

FARM NEWS

By The Hired Hand

The Eastland County Farm Bureau met in Eastland Tuesday with some 40 members present, according to A. Z. Myrick, president of the organization. The group heard a report from the state farm bureau convention which was held recently in General Wells. Speakers for the convention included Senator Tom Connally and other legislators.

The Gay Philosopher

By J. W. S.

ON THURSDAY night the Cisco Junior College Wranglers will play their final game of the season at Chesley Field against the Ranger Junior College. The Wranglers haven't a very impressive season's record, but they're a team. So let's support them with a record crowd.

More than anything else, the Wranglers have hampered the Wranglers this season. In one game, there were nine men out with various ailments. And you expect a team of nine players to expect a good game.

Let's give the coaches and players a vote of confidence by turning out for the game. Let's help them wind up the year with a bang. Let's make our presence felt. Let's make our presence felt. Let's make our presence felt.

A BIG MAJORITY of the Wrangler players are from towns other than Cisco. Many of their parents will be here for the game. They have been in the past. Their support is important to the success of any sports team. Let's not let our team, regardless of the past, want for applause and enthusiastic backers.

Let's start as soon as the game is over. Let's begin and help build a team for next year.

THE GOLF COURSE out at Cisco Country Club has a new chairman. He's Ralph Glenn. As the club enters a new year, Ralph was elected to the job by President J. Burroughs. He replaces Charlie Graham, whose work has been widely applauded. Ralph is a good golfer and will doubtless be a fine green's chairman.

THE CLUB, by the way, won't have the regular family night supper this week. All members are going to the football game instead.

MR. PAT FEE must be aloft to Guam. His copy of the Daily Press came back yesterday and showed that his address now has a Fleet Post Office box number. He had been in San Francisco awaiting trans-

FERVE YOU LOOKED at the calendar lately? Ours shows you couldn't possibly miss.

THE PUBLICITY Department at Hardin-Simmons University, Abilene, indicates that the Cisco Cowboys will expect considerable play from Durward Smith on their basketball team this season. Smith was a star on the freshman team last year and now is a leading candidate for a guard position on the team.

Mr. and Mrs. Geo. Winston and son, Bobby, of Dallas, Mass. and Mrs. Ernest Winston of Wichita Falls, Loyd Winston of Mount Pleasant, and Miss Betty Winston of Dallas were visiting visitors in the home of Mrs. Geo. Winston.

Staff Sgt. and Mrs. H. W. Kennedy have returned to the Panhandle City, Fla. Tyndall Air Force Base after visiting his sister and son, Mr. and Mrs. V. H. Boswell, and his brother and wife, Mr. and Mrs. Ray Kennedy.

Mrs. Bob Thurston of Brownfield, daughter of Mrs. Barton Russell, was a weekend visitor in Cisco. Mrs. Philpott drove her daughter back to Brownfield Sunday and returned.

"ROCKET AHEAD" with Oldsmobile Motor Company, Eastland

from Washington and Austin, in addition to agricultural leaders from over the nation.

Myrick said that the state convention reported that Texas now has 48,000 members of the farm bureau. This means that 14 per cent of the 375,000 farmers in the Lone Star State belong to this influential organization. Some 91,000 farmers out of a total of 135,000 in Indiana are members of the farm bureau. These figures may reveal why farmers and ranchers in this area are not having any more influence in the state and national government's legislation in regard to farming.

Out of three resolutions offered to the recent Mineral Wells convention, only one passed. W. B. Starr, one of Eastland County's representatives to the state farm organization, proposed to give every peanut farmer who could not be satisfied with the first grading of peanuts, an opportunity to go to another peanut grader of his choice without additional cost. At present, it costs the peanut grower a dollar a ton more for a second grading. One can easily see that if this resolution is passed on in Washington, it could mean many dollars to this area.

The National Farm Bureau Convention will meet in Texas for the first time at Dallas the week of December 10. So that Texas may have five voting delegates to this convention, Mr. Myrick points out that each county must have 40 new members this week.

In January, the county bureau plans to have a big county-wide meeting with a notable speaker for the occasion. It is our opinion that farmers who are not members of this organization are cheating themselves out of a great deal of help in years to come.

Tuesday afternoon we went by the county agent's office in Eastland. He told us that he was very much concerned over the dry weather and the farmers not being able to raise cover crops thus far this fall.

Speaking of dry weather, this is also a bad time for fires. H. H. Harrelson, George Brown Sr., and George Brown, Jr., all of Cisco, went to Nimrod Tuesday evening to help fight a fire that had broken out on the Olson place there.

At the W. L. Lewis ranch at Long Branch, some 15 acres of pasture land were lost as the result of fire Sunday afternoon. So let's be very careful with our matches and cigarettes during this dry season especially.

We hear that Charley Brown, local rancher, has sold 100 head of steers. They weighed around 1,170 pounds and brought 28 cents per pound. The steers had been on feed since last summer and delivery has been made on two loads of the cattle.

Buyer was W. O. Steen of Trent, representing Swift and Company.

Battenfields Leave Graham Hospital

Mr. and Mrs. G. G. Battenfield and 19 months son, who were injured in a train-auto crash at the Third Street-T&P crossing early Tuesday morning, were released from Graham Hospital late Tuesday following treatment for their injuries.

The Gorman couple received multiple bruises when their car crashed into a slow moving freight engine at 1 a. m. Tuesday.

Mr. and Mrs. Mac Harrelson of Guymann, Okla., were recent visitors in the home of Mr. and Mrs. O. C. Lomax and Mr. and Mrs. Floyd Harrelson.

Mrs. Theodore Hageman, Mrs. R. W. Williams and Mrs. Otto Hagemann were visitors Tuesday in Gorman at the home of Mrs. Dave Ramsey, aunt of Mrs. Otto Hageman.

FIRE AND THEFT PROTECTION 1c Per Day For Safety Deposit Box 1ST NAT'L in Cisco—Mr. F. D. L. C.

RUSSIAN LULLABY—Little Bogdan Szubak, a one-year-old DP from the Ukraine, is maintaining complete silence over his three dolls as they all arrive in New York aboard the IRO ship Gen. C.C. Ballou. He'll settle in North Collins, N.Y., with his parents.

FIRST CALF REPORTED FROM JERSEYS GIVEN TO CLUB BOYS

The first heifer of the 19 registered Jerseys given under the Eastland County Youth Dairy Program last December to produce a calf was Simply Wonderful Sybil, belonging to Roy Don Harris, son of Mr. and Mrs. A. W. Harris, Eastland. She presented the young owner with a bull calf recently.

The registered heifers given by various business men over Eastland County to outstanding 4-H and F. F. A. Club boys the latter part of 1949 was for the purpose of stimulating interest in the dairy program of the county as well as to introduce better dairy breeding.

The animals were purchased from Frank Tooke herd near Tyler. Tooke is now president of the Texas Jersey Cattle Club.

The Harris heifer was artificially bred to J-2, an outstanding bull of the North Texas Artificial Breeding Farms near Dallas. The sponsor of the heifer is the Eastland Chamber of Commerce.

Other heifers are expected to begin calving in the near future, it was said. Under the plan the heifer calves are to be given back to the program to go to other boys over the county.

Theo Lamb, Eastland, chairman of the executive committee of the Youth Dairy Program, advises that his group is planning a banquet soon for the boys who have received the heifers, their dads, and the sponsors of the heifers.

Mr. and Mrs. J. T. Anderson were weekend visitors in the home of their son and wife, Mr. and Mrs. Bob Anderson, of Dallas. Mrs. Anderson remained for a visit, and Mr. Anderson returned on Sunday.

Founded by the late G. P. Mitcham, the ranch is now operated by his sons, Bill Mitcham and G. P. Mitcham, Jr. The elder Mitcham bought his first ranch land in Eastland County in 1914, and drilled the first oil well in the county. Although the well turned out to be a dry hole, there are now several oil and gas wells in this same location — the latter wells were drilled deeper than Mitcham's first well.

Mr. G. P. Mitcham served as mayor of Cisco for a time but his main interest was always cattle and his ranch life. He died in 1946 and the Mitcham Ranch is now in the hands of the estate. About half of the 3,800 acres is leased to M. E. Fry and Sons, local ranchers. Bill and "Geep" operate the remainder of the ranch.

The main interest of the ranch is still raising Hereford cattle. Out of the 225 head of cattle, 75 are grade Herefords — the others are registered. They plan to have only registered Herefords in the near future.

Some 300 acres are kept in cultivation, the principal crops being wheat, oats, and maize. This year the maize crop averaged a ton and a half to the acre. Oats that were planted two months ago are still in the ground waiting for a rain.

Southeast Extension Seen for Owens Pool In Simpson Test

Cancer Control Workers Meet

SAN ANTONIO, Nov. 29. — Volunteer cancer control workers from all over Texas met at the Gunter Hotel in San Antonio Wednesday for the fifth annual meeting of the American Cancer Society, Texas Division.

Executive secretaries of the Cancer Society's 12 information centers in Texas held a preliminary meeting Tuesday to discuss educational and fund-raising plans for the coming year.

Wednesday, regular sessions got underway with two morning meetings — one for medical directors of the organization and medical members of the state executive committee, and the other for lay leaders. A conference of the directors of Texas tumor clinics was also held during the morning. Dr. Guy Aud of Louisville, Kentucky, newly-elected President of the American Cancer Society, was featured speaker at the Texas Division's noon luncheon.

The meeting closed Wednesday afternoon following the regular business session.

Reports of various committees showed much cancer control progress in Texas during the past year. Texas now has 28 tumor clinics prepared to diagnose the disease, plus 12 cancer information centers in major cities of the state. The latest such center was established in September at Prairie View A & M College, to assist with educational work among the Negro population of the state.

Business Meeting Is Planned By Church

A brief business session is scheduled for the mid-week services of the East Cisco Baptist Church tonight, according to Pastor Paul Stephens.

At 7:30 a. m. officers and teachers of the Sunday School will meet to discuss plans for enlargement and hear a preview of next Sunday's lesson by the pastor.

In addition to the business session, the main service at 7:45 p. m. will include the singing of hymns, Scripture reading, and special prayer for the revival meeting which begins next Sunday at the East Cisco church with Evangelist A. C. (Albie) Hardin.

WOODMEN TO MEET

The Woodmen Circle will meet Friday, Dec. 1, at 3 o'clock at the Woodman Hall. All members are asked to attend as this is an important business meeting.

Mrs. Glen Arnold and son, Bobby, of Fort Worth were weekend guests in the home of Mr. and Mrs. H. A. Bible.

INDUCTION ORDERS ISSUED FOR 15 YOUNG MEN OF TWO COUNTIES

Fifteen young men of Eastland and Stephens Counties today had received orders to report for induction into the armed forces on Wednesday, Dec. 6, according to Clerk Jewell Reeves of Texas Local Board No. 36.

The list of selectees was given as follows: Carlton Horace Lee, Ranger; Billy Stephens Griggs, Caddo; Gene Craig Woods, Eastland; Eldridge Dean Knight, Breckenridge; Jim Roy Carter, Cisco; James Wiley Doss, Cisco; Lee Edwin Kinard, Cisco.

Raymond Carroll Sligar, Rising Star; James Edwin Nay, Rising Star; Charles Thomas Lucas, Jr., Eastland; James Travis Lassiter, Cisco; Luther Dee Edwards, Cisco; Johnnie Loyd Hicks, Eastland; Ralph Willard Pearson, Breckenridge; Edward Thomas Stanfield, Rising Star.

Although ordered for induction college students are eligible to be postponed for the school year, if they request postponement upon receipt of their order to report for induction, Mrs. Reeves said.

CJC STUDENTS WILL BURN HUGE BONFIRE FOR GRID TILT TONIGHT

Students and backers of the Cisco Junior College football team will burn a huge bonfire near the College Hill campus at 6 p. m. today as the feature of a big pregame rally. And all Cisco has been invited to attend.

There will be some extra activities at this week's final game. The 1950 Wrangler Sweetheart will be crowned in half-time activities. The young lady was selected at a meeting of the football players, and her identity will be a secret until she is formally crowned. The Lobo Band will appear in the ceremony.

Meanwhile, Coaches Scat Russell and Paul Mosley continued preparations for the season's finale in a long workout Tuesday. The Wranglers are expected to be in comparatively good condition for the game, with most of their players in near top form.

This week's probable starting lineup will include Lonnie Crosby at quarterback with Gene Edwards, Leonard Grigsby and Bob Huffmeyer as his running mates. In the line, ends are expected to

Maid Of Cotton Contest Extended

MEMPHIS, Tenn. Nov. 29. — Deadline for applications in the 1951 Maid of Cotton contest has been extended to December 7, the National Cotton Council announced. This extension was made in response to requests of potential candidates throughout the Cotton Belt who are unable to submit the required photographs by the original December 1 deadline.

Finalist in the contest will be announced about December 15 and will appear before a judging committee December 27-28 at Memphis. The 1951 Maid of Cotton and her two alternates will be selected at the final judging at Memphis' Ellis Auditorium on Thursday night, December 28, by a seven-member judging committee headed by Margaret de Mille, merchandise editor of Mademoiselle magazine and one of the nation's fashion authorities.

The '51 Maid will spend the month of January in New York in preparation for her 64,000-mile journey as King Cotton's goodwill and fashion ambassador. There she will be presented a stunning all-cotton wardrobe created for her by thirty of the nation's top designers. She will receive training in modeling, radio and television techniques at Conover Career Girl Studios. Her six-month tour will open February 5 in Miami and will take her to thirty major U. S. cities, England, France, Cuba, Canal Zone, Brazil, Peru, Argentina and Uruguay.

Upon completion of her tour, the Maid will be awarded a new streamlined Ford convertible by Memphis District Ford dealers.

The contest is open to any single girl between the ages of 19 and 25 who was born in a cotton-producing state and is at least 5 feet 5 inches tall. Entry forms may be obtained from the National Cotton Council, P. O. Box 18, Memphis, Tennessee.

TRADE AT HOME

If you spend a dollar at home you have some hope of getting it back; if you don't, you just spend a dollar.

Well Flows Oil In Drill Stem Test

Discovery of a new Lake sand oil producer four miles due east of Cisco appeared certain today with reports that oil and gas flowed on a drill stem test in the D. D. Feldman No. 1 L. C. Simpson. The location is about three-fourths of a mile southeast of production in the Owens-Bankline pool.

According to reports, gas appeared in one minute and oil sprayed in nine minutes after the hole was opened for a drill stem test. It was understood that 17 feet of Lake sand was found in the well. Drilling was expected to continue to the Ellenberger for further exploration before completion in the Lake or a deeper formation.

The location is 330 feet from the north and west lines of the southeast quarter of Section 47, Block 4, H&TC Survey. The lease borders land under lease to Bankline Oil Company, pioneers in the pool. Oilmen regarded the Feldman well as an extension of the Owens pool.

Another discovery for the Cisco area was reported in the completion of the Oil Associates, Inc., No. 1 Chambers, some ten miles south of town, as a gas well. According to reports, completion was in the Duffer line at about 3,512 feet with approximately 8,000,000 cubic feet of wet gas daily. Oil stains were reported in the gas.

A new wildcat location has been spotted by Oil Associates, Inc. It is their No. 1 J. R. Bacon and location was given as four and a half miles southeast of Cisco. Location is 330 feet from the north and 923 feet from the east lines of the southeast quarter of Section 50, Block 2, H&TC Survey. Projected depth, 3,900 feet with a rotary rig.

The L. W. Douglas No. 1 Harlow, located near the Joy Drive in theater east of Cisco, was drilling in the Caddo line below 2,600 feet today. B. H. Gray, Cisco, is the contractor.

In the Owens pool, Bankline Oil Company's No. 4-J S. B. Mize was drilling at 3,100 feet early today.

In the same area, the Kupp and Dixon No. 1 Otto Chance, western outpost location in the field, was drilling at 3,200 feet today, expecting to encounter the Lake sand tonight or early Thursday. Location is in Section 58, Block 4, H&TC Survey.

Three miles southeast of Cisco, Hickok Producing and Developing Company No. 1 S. H. Hill has set surface pipe and was drilling ahead today with cable tools.

Nine miles southwest of Cisco, the Elliott and Reed No. 1 W. D. Hopper, a deep wildcat test, was drilling at 3,470 feet. The well will test the Ellenberger. An oil and gas show was logged in the upper Caddo line, according to reports.

Another wildcat recently announced for the area is the Haynes B. Ownby Drilling Co. No. 1 Mrs. Effie Brown, a 4,000 foot rotary test six miles southwest of Cisco. Location is 330 feet from the north and west lines of the northeast quarter of Section 110, Block 3, H&TC Survey.

Mr. and Mrs. W. E. Hawkins and children and Mr. and Mrs. M. H. Dryden and children have returned home after two weeks in East Texas at the bedside of their father, W. J. Hawkins, who passed away at his home at Johnstown, Texas, on November 22.

Mr. and Mrs. Elmer Berry had as Thanksgiving guests, their daughter and family, Mr. and Mrs. J. M. Steagall, Jr., and son, Jack of Houston; Mrs. Berry's sister, Mrs. J. H. Allen of Plainview, and a friend, Miss Shirley Backley, also of Plainview.

Mrs. G. M. Beene returned Sunday from visiting relatives in Overton over the weekend. She visited Mr. and Mrs. A. P. Emberling.

BUY CHRISTMAS SEALS

Citing the case-finding and health education projects of the Texas Tuberculosis Association and its affiliated county associations as particularly important to the TB control program in Texas. Dr. C. M. Hendricks, El Paso, has issued a statement endorsing the annual Christmas Seal Sale now being conducted by tuberculosis association throughout the nation. Dr. Hendricks is chairman of the Texas State Medical Association's Tuberculosis Committee.

Proceeds from the Seal Sale tuberculosis in Texas constitute the sole support of the "Among the Association's tuberculosis associations. Dr. Hendricks pointed out. He paid tuberculosis in Texas have been tribute to the Texas Tuberculosis its case-finding and health education for its "vigorous effort projects," Dr. Hendricks forts" against the spread of tu-said. "Case-finding activities in

The State are directed at detecting undiscovered cases of tuberculosis — people who may not even know that they are ill. As these cases are uncovered, of course, we must help the sick persons take steps toward getting immediate care so that they may be cured.

"Tuberculosis is a chronic, communicable disease that has no obvious symptoms in an early stage," he explained. "Even one case of tuberculosis in a community however early, may be a possible danger to others in the area."

"But tuberculosis can be discovered, even in an early stage, by means of the X-ray. That is why we urge every adult in Texas to have a chest X-ray at least once a year."

Dr. Hendricks also briefly described the Association's health education program, the purpose of which, he said, was to inform the people of the facts of tuberculosis which could help them protect themselves against the disease.

"Although tuberculosis may strike anywhere, at any time, we believe that forewarned is forearmed," he concluded. "People who know how to protect themselves against tuberculosis are less likely to get the disease. I cannot urge too strongly that every Texan buy and use Christmas Seals. I feel that Seal purchases mean ammunition against one of the State's persistent enemies, tuberculosis, because it means support of the helpful year-round campaign against the disease carried on by the tuberculosis associations."

HIGH BLOOD PRESSURE

Hardening of Arteries, Pains In Left Arm And Side

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948: "Please send another bottle of Garlex Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass."

"I have some good reports to make on the effectiveness of Garlex used. Mr. Turner, Texaco dealer here, has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This Garlex works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

Hundreds of other testimonials of similar nature.

It Pays to Advertise —

and most successful business men do more or less of it. The impact of advertising on the American psychology is evident in many aspects of our economic, social and cultural life. While honest and truthful advertising is said to make people unhappy with what they have, it also creates a desire for goods and services that they need. We know they need abstracts when they buy real estate and to make them conscious of this fact, and to save them world's of trouble, we advertise.

AND NEWS OF INTEREST TO WOMEN

M. H. Cook Of Putnam Is Honored On 75th Birthday

M. H. Cook of Putnam was honored on her 75th birthday by her children and grandchildren. The birthday cake was decorated with pink and white icing and presented with gifts from the family.

Attending the dinner were Lillian Cook and Jack Cook, Mr. and Mrs. C. A. Stone and children, Madeline and Adelia, Cisco, and her husband, M. H. Cook.

Surprise Coffee Honors Mrs. Hartell

Mrs. Dick Hartell was honored with a surprise coffee by her friends and neighbors Tuesday morning. Mr. and Mrs. Hartell have been transferred to Winters by the Halliburton company.

Cookies and coffee were served to the guests buffet style. Guests included Mesdames Jack Pitzer, Dean Bennett, Hurk Lynch, Paul T. Ford, Keith Raub and the honoree.

Charles Beene from Ranger Jr. College was a visitor in the home of his mother, Mrs. G. M. Beene, over the holidays.

Mr. and Mrs. John Dunn returned from Huntsville after visiting their son, Dwight Dunn, who is employed there.

The eight year old son of Mr. and Mrs. Paul T. Ford is reported as improved after being ill two weeks with an ear infection.

Platter Chatter

BY THE WAY, WHEN DO WE EAT? Why Darling... Don't you know CLIFF'S CAFE specializes in real home cooking, with NO dishes to wash... why... our honeymoon will last forever.

Bluff Branch WMS Meets On Monday

The WMS of the Bluff Branch Baptist Church met Monday at the home of Mrs. Henry Fry for their weekly meeting. The meeting was opened by prayer by Mrs. Joe Boatman. A business session followed and a vote was sustained on establishing quarterly dues. Plans were made for the Christmas party and community tree.

Refreshments were served to the following: Mesdames Joe Boatman, Clifford Phippen, Henry Fry, Bill Collins, Clyde Coats, Ervin Phippen and Smith, Mrs. Fry's mother.

Mr. and Mrs. Cliff Phippen and family of Moran spent Tuesday with her mother, Mrs. Joe Boatman.

Charles Beene from Ranger Jr. College was a visitor in the home of his mother, Mrs. G. M. Beene, over the holidays.

Mr. and Mrs. John Dunn returned from Huntsville after visiting their son, Dwight Dunn, who is employed there.

FARM AND RANCH CHATTER

By LAYNE BEATY

Coming up on the train to Chicago, where this is being hampered out, we met several people from Texas and Oklahoma also headed for the events of this big week in the windy City.

The thing that was mentioned most often by some of the fellows was this new idea of getting two lamb crops per year from ewes. Experiments are being run in two or three places in the U. S. now, using a combination of hormones to see whether ewes can be made to produce lambs twice in one year and with satisfactory results.

Actually, they have succeeded in getting the repeat performance on the lambing but so far something has been wrong. Either the lambs didn't stand up to it, what with the need for lots of milk and constitutional stamina, or the second crop of lambs was weakly.

So, it appears that, like color television, some more work is going to have to be done before we can say this thing has been a success.

The U. S. Department of Agriculture has developed a new remedy for screw worms, known as EQ 335, which is supposed to be more effective than Smear 62, which has been in general use about eight years.

But laboratory men tell us that they still sell about as much of the old time remedies as they ever did, in spite of the proved efficiency of the newer scientific preparations.

Not many people can remember when as much good grass was lost due to fires as has been burned this fall.

It will mean less meat and higher cost of production. People who deliberately set fire to meadows are in effect burning just so many dollar bills.

About the most popular speaker to agricultural group in Texas these days is C. E. Fisher, superintendent of the Spur experiment station. Not that Charley is any great shakes as a speaker, but the things he reports about using 2,4,5-T on mesquite constitute about the hottest subject to most livestock men.

W. B. Swenson of Stamford, who rode up on the train with us, has considerable faith in the mechanical method of eradicating mesquite by using two tractors to drag a heavy chain across brush, knocking it down, but he admits that 2,4,5-T sounds like it has promise.

It has been suggested that poultry and egg producers across the nation join together to advertise and promote greater use of chicken meat and eggs. This is in the face of removal of egg price supports.

The dairy and meat industries have had noteworthy success in similar endeavors. The turkey people started a few years ago and think that advertising has helped put more turkeys on dinner tables and in restaurants.

AUTO REPAIR
at its BEST

Mrs. Emil Anderson, 3632 Wash, Detroit, Mich., says she believes in folks being lucky and all that... but she says that people today are inclined to rely too much on just good luck. One thing Mrs. Anderson says, "is fact not fiction"... she isn't going around saying she thinks her lucky stars for feeling so good—No Sir! not Mrs. Anderson—she says she feels so good now because she is taking HADACOL. She was suffering from a deficiency of Vitamins B1, B2, Nicotin and Iron which HADACOL contains.

Here is Mrs. Anderson's own statement:

"For many years now I have had nagging aches and pains not in just a few places but all over my body—in arms, legs, back shoulders, in fact I know a person couldn't have felt as miserable as I did.

"I was nervous too—so nervous that I couldn't even darn socks and the worst thing was that I couldn't eat nor sleep properly. I would just eat this and that—never a full meal—and my stomach always felt bad. I was so tired all the time—seems like when I would go up two or three steps I would be completely worn out. I was just about at my wits end, not knowing what to do.

"Then while visiting my son and his wife in Marton-Gap, Ky., he told me how his mother-in-law had been helped so much by HADACOL. I brought HADACOL all the way home to Detroit with me. I could tell a big difference, after the second bottle. So far I have taken 6 or 7 bottles of HADACOL. What a wonderful change has taken place—there is hardly an ache or pain in my whole body. I eat well and thoroughly enjoy my food, and sleep—why I can't even stay up late enough to watch all of the television—I just drop off to sleep. I have lots of energy too—now I can even get out in the yard and do the yard work. Yes HADACOL is wonderful—and you can bet your life I will never stop taking HADACOL."

Folks All Over The Country whose systems were deficient in Vitamins B1, B2, Nicotin and Iron, have been helped by HADACOL and HADACOL can help you, too, if you suffer from stomach distress, certain nervous disturbances, insomnia caused by upset stomach, aches and pains or a general run-down condition, caused by such deficiencies.

That's the kind of product you want—that's the kind you should buy and that's the kind you should start taking NOW!

Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel better after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

Copyright, 1950, The LeBlanc Corp.
