## Council Approves Architect's Plans On New City Hall

Architect's plans for the new Tahoka City Hall were approved by the City Council in a special meeting Monday night.

A final resolution of acceptance was passed for sale of the \$85,000 bond issue to Columbia Securities Corporation at an average of 3.3145 percent interest for twenty years, with a ten year option.

The Council hopes to reach a final decision on the swimming pool site at its regular meeting next Monday night.

Don W. Smith of Sweetwater is architect for the City Hall. His plans call for a building containing 5,163 square feet of floor space, and including space for the fire department, living quarters for a member of the department, City offices, council meeting room, vaults, Police office, and a small jail.

Bids on the building will be received at an early date.

The proposed building will be located in the City Park just west of the present City Hall, 67 feet east from Petty street and 37 feet north of Lockwood. Plans call for construction of brick, tile, and concrete and radiant steam heating.

## New Home Club Meets Monday

The New Home Civic Club will meet Monday evening, February 2, at 7:30 o'clock in the school cafeteria.

Dr. Per G. Stensland, head of the Adult Education Department of Texas Technological College will be on the program to talk about the adult education program in this area.

Dr. Stensland is a native of Sweden, received his education in that nation, came to the United States in 1941, and since that time has studied in American universities, and has become prominent as an educator and lecturer.

A travel picture made by a group of Lubbock men on a trip around the world will also be shown.

Anyone who is interested in this program is invited to attend the meeting. —C. P. Martin, Reporter.

## Cub Scouts Meeting At Legion Tonight

Tahoka Cub Scouts will meet tonight, Friday, at 7:30 o'clock in the Legion Hall for an important meeting.

Seven boys will receive the Webelos award, which is equivalent to graduating from the Cub Scout work. These are: Gerald Huffaker, Bill Ross Smith, Mickey Owens, Danny Uzie, Vernon J. Redwine, Thurman Davis, and Dannie Daniels.

Lester Storch is the new Cubmaster, succeeding Ray Hopkins, who had been serving for some time, and the cub mothers are Mmes. F. E. Redwine, Vernon Davis, Roy Harvick, and J. E. Sanders.

There has been a renewed interest in the Cub Scouts, Storch reports, and there are 37 boys in the group. All parents, both mothers and dads, are urged to attend the meeting tonight.

## Congratulations:

Mr. and Mrs. Roy Barron Jr., Odessa, on the birth of a son at Tahoka Hospital Wednesday at 11:28 a. m., weighing 6 pounds 8 ounces.

Mr. and Mrs. Ramon Basquez on the birth of a son, Ramando, weighing 7 pounds 4 ounces at Tahoka Hospital at 11:36 a. m. Monday.

Mr. and Mrs. William Jester of Dickens on the birth of a son weighing 7 pounds in Tahoka Hospital Wednesday at 12:28 a. m. Name, Glendon Wayne.

## St. John's Lutheran Church, Wilson, Observes Thirty-Fifth Anniversary

This past Monday, January 26, marked the 35th anniversary of the formal organization of St. John's Lutheran Church at Wilson.

Lutherans at Wilson had, however, received spiritual care by Lutheran pastors as far back as 1913. In those early years, Rev. C. Stadler of Lockney would brave the long tiresome distances to minister to the first pioneers around Wilson. In the summer of 1916, Rev. A. Weber of Lockney continued the work at Wilson and it was he who confirmed the first class in Christian doctrine on October 8, 1916. The class consisted of Walter Lichey, Carl Lichey, and Elsie Nessel (now Mrs. Louis Shambeck).

By January of 1917, a regular schedule of Sunday worship services was begun but it was not until January 26, 1918, that their

## School's Choir Plans Operetta

Remember when you were a child and tried to escape punishment by showing some extra affection for the person about to "switch" you? Or, have you ever been in the position of the adult and tried not to show the love you have for the child? If so, then you'll enjoy the operetta to be presented by the Tahoka Elementary Choir on February 20.

If you haven't already guessed, the name of the play is "Tom Sawyer." He is a hale American lad of the 1830-40s. He is very full of pranks, but has redeeming qualities. Tom has many humorous and exciting encounters with friends and enemies. This part is played by Pat Polk, a sixth grader who is a typical American boy.

His Aunt Polly, who has adopted him, tries not to let Tom see how much she really thinks of him. She tries to be stern, but is always won over to leniency by his loveliness. Aunt Polly is portrayed by Betty Vaughn, a seventh grader. Keep the date in mind—it's Friday, February 20, in the High School auditorium.

Robert Harvick underwent major surgery at Tahoka Hospital on Wednesday of this week.

Mrs. Rush Dudgeon underwent a minor operation at the Tahoka Hospital Wednesday.

## Local Boys Enter Stock At Ft. Worth

Three Tahoka Future Farmers of America, accompanied by their teacher, V. P. Carter, left Wednesday for Fort Worth, where they will show their animals in the Junior division of the Southwestern Exposition and Fat Stock Show.

Richard Carter will show his Hereford calf, one Berkshire barrow, and one Poland China barrow.

Jesse Motes will show one Duroc barrow, and Milfred Ratliff will show two Duroc barrows.

## Police Car Damaged In Accident Here

No one was injured but two cars, one of them the City Police car, were damaged in a freak accident which occurred a block east of the traffic light at 10:00 o'clock Saturday night.

Thomas Jolly, 17, was driving Dave Hubbard's 1950 Ford west on the highway. The patrol car driven by Policeman Roy Heffner, pulled up beside Jolly on the south side and made a left turn. Jolly also made a left turn and bumped the police car in the right door. Chief L. N. Bartley said the accident was just a case of mistaken judgment on Jolly's part.

About \$110.00 damage was done to the police car, and about \$30.00 damage done the Hubbard car.

## Red Cross Drive Plans Complete, Starts On March 1

Plans are being completed for the annual Red Cross fund campaign, scheduled for March 1-31, according to Bill Griffin, chairman of the Lynn County Chapter, American Red Cross.

Lynn county's quota has been set at \$3,300.00 for 1953, he has been informed. This is somewhat larger than last year's, due largely to two factors. First, the Red Cross is processing thousands of additional pints of blood for conversion into gamma globulin, new weapon against polio; and second, funds have been added to provide a recreational program for able bodied servicemen abroad.

Mrs. Charles Verner has been named Fund Campaign chairman of Lynn county for 1953. She will name helper committees some time soon.

Jack A. Robinson has been named the new Home Service chairman to succeed J. E. (Red) Brown, resigned.

Mr. Griffin also announces that the "bloodmobile" will be in the county some time in May to take voluntary donations of blood for the Red Cross "blood bank."

## Jaycees Starting Luncheon Meets

Interest is being revived in the Tahoka Jaycees, and luncheon meetings are being planned for each Wednesday noon at the Club Cafe.

Nineteen members were present this Wednesday, when the first of the new series of meetings was held. Plans are underway for an active program of work for the Junior Chamber of Commerce.

Plans were made Wednesday for a volleyball tournament, with play to start Monday night. The Jaycees will enter two teams, and Jimmy Dykes and Seth Lewis were appointed to captain the two teams. Jake Jacobs will arrange the tournament schedule which will include as many civic and individual teams as are desirous of entering.

Officers of the Jaycees are: A. V. Barnes, president; H. L. McMillan, Jr., vice president; Billy Chancey, secretary; and James Huey, treasurer.

All old members are urged to come out to the luncheon meetings and to bring new members with them.

Mr. and Mrs. E. J. Tanner, Sr., visited their son, E. J., Jr., wife, and Billy Carroll, at Plainview Sunday and Monday. E. J., Jr., is employed with Maggard and Nall Motor Co., in Plainview.

## Bulldogs Meeting Post Here Tonight; At Spur Tuesday, Slaton Thursday

District 6-AA conference has ketball play opens for Tahoka Bulldogs with the Post Antelopes in the local gymnasium tonight. B-team boys play first, at 6:30 p. m., then the A-team girls, followed by the feature event, the A-team boys.

The Tahoka Bulldogs, coached by High School Principal, Jake Jacobs, are the defending champions, having won the title in 1952. Coach Bill Haralson handles the girls' team and assists with the boys.

Tahoka goes to Spur next Tuesday night to meet the Bulldogs of that city. Spur is reputed to have one of the best teams in the area, and is the favorite with dark horse Slaton to take the district championship. Tahoka meet Slaton Tigers at Slaton next Thursday night, Feb. 5. The game had previously been scheduled for Friday.

Spur opened its season Tuesday night with a 51 to 43 victory over Slaton.

Though Post Antelopes lost their great athlete, Jack Kirkpatrick, the Bulldogs will not be taking the visitors lightly tonight, and will probably need to do their best to win. Post will be out to average two losses in basketball to Tahoka last year and (Cont'd. on Back Page)

## Vickie Balch Is Buried Tuesday

Mrs. Victoria Anne (Vickie) Balch, 44, formerly of Tahoka, passed away Sunday in Mesquite, Texas hospital, after an illness of several months.

Funeral services were held in Big Spring Tuesday at the East Fourth Baptist Church with the pastor Rev. Maple Avery, and the Rev. B. N. Shepherd, formerly of Tahoka, officiating. Interment followed in Trinity Memorial Park at Big Spring amid many floral tributes.

Mrs. Balch was born on October 31, 1908, in Glen Rose, the daughter of Mr. and Mrs. Dee Smith. She lived many years at Tahoka and New Home, but had lived at Big Spring several years. She became ill nearly a year ago, and since had received treatment in several hospitals.

Surviving is one daughter, Mrs. Frank Timmons of Tahoka, and three grandchildren, Linda Kay, Kenneth Mac, and Frances Lou. She also leaves her parents, Mr. and Mrs. Dee Smith of Tahoka; two sisters, Mrs. Claude Jackson, Matador, and Mrs. Albert G. Ely, Tarrance, Calif.; and three brothers, Frank, Harve, and Martin Smith, all of Tahoka.

## Four Are Fined On Liquor Charges

Four men have been arrested here during the past week by the Sheriff's department for violation of liquor laws, each of whom was fined in County Court.

Sterling Lee Kelly of Post and Big Spring was assessed a fine of \$200.00 and costs Thursday of last week on a charge of illegal transportation of beer, wine, and whiskey.

On Friday, Ervin Ross was assessed a fine of \$100.00 and costs 30 days in jail for a similar offense.

Wilford White of San Angelo was fined \$100.00 and costs Tuesday for driving while intoxicated, and Conception Delao of Tahoka was fined \$75.00 and costs for the same offense.

Lynn county's newest and biggest oil discovery, 17 miles northwest of Tahoka, about halfway between Lakeview and Petty, indicated daily production of approximately 700 barrels on tests made last week end. Production is from the Pennsylvanian canyon reef lime. Early this week, the operators were awaiting the taking of the epotential preparatory to final completion as a producer.

The well is now known as the Hassie Hunt Estate of Dallas and Dan Auld of Kerrville and others J. A. Timmons. The quarter section on which the discovery is located is owned by Mrs. J. A. Timmons of New Home.

The well is 1,980 feet from the south and 960 feet from the east lines of section 142, block 12, EL & RR survey, three miles west of Petty and three miles southeast of Lakeview, about 17, airline miles from Tahoka.

Operators report a gas-oil ratio test showed 1,281 to 1 gas-oil ratio and flowed 47.2 gravity oil at the rate of 28 barrels per hour through a 16/64-inch choke.

Flow was steady. Open flowing pressure was 950 pounds. Shut-in casing pressure was 2,000 pounds.

On the corrected and complete report filed by Auld, it was revealed casing was run a total depth of 9,908 feet and perforated casing in two sections, from 9,803-9,816 and from 9,843-9,864 feet, with four shots per foot.

Both sets of perforations were washed with 500 gallons of mud acid. After setting a packer between the two sections, the lower zone was also treated with 2,000 gallons of regular acid.

When pressure was lifted, the well kicked off and started flowing without swabbing, but no gauge was taken of natural flow.

Operators state potential will be taken and the project completed from the lower set of perforations only. No production tests will be made of the upper zone.

In spite of the important discovery of heavy production, landowners in the area report demand for royalty in the area has not been too great.

Some observers think a large pool may have been struck, others that this is another "pimple."

Nearest production is in the Mound Lake pool, six miles to the southwest. A test on the Ernst place a little over a mile northeast and one on the White place three miles east were both reported dry holes.

## Sheriff's Posse Hit In Austin Parade

Members of the Lynn County Sheriff's Posse report they had a great time in Austin at the Governor's inauguration parade and ceremony.

The Posse had a favored spot in the parade down Congress Avenue, and attracted quite a bit of attention to Lynn county. The colorful riding unit was featured on the Humble television program and on news reel shots also, as well as being viewed in person by thousands of people.

The group went to Austin on Monday of last week, and returned home Tuesday night and Wednesday.

John Ellis of O'Donnell is president of the Posse.

## Income Tax Man Is Coming Soon

Burl Bedford, Internal Revenue Agent, will be at the First National Bank in Tahoka on Wednesday, February 16, for the purpose of assisting taxpayers in the preparation of their income tax returns for 1952.

Those desiring advice and assistance are invited to contact Mr. Bedford on this day.

J. L. Rumbo is still a medical patient in Tahoka Hospital, but is reported to be improving.

## Displaced Persons Thankful For American Home

The News this week received a very apparent sincere thanks for the privilege of being in America from a family of "Displaced Persons" from Russia, now living at Wilson. The letter of thanks follows this story.

The letter is from Mr. and Mrs. Gottlieb Kleopfer and two children, Arnold 9, and Willie 7, of German extraction but born in Russia. They fled the Communists into Germany, and were brought to the United States and Lynn county last March under the Displaced Persons Act, through efforts of Rev. C. C. Ehler, pastor of St. John's Lutheran Church and others. They live on the M. E. Bruedigam farm.

Nearly all other members of the Kleopfer family were killed by the Communists.

There are three other families at Wilson who came from Europe under the Displaced Persons Act. They are: Mr. and Mrs. V. Grinberg and three children, living on the Edmund Maeker farm; Mr. and Mrs. Max Samulkevitch and three children, on the A. A. Wuen-sche farm; and Mr. and Mrs. G. Grabotin and five children, on the Erick Ecklund farm.

Three other families were also brought over, but they have moved away. The Albert Kiesel and Alfred Hoehe families have moved to Colorado to be near relatives, and the Oscar Bock

family moved to Illinois to be near old friends.

The letter from the Kleopfer family follows:

A LETTER OF THANKS TO EVERYONE

We often hear words of thanks for favors rendered but we would like to express our gratitude for something which we cannot fully express—the privilege of coming to America. After suffering many years of dire need, loss of loved ones, imprisonment and persecution under the hands of the ruthless leaders of Communism, the privilege of coming to America was the answer to many years of prayers. At times we had given up ever

having a chance to start over again in a land of freedom, but finally our prayers were answered.

After being here now almost a year, we want to express our deepest gratitude to all who have made it possible for oppressed people to come to America under the Displaced Persons law: the congressmen who passed the law; the Lutheran World Federation which processed our entry; our sponsors, Mr. and Mrs. Marcus Bruedigam, who have taken us in and treated us as their own; our pastor, Rev. C. C. Ehler who has given us encouragement and spiritual advice; our church, St. John's Lutheran Church in Wilson, which has made us feel at

home; and all our many new friends who have helped us financially and with kind words of encouragement. To all we say, may the Lord bless each of you for your kindness.

It is our hope and prayer that we will return your trust by growing to be good Americans and that some day we will be able to help other unfortunate people.

Sincerely, Mr. and Mrs. Gottlieb Kleopfer, Arnold and Willie.

(BY E. I. THE ELDER)

On Monday of last week I had the privilege of visiting the Boys' Ranch on the site of Old Tascosa situated on the north bank of the Canadian River some forty miles northwest of Amarillo. My daughter, Myrtle Rochelle of Lubbock, and I hastened away from Tahoka on Sunday morning to visit my brother and his wife in Canyon, his wife having recently suffered an attack of heart trouble, and also to visit at the bedside of my little grandson, Bill Evetts Hill, 19 months old, who had been living in my home here but who was recently taken to be with his mother, Mrs. Mildred Hill, who works in Amarillo, and on Thursday two weeks ago he had become very ill.

We found Mrs. J. A. (Ola) Hill of Canyon slowly improving, apparently, but still unable to be up very long at a time.

Little Bill Evetts Hill in Amarillo had been under the treatment of a physician since becoming ill but it did not become

and others had perished from old age or from drouth. The old courthouse, as I indicated, was still there but it had been converted into a dormitory for small boys and into living quarters for the keepers of the building, a lady and her husband, who lived upstairs. It was in that courthouse in the long ago that I obtained judgment for the amount due on some vendor's lien notes and for a foreclosure of the lien on some property over at Vega. It was on my second visit there that I accompanied the sheriff of Oldham county over to Vega to buy in the property at sheriff's sale for my Roscoe client.

From the courthouse and the hotel and from other parts of town I could look westward up the Canadian River valley and see "Boot Hill" a half a mile away, so named because the men who were buried there had died with their boots on, but I was afoot and did not take the trouble to go up there to see the bad man's cemetery. We went up there and saw it the other day, however, and by its crudeness, one is reminded in contrast of one of the finest poems in all English literature, Gray's Elegy, written in a country church yard. Also one is reminded of Kipling's "Recessional," if paraphrased with respect to old Tascosa, in the second stanza, as follows:

"The carnage and the shooting dies;  
The killers and the thieves depart"—etc.

That old cemetery on "Boot Hill" reminds one of old Tascosa as it existed in the late 1870's and in the 1880's. It was then one of the wildest of Wild West Towns. It is claimed that anywhere from 17 to 24 men's remains lie buried on Boot Hill, and some of the killers were buried elsewhere. A few of the men buried there did not belong to the outlaw class but were killed by outlaws when this better class of citizens tried to bring about the reign of law and order. We definitely located 13 graves in Boot Hill cemetery when we visited it the other day. Many of these graves were not laid out in any systematic order. A few of them lie lengthwise with the heads to the west but others lie lengthwise in various other directions. The heads are as likely to lie in a southwest or north west direction from the body as not. There are a few headstones, only stone markers which have been chipped away by visitors or leveled off to the surface of the ground by the severity of the weather. Most of the graves, however, are rimmed by round stones the size of hen eggs or larger which have been placed there by human hands. A wire-fence sur-

rounds the cemetery and visitors enter over high steps that surmount it. Only a few names on the headstones are legible. Billy the Kid, who had one of his hangouts in a Tascosa saloon, was not killed in Tascosa but at Fort Sumner, New Mexico. He was buried there. In front of the old courthouse in Tascosa, however, stands a monument erected by the State of Texas in 1836, bearing this inscription:

### TASCOSA

Cowboy Capital of the Texas Panhandle 1877-1888 "Billy the Kid" and cowboys from many ranches added to its liveliness. —Made famous by Wild West fiction—its name is a corruption of Atascosa (Boggy) first given to a near-by creek —County seat of Oldham county 1881-1915.

We doubt if "liveliness" is the right word to use in the above inscription. The word "deadliness" would seemingly be more appropriate. Also the phrase "Made famous by Wild West Fiction" seems rather conservative. It was really made famous by stern Wild West "Facts."—Wild West thieves and cut-throats, Wild West poker games and whiskey. Old Tascosa for ten or fifteen years was one of the wickedest towns in America.

And now, what a contrast! On its ruins and using at least one of its old buildings now stands one of the most philanthropic and helpful institutions in Texas, the Boys' Ranch, with Cal Farley as the founder and president, and John Nickles as general superintendent.

When we drove into the grounds the other day and located the general office, we parked our car and walked in. We were met at the door by Mrs. Jake Bryce, who substitutes for

Superintendent Nickles when he is out of town, as he was that day. Mr. Bryce is also an employee of the institution, a truck driver, I believe. We did not see him either. But Mrs. Bryce received us most cordially and very obligingly gave us the information we were seeking and showed us through the office. It is a more capacious building than you might think. And in addition to the necessary furniture there is a counter containing curios, handiwork, trinkets, picture cards, and even some books for sale. Yes, and there is a little post office and bank in one room in the building. All the mail that the boys receive is delivered to them from that little post office, and when the boys earn any money they bring it to the bank and deposit it. Mrs. Bryce is the postmistress and banker. She says that many of the boys have small bank accounts, of which they are very proud. Some of them come frequently to enquire about their balances in the bank, although most of them must know the amount before coming. They are just proud of the fact that they have money in the bank. Also they come to the post office every day when the mail comes in—many of them do. Of course they like to get letters from friends and even from strangers.

There are nearly 200 boys in the Ranch. We were there at 12 o'clock noon when the dinner bell rang, and the boys came piling out of the school building and marched into the big "mess hall" not far away. There are two school buildings—one they call the old school building and the other is a comparatively new and modern-type building. I forgot to ask how many teachers are employed.

We didn't have time nor op-

portunity to say more than 'hello' to any of the boys but if I ever visit there again I am going to talk with some of them.

On the grounds near the school building is a nice, modern gymnasium, and also in the same vicinity are living quarters for the boys, a large building, that spreads out over quite a bit of terra firma.

The little boys from four to ten years of age have their living quarters in the old courthouse, which we also visited. We noticed that the walls are hung with beautiful and appropriate pictures. It has a very home-like atmosphere, with a kindly matron in charge.

Down the slope and possibly forty yards west of the old courthouse is a chapel, non-denominational, where services are held every Sunday. The pulpit has been filled by ministers from several different denominations, but I noticed that a regular chaplain is in charge now. There used to be a saloon near where this chapel now stands, and two or three others in the town.

I picked up or was given three different folders in the main office which tell about Boys' Ranch, one entitled "Boys' Ranch Round-up," one, "The Cattleman—America's First Boys' Ranch," and the third one, "Boys' Ranch," by Clinton E. Bernard. I am not authorized to say this, but I believe that any Rotary Club, Lions' Club, or other public service club should ask for a quantity of these folders or other Boys' Ranch literature. Mr. Cal Farley of Amarillo, would have the same sent to such club for distribution among its membership.

Now, if this unauthorized suggestion gets me "in bad" with Cal Farley or anybody, remember I never said it.

# Competition

gives you the best petroleum products  
in the world at the  
lowest prices

The U. S. oil business is one of the most highly competitive industries in this country and, for that matter, in the world. Every time you buy a gallon of gasoline or a quart of motor oil, there are at least 100 companies that would like you to buy from them.

Your purchase stimulates competition far beyond the service station driveway where you make it. It stirs scientists to find more oil for your use. It urges production men to produce oil more efficiently and economically and with less waste. It extends through low-cost transportation pipe lines to refineries that seek better ways to make more and better petroleum products to compete for your business.

Is this competition a good thing?

It certainly is. It's a good thing for you because you get the best petroleum products in the world at the lowest prices. It's a good thing for the country because it stimulates the continuous development and conservation of a vital natural resource. And it's a good thing for the oil business: competition keeps the industry strong, vigorous, progressive.

**HUMBLE**

HUMBLE OIL & REFINING CO.

HUMBLE PIPE LINE CO.

Competition begins with the search for oil.

Improved drilling and producing methods increase supplies of oil at reasonable prices.

Pipe line companies seek to improve their service and to reduce the transportation cost of oil and finished products. Their success is a major factor in keeping prices of petroleum products low.

Competitive refineries never let a day pass without trying to find a better way to make more and better petroleum products for your use.

Your service station dealer competes in product quality and service with all the other dealers in your neighborhood.

## 3 Texas 4-H'ers Win National Honors

HIGHEST HONORS were accorded 4-H Club members recently when they were named national winners in their respective programs. Pictured here are Texas' national winners in Farm and Home Safety, Food Preparation and Beautification of Home Grounds.

**Donald Bayer**, 17, Muenster, Texas, a national winner in the 4-H Farm and Home Safety program, completed five years of safety work under the leadership of his father, Martin Bayer. He made a safety survey of his town, posted crosses on hazards, checked his own farm and home and assisted fellow members in their surveys. During Farm Safety Week he gave two talks, made four posters for display, and distributed 600 farm safety sheets. He is chairman of the safety committee in his club and has presented 19 demonstrations on this subject before 1,596 people.

**Irene Polasek**, 19, Corpus Christi, Texas, a six-year member, prepared 4,165 meals and baked 181 dozen rolls, 205 dozen biscuits, 474 dozen cookies, 236 cakes and 272 pies, won national honors in the 4-H Food Preparation program. Since her mother's death two years ago she has planned and prepared the family meals. She is the junior leader of her club. Irene has given numerous demonstrations, and baked many cakes, pies, cookies and biscuits for church suppers, parties and picnics. Last year she was foods chairman for the 4-H.

**Elwyn Ellis**, 15, Plainview, Texas, a six-year clubster, enjoys "watching things grow," so enrolled in the 4-H Beautification of Home Grounds program, in which she has been named a national winner for 1952. He and his mother, a former 4-H'er, planned improvements long before their three rooms were remodeled into an eight room home. Elwyn helped plant a fruit orchard north of the house, which is a windbreak and screen for outbuildings. Plantings include pecan, walnut, catalpa, ash, a privet hedge, lilacs, forsythia, roses, and red leaf barberry. He is proud of his lawn, and he helped build concrete porches, walk, outdoor living room and chairs. His father is club leader.

Donald received a \$300 college scholarship from General Motors, Detroit, Michigan, and Miss Polasek received a \$300 college scholarship provided by Kelvinator, Detroit, Michigan. A trip to Chicago Club Congress was given to Elwyn by Mrs. Charles Walgreen of Chicago, Illinois.

All these programs are conducted under the direction of the Cooperative Extension Service.

## WCS CONTINUES COURSE UNDER MRS. LONGINO

The Woman's Society of Christian Service met Monday at the Methodist Church to continue the study on "Toward Understanding the Bible," being conducted by Mrs. H. A. Longino of O'Donnell.

The meeting opened with the song, "Take the Name of Jesus With You." Mrs. Warren from O'Donnell led the opening prayer.

Mrs. R. M. Stewart prepared a very attractive poster on birds of the Bible.

Our president, Mrs. A. M. Bray, reminded us of our monthly luncheon next Monday, Feb. 2.

Mrs. Clifford Thomas gave a report on women of the Scriptures. Mrs. Longino discussed the Old Testament, and Mrs. Warren discussed the Minor Prophets. Mrs. Bray gave a few thoughts from the book of Deuteronomy.

This is a very interesting study. There were 28 present Monday. Let us have more present February 9 when we continue the study. —Reporter.

## CARD OF THANKS

We deeply appreciate the kindness extended us during our grief and the services for our loved one, Cpl. Randall West, who lost his life in the Korean War. May God bless each of you, is our prayer. —Mr. and Mrs. W. M. West and family.

## Walter Langford Now In Germany

With the 28th Infantry Div. in Germany—Sgt. Walter Langford, son of George Langford, Tahoka, is serving in Germany with the 28th Infantry Division.

Now in southern Germany, the division is receiving intensive field training as part of the North Atlantic Treaty Organization Army.

World War II veterans will remember this same division made a courageous stand in 1944 against Von Rundstedt's winter offensive. The 28th fought in place throwing the German timetable off before withdrawing for reorganization.

Assigned as a motor sergeant in the division, Langford entered the Army in 1940 and arrived in Europe in December, 1952.

With the coming of cooler weather, the chances for fires will increase unless the farmstead is checked for fire hazards and corrective measures taken.

Congress has declared war 11 times.

## N. E. WOOD SPEAKER AT GARDEN CLUB

Tahoka Garden Club had its regular meeting January 20th. N. E. Wood, guest speaker, gave a very informative discussion on soil conservation.

Two new members were voted into the club.

Mrs. John Witt brought the Club Scrapbook to the meeting that we might see the progress being made. It is a very lovely book, showing evidence of much time and thought in assembling.

The Project Committee reported planting would soon start on the new school campus.

Mrs. Roy Edwards and Mrs. Maurice Small were appointed to begin arrangements for the Style Show.

Club members, try to remember next meeting date on February 17th. —Reporter.

## JOE STOKES H. D. CLUB NEWS

The Joe Stokes Home Demonstration Club held its first meeting of 1953 in the home of Mrs. L. A. Armes. There were three members present, Mesdames H. A. Parris, Tom Russell, and Armes. The year books were discussed and plans made for the coming year. It was decided that the club would have secret pals this year. Mrs. Armes is to be in charge.

The Club held its second meeting of the year in the home of Mrs. Tom Russell, with five members present. They were: Mesdames H. A. Parris, Lee M. Shockley, Lloyd Mears, J. F. Wilson, and Russell.

Mrs. Parris gave points on good grooming.

She also gave a discussion on a display of hand blocked, tied, and dyed and batik articles. —Reporter.

Adequate feed supplies which must include reserves and balancing these supplies with livestock numbers are listed as the foundation for a profitable enterprise on the farm.

There are 91 Navy flag officers, line and staff corps, on duty in the Washington area with approximately 700 naval enlisted personnel assigned in the Pentagon.

## Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 2½ fl. oz. Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

## TWO TURBINES are quicker than One

WE raised our eyebrows the first time the engineers told us about it.

A new Dynaflo Drive? Better than the one that over a million and a third people are so happy with?

That's right, the engineers assured us. A new Dynaflo that's just as smooth, just as simple to operate—but far faster and quieter on getaway, and a great deal more efficient.

This, we told ourselves, we have to see. And we did.

We tried the new Golden Anniversary Buick with Twin-Turbine Dynaflo Drive\*—and mister, it's spectacular!

As before, no gears ever shift in this wonder drive.

As before, you have infinite smoothness through every speed-range—feel wonderfully fresh and relaxed even after a long day's drive.

But on getaways you can soar to cruising speed in less than a half dozen seconds—and with lullaby quiet.

At every speed-range you have more efficient power transfer. Acceleration is increased 20%, but with fewer engine revolutions—which means you get going quicker, with less engine speed, less getaway sound.

What works these wonders is a new kind of engineering which places two

turbines instead of one in the Dynaflo transmission. At the same time, fewer parts—four elements instead of five—simplify the unit even more.

But there's more than just this sensational Twin-Turbine Dynaflo to be had in the 1933 Buicks.

There's new power—including the world's most advanced V8 Engine in SUPERS and ROADMASTERS. There's a still finer Million Dollar Ride. There's superb new comfort and handling ease, and a host of other advances—87 in all.

Why not come in this week and try one of the greatest Buicks in fifty great years?

### New Irrigation Well In Redwine Area

Mrs. W. A. Vaughn reports that a successful irrigation well was completed on the farm east of Redwine owned by Miss Weta Wooten of Dallas and farmed by the former's son, Audavee Vaughn.

The well is a full-pipe 8-inch, and is only 82 feet deep.

Several other wells have recently been completed in that immediate area, among them two or three good wells, one a 10-inch, on the Claude Thomas farm.

### Caveness Writes of Gettysburg Area

By H. P. Caveness  
Wesley Culp, born and reared in Gettysburg, was a big husky chap for his years. A favorite son of the family, he was the pride of his mother, who cherished a fond dream that Wesley would make himself a man patterned after his father, industrious, thrifty—a success. Wesley had dreams of big things he could do in the South. He cherished a hope and an ambition to provide well for his mother. He moved to the South and did well, and when the war began he was accumulating wealth.

When the war began he was on the side of his adopted country. He was with the Confederate Army when it came to his old home town. On the first day he was engaged with Reynold's outfit along the road to Chambersburg. At dark, Wesley, who had learned that his mother was seriously ill with typhoid fever, left his outfit then stationed on Culp's Hill, passed through the Confederate lines and made his way to the home of his mother. All night mother and son talked of many things, among them, the war and the relative merits of both sides. The mother strong in her beliefs against the South, the son strong in his beliefs for the South. Just before daybreak they parted. Wesley returned to his company ready to fight as never before for the cause he believed to be right. Shortly before noon he made the supreme sacrifice. There fighting valiantly for the cause of his adoption, he died on his grand-father's farm only a short distance from his mother and his old home.

(Ed. Note: If Mr. Caveness has any other human interest stories relating to Gettysburg or to other incidents in our history, we are sure that our readers would be glad to have them.)

The drouth is responsible for conditions that can cause trouble for livestock producers unless corrective measures are taken. Rations of pastured animals should be supplemented with vitamin A rich feeds to prevent respiratory troubles and vitamins A, E, and C to prevent the condition known as "white-muscle disease."

**Mr. and Mrs. D. G. Phipps, Formerly of Wells, Will Observe 50th Anniversary**

Mr. and Mrs. D. G. Phipps, long-time residents of Lynn county, will celebrate their golden wedding anniversary with an "open house" Sunday, February 8, from 2 to 5 p. m. at their home at 334 W. Harding Blvd., San Antonio.

Actually, their anniversary is February 11, but the event is being held Sunday for the convenience of relatives from this area who wished to be present.

Mr. and Mrs. Phipps were married in Gonzales county, February 11, 1903. They moved with their family to the Wells community of Lynn county, on October 5, 1915, and resided there until November, 1939, when they moved to San Antonio.

They still own farm land in this county, including the old home place, and they still call Lynn county their home. The Phipps were prominent farmer citizens here for many years, and have a host of friends residing in the county yet. They make it a point to come up for a visit at least once or twice a year.

Nita, Mrs. Pearl Davidson and daughter, Ann, and Mrs. Ira Clary were Slaton visitors Saturday.

Mrs. Joe Jordan of Fluvanna visited briefly in the home of her sister, Mrs. Ira Clary, Sunday.

Donald Wayne Early, 16, son of Mr. and Mrs. C. B. Early, who recently underwent surgery in a Lubbock hospital, was able to come home Sunday. C. B. says they greatly appreciated all the flowers, cards, and other courtesies while the boy was ill.

A postal money order may be endorsed by only one person.

**Bobby Anderson Is In Germany**

With the 4th Infantry Div. in Germany — Bobby D. Anderson, son of J. B. Anderson, Tahoka, recently was promoted to corporal while serving in Germany with the 4th Infantry Division.

Now stationed in the southern part of Germany, the 4th is receiving intensive field training as part of the North Atlantic Treaty Organization Army.

World War II veterans will remember this same division helped the French liberate Paris in August, 1944. It later moved to Luxembourg, met the German winter offensive head-on and although its lines were dented the division held.

A squad leader in Company L of the 8th Infantry Regiment, Anderson entered the Army in October, 1950.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitor welcome. —Harry Roddy, W. M. Ray Adams, Sec'y

### New Home H.-D. Club Has Meeting

New Home Home Demonstration Club met January 22 in the home of Mrs. B. G. Smith. Plans for the year's work were discussed. Members were to pay their THDA dues and Year Book fees. The coming year will feature dressmaking, creative arts, and educational projects. One member will serve as hostess henceforth, rather than have to serve so often. Each hostess will be notified. Mrs. B. G. Smith reported on several plays, and members voted on a very clever comedy. Mrs.

#### CARD OF THANKS

We wish to thank the members of the Wilson and Tahoka fire departments and the good people of Wilson for your efforts in extinguishing the fire which destroyed our theatre and the other kind deeds performed. Your kindness will ever be remembered by us. —Mr. and Mrs. C. G. Franks.

#### THANK YOU, FRIENDS

I deeply appreciate the lovely gifts presented me by the Bulldog Mothers last week. I have greatly enjoyed working with you in a worthy cause and appreciate your remembrance. —Mrs. L. F. Hyles.

N. B. Hancock, president, appointed the committees who will serve for this event. A meeting of these groups will be held soon.

The members present spent the day, making aluminum plates, trays, coasters, and ash trays. They wish to thank Mrs. Wayman Smith, who taught the class. It was interesting and very enjoyable work. An enjoyable "pot luck" luncheon was served.

Members present included: Mesdames J. R. Strain, Loyd McCormick, Virgil Haley, G. B. Mayfield, W. C. Thompson, Wilmer Smith, N. B. Hancock, K. K. Moore, V. H. Macha, and Earl George, the latter being a new member. Mrs. Smythe, mother of Mrs. Hancock, was a guest. There will be no meeting until February 26. —Reporter.

# O'Donnell Upset By Bulldogs 46 To 44

Tahoka Bulldogs, both the A and B teams, upset the dope-bucket last Friday night here when they defeated the O'Donnell Eagles, considered one of the top teams of the South Plains this year. The A team won 46 to 44 in one of the best games played here in a long time, and the B team came from behind to take a 39-33 victory over O'Donnell.

Tahoka's A team had previously lost to O'Donnell 42-64, and the B team had lost 25-29.

However, Friday night, Tahoka girls' A team lost to O'Donnell 20 to 22. The local girls had previously defeated the O'Donnell girls five times this year.

The A boys game was a sensational one that kept the biggest home crowd of the season in near-hysterics all the way. The Eagles took an early lead, 11-6 at the end of the first quarter, but by half-time the Bulldogs had cut it to two points, 24-22. Early in the third quarter, O'Donnell

jumped into a 33-26 lead. Then, the Bulldogs really turned on the steam and scored 10 points to the Eagles none to end the quarter leading the visitors by three points, 36-33.

The fourth quarter was a hair-raiser. O'Donnell quickly tied the score at 36-36, and from then on no more than two points ever separated the two teams. The score was tied four times. With less than a minute remaining, O'Donnell led 44-42. Ables sank a free shot. Then with 15 seconds left, Brooks tied the score with a free-shot. He missed his second free shot, but Howie grabbed the ball and shot a field goal to take a 46-44 final score. As an important anti-climax, an O'Donnell player missed two free shots, and Tahoka used up the remaining three seconds on a throw-in.

The Bulldogs out-hustled the Eagles in this game, and played good basketball all the way. Both teams made few mistakes, although the Eagles did make two wild throws in the closing seconds.

Tahoka's B team boys entered their game to win, and came out on top in the end 39 to 33 in a rough contest after trailing three quarters. Tahoka was behind 4-13 at the quarter, 16-18 at the half, and 23-24 at opening of the fourth, when they really turned on the steam to take a lead. At one time in the quarter they led by 10 points, and then coasted in to victory.

Worthington of O'Donnell was high point man with 14, while Jackson scored 8 points. For Tahoka, Gainard McNeely had 10, Gordon Smith and Donald Paris 8 each, and Carleton Bell 6.

In the girls game, Tahoka led most of the time for three quarters, the score being 5-6, 15-13, 18-16, and 20-22. O'Donnell came

## CAPT. MAX MINOR IS VISITOR IN TAHOKA

Capt. J. Max Minor and little son were here last week visiting his parents, Mr. and Mrs. John Minor, who returned with him for a visit at Shreveport, La.

Max, who is stationed at Barksdale Field with the Air Force, has just recently bought a home there.

Max is a graduate of the U. S. Military Academy, where he played football and was blocking back for Glenn Davis and Doc Blanchard and was voted the most valuable player. He also starred on West Point's track team.

Not only was Max the greatest athlete ever turned out by Tahoka High School, but he made the highest scholastic record ever made in the local school. He played football and basketball, and won the State Track meet single-handed. He played at the University of Texas before gaining an appointment to West Point. He is making the Army a career.

from behind to win in the fourth, after Jeanette Jenkins, Sue Sargent, and Susie Smith had fouled out. Edwards was high scorer for Tahoka with 12 points, while Mahurin of O'Donnell had 12. Other Tahoka girls playing included LeMond, Shepherd, the Carroll twins, and Gage.

## Tahoka 4-H Boys Elect Officers

The Tahoka 4-H Club met in December and elected the following officers for the year: John Hegl, president; Preston Hill, vice president; Ronnie McGrew, secretary; Jerry Browning, reporter.

After the election of officers, Mr. Bill Griffin presented a picture show on how to raise different types of hogs. The show was of great interest to the boys and will prove helpful, as we are raising our club pigs.

The Tahoka 4-H Club met in January under the guidance of our agent, Mr. Bill Griffin. He presented us with a picture show

on how to care for calves. Many of the boys are feeding club calves, so this will aid them in raising their calves.

**RED CHAIN**  
**WA-MO**

A Scientifically Balanced Hog Supplement

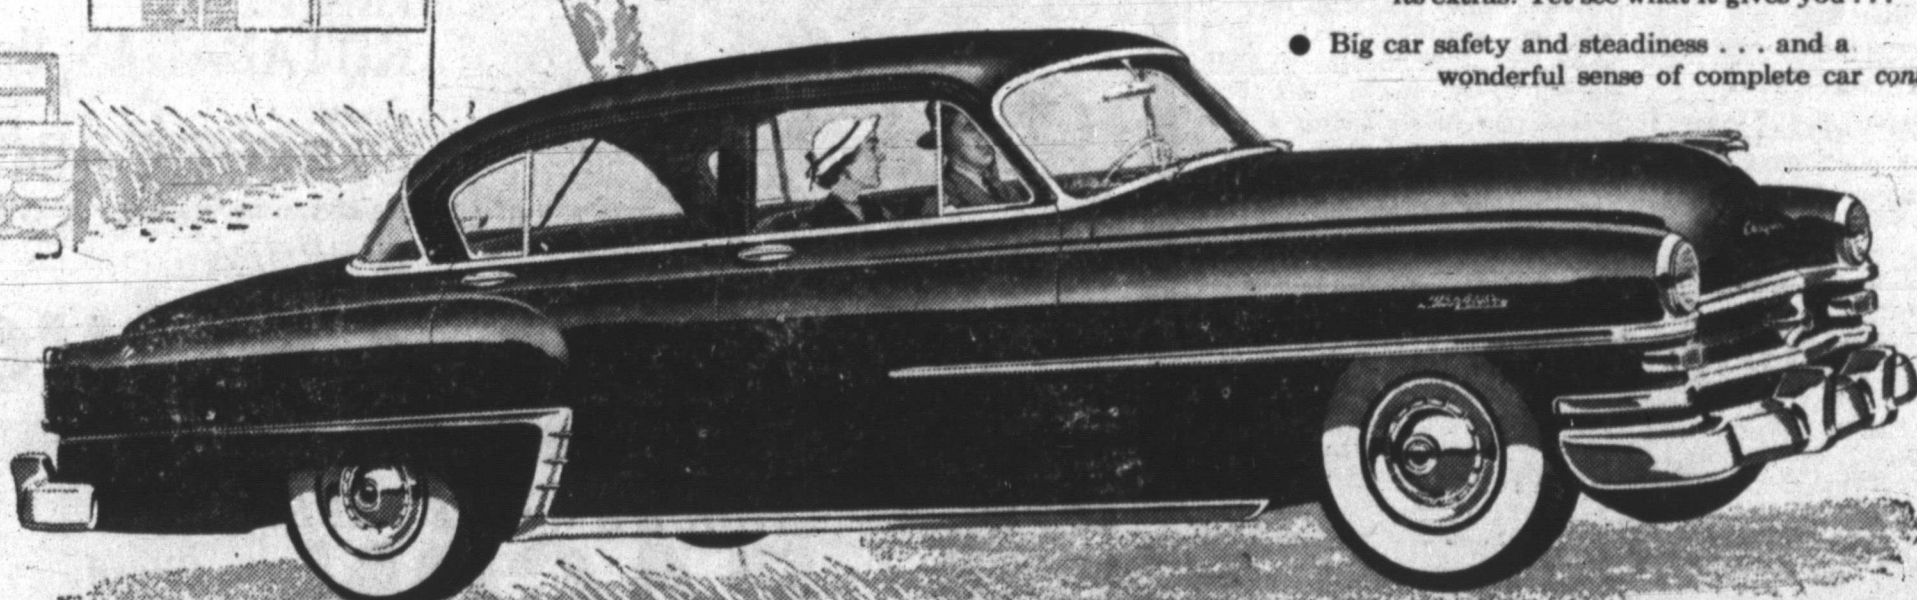

You can raise hogs on grain alone . . . but it's mighty poor economy. Tests prove that it requires 12 bushels of corn alone to make 100 pounds of pork. Compare this with 6 bushels of corn and 30 pounds of RED CHAIN WA-MO to do the same job. It's mighty easy to figure that the RED CHAIN Way is the cheaper — more efficient way to raise hogs.

RED CHAIN WA-MO provides high levels of animal and vegetable proteins, minerals, and vitamins including B<sub>1</sub> and Antibiotic Feed Supplements. These latter aid in speeding up the growth of hogs and promote better health in the digestive tract. They supplement the nutritional factors in grain and make for greater feeding efficiency.

## H. P. Caveness Writes More of Gettysburg Civil War Battle Area And Its People

By H. P. Caveness  
Just prior to the beginning of the Civil War, Bob Lancy and Harry Sinclair were students in Gettysburg College and were very close friends. Of course, the young men had girl friends, as most college men do, and fre-

quently had dates with them. Harry and other boys at their boarding place noticed Bob going out rather frequently, and, as Harry would tell them nothing as to where he was going, they had a lot of fun at his expense. Bob was visiting Miss Bess Marl, who lived with her mother in a farm house just outside Gettysburg. Feelings for each other grew to be much stronger than either had expressed to the other and, indeed, stronger perhaps than either had realized. Miss Marl was a very attractive young lady and Harry Sinclair, too, had been attracted by her many charms, though he had not let his feelings be known.

When the war began Bob immediately cast his lot with the Southern Army. On his last visit to Miss Marl, he told her of his intention of joining the Southern Army, but said he would see her again. Because of the growing excitement of the period, when Bob was ready to leave for the army, he rushed away without seeing Miss Bess, who, by this time, realized fully her love for Bob. But now he had enlisted on the side that she and her family disliked so much. In secret she mourned this sudden separation from the man she loved.

Soon after Bob's departure, Harry began seeing Miss Bess, and found himself deeply in love with her, and let her know how he felt. Miss Bess knew whom she loved, but, since Bob had left as he did, and as he was in the cause she hated, she was somewhat puzzled. She neither encouraged nor discouraged Harry. Later Harry enlisted in the Army of the North. For a long time Miss Bess heard from neither of the boys.

On the morning of the first day of the Battle of Gettysburg, Bob went out scouting for the Southern Army and Harry went out on the same mission for the Northern Army. Each man had in his mind the same thing—the safety of Miss Bess, whose home was directly in the line of march of the Southern Army.

Bob had just stepped out of a thicket and had taken his field glasses to survey the surrounding country.

"Surrender or die," suddenly exclaimed a low voice. Bob grabbed his revolver and, turning quickly, found himself facing Harry Sinclair, his old college chum, whom he passionately embraced. They talked of old times a few minutes and Bob mentioned Miss Marl. The glow of welcome suddenly faded from the Northerner's face.

"And what do you know about Bess Marl?" he asked.

"Why, you know I used to go there frequently. Don't you remember?"

"No, I don't."

"Well, perhaps I didn't tell you where I went; we used to keep such things quiet at college, but that is where I made those calls you and the other fellows used to jolly me so much about. How is she?"

The Southerner's face reddened even through its bronze, and, as the Northerner noticed it, it angered him.

"So you love the pretty Bessie, do you?"

Something in his tone caused Bob Lancy to look at him.

"And what does that signify?" he questioned sharply.

The Northerner's face softened and his grey eyes lit up. "Because I would give my life to keep her from all harm," he said softly.

Lancy's face grew dark, and for a few moments neither spoke. Then the Northerner stretched out his hand to Lancy as he said solemnly, "God knows, my only wish is her happiness. She shall decide between you and me; and you, Bob Lancy, shield her and hers, because till evening you have enclosed her home."

The Southerner grasped and wrung the outstretched hand while he repeated, "She shall decide between us."

"We may never meet again, who knows?" said Lancy.

"Good-bye, Harry Sinclair, dear old chum." They again wrung each other's hands and then hurried away in opposite directions.

In the late afternoon, at the Marl home, the two women had packed all that could be taken of their household goods and the old servant had loaded them on the wagon. Sorrowfully they left the old home, which tomorrow would be torn with shot and shell. Suddenly a horseman appeared beside the wagon from the already dusty woods along the road, and with terror they noticed that he was clothed in Confederate grey. The next instant their terror gave way to joy as they recognized officer Robert Lancy.

"Why, Miss Bess, I am in luck," he exclaimed in joyous tones as he recognized the occupants of the wagon. Lancy assured them their road was clear, and hurried away. But not before he looked deep into Bess Marl's eyes, which met his for a mo-

## Television Miss

Despite the handicaps imposed by polio, little Susan Fairbairn of Phoenix, Ariz., is about to make her debut as a singer on television. She was stricken by spino-bulbar polio during the epidemic of 1950. With March of Dimes help, she underwent treatment in Phoenix and then at Georgia Warm Springs. Later on, she will get surgery to help relieve some of polio's severe after-effects.

ment, and then dropped as he inquired where he might see them again, if he lived. At the last proviso, Miss Marl had looked up quickly, and then bent to arrange something in the wagon and he saw her lips trembling; then, with a lingering hand clasp, he was gone.

Silently, Harry Sinclair had approached through the woods, near enough to see what had taken place. He had seen the soft flush on Miss Marl's cheek and the dropping hand. He knew too well what they meant. At first, fierce jealousy and anger took possession of his heart, then the wish that the woman he loved so tenderly might be happy at whatever cost to himself overcame all other considerations.

At noon the next day the Blue and the Grey clashed again. Sabres gleamed—horses were trampled—saddles were emptied—hundreds paid with their lives—Sinclair and Lancy clashed in hand to hand conflict—sabres flashed again—Sinclair fell from a stray shot—Lancy, at his side, "Good-bye, Bob, dear old chum. Tell Bess I knew she loved you and so I didn't—" but his voice failed him. His last whisper, "Give Mother," with a final effort he pointed to his coat pocket and his noble young spirit faded away.

The wave of battle has swept into the distance and still Bob Lancy sits like a statue, gazing piteously at the form of his chiv-

alrous hearted friend, who had redeemed his love with his life.

Years have passed. Some of the wounds of the war are now healed. Bob of the South and Bessie of the North live happily in a home that only love can make. Their old friend still lives in their hearts, and young Harry Sinclair Lancy blesses their lives as he grows up to represent a new era of unity and peace between the North and the South.

**Basketball . . .**

(Cont'd. from First Page)  
losses in football to Tahoka two years in succession.

Coach Jacobs lost four boys, Wayne Tekell, James Foster, Don Brice, and Lynn Halameick from his 1952 championship basketball team.

This year, however, he has the largest squad of boys out for the sport the school has ever had. However, they have been slow to "come around" to top season form. In fact, only against O'Donnell last Friday have they played top basketball all the way

in any one game.

In pre-conference play, the Bulldogs have won two over Wilson, split with New Home, won two over Seagraves, split with O'Donnell, split with Littlefield, and have defeated Levelland and McCamey.

All their losses have been to top teams, these others being Abert, Denver City, Childress, Eunice, N. M., Stanton, and Brownfield. It is hoped play with these top teams will pay off in gaining experience for the conference season now opening.

Usual starters this year are: Richard Havens, Morgan Howle,

**Bulldogs Lose To Littlefield**

Tahoka basketball teams lost three non-conference games to the Littlefield Wildcats in that city Tuesday night.

The Bulldogs A team, which had previously defeated Littlefield here, dropped a 61-41 decision to the Wildcats. Howle led the Tahoka scorers with 18 points, but Streety and Jones of Littlefield each scored 19 points.

The B team dropped a close low-scoring affair to Littlefield 22 to 18. Jackson of Littlefield was the high point man, while Paris of Tahoka was high for the Bulldogs with five points.

Tahoka girls also lost their game, 30 to 23, with Deanie Edwards of Tahoka and Smith of Littlefield each scoring 15 points.

**Junior Teams Split With O'Donnell**

O'Donnell junior basketball teams won two out of three games over Tahoka in the local gymnasium Monday night.

Only Tahoka's Freshman (ninth grade) team was able to win, defeating the Junior Eagles 35 to 27. Junior Fitts was high point man with 12 points, while White was high for O'Donnell with 6 points.

In the Eighth grade game, O'Donnell ran away to a 38 to 9 victory. Barton of O'Donnell was high scorer with 12, while Haynes Howle scored five of Tahoka's nine points.

In the Seventh grade game, the score was close though low, 16 to 14, in O'Donnell's favor, with Jerry Brown of Tahoka and Jackson of O'Donnell each scoring six points.

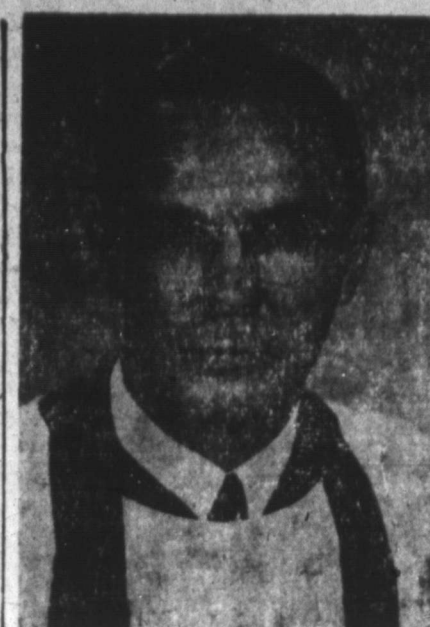

Steve Slover, Joe Brooks, Chas. Hyles, Havens and Howle were regulars last year. Others who see action include J. B. Ables, Max Dodson, John Foster, Garland Huddleston, Donald Paris, and Roy Gene Sherrod.

The B team is made up largely of Freshmen and Sophomores, many of whom have great promise and some of whom have seen action with the A team. These include Gainard McNeely, Duane McMillan, Gordon Smith, Carleton Bell, Jerry Slover, N. E. Woods, Jr., Ted Pridmore, Jerry Williams, Bobby Lehman, Milford Roberts, Junior Fitts, Ware High, and Wayne Havens.

Coach Haralson's girls' team has been showing gradual improvement this year, and this team is building for the future. Among the girls on the squad are: Deanie Edwards, Susie Smith, Sue Sargent, Jane Shepherd, Jerry LeMond, Jeanette Jenkins, Dolores Gage, Betty and Bobby Carroll.

pastor, Rev. Roland Schlueter formally organized the group into a congregation. Charter members of this first Lutheran congregation in Lynn county were the following, with their families:

Anton Ahrens, August Nieman, J. H. Sander, Henry Hillen, Chas. Lichey, Fritz Nieman, and Emil Nieman.

These first years saw many hardships for the struggling little congregation. Many of the early years to reconcile themselves to the droughts and dust storms. Despite this most of the people stayed and the faithful pastors were always there to bring comfort and counsel from God's word in times of spiritual stress.

In 1919, Pastor A. B. Weiss began a faithful ministry which lasted six years. During these years the little group worshipped in the Baptist Church and occasionally in the public school and in the Methodist Church.

Rev. John Flierl, a foreign missionary on furlough from New Guinea, served the congregation from June, 1925 to September, 1928. In the early part of 1928 the Baptist Church building was purchased.

On September 19, 1926, the Rev. C. N. Roth came to serve as the first resident pastor of St. John's. Up to this time all the pastors had lived either at Posey or at Lockney. When Pastor Roth arrived, housing was so scarce in Wilson that he had to live in the so-called "haunted room" of a large old rooming house. This, however, did not bother the young pastor. He worked with zeal with his little flock in Wilson and also at preaching stations at Spangenburg, Post, Southland, and Littlefield. Wherever he worked, the people became endeared to the pastor with his friendly and understanding personality. His aggressive work soon paid off for members were added regularly. The old rooming house where the pastor lived was soon torn down and after rooming with his members, the Louis Mueller family, the congregation decided that they must build a parsonage. An ideal parsonage of frame stucco construction was built in 1929 on property adjoining the church.

In the 1930's the pinch of the depression was being felt but the work continued favorably under the leadership of Pastor Roth. In 1934, he received a call from St. John's Lutheran Church at Winters and it was Rev. E. Herber of Lockney who answered the call to be the next pastor at Wilson. Pastor Herber continued to lead the congregation. While there was no phenomenal growth nor spectacular development during these years, "one may say that the congregation did have a normal healthy development."

Pastor Herber was also serving the congregation at Southland during this same time. By 1938, the congregation began to realize that they needed more room so many began thinking in terms of a new church. Especially on cold and stormy days it was evident that the old building would have to give way for something better. A building fund was started and on March 16, 1940, the present house of worship was dedicated to the glory of God. Cordial relations always prevailed between Pastor Herber and the members. With reluctance he bid him goodbye in June, 1946, when he accepted a call to St. John's Lutheran Church at Thrall.

The Rev. E. C. Poehlman came as the next pastor and was installed on November 3, 1946. Pastor Poehlman was a good influence on the congregation emphasizing better Christian stewardship. He stayed only until 1948. In the spring of 1949, the present pastor, Rev. Clarence C. Ehler was called. During these past four years, the Lord has blessed St. John's richly. Attendance has increased steadily. In the fall of 1949, the congregation lead all congregations in Texas in contributions of cotton to the

**Griffin Is Speaker On Lynn Irrigation**

"Irrigation" was the subject of a talk by County Agent Bill Griffin at Tahoka Rotary Club on Thursday noon of last week.

Christian Rural Overseas Program. In the spring of 1950, a new Baldwin Electronic Organ was added to the church. The congregation was not weary in well-doing. During 1950 Educational Ingathering of the American Lutheran Church, the congregation responded by contributing \$3,000. In the fall of 1950, Rev. Leslie Huebner arrived to serve the congregation while Pastor Ehler completed his work on his theological degree at Wartburg Theological Seminary, Dubuque, Iowa. Pastor Ehler returned in July, 1951, and is continuing to lead the industrious little congregation. During the past three years, the congregation has assisted in placing seven Displaced Persons Families, who had fled the persecutions of the Communists.

St. John's Lutheran Church now numbers 217 baptised souls. The congregation, representing the largest protestant church in the world, is looking forward to the future with renewed optimism—seeking to contribute spiritual leadership to the community of Wilson and to Lynn county and seeking to serve the Savior Jesus Christ in the great task of winning souls.
