Bank Thanks Public for Help With Computers

Appreciation for the people's cooperation with the First National Bank in the various steps necessary in making the changeover from manual accounting to a modern computerized operation was expressed Wednesday by James H. Sorenson, Jr., president.

"We are nearing the final stage of the transition which will be completed by March 1," he said. "So far we couldn't have asked for better cooperation from our depositors and the general public."

He said that discontinuing counter checks in local stores may have caused some inconvenience, but there have been no complaints. "Apparently depositors understand the necessity for using personalized checks with individual account numbers to improve the speed and accuracy of our accounting process. Also, the account numbers provide additional security for depositors because all transactions will be identified by both name and account number," Sorenson added.

Almost all First National Bank depositors already are using their new personalized kits containing checks and deposit slips. All are printed with the name and address of the depositor with his individual account number printed in special electronic ink which permits computers to "read" and record them automatically, he said.

Sorenson suggested that those who wish duplicates of their deposit slips may use an extra deposit slip to make a carbon copy of the original. Another method is for the customer to ask the teller to initial the deposit entry in the record section of his banking

Day Care Center May Be Opened

The possibility of operating a children's' day care center in Rockport for the benefit of working mothers who cannot afford to pay for this service was explored at a meeting of approximately 25 representatives of local churches Sunday afternoon in the Sacred Heart convent building.

Rockport is facing a serious civic dilemma.

Delmar Hiller, probably one of the most competent and dedicated mayors in the history of Rockport, has announced that he will not seek reelection because of pressing business and family responsibilities.

His departure from the civic scene leaves a void that could result in a serious setback to the progress of our city. During his term of office, Rockport has had a quality of leadership seldom enjoyed by municipalities which are unable to offer adequate financial reward.

Rockport mayor's salary—$100 a month—obviously is a token compensation, not at all commensurate with the time and personal participation required by the office.

The pressing problem facing Rockport right now is to induce some competent, civic minded citizen to seek office, not because he needs or would like the job with its meager salary or because of the prestige involved, but because he would truly like to serve the city and its residents.

Surely there must be in Rockport competent, civic minded citizens who would be willing to become candidates. The problem is to find such an individual or individuals and persuade him or them to announce for the office of mayor.

The need is great. The time is now.

Nine Contractors Bid on Sewer Job

The City Council held a special meeting Tuesday night to open bids from contractors bidding on the forthcoming storm sewer and sanitary sewer project. Mayor Delmar R. Hiller, Aldermen Charlie Garrett, N. F. Jackson, Joe "Pepe" Zambrano, Mrs. J. W. "Tony" Harden, Public Works Commissioner Tom Shults, City Secretary Mary Lake Segler and City Engineer Gene Urban of Urban Engineering, Corpus Christi, attended.

Bids were received from the following nine contractors: Blue Water Industries, Inc., Corpus Christi Burtex Constructors, Inc., Corpus Christi; George Consolidated, Inc., Houston; Heldenfels Bros., Contractors, Corpus Christi; T. H. Lee, Contractor, Corpus Christi; Mercer Construction, Edna; Vermillion Construction Co., Rockport; Yantis Construction Co., San Antonio; and W. T. Young Co., Corpus Christi.

After Hiller had read aloud every bid, the City Council voted to table all bids for study and tabulation. The bids were complex and many of them included bids for two separate contracts, representing two phases of the storm sewer and sanitary sewer project. Also, there were bids for five alternates. Hiller said the city will award a contract or contracts as soon as possible.

Solve Theft

The arrest of one 17 year old and one 14 year old youth solved the theft of a carburetor from a parked automobile at Cole's Texaco Service station on Jan. 29. The automobile belonged to Leo Raebroker.

Chief Deputy Sheriff Stautzenberger and Deputy Joe Williams made the arrest after a certain type of cigarette butts were observed near the vehicle. A check revealed the fact that one of two suspects smoked this type of cigarette. The carburetor was recovered.

The 17 year old, David Thibodeaux of Rockport, was fined a total of $117 in County Court before Judge John Wendell for misdemeanor theft and the 14 year old subject was remanded to the juvenile authorities for a juvenile hearing.

State Representative Urges Citizens to Express Opinions

A plea for citizens to express their views on questions of public interest to their state representatives was made by Leroy J. Wieting, representative from the 44th district, at a luncheon meeting of the Rotary Club Wednesday at Corky's Restaurant.

Wieting compared state government to a business corporation with citizens playing the role of stockholders, while members of the legislature acted as the board of directors. He added that while a corporation was able to control much of the public information released about it, the state legislature operates in the open with newsmen reporting to the public on its actions. He endorsed this arrangement and urged that citizens become better informed about their legislature.

Wieting said that all legislators were anxious to hear from their constitutents on any subject before the legislature. Only in that way can a legislator truly represent the people in his district, he added. Lacking this information, a legislator must use his best judgment as to public opinion on a given question, Wieting said.

This will enable the Sheriff's Department to spot abandoned automobiles and other items. The first such survey was made last Saturday with Hewes as the observer. The helicopter may be called on in any emergency such as lost boats, lost fishermen, hunts for wanted persons or for traffic checks.

Theft From Car

A 15 year old, a 16 year old and a 17 year old Rockport youths were apprehended by Sheriff Bop Hewes and Chief Deputy Sheriff Stautzenberger Monday for the theft of a tire, wheel and a jack from a wrecked automobile near the Sandollar Motel belonging to Frank Prescott. JOHN KINSEY

Spent a couple of days in Victoria the latter part of last week attending a South Texas Chamber of Commerce conference. It's kind of fun to get away for a change of scenery, but it's sure nice to get back to your home base.

While staying at the Continental Inn, it was my pleasure to receive a compliment to pass on to the girls in the Pirate Pep Squad who had dinner at the Inn last fall when the football team played Yoakum in the Bi-District game at Victoria.

The lady who runs the gift shop at the Inn saw my Rockport Chamber of Commerce badge and said, "I just want to tell someone from Rockport that those girls in your high school Pep Squad are nice young ladies and they conducted themselves in a ladylike manner even though they were full of enthusiasm and fun."

While in Victoria, Mrs. K and I had the pleasure of visiting with our daughter, Pam, our son-in-law, Ken Herbort, and our handsome grandson, Mike. Mike is just about the best looking smartest, happiest little boy there is.

However, he is tied by Scott Kinsey as the best looking, smartest, happiest little boy. Scott is our other grandson who lives in Deerfield, Ill., a Chicago suburb, with our son, Dave, and daughter-in-law, Diane.

Both families read the Pilot.

Word has been received that Charlie B. "Bill" Matcheski of Eagle Lake underwent surgery Tuesday in the Caney Valley Hospital at Wharton. He is an employee of Tenneco and formerly of Rockport.

A potluck dinner was held last Tuesday evening with 43 attending. Carson Bell had surgery at Spohn Hospital. William Savoie has been transferred to Horizon House in Corpus Christi from Lyman-Roberts Hospital. His brother, James Savoie, and boyhood friend, William Cryer, from St. Anne, Ind., came to Rockport last week to be near him. Mr. and Mrs. George Gronewald, from Lewisville, Minn., are new arrivals in the park.

NATURE TRAILS

By
CONNIE HAGAR

"Now the graceful cedar waxwing comes
In magnificent array."
—Eva Williamson

It's February and birds are moving again. Nature goes on her regular way: winter into spring, spring into summer, summer into fall, fall into winter, a perfect whole.

Have you noticed the beautiful goldfinch, the cedar waxwing and its spot of red on the wing from which it acquires its name? And how the robins have filled the yards and fields?

Now look at the magnificent sandhill cranes by the Bailey ranch house on FM 1781 a few whiteface, glossy ivis with them. No time to stop looking.

But the big gift was two species of swans, the mute with its red bill and the whistling swan, both near the Big Tree on Lamar Peninsula. Also the lovely eastern bluebird in Lamar.

During the warm spell, the eye-catching Roseate Spoonbills gave many a tourist to the coast section from the north and west a feast of beauty and interest. The three age plumages were confusing but the bill told the species.

Avocets, canvasback ducks, wigeons (ducks) and bufflehead were very good for study on Fulton Beach Road. Marbled godwits are more numerous than I have ever seen here at one time, and black skimmers on South Beach are doing the beautiful winter flight. Many cars park by Rockport Hotel to see the huge formations.

Wild flowers are sending small shoots to "feel" the temperature. A freeze will delay the blossomtime, but Texas always has a beautiful show for all who care to look.

Shelling has been very poor, due to the Portugese man-of-war, but let nothing prevent you from trying to learn, so look, look, look.

Doyle Wayne Parr left Sunday for Anchorage, Alaska, where he will be working for Hudson Engineering. His wife, Martha, and son will join them later. He is the son of Mrs. Lillian Parr.

quirements and operating costs. His committee also will survey operating techniques and other problems by visiting existing centers.

In addition to those mothers now working, it is expected that a child care center will make it possible for other mothers who need to work outside their homes to have their children cared for, it was agreed at the Sunday meeting.

The center would have a paid professional director assisted by volunteers. A number of individuals already have volunteered, it was reported.

In addition to Reverend Campbell and Reverend Lang, other pastors participating in the meeting were Rev. Robert Ullrich, Sacred Heart Catholic Church; Rev. Charles Fake, First Baptist Church, and Rev. Lester Hill, St Peter's Episcopal Church as well as lay representatives from the various church congregations.

Also present were Mrs. Pat Larsen of Corpus Christi, representing the Texas Department of Public Welfare which regulates child care centers, and Mrs. Pat Kelley who operates the Mother Goose Land nursery and Kindergarten in Rockport.

To assist his committee with its survey of the need for a local child care center, Reverend Campbell asks that mothers who would use the center phone him. He also would like others who know of families with such a need get in touch with him.

Working Students

Working students got word today on how to fullfill their tax obligations to Uncle Sam from Asa L. Crow, administrative officer, Internal Revenue Service, Corpus Christi.

1. A student earning $600 or more during 1969 must file an income tax return, even if he is claimed as a dependent by his parents.

2. Students with income of less than $600 during '69 and who have had income tax withheld, should file a return to get these taxes refunded.

3. A single student filing a return should claim one exemption for himself, even if he is also claimed as a dependent by his parents.

4. In a community property state, such as Texas, the total combined income of husband and wife ordinarily is considered one-half attributable to each, and the combined tax is usually the same whether a joint return or separate return is filed. However, in order for parents to claim them as dependents, married students must file separate returns.

This is the year of the horse. And inflation has reached a canter. — Boonville (Mo.) Cooper County Record.

Uncle Sam's Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 209 W. Ninth Street, Austin, Texas 78701. He will welcome your questions.

Q—As and employer, I am interested in knowing if occupational deferments in class II-A are still permissible under the lottery system?

A—Yes. The random selection system concerns only people in I-A and I-A-O. It has nothing to do with the law or regulations concerning deferments.

Q—If a local board has gone through the first 60 random sequence numbers in filing a call, what about a man whose number was between 1 and 60 but who was not called because he was deferred and later lost his deferment?

A—He will not escape selection, as each month each local board starts back at random sequence No. 1, or the lowest number it has, to fill its current call, proceeding forward through the list of numbers. This action insures that men who enter the I-A pool during the year because they lost a deferment or exemption after their number had been passed will be selected before men whose numbers have not been reached.

Q—I have a II-S student deferment. Can I drop this deferment and enter the I-A or I-A-O pool and take my chances in 1970 on not being drafted?

A—Not unless you cease to be a full-time and satisfactory student graduate or reach age 24 which ever comes first.

Taxpayers Ask IRS

This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) Can you claim someone as a dependent who is not related to you?

A) A person not related to you but who is a member of your household for the entire year may be claimed as a dependent when the other tests are met. You will find these tests listed on page B-2 of the 1040 package mailed recently.

The handy index on the inside cover of the package indicates where instructions on a particular subject may be found.

Q) Where am I going to get my estimated tax forms? I didn't see them in the 1040 package you sent.

A) An estimated tax form package will be mailed in January to all those who filed estimated declarations last year. It will contain four preaddressed voucher forms to make sure estimated tax installment payments are properly and quickly credited to the taxpayer's account. Four envelopes have also been included in the package for the taxpayer's convenience in mailing payments.

The estimated tax form package is also being mailed to those taxpayers who appear to meet estimated tax filing requirements based on their 1968 returns.

Q) I lost the W-2 statement I received from a part-time job last year. Do I need it?

A) Yes, Copy B of Form W-2 from each of your employers must be attached to the back of your Form 1040. Contact your former employer and ask for a duplicate copy of your missing W-2.

Q) I earned interest from several savings accounts last year. According to the tax form I got, it looks like I don't have to show the specific amount from each bank. Is that right?

A) If your interest income is $100 or less, you may simply enter the total amount on line 13 of Form 1040. When interest income is over $100, the amounts should be listed separately on Schedule B. This Schedule should be attached to Form 1040 when you file.

Q) Do you have to itemize your medical expenses to be able to deduct one-half of Blue Cross or other medical insurance premiums.

A) You don't have to itemize your medical expenses to claim this deduction but you have to choose the itemized method of claiming your deductions. In other words, you can't use either the standard or minimum standard deduction if you want to deduct medical insurance premiums.

One-half your medical insurance premiums (but not more than (150) should be shown on line 1 of Schedule A and added to your other listed deductions and the Schedule attached to the Form 1040 you file. Instructions for using this Schedule A are printed on the back of this form. Copies of the Schedule are provided for your convenience in the 1040 tax package.

Q) Are Social Security benefits taxable?

A) No, Social Security benefits are not taxable.

Picturephone® service may not change your dining habits, but it will bring many changes to your personal life. It is already being used on an experimental basis in industry, and this remarkable see-as-you-talk service will be in thousands of businesses and homes in the future. We're working today to make tomorrow's communication services even better. We may be the only phone company in town, but we try not to act like it.

Girl Scouts

Girl Scout Troop, 469
January 28

We started out with the flag ceremony. The outgoing patrol leader, Susan Stafford, Molly Hynes, Jean Hayes and Annette Ledbetter held the ceremony. After the ceremony they presented the new patrol leaders to the troop.

Then the troop leader, Mrs. Rice, divided the girls into their new patrols that they had secretly voted on the week before. The patrol leaders are Beverly Barnard, Cynthia Schendel and Helana Bloomer; Beverly Barnard's patrol officers are Vicky Rice, assistant patrol leader; Robin Davis, patrol treasurer; Debra Brooks, patrol scribe; Jean Hayes and Annette Ledbetter as first aiders. The name of the patrol is the "Cool It" patrol.

In Helana Bloomer's patrol the Sun Patrol, is Tammy Boddie, assistant patrol leaders Penny Rossman, treasurer; Lisa Roberts, patrol scribe; Paulette Harris, first aider; Cynthia Schendel, with the Rat patrols, has as her officers Lisa Casterline, assistant patrol leader; Carolyn Prophet, treasurer; Kim Harper, patrol scribe and Molly Hynes, first aider.

Our Girl Scout cookies went on sale Jan. 30. Mrs. Casterline, our cookie chairman, issued at least two cases to each girl. Be sure to buy some! Help support the Girl Scouts. The cookies sell for 50 cents and box.

Vicky Rice, Troop Scribe

PARAMEDICAL NEWS

The Rockport-Fulton High School Paramedical Club met Jan. 29 and voted to visit the University of Texas Medical School on Feb. 7. The Medical Center at Galveston is one of the oldest in Texas.

Club members will be taken on a tour of the Center and given an opportunity to view the facilities and hear a lecture.

E. G. Brooks, science teacher, reminded the students to take cameras and get some good pictures on the trip. The Club hopes to visit the Texas Medical Center in Austin at a later date.
