GETTING LOTS OF SUN—Model Shirley Penta is wearing this brief bathing suit of her own design at Hampton Beach, N. H. Program Is Given For Teen Age Girls Of Area

In interest of the plans to begin a Teen-age Project For Girls in Cisco Mrs. J. V. Heyser Saturday issued statements explaining the aims and program which were being contemplated. The program was begun several weeks ago but for various reasons was delayed. Her statement follows:
 "A few weeks ago I was asked to help organize a Teen-age Girl Project for our community but the plans had to be postponed. However, we feel we can continue without interruption.
 "I want to give some of the reasons for the project and what we wish to accomplish. In first place the girls who know how to do things with their hands are happy and contented. There is such a broad field for girls to work with if she is taught to understand.
 "Madam Marie Curie once said, 'Nothing in life is to be feared — only to be understood.' Dr. Vagtborg, a noted scientist of our state, said in an address to a group of girl graduates this year, 'It makes no difference what profession you girls decide upon, lawyer, doctor or just plain housewife, to be educated you must learn to do things with your hands.
 "God gave us a wonderful, crude, but beautiful, world. Nothing has been added or nothing taken away. What we have is the result of scientists listening to nature whispering and in return with work their hands we have all these comforts we now enjoy.
 "I wish every woman in Cisco would read Dorothy Thompson's article in the July issue of the Ladies Home Journal on 'Crisis in American Education.' In short, it teaches one to think for themselves who work with their hands.
 "I feel we have 150 months come to us and say: 'What can we do to make this program a success?' If Stephenville women can get national recognition for what they have done for teenagers in their community certainly Cisco should wake up and do something.
 "Stephenville said that not the money that was needed but the cooperation. Several fathers have told me that the mothers of the community had fallen down on their jobs and their duties to their boys.
 "I refuse to allow this to be said so at 3 p. m. Monday we want all teen-age girls to meet at the high school and to bring with you a piece of white cloth that has been washed and pressed and if you have textile paints and stencil brushes bring them also. If not we will have a set to start on.
 "We will start working out things together in textile painting. We have some very talented women to help us. On Tuesday night the Coca Cola Bottling Co. is to bring us an interesting program showing a film on flower arrangement. They will also furnish refreshments. We plan a nice party with games and a good time in general.
 "Maybe the mothers and fathers would like to see this picture also and we will be more than happy for them to attend.
 "So girls this is your party Tuesday night at 8 o'clock in the band hall on the high school grounds. Invite your friends to come and have a good time. Everything is free."
 Signed: Mrs. J. V. Heyser

 This group was installed Thursday night with R. E. Grantham as installing officer and Haywood Cabaness as marshal.

Eldridge Issues Statement In His Race For Office

C. S. (Clabe) Eldridge, candidate for county judge, today issued a formal statement in connection with his candidacy. The statement follows:
 "The desire to serve, the ambition to accomplish something worthwhile, and the honor to serve you as County Judge impels me to ask you again for your support.
 "We moved to Eastland County in 1903 I have lived here since that time. My life as a teacher and school superintendent is well known. I resigned my school at New Hope in the fall of 1917 and volunteered to serve in World War I. I landed in France January 23, 1918, and was in action until the war closed. I was in the Army of Occupation until April 7, 1919, and was honorably discharged on April 26, 1919. I have been an active member of both the American Legion and the Veterans of Foreigns, serving as Post Commander and in other capacities.
 "I am making this race cleanly, openly and on my own merits. I have taken no part in any race except my own. My hope and desire is that all candidates are as good a friend to me as I am to them. I wish there was a place for us all. Never before have I labored harder and more conscientiously. Because I am sure that I am well qualified by past experience and recent preparation, I assure you voters that I am prepared to handle any and all cases that may come under the jurisdiction of the County Judge. If my life has been a success would it not be more reasonable to suppose that would better qualify me to handle your business and the business part of that office's by far the greater portion?
 "I want to be your County Judge because I wish to see just how good a judge I can be. I will serve you with fairness and friendliness, with justice to all and special privileges to none. I have done my best to call at each and every home and if I have not seen you or called at your home, please accept this as a personal solicitation for your vote and support.
 "If you so desire you may find out about me at any of my homes: Carbon, Gorman, Eastland, Scranton, or Desdemona, where I now live and served five years as school superintendent.
 "It shall ever and always be my desire and effort to give you the kind of service you pay for and expect to get. Friends, if you elect me as your County Judge, drop in to see me. Your continued friendship and help to do the best for our county, it's industries, it's roads, it's needy, it's everything is sincerely solicited. I shall be active and progressive giving my all to the well being and progress of our great county. Lets make it the best in which to live, rear and educate our children.
 "Thanks a lot for all past favors and support."

DO YOU KNOW what you look like — how each feature of your face is arranged? If you think you do, try this: If you're a man, shave yourself; if you're a woman, put on make-up — without a mirror.
 We're told that the reason it won't work is because, if a vertical line were drawn down the middle of our faces, the halves won't match. Hence, we don't learn to groom our faces as they really are. We fix the features we see in a mirror and that image is always reversed. So when we work without the aid of a mirror, we follow the mental picture we have of ourselves.

SPEAKING OF MIRRORS, once we saw a native woman in the Philippine Islands with her first mirror. She was handed a small mirror, took a look at herself and began to laugh. She ran home and passed the mirror around. Before long the whole family was laughing. When we left they were still laughing, and, for all we know, they're still laughing now.

UP AT THE FIRST NATIONAL BANK this morning, we saw evidence of Mr. James McCracken's ability as a farmer. On display was a tomato that measured 14 inches around and weighs a pound and about three ounces. James reports that his garden is loaded with tomatoes.

Miss Glenna Moad of the bank staff says that's nothing. They're growing cauliflower at her home. And the heads are sizeable.
 Then, Mr. Nick of the Savoy Cafe came in and reported that he had just sliced up an onion that weighed two and a half pounds.
 Hear reports that Mr. Austin Flint of the Penney Company plans to enter the large tomato growing derby any day now.

MR. RONALD RHODES is probably one of the city's top golfers now. He has just finished a two weeks vacation. And our scouts report that he played 18 holes every day at the Cisco Country Club. All of which doubtless put him in the top brackets.

ONE OF OUR TOWN'S best junior golfers is Ben Tabor, son of Mr. and Mrs. Tut Tabor. Ben shoots consistently in the low 40's and has done pretty well in several tournaments.

Mrs. Hattie Fairless is home after visits in Fort Worth, El Reno and Oklahoma City.

Veterans Units To Study Defense

AUSTIN, July 18 — One of the first official acts of J. T. Rutherford, Odessa, new commander of the Department of Texas, VFW of the United States, was to invite all commanders of recognized veterans organizations to meet at the earliest possible date in Austin for the purpose of coordinating manpower of the organizations in a home defense force capable and ready to cope with any emergency that might arise because of current troubled world conditions.

At the same time, Commander Rutherford has directed commanders of the 400-odd Veterans of Foreign Wars posts in Texas to offer the services of their individual units to city and county officials for use in case of any emergency that might arise.

Hanks Are Back From California

Mr. and Mrs. L.L. Hanks, who recently moved to Cisco from Abilene returned Saturday night from a two weeks stay in California. They purchased the home of Mr. and Mrs. Ray Royall at 1300 Front.

Mr. Hanks is a retired Church of Christ minister and business man. They lived in Cisco from 1926 to 1930 when he was minister of the local Church. The family moved from Cisco to Guyton, Oklahoma, and from there to Midland where they lived for some 16 years. They had lived in Abilene for a year.

In Midland, Mr. Hanks and his sons operated a chain of independent grocery stores and other businesses. He still has extensive holdings in the West Texas city. Mr. Hanks operated a grocery store in Abilene which he sold shortly before to Cisco. They are the parents of Mrs. Delmar Johnston of Cisco.

Local Girls Awarded TSCW Scholarships

DENTON, July 18 — Misses Bobbie Jean Dean and Jo Ann Scott of Cisco are among 84 girls who have been awarded scholarships to Texas State College for Women for the fall term of 1950-51.
 Scholarship winners at TSCW must meet high requirements in scholarship, character and citizenship.

Miss Deen, a sophomore studying music education, is the daughter of Mr. and Mrs. James R. Deen of 2110 Humboldt. Miss Scott is also a sophomore music student. She is the daughter of Mr. and Mrs. Fred D. Scott, 502 W. 7th.

Bread Prices Up In Cisco Stores; B & K Is Same

Out-of-town bakeries had advanced the price of bread one cent a loaf in Cisco today, according to a survey of food stores. Several other commodities were also going up in price.

Two bakeries, Mead's and Sun-lite's of Abilene, advanced prices Monday, and Mrs. Baird's and Mrs. Howard's went up today.

The B. & K. Bakery of Cisco had not increased prices and was undecided whether or not it would. B. & K. was selling bread for 13c and 18c per loaf, while others were selling for 16c and 20c.

Pork was up from four to five cents a pound, and beef was up around four cents. Coffee and sugar were up, too.

One store manager said that coffee and sugar prices were up largely because some people were buying all they could. Actually, he added, there is no shortage and none is anticipated.

Premier Plans To Install New Unit In Oil Refinery

Officials of Premier Oil Refining Company have announced that the company will install a new platforming unit at the Ft Worth refinery, according to J. E. Bullock, superintendent of the Baird plant.

Contracts have been let and construction will proceed immediately. Premier is installing a large polymerization unit at Ft. Worth, Texas, plant.
 The platforming process at Ft. Worth will be the first of its type to be built in Texas, and it represents the latest advancement in petroleum processing equipment. A feature of the new equipment is its use of platinum in the catalyst.

Lake Gains Foot From Rain Sunday

Sunday night's rainstorm in the Cisco area deposited some 1.5 inches of water in this section, and the Lake Cisco water level gained more than a foot, city officials reported today. A definite measurement of the lake water level was not available, because the water gauge was under water.
 The rain was accompanied by a brief electrical storm.
 The water level was up some four feet as the result of rains from Thursday through Sunday night. City officials said the lake contained more water than it has had in some four years.

Business Men Will Meet To Study Gym

A group of business and civic leaders will meet at 2:30 p. m. Thursday at the Chamber of Commerce to make plans for a campaign to raise some \$15,000 to help finance a new gymnasium building for the Cisco school system, it was announced today.
 President W. P. Guinn of the Chamber of Commerce will preside over the meeting.

League Playoff May Be Held In Cisco

Directors of the Cisco A B C Club are expected to meet soon to invite the Inter-City League to play its Shaughnessy playoff in Cisco, it was reported today. The top four teams — Cisco, Gustine, Albany and Gorman — will be in the playoff. Cisco Junior College now is leading the league.

TEN YEARS AGO

Members of the Eastland County Veterans of Foreign Wars met in Cisco post building Thursday night to formulate plans for the Oil Belt Jamboree to be staged at Lake Cisco, August 16 and 17. A special meeting of the same group was held at the Cisco chamber of commerce building this morning at 10 o'clock where final plans were made to launch a drive to make a statewide celebration of this affair. H. R. Garrett, commander of the post, presided at this meeting and appointed special committees, in surrounding communities and neighboring towns to handle arrangements in each of the separate places.

The Cisco Lobo band will march in the parade at DeLeon next Wednesday afternoon to formally open the Peach and Melon Festival there as it has done annually for several years back. A Cisco sponsor will represent this city in the sponsors program it was announced.

The Cisco Daily Press was authorized today to announce that the PWA sewing room will

be opened on July 25. Fifteen workers will be assigned to this project. Miss Ann Butler of Fort Worth will be the project supervisor. She is a graduate of Home Economics from Texas Technological College and has been in training in Fort Worth for this project which will make her very and efficient in this position.

TWENTY NINE YEARS AGO

The hosts of Methodism are arriving. Large numbers from various points in the Central Texas conference reached Cisco on early trains today. Others arrived on afternoon trains, and the rest are expected on trains tonight.

Among the earliest were Bishop W. N. Ainsworth who has been busy every minute greeting acquaintances and conferring with officials boards and pastors.

Rev. Cullen Boothe, pastor of the First Methodist church of Corsicana, will preach the opening sermon at the convening of the Central Texas conference here tonight. The service will begin at 7:30 o'clock.

The business session of the conference will begin at 9 o'clock tomorrow morning.

Cisco will realize why William Fox's "Over the Hill" has crowded four Broadway theaters for over a year and still remains New York's record breaker of all times. The play will be in Cisco to-

MANY SERVICES ARE OFFERED SMALL SCHOOLS UNDER CHANGE

AUSTIN, July 18 — The smaller public schools of Texas now have available many special services which have raised the standards of education and improved the health of the children.

Until enactment by the last legislature of the Gilmer-Aikin school laws, only the larger and richer school districts could afford the numerous services now being utilized throughout the state. Miss Waurine Walker, president of the Texas State Teachers Association, declared here today.

Increased state funds for districts, after they have met state requirements as to financing on the local level has made available teacher supervisors, student counselors, librarians, visiting teachers, nurses, physicians, itinerant teachers, more vocational teachers, home economics and trades and industries courses, distributive education, and more training of exceptional or handicapped children, Miss Walker pointed out.

State aid to schools is offered on a variety of bases.

Schools are allowed funds for a supervisor or counselor on the basis of one to every forty classroom teachers. Supervisors work with the teachers to improve education. Counselors devote their time to guiding and advising children.

Librarians, health nurses, doctors and visiting and itinerant teachers are provided for on the basis of the school districts having their choice of one of those for each 200 classroom teachers.

Visiting teachers work with the parents to overcome conditions which prevent children's regular attendance of school. Itinerant teachers are those specializing in such subjects as art, music or physical education who give instruction in several schools in the same district daily or several times a week.

School districts in the same county can combine teacher totals to be eligible for more of the specialists.

Vocational education department and running three days; ten days before it will be viewed in Fort Worth and three weeks before Dallas.

The prices in the larger cities are \$1.00 and \$2.00; the Broadway Theater in Cisco will show a play with a night rate of 50 cents.

ments increased during the last school year by more than 500, totaling 2,087 in the 2,492 school districts in the state.

State aid has enabled these high schools, when they have enrollments of 60 or more pupils, to hire instructors in vocational agriculture, trades and industries, and home economics.

There has also been a big demand for more distributive education and it is being met. In these courses high school students devote half of their school time to classroom work and the other half to gaining actual experience in their chosen field, whether it is in mechanics, printing, selling, farming, merchandizing, or work as beauty operators.

Classes for handicapped children increased 50% throughout the state for the last school year. Another such increase is anticipated during the 1950-51 school year as more teachers trained in this highly specialized work become available.

Smaller school districts can also combine to establish joint classes for those handicapped children. Miss Walker expects that practice to be expanded.

Meet America's Savingest "SIX"

NEVER BEFORE did any "Six" combine such a low purchase price... such economy of operation... and so much "go." And you'll find Ford's new "Six" is so smooth you can hardly hear it... for its new design has "hushed" its voice down to a whisper.

TRY THE "MID SHIP" RIDE You can pay hundreds more and still not equal the comfort of Ford's road-hugging "Mid Ship" Ride... or the quiet of Ford's sound-conditioned "Lifeguard" Body. With Ford's 35% easier-acting King-Size Brakes, it keeps you safe and snug.

IT'S A COMPANION IN QUALITY TO FORD'S SILENT NEW V-8 Yes, "Six" or V-8, you're sure of smooth, silent quality at rock bottom price. Ford's V-8, you know, is the type of engine powering America's finest cars... yet it sells for hundreds lower than most sixes. And Ford's "Six" costs even less.

"Test Drive" the FORD "SIX" today! NANCE MOTOR CO. Phone 1040 Cisco, Texas

Mrs. C. C. Greenhaw Group Hostess In Home Tuesday Night

Group Two of the Women's Fellowship of the First Christian church was entertained Tuesday evening in the home of their Group leader, Mrs. C. C. Greenhaw. Mrs. Callie W. McAfee brought a splendid devotion and the missionary lesson concerning "Rural Missions" was well presented by Miss Ethel Mae Wilson.

A short business session was held at which Mrs. Greenhaw presided. Minutes of the last meeting were read by Mrs. H. R. Garrett, secretary; and routine business affairs were transacted.

Refreshments of delicious home made ice cream and cake were passed by the hostess at the close of the business meeting.

Those present were: Mrs. Randolph Lee Clark, Mrs. James Haynie, Mrs. H. R. Garrett, Mrs. Maurice Swisher, Miss Esther Hale, Miss Ethel Mae Wilson, Mrs. Callie W. McAfee, Miss Alice Bacon, Mrs. Sam Baugh, Miss Olga Fay Ford and the hostess, Mrs. Greenhaw.

East Cisco W. M. U. Meets Monday P. M. For Bible Study

The Women's Missionary Union of the East Cisco Baptist Church met Monday afternoon at the church for Bible study with the president, Mrs. H. H. Harrelson, directing. After the meeting was

opened with group singing and prayer by Mrs. J. O. Warren, a short business session was held.

Mrs. J. D. Hall was then presented for the lesson from the mission study book, discussing the chapter, "Power Within God's Call." The lesson was made quite interesting and was well explained by the teacher.

The meeting was adjourned with prayer by Mrs. Harrelson. Those present were Mrs. Harrelson, Mrs. Hall, Mrs. Carlton Holder, Mrs. J. O. Warren, Mrs. B. F. Thomas, Mrs. A. W. White, and Mrs. J. E. Shirley.

this county was surveyed in most part by the railroads into uniform and regular blocks and tracts. Tracts not so surveyed are usually irregular in size and description and are far more difficult to abstract and more expensive. But whether your property be a ranch spreading across the hills or a cottage by the side of the road, we find it by a system of abstracting unexcelled in this area. And by getting the best you also have the cheapest.

CHRYSLER IMPERIAL 4-DOOR SEDAN with Clearbar rear window

Chrysler Imperial a new car of unrivaled distinction

This is the Chrysler Imperial. new running mate of America's finest car...the great Chrysler Crown Imperial. With the same luxurious interiors—unmatched in automotive history! With built-in value all the way through unrivaled today! With the quality of materials, the workmanship, and engineering that put every Chrysler in a class by itself! From new Clearbar rear window to the soft, satiny butler-finished chrome of interior appointments... this car is excitingly new! Deliberately built as a challenge to all former standards of what a fine car should be... and should do for you! Come take the wheel. Then carefully compare the built-in value with what the others offer.

There's built-in value all the way through without equal... Waterproof Ignition System... High Compression Spitfire Engine... Fluid Drive... Full Flow Oil Filter... foam rubber seat backs... a Booster Brake... Chrome Wheel Covers—White Sidewall Tires... many other features that, when available at all, are extra-cost on other cars.

Here is distinction in interior decor unsurpassed in any other car, regardless of price. Aristocratic color harmonies combine exquisite wool broadcloth fabrics, top-grain leathers. Chrome is tasteful butler-finished. Window lifts are electrically operated... arm rests, front and rear, are double-width throughout.
