Man Charged Here In Service Station Burglary Captured

Ohioan Confesses Entering Dub's Conoco Station

Melvin Leon Moyer of Dayton, Ohio, has given local officers a statement admitting burglary of Dub's Service Station here the night of February 25, Sheriff Billy Mills said this week.

Moyer was arrested in Pecos by Highway Patrolmen on information furnished by the Crockett County sheriff's office.

Moyer, on probation and wanted on other burglary charges in Ohio, signed a statement admitting entry of the service station and the theft of six automobile tires, a guitar and amplifier belonging to Dub Scrivner, Jr., a gun and some razor blades.

Moyer said he and his wife and friend, a Mrs. Thomason, arrived in Ozona about noon. He went to the station for a drink of water, he said, and looked the place over. While his wife and the other woman stayed at a roadside park near town, he returned and robbed the station, parking his car about two blocks away, and making several trips from the station to his car loading the stolen articles.

He sold two of the tires for $15 and the guitar and amplifier for $18 in Fort Stockton and had the other four tires mounted on the Hertz rent car he was driving. Dayton officers said Moyer had paid one day's rental on the car a month ago. All of the local station's stolen merchandise was recovered, Sheriff Mills said.

Moyer will be held here pending action of the grand jury. Ohio officers have put a "hold" on him in the event he is ever released from custody here.

Moyer's afternoon of "casing" prospective victims proved to be his undoing. Deputy Sheriff Von Parker noted the strange car in town and took note of it. When the robbery was discovered the next morning, Parker remembered the car and a description was broadcast.

Federal Tax Cut Brings Reduction In Utility Rates

Rate Cut May Become Effective In July Or August

Savings resulting from the reduction in Federal income taxes will be passed on to West Texas Utilities customers according to plans for system-wide rate reductions announced today. These reduction in rates will save customers about $1 million annually, approximately 2.8% at this time. Savings will be even greater as electric sales grow.

T. J. Bailey, WTU Local Manager announced that the Company plans to pass on the full benefits of the tax reduction which it will receive under the new tax law. Under the new law the income tax on corporations will be reduced in two steps of 2% each. The corporate income tax will go from 52% to 50% in 1964 and from 50% to 48% in 1965.

"We are giving customers the benefit of both the tax reduction already established for 1964 and the tax reduction scheduled for 1965," Cal Young, WTU President said. "Passing this tax saving on to customers in the form of rate reductions will simply leave the Company with the same rate of return it has been earnings."

"Such system-wide rate reductions require extensive study," Young continued. "In addition, after the new rates are designed, considerable work will have to be done to adjust our IBM computer billing procedures to these new rates." Young added, "We expect to have the new rates in effect by mid-summer . . . probably

Six Seek Four Places On School Board

When the deadline for filing passed yesterday, six applications were on file in the office of County Judge Brock Jones for places on the ballot as candidates for the board of school trustees.

These six candidates are seeking four available places on the board to be filled in the April 4 election.

Two of the present board members whose terms expire will not be candidates for re-election. They are Dick Henderson, who has moved with his family to Quemado, and Dr. Ralph Simon, who plans to leave Ozona at an early date.

The other two board members whose terms expire will be candidates for re-election. They are James Childress and Byron Stuart.

Other candidates whose names will appear on the April 4 ballot are Bud Cox, Celestino (Charlie) Fuantoz, P. C. Perner, and R. B. (Bob) Stephens.

The four candidates receiving the largest number of votes will be declared winners and elected to membership on the board.

Childress is a ranchman, Stuart a garage owner, Cox a rancher, Fuantoz a service station operator, Perner a ranchman and Stephens an employe of Continental Oil Co.

The district school board is composed of seven members, each elected for two-year terms. In order that there might always be hold-over members on the board, the law provides that three of the board members be elected on alternate years and four the other years.

The hold-over members of the present board will be Bill Carson, board president, Taylor Deaton and Charlie Davidson, III.

Area Track Teams Ready For Running Of Ozona Relays

17 Teams Entered In 12th Annual Meet Here Saturday

By Ernie Boyd

The twelfth annual Ozona Relays are scheduled to be run off at Lion Stadium Saturday if the thus far blustery March weather decides to cooperate.

Seventeen teams from over this area of the state have indicated they will be on hand, with teams entered from as far east as Bandera and as far west as Marathon.

Teams which have indicated already that they will be here are Eldorado, Menard, Junction, Bandera, Rocksprings, Sonora, Big Lake, Rankin, Iraan, Sanderson, Garden City, Miles, Robert Lee, Bronte, Sterling City, Marathon and host Ozona.

Bad weather thus far has hampered conditioning work and coach Chick Womack expressed fear Wednesday that the poor working conditions which have prevailed almost every school day for the past two weeks may have taken the edge off those boys who were in pretty good shape after several months of training.

None of the entries who have a number of athletes on the basketball squad have had time to get those boys in condition and Eldorado has just gotten its basketball team on the squad following a trip to regional last weekend.

Eldorado scored 20 points in the Big Ft. Stockton meet last week and will have to be one of the favorites here Saturday, though little is known of such teams as Bandera, Junction and Sonora, all of whom are usually strong track powers.

The Ozona team will this year's rely heavily on the field events and on the middle distance and distance events for the points it hopes to score, as speed is not a quality present among Ozona athletes these days.

Eldorado placed men in the 100 and 220 and took second in the 440 relay last week in Ft. Stockton, and that without any help from the basketball squad wh,ch has some talent and age. Six seniors are listed among the first eight basketball players.

Ozona's most conditioned performers, none of whom have seen action as yet this year, are Beto Ramos, a sprinter; Pablo Diaz, a miler, who looked promising last season, and Raymond Sanchez a promising half miler.

In the weight events, Bob Amthor and Rick Hagelstein have been out for some time. But other entries have just been out the past two weeks and have gotten little conditioning thus far.

The Ozona meet was scheduled a little earlier this year due to the early occurence of Easter which also threw a number of other West Texas meets out of their regular rotation and will cause some difficulty in scheduling unless the weather decides to cooperate.

Fire Damages Shop At Gasoline Plant

Damage estimated at several hundred dollars resulted from a fire which gutted the carpenter shop and paint storage room at the construction site of the new gasoline plant south of Ozona late Tuesday.

Origin of the fire was undetermined but is believed to have resulted from an electrical short, possibly caused by the high wind blowing at the time.

The Ozona fire department responded to the alarm with two trucks and the flames were soon brought under control.

Included in the loss estimate was damage to a power saw and other tools in the house.

Girl Volleyballers Split Pair Of Matches

By Ernie Boyd

The Ozona High School girls volleyball team split a pair of matches over the past week, losing to Ft. Stockton and then downing Iraan on the home court Tuesday night.

The Ozona varsity, sparked by the spiking of Freida Kaye Noelke who missed most of last year with a broken leg rolled over Iraan's varsity rather handily 15 to 8 and then 15 to 6.

Iraan did salvage some consolation out of the trip by winning both the eight grade game and the B game.

Last Friday Miss Knox took her team to Ft. Stockton to play the traditionally strong high school girls and even though they lost both games the Ozona team did well. They lost the first contest by only two points and bowed more easily in hte second encounter.

The Ozona team has been in practice for several weeks but was joined last week by some candidates from the basketball squad and will not be at top strength until it is determined which, if any, of the newer players will break into the lineup.

At least one of the basketball players was a regular from last year's team while several of the others are among the better girl athletes in school.

Chamber Winds Up First Year With Record Of Service

Membership Hears Reports Of Activities At Annual Meeting

Evidencing solid backing from the community, the Ozona Chamber of Commerce celebrated its first birthday with a membership meetings in which the purpose and busy year af activity was revealed in committee and officer reports.

The Chamber was organized a year ago after a series of mass meetings in whihc the purpose and work plan of a Chamber of Commerce were explained. Under the leadership of its first president, Oscar Kost, the Chamber began to function immediately under the temporary able management of Mrs. James Baggett. Later the organization employed Luther Walker, former teacher and experienced in Chamber of Commerce work, as manager and with the construction of a new building to house its offices, the organization took its place in the community life in a big way.

Heads of working committees, named by the president soon after organization, reported at the annual meeting on their work during the year and their reports gave an overall picture of community progress in the first year of life for the new chamber. Committees were busy on matters of highway improvements, on finding a use for the abandoned radar base near here, in trying to attract new industries and in various other community progress fields. The local office has been a clearing house for information for tourists and newcomers, in aiding newcomers to find housing and in furnishing information by letters to the many who inquire during the year.

New officers were introduced at the meeting and the new president, Troy Williams, asked for continued support of the membership and the community in the coming year.

Recommendations of the Council of State Chambers of Commerce indicating where $8 billion in appropriations and $4 billion in expenditures can be cut from President Johnson's 1965 budget have been sent to the members of Congress by Eugene F. Rinta, director of research for the Chambers.

The Council would reject omnibus Federal aid to education, mass transportation, youth employment and trainings, domestic peace corps and the attack on poverty; would cut foreign aid $1.4 billion, civilian research 01.6 billion, eliminate the upcoming $544 million Government pay raise and a few other economies.

The President will doubtless invite the Council to dinner at the White House.

The 1964 flameless electric Frigidaire washers and dryers offer complete freedom from washday drudgery. They're completely automatic and virtually maintenance free.

The washer is equipped with a unique 3-ring agitator which keeps clothes in the under water "Action Zone," removes lint, guards against tangling, and unfolds every piece to clean them inside and out. And by the way, the washer automatically dispenses bleach and detergent, whether liquid or powder.

The Flowing Heat dryer tumbles clothes gently on a cushion of air, pampering the finest fabrics. And the Automatic Dry control shuts the dryer off when clothes are 'just-right' dry.

No other washer and dryer approaches Frigidaire for quality, advancement, and performance.

Richard C. White, El Paso Attorney, Is Demo Candidate For Congressional Post

Democratic Congressional Candidate Richard C. (Dick) White of El Paso announced this week that he is planning a strenuous campaign which will take him to nearly every community in the 16th Congressional District of Texas between now and the May Primary.

In carrying on his campaign for the Congressional seat now held by Republican Ed Foreman, White said that he has become firmly convinced over the past two years that the 16th District is suffering because of completely inadequate and ineffective representation.

"As a native West Texan I understand the problems and hopes of our District," he said. "With extensive experience in law and law making, and the maturity and learning gained from past activities in behalf of West Texas, my State, and my nation, I am confident that I can provide the District with the responsible, mature and knowledgeable representation it should have in order to expedite progress and prosperity," he added.

White's statement continued:

"Our District is varied n iits interests and rich in its heritage. Every segment, every industry must be equally fostered for a balanced economy — from farming, ranching, the oil and gas industry, and manufacturing to small businesses.

"No group must be forsaken; no area or activity is too remote for interested attention. I do not agree that the interests of the different parts are in conflict. Diversification merely expands our interests and is a strength.

"Some of the major concerns of our district include the scarcity of water, increasing our industries, our ailing oil and gas industry, support of our cotton and other farming and ranching, Border relations, continued promotion of the Big Bend National Park and establishment of Guadalupe National Park."

White attended El Paso schools where he was Cadet Colonel of the R. O. T. C. and was one of two graduating high school students chosen for the 1940 Citizen's Military Training Camp at San Antonio, Texas, where he won the Best Third Year Man Award.

He attended Texas Western College and received his B. A. from the University of Texas in 1946 in history and government. He took his L. L. D. degree from the University of Texas Law School in 1949. During his college career he was a member of Phi Alpna Delta legal fraternity and Sigma Alpha Epsilon Social Fraternity.

He is married to the former Katherine Hope Huffman of Marshall Texas, and has three sons, Roderick James, 12; Rihcard Whitman, 10; and Raymond Edward, 8.

RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

EDITORIAL

By Joel Huff

Few people would think of taking merchandise from the stores of our community, yet the same people think nothing of taking property from their school. Certainly this occurrence is merely a thoughtless action by the student who does not stop to consider that he is doing any real harm.

The primary victim of this unfortunate situation is, ironically enough, the Student Council. This student organization must have a means of support, and at present receives almost all of its income through the profits of the coke machine located in the high school building. By losing or taking the empty bottles when finished with their drink, students reduce the already limited amount of profit that the Student Council receives.

If the Council can't do more than break even on the sales of the coke machine, it will be forced to stop operating the machine. Surely no student would want to be in any part responsible for the whole student body being deprived of this simple convenience.

EDITORIAL

Report cards were issued yesterday. During this time when they are to be signed and returned, there will be many who will try to "butterup" their parents. Certain little good deeds are done to keep the student from "getting it so badly."

On the other hand, we have those who will make good grades and will take advantage of them. Every time this student wants something, he will remind his parents of the good grades he made.

Finally we have those whose parents will never have the privilege of even seeing the report card, and yet, it returns to the teacher, sign neatley and ready for the next six weeks. Since there are only two more "report card days' left, let's try to earn a grade which we can be proud to show our parents.

QUESTION OF THE WEEK

By Donna Moore

What is your opinion of the Beatles'?

Cynthia M. — They're just too much Especially Paul!

Sandy S. — They're terrible!

Helen H. — I've seen better haircut on horses!

Esther W. — They're different all right!

Leroy C. —I have no opinion of them!

Janie G. — Their singing's good if you don't look at them!

Billy C. — They're sorry!

David L. — I guess they're ok for amateurs.

Celia H. — They really do look like Beatles!

Rodney S. — They should be called Beagles instead of Beatles because of their hair!

Pon S. — If they were from Mexico they'd be better!

Edwin O. — They need a haircut

Lynn C. — MMMM -Ringo!

Vicki M. — They're great!

Bryan M. — I can take 'em or leave 'em!

Miss McKissack — They bug me

Janis W. — Oh, I think they're cute!

Mr. Green — They're Fabulous!

MATH STUDENTS TAKE TEST

The fifteenth Annual Mathematics Contest for High School Students was taken this morning by seniors, Scott Mahon, Leroy Cooper, Keith Mitchell, Rodney Stewart; juniors, Rick Hagelstein, George Kyle, David Childress, Bob Amthor, Pete Garza, Joel Huff; sophomores, Jim Donham, Bill Carson, Donna Moore, Barbara Kirby, and Sandy Stokes.

The scores of the participants of each school are submitted to the Society of Activities, and the top scores are chosen from each region. Various awards are made to the top individuals and to their schools.

OZONA COACHES ATTEND TOURNEY

The Ozona High School basketball coaches, Mr. Brooks Dozier, Mr. H. O. Hoover, and Mr. Ron Murdock are leaving today to attend the annual State Boys' Basketball Tournament in Austin. The three-day tournament, lasting Thursday through Saturday, will be host to the best teams in the state for 1964.

SENIORS PLAN FOR TRIP

The Senior Class of 1964 had a class meeting on February 26 and the Senior trip was discussed at the meeting.

The Seniors will stay at the Holiday Inn Motel while in Dallas. An attempt was made to see how many students were going on the trip so that reservations could be made.

On March 7, the Seniors will operate a concession stand for the track meet. Additional plans were started for the annual barbecue by the Seniors on April 11, which is the same day as the district track meet.

GOSSIP

By Janis Walker

Wonder why Carmen is extra happy this week?

Who did Brenda go to see Friday night in Sonora?

Is it true Mary Jane has a secret admirer?

What is that around your neck margene?

Has Sandy been having some difficulties with his toes over at the track field?

Bobby A., where did you get that good looking hat?

Is it true that David Childress can't tell the difference between Drive and Defrost on a car?

The Seniors seem to be giving the Jrs. a little trouble about the theme for the banquet. Could it be there is no more love for the good "ole" west anymore.

JUNIORS MAKE PLANS FOR BANQUET

The Junior Class met last Wednesday and made final plans for the Junior-Senior Banquet and Prom which will be held Saturday at 7:00 p. m. in the North Elementary Auditorium. The dance will began at 9:00 p. m.

OZONA FFA BEGINS "CONTEST" SEASON

By Keith Mitchell

Ozona FFA begins its contest season in earnest Saturday March 7, with the San Angelo Contest held on the stock show grounds. There will be two grass judging teams including Gary Boyd, Steve Taliaferro, Ronnie Mason, David Lewis, Moe Barbee, Don Leach, Bill Everett, Keith Mitchell and David Cooke as members. The teams will have to identify forty grasses of 119 different species and check the season and type of growth, origin, and value to wildlife and livestock.

The livestock team will have Carey Pitts, Charles Farris, Jerry Johnson and Dwight Childress as members. They will judge breeding sheep, fat lambs, breeding cattle, and fat steers.

JUNIOR-SENIOR BANQUET TO BE SATURDAY NIGHT

By Vicki Applewhtie

The Junior-Senior Banquet is to be held Saturday night in the North Elementary Auditorium at 7:00 p. m.

The food will be served by sophomore girls, and the will, prophecy and history will be read.

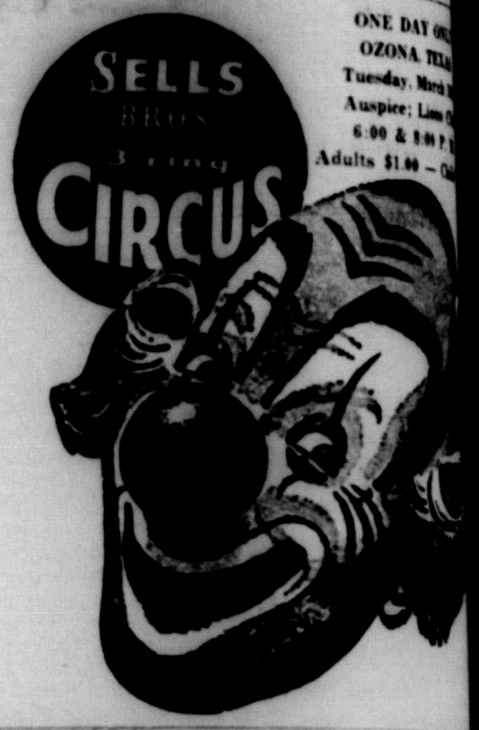

There will be a prom following the banquet at 9:00 featuring music by the "Rhythm Masters," a group from Texas Tech.

This banquet will begin a series of events in honor of the seniors.

FOR SALE — Two FFA-fattened calves, about 750 pounds each. May be seen at the Junior livestock barn. Contact Paul Perner, III. 49-tfc.

THE REAL WESTERN LOOK! You can tell at a glance that LEVI'S W
Shirts are the real thing—authentic as only the cowboys' tailor can make them. Authentic in
fit—authentic in detail and trim—authentic in color, pattern and weave.
LEVI'S

The good thing about the seasons is that all we have to do is wait. We may not like the weather we have now, but something different will come soon. We experience a great variety of weather in a dozen months.

It's a great consolation to have this mighty spectacle of spring and autumn, sun and rain, day and night continually unfold around us.

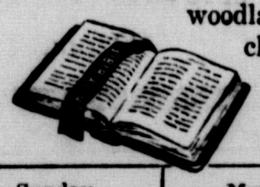

It's the dependable rhythm of nature, the ebb and flow of seasons, the beauty of earth and sky, which give our lives a firm ground tone.

But Christianity is not a nature religion. It finds the revelation of God not in nature alone but even more in human personality — our own, as the children of God, and supremely in Jesus as the Son of God.

That is why it is necessary for us to become an important part of His Church.

We can get in the mood to understand the presence of God when we experience the quietness of the woodlands or hear waves breaking against the cliffs, or look heavenward at the billowing clouds. But it is not enough to get in a mood. We must join in the communion and fellowship of other believers in order to obtain our purpose and faith.

Come, let us go into the House of the Lord...

Delbert Stewart Asks Voter Support In Bid For Sheriff's Office.

To the citizens and voters of Crockett County:

In connection with my announcement as a candidate for your "Sheriff, Tax Assessor and Collector", I wish to make the following statements: Coming to Ozona 20 years ago, in answer to a want ad in the "San Angelo Standard Times", (Working Ranch Foreman wanted) Securing the job I held it 16 years.

I do not entertain the feeling that any one is obligated to me in any way. And if any one has benefitted from my being here among you, it has been myself.

The caption "Ozona, The Biggest little Town in the World" does, and rightly so, include the cleanest, physically, religiously and morally. As it was not my good fortune by heritage or otherwise to have a part in making these things true, I have profited and benefitted by the efforts of others who did. I can only ask for an opportunity to help keep these good qualities intact.

As it has appeared to have fallen my lot in life, to help others in caring for and operating their holdings, I have accepted and become accustomed to this role in life.

It has not been my privilege to be so gifted or talented at any one thing, that I could coast through my tasks but have had to work hard to make a hand. Therefore, I am not asking for this job thinking it will be an easy one.

Having a High School education and some College, I feel that with the employment of good help at all times and availing myself of all the opportunities that are offered, to learn about the duties of the office, the application of the best "Old Fashioned Horse Sense" approach that I can gather, to all problems that come under my jurisdiction, plus hard work, should be able to give the kind of service you have a right to expect.

Hoping to be able to personally solicit the consideration of every citizen and voter in Crockett Co. before May 2, 1964. And after this if you do not see fit to vote for me, will still covet your good will and friendship. As we still hope to live here among you and cooperate with you in any way possible, to keep the good qualities of Ozona that we all pride in.

If you should see fit to elect me, will accept it gratefully, with humility and a feeling of great responsibility to all people.

Sincerely,
Delbert Stewart

Malibu Super Sport Convertible

Chevelle 300 6-Passenger Station Wagon
Chevelle balanced performance is best!
Passing, cornering, threading through traffic, sudden stops—Chevelle excels all around! Chevrolet's new surprise package has what it takes to meet any driving challenge: Six or V8 engines, hefty brakes, Full Coil suspension—and a trim size that makes the most of them!
Chevelle means performance aplenty—standard 120-hp Six or 195-hp V8—and optional at extra cost, a 155-hp Six, a 220-hp V8, a new 327-cu.-in. V8! But Chevelle's performance means more. Chevelle's a foot shorter than the big cars. And the space Chevelle saves in size comes off the ends, not the middle. So it rides like you want a car to ride.
Chevelle lets you choose Powerglide*, 4-speed manual* or 3-speed manual transmission. Knowing how people like the custom touch, we wrote out a long list of extra-cost options.
Knowing all this, what's keeping you from a test drive? Certainly not your Chevrolet dealer!

WTU Rates —

(Continued from Page One)

July or August.

"WTU has a unique record for any industry . . . one of which we are very proud." Young pointed out. "WTU has never raised a rate. Through the years we have consistently reduced the cost of service as plant efficiency and improved operations, together with increased customer usage permitted. This planned rate reduction is a continuation of that long-established policy."

WTU supplies electric service for Ozona and 165 other West Texas towns and communities in 50 counties extending from the Red River to the Rio Grande.

Frank McMullan, Jr. Wins Trip To Moorman Plant On Sale Record

Frank McMullan Jr., Big Lake was awarded an expense-paid trip to Quincy, Illinois, which involved a 3-day get-acquainted and informational meeting February 17, 18 and 19. To qualify for the trip he showed consistent progress in selling and he also completed the first step in a basic training course in service and help to customers.

He was guest at the plant of the Moorman Mfg. Co., whose sales staff he joined in June 1963. In addition to tour of all facilities including plant, office, research, and farm, he also learned about the products ,the research program and future plans. There were a number of explanatory sessions with question and answer periods in which specialists and administration people explained the various phases of the business. A feature was a visit to the modern dairy unit including viewing of tests being conducted with a herd of identical twin cows.

Mr. McMullan is graduate of Reagan County High School and attended Texas Tech two years. Mr. and Mrs. McMullan have two children, Kay and Cliff. Mrs. McMullan is the daughter of Mr. and Mrs. Lowell Hankins of Brookspring. Mr. McMullan is son of Mr and Mrs. Frank McMullan, Sr. of Ozona.

Merchandise Markting Topic For Speaker At Woman's Forum Meet

Mrs. Leonard Boyd will speak on "How Merchandise is Selected at Market" when the Ozona Woman's League meets Tuesday, March 10, in the home of Mrs. Perry Hubbard. Mrs. Billy Mills will assist Mrs. Hubbard as hostess.

Mrs. George Russell, Jr., will play an Irish Medley piano solo.

The League's last meeting was in the home of Mrs. Joe Bean, with Mrs. Roy Coates, as co-hostess. Traffic safety was the program theme and Highway Patrolman Jim Starnes was guest speaker, speaking on highway safety.

Mrs. Hillary Phillips, Jr., and Mrs. Will O. Mills, Jr., gave a rendition of "Dr. Mc Merry Oldsmobile" and played Bob Newhart's monologue on "The Driving Instructor." Mrs. Bill Carson introduced the speaker.

Mrs. Jim Dudley, Mrs. Joe Bean, Mrs. Leonard Boyd and Mrs. Geo. Bumpo were given special thanks for helping with the Heart Fund stock.

Easter Lamb Sale Set At San Antonio Mar. 17

A Special Easter Lamb Sale is scheduled for March 17, at Union Stock Yards San Antonio. This sale will offer an opportunity for both fat and feeder spring lambs. The special sale will begin at 10:00 a. m. This event will be held in conjunction with the regular Sheep and Goat Auction held each Tuesday at the Stock Yards.

Many buyers have been invited to be present at the sale and it should offer active outlets for Easter lambs. The volume available at this sale will make it possible for lambs to be shipped to the heavy lamb consuming areas of the United States.

On Thursday, March 12 a special Stocker Cow Sale will be held at Union Stock Yards. This is another in a series of special events being held for the livestock producers which offer them a special opportunity to display and sell particular grades and kinds of livestock.
