Many factors were involved in Snyder's "Operation Sparkle" award from the West Texas Chamber of Commerce, but I still think one of the best things that has happened here in recent years in the field of business and civic improvement is the removal of parking meters.

Every once in a while there are complaints that "all-day parkers" are clogging the streets too much, instead of using the off-street parking, of which there is an adequate amount now within a block of the square. These people (the all-day parkers) surely must have short memories or else they would recall the relatively recent days when meter feeding was required on and adjacent to the square and off-street parking facilities were small and poorly maintained.

Some well-known West Texas civic leaders who saw most of the "sparkle" exhibits before they were judged told local people that they thought an investigation would be in order if Snyder didn't win its division. The local exhibit, which was compiled under the supervision of Chamber Manager Gene Merrifield and Karl Mawhorter, the city's director of community development, was that impressive.

They planned to have the local "sparkle" scrapbook available for inspection at the coliseum this evening.

The variety of regional characteristics that exist in the United States sometimes leads to strange regulations in Washington. The Rolling Plains Cotton Growers, Inc., have been trying to convince the U.S. Department of Agriculture that June 1 would be a better date than April 15 for the deadline on signing up in the 1968 cotton program.

A six weeks period for signing up is allowed, and apparently the USDA people thought the Texans were seeking a longer stretch for signing up.

"Clearly, USDA officials missed the point of our request," said Charles Bragg, executive vice-president of RPCG. "We have never been concerned about the length of the sign-up period, only the deadline date which is so far in advance of our regular planting season."

Bragg said the cotton growers merely wanted the USDA to select a six weeks period ending June 1 rather than April 15. — WACIL McNAIR

Today In History

Today is Friday, Jan. 26, the 26th day of 1968. There are 340 days left in the year.

Today's highlight in history:

On this date in 1942 U.S. troops landed in northern Ireland. It was the first American Expeditionary Force to arrive in Europe in World War II.

On this date:

In 1679, the keel of the first commercial ship on the Great Lakes, "Le Griffen," was laid.

In 1837, Michigan joined the Union as the 26th state.

In 1861, Louisiana seceded from the United States.

In 1880, the late Gen. Douglas MacArthur was born.

In 1944, the World War II battle for the Anzio beachhead was raging in Italy.

In 1952, mobs in Cairo, Egypt, destroyed American, British and French property and burned the famous Shepherd's Hotel.

Ten years ago — The Soviet Union said Western bases around that country would have to be liquidated before there could be talks about ending production of intercontinental missiles.

Five years ago — Communist China said it would have nuclear weapons in the not too distant future.

AS UN HEARS CRISIS

Reservists To Muster

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — Nearly 14,800 air reservists prepared to muster for indefinite active duty as the United States pushed along diplomatic paths to a possible bloodless settlement of the Pueblo crisis.

President Johnson's approach obviously was to couple an air of determination with a readiness to use diplomacy in gaining release from Communist North Korea of the captured U.S. Navy intelligence ship and the 83 Americans aboard.

The diplomatic paths included an urgent session of the 15-nation U.N. Security Council to consider what U.S. Ambassador Arthur J. Goldberg called a "grave threat to peace."

In seeking the session for today, Goldberg said he hoped it would lead to the immediate return of the Pueblo and her crew.

At the same time, Johnson administration officials were reported working on a new overture to the Soviet government, which so far has icily ignored American pleas to act as intermediary between the United States and North Korea, at least to the extent of relaying U.S. messages.

The prospect that Moscow might relent looked rather dim after the official Soviet news agency Tass said Thursday that North Korea acted "rightfully," and denounced the call-up of U.S. air reservists as a "threatening act."

The North Koreans also talked tough. The official newspaper of the North Korean Communist Party said Friday the Pueblo's crewmen "must be punished by law."

It was not clear whether this meant the North Koreans planned to try the U.S. Navy men on some kind of charges, or would demand their punishment as the price of their being freed.

Any move to try the Americans would almost certainly inflame members of Congress, some of whom already are demanding direct military action to reclaim the ship and its men.

Navy sources in Washington said messages from the ship's master, Cmdr. Lloyd M. Bucher, furnish evidence that the crew blew up the Pueblo's secret coding machine and that the North Koreans evidently got "nothing that really compromises us."

In Congress, Rep. Paul Findley, R-Ill., offered a resolution that would place Congress on record as backing Johnson in any try at recovering the Pueblo and its company.

C-C Banquet Is Set Tonight In Coliseum

Approximately 500 persons, including a number of out-of-town guests, are due to attend the annual banquet of the Snyder Chamber of Commerce here tonight.

The banquet is set for 7 p.m. in the Scurry County Coliseum.

Prinicipal speaker for the event will be James J. Rowley, Director of the U. S. Secret Service. Rowley arrived in Snyder last night and was visiting with local citizens this morning at the office of C. T. McLaughlin.

Rowley has been associated with the Secret Service since 1938 and has been the director since 1961. Most of his service has been with the White House Detail. He served as chief of that detail for 15 years before he was elevated to the position of head of the service.

Other highlights of the banquet program will include the presentation of several awards and presentation of Chamber of Commerce officers, plus a program of entertainment by the Snyder High School Stage Band, under direction of Melvin Montgomery.

Bill J. Hood, Superintendent of Snyder Public Schools, will be the program coordinator. Dave Harlin Jr., President of Snyder Jaycees, will present that organization's Young Farmer Award and Milam Fowler, District Chairman of the Upper Colorado Soil and Water Conservation District, will present a conservation award. Bentley Baize, 1967 president of the Chamber of Commerce, will make the award to the producer of the first bale of cotton last fall and also will present retiring Chamber officers and directors.

H. F. Clark, 1968 Chamber of President, will introduce the 1968 officers of the organization.

The award to the outstanding citizen of 1967 will be presented by John Boren, and the guest speaker will be introduced by C. T. McLaughlin. Dr. John English, pastor of the First Methodist Church, will give the invocation and benediction.

Gene Merrifield, Chamber Manager, will present dinner music at the organ during the banquet.

J. Chapman Rites Today

Funeral service for Jones Chapman, 62, who died here Thursday, was set for 2:30 p.m. today at the Bell - Seale Chapel.

Mr. Chapman, a resident of Scurry County for 52 years, served as a county commissioner here for four terms.

The Rev. Miller Robinson of Colonial Hill Baptist Church, and the Rev. Charles Bowyer of St. John's Episcopal Church, were to officiate at the rites. Burial was to be in the Snyder Cemetery, under direction of Bell - Seale. Pallbearers were W. S. Ellis, Sterling Williams, Edgar von Roeder, C. D. Bishop, A. H. Bever and V. A. Wills.

Heavy Snow In Northeast

BY THE ASSOCIATED PRESS

Heavy snow pasted New England today while freezing temperatures stung the Southeast and sent a frosty chill deep into Florida.

A storm which meandered northward through the Atlantic most of Thursday unwound at nightfall and hurled more than 7 inches of snow at Boston. The white blanket thickened at the rate of an inch an hour during one six-hour period.

Three-inch snows piled up on parts of New Hampshire and Southern Maine, and the Weather Bureau indicated heavy accumulations could be expected in northern Maine.

Temperatures fell into the 20s along much of the Eastern Seaboard and ranged as low as 26 at Tallahassee, in northern Florida. Miami residents shivered in a 42-degree predawn chill.

Mrs. Garrison Service Set

Funeral service for Mrs. Maggie Garrison, 78, will be held at 10 a.m. Saturday at the First Baptist Church.

Mrs. Garrison, who lived at 2606 Avenue V, died at noon Thursday in Cogdell Memorial Hospital. Dr. A. B. Lightfoot will officiate at the funeral service. Bell - Seale Funeral Home is in charge of arrangements.

Surviving are a daughter, Mrs. Fred Beard of Snyder; two sons, Larry Cole of Dallas and Cline Cole of Hollis, Okla.; four sisters, eight grandchildren and three great-grandchildren.

A native of St. Jo, Tex., Mrs. Garrison had lived here two years.

General Support For Mobilization

WASHINGTON (AP) — President Johnson's limited mobilization of reserve airmen is receiving general support from members of Congress, many of whom reacted angrily to North Korea's refusal to release the captured intelligence ship Pueblo.

But there also was increasing grumbling Thursday that Congress hasn't been told enough about the circumstances surrounding the ship's seizure and some talk of a possible congressional investigation.

Those supporting the mobilization generally expressed hope it demonstrated U.S. firmness they felt could spur release of the Pueblo without hostilities.

The President called nearly 14,800 airmen to active duty in the continuing stalemate over U.S. efforts to obtain release of the Pueblo and the 83 Americans aboard.

Senate Democratic Leader Mike Mansfield said it was important, in view of the uncertain situation, to entrust to the President "his added responsibility" for decision-making on the Pueblo incident.

Sen. Thomas H. Kuchel of California, deputy Republican leader, said the call-up was necessary. He urged firmness without war hysteria.

Kuchel said Johnson had a duty "to explain the circumstances as fully and as soon as national security permits."

Sen. Joseph D. Tydings, D-Md., proposed a congressional investigation of "the policy of sending these ships into dangerous waters without air cover."

Sen. Jacob K. Javits, R-N.Y., asked for a full explanation from the administration from the administration by Monday, and proposed that otherwise the Senate conduct its own inquiry.

CEASE-FIRE APPROACHES

Reds Attack US Outposts

By GEORGE ESPER

SAIGON (AP) — Communist forces killed 21 Americans and wounded 137 others in a rash of attacks up and down South Vietnam in the 36 hours before the start tonight of a cease-fire proclaimed by the Viet Cong for the lunar new year festival.

The targets of the Viet Cong and North Vietnamese included two U.S. division headquarters bases, two airfields, an infantry patrol base and a U.S. Marine convoy which was ambushed just below the demilitarized zone.

But at Khe Sanh, the Marine outpost in the northwest corner of the country where U.S. commanders believe the biggest Red offensive of the war is being readied, the U.S. Command said action was "limited to sporadic mortar and artillery duels."

Communists forces were scheduled to start a seven-day truce at 1 a.m. Saigon time Saturday, or noon EST Friday. The allies have announced their cease-fire for Tet, the new year festival, will run for only 36 hours, from 6 p.m. Monday to 6 a.m. Wednesday.

In one of the Communist attacks Thursday night, on the Lai Khe base where the U.S. 1st Infantry Division has its headquarters 19 miles north of Saigon. Communists troops swept to within striking distance of the officers' club, then zeroed in with grenades fired from bazookas.

The roof of the club, crashed down, killing five Army officers, an American Red Cross man, two American construction men and an 18-year-old Vietnamese girl who worked in the club. Another 21 Army men, most of them officers, were wounded.

Communist troops and demolition squads slipped into the An Khe and Holloway airfields 50 miles apart in the central highlands before dawn, under the cover of mortar fire.

At An Khe they damaged at least one $2.5 million C130 cargo plane, an Army helicopter, two fire trucks and a jeep. Two U.S. and 13 Communist troops were killed and 11 U.S. troops wounded in exchanges of fire.

TREND MAY CONTINUE

Living Costs Climb Faster

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — Living costs, climbing at a 10-year record pace and more than wiping out wage gains of many Americans are causing White House concern in this election year.

For all Americans, a White House source said Thursday, the rising prices mean "you've got trouble and it's not on the horizon, it's all around you."

The Labor Department reported Thursday living costs rose 3.1 per cent in 1967.

"Not only are they clipping along, but at an accelerated rate," the White House source said of steadily climbing costs of food, clothing, housing, transportation and medical care.

The price hikes in the final quarter of 1967 would add up to an annual rate of 3.5 per cent if they continued this year, said Arnold Chase, assistant commissioner of the Bureau of Labor Statistics.

And, Chase said, "It looks as if the trend would continue."

"Almost everything went up in December except automobiles and gasoline," Chase said in reporting final 1967 figures.

The Consumer Price Index in December showed its third straight monthly rise of three-tenths of one per cent and wound up the year at 118.2.

This means it cost $11.82 last month for every $10 worth of typical family goods and services in the 1957-59 period which the government uses as a base for measuring the rise in living costs.

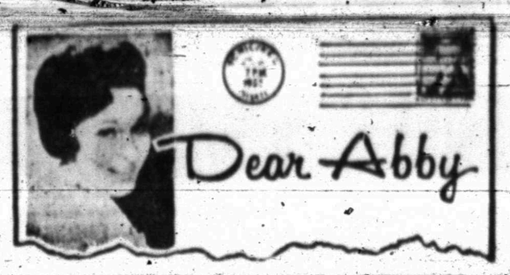
In other terms, the 1957-59 dollar sustained a loss of 15.4 cents over the past 10 years.

Some 45 million workers—60 per cent of the nation's work force—took home cents a week in purchasing power over the past year despite wage gains of $3.28 to an average of $103.25 a week.

Has No Trouble Remembering Number

SAN ANTONIO (AP) — Andre Caseas dialed CA-7-8341 without even having to think today when his wife reported a fire in the bathroom.

The number Caseas dialed is where he works—the fire department. Damage was heavy to the house, but there were no injuries.



By ABIGAIL VAN BUREN

DEAR ABBY: Am I a dope to accept an engagement ring from a guy who admitted it was the same diamond he gave a girl three years ago? I didn't ask him any questions because I never knew him when he was engaged to her and I figured it wasn't any of my business. Right?

Well, a very good friend of George's said she thought I was a dope for accepting a second-hand engagement ring, but Abby, he had the diamond reset, so it's not like it was the same ring. Do you think I was a dope?

ENGAGED

DEAR ENGAGED: No. If George can tell two birds (chicks, that is) with one stone, there's no harm done. (P. S. Keep your eye on that "good friend" of George's who thought you were a "dope" — just to make sure she doesn't take you for one.)

• • •

DEAR ABBY: If this letter makes sense, it will be a miracle because right now I am so nervous I can hardly think. Yesterday I came home and found my 15-year-old son putting on my make-up! He had lipstick on his lips, eye shadow on his lids, and he was putting on mascara. He acted embarrassed when he saw me, but he didn't run and hide. All he said was: "I just wanted to see how I'd look."

He was wearing his regular clothes, but he had his shoes and sox off, and later I found my high-heeled slippers under his bed. I can't understand things like this, Abby. What does it all mean? We have three other children and they are normal. I can't tell my husband. It would kill him for sure. I am worried sick and don't know what to do.

DESPERATE MOTHER

DEAR MOTHER: This boy could be normal, too, and is only passing thru a stage. Talk to your family physician. He may suggest that you take your son to a psychiatrist for evaluation. Most important, don't make the boy feel freakish or guilty. And DO tell the boy's father. If it didn't kill you, it won't kill HIM.

• • •

DEAR ABBY: Do you think girls with glasses can be as attractive as girls without them?

FOUR - EYES

DEAR FOUR: That depend on their frames.

• • •

DEAR ABBY: I have been drawing social security for two years now, and my wife will be eligible for hers in the near future. My problem is she doesn't want to accept hers. She says the government is billions of dollars in debt and they need the money worse than she does. It is true, we could live without her social security, but it would come in handy, and since she is entitled to it, I can't see any reason why she doesn't take it. How can I persuade her to take it?

SOCIALLY SECURE

DEAR SECURE: She is certainly entitled to it since it is the "kitty" into which both she and her employer have been contributing for many years. Tell her to give it to charity if she doesn't want to keep it.

How has the world been treating you? Unload your problems on Dear Abby, Box 69700, Los Angeles, Cal., 90069. For a personal, unpublished reply, inclose a self-addressed, stamped envelope.

Sicily Woes Compounded

PALERMO, Sicily (AP) — Rain, snow, wind and more tremors worsened the misery today of western Sicily, hit by a powerful new shock Thursday after a massive earthquake Jan. 15.

Officials reported that the toll from the new shock now stood at nine dead and 87 injured. This added to the hundreds killed and injured in the disastrous quake that left a dozen communities in ruins 10 days earlier.

The new quake sent thousands n refugee tent centers and tens f thousands from Palermo and other cities on the fringe of the disaster area fleeing into the open to huddle again around campfires.

Two more tremors rippled through the area this morning.

Police reported that Mafia elements were buying the surviving livestock of depressed refugees at ruinously low prices.

The government has launched a program to pay $800 to the head of every family that lost its home in the quakes.

Two Vehicles Are In Mishap Here

Minor damage resulted from a two - car collision in the 2400 block of Thirty - fifth Street at 6:05 p.m. yesterday.

Involved were the 1963 Model Chevrolet of George Shoff, Box 903, Snyder, and the 1963 Model Oldsmobile (parked) of Jay Herrington of Dumas. Damage to the parked car was placed at $150 and damage to the other one was negligible.

Police Patrolman J. H. Kimmel investigated the mishap.

Says Pope Paul Plans Brazil Visit

RIO DE JANEIRO (AP) — Dom Joao Marchesi, bishop of Rio Negro, said upon his return from Rome Thursday that Pope Paul VI will visit Brazil in August.

It would be the first time a Pope has visited Latin America.

The Pope is expected to take part in the closing session of the International Eucharistic Congress at Bogota, Colombia, on Aug. 25. Vatican informants said barring complications the Pope would visit other Latin American nations also.

Jaycees In Youth Work

Snyder Jaycees have a hand in several activities for the youth of the community, president Dave Harlin, Jr. pointed out today as local observance of Jaycee Week neared a close.

Harlin said the Snyder Jaycees sponsor the annual fishing rodeo for youngsters in Towle Park each July 4, a junior bowling tournament, a junior golf tournament and a teenage driving Road-E-O.

In addition, Jaycees stage a donkey ball game with proceeds going to the Boys Club. Moreover, the Jaycees presented $1,500 to the Boys Club to help replace athletic equipment lost in the fire in 1965.

Plea Is Entered

Anderson Davis, Jr. pleaded innocent in County Court Wednesday to a charge of illegal possession of alcoholic beverages for an offense that allegedly occurred Jan. 21. Personal bond of $500 was set.

Pueblo's Coding Gear Destroyed

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — The intelligence ship Pueblo's crew blew up the vessel's secret coding machine and the North Koreans apparently got "nothing that really compromises us" say Navy sources.

These sources said there was evidence of this in the messages from the Pueblo' skipper, Cmdr. Lloyd M. Bucher.

Except for the coding machine, the Navy sources said Thursday the rest of the Pueblo's gear was "routine stuff," including tape recorders to store such intercepted data as radio messages.

Ever since the Pueblo was captured by four North Korean patrol boats near midnight Monday, there has been public concern the Communists might have bagged important equipment which could have told the enemy much about this country's intelligence gathering know-how.

The Pentagon has said mes- radio went dead, indicated he and his men had started to destroy secret gear to keep it out of North Korean hands. But the Defense Department has not said how successful Bucher was.

New reports circulated to the effect that four crewmen were wounded in the explosions that were set off to blow up the Pueblo's sensitive equipment.

But Navy sources restated it is still uncertain how the four men were hurt. The messages did not say, they insisted.

The sources said there is some evidence that the North Koreans fired at the Pueblo with their 40-millimeter guns before boarding.

"The wounds could have happened either way—from gunfire or their own charges blowing up the equipment," one source said.

The Navy sources disclosed at the same time that the Pueblo's skipper was under standing orders to avoid a fight and to keep his ship's machine guns sheathed under canvas.

Suspect In Rape Is Charged Here

A charge of rape was filed against Charles Lee Hopkins, 27, in Justice of the Peace Court here yesterday and bond was set at $2,000. The suspect was remanded to County Jail in lieu of bond.

He was apprehended last night at his place of employment by Sheriff's Authorties, who said he is suspected or raping a 14-year-old girl. The offense allegedly occurred about 4:30 p.m. Thursday on South Avenue M.

Dior Hikes Skirts Well Above Knees

By LUCIE NOEL
AP Fashion Writer

PARIS (AP) — Dior hiked skirts four to five inches above the knees today for most daytime wear as the couture house displayed spring and summer models with expert tailoring and a heavy accent on jewels and other glittering decor.

Even some evening dresses displayed plenty of above-the-knee leg. These were hostess growns, with a cross-over surplice line which dipped to the floor in black but ran up sometimes as high as 10 inches above the knee in front.

Dior also concentrated on the overblouse, showing it in various lengths from Russian blouse length to tunic length. There were pockets for daytime and jewels for evening, running through the entire collection.

For some sleeves, Dior borrowed from the ladies of King Arthur's court. There were also turn-of-the-century leg o'mutton sleeves, and some had a flashed petal effect.

Dior's overblouses run through the day and evening. They are tailored to about an inch over the average hip length for day, which is the Russian blouse look that many of them have. The tunic length is wrist length and sometimes thumb length. The latter step through cocktail and evening with sparse decor or elaborate jewelled embroidery in gold and mock precious stones.

For daytime, one of the best Russian overblouses is in brick red shantung treated to tailored pockets and worn with a Dior moonlight blue tussah shantung Bermuda with its own reversible raincoat on short wide line.

Dior's designer, Marc Bohan, pays the greatest attention to his little daytime suits. They all have cardigan or blazer jackets, worn open. The cardigans have rounded corners; the blazers are cut straight, and every edge on the jacket, skirt or sheath is either cuffed, edged or bound in a two-inch band of white.

You may want to add a little almond extract to a confectioners sugar frosting that is going to cover an angelfood cake.

Ladies Forge Ahead

By CAROL KENNEDY

LONDON (AP) — Prime Minister Harold Wilson should get a vote of gratitude from the women of Britain. Rarely in the 36 years since British women got the vote of equal terms with men has a government given such a decisive boost to female brains.

After decades of being thought vaguely repellent by the British male, women egg-heads may be coming into their own.

Not only has Wilson appointed an unprecedented seven women to office in his administration — including a cabinet minister, three other ministers and the first ever woman whip — but the wives of many of his top men present an astonishing array of talent in their own right.

Britain has never been fertile ground for women intellectuals. Apart from a brief burst of female talent in the 1900s — when the suffragettes only drew derision upon the movement for women's rights — the arts and politics of this tight little island have been dominated by men.

British women today offer no famed and brilliant figure like France's Simone de Beauvoir except possibly novelist and philosopher Don Iris Murdoch. Significantly, perhaps, she is tipped as a member of Labor's future "establishment."

Welcomes Change

Cabinet minister, Barbara Castle, the dynamic, 53-year-old redhead who heads the new Department for Overseas Development, says Wilson believes women have been underpresented in politics. She welcomes the change.

"I do think a woman in office probably needs more nervous energy and drive than a man, because it's still a conscious act of emancipation for a man to include a woman in his government."

Mrs. Castle, who is married to a journalist but who has no children, is only the fourth woman to hold cabinet rank in Britain. The first was Margaret Bondfield, minister of labor in the 1929 Socialist government led by Ramsay Mac Donald.

Ellen Wilkinson was pensions minister in the post-war Attlee administration. Wilson also has a woman in this post, Margaret Herbison, but not in the cabinet.

The only woman to figure in a Conservative cabinet was Florence Horsbrugh, health minister in the 1951 Churchill government.

Could it be that Socialism provides a better seedbed for feminine brains than a Tory regime?

Alice Bacon, Wilson's minister of state at the Home Office says Labor selection committees look with favor on women as parliamentary candidates. On the other hand there's a wide-spread feeling that Tory committees tend to prefer men.

Contrast Striking

Women have also been traditionally influential in shaping socialist ideas. Beatrice Webb of the early Fabian Society is matched today by Shirley Williams, a former member of the society and Labor's chief backroom girl, Mrs. Williams, daughter of Prof. George Catlin of McGill University and left-wing novelist Vera Brittain, now graces the government benches as members for Hitchin, Hertfordshire, after a spectacular upset victory in the Oct. 15 election.

The new ministerial wives contrast strikingly with the almost unknown women behind the former Tory leaders. Mary Wilson, the prime minister's wife, is something of an exception in being a retiring homebody. Many of the others lead successful careers in local government, journalism or free-lance writing. One is a dentist; another a well-known commercial artist. Two more collaborated last year on a West End Musical.

Columnist Antony Sampson, writing as pendennis in the weekly observer, suggests Labor wives get a better intellectual break from their husbands than Tory wives because without clubs, nannies or cooks, Socialists just have to talk to their wives — they're too hometo avoid them.

Savory Sardine Sandwiches

2 cans (each 3¾ ounces) brisling sardines, drained
1 tablespoon plus 1 teaspoon red wine vinegar
¼ cup mayonnaise
2 tablespoons minced scallion (green onion)
12 thin slices bread
Salad greens and pimiento stuffed green olives

Mash the sardines and mix in the remaining ingredients except the bread, greens and olives. Make 6 sandwiches of the sardine filling and the bread; cut each into 2 triangles. Garnish with greens and olives. Makes 4 to 6 servings — 1 or 1½ sandwiches per portion.

Travis FHA In Session

A panel discussion highlighted Tuesday's meeting of the Travis Junior High Future Homemakers of America Chapter.

A parent - teen panel discussed such topics as dating, going steady, modern styles, the privacy of mail, length of telephone calls, etc. Mrs. J. N. Black was the parent on the panel.

A letter of appreciation was received from the Big Spring State Hospital for Christmas cards the chapter sent. A new program chairman, Sahala Eicke, was named to replace a member that moved.

Lennis Cox, president, presided at the meeting. Refreshments were served following the meeting.

'WHAT IS SIHANOUK'S POSITION TODAY?'

New Secretary Of Defense A Hard-Liner On Vietnam

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — It was no secret, when President Johnson announced he had picked him to be the new secretary of defense, that Clark Clifford was a hard-liner on the Vietnamese war.

He made that clear Thursday, without exaggerating it or offering more information than he was asked, when he testified before the Senate Armed Services Committee, which then unanimously approved his appointment.

Clifford, 61, is a Washington attorney whose firm's clients include some of the biggest corporations. But he has also been an adviser to Presidents Harry S. Truman, John F. Kennedy and Johnson.

He approved the bombing of North Vietnam but he offered a way for starting peace talks if the North Vietnamese are willing to accept. There can be no question that Johnson thinks his judgment is good.

Otherwise he would hardly have had him as an adviser or picked him for the defense job. But Clifford has two other precious assets which should help Johnson in this presidential election year.

He will be new in the job and he is extremely well-liked in Congress where Robert S. McNamara, the retiring secretary of defense, had built up a lot of antagonisms.

But McNamara was also a handy target for the antiwar critics outside Congress. This was a condition he couldn't help since he has been secretary since 1961 and has been as closely identified with the war as Johnson.

In a way, he had become a symbol of the war.

If the war goes on long enough, and Clifford remains as secretary long enough, almost inevitably he will encounter the same kind of hostility that fell on McNamara.

If McNamara had continued as secretary through the presidential campaign, he would have been a target for a lot of criticism and abuse.

This wouldn't have hurt Johnson's election chances if by some miracle—it couldn't happen—McNamara was somehow isolated and all the antiwar criticism was limited to the defense chief.

But Johnson, even more than McNamara, is the center of criticism on the war. And, since Johnson is responsible for what McNamara did, if McNamara remained Johnson would have no relief from the criticism.

With McNamara gone, some of the criticism of the war will have to be diluted, and this should be of some help to Johnson politically.

When Clifford takes over, there will be a difference for a while. Although he was a Johnson adviser, he can't be identified with the war as closely as McNamara. Therefore, it should be months before the abuse piles up on him.

Since he is a brilliant lawyer, and adroit in what he says and does, he might be able to last through the campaign before real trouble begins for him. The longer it is delayed, the less criticism Johnson will have to bear.

If this reasoning is correct, then it should be no surprise to see Dean Rusk, secretary of state resign and be replaced before the political campaigns get feverish later this year.

Rusk has been even more of a punching bag for the war critics, in and out of Congress, than McNamara. With McNamara and Rusk both gone the critics would be deprived of a lot of talking points against the war.

The fewer the talking points, the better for Johnson, politically.

Boyle Is Adopted By Feline Pet

By HAL BOYLE

NEW YORK (AP) — How do you teach a cat to stop snoring?

This is one of the ordeals I face since being adopted, rather late in life for me, by a feline pet.

From earliest childhood I have always regarded myself as pretty much of a dog man. In the house of my father we always had at least one dog around, sometimes as many as three or four.

Raised as I was in the society of dogs, a cat to me was just a furry animal that they chased up a tree on sight.

It wasn't until someone gave us a kitten about 10 years ago that I discovered what odd and wonderful and self-opinionated creatures cats are. Frankly, I'd rather have had a puppy, but the landlord of the gleaming tenement where I dwell only allows a fellow to keep as pets wives, children, goldfish, non-talking small birds and cats. Dogs, horses and anacondas are verboten.

Between Lady Dottie—as our daughter named the kitten—and me there was for a long time a diplomatic truce, marked by distrust of her on my part and disdain of me on her part.

But as Lady Dottie approached middle age she began to tear down the fence between us. She dropped her air of indifference and began to admit me into her companionship as a valued equal.

Dogs and cats, I find, differ in the way they show affection. A dog runs to you and wags his tail and barks in joy and jumps up on you. But when a cat wants to show you fondness, she simply manages to get in your way in every possible manner.

It used to be that if my wife Frances or daughter Tracy hadn't fed her promptly, Lady Dottie would go and scratch their legs in anger. But now, if her chopped and warmed beef kidney isn't served on time, she brings her complaints to me.

Rubbing against my leg, she calls in a voice mournful with hunger and self-pity: "Harold ... Harold ... Harold." Not "mee-ow," mind you, which any cat can say, but "Harold," which only Lady Dottie can enunciate so clearly.

So I rise and see that she is fed.

Lately Lady Dottie has taken to sharing my bed. She bunks right where my feet belong. I don't mind that so much as the fact that she snores.

"It doesn't bother me," said Frances. "But if you feel you have to do something, why don't you try dropping gum drops in her mouth? When we were first married, I remember I did that to you when you snored."

"Why did you stop?" I asked. "Did I quit snoring?"

"No," said Frances. "I just got tired of paying for the gum drops."

A biology class presented her with two each of the Venus flytrap, sundew, and pitcher plant. All three eat insects.

Junior Editors Quiz on CARTOONS

QUESTION: *How are cartoons made?*

* * * *

ANSWER: A cartoon is a drawing done in simple clear outlines which are usually in black ink. The cartoon carries some idea, being either funny or telling part of an interesting story. Most cartoons are printed in newspapers and magazines where their bold simple appearance makes them stand out and catch the reader's eye. Many comic strip artists develop quaint, cute little characters that the readers look forward to seeing day after day. Such characters become so real to the artists who draw them that they seem to be sitting right on top of their drawing boards. The artist in our picture is finishing his most recent strip about his character Moddie the Mop, using a drawing pen on a piece of drawing paper (1). After six strips are completed for one week, the artist delivers them to his editor at a newspaper syndicate (2). About six weeks later, people like you all over the country are chuckling at the funny or interesting situations the cartoonist created (3). Cartoons on the newspaper's editorial page take definite points of view and can influence public opinion.

Snyder's Tigers get a new lease on life in the District 3-AAA basketball chase tonight as they begin the second round in the high school gym with Lake View's Chiefs providing the challenge.

Tipoff is set for 8 p.m., following a "B" battle at 6:15 p.m.

Coach Ned Underwood's crew did themselves right proud in the first round, finishing in a tie for second place with Dunbar and Levelland with a 5-2 record. The runnersup get another shot at Lamesa in the second round. The Tors took the first round with a perfect 7-0 mark.

Lake View, on the other hand, was winless in all of its district tilts. Some of them were close, but the top four teams had little trouble with the Chiefs. Snyder scalped them 104-59 at Lake View in the first go-round.

Thus nobody, except perhaps the coaches and team, are taking the Injuns seriously.

"That's the kind of team that slips up on you if you're not careful," declared Coach Underwood.

He listed probable starters, as follows: Tommy Bullard and Mickey Almond at guard, Drake Snyder, Frankie Grimmett and Mitch Rambin up front.

Ben Norton's Chiefs, despite the lacklustre record, have talented individuals in Lonnie Trowbridge and Bob Bruce. Both have height, experience and ability and could keep the Injuns in the game.

Coach Jerry McLeod listed starters for the "B" team, as follows: Bill Hood, Lee McNair, Randy Rushing, Ronal Gladson and Wesley Bishop.

Ira Divides At Westbrook

WESTBROOK — The visiting Bulldogs broke even with host Westbrook Thursday in two Junior High basketball tilts. The Bulldog girls won 38-18, but Westbrook's boys took a 43-23 decision.

Scoring for Ira's girls were Jan Kruse with 16 points, Annette Erwin 15, Janie Roddy 6, and Connie James 1. Matlock made 14, and Moore tallied 4 for Westbrook.

In the boys game, Obie Crawford was high point man for Ira with 6 points while Jerry Millholland, Ricky Cox and Jimmy Briseno each pitched in 4. Others who scored for the Bulldogs: Kirby Sterling 2, Eddie Nettles 2, and Stephen Sallee 1.

For Westbrook, Morris was the leader with 18 points. He and help from Fuentes 9, Rich 8, Jones 7, Reyes 4, and Anderson 1, and Matlock 1.

Ira hosts Fluvanna in a varsity clash tonight.

Travis 8th Is Unbeaten

COLORADO CITY — Travis 8th grade had to go all out here Thursday to preserve its perfect basketball record. But, preserve it, they did. The young Blue Devils tripped the tall and eager Wolves 57-54 in a thrilling match that had the fans yelling throughout.

Colorado City led by one point, 16-15, after one quarter, and the count was knotted at 26-26 at halftime. In the third quarter, the Snyder boys put on the pressure and took a 5-point lead at 42-37. The hosts outscored Travis 17-15 in the final quarter, but it wasn't enough to close the gap.

Jackie Murray, Butch Buchanan and Gary Durst pitched in 19, 16 and 11 points respectively to lead the Blue Devils. Colorado City also had three boys in twin figures: Kemble with 17, Maines with 13, and Matthews with 12.

Travis tangles with Stamford at 5:30 p.m. today in the first round of the Sweetwater Tournament.

TRAVIS (57) — G. Durst 5-1-11; D. Durst 3-3-9; Patterson 1-0-2; Murray 8-3-19; Buchanan 6-4-16; totals 23-11-57.

C. CITY (54) — Kemble 7-3-17; Maines 5-3-13; Matthews 5-2-12; Waldrip 4-0-8; Wright 1-0-2; Gibson, 1-0-2; totals 23-8-54.

Girls Give U.S. Impetus

ST. GERMAIS, France (AP) —Kiki Cutter's third place finish and solid performances by three other American girls in a pre-Olympic Ganes ski meet has given new impetus to U.S. medal hopes at Grenoble next month.

"I am pleased with the way the girls are coming," Coach Bob Beattie said Thursday after Miss Cutter, who wasn't originally picked as a member of the U.S. Alpine squad, narrowly missed an upset victory in the Grand Prix Slalom, won by Fernande Bochatay of Switzerland in one minute, 18.93 seconds.

Miss Cutter, an 18-year-old schoolgirl from Bend, Ore., lost fractions of a second with a mistake on her second run and finished behind Miss Bochatay and France's Florence Steurer with a 1:19.07 clocking.

Blue, Gray In Victory Column

The Lamar Gray edged the Travis White 49-45 and the Travis Blue shaded the Lamar Red 53-51 in two exciting 7th grade basketball tilts held Thursday in the Travis gym.

The Red leaped into a 9-5 lead in the first quarter of its game with the Blue, but the Travis team kept cutting away at the lead and tied the score, 35-35, by the end of the third quarter. The Blue Devils held a slight advantage in the last quarter. They were led by Mike Boles, who netted 33 points.

Jacky Hartsfield pitched in 21 points and Bobby Burleson contributed 13 to lead the Lamar Red.

The Gray outscored the White in each of the first three periods, then fought off a last quarter rally to preserve the win, although the White outscored them by seven in that last stanza.

Jimmy Dyess and Jim Waters sparked the Gray attack with 21 and 15 points respectively. Three White boys rang the hoops for 10 or more points: Scotty Sullivan 12, Bill Davis 13, and Charles Cain 10.

Monday, the Lamar Red tangles with the Travis White and the Travis Blue tests the Lamar Gray.

LAMAR GRAY (49) — Dyess 9-3-21; Waters 6-3-15; Ramons 3-2-8; Key 1-0-2; Hargrove 1-1-3; totals 20-9-49.

Snyder 8th Grade Teams In Tourney

Travis 8th grade and Lamar 8th grade are entered in a basketball tournament at Sweetwater.

It begins today with Travis meeting Stamford at 5:30 p.m. and Lamar colliding with host Sweetwater at 7 p.m.

Other first round tilts find Goliad of Big Spring meeting Sweetwater's B team at 4 p.m. and Colorado City tangling with Runnels of Big Spring at 8:30 p.m.

Second round tilts are on tap Saturday for 9 a.m., 10:30 a.m., 12 o'clock noon, and 1:30 p.m., with the Consolation tilt set for 6 p.m. and the finals for 7 p.m. Lamar, Sweetwater A, Runnels, and Colorado City are in the lower bracket while Travis, Stamford, Goliad, and Sweetwater B are in the upper bracket.

Berkeley Ultimatum?

BERKELEY, Calif. (AP) — Negro athletes at the University of California insist that, unless their demands are met, they will quit their teams.

A joint statement said Thursday their boycott threat did not end with the return of five Negroes to basketball practice. They are seeking the firing of three white coaches and the hiring of several Negro coaches.

Spokesman Bobby Smith said, "The threat definitely is serious but we are willing to wait until the committee appointed by Chancellor Roger Heyns to investigate our demands has time to investigate."

"Unless our demands to eliminate discrimination are met, the boycott threat still stands," the statement said.

Beaty, Hawks Rip Boston, 105-93

BY THE ASSOCIATED PRESS

Hal Greer has picked up in the regular season where he left off in the National Basketball Association All-Star game, but not Zelmo Beaty. And that doesn't make Beaty unhappy at all.

Big Z, a flop in Tuesday's classic, looked quite a bit better Thursday night, pumping in a career high 42 points that carried the St. Louis Hawks to a 105-93 victory over Boston in Miami Beach.

Greer, voted the most valuable player in the All-Star game, continued his hot hand with 35 points and led Philadelphia to a 123-108 triumph over the slumping Detroit Pistons in Detroit.

In other games, the New York Knicks rode a long-range barrage by Cazzie Russell and Dick Barnett to a 126-118 victory over host Chicago, Elgin Baylor lifted Los Angeles past Cincinnati 118-116 in the last 10 seconds at Cleveland, and Baltimore tumbled San Diego 127-113 in San Diego.

In the American Basketball Association, Minnesota manhandled New Jersey 137-105, Dallas slipped by New Orleans 102-101 and Anaheim dipped Oakland 124-115.

Beaty, who managed only two field goals in 11 attempts in the All-Star game, fired in 16 of 24 and 10 of 11 free throws against the Celtics and held Bill Russell to only four free throws.

The big center saved the best for last after the Celtics had taken a 64-63 lead in the third quarter. He hit 11 points in that period as the Hawks took the lead for good and then added 17, including 13 in less than six minutes in the final session.

Greer, whose 14 straight points brought the East from behind to victory over the West in the All-Star game, paced the 76ers to a 68-53 halftime spread. When Detroit climbed within eight in the final quarter, his three points started a string of seven straight that took Philadelphia out of danger.

Russell and Barnett, consistently hitting long jumpers, combined for 58 points, 31 by Russell, and pulled New York away from a 74-74 tie as the Bulls lost their fourth straight game.

Baylor scored three of his 28 points in the last 10 seconds to keep Los Angeles ahead after Gail Goodrich scored 10 straight points that brought the Lakers from behind to a 102-99 lead.

Earl Monroe and Kevin Loughery led Baltimore's fast break that rolled up a 60-43 halftime lead and San Diego never got closer than 10 in the second half. Monroe finished with 30 points and 10 assists and Loughery 24 points.

Net Team Is Saturday Host

The Snyder Tigers tennis team hosts Lubbock Coronado, Sweetwater and Crane in a 4-way match in Towle Park Saturday. The sets begin at 9 a.m.

Representing the Snyder team, coached by Ken McAllister, are John Phillips, Terry Book, Ronnie Maddux, Wayne Anderson, Deanna Boles, Patsy Miller, Linda Miller, JoAnn Braziel, Mamie Braziel and D'Anna Alexander.

Lamar Puts Down Post

It was as one-sided as Custer's Last Stand.

Lamar's 9th graders overpowered Post 84-16 here Thursday in the Texan gym.

Coach John Gary began sending in subs after four minutes of play as everyone of the local lads got a chance on the court. Jeff Stewart captured scoring honors with 16 points. Dennis Breedlove contributed 14, Steve Difiaha added 11, and Glen Rambin posted 10 in the rout. Rambin was able to add more than 7 points for Post.

The Lamar crew will meet the Toros in the Goliad gym at Big Spring next Monday.

H-Bomb Fragments Located

By JOSEPH P. MOHBAT
Associated Press Writer

THULE AIR BASE, Greenland (AP) — The U.S. Air Force found hydrogen bomb fragments Thursday around the spot where a B52 bomber crashed and burned on thick ice near this Arctic Circle base.

But the Air Force doesn't know whether the rest of the four bombs aboard the big Strategic Air Command jet are buried in the snow and ice or at the bottom of North Star Bay under about 880 feet of water, Maj. Gen. Richard C. Hunziker told a news conference.

All the debris is being left "right where it is," said Hunziker, "because right now I have control of the contamination and I don't want to let it get away from me."

He added that it had not been decided whether to search deeper for the rest of the bombs.

The plane crashed Sunday on a nine-foot thick blanket of ice covering North Star Bay near Thule base. The flame-scorched area and fragments of the plane indicate that the B52 may have exploded on impact.

One crewman perished in the crash. Six others parachuted to safety. One of them, Capt. Frank F. Hopkins, has been returned to Andrews Air Force Base, Md., suffering a broken arm and a minor frost bite.

"I have positive evidence the weapons are around the scar" where the plane crashed, Hunziker said.

But while "every piece of debris we found was contaminated," by the device's radioactive contents, Hunziker said, "based on the information we now have, this does not present a dangerous situation to anyone."

Hunziker said he does not know what percentage of the thermonuclear devices aboard the plane has been found.

Hunziker said the bombs apparently were on board the huge aircraft not thrown from it when it plunged into the ice. He displayed a photograph of what he called the plane's impact area and a long, black scar on the ice where the plane slid for several hundred yards, spewing fuel and burning.

Hunziker, a SAC officer, is directing identification and recovery efforts by some 40 men in the near-total darkness of the crash area. Two helicopters and eskimo-driven dog sleds are ferrying technicians to the scene. Air Force efforts are being hampered by dark and cold.

Newsmen who arrived at Thule Thursday are to be flown over the site.

A deep blue twilight hangs over thule for about two hours around noon and the rest of the day is black as night. Flashlight batteries wear out in 15 minutes. Hunziker said he is ordering more helicopters and trying to provide electric power to the recovery area.

He said the contaminated area is more than 300 yards wide around the impact point. The debris he identified as portions of H-bombs, were found on top of two feet of snow.

A noted expert on the effects of radiation, Dr. Wright Langham of UCLA Los Alamos Laboratory, flew to Thule Thursday and told newsmen that on the basis of early information: "I am fairly convinced that the plutonium is fixed," in other words, confined to the contaminated objects themselves and not radiating deadly rays into surrounding air.

Improvements In Medicare Plan

(EDITOR'S NOTE: This is the sixth in a series of articles by Erven Fisher, manager of the Big Spring District Social Security Office, on the new Social Security laws.)

* * *

By ERVEN FISHER
District Manager

Here are some of the more important improvements in the medicare program under the social security amendments signed by President Johnson on Jan. 2, 1968.

Payment for Doctor Bills

Medicare beneficiaries whose physicians prefer to bill them directly instead of billing medicare will no longer have to pay the bill and get it receipted before they can collect medicare payments.

Under the old law, if the doctor did not want to submit his bill to medicare, a medicare beneficiary had to pay the bill and get it itemized and receipted in order to claim payment from medicare. Now, beginning Jan. 1, 1968, all the patient needs to send in with his request for payment is an itemized bill, even if he has not yet paid the doctor. If the doctor's office will fill out the bottom part of the standard Request of Payment form, this will serve as the itemized bill.

More Hospital Days Covered

Beginning Jan. 1, a person covered under the hospital insurance part of medicare is eligible for 60 additional days of care partly paid for by medicare. This is a "lifetime reserve' that you can draw upon if you have used up the 90 days in a "spell of illness." During these additional days, your medicare will pay all but $20 a day of your covered hospital expenses. As before, a "spell of illness" does not end until a 60-day period has passed during which you were not a patient in any hospital or skilled nursing home. When a spell of illness ends, you again become eligible for up to 90 days of hospital insurance benefits. The 60-day reserve, however, is a lifetime reserve, and none of it is replaced after you use it.

Services in Non - Covered Hospitals

Also, the medicare program may now make partial payment of bills for treatment before Jan. 1, 1968, in hospitals not participating in the medicare program. If you had to pay a hospital bill because you were treated in such a hospital, it may be possible for you to be reimbursed, if the hospital meets certain minimum standards, i. e., it is licensed as a hospital; has a full - time nursing service; and provides medical care under the supervision of a doctor.

During the first year of medicare some hospitals were not able to take part in the medicare program, and others have not chosen to take part, for one reason or another. A special provision for payment in emergency cases helped many people, but there were some hospitals which did not qualify even under the emergency provisions. And some people covered by medicare and admitted to these hospitals when there was no medical emergency provision mistakenly believed that medicare would pay their bills.

If you were a medicare beneficiary between July 1, 1966, and Dec. 31, 1967, and could ot earlier get payment under medicare for a stay in a hospital that did not take part in medicare, ask the hospital or your social security office to help you apply for benefits.

More Bills Paid in Hospitals

Starting Jan. 1, 1968, the medical insurance part of medicare will pay the full reasonable charges of radiologists' and pathologists' services while you are a hospital inpatient, if you are enrolled for medical insurance. Under the old law, medicare paid only 80 per cent of the charges after the $50 deductible had been met.

Under the old law, if you were in a hospital or extended care facility and were not eligible for hospital insurance payments — because you had used up all your hospital insurance benefit days, or because you did not enter the extended care facility within 14 days after a hospital stay of at least 3 days — services such as X-rays and laboratory services were not covered by either hospital or medical insurance.

As of April 1, medical insurance will cover such services if you are in a hospital or extended care facility. These services would ordinarily have been paid for as part of your doctor's bills if you had not been in the institution.

Physical Therapy Payments Broadened

Another change in the medicare program provides payments for physical therapy under medical insurance, in your home or elsewhere, if it is furnished by an approved hospital, clinic, rehabilitation center, or public health agency.

Waco Man Is Texas' 3rd Deserter

STOCKHOLM, Sweden (AP) — A 19-year-old Army man from Waco has become America's 20th—and Texas' third—military deserter to seek refuge in Sweden.

Gregory Graham arrived in Sweden Wednesday night. He said he was stationed at Mainz, Germany with the Army's 8th Infantry Division.

Graham said he voluntarily enlisted at 17 and was later sent to Germany. He fled Germany in October 1966 and went to Paris. He finally went to the U. S. Embassy in Paris because he could not sustain himself. The Army gave him a two month prison sentence at that time.

Graham later escaped from a stockade at Mannheim, Germany, and returned to Paris. Then he traveled to Geneva where he was taken care of by local Viet Cong sympathizers who recommended he go to Sweden.

Graham said he spent 16 months in the army before he went AWOL.

After his arrival, Graham was held in custody overnight. The Aliens Commission said that so far he has not made an application for political asylum.

Graham said that he was not a pacifist and did not claim political reasons for his action. He said he just did not like the U.S. policy on Vietnam and did not want to get involved in the war there.

He is the foster son of Mrs. Neil B. Gosset formerly of Carlton, Tex. The father is deceased. He attended high school for one year at Carlton, Tex. and then transferred to the state home in Waco.

A Free Church Movement belonging to the so-called Vietnam Committee has promised to provide lodging for Graham if he is allowed to stay. He hopes to continue his training as a photographer.

Deserting earlier this week and going to Sweden were William Wayne Day of Itasca and Ennis James Dotson of Ballinger.

Liquor Law Investigators To Report

AUSTIN (AP) — Investigators report to Atty. Gen. Crawford Martin's office today on what they found out about alleged irregularities in liquor law enforcement.

Asst. Atty. Gen. Nola White said reports of his investigators will be correlated with those of the Department of Public Safety in preparation for Monday's hearing on the LCB's problems.

Seven men from the attorney general's office were involved in investigations—which which still may not be over—in Dallas, Odessa, Jasper and Tyler.

The hearing, called by the LCB, will go into the allegations to determine whether there is any truth to them and whether any LCB employe has been guilty of misconduct.

White revealed Thursday that letters were sent to about 500 people who might wish to present information. The hearing is open to anyone who wishes to testify.

Representatives of at least two district attorneys' offices will be at the hearing, it was learned Thursday.

White said he had advanced indications Dallas Dist. Atty. Henry Wade or one of his assistants would be present. Fort Worth Dist. Atty. Doug Crouch said he or a representative would attend the hearing.

He said that unless a district attorney requests it, no subpoenas would be issued.

Special Panel Studies Copper Woes

WASHINGTON (AP)—A special federal panel seeking solutions to the longest copper industry strike in U.S. history meets for the first time following a government report showing a three per cent jump in wholesale copper prices.

The three-man panel meets today with Secretary of Labor W. Willard Wirtz to discuss the 6½-month-old dispute that has halted virtually all U.S. copper production and idled 60,000 workers.

The Labor Department, in reporting the two-month copper price increase Thursday, attributed it to the strike, saying manufacturers have had to buy more expensive supplies recovered from scrap metals.

Wednesday night's appointment of the panel was the first government action in the strike except for participation by federal mediators in negotiations.

The panel is expected to open talks soon with both union and industry officials.

Panel members are George Reedy, former press secretary to President Johnson and now president of Struthers Research & Development Corp. in Washington; Dr. George W. Taylor, professor of industry at the University of Pennsylvania's Wharton School of Business, who has helped settle national labor disputes in the past; and the Rt. Rev. George Higgins, chairman of the National Catholic Conference in Washington, who has also worked in settling labor disputes.

The strike, which began last July 15, involves 26 unions demanding pay scales ranging from $3.01 to $4.25 per hour, compared with the present range of $2.61 to $3.68. The last-known company offers were to boost present scales to a range of $2.89 to $4.09 over three years.

One smaller firm, the White Pine Copper Co. in White Pine, Mich., reached a settlement Thursday with its 1,350 employes, reportedly offering a wage hike-fringe benefits package totaling 95 cents an hour

FOR SPANISH AMERICANS

Opportunities Are Widening

By PEGGY SIMPSON

WASHINGTON (AP) — Opportunities are widening dramatically for Spanish-surnamed Americans as a direct result of October cabinet-level hearings probing their needs, says President Johnson's chief adviser on Mexican-Americans.

Vincente Ximenes, chairman of the Inter-agency Committee on Mexican-American Affairs, called hearings Oct. 26-28 at El Paso a turning point in the history of the nation's 5 million Mexican-Americans.

He gave President Johnson Thursday the official report on the hearings but noted that problem-solving began immediately after the conference.

Ximenes said in an interview he was confident most of the El Paso recommendations would be achieved, even with the current economy holddown in anti-poverty funds. Many of the requests required no money, just a policy change or upgrading of priorities, he said.

Ximenes flew today to Phoenix, Ariz., for followup meetings with Mexican-Americans and officials of programs affecting the minority group. He will visit Tucson Saturday.

Ximenes met in New York City several weeks ago with leaders of the Puerto Rican community, seeking their suggestions.

"One of the greatest achievements was passage of a bilingual educational bill by Congress. This was the one need mentioned most often at El Paso," Ximenes said.

The new law provides $85 million in grants during the next 2½ years to schools faced with educating children who speak very little or no English. The pattern has been for the children to fall immediately behind in school and almost inevitably quit.

"For the first time in the history of government agencies, the Department of Housing and Urban Development publicly announced it would begin a recruiting campaign to hire Mexican Americans for jobs in various departments," Ximenes said.

HUD named a task force to visit St. Mary's University in San Antonio, Tex.; Los Angeles State University, the University of New Mexico, and the University of Texas in Austin. It also encouraged its staffs in Texas, Colorado, Arizona, New Mexico and lower California to seek out for jobs.

San Antonio, Tex., and Los Angeles both with heavy Mexican-American populations, are among the targets in a special manpower program started by the Departments of Labor and Commerce in conjunction with private business.

"The Department of Agriculture in the past two months has hired about 300 Spanish-speaking persons in a recruiting drive," Ximenes said.

Ximenes pointed to a number of Mexican-Americans chosen for key government positions since the El Paso conference.

Ximenes, a Floresville, Tex., native who also is a commissioner of the Equal Employment Opportunity Commission, said the conference succeeded because it was more than "a place for people to meet and pass resolutions and go home."

"We created an avalanche of work for ourselves—and we're perfectly satisfied," he said.

Texans Organize To Draft Ronald Reagan

HOUSTON (AP) — Oil man J. R. Butler said Thursday a Texas organization to draft California Gov. Ronald Reagan for president has been set up and will open headquarters here soon.

"Spontaneous Reagan for president groups have been operating in many Texas areas several months," he said. "The draft Reagan groups already are a powerful political force."

There is a growing conviction, the Houston oil man asserted, that Reagan is the only Republican who could win the presidential election next year.

High School Paper Circulates Afar

PADUCAH, Tex. (AP)—Karen Bragg, a senior at Paducah High School, has proof the school newspaper, The West Wind, has a wide circulation.

She has received a letter from a Marine in Vietnam who said he happened on a copy of the publication one night in Da Nang and saw Miss Bragg's picture on the front page.

Bishop To Open Homes For Priests

By NEILBIBLER
Associated Press Writer

HELENA, Mont. (AP) — A Montana bishop of the Episcopal Church is setting up houses for priests who be said have broken down "under the stresses of contemporary parochial life."

The Rt. Rev. Chandler W. Sterling, 57, says 2,200 Episcopal clergymen are in this category.

He says the priest with a problem suffers from feeling unneeded, guilty and hopeless — "from futility and utter frustration in his work.

"There's always somebody on his back," Bishop Sterling said, "somebody using him as a punching bag."

The first "Nicodemus House" will open March 1 at Pelham, a New York City suburb, with a blessing of the House of Bishops but without church money. The name comes from a Biblical man who "comes quietly to the door by night with a heavy heart."

"I'm going to be swamped as soon as I start," the bishop said.

He has resigned as the head of the church in Montana effective March 1.

The project is called PARDON, for Pastors Anonymous, Recovery-Directed Order for Newness.

A priest would be relieved of his pastoral duties, moved to a Nicodemus House without his family, and given temporary secular work "so he can pay his way while he battles his bag."

In the halfway house, fellow priests who had survived similar crackups would counsel with the client—Bishop Sterling's term since he says "they won't be patients and we're not going to be a welfare agency."

There would be no psychiatrists. If one is needed, the client would be sent to one.

When the priest is ready, he could be given a parish at a new location. He might turn to church work without pay while he holds a secular job or he might leave all ministerial work.

Bishop Sterling will open two Nicodemus Houses, one an apartment for four to six persons, the other a home for perhaps 15 men. "No Skid Row stuff," he says. "We're working with a high type of person intelligence and sophistication."

"It's unknown territory," the bishop says. "It's going to upset a lot of things and I have no financial certainty."

Bethel Baptist

Sunday morning at 8:38 a.m. the weekly broadcast, sponsored by The Bethel Baptist Church, will heard over KSNY. "What Is Imperfect Love? will be the subject of the Rev. R. Virgil Mott.

Sunday services begins at 9:45 a.m. when the Sunday School will meet.

"The Evangelism of Jesus," will be the sermon topic of the astor at the 11 a.m. worshipsr pastor at the 11 a.m. worship service. Scripture reference is Mark 14:8.

Music activities will begin with rehearsal at 5:30 p.m. Sunday. The Training Union will begin at 6:30 p.m., and J. A. Dodson, Training Union Director, urges all directors and union sponsors and leaders to have all programs planned for February.

"The Bow In The Clouds," will be the sermon topic of the pastor at the 7:30 p.m. worship service.

The Studies In Luke study course was well attended and all who attended qualified for credit on the course. Next Wednesday at 7:30 the pastor will review the course on Fisher's of Men.

Here are seekers after God. They are anxious and determined. They want in . . . will those doors open? Is it any use to knock? Jesus said, "ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened to you." Big locks and heavy doors will break open to those of great faith. Your child and mine need God; they need His church. God said to Joshua; "as I was with Moses so I will be with Thee." "Maybe He's here?" He said, "Suffer little children, and forbid them not, to come unto me."
