snipers' bullets to go marketing Monday in this food-short city. Hospitals sent out appeals for serum and penicillin.

Food Problems Critical

The situation still is critical.

The problem of getting food and other supplies is serious. The main bulk of food supplies must be brought in from outside this capital city, and transportation facilities are in a snarl. Some food and milk are coming in, but supplies now are very limited.

The situation has improved slightly, however, from the virtual anarchy which prevailed for a time. Army troops are on patrol, with orders to shoot looters on sight. Rescue squads are picking up corpses amid heaps of rubble up to 10 feet high. Often there is a stench of human flesh in the air.

Probably never before in this hemisphere's history has there been a revolt which brought such fighting, looting and burning. The heart of Bogota was reduced to a smoking ruin. Hardly a public building escaped damage, and stores everywhere were sacked by mobsters wielding knives and machetes.

Arabs-Jews Continue Locked In Battle For Vital Highway Town

JERUSALEM—(AP)—The see-saw battle for Kastel reached a verbal standoff Monday. Both Jews and Arabs claimed the hilltop fortress, which commands part of the vital Jerusalem-Tel Aviv Highway.

British Army sources said that counter-attacking Arabs had recaptured Kastel in an assault against the Jewish garrison there. The Arabs said Monday they were holding the town. A Haganah source said Kastel still is firmly in Jewish hands.

The mountain stronghold has changed hands almost daily the last 10 days.

Eventually the side which holds the Jerusalem-Tel Aviv Highway probably will determine whether the 100,000 Jews in Jerusalem remain unconquered. Food convoys to the Holy City pass over the highway before Kastel.

Women, Children Killed

Irgun Zvai Leumi and the Stern Gang—Jewish extremist groups—still hold the strategic village of Deir Yassin, which they took Friday.

Both Arabs and Jews describe the extremist attack on the village as "a horrible massacre."

A Red Cross check showed many women and children were among the 254 Arab dead there.

Italian Vote Spurs Action On Germany

WASHINGTON —(AP)— Over angry Russian protests, the United States, Britain and France have decided to go ahead at once with their own plans for unifying Western Germany economically.

They may decide to set up a separate political regime as well.

The decision to hold another three-power meeting in London to blueprint Germany's future was reported authoritatively Monday as the conflict between the Soviet Union and the West entered a critical week.

It is a week which may be climaxed by last minute moves on both sides to try to influence the outcome of the extremely important Italian election next Sunday.

Some European diplomats who have conferred recently with top American officials believe the issue of peace in Europe may be determined by the Italian voting.

New, Stronger Course

That the week will bring new alarms and tensions seems certain. Whether it also may shed light on some of the dimmer areas of Soviet-Western rivalry remains to be seen.

That the Western nations are preparing now to follow a new and stronger course in Germany was indicated by information on the next London meeting.

The Western Powers are determined to show maximum strength in dealing with the Russians in Germany, partly with a view to reassuring the Italian voters.

Another example of that determination is scheduled to be provided Friday when the Marshall Plan countries meet to form a permanent European Recovery Organization.

Russians Reported Increasing Secret Police In Germany

BERLIN—(AP)—Allied intelligence reports said Monday the Russians have been increasing their strength in Germany, mostly with secret police units.

An informed United States source said these increases had been "by no means en masse but they have been noticeable."

It was believed the police (MVD) increases were in connection with Russian tightening of their occupation zone's borders with the Western zones.

The control measures also have been linked with new travel and freight restrictions imposed by the Russians on the Western Allies in Berlin.

Gainesville Gets Hail As Mercury Falls Over Texas

By The Associated Press

A blinding rainstorm, accompanied by hail described as the size of marbles fell at mid-morning Monday at Gainesville as thundershowers occurred in some parts of Texas.

Extent of the hail damage at Gainesville was not known immediately.

The Panhandle and South Plains received some relief from Sunday's high temperatures with Pampa recording a low of 39 degrees Monday morning. Amarillo registered 41, Lubbock 56 and El Paso 58.

The cool front was expected to move slowly into Central Texas Monday. Other low temperatures Monday morning included San Antonio 69, Brownsville 74, Houston 73 and Lufkin 69.

Mercury Above 100

Sunday, the mercury went above the 100 mark in the state. Crystal City reported a maximum of 102 degrees and Laredo an even 100.

Dallas reported 96 degrees, which tied the previous record for April, which was set April 18, 1925. Other Texas temperatures included Abilene 91, Waco 94, San Antonio 96, Austin 92, Del Rio 99, Wink 91, Junction 96, Brownsville 86 and Houston and Lufkin 85.

Skies were clear over the Panhandle and South Plains Monday morning but elsewhere cloudy weather prevailed.

West Texas forecast was for cooler weather Monday afternoon and night.

Red Cross Drive At $10,000 Mark

Receipts in the annual Red Cross fund drive Monday totaled $10,000, as contributions continued to trickle in, Milward Miller, Midland campaign chairman, announced.

Additional funds are expected this week and leaders are optimistic the $14,000 goal yet will be reached. The campaign was launched several weeks ago and scores of volunteer workers have canvassed the business and residential districts.

Miller urged all workers to make final reports and to turn in lists of contributors within the next few days so the campaign may be completed by the last of this week. The reports may be filed at the Chamber of Commerce or mailed to Red Cross headquarters here.

Individuals or firms missed in the drive or who wish to increase contributions in order to assist in meeting the county's quota may leave checks at the Chamber of Commerce, Miller said. He expressed appreciation to contributors and to volunteer workers in the campaign.

Midlander's Mother Dies In Gustine

GUSTINE — Mrs. Mary Jane Neel, mother of Mrs. Bertha Johnson of Midland, died at her home in Gustine April 3, and was buried here the following day.

She was 91 years old and had 110 living descendants, including 10 children, 41 grandchildren and 52 great grandchildren.

Children, in addition to Mrs. Johnson, include Mrs. Bell Allison of Lusk; J. C. Neel, Los Angeles; Mrs. Gertrude McDonald, Gustine; Joe B. Neel, Big Spring; H. M. Neel, San Angelo; Mrs. Fannie Barrett, Big Spring; Mrs. Vera Bumgarner, Gustine, and Mrs. Ruth Jones, Fort Worth.

Politics Holds Spotlight On Nebraska Primary Eve

By The Associated Press

Nebraska's all-star Republican show Tuesday held top political billing but other presidential campaign developments vied for attention Monday.

These were the highlights:

1. A group of Southern Democratic state chairmen opened a two-day session in Atlanta to discuss the controversial Civil Rights Program which has provoked a split in party ranks.

Before them lay an appeal from a Midwest Democratic Conference to "unite behind our platform and candidates." The Midwest group representing 13 states went on record at Des Moines Sunday in support of President Truman, whose candidacy is bitterly opposed by the Dixie rebels.

2. A lawmaker's unofficial poll of House Republicans showed Gov. Thomas E. Dewey of New York rated as having the best chance of being elected if nominated. Out of 116 ballots Dewey received 24 votes, Senator Arthur Vandenberg 19, Gen. Douglas MacArthur 18, Speaker Joseph W. Martin 13, Senator Robert A. Taft 13, Harold E. Stassen nine, Gen. Dwight D. Eisenhower six, Senator Edward Martin of Pennsylvania and Gov. Earl Warren of California one each.

Plans Readied For Area Square Dance Festival

Plans rapidly are taking shape for the big West Texas Square Dance Festival to be held April 30 under the sponsorship of the Midland Lions Club in the VFW Hangar at Midland Air Terminal, James L. Daugherty, club president, said Monday.

Every square dance team in West Texas is invited to participate, and special invitations have gone to Lions Clubs in this area to enter one or more groups in the contest. Daugherty said booster trips to various cities in the Permian Basin are planned to advertise the regional event.

Proceeds from the attraction, the first of its kind and magnitude ever held in this immediate section, will go to the "On To New York" fund of the Midland Lions Club Band. The musical organization will attend the Lions International convention in New York in July as the official orchestra of Texas Lions.

Tickets On Sale

Tickets to the festival went on sale here last week, with an excellent response on the part of citizens reported. They are being handled by Lions and Lion Tamers, under the general direction of Roy Minear, Jack Elfington, Carl Herndon, John Biggs, Ernest Sidwell and Ray Howard. Club officials hope to sell a minimum of 4,000 tickets.

Generous cash prizes have been announced for the winning dance teams in the all-West Texas event.

Midland Cowboy Hurt On Ranch Remains In Critical Condition

Dick Abbott, injured in an accident on the George Glass ranch Saturday, remained in a critical condition Monday morning, it was reported from Western Clinic-Hospital.

Abbott suffered a fractured skull, broken arm and broken ribs when his horse fell and was dragged over him by another horse he had roped.

Roosevelt Statue Is Unveiled By Widow

LONDON —(AP)— Britain's memorial to President Roosevelt was unveiled by his widow and dedicated by King George VI Monday—the third anniversary of Roosevelt's death.

While thousands watched, Mrs. Franklin D. Roosevelt pulled a silver cord to disclose a 10-foot bronze statue of the late President standing bareheaded, his cloak thrown back. Onlookers fell silent.

Then the King stepped forward past honor guards of American and Royal Marines to lay a wreath at the foot of the statue, under the simple inscription, "Franklin Delano Roosevelt."

The sculpture is the central figure of Memorial Gardens in front of the United States Embassy in swank Grosvenor Square.

Work Order Fails To Halt Contempt Of Court Charges

WASHINGTON—(AP)—John L. Lewis got a pension plan for his miners Monday and gave them the word to go back to work, but this failed to save him from an order to stand trial for contempt of court.

Federal Judge T. Alan Goldsborough ruled Lewis must come into court Wednesday to face a contempt charge for allegedly ignoring an April 3 court order to call off the strike.

Welly K. Hopkins, attorney for Lewis, argued in vain that a telegram Lewis sent the miners shortly before Goldsborough's court opened was "full faith" compliance with the stop-strike order.

That telegram said:

"Pensions granted, agreement honored."

The United Mine Workers leader sent the telegram after accepting a plan for $100-a-month pensions at age 62 for miners with 20 years service who retired after May 26, 1946.

That was the date a mine workers welfare fund was set up. It is financed by 10 cents a ton royalty on each ton of coal mined.

Members of the United Mine Workers otherwise eligible for the pension will get it even though they worked in mines which have not paid the royalty.

Bridges Proposes Plan

This plan was proposed by Senator Bridges (R-NH) as a compromise of Lewis' demand for pensions for all miners age 60 with 20 years service, regardless of the date they retired. Ezra Van Horn, representing the mine operators in negotiations with Bridges and Lewis, opposed the Bridges plan but was out-voted.

All this was concluded before Goldsborough's hearing on an order for Lewis to show cause why he should not be held in contempt.

Then came the judge's decision that Lewis must stand trial Wednesday.

Before Goldsborough acted, there had been every indication that the miners would go back to work. But the news that Lewis would have to stand trial raised a question with some labor observers here whether the miners might decide to stay out a while longer.

Return To Work Soon

The first reaction, before Goldsborough acted, indicated a return.

At Pittsburgh, a district leader of the United Mine Workers said a return-to-work movement would begin upon receipt of the telegram.

"It looks to me like the miners will be going back to work, said William J. Hynes, president of UMW District 4, which includes the rich Uniontown coal and coke producing area.

Despite the settlement, the Justice Department went ahead with a move to nail a contempt of court charge against Lewis.

Bridges described the pension plan he advanced as a "tentative one."

He came into the case because last Saturday he accepted a post as "neutral" trustee of the Miners Welfare Fund.

20 Lose Lives By Violence

By The Associated Press

At least 20 persons died violently in Texas over the weekend.

An automobile-train collision claimed four victims and two other persons were killed when struck by trains. Five persons died in other traffic mishaps. Four were drowned and two committed suicide. Two children were burned to death and one man died in an oil field accident.

Elaine Sweattman, two, and her sister, Ruby Sweattman, four, were fatally burned Sunday in a fire that destroyed their farm home four miles north of Denton. Several other relatives were burned. The two victims were the daughters of Mr. and Mrs. Ernest Sweattman.

Frances Woods was drowned and a man tentatively identified as Junior LeBlanc was believed drowned early Monday near Port Arthur.

Felix Garcia, 35, was fatally injured at Kenedy, Texas, early Monday when struck by a train. The mangled body was found alongside the railroad tracks.

Smashup At Loraine

The train-car smashup occurred Sunday at Loraine, near Colorado City in West Texas, killing four Latin American youths instantly. They were Aurelio Saldana, 16, Loraine; Ascencio T. Alvarez, 25, El Paso; Francisco Melendez, 21, Loraine, and Pedro Echavajria, 22, Loraine.

Mary Slapnik, 37, of Galveston died Sunday noon after she was injured in a two-car collision there.

James E. Waldie, 19, of Covington, Hill County, died of injuries received in a two-car collision nine miles south of Hillsboro Sunday.

Houston Editor Dies Suddenly In New York

HOUSTON — (AP) — George W. Cottingham, editor of the Houston Chronicle and chairman of the State Public Safety Commission, died suddenly of a heart attack Monday in New York City.

Cottingham, who became editor of the Chronicle in 1934, left here Friday for a business trip to New York City and was to have attended the American Society of Newspaper Editors Convention later this week in Washington, D. C.

He was accompanied by his wife and daughter, Mary Lee Cottingham.

Other survivors include two sons, George W. Cottingham, Jr., and Charles Heath Cottingham, both of Houston.

Raney Services Scheduled Monday

Funeral services for W. E. Raney, 55, Midland laundry owner who died Saturday in a sanitorium at Carlsbad, Texas, were scheduled at 3 p. m. Monday in Ellis Funeral Chapel. Masonic rites and interment were scheduled to follow in Fairview Cemetery.

Pallbearers at services in the chapel were to be W. R. Upham, John Harrison, Perry Collins, Bernard Collins, John Hughes and Lee Thomas.

Raney was born in 1892 in Bell County and came to Midland from Sweetwater in 1935. He was a Mason and member of the First Christian Church.

Survivors include his widow, two daughters, a son, three grandchildren, all of Midland; and three sisters and four brothers.

Communists Get Small Reaction In Ifalian Strike

ROME —(AP)— A nation-wide, Communist-called, one-hour general strike went off as ordered in Italy Monday morning.

First reports, however, indicated the work stoppage fell far short of achieving the general paralysis predicted by its instigators, the Communist-led General Confederation of Labor (CGIL). The strike was called to protest the slaying of 35 Sicilian labor leaders over the last two years.

The pro-Communist newspaper Il Paese reported, meantime, that new pre-election violence has been instigated by the "fascist terror" in the South.

Dispatches to the paper said two persons were killed and 22 injured when a bomb was tossed into the midst of a Communist-dominated Popular Front rally at Lizzanello near Lecce Sunday.

Phones Keep Working

Only the stoppage of street cars and buses indicated to Rome residents that the general strike was on. The CGIL had announced that the city's telephone service would be suspended during the strike, but the phones kept working.

Many stores remained open, the employes apparently ignoring the strike call. Government offices said they were working normally. Factories, however, were idle.

The South Italy bombing, if true, would emphasize the growing hostility to the Communists demonstrated throughout Italy in the closing week of the election campaign.

Texas, SMU Will Tangle On Tuesday

By The Associated Press

Texas and Southern Methodist University match unbeaten records Tuesday at Austin in the game that will decide the leader of the Southwest Conference baseball race.

But whichever wins may find its lead only temporary.

Southern Methodist has to play fast-rushing Texas A. and M. Friday and Saturday, while Texas invades Waco for a tilt with the Baylor Bears.

A. and M. and Southern Methodist combined to knock Baylor's title hopes cold last week. The Aggies clipped the bears twice, 8-0 and 5-2, then Southern Methodist nosed them out 6-5.

Rice and Texas Christian, also out of the running, fared badly last week. Texas beat Rice 8-2, then clipped TCU twice, 7-6 and 6-1.

Texas Christian and Rice battle for cellar honors Friday and Saturday at Fort Worth.

Claude Harmon Wins Masters' Golf Tourney

AUGUSTA, GA. —(AP)— The 12th annual Masters' Golf Tournament is over, but not the memory of dark-horse Claude Harmon's win with a record tying 279.

For Harmon, a stocky club pro who Winters at Seminole Club, Palm Beach, Fla., and Summers at Winged Foot, Mamaroneck, N. Y., the victory Sunday was worth $2,500.

His 279 tied the masters' record set by Ralph Guldahl in 1939.

The 31-year-old Harmon came in five strokes ahead of Cary Middlecoff of Memphis, Tenn., who was second in the field of 57 of the world's best golfers.

Harmon's winning score was 36 strokes ahead of the most famous of them all. Bobby Jones, making his annual tournament appearance, registered another 79 Sunday for a 72-hole total of 315, his worst competitive showing.

In third place with 287 was Chick Harbert of Detroit, who blew up on the first nine of the final round after starting the day as the chief threat to Harmon.

Mangrum, Ferrier Fourth

Tied for fourth and matching par of 288 were Lloyd Mangrum of Chicago, the first day's leader, and Jim Ferrier, also of Chicago. The remainder of the field was scattered like birdshot with pre-tournament favorites finding the 6,800-yard, par 72 course too much of a headache.

Defending Champion Jimmy Demaret of Ojai, Calif., was down in the 295 bracket with Vic Ghezzie of Kansas City, Fred Haas, Jr., of New Orleans, Ed Dudley of Augusta and Bob Hamilton of Evansville, Ind.

Ben Hogan of Hershey, Pa., was tied with Ed Furgol of Pontiac, Mich., at 289. Byron Nelson of Roanoke, Texas, and the leader at the halfway mark, Harry Todd of Dallas, shared the 290 spot.

Bobby Locke, the putting wizard from Johannesburg, South Africa, had to be satisfied with a 291. So did Herman Keiser of Akron, Ohio, the 1946 winner, and Dick Metz of Arkansas City, Kan.

Final Details Of Dallas Purchase Near Completion

DALLAS —(AP)— Only minor details remained to be worked out Monday for Richard Wesley Burnett, millionaire Gladewater, Texas oilman to become sole owner of the Dallas club of the Texas League.

One detail has to do with disposition of a working agreement between Dallas and Austin of the Big State League. This will need to be disposed of since Burnett also owns Texarkana, which is in the Big State League, and with the Austin hook-up would be connected with two clubs in the same circuit.

Already a working agreement between Texarkana and Shreveport of the Texas League has been cancelled.

Burnett bought the Dallas franchise and the players it controlled for an estimated half-million dollars in a transaction over the weekend.

It was the first change in Dallas ownership in 11 years and was the second in the Texas League this season. Previously Cincinnati had bought the Tulsa, Okla., franchise.

Burnett has a lease on the present park site which has eight seasons to run. He said he thought the park was inadequate. "If arrangements can be made to make it into a real stadium, well and good," he said. "If not, then I'll build a ball park myself."

Six 3-AA Tilts Set This Week

Six games are carded this week in the 3-AA baseball race.

Tuesday games include Sweetwater at Lamesa, Abilene at Odessa and Big Spring at San Angelo.

Friday games include Midland at Odessa, Lamesa at San Angelo and Big Spring at Abilene.

Every team in the district has lost at least one game. Here are the standings so far:

Team	Won	Lost
San Angelo	2	1
Odessa	2	1
Big Spring	1	1
Abilene	1	1
Lamesa	1	1
Midland	1	2

Texas Woman Sets Pace In Bowling Meet

DALLAS —(AP)— Mrs. Eleanore Bunger of Corpus Christi, set the pace in the Women's International Bowling Congress Monday.

The Texas matron grabbed the lead in singles and all-events divisions Sunday and paired with Jane Moss, also of Corpus Christi, to pace doubles entries.

W & S recreation, St. Louis, Mo., retained team leadership on 2,475.

Mrs. Bunger hung up a 603 to take the singles lead, posting games of 192, 190 and 221. She set the pace in all-events with 1,611, compiled on a team score of 472, a doubles of 536 and the individual of 603.

The 603 Mrs. Bunger posted was the first 600 series rolled to date.

Booster division teams furnish most of the action Monday.

DOWN Sports ☆ Lane

with TANNER LAINE

We would like to see that deal coming off at Virginia Beach, Va., this week. Sixteen of the nation's top-drawer golfers will take a sort of golfers holiday by stopping at the Cavalier Yacht and Country Club to play a special event.

This event will be the $10,000 Cavalier Specialists Tourney. It's booked Friday, Saturday and Sunday over a par-69 layout. Sandwiched between 54 holes of medal play will be an 18-hole, two-ball match.

This specialists' two-ball battle patterned from an idea by Byron Nelson should prove the realization of a golfer's fondest dream. For a driving wizard who can't putt won't have to worry for fear he'll blow a 30-incher when he reaches the velvet. An expert putter will stand idly by while somebody else connects on the long ones. And the fellow who lands one in the wooded thickets or the traps can laugh up his sleeve while somebody else gets out of the trouble.

Not only that, but the golfers won't even make their own decisions, Walter Hagen will be around to tell one five-man team who will make each shot as the two fives move around the course. Gene Sarazan will be the nonplaying captain of the other team.

Each team will have its own driver, long-iron specialist, short-iron expert, trouble shot expert and putter.

The 10 specialists to compete on the two teams will be elected from the list of 16 chosen as among the best in the business today by ballot of the Golf Writers' Association of America. All 16 will play in the medal competition, including the first 18 holes Friday and the concluding 36 holes Sunday. Each golfer will get at least a $500 slice of the tournament cash.

The list of golfers who will compete:

Drivers, Chick Harbert, Jimmy Thomson, Lawson Little.

Long-iron specialists, Byron Nelson, Ben Hogan, Ed Furgol, Johnny Palmer.

Short-iron experts, Jimmy Demaret, Lloyd Mangrum, Chandler Harper.

Trouble-shot experts, Dick Metz, Lew Worsham, Bob Hamilton.

Putters, Bobby Locke, Jim Ferrier, Herman Keiser.

Nonplaying captains, Walter Hagen and Gene Sarazen.

Referee, Ed Dudley, president of the UGA.

ROUNDIN' UP THE STRAYS . . . Eight Europeans, thrilled by U. S. sights and steaks, will fight with Americans in the International Golden Gloves in Chicago starting Tuesday night . . . The American team will be chosen from 16 seasoned sluggers who punched to victory in the New York and Chicago GG events . . . Fort Worth is the established favorite in the Texas League for the 1948 pennant . . . Homer Norton is quite a successful coach to be without a job—his lifetime record is 142 wins, 72 losses and 8 ties . . . Asked by an Odessa fan how come he got beat in the high jump, Byron Townsend said: "Because a guy jumped higher than I did" . . . They say Townsend is headed for either Baylor or Texas, with Texas a little bit ahead . . . Big Spring beat Sweetwater 6-5 in 10 innings of high school baseball . . . Speaking of Townsend, he threw the discus platter 160 feet Saturday but stepped out of the ring . . . Dunny Goode broad-jumped over 22 feet but broke dirt by a hair . . . Little Jake McClain of the Big Spring Broncs was hurt in a recent collision on the baseball diamond with big Jim Prince of Lamesa . . . Big Spring is trying to get back most of its 1947 ball club and Humberto Beaz is returning, and Cindan may . . . And a late report indicates Moreno, great third sacker, is due back at the Cuban installation (Big Spring) . . . Most of the 3-AA schools including Midland maybe will enter the invitational track meet at Lubbock this weekend . . . Gene Gregston of the Odessa newspaper tells us that Joe Coleman, mentor of the Broncs, pays high tribute to Dunny Goode, Midland back . . . Coach Joe is a real fellow and put in a good word for Dunny when asked by college scouts . . . Note to the public: a line got lost out of the track and field meet summaries in Sunday's Reporter-Telegram . . . It would have said: broadjump, third place won by Goode of Midland and fourth by Hunter of Midland . . . 30 for strays.

Women Set For 49th North-South Golf Tilt

PINEHURST, N. C. — (AP) — A Field of 109 shotmakers, including four Curtis Cup players, was set for Monday's qualifying round of the 46th annual North and South Women's Golf Tournament.

LACK OF HITTING WORRIES SEN' MANAGER

GREENVILLE, S. C. — (AP) — Manager Joe Kuhel is worried over the Washington Senator's lack of hitting. In the last two games against the Philadelphia Phillies they've made only ten hits and four runs.

CHICAGO WHITE SOX HIT TRAIL FOR HOME

DALLAS — (AP) — The Chicago White Sox were enroute home Monday, via Dallas, Tulsa and Kansas City. Pitcher Bob Gillespie will rejoin the team in Chicago Friday. He now is at his home in Columbus, Ohio, resting up after treatment for a groin injury.

CHICAGO ROOKIE GOES ROUTE AGAINST DALLAS

HOUSTON —(AP)— Bespectacled Ralph Hamner has joined the Chicago Cubs' mound starters, evidence that Manager Charlie Grimm thinks a lot of the rookie. Hamner went the route against Dallas Sunday, yielding six hits and three runs. The slender righthander, purchased from Shreveport last Fall after he had been turned back by the Chicago White Sox following the war, has been consistently effective all Spring.

PIRATES BOW TO WHITE SOX AS HIGBE FAILS

SAN ANTONIO — (AP) — Manager Billy Meyer Monday still was looking for a pitcher to hurl the season opener after watching Kirby Higbe fail as the Pittsburgh Pirates bowed to the Chicago White Sox 5-1 Sunday. Higbe went along okay for six innings, but was knocked out of the box in the seventh.

TOMMY HENRICH HITTING .400 FOR YANKS

BIRMINGHAM, ALA. — (AP) — "Old Reliable" Tommy Henrich is belting the ball above the .400 mark for the New York Yankees. The brilliant outfielder has banged out 14 hits in his last 26 trips to the plate including two homers.

HOUSTON TEXAS LEAGUERS LICK CARDINALS 3-1

HOUSTON —(AP)— The St. Louis Cardinals open a four game series with the Chicago Cubs Monday.

The Cards bowed 3-1 to their Houston Texas League farm Sunday, collecting only two hits off Cloyd Boyer and Jack Creel.

Sportsmen Mourn Jock Sutherland

PITTSBURGH—(AP)—The nation's sportsmen—athlete and spectator alike—Monday mourned Dr. John B. (Jock) Sutherland, the "silent Scot" of American college and professional football.

Hundreds of messages of condolence poured into the Steel City following the death Sunday of the 59-year-old coach of the National Football League's Pittsburgh Steelers. He died after an operation for a malignant brain tumor.

Sutherland, who achieved his greatest fame at the University of Pittsburgh, was found wandering not far from his mired car last Wednesday near Bandana, Ky. Physicians first believed he was suffering from nervous exhaustion.

After he was flown here Friday night a brain condition was discovered, but physicians were unable to remove the malignant tumor.

Sutherland left Pittsburgh about three weeks ago, traveling alone on a combined business and scouting trip. Although he had complained of headaches, his death shocked his friends.

Success At Pittsburgh

It was in Pittsburgh, both in pro and college ranks, that Sutherland achieved his greatest success after 15 years as coach at Pitt. He entered the pro ranks in 1940 as coach of the Brooklyn Dodgers, then in the NFL. After service in the Navy as a lieutenant commander in World War II, he came "home" to coach the Steelers in 1946.

Sutherland never married. He came to this country as a youth from Cooper, Angus, Scotland.

Academically he studied dentistry and won his doctorate. He never practiced but served as an instructor at Pitt's Dental School.

He served overseas in World War I and became head coach at Lafayette College in 1919.

Members of the Steelers will be pallbearers when his funeral is held Tuesday at Calvary Episcopal Church.

Firing upon Ft. Sumter in April, 1861 was the first military act of the Civil War.

Texas League To Open Wednesday

DALLAS —(AP)— The Texas League opens its campaign Wednesday with crowds expected to total 36,000.

The first game of the fifty-third campaign will be at Beaumont, which battles Houston in the only day contest on the schedule. A turn-out of 7,500 is anticipated.

Wednesday night Tulsa will be at Dallas, where 12,000 are expected to jam into Rebel Stadium; Shreveport will be at San Antonio, with 6,500 forecast for the newest park in the league, and Oklahoma City will be at Fort Worth, with 10,000 anticipated.

The Fort Worth Cats are the general choice of Texas League writers to lead the 1948 pennant race with Houston second, Dallas third and Tulsa fourth. Houston won the pennant last year and also took the Dixie Series.

Only the KAISER and FRAZER have it!

TRUE ECONOMY- with Your Kind of Driving

No matter what speeds they drive or roads they travel . . .

Gasoline Bills are Lower in a KAISER or a FRAZER

How many more miles per gallon will *you* get from your 1948 Kaiser or Frazer? There is only one *honest* answer. *Mileage varies with the speed you drive over the roads you travel.* It may be anything *up to 26 or more* miles per gallon. Thousands of K-F owners verify this. *Yet in each case they report many more miles per gallon from their Kaiser or Frazer, than from car they drove before.*

Top Economy for '48!—others claim it—Kaiser-Frazer delivers it! Among 1948 full-sized American motor cars, only the Kaiser and the Frazer have highest compression engines as standard equipment. That alone means less waste and more wallop in every drop of gasoline you buy. You get new power and a combination of top performance with top economy that is brand new to motoring.

Our 1948 models now on display—*at no increase in price!* See them! You'll insist we let you drive one!

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, *so nervous*, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!

Many wise 'middle-age' women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiates—no habit-forming drugs. It *helps nature* (you know what we mean!). This great medicine also has what Doctors call a stomachic tonic effect.

The Chiropractor and You...

No. 7 in a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

DR. C. L. BRADY
Palmer Graduate

THE CONTROLLING HEALTH FACTOR!

Chiropractors maintain that the controlling factor in health is the condition of your spine. This is true because all nerve trunks are distributed from the spine. It is, therefore, important that the spine be in alignment else nerves will be pinched, function disturbed, resistance lowered and ill health will result.

Chiropractors maintain that falls and accidents are basically the cause of most diseases and they expend their efforts in correcting this cause. Results are well illustrated by the following case histories:

Case No. 12,390 — Woman, age 47, had numbness in the hands and a discomfort in the neck and head. She didn't sleep well, was nervous, had indigestion, vomiting and faulty elimination. At times a low back pain disturbed her emotionally and made her irritable, but she reasoned there was a cause for it so consulted a Chiropractor. Today she reports feeling better in every respect.

Case No. 8,711—Man, age 39, had spells at times when the blood all seemed to rush to his head and he would feel dizzy. He had indigestion, poor elimination and trouble about sleeping. Things he had taken for it did little good, so he decided to try Chiropractic. Results were splendid and soon he was able to do his work with no ill effects.

Case No. 10,770—Boy, age 2, had numerous colds and a constant croupy cough. He also had frequent earache. There was a history of several falls which had doubtless caused nerve pressure. Anyway, the child responded promptly to spinal adjustments and soon all symptoms cleared up.

How to shorten a mile

(and stretch a gallon)

Ask the man who owns one

Come in—learn how Packard "safety-sprint" power gives you wonderful new gasoline economy!

You'd naturally expect Packard owners to marvel at the turbine *smoothness* of the new '48 Packards. (And they do.)

You'd expect them to praise Packard's new "safety-sprint" power—the new kind of reserve power that breezes them around other cars and fast highway busses . . . into the clear. (And they do.)

But the *big* surprise—the advancement that excites these owners most of all—is the way these Packards get *extra mileage out of every gallon!*

For these big, precision-built Packard Eights—with all their luxurious roominess and increased roadweight—are actually delivering *up to 10% more miles per gallon!*

Worth looking into? It's a "must" story for every prospective fine car buyer. You'll find the cold facts, and a warm welcome, at your nearest Packard dealer's showroom!

CIO Rid Of Vicious Element

Michael J. Quill is president of the CIO Transport Workers' Union in New York City. Until a few days ago he was also president of the Greater New York CIO Council. In the latter job he had driven on the left side of the political road so consistently that many wondered if he were not a Communist. An admitted former party member testified recently that he had seen Quill at a Communist convention in 1938.

His resignation as head of the CIO council was unexpected, and the reason he gave for it was surprising. He quit the post, he said, "as soon as I found out that the council wasn't run by the affiliated unions but was being run by remote control by the crackpots of the Communist Party."

But if he was slow in seeing the leftist activity under his very nose, he was alert to what was going on outside. The New York council had balked at following the new CIO political policy of supporting ERP and repudiating Henry Wallace's candidacy. And CIO President Philip Murray reportedly had threatened to lift the council's charter.

• • •

This left Quill with a decision to make. And in fairness it should be said that he made it with apparent honesty. He didn't hit the sawdust trail and repent his political views. His decision was based on union solidarity. He said he was still for Henry Wallace and against ERP. But he added a large "if." "I'm still for Wallace if being for him will not split the CIO unions," he explained.

As a trade unionist we should say Mike Quill is a smart man. And we should say that Phil Murray is even smarter. Henry Wallace has finally given him the opening he needed to move in and clean house with the CIO's Communists and fellow travelers, once and for all.

For a long time Murray resisted the pleas of his loyal union leaders for such action. The "anti-Communist" resolution adopted by the last CIO convention was a meaningless thing drafted by a Murray-appointed group evenly divided between left- and right-wing union officers.

• • •

Nevertheless Murray did support Walter Reuther for UAW president against rugged leftist opposition. Elsewhere he proceeded slowly and cautiously, always in the apparent fear that the disruption connected with ousting the Communists might cause a fatal division in the CIO.

Then came the Wallace candidacy and the golden opportunity. The question now was not one of purely union policy, but whether the CIO would permit itself to be part pro-Russian and part pro-American.

Some groups like the New York council wanted to join the misguided and disloyal champions of Russian appeasement. But Murray got tough. There were no nice distinctions of independence or autonomy. You will conform to our national political policy, he seems to have said in effect, or out you go.

So we may expect to see more unionists like Quill making the same decision he did. And those of us who have been dismayed by the vicious and gullible element in the CIO may thank Wallace for inadvertently putting them on the spot by making the price of supporting him too great.

A man and his wife were caught robbing a house in an Oklahoma town. She probably tagged along to pick up after him.

WASHINGTON COLUMN

Breakfast In Washington Takes Social Spotlight

By DOUGLAS LARSEN
NEA Washington Correspondent

WASHINGTON—(NEA)—The last semblance of a normal home life is now being denied congressmen and government officials.

It used to be that a Washington big-shot at least had breakfast at home. He used that time to lay down the law to his kids about using the family car too much or about breaking the windows in the embassy next door. And it gave him time to grouse to his wife about low government salaries and the high cost of running a house.

When he left home after breakfast normal life, as other U. S. citizens know it, ceased. He entered the mad federal world of inter-bureau conferences, sub-committee hearings, luncheons, cocktail parties, executive sessions, receptions, etc. But he at least started the day in something of the ordinary taxpayer's environment.

Now, however, even that brief exposure to normalcy is disappearing. The breakfast has been discovered and is being widely exploited as a brand-new medium for speeches, meetings, gatherings and conferences. The idea is sweeping the town. It's just as though the lobbyists, women's clubs and similar outfits have discovered an extra two hours in the day.

• • •

As a result, House and Senate restaurants and the hotels report a sudden flourishing breakfast business. Congressmen and federal big boys are receiving almost as many invitations to appear at breakfast as they are to lunches and dinners.

There are various reactions to this expansion of the Washington social front. Several congressmen complain that it forces them to get up an hour or so earlier. They say it takes this extra time to go over their notes for what they intend to say.

A federal official says that having to show up at so many breakfasts forced him to memorize three speeches instead of the usual two—one for each meal. He says, however, that in view of egg and bacon prices today, getting the first meal of the day free is worth the extra effort.

One of the town's society experts claims that the idea is a very good thing for the country generally. She says everybody knows that most of Washington's important business is transacted at cocktail parties and social affairs anyway. Making breakfast such an affair just means that congressmen and officials get more done. She points out that the quality of this work done at breakfasts is probably better because the men are rested and fresh. And with the world situation the way it is, it's important that these men have clear heads when they work, she says.

There are various explanations of where the breakfast idea originated. One expert says, "It was only natural that it should happen. Washington social life just had to overflow some place."

• • •

The idea of a breakfast as an occasion for a social affair isn't entirely new. There have always been "wedding" breakfasts and the town being next to the famous Virginia and Maryland horse country has always been noted for its "hunt" breakfasts.

It is claimed that the "brunch" idea originated in Washington. That's the business of combining lunch with breakfast for late risers and making a party out of it. Sunday brunches have always been popular in the capital.

An authority on the American habits claims the new use for breakfasts soon will spread all over the U. S. He says that the luncheon and the dinner have never really provided enough time for all the various functions that women's clubs and business men's groups are capable of throwing if unhampered.

Another capital hostess claims that Washington social leaders have always led the country in new ideas for parties. She claims that the greatest of all modern social innovations, the coctail party, was born and developed here.

A retired government employe claims that the breakfast idea really originated among federal employes. He says government workers have been drinking coffee and eating their breakfasts as part of their daily work routine for years.

His is probably the most logical explanation.

Questions and Answers

Q—What makes a carrot yellow?
A—The color is due to the presence of carotene. Most green plants retain carotene in their leaves, but some plants, like the carrot, transfer part of their carotene to their roots, and so become yellow vegetables.

• • •

Q—How many libraries in the United States have more than a million books?
A—The United States has 22 libraries with a million or more books. Eleven of them are university libraries.

• • •

Q—What is an a cappella choir?
A—Literally it means in church or chapel style; also refers to a chorus of voices unaccompanied by music.

• • •

Q—In what country did the burning of the yule log first take place and what was its original purpose?
A—The custom started in England and its purpose was to protect the home against witchcraft during the coming year.

• • •

Q—How did the pen name of Mark Twain originate?
A—It was a pilot's cry to mark a sounding on the Mississippi River.

T&P FREIGHT CARS DERAILED NEAR MARSHALL

1947 Was Good Year For T&P Railway

DALLAS — Generally speaking, 1947 was a good year for the Texas and Pacific Railway as industry and agriculture maintained high levels of productivity.

Operating revenues for 1947 amounted to $64,704,829—the highest of any peace time year in Texas and Pacific's history, and 2.35 times as large as the average of the four years, 1937 through 1940. Compared with 1946, this was an increase of $8,803,762 or 15.75 per cent.

Operating expenses were $48,742,474, an increase of $6,200,997, or 14.86 per cent compared with the previous year, and consumed 75.33 cents of every dollar of operating revenue. The bulk of the increase in operating expenses was due to higher wage scales and increased cost to fuel oil and other materials and supplies.

Tax Bill

The railroad's tax bill for 1947 was $5,264,493, an increase of $1,107,064 over 1946, of which $640,333 was due to the Crosser Bill requiring increased pay roll tax payments by the company. Various state taxes totaled $1,275,441; pay roll taxes amounted to $2,472,774; and income and other federal taxes aggregated $1,516,278.

Net charges for hire of freight train cars amounted to $2,607,963, an increase of $1,128,773 over 1946, due principally to tank car mileage rentals on account of the unusual movement of crude oil during 1947.

Net income for 1947 was $5,460,061, or $11.03 per share on common stock after 5 per cent preferred compared with $10.97 for 1946.

John I. Moore To Head Foundation Drive Here

CHICAGO—(AP)—John I. Moore of Midland, Texas, will serve as local chairman of the University of Chicago Alumni Foundation campaign for funds this year. A S. M. graduate of the class of '22, Moore is one of 1,400 alumni who will lead the drive across the nation.

The 1948 alumni gift is expected to reach $350,000, of which $100,000 will be raised directly through the campaign and will comprise a large part of the unrestricted money.

A campaign by committees of the Alumni Foundation will be conducted simultaneously in 420 American cities. Not all gifts come from alumni living in the United States. Alumni residing in Egypt, South America, Canada, China, India, and Japan made special arrangements to be among the campaign donors last year. A special alumni organization in Honolulu, Hawaii, regularly takes part in the annual drives.

Officers Alerted For Missing Teen-Agers

BORGER —(AP)— Sheriff Hugh Anderson said officers throughout Texas had been asked to search for five teen-age high school students, missing since last Tuesday.

Anderson said the students — two girls from Stinnett and three boys from Borger — disappeared after attending a school play at the Stinnett High School Tuesday night.

He said the teen-agers were in a 1936 Chevrolet automobile when last seen.

Three Years With Truman Give GOP Chance At Victory

By JAMES MARLOW

WASHINGTON —(AP)— Harry S. Truman became President of the United States three years ago Monday.

Those three years have been rough since he became President April 12, 1945, the day President Roosevelt died.

Roosevelt had snapped a stinging whip over Congress, which his Democrats had run for 12 years. Truman tried to be different.

He went into the White House like a lamb, anxious to get along with Congress, dashing up to the capitol for lunch with his old Senate chums.

And, in turn, everyone seemed friendly toward him, with a sort of "give him a chance" air—Democrats and Republicans alike.

Easy To Be Friendly

Everyone could afford to be friendly all around at the time, which was April, 1945, because:

We still were up to our necks in World War II, although winning it;

And the 1948 elections were still three years away. Why throw brickbats out of season?

Germany got knocked off. Then Japan. Truman and his Democrats backed the United Nations. So did the Republicans.

With the war ended and the United Nations taken care of—so it seemed—everyone turned to getting straightened out at home.

Then the egg broke.

In September, 1945, Truman made a batch of suggestions, some for immediate use, some long-range.

They wrapped up his ideas on how this country could walk down the road to peace and prosperity.

Ice-Water Treatment

He got the ice water treatment from Congress where his own Democrats were in control. Congress did almost nothing he suggested.

The Republicans, controlling Congress since January, 1947, have handled home problems pretty much their own way, trampling on Truman's notions.

It's been different on foreign affairs. Just as in wartime, the Democrats and Republicans more or less have closed ranks to stop Communism.

When he proposed his civil rights program for bettering the treatment of negroes in the South, the Southern Democrats turned against him.

And when Truman fired his secretary of commerce, Henry Wallace, in 1946 he started something no one then thought would happen.

Wallace has set up a Third Party, is running himself for president, and is bound to bite into Democratic votes if he stays around till election time.

All this has given the Republicans their best hope of capturing the White House since Roosevelt moved in there back in 1933.

The Innocent Impostor

By Renee Shann

COPYRIGHT BY RENEE SHANN; DISTRIBUTED BY NEA SERVICE, INC.

THE STORY: Patience Mond, primly brought up by two maiden aunts, is in love with Paul Taylor, whom her aunts have forbidden her to see because they have never been properly introduced. Charlotte, Patience's twin sister whom she has not seen since childhood, is a stage star rehearsing a show in London. Charlotte is determined Patience shall have some fun. She invites her up to London for a day, dresses her smartly from her own wardrobe. They are to lunch with Roger Dickson, popular actor and Charlotte's boyfriend. Charlotte jokingly begs Patience not to take Roger away from her. At the last minute Charlotte is invited to lunch with Dwight Breeden, movie producer. She can't turn him down. Patience, shy and frightened, is left to meet Roger alone.

• • •

XIII

THE lift-boy swung open the door of the lift. She stepped inside and fel' the breath rise swiftly in her body as it sped downwards.

And now the door was swinging open again. She saw Roger Dickson immediately, recognizing him from his photograph. She saw him look at her, his face lighting up, and then instantly a puzzled expression come over it.

"Mr. Dickson?"

He stared at her.

"You are and yet you aren't!"

"I'm Patience. Charlotte's sister."

"Sakes alive! For a moment I thought you were Charlotte. I'd no idea you were going to be so much alike."

Patience handed him the letter.

"Charlotte's had to go off unexpectedly to lunch with a Mr. Breeden."

"The devil she has!"

"She's explained it all in there."

Roger grinned. "I take it you and I are lunching together?"

Patience felt hot color creeping up her cheeks.

"If that's all right with you, Mr. Dickson."

"It's wonderful." He put his hand at her elbow and led her through the lounge and into the restaurant. He found a table for two.

"Cigaret?"

"No, thank you." She smiled at him. "Wouldn't you like to read Charlotte's note?"

He took it out of his pocket. He smiled as he glanced at the hastily written lines. They were typically Charlotte. "Though I adore you, darling, I simply daren't let this opportunity slip through my fingers. But I'll do my darnedest to meet you at the theater. In the meantime—take great care of Patience. There's only one of her, I swear, in the whole of England and I think she's rather sweet. So will you I've a feeling. Only, darling, don't think her too sweet or I'm not going to like it."

• • •

ROGER put the letter back in its envelope. "Now, tell me about yourself," he said to Patience, preparing himself to listen politely to the story of her life. To his astonishment, he found that he was extraordinarily interested by it.

"So until last week you'd not seen Charlotte for years?"

"No. Didn't she tell you?"

She had, he remembered, but he'd not taken much notice. A twin sister buried in the country hadn't sounded to him of any great importance. Now it would seem that beside the sister, who was assuredly as pretty as paint, there were two maiden aunts.

"We're all awfully eager to see Charlotte on the stage," said Patience, finding Roger Dickson not half so terrifying as she'd imagined. "I suppose she's very good."

"Oh yes, she's got what it takes."

"What does it take?" asked Patience interestedly.

"Well, you know what I mean. She's got wide appeal. She's lovely to look at and she dances like an angel. People go mad about her."

"They go mad about you, too, don't they?"

Roger looked at her. What sort of a girl was this sister of Charlotte's? Was she deliberately setting out to please him? He met her candid gray eyes and saw that she wasn't.

"You're sweet, little Patience!" he told her. "Tell me, are you often in London?"

• • •

"THREE times a week," said Patience promptly. "Mondays, Wednesdays and Fridays," and then found herself wishing she hadn't told him this, because he was suggesting they should lunch again together, and somehow she wasn't altogether sure if Charlotte would like it.

Roger inquired where she could be found say around lunch time on Monday.

"In a place you'd never go to. A lunchroom around the corner from my dressmaking academy."

"And the dressmaking academy is where?"

"In Stafford Street," said Patience weakly.

Roger grinned.

"But you don't want me to be there?"

"No."

"D'you know that's the very thing that's making me quite determined that I will be."

Patience sighed. She didn't know quite how to handle this situation. Roger grinned. "Don't look so worried. Maybe I won't be after all."

He paid the bill and they left the restaurant together. Patience was aware, as she'd been as she'd entered it, of people turning to look at them. Of heads moving closer together. Roger was being recognized, of course. She was glad when they were in the quiet seclusion of a taxi.

She sat far away in her own corner, her hands folded in her lap. But in the theater it happened just the way Charlotte had warned her. His hand stretched out and took one of hers. She tried to withdraw it, but his grasp was firm. She tried harder. And then she gave it up.

After all, she asked herself, did she really mind so very much?

McKenney on Bridge

By WILLIAM E. McKENNEY
America's Card Authority

A surprising number of people throughout the United States make a very good living teaching bridge. In the past teachers' conventions have been held by bridge authorities who published books. Ely Culbertson used to hold a couple every year. Charles H. Goren is holding one at the La Salle Hotel in Chicago May 11-13.

I would like to present today's hand at Goren's convention and see if the teachers run into the bidding snag the experts met with.

The snag comes on the third bid. Everybody agrees that South should open the bidding with one diamond. A few experts would like to bid two hearts with the North hand, but most agree that a jump forcing bid should not be made without two controls. Therefore they accept the bid of one heart as correct.

Now what should South do? Should he bid three diamonds and have his partner rebid hearts or bid spades, then have to go into three no trump?

Nearly everybody has a different bid to make at this point. Peter Leventritt and I more or less agreed that we would bid two hearts over one heart, in which case North should bid two spades.

Now South knows that North has a tremendous hand, and it is important for him to learn something about the club holding. When South bids three clubs he shows the ace of clubs and at the same time tells North that he is willing to go along for a slam try.

With that information North can bid four no trump if he wants to make sure that South does not have three aces. South responds with five hearts showing two aces and North knows he if off an ace.

In rubber bridge it is agreed that six hearts is the correct response, but the sporting player in tournament bridge who wants to take a little gamble can pretty nearly count 12 tricks at no trump.

LEGAL NOTICE 86

THE STATE OF TEXAS
COUNTY OF MIDLAND
SHERIFF'S SALE

WHEREAS, on the 4th day of March, 1948, in Cause No. 4655, in the District Court of Midland County, Texas, wherein The City of Midland were Plaintiff, and recovered judgment against Mrs. R. I. Hicks, a feme sole, and the unknown heirs and legal representatives of Mrs. R. I. Hicks, deceased Defendant, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 6th. day of April, 1948, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 7th. day of April, 1948, seize and levy upon as the property of the above defendant the following described property, situated in Midland County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT:

Lots 1-2-3-4 in block 15 of Haley Heights Addition to the Original Town (now city) of Midland, Texas, as said lots and blocks are shown marked and numbered upon the Official, recorded map or plat of said city.

And I will on the first Tuesday in the month of May, 1948, the same being the 4th. day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Midland, between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendant to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

DATED at Midland, Texas, this the 7th. day of April, 1948.

votes cast, 15 went to Eisenhower, eight to Truman, five to Vandenberg and two to Speaker Martin.

3. Third Party backers of Henry A. Wallace decided in Chicago to follow the Republicans and Democrats in one respect—by choosing Philadelphia for their convention July 24-25. And the Wallace group invaded Truman's home state to organize a Progressive Party of Missouri to push their candidate.

4. The Americans for Democratic Action declared in Pittsburgh that the nation has a "right" to call on such men as Eisenhower or Supreme Court Justice Douglas for the presidency.

While the outcome of the Nebraska voting is not binding on the state's 15-man delegation to the Republican National Convention, the seven-man race has attracted wide attention.

Cautious victory claims came from supporters of Dewey, Taft and Stassen. Others listed on the ballot are Vandenberg, MacArthur, Speaker Martin and Warren.

Protect Your Children's Teeth!
The following is a reprint from "The Bulldog," published in The Reporter-Telegram Sunday, April 11, 1948:
"The sheets of paper reporting the condition of each student's teeth were returned Monday. Most prevalent defect among students who have lived in Midland or vicinity before they were six years of age is discoloration."
This condition can be avoided by the constant use of
Ozarka
Pure water . . . free from chlorine, alum and fleurine.
