"YOUR HOME COUNTY PAPER"

VOLUME NUMBER 54 | SNYDER, TEXAS, THURSDAY, MAY 21 NINETEEN HUNDRED AND FORTY-TWO | ISSUE NUMBER 51

ENTERTAINERS GO TO HOSPITAL FOR PROGRAM

Pupils of Elaine Lambert Will Be Featured in Performance at Camp Barkeley Monday

Scurry County entertainers will be presented Monday evening at the Camp Barkeley station hospital in a program sponsored by the local Red Cross chapter. Dance pupils of Elaine Lambert will be featured on the program in a floor show similar to those presented recently in Dallas.

Hospital officials at the army camp have extended an invitation to county people to accompany the entertainers to the Barkeley recreation building for the program and a visit to the army training center. The caravan of cars will leave the south side of the square at 4:00 o'clock.

In addition to the show, Scurry County women and girls are asked by the Red Cross to furnish home-made cookies and candy for the hospital convalescents that evening. People of surrounding towns have made similar gestures in recent weeks as a part of the Red Cross hospital service entertainment project.

The cookies, cakes and candy should be left at the Red Cross work center on the southeast corner of the square before 3:00 o'clock Monday afternoon, leaders in the drive say. Estella Rabel, county home demonstration agent, reminds rural women that their contributions may be brought in as early as Saturday so they may not have to make a special trip to town.

Plans for the Monday evening program were made at a Red Cross chapter meeting early this week, a session that was under the general direction of Mrs. Carrie Line, county Red Cross chairman. Mrs. Ethel Elland is secretary for the county chapter.

Mrs. J. G. Hicks was elected county chairman of the war relief production program of the American Red Cross, and Mrs. T. E. Major will serve as her assistant. Mrs. Hicks takes the place of Jeannette Lollar, who has served as chairman since opening of the work center last year.

Smokes for Soldiers Being Collected by American Legion

At the request of the Scurry County Red Cross chapter, Snyder's Will Layne American Legion Post No. 181 is placing collection boxes and jars in all drug stores of the town and some grocery stores to collect cigarettes for convalescent soldiers at Camp Barkeley, Abilene.

A. B. (Boss) Baze, Will Layne Post commander, states collection jars for coins and cash donations are being placed at convenient locations, and boxes for receiving packages of cigarettes are also placed in many stores.

Why not give a carton of cigarettes to the cause today? The American Legion will appreciate your gesture, and convalescent soldiers at Camp Barkeley will be doubly grateful for your remembrance.

All cash collected in the county-wide campaign will be used to buy cigarettes for sick soldiers, and the "smokes" themselves will be taken to the Abilene army hospital Monday evening.

CC Endorses Move To Get Full Acreage

Officials of the Scurry County Chamber of Commerce reported Tuesday that the county organization is in full accord with a cotton acreage reallotment formula aimed at insuring full production for war purposes, as outlined in a West Texas Chamber of Commerce petition that was presented in Washington Monday afternoon by an eight-man committee.

D. A. Bandeen, manager of the regional chamber, Abilene, states the WTCC is asking the secretary of agriculture, Claude R. Wickard, to reallot to late planting sections all of the unplanted acreage allotment of 27,400,000 acres a sof June 1.

J. Thomas Davis, WTCC president, heads the committee that presented the reallotment formula to Wickard.

Club Work Hums

That home demonstration work in Scurry County communities is forging ahead to new levels was evidenced at Saturday afternoon's gathering in Estella Rabel's office, when more clubs of the county were represented than at any other council gathering held during the past 135 days.

Despite the war-time economy pinches, council members took active measures Saturday afternoon to "whip" the sugar shortage, co-operate 100 per cent in the newly created human chain communication setup and—above all things—keep council work under "full steam" for the duration.

Old World War Posters Returned

Posters that helped win the first World War are at work again on the campus of Texas State College for Women. Nearly a hundred typical war posters, collected by Dr. Jessie H. Humphries, associate dean of the college, while she was doing volunteer war work and attending Columbia University in 1917-18, are stirring up interest among students in the war effort. The brightly colored posters with catchy slogans—all painted by leading artists who donated their talents—show that the same battle for freedom is being fought today.

Eight Club Boys To Get Pigs For Contest Awards

The eight prize winners of the county-wide 4-H Club essay contest on the "Cow, Sow Hen Program of Farming" were announced Tuesday afternoon by Edward S. Hyman, county agricultural agent.

The eight winners in the contest, accompanied by their fathers, will go with Hyman to Sweetwater Saturday morning, where each contest winner will receive a registered pig from Sears, Roebuck & Company, through J. C. Rowland, manager of the Sweetwater store.

Essays entered in the contest, Hyman states, were judged by an impartial committee and winners selected only after careful consideration of each entry.

Contest winners were announced as follows:

Doe Jones J. B. Davidson and Don Lay, Dunn 4-H Club; Lowell D. Hull, Ira 4-H Club; Glenn Toombs and J. E. Moore, Fluvanna 4-H Club; Lonnie Stephens and Bobbie McCormick, Turner 4-H Club.

In conjunction with award of pigs to Scurry County essay contest winners, J. C. Rowland, manager of the Sweetwater Sears, Roebuck & Company store, states a brief program will begin Saturday morning at 11:00 o'clock.

Following the program, the county 4-H Club boys and their fathers will be guests at a luncheon. Registered pigs for the group will then be selected. In the lot will be one registered Hampshire pig and the rest will be Duroc Jerseys.

As a contribution to the Food-for-Victory program, the eight Scurry County winners of pigs will be asked to exhibit their pigs this fall in a competitive show. Top place winner will receive a registered Jersey heifer and other winners will receive baby chickens.

Peanut Acreage Goal May Be Surpassed

Sale of Spanish seed peanuts to Scurry County producers is daily increasing, the county AAA office disclosed Tuesday afternoon.

County producers have already purchased a carload of seed peanuts handled by Winston Feed Store, one block north of the square on Avenue S, and are expected to purchase the truck load that arrived this week in short order.

Scurry County's War Board believes county farmers will surpass the goal of 1,500 acres set up as a goal for 1942.

Spanish peanuts, as county producers are aware, can be planted on feed or cotton land and not on neutral acreage, the county Triple A office declares.

207 Persons Refused Sugar Ration Books

Members of the Scurry County Ration Board announced Tuesday that revised figures indicate 10,792 Scurry County people signed May 4-7 in the sugar rationing program.

Only 207 persons filed applications for ration booklets that were denied, board members report—a denial percentage that is much lower than in several other nearby counties.

Stevenson To Be Central Figure at All-County Rally

Pat Bullock, acting county superintendent and county chairman of war bond and stamp sales, reports final plans have been drafted to "put the big pot in the little" when Governor Coke R. Stevenson of Texas visits Snyder Monday, June 1.

Purpose of the governor's visit here is to put some "push," as Bullock says, in county war bond and stamp sales.

The governor, accompanied by his secretary, Ernest Boyett, will arrive June 1 at 12:00 p. m. A county-wide patriotic rally and program will begin on the court house lawn at 1:45 p. m. and Governor Stevenson will speak at 2:30 p. m.

Others who will appear on program in behalf of bond sales will be Homer Leonard of Austin, speaker of the House of Representatives, Hop Halsey of Lubbock, representative of the 119th District, and others.

Snyder and Scurry County people are urged by Bullock and other members of the war bond and stamp committee to turn out 100 per cent for the rally. More details of the rally will be published in next week's Times.

Cotton Consumption For April Sets New Record Says Report

In its weekly cotton market review, the agricultural marketing service of the U. S. Department of Agriculture advises Scurry County producers that cotton consumption during April stood at almost 1,000,000 bales—largest total of any month on record.

"Domestic consumption in April," the review stresses, "totaled 999,000 bales against 967,000 bales in March and 921,000 in April of 1941. Daily rate of April consumption stood at 45,900 bales.

"Activity in Texas and Oklahoma markets was substantially above that of the preceding week. The Dallas market Friday was 20.08 cents, three points lower than for the preceding week.

"Producers will be interested in the fact mill demand continues steady for the higher grades in medium lengths, but very little cotton of such quality is being offered for sale."

The cotton market review bulletin indicates cotton sales are slackening pending additional developments in Washington.

Local Army Officers Attending Schools

Lieutenant Colonel John E. Sentell, who has been stationed at Camp Blanding, Florida, since Scurry County's Company G boys were transferred there, is now at Fort Leavenworth, Kansas, taking a nine-week officers' training course, The Times learns.

Colonel Sentell has made an excellent record at Camp Blanding as a tactical expert, and will finish the officers' special course in mid-July.

Captain Tim O. Cook also is taking a nine-week officers' training course, in Maryland. Cook will finish his training in July.

NEARLY INCH OF RAIN FALLS OVER COUNTY

Crop Reviving Moisture of Monday And Tuesday Brings County's Total for Year to 3.42

Rainfall, accompanied by considerable hail, swept across Snyder and Scurry County late Monday afternoon, night and early Tuesday morning to bring the county its first rainfall since April 30.

Rainfall Monday afternoon, night and through 8:00 o'clock Tuesday morning gauged .77 of an inch in Snyder. Hermleigh reported a fall of .74 of an inch, and the Canyon community southwest of Snyder received an inch fall.

Considerable hail was reported over the county, but the stones were small and did only slight damage to gardens and early crops.

Pyron reported .72 of an inch rainfall, and the Fluvanna community in Northwest Scurry County received approximately one-half inch precipitation.

Borden County reported from one-half to three-fourths inch rain from Monday afternoon through Tuesday morning, and Garza County ranchmen said moisture total was around .60 of an inch.

Lamesa, county seat of Dawson County, recorded only a quarter inch rain. Abilene, county seat of Taylor County, reported more than three inches of rainfall Monday night from 9:00 to 10:00 o'clock.

County farmers and ranchers report this week's rain has made it possible to continue planting cotton and feed, and has greatly revived rangeland.

According to figures furnished by Mrs. Wesley Evans, government weather recorder, Scurry County moisture total for 1942, prior to this week's rain, stood at 2.72 inches. This week's installment hoisted the total to 3.42 inches.

High and low temperature readings from last Thursday through Wednesday follow:

DATE—	high	low
May 14	89	49
May 15	71	36
May 16	81	41
May 17	96	58
May 18	90	54
May 19	77	55
May 20	77	54

18 Will Graduate Wednesday from Hermleigh High

A. C. Bishop Jr., Hermleigh School superintendent, reported Wednesday that baccalaureate services for members of Hermleigh School's 1942 senior class will be held Sunday evening, 8:45 o'clock, in the school gymnasium.

Rev. G. A. Elrod, Baptist minister of Roscoe, will bring the evening's main address.

Graduation exercises for eighth graders of Hermleigh School will be held Wednesday evening, May 27, in the school gymnasium, with Pat Bullock, 118th District representative, as speaker.

Commencement exercises for the 18 members of Hermleigh's 1942 senior class will be staged Thursday evening, May 28, in the gymnasium. The program will be a student participation type—a kind that is proving popular in West Texas.

Superintendent Bishop says Gwyn Spykes has been selected valedictorian of the class, and Winona Leech has been named salutatorian.

County Navy Relief $12 Short of Quota

H. L. Wren, county chairman of the U. S. Navy Relief Society, announced Wednesday morning that contributions to the society fund stood at $238—only $12 short of Scurry County's quota.

"Surely," Wren said, "if a town like Crowell, that was virtually destroyed by a tornado, can oversubscribe its quota, we can push the drive over the top in Snyder and Scurry County.

"All funds collected in the navy relief society campaign will be used to assist widows and children of navy men, and for other angles of navy relief. Those who have relatives or friends in the navy will doubtless want to help in this drive, and such persons are urged to bring their contributions in as soon as possible."

Kelcy Speaks Sunday To Snyder Seniors

Bro. Raymond C. Kelcy, Snyder Church of Christ minister, was principal speaker Sunday evening at baccalaureate services held in Snyder High School auditorium for members of the school's 1942 senior class.

Kelcy spoke of "Seeing the Unseen," and reminded senior class members that their responsibilities in the world of tomorrow would be governed by activities taken now to mold character.

Hoss Days Again

Who said the horse didn't have a place in this modern age?

So inquired a number of Snyder residents Tuesday morning, when a farmer several miles out of town relied on his "gallant steed" to bring him to town for needed farming supplies.

Since Snyder abolished hitching posts many years ago, and street lights were rather far apart, the farmer rode up to the stores from which he needed supplies and obtained curb service. How's this instance for saving automobile tires—if you're lucky enough to have tires?

FINAL WEEKS OF IRA SCHOOL GOING AHEAD

Classes Being Conducted in Gym And Churches—Loss to Blaze Verified at $30,000

Despite the disastrous fire that wiped out the Ira School plant early last Thursday morning, Paul E. Sweatt, school superintendent, stated Tuesday that classes are being conducted for the term's last two weeks in the school gymnasium and in churches of the Ira community.

Superintendent Sweatt points out that high school work is being staged in the native rock school gymnasium, and grammar grade classes are being conducted in three church buildings.

According to a careful check over the week-end, The Times was correct last week in estimating damage in the fire loss at $30,000.

The Ira School plant, a $22,000 brick edifice, was completely destroyed. Equipment losses included 10 virtually new Remington typewriters, an adding machine, all high school and grammar school records—which are implaceable—all trophies, basketballs, basketball suits, vocational agriculture department equipment, the school library and about $15 in cash.

Members of the Ira School faculty report that caps and gowns for senior class members had been given the seniors last Wednesday. Superintendent Sweatt had class diplomas at his residence.

Snyder's volunteer fire department answered a call to the Ira School disaster, but was hampered by lack of water in trying to extinguish the blaze. A shift in the morning breeze made it possible to save the modern home economics building from damage and [illegible] p.m.

Members of the Ira School board reported Tuesday afternoon that plans for another school plant are underway, and will be announced when complete details are available.

Clairemont Seaman Decorated for Part In Daring Sub Feat

Lawson Junior Hyatt, seaman second class and son of Mrs. Carrie Abercrombie, Clairemont, was decorated early this week by the war department as a personnel member of the American submarine that braved bombs and shore batteries to bring out a vast amount of gold, silver and securities from the Philippines before the Japanese could get their hands on it.

So secretly, the war department states, was the operation carried out that although the submarine patrol spent the night of February 3 unloading anti-aircraft ammunition and loading gold and silver at Corregidor, the day of February 4 hiding off shore and a few minutes that night taking aboard securities, the enemy never found out what was going on.

The submarine Hyatt was attached to was commanded by Lieutenant Commander Frank W. Fenno Jr. of Westminister, Massachusetts. Other officers and men of the submarine, in addition to the Clairemont youth, were commended and given decorations for adding "another brilliant saga to the feats of the navy's underseas vessels in the Pacific war zone."

Table Shows Let-Up In County Drillings

Considerable slackening of drilling operations in Scurry and other counties of the Permian Basin is reflected in a comparison of operations for the week that ended Saturday and those of a comparable period a year ago.

For the week ending May 16, only six tests were listed for Scurry County, compared with 13 tests listed for the same period in 1941.

Permian Basin activities in Scurry and neighboring counties for the week that ended Saturday are listed as follows:

COUNTY—	1941	1942
Scurry	13	6
Fisher	6	2
Borden	2	1
Mitchell	11	6
Garza		1
Stonewall	2	0

ERADICATION OF PESTS WILL BE DISCUSSED

Demonstration Saturday Also Will Deal with Balanced Nutrition In FSA Headquarters

Attention of Scurry County Farm Security Administration clients and other interested people is directed by county FSA officials to a pest destruction and nutrition demonstration that will be staged Saturday morning, 10:00 o'clock, at the FSA office, basement of the Fair Store, square's northeast corner.

Gerald G. Gordon, county FSA supervisor; Hugh Birdwell, assistant supervisor; and Mrs. Ida J. Crosby, county FSA home management supervisor, state a short course in nutrition will be conducted in conjunction with the demonstration.

Within 60 minutes time from beginning of the course, attendants can tell whether or not they are eating balanced foods. The following will appear on program Saturday morning:

Mrs. Jess B. Green, "Is Your Family Really Well Fed?"; Mrs. Joseph N. Burleson of Ira, "Feeding Your Family Vitamins;" Mrs. Tom J. Mason of Hermleigh, "Minerals Are Mighty Important;" Mrs. Pete T. White of Dunn, "You Need Plenty of Protein and Calories;" Mrs. Autry Light of Plainview, "The Rewards of Better Nutrition;" and Mrs. Crosby, a demonstration on "Cooking the Nutritional Way."

In conjunction with the demonstration on destroying insect pests and the nutrition demonstration, a guessing contest will be conducted on nutrition. "Is That Really True?" will be the subject of the contest, to be conducted by Mrs. G. B. Williams and Mrs. Herman Hundsnurscher of Hermleigh.

Lions to Arrange Radio Broadcast Sunday at 1:30

Members of the Snyder Lions Club announced Tuesday, at the organization's regular weekly luncheon in the Manhattan Hotel, that the club's major contribution to boost war bond and stamp sales will be a 30-minute radio program to be presented Sunday afternoon over Station KXOX, Sweetwater.

Officers of the club state the program will be given Sunday afternoon from 1:30 to 2:00 o'clock. Musical talent from this trade zone will be featured on the program. It will [illegible] special numbers. Radio fans are urged to tune in for the program.

Entertainment was provided at the Tuesday club luncheon by five members of the Snyder Thespian Club, who presented a one-act play.

Directed by Rose Marie Clawson, Snyder School faculty member, cast for the play was composed of E. A. Birdwell, Herschel Crosby, Douglas Witherspoon, Ola Margaret Leath and Doyle Stokes.

Lions L. A. Chapman, I. W. Cox and Marcel Josephson were named members of the nominating committee to select candidates for new club officers. New officers will be named in June, and will take office about July 1.

Four at Hermleigh Get Diplomas For Courses in Metals

C. B. Bentley, Hermleigh School vocational agriculture instructor, reports four young men of the Hermleigh community were awarded diplomas Saturday evening as a climax to their completion of a 10-week defense school course in metals.

The quartet of young men who completed the metals course and received "sheep skins" were Willie Prince, Foy Lewis, Jess Spykes and Leonard Fargason. These four took 100 hours of training in order to finish the last defense school course of the current school term.

Bentley states a total of 20 youths enrolled in the course, but only the four mentioned above took the required 100 hours of training. W. A. Vernon, Hermleigh blacksmith, conducted instruction work five nights each week.

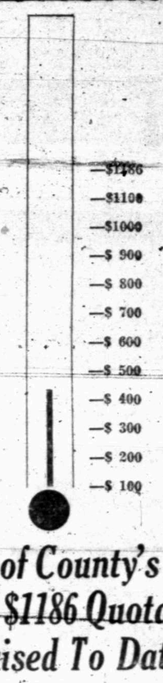
Training included in the metals course was forge work, tempering and soldering.

Snyder Sailor Listed As Missing Casualty

Carl Brown Anderson, son of Mrs. Rosella Anderson of Snyder, and a former Snyder youth well known in Scurry County, was listed this week by the U. S. Navy Department as "missing in casualty list No. 3, covering the period from December 7, 1941, to April 15, 1942, inclusive."

Details of the Anderson casualty were withheld by the Navy Department, but Anderson's name was included in a list of 10 West Texans listed as "unaccounted for in naval action."

USO Drive Lags



Third of County's USO $1186 Quota Raised To Date

W. J. Ely, Scurry County United Service Organization chairman, reported late Wednesday that Martin, Ennis Creek and Turner compose three county communities that have reached USO quotas this week.

A trio of communities, Dunn, Fluvanna and Bison, reached their quotas last week. Chairman Ely states $474.44 has been raised to date in the county-wide drive, with the county quota set at $1,186.

T. J. O'Brien, state USO coordinator, was in Snyder Wednesday in the interest of Scurry's drive, and reported six out of 10 counties in the state's three regions had surpassed quotas.

Jake Sandefer Jr. of Breckenridge, USO coordinator for Region 14, of which Scurry County is a part, reported Wednesday that Nolan and Stephens constitute the two counties in the region that have exceeded allotments.

Region 14, is composed of: Scurry, Mitchell, Shackelford, Fisher, Nolan, Callahan, Taylor, Jones, Coleman, Brown, Stephens, Eastland and Comanche Counties.

Ely and Lee T. Stinson, vice chairman of the county USO drive, state efforts will be made to bring Scurry's offerings "up to par" next week. Donors who like may give direct to Stinson or Ely, although community chairmen have been named and will gladly accept donations of any amount.

305 in Scurry and Borden Get Old Age Checks During May

The State Department of Public Welfare, Austin, announces that through Tuesday of this week old age assistance checks were mailed to approximately 305 recipients in Scurry and Borden Counties.

May pension checks for the aged average $19.58, the department emphasizes. May old age assistance total for Texas was listed at the $3,374,649 level.

While no figures were available this week from Scurry or Borden Counties, the department received 3,187 new applications over the state for old age assistance during April, and 194 new applications for aid to the needy blind.

The State Department of Public Welfare declares that a total of $68,661 will be distributed this month in the aid to the blind division. The May grants will average $22.89. In the aid to dependent children unit, May grants will average $20.73 per family.

More Dirt Work on West Side Finished

As a follow-up to the flood control project work done recently on Dry Creek, in East Snyder, lot of the Snyder Cooperative Gin plant, two blocks west of the square, has been raised approximately a foot on the west side and two feet on the east side by Dewey Everett, contractor.

The work included cleaning and improving the west bank of Deep Creek. Members of the Everett crew also moved considerable dirt west of the Yoder bridge on 26th Street to raise a lot approximately two feet. This improvement work included clearing the west bank of Deep Creek.

Rayburn Beeman Recovers

Mr. and Mrs. Ross Beeman of the Round Top community received word Tuesday that their son, Private First Class Rayburn Beeman of Fort Lewis, Washington, has recovered from a recent siege of illness, been dismissed from the camp hospital and is back on duty. Rayburn, who has been in the U. S. Army almost two years, is attached to the 98th Field Artillery, Battery O.

76 TO RECEIVE DIPLOMAS AT FRIDAY RITES

Members of Senior Class to Give Graduating Program—Evelyn Clark Named Valedictorian

Snyder School Superintendent E. L. Farr states graduation exercises for senior class members will be staged Friday evening, 8:30 o'clock, in the high school auditorium.

Following the processional by Nadel Wilson, the group will sing "God Bless America." "We'll Meet Again" will be sung by Frieda Kelley, Marian Letcher, Alice Birdwell, Bernadine Berry, Dorothy Murphree, Raymond Mangum, Billy Hamilton, Junior Miller, E. A. Birdwell and Rob Boren. Virginia Preuitt will play accompaniment.

Valedictorian Evelyn Clark will speak on "Should Education Stop for War," and Florene Fisher, salutatorian, will discuss "Students' Part in Home Defense."

Dorothy Murphree will speak on "The Necessity for Physical Fitness," and Superintendent Farr will present diplomas to the 76 graduates.

Members of the class are: Mazel Allen, Mattie Bell Barnett, J. N. Bates, Frank Bearden, Bernadine Berry, Jimmie Billingsley, Alice Birdwell, Nan Blakey, Ross Blanchard, Muriel Bullard, Robert Boren, Jimmie Burt, Elsie Bynum, Glendon Bynum, Carol Chesbro, Evelyn Clark, Herschel Crosby, Cleo Eades, J. C. Eades, Joe Eaton, Frances Evans, Reginald Evans, Florine Fisher, Pluma Griffin, Billy Hamilton, Bobby Jo Hays, Louise Hicks, Eugene Hickey;

Colon Higgins, Annie Rue Horsley, Dorothy Irion, Hughlene Jeffress, Bryan Jordan, Leonard Keller, Frieda Kelley, William Leftwich, Marian Letcher, Kathrine Lynch, John T. Lynch, Jimmie Merritt, Junior Miller, Wanda Moffett, Milton Moore, Billy Newton, Mary Niles, Faydean Norred, Johnnie Panter, Juanita Patrick, Gaynell Pherigo, Miller Price, Virginia Preuitt, Loyette Ryan, Katherine Smith, Patsy Snodgrass;

Doyle Stokes, Marshall Strayhorn, Mary Louise Taylor, Junior Thomas, Howard Turner, Grady Weller, Clara Wells, Emma Woodard, Nadel Wilson, Genevieve Yoder, Raymond Mangum, Garland Rollins, Dorothy Murphree, Clarence Mason, E. A. Birdwell, Vivian Bullard and Frances Russell.

Reduction in Gas Rate for Snyder Effective May 15

Through Roy Foster, Snyder manager, the Community Natural Gas Company announces this week a flat reduction of 10 cents per 1,000 cubic feet in local natural gas service rates for residential and commercial customers, effective with May 15 meter readings.

Officials of the gas company estimate that the new rate reduction will save Snyder gas customers several hundred dollars annually.

The decrease, Will C. Grant of Lone Star Gas Company announces, was made possible when Lone Star Gas Company—the pipeline company—voluntarily agreed with the Federal Power Commission to reduce rates by the amount stated above. Over-all saving throughout the Lone Star Gas System will approximate $2,000,000 a year.

Another gas company official, Chester L. May, Community Natural Gas president, says the flat 10 per cent decrease from present rates will stand while the company confers with the Texas Railroad Commission on a new rate schedule.

Wedgeworth to Take CC Office Monday

E. O. Wedgeworth, Fluvanna School chief for the past several years who was recently named to direct the destiny of the Scurry County Chamber of Commerce as manager, will assume CC duties here early next week, directors stated Wednesday.

Wedgeworth was named chamber of commerce manager only after qualifications of all candidates were weighed, CC officials state, and will shortly announce a works activity program for the civic organization.

Von Roeder Orchard Not Injured by Hail

C. N. and Nolan von Roeder, operators of the Von Roeder Seed Farms, Knapp, reported Tuesday afternoon that the von Roeder orchards were undamaged by the hail and rain storm that swept most of the Knapp and Murphy communities late Monday.

The von Roeder brothers express the opinion that their orchards will yield approximately 5,000 bushels of fruit this year—peaches, plums and apricots. Fruit in the orchard will begin ripening in early June, they state.

The WOMAN'S Page

Jeannette Lollar and N. R. Clements Married Thursday at San Angelo

Mrs. T. L. Lollar is announcing the marriage of her daughter, Jeannette, to Sergeant N. R. Clements of Randolph Field, son of Mrs. W. H. Clements of Snyder. Marriage of the couple took place at the First Methodist Church in San Angelo last Thursday afternoon, 2:00 o'clock, in a simple ring service.

The couple drove to San Angelo to be married and on to Corpus Christi and Port Aransas for a 10-day wedding trip. Sergeant Clements reports back to the air base for duty Friday, and the newlyweds will live in San Antonio.

For her marriage, Mrs. Clements was wearing an aqua blue mesh jacket dress trimmed with chenille embroidery, a leghorn picture hat and other accessories of brown and white.

After graduating from Snyder High School in 1932, the bride took her bachelor's degree from Texas State College for Women, Denton, in 1936, and her master's degree from Columbia University in 1937. Clothing was her major in both colleges,

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the *gentle* way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c

Hermleigh Girl Is Graduate Nurse

Nova Bowen, daughter of Mrs. Myrtle Bowen of Hermleigh, was one of the 45 nurses to graduate from the Shannon West Texas Memorial Hospital School of Nursing, San Angelo, in exercises held Monday evening. Class members, their families and friends gathered at the San Angelo Junior College auditorium for the rites.

After graduating from Hermleigh High School in May, 1939, Miss Bowen entered training at Shannon in September of that year. She will remain in the hospital until September this year.

At the conclusion of the graduation exercise, a reception was held in the roof garden of the new nurses' home. Cake and punch were served to the families and friends of the graduating class members.

Mrs. Bowen and children, Tom, Fred and Katherine, and Doris Gene Freytag were in San Angelo Monday for commencement activities.

and the next two years she taught the course in a Huntington, Pennsylvania, junior college and at the Georgia State College for Women at Milledgeville.

The past two years she has been at home here, and during that time she has been a junior club worker. She has served as Scurry County chairman for the war relief production program of the American Red Cross since opening of the work center early last year.

Sergeant Clements volunteered in the army air corps more than a year ago, and he is a clerk in the headquarters company at Randolph Field. He graduated from the local high school in 1931 and attended McMurry College and the University of New Mexico at Albuquerque.

Graduates

Pictured above in uniform is Nova Bowen, daughter of Mrs. Myrtle Bowen of Hermleigh, who was among graduates of Shannon Memorial Hospital, San Angelo, in exercises Monday. Miss Bowen is a 1939 graduate of Hermleigh High School.

Mrs. J. C. Burleson Is Oldest Mother at Club

Mrs. J. C. Burleson, 73, was the oldest mother present last week, when Ringside Study Club held its annual mother's party at the home of the club president, Mrs. A. C. Martin. A vase of roses was presented to Mrs. Burleson.

As the roll was called, Ringside Study Club members presented each guest a linen handkerchief. Roses decorated the Martin home for the party, and pink and green, club colors, were employed in the refreshment plate of heart-shaped cookies and punch.

Mrs. R. W. Huckabee, guest, gave the scripture reading, and Mrs. Leon Wren, also a guest, discussed the origin of Mother's Day and paid tribute to all mothers of the universe. Small Parker Roe, son of Mr. and Mrs. Horace Roe, gave a reading, titled "Peach Pie."

Guests attending the party were: Mmes. Burleson, Wren, Huckabee, W. F. Reed, Janette Zumwalt, Horace Carmichael, E. B. Baugh, T. W. Angel, H. G. Reynolds, Lida Peterson, R. E. Gray, J. G. Whatley, J. W. McGaha and John Abercrombie.

Called business session of Ringside Club was held Monday. Features of the gathering were plans for next year's study and work.

Daughter of Former Publisher Marries

Announcements have been received by Snyder friends of the marriage of Marilyn Roberts, only daughter of Mr. and Mrs. J. W. Roberts of Merced, California, to Lieutenant Albert Calvin Prendergast of the U. S. Army air corps. The bride's father is a former Times publisher.

Marriage of the couple took place in Merced on April 24, and they will continue to live there. Lieutenant Prendergast is stationed at the air corps basic flying school at Merced.

After her graduation from high school, Marilyn took commercial courses, and for the past several years she has been an employee of the gas company in the California town.

Victory Class Has All-Day Meeting

Victory Bible Class of the Methodist Church enjoyed an all-day meeting at the home of Mrs. W. P. Smith last Wednesday. Mmes. M. W. Clark and E. F. Wicker were assisting hostesses.

Two quilt tops for the Red Cross were completed during the day, and a covered dish luncheon was served at noon. Mrs. Wicker, president, was in charge of arranging reports of visits, trays and flowers to sick and strangers. Mrs. J. S. York, a guest, assisted with the day's work.

Members attending, besides the hostesses were: Mmes. Pearl Martin, W. A. Rodgers, I. W. Boren, R. M. Stokes, Joe Strayhorn, D. P. Strayhorn, W. E. Doak, Bud Crawley, Giles Garner, W. R. Shultz, Allen Warren, H. B. Winston, J. T. Ramsey and A. M. Curry.

Mrs. B. Murphy Honored at Gift Party Thursday

Mrs. Bruce Murphy, the former Helen Cauble, was honored at a bridal gift party last Thursday afternoon, 5:00 o'clock, at the John Spears home here. Roses and other spring flowers were arranged in entertaining rooms.

Hostesses for the affair were Mrs. Spears and her two daughters, Mrs. Lee Smyth of Abilene and Mrs. Ed J. Strout of San Antonio, Mrs. L. G. Ely, Mrs. A. C. Alexander and Allene Curry.

Mrs. Spears greeted guests and presented the honoree, who was dressed in a dusty rose crepe frock—her wedding dress—and wore a corsage of roses. Others in the receiving group were the bride's mother, Mrs. W. H. Cauble, her sister, Mrs. W. H. McMullen of Mineral Wells, Mmes. Alexander and Ely.

Mrs. Armor McFarland played piano numbers as guests assembled, and her special selection was "Ah, Sweet Mystery of Life." The gifts were presented in a toast to the honoree by Mrs. Strout, and the first ones were brought into the room in a basket decorated with red, white and blue.

Refreshment plates held open-face sandwiches, cookies and iced punch. Favors—small silver bomber planes—were significant of Murphy's place as an armer on a bomber in the United States Air Corps. Names of the couple and their wedding date were rolled to form bombs that pulled down from the bottom of the planes with ribbons.

Thirty-five guests registered in the bride's book. Only out-of-town guests, besides those in the house-party, were Mrs. Johnnie Mason and Margie Carlock, both of Roby.

Mrs. Murphy left Snyder Friday to spend the week-end in Albuquerque, New Mexico, with her husband, who is qualified for officers' training and is awaiting call. He was stationed at the Albuquerque base at the time of their marriage, April 18.

Elda Jean Littlepage In Piano Recital

Mrs. Leonard Chapman, local piano instructor, presented Elda Jean Littlepage, daughter of Mr. and Mrs. J. O. Littlepage, in her intermediate piano recital Friday evening at the Littlepage home. Elda Jean qualified with the recital according to state requirements in applied music.

At the close of the piano program, Mrs. Littlepage was assisted by Connie Jean McMullen and Frances Sentell in passing punch and cookies to the following guests: Mmes. S. L. Morgan, C. F. Sentell, C. V. Morris, Willard Jones, J. E. Spelce, R. C. Gilmore, Harry S. Lee, Warren Dodson, W. W. Headstream, T. W. Pollard and Chapman, Lola Mae Littlepage and Elizabeth Spelce.

Final Meeting Held By Woman's Culture

Last meeting for the present club year for Woman's Culture Club was held Tuesday afternoon, Mrs. J. R. Huckabee was hostess at the new home of her daughter, Mrs. Joe Hale. The home was beautifully decorated with cut flowers and art work of Mrs. Hale, who is one of the outstanding painters of Snyder.

Annual reports were given by committee heads and officers, under direction of Mrs. E. J. Richardson, retiring president, who made her farewell address. Mrs. H. L. Wren, president for the next two years, was introduced, and she presented other new officers and announced committees.

Mrs. B. M. West, guest speaker for the afternoon, gave a report of the recent convention in Fort Worth of the General Federation of Women's Clubs. The hostess passed refreshments to the guest and nine club members.

Annual Spring Dance Revue Slated Monday

Elaine Lambert will present her pupils in their annual spring dance revue at 2:00 o'clock Monday afternoon in the high school auditorium. The public is invited to attend.

Mrs. Lambert usually presents her revues in the evening, but this year the unusual hour is due to a request performance of the students at the Camp Barkeley hospital Monday evening. Hospital entertainment is sponsored by the American Red Cross at the Abilene army center.

Immediately after the local appearance of the Lambert dancers, the majority of the students will leave for Abilene for the camp hospital show.

Mrs. Waddill Is El Feliz Hostess

El Feliz Club members and guests were at the home of Mrs. A. W. Waddill Friday afternoon to play forty-two. The dining room and other portions of the house were decorated with flowers for the party.

At the close of games the hostess passed ice cream and cake to Mmes. R. H. Curnutte and E. L. Farr, guests, and the following members: Mmes. J. E. LeMond, G. H. Leath, P. C. Chenault, W. J. Ely, R. H. Odom, W. E. Doak, W. G. Williams, I. W. Boren and J. W. Scott.

New officers of El Feliz Club are: Mrs. Odom, president; Mrs. H. L. Vann, vice president; Mrs. Scott, secretary; Mrs. Leath, treasurer.

Mrs. Vann is to be next club hostess, May 29.

NERVOUS AND SKIN DISEASES
Snyder, : Texas

Shower Honoree

Mrs. Bruce Murphy, shown in the above picture, was complimented at a bridal shower given at the home of Mr. and Mrs. John Spears last Thursday. Formerly Helen Cauble, daughter of the W. H. Caubles, Mrs. Murphy became the bride of the army air corps volunteer in a marriage service held at Albuquerque, New Mexico, April 18. Murphy's parents are Mr. and Mrs. Edd Murphy of Knapp.

P-TA President at Goldsmith.

Mrs. Max Brownfield, former Times society editor, was recently installed president of the Goldsmith Parent-Teacher Association for next year. The former local resident, daughter of Mr. and Mrs. J. W. Scott of Snyder, will take special interest in P-TA work at Goldsmith next year, since her son, Bobby Max, will begin school in September.

Wedding announcements? Times.

Dorothy Murphree to Give Senior Recital

Dorothy Murphree, senior in the local high school, will be presented in her senior piano recital next Tuesday evening, 8:30 o'clock, at the First Baptist Church. Her instructor, Mrs. Lucile Strayhorn Dougherty, announces that the public is invited to attend.

A feature of the program will be a piano-organ concerto by Mozart, played by Miss Murphree and Mrs. Dougherty. Other numbers on the program will include: "Minuet Waltz" by Chopin, "Berceuse" by Godard, "Minuet" by Padarewski, "Moonlight Sonata" by Beethoven, and "Two Larks" by Leschetizky.

Daughter of the W. T. Murphrees, Dorothy plans to continue her music education at Hardin-Simmons University, Abilene, next year. Ushering for the Tuesday evening recital will be Marian Letcher, Frieda Kelley, Virginia Preuitt and Alice Birdwell.

Mrs. Odom Attends Methodist Assembly

Mrs. R. H. Odom left Sunday morning for Columbus, Ohio, as the official West Texas Conference representative of Wesleyan Service Guilds to the Assembly of Woman's Society of Christian Service for Methodist women of the nation. The assembly is the first such gathering since Methodist unification.

Outstanding speakers will appear on the four-day program, and the prominent women of WSCS work will be in attendance.

Other West Texans scheduled to attend the sessions include: Mrs. C. A. Bickley of Abilene, conference WSCS president; Mrs. H. M. Hilburn, of Lubbock, corresponding secretary of the conference; Mrs. O. B. Jackson of Plainview, district secretary; Mrs. C. M. Randal of Seymour, member of the general board; and Mrs. George Robertson of Childress, Vernon district secretary.

Relatives Visit Twins.

First out-of-town visitors for the M. O. (Jack) Patrick twins, born in the local hospital Saturday, were their maternal grandparents, Mr. and Mrs. A. E. Lock of San Angelo, and Mr. and Mrs. Glen West, also of San Angelo. The twin son and daughter of the former Willie Lock and Patrick are named Virdie Oran and Myrtie Ora. Mrs. Patrick, formerly was home supervisor in Scurry County for the Farm Security Administration.

RESTRICTIONS AS TO DELIVERY SERVICE

The business men of Snyder are cooperating in placing before the general public the rules and regulations as they apply to Free Retail Delivery Services, effective May 15, 1942. Customers of the firms are urged to cooperate with us in complying with the following instructions from the Director of Transportation. These regulations are designed as part of a national movement to conserve the rubber tires of delivery trucks and to reduce the consumption of gasoline so vitally needed in the war effort. We know our patrons will cooperate in this movement.

"By virtue of the authority vested in me by Executive Order No. 8989, dated December 18, 1941, and in order to conserve and providently utilize local delivery transportation facilities and equipment, including rubber tires, for service in the several cities and other communities in the United States; to provide for the continuance of the distribution and delivery of necessary traffic in such cities and communities; and to conserve vital equipment, materials and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war, it is hereby ordered that:

"Effective May 15, 1942, local carriers are forbidden to make any special deliveries except to hospitals and the armed forces of the United States, and except emergency deliveries of supplies necessary to protect public health, life and safety. Effective May 15, call-backs made in a second attempt to deliver shipments on the same day or to make collections are prohibited, and carriers may not make more than one delivery to any one person in a single day. However, if deliveries to one person are so large as to require more than one vehicle, this may be considered as a single delivery.

"After June 1, local carriers using rubber tires are required to reduce their total mileage by at least 25 per cent each month as compared with the corresponding month in 1941. In computing the mileage reduction, mileage saved by cutting down on deliveries and by eliminating special deliveries and 'call-back' may not be included. In the event you have no mileage records for last year, take your gasoline consumption and calculate a specific mileage record from the gasoline consumed during each month of 1941.

"Local carriers are required by this order to keep mileage records as well as records showing the steps taken to comply with the other requirements of the order.

"By order of the

DIRECTOR OF DEFENSE TRANSPORTATION."

Grocery orders received after 10:30 a. m. will be delivered in early afternoon; orders received after 5:00 p. m. will not be delivered until the following morning. This makes it possible to carry more orders at one time and eliminate chances of doubling back over the same routes. This is not designed to inconvenience our patrons in any way, but to prolong delivery service as much as possible. Only through this method do we hope it can be done. Patrons are urged to help us in this effort to conserve rubber.

FARM GROUPS ORGANIZE FOR EMERGENCIES

Frank A. Wilson Named Chairman of County Council Designed to Function as War Unit

Estella Rabel, county home demonstration agent, and Edward S. Hyman, county agricultural agent, announced over the week-end completion of Scurry County's new "human chain" hook-up for getting war-time information to and from rural families in every sector of the county.

A list of Scurry County's 28 community leaders and 103 neighborhood leaders was forwarded Saturday to the Texas Extension Service headquarters at College Station.

With the list of names a county highway map was submitted, showing the extent and neighborhood boundaries as worked out by members of the Scurry County Agricultural Victory Council in cooperation with neighborhood leaders. Frank A. Wilson of Ennis Creek is chairman of the council.

Most neighborhood leaders have been assigned approximately 13 families in their vicinity, according to the plan, Hyman and Miss Rabel state.

"We hope that all farm and ranch families in the county will learn who their neighborhood leader is and will cooperate with him to make the chain 100 per cent effective," Hyman and Miss Rabel said Wednesday. Details of the system were explained by Hyman Monday in a broadcast from radio station KXOX, Sweetwater.

It is expected that the first information to be transmitted over the chain will concern farmers' compliance with the recent price fixing orders of the Office of Price Administration. Details have not yet been received from Washington.

Members of the county agricultural Victory Council who will serve as community leaders in the chain are: Roy Polk, Mrs. H. C. Flournoy, N. J. Sealy, Mrs. Albert Smith, Holly Shuler, Mrs. R. L. Jones, Frank Strom, Mrs. Jim Sorrells, Mrs. L. F. Sterling, C. D. Franks, Dildy D. Smith, Mrs. L. A. Scott, Mrs. Stanley Merket, Martin Murphy, Orvil Hess, Mrs. E. M. Grindstaff, Joseph Nachlinger, Mrs. Warren Sturgeon, H. P. Winter, Mrs. Cecil Hall, Guy Casey, Mrs. James Davidson, Mrs. John Woodard, Ben F. Brooks, Frank A. Wilson, Mrs. Roy Hargrove, S. W. Trevey, Mrs. Guy Glenn.

Agency representatives on the council include A. G. Alexander, Edward S. Hyman, Estella Rabel, Sterling Williams, George J. Brumley, H. O. Beard, J. M. Byrd, Webb Jones, Dale McWhirter, C. B. Bentley, E. W. Baldwin, Gerald G. Gordon, Mrs. Ida J. Crosby, J. C. Ezell, James Norman and Tom E. Huddleston.

Formerly, the council was known as the Scurry County Land Use Planning Committee.

Leon Autry to Northwestern.

Leon Autry, who completed work for his bachelor's degree at Hardin-Simmons University, Abilene, at mid-term, was home the past week-end to visit his parents, the N. W. Autrys. The local student now is taking work at the Abilene school on his master's degree, with the initial degree to be awarded early in June. Already qualified for naval reserve officers training, Autry will enter Northwestern University, Chicago, for his first three months training October 1.

Tire Ration List Lead by Permits For Tractor Tires

Giles Bowers, Jim Cloud and J. H. Byrd, members of the Scurry County Ration Board, announced Tuesday evening issuance of approval certificates for 12 tractor tires, five tractor tubes, one passenger tire and 10 passenger tubes, one obsolete tire and tube, two truck and bus tubes, four truck and bus retreads, and nine passenger tire retreads and recaps through Tuesday of this week.

Approvals went to the following:

Tractor tires and tubes—Ruper Constantine Walton of Route 2, one tire, size 7:50x10, and one tube, 7:50x10; Loren Ray McMillan of Route 2, Hermleigh, two tires, 5:50x16; Henry, Grady Gafford of Route 2, two tires, 6:00x16; Roy N. Sterling of Route 3, two tires, 5:50x-16; Roy H. Bonner of Route 2, one tire, 7:50x10; Wiley Eubanks of Arab Route, two 10x38 tires and two 10x38 tubes, two tires, 5:50x16, and two tubes, 5:50x16; and George W. Wiley of Route 3, one tire, 400x19.

Passenger tires and tubes—John E. LeMond, one tire, 6:00x16; R. E. Bratton of Route 1, two tubes, 6:00x-16; Weldon Johnson of Route 2, two tubes, 6:00x16; Gray O. Webb of Route 1, one tube, 6:00x16; Bruce Kerley of Fluvanna, two tubes, 6:00x16; Thurman D. Leech of Route 2, Hermleigh, two tubes, 6:00x-16; and Pope L. Swan, one tube, 6:00x16.

Obsolete tires and tubes—John W. Berry of Route 1, one tire and one tube, 4:50x20.

Truck and bus tube division—Isaac W. Kimzey of Route 2, Hermleigh, two tubes, 6:00x16.

Truck and bus retreads and recaps—Isaac W. Kimzey of Route 2, Hermleigh, two tires, 6:00x16, and Snyder Implement Company, two tires, 7:50x15.

Passenger retreads and recaps—Bruce Kerley of Fluvanna, two tires, 6:00x16; Royce Johnson of Route 3, one tire, 6:00x16; Thurman D. Leech of Route 2, Hermleigh, two tires, 6:00x16; George J. Brumley, one tire, 6:00x16; Pope L. Swan, one tire, 6:00x16; and Eugene F. Parker of Ira, two tires, 6:00x16.

S. W. Grimes, Old-Time City Resident, Dies in California

S. W. Grimes, 94, former Snyder resident and father of Mrs. J. H. Hamlett of Snyder, died Sunday afternoon in Pasadena, California, following a several year illness.

Mr. Grimes was well known to people of this trade area, and was one of the founders of Snyder's First Christian Church. He left here in 1918.

Joel H. Hamlett Jr., a grandson, left Monday morning by train for the California point to attend funeral services, which were conducted Wednesday afternoon.

Survivors include two daughters, Mrs. Hamlett of Snyder and Mrs. Earl Hoffman of Pasadena, a son, Ernest Grimes of Oklahoma City, two grandsons, Joel H. Hamlett Jr. of Snyder and Sam Hamlett of Wichita Falls, three granddaughters, and three nephews, F. G. Sears, Tim Cook and Sears Cook.

Smithers Attend Celebration.

Mr. and Mrs. Morgan Smithers were in Abilene Wednesday for a birthday celebration at the Dee Singletary home. Both Mmes. Smithers and Singletary were observing anniversaries. The Singletarys are former Snyder people.

HOME DEMONSTRATION CLUBS

Estella Rabel, County Home Demonstration Agent

Dermott-Martin Club Meets.

The Dermott-Martin Club met with Mrs. W. D. Boss last Wednesday. The U. S. O. drive was discussed and some plans were made as how to raise Dermott's quota in the drive. Due to the tire shortage, most of the Dermott ladies were unable to attend the Red Cross school at Snyder, so we have bought a Red Cross book and are studying it at our regular meeting. The first chapter was studied, Mrs. Boss as leader. The second chapter will be studied at Mrs. Bessie Perkins' on May 20. Mrs. Perkins will be leader. All the ladies are invited to come and study with us. Of course, no diplomas will be given, but we feel sure the book is worth our time.

Mrs. Boss served the following with a fruit drink and bean pie: Mmes. L. N. Periman, Tom C. Davis, G. D. Gibson, Fickas Bell, Bessie Perkins, Maxine Kelley, Blake Walker, a new member, and Mrs. M. A. Davis of Fluvanna, a visitor.

*

Mrs. John Parker Hostess.

"Stuff green peppers with cottage cheese, chill and slice," answered Mrs. Guy Stoker to roll call when the Tri-Community Club met in the home of Mrs. John Parker Wednesday afternoon.

Other attractive and appetizing ways of serving cottage cheese were given by club members. Mrs. S. T. Joyner presided in the absence of the president, Mrs. M. K. Lemons. The club voted to dispense with refreshments for the duration.

Program topic for the afternoon was "Low Cost Menus." Mrs. Guy Glenn and Mrs. Stoker had parts on the topic, discussing "Menus for the Farm Family," and "Substitutes for Sugar."

Refreshments of sandwiches, cookies and tea were served to the following: Mmes. Clarence Brush, Willard Gladson, Guy Glenn, F. H. Patterson, Byron Pitner, S. W. Trevey, Hubert Robinson, S. T. Joyner, A. M. Armstrong, Tom Brooks, Guy Stoker, and one guest, Mrs. Henry Parker.

*

By observing several simple rules, Estella Rabel, county home demonstration agent, declares Scurry County's homemakers and all home demonstration club members can successfully substitute honey or molasses for part or all of the sugar required in favorite recipes.

Miss Rabel says the characteristic flavors of molasses and sorghums make many foods more delicious. Both vary in moisture and acidity, she says, so the amount she recommends for sugar substitutes are "approximate."

It takes about one and one-half cups of molasses or sorghum to equal one cup of sugar in sweetness. Each cup contains approximately one-fourth cup of water, so the liquid in a recipe should be reduced in proportion. In products which are leavened, about one-fourth teaspoon of soda should be used for each cup of molasses or sorghum.

Miss Rabel gives this caution: Molasses and sorghum burn easily, so the temperature for baking should be lower than the temperature for baking mixtures made with sugar.

Rules for substituting honey for sugar are quite similar. Mixtures with honey brown easily and high heat changes the flavor of honey, so cooking temperatures should be lowered. A cup of honey gives approximately the same amount of sweetness as one cup of sugar, so the exact amount may be substituted. However, each cup of honey, like molasses, contains about one-fourth cup of liquid, so the liquid requirements of the recipe should be reduced one-fourth cup for every cup of honey used.

The home demonstration agent's final advice is: Use approximately one-eighth to one-fourth teaspoon of soda per cup of honey in baked products such as cakes or quick breads.

*

Girls in Breakfast Party.

The Ira 4-H Club met May 13, and the girls had a breakfast party. We cooked hot cakes and had milk to drink. The president has been ill and was not able to be with us. Her mother brought her, but the breakfast was over. I don't know whether we will have any more meetings or not until school is resumed. All the girls regretted coming back to school with no school building.—Reporter.

*

Sugar Discussed at Turner.

"Many of us have been eating too much sugar at the expense of an adequate daily diet, which should include milk, cereals, vegetables, eggs, meat, cheese, etc," Estella Rabel, county home demonstration agent, told members of the Turner Home Demonstration Club who met Monday with Mmes. Harry Clarkson, Joe Clinkenbeard and Idis Allen as hostesses.

Miss Rabel pointed out that sugar gives one energy only, while molasses and sorghum supply, in addition to sugar, iron, calcium and phosphorous.

Mrs. J. M. Glass gave a council report. Mrs. Glass was named recreational leader during the business session and Mrs. Oscar Hooper was named reporter.

Those who answered roll call with their favorite dessert were: Mmes. J. M. Glass, A. R. Turner, Jack Davis, Dee Myers, Oscar Hooper, Idis Allen, Johnnie Lankford, Ruthie Davis, F. C. Hairston, H. B. Colwell, Harold Roberts, Joe Clinkenbeard, L. M. Irion, Harry Clarkson, Marshall Boyd; Misses Alma Williamson, Leona Turner, Iris Lynn Blakely and Rabel.

Next meeting for the club will be June 15 at Turner School, with Mmes. H. B. Colwell, Jack Davis and Oscar Hooper as hostesses.

Movie on Meats To Be Viewed by Clubbers Friday

Total of 11 county home demonstration clubs were represented Saturday afternoon at the regular gatherings of the Scurry County Home Demonstration Council, held in the offices of Estella Rabel, county home demonstration agent.

President of each club represented gave an interesting account of work being done in the respective clubs. Pyron Home Demonstration Club voted to meet once each month, but has missed association work to the extent it may have bi-monthly gatherings.

Announcement was made that a free educational picture show, "Romance in Meat," will be shown in Snyder Friday. Miss Rabel gave attendants pointers on how best to conserve sugar, honey, syrups, molasses and other sugar supplements. Two visiting communities were also represented at Saturday afternoon's conclave.

Edward S. Hyman, county agricultural agent, a council visitor, explained details of the county-wide human chain communication system recently organized. Clubbers present pledged their whole-hearted support to keep the communication chain functioning.

Mrs. Frank Andrews, recreational chairman, led the group during the recreational period.

Announcement was made that the Plainview and Bison clubs will meet in Miss Rabel's office Friday for their first "get acquainted" meeting and a "sugarless dessert" demonstration. Tri-Community and China Grove clubs will meet in the office Monday afternoon, June 1, at 3:00 o'clock—immediately following Governor Stevenson's visit in Snyder.

The council adjourned Saturday afternoon, 4:00 o'clock, and will meet again the third Saturday in June.

Graduating Exercise for Eighth Graders At Plainview Slated

People of the Plainview and surrounding communities are extended an invitation by Plainview School board members to attend eighth grade graduation exercises that will be staged this (Thursday) evening, 8:30 o'clock, at Plainview School.

Mr. and Mrs. J. T. Glass, teachers at Plainview, report primary grade students will present an operetta preceding the formal graduation ceremonies.

Graduation ceremony itself, Mr. and Mrs. Glass report, will be carried out by graduates in the form of a play.

Members of the class are: Mary Dove Pogue, valedictorian; Emma Vernell Head, salutatorian; Colleen Smith and E. J. Russell.

Impressiveness of the Plainview exercises will be heightened by participation in the program of former Plainview students who will graduate from Snyder Schools this year. They include: Florene Fisher, Frances Evans, Reginald Evans, Grady Weller, Emma Woodard and Mary Frances Russell.

Cemetery Working Set at Dunn May 29

Residents of the Dunn and surrounding communities evidenced interest this week in the forthcoming working of the Dunn Cemetery, which will be staged in the southern county community Friday, May 29.

O. K. Davis, superintendent of Dunn School, Rev. W. A. Strickland and Rev. A. B. Cockrell are arranging details of the cemetery working, and urge those who have loved ones or friends interred in the Dunn burial grounds to bring weed exterminating tools.

People of the Dunn and adjacent communities are asked to bring basket lunches for a mid-day spread.

Six-Point Soil Conservation Plan Outlined by Work Unit Leader Here

Six foundation blocks of the soil conservation program in Scurry and Borden County's Upper Colorado Soil Conservation District—six ways in which land conservation resources are shortening the days of Hitler and the Japanese—were outlined Tuesday to property owners by Haskell O. Beard, work unit leader with the Soil Conservation Service.

The six foundation blocks are listed as follows:

"First, conservation of soil and water means greater yields from our cropland, pasture, forest and range.

"Second, conservation means putting every acre of land to work on the production job it is best suited to perform. Different lands are suited to different kinds of production. Conservation means producing the crops on the lands where the most satisfactory results can be obtained.

"Third, conservation means the elimination of waste in farming—the elimination of wasted soil, water, fertilizer, seed, or of any other element of productive capacity.

"Fourth, conservation means increasing the area of tillable land—by control of erosion, by drainage, by irrigation, or by other conservation practices.

"Fifth, conservation means assurance that crops will be produced in spite of drouth, rainstorms, wind and snow—as far as it is possible to protect crops from unusual weather conditions.

"Sixth, conservation means assurance that the agricultural plant will not break down in the middle of the war. Conservation is the only assurance that we will be able to produce at top speed, year in and year out, as long as our critical needs may last," Beard declared.

There are many simple, inexpensive practices which can, and are being adopted by local farmers and stockmen, which not only will result in an immediate increase in crop yields, but will keep our soils producing these increased yields indefinitely. For example, C. H. Stahl of the Inadale community, when asked recently why he did not graze his stalk fields, replied, "I consider it worth more to the maintenance of the soil." In addition, Stahl cultivates his crops on the contour, and follows a definite system of rotating crops. As a result of the use of the simple, inexpensive practices, Stahl's average cotton lint yield for the five-year period 1936-40 inclusive, is 204 pounds per acre, compared with the Scurry County average of 140 pounds.

Assistance in planning and establishing conservation farming systems may be obtained by application to the district supervisors, who are: A. (Pat) Johnston, Snyder; L. E. Long, Gail; Giles Bowers, Snyder; Nolan C. von Roeder, Knapp; and Hoyt M. Murphy of Route 1, Hermleigh.

Applications also may be left at the Soil Conservation office in the court house at Snyder, at the office of the county agent or AAA office, or with the local vocational agriculture teacher.

No Rationing Seen In Reunion Program

Snyder and Scurry County members of the Texas Cowboy Reunion were advised this week that no shortage, rationing or priorities will in any way affect the thirteenth annual Texas Cowboy Reunion, which will be staged in Stamford July 2, 3 and 4.

Arena shows, arranged twice daily, old fashioned dances, held each night of the reunion, and the old fiddlers' contest compose only a few of the entertainment features in store for reunion attendants, show officials declare. Full details on the always popular cowgirl sponsor event and other exposition attractions will be announced at an early date, The Times is informed.

Rotan Firemen Lead County Bond Drive

Indication to Scurry County people that war bond and stamp sales can be put "over the hill" was evidenced in Rotan Saturday when the Rotan Fire Department disposed of $10,500 in the bonds and stamps as a climax in a day-long drive. Fisher County's May quota was set at $8,300.

First sale Saturday in Rotan was a $100 bond bought on behalf of the fire department by Chief Alton B. Parker. The fire department's siren was sounded Saturday each time a $1,000 sale was made.

Mrs. W. E. Holcomb and Allene Curry spent the week-end with the W. T. Cooks and the W. M. Currys in Crosbyton.

Cotton Growers See Optimism in Latest Reports

Highlights on the current cotton situation, furnished The Times this week by the U. S. Department of Agriculture, will prove interesting to Scurry County's 1,500 cotton producers. The agriculture department review follows:

"Cotton consumption, as you know, is pulling ahead of any previous records because of the big need for military fabrics—besides greatly increased need for civilian and household needs.

"The output of bagging material in textile mills will be virtually doubled, cotton producers will be glad to learn, because of the War Production Board order for parts of the textile industry to produce bag sheeting and Osnaburg material for sand bags, camouflaging cloth and for packaging farm products.

"With parts of our textile industry now shifting to the making of bagging materials, our cotton consumption going upward by the week and spinning of textiles at a low ebb in Spain and the Axis countries, the cotton outlook is considerably brighter than at any time in several months. Cotton products are under price ceilings, but prices of raw cotton are advancing because of the demand for cotton products," the agriculture department release concludes.

Mrs. Clara Bowen of Fort Worth is visiting here with her mother, Mrs. A. N. Woodard.

INKOGRAPH
PENCIL POINTED FOUNTAIN PEN

Perhaps you find writing hard work—most people do. But not Inkograph users. They simply dash off letters, business reports, memos, like rolling off a log.

Inkograph's exclusive features make possible a lot of important things that would make an ordinary fountain pen throw up its hands. The secret is in the smooth, ball-like 14-kt. solid gold point, that glides like a soft lead pencil.

The TIMES

You EAT the BEST "ADS" WE TURN OUT!

Yes sir, that's a fact!. If we sat up nights and turned out the best doggone ad we'd ever written, we couldn't come near to getting the results that occur when a person simply bites into a piece of good Wade's Bread. That's the most convincing proof in the world of Wade's superiority.

It takes just that first bite to produce mouth to mouth advertising, and we're very proud of that because it confirms our belief that we're turning out the best bread you can possibly buy! It's FLAVOR that does it, Wade's rich, crusty, perfect bread flavor. Why not switch to Wade's today?

Minimum Acreage Soil Conservation Plan Is Explained

Scurry County's Triple A office has received so many inquiries the past few days on what constitutes minimum conserving acreage, Claud D. Cotton, county AAA administrative officer, clarifies the situation as follows for the county's 1,500 producers:

"On farms where every third row of cotton or feed crops is left idle to conserve moisture, erosion resisting or conserving crops planted similarly will qualify toward the minimum acreage requirement.

"This means that sudan or cane on erosion resisting acreage planted two rows and skipped one will qualify as an erosion resisting crop—provided the cotton or feed land is planted two rows and skip one.

"Otherwise, sudan and cane planted on erosion resisting acreage will have to be planted every row to qualify as erosion resisting acreage," Cotton concludes.

Ambulance Helps Hobbs Woman See Girl Get Diploma

A woman's faith can accomplish a number of seemingly impossible things when that faith is focused, unfalteringly, on one objective.

So it was last Friday evening with Mrs. Jim Herron, resident of Northeast Scurry County's Rough Creek community, who wanted to see her daughter, Donna Mae, receive her eighth grade diploma from Hobbs School.

Mrs. Herron had been bedfast the past several weeks in a Rotan hospital, and was unable to move from her white pillowed bed, but she believed with all her heart she would get to witness graduation exercises Friday evening at Hobbs School.

Faith that she would get to attend the services materialized when a Rotan ambulance was obtained by her husband to bring her to the school. Accompanied by her husband, a nurse and physician, Mrs. Herron was moved to the school auditorium on a stretcher, and—as she had believed for several weeks—witnessed the graduation of her daughter from gramma: to high school.

Mrs. Herron has been critically ill the past several weeks with a stomach disorder, but she lived in faith she would see Donna Mae get her eighth grade diploma. "Now," Mrs. Herron says, "it doesn't matter how rough the road ahead may be. One dream that I've studied hours about has come true, and my daughter will always know that a proud moment of my life occurred when I saw her march across the Hobbs School stage and received her coveted promotion award."

Constitution for New Agricultural Workers Talked

Good attendance and unusual interest marked the regular meeting Tuesday evening of the Scurry County Agricultural Workers' Association in the Farm Security Administration auditorium, basement of the Fair Store.

Discussion of the constitution and by-laws for the organization was followed by adoption of the regulations for the county SCAWA.

Edward S. Hyman, county agricultural agent, gave an interesting talk on "The Humap Victory Chain." An informal, round table discussion on how each government agency in the county could cooperate in the victory chain resulted in assembling of considerable information.

Announcement was made that the next meeting of the group will be held Tuesday evening, June 2, at 8:30 o'clock, with J. C. Ezell, manager of the Snyder Sweetwater Production Credit Association office in charge.

Ezell states an explanation of the work being done by the production credit association will form a theme for discussions. The agricultural workers' club is made up of employees in all agricultural departments in the county. Purpose is to develop a better understanding and bring about closer cooperation between the organizatioss.

Present at Tuesday evening's gathering were: Estella Rabel and Edward S. Hyman of the extension service; Connie Bentley and Webb Jones, vocational agriculture instructors; J. C. Ezell of the Sweetwater Production Credit Association; Claud D. Cotten, county AAA administrative officer; Doyle Hammack, Soil Conservation Service; Mrs. Ida J. Crosby and Gerald G. Gordon of the Farm Security Administration.

Fargason Renamed P. M. at Hermleigh

The Post Office Department, Washington, announced Tuesday that Warren C. Fargason, postmaster at Hermleigh for the past several years, had been renominated for the position at the southeast county community.

Fargason was renominated for the postmastership, along with nominations announced for a number of Texas points. His name for the post was not only approved by the Post Office Department, but has been submitted by President Roosevelt to the Senate for an okay.

Death Takes Mrs. M. E. Williams of Hermleigh Area

Mrs. Mary Ellen Williams, 84-year-old Scurry County citizen and long-time resident of the Hermleigh community, died Friday afternoon at her home in the Hermleigh community, following a several week period of declining health. She was able to attend an annual picnic-reunion in her honor at Sweetwater Park on Mother's Day.

Mrs. Williams, mother of Minnie Lee Williams, Times correspondent of the Hermleigh community many years, was born January 7, 1858, in Alabama.

The long-time county resident had been a member of the Primitive Baptist Church since a young lady. Mr. Williams died in 1902, and is buried at Hubbard. Four children also have died before.

Funeral services for Mrs. Williams were conducted Saturday afternoon, 2:00 o'clock, at the First Baptist Church in Hermleigh. Rev. J. W. Shipman officiated.

Survivors include four sons, C. P. Williams and Ross Williams of Hermleigh, J. B. Williams of Fort Worth, Voyt Williams of Hollywood, California; one daughter, Minnie Lee Williams of Hermleigh; two brothers, C. C. Corley of Sinton and P. B. Corley of Belin, New Mexico; 27 grandchildren and 15 great grandchildren.

Pallbearers were Loranza Bartlett, Wade Bartlett, Noah Bartlett, Leath Bartlett and Esdel Barlett, all of Lamesa, and Ector Hunter of Champion.

Mmes. Hugh Gill and Nell Crumley of Lamesa, Myra Bell Hunter of Champion and Attie Chandler of Stamford were in charge of floral offerings.

Odom Funeral Home was in charge of funeral arrangements, with internment in Pyron Cemetery.

Alumnae Banquet Scheduled at Tech

Snyder and Scurry County ex-students of Texas Technological College, Lubbock, were issued invitations this week to attend the annual Texas Tech alumnae banquet on Tech campus Saturday evening, May 30.

Lloyd Croslin of Lubbock, president of the ex-students and alumnae association, states election of officers and vote on two constitutional amendments will be the principal business up for transaction.

COUNTY'S EGG GOAL FOR 1942 SET AT 4,970,652

More Than Double Production of Last Year Pledged in Campaign For Bigger Food Drive

Anxious to do their part in the "all-out" Food-for-Victory campaign, Scurry County poultry raisers have promised this year to increase egg production by at least 4,970,652 eggs.

If Scurry County farmers meet their 1942 egg production goals, they will have upped egg production from the 564,779 dozen level of 1941 to 989,009 dozen eggs.

The 1942 egg production goal for Scurry County is all the more significant when the fact is considered that county farmers have pledged to produce a probable mark of 1,243,015 dozen eggs. Whether farmers fulfill their pledge or not, they are well on the way to producing at least 414,221 dozen more eggs than in 1941, or 4,970,652 "bullets."

Egg production in Scurry and 15 other Central West Texas counties, producers will be glad to learn, was near an all-time high last year with 14,106,867 dozens reported. The federal government, however, has asked for production of at least 16,280,000 dozen in the same 16 counties during 1942.

A number of things favor the trend in Scurry and neighboring counties to greater egg production. The price of eggs is very satisfactory at present, egg drying plants in the area have contributed a great deal to rapid movement from producer to consumer and the government has set a floor of 22 cents per dozen on the vitally important food.

Review of 1941 egg production totals, 1942 goals and farmers' pledges for 1942 in Scurry and nearby counties follows:

County—	1941	1942 Goal	1942 Pledge
Scurry	564,779	989,000	1,243,015
Kent	373,034	239,000	475,493
Fisher	1,118,568	1,282,000	1,394,967
Mitchell	735,311	974,000	967,035
Nolan	849,033	768,000	1,021,616

First Local Drive On Grasshoppers Records Success

Scoring a first for 1942 in combating the grasshopper menace, H. P. Winter of the Independence community reported Tuesday afternoon 100 per cent eradication of "hoppers" that had destroyed approximately 12 acres of cotton.

Edward S. Hyman, county agricultural agent, states Winter used a formula for grasshopper poison approved by the extension service. The following formula was used:

Coarse wheat bran, 25 pounds; white arsenic or Paris Green, one pound; amyl acetate, one ounce; cane or sorghum molasses (avoid corn syrup), two quarts, and sufficient water to make a moist mash.

For best results, Hyman advises county producers to mix the bran and poison together thoroughly. Dilute the amyl acetate and molasses in about two gallons of water. Pour this liquid over the mixture of poison and brand until every particle is moist.

Then, make further additions of water and mix thoroughly until a mash is obtained that is quite moist, yet one that will fall apart when tightly squeezed, so the mixture may be broadcast. Sow around the edges of fields next to turn rows where the "hoppers" are present.

The bait will probably be as effective with one-fourth to one-half less arsenic and without any amyl acetate, Hyman stated. The county agent declares the time to get grasshoppers is when they are little and hungry.

Josephsons Like Opening.

Mr. and Mrs. Marcel Josephson, operators, report the formal opening staged Saturday by Pick & Pay Store, northeast corner of the square, proved "unusual from the point of sales, number of people who visited the store and compliments for our remodeled store." Music and other forms of entertainment were provided throughout the day, and souvenirs were given the children.

DRAFTEE CLASSIFICATIONS FOR MANY ANNOUNCED BY BOARD

New Ratings Given to Previously Grouped Selectees, and First Numbers Assigned Others

E. L. Farr, J. C. Dorward and H. J. Brice, personnel of Scurry County's Selective Service Draft Board, announce the following draftee classifications and reclassifications, all made at Monday evening's regular meeting of the board:

James Lee Banks (colored), order No. 354 was reclassified from Class 1-A to Class 1-B; Willis Eldridge Montgomery, order No. 1155, was moved from Class 3-A to Class 1-B; and Elman Troy Millhollon, order No. 1247, was moved from Class 1-A to Class 1-B.

Robert Hoover Moser, order No. 736, was transferred from Class 3-A to Class 1-C, as was John Henry Boren, who holds order No. 801. Willie Hampton Cooper, order No. 1406, was moved from Class 1-A to Class 3-A.

This quintet of registrants was given an original Class 1-C classification: Harmon Lee McCormack, order No. 10,212; William Powell Simpson, order No. 10,239; Weldon Monroe Longbotham, order No. 10,247; Ernest Townsend, order No. 10,313; and Lyle Maeyers Alexander, order No. 10,365.

Due to being in active military service, these registrants were transferred from Class 1-A to Class 1-C:

Richard Harrison Crenshaw, order No. 8; Orbie Lee Hammitt, order No. 258; Joseph Henry Myers Jr., 271; James Liston Smith, 300; Delmus LeMond Perry, 314; William Perry Rodman, 342; Arthur Elmo Duff, 357; Bernice Floyd Harless, 364; Phillip Byron Tolson, 444; Leslie Thomas Davis, 529; Thomas William Tatom, 552; Robert Odell Bryant, 573; Delbert Clyde Jones, 635;

Johnny Albert Schulze, order No. S-812; Foch Alexander Browning, 823; Richard Spears Jr. (colored), 887; Wilmer Wilburn Jenkins, V-893-A; Fred Bowers Gary, 920; Truman Lessely Franks, 970; Walter Butler, 1034; I. O. Fannin, 1081; E. A. Moore, S-1134; William Hunley Rainwater, 1150; Sterling Mastin Bouchelle, 1279; Lester Henry Shuler, 1375; George Ray Sherrod, 1376;

Henry Flavious Clark Jr., order No. S-1381; Hunter Scott Swan, 1385; James Lonnie Mize, S-1400; and J. W. King, V-10-275.

Original Class 3-A classifications were given the following registrants, board members report:

Leslie Otto Bynum, order No. 10,045; Edker Lee Hendrix, 10,054; Elmer Darwin Sipes, 10,070; Emil Frank Lopour, 10,116; William Thomas Childress, 10,121; Homer Snyder, 10,130; Robert Gabe Crowder, 10,138; Harvey Martin Dew, 10,147; Arthur Kiah Bayless, 10,159; Fred Gaines Taylor, 10,168; Harvey Owen Greenfield, 10,187; William Riley May, 10,203; Reno Alvin Paul, 10,227; John Dee Walker, 10,231; Homer Gray, 10,250;

Joseph Alton Burney, order No. 10,252; John Houston Cotton, 10,254; Ewell Franklin Daniel, 10,255; Manuel Garcia, 10,256; Sam I. Haggerton, 10,258; James Pollard Billingsley, 10,260; Fred Russell, 10,261; Romia Abraham Prince, 10,263; James Rufus Reeves, 10,265; Joseph Morton Glass, 10,267; Dewey Everet Medecken, 10,269; Leonard Cobert Drum, 10,271; Charles Verner Lee, 10,273; Joe Everett Eaton, 10,274;

Elmer O. Williams, 10,276; William Cecil Eades, 10,279; Felix Nolan Bolding, 10,280; Gray Allen Park, 10,283; Travis B. Hicks, 10,285; Lester Murry McClammy, 10,286; Elza Cherry Rollins, 10,288; Emmanuel Townsend Vernon, 10,289; Floyd Light, 10,291; Harvey Jewel Hodnett, 10,292; George Richard Avant, 10,[illegible]; Edwin Lloyd Bikes, 10,295;

Ben Oballe, 10,[illegible]; John Felix Cox, 10,299; Douglas Leon Moffett, 10,304; Allen Rudolph Clardy, 10,305; Bart Branson, 10,308; Calvin Russell Jowers, 10,309; Tom Caldwell, 10,315; Will Douthitt Bryant, 10,319; Elmo Shields (colored), 10,320; Alvin Clark Rollins, 10,322; Harvey Alfred Smith, 10,324; William Wallace Hill, 10,325; Jodie B. Hambrick, 10,327; Leslie August Hill, 10,330; Claude Ellis McCormick, 10,331;

William Carl Snider, 10,337; Floyd Harvey Loso, 10,339; Markus Franklin Kennedy, 10,341; Gilbert Charles Tatom, 10,342; Edgar Grevan Smith, 10,344; Albert Joseph Kuss, 10,345; James Samuel Williams, 10,346; Irven Hataway, 10,348; Willie Moton Riley, 10,352; William Franklin Coleman, 10,356; Joe Edward Wishert, 10,357; Carl Calvin Voss, 10,360; Donald Doyle Chandler, 10,361;

George Afra Hudnall, 10,363; Claude Hershel Graham, 10,364; Elmer Leslie Evans, 10,366; William Bernard Gordon, 10,368; Roy Earl Smith, 10,372; Boulden Marshall DeLoach, 10,375; Henry Wheeler Boss, 10,376; Dee Myers, 10,379; Clyde William Brown, 10,381; J. Walter Bush Shaw, 10,399; Leo Heath, 10,400; Floyd Thomas Houston Weems, 10,410; Howell Newton Harpole, 10,429; Henry Marvin Key, 10,430; James Leslie McCombs, 10,432; and Harvie William Shepherd, 10,433.

Draft board members announce the following quintet was transferred from Class 1-A to Class 4-F:

George Harold Wilhelm, 1239; Ulmer Vernon, 1090; Marshall Gibson, 96; Walter Wiley, 1317; and Tom Beckett Sheridan, V10-448.

Fourteen to Get Diplomas at Ira Exercises Friday

Superintendent Paul E. Sweatt of Ira School announces that Bro. Paul Southern of Abilene Christian College, Abilene, will be principal speaker Friday evening for high school graduation exercises that will be staged in Ira School gymnasium.

Graduation ceremonies will begin Friday evening at 8:45 o'clock. Katherine Autry has been selected valedictorian of the class, and Frankie Beth Strom salutatorian.

Although the disastrous fire of Thursday morning, May 14, wiped out the Ira School plant, the seniors had taken their caps and gowns home the night previous, and saved the treasured symbols of graduation.

Diplomas for the high school graduates were at the home of Superintendent Sweatt, and of course were undamaged.

Besides the two top-ranking students, other members of the class are: F. M. Addison, Sterling Cook, Emogene Cook, Elnora Dosier, Roselle Franks, Morris Hardee, Eula V. Holdren, Floyd House, Jack Kruse, Phoeba Jo Payne, Pauline Payne and Ida Mae White.

Prentice Riley Listed As Missing in Action

Mr. and Mrs. A. J. Riley have been notified by the War Department that their son, Prentice Riley, Snyder School graduate, has been listed as "missing in action."

Prentice is well known to Snyder's younger set, and was popular during high school days with students and teachers.

Fate of several other Snyder boys in the Philippines, including Carl Hargroves, Bobby Mitchell, Maxey Chenault, Albert Carlton and others is doubtful, pending official word from the War Department.

Seed Growers Go to State Meet Monday

C. N. von Roeder, co-operator of the Von Roeder Seed Farms, Knapp, a director of the Texas Certified Seed Growers Association, James T. Dunn, of Key, certified seed grower and a TCSGA director, will be joined by Dr. Young of Texas Tech, Lubbock, and W. A. Goeth of Abernathy for a trip to Austin Sunday.

Von Roeder and Dunn state a certified seed director's meeting will be held Monday in Austin, at which time problems affecting all Texas certified seed growers will be discussed.

The Texas Certified Seed Growers Association expects to take appropriate action concerning a recent attorney general ruling that men in state employ cannot henceforth participate in certified seed organizations.

Stevenson Files for Governor Post Again

Governor Coke R. Stevenson, who will be in Snyder Monday, June 1, as the main "spark plug" of Scurry County's war bond and stamp rally, informed The Times this week that he has "finally decided to run for the governorship of Texas."

Governor Stevenson filed his candidacy for the governorship Monday, and declares he will outline his platform for Texas voters "when the proper moment arrives. During our all-out war effort, I don't think candidates should spend the entire year 'candidating'."

Save Egg Crates!

You can mark up egg crates as the latest item to be listed as a vital war material, according to a statement from Scurry County's U. S. Deparment of Agriculture War Board.

Members of the board declare that increased production of eggs in Scurry, Fisher, Borden and all other counties of the nation has strained the egg crate capacity.

Six suggestions are offered to help conserve egg crates: Open cases carefully, use care in removing fillers, replace flats and fillers, don't drop cases, make every case do another trip and do not, under any circumstances, hoard egg crates.

Oil Treatment Goes On West Borden Job

Highway 15 construction activities centered this week in Borden County, where the contractors, McKown & Son, are placing oil surface treatment west from Gail toward the Dawson County line, and have started east from the Dawson line with oil treatment to meet the Gail crew.

Coming east from Gail, first coat of oil surfacing has been applied to the East-West Highway for a stretch of eight miles—followed by application of chat.

Rainfall Monday afternoon and night slowed road work, but contractors reported Wednesday oil surface work and caliche placing west of Gail was going forward at a normal level.

Mrs. Lurlene Aucutt Dies at Clovis, N. M.

Word is received by The Times of the death Monday evening in Clovis, New Mexico, of Mrs. Lurlene Aucutt, 37, daughter of Mr. and Mrs. A. J. Riley, who was born in Snyder.

Final rites for Mrs. Aucutt will be conducted this (Thursday) afternoon, 4:30 o'clock, at the First Baptist Church. Rev. Vernon F. Shaw, assisted by Rev. I. A. Smith, will officiate, with burial in [illegible] Cemetery.

Survivors, besides her parents, two daughters, Mrs. Janell Reed and Mrs. Helen Madera, and one son, Billy Charles, all of Clovis; one sister, Mrs. B. F. Gee of Sweetwater; and five brothers, W. M. Riley of Snyder, Prentice D. Riley who is with the U. S. Army in the Philippine Islands, A. R. Riley of Sweetwater, T. T. Riley of Belen, New Mexico, and P. R. Riley of Mount Vernon, Ohio.

At Great Lakes Naval Station

Weldon Birdwell, son of Mr. and Mrs. J. H. Birdwell, was recently enrolled as a trainee in the Great Lakes Naval Training School, Chicago, Illinois. Beginning next week, Birdwell will receive The Times each week. The Snyder boy is the second from the county known to be training at the largest naval training station in the world, the other is W. H. Ward of Hermleigh. Birdwell enlisted in the navy [illegible] Housing and was sent to the [illegible] Coast for his preliminary training. He [illegible] was moved to Great Lakes about May 1.

Cottonseed Hulls Shown as Splendid Roughage for Cattle of This Region

Cottonseed hulls are shown to be a satisfactory roughage for cattle of Scurry, Borden and adjoining counties, both by weights and dressed-out profits, officials of Texas Technological College, Lubbock, announced Tuesday.

The announcement was made after tests were conducted at the college in fattening steers for market. The roughage tests by dressed-out weights and net profits proved exceptionally profitable, W. L. Stangel, head of the animal husbandry department, said.

Scurry County ranchers, for examples, who are increasing cattle production in line with the Food-for-Victory campaign, will be interested in the fact figures based on market value of carcasses and a comparison of different feeding experiments for 60 Herefords showed that larger daily gains, superior carcasses and greater profit per steer were obtained when the level of cottonseed meal was doubled.

Comparison of cottonseed hulls with sumac silage as roughage showed the lot receiving cottonseed hulls made larger daily gains, shrunk less in transit, required less feed per hundredweight gain, brought more per pound and yielded a greater profit per steer.

Kaffir silage which was heavy grained, the Texas Tech officials declared, proved to be more efficient roughage than sumac sorghum silage. Kaffir fodder from the same year and same field was shown to lask the palatability of kaffir silage and less advantage as a roughage.

No significant difference in the feeding value of sumac sorghum fodder as compared with sumac sorghum silage was noted. The former was shown to be decidedly superior to kaffir fodder, however.

Greatest net profit, $34.05 per head, was shown on the lot of steers showing the lowest initial weight of 626.4 pounds each. Daily ration per steer in this lot was as follows: Milo head chops, three pounds for 28 days and amount increased by three pounds each 28-day period following in 140-day experiment; four pounds cottonseed meal, two pounds alfalfa hay, cottonseed hulls, limestone flour and salt available at all times, Stangel concludes.

Mrs. E. V. Barnett Passes After Half Century in County

Mrs. E. V. Barnett, 70, Scurry County resident for the past 50 years, Friday night at the home of a daughter in the Ira community, Mrs. Mintie Giddens, following a three-month illness.

Born May 22, 1863, in Tennessee, Mrs. Barnett had lived in Texas 70 years and in Scurry County more than 50 years.

Funeral services for Mrs. Barnett were conducted Sunday afternoon, 3:30 o'clock, at the Ira Baptist Church.

Rev. W. A. Strickland, Dunn Baptist pastor, assisted by Rev. R. E. Bratton and Rev. J. W. McGaha, conducted final rites.

Mrs. Barnett had been a member of the Baptist Church many years, and was active in community affairs until ill health forced her to conserve her strength.

Surviving are two daughters, Mrs. Alva Wilson and Mrs. Mintie Giddens of Ira; and two sons, Monroe Barnett of Snyder and John Barnett of Clarksville.

Pallbearers were Albert Miller, Grady Suiter, Owen Miller, Gene Kruse, Grady Nabors and Whit Farmer.

Mildred Leard, Flo Etta Howard, Frances Kruse and Bertha Mae Kelley were in charge of floral offerings.

Odom Funeral Home handled funeral arrangements, with burial in Ira Cemetery.

Fisher Dairy Show Set at Roby June 17

Cleveland Littlepage, Hobbs School vocational agriculture instructor and president of the newly formed Fisher County Dairy Association, announced Tuesday that first annual dairy demonstration will be staged in Roby June 17.

Entries in the forthcoming show will be free, but will be limited to Fisher County. Entries must be in place by 10:00 a. m. the day of the show.

E. R. Eudaly, dairy specialist with Texas A. & M. College, will give an address on dairying, and judging of dairy cattle will be done by Eudaly after he speaks. More information on the June exposition will be released next week.

Snyder General Hospital

Roxie Bearden, surgical patient, is the only remaining patient in the hospital this week from previous reports.

Mr. and Mrs. M. O. (Jack) Patrick are announcing the arrival of their twin son and daughter, Virdie Oran and Myrtle Ora, at the hospital Saturday [illegible]. Their son arrived at 12:00 noon weighing six pounds three ounces, and the daughter was born 37 minutes later and weighed four pounds 14 ounces. Mrs. Patrick and the babies are still in the hospital.

Daughter was born to the D. T. Ruminers of Hermleigh Tuesday afternoon at 3:20 o'clock. The baby, who weighed seven pounds, three ounces, and Mrs. Ruminer are still in the hospital.

Other new patients Wednesday were August Stahl of Hermleigh, accident, knee injury; C. H. West of Dermott and Loyd Murphy of Knapp, medical; and Mrs. E. H. Lumpkin of Big Spring, registered nurse, surgery.

Quartet Reports Fine Fishing Near Abilene

Ample proof of a good catch, with the "ones that didn't get away," was brought back to Snyder last Thursday afternoon by a quartet of Snyder fishermen from Fort Phantom Hill Lake, near Abilene, in the form of more than 20 fine bass, crappie and catfish.

The fishing quartet was composed on H. F. (Abe) Rogers, Llando Hall, D. J. Hall and Ed Wade. The group left last Wednesday afternoon, but returned the next day due to having bagged their individual fish limits.

Rogers, the two Halls and Wade described the fishing as excellent at Fort Phantom Hill. "It just seemed, one of the group said, "that those fish were just waiting for some good old Scurry County bait to lure them from their hiding places."

Dunn Graduating Exercises Slated Next Thursday

Attention of people in the Dunn and surrounding communities is directed by O. K. Davis, Dunn School superintendent, to graduation exercises that will be staged Friday evening, May 29, at Dunn School gymnasium.

Principal speaker for the occasion will be Truett Barber of Colorado City, 32nd District attorney.

The 1942 high school graduation class, Superintendent Davis reports, is composed of nine students. They are: T. E. Grimes Jr., valedictorian; Marion Crowder, salutatorian; Bonnie Durham, Yvonne Harrison, Sue Denson, Billy Joe Denson, Ather Ellis, Charles Merritt and Wayne Cotton.

Baccalaureate services were held Sunday evening in the school gym. Raymond C. Kelcy, Snyder Church of Christ minister, gave the principal address.

Graduation exercises for the Dunn eighth graders will be held Thursday evening, May 28, 9:00 o'clock, in the school gymnasium, Davis says. The public is cordially invited to attend both the grammar and high school exercises.

Hugh Boren Jr. was home from Goodfellow Field, San Angelo, where he is an air corps volunteer.

Census Figures For County Are Listed by Capt

Just how many people would you estimate, offhand, live in Scurry County?

You probably will be surprised to learn that Scurry County, according to the U. S. Department of Commerce, bureau of the census, has a total population of 21,545 people.

Director of J. C. Capt of the bureau of the census, in announcing population figures for Scurry and other Texas counties, lists figures by sex, race, age and farm residence—according to final data from the 1940 census.

Capt states Scurry County has 6,033 male residents and 5,512 female residents. We have 66 foreign born folks in the county, according to census figures, and 204 negroes.

In classification by ages, census figures indicate the county has 1,000 children under five years of age, 4,625 from five to 24 years of age; 5,289 people from 25 to 64 and 631 people over 65 years of age.

Rural farm population of the county is set at the 6,504 level.

"The urban population of the state," the Capt announcement points out, "includes those persons living in cities of 2,500 or more. The rural farm population comprises all persons living on farms in rural territory, regardless of occupation.

"Revised figures on 1940 population for Texas indicates a total of 6,414,824 population, 5,485,909 persons of whom are white people.

"Population totals for neighboring counties to Scurry follow:

County—	Total	Male	Female
Scurry	11,545	6,033	5,512
Fisher	12,932	6,520	6,412
Kent	3,413	1,767	1,646
Mitchell	12,477	6,370	6,107
Nolan	17,309	8,736	8,573
Stonewall	5,589	2,901	2,688
Dawson	15,367	7,966	7,401

Field Workers on Job in Region to Help Dependents

In an effort to speed the handling of applications in Scurry, Borden and other counties of Texas for old age assistance, aid to dependent children and aid to the needy blind, the State Department of Public Welfare, Austin, announced Tuesday that field workers have been instructed to discontinue home visits.

State Department of Public Welfare officials state that in the past the department has made a practice of completing investigations of eligibility in the home where the necessary papers were convenient to obtain. Since, however, old age assistance rolls have increased to 172,324 active cases in Texas, it will be impossible for field workers to go to every home to establish need for assistance.

The 47th Texas Legislature inaugurated the aid to the needy blind program and aid to dependent children, with the result a great influx of new applications are at hand.

In addition to the task of investigating all new applications and reviewing the situation for department of public welfare grants, the state Selective Service System has requested the State Department of Public Welfare to give precedence to investigating registrants claiming exemptions because of dependency.

In investigating exemption claims of registrants in Scurry and other counties, department of public welfare field workers will submit a finding of facts to draft boards, but will make no recommendations concerning classification of draftees.

PERSONALS

N. W. Autry, local Magnolia Petroleum Company agent, was in Sweetwater Tuesday for a district gathering of agents of the company.

Mrs. John T. Canipe of Rosebud and Mrs. Henry Ward and Harry Ward of Reagan were week-end guests of the Edward S. Hymans. Mrs. Canipe is Mrs. Hyman's mother.

Mrs. Joe Strayhorn was in Rotan late last week to attend graduation exercises at the high school there. [illegible] Stanton, [illegible] son of the Rob Strayhorns, was salutatorian of the Rotan senior class, and he made the salutatory address on the program.

Mr. and Mrs. Ray Fesmire of Shreveport, Louisiana, are guests here of his mother, Mrs. Mary Fesmire. The former Snyder man is a district manager for Montgomery Ward & Company, traveling out of Shreveport.

Jim Hartley, who recently was inducted into army service, spent the week-end in Snyder. Hartley, son of the G. L. Hartleys, is stationed at Camp Barkeley, near Abilene.

Wiley Robinson, former oil company worker with Coffield & Guthrie activities at Ira and Sharon Ridge, was a week-end visitor in Snyder. Robinson now is stationed at Tucson, Arizona, with the U. S. Army Air Corps, and his home is in Corsicana.

Mrs. A. N. Woodard and daughter and Mr. and Mrs. Darwin Whitmore left this week for a two-week visit with Mrs. Woodard's son, J. N. Woodard, at Ventura, California, and her daughter, Mrs. Etta Gould, at Pittsburg, California.

Guest last week of Mr. and Mrs. Marcel Josephson was Mrs. W. E. Hilburn of Sweetwater, who is bookkeeper at Levi Brothers department store.

Mrs. J. R. Brown of Midland spent last week with her daughter, Gertrude Kidwell. Mr. and Mrs. Milton Kidwell and small son returned to Midland with Mrs. Brown for a visit.

Mrs. W. A. Oliver of Snyder entered the Young Hospital in Roscoe for surgery Wednesday. She probably will remain there seven to 10 days, her daughter reports.

Mrs. E. M. Deakins returned Monday from Floydada, where she was at the bedside of her son, Jack, who has been critically ill. His condition was improved early this week, and Mrs. Deakins brought his daughter, young Margaret Ann Deakins, home with her for the week.

Mrs. Allan Moses and two daughters, Sara Lu and Dina Frances, of Erie, Pennsylvania, arrived here by train Wednesday for a several week visit with the R. C. Granthams and Edith and other local relatives and friends. They spent a few days in Fort Worth before coming on out to West Texas.

Rough on Rats Season Observed In Scurry County

F. L. Hardy, professional rat exterminator, has gained quite a reputation since moving to Snyder, especially since he marked up a haul of 73 rats Friday afternoon at the Tom Pherigo farm nine miles southwest of Snyder.

Hardy, who had the proof of his [illegible] in the form of dead rats that [illegible] will do no more feed or grain damage, exterminated the rodents from one stack of feed Pherigo had on his farm.

The professional rat killer and exterminator de luxe guarantees his work, and recently "de-batted" the Scurry County court house of something over 200 bats. Hardy employs a gas treatment in "de-ratting" premises, and says all dead rodents are buried, since they would kill cats and dogs if eaten.

And while we're on the subject of rat extermination, Joe A. Merritt of the Pleasant Hill community killed out a bunch of rats Saturday that were destroying considerable feed and grain.

Merritt discovered that rats—the well known blue wharf variety that carry disease and plenty of mites—were denning under his cement water tank. Merritt stopped all hole exits under the tank except one; backed his car to the tank, connected a hose from the exhaust pipe to the remaining rat exit, and started the car motor.

When motor stopped his car a few minutes later and began "tunneling" under the tank, he found all the rats had been exterminated in quick order.

Pat Boyer Given 30 Days in Liquor Case

In the only case of interest tried in county court Monday, Pat Boyer was tried before a jury on a charge of possessing liquor in a dry area for the purpose of sale, found guilty and meted out a sentence of 30 days in jail.

Boyer, through his attorney, filed notice of appeal from the jail sentence. He was remanded to jail Monday afternoon by members of the sheriff's department.

Monday's trial was the outgrowth of a raid staged several months ago by representatives of the Texas Liquor Control Board and county officers.

In the raid, it will be recalled, according to members of the sheriff's department, liquor board representatives and county officers obtained a "haul" of wine and assorted liquors at the Boyer residence in the Gannaway community, northeast of Hermleigh.

WANT ADS

WANTED: Clean cotton rags at Times office. Will pay three cents per pound.

More Time to Be Allowed Draftees In Future Calls

Dozens of Snyder and Scurry County Selective Service registrants who face induction into the U. S. Army this summer were advised this week that the army has revised its system of inducting men into military service.

Effective June 15, the new regulations will allow draftees 14 days time to wind up their personal affairs as civilians after they pass examinations given by army physicians.

Under the new ruling, new army recruits will be shifted to a temporary reserve status after they pass army physicals, and ordered to begin military duty two weeks later.

The war department will pay for meals, transportation and lodging involved in actual travel by these men back to home towns from army induction stations and reception centers, and for their return.

Officials said the present procedure has been subject to some criticism. Under it, army centers are directed to grant, upon request, 10-day furloughs to Selective Service recruits immediately after their induction. Selective Service headquarters said, however, that in some instances requests had been denied, and in other cases inductees were unable to pay their transportation home.

National headquarters noted also that community farewell ceremonies, urged by Secretary of War Stimson and others as a patriotic gesture, would be possible under the revised procedure.

Explaining the new system, the war department said there would be no change in the draft procedure now in effect prior to a man's arrival at the induction station. There, the registrants will be completely examined and if found qualified will be inducted immediately and transferred to the enlisted reserve corps. If not qualified, he will be rejected for military service. Accepted and rejected registrants will then be returned to their homes.

Old Paper Recalls Death of Father of 15 Living Children

When Henry Ellerd, long-time Scurry County citizen and resident of the Pleasant Hill community, began obtaining data this week for birth certificate recording, he ran across some family history that will be interesting to Times readers.

Ellerd found, among his personal papers, a copy of The Abernathy Review, dated August 11, 1927, that carried an account of the death of his father, Bro. James T. Ellerd, who helped found the Dunn church of Christ and who was one of Scurry County's early day settlers.

Of the 15 children born to the late Bro. Ellerd and wife, all children are still living—a rather unusual fact. The five Ellerd daughters and 10 Ellerd sons have endeavored, through the years, to keep in close touch with each other and have held a number of enjoyable family reunions when all children were present.

In addition to Henry, the other Ellerd boys are: Thomas, Joe, John, Arthur, Oscar, Silas and Finis of Lakefiew, William of Hale Center and Paul of Plainview. The five daughters are: Mrs. Fred Crabtree of Snyder, Mmes. Audie Thomas and Carlos Belcher of New Mexico, Mrs. Roger Daugherty of Lakeview and Mrs. J. H. Benefield of Plainview. Mrs. J. T. Ellerd, the widow, also resides at Plainview.

Your Electric Refrigerator Must Last for the Duration
...Take Good Care of It!

War demands the highest degree of health and efficiency throughout the Nation... not only among the armed forces and in the war factories, but also in the home. Preventing food wastage is one sure way that you can help win the war!

YOUR ELECTRIC REFRIGERATOR has now become a mechanized weapon in your battle against food waste. Due to the shut down in the manufacture of domestic electric refrigerators for the duration of the war, your present refrigerator should be properly operated and maintained to increase its efficiency and prolong its useful, food saving life.

• Have Your Refrigerator Checked by an Expert
If your electric refrigerator is several years old, you may save in the long run by asking the dealer from whom you bought it or an experienced refrigerator repair man to check it over. The small charge for this service is usually a good investment in longer life and more economical service from your refrigerator.

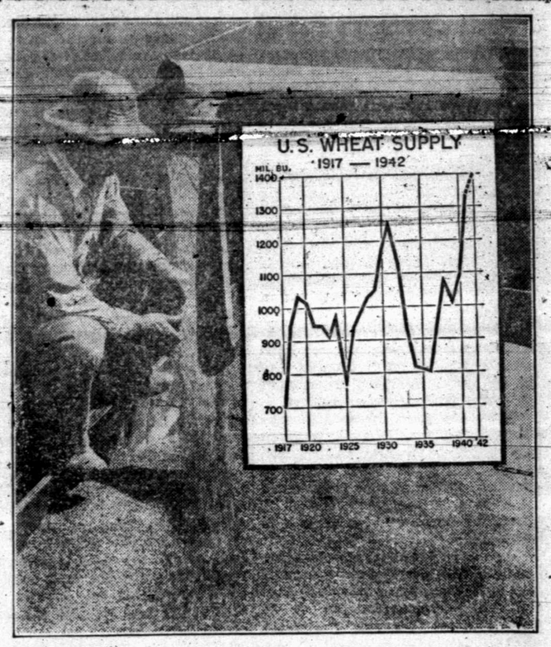
Big Supply of Wheat on Hand



Wheat farmers of Scurry and other counties of the nation who approved wheat marketing quotas Saturday are well aware of the fact the American supply of wheat is double that of 1917, when the United States entered the first World War. On July 1 of this year, the American supply of wheat will be almost 1,500,000,000 bushels—enough for two year's domestic use.

Grain—Coal—Salt—Feed—Seed—Butane Gas

Are You Trying To "Save" Money By
USING HEAVY OIL FLY SPRAYS

Actual tests scientifically conducted at State Experimental Farms, by dairy associations and at Watkins two great Experimental Farms have shown that the use of heavy oil sprays reduce the milk flow as much as 20 per cent.

Take the case of a cow averaging.....20 lbs. of milk per day
Figuring 120 days of the fly season, this cow would give.....2400 lbs. of milk
Figuring the reduced milk at 20 per cent loss because of using heavy sprays means.....480 lbs. of milk lost
The approximate butterfat loss (figured at only 3½ per cent).....16.8 lbs. of butterfat lost

Figuring butterfat price at 40 cents per pound, a farmer would lose $6.70 from each cow producing 20 pounds of milk per day.

O. F. CROWLEY, Rural Watkins Dealer

Another $3 Payment For Schools Received

Pat Bullock, acting county superintendent, announced Monday that Scurry County schools have received another $3 per capita apportionment payment from the State Department of Education, Austin. This brings per capita payments in the county to $19.

Bullock points out that only $3 of the original $22.50 per capita payment remains to be sent to county schools. J. A. Woods, state superintendent of public instruction, says another payment will be made in June.

Ira News

Mrs. Mabel Webb, Correspondent

Our hearts were saddened when we heard of the death of Mrs. Emma P. Barnett, who passed away Friday night at her home north of Ira. Mrs. Barnett is survived by four stepchildren, Mrs. Alva Wilson, Mrs. T. J. Giddens, both of Ira, Monroe Barnett of Snyder, and John Barnett of Clarksville. A host of nieces, nephews and friends also mourn her going. Funeral services were held at the Baptist Church Sunday afternoon. Rev. W. A. Strickland of Dunn, assisted by Rev. R. E. Bratton and Rev. J. W. McGaha of Canyon, officiated. Pallbearers were A. E. Miller, Owen Miller, Eugene Kruse, Grady Suiter, Whit Farmer and R. G. Nabors. Misses Bobbie Joyce Wilson, Frances Kruse, Mildred Leard, Burta Mae Kelley and Floetta Howard were in charge of floral offerings. Odom Funeral Home was in charge, with interment in the Ira Cemetery. Out-of-county attendants at the funeral were Mr. and Mrs. Winfred Giddens of East Texas, Mr. and Mrs. Clarence Barnett of Colorado City, Mr. and Mrs. Cleve Newman and daughter of Stanton, and a niece and her husband, Mr. and Mrs. Sickles of Lubbock.

Visitors Sunday in the T. C. Davenport home were Mrs. H. P. Rogers of Snyder, Mr. and Mrs. Layne Roddy and son, Harold Lee, Mr. and Mrs. Henry Flournoy and son, Silas Ray, and Eva Mae Parks, all of Fluvanna.

Mr. and Mrs. Hubert Webb and children, Jack and Bobbie, of O'Donnell spent Saturday night in the John Webb home.

Mr. and Mrs. Ernest Lloyd of Fort Worth, Mr. and Mrs. Claud Lloyd of Dunn, and Sergeant J. P. Lloyd of Fort Blanding, Georgia, were supper guests in the Lloyd Webb home Wednesday night.

Mrs. Autivee Crowder left Wednesday for Richmond, California, to join her husband, who is working there.

Mrs. Bamma Clark of Dunn was a supper guest in the E. A. Crowder home and attended baccalaureate services here.

Rev. and Mrs. W. A. Strickland and Mrs. W. O. Webb were dinner guests in the D. L. Nipp home.

Mr. and Mrs. Buford Sterling of Bison spent the week-end with her parents, Mr. and Mrs. R. A. Hardee.

Mr. and Mrs. H. W. Taylor, Mr. and Mrs. Sterling Taylor, all of Snyder, visited in the Essie Taylor and J. W. Taylor homes Sunday afternoon.

Those visiting in the John Webb home Sunday were Mr. and Mrs. Hubert Webb and son, Jack, of O'Donnell, Mrs. Minnie Webb, Tom Webb and Arles Cotton of China Grove, Mr. and Mrs. Marshall Boyd and son, Jimmie, of Turner, Mr. and Mrs. M. J. Bryant and son, Will, and Mr. and Mrs. Wiley Eubanks, all of Union.

Bobbie Webb of O'Donnell spent the week with Helen Suiter.

Mr. and Mrs. Claud Lloyd and Mrs. J. B. Smallwood of Dunn visited in the Lloyd Webb home Sunday afternoon.

Our hearts were made sad Thursday, when fire of undetermined origin swept through our school building, taking everything there was. We wish to express our thanks to the Snyder fire department for their help, and also everyone who had a part in trying to save the building. Our school will continue the next two weeks, with high school classes in the gymnasium and grade school classes in the churches.

Mr. and Mrs. W. R. Sterling Jr. spent Saturday night and Sunday morning with her parents, Mr. and Mrs. Sears Cook of Buford.

Mr. and Mrs. C. D. Franks of Round Top attended the baccalaureate services here Sunday night.

Rev. A. B. Cockrell of Dunn delivered the baccalaureate sermon Sunday night in the gymnasium.

Mrs. O. H. Holladay returned Monday night of last week from a three-week visit with her daughter, Mrs. Hazel Franks of Houston.

Mrs. E. P. DeLoach had visiting her last week a son from South Texas.

Juanita and Rosanell Holladay of Snyder spent the week-end with their parents, Mr. and Mrs. Glen Holladay.

Mr. and Mrs. W. T. (Pat) Falls returned last week from New Mexico, where he has been teaching, and spent the week with their parents, Mr. and Mrs. J. E. Falls of Ira and Mr. and Mrs. S. D. Hays of Bethel.

Mr. and Mrs. J. B. Ellerd of Seagraves were week-end guests of Mr. and Mrs. Wayne Eubanks.

Pat Falls left Sunday for Wichita Falls, where he will go on duty as highway patrolman. Mrs. Falls and children remained for a two-week visit with relatives here and at Snyder.

Coy Dee Eubanks celebrated her birthday Friday night with a picnic. A supper with cold drinks was served those enjoying the occasion: Jack Graham of Coahoma, Mr. and Mrs. W. T. Helley, Jo, Leon and Weldon, all of Odessa, Mr. and Mrs. J. B. Ellerd of Seagraves, Mr. and Mrs. Wayne Eubanks and children, Joe and Joye, and Mr. and Mrs. Autry Eubanks and daughter, Beleria.

Mr. and Mrs. Sears Cook and children, Ida Faye and Marshall, of Buford attended the baccalaureate exercises here Sunday night.

The Baptist women met Monday afternoon with Mrs. Lois Kruse. There were five ladies present, and a nice program was rendered.

Mr. and Mrs. Silas Devenport had as visitors Sunday night, Monday and Monday night her brother, Jim Wiman, wife and baby of Wellman, and also a niece of Abilene.

Mr. and Mrs. Wiley Eubanks of Union were Sunday afternoon visitors with his parents, Mr. and Mrs. L. L. Eubanks.

Mr. and Mrs. H. M. Blackard visited Sunday with his brother, Mr. and Mrs. Rob Blackard of Colorado City.

P. L. Fuller Sells Big Lot Steers Last Week

P. L. Fuller, prominent Scurry County rancher who is well known in this trade area, has sold between 400 and 500 steers to C. T. McMurtry of Clarendon, the Clarendon rancher stated this week.

Consideration in the transaction was not given, but delivery has already been made. Fuller owns some of the finest blooded animals in this trade zone, and has a ranch home that is one of the show places of West Texas.

Bethel News

Helen Watkins, Correspondent

Mr. and Mrs. Will Early and son of Merkel are here visiting their parents, Mrs. Early and the J. W. Bates.

Mr. and Mrs. Homer Watkins and Harmon spent Friday with their parents, Mr. and Mrs. Watkins and Jack Crawley, also of Snyder.

This community had a big rain Monday night. Everyone was glad to see the rain.

Mr. and Mrs. W. A. Watkins visited the John Maddings Sunday evening in Snyder.

Mr. and Mrs. Lester Gladson and son, Norman, of Gail were visiting their parents here over the week-end.

Mrs. Bessie Hodges is home on a visit.

Helen Watkins spent Wednesday night with the E. W. Clarks in Snyder.

Mr. and Mrs. Willard Gladson and two children spent Sunday with the Earl Gladsons.

Soil Conservation Clerk Leaves.

Ola D. Mauldin, junior clerk stenographer for the Soil Conservation Service here the past several months, left Tuesday for Galveston, where she is to be married this week-end. In the local department of agriculture office now is Mrs. A. W. Simpson, who holds a temporary civil service appointment for the place.

Farmers Interested In Grain Price Level

Scurry County farmers, and especially members of the county unit, Texas Farm Bureau, expressed considerable interest this week over the fight in the U. S. Senate chamber to set price levels at which the government should sell surplus wheat, corn and other grains for livestock feed.

Conferees of the senate-house bloc failed Tuesday to produce a "working agreement" on the levels at which surplus grains should be sold. The senate fight will result, it is believed, in possible injury to the usually solid front presented by the powerful farm group on legislative issues.

APPRECIATION

We deeply appreciate the kindness and sympathy extended us by our friends and neighbors since the recent report that our son, brother and grandson, T. J. Kite, has been killed in service of his country and ours somewhere in the Philippines with the marine corps. The school memorial service in his memory was appreciated, as was every other kind word that has been said to us of T. J. —Mr. and Mrs. R. D. Kite, Opal and Dwain Kite, Mrs. J. G. Irion and Mrs. Minnie Cullins. 1p

Real Estate

Victory Just Ahead?

Week-end statements made by Prime Minister Winston Churchill of England, and seconded, to some extent, by members of the Roosevelt administration, provide a note of cheer for people in a war weary world by implying that victory in the current war is just "over the rise." Statements to this effect always bolster civilian morale, but we do not want to be too sure of our position until the Axis powers hoist the white flag and yell "calf rope."

The Axis nations can, and are, still striking hard against the United Nations, and until both sea and aerial power of the Japanese, Germans and Italians are wiped out we cannot boast too readily of victory. When we win the war in which we're engaged, winning the peace and reconstructing the world of tomorrow will give Americans the greatest challenge for service they've faced in a century. We failed to win the peace after the World War, and we do not wish to make the same unpardonable error again—if we want peace during the next 50 or 60 years.

Prices and Substitutes

The Office of Price Administration, through repeated admonitions from President Roosevelt, finally has reached the point where it intends to do plenty about establishing price ceilings on groceries and other commodities, and will have a busy summer ahead denying pleas of groups over the country for adjustments and exceptions to price ceilings already set. Due to scarcity of many raw materials, the OPA and War Production Board are finding that many manufacturers are turning to substitutes in replacing civilian goods—another factor that will make the present price structure open to revision. Despite all that may be done about the matter, the high cost of living is expected to still remain in the "stratosphere" for several months.

Stop That Rumor!

Officials of federal government agencies have reminded the public innumerable times during the past 90 days that one of the greatest services they could render, if they were proud to say "I am an American," would be to scotch unfounded rumors and gossip that tend to undermine civilian morale. Nothing is more important than keeping the truth about any matter before the people, but spreading rumors about military or civilian matters should be definitely "out for the duration." If you hear a rumor you know has no foundation, why not help civilian defense by not letting the gossip spread?

Editorial of the Week

GREATER COTTON CONSUMPTION

Citizens of the cotton producing states should consume more cotton.

This has been written and said many, many times in the past.

But now that the United States is at war and the nation's wool and mohair output is needed to clothe and protect the country's fighting men, it is more significant than ever.

War with Japan has cut off the nation's silk imports, which naturally will reduce the consumption of silk goods.

For these reasons, Cotton Week May 15-23 is of greater significance than ever before.

The consuming public can do a lot to help the cotton situation in the South. Had we have used more cotton goods and less wool and silk in previous years, cotton would have remained one of the principal cash crops. Instead, most of us had to wear silk which was imported from Japan, who now is seeking to conquer us. No wonder the Japs think Americans are stupid. Our buying of Japan's silk was no worse than our selling them the scrap iron with which to fashion the knife to stab us in the back.

Consumption of cotton material will greatly aid the nation's war effort. It is one way we at home can aid the war effort. If we step up our use of cotton material, we create a greater demand for cotton. By creating a greater demand for cotton, we encourage the planting of more cotton and the more cotton planted the more cottonseed oil we produce, which oil is vitally needed by our government.—The Nolan County News.

The powerful ways and means committee is becoming increasingly bitter toward Henry Morgenthau Jr., secretary of the treasury, and the administration's attitude toward tax matters. . . . We all realize, naturally, that taxes will have to be increased to touch every pocketbook in the country, but Morgenthau's tardy proposal, for example, to lower individual income exemptions as a substitute for a sales tax was greeted frigidly by committee personnel. . . . The administration is putting plenty of pressure on the ways and means committee, but members do not cherish the dictatorial policies used in so doing.

Releases from the nation's capitol reveal that the War Production Board is gradually passing from a procurement and producing organization to an allocations agency. . . . Principal job occupying the WPB now is to fairly allocate supplies, machinery and basically needed commodities. . . . More or less good news, indirectly, in conjunction with WPB edicts comes from Cuba this week in an announcement that a record sugar crop is being harvested.

Current Comment

By LEON GUINN

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column.

Dean O. V. Adams of the Division of Engineering at Texas Technological College, Lubbock, emphasized this week the "need for a very large number of additional engineers during 1942 and an annual supply thereafter for the duration of the war." . . . Dean Adams, as are other college engineering executives, is endeavoring to secure from the secondary schools of this area as many high school graduates as possible to enter engineering classes.

☆

Call for additional students, Dean Adams continues, to make engineers has gone to all secondary schools of the country. . . . Also an effort is being made to search out those who have already had some college engineering training and encourage the suitable ones to reenter college and equip themselves as engineers. . . . Although the need is very urgent, colleges are not urged to undertake to train students in numbers beyond the capacity of the school.

☆

Allied successes the past few days have done much to save the face and pride of the U. S. State Department. . . . For many weeks American diplomats have been praying and hoping for such United Nations triumphs as occurred at Madagascar and the Coral Sea naval battle, and were badly needed to hold in line the wavering neutral countries in Europe like Sweden, Spain, Turkey and Portugal. . . . The Pacific naval victory seems to point, now, to the time in the near future when MacArthur can get underway with a projected offensive against New Guinea and Timor—a move that would again bolster prestige of the United Nations.

☆

The International Red Cross is finding the grave Finnish food problem a major headache, and has been carrying on negotiations for several months through Finnish and Russian representatives in Washington to weigh the possibility of arranging food shipments for Russian prisoners in Finland. . . . Finland finds attempted efforts to feed some 47,000 Russian prisoners impossible to bear, and is trying to prod the International Red Cross to clear food through the British blockade. . . . It isn't certain the plan will go through, but if it does the "Mother of Mercy" organization will have all responsibility for getting groceries to the famishing Russians.

☆

Advocates of clean, decent living see one amazingly good result of the war in the Pacific, in that drug addicts of the United States are being cut off from their supplies of dope. . . . With all supply lines to the Orient cut, gangs trading in narcotics are getting to the point of desperation. . . . Morphine, for instance, which formerly sold at around 85 per cent pure, has been adulterated down to three per cent, and other drugs have been similarly treated. . . . Narcotic rings are turning to newly started poppy plantations is isolated regions of Mexico. . . . Federal Bureau of Investigation attaches are well aware of this trend, and have several jumps on dope peddlers who attempt to vend their wares across the border.

☆

It's a little optimistic to be making any kind of predictions, but a number of American designers are deadly devoting thought to postwar automobiles. . . . They foresee much lighter, more adaptable cars through increased utilization of magnesium and aluminum. . . . Engine design will have a great deal to do with postwar creations, and engines will be far more economical in operation because of the predicted universal useage of higher octane gasoline. . . . A long, drawn-out war would bring chaos to the automobile industry, since postwar unemployment would extend over a period of many months while designers changed plant equipment back to the point where it could again be used in stamping automobile parts.

☆

Groups of consumers throughout the country visualize a hidden threat to the American cost of living in the form of lower quality materials and workmanship in many price-fixed articles. . . . Manufacturers, faced by shortages of many raw materials, are being forced to turn to plastics and substitutes in many lines, and inevitably will lower the quality of most commodities. . . . The Office of Price Administration is, of course, offering plenty of suggestions to keep manufacturers in line, but is beginning to realize that makers of household articles and goods cannot turn out finished products from thin air. . . . The cost of living may well decrease if OPA succeeds in effecting price adjustments on the basis of substituted raw materials.

☆

Weigh the matter as you like, but the War Production Board is in for a good round of public criticism. . . . Materials are being parceled out so carefully that no one is getting enough to go around. . . . Worst bottleneck at present is steel, a "jam" that will remain tight for the duration. . . . Despite our vast reserves—some within a 100 mile radius of Snyder—of unexploited copper, this metal is a tough problem. . . . The United States is using from four to six times as much copper as Germany, and finds the situation far from encouraging. . . . Aluminum and magnesium are still "tough nuts," but prospects are looking brighter for ample smelting of both ores.

☆

People on Capitol Hill declare the Taft Bill to have draftees classified according to family status makes plenty of sense. . . . Since national representatives of the Selective Service System are for the bill, too, one may look for the measure to receive exceptionally close consideration during the summer months.

Over $2,000 Spent By Lunch Room At Snyder School

Annual report on expenditures for conducting Snyder School's community-wide hot lunch room project for the 1941-1942 school year was furnished The Times Wednesday by Mrs. Rose Blanchard, president of the Snyder Parent-Teacher Association, and other officers.

P-TA officers who assisted Mrs. Blanchard in preparing the report include Mrs. P. C. Chenault, vice president; Mrs. Horace Roe, treasurer; and Katherine Northcutt, secretary. The report follows:

Electric refrigerator, tables, benches and stoves, $302.95; dishes and cooking utensils, $108.17; uniforms and aprons, $48.02; miscellaneous, $39.88; food from December 1, 1941, through May 20, 1942, $1,573.44; giving a total of $2,072.36 paid by the Snyder P-TA to keep the lunch room functioning.

The Snyder School Board paid $100 in utility bills during lunch room operation, the Surplus Commodities Marketing Administration contributed foodstuffs valued at $773.86, and the Work Projects Administration contributed, in salaries for labor, $2,432.40.

"We wish to thank the individuals," P-TA officers state, "and clubs who gave so generously for the lunch room project. We sincerely thank the Child Welfare organization for contributing all this group's funds and all others who in any way made the school lunch room successful."

Hermleigh Classes Finish on Schedule

Members of the Hermleigh School faculty report that class work is progressing smoothly, with high school students having classes in the school gymnasium and grammar grade pupils attending school in a trio of Hermleigh churches.

The Hermleigh Baptist, Methodist and Church of Christ are being utilized to conduct grammar grade courses, and are proving highly satisfactory, Superintendent A. C. Bishop Jr. declares.

As stated elsewhere in this issue of The Times, Hermleigh School, despite the recent disastrous fire that destroyed the school plant, will close Friday evening, May 29.

Revival Dates Named.

Rev. Earl Creswell, pastor of the Tabernacle Baptist Church in North Snyder, announces that Sunday, July 19, has been set as the date for beginning the church's regular summer revival. Name of the visiting evangelist who will conduct the meeting and arrangement of services will be announced later, Rev. Creswell says.

Soil Conserving Plan Outlined by Cotten

Claud D. Cotten, county administrative officer for the Agricultural Adjustment Administration, announces this week receipt of information on minimum conserving acreage that will prove of interest to the county's 1,500 farmers.

"On farms," the information reveals, "where every third row of cotton or feed crops is left idle to conserve moisture, erosion resisting or conserving crops planted similarly will qualify toward the minimum acreage requirement."

Cotten points out the above release will answer numerous inquiries received from Scurry County farmers the past two weeks on the minimum acreage angle.

Pyorrhea May Follow Neglect

Are your gums unsightly? Do they itch? Do they burn? Druggists return money if first bottle of "LETO'S" fails to satisfy. IRWIN DRUG STORE.

Mrs. Flora B. Fenton Passes This Morning

Word comes to The Times of the death this (Thursday) morning, 6:00 o'clock, in West Snyder of Mrs. Flora Bell Fenton, 76, who had been in ill health the past several days.

Mrs. Fenton had resided in Scurry County 35 years. Funeral arrangements, incomplete as The Times goes to press, will be handled by Odom Funeral Home.

Mr. and Mrs. F. M. Brownfield spent the week-end in Snyder, guests of the Maurice Brownfield family.

Keep your mower in good shape. Let us put it in fine condition!
