Shrimp Landings Higher In March

Landings of headless shrimp in Texas during March amounted to 1,555,800 pounds, according to Orman H. Farley, U. S. Fish and Wildlife Service statistician for Texas.

Farley said this brought landings for the first quarter to 5,204,200 pounds as compared to 4,728,000 pounds for the same period in 1964.

The Brownsville-Port Isabel area accounted for 68 percent of the current March landings, Farley said, and 69 percent of the first quarter total. Pink shrimp from Campeche accounted for 46 percent of the March 1965 landings, compared with 60 percent the previous month.

The Port Arthur-Sabine area in March produced 45,000 pounds of tails, bringing the first quarter total for that port to 175,600 pounds this year compared to 124,700 a year ago. Other areas and their landings, in the same order, produced as follows:

Galveston-Seabrook, 49,400 pounds, 12,800 pounds, and 121,000 pounds; Freeport, 100,000 pounds, 248,300 pounds, 305,000 pounds; Matagorda-Palacios, 14,400 pounds, 26,100 pounds; 37,700 pounds.

Port Lavaca-Port O'Connor-Seabrook, 15,400 pounds; 64,800 pounds; 44,700 pounds.

Aransas Pass - Rockport, 273,300 pounds, 976,900 pounds, 993,500 pounds.

Brownsville-Port Isabel, 1-058,300 pounds, 3,588,700 pounds, 3,101,400 pounds.

Total for March was 1,555,800 pounds; total for the first quarter was 5,204,200 pounds; total for the same period in 1964, 4,728,000 pounds, or a jump this year of 476,200 pounds.

Vessels working waters off the Texas-Louisiana coast made short, broken trips through March, as weather conditions were unsettled. Some fair catches of white shrimp were taken off the northern Texas coast, Farley said, as well as off southern Louisiana, but the fishery was rather poor as a whole.

Vessels working deeper offshore waters for brown shrimp found somewhat the same situation from the south of Galveston to the high seas off Campeche. Long-range vessels working the Campeche area caught from 200-300 pounds per night and less on the high seas off eastern Mexico.

The oyster fishery produced about 29,000 barrels of shell oysters, yielding over 500,000 pounds of excellent meats. This was a little below the 516,000 pounds produced in March, 1964; but an increase over February, 1965. Dredge units in the Galveston area accounted for about 92 percent of the harvest.

Four processing plants in the state reported a total of about 75,000 pounds of blue crabs. These landings were slightly higher than reported for February, 1965, but 30,000 pounds less than March, 1964.

Finfish landings were estimated at 200 pounds in March. Offshore snapper boats were active as weather permitted, the demand for snapper was good.

ROTARIANS HEAR ATTORNEY CALDWELL

Rotarians heard Attorney Joe Caldwell, guest of program chairman Arthur Bracht, as Caldwell delivered a radio speech made 29 years ago when he was chairman of a State Legislative Committee Investigating Communism in Texas. This address, which was the public report of his committee's findings was just as appropriate today as it was then.

Guests included Jim Smith, Fayetteville, Arkansas; Chick Smith, San Antonio; Charles Burton and Willard McLennan, Pampa; Tom Dean, San Antonio; Dr. J. W. Crutcher, Mineral Wells; George Taggart III, Corpus Christi; H. H. Menger, San Antonio; and John P. Mitchell.

BILL COBB'S 73 WINS MEDALIST

Bill Cobb fired a 73 last Saturday at Live Oak Country Club to take medalist honors. Virgil Doggett was second with a 75. Last year Homer Warren won with a 74. Morris Gregory won the club championship in 1964.

The annual club tournament got underway Sunday with 59 members taking part in the eight flights.

Final matches will be played on Sunday, May 23. The championship match will be a 36-hole affair, while others are 18.

On Saturday, May 22 the annual dance will be held, followed by the opening of the swimming pool and barbecue on Sunday.

Last year the club drilled two deep wells and piped the entire fairways to insure enough water during dry periods. The fairways were recently fertilized and the entire layout is in the best condition members have ever enjoyed.

At the present time associate members are being accepted and interested persons in the area are advised to take advantage of this offer which may be recalled at any time due to the increased activity at the club. Applications may be obtained from Russell Itschner or Roy Rogero, directors, or "Speck" Howerly, club pro.

Local Athletes Win Several Places Saturday

Local athletes won several places Saturday in the Region IV, Class 2A meet, held at Kingsville, with at least one man from here headed for state finals in Austin.

Hugh Morrison, Jr., was fourth in the 120-yard high hurdles.

Team totals in the meet were Sinton, 55; San Diego, 38; Taft, 24; Palacios, 32; West Oso and Gregory-Portland, 28; Bishop, 24; Edna, Refugio and Karnes City 21; Rockport, Carrizo Springs, and Del Rio San Felipe, 20; LaFeria and Ed Couch-Elsa, 11; Ned Braunfels, Canyon, 10; Industrial (Vanderbilt) 9; Kenedy and San Antonio Cole, 8; Aransas Pass, 7; La Joya, Mathis and Poteet, 4; Benavides, Premont and Crystal City, 6; Ganado, Flour Bluff and Randolph, 2; Boerne, San Antonio East Central, Goliad, Yoakum and Yorktown, 1.

GIRL SCOUT REGISTRATION TO BE MAY 5

All Girl Scouts and parents are to be registered for the next year on May 5, at the Girl Scout Little House, between the hours of 10 and 12.

At the present time there are approximately 110 girls in the Rockport-Fulton area actively working in the girl scout program, and a fine job is being done by these girls. There are about ten mothers actively working in this program, and need for about four more.

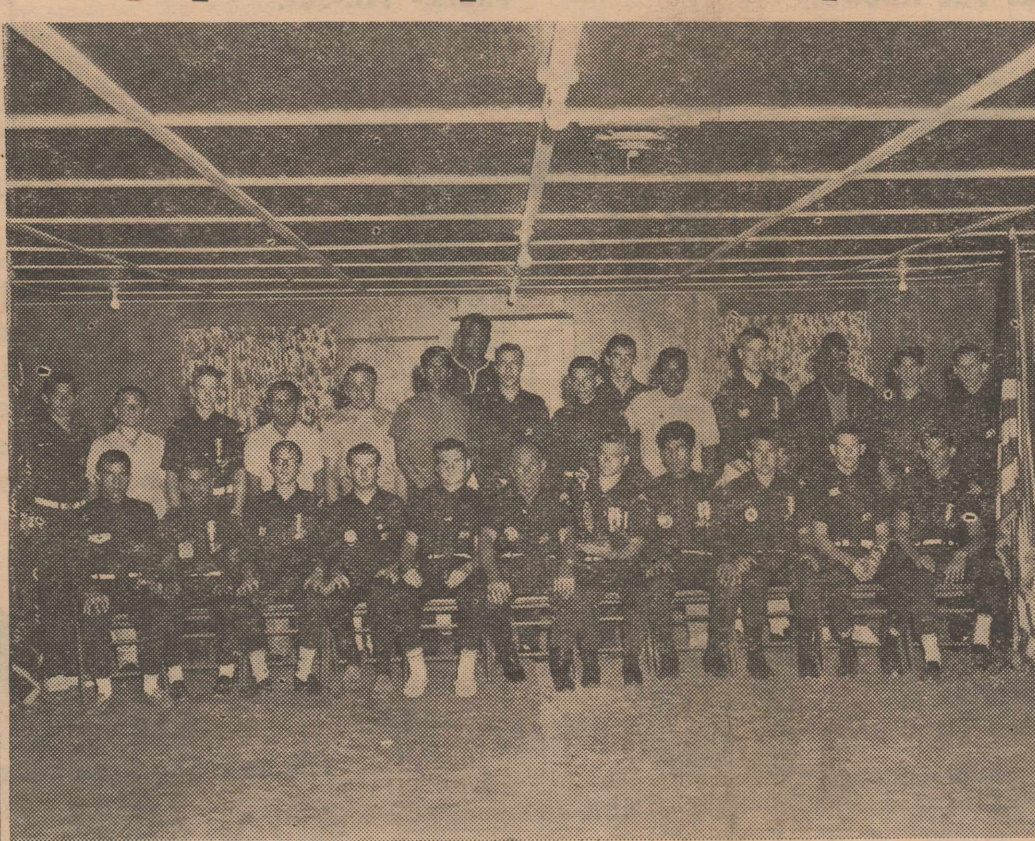

There is a \$1 registration fee for each girl scout, and \$1 for each adult member of the Whooping Crane Council. You do not have to have a girl active in girl scouting for you to be a registered member of the council, and your membership and help is needed in Rockport for your girl scouts.

This is a fine program and the leaders who give their time and effort need your support.

ST. PETER'S SCHEDULE IS CHANGED

St. Peter's Church has changed its schedule. Morning prayer vigil is held every morning at 7 a.m., except on Sunday and major feast days, when it is at 9 a.m. Holy Communion is at 10:45 Sunday (when nursery care is provided for children), and at 7:30 p.m. Wednesday. Pastoral sacraments are by appointment.

Explorer Troop 49 Wins Trophy

Pat Falk Is Regional Winner At Kingsville

Pat Falk, Aransas County School junior, will represent Region IV in the State UIL Extemporaneous Speaking meet in Austin, May 7. She placed first in the regional meet held in Kingsville, Friday, April 23.

Miss Falk is the daughter of Maj. and Mrs. Walter Falk of Rockport. She is a member of the National Honor Society, Thespian Society, Library Club, Curtain Club, and Future Teachers of America. Her victory in the regional contest was in what Dr. H. E. Johnson, head of the speech department of Texas A&I, described as "one of the most outstanding groups he had judged in the regional contest."

Pat's faculty sponsor, Frank DeAngelis, says that one of the most outstanding features of her progress is that this is her first year in speaking competition. The extemporaneous contest is one of the most difficult in that the speaker does not know what subject he will speak until a half hour before he speaks.

The contest calls for a high degree of information on a state, national or international subject. The contestant may use reference materials in preparation but must not have more than 100 words of notes when the speech is delivered.

Other Rockport students who represented the District and Regional meet were Phil Howard, extemporaneous speaking; Darrell Lichte, poetry interpretation; Lolo Lewis, ready writing; and Darlene Rouquette and Priscilla Carleton, typing.

WRECK OCCURS ON MAIN STREET

On Tuesday, May 20, another accident occurred across from the bank on the south side of the street. Mrs. Bessie Horn was backing her 1964 automobile out of a parking spot across from the bank and Mrs. Kleypas who was traveling east on Main Street collided with the Horn automobile.

Approximately \$250 worth of damage was done. No injuries were reported by Chief of Police Bob Hewes who investigated the accident.

EASTERN STAR TO MEET MAY 3

The Eastern Star will meet Monday, May 3 at 8 p.m. at which time an initiation of a new member will be held. All members and visitors are urged to attend.

LIONS TO HONOR CHARTER MEMBERS

The Rockport Lions will honor charter members of the club on its fifteenth anniversary ladies' night dinner, to be held at Sea Gun Restaurant at 7:30 p.m., Thursday, April 29.

Seth Steele is in charge of the program.

Junior High Choir To Give Rip Van Winkle

On Thursday, April 29, the Junior High School Choir, under direction of Mrs. Frank DeAngelis, will present another children's musical classic of the type that proved so popular last year.

Rip Van Winkle is based on the story by Washington Irving, and the cast is as follows:

Rip Van Winkle, David Martinez; Wolf Rip's dog, Steve Shaver; Dame Van Winkle, Catherine Allgood; Nicholas Tedder, Martin Moss; Rerrick Van Bummel, Joe Blackburn; Brom Dutcher, Martin Spielman; Katherina Van Tassel, Jane Rogers; Bertha, Lori Vargas; Hilda, Brenda Hoehne; Greta, Rose Ann Elliot; Freda, Susan Ballard; Peter Crane, Modesto Liscano; Myneher Crane, Joe Valdez; Second Mate, Clifford Green; Third Mate, Johnny Brown; Hendrick Hudson, Jerry Ray; Van Der Meer, Larry Pevetto; Judith Gardner, Marilu Richards; and Jon Gradner, Michael Holt.

Curtain time is 7:30 p.m., and there will be only one performance. Mrs. Ronnee Schultz is accompanist. Scenery is being constructed by members of the speech class under direction of Frank DeAngelis.

Navigation Meeting Held By Commissioners

A special meeting of the Aransas County Navigation and Canal Commissioners was held on Wednesday for the following purposes:

To verify and make official certain actions previously agreed upon concerning the construction of a new office building on the site of the demolished Patio as follows:

H. H. Dick has agreed to supervise, for a fee of \$1,000, construction of the new office building on the site designated and in compliance with plans and specifications submitted to the District by Lockwood, Andrews & Newnam for estimate purposes. The District will pay all the bills presented by Mr. Dick for such labor and materials as may be used in the construction of the building, according to plans and specifications in his hands, subject to any changes or alteration as may be from time to time authorized by the Commissioners.

The Commissioners also authorized the District Superintendent to draw plans and construct an equipment and storage building on a site designated as immediately east of the Parks and Wildlife shop building, and to acquire such labor and material as may be necessary to construct the building.

In addition, the District plans to construct 20 more cabanas which will be located up and down the beach at Rockport, both on the ski side and the beach side.

Members of Explorer Post 49, sponsored by the Veterans of Foreign Wars, and led by Explorer Advisor L. E. Nelson, took part in the Explorer Olympics at Corpus Christi Naval Air Station over the past weekend, and came home with a third place trophy, the first such award ever won by scouts from this area. A team composed of David Nava, Theodore Tipping, Horace Lawrence, Chris Johnson, Eugene Solis and Bobbie Edwards placed first in the volley ball event.

In the obstacle race, Lawrence was first, clipping 35 seconds off the old record; a team composed of Jack Gwynn, Eric Henderson, Tommy Johnson and Joe Valdez won third place in swimming events.

Another third place was captured by the bowling team, composed of Ricky Drummond, Gwynn, and George Thornton. Tipping took third in archery; Joe Torres won a third place in checkers, and other Explorers whose names are not available, took various fourth, fifth and sixth places to swell the team total, allowing it to place third out of 19 contestants.

There are 40 members of the Explorer troop. Others whose names have not been mentioned are Danny Agler, Charles Boone, James C. Crabb, Dennis Davenport, Denny Elliot, Domingo Pulido, Leroy Wilson, Edward Rinche, Jimmy Seawright, Monroe Menke, Marty Garcia, Felix Garcia, Thomas Lewis, Jerry Ray, Charles Simmons; John Cummings, Vick Cummings, Robert Iles, Leo Villa, James Dinger, Joe Valdez, Mark Meador, Alan Edmundson, Richard McMakin, Mickey Anders, Eugene Solis, Polo Morales, Robert Cortinas, Elmer Roberts, and Gilbert Chispe.

MRS. GRIGGS RESIGNS FROM AUDITOR'S OFFICE

Mrs. J. D. Griggs has resigned from the Aransas County auditor's office to accept a position with the Wagley Lumber Co., where she will commence her duties on May 10.

City Council Buys Equipment

After lengthy consideration of city finances the Council, at its regular meeting, approved purchase of a reconditioned Graphotype machine for preparing addressograph plates, for \$1334.15, and of a replacement to a billing machine now owned by the city for approximately \$6,000.

Purchase of the second was conditioned in the motion of approval upon the city being able to pay for this during the next two fiscal years, with the first payment falling due in October.

Tentative approval was also given to purchase a Chevrolet police car from George Clark Chevrolet Co., Aransas Pass, provided it meets the specifications on which bids were sought.

Also approved at the meeting was purchase of a police band radio for the car, and placement of the subdivision ordinance on the agenda for next meeting.

Councilman Norvell Jackson also asked that some thought be given to improvement of city streets which, he said, might entail a bond issue to finance needed work.

In the financial report prepared for the first half of the 1964-65 fiscal year, a balance on hand of \$46,932.23 was shown, after expenditures of \$43,040.

Of this, \$30,694 was available in the general fund and \$12,152 in the street fund. A balance of \$4,085 was shown in the street improvement fund. There had been \$58,112 income from collection of 1964 current taxes, and \$14.35 in penalty and interest. Delinquent taxes in the amount of \$1289 have been collected during the period.

Penalty and interest on these amounted to another \$234. Income from permits was \$204; from occupation taxes, \$437; from the gross receipts tax, \$5579; another \$3213 from miscellaneous sources. Total collections during the first half were \$69,085.88.

Office salaries and office expense took \$8185 during the period. Other expenditures included \$2662 for street lights; \$1269 for insurance; \$2480 for social security; \$3640 for the fire department;

Also, \$168, building maintenance; \$229, civil defense; police salaries, \$3140; police expense, \$937; operations, \$7644; street salaries, \$1782; street truck maintenance and expense, \$333, street maintenance, \$3165; street improvement bond fund, \$7400.

City Council Approves Gas Cut In Summer

The City Council at its regular session, approved a proposal by the Aransas Natural Gas Co. whereby users of gas air conditioning equipment have to pay less for gas than if used for heat—at least during the summer months.

According to George K. Taggart III, those customers having air conditioning equipment will be billed from May 18 through Oct. 13 at a rate of 44 cents per thousand cubic feet of gas, for all they use over 6,000 cubic feet.

Up to 6,000 cubic feet, Taggart said, they will be billed at the regular rate, but after that the 44-cent rate is just half that charged in winter.

"Actually," he said, "if they pay their bill by the tenth, and get the regular ten percent discount, it means that gas going over 6,000 cubic feet is only costing them 40 cents per thousand cubic feet."

YOUTH COUNCIL MEETING SET FOR MONDAY

There will be a meeting of the Youth Council at the Rockport Youth Center on Monday night, May 3, commencing at 8 p.m.

GIRL SCOUT FIELD DAY COUNCELED

The Girl Scout Field Day that was scheduled to be held in Aransas Pass Saturday, May 1 has been canceled.

Fish, Game Bill For Aransas Goes To Floor of Senate

Aransas County will go quietly under the regulatory authority of the State Parks and Wildlife Commission if Sen. William N. Patman of Ganado wins approval of House Bill 623, which Rep Leroy Wieting of Portland piloted through the House Monday in absentia.

Rep. Dick Cory of Victoria handled the bill for Wieting who is ill.

The bill would place salt water resources, as well as fresh water fishing and game under commission regulations but Wieting put some strings on that power with a number of special provisions.

The law would not apply to the part of San Antonio Bay lying in Aransas County, nor to the Aransas River where it forms the boundary with Calhoun County. It does apply to the parts of Aransas, Copano and Mesquite Bays lying in Aransas County.

A net-free zone is established, to include Little Bay and part of Aransas Bay within half a mile of a line drawn from Hale Point on Lamar Peninsula, direct to the eastern end of Goose Island, then along the causeway between Lamar and Live Oak Peninsula then along the eastern shoreline of Live Oak Peninsula past Fulton, Nine Mile Point and Rockport to the east end of Tally Island.

The net-free zone also shall include the part of Copano Bay within 1,000 feet of the causeway between Lamar and Live Oak Peninsula.

In this zone, no one could use a net except a bait net or minnow seine no longer than 20 feet No trotlines or crab nets can be placed in the net-free zone, which would be reserved for individual fishing.

The law would prohibit the commission from allowing the taking of sponge and crabs.

An amendment backed by Rep. Wieting requires the commission to consider the recommendations of its marine biologist in setting regulations on salt water fish. A second amendment moves venue on law suits attacking commission orders from Aransas County to Travis County.

Hot Check Artist In County Jail

Ronald Gordon Fabian is in Aransas County jail under \$1,000.00 bond after being charged with defrauding by worthless check. Sheriff Joe Earl Hunt advised that in a period of only two weeks, Fabian dumped over \$500.00 worth of hot checks and bad debts on several local merchants and business establishments.

Fabian, 23, was born in Rockport and attended school here. He was discharged from the service last August and had been living in Houston and Corpus Christi since that time. He arrived in Rockport on the 12th of this month and was arrested by Hunt last Monday after a local merchant called the Houston bank on which the man had been writing the checks.

Sheriff Hunt also advised that the investigation is still turning up checks and that it may be another week before the total amount of checks written is known.

ROCKPORT FIRM FAVORED BY JURY

An 11-member-jury panel in 117th District Court, Corpus Christi, ruled in favor of a Rockport boat repair company Friday in a suit over a bill.

The jury awarded \$1,780.58 plus \$750 in attorney fees to Jackson Marine Service Co., suing William I. McDonald, doing business as McDonald Refrigeration Service.

Judge Horace Young excused the absence of Hower W. (Pat) Limerick from the jury panel over the objection of McDonald's attorney.

Limerick was injured in a traffic accident Thursday night and was in a Corpus Christi hospital.

Three Announce For Navigation District Race

C. L. Grant, an employee of Jackson Marine Services and a shrimp boat owner, has announced his intention of filing for the place left vacant on the Navigation Board by election of Raymond Owens, former chairman, to the post of County Commission of Precinct Three in the last general election.

Others that have announced their intention include Matt Scott, former school board member, and retired tourist court owner, and Ray Longino, operator of Ray's Texaco Service Station.

A number of other candidates have been rumored.

As Navigation District Commissioners are not elected by precinct, but on a county-wide basis, any property-owning resident of the county over 21 can file for the post after the election is announced. Such an announcement will probably be made approximately 60 days before the election date, which is set by law as July 10.

Once the election is announced, candidates may file for the post up to and including June 14, which is the deadline.

There are three navigation district commissioners, one of whom is elected every two years on a county-wide basis, to serve a six-year term. Owens' term would normally have expired in July of this year, at which time he would have had to run for re-election, if he wanted to retain the \$100 a month job.

However, last year, in his second attempt, he unseated long-time Precinct Three County Commissioner Arthur L. Davis, and became a member of the Commissioners Court on Jan. 1.

This left the Navigation District post open in January, and because this was an election year for the place, and because so many people had expressed interest in the post, which carries a salary of \$100 per month, Chairman Ted R. Little and Secretary Charles Schindler waited to allow voters of the county to pick a new man.

Unlike the race for county commissioner, where candidates are chosen for each precinct, navigation district commissioners represent the entire county and may come from any place in the county.

This point is not well understood by many people, who believe that Navigation members must be elected in the same manner as county commissioners.

This is not true. Every voter in Aransas County has the opportunity to vote on every candidate for the Navigation Board.

Those wishing to file for this post should consult the Navigation District attorney, Ellis L. Clark.

The next post to fall vacant is that of the current chairman, Ted R. Little, whose term expires in 1967, while that of Charles Schindler expires in 1969.

Commissioners serve for six years, and normally attend one meeting a month.

REP. WIETING REPORTED RECOVERING

Rep. Leroy Wieting of Portland, who is in Brackenridge Hospital in Austin, recovering from a severe attack of ulcers said he hopes to be back at work in the House in about a week.

Friends in the House announced he had received eight pints of blood in transfusions and that he was in seclusion, and members were called upon to donate blood to replace that used.

Rep. Wieting, however, told a reporter he is feeling better and appreciated concern of his friends.

He became ill while at the Capitol last Thursday night, and has been in Brackenridge Hospital since.

WARDEN TRAINEES LEARN BY DOING

Game warden trainees of the Texas Parks and Wildlife Department visited the Department's Marine Laboratory while taking a first hand look at coastal operations.

The 16 trainees and instructors saw oyster dredges, crab traps, nets and trawls in operation, and assisted in setting and working gill and trammel nets on a two-day field-trip leave from classrooms at Texas A&M University.

A tour through the laboratory with the regional chemist assigned them with problems involved in water pollution analysis and demonstrated correct procedures in gathering water samples.

After visiting a shipyard to watch construction on a steel hulled shrimp boat, the group went to Aransas Pass to observe shrimp boats unload and grade the catch.

WHOOPEE NOW LEGIT BIRD SHOW

R. H. Shields, manager of Aransas National Wildlife Refuge, has several reasons for relief now that the mighty whooping cranes are migrating from winter quarters on the refuge to summer nesting areas in the Great Slave region of far northern Canada.

One is that volunteer observers are having an opportunity, meager as it is, to see the real thing in flight.

For some time before the first of the 42 Whoopers took off, Shields was receiving letters about the precious birds having been seen in places other than the refuge.

All of the reports were promptly acknowledged.

Now that some of the large white cranes with black wing tips have left for the northland, news reports state confirmed sightings, have been made along the flyway. These involved whoopers feeding in marshes.

Actual sightings in the air comparatively rare, according to Shields, since the big cranes generally fly at great heights and mysteriously follow an uncharted course.

MEETING HELD BY CEMETERY ASSOCIATION

The quarterly meeting of the Rockport Cemetery Association was held Monday afternoon at the home of Mrs. Travis Johnson.

Following the opening prayer led by the chaplain, Mrs. Emma Sowerbutts, committee reports were given and other routine business conducted.

Discussion followed relative to holding the meetings of the organization at a public place rather than at the homes of the members, in an effort to get more people interested in becoming active members. This plan was tried at three different times during the past several years but with no better attendance as a result so the meetings reverted back to the homes.

As one of the members stated, it is not the intention of the organization for just a small group to control the policies of the association but has been made a necessity because of small attendance at the meetings.

The president, Mrs. W. B. Allen, stated that anyone who pays dues is automatically a member and is under the same obligation to attend the meetings and assist with carrying on the program and it is the earnest desire of those who do attend that more members assist in this program.

Mrs. Allen issued a call for a volunteer, either a man or a woman, not necessarily a member of the association, to assist her in the sale of lots in the cemetery and in carrying on the maintenance of the grounds. No one in the organization is paid for any service rendered and if someone can and will volunteer to assist with supervision of the maintenance of the grounds, call Mrs. W. B. Allen at SO 4-2442.

Mrs. Lula Clymore of Fulton, returned Wednesday from an extended trip to Arizona and California.

Californians Continue To Make Headlines

Californians, or rather one Californian, continued to make headlines in Texas, as Jack Thornburg, a California native who has been here about a year got into an imbroglio or two along the waterfront Saturday.

It seems that early in the evening he had fought with another man aboard a houseboat near the Marine Laboratory before leaving for town to seek a little liquid refreshment.

Refused a drink at local bars, he returned to the houseboat and was cleaning his rifle, a .303, when the idea struck him that he ought to shoot. He did—five times—to the consternation of a number of people, who called law officers in the person of Chief of Police Bob Hewes, Chief Deputy Sheriff T. A. Kilgore, and Deputy Sheriff Joe de la Garza.

They took Thornburg into custody, and headed for the jail, detouring by the doctor's office to get his arm that was injured in the fight patched up. The other man couldn't be found at the time of the arrest, but was discovered 30 minutes later walking down Main Street, after the police officers had made a search, fearing that he might have been knocked overboard and drowned.

Justice of the Peace G. D. Johnson took dim view of the whole hassle and fined Thornburg \$52 and costs.

In other happenings on the law enforcement front, Police Chief Bob Hewes and Patrolman Joe Dominguez answered a call Tuesday night from a citizen who started through the front door to his house, only to find a woman lying half-inside and half-out.

After investigation, the officers arrested both her and the man from whom she had been fleeing for drunkenness. Both of them were tried before Judge G. D. Johnson Wednesday morning, for intoxication.

Mrs. Ted Bacon of Cisco will leave this weekend after two weeks visit with Mr. and Mrs. Albert Griffith and family. Mrs. Bacon is Mrs. Griffith's mother.
