Answerline

Answerline is a regular feature of the Colorado City RECORD. Readers with questions on any subject may write or telephone the RECORD with questions they would like to have answered. Letters must bear the reader's name, address and phone number for verification, although names will not be published. Mail inquiries to: Answerline, P.O. Box 92, Colorado City, Texas 79512.

(Q) Why don't the savings and loan institutions publish a statement of condition each quarter as the banks do?

(A) Neva Turner, Executive Vice President and Manager of Colorado City Savings and Loan Association answers: "Regulations require State chartered Savings and Loans to prepare and publish a financial statement annually in the month of January in a newspaper of general circulation in the county in which the Home Office is located."

Ms. Turner adds, "Colorado City Savings and Loan Association is very proud of their financial condition. Financial reports are available upon request."

John Davis, Vice President of Homestate Savings said, "In years past, we have run these things quarterly," but since regulations only require them to run statements of condition annually, that is the way they do it now.

(The continuation of last Sunday's Answerline pertaining to the landfill will be in Sunday's edition of the RECORD.)

Funds needed for water & sewer plants Bond elections possible

Colorado City voter's may be looking at two big bond issues in the near future—one for changes and improvements at the sewer plant and one for changes and improvements to the filter plant and the water distribution system.

Both plants have deteriorated over the years, and obsolescence has set in but most of all, the changes, repairs and improvements are demanded by various

state regulatory bodies, who don't take "no" for an answer.

The Colorado City Council heard a long discussion Tuesday night of a water system study made by Colorado City's engineering advisors, Freese and Nichols, Inc., of Fort Worth. The presentation was made by Lee Head of Austin.

Head told the Council that it was looking at immediate expenditures

of about \$1,180,000 to refurbish Colorado City's water system, and a total expenditure of about \$1,895,000 over a period of several years.

Head said that the most important of the several items needed was better distribution and that a 16 inch line should be laid from U.S. 80 along Cherry Street to 17th Street and then to Colorado City's elevated storage. This plus 2,000

feet of 10 inch would cost \$550,000.

Other items and costs were; two new raw water pumps at the lake inlet, \$250,000; control and instrumentation improvements and a new high service pump at the treatment plant, \$170,000; renovation of the booster pumps at the ground storage tank, \$140,000; installation of pneumatic pressure system for low water pressure areas near I-20,

\$70,000. Total \$1,180,000.

Additional improvements which could be put off until 1988 or later, \$715,000.

The improvements are projected to care for the needs of the city until the year 2005.

Mayor Elmer Martin is "taking names" for a chairman and committee members who will work to explain the various needs of the city and the need for a bond issue to local voters.

City Attorney Pete McKinney explained that the City Manager and city staff were not allowed to participate in a bond election campaign.

The City Council also:

(1) discussed paving a five foot strip along 17th Street to connect existing paving with curb and gutter in front of the Lone Wolf Addition. The council agreed to allow developer Earl Ham-

Ginning picks up throughout county

Cotton ginning was up markedly in Mitchell County this week with a total of 3,047 bales being ginned so far this year.

Producers Gin has processed the most cotton so far—1,401 bales. Both Buford Gin and Mitchell County Gin re-

ported that they had not baled any cotton yet.

Although the number of bales ginned is down quite a bit from last year's total of 5,639 at this time, cotton grades are very good this year in most parts of the county.

Ross Hargrove at Producers said that what he is getting is "the best grades I've ever seen," noting that he had been here 27 years. However, he adds, "As the year wears on, cotton grade goes down."

The cotton being brought in at Co-Op Gin Association in Loraine is of "a real good grade" reports Charlene Walker, and the grade is holding well.

Roy Petty, manager of Westbrook Gin says they are also getting good grades.

LEWIS ELLIOTT (left) received a certificate of Service Award Monday night for his 60 years of service to the Colorado City Lions Club. The local civic club celebrated its 60th Anniversary with a banquet Monday night at the Civic Center. Congratulating Elliott is Everett S. Grindstaff, President of Lions Club International and guest speaker for the event.

Colorado City Lions Club celebrates anniversary

The Colorado City Lions Club celebrated their 60th Anniversary Monday night with a banquet at the Civic Center.

Organized in 1922, the Colorado City Club is the oldest in its district.

Approximately 200 members and guests attended the banquet, which was catered by Rev. Robert Bracy of Colorado City.

Everett J. Grindstaff, President of Lions International, was guest speaker.

Grindstaff congratulated the club and talked briefly about his administration. Finding a cure for diabetes, fighting the drug problem and retaining Lion Club members are the service goals for his administration in 1983.

Also receiving special recognition was Lewis Elliott of Colorado City. Elliott received a 60 yard certificate. One of the original organizers of the club, Elliott talked briefly about its beginning.

He said the group seeking the Lions charter met in Judge C. H. Earnest's office July 17, 1922. "There were only 12 of us, and we needed 25 for the charter," he said. "And we got 'em."

The club met for years in the basement of the old Barcroft Hotel, and the hotel furnished meals for the club.

Other past and present Lions recognized included former congressman George Mahon of Lubbock, Dr. Bill Rhodes of Yakima, Wash., and Charles C. Thompson of Colorado City.

Visiting Lions included members from San Angelo, Sweetwater, Midland, Big Spring, Coahoma, Garden City and other area towns.

Commissioners' okay bid for roof repairs

Among the items of business before the Mitchell County Commissioners' Court when they met Monday afternoon was the opening of bids for repairs to the roofs of the courthouse, the courthouse annex, the jail, the library and the Community Care Center.

The bid accepted was from Lydick-Hooks in the amount of \$46,630 for all five buildings.

A representative from the company said that they would not be able to begin work until March or April but that they would repair what leaks they could to prevent more damage until the complete roofing jobs could be done.

Jack Hollis, president of Colorado City Savings and Loan Association, appeared before the Co-

mmissioners to request that some of the county money be deposited at the Savings and Loan.

County Judge Bill Carter noted that City National Bank is currently the county depository, but early next year the county would advertise for bids for a depository and Hollis was invited to submit his bid at that time.

Bobby Lemons and Eddie Piland presented the Commissioners with a resolution authorizing the formation of the Mitchell County Industrial Development Corporation.

The Commissioners approved the resolution and appointed Lemons, Piland and J. C. Britton as directors of the corporation. See related story in the RECORD.

Council to reduce grant application

At the Loraine City Council meeting Tuesday night, Mayor Royce Beights told the Council members that HUD officials had informed the engineer hired by the City to help them apply for the Community Development Block Grant that they had applied for too large a sum. Beights said that the engineer had rechecked the original plans in the grant application and found that if the City cut about 2½ blocks off the proposed street paving, that would save about \$80,000, bringing the amount applied for down to \$246,000, which would be a more realistic figure by government standards.

Larry Grissom appeared before the Council to apply for a job as a police officer, noting that he lacked one course in psychology and one year of actual service to be certified.

Mayor Beights told Grissom that the city already had a policeman, Edgar Hatom, and that a one-man force was all they had ever had, adding that the Council would "be happy to take your application" and keep him in mind if the present situation were ever to change.

Sylvester Rose also met with the Council to ask them to consider giving him the contract to pick up the garbage in Loraine since he had a compactor truck and dumpsters.

The Council members agreed to take the matter under consideration for action on a later date.

In other action, the Council voted to authorize either the City Secretary, Kay Nell Cornutt, or her assistant, Christine Britton, to go to a water certification school in order to comply with a state law requiring that at least two city employees be qualified to test water quality.

The Council also decided to seek new bids for a cover for a ground storage tank since the original contractor had asked to be released because he was unwilling to finish the job.

Loraine City Attorney Frank Conard, Jr., noted that the special election for two City Council members would be held

Another suit filed

The Mitchell County Tax Appraisal District met Thursday night, November 4th, to discuss the lawsuit that Valero Transmission Company is bringing against the District claiming unfair taxation.

C. C. Burt, chief appraiser for the District, told the group that the papers they had originally been served with did not include the disputed taxes for the 1982 year and a separate suit had been filed for it.

Burt explained that the appraisal company, Pritchard and Abbott, had written a reply for the District and the sig-

"Smokeout" slated for November 18

More than 52 million Americans still smoke. Nine of every 10 of them contacted in surveys have said they would like to quit.

But giving up cigarettes isn't easy—and procrastination seems to reign, reports Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Any needed behavioral change always

seems easier to accomplish when someone joins with you in making the change. This is an ideal time to join the millions of Americans who intend to take a day off from smoking on Nov. 18, the day of the 'Great American Smokeout,' suggests Shirer.

The Smokeout annually focuses public attention on cigarette smokers from coast to coast, Shirer reminds.

Loraine FHA holds fashion show

The Loraine FHA Fashion Show was held at 7:30 p.m. in the Loraine High School auditorium with the theme of the program being A Tribute to the Old West.

Stephanie McAdams, FHA president, and Debbie Browne, FHA vice president, provided the commentary.

The program was opened with the sophomore FHA members and some of the FHA officers performing the "Cotton-Eyed Joe" dance.

Stephanie McAdams then welcomed the audience before the modeling began.

The Sophomore girls modeled first with children for whom they had made a garment, followed by the Homemaking I group, Homemaking III and then the Homemaking II girls modeled the garments they had made for themselves.

After the Junior FHA girls and Senior FHA girls modeled, entertainment was provided by Melissa Clifton, who did a tap dance.

Plaques for FHA Beau were presented to Adam Merket and Martin Leija, who share this year's honor. The plaques were presented by Stephanie.

Contestants for Number One Seamstress in Home Economics I were Pat Alvarez, Jo Ann

Barrera, Beatrice Brisen, Tonya Trout, Adeline Vasquez and Mary Long.

In Home Economics III, the contestants were Helen Alvarez, Janie Barrera, Julie Wells, Judy Madrid, Crestina Vasquez and Sally Mosher.

The three winners, as judged by Marian Morris and Adele Morgan prior to the show, were: Tonya Trout, wearing a plum colored wrap-around skirt with a cap-sleeved floral print blouse; Crestina Vasquez, wearing a Gunne Sax skirt and quilted vest and navy blue skirt with contrasting pocket and waistband trim; Susan Garcia, wearing a brown and black plaid blouse with double front ruffle and ruffles in the neck band and sleeve cuff.

Awards were presented to these girls by Janet Moore, FHA sponsor.

In addition to the above-mentioned students, there were some FHA members that are not enrolled in class with a sewing project but were allowed to wear either a purchased garment or garment they made in order to compete for the title of Best Model.

The Junior FHA models were Melissa Clifton, Hortencia DeLoera,

Mitzi Hallmark, Shelly Martin, Kristi Moreno, Leslie Rose, Martina Vallejo and Kathy Wright.

Models in the Senior FHA were Margie Alvarez, Jana Britton, Debbie Browne, Diana Calderon, Vanessa McPeters and Stephanie McAdams.

Judges Margaret La-

timer, Karen Hackfeld and Ronnie James chose six of the girls as finalists. They were Beatrice Brisen, Helen Alvarez, Susan Garcia, Kristi Moreno, Margie Alvarez and Debbie Browne.

The award for Best Model was presented to Debbie Browne by Stephanie McAdams.

STEPHANIE McADAMS, FHA President, was one of the commentators for the Loraine FHA Club Fashion Show.

SOME OF THE FHA members who performed "Cotton-Eyed Joe" during the FHA Fashion Show were (left to right) Margie Oliver, Teresa Lopez, Martina Vallejo, Susan Garcia, Hortencia DeLoera, Kathy Wright, Jane Madrid and Sandy Vasquez.

for the kitchen." Bernice Hallmark read minutes and Pauline Smiley gave the report of the treasurer. Mrs. Harris gave the council report.

During the business, nominating committee chairman, Mrs. Jay Thompson, recommended the following officers for the new year and they were elected: President, Mrs. Bernice Hallmark; Vice President, Mrs. Charlie Harris; Secretary, Mrs. Lynne Co-

mpton; Treasurer, Mrs. Pauline Griffin; Council Delegate, Mrs. Harvey Leach; Reporter, Mrs. Mable Givens; Recreation Director, Mrs. Vad Preston and Council Alternate, Mrs. Clara Butler.

Mrs. Griffin brought the program on Bartering. In answer to the question "What is Bartering" she described it as an exchange. You may have a talent to do certain things that you might use to help a

neighbor or friend, in exchange for something they have or can do for you; or you may have an article that is useless to you, but may be traded to someone that can use it and give in exchange something that you need. She noted that in our current economic situation bartering can be used many times, and without the exchange of money. There is the child care exchange, the quilting bee, you help me quilt, I

do something for you. Men may exchange farm work. Barter is inflation-proof, it is a value for value exchange. Bartering saves cash to use for other things.

Refreshments were served to Mmes. Griffin, Smiley, Hallmark, Lester Webb, Thompson, Givens, Leach, Compton, Willie Cornutt, Preston, Cullen Payne and one guest, Mrs. Leroy Cornutt, by the hostess.

Women roundballers try for second district title

Women's basketball has come a long way at

Colorado High School over the past three years.

To put it bluntly, the teams at CHS use to be a joke. Every opponent used to look forward to playing the Wolves because it meant an easy victory; not any more, since George Martin has taken over coaching duties, the program has improved by leaps and bounds over the last three years.

When Martin first took over, he inherited a team that went 0-24 the previous year, and they did not know how to win. But through good coaching and hard work, the Pack started to become contenders. Martin's first year his squad went 7-16, the second year their record improved to 8-14. And last year the Wolves shocked the "Big Country" basketball area by finishing 15-14 and capturing their first ever district championship.

The Wolves won the first half district 7AAA title with a 5-0 record. The second half they dropped to 1-4, which forced a championship game with Breckenridge. The Wolves behind seniors Angie Neff, Darlene Mitchell, Karla Herm and Kim Feaster downed Breckenridge 44-41 for the crown.

They were upended by state finalist Comanche 51-36 in the first round of post season play. But in the process proved to the basketball world the Wolves were a team to be reckoned with.

Now Martin is looking for brighter and better things for the Pack. Gone are the four senior starters who were the heart and soul of last year's team, but Martin welcomes the return of All District guard Laura Baum. Last year as a sophomore, Baum averaged 12 points per game while leading the squad in shooting and free throw percentage.

Tomika Randle, a 5-10 senior who saw limited starting action at a wing position will be back. She averaged five points, and was the team's second leading rebounder averaging just over six per contest.

Other returning letterwomen who saw varsity action last year are 5-10 senior post Stacy Hamrick, 5-7 senior wing Carolyn Green and 5-2 senior guard Hollie Taplin. Della Ausbie, a 5-5 senior guard will be a welcomed addition to the team, after sitting out for a year.

Junior players who are moving up from a junior varsity squad that had a .500 season are Sonya Mercer, Becky Albin, Linda Scott, Michelle Franco and Jackie Sue Nutt, a transfer from Bastrop.

Martin says that in all probability that he will choose four sophomores to round out his varsity team. Those who have a shot at the spots are Sherri Morris, Anita Silva, Tracy Blackwell, Rebecca Erwin and Jodi Mann. Others in contention for the positions are Staci Free, Denise Gregory and Coahoma transfer LaWanna Padgett.

The Wolves will be an exciting team to watch with their fast-breaking offense and pressure defense. "We will run a controlled fastbreak offense. We feel that we can outscore opponents if we get the rebound and get down the court, and we have 15 girls who can get up and down the court," said Martin.

Martin's troops will play pressure defense all over the court, using fullcourt and halfcourt presses, while trapping the ball. The Wolves will also use a man to man and a 2-3 zone defense. "It will be a lot of exciting basketball. It gives the girls a chance to win and adds excitement for the spectators," Martin commented.

He feels that the only place the Wolves might be hurting is the post position, but quickly added that Hamrick, Mercer, Franco and Albin are all very capable post players. Martin says that his team's strong points are quickness, size and speed.

The Texas Association of Basketball coaches rate the Wolves as the sixth best team in Region One, while the Texas Girls High School Basketball magazine predicts the Pack will finish second to Coahoma in District 6AAA. It also stated that Baum and Randle were two of the top players in the area.

But one thing is for sure, opponents won't be looking forward to playing the Colorado City Wolves in basketball this year.

News from Colorado High School

By LISA RIVERA
The Colorado High Student Council sponsored an exchange day with the Big Spring High Student Council November 8.

A reception for the students was held after the Big Spring representatives arrived. After enjoying refreshments of donuts and orange juice, students divided into partners and went to class. The Big Spring students participated in classes along with CHS students and said they really liked the school.

A farewell party was given as the Big Spring Student Council left at 2:00. Cheryl Bradbury, president, summed up her feelings when she said, "It was fun and everyone had a good

time." Colorado High Student Council will be going to Big Spring February 9.

The Pacesetters Club has recently started having meetings. Mrs. Chrystene Hall is the sponsor. She has been the sponsor for over six years except last year when there was no club.

Members elected officers at their last meeting. They are: Tip Chaney, president; Randy Bucy, vice president and Cheryl Bradbury, secretary.

The CHS band will be travelling to Austin for State Marching competition. They will leave Sunday morning and be back home Tuesday.

The Student Council has chosen Doug Chitsey and Kerry Spivey as students of the month of November. Carl Beery

Moore who teaches Speech is the teacher of the month.

Calvary Baptist to show film

"God's Prison Gang," a newly released film featuring Al Capone's getaway driver, the last member of Bonnie and Clyde's gang and two other notorious criminals who have become Christians will be shown at Calvary Baptist Church, 15th and Eastover, on Sunday, November 14 at 7 p.m.

The film, shot behind the walls of New York's Attica prison, is hosted by Art Linkletter. It tells the story of how the work of International Prison Ministry is accomplishing what more guards, higher prison walls and greater financial expenditures have failed to do—keep returning inmates from returning to lives of crime.

Telling their stories in the 44-minute film are George Meyer, Al Capone's favorite driver; Floyd Hamilton, (Public Enemy No. 1) the last of the Bonnie and Clyde Gang; Jerry Graham, the "robber king" of California; and Ted Jefferson, convicted of crimes from drugs and robbery to murder.

Also featured is "Chaplain Ray," who Dallas-based International Prison Ministry has changed the lives of thousands of inmates over the past 18 years.

The Reverend Charles Casey, pastor of Calvary Baptist Church, said he hopes all citizens concerned about the problem of rising crime will attend the free screening of the film.

Loraine High School

By
MELISSA CLIFTON,
DEE ANN PULCHER
& SHELLY MARTIN

This week we are privileged to interview our new English teacher, Mrs. Huffman. She was raised in Roby and attended Roby High School. Mrs. Huffman went to Tarleton University and majored in Elementary education with a minor in English. She now teaches English I, II, III, Reading Laboratory and Speech. She previously taught at Brazos Port I.S.D. in Freeport, TX. Brazos Port was a 4A school. The change to a smaller school was a welcome change.

She thinks the stu-

dents are basically more respectful and more polite. She also mentioned that she enjoys working with such a fun-loving faculty. We hope to make this a good year for her. We enjoy her classes.

Last Thursday night, November 2nd, the Loraine FHA held their annual style show. The theme was "A Tribute to the Old West." Debbie Browne was chosen "Best Model," and Christian Vasquez was selected "Best Seamstress." We would like to congratulate our Home Economics teacher, Mrs. Moore, on a job well done.

Wednesday, the Loraine Band participated

in the UIL marching contest in Abilene. We were rated a "3" by the judges. We congratulate Miss Weichman for hard work she has done with the band and the fine results shown.

Football is over and the basketball season is about to start. The first game is to be a scrimmage against Merton Thursday evening at 6:30 in the Loraine gym.

Meadows hosts meeting

The North Loraine T.E.H.A. Club met in the home of Mrs. Hubert Meadows for a regular meeting Wednesday, November 3rd.

The meeting opened with reading of the club creed, and followed by the roll call answered with "My Happiest Thanksgiving."

During the business, the Christmas luncheon was discussed; also the upcoming County Health program. Dr. Fish, an eye specialist from Big Spring will bring their program at the C. C. Thompson Room on Nov. 18th. All club members were encouraged to attend this meeting.

Mrs. Roy Wells brought the program on "Effects that immigrants are having on our society." Many adverse situations have developed in the area of education, religion and culture. The problem is one that seems to have no answer at the present time.

Members attending other than the hostess were Mmes. J. M. Templeton, Clarence Matejowsky, Jack Linam, T. L. Holman, Rosia Hamrick, Raymond Wheeler, Roy Wells and one guest, Mrs. Ira Beights.

Hays back from visit

Mrs. Teance Hays arrived home Monday from Indio, Calif., where she had spent three weeks with a daughter, Mrs. Erma Tiger and also one week in Holtville with her sister, Mrs. Pebble Freeman. While there, they attended Mrs. Freeman's 81st birthday party.

She also visited her brother and wife, Mr. and Mrs. Eldred in El Centro, Calif., before returning to Indio for a few more days with her daughter.

She said they visited many places of interest and enjoyed the many sights in those areas.

Even if you're unhandy, you can do something to help hold down electric bills.

Save energy and money at home by learning how to insulate, caulk and weatherstrip—it's easy when you know how. Just call us, or ask for our "Unhandy Person's Guides" on the comments portion of your bill.

It's important to learn ways to conserve energy, especially since we're having to pay more for fuels to make your electricity—partly because another of our contracts for low-cost natural gas has expired, but mainly because the price of all fuel continues to rise.

You can conserve and help hold down your bill by using the "Unhandy Person's Guides" from Texas Electric.

because they will serve as the governing body, having the power to appoint new directors if needed.

The Corporation, formed under the provisions of the Industrial Development Corporation Act of 1979, is a non-profit organization which will hopefully encourage new businesses and industries to build here or allow already-established businesses

to expand, said Piland.

Piland explained that the corporation "offers commercial and industrial prospects another method of financing" in the form of tax-free municipal bonds.

Lemons noted that, after the next legislature, the bonds may no longer be completely tax-free, but the tax paid on the interest will still be less than on conventional bonds.

Lone Star Specialist Pete Evans uses two balloons to explain an important home-heating message. The message is that a new high-efficiency* gas furnace can help you stretch your energy dollars.

A high-efficiency gas furnace makes a difference you can see.

The larger balloon could hold 104,000 cubic feet of natural gas; enough to heat an average home for more than a year.
The smaller balloon can also hold enough natural gas to heat the same home for the same amount of time.
Why the difference in size?
The larger balloon represents the gas capacity you'd need to operate a gas furnace built 10 or more years ago.
The smaller balloon represents the gas capacity you'd need with a new high-efficiency gas furnace.

Yes, it's quite a difference. Especially when you add up annual savings over the lifetime of the new furnace.
Gas has always been your most efficient fuel. A high-efficiency furnace makes gas go even further.
Call your local dealer. Tell him you'd like to stretch your energy dollars with a high-efficiency gas furnace.

Loraine women meet

United Methodist Women of Loraine met in the home of Mrs. Pearl Bruce Wednesday, November 3 for a monthly business and time of devotion. Mrs. J. D. Norman gave the opening prayer and Mrs. Frank Crowner led the group in singing "Open Mine Eyes."

Mrs. Bennett Blair brought the devotion. Her theme was built on spiritual fitness, comparing it to physical fitness and saying we must strive in the spiritual realm if we are to be in that area, just as the physical person strives toward physical fitness. The thought of being thankful was considered and she read the 100th Psalm near the closing of her comments.

A business session was held after the devotion.

Those attending were Mmes. Bruce, Roy Wells, J. D. Norman, Frank Crowner, Willey Walker, J. M. Templeton, Raymond Wheeler and Blair.

The study on "Pluralism" will continue next week.

Veterans to celebrate today

More than 1.65 million veterans now live in Texas—and will be among the 30 million nationally who will be honored on Veterans Day next November 11.

There now is an average of nearly 12 veterans in Texas among every 100 residents. Further, about 45 percent of the Texas population is affected directly or indirectly by VA's benefits, including medical programs.

The Texas veteran population breakdown, based on VA Office of Reports and Statistics totals: 1.41 million war veterans from World War I through the Vietnam era ending May 7, 1975; 529,000 Vietnam era, including 32,000 with Korean conflict service; 307,000 Korean conflict, including 72,000 with World War II service; 662,000 WWII, 21,000 WWI; one Spanish-American War veteran on VA rolls; 168,000 with service between the Korean conflict and the Vietnam era, and 75,000 post-Vietnam era.

Although a state breakdown of veteran age averages by service periods isn't available, the national averages (with total veterans in brackets) are: War veterans, 50.2 years old (25.6 million); Vietnam era, 34.8 (9.11 million); Korean conflict, 5.16 (5.75 million); WWII, 60.9 (12 million); WWI, 85.7 (416,000); Spanish-American War, 102 (61); between Korean conflict and Vietnam era, 42.7 (3.03 million); and post-Vietnam era, 23.8 (1.34 million).

Phone book to be released

The 1982 Colorado City telephone directory, in its usual array of colors, is scheduled for distribution beginning November 4, said Jim West, community relations manager for Southwestern Bell.

The new directory contains 23 white pages and 63 yellow pages.

The new cover features a sculpture by retired Southwestern Bell lineman Gerald Sanders of Pampa.

The bronze sculpture, titled "After The Storm" authentically details a telephone lineman repairing a pole and crossarm damaged by a 1949 ice storm that swept through West Texas.

Home will receive one copy of the directory.

Approximately 9,493 directories will be printed. Of that, 4,039 directories will be mailed to customers by November 8. Extra books are for customers moving into the area throughout the year and customers requesting additional copies. West said.
