MRS. MALONE CLAIMED BY DEATH

Mrs. Della Pearl Malone, 72 years old, former Olton resident and a resident of Lamb County since 1925, died Friday in the home of her daughter, Mrs. D. L. McLain, at Hart.

She was the mother of Walter Malone and Mrs. Bill Weaver, both of Olton. Before moving to Littlefield in 1943, Mrs. Malone lived in and around Olton.

Funeral services were held in the First Baptist Church, Littlefield, where she was a member. Rev. Lee Hemphill, pastor, officiated. Burial was in the Olton Cemetery with her grandsons acting as pall-bearers.

Survivors include six children, Walter of Olton, Curtis of Hart, Mrs. D. L. McLain of Hart, Mrs. Bill Weaver of Olton, W. H. Starkey of Oklahoma City, and C. W. Starkey of Flomot; 19 grandchildren; and 13 great grandchildren.

Death Takes G. B. McFadden

G. B. McFadden, father of Paul and Roy McFadden, died at 2:15 o'clock Wednesday morning in Olton Memorial Hospital following an extended illness. He was 91.

Mr. McFadden had lived in Iowa until three years ago, when he moved to Boulder, Colo. He had made his home here with his two sons for the past month.

A native of Indiana, Mr. McFadden was a retired farmer. His wife died in January of this year.

His body was to be in state at Lemons Funeral Home in Plainview until 6 p. m. Thursday. Funeral services will be held at 2:30 p. m. Saturday in Boulder, Colo.

Other than his two sons here, survivors include three daughters, Mrs. Oscar Havens, Denver, Colo., Mrs. George L. Frank, Boulder, Colo., and Mrs. Glen O. Griswold, Iowa, and one sister, Mrs. Ella Forsythe, also of Griswold.

VISITS SISTER

Janelle Miller, daughter of Mr. and Mrs. J. F. Miller, is visiting in the home of her sister and brother-in-law, Pvt. and Mrs. Don Franks, in El Paso.

SO THE PEOPLE MAY KNOW

We write in protest of TRIAL BY GOSSIP.

Audit of the city books by J. Robert Metzger of Plainview has revealed a discrepancy of \$4,887.92. Receipts in possession of city officials reveal that this amount was paid to the city by Mrs. Vaneta Stovall, former city secretary, to make up the alleged shortage.

Let us hasten to point out that as far as we know, Mrs. Stovall has not been charged with any wrong doing. Let us further declare that in any case, the burden of proof rests upon the state. Even the accused are presumed innocent until proved guilty.

In America we are taught to believe that the innocent stand justified and that the guilty flee when no man pursueth.

In the name of justice we call upon Lamb County officialdom and the district attorney for a grand jury investigation of this alleged shortage in the city's books—in hopes that the innocent may thereby be exonerated and guilt, if there be any, properly affixed. As the next session of the grand jury is not due before next August, we earnestly implore Judge E. A. Bills to call a special session immediately that this matter may be disposed of forthwith and Olton returned to its tranquility.

OLTON, WE BEG OF YOU—DO NOT TRY MRS. STOVALL'S CASE BY GOSSIP.

Memorial Day Downpour Hampers Area Cotton Planting Operations

A heavy Memorial Day thunderstorm, accompanied by driving winds, dumped a measured two inches of rain in Olton and even heavier amounts south of Olton, hampering cotton planting and bringing May moisture here to near record levels.

At Ben F. Smith Grain Co., Guy Watson reported that the Monday night downpour boosted to approximately 11 inches the amount of rainfall which Olton received during May.

The rain was apparently heaviest south of Olton, and lighter to the north and west. Farmland had scarcely dried sufficiently from previous May rains to permit satisfactory field work, and Monday's rain will prompt some area farmers to plant grain sorghums on acreage which they previously had intended to put to cotton, agriculture experts said.

Other farmers, meanwhile, steadfastly vowed that they will plant cotton—"if it will just stop raining for a couple of days"—until the time-honored June 10 deadline.

Here in Olton, the Monday night cloudburst was accompanied by such gusty winds that many homeowners reported water driven into their homes under heretofore troublefree doors and windowsills.

For many farmers, the Monday rain necessitated nothing more troublesome than a good scratching of their cotton acreage, and the general feeling persisted that May's turbulent rains will do considerably more good than harm, despite the fact that cotton planting is away to one of its latest starts in recent history here.

Legion Baseball Meeting Slated Friday Night

Olton and other area towns which plan to field American Legion Junior Baseball teams this spring will send representatives to a meeting at Lubbock this Friday to complete a schedule and work out other necessary details.

The meeting will be held at 8 p. m. at the Lubbock American Legion Hall, according to I. B. "Doc" Holt, who is Legion athletic officer for this district.

Towns which have announced plans to field teams this year include Olton, Lubbock, Plainview, Hale Center, Brownfield, Seagraves and Littlefield.

Holt said it is possible that other towns may have filed entries with Legion headquarters at Austin prior to the June 1 filing deadline.

Set Dollar Days Saturday, Monday

Dollar Days will be held here Saturday and Monday, June 4 and 6.

Local merchants are offering a variety of good buys for the occasion. You can find news about their merchandise values in this issue.

Dollar Day normally has been observed on the first Monday of each month here, but local businessmen recently initiated the practice of making Dollar Day a two-day affair... with special prices in effect both Saturday and Monday. At some stores, Dollar Day prices are effective on Monday only.

P-T. A. PLANS ART COURSE NEXT WEEK

Olton Parent-Teacher Association is sponsoring an art study course beginning Monday and continuing through the 10th in the school lunchroom from 1:00 p. m. to 4:00 p. m.

David Moore, who teaches art at Wayland College, will be the instructor for the art course.

Painting in charcoal, pastels, water colors, oils, crayon, and copper tooling will be instructed. Those wishing to enroll may register at Smith & Struve Dry Good Store or with Mrs. Merrill Brigrance. A five dollar entrance fee will be charged for each entry.

Mrs. Jim Fite and Mrs. Owen Norfleet will appear on Television tonight (Thursday) at 6:15 over Channel 13, Lubbock, on the Community Crossroads program. They will advertise the Art Study Course beginning next week, sponsored by the Olton P-T.A.

Commission Meets Tuesday

Regular meeting of the Olton city commission will be held next Tuesday night.

Routine business will be discussed. The meeting will be held at city hall.

OUT-OF-TOWN GUESTS

Mrs. J. C. Flournoy and Roy, south Texas, and Mrs. Elmo Smith, Plainview, were week-end guests in the Barton Prestridge home.

Olton Awaits Specific Information On Curb and Gutter, Paving Project

FREEMAN FAMILY TO MOVE

The S. A. Freeman family is moving to Las Vegas, N.M. Mr. Freeman has been minister of the Church of Christ here for the past 4½ years.

A going away party will be held for the family Friday evening at the minister's home.

The Freeman's daughter, Wylene, was a popular member of the senior class this year and was salutatorian of her class. Until recently she wrote the teen-age column for The Enterprise.

The Freemans have a son, Loyle, who has been active in the Pee Wee baseball league here.

To Begin Work This Month On I. H. Building

Work probably will get underway sometime this month on the new Bryant Implement Co. building to be built on Highway 70, according to Elmo Bryant.

The building is expected to cost about \$30,000. It will be situated immediately east of Gray Grocery.

Bryant said the new International Harvester agency building will be 60 by 100 feet, and will be of brick construction. It is anticipated that it will take about two months to complete the building.

G-C Meeting Set Tonight

Several important items of business are slated for discussion at the Chamber of Commerce meeting to be held at 8 p. m. this Thursday at the fire station, according to Basil Sherman, C. of C. president.

Sherman has urged all Chamber members to attend tonight's meeting, and especially urges that all directors be on hand for the meeting.

Detailed information on the project to curb, gutter and widen Olton's Main Street was expected to be presented at this Thursday's Chamber of Commerce meeting, according to C. of C. President Basil Sherman.

City Commissioner D. Y. Ray was to have conferred at mid-week with W. H. Garrett, Texas Highway Department senior resident engineer at Littlefield, and Ray was to report Thursday night to the Chamber gathering.

Main Street property owners from Highway 70 to the south end of Olton Memorial Hospital grounds have put up \$2 for each running foot of their property to assure the curb and gutter.

Placing of the curb and gutter money in escrow here was followed by official notification to highway department officials that Olton has "done its part," and is ready for the department to carry the ball from this point.

Garrett explained at the last Chamber of Commerce meeting here that if Olton could raise the necessary curb and gutter money, the state would assume all responsibility for putting in 80-foot paving from curb to curb along the eight-block route, and would maintain the paving.

Concrete center islands are tentatively included as a part of the plan.

A starting date for the big job has not been announced.

Hart Infant Is Drowning Victim

Larry Wayne Walters, 11 month old Negro boy, was drowned about 3 o'clock Monday afternoon in a five-gallon tub of water in the kitchen of the Walters home on the Frank Sitton farm, near Hart.

The infant was taken to Olton Memorial Hospital by his father, Merley Walters, and by Mr. Sitton, but resuscitation efforts were fruitless.

Graveside services for the infant were conducted Tuesday afternoon at Hart under the direction of a Dimmitt funeral home.

At the time of the boy's drowning, his father was at work and his mother was in Hart. Two brothers, Jessie, 7, and Merley, Jr., 2, and a sister, Ann, 3, also survive.

FROM HALE CENTER

Mrs. W. B. Smith, Hale Center, was an Olton visitor Tuesday.

Explanation Not Satisfactory Says Auditor

BY TROY MARTIN

Olton's city audit reflects a shortage of \$4,887.92 through May 2, 1955.

This information became known here late last week as the audit was made public. Mrs. Vaneta Stovall, former city secretary, handed over the amount of the shortage through her attorney.

No formal charges had been filed this week in connection with the shortage as far as could be learned by Enterprise reporters.

District Attorney Joe Cox could not be reached for comment on the case.

Accepting the \$4,887.92 for the city were Mayor G. H. Bley and Commissioner C. A. Cox.

Following is the text of a receipt issued by the city officials: Plainview, Texas, May 20, 1955

This will acknowledge receipt for the city of Olton, from H. M. LaFont, as agent and attorney for Mrs. Vaneta Stovall, former city secretary of the city of Olton, the sum of \$4,840.01, which represents the amount of shortage in the audit made by J. Robert Metzger, city auditor, for the fiscal year ending March 31, 1955, and the sum of \$47.91 covering the period from April 1, 1955 through May 2, 1955, making the total receipt of \$4,887.92.

SIGNED: G. H. Bley, mayor C. A. Cox, commissioner Auditor J. Robert Metzger's report said some 300 water receipts were missing.

"In view of these missing books, I was unable to determine the exact amount of water revenue," Metzger reported.

"Available receipts were compiled, totaling 5,717 receipts and \$30,819.45, or an average of \$5.39 per receipt. This information was used as a basis to estimate the receipts from water revenue, details of which follow:

Available Receipts— 5,717 receipts @ \$30,819.45 Missing receipts @ \$5.39 average 1,617.00 Total \$32,436.45

analyses actions

"All analyses of transactions in the water utility fund books and cash accounts accounted for cash received of only \$27,596.44, as compared with estimated receipts of \$32,436.45, thereby indicating a cash shortage of approximately \$4,840.01.

"This apparent discrepancy was brought to the attention of Mr. F. Hollingsworth, Mayor, and Mrs. Vaneta Stovall, secretary, but no satisfactory explanation for the shortage was forthcoming. The amount of shortage, \$4,840.01, was later paid to the city of Olton on May 20, 1955."

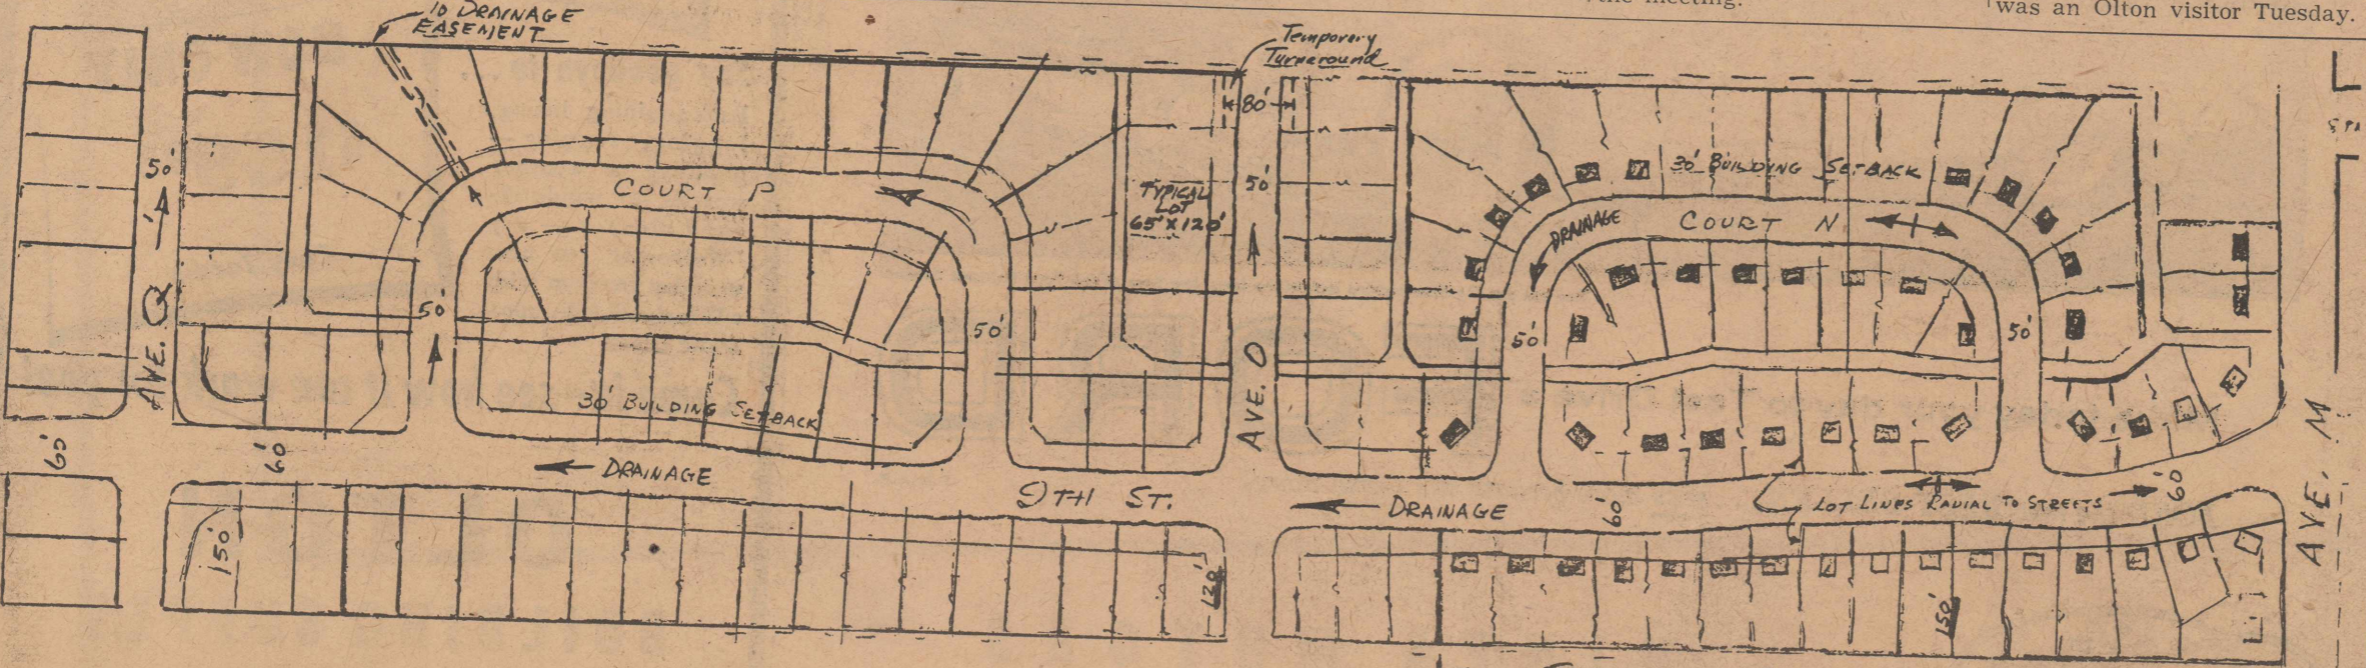

Auditor Metzger said there has been some improvement in records of the city marshal but recommended further improvement.

"An examination of the city marshal's records indicated some improvement over the previous year," he reported. "However, further improvement is desired."

Total fines as could be determined from the criminal docket record amounted to \$702.50, whereas, the amount of fines deposited to the general fund amounted to \$748.40."

RED CROSS BOARD MEETING

County Red Cross Board will meet Friday morning in the home of Mrs. Leona LaGrange, Amherst, for a breakfast meeting.

THIS IS the plat of the proposed new housing project at the western outskirts of Olton. Sponsor Jim Speer said contract for paving streets to the new project will be let in the near future. Money already is in escrow for pavement in the project proper. Mr. Speer said there are sufficient lots for construction of a maximum of 144 new homes in the project.

AROUND OUR FARMS

By VERNON NIXON

Ten days of fair weather following the period of the big rains has given most every farmer an opportunity to get over most of his ground. All cotton planting had been completed and much of the feed land has been planted. However, the sudden downpour of 1.85 inch rain which fell on Olton and the very immediate surroundings Monday night will hurt much of the newly planted ground. The townsites seemed to be the center of the thunderstorm which struck near dusk and really pulled the stoppers out.

Areas north and west received only showers ranging up to a tenth inch at Springlake and about the same on the Ford Lain and C. C. Curry farms north, across the Draw. For these fellows, this was an ideal cotton shower. To the farmers closer into town it will present some problems in just what to do and how to do it.

It will be getting extremely late to replant cotton and the way much of it has washed in on the newly planted, it may be a task to get it scratched out. Rotary hoes will be the only solution to getting much of it up.

There seems to be a great variety of opinions as to the type of cotton to plant. The predominate type now seems to be Paymaster. However, there is some of all brands still being used. Asking Bros. Cox what type cotton they planted on his farm over near Amherst, "I recommend them to use only the white bloom variety. The red blooms always fall off," he replied.

Final preparations are being made for the annual FFA directors fishing trip, which this year, will be at Possum Kingdom lake. The group will leave during the latter part of the week and stay over the week-end. Any past directors who have not been contacted and plan to make the trip

see one of the Ag. Instructors, or one of the present board members.

Olton Attends Methodist Meet

Some 1,000 ministers and laymen of the Northwest Texas Methodist Conference have been in attendance during sessions of the annual conference which were held in First Methodist Church, Lubbock, last week. Included in those attending were representatives of Olton Methodists.

Major items of business have included the approval of an \$800,000 building program for McMurry College, Abilene, and the election of delegates to the General and South Central Jurisdictional Conferences to be held in 1956 in Minneapolis, Minn., and New Orleans, La.

Those registering from Olton were Rev. and Mrs. R. H. Campbell and Henry R. Miller, Jr.

Mrs. J. A. Williams entertained her daughter, Ruth Ann, with a picnic on her sixth birthday Friday.

Hart Seniors Caught In Storm; Rescued By Coast Guard Cutter

By the Hart Senior Class Sixteen happy seniors and three sponsors boarded a chartered T. N. M. & O. bus in Lubbock on Friday afternoon, May 13, to begin a seven-day tour of several southern and eastern points in Texas.

The first point visited was Austin where they viewed the State Capitol, and stayed in the Stephen F. Austin Hotel. The next stop was Houston where they attended church and visited the battleship Texas and the San Jacinto Monument. They stayed in the Shamrock Hotel while in Houston. They then went to Galveston to spend the main part of their trip. They made their headquarters at the Galveston Hotel, across from the gulf coast. The entertainment in Galveston included swimming, bowling, golfing, and boat riding. The main event of the entire trip took place in Galveston. The seniors went deep sea fishing.

This trip proved very interesting and exciting. They were forced to ride out a 70-mile-per-hour wind and then return to land without a single fish. This trip carried them 50 miles from the coast into water 75 feet deep. "The seniors do not claim to be fishermen."

The last of the tour carried them to San Antonio to spend

one night in the Gunter Hotel. This time was spent visiting the Alamo, amusement park, and the zoo.

The group arrived home at 2:30 a. m. Saturday to be greeted by their parents. They were too tired to do much greeting but everyone was happy and there was lots to talk about and be remembered.

Students making the trip were: Kinny Hill, Robert Lacy, Frank Miller, Truman Swopes, Larry Witten, Thurman Clay, Warren Thomas, Kenneth Warren, Jerrie Sullivan, Peggy Kit-

rell, Marlene McLain, Royce Pyeatt, Marcena Reisdorph, Wanda Felder, Phyllis Wale and O'lysia Bowden.

Sponsors were Mrs. J. E. Thompson, Mrs. E. H. Bowden and Mrs. Roy Pyeatt. Mrs. Myrtle Jordan of Bangs, Texas, also traveled with the group.

In a quiet informal ceremony read at 2 o'clock Saturday evening, May 21, in the home of the bride's parents, Miss Carmela Campbell became the bride of Dennison J. Barnett. The double ring vows were read before a background of greenery. Baskets of pink gladioli were flanked by pink candelabra. The Rev. J. Henry Cox of the First Baptist Church read the service. Mrs. Eldon Franks, pianist played, "Indian Love Call," "All Sweet Mystery of Life," "All Ways," and "Because." Mrs. Franks sang the "Lord's Prayer," accompanied by her daughter Linda Franks. The bride is the daughter of Mr. and Mrs. J. W. Campbell and Mr. and Mrs. D. A. Barnett are parents of the bridegroom. Wears Nylon Tulle Given in marriage by her father, the bride wore a baller-

ina length dress of pale blue crystal, made princess-style with a tiny tucked yoke. She carried a nosegay of pink roses. James Barnett, Diamond, served his brother as best man. Reception Follows Immediately after the ceremony, a reception was held in the home. The bride's table was covered with white lace over blue and centered with a tiered wedding cake topped with a miniature bride and groom. The bride's bouquet flanked the cake, and a crystal and silver service completed the table decorations.

Mrs. Nazabeth Barnett, sister-in-law of the bridegroom, served the cake and Miss Dorothy Barnett, sister of the bridegroom, poured the punch. Mrs. Inell Lowe, Littlefield, registered the guests.

Following a wedding trip to New Mexico, the couple are at home north of Olton where the bridegroom is engaged in farming. For the trip, the bride chose a beige suit with pink accessories and a pink rosebud corsage.

The bride is a graduate of Olton High School and graduated from West Texas State College in 1954. She was employed at teaching in the Littlefield school for the past year and half.

The bridegroom graduated from Olton High School and attended Texas Tech. He was recently discharged from the US Air Force, where he served four years.

HD Club Has Program On Picnic Meals

"Picnic Meals" was the subject of the program given by Mrs. Sammy Hale at the meeting of the Olton Home Demonstration Club Tuesday in the home of Mrs. Rex McFadden.

Mrs. Hale also gave a demonstration on making potato salad.

Next meeting will be held in the home of Mrs. Archie Sorley on June 17. An instructor, to be announced, will instruct the making of hats, beginning at 10:30 in the morning.

Visitors are welcome and an assortment of materials will be available for each person to make a hat.

VBS CLOSING SERVICE

A closing service will be held Sunday night for the Vacation Bible School at the Olton Methodist Church. The program will be under the direction of Mrs. Thurston Tollett.

This is our anniversary edition. It was three years ago this week that we went to work on The Enterprise. A year ago today we assumed complete responsibility for the community's press service.

In those three years there have been decisions to be made that were terrifying in their magnitude and importance to the community.

In so far as the newspaper was concerned we have done our duty toward the community as God has given us the light to see that duty. We are beholden to the people of Olton for their support.

THIS IS OUR PLEDGE: We shall report to you to the best of our ability all issues in which the welfare of this community might be remotely at stake.

Carved in granite above the doors of The Globe-News building—where we got our journalism education—are words we took to our heart when we became a publisher.

"A NEWSPAPER MAY BE FORGIVEN FOR LACK OF WISDOM BUT NEVER FOR LACK OF COURAGE."

SISTER GRADUATES

Mrs. Morris Gene Brown and daughter, Tonya Gene, were in Abilene over the week-end for the graduation of Mrs. Brown's sister, Pal Schwartz, from the University of Hardin-Simmons.

"Oh, I beg your pardon," he said apologetically, "I thought you were an old friend of mine, Bill Kelley by name."

The stranger recovered wind, and replied with considerable heat. "And supposing I were Bill Kelley, do you have to hit me so hard?"

"What do you care," retorted Basil, "how hard I hit Bill Kelley?"

Neal holds one of the balloons which were passed out as favors to children of construction men, who were guests at a picnic for construction men and their families at the plant. Neal's father helped assemble and set the giant turbo-generator. With the completion of Plant X's third unit, construction men had put in more than 1,500,000 man hours, and completed the plant at a cost of \$30,000,000.

SHORT GRASS

By G. P. T.

If the rains keep up, the complexion of things may change in these parts. Cleo Smith and others have been kidding one another about turning from cotton and grain to rice and commercial frog-raising.

My favorite brunette has Ezra Whittington, back from a Wyoming fishing trip and a fabulous catch of fat crappie, has a good bit of advice. Ezra says that if you freeze your fish, do not scale them first. "Wait until you're ready to eat them before you scale... they'll taste a lot fresher," Ezra says.

planted something called salsify in our vegetable garden, and I do not know what it is and have never heard of it before. But it is coming up, and I have been observing it with keen interest.

She says she would not care to work the soil for a living... just as a hobby. She has "planted over" on her 1/795th of an acre about four times now, and watches the clouds like a paid weatherman. During that time, she has invested some \$20 in seeds, plants, and miscellaneous curious-looking scratchers, dibbles, and whatnot in exploiting her miniature acreage, and I have little doubt now but that we could have purchased a controlling interest in a wholesale vegetable firm but for her ambition to be a gardener. Thus far, our only vegetables have come from Hazel Porter, Henry Byrd and Lefty Hollingsworth's dad. My favorite brunette is begin-

ning to think that she must have planted her vegetable seed upside down.

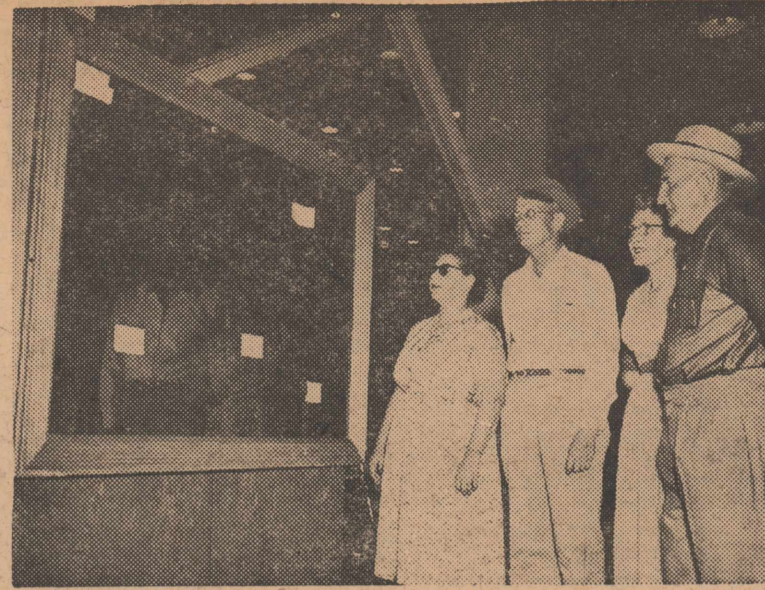

The most ardent New York Yankee fan in these parts is Sammy Hale... and it's beginning to look very much like Sammy is backing a winner this year.

Noticed while driving through Happy the other day that they have a very attractive city park. A nice park is a credit to any town, and a really worthwhile community enterprise.

Maybe we will enjoy some good duck hunting this fall. Duck lakes were few and far between last fall.

Elmer and Doris McGill have a big German Shepard named Sam, and this dog is nearly as big as Elmer. He (Sam) can down a can of dog food at one gulp, and a gallon pail of water in three quick slurps.

I don't know how big mosquitoes get in other parts of the country, but I watched three of them lap up a can of milk I had put out for our dog the other evening. These are real 3-horsepower West Texas mosquitoes such as we have not seen for a long time, but I still do not think they have the same vicious character as the Louisiana-Arkansas chigger, or "redbug," as some people call them. Some of these chiggers have been sighted carrying yardsticks and measuring their human prey to

MR. AND Mrs. Broy Lee and **Mr. and Mrs. Sid Martin** look over the simulated operation of the giant 112,500 KW turbo-generator, during the picnic and plant visit to Southwestern Public Service Company's Plant X. The gathering was sponsored by construction firms on Plant X. Mr. Lee is a welder, and Mr. Martin is a carpenter. Their work was part of the more than 1,500,000 man hours required to complete Plant X. More than 600 construction men and their families enjoyed barbecue chicken and a trip through the \$30,000,000 plant.

see if they are legal size.

Good black bass fishin' ought to be just around the corner, and Paul Spain is among the ardent Olton fishermen who are anxiously awaiting the occasion.

Heard a man who ought to know say the other day that groceries are cheaper in Olton than in Amarillo.

My favorite brunette came wagging jauntily home yesterday with two gallons of naphtha. She says she is going to eradicate the goatheads with this solution, and while I have heard naphtha recommended for spraying the crowns of Johnson grass, I do not know that it is recommended for goatheads. But they are so healthy at our house that they are choking out the bermuda grass, so I guess it will be worth a try.

It looks now, despite this columnist's carefully calculated pre-season predictions, that the Brooklyn Dodgers and not the New York Giants will grab the National League pennant. But the Giants are a better club than

their current percentage indicates, and it's likely that they will warm up to their task during the summer months.

KILLS FLIES LIKE MAGIC!

We've never seen anything like it! This new Purina Fly Bait kills flies while you watch—and keeps it up for weeks on end. You just scatter the little dry particles where flies congregate—in barns, feed rooms, poultry houses, even outside—and Purina Fly Bait does the rest.

Before you buy any fly control, stop by the store and see this brand new product kill flies while you watch. It comes in handy 2-lb. shaker-top cans or in 10- and 25-lb. bags. And say, you'll like the low, low price tag on Fly Bait. Stop by the first chance you get.

GOOD SEED...

Good stands and good harvests begin now with GOOD SEED. We have certified seed from the most dependable producers in this area... seed you can depend on for best possible results. Time-proven varieties like Plainsman, Martin, 7078, Redbine 60, Caprock, New Era Peds, and many others. Good seed and good harvests go together. We do our best to stock the best.

There's Still Time...

... to put out tomato plants and harvest plenty of big vine-ripened red tomatoes this summer from your own yard. We have such time-tested plants as Rutgers, Marglobe and Red Cloud. Also a good stock of sweet and hot pepper plants.

Rev. J. Henry Cox

Begins Fifth Year As Pastor For Baptists

"A Backward and Future Look" will be the text of Rev. J. Henry Cox at the 11 o'clock worship hour Sunday morning when he preaches his fourth anniversary sermon at First Baptist Church.

Rev. Cox came to Olton from Amherst in 1951. He has been in the ministry for the past 23 years.

Mrs. Cox served as church secretary here until the Duward Price family became associated with the church.

Rev. Cox said a \$90,000 building program has been completed since his arrival in 1951. He said the church now owes only \$3,500. "And we have the money to pay that off any time," he declared.

Rev. Cox reports a remarkable growth in church attendance. He said there has been about a 75 percent increase in the church Sunday School and more than 100 percent in training union attendance.

Besides being pastor of First Baptist Church, Rev. Cox also is chapter chairman for the Lamb County Red Cross and is program chairman for the Staked Plains Baptist Association.

Dodd Receives A. and M. Degree

Calvin George Dodd, son of Mr. and Mrs. Earl Dodd, received his bachelor of science degree in Accounting at Texas A. and M. College Friday.

Calvin, who plans an army career, graduated from Allen Military Academy in 1948. While in Allen, he was named "one of the most outstanding students that had been in the Academy for 65 years." He was also selected as an "outstanding cadet officer" at his training at Fort Benning, Ga.

Calvin, while in A. and M., was business manager for the athletic department and taught science during his schooling there. He is married and has two children.

Friendship To Korea Drive Successful Above Expectations

COLLEGE STATION, June 2 -- Korean 4-H club members have already voiced their thankfulness for the assistance they soon will be receiving from fellow members in Texas. Latest word from the Texas Friendship for Korea drive indicates that materials, equipment, seeds and livestock in sufficient quantities to load the ship are in sight.

"The response has been overwhelming. Each day the list gets larger," reports the Texas Christian Rural Overseas Program Committee. Col. C. A. Anderson, who spent some 10 weeks in Texas this spring telling 4-H members, their leaders, supervisors and others what was needed in Korea, writes from that country that all newspapers, both English and Korean, have carried stories about what was happening in Texas. "This program," he said, "is not only aiding Korea economically and educationally but is also a great morale builder."

Plans are going forward for the loading ceremonies scheduled for June 20 at the Port of Houston. Texas 4-H members along with farmers, ranchmen, organized labor groups, church leaders and churches and many, many individuals have had a part in loading the Texas Friendship for Korea.

The contributions made by

THIS NEW \$75,000 First Baptist Church building has been erected here since J. Henry Cox became pastor four years ago.

4-H members, their friends and supporters, will go to Korean 4-H members for use in their demonstration and project activities. In his last letter Col. Anderson said that he was in need of light transportation as well as something for carrying freight. He specifically requested that efforts be made to include in the 4-H contributions a pick-up to handle this dual need.

The CROP committee reports that cash donations are needed to meet the expenses of getting the great array of materials equipment and livestock to port; for crating and other incidental expenses and for feeding the livestock while aboard ship.

New Cotton Variety Recommendations Are Now Out

COLLEGE STATION, June 2 -- Revised cotton variety recommendations for each of 10 major producing areas of Texas have grown out of a statewide variety testing program conducted from

1951-53 at 21 locations throughout the state.

Objective of the continuing tests is to inform growers of the performance of new varieties and strains and to compare such types with standard varieties in general use. This information also is useful to plant breeders, spinners and workers in many other segments of the cotton industry.

Results of the tests and variety recommendations are contained in a recent publication by the Texas Agricultural Experiment Station and the Agricultural Extension Service.

Acreage yield in pounds of lint cotton was given highest priority in selecting varieties to be recommended. Other characteristics such as adaption to existing harvest methods, fiber properties, disease resistance and earliness of maturity also were considered.

Copies of bulletin 788, Performance of Cotton Varieties in Texas, 1951-53 may be obtained from the Agricultural Information Office, College Station, Texas.

family car a thorough check-up before starting and watch for signs of trouble along the way. Don't block vision, say the experts, by improperly loading the car. Good vision is a must for safe driving.

Be prepared for emergencies. A first aid kit, maps, permits, identification, a flashlight and a tool kit and may be a few spare parts should be carried along.

With the driver rests much of the responsibility for a safe trip. His efficiency is greatly affected by fatigue. Plan the trip, urges the committee, to allow rest stops during the day and a good night's sleep each night. And

don't try to drive and see the sights at the same time.

Ignorance of the law is only an excuse. Most states use standard traffic sign shapes. They are a constant guide to safe driving; know and obey them.

Traffic will be a problem during the vacation season in all parts of the country. Just don't get in a hurry and don't drive faster than conditions justify, says the committee. Be adaptable and fit your driving to the peculiarities and conditions that exist in the areas through which you may travel.

Olton Boy Tells Of FFA Trip To Great Port City of Houston

(Editor's note: Doug Smith, son of Mr. and Mrs. Tom Smith, was one of the outstanding FFA boys awarded a trip to Houston for his achievement in the swine field. Here in his own words Doug tells of that trip.)

By Doug Smith

The sponsor of the trip to Houston was the Littlefield Chamber of Commerce. The money was donated by business

firms, interested in supporting the 4-H and FFA boys and girls of Lamb County.

Thirty-eight boys won the trip, but only thirty-two went. To win this trip you must have a first or second place steer or first place in the fat barrow class. I won my trip by getting first place in the heavy barrow division.

Adults supervising the trip were the county agent, secretary

of Chamber of Commerce, vice-president of a Littlefield bank, and an official of the Littlefield stock show.

Five o'clock Wednesday morning, April 13, we, Jackie Pinson, Jimmy Stone and I, left for Littlefield. We arrived at the Community Center at 5:40. At 5:45 a Methodist preacher gave a devotional. By 6:10 the bus was loaded and we were on our way to Houston.

The bus stopped at Snyder at about 10:00 o'clock that morning. The Snyder Chamber of Commerce served us milk and doughnuts.

We arrived in Brownwood for lunch at 12:30. Everyone got lunch and bought a water-gun; from then on it was the "Battle of the Nile."

In the middle of the afternoon we arrived in Temple. Everyone bought soda pop, candy, and filled their water-guns.

About 6:00 we arrived in the suburbs of Houston.

It was nearly 7:00 when we arrived at our hotel, the Montagu. Jimmy and I were assigned to a fifth floor room.

Early Thursday morning we left for the Houston ship channel. From the turning base, we took a yacht trip, 16 miles down the ship channel to the battleship Texas. We thanked the skipper of the yacht for the ride down to channel, then we went to the battleship Texas. It wasn't open for visitors, so we boarded our bus to go see the San Jacinto Monument.

Then we came back to see the battleship as it was open now. The battleship Texas was the largest ship I had ever been on, so we found it very interesting. We did not see all the ship, but we enjoyed what part we did see.

At 1:30 we went through the Tumble Oil Refinery. Everyone found this to be one of the most interesting places that we visited during the entire trip. At 4:00 we arrived at the hotel fairly tired.

Friday morning we visited the Anderson Clayton cotton testing laboratory. We saw the process of raw cotton before it was woven into cloth.

We toured the Houston Cotton Exchange and saw buyers buy and sell cotton.

Everyone wanted to go swimming so we went to Galveston. Everyone went swimming in the Gulf of Mexico, and then we went back to Houston.

Early Friday morning we departed from the Montagu Hotel.

We arrived in Littlefield about 6:45, very tired. We will remember this trip always, thanks to our teachers and the Littlefield Chamber of Commerce.

IN DALLAS

Visiting relatives and friends in Dallas over the week-end were Mr. and Mrs. Eddie Moore and Wayne, and Mr. and Mrs. Ben Moore and daughter.

Olton To Meet Bovina Here Sunday In Central Plains Baseball Tilt

The Olton Outsiders will meet Bovina in a Central Plains Baseball League tilt here this Sunday at 2:30 p.m., according to Aubrey Shelley, manager of the outsiders.

The game will end first round play for the Outsiders, who stand 2-3 in league competition. Admission will be 50c for adults and 25c for children.

The Outsiders dropped a 9-6 decision to Dimmitt last Sunday afternoon at Dimmitt despite good six-hit pitching by Olton's newly-acquired hurler, Bryan Bell, of Plainview.

Faulty fielding by Olton proved costly. The Dimmitt nine scored four times in the first inning on only one hit.

Jimmie Priest turned in a stellar performance for the Outsiders, twice throwing out Dimmitt base runners on attempted steals, and clouting a ground rules double that would have gone for a home run but for what Manager Shelley called a questionable ruling.

Hart Boy Goes To Boy's State

Eddie Savage, Hart junior class president, will leave Saturday for Boy's State in Austin where he will study the Texas government with boys from all over the state.

Eddie was chosen to go on the trip by the American Legion and the Hart school teachers. He was chosen on his abilities, personality, character, and leadership.

During his junior year, he was selected All-Tournament Guard, junior class "favorite," and was Halloween Carnival Prince.

The senior boy is the son of Mr. and Mrs. Hugh Savage.

Card of Thanks—

The Girl Scout Troop 3 and their leader, Mrs. T. J. Roberson, wish to thank everyone who helped make the girls' bake sale a big success.

Deadline Near To Put Show Calves On Feed

Vocational agriculture instructors J. C. Lane and J. W. Brown issued a reminder this week that FFA and 4-H boys have only until June 21st to get their show calves on feed for next year's stock show.

The show calf rule stipulates that calves must have been on feed 240 days, Brown and Lane explained.

Stock show directors have set the dates of next year's show for Thursday, Friday and Saturday, Feb. 16-17-18.

FISHING TRIP

Mr. and Mrs. W. H. Yandel took a nice catch of crappie and bass at Lake Thomas, near Snyder, over the Memorial Day week-end.

Stocks Lake With Bass Fingerlings

Elmer Thornton, local pharmacist, is looking forward to good fishing next year on his lake six miles north of Lockney. Thornton stocked the lake over Memorial Day week end with 3,000 fingerling bass from the state hatchery at Dundee, east

of Seymour, and also stocked some channel catfish and bream. He plans to add a lot more channel cat to the lake sometime during August. The 50-acre lake, generally known as Thornton Lake, will not be open for fishing this summer, Thornton said.

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: LEONARD WINDER, the heirs, unknown heirs and legal representatives of LEONARD WINDER, Deceased, if he be deceased, the names and whereabouts of each and all of whom is unknown; and MRS. LEONARD WINDER, the heirs, unknown heirs and legal representatives of MRS. LEONARD WINDER, Deceased, if she be deceased, the names and whereabouts of each and all of whom is unknown, Defendants, Greeting:

YOU ARE HEREBY COMMANDED TO APPEAR before the Honorable District Court of Lamb County at the Courthouse thereof, in Littlefield, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of 42 days from the date of issuance from this citation, same

being the 4th day of July, A. D. 1955, to Plaintiff's Petition filed in said Court, on the 14th day of May, A. D. 1955, in this cause, numbered 3873 on the docket of said Court and styled L. E. SILCOTT, Plaintiff VS. LEONARD WINDER, ET AL, Defendants, in which suit all of the persons hereinabove mentioned are Defendants, and L. E. SILCOTT, the sole and only Plaintiff.

A brief statement of the nature of this suit is as follows, to-wit:

A trespass to try title suit in which Plaintiff, for cause of action would respectfully show the Court the following, to wit: That on or about the 3rd day of October, A. D., 1929, he was lawfully seized and possessed of the following described land and premises situated in Lamb County, Texas, holding and claiming the same in fee simple, to-wit:

Lot No. 4 in Block 42 of the original town of Olton, Lamb County, Texas, according to map or plat of said town recorded in Volume 4 at Page 180 of the Deed Records of Lamb County, Texas.

That Defendants unlawfully entered upon said premises and ejected Plaintiff therefrom and unlawfully withholds from him the possession thereof. Plaintiff prays for judgment for title and possession of said land and any other and further relief to which he is entitled, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within 90 days after the date of

its issuance, it shall be returned unserved.

The Officer executing this writ shall promptly serve the same according to requirements of law, and the mandate hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Littlefield, Texas, this 16th day of May, A. D. 1955.

NOTICE TO BIDDERS

Sealed Proposals addressed to the Honorable Mayor and City Commission, City Hall, Olton, Texas, will be received at the City Hall until 10:00 A. M., June 10, 1955, for the construction of Repairs to and Seal Coating of Certain Streets.

As soon as possible after receiving the bids they will be considered and the successful bidder notified.

Prices in the Proposal shall be made on the basis of the Contractor's acceptance of the following items of equipment, as part payment for the work to be done. The items of equipment are: 1-Austin Western three wheel, flat wheel roller; 1-Spreader Box (Gravel); 1-Grace, two way Sweeper; 1-Littleford Asphalt Distributor; 1-6000 gallon asphalt storage tank. This equipment is in Olton, Texas and may be inspected upon applying at the City Hall. The City will furnish all materials for this work with the exception of the Asphalt and any caliche that may be required. Any additional funds required to complete this work will be paid out of current funds upon completion.

The successful Bidder must furnish performance bond on the attached form in the amount of Ten Thousand Dollars (\$10,000.00) from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the owner.

The City reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work, the equipment to be used as part payment, and to inform themselves regarding all local conditions.

Attention is called to the pro-

visions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) covering the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing rates of wages is set forth as follows:

Mechanic, Workman or type of labor: Skilled, General Prevailing per diem wage based on 8 hr. working day, \$10.00 to \$18.00; General Prevailing Hourly Wage, \$1.25 to \$2.25.

Folks, we don't have sales like this one often. Firestone Super-Champions mean many thousands of miles of worry-free driving, and here is a wonderful opportunity for you to buy a new set at really wonderful savings. Sale prices begin Friday, May 27, and continue through Saturday, June 11. After that, they'll go back to the regular price, so don't miss out on this big opportunity. All prices are plus tax and customer's recappable tires. Just look at these big savings:
